

# Homecoming

Excitement is mounting as ex-students and ex-teachers of Matador and Motley County High School begin arriving for Homecoming activities this week end. Two members of the class of 1925 arrived early for a visit with relatives and friends and to be here for their 60th anniversary. Mrs. Leora Barton Scrivner of Alpine, California reached here Sunday and Mrs. Ernest Shearer of Alpine, Texas arrived Monday.

Their class will meet all day Friday at the Summit Savings Community room and will share

"pot-luck" at noontime. The gathering will begin at 10 a.m. Of the 31 class members, 11 are deceased. Eighteen of the remaining have written that they plan to be here.

The next oldest class to meet will be 1930 for their 55th. They will gather at 10:30 a.m. Saturday at the Fire Department Building. The spotlight also will be focused on other class reunions which have been previously announced as follows: **Class 1940 (45th)**, Saturday at 1:00 p.m. at Summit Community Room. **Class of 45 (40th)** at Senior Citizens Building, 11 a.m.

until 3 p.m. Saturday. **Class of 1950 (35th)** Saturday after the 3 p.m. business meeting, home of Leo and Joyce Archer. **Class of 1955 (30th)** Following the football game Friday night, meet at the Senior Citizens Building for a reception. Classes of '53, '54, '56 and '57 are invited to join them.

**Class of 1960 (25th)** to meet at the Hamilton farm, Roaring Springs, after the 3 p.m. meeting Saturday.

An early reunion was held by the class of 1965 when they met here August 2 for their 20th. Activities will begin with a

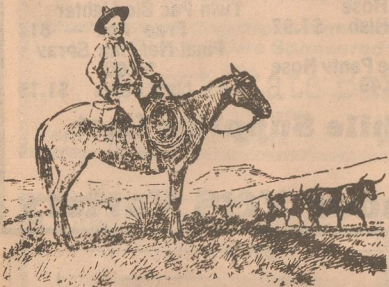

bonfire and pep rally Thursday evening at 7:30. Opening registration will be from 1:30-5:00 Friday, in the Ag. lecture room at the Grade School Building. A High School Pep Rally is set for 3:30 p.m.

From 5:00 to 7:00 p.m. a supper will be served at the American Legion Building sponsored by the Eternas Study Club.

Pregame activities at Burleson Field are scheduled to begin at 7:10 and the Homecoming game between Motley County and Aspermont will start at 7:30.

Registration Saturday will be at the Matador Fire Department Building starting at 9:30 a.m. Other events also will be at the same location and will include a program and business meeting at 3:00 followed at 5:30-7:30 with a barbeque supper and later, the annual homecoming dance.

The welcome mat is out and local residents have made all arrangements for the enjoyment of the visitors, through the effort of J.E. Edwards, president of the Ex-Students and Ex-Teachers Association and his able committees and secretary Hazel Donovan.

ISSUE NUMBER 43

## Too Much Rain ???

Soggy fields such as this one is making harvesting of this years cotton crop difficult for many Motley County farmers.

Could there be such as thing as too much rain? Some folks say that when it rains, it is helping someone -- it may be hurting you but it is helping someone somehow.

Mrs. Melvin Brogden, who is Motley County's weather observer for the National Weather Service, has recorded 57 7/100" for the month of October and 32 23/100" for the year. Although Clay Jameson, Maintenance Supervisor for the Highway Department, has the same October reading, he recorded approximately 4 inches more (36 3/100") for the year to date.

Jameson said that there had been no road damage but normal erosion in other areas. "This close to the Caprock, it either washes in or washes out" Jameson stated. The Highway Department's main concern at this point is a bridge approach near Northfield where the department has been working to alleviate any problem there.

According to Ray Minkley, Motley County Agent, "It never rains too much in west Texas." Although it is not good for the cotton crop on the stalk at this point, the rain does help the wheat according to the county agent.

Say Minkley "Although it is not good for the cotton farmer right now, it does help the rancher by filling his pond for his cattle and promoting the grass growth which the cattle utilize."

James Gillespie, District Conservationist, confirmed that the over abundance of rain in October has caused structure damage county wide. Gillespie explained that there is severe damage to top soil which will be repairable but obviously not replaceable. "From a conservation standpoint, the rain has been good for the rangeland providing adequate moisture during the growing season" Gillespie continued.

The Conservationist pointed out that when observing the fields in Motley County, almost all have some wash-outs but those farmers who have practiced conservation techniques in their fields have had the least if any damage.

"We need some sunshine and some warm weather" declares Scotty Abbott, County Executive Director of ASCS-USDA in Matador. Abbott feels that the recent heavy rains are hurting the grade of the cotton crop this year which will make the price decrease. Although he could not say how bad the damage is, Abbott did confirm that it (the rain) is not helping.

Perhaps the excess rain this month has robbed some cotton farmers of their smile. It has also created problems for them as they try to harvest their crop. But springs does come and this deep moisture will perhaps be labeled a blessing when next year's crop is planted and those optimistic smiles will reappear.

## Halloween Carnival Slated For Tuesday

Make plans to attend the 1985 Halloween Carnival to be held at the Fire Station, Tuesday October 29th beginning at 6:00 p.m. with the **Spook Parade** for the children ages 2 through kindergarten. This is sponsored by the Eternas Junior Study Club.

These children must be in costume and will receive a bag of treats from the Study Club members.

Following that will be a **Spook Contest** for the first grade through twelfth grade sponsored by the Motley County PTO.

Also, plan to come eat supper. The PTO will be serving brisket sandwiches and chicken 'n dumplings. To go with it will be pie and drinks.

There will be a variety of booths, some of them new and challenging. So come, have fun, and support the different classes and organizations that are participating in this year's carnival.

All members of the PTO should make either two pies or one cake and have them there by 6:00 p.m. Anyone else wishing to donate a cake or pie will be appreciated.

## Matadors Get Pounded By Wildcats 45 -- 14

By Paul Block and Darryl Perryman

The Matadors traveled to Crowell last Friday night to do battle with the Wildcats. Though losing 45--14, the Matadors played them close, 20--14, in the second half.

The Matadors started the first half unemotional and sluggish. Due to complications on defense and offense, the Matadors gave up 25 unanswered points in the first half.

After half-time, a revived Matador team returned from the locker room. Their hopes were soon to be dashed again as the Wildcats scored only 1 minute and 49 seconds into the second half.

The Matadors' offense soon started up and with 2:28 remaining in the third quarter, Rodney Doran ran for a four yard touchdown. The extra point try succeeded, as again Doran tried the end zone.

The Matadors' defense was again pounded by the Crowell offense giving up two touchdowns in the fourth quarter. The Matadors battered and bruised, waited anxiously to return the kick-off.

The Matador offense pushed forward banging the Crowell defense back. Richard Potts' pass completion to Brandt Bearden of 26 yards set up the scoring play. Cody Christian then ran 4 yards and dived in for the touchdown with 53 seconds left.

The extra point attempt was no good.

The Matadors will play the Aspermont Hornets this Friday for Homecoming. Everyone is urged to support the Matadors and enjoy the Homecoming activities.

### Players Of The Week

With 120 yards rushing, 1 touchdown and 1 two point conversion, **Rodney Doran** is this weeks Offensive Player Of The Week.

11 solo tackles, 5 assists and 1 caused fumble earned **Richard Potts** the honor of Defensive Player Of The Week.

### Junior High Football

The Motley County Mavericks hosted the Crowell Junior High Football team last Thursday in a driving rain storm.

With lightning bolts and rainbows showing off their colors, the Mavericks showed much improvement over their first encounter with Crowell. Although the final score was 6--32 in favor of Crowell, the last two scores were against mostly 6th and 7th grade defenders getting experience for the future. Matt Washington tallied the lone touchdown for the Mavericks.

### No Pass--No Play Pains

The next game for the Mavericks is uncertain as many area junior highs have been forced to drop their programs because of athletic ineligibilities caused by the new 'no pass-no play' rule.

## Mini-Thoughts On Theology

By Pearl Alexander

"For God so loved...that He gave His only Son..for God sent not His Son..to condemn" John 3:16,17.

Just bits and pieces of the well known, well loved Scripture but the emphasis is that God did not just give His Son, He was sent on a definite mission.

We had no choice about giving our son to the Army, but I sent him on a mission. "Many of your fellow recruits will not have

a Christian background..live Christ before them." Four of those who came back from Vietnam paid us a visit to tell us just what his testimony had meant to them.

We who have been given salvation are sent to tell, to live, to demonstrate Jesus Christ is alive and has power to change lives, heal the broken hearted and that He loves the unloveable.

## Jo Ann's

### Jots & Jingles

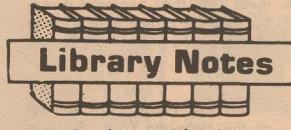

So-it's Homecoming Week again!! Class reunions, friends, reunited, folks visiting!! Gee, it must be fun to go "home."

I've never been to a "Homecoming" or a school reunion. Dallas is my birth place and New York City is my high school graduation place. Somehow or other I've never

heard of these places having "homecoming" or "class reunions."

So those of you celebrating "Homecoming", have a "blast"!! Hug a friend ....Kiss a relative....enjoy an extra plate of bar-b-que. And "hoot & holler" loud for the Motley County Matadors.

## Bundle UP Your Home Today

## And Help Keep Energy Bills DOWN This Winter.

### Upgrade Your Insulation.

Insulation comes in rolls, loose fill or batts. The "Resistance-value" or "R-value," indicates the ability of a material to keep heat from passing through it. The higher the "R-value" the more heat the insulation will keep inside in the winter and outside in the summer. WTU recommends R-30 insulation in the ceiling and R-16 in the walls.

### Keep Weatherstripping & Caulking in Good Condition.

Seal cracks around doors, windows, pipes

and wiring to help you save on both heating and cooling costs. Polyurethane or similar caulking, plus felt or foam-rubber products, come in an easy-to-install form at most hardware stores and will help you draft-proof your home.

### Call Your Heating Serviceman.

Have your heating unit checked NOW by a qualified specialist to put it into top operating condition. Not only will you minimize the possibility of a costly and uncomfortable breakdown in the middle of winter, you will also help keep down home operating costs.

Remember REDDY Supplies the energy—  
but only YOU can use it wisely!

## More Letters From Exes-----

Dear Hazel: Sorry I won't be able to make it this year, but hope to next. Have a great homecoming. Love, Tommie (Tudor) Sailor, Wickenburg, Arizona.

Hazel: Thanks for letting me know about the homecoming event. Howard Traweck advised that the class of '30 would be having a reunion...seems as though we have all been taking our vitamins and food suppliments--to be able to kick up our feet at our 55th will really be something. The least I can do would be to make an effort to be there. Lucille Wooley, Abilene, Texas.

From Bob Harp in Hawaii: Hi Hazel--I plan to be there this year, as our class is celebrating No. 40! Aloha, Bob.

Dear Hazel: I am sending a contribution for the homecoming. I wish I could make it, but it is a little hard to get away from my job at this time. I can tell by the program that you have all done a lot of work and I really appreciate that, even though I do not often get to come. I hope that you will tell Charles hello for me if he happens to get down for it. It would

be great if we could all get together for one of the homecomings soon. Best wishes, Fran (Traweck) Morris, Houston, Texas.

Dear Hazel: Enclosed are my dues for this year. Know you will all have a good time. We send our regards to all and wish we could be there. Think of us. As always, Allen Bryan, 1101 W. Vermont Ave., Phoenix, Ariz. 85013.

Dear Hazel: Thank you for this invitation. How I would love to be there and see every one, but I am having friends from Arizona that will be here as my guests at that time. Am sending my dues. Sincerely, Ollie Ann Pitts, Lovington, N.M.

Exes: Sorry, I can't be with you this year. Will try to come next year. Bill Eggleston, Emmet, Ark.

Matador Ex-Students Assoc.: I deeply regret that I will not be able to attend the homecoming this year. My best to all. Please make my address available to any interested persons. Yours truly, Bob Ratton '46, 14851 Jeffrey, Rd. No. 187, Irvine, CA 92714 (714)857-2352.

Dear Hazel: Glad to have news of the plans for Homecoming--Bless your heart! You are absolutely

undaunted--even after the tornado and all its problems. I am in hopes we can come--but I don't know for sure. October seems to be filling up rapidly. We are expecting house guests some time after the 15th and then are making plans to go to see Fryar the latter part of the month, or first of next month. Would surely love to see everyone though, and will really make an effort. Love to you, my dear friend, Lorene (Fryar) Calhoun, Plainview, Tx.

Wish I could be there! Mrs. Carson Watts (Vada Nichols) Bryan, Texas.

Hello Hazel: Sorry I can't make it--but you know my moral support as ever, Gordon Jackson

Dear Hazel: I am sorry but I no longer get to Matador, but I retired June 1, 1985 at age 84, after practicing medicine for fifty years in Houston. My health has become a little frail, so my traveling days are limited. Sincerely, Ruth Hartgraves. (former Matador teacher in the 1920's. She

then studied medicine and became a doctor.)

Hi Hazel: May not be there, but I will pay my dues. Tell everyone Hello, My best, Cecil Rose, Los Angeles, Calif.

Dear Hazel: How I wish I could be at the homecoming celebration! My daughter, Laura, is having a big Halloween party the night of the 26th--so I won't be able to make it. Here's my \$--& don't give up on me. I hope to make it next year. Love, Nancy. (Nancy E. Barrow, M.D., 65 Country Estates BSR, San Marcos, Texas 78666).

Hope you have a good time. I'd love to be there. Mrs. Vernon Doss (former teacher).

Hazel, enclosed is a check for my dues. Due to the illness of my mother, I will not be able to attend the events this year. Maybe next year. Delbert Stone.

## Rose - Ashley United In Marriage

Wedding vows were exchanged by Lisa Sue Ashley and Kenny Todd Rose, Sunday, October 6, 1985 at 5:00 p.m. in the home of the groom's parents, Mr. and Mrs. Doyle Rose.

Rev. Joyce Thrasher, grandmother of the groom, officiated in the ceremony.

The bride was escorted by her father, Roger Ashley.

Nuptial vows were exchanged before a setting featuring an archway of pink candles,

entwined with greenery, pink lillies and baby's breath. Centered in the arch was a white basket of pink silk flowers.

The bride presented her young sisters, Kimberly - 5, Ronda - 3, with a silk long stemmed rose at the conclusion of the ceremony.

The bride carried a cascade bouquet of mixed dusty rose silk flowers.

The wedding gown was styled in pink silk organza and lavishly

trimmed in chantilly lace.

The groom wore a gray tuxedo with burgandy silk rose boutonniere.

Doyle Rose, father of the groom, served as candlelighter.

Carolyn Rose, mother of the groom, pianist, presented the traditional wedding music.

Jimmy Morris was the wedding parties photographer.

A reception immediately followed the ceremony in the home. The table was covered with a lace cloth with a pink under cloth, centered with crystal globe circled with pink silk flowers and held a three tiered wedding cake which was decorated with pink roses. Crystal appointments were at one end of the wedding table.

Carla Lincoln and Karen Bethard attended the table.

Those attending from out of town were Mr. and Mrs. Roger Ashley and children, Kimberly, Ronda, Shinan, Cory, Jarod from Dickens, parents of the bride;

Mr. and Mrs. Alvin Thomas, Lubbock, grandparents of the bride; Agnes Meredith, Roaring Springs, grandmother of the bride; Carl Ashley, Roaring Springs, grandfather of the bride.

Also, Mr. and Mrs. John Thrasher of Plainview, grandparents of the groom; Mr. and Mrs. Clinton Thrasher, and daughter Tammy of Plainview; Mr. and Mrs. Alton Rose, Floydada; Mr. and Mrs. Mark Bryers of Plainview. In total there were 44 guest attending this ceremony.

## From The Grandstand

By Marisue Potts

Though the score was 45-14 Football Fans who journeyed to Crowell for Friday night's game left the game feeling as if the Matadors were victorious. The third quarter rally by the tired warriors was football excitement at its best.

Playing against 14 seniors (that could have been our entire team last year) the Mats, in the words of Assistant Coach Billy Wilson, were "looking to upset a top ranked team." A week's mental preparation by the coaching staff and intensification of physical drills readied the team. But it was a rousing send-off by boosters complete with fire engines and police escort sirens that heightened the spirit, and it could be felt in the stands. As Booster Club President Kenneth Marshall stated, "I feel a win tonight." And that's the feeling fans took home, despite the score.

It looked like a long night as the crowell boys pushed their way to the goal line time and again. Fans were sitting on their hands resigned to another scoreless game in the face of a powerhouse when an ex-cheerleader, a coach herself, inspired a rally from the sidelines. Sensing she was absolutely right, the fans and the

pep club took up the chants. The team with heart responded with first downs, then a drive which took the ever tough Rodney Doran across the goal line for six, and then over once again for the two point conversion.

Bruised and battered, weary and worn, the team picked themselves up, all be it slowly at times, and persevered. When Cody Christian crossed the goal line for the first time this year, he pranced with a joy we all felt. Although a delay of game penalty pushed the Matadors back, a valiant attempt at a two point pass just barely missed the outreaching fingertips of Brandon Eddleman at the goal post.

Since so much of the excitement of the game took place in the stands, let me tell you a little about the pep club, those dynamic young women who take the game so seriously (last year the football players often consoled them instead of vice versa) that they stand during the entire game. When their leaders are greeting the opposing team's cheerleaders, instead of taking a break, these girls heartily cheer. During the

week as "secret spirits" they bake cakes, cookies, or goodies to inspire individual team members.

Spicing up what could be considered a bleak season by some, their cheerful leaders with Tammy Brown at the helm have incorporated into their repertoire many new fun cheers

like "Let Me See Your Cockroach" while reviving an occasional "Sis Boom Bah" so familiar to another generation. And on this October night they chanted the feelings of the fans: "Stand up, be proud! Say your name out loud. We are the Matadors-- The Mighty, Mighty Matadors!"

## Beefmaster Story One Of Profit Lions Club Learns At Meeting

Beefmaster production is a profitable agribusiness by cross breeding cattle that produce good beef in larger quantities, Matador Lions Club members learned at its Oct. 15th meeting. Speaker was local breeder, Stuart Dixon, President of the Panhandle Beefmaster Breeders and a director of Foundation Beefmaster Association. Of the 12 directors of FBA, only three are from Texas.

Introduced by Lion Alan Bingham, Mr. Dixon presented a video film explaining the organization and operations of Beefmaster development, which began in the early 1930's by Tom Lasater and his father, Edward C. Lasater, South Texas ranchers. The Foundation now operates from New Mexico and Colorado and covers 29 states and four foreign countries in production.

"There are no generic animals, and every breeder has to have his own name or ranch prefix before the title of beefmaster," Mr. Dixon said as he further explained that the Lasaters began by cross breeding Hereford and Brahman cattle. Later they crossed Shorthorn with Brahman and then experimented with a three-way cross of Shorthorn-Hereford/Brahman cattle.

Mr. Dixon stressed the six essential characteristics in the development of the Beefmaster breed, as shown on the film: disposition, fertility, weight, conformation, hardiness and milk production. "With these essentials, Tom Lasater developed an outstanding breed of cattle which has gained popularity and acceptance throughout the beef producing areas of the world," which Mr. Dixon distributed.

developed an outstanding breed of cattle which has gained popularity and acceptance throughout the beef producing areas of the world," wrote Kathy Probandt, author of a booklet, **The Beefmaster Story**, which Mr. Dixon distributed.

Boss Lion Jack Van Eaton presided and made announcements, after leading the club in appreciative applause for a good meal prepared by Mrs. Mutt Smith and Mrs. Mike Smith.

Guests were introduced by Lion Frank Pohl and included Dixon, Rex Johnson, and two who were welcomed as new members, Rob Francis and Ronald Cummings. Lion Forrest Campbell presented Cummings as a transfer from the McLean Lions Club, and presented Francis with credentials of new membership.

We appreciate the love offerings and the good attendance from Spur, Petersburg, Matador, Silverton, Quitaque, Turkey, Amarillo, Floydada and Childress.

Members of the Mt. Zion Baptist Church

We would like to thank the following sponsors of our 4-H Banquet: Upper Pease Soil & Water Conservation District, Dickens Electric of Spur, Lighthouse Electric of Floydada, West Texas Gin of Matador and the Matador Volunteer Fire Department. With the help you gave through sponsorship, our banquet was a big success.

Motley County 4-H Clubs

I wish to express my appreciation to all the wonderful people of Matador for your prayers, cards, phone calls, food, visits, and flowers during my stay in the hospital and after coming home with my parents, Nelson and Mary McMahan. I especially want to say "Thank You" to my Mom for taking such special care of me as only a Mother can do and to both Mom and Dad for driving me to town for my walks. Thank you and may God walk with each of you.

Frances (McMahan) Brown

Ward and I wish to say thanks to our family and friends for helping us while I was in the hospital and since my return home. Your visits, calls, cards, flowers and the food brought to our home have helped very much. For these and the many kindnesses you have shown us through the years, and most of all your friendship. We Thank You.

Pearl and Ward Rattan
