BRONZE STAR RECEIVED BY MAJOR HOLT

Major Roscoe L. Holt, U. S. Army, received a Bronze Star Medal Nov. 19 during a Landing Force Training Command ceremony commemorating the Marines' 191st anniversary.

The award was presented by Col. M. G. Cokin, LFTC's commanding officer, at the Naval Amphibious Base.

Maj Holt, a Transportation Corps officer, received the medal for service in connection with ground operations against hostile forces in Vietnam. He was assigned to the First Logistics Command, Saigon.

In a citation authorized by President Johnson, Maj Holt was commended for "distinguishing himself by outstanding meritorious service."

"Through his untiring efforts and professional ability, he consistently obtained outstanding results. The energetic application of his extensive knowledge has materially contributed to the efforts of the U. S. mission in Vietnam."

Major Holt was transferred to the West Coast last fall, and from there went Okinawa. He returned to spend Christmas holidays with his wife and daughter, Sherri, who reside at Imperial Beach, Calif., and his parents, Mr. and Mrs. R. R. Holt of Banning, Calif., where other relatives joined them.

A brother of Mrs. Howard Gwin of Matador, Maj Holt was reared here and is a graduate of Matador High School. He received his degree from A&M College prior to entering the Armed Forces.

Weather For 1966 Made Own Record

The weather, upon which the welfare and economy of the Foothill Country always depend, made its own record in 1966. The total rainfall was slightly less than normal, but more than half of it fell in August and September. The total rainfall for the year was 19.71 inches according to records of Odie Killingsworth, official recorder of the United States Weather Bureau.

The coldest day in 1966 was January 23 when the mercury reached zero. The hottest day was on the 4th of July when the mercury reached 106 degrees.

The first snow (3 inches) was on January 19 and the total amount of snow for the year was 11½ in.

Most rain in a 24-hour period was 2.90 inches on Sept. 15. For ten straight days, July 14th through July 23 the mercury was from 100 to 105 degrees.

Rainfall or moisture by the months was as follows: Jan. 83-inch, Feb. 52-inch, Mar. 65-inch, April 2.83 inches, May .21-inch, June 2.85 inches, July 1.27 inches, August 6 inches, Sept. 4.50 inches, Oct. 57-inch, Nov. 65-inch and Dec. 63-inch.

Several Servicemen Home for Holidays

Pfc. Gary Lancaster left Tuesday to return to Ft. Benning, Ga., after spending the holidays with his parents, Mr. and Mrs. Luther Lancaster. They accompanied him to Wichita Falls, and he continued by plane.

S. C. Charles T. Thomas has been home on a 30-day leave from Fort Hood, visiting his parents, Mr. and Mrs. Marion Thomas and brothers, Clayton and Donnie Thomas. He will leave the 15th for Viet Nam.

Capt. and Mrs. Arvin Ellithorp and children, Rochelle and Scott have been visiting here with his parents, Mr. and Mrs. Herman Ellithorp, and in Amarillo with relatives. Capt. Ellithorp has completed a Career Officers course at Fort Bliss, and his next assignment will be in Korea, with the Hawk Missile Bn. The Ellithorps all spent Christmas day in Denver City, visiting relatives. Mr. and Mrs. M. A. Freeman and Mr. and Mrs. J. L. Grace.

Pvt. Buddy D. Hart, who has been stationed at Fort Polk, La., left Monday for Fort Carson, Colo., after a holiday visit here with his parents, Mr. and Mrs. Clay Hart, and sister and family. Mr. and Mrs. James (Butch) Renfro.

GRAVEL PIT RAIDED ON NEW YEAR'S NIGHT

Thieves raided the gravel pit owned by W. R. Tison about six miles north of Matador New Year's Night and stole approximately \$700 worth of equipment, including electric wire, welding cable, miscellaneous copper, copper tank, tub, starter and generators.

A reward of \$25 is offered for information leading to the arrest and conviction of the thieves. The combat veteran of World War II used the equipment as means of a livelihood in operating the small gravel pit located a short distance east of State Highway 70, just beyond Pease River.

NEW TRIBUNE FACE

The Tribune may look slightly different today on part of the copy. The reason is that the newspaper is using a brand new type face (which arrived Tuesday). It is a 9 pt. type (the same size as former) but is slightly different. It is known as Intertype Royal. It is set for teletype (automatic) type operation.

One fault in the font, however, was that the lower case (little) g's were missing. If they look different it is because they are from an old font of type, Corona 9 pt. The missing letter is being manufactured and will complete the font in the near future.

Mr. and Mrs. Mike Hoyle visited in Corpus Christi from Friday until Sunday, as guests of Mr. and Mrs. S. J. Braselton, formerly of Roaring Springs.

Mr. and Mrs. Dwayne Key of Lubbock were guests Sunday, of Rev. and Mrs. James Hancock and family.

Capt. Jerry Green In New Command

(Special to Tribune)

Marine Captain Jerry M. Green has assumed command as Officer-in-Charge of the Marine Corps Recruiting Station in Albuquerque, New Mexico.

Captain Robert G. Crabtree, the Officer-in-Charge for the past two and a half years, has been transferred to Sheppard AFB, Texas, where he will attend the Electronics Processing and Systems Analysis course.

Captain Green, who recently served at the Marine Corps Recruit Depot, San Diego, Calif., is a Viet Nam veteran and was presented the Republic of Viet Nam Ribbon upon returning to the States.

The Captain received his degree at New Mexico State University. Before entering the Marine Corps he was employed as a Conservation officer for the New Mexico Department of Game and Fish.

He is the son of Mr. and Mrs. Mervin Green of Roaring Springs.

FLOMOT CEMETERY ASSN. ELECTS NEW OFFICERS

In a recent election of officers, Gordie Washington was named President of the Flomot Cemetery Association. D. M. Gilbert was elected Vice-president, Mrs. Gordie Washington, Secretary-treasurer, and Mrs. Bernice Bond, Assistant secretary-treas.

Trustees will be Clayton Bond, James Monk and John F. Speer. Retiring officers are H. A. Martin, Pres., Wendell Morris, Vice-Pres., Mrs. Wade Martin, Sec-Treas., Mrs. H. A. Martin, Ass't Sec-Treas., and retiring trustees James Monk, Clayton Bond and Malcolm Turner.

COURT HOUSE GETS MODERN FRONT DOOR

A modern glass and metal front door was installed yesterday at the Motley County court house. The new installation replaces the two heavy wooden doors that were installed when the building was constructed in 1948.

Only one door has replaced the former two doors, with glass panels on either side, and greatly enhances the entrance of the building.

Doors on the east, west and north to the sheriff's office have previously been replaced with the modern steel and glass doors.

IN WEST VIRGINIA

Mrs. G. E. Hamilton is visiting in Blue Field, West Virginia with her brother and wife, Mr. and Mrs. Gus Knight. She accompanied Mrs. and Mrs. A. L. Fair to Oklahoma City and continued from there by train. Mr. and Mrs. Fair spent the New Year's holidays with their son and wife, Mr. and Mrs. Lewis Fair, and on route home they visited in Hot Springs, Ark., with Mr. Fair's father, L. W. Fair, and sisters Mrs. James Wright and Mrs. E. M. Burr.

BAPTIST LEADER, DR. CARROLL, DIES

Donovan Rites at Roaring Springs

Funeral services for Mrs. Mary Anna Donovan, 88, a Roaring Springs resident for 21 years, were held at 3 p.m. Wednesday, at the First Baptist Church, Roaring Springs. The Rev. C. A. Butler, pastor, officiated.

Mrs. Donovan died at 4:30 p.m. Monday in Crosbyton Hospital where she had been a patient for three weeks.

Burial was in Afton Cemetery under the direction of Seigler Funeral Home.

Born Feb. 14th, 1878 in Alabama, Mrs. Donovan had made her home in the Afton community since 1916, before moving to Roaring Springs. She was married in Denton County to Jeremiah Donovan. Her husband preceded her in death, in November, 1936. Mrs. Donovan died on January 2, 1967, at the age of 88 years, 10 months and 18 days.

Survivors include one son, Earl Donovan of Tucson, Ariz.; four daughters, Mrs. Vada Gibson of Durant, Okla., Mrs. Etta Mae York of Roaring Springs, Mrs. Myrtle Biggerstaff of Whitesright, and Mrs. Ida Belle Ellis of Abilene; 18 grandchildren and several great-grandchildren, and great-great-grandchildren.

Pallbearers were Lewis Harvey, Cecil Perry, John Stokes, J. H. Gibson, Jack Davis and Horace Redd.

New Officials are Sworn into Offices

THE REINS of authority in Motley County were handed to new hands quietly Monday morning when County Attorney Howard Traweck administered the oath of office to Forrest Campbell as County Judge and Ex-Officio County Superintendent, and Milton Brooks as Commissioner of Precinct No. 4. Malcolm Turner was

again sworn into office as Commissioner of Precinct No. 2. Pat Mitchell was again sworn into office of County and District Clerk and Mrs. Velma Fuller was again sworn into office as County Treasurer.

The court house was opened briefly for the ceremony scheduled at 9 a.m. A number of friends and relatives as well as other county officials attended the ceremonies.

Rev. James Hancock, pastor of the First Baptist Church, held a brief prayer service following the official ceremony. Two Justices of the Peace, Warren Clements of Precinct 1, Matador, and J. D. Mitchell of Precinct 4, Roaring Springs, also were sworn into office. It was Clements' first term in office. Mitchell has held the office at Roaring Springs for more than a third of a century.

In a brief statement to commissioners present, the newly installed County Judge Campbell, pledged his best efforts in serving the county, and asked their support. The three commissioners present, Clyde Gilbert of Matador, Brooks and Turner, each pledged cooperation in meeting all problems with a dedicated spirit of service.

After the "swearing-in" ceremonies the court house was closed for the remainder of the day, as were most other offices and places of business observing Monday as a holiday, following the January 1 holiday, which fell on Sunday.

LOOKING UP FLAG at whitetail Post Office Friday afternoon, brought to an end more than 66 years of service. Shown above is Mrs. Clayton (Bernice) Bond, postmistress at Flomot, who was assigned by the Post Office Department, to close the office.

Era is Ended when Post Office Closes

AN AREA of community life ended at Whitetail Friday afternoon with the formal closing of the Whitetail post office after more than 66 years of service. Only a few of the remaining patrons were present to see the office closed. The Post Office Department said Whitetail had been a post office since 1898, but records in the office showed that masters of the Whitetail office, in most cases they were water stained and mouse-eaten. Oldest was in 1909 to John T. Morgan. The second was to Gabriel Garrison issued in 1910. The certificate to James Gross was issued January 17, 1913, and Coleman D. Willingham had left his certificate of appointment issued in 1925.

The Post Office Department had instructed Mrs. Bond to burn the rubber stamps, and certain records. Other materials, including scales, a money order writer and other equipment and supplies were to be checked and turned over to the department.

Modern paved highways and swift motor vehicles ended the community life in Whitetail. At first it was the schools (absorbed by Matador Independent School Dist.). Later two churches, the Baptist and then the Methodist closed their doors, and now the post office is gone.

Part of the patrons, less than a dozen, will receive mail at Flomot or from a Flomot route, and the others will receive mail from Matador or from a Matador route.

Mr. and Mrs. David Keith and small son, Bryan of Canyon visited here during the holidays in the home of his aunt and uncle, Mr. and Mrs. Marvin Patton.

Mr. and Mrs. Tom Spors visited in Wynemood, Okla., during the holidays, with his sister and husband, Mr. and Mrs. G. G. Wilson.

Certificates of Appointment

In checking through the debris and supplies of the little office, Mrs. Bond and Mrs. Spray found at least four Certificates of Appointment left by former post-

groceries. This is \$108 more than two years ago. Nationwide food-basket cost rose \$89, for a total expenditure of \$1,116 a year.

"An overall price increase of 12.5 per cent for Texas farm products the past year (September to September) contributed to 71 per cent of the hike in retail food prices.

"Net profit levels of food retailers actually declined fractionally from 1.91 per cent of gross sales in 1964 to 1.63 per cent this year. Increased labor and equipment costs were cited as major contributing factors.

"Farm prices, which lagged for 17 years, began to move forward the last two years, and consumer demand exceeded farm supplies.

"National growth and economic development, together with inflationary price rises in all items, were held basically responsible for the long-term upward trend in food prices.

Connally found no special legislation or executive action warranted. He pointed out that "A lot of food costs depend on the individual tastes of people and wise shopping on the part of the housewife."

\$100 MILLION TAX BILL POSSIBLE - Governor Connally acknowledged the tax bill required to balance his spending recommendations to the Legislature next month might well range over \$100,000,000.

In addition to his budget (\$911,400,000 general revenue) the governor will recommend separate spending items, possibly including a teacher pay raise.

Connally and mayors were unable to get together on emergency aid for cities. Mayors want his backing of a one-per-cent local option sales tax.

Governor prefers a penny-a-gallon gasoline tax boost with three-fourths of the revenue (about \$40,000,000 a year) earmarked for city street building, maintenance and policing purposes.

Mayors are not satisfied with the latter. They fear they would be required to argue each applicant for aid separately before the State Highway Commission.

CONNALLY BUDGET - More of the Governor's proposed budget for the 1968-69 biennium has been released. Some recommendations are:

- *\$51,000,000 more for the construction of interstate highways, state highways and farm-to-market roads. He suggested \$1,073,535,894 for the total program for the two years, of which \$749,948,061 would be for construction. (The Department asked \$1,081,431,236 - only \$7,895,342 more than Connally recommended. Current budget is \$987,605,621.)
- *Doubling the current appropriation for the General Land Office's supervision and regulation of exploration, leasing and development of state-owned land in Gulf of Mexico. (Currently, it is getting \$75,000 and, if Connally's recommendation is adopted, it would get \$150,000 as compared to the \$200,000 requested.)
- *\$2,800,000 for a tourist development project proposed to help the Alabama-Coushatta Indians. Cost of program would be split equally between state and federal governments.
- *Salary increases for Liquor Control Board's field personnel. District supervisors would jump from \$7,080 to \$8,628, assistant supervisors, \$6,204 to \$7,620 (minimum), inspectors II from \$5,808 to \$7,056, and inspectors I from \$5,436 to \$6,528. (All undercover men are inspectors.) L.C.B.'s administrator's salary would be raised from \$18,500 to \$19,500 and the assistant administrator's salary would go from \$12,000 to \$14,112.
- ACTIVE TRAINING CERTAIN** - Those 3,400 Texas National Guardsmen who haven't undergone their six months of active training will do so after Christmas.
- Major Gen. Thomas S. Bishop of the Texas National Guard said the intensive training program is necessary because for the past year there have been no vacancies in training centers in which to place the Guardsmen.
- The Defense Department then programmed 60,000 men during the months of January, February, March and April into

which all guardsmen nationwide would be given their basic training," Bishop said.

Texas sent only 57 into basic training in December, but 826 will be sent in January.

"A man who goes for six months now will return and serve his 5 1/2 years of ready reserve with his own Guard unit," Bishop added. "If the unit is called to active duty, though, he will have to go with it."

TEXAS PLUGS - Texas Industrial Commission is encouraging businessmen in Texas to invite out-of-state correspondents to "Discover Texas." Land of Contract" by printing the message and a small map of the state on letterheads and envelopes. Reproduction proofs will be provided free on request from the Texas Tourist Council, a private organization working in support of state tourist and industry attracting efforts.

SELF INSURANCE - No action has been taken on the plan for self-insurance on trucks that was the subject of a Railroad Commission hearing early this year.

But Hearing Examiner William P. Danforth of the Commission's Transportation Division said the matter is pending and not forgotten.

AG NEWS - Unwillingness of Parker County to underwrite maintenance expense for the Kickapoo Watershed Project has no bearing on the legal capacity of Erath, Hood and Palo Pinto counties to contribute to district flood control and drainage facilities. Atty. Gen. Waggoner Carr held.

Carr asked Department of Public Safety Director Homer Garrison Jr. to arrange lie detector test for cancer-stricken Jack Ruby - if his condition permits reliable results. This Ruby repeatedly has requested to prove he was not part of any conspiracy in the slaying of Lee Harvey Oswald.

AUSTIN, Tex. - Grocery bills of Texans are increasing. And there isn't much anybody can do about it except shop more thriftily.

That's Gov. John Connally's conclusion after studying a special committee's report on food prices.

While the cost of market-basket items is going up faster here than for the nation as a whole, food still is a bargain, the committee advised.

Connally requested the study by representatives of the University of Texas, A&M University and Texas Technological College.

These conclusions highlighted the report:

- *Consumer food costs in Texas during the last two years jumped 10.5 per cent, compared with 8.7 per cent for the nation.
- Retailers' market-basket costs rose 6.8 per cent here, compared with the U.S. average of 6.4 per cent.

COLLEGE STATION. (Special) County Agent W. C. Pallemyer was among the 25 agricultural agents who completed a special graduate course in entomology at Texas A&M University recently. Studies included control measures for insect pests of field crops, ornamentals and houseplants, terraduate courses in soils and plant diseases ran concurrently and were attended by 45 agents. John E. Hutchinson, director of the Texas Agricultural Extension Service, said that 218 out of 366 county staff members took advantage of opportunities for advanced study to improve technical competence this year.

and Mrs. Clinton Holman, and Mr. and Mrs. Mack Farr; Mr. and Mrs. Truman Featherston and their family, Mr. and Mrs. Junior Featherston, and David Featherston, all of Hart, Mr. and Mrs. John Young and family, and Skippy Chanel, all of Almer, Okla., Mrs. Wanda Davis and girls of Wessaco, and Mr. and Mrs. R. E. Hoover and sons.

COUNTY AGENT PALLEMYER SAYS:

A protective collar of asphalt roofing paper around newly planted rose bushes will prevent desiccation of the canes by drying winter winds. To make such a collar, use an eight inch wide strip of roofing paper about 36 inches long, form a circle around the newly planted rose, and tie with wire. Fill the formed container with moist mulch to prevent the canes from drying out, and when the canes start new growth, gradually remove the inside material by lifting the collar a few inches and pulling out the mulch.

Normally there are tips that can be given to assist cotton producers at harvest time that will result in better grades, but this

year none is listed on the weekly report I received from the classing office in Memphis, nor are there any that I can add. You know that grades, staple length, micronaire and prices are low and getting lower as more cotton is harvested, but what can you do about it? Weather is still the main factor in production, and there is nothing that can be done about it except hope for a better year in 1967.

All new portable electric tools are now equipped with a three-wire grounding cord and plug. Any electrical device having a metal enclosure or case of some exposed metal part can, under certain circumstances come in contact with the underground conductor inside the device, causing a "short".

In such a case, the fuse might not blow to protect the operator, resulting in as much as 120 volts for the operator. In the case of a drill or other tools grasped by the hand, the muscles contract making it impossible to release the tool unless the cord can be unplugged or contact with the ground broken. Such a shock can prove fatal unless relieved quickly.

When a three-wire grounding plug and cord are used to properly ground the equipment, the short causes the fuse to blow,

thus protecting the operator. Although all new electrical tools provide this kind of grounding to comply with requirements of the Underwriter Laboratories, it is useless unless properly connected. If in doubt as to the correct way to make the connections, contact a local power supplier.

One of the popular plants at Christmas time is the poinsettia. Given proper care the colorful bracts and the dark green foliage can provide attractive colors throughout the holiday season.

In order to get full benefits, place the poinsettia in a sunny location and protect from sudden changes in temperature caused by drafts, heat vents or doors. Don't let night temperature drop below 60 degrees. Proper watering can do much to prolong the life, and due to the low humidity water requirements are high. Don't allow the soil ball to become dry so that leaves start to wilt.

Don't keep the soil saturated as this cuts off the oxygen supply. After about 3 weeks, it is a good idea to fertilize with a level teaspoon of 5-10-5 per six inch pot. Apply on the surface of the soil and water thoroughly. Seidom is more than one application needed.

Try test steps, and see if the results are not pleasing.

Cattlemen may save time and money by feeding protein supplement twice a week. Less protein is not fed, just larger amounts less frequently.

Where the dried native grass provides adequate energy, only protein supplement is needed. In the A&M test, one group of cattle received 2 lbs. of cottonseed cake per head daily the first year and 3 lbs. daily the last three years of the test. The second group was fed 7 lbs. each Tuesday and Saturday during the first year and 10.5 lbs. on Tuesdays and Saturdays the last three years. A third group received 4 1/2 lbs. on Tuesday, Thursday and Saturdays for the first year and 7 lbs. on Tuesday, Thursday and Saturday the last three years. Total gain was slightly in favor of the cows fed twice weekly. Those fed 3 times a week gained 535 lbs., those fed daily gained 564 lbs., and those fed twice weekly gained 570 lbs. with cattle fed twice weekly grazing more widely over the pasture, not waiting for the

far semi-active storage of either letter or legal files in one box.

the BGCT in 1959 and 1960. He was also former moderator of the Rank-Panola Baptist Association and of the Dallas Baptist Association, and was elected a member of the Program Continuation Committee of the BGCT in September.

Was Married in Ft. Worth

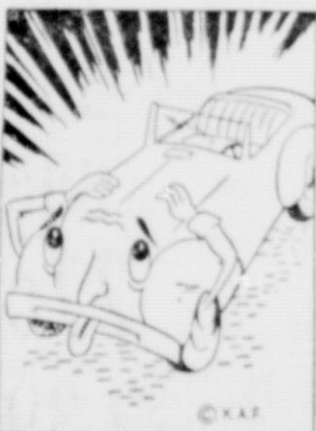

It was while he was attending Seminary that the young minister met Miss Josephine Ray of Fort Worth, a granddaughter of the late Dr. Jeff D. Ray. They were married there, Dec. 27, 1958.

Mrs. Carroll has been hospitalized since Oct. 1, when she was injured in an automobile accident. She is a patient in Baylor Hospital, Dallas.

Other survivors are two sons, Ted Carroll and Sid Carroll, both of Dallas, and four daughters, Miss Sue Carroll and Miss Joy Carroll, both of Dallas, Mrs. Basil Clark (Kay) of Midland and Mrs. Al Mayton (Ann) of California, a sister, Mrs. W. H. Hayne of Tallahassee, Fla., and two grandchildren.

Funeral services were held at 2 p.m. Monday at East Grand Church. Officiating were Dr. J. Carroll Chadwick, president of the Baptist General Convention of Texas and pastor of First Church of Center, Dr. B. J. Martin, pastor of South Main Church of Pasadena, and Dr. E. S. James, former editor of the Baptist Standard.

Interment was in Grove Hill Cemetery with arrangements by Sparkman's Funeral Chapel.

It is a safe bet that proper "care" would have kept the car WELL a lot longer. Getting the habit of letting us check your gas, oil, battery water and tires, gives longer life to cars.
