WHITEFLAT SCHOOL, 1932

by Nora Bell Dunning

We welcome all friends and ex-Whiteflat people to our 100th Anniver-

sary of the starting of our Whiteflat School, and the 15th reunion of our get-togethers at the Senior Citizens Center.

As you read the article of the starting of the community, compiled from Mrs. Bessie McWilliams' diary, just think of

the good times that were had by all in the days past.

We want to welcome the oldest per-

son alive that was born in Whiteflat. The

oldest person attending that has lived out

there. The first graduation class mem-

bers still living.

## A flashback of happy Whiteflat School Days

by Earlyne L. Jameson

A flashback to school days at the Whiteflat Schools told by Rosa Smith Spray and Vella Rigsby Edwards Hill depicts historical and humorous data.

The first school in Motley County was a one room structure built in 1890, one half mile north of the town of Whiteflat. The first Motley County School Election was held here and the trustees were W.R. Tilson, E.B. Kimbell and A.B. Newman. This school house was sold and the money used to build a new one in 1908. The location of this school was ninety feet from southeast corner of the building now standing. It was a two story building with five rooms. This was the first school Rosa and Vella attended and they have renewed school memories from 1916-1922.

The students mode of transportation to school was a wagon covered with a wagon sheet. The school route had many gates with students taking turns opening them. However, when it was Vella's turn, she convinced everyone she was "too fragile" for this chore! The wagon had a full load and it took four horses or mules to pull the wagon through the deep snow in the winter season. The students wrapped themselves in quilts, draping them to cover their feet. Mrs. Hattie Kimbell drove the wagon.

In latter years they had a school bus, but no heater. The school had a policy of not opening a gate to reach a residence. Some children walked quite a distance

before reaching the bus. They stood beside the road waiting for the bus in below freezing temperatures.

The school had coal wood stoves with a metal jacket around the outside so children would not get close enough to be burned. Needless to say, the school was never warm enough!

The school had a cistern and put gutters around the building to channel rain water into the cement water hole. A well house was built where wooden barrels were placed to be filled by drawing water on a pulley from the cistern. The barrels were covered with ducking cloth. The janitors certainly earned their wages overseeing the fuel for the stoves, water for the barrels and cleaning the school!

The ladies remember teachers at this school as Vernie Beauchamp, Mrs. J.A. Cagle, Lemmie Guthrie, Lena Garrison, Lillie Garrison, Mildred Mulkey and Inez Finney and Superintendents, O.E. Collithorpe, E.J. Williams and L.J. Barkley. Superintendent Joseph Anderson Cagle is the teacher that is foremost in their memories during 1916 to 1918.

Supt. Cagle was a strict disciplinarian and believed in regimental lines having the students march into school when they crawled out of the school wagon in the morning, when lining up with their cups for a drink of water from the barrels of water outside the school, going to chapel programs and when getting into wagon to return to their respective homes after school.

In the winter, the barrels of water froze and the older boys would break the ice

and fill the students cups with the ice-cold water during recess. With the limited supply of water and Mr. Cagle watching, you drank it all whether you wanted it or not and then stepped back into the line. Occasionally, recess would be over before some students got a drink. At one of these drinking intermissions, Tommy Edwards stepped out of the line. Mr. Cagle jerked him up and before he could spank him, Tommy raced for his home, which was near the school. All of the students were fearful of what the final outcome would be. Tommy told his mother what had happened and then climbed to the top of the hay loft knowing Mr. Cagle would make an appearance soon. Tommy gave a sigh of relief when his mother told Mr. Cagle, "I do not think it is necessary for a nineyear old boy to be punished for not standing at attention in your military line-up!" The encounter was over.

Rosa's experience was this straight line of pupils turned into a show performance. When all the students were seated inside the building, Mr. Cagle asked, "Rosa, do you like to jump up and down?" She bobbed her head up and down and answered, "Oh, yes!" He then told her to come to the front of the room and jump up and down for everyone. Rather than being embarrassed as an older student would have been, she glided to

the front of the room with a big smile and gave a performance that resulted with students applauding and Mr. Cagle laughing!

Mr. Cagle performed a showmanship feat periodically that entertained the students. He was a large, stout built gentleman and was remembered for his strength, especially when swinging the "spanking" leather strap. He would wind baling wire around his chest that was protected by a layer of books and tighten it like a steel rod. He would then expand his chest and with a resounding snap, the baled wire would break and the books tumble to the floor.

Mr. Cagle was a Sgt. with a World War I U.S. Army Quartermaster Unit when he died Oct. 25, 1918 with pneumonia. He is buried in the Matador East Mound Cemetery.

Supt. E.J. Williams had a one year tenure in 1918-1919 after failing every student in the seventh and eighth grades. O.E. Collithorpe followed him the next year, Supt. L.J. Barkley, 1920 to 1924 was one of their favorite teachers.

Supt. Barkley coached one of Motley County's best girls' basketball teams at this school. The girls wore black bloomers and Bro. Robert Lee "Bob" Jameson had his two daughters who were on this team, Beatrice Jameson Spray and Velma Jameson Smith, wear skirts over their bloomers. This did not deter Beatrice's actions on the basketball court! Other members on this outstanding team were Laura Smith, Georgie George, Bernice

## Early History of Whiteflat

From the Diary of  
Mrs. W.L. McWilliams  
(Bessie Hamilton)

by Nora Bell Dunning

In 1886 W.R. Tilson Sr. came to what is now Whiteflat and filed on a section of land which he now lives. After filing on the land he started to dig a well for he knew he had to have water before he could build his house. Mr. Drace, father of Will Drace of Matador, filed on a section of land east of Mr. Tilson and helped Mr. Tilson dig the well, which was really the first improvement toward the settling of Whiteflat.

Through the efforts and perseverance of Mr. Tilson a Post Office was secured in 1892 which was named Whiteflat, so called from the tall white needle grass, which covered the prairie, there being very few mesquites then to obstruct the view.

Mr. and Mrs. E.B. Kimbell and family settled the present homestead March 20, 1890. At that time herds of antelope roamed the prairies and especially were the antelopes accustomed to graze on the hillside just west of the Kimbell home, hence the name of Antelope Hill.

The first Church organized was the First Baptist Church, being established in the early part of 1892. Mr. and Mrs. A.B. Newman, A.B. Echols, Mr. and Mrs. Williams Powers, Hardin Powers, Mrs.

Cole and possibly a few others as charter members.

Whiteflat school, which was the first school in Motley County, was taught by W.B. Clark, who now lives in Floydada. He taught the school for several consecutive years and received a salary of \$40 per month.

The first school building was erected in the summer of 1892 and is 1/2 mile north of the little hamlet of Whiteflat. It now is being used as a residence. Some of the pupils who attended the school are still living at Whiteflat, J.G. Kimbell, Mrs. Chas Harris, Mrs. M.A. Merrill, others were Mrs. Wilburn Barton, Mrs. Carl George, of Flomot and John Lisenby of Montgomery school district.

Lona Kimbell, daughter of Mr. and Mrs. E.B. Kimbell was the first child born at Whiteflat, and Cook Harris and Miss Lizzie Newman were the first couple to be married there.

Motley County was organized in 1892, being a part of Crosby County prior to that date.

The Motley County singing convention was organized in June, 1892 at Whiteflat, with Uncle Wood Martin as President. It met semi-annually in June and October. That organization flourished and convenes on the original dates.

Mr. Tilson (Bill) relates that he and his girl friend were horseback riding one afternoon, and were between where he

The Giving Station!

Recently, the Library received the four volume set *Abraham Lincoln: The War Years* by Carl Sandburg as a donation by Neil Gilbert. We would like to say thank you to Mrs. Gilbert for her generous donation. The books will soon be on the shelf ready to be checked out. We also would like to thank Jan Bumpus for her donation of two new paperbacks. The Library also received the donation by an anonymous donor, of one of the beautiful redwood park benches in memory of Rose Carolyn Donovan Pierce. We would like to express our gratitude to the donor for their generosity to the Library and to the Community as a whole.

New books that have been received and are ready for circulation are: *Four Steps to Death* by Diana Ramsay; *Probable Cause* by Ridley Pearson; *Deficit Ending* by Lee Martin; *Luke Sutton, Mustang* by Leo Kelly; *Bum Marks* by Sara Paretsky; and *A Durable Fire* by Virginia Bernhard. Come by and check out a good book for the weekend.

The Arts & Crafts Club has the display case this month and it is decorated for

Easter. Come by and see the lovely display of Easter items.

By the time you read this, I will be in Dallas attending the Texas Library Association's annual convention. I expect to learn many things when the Small Libraries Roundtable meets and will bring home some new ideas about the improvement of services and operation of our local library. The next week I will attend a workshop in San Antonio, which will allow me to earn five hours of continuing education. These hours are required to help fulfill the requirements for certification by the Texas State Library.

## Letter to the Editor

To the Editor:

Former First Lady Nancy Reagan Initiated the Slogan Say "No to Drugs" and "Yes to Life"

In the 1990's, let's say "Yes to Life." You have a choice between two things: to one you say "No"; to the other "Yes".

When you say no to drugs, you are saying no to a lifestyle which includes drugs, alcohol, school dropouts, run-aways, jobless, prison, poverty, suicidal, hate, violence, crime, loss of family, prostitution, teenage pregnancy, aids and other birth defects, crack and cocaine-addicted babies, unwanted babies dumped in trash cans, child abuse and parental neglect. We are saying "No" to the conditions we don't want. If you are into the above lifestyle, take control of your life by making a new decision, rehabilitation.

Rehabilitation prepares us to be noble men and women. No effort is too great. Your life is a gift. Life is for living and giving. Make the right choice. A positive lifestyle allows us the freedom to be loving, healthy, successful, happy people that we are created to be. LIFE IS PEACE-FUL!!

We all have the ability to lift our vision to see new values, to establish new goals. Say "YES TO LIFE" and to what we really want. As parents, we choose to build the new civilization, a healthy, happy and drug-free, peaceful, community and country. We say "YES" to health, happiness, abundance, freedom, love, trust, respect, faith, courage, honesty, goodwill, laughter and humor. Say "YES" to developing your talents, "YES" to education and job training, "YES" to sharing, "YES" to good relationships with all people. Do something good for somebody. Volunteer your time and talents; work is fun; friends are fun; parents and grandparents are fun.

When you say "YES TO LIFE", you are a "POINT OF LIGHT" and you are playing a vital part in creating a new civilization. You are helping to eliminate the cause of human suffering.

LIFE IS PEACE! LIFE IS BEAUTIFUL! LET IT BEGIN WITH ME!

To the Editor:

This article is from the STAR NEWS, March 20, 1990.  
 FORMER CONGRESSMAN BLASTS FAT FEDERAL PENSIONS:

"I'm getting too much money - it's disgusting!" declares former U.S. Rep. Hastings Keith.

At 74, Keith gets \$90,000 a year in federal pensions - and he figures he'll collect another \$2 million if he lives to 90.

Keith wants to put the brakes on runaway federal pensions, even if it means taking money out of his own pocket.

"The liabilities of federal pensions are approaching \$2 trillion - equivalent to the gross national product of Japan!" he said.

Keith is reaping the rewards for a lifetime of federal service. For representing Massachusetts in the House of Representatives from 1959 to 1973 he received a pension of \$4,399 a month last year. He also collected \$1,156 a month as a retired Army reserve colonel.

His monthly Social Security payments were \$990. Plus, because his late wife worked for the CIA for 25 years, he collected an additional \$653 a month as a survivor of a government retiree.

"The total of those pensions in 1989 was a staggering \$86,000," he said. "For 1990 I got a raise - a cost-of-living increase of some \$4,000, putting my annual income at \$90,000.

"It's way too much money!"  
 The main reason Keith rakes in so

much in his annual cost of living adjustment (COLA). All his pensions go up with inflation.

He suggests that COLAs be allowed for Social Security - which is so important to millions of older Americans - but strictly limited to other federal pensions.

A group called the National Committee on Public Employee Pension Systems is promoting the plan on Capitol Hill right now, but the going is rough because Congress hates limiting its own pension. "This battle can and should be won," declares Keith. "Otherwise, the country faces bankruptcy!"

Your joke on broccoli is getting old tell. Tell us about your sneaky way you got your buddies those rashes. While our elderly sleep in gutters and beg for food, Mr. Bush?? How about the Veterans benefits for the blind and the disabled, plus social security, are they on your points of lights?? Feed you own first, clean up the mess we are in by Reagans and Bushes administrations first before you plan to help others with your promises you cannot keep. German-Russian affairs are not ours, so keep out. Clean up our own backyards, the Capital.

A Disabled Veteran,

## PCA to hold 56th Annual Stockholders Meeting

Tumbleweed Smith

Rolling Plains Production Credit Association's 56th Annual Stockholders meeting will be held April 6 in Childress and April 7 in Stamford. Registration begins at 6:00 p.m. with a meal served promptly at 6:30 p.m. at both sessions.

Featured this year will be the awarding of a total of \$250 at Childress and at Stamford to members in attendance whose names will be drawn in each session of the meeting. The cash is guaranteed to be awarded.

The City Auditorium will be the site of the Childress session, and the VIP Center located one block West of the High School

Auditorium will be the Stamford meeting location.

Entertainer for the 1990 Annual Meeting is folklorist Bob "Tumbleweed Smith" Lewis, best known for his THE SOUNDS OF TEXAS syndicated radio show.

In the business portion of the meeting, a director representing the Matador Branch Office area and one representing the Stamford Branch Office area will be elected. Nominees for these positions are: Matador Area - H.A. (Herb) Martin of Flomot and Dean Turner of Matador; Stamford Area - B.H. DeBusk of Anson and Lloyd Blackwell of Stamford.

Rolling Plains PCA is one of 20 member-owned Production Credit Associations in Texas. Collectively they serve approximately 10,900 of the state's agricultural producers. At 1989 year's end the Texas District had some \$3.7 billion outstanding in loans. Rolling Plains PCA is part of the nation-wide Farm Credit System providing over \$50.6 billion in loans to America's farmers, ranchers and ag-related businesses.

During 1989, Rolling Plains Production Credit Association loaned more than 87 million to approximately 775 member-borrowers in Taylor, Briscoe, Childress, Collingsworth, Cottle, Dickens, Donley, Foard, Hall, Hardeman, Haskell, Jones, Kent, King, Knox, Motley, Shackelford and Stonewall counties.

Special music will be provided. The

pastor, Gene B. Louder, will bring a short message following which the Lords Supper will be served.

All members and friends of the church are urged to make plans to be in attendance.

## Roaring Springs City Council Designates April As Fair Housing Month

The Roaring Springs City Council met Tuesday, April 3 at 6:30 p.m. with Mayor Eugene Watson and Council members Mary Webb, Bill Hand and Joey Thacker. Bill Moose was absent. The minutes were read by City Secretary Frances Walters. These were approved.

Councilman Thacker read a Proclamation for April to be designated as Fair Housing Month in Roaring Springs. This was adopted.

Next on the agenda was to appoint an

election judge for the May 5 election. Mary Webb has been Election Judge in the past and has to resign for this election because she is running for a City office. Mary Webb recommended Venita Sedgewick, a 15 year Election Clerk, after an expressive discussion, Council elected Venita Sedgewick as Election judge.

Mary Webb explained there would be one judge and 4 clerks for this election. Open session adjourned. Council went into closed session at this time.

## Engagement Announced

Breck Keith Dockery & Lucretia Diane Johnson

Mr. and Mrs. Arnold W. Johnson of Flomot wish to announce the engagement and approaching marriage of their daughter, Lucretia Diane to Mr. Breck Keith Dockery, son of Mr. and Mrs. Burt Dockery of Vernon, Texas. Lucretia is a 1980 graduate of Motley County High School and attended Vernon Regional Jr. College. Breck is a 1979 graduate of Northside High School and also attended Vernon Regional Jr. College. The Couple will exchange wedding vows April 21 at the First United Methodist Church Chapel in Vernon.

## Motley County Arts & Crafts Club has outing in Turkey

Several members of the Motley County Arts and Crafts Club showed their skill at ceramic painting when they went to Turkey on Monday, April 2, for an outing and workday.

The group gathered at the home of Mrs. Elsie Thacker and went to the ceramic shop in Turkey for a day of ceramic painting. Mr. and Mrs. Tom Eudy were instructors.

During the noon time those attended gathered at a local restaurant in Turkey for a meal, following which they returned to the shop to work further on ceramic painting.

Each one selected their own ceramics to be painted. Popular items painted, by some of the group, were rabbits. Various steps in the art of painting, such as an art form, were brought out those in charge.

Mrs. Annie B. Cloyd was hostess for the day and furnished enjoyable refreshments.

Those attending were: Mesdames Betty Simpson, Dora Watson, Elsie Thacker, Joy Archer, Lorene Lancaster, Bonnie Edmondson, Mary Louder, Winifred Darsey, Annie B. Cloyd.

The next meeting will be on May 7 at the Senior Citizens building in Matador, for a program on oil pastel painting, with Winifred Lee as hostess.

Anyone interested in purchasing items, hand crafted, by club members, on display at the old Ford building are asked to phone Lorene Lancaster at 347-2429. Members have placed items in one of the windows depicting a typical kitchen in pioneer days.

### LOVE'S RESPONSE

by Kitty Chappell

He stood there in his soggy, smelly diaper - a helpless creature, reaching up to his Father. I marveled that anyone could love this runny-nosed, candy-smearing, tear-streaked being enough to lift him up, kiss him and care for his needs.

I heard you whisper Lord, and I remembered how I came to you, broken-hearted and dirty from playing in the world.

Thank you, Father, for picking me up and loving me through my unloveliness.

Recently I read an article about the cost of babies. "The cost of babies has nearly doubled in a generation." That baby cost more all the time. According to Life Magazine in 1958, it costs \$800 to raise a baby through its first year; that would be \$2,892 in today's dollars. But the cost of baby's first year now is estimated to be \$5,096 to \$5,602.

That's a lot of money, but it can't be compared with dollars and cents. It is one of the best investments for time and eternity.

The wise man, Solomon said, Proverbs 22:6 - "Train up a child in the way he should go; and when he is old, he will not depart from it."

Remember when your child was just an infant. It was so easy and such a joy, to sit and cuddle him or her, even when the baby cried for a bottle or to be changed. There was such a complete dependence of that helpless baby that compelled you to hug and kiss it.

The years pass so does the helpfulness and a more independent attitude appears. The child grows and develops a spirit of rebellion. Maybe the first grader refuses to pick up the toys and clean up the mess

she or he has made. Later in school the teacher has problems getting the child's attention in class and preparing homework. And by the time Jr. High and High school arrives, we're frustrated at our child's behaviour pattern.

That child still needs our love and support. There is a slogan we see on many cars. "Have you hugged your child today?" And let me add, have you told him or her how very much you love them, and with God's help we'll make the journey.

### LAMB

**A NUTRIENT-DENSE FOOD**  
Lamb is becoming leaner and more nutrient-dense. A weight-conscious person who wants maximum nutrition for the calories consumed has made a wise choice by eating lamb. Lamb is higher in many nutrients than it is in calories. It is nutrient-dense.

"Nutrient-dense" is a term used to describe foods that provide a greater amount of the U.S. Recommended Dietary Allowance (TDA) or at least four essential nutrients than it provides in calories. A three-ounce serving of cooked lamb provides 176 calories, or 7 percent of the average daily requirement of caloric intake of a 23 to 50-year-old male. Lamb is high in the B vitamins. A three-ounce serving of cooked lamb provides 74 percent of the vitamin B<sup>12</sup> and 30 percent of the niacin specified in the Recommended Dietary Allowances.

All red meats, including lamb, are good sources of dietary iron or "heme" iron. This type of iron is more usable in the body than is the "non-heme" form of iron found in more usable in foods such as breads and cereals. When eaten at the same time with foods containing non-heme iron, lamb or other red meats makes the iron more absorbable by the body. A three-ounce serving of cooked lamb offers 17 percent of adult males', and 9.5 percent of adult females' RDA for this essential mineral.

Another essential mineral, zinc, is provided by lamb. A three-ounce cooked portion of lamb provides 24 percent of the adult male RDA for zinc and 30 percent of the adult female RDA for zinc.

### STORING FOODS SAFELY

Maintaining food quality starts with selecting high quality foods. It also involves storing foods properly and using

them in a timely way. Tips for maintaining quality during storage include:

- \* Rotate foods on hand with newly purchased foods so that older items are used first.

- \* Reseal packages tightly after opening. Transfer foods such as flour, sugar, and cereal to airtight containers. Store whole wheat flour in the refrigerator or freezer.

- \* Keep freezers at 0 degrees F. or colder. Store foods in airtight containers, freezer bags, or heavy duty freezer wrap or foil. Don't refreeze thawed foods unless they've been cooked.

- \* Keep refrigerators below 40 degrees F. Store foods in airtight containers to prevent transfer of odors or flavors. Allow enough room between items for adequate circulation of air. Remove spoiled foods promptly to prevent cross-contamination.

- \* Keep dry storage areas clean, cool, dark, and dry. Store foods on shelves above the floor, away from water pipes and hot air ducts. Store foods in coolest areas of the kitchen. Keep cleaning supplies in separate area, away from foods.

- \* All foods have limits on how long they will stay at peak quality, even when stored properly. A guide for storing some common perishables can be obtained from your local county Extension Office. Times assume that foods are of high quality when purchased, and that they are properly handled and stored at home.

Educational programs conducted by the Texas Agricultural Extension Service are for people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

### Thought for the day:

People need love, especially when they don't deserve it.

For what glory is it, if, when ye be buffeted for your faults, ye shall take it patiently? but if, when ye do well, and suffer for it, ye take it patiently, this is acceptable with God.  
1 Peter 2:20

## County Agent's Comments

by Rocky Vinson

In 1986 Community leaders from Motley County were asked to identify local critical issues which would be addressed by a four year plan of the Motley County Extension Service. Issues were identified in three major categories including agriculture, home economics and youth. Some of the issues in the agriculture category included soil erosion and conservation and irrigation management. The Extension Service has addressed these issues through tours, field days, turn row meetings, newsletters, news articles, result demonstrations and personal contacts by the Extension staff.

Entertainment for youth was identified as an issue in the youth category. The Extension Service has addressed this issue through 4-H. 4-H continues to offer more projects and activities to involve the whole family and meet the needs of our youth.

Elderly health care is a major problem in Motley County. Prevention of illness through lifestyles has been an undertaking of the Extension Committee. The areas of weight control, nutrition, exercise and fitness, stress management, personal safety and responsible use of alcohol and drugs to prevent illness and disease have been stressed.

Many families are suffering from a depressed farm economy and are work-

ing harder to achieve economic security. Budgeting and knowledge in buying behavior were important objectives.

Parenting roles have changed, with more mothers in the work force. There are more single parent families in Motley County. Working women are developing effective management skills of home and career. Children and youth are developing values from their family through better communication.

On April 23 community leaders will be invited once again to meet and identify local critical issues for Motley County. Critical issues determined on April 23 will be used to guide educational programming and training efforts for 1991-94.

### Agricultural Marketing Meeting

There will be an Agricultural Commodity Marketing meeting on Wednesday, April 11, at the Flomot Community Center, at 9:00 a.m. Stan Bevers, Economist for the Texas Agricultural Extension Service will show producers how they can use options and contracts to secure a good price for their products.

This meeting will be free of charge and open to the public. For more information contact the Motley County Extension office.

## Thank You Notes

I want to thank everyone that remembered me in every way while I was in the Hospital and since I came home, especially those who took me to Lubbock and stayed through surgery. Thanks to you and God bless you.

Louise Robbins

A big "Thank You" to the merchants of Matador, Roaring Springs and Flomot and to all of you who attended and participated as players, coaches, referees, queen candidates and senior Lady Matadors in the Matador Lions Club Annual Lions Show. Without your support and contributions our show would not exist.

Matador Lions Club

Thank you for all the flowers, cards and food while I was in the hospital and since I've been home.

Marie Cummings

This is my "thanks" to each of you who have been so concerned about my health after the accident, and I'm very thankful that the fall was not nearly as serious as it looked. Thank you for your calls and cards. Charley and I especially thank Miriam and Bunk for being the good Samaritans. God has given us such marvelous wonders, and I think maybe the greatest of all are the neighbors and friends.

In friendship,  
Charley and Opal

Our sincere thanks to each of you for the beautiful flowers, cards, telephone calls and most of all your prayers during Kirby's recent hospitalization.

Kirby and Joyce Campbell

Thanks to all of you for the flowers, cards and concern during my recent stay in the hospital and since my return home.

Gale & Lindy Stafford

Thank you, voters ... for making me the leading candidate in the primary.

RUSSELL WARREN WILLMON

PAIGE ANNETTE WILLIAMS

Russell (Rusty) Willmon is the 18 year old son of Dean and Billie Willmon of Afton. He was born July 10, 1971 in Abilene, Texas.

He has one brother, Trent Willmon.

Rusty stated that the best advice he has ever received is to keep your feet on the ground and keep reaching for the stars. The worst advice he has ever received is to go to Tech.

He said that if he could change anything he would put more stress on academics and less stress on athletics.

Rusty says his most valued possessions are his friends.

He said that if he were president he would cut the deficit. One way by cutting off those who are taking advantage of our welfare system.

After high school Rusty plans to attend Angelo State University, then go to the University of Texas and major in business communications.

His favorite memory is of Spectra Camp in 1988-89.

Rusty says his worst habit is spending too much money. His favorite music is anything except opera. His nicknames are Rusty, Bones, Toothpick and Mr. Wonderful. In his spare time he likes to sleep, swim and play tennis.

Rusty said that what he likes most about high school is Graduation!

Rusty's activities include Basketball, Tennis, Student Council President, National Honor Society, 4-H State Council and Senior Vice President.

Paige Williams is the 17 year old daughter of Bobby and Jeanne Williams of Matador. Paige is an only child but she has a dog, Lacy.

She was born July 20, 1972 in Lubbock.

Paige said that the best advice she has ever received is to be all that you can be and don't give up. The worst advice she has received is someone saying, "It's too late now!"

She said that if she could change anything she would get to go to Silvertown more often.

Her most valued possession is her car.

Paige said that if she were President she would create more jobs with the money spent on welfare.

After High School, Paige plans to attend Texas Tech and possibly go on to be a pharmacist.

Her favorite memory is beating Jayton in basketball in their own tournament.

Her worst habit is forgetting things. Her favorite music is Rock, Rap and Pop.

Paige's nickname is Paige Poo.

In her spare time, Paige enjoys playing tennis, basketball, being with friends, seeing Wayne and going to Silvertown.

Paige said that what she likes about high school is getting to participate in many activities and seeing friends.

Her activities include Basketball, Tennis, Track Manager, UIL events, FHA, Student Council, Cheerleading, National Honor Society, Annual Staff and Paper Staff.

### NOTICE OF TARIFF CHANGE TO CENTRANET® SERVICE

GTE Southwest Incorporated gives notice of its proposed tariff changes to CentraNet® service, which is a Central Office-based service that provides PBX-type features to multi-line business customers and is currently being offered in all company wire centers where such facilities exist to provide the service.

The Public Utility Commission of Texas approved a generic tariff for CentraNet® service up to 100 lines in Docket No. 7652. The proposed tariff revision would establish specific rates for CentraNet® service involving 101 to 400 lines. Other proposed revisions involve the rate applicable to changes, additions, or deletions to the data bases and a new rate is proposed for additional trunks.

The names of the three CentraNet® packages have changed from Standard, Premium, and Deluxe to CentraNet® 1000, CentraNet® 2000, and CentraNet® 3000, respectively. Direct Call Pickup has been added to the three CentraNet® packages while Multiple Call Park and Shared Speed Call 30 have been added to CentraNet® 2000, and Speed Call 30 and Call Forward Busy/No Answer Split have been added to CentraNet® 3000. Flexible Night Answer and Automatic Route Selection also have been added as new optional features.

The proposed changes and new service offerings have been assigned Docket No. 9251, and pursuant to Section 43(d) of the Public Utility Regulatory Act will become effective June 23, 1990. Rates for service will be applicable to customers who subscribe to the service as well as existing customers. Therefore, there will be no effect on any other rates of the company. The company's gross annual revenues will increase by approximately \$399,600, or less than one percent annually.

The proposed rates are on file with the Public Utility Commission of Texas, and are available for public inspection at the offices of GTE Southwest Incorporated. Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission. The deadline to intervene in this docket is 3:00 p.m., April 9, 1990.

A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas, 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

## Tennis Teams on the Go!

by Coach Syd Pipkin

Motley County Tennis Team competing at District Competition: (back row l-r) Memori Assiter, Heather Hobbs, Aimee Pipkin, Paige Williams, Coach Syd Pipkin; (kneeling) Clay Ewing and Rusty Willmon.

The tennis team traveled to Valley for District Monday and Tuesday. The team has been preparing for district with practice matches against Valley, Silvertown and against Floydada and Spur.

The team has also played in the Plainview Tournament, March 12. Team members playing at Plainview were Roy Estrada & Noel Guerrero; Paige Williams & Aimee Pipkin; Alternates, Danny Sailsbury & Brandee Spray went along for support and to play if needed.

March 24 eight players left at 6:00 a.m. to travel to the Ice Bowl in Leveland. However, due to very inclement weather the tourney was postponed. Those eating many Allsup's burritos in the 5 hour trek were: Paige, Aimee, Memori Assiter, Danny, Noel, Rusty Willmon, Amy Woolsey and Brandee Spray.

Nazareth was the first stop on the way to district. Winning first there was Paige and Aimee in doubles. Renee Davis won one match and lost her second match to Slaton opponent. Others playing were Rusty & Noel, 7-5, 7-5; Dana Monroe and Amy Woolsey in Doubles and Danny Sailsbury in Singles.

At District, at this writing, Rusty and Noel beat Paducah (Davis & Brown) in 3 sets and played the first seed in the semi's on Tuesday. Guerrero & Alexander lost to the second seed from Silvertown (6-3, 6-4).

In the girls matches, Renee played the second seed and did well but lost (6-1, 6-1). Danny won her first match (6-1, 6-3) and then faced the first seed from Paducah and came up a little short (6-1, 6-4). Danny played very well. The girls doubles were played by Assiter & Hobbs. They won their first match (6-3, 6-3) before playing the first seed. Paige & Aimee split sets with Spur and then played a marathon match against Guthrie (6-4, 4-6, 8-10). That totaled 65 games for them in their 2 matches. They finished with the

sun sinking on a 3 1/2 hour match. It was a great effort by all the Motley teams The two Motley girls doubles will play Tuesday for 3rd & 4th place.

The teams represented Motley well and are to be commended for their effort and sportsmanship.

The team expresses their gratitude to the Lions for purchasing a ball machine. It is an excellent piece of equipment that can be used for years to come. The team thanks the Lions so much for their support.

Thanks to all the Moms who held dinner when we practiced late or sent their kids off with me on Saturdays! Thanks to Paige, Aimee, Memori, Heather, Renee, Danny, Chan, Amy W. Dana M., Brandee S., Rusty, Clay, Noel, Roy, David for a great job everyday.

Most of these young people also run track, play golf and participate in UIL activities. Thanks to Mrs. Hays for sharing her One-Act play cast and crew with me.

A coach couldn't ask for a greater bunch of kids. Ya'll are the best!!

## Public Notice

### FINAL NOTICE

The Farmers Home Administration (FmHA) has received an application for financial assistance from the City of Roaring Springs, Motley County, Texas. The specific elements of this proposed action is to replace the existing potable water system, consisting of the construction of 2 water wells, 100,000 gallon standpipe storage tank, approximately 25,200 feet of 4 inch to 8 inch water lines and appurtenances to serve approximately 160 households. Portions of the proposed water distribution lines will be located within the floodplain as designated by the U.S. Department of Housing and Urban Development Flood Hazard Boundary Maps.

FmHA has determined there is no practical alternative to the location of the distribution lines within the designated floodplain. Any adverse impacts to the floodplain will be mitigated by prohibiting the extension of service to structures not existing in the floodplains as published in the Motley County Tribune on January 25, and February 1, 1990.

With the incorporation of the mitigation measure, FmHA has determined that the locational impact is minor to the extent that the floodplain or wetland natural value or functions are not affected.

FmHA has assessed the potential environmental impacts of the proposed action and has determined that it will not significantly affect the quality of the human environment. Therefore, FmHA will not prepare an environmental impact statement for this project.

Other agencies participating in the proposed action include the United States Department of Commerce, Economic Development Administration, and the Community Development Block Grant Program administered by the Texas Department of Commerce.

Any written comments concerning this determination should be provided to Mr. Charles B. Hart, Community Programs Loan Specialist, Farmers Home Administration, 101 South Main, Suite 102, Temple, Texas 76701. FmHA will make no further decisions regarding this proposed action during this fifteen days. Requests to review the FmHA environmental assessment upon which this determination is based or to receive a copy of it should be directed to Farmers Home Administration, Mr. Charles M. McGilvray, District Director, 5015 College Drive, Room 6, Vernon, Texas, 76384.

## HISTORY OF WHITEFLAT

continued from page 1

The place is fast assuming the proportions of a prosperous county town. A member of new businesses houses now going in and if the Jacksboro road builds through here, which the people are confidentially expecting Whiteflat will soon be noted as the liveliest and fastest growing town in the west.

(We think this was written about 1913 or 1914.)

"Aunt Bess" as we all called her was a dear lovely lady in the Whiteflat area and was loved by all. As I get this ready for the newspaper, I have really enjoyed reading her comments of the early start of Whiteflat, and what it means to me.

now lives and the present location of Whiteflat, when he saw an Antelope just ahead of them. He took down his rope and ran up to near enough to throw a loop, roped the Antelope by the neck, the only feat of its kind in the history of the West.

People rode in Wagons and on horseback. A young man usually took a saddle horse for his girl to ride when he filled a date. Years later when buggies came into use, a certain young man was seen helping his girl into a buggy by her feet.

### WHITEFLAT

Whiteflat, not the land of promise, but the land of fulfillment, prosperity, and plenty, is located north of Matador, and is recognized as the finest belt of farming land in all the western county. It comprises about 53 sections of level productive land where farming is the chief occupation, though stock raising is still extensively carried on.

Mr. W.R. (Bill) Tilson and Mr. Drace were the first settlers in this section of the county, they having gone there about 1885. Mr. Tilson is still there, owns several sections of land, owns a fine herd of cattle, is farming on an extensive scale and is recognized as one of the well-to-do men of the county.

The Whiteflat school district was the first formed in the county and at one time comprised all the territory in the county outside the Matador district.

About two years ago the Citizens raised money by subscriptions and erected a two-story school house which is the pride of every resident of the district. They maintain one eight month school, which is one of the best in the county. The present term is under the efficient management of Prof. J.M. Parsons and Mrs. Annie Bain.

The Whiteflat voting precinct was formed in 1904. W.R. Tilson is present commissioner, and is starting on his fifth term.

The first cotton gin was erected at Whiteflat by a Mr. Williams in 1907 and was destroyed by fire in the winter of 1909. J.M. Morgan erected a store on a plot of ground donated for school and other public purposes by R.A. Haley, the store being only a few hundred yards from the school building. About the same time F.A. Steward erected a blacksmith shop, which he has since had to enlarge. After the first gin was destroyed, J.I. Tye came to Whiteflat and last summer erected a modern 4 stand gin and will this season gin about 1500 bales of cotton.

Last year the Garrison Brothers purchased the store from Mr. Morgan, and have succeeded in building up a lucrative business.

## FLASHBACK

continued from page 1

Garrison, Meda Griffin and Addlin Cherry.

The boys and girls watched the day to day construction of a new school in 1921 when attending classes a short distance away.

They saw six white tents staked out for temporary home of families building the school. Inside each tent was a stove, bed, table and they were allowed to peek inside. They were impressed how clean and neat the tents were. They observed cement being mixed and poured and bricks and windows encasing the building. Supt. Barkley finally had to enforce "off limits" on the tar used when construction of the roof began, because all the students were chewing it like Wrigley's gum! They piped water to hydrants outside the building from some cistern and water facilities that were in use. Water was never piped inside the new school building.

The building was completed in 1922 at the cost of \$30,000. The stoves, desks and other school equipment were moved from the old school building to the new two-story, eight room brick Whiteflat School. They were so proud of the new auditorium where through the years many special events and programs were held.

Judge G.E. Hamilton gave the dedication speech when the corner stone was placed at the Whiteflat School and the Rev. R.L. "Bob" Jameson gave the prayer

closing the ceremony. A jubilant time followed this 1922 historical event in Whiteflat.

Rosa and Vella remember how sad they were when they saw the building demolished where they first began their school days. Again, they as well as other ex-Whiteflat School students are experiencing nostalgia knowing the last school they attended is being erased from the landscape. The Whiteflat Schools will be filed with treasured memories.

## Whiteflat Church Is Lost In Fire

EDITOR'S NOTE: This article was submitted by Nora Bell Dunning. It was clipped from a 1955 Matador Tribune.

The Church burned in 1955 and was rebuilt in 1956.

Whiteflat Methodist Church, built in 1912, was destroyed by fire about 9 a.m. Sunday morning, a short time after the pastor, Rev. L.D. Cleveland had started fires in the butane heaters. The church has a membership of 43, including non-resident members on the rolls.

The building was a total loss, but almost all of the pews, stoves and other fixtures were removed. The building was insured for \$2,000 according to Rev. Cleveland.

The fire is believed to have started from a faulty butane stove located on the rostrum. When first discovered it had followed a path about three feet wide up the wall to the ceiling. The building was being warmed for Sunday school and church services.

The Rev. Cleveland, who lives at Whiteflat, is also pastor of the Flomot Methodist church.

Matador Volunteer fire Department responded to a call from Whiteflat (8 miles north) but the building was almost burned to the ground by the time the department arrived.

## Public Notice

Southwestern Bell Telephone Company hereby gives notice that it has filed an application requesting the PUC to declare Southwestern Bell's intrastate Billing and Collection market subject to significant competition and to authorize the following form of pricing flexibility: detariffing of the rates, terms and conditions of the Billing and Collection services now offered in Section 8 of Southwestern Bell's intrastate Access Service Tariff. Approval of the application as filed would result in all tariff sheets in Section 8 (Billing and Collection) of Southwestern Bell's Intrastate Access Service Tariff being cancelled, and the service thereafter being provided on a contract basis. Through this application, using procedures established by P.U.C. SUBST. R. 23.27, Southwestern Bell seeks to obtain uniformity of rates, rules and regulations for intrastate and interstate Billing and Collection services.

Approval of this application would remove all rates, terms and conditions applicable to billing and collection from Southwestern Bell's Intrastate Access Service Tariff. Intrastate billing and collection service would continue to be subject to PUC regulatory oversight only to the extent that (1) Southwestern Bell would be required to maintain current price lists at the Commission for the service, and (2) the revenues or losses from the service would be subject to the regulatory treatment specified in P.U.C. SUBST. R. 23.27(p). Further, under procedures established by P.U.C. SUBST. R. 23.27, the PUC's General Counsel, the Public Utility Counsel or any affected person could seek a subsequent review of the rates, terms and conditions of this service.

Persons who wish to intervene or otherwise participate in these proceedings, or who would like further information, should call or contact the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, (512) 458-0100. Further information may also be obtained by calling the Public Information Office at (512) 458-0227, or (512) 458-0221, teletypewriter for the deaf.

The PUC has assigned this matter to Docket No. 9224. A prehearing conference will be held on April 19, 1990, at 9:00 a.m. at the Commission's offices at 7800 Shoal Creek Boulevard in Austin, Texas. The deadline for filing motions to intervene is April 26, 1990.

## LEGAL NOTICE

NOTICE OF RIGHT TO NOMINATE BY PETITION

The Farmers Home Administration (FmHA) is accepting nominations for Area Committee elections for Dickens-Motley area. This notice is issued to inform eligible voters of the right to nominate candidates by petition. Copies of the petition and instructions on its completion can be obtained from your local FmHA office.

Persons nominated should have an interest in a farm as an owner, tenant, or sharecropper within the county or area in which activities of the county or area committee are carried out. They must be citizens of the United States or aliens lawfully admitted to the United States for permanent residents, and be well qualified for committee work. Spouses of those persons who meet the eligibility criteria are also eligible for nomination for election to the area committee. Nominations must be received in the Spur Office no later than May 18, 1990. FmHA committee elections are open to all eligible voters without regard to race, color, religion, national origin, age, political affiliation, marital status, sex, and/or handicap.

### FmHA TO ELECT TWO NEW COMMITTEE MEMBERS

The Farmers Home Administration (FmHA) will begin accepting nominations April 5, 1990 for election of two area committee members.

The FmHA area committee performs a variety of duties for the U.S. Department of Agriculture's credit agency, including deciding whether an applicant is eligible for a farm loan.

One of the terms of office will be for 3 years, another for 2 years.

"Anyone interested in running for area committee can obtain a petition and other information from the FmHA office at 314 Willard Ave. in Spur, Tx.," said Larry Clements.

## Public Notice

Southwestern Bell Telephone Company intends to file an application with the Texas Public Utility Commission to introduce new optional services - Call Control Options. The initial service areas will be Laredo, McAllen and Austin. Expansion into other service areas will be based on availability. Customers in other areas will be notified when these services become available.

Call Control Options include six new services - Call Blocker, Call Cue, Call Return, Priority Call, Call Trace and Selective Call Forwarding. The features will be available to single-line residence and business customers.

**Call Blocker** - enables the customer to block incoming calls from a maximum of three specified telephone numbers and/or to block the last incoming call.

**Call Cue** - enables the customer to automatically redial the last outgoing telephone number dialed. If the recalled number is busy, equipment will monitor the line for a maximum of 30 minutes and will let the customer know when the call can go through.

**Call Return** - enables the customer to automatically redial the telephone number of the most recent incoming call. If the number is busy, Call Return will continue to dial the number for up to 30 minutes, or until it completes the call.

**Priority Call** - provides the customer with a distinctive alerting signal, ring or Call Waiting Tone (if the customer has subscribed to Call Waiting), when the customer is called from a maximum of three preselected telephone numbers.

**Call Trace** - enables the customer to initiate a trace of the last incoming call received. The number, date and time will be recorded by Southwestern Bell Telephone so that the call's origin can be identified.

**Selective Call Forwarding** - enables the customer to forward incoming calls from specified telephone numbers (maximum of three) to another telephone number.

### Proposed Rates (monthly)

	Residence		Business	
	Individual	Packaged	Individual	Packaged
Call Blocker	\$3.00	3.00	\$3.00	2.00
Call Return	3.00	3.00	4.00	3.50
Priority Call	2.50	1.00	3.00	2.00
Call Cue	2.00	2.00	4.00	3.50
Selective Call Forwarding	2.00	1.00	2.65	1.00
Call Trace**	1.00	1.00	1.00	1.00

Installation charges for residence customers will be \$2.70 per feature, with a maximum installation charge of \$5.40 per request per line. Installation charges for business customers will be \$5.40 per feature, with a maximum installation charge of \$10.75 per request per line.

The proposed date for Call Control Options to be offered is May 1, 1990. These services, however, will not immediately be available to all customers in all areas of the state. Customers in other areas will be notified when these services become available.

Call Control Options are projected to generate first-year annual revenues of \$1,761,000.

Persons who wish to comment on this application should notify the commission by April 20, 1990. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

\*Some telephone equipment may not be compatible with Priority Call Service.  
\*\*In addition to the \$1.00 monthly rate, Call Trace will cost \$8.00 per use.
