NOTICE TO THE PUBLIC
Any erroneous reflection upon
the character, standing or repu-
tation of any individual, firm,
concern, or corporation that may
appear in the columns of The
Tribune will be gladly corrected
when called to the attention of
the editor. It is not the inten-
tion of this newspaper to wrong-
ly use or injure any individual,
firm, concern or corporation and
corrections will be made when
warranted as prominently as was
the wrong published, reference
or article.

**"THERE IS GLORY ENOUGH
FOR ANY MAN TO LIVE AND
DIE A TEXAN."**

**THE EXTENDED SHADOW
OF A GREAT PERSONALITY**

It is perhaps difficult for the
average newspaper reader to ap-
preciate the vast amount of time,
effort and expense represented in
a special edition of a great daily
newspaper such as the Golden
Jubilee number of the Dallas
Morning News which was publish-
ed last Tuesday.

This particular edition is a com-
mendable tribute to the newspaper
profession, to Texas, to the city
of Dallas and to G. B. Dealey,

president of the News, who began
as an office boy with the old
Galveston News in 1874, and who
has just completed his sixty-first
year with the newspaper. It is
doubtful if the Fourth Estate has
ever before produced a more out-
standing example of its ideals than
those to be found within the
border margins of this 152 page
edition. It is hardly possible that
the ideals of a personality have
come nearer to realization than
the ideals of Mr. Dealey which
are reflected in this fiftieth an-
niversary edition of his news
paper.

There is something of gentility,
as of a rare book, in possession of
the paper and one can not put it
aside as so much paper and ink.
It is too fine—the shadow of a
great personality—a purpose and
its achievement.

**PALESTINE, PROSPERITY,
AND PROPHECY**

Business improved so fast in
Palestine in 1933-1934 that a de-
cline was feared during the next
twelve months. But the annual
report of the British Government
to the League of Nations says that
"actually the 'peak' conditions of
1933-34 were far exceeded in
1934-35."

A few years ago, in the early
days of Jewish colonization, it took
more than sixty acres of land to
support a family. Today, with ir-
rigation and intensive cultivation,
only five acres are needed.

Great stretches of waste and
sandy soil along the shores of the
Mediterranean, north and south
of Jaffa, have been transformed
into beautiful orange groves. Dur-
ing the past year more than 7,000,
000 boxes of oranges were export-
ed from Palestine.

The Dead Sea waters contain
abundance of potash and bromine,
two minerals salts in the modern
world. The Palestine Potash,
Limited, is an international com-
pany, consisting of both Jews and
Gentiles, organized to extract and
market the salts. It is estimated
that the potential value of the
potash, bromine, and other salts
of the Dead Sea water is four times
the wealth of the United States.

Palestine contains no natural
harbor. Haifa was chosen as the
most suitable city for the con-
struction of a harbor, and it was
built at a cost of more than \$5-
600,000. It was opened two years
ago, and already Haifa has become
one of the important seaports of
the Mediterranean.

Haifa is also the western ter-
minus of the great pipe line carry-
ing oil almost a thousand miles
from Mesopotamia. Tankers in the

harbor receive oil direct from this
line. Over 9,000 men were employ-
ed for more than eighteen months
in laying the twelve-inch steel
pipes electrically welded together.
5,500 tons of oil arrive at Haifa
in a single day.

One of the greatest enterprises
in modern Palestine is the Ruten-
berg hydro-electric power plant
on the Jordan river, to furnish
electric light and industrial power
throughout the land. The plant,
with its three giant turbines, a few
miles south of the Sea of Galilee,
has a capacity of 25,500 horse
power.

Is this amazing prosperity in
the little land of Palestine, when
the world still staggers under fi-
nancial depression, simply the re-
sult of human effort and enterprise
or has it a deeper significance?
Those who believe the Bible are
convinced that prophecies record-
ed centuries ago are rapidly being
fulfilled in Palestine today. For
example, in the Book of Isaiah,
written more than 2,500 years ago,
chapter 61, verse 4, are these
words: "And they shall build the
old wastes, and they shall raise up
the former desolations, and they shall
repair the waste cities, the desola-
tions of many generations." About
the same time Jeremiah (chapter
31, verses 38-40) foretold the
boundaries of the future Jerusalem
and it is a fact that the city is be-
ing rebuilt along those lines today.

**IRENE ELDRIDGE
SOCIETY MEETS**

(Delayed)
Twelve members of the Irene
Eldridge Missionary Society met
for a social and Bible study meet-
ing in the home of Mrs. U. L.
Witte, Tuesday afternoon of last
week, with Mrs. F. O. Bond, the
president, conducting a short busi-
ness session.

Mrs. F. A. Buckley led the study
of the book of Romans, and a new
book, "That Other America", was
chosen for the next mission study
beginning the first of November.
After a short social hour, deli-
cious refreshments were served
by the hostess.

SAFEGUARDING EASY MONEY

Every Texan who plans to pur-
chase securities of any kind
should ascertain before making
the purchase, whether the seller
is registered and licensed by the
state department. Secretary of
State Gerald C. Mann asserts in
discussing the provisions of the
new Texas law designed to put a
stop to the sale of worthless securi-
ties. Under this law stocks, bonds,

certificates of interest in oil and
gas properties, and various other
forms of paper supposed to repre-
sent value, are defined as securi-
ties.

Hundreds of thousands of dollars
have been taken away from Tex-
ans in recent years through mail
fraud promotions and the smooth
talk of salesmen who knew their
wares were worthless.

Quick medicines and bogus
stocks are still the best sellers with
the gullible, according to Karl A.
Crowley, in charge of the federal
government's efforts to prevent
mail frauds, who says cure-alls
and get-rich-quick stock are the
most attractive bait to lure dollars
from socks and savings banks.

There are no new swindles,
Crowley says; just variations of
old rackets. These rackets have
been worked so long and so
thoroughly that suckers should
refuse to bite, but "they always
come back" is the slogan of the
mail fraud romancers.

The government statistics place
Texas at the top of the list of
states contributing most liberally
to stock swindlers, who are the
only ones who ever get rich out
of the quick turnover schemes,
which they promote.

During the past year, govern-
ment officials point out, more than
100 mail fraud promoters were
arrested and prosecuted in Texas.
All but two of them went to prison.

With the federal agents diligen-
tly seeking to prevent mail frauds,
and state officials enforcing the
new blue sky law, the "pickings"
in Texas should be much less
lucrative.—Texarkana Gazette.

**CONTRACTORS NOTICE OF
TEXAS HIGHWAY
CONSTRUCTION**

Sealed proposals for constructing
7.194 miles of Cr. Gr. Cal. Bs. Crs.
with Road Oil Prime Coat from
Floyd County Line to 6.317 Miles
West of Matador on Highway No.
28, covered by U. S. Works Pro-
gram Highway Project No. WPH
568-A in Motley County, will be
received at the State Highway

Department, Austin, Texas, until
9:00 A. M., Oct. 22nd, 1935, and
then publicly opened and read.

The attention of the bidders is
directed to the required special
provisions covering subletting or
assigning the contract, the use of
domestic materials, the selection
of labor, hours and conditions of
employment, required employ-
ment, methods of undertaking the
work and violation of Special
Provisions.

Except as otherwise specified,
the minimum wages paid to all
laborers, workmen or mechanics
employed on this contract shall be
Seventy-Five (75c) Cents per hour
for "Skilled Labor", Forty-Five
(45c) Cents per hour for "Inter-
mediate Grade Labor", and Thirty
(30c) Cents per hour for "Unskil-
led Labor".

Attention is directed to the
special provisions, included in the
proposal to insure compliance with
the requirement of House Bill No.
54 of the Forty-Third Legislature
of the State of Texas.

Type of Laborer, Workman or
Mechanic. Prevailing Minimum
Per Diem Wage (Based on an
Eight (8) Hour Working Day).
Prevailing Minimum Hourly Wage
Rate:

Skilled Labor, \$6.00, \$7.5; Inter-
mediate Grade Labor, \$3.60, \$4.5;
Unskilled Labor, \$2.40, \$3.00.

For the classification of particu-
lar position under the above types
of Laborers, Workmen, or Mecha-
nics, see the Required Special
Provisions.

The above prevailing minimum
wage rates shall govern on this
contract. Overtime and legal holi-
day work shall be paid for at the
regular governing rates.

A local employment agency from
which the Contractor shall obtain
employment list will be designated
prior to the award of contract.
Plans and specifications available
at the office of W. C. Hagan,
Resident Engineer, Matador, Texas
and State Highway Department,
Austin. Usual rights reserved.

MARRIED

Albert Rushing of this city and

Miss Etta Sue Bannister of Roaring
Springs were united in marriage
on October first, at Matador.

The bride is the daughter of
Mr. and Mrs. W. S. Bannister of
Roaring Springs and has made
her home with her parents, in that
community for a number of years.
The groom is the son of Mr. and
Mrs. W. I. Rushing of Matador,
and was reared here and has many
friends whom the Tribune joins
in wishing the young couple much
happiness.

**CHILDHOOD AND YOUTH
WEEK TO BE OBSERVED**

Childhood and Youth week will
be observed in the Methodist
Church the third week in October.

Such subjects as the following
will be discussed: "Awakening the
Community", "Your Church as a
Community Force", "Childhood
and Youth Today", "Making Our
Community safe for our children".

and others just as interesting.
Further announcements will be
made later. Do not miss any of
these programs. —Reporter.

JUST ARRIVED!

A Carload of Lamps

Beautiful, Newly Designed I. E. S.
Sight-Saving Floor and Table
Lamps at Low Prices

A foremost manufacturer of floor and table
lamps quoted us an unusually low price on a
carload of I. E. S. Better Light - Better Sight
lamps.

We acted as your purchasing agent and
bought a full carload in order to effect this
saving. This enabled us to obtain these high
quality lamps at the lowest price possible on
such comparative merchandise.

The lamps are the latest in design and are
really appealing to the eye. We are offering
them for a limited time at an extremely low
cash price, or if you prefer, you may make a
small down payment and pay the remainder
along with your monthly electric service
statement.

Visit our showroom and see for yourself
the opportunity that is yours to purchase an
unusually high quality lamp at a very low
price.

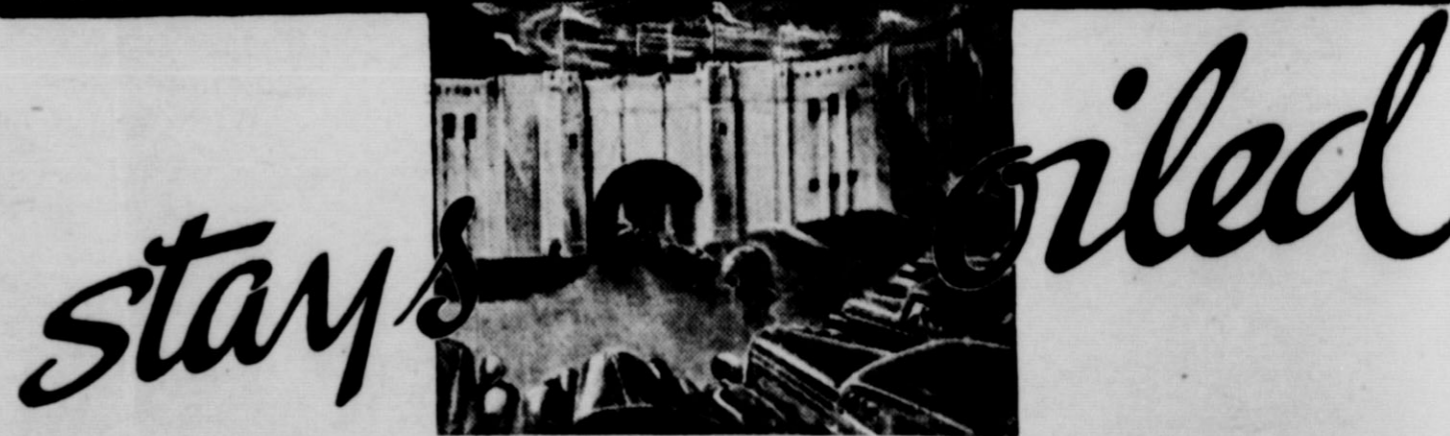

I. E. S. BETTER
SIGHT LAMPS
PROTECT EYES

These new scientific lamps
give several times as much
useful light as ordinary
lamps. There is no glare—
just plenty of soft diffused
light exactly where you want
it on your book or work.
There are floor and table
models in many attractive
finishes and at modest
prices. Be sure to look for
the certification tag of the
Illuminating Engineering
Society.

YOUR CAR'S COLD TOO... SO MAKE SURE YOUR ENGINE

And please don't think you are going to
read this same sort of thing about a
"whole raft" of winter oils.

The clean-cut difference in favor of
Conoco Germ Processed Oil is this: when
the thermometer goes down there is a
Hidden Quart of Conoco that doesn't. It
can't. It stays and stays—becomes a last-
ing part of every surface in your engine.

The Germ Process... fully patented...
makes this alloyed oil blend with metal
remarkably, forming your Hidden Quart.
Then no matter how long your car is
parked or garaged in the coldest cold,
you come out to a well-oiled start... not
merely because fine paraffin-base Conoco
Germ Processed Oil is free-flowing, but
because the Hidden Quart is up on guard

before any oil could even begin to flow.

Gone are the warm-ups that chew up
your engine. Nor need you fear highest
speeds, or hardest winter pulls. That's
when Germ Processed Oil puts its high-
durability film between you and repair
men. It's not only light-bodied enough
for winter, but tougher, too.

AND... road tests of cars with con-
ventional habbit bearings, and with the
new copper-lead, high-lead, and cad-
mium-alloy bearings, prove Germ Pro-
cessed Oil far better than plain mineral
oils for all bearings!

Whether you're driving a '35 model or a
"veteran," drive it in today for your
Conoco man's winter help. Continental
Oil Company, Established 1875.

PYRAMID ERECTED IN ARIZONA IN MEMORY OF ARAB WHO AIDED ARMY IN FREIGHTING BY CAMEL

QUARTSITE, Ariz. Sept. 21.—A tall pyramid of vari-colored stone, surmounted by a copper figure of a camel, today marks the final resting place of Hadji Ali, Arab camel driver, packer and scout who was famous in Arizona's early days.

Hadji Ali, known the length and breadth of Arizona during his time as "Hi Jolly," the closest his American friends could come to his pronunciation of his name, was one of a group of Arab camel drivers brought to the Southwest in February, 1856, by the United States Army.

Plan Found Impractical

Army authorities had evolved the idea of using the "ships of the desert" to transport supplies across the arid wastes, from El Paso to California. But, within a few months the plan was found impractical. The sharp rocks and cactus of the Arizona desert cut the camels' feet and made them worthless. They were abandoned, left to forage for themselves in a strange land.

The camel drivers, with the exception of Hadji Ali, returned to their native land. He remained, and for more than 30 years was a colorful figure along this sun-blasted frontier. He died here

December 16, 1902.

Meantime, the camels wandered throughout the desert country gradually falling victims to predatory beasts, the strange land, or the rifles of cowboys. The last of them were rounded up and sold to circuses and zoos. The final survivor, so far as known, died recently in a Los Angeles zoo.

Built By Road Man

The monument to Hadji Ali and the epoch he represented was built by Jim Edwards, maintenance foreman for the state highway department on the section of Highway No. 60, which passes through this historic mining camp. Edwards, a bachelor, has the hobby of erecting monuments at historical spots within his district, paying their cost from his own funds.

Hadji Ali's pyramid is built from colored stones found in this section. Inside it, when it is dedicated this fall, will be placed a small copper casket containing mementoes of the old camel driver, including letters from federal officials to him, ashes of the last desert camel, and the 60 cents which represented his entire fortune when he died.

TEXAS SOLONS INCENSED OVER DRIVER ABUSE

Austin, October 7.—A committee of the Texas Legislature, in a series of public hearings, has brought to light shocking persecutions of truck operators by certain officers over the State.

Persecutions of truck operators amounted to actual body harm, browbeating, imprisonment without hearing and without cause, pistol whippings, the legislative committee disclosed in questioning of sworn witnesses.

The legislative committee first heard of harsh abuses in the enforcement of the truck laws at hearings at the State Capitol. After these abuses were revealed, the House of Representatives became enraged, increased the membership of the investigating committee from five to six, and appropriated enough money for the committee to hold probes at centrally located cities and towns.

Committee Divided

The committee of six was evenly divided, three of the members going to Fort Worth for an investigation and three going to Houston. At Houston, a lawyer, R. J. Hendrix, testified he was knocked unconscious by peace officers at Livingston recently when he went there to represent truck operators who had been thrown into jail.

He told the House investigators that he probably would suffer permanent injuries from the beating administered when he was trying only to discharge his duties as legal counsel for victims of high-handed officers enforcing the truck laws. He made an impassioned plea that these abuses be stopped.

Lawmakers who compose this committee are Representatives Conde Hoskins of Gonzales, R. C. Lanning of Vineyard and Jap Lucas of Athens.

Other Witnesses Abused

Other witnesses heard by this committee said they had been threatened with pistol whippings and had been locked up without an opportunity to phone legal counsel or make bond.

The committee which took testimony at Fort Worth is made up of Representatives A. K. Daniel of Crockett, E. H. Thornton of Galveston and Nall Colson of Iola.

Witnesses told the committee that a "racket" was in operation by certain constables and justices of the peace. One of the witnesses, E. A. Johnson, Dallas wholesale grocer, testified that two of his own trucks recently were stopped at Conroe and the drivers put under arrest. They were hauling products for Jonson. He said it took several days to win release of his drivers, despite the fact he hastened personally to Conroe. These arrests were made, it was

brought out, although the truck drivers carried highway registration receipts and had obeyed highway laws to the letter of the law.

House Incensed

The House of Representatives became incensed early in the special session over wholesale arrests of truck operators, many of whom included farmers using their own trucks to haul their own wares to market, and overwhelmingly voted to create the committee to investigate the arrests.

SCHOOL DISMISSED TEMPORARILY

On Monday of last week, school was dismissed by the trustees to enable the pupils to help gather crops. We hope that the recess will be short as well as profitable.

ON PICNIC

The seventh and eighth grade

girls went on a picnic at Ballard Creek near the Reeves' place. The girls enjoyed swimming on a cable swing for a while, then built a fire and roasted weiners and marshmallows. Other good things to eat completed the picnic lunch.

Mrs. House and children, and Mrs. E. L. Wolf were welcomed visitors. The girls present were: Gay Wolf, Beatrice Smallwood, Nellie Ray, Delora Markham and Estell Stafford. The teachers were Misses Ruth Simpson and Emma Lesta McKee.

CIRCUS ENJOYED

Miss McKee and Mrs. Ballard took their respective rooms to the circus last Friday. They were accompanied by Mrs. L. B. Archer and Leo Bennet Archer Jr. The children enjoyed the circus very much, especially the animals.

VISITOR

Mrs. J. T. Grace was a visitor in Miss McKee's room Tuesday of last week.

FUNNY BONE

Mrs. Ballard: Christine, what is a truck farm?
Christine: It must be a truck that hauls things off a farm.

RIDDLES
(By The Sixth Grade)

1. What can you take in your left hand that you can't take in your right hand? Ans. Your right elbow.
2. What is the difference between a tub and a foolish Dutchman? A. One is a hollow cylinder; the other is a silly Hollander.
3. What is it that one man can carry upstairs, but a thousand men cannot? Ans. A pin.
4. An old woman in a scarlet coat passed by a field where a goat was feeding. What transformation took place? Ans. The goat turned to butter (but her) and the woman turned into a scarlet runner.

Handle the Smoking Problem", by Mrs. Vernon Doss; "For Father's Only", Mrs. H. H. Schweitzer; "When Mothers Cheat", Mrs. John C. Russell.

JUNIOR SOROSIS CLUB MEETS TUE.

Eleven members of the Junior Sorosis Club had a very enjoyable program at the home of Misses Martha and Sibyl Scaff on Tuesday evening, October 1. A brief business meeting was presided over by the first vice-president, Mrs. Bill Neatherlin. It was decided that the club members would buy individual copies of the booklet, "What Every Club Woman Should Know". The chairman of the year-book committee reported that work was progressing on the year book.

Miss Hattie Tee Groves led an interesting program on famous women of the Bible. The members responded to roll call with an unusual fact concerning some woman of Bible times. Miss Sibyl Scaff presented a paper on Rebecca, wife of Isaac, and stressed the romantic viewpoint towards her story. Miss Winifred Estes related the visit of the Queen of Sheba to King Solomon's Court. Although just twelve verses of the Bible tell her whole story, this woman's search for knowledge and wisdom made her a famous personage. Mrs. Clay Gilbert gave the interesting but little-known history of Lydia, the New Testament character who mothered a church.

The club adjourned and thanked the hostesses for an enjoyable time.

—Press Agent.

Y. W. A.

The Y. W. A. met with Mrs. G. S. Craven at her home Oct. 3rd at 7:45. There were 12 members present, a brief business discussion was followed by a devotional by Mrs. Claude Groves. The circle voted to change the meeting of the club to the first and third (1-3) Thursdays in each month. The next meeting will be Oct. 17th at Miss Ruth Groves home with Miss Emma Lesta McKee as co-hostess.

Delightful refreshments of cake and punch was then served by the hostess.

—Reporter

C. M. Glenn, accompanied by his sister, Mrs. J. L. Woodruff, visited relatives in Mineral Wells last week.

Culture Club Has Meeting Wednesday

The Berle Self Culture Club met on Wednesday, October 2, with Mrs. Vernon Doss as hostess. A very interesting as well as profitable program was presented by various members.

Mrs. L. R. Bishop and Mrs. A. A. Harp were welcomed as new members of the club. At the conclusion of the program, the hostess served delicious refreshments to the eight members present.

On October 16, Mrs. E. E. Jameson will be hostess to the group, with a subject for discussion of "Parents' Problems — How to

West Texas GIN COMPANY

"Reliable Ginners"

You may hear many funny jokes but when it comes to business, good ginning good cotton buying, good bookkeeping and a well informed person on all of your problems, then you can look for "Turn-out-Joe", for he is the best friend you have.

I am the leader in 'Turn-outs' in the cotton country.

All I ask is that you give me a trial because I know you will come back.

Courteous, honest and friendly treatment is what you receive at our gin plant.

I'll thank you farmers to see for yourselves and then you will know which is the best place to gin.

Yours truly
Joe M. Gaines, Mgr.

RIGID EFFICIENCY PLANNED IN WPA WORK FOR TEXAS

San Antonio, Oct. 9.—Reiterating that a dollar's value must be received for every dollar spent by Works Progress Administration in Texas, Administrator H. P. Drought this week instructed engineering officials to plan greatest possible efficiency in the works divisions.

"We have no fear of running out of man-power on these projects," Drought explained. "When Texas list of employables has been exhausted, our job will have been completed."

"Federal authorities have attempted to secure final approval of approximately final as many projects as can be financed out of available funds," Drought declared. "This has been deliberately done to afford a maximum of latitude in operating the program by insuring instantly approved projects of every character. It is obvious, therefore, that we cannot prosecute every project. We are expected to utilize these projects to meet the need for employment that exists in each locality, choosing from among the approved projects those which require the number and particular classes of workers that are available from the relief rolls."

Drought asserted that fairness to the sponsors who, in many instances, are contributing materially toward the completion of projects demands that work be done thoroughly and conscientiously.

"We must never lose sight of the fact that our major purpose is the rehabilitation of human beings," Drought declared. "It is only through demanding an honest day's work for a day's pay that we can remove the specter of the dole from the lives of persons who are subsisting on WPA wages."

By seeking approval of more projects than necessary to absorb all employables from Texas relief rolls as of May, 1935, state WPA officials hope to be able to choose only work of permanent worthwhile nature in the program which has already taken several thousand persons off the dole.

EPWORTH LEAGUE

(Delayed)
At the annual election of officers for the Epworth League, which was held Sunday night, the following officers were elected: President, Sibyl Scaff; Vice-president, Knox Jameson; Secretary, Allie Faye Williams; Treasurer, Marjorie Moore; Publicity Agent, Helen Simpson; Song Leader, Margaret Cornett; Pianist, Roberta Jameson.

The Chairman of committees were appointed as follows: Worship, Ruth Moore; Missions, L. V. New; Evangelism, Virginia Edmondson; Recreation, Margaret Cornett. As Adult Counselor for the ensuing year, J. R. Whitworth was elected.

All young people who are not enrolled with us, are extended a cordial invitation to attend our meetings and become members.

GROVES-STANLEY

Announcement is made of the marriage on Sunday, October 6, of Delbert Groves, son of Mr. and Mrs. N. M. Groves of this city, and Miss Minnie Anon Stanley of Floydada. The ceremony was performed at Portales, New Mexico, and comes as a surprise to his many friends here.

Mr. Groves was born and reared in this community and is a graduate of the Matador High School in the class of 1933. For the past

year, he has been employed at the Spot Cash Grocery, and they will make Matador their home.

The Tribune joins in extending congratulations and best wishes to this young couple.

METHODIST CHURCH NEWS

The Intermediate Department of this church elected the following officers for the new Church School Year:

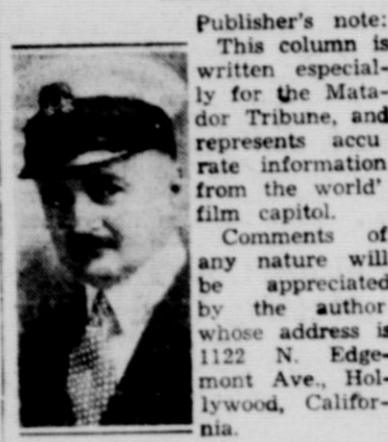

President, Fred G. Simpson Jr.; Vice-president, Furman Vinson; Sec.-Treas., Kitty Janette Jenkins; Song Leader, Zona Ruth Scaff; Pianist, Miss Mable Jameson; Reporter, J. D. Payne.

The class having the best report for the quarter, will be entertained by the remaining classes. Mrs. Clay Gilbert's class presented the best report last Sunday, which was the first in the quarter.

There are twenty four pupils enrolled in this department now, and we invite all boys and girls between the ages of twelve and fifteen, who are not attending Sunday School, to come and join us. All members are urged to be present next Sunday. Miss Ona Jameson, our Secretary, did not miss a Sunday last year.

—Reporter.

HOLLYWOOD
By Marshall Fiske

Publisher's note: This column is written especially for the Matador Tribune, and represents accurate information from the world's film capital.

Every Russian in Hollywood connected with the Motion Picture Industry, claims to have come from Moscow Art Theatre. This fact they think gives them prestige and great glamour.

But there was one son of Russia who wanted to be different. When the Casting Director asked him, rather sarcastically, if he too hailed from Russia's famous Art Theatre, he drew himself up with confident disdain and replied: "Indeed no, I am a direct descendant of Anna Karenina".

Motion Pictures were introduced into court the other day and incidentally saved a transportation company about \$25,000.

A lady claimed that in falling from a car operated by said company had come to injuries that had rendered her arms practically helpless. She brought suit to the sum of \$25,000, which she thought might recompense her for the loss of her arms. She, however, did not reckon the fact that all large concerns employ the brightest and most capable attorneys to protect their interests. This company was no exception. Shadow men were employed to follow her everywhere. At various times they took motion pictures of the lady in various activities. As a result when the negatives were developed they showed the lady who had sued the company, sweeping, raking her lawn, hanging up clothes, and swimming in the cool waters of the Pacific with both arms in vigorous motion. When these were shown in court it proved to be the death knell of her hopes for monetary recompense. The moral to all this is that one must always remember what ails one, at least until a sat-

isfactory settlement has been effected.

When important motion pictures have their premiere in Hollywood, the people who avail themselves of this opportunity must do so by parting with \$5.00. Later on they may view this same picture for twenty-five cents at their neighborhood theatre. Then why pay \$5.00? you may ask.

The answer is they do not go just to see the picture, but to show themselves and to get intimate glimpses of the stars scattered about in the audience. Its far more concern to them to see how they really look at close range, how they are dressed, how they comb their hair, how they deport themself, etc. For these privileges they are willing to pay their five dollars. Were these same people theme is to be incalculated in a for-dollars to aid the needy and indigent, they would lead poverty.

Soft ball is the rage here. Thousands of spectators witness two opposing girl teams play. This thus disport themselves is not an thecoming picture. To see girls

thus disport themselves is not as elevating sight—it smacks too much of the common, coarse tom-boy. It's only its novelty that attracts anything new, anything for a thrill—that's the present day slogan.

The famous Dionne quintuplets may appear in Harold Lloyd's latest picture "The Milky Way". Some legal entanglements must be straightened out first before this becomes a reality. It will prove a big scoop for Harold Lloyd and will add much human interest to his picture, not to mention anything about Box Office receipts.

Mr. Lloyd recently entertained Edsel Ford at luncheon.

Miss Winnie Grace Hughes, teacher in the Flomog schools, was a business visitor here Monday enroute to her home in Vera for a visit.

Mr. and Mrs. Lem Guthrie of Wheeler, former Matador residents visited relatives here last week.

Mrs. Ethel Payne and children attended the circus at Childress Friday.

PUBLIC CONFIDENCE CONTINUES TO GAIN

Bankers Report Nation-Wide Improvement in Goodwill Toward Banks

NEW YORK.—Ninety-six per cent of over 300 reporting clearinghouses throughout the United States find concrete evidence of favorable turns in public opinion regarding banks. It is shown in the results of a survey made by "Banking," the monthly publication of the American Bankers Association. City and country districts in every state are represented in the survey, it points out.

"The outstanding conclusion is that there has been a genuine nation-wide improvement the last few months in the attitude of the public toward its banking institutions," the publication says. Statistical evidence on which the bankers base their conclusions which warrant this statement is described as follows:

The Evidence
"How do bankers know there has been an improvement in the public

attitude? They have certain statistical evidence. They have seen their deposits increase substantially in nearly all the cases reported, and tremendously in some cases.
"For another thing, they know that fewer people are using safe deposit boxes for their savings.
"However, many express the view that they could throw out the statistical evidence and still realize that the public is in a better mood where the banks are concerned than before. The best evidence offered on this point, numerous bankers say, is to be found in the acceptance by the public of service charges and reduced deposit interest."

The statement presents the following summary of the survey:
"We find on breaking up the general classifications of replies to the poll that the 65 per cent of those answering with an unqualified 'yes' represent only a partial measure of the optimistic feeling. Adding the favorable replies included in other groups, (i. e. 'yes' with qualifications, 'no change' and 'mixed') we find that the vote shows a definitely healthy situation in 84 per cent of the localities reporting; at least some signs of improvement in another 12 per cent; a continuance of unfavorable conditions in 2 per cent, and a change for the worse in another 2 per cent."

NOTICE To Taxpayers

COMPTROLLER OF PUBLIC ACCOUNTS
STATE OF TEXAS
Austin
October 2nd, 1935

TAX COLLECTOR MOTLEY COUNTY:

Dear Sir:

A mandamus suit has been filed in the Supreme Court at Austin, Texas, testing the validity of the discount law, and we are advised a hearing will be had in the early future.

In fairness to the tax-payer, we would suggest that you notify them, either by publication or otherwise, that if they wish to take advantage of this discount, should the court hold the law constitutional, that they make tenders of payment less the discount.

You should keep a record of all those who make tenders and advise them that you will issue the receipt less the discount if paid immediately after the court's decision.

Yours very truly,
Geo. H. Sheppard
Comptroller of Public Accounts.

Disregard Hearsay!

Ask Your County Agent as to the 2c Subsidy Plan

Adjustment payment made on net lint cotton of your bale -- bale weight minus bagging. In other words just what Exemption Certificates you turn in at the gin.

NOW YOU CAN HAVE Air Conditioned REFRIGERATION

Fresh, pure air... constantly circulated at just the right temperature and humidity to keep your food in perfect condition. That's modern air-conditioned refrigeration with ice!
Odorless, Tasteless Refrigeration!
Odorless... because the constantly changing air freshens the interior of the modern ice refrigerator, thus removing strong odors. This air-conditioning process makes it possible to place in open space with onions, cabbage, or other foods with a distinctive odor. The air-washing effect of the cooling air carries all odors out of your refrigerator. Each food retains its own individual flavor. Ask your ice dealer to demonstrate this new method of refrigeration to you.

ROARING SPRINGS NEWS

By Mrs. J. D. Mitchell

CONTRACT TO BE MADE

A message received Saturday by the secretary of the school board J. D. Mitchell, informed the board members that notices for bids for construction of the new school building are to be printed in this week's daily news papers and that contracts will be let October 28th. When the contracts are made it is hoped that the new building will be quickly constructed, since the school is in a very badly crowded condition.

SCHOOL HAS SOCIAL WEEK

This week seemed to be the opening of the school's year social events. Tuesday evening the Senior class held its first business meeting and social hour in the home of Miss Bess Medlen. Friday evening the Freshmen were entertained in the gymnasium by their sponsor Mrs. E. W. McKenzie. The Sophomores also enjoyed a picnic at the springs Friday evening, sponsored by Mr. Baker. Miss Mary Thacker entertained a crowd of High School students Saturday evening with a picnic near her home. Mr. and Mrs. J. M. Baker, Coach and Mrs. Lennon Hill accompanied the picnic crowd.

Given Shower

Rev. and Mrs. A. V. Bradley of Vernon arrived Friday to begin the work of pastor of the First Baptist Church here. They were given a huge miscellaneous shower by the members of the congregation Monday evening.

BEAUTY SHOPPE OPEN

A beauty shoppe was opened in the Hurst Barber Shop during the week under the management of Miss Dora Jameson of Matador. It is understood that Miss Jameson is an expert in the art of hair dressing and is ready to give the public of our town very efficient service at very reasonable prices. Everyone is urged to visit the shop at their earliest convenience.

Mr. and Mrs. Billy Monahan of Pampa visited relatives here during the week-end.

Mrs. R. L. Ormund returned to her home in Crosbyton Tuesday after a several days visit with her parents, Mr. and Mrs. M. E. Long. Miss Louise Weatherall made a business trip to Lubbock Friday.

Prof. W. A. Lewis accompanied by his children visited Mrs. Lewis who is teaching in Texas Tech. Friday.

Mrs. G. B. Thacker visited in Lubbock during the week-end.

Melvin Meason has accepted a position with Spot Cash Grocery. S. W. Weatherall, rehabilitation administrator of Cottle County visited home folks during the week-end.

M. S. Thacker made a business trip to Lubbock Thursday.

Freeman Thacker, manager of the new Thacker Supply Store of Spur visited relatives here Friday.

Mr. and Mrs. W. J. Keys and their son Elton attended the Keys family reunion in Throckmorton this week.

Golda Maire and Ruth Nance of Quanah visited their grandparents, Mr. and Mrs. L. W. Harmon during the week-end.

Rev. and Mrs. Aubrey Ashley and Mr. and Mrs. Guy Brasselton visited friends in Lorenzo Sunday.

W. C. King made a business trip to Floydada and Amarillo during the week.

Mr. W. H. Keahey was a Matador visitor Monday. He was accompanied by Mrs. M. E. Keahey.

AN ORDINANCE

Entitled an ordinance to protect the public safety and general safety of the citizens of Matador against fraud, detect and prevent crime, and to prevent traffic in stolen and mortgaged property and merchandise within the City Limits of the City of Matador, Texas, by regulating the business of all dealers in used property and merchandise of any kind within the City limits of the City of Matador, Texas, defining the terms "dealer in used property and merchandise", and "used property and merchandise", providing for a permit to conduct such business, and for inspection of all used property and merchandise before same is offered for sale, prescribing the qualifications of such dealers in used property and merchandise, providing for the manner of obtaining permits, providing for a fee to be charged for such permits, and providing for application of same to payment of taxes of such dealers, excepting certain present established dealers, and providing for an emergency.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MATADOR, TEXAS:

Section 1: The term "used property and merchandise" as used in this ordinance shall include any property or merchandise of any kind whatever after the same has been purchased from any dealer who sells such property or merchandise at retail, and the term "dealer in used property and merchandise" as used in this ordinance shall mean any person, persons, association or corporation who buys, sells or exchanges used

property or merchandise of any kind, other than such as may be bought by him or them for personal or business use.

Section 2: Each and every person, persons, association of persons or corporation hereafter desiring to engage in business as a "dealer in used property and merchandise" within the city limits of the City of Matador, Texas, shall, in writing, apply to the City Secretary of the City of Matador, Texas, for a permit to engage in such business, which said application shall be accompanied by a deposit of \$100.00 in cash, and same shall be filed with said officer at least thirty days prior to the time of engaging in such business, setting forth therein the name, residence and postoffice address of such person, persons, association or corporation desiring such permit, with the names of at least three persons as references to vouch for the honesty and integrity of such person, persons, association or corporation so applying, and, upon investigation by the City Secretary, if it should be ascertained by him that such person, persons, association or corporation has heretofore been guilty of intentionally disposing of any stolen or mortgaged "used property or merchandise" without disclosing to the purchaser such facts, such application shall be refused, and the deposit so made shall be returned to the applicant, except that the sum of \$5.00 shall be retained to pay for time and expenses of making an investigation concerning applicant. If the applicant is entitled to a permit to engage in such business, then same shall be issued to him or them after the expiration of sixty days from the date of filing the application, and said deposit shall be retained by the City of Matador, Texas, and if said applicant shall remain in business in said city long enough to become a taxpayer, said deposit shall be applied to payment of applicant's taxes until it is exhausted, but in the event all or any part of same is not needed for payment of taxes, it shall be retained by the city as a fee for such permit.

Section 3: Each and every "dealer in used property and merchandise" within the City limits of the City of Matador, Texas, shall, at all reasonable time, and as often as requested, permit the City Secretary and the City Marshall of the City of Matador, Texas, to inspect any and all property and merchandise that he or they may have in their possession at any time, and shall furnish, upon request of such officers or either of them, satisfactory proof that none of the property or merchandise has been stolen.

Section 4: It shall be unlawful for any person, persons, association of person or corporation to become a "dealer in used property and merchandise" as that term is defined in this ordinance, within the City limits of the City of Matador, Texas, without first having obtained a permit as provided in section 2 of this ordinance.

Section 5: Provided, however, that any person, persons, associa-

tion of persons or corporation who has been actively engaged as a "dealer in used property and merchandise", as that term is defined in this ordinance, within the City limits of the City of Matador, Texas, occupying a building as an established place of business, for a period of at least one year immediately preceding the passage of this ordinance, shall not be required to obtain the permit provided for herein.

Section 6: Any person, persons, association of persons or corporation, who shall violate any of the provisions of this ordinance, either by engaging in business in violation hereof or by refusing to give information as provided for herein, shall be guilty of a misdemeanor, and shall, upon conviction, be fined in any sum not exceeding \$200.00, and each day that any person shall engage in business in the City of Matador, Texas, in violation of this ordinance shall be considered a separate offense.

The fact that there is now no adequate ordinance in force in the City of Matador, Texas, to protect its citizens against the imposition upon them of stolen and mortgaged used property and merchandise, and the fact that there are many persons throughout the country engaged in the business of trafficking in stolen and mortgaged property and merchandise, and the further fact that many of such dealers come into the town of Matador, Texas, and become liable for taxes, and then move all of their property away without paying the taxes due, creates an emergency and an imperative public necessity requiring that the constitutional rule requiring an ordinance to be read at three separate meetings before its passage be dispensed with, and it is so done, and this ordinance shall be in force from and after its passage in publication.

Passed unanimously under suspension of rule, on the 3rd day of October, 1935.

ATTEST:

Harrison Williams Mayor
 T. B. Harris, City Secretary.
 (SEAL)

SOROSIS CLUB IN MEETING

The members of the Sorosis Club met Wednesday afternoon, October 2, with Mrs. B. F. Harbour as hostess and Mrs. F. O. Bond leading an interesting program on Texas Day. Miss Lorene Fryar, president of the club, conducted the business session, which was followed by the program which included:

Song: "Texas, Our Texas" by the assembly.
 Reading on Texas, Mrs. Harbour.
 Outstanding Texas Writers, by Mrs. F. A. Buckley.
 Parliamentary Drill conducted by the parliamentary, Mrs. E. F. Springer.

NEW ARRIVAL
 Born to Mr. and Mrs. John Plumlee, Saturday October 5, 1935, a daughter, Gladys Maureen.

Mrs. Bill Winstead of Oxford, Kansas, visited relatives here last week.

Mr. and Mrs. A. Freeman and son Antone Freeman, were visitors here Sunday evening.

School closed here Friday for several weeks, that the pupils might aid in crop gathering.

Mrs. Maud Dean left Wednesday for Jayton, after spending the summer months at Whiteflat.

YOUNG PEOPLE GRATEFUL

The Young People of the Methodist Church wish to thank each

and every one who helped make our Plainview Young People's District Rally a success last week-end. We thank especially the Matador Land and Cattle Co., for the beef, and the Matador Bakery Meador Meat Market, Mr. Henry Pipkin, and Mr. Henry Ford for preparing it. We thank the ladies and men who helped serve Saturday night.

We are also very grateful to those who entertained the Young people in their homes Saturday night and Sunday. In fact, we we thank everyone who helped in any way. We appreciated it, and we feel as if that is what caused our rally to be such a success.

We thank those who furnished refreshments and help serve at the Union Meeting Sunday afternoon.

MOVIE CHATTER

By A Rogue

"Oil For The Lamps of China"

Coming to the Rogue Friday and Saturday of this week a picture that can not be seen every day in the week; a picture very unusual in its setting; a picture that can be understood by young and old of all classes. That picture is "Oil for the Lamps of China", with Pat O'Brien and Josephine Hutchinson. The setting for the picture is in China; it is a very interesting and intellectual one. This picture has been highly recognized and endorsed by all who have seen it—one man having seen it twice, and that one man being Dr. Albert Traweek Jr. Don't forget the date.

"Reckless"

Everybody's going reckless and you'll be doing likewise when you see and hear Jean Harlow and William Powell co-starring for the first time in M. G. M.'s mammoth musical melodrama, "Reckless" with Fauchat Tone and May Robson. See Jean Harlow dance the "tracadero" in her first romance with music—hear her sing Jerome Kern's newest melody "Reckless". And don't forget, folks there's a good story along with the picture. Jean Harlow as Mona Leslie starts out in a carnival, is made the toast of Broadway—see her in a fast moving picture of song, dance and romance to the end. This picture has pleased millions.

Football . . .

(Continued from Page 1.)

long hard this week expecting a tough fight from the Silverton team. The admission will be 15 and 35 cents.

Conference play in district 4B gets into full swing this week with all teams playing conference games except Floydada.

The Floydada eleven will play host to the Price Memorial College team Thursday night in the first night game ever played in Floydada.

The Matador Matadors have firmly established themselves as one of the teams to beat in the conference race. In three games this season the Matadors have scored 115 points while the stellar defensive play of the Matadors' scrapping forward wall has allowed no team to score and none to advance past the 15 yard line.

DISTRICT 4-B

Teams	Won	Lost	Tied	Conference Games This Week
Matador	1	0	0	Silverton at Matador
