Spearman Lynxettes 1-AA Bi District Champions

Spearman's Jynxing Lynxettes just couldn't do anything wrong at Clarendon Tuesday night and the fine Weese coached team blasted a good Electra team 67-41.

Spearman trailed 11-10 at the end of the first quarter, but that was all that the Lynxettes needed to get accustomed to their opponents, and the gym at Clarendon.

In the second quarter, the Lynxettes jumped into a 29-18 lead, increased it to 50-27 at the end of the third, and finished the fourth quarter with all of the reserves seeing action.

Of course Marcia Shield-knight played her usual fine game, but the story was somewhat different Tuesday night. Stealing the offensive show, was Lynn Robinson, who canned 14 points for the Lynxettes, along with Shufeldt who got 18 points. Still, this wasn't the real story of the victory. The real reason for the complete domination of the game, was the terrific defense employed by the Spearman team. In fact, even the Spearman forwards were playing such a good job on defense, the Tigerettes just couldn't get the ball down on their end to shoot.

A new star was born on defense, as Hohertz had to jump in early in the game, and play guard for the Lynxettes who were getting into foul trouble. This nimble, quick little girl seemed to do more damage to the Electra team than just about anything. Thinking maybe the Lynxettes were in trouble early on fouls, but suddenly finding an outstanding substitute like Hohertz, was just too much for the Electra girls. In fact, the entire Spearman bench backed the first team during the entire game.

Catherine Lyon, who had only played a matter of minutes, hit 6 straight free throws for 100 percent. This fine tall girl is a great player, and it is this kind of a bench, that probably will take the Lynxettes to the state championship this year.

Spearman will meet the Winter Blizzards, at 11:10 in the Coliseum in Lubbock this Saturday morning in their opening game of the Regional tournament.

Of course, the Lynxettes will bring an early thaw to the Blizzards. In fact, it is going to be kinda like a snow-ball in August. But the final game at the Regional, may be a different story. We think the Lynxettes will meet the Dimmitt Bobbies in the finals, and it could be quite a ball game. But, we just don't want to predict the final score, because we want you to follow the Lynxettes to the game this Saturday!

Incidentally, Spearman had about three times as many fans at Clarendon as Electra had, and this sure does help the team. We should have more fans at Regional, than any other team in the tournament. If we will back this fine girls team all of the way, you can be assured they will win this tourney this weekend.

All Bands In Concert March 7th

Tonight, March 7, at 7:30 p.m. the public is invited to attend the all bands concert. The program will be in the high school auditorium.

The 47-member grade five band will perform first. Frank Porter will direct the beginners in three pieces.

Next on the program will be the intermediate band, directed by Bob Humphrey. The sixth grade band will also perform 3 numbers.

The junior high band, 112 members strong, directed by Mr. Porter, will perform four numbers followed by the senior high band.

Proceeds from the concert will go for band senior awards. All region band members and graduating seniors will be honored.

NEW SHOE STORE OPENS... Grand opening for Spearman's newest business firm was well attended Saturday. Mrs. Carl Reed, owner of Reed's Family Shoe store, said she was very pleased with the day's business when over 100 pairs of shoes were purchased by customers who thronged the store all day long.

Attention Gun Owners

Sheriff J. B. Cooke said this week that many incidents of stolen guns are being reported to his office.

The sheriff is urging all gun owners to record the serial number from the gun and turn the number in to his office. This way, the Sheriff said, police have a better opportunity to recover stolen weapons.

If you serial number is recorded, a quick check with the National Crime Information Center in Washington, D.C. can ascertain if the gun is a stolen weapon. Cooke said the NCIC carries all serial numbers on guns reported stolen. The number is fed into a new computer machine which gives instant information.

The sheriff said it would help if all gun owners would turn in serial numbers of these weapons as soon as possible.

Suits Filed To Collect Unpaid Taxes

The Spearman Independent School District last week filed suits to enforce tax collections against ten resident taxpayers.

Suits, filed February 29, are to collect taxes which are more than three years delinquent.

School officials announce that additional tax suits will be filed periodically against taxpayers for delinquent taxes.

The firm of Linn, Helms and Countiss, school attorneys, are handling these tax suits.

No School On Friday

There will be no school Friday in the Spearman Public Schools. The holiday is scheduled so the teachers may attend the District IX Texas State Teachers Association meet in Amarillo on Friday.

The general meeting of the association will be at 9:45 a. m. in the Municipal Auditorium, 5th and Buchanan Streets.

L. W. Rosenbaum Is Original Stockholder

L. W. Rosenbaum, Hansford County farmer, will receive a special award at the 20th anniversary meeting of the Southern Farm Bureau Casualty Insurance Company in Lubbock, March 13. The meeting will take place at KoKo Convention Center.

Famed radio newscaster Paul Harvey will address the banquet assembly.

Attendance is by special invitation only. Original stockholders of the company are to be honored. Others invited include County Farm Bureau Presidents and special guests.

Mr. Rosenbaum, one of the few original stockholders in this area of Texas, says his father purchased the stock for him when he graduated from high school. L. W. will be presented with an engraved silver pitcher as a memento of the occasion.

Stock Show Officials Are Named

Division superintendents for the 1968 Hansford County Junior Livestock Show have been announced.

Date for the show this year is March 18.

Judge for the show will be Don Penny, head of the animal husbandry department, Oklahoma State University.

General superintendent is Troy Sloan, Earl Henderson will be cattle division superintendent, Leslie Barkley is sheep superintendent and R. L. McClellan and Mike Garnett will supervise the swine division.

Sale superintendent is Buddy Murrell. Robert Adamson will be in charge of awards. Jerry Hawkins and Herman Boone will be building superintendents.

Weldon Greene and Orville Latham are in charge of bookkeeping. E. J. Copeland heads the floor committee in charge of dust-free sawdust.

The show will begin at 10 a. m. in the Spearman community building. The sale has been set for 8:30 p.m. with Marvin Wilson as auctioneer.

PRESTON SMITH VISITS WITH VOTERS... Lieutenant Governor Preston Smith told a Spearman audience Tuesday morning that he had voted against liquor by the drink "every time it has come up, and I have not changed my mind during my terms in the House and Senate." The candidate for Governor said his campaign was progressing very satisfactorily and that he had already visited over 200 Texas towns. Local arrangements for Lt. Gov. Smith's appearance in Spearman were handled by Linn, Helms & Countiss, Spearman law firm. Smith spoke before an enthusiastic audience at Plains restaurant.

Buzzard-Moore Decline In School Board Race

Two incumbents in Spearman school board race, to be decided in early April, have declined to file for another term.

Lloyd Buzzard and Ray Moore have said they would not seek another term. The third incumbent, Marvin Jones, has filed for re-election.

Four other men have filed however, (as of press time Wednesday noon) to make at least a five-man race for the three positions. Seeking a school board post are Chalmers Porter, James Lair, Dwaine Summerville and Ira Harbour.

Spearman school board holdovers are Roy L. McClellan and Hershel Jones, with another year to serve; Max Baggerly and Joel Lackey with two years to go.

Porter, Lair and Harbour are farmers. Summerville is employed by Shieldknight Farms, Harbour, who has served as a board member, was retired in 1966 by a small margin of 52 votes.

Lloyd Buzzard, president of the school board, has served for six years. "Six years is plenty long enough to serve", Buzzard said, "I have enjoyed serving the people and have no particular reason for not running again other than I think there are many good men, with many good ideas to offer who need to take on the job. The job needs to be passed around", he added.

Moore had this to say about his decision not to run: "I have served 7 years and that's long enough. There are good men in our community with children in school, (mine are all out) who need to

shoulder this responsibility." The election will be on Saturday, April 6, in the Junior High school. Filing deadline was Wednesday midnight.

At a later date, this newspaper will publish statements from each man who has filed for a place on the school board.

No Competition For Councilmen

Wednesday midnight (March 6) was the deadline for filing for the up-coming elections in early April when Spearman citizens will choose two city councilmen and a mayor.

Incumbents Richard Holton and E. J. Copeland filed for re-election. As of press time (Wednesday a. m. no one else had filed.)

Mayor D. E. Hackley also filed for re-election and will be in this race against Clarence Pettit.

Holdover councilmen are Jimmy Hicks, E. J. Callaway and Bob Skinner, all with one more year to serve.

Dr. Hackley was serving out the unexpired term of mayor of the late Bob Vaughn. Election will be held Saturday April 6 in the Junior High School.

Guests for the weekend in the home of Mr. and Mrs. Gordon Parrish was his sister and family, Mr. and Mrs. Jess Dickinson and Mary Sue from Trinidad, Colo.

Debbie Smith Spelling Bee Winner

Debbie Smith, an eighth grader in Spearman Junior High School, won the Hansford County Spelling Bee held Saturday. She is the daughter of Mr. and Mrs. Edon Smith.

Runner-up was Donna Reed, 7th grader. Donna is the daughter of Mr. and Mrs. Donald Reed.

There were seven entries in the contest. However, they were all from the local school.

Debbie will be eligible to enter the spelling bee contest in Amarillo later.

April 15 Is Deadline For Co. Farmers

Approximately 50% of Hansford County farmers have signed up for the Feed-Grain-Setup program according to Lizzy Vandenburg.

The deadline for sign-up is March 15 and this leaves 10% of the farmers yet to call the ASC office.

Vandenburg urges farmers to call office personnel to avoid a last minute rush by coming in as soon as possible.

If you have any problems or questions concerning the new program, your ASC officials will be glad to help you.

Linda Sue Bengé was home over the weekend visiting her parents, Mr. and Mrs. Theodore Bengé. Linda brought a roommate home, Dixie Magteechee, from NW Texas School of Nursing.

Letter To The Editor

(Ed. note--printed below is a letter to the editor concerning the recent publicity in the Amarillo newspaper about art teacher Dord Fitz. The letter was signed by: Ruth Skinner, Ruth Bryan, Mary Alice Gibner, Vera Beth Hicks, Elonia Sims, Mildred Woods Wright, Charles Price, Hazel Lowe Gibner, Elroy Kee, Verna Lee Schnell, Nelda Sheets, and other members of the Spearman Art Class.)

March 5, 1968

After reading the recent news coverage of Dord Fitz, Carroll Watts, and flying saucers and nowhere finding a simple statement of the facts, we, the Spearman Art Class, would like to state how it all really happened.

Dord Fitz, having a creative and inquiring mind is interested in new ideas and concepts. He has been interested in flying saucers for a number of years, during which time he has met and become friends with some of the top men who are investigating the UFO sightings for the Air Force. Mr. Fitz and some of his students met with Dr. Condon's assistants to discuss research on UFOs that is being done at the University of Colorado. So, when Mr. Fitz read Carroll Watts' story in the Wellington paper last April 11, it is natural that he would be interested. Since Mr. Fitz's students there assured him of Watts' reliability, Mr. Fitz contacted Mr. Watts June 21, and was impressed with his story as were many others. In September, at the Wellington class Mr. Fitz brought his pictures of UFOs and showed them to Mr. Fitz and the class. This was the only time Mr. Fitz saw the pictures until shown copies recently by newsmen.

In late June, Mr. Silva was conducting a Mind Control Class in Amarillo. Although hypnosis is not used in Mind Control, Mr. Silva is a hypnotist; and he was asked to try to determine through the use of hypnosis, if Mr. Watts story were true. Mr. Silva so tested Watts and stated to the group there at that time that he could not believe the story to be correct.

The Amarillo paper says that Mr. Watts failed the lie detector tests and when confronted by this fact, blamed Mr. Fitz for the entire story. It was at this point that the Amarillo newspaper began their irresponsible coverage of Mr. Fitz, his gallery, and ESP. Anyone interested in Art, and/or ESP expects and accepts some criticism and misunderstanding. However, badgering and misrepresentation by the newspapers is too much to be accepted passively.

Charges were made by the newspaper that Mr. Fitz' Gallery is an "Artist's Pad". This is not true. The gallery is not sordid it is cheerful and inspiring. With the exception of a students show which is hung at some time during the year, Mr. Fitz handles paintings and sculpture by some of the top people in the world of art. The "indefinable sculpture" is by Louise Nevelson of New York City. Miss Nevelson was chosen one of America's Outstanding women last year and is acclaimed internationally as the worlds greatest woman sculptor. The front gallery has no furniture except for 100 chairs for when a guest lecturer is expected. We feel our lives have been enriched by study and association with some of the world's greatest scientists and artists. One of these guest scientist and lecturer is Mr. Jose Silva, who has taught Mind Control Classes in Spearman, Stratford, Wayland Baptist College, Lubbock, Dallas, San Antonio, and other cities in Texas. We, as artists, are interested in the mind because we believe that there is an inner level made for creating, thinking, meditating, etc. Scientists call this the Alpha range or level of the mind, and have stated that if we could control this part of the mind we could improve our minds greatly. Mr. Silva has found in his research that every sane person can be taught how to use this part of his mind. Mr. Silva entitled his course, "Mind Control Course". He defines Mind Control as thus, "Mind Control is freedom to do what you wish, when you wish. No orders are ever given. You are on your own. You may accept or reject anything. We are only instructing your mind how to use these levels when you wish, if what you wish is for the betterment of humanity." Instructions are given in his classes in mental and physical relaxation. We wish to state here that Mr. Silva emphasizes the need to consult the student's doctor before using the methods for pain control, diet control or even habit control (to stop smoking). His students are taught to be better patients for their doctor. At no time is it suggested that a doctor should not be used.

Mr. Silva bases this training in Extra Sensory Projection on his concept that ESP is a gift and is given to every man as a tool to help him solve problems. This he has proven; his students now number in the thousands and he has not had one graduate to fail the ESP testing.

The study of Parapsychology is new and not everyone understands it, and because they don't understand it they make fun of it. However we would like to remind those people that 25 years ago most were laughing at the scientists who in their living room would be possible to watch a ball game in their living room while it was being played in New York City!

Thank you very much for letting us answer your questions. Also thank you very much for printing a newspaper that we can trust to print the news correctly and honestly.

GIRL SCOUT POSTER CONTEST WINNERS - announced this week were Gaye Daniels, Marcia Larson, Becky Daniels, Debbie Sheppard, Dixie Sheppard, Leslie Wood, Tammy Rook and Rajan Martin. Posters are on display in downtown stores and may be seen through Girl Scout Week, March 10-16.

Editorial Girl Scout Week March 10-16

"Why do the bad kids get all the publicity? They probably represent less than one percent of all the kids in this country. We might offer several possible answers to this provocative and often-made remark. But we think it would be more fruitful to give some publicity to the good kids instead.

So we're tipping our editorial hat to a bunch of very good kids... Girl Scouts, who are celebrating the 56th birthday of their organization this week (March 12).

There's nothing square about these girls. They're just as groovy and "with it" as the kids who are making a lot more noise with a lot less to shout about.

They are thoroughly acquainted with the latest in rock and folk rock. On non-Scout occasions, they can look pretty sharp in a mod dress or a Carnaby-type cap.

But instead of trying to tear this country apart, they're doing their damndest to help build it up. They are finding ways to serve their communities. They are making friends in other countries, and thereby helping to improve our national image abroad. They are earnestly trying to develop their best potential because they know our future depends on them.

There are lots of good kids in this country. More than three million of them are Girl Scouts. So, Happy Girl Scout Week, kids. Enjoy your fifty-sixth birthday, too.

A Girl Scout is not a hippie; but she's not a square either. She's the kind of girl who knows how to give a good party and how to pitch a tent. She's an articulate representative of the U.S.A. at international conferences. She's an eager worker in the slums and ghettos of American cities.

It's hard to put a label on this kind of girl. Maybe the best word for her is "involved." She cares about herself and about others. She's where the action is.

Her kind of caring--and acting--probably began when, as a seven-year-old Brownie, she adopted a tree in distress and helped make it grow. Then she helped a person grow strong. For a girl like that, the caring and acting and growing never stops.

So we'll leave labels for the hippies and squares. A Girl Scout is something else. Happy Birthday to her and to the almost three and three-quarter million members of Girl Scouts of the U.S.A.--a 56 year old organization that is always young.

PROCLAMATION FOR GIRL SCOUT WEEK AND THE 56TH BIRTHDAY OF GIRL SCOUTING

WHEREAS, Girl Scouts of the U.S.A. will celebrate the 56th anniversary of its founding on the twelfth of March, One Thousand Nine Hundred and Sixty-Eight; and

WHEREAS, this group has grown from an original troop of 18 girls, led by the organization's founder, Juliette Gordon Low, to a national body of more than three million girls and more than 600,000 adult volunteers from every walk of life; and

WHEREAS, the Girl Scout organization is actively involved in extending membership opportunities to all girls, seven through 17, in both the inner and outer cities of our nation; and

WHEREAS, Girl Scouting is helping girls to maintain basic social values in a world of challenge and change, while through its program activities it is offering girls a kaleidoscope of new worlds to explore;

NOW, THEREFORE, I, D.E. Hackley, by virtue of the authority vested in me as Mayor of Spearman hereby proclaim March 10 through 16 of this year, 1968, as Girl Scout Week in the City of Spearman. I call upon all citizens to give the Girl Scouts now and in the coming year their continued interest, cooperation and support so that increasing numbers of girls, ages seven through 17, may benefit for their lifetimes from the values they define for themselves through their explorations in Girl Scouting.

Dr. D.E. Hackley

Spearman, Texas

Mr. and Mrs. Gary Davis and family accompanied by Vicky George went to Sun City, Kans. over the weekend where they visited Mrs. Davis' parents and other relatives. They also went to visit their parents and a sister in Pratt, Kans.

Douglas Perry Williams celebrated his birthday Saturday, Feb. 24 with a party held in the hospital room of the First State Bank. Guests were Crystal Carson, Timmy Biggerstaff of Spearman and Emily and Richie Pendley of Amarillo.

News From The Pioneer Manor

Drug, Bob Nobles, Charlene Bulls, Rosa Richardson, Pat Hamilton, Louise Hawkins, Play House, Floyd Barber Shop, V.E. Rosson, Helen Dry, Frank Davis, Darlene Howell, I.V. Pierce, Slim Cates, Mrs. C.W. Smith, Wesley Daniel, Ted Scroggs, Consumers Sales, E.J. Copeland, Mrs. Don Meir, Wade Tackett.

Everyone at the Manor was so glad to see Mr. Guy White last Friday. Mr. White has been out of the hospital for about three weeks and is recuperating at his Pampa home.

Mr. and Mrs. White, owners of Pioneer Manor, motored to Spearman Friday, and visited a short while at the Manor. Mr. White will have to take it easy for a long time yet before he is completely recovered from a severe head injury received 4 months ago in a car accident.

Christian Women's Fellowship Class of the First Christian Church visited the home the past week and presented a very nice bird feeder which was installed in the back yard. This will be a very enjoyable pastime for residents this spring and summer.

Tressie Maize, who has been in Hansford Hospital several weeks, is scheduled to return to the Manor this week.

Mary Brandvik enjoyed visits the past week from Myrtle Bernstein, Mrs. J.W. Garrett, Mr. and Mrs. Ben Harris and Harvey and Bertha Shapley.

Mrs. Leona Ellen Ward was visited by Elizabeth Spivey, Mrs. Anson Ward, both of Gruver.

Lola Mae Cator and Mrs. Curlee of Gruver called on Mrs. Cator's brother Leon Bowling. Mr. Bowling also had these visitors: Mrs. E.A. Greever, Victor Cordova, Frank Buzzard, Ina Martin, and his mother Mrs. Lillie Bowling.

Mrs. Myrtle Fullbright called on her sister Mrs. Etta Harrison, Mr. and Mrs. Leonard Latham of Perryton visited with Mrs. G.A. Latham, Mr. and Mrs. W.C. Campbell visited with Mae Elmore.

Other visitors included Mrs. Grace Bishop and Mrs. D.B. Keim.

Girl Scouts To Honor Fathers

The Spearman Girl Scouts will hold a silver tea in honor of their fathers Tuesday, March 12 at 7:30 in the Union Church.

The presidents and officers of all Spearman clubs and civic groups are encouraged to attend the tea. A program will be presented by each troop and an open house held at the scout house.

All parents are urged to attend in order to become more familiar with the complete Girl Scout program. All proceeds will go to purchase a new furnace for the Girl Scout House.

OES Members Attend School Of Instruction

Mrs. Hazel Wilbanks, Worthy Matron of Spearman Order of Eastern Star, and other members of the chapter went to Borger March 1 for their district school of instruction. The all day meeting was held at the Borger Chapter 811 for all district chapters.

HOUSEHOLD HINTS--
Perfect for hemming knits and other stretch fabrics is a new flexible lace seam binding which allows a hem to "give" up to 20 percent. This sheer nylon finish, available in seven colors, is practical because it can be hand or machine washed.
TIPS ON HOMEFREEZING--
Do not overcook foods that are to be frozen. Foods to be heated before serving are best if only partially cooked. Use as little fat as possible in gravies and sauces. Fats have a tendency to separate. Fried foods may become rancid after 1-2 months of storage. Pepper gets stronger during storage, so use seasonings sparingly. Remember, the nutritive value of properly frozen food is nearly equal to that of fresh food. A storage table for high quality home-frozen meats and poultry at 0 degrees F:
Beef 6-12 months
Lamb and veal 6-9 months
Fresh Pork 3-8 months
Sausage and ground meat 1-3 months
Chickens 12 months
Turkeys 6 months

Helpful Hints From Me To Thee . . .

Love is a basic ingredient in parent-child relationships and parent can show love by doing for his child. But this can be easily misinterpreted by the child. Parents should show love in ways the child can understand.
Parents make the child eat properly, go to bed early, wear a coat and other necessary things. However, the child may not interpret this as love. There are many ways to assure the child of his parents love, for example, warm, friendly smiles.
Words can also portray feelings. "You're a fine boy" "that was a helpful thing to do" "I like you" are examples of words a child could understand as parents' love. Sometimes it helps to listen to other parents talk to their children. Do they sound as if they love their child? Parents might ask themselves if a stranger would know that they loved their child by the things they say and the words they use. Other ways to show a child he is loved and cared for are by giving him your undivided attention at times, by reading a story, listening to him talk, or playing with him. The quality of one's love is important, too. A parent's love which fosters growth and development should be mature; a parent should express himself as a responsible grown up being a parent, not always trying to be a pal and by letting the child make decisions he is capable of making.

the Reporter's PERSONALITY OF THE WEEK

A little boy was stalking through the fields with his slingshot on alert. He was accosted by two men, with shot guns in hand and one of the men asked the boy if he was hunting game with his slingshot and the boy answered in the affirmative. The second man inquired of the youth as to what he was hunting. The boy answered, "I don't know, I ain't saw it yet." The boys answer is reminiscent of our personality of the week, because if there's a sport or hobby that he hasn't become interested in, it's for the simple reason that he has yet to be confronted with the undertaking. Fred Groves is a young man of many endeavors. In addition to spending a great part of last year fulfilling his military obligations, he spent much of his time tending to his farming operations and the operation of the Western Auto Associate Store in Spearman. His hobbies, despite his business activities are many. The one he enjoys most is probably sailing out in the bright blue yonder as he proudly pilots a plane. He is an avid camera fan and is presently contemplating the building of a dark room to further extend his photographic achievements. Fishing and hunting are among his favorite sports and he is somewhat of a gun collector. He likes to fool around with tape recorders and is also numbered among the ham radio operators of the area. Most anytime you stop by the store, you'll find Fred assembling a bicycle, putting together an outside barbecue, mounting a tire or perhaps installing a set of seat belts out back. Of course, he might be out making a delivery of an appliance or down to the corner for a quick cup of coffee. He is ever ready to participate in any and all activities of the local Chamber of Commerce. Western Auto was one of the highlights of last year's Crazy Day Celebration in Spearman as it was the year before. If you want to know what he is more interested in than any other calling, just start a conversation about farming and you'll find out. There's little question that farming is close to his heart and his first love. Fred Groves is another bright smile along Main Street, that helps to make Spearman a pleasant community.

Mrs. Jim Neely Not Improving

Mrs. Jim Neely, who underwent foot surgery in Newman Memorial hospital, Shattuck, has developed complications and is not doing very well.

Mrs. Neely developed pneumonia last week and was just recovering from this when a blood clot formed in her leg and she was rushed to surgery again Friday night.

Mr. Neely said his wife was showing some improvement but was still under oxygen.

Mr. and Mrs. Neely own and operate the Neely's clothing store.

Suspects Arrested

Sheriff's officers apprehended one theft suspect for Borger Sunday March 3. Billy Terrell, arrested in Spearman, was charged with felony theft in Hutchinson County.

On Tuesday, Sheriff Cooke arrested one Roy Thaxton for Dalhart Sheriff's office. Thaxton was charged with swindle by worthless check.

Glen Bohanan spent several days visiting his parents, Mr. and Mrs. P. L. Bohanan in Lawton, Okla. while his father is hospitalized there.

Soil Test Pays Off

COLLEGE STATION, --In 1967, Stanley Bushong, a San Patricio County farmer, invested \$2,000 in a soil test. By following test recommendations, he increased the value of his grain sorghum crop by \$43 an acre above the cost of fertilizer.

C. D. Welch, Extension soil chemist at Texas A & M University, said the soil sample which was sent to the testing laboratory by Bushong represented 40 acres, making the test cost only 5 cents per acre. The recommendation from the lab called for the use of 60 pounds of nitrogen; 40 pounds of phosphorus and no potash per acre.

Welch said the increase in the per acre value of the grain sorghum crop wasn't an isolated example of the value of soil testing, good management and the use of the right combination of plant foods.

Harvey Owen in Matagorda County did even better. He submitted a composite sample from 40 acres and the test showed the field needed an application of 45 pounds of nitrogen and 30 pounds of phosphorus per acre for the most profitable grain sorghum yield. The value of grain produced was \$50 an acre higher on the fertilized field than on similar land which received no fertilizer.

Welch said it is important that investments in fertilizers be made in those materials or mixtures that contain the plant foods needed in the soil to meet nutrient requirements of the crop being grown. This, he added, is the objective of the soil testing program.

The soil chemist pointed out that there is still time to get soil tests made before planting but wet fields are now a problem.

In describing the 1965 Act, the President said: "To terminate the 1965 Act would bring catastrophe and ruin to many farmers. Cash prices would fall--and there would be no government payments to cushion the impact. Farm income would drop by as much as one-third--back to 1959 level." By these words the President leaves the clear implication that the refusal by Congress to extend the Act this year would cause catastrophe and ruin in rural America.

In plain and simple language, this is HOGWASH! The fact is FIRST that the programs covered by the 1965 Act run through 1969. New or modified programs aren't necessary--at least by the calendar--until 1970. So any changes could be made next year--after the elections. In the SECOND place, and in the unlikely event that Congress failed to act before the termination of the 1965 Act, each of the major commodities--feed grains, wheat and cotton--have permanent "back-up" programs on the law books.

For wheat, there would be another farm referendum on a mandatory wheat certificate program with price supports on domestic and export up to 90% of parity; for feed grains, the Secretary could set price supports at anywhere from 50 to 90 percent of parity; in the case of cotton, there would be a marketing quota program with price supports from 65 to 90 percent of parity.

TAX MAN SEZ: The best time to file your income tax return is NOW. If you filed on the first day of January, congratulations. The good tax people feel that the 1/3 of the taxpayers who wait until midnight hour on April 15 to file their tax returns make many more errors than the early filers. Since these taxpayers cost themselves money by forgetting valuable deductions, you may find the advice of the friendly tax collector worth listening to.

Washington Report

From Congressman BOB PRICE 11TH DISTRICT, TEXAS

1323 LONGWORTH OFFICE BUILDING, WASHINGTON, D.C. • 225-0708

A few days ago, the President delivered his farm message to Congress. Main proposals of the program are for permanent extension of the commodity legislation enacted in 1965; a three year extension of the Food for Peace or PL 480 program; and a bill to create a "food bank" of government-held stocks of wheat, feed grains and soybeans. The President also called for Congressional hearings on "farm bargaining" and repeated earlier requests for a variety of more Great Society programs for rural areas.

By and large, the farm message was received without any great enthusiasm on Capitol Hill. Senator Ellender, Chairman of the Senate Agriculture and Forestry Committee was quoted as saying that he did not feel that Congress would or should enact "permanent" commodity programs. The Chairman of the House Agriculture Committee on which I serve, Rep. W.R. Poage, did not introduce the President's proposals.

Many members considered the message rather partisan in tone, but in a "presidential election year" this type of political appeal isn't surprising. Portions of the message were, I felt, quite misleading and I believe it is especially important that farmers understand some of the implications.

In describing the 1965 Act, the President said: "To terminate the 1965 Act would bring catastrophe and ruin to many farmers. Cash prices would fall--and there would be no government payments to cushion the impact. Farm income would drop by as much as one-third--back to 1959 level." By these words the President leaves the clear implication that the refusal by Congress to extend the Act this year would cause catastrophe and ruin in rural America.

In plain and simple language, this is HOGWASH! The fact is FIRST that the programs covered by the 1965 Act run through 1969. New or modified programs aren't necessary--at least by the calendar--until 1970. So any changes could be made next year--after the elections. In the SECOND place, and in the unlikely event that Congress failed to act before the termination of the 1965 Act, each of the major commodities--feed grains, wheat and cotton--have permanent "back-up" programs on the law books.

For wheat, there would be another farm referendum on a mandatory wheat certificate program with price supports on domestic and export up to 90% of parity; for feed grains, the Secretary could set price supports at anywhere from 50 to 90 percent of parity; in the case of cotton, there would be a marketing quota program with price supports from 65 to 90 percent of parity.

For the 1968 Easter Seal Appeal will begin March 1 and continue until April 14, Easter Sunday, it was announced by Freeman Barkley, the Easter Seal Society Representative for Hansford County.

During those weeks a statewide appeal for funds will be made by the Easter Seal Society for Crippled Children and Adults to finance treatment and rehabilitation for crippled children and adults in Texas.

Last year, 17,622 handicapped persons received help from the Texas Easter Seal Society explained Mr. Barkley. But the needs of the handicapped and cost of providing expert professional care are rising and more money than ever before will be needed to serve the handicapped during 1968.

Funds raised in the Easter Seal Appeal help support 21 Easter Seal centers in Texas where crippled children and adults are provided services regardless of ability to pay.

"The people of Texas have always responded to our needs and I feel certain that they will make it possible to increase the Easter Seal services to the crippled during the coming year," said Mr. Barkley. The Easter Seal Society for Crippled Children and Adults is an affiliate of the National Society for Crippled Children and Adults which last year provided services for almost a quarter of a million handicapped persons.

So it seems to me that the dire prediction of "catastrophe and ruin" to farmers if the 1965 Act is not extended this year is on the outer fringe of the credibility gap. I don't believe that the major commodity programs are doing all they can for farmers and I don't think farmers are satisfied with them.

Better farm prices are certainly needed and as Committee hearings proceed, I plan to do what I can, either in PL 480 Legislation, a grain reserve bill, or more commodity programs to prevent government manipulations which depress farm prices and are responsible, along with continually rising farm operating costs, for the present low level of farm income.

Mother's Club Offering Help

A Mother's Club was recently organized to instruct ladies in skills dedicated to becoming better homemakers. Membership is still open to those who would like to join.

One group of ladies in the club is now involved in simple garment construction for small children. This week Mrs. Herb Howe demonstrates buttonholing making to the sewing group. Next week demonstrations by Mrs. M.W. Walker and Mrs. Addie Novak will include zipper installation and garment hemming.

Mrs. Sue Renfro is helping another group study in preparation for the driver's license test.

Plans for future courses are being made but will be determined by the amount of interest and response shown in the following topics: cooking, budgeting, child care, personal hygiene, home improvement, reading, first aid, and a chair course.

Classes are held each Wednesday morning at 9:30 at the First Baptist Church. There is no charge for courses. A nursery is provided. For more information or registration call Mrs. J.D. Helms, 2735.

The 1968 Easter Seal Appeal will begin March 1 and continue until April 14, Easter Sunday, it was announced by Freeman Barkley, the Easter Seal Society Representative for Hansford County.

During those weeks a statewide appeal for funds will be made by the Easter Seal Society for Crippled Children and Adults to finance treatment and rehabilitation for crippled children and adults in Texas.

Last year, 17,622 handicapped persons received help from the Texas Easter Seal Society explained Mr. Barkley. But the needs of the handicapped and cost of providing expert professional care are rising and more money than ever before will be needed to serve the handicapped during 1968.

Funds raised in the Easter Seal Appeal help support 21 Easter Seal centers in Texas where crippled children and adults are provided services regardless of ability to pay.

"The people of Texas have always responded to our needs and I feel certain that they will make it possible to increase the Easter Seal services to the crippled during the coming year," said Mr. Barkley. The Easter Seal Society for Crippled Children and Adults is an affiliate of the National Society for Crippled Children and Adults which last year provided services for almost a quarter of a million handicapped persons.

Bogle Completes Basic Training

SAN DIEGO--Marine Private Donald G. Bogle, son of Mr. and Mrs. Arnold J. Bogle of 205 S. Endicott, Spearman, Texas, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

He will now undergo from two to four weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

The intensified Marine recruit training emphasizes rigid physical conditioning

WSCS Has Meeting

Mrs. Bert Sheppard conducted the monthly business meeting of WSCS of First Methodist Church as they met in the church parlor Feb. 27.

The District Day Apart meetings were announced for April 2 at Buena Vista and April 4 at Miami.

Also during the meeting assignments were made for their spring revival beginning March 17.

Hostesses Mrs. John Allen and Mrs. Kenneth Williams served refreshments to the twenty-two members attending.

S/5 GARLAND NICHOLS, son of Mr. and Mrs. G.M. Nichols, 214 Snider, Spearman, is home on a 30-day leave. Nichols has just returned from 13 months of duty with the US Army in Korea.

A lab technician, he has been stationed with the Seoul Military Hospital.

The 22-year old soldier enlisted for three years service in June 1966. He will report to Ft. Hood for reassignment after his month's furlough.

More Entries Needed For Talent Show

Orville Brummett said this week he has ten entries for the talent show. The committee wants at least 15.

The show is scheduled for April 5 at 7:30 p.m. in the high school auditorium. Proceeds will go to benefit the new Hansford County Library.

It is not a contest. No prizes will be offered.

Any type of entertainment is needed for the show. Group or individual performances, musical numbers, dance routines, etc.

Anyone interested in performing may do so by contacting Orville Brummett at the Rexall Drug store, or Mrs. Frank Porter, Mrs. Porter is a school teacher and may be contacted after 5 p.m.

The JC's are in charge of ticket sales for the show.

Marine Gray Graduates From Basic Training

SAN DIEGO Feb. 26--Marine Private Ronald W. Gray, son of Mr. and Mrs. Robert H. Gray of 720 S. Collier, Spearman, Texas, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

He will undergo from two to four weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

Food Budget Stretchers

COLLEGE STATION.--Eggs are a good food budget stretcher, says Gwendolyn Clyatt, Extension consumer marketing specialist with Texas A&M University. Try using more of them in place of higher priced protein foods. Grade A large eggs offer the best quality and economy.

This week prices on meat are unchanged. Generally, the featured cuts include beef chuck roasts and steaks, boneless rolled roasts, round steaks, ground beef, pork shoulder roasts and steaks, ham portions and liver. Save by buying meat specials.

Fresh fruit and vegetable items reasonably priced are apples, oranges, bananas, grapefruit, avocados, Irish potatoes, head lettuce, celery, cabbage, carrots, dry yellow onions, radishes and green onions.

Mrs. Clyatt notes the reduced prices on most nuts and suggests that good quality nuts be shelled and frozen.

Reynolds On Duty In Korea

Airman Virgil T. Reynolds is on a 13 month tour of duty in Korea. He left for Korea Feb. 22 and is stationed at Kusan.

Airman Reynolds took his basic training at Amarillo, then went to San Antonio for a six weeks course and is now a security policeman. He spent a 30 day leave at home before going to Korea.

Virgil is the 20 year old son of Mr. and Mrs. Cecil Reynolds of Spearman. He is a graduate of Spearman High School.

His address is AMN Virgil T. Reynolds, 6175th, Sec. Pol. Sq. (PACAF) APO San Francisco, Calif. 96264.

Elsie Porter was home from Amarillo during the weekend visiting her mother, Mrs. Rose Porter.

Winners At Houston Stock Show

Twenty-four head of swine and three steers were exhibited by local FFA members the past week at the big Houston Livestock show.

Ag teachers Herman Boone and Jerry Hawkins accompanied the group to Houston. The instructors were very pleased with the show results.

In the swine show, Monty Lusby placed 11th with his Chester, Ronnie Lusby 24th place, Duroc; Bill McClellan's Poland placed 9th; Carl Kunselman's Berkshire placed 7th, Daniel Smith had a Berkshire to place 6th and a Chester to place 10th, Jimmy Allison's Berkshire placed 5th and Jerry West took 13th place with a Chester.

Others exhibiting swine included Donald Mach, Mike Kloas, Phil Sell, Phil Sanders,

Kenneth Banks and Vernon Pipkin.

In the junior beef show, Kim Marie Boone, daughter of Mr. and Mrs. Herman Boone, took first place in the lightweight Angus division. The beautiful 850 lb. steer sold for \$1.15 per pound in the sale which was March 1st. Kim's Angus was chosen first out of 51 entries in this division! She is a Hansford County 4-H club member.

Joe Vanderburg's Shorthorn steer won a first place in the lightweight class. Mansel Bryan entered an Angus in the heavyweight division and brought home a 3rd place award.

Joek Lee won 24th place with his Hereford steer in the medium weight division.

FIRST PLACE WINNER AT HOUSTON LIVESTOCK SHOW... was this lightweight Angus Steer shown by Kim Marie Boone, daughter of Mr. and Mrs. Herman Boone of Spearman. The Hansford County 4-H club member sold her 850 lb. Angus for \$1.15 per lb. The calf placed 1st out of 51 entries.

IN THE LIGHTWEIGHT SHORTHORN division, this calf, belonging to Joe Vanderburg, won a first place at the Houston show. The 850 pound steer sold for 50¢ per pound. Joek Lee, who showed the calf for Joe, is pictured above with Ag teacher Herman Boone. Nineteen shorthorns were entered in this class.

Jose Silva Schedules Classes Here

Persons interested in learning more about "mind control" and would like to take the course of instruction from Mr. Jose Silva, are notified of the following class dates:

March 6, 7, 8 - at 7 p. m. in the bank building, a professional course is beginning. In this course Mr. Silva will teach how to use hypnosis to help yourself and others. You will learn the difference of Mind Control and Hypnosis. Graduates of this course are professional hypnotists.

March 9-1:30 Methodist Church, 7 p. m. Methodist Church.

March 10-1:30 HD building, 4 hour sessions.

Mr. Silva's mind control course "teaches you to use more of your mind, which has tremendous health benefits," the instructor said. "It does not take the place of your doctor," he said, "but it does teach you to be a better patient," he continued.

Everyone is invited AS A GUEST at the first lecture of the #101 course which begins at 1:30 p. m. Saturday, March 9 in the Methodist Church.

Persons interested in learning more about Mr. Silva are invited to contact Dr. N. E. West, Wayland Baptist College, Dr. Hahn and Dr. Par-year of Trinity University, San Antonio.

Dere Bob and John:

Me and Mag has been asked to preform in the talent show which the junior chamber of comere is going to put on in the near future. We have worked up a pretty good act except for a few hitches which we mite have to iron out. Mag goin to impersonate Twiggly with a speshel Twiggly dress, which she has made for herself. I tride to explain to her that four hundred pounds is too much woman to put in one of them Twiggly dresses but, so far, she aims to have her way. We are aimen to feature the old Red Rooster and I have bill him a speshel stage to put on his differt acts. In the first act, which Mag calls the grand on tray, Red comes across the stage cloggin with his wood leg. He comes down an aisle between two rows of yellor ribbons while Mag plays the Yeller Rows of Texas on her acetar. Mag wanted to dress Old Red up like a duck and let him do a dance to a song she has rote called the "Huckle Duck" but Red wooden hold still for lookin like a duck. We next hit on the ideer of lettin Red put on a waltz with one of the hens. Mag said we wood call it the dominiker waltz, since the hen wuz a dominicker. We never done nothing but waste time on that idear on account of we never wuz able to git through to the hen that Red wuz tring to dance with her beak to beak. There wuzn't nothin left to do but throw her back in the hen house and start all over agin. Mag said she wood go over to the naybors and git a hen that knowed somethin about dancin. While she wuz gone, a feller knocked at the door and said he had just invented a way to make sweet cider out of ice water and he wood shoe me how to do it for fifty cent. I thought I knowed a good thing when I seen it, so I give him the fifty cent. He told me to go fill a dishpan up with ice water which I done. He took the pan of water, got up on a chair and helt it up flush with the ceilin. He told me to go and git a broom which I done. He next told me to push the broom handel up agin the bottom of the pan and hold it tite until he got down. He got down and put the chair in the corner. I ast him what I wuz suppose to do next and he told me to stand still and shet my eyes which I done until I felt him pull my wallet out of my hip pocket. I ain't saw him sense and I shore wuz tired by the time Mag got home and let that dish pan off the ceilin.

STILL THE BIGGEST BARGAIN
IN YOUR FAMILY BUDGET

Every time you flip a switch or plug in an appliance, you're getting a bargain. While other items in the cost of living have been going up, the average price per kilowatt-hour of electric service in homes we serve has been coming down. It is now nearly one-fourth (23.4%) less than it was just 10 years ago. If your electric bills are higher today, it's because you're using more electricity to make living easier and more pleasant. The average price per unit of household electric service was never lower than it is today.

WAGON RIDE--Members of the Spearman Study Club and their guests, members of the Pollyanna Study Club of Perryton are shown with Harry Shedeck and Joel Lee Lackey and Jeff before taking a ride in the wagon around the Lackey Ranch. The occasion was the Texas Day Program which was held by the Spearman Study Club at the Lackey ranch home.

Historic Ranch Home Scene For Gathering

The historic ranch home of Mr. and Mrs. Joel Lee Lackey was the scene of the Spearman Study Club meeting on Texas March 4. The study club members hosted the meeting for special guests, Pollyanna Study Club members of Perryton.

Prior to the program the scene was set as members and guests were treated to a ride in the mule drawn covered wagon belonging to Mr. and Mrs. Harry Shedeck.

The Texas Day program was presented by club members, Mmes. Bert Sheppard, Ray Martin, Robert Adamson, Herman Boone, Kenneth Evans, Don DeArmond, Sandra Ladd, and Perry Coursey on a skit titled "Texas Under Six Flags."

Mrs. Joel Lee Lackey gave a history of the home as it was toured by members and guests. It was moved to its present location in 1894 by

Joseph W. Jones father of Mrs. Gwendred Jones Lackey. Mrs. Robert Adamson presided over the business meeting as plans were made to attend the district convention in Borger March 21 and 22.

Refreshments of cookies representing the six countries Texas has served under were served and favors were given of the Six Flags Over Texas Cookbook.

Perryton members attending were Mmes. Harriet Conner, Betty Gaines, Gaynelle Hulsey, Janyne Helton, Rita Castle and Dorlea Hoover.

Spearman members present were Mmes. Robert Adamson, Bert Sheppard, Don DeArmond, Ray Martin, Herman Boone, Sandra Ladd, Troy Sloan, Albert Clark, Richard Baxter, Perry Coursey, Kenneth Evans, Jimmy Vernon and Joel Lee Lackey.

Gail Schultz Will Preach Revival Here

Rev. Robert Girouard, pastor of the Apostolic Faith Church in Spearman, announces that his church will begin a series of revival services in the near future.

The evangelist will be Rev. Gail W. Schultz of Baxter Springs, Kansas. Evangelist Schultz is no stranger here, having preached revivals in this area for many years. He gave a series of Bible lessons in the local church a few years ago.

Services are scheduled to begin Sunday March 10 and continue through March 21. The Apostolic Faith Church is located at 9th and Dresden Streets. Service time will be at 7:30 each evening.

SPEARMAN STUDENTS VISIT McMURRY COLLEGE--Among 300 Methodist high school students and their sponsors from Texas and New Mexico visiting McMurry College in Abilene last weekend (February 23-24) was this group from Spearman. The girls are Lisa Curry (left), a junior at Spearman High School, and Toni Hudson, also a junior. With them is the Rev. Wesley Daniel, Methodist pastor and sponsor of the Spearman group. The young people were at McMurry for the annual Student Week End.

February Snow Measured .69

Spearman had more snow with a higher moisture content last month than in any February since 1964 when 1.14 moisture was recorded. Eight inches of snow and .69 of an inch of precipitation were recorded.

Spearman received 4 1/2 inches of snow on Feb. 14 which measured .35 precip., 2 1/2 inches on the 21st from which .22 was measured and one inch fell on the 23rd with a .12 measurement of precipitation. As a rule, 1 inch snowfall will measure around .08 precip.

Total moisture recorded for the year is 1.34 inches. The 30-day moisture forecasters places Hansford County in a "heavy" area. Wheat and pasture lands can certainly use some heavy moisture.

Fairly warm weather prevailed through February with the highest temperature of 68 reached on the 24th. The lowest temperature recorded was 11 degrees on the 17th.

The lowest day-time recording was made on the 13th when the mercury never climbed above the 25 degree mark. Three days during the month recorded highs in the 30s, three in the 40s, thirteen in the middle and low 50s, and the other nine days were nice, warm 60 degree readings.

BRIDGE CLUBS

Mr. and Mrs. Winfred Lewis hosted the duplicate bridge club last Saturday evening in their home.

High scores were won by Mrs. Max Baggerly and Ralph Blodgett.

Attending were Messrs. and Mmes. Ben McIntyre, Chalmers Porter, Richard Holton, Ralph Blodgett and Max Baggerly.

Spring Luncheon Opens Season

Members of Gladiola Flower Club will begin their new year Thursday, March 7 with their annual spring luncheon in the home of Mrs. Max Baggerly.

Hostesses should be there at 11:30 a.m. and other members should arrive at 12 noon.

GRUVER PAVING PROJECT

AUSTIN--The Texas Highway Commission today approved a project to widen the pavement of State Highway 136 in the City of Gruver.

The 0.3 mile project, which will extend from SH 15 southward to Fourth Street, will cost an estimated \$23,000. The work, expected to add materially to traffic safety on the facility, had been requested by the city.

The project is subject to acceptance by the City of Gruver of customary maintenance and construction responsibilities required of local governments by the Texas Highway Dept.

Girl Scouts Council Meets

Spearman Neighborhood Girl Scout Council met at the scout house March 5 to complete plans for the silver tea they are having March 12 at the Union Church.

The tea will begin at 7:30 p.m. Tuesday evening and a program will be presented. Afterward there will be open house at the scout house to view scout handwork.

Brownie rally day has been set for April 27 in Perryton. Chairs and tables for the scout house will still be appreciated.

Mmes. Donald Bowen and H.B. Rinker were hostesses

The council will meet again April 2.

THIS IS SPEARMAN

through the eyes of Chet Wise

Old Jake had a severe case of athlete's foot and his doctor ordered him to go to the sea shore and soak his feet in sea water three times a day for a couple of weeks. . . Jake got a room about a mile from the shore, acquired a couple of buckets and headed for the surf. He had never seen the ocean before, so he walked up to the lifeguard and asked permission to dip two buckets of water. The lifeguard quickly sized him up as a yokel and informed him that there would be a fee of fifty cents for the two buckets of water. Jake paid the fee and carried the water back to his room where he proceeded to soak his feet. That afternoon, Jake returned to the beach. By this time, the tide had gone out and the water had receded about forty feet. Jake scratched his head and reflected, "This boy is sure doing a business." I don't know how much business was done around Spearman during the past few days, but we did see a lot of people: Jim Neely sweeping the sidewalk, Jesse Davis doing the same thing, The Reeds in their new shoe store, Everett Tracy heading for Dallas, Ned Turner driving his new truck, Wes Nivens looking for a long cigarette holder, Gordon Parrish driving recklessly, Sammie Bish-ope planning to make Mexican corn bread, Vera Beth Hicks buying a picture frame. I saw lots of other people too, but I take this additional space to report a story released to me by Troy Sloan. According to Troy, he was standing in a field four miles west of Spearman on Wednesday, February 28th at about four p.m. when he saw an object coming in his direction. As the object drew nearer, it appeared to have a bright yellow color that glistened brightly in the afternoon sunlight. Sloan was fortunate in having a loaded camera on the front seat of his pickup. As the object drew nearer, he snapped several pictures of the thing which appeared rectangular in shape and was moving slowly toward him. As the object drew nearer, a number of colored lights began to flash on and off. Sloan states that the object came to a stop directly in front of him and he could see that it was filled with a lot of little people who were making loud jabbering noises. Troy reports that he actually talked to some of these little people for fully two or three minutes, before the lights started flashing again and the object slowly disappeared from view. It has been said: An optimist sees a light where there is none and a pessimist comes along and blows it out.

The Do Si Do Square Dance Club will have their regular dance Saturday night, to the calling of Aaron Love. Everyone is cordially invited to attend.

Mrs. G. I. Brown and Mrs. Bill Hand were in Liberal Saturday.

ON HONOR ROLL

Miss Coy Waters, 815 Avenue "N", Lubbock, is the bride-elect of Danny Kingsley, according to announcement made this week by her parents Mr. and Mrs. Calvin Waters of Lubbock. Mr. Kingsley is the son of Mr. and Mrs. R.F. Kingsley of Spearman. The bride-elect attends Monterey High School in Lubbock and is employed at University Hospital. Mr. Kingsley is a recent graduate of the Sunset Church of Christ School of Preaching in Lubbock. A June wedding is planned.

Day won two of the preliminary rounds and lost two. "All other students in the tournament did extremely well" said Mrs. Porter. "We were greatly pleased with all results."

Let Me See ... by Sybil

Politics, basketball, flying saucers... man what a week. I'll be glad when it's all over.

On politics... the one thing that gets a small town really buzzing is a real hot school board race, or some other election within the city or county. So far this year we don't have any "real hot" ones going. Could be not many are brave enough to stick their necks out... and from those who aren't you can hear lots of talk on "what I would do if so-and-so."

On basketball... it's the time of year when the Lynxettes get the over-time fever. I simply can't stand that, so I just stay home and bravely listen in now and then. I absolutely have heart failure! The triple over-times are just too much.

On flying saucers... well you can read about this in a letter to the editor in this issue.

I'd rather think about insignificant things... like what happens to paper clips. Ever wonder? Well, Lloyd's Bank of England surveyed the fate of 100,000 paper clips and found that 14,163 were twisted or broken (by me during over-times), 17,200 were used as makeshift bra and suspender hooks, (comes in handy), 5,434 became tooth-nicks (Dr. Novak gets these

patients) 3,196 became pipe cleaners (you find most of these in waste baskets at Spearman's post office) 19,143 wound up as chips in gambling games and thousands were dropped on the floor and swept away by the cleaning janitor. Oh yes, 20,000 were used to clip papers together.

Now, since this is an election year would you like to know the difference in a Republican and a Democrat?

Democrats buy most of the books that have been banned somewhere. Republicans form censorship committees and read them as a group.

Republicans are likely to have fewer but larger debts that cause them no concern. Democrats owe a lot of bills but don't worry either.

Democrats give their worn-out clothes to those less fortunate. Republicans wear theirs.

Republicans post all the signs saying "No Trespassing" and "These Deer are Private Property" and so on. Democrats bring picnic baskets and start their bonfires with the signs.

Republicans employ exterminators. Democrats step on bugs.

Republicans have governesses for their children. Democrats have grandmothers. Democrats eat the fish they catch. Republicans hang them on the wall.

Republicans have guest rooms. Democrats have spare rooms filled with old baby furniture.

Republican boys date Democratic girls. They plan to marry Republican girls but feel they're entitled to a little fun first.

Democrats make up plans and then do something else. Republicans follow the plan their grandfathers made.

Democrats suffer from chapped hands and headaches. Republicans have tennis elbow and gout.

Republicans sleep in twin beds... some even in separate rooms. That is why there are more Democrats!

All you golfers who are not members of the local golf club, remember you are invited to play with green fees until April. If you do, you'll surely join! It's beautiful out there now with all those trees. I played Cricket a very enjoyable game (she beat me) last week and came to the absolute conclusion that God answers my prayers everywhere but on the golf course!

Kite Flying Safety Rules

Did you make a note of what the groundhog had to say about when we can expect Spring this year? Or, if there is one in your neighborhood, have you checked a mesquite tree to see if it has started budding yet? Failing these, scan the windy sky. If it is dotted with swooping, diving kites you can be sure that Spring is not far behind.

Kite-flying is a traditional sport that never seems to lose its charm to young and old alike. And, whether young or old, smart kite-fliers will observe the basic rules of safety, according to Charles Gilliam, Community Public Service Company commercial manager.

"One of the most important rules," emphasizes Mr. Gilliam, "is never to fly a kite where there is a possibility of its getting entangled in electric wires."

Other dangerous practices in connection with kite-flying include using metal string or wire, making the kite frame of metal, flying kites in the rain when even a cotton string can become a dangerous conductor of electricity, and trying to retrieve a kite if it becomes tangled in electric wires. As reminder, Community has distributed kite safety poster for school bulletin boards.

Mr. and Mrs. Granville Boyd visited during the weekend with his parents, Mr. and Mrs. Bill Boyd in McLean.

Speech Students Bring Home Sweepstakes Award

Spearman High School's speech department, Mrs. Frank Porter instructor, attended the Texas Tech tournament held March 1 and 2, and won second in sweepstakes. Thirty-six schools entered. All but three were 4-A schools, with Midland high school first place sweepstakes winner.

In boys debate the team of Gary Bengie and Marty Jones won 2nd, defeating 6 teams (from 4-A schools) before reaching the finals where Sherman high school won 1st place.

In girls debate, the team of Linnie Bollinger and Lisa Curry went to the semi-finals where they lost to Midland on a 2-1 decision. This indi-

cates a "very close" debate Mrs. Porter said.

The girls debate team, Bonnie Vernon & Sheryl Curry advanced to the quarter finals before they were defeated by Notre Dame of Wichita Falls in a 2-1 decision.

Others going into the finals were Cloetta Fullbright and Steve Spoonmore in girls & boys poetry reading, Steve won first, Cloetta took third.

In persuasive speaking finals, Glenna Sanders, Linnie Bollinger and Marty Jones did not place in the top three.

In the finals of informative speaking Gary Bengie placed third.

In boys debate, the team of Neal Duncan and Randy

Slogan Contest Deadline Nears

A slogan for Spearman... that's what the Chamber of Commerce is looking for.

Thirty-three entries have been submitted in the contest which ends midnight March 16.

Contest judges will select the best slogan and present the owner with a \$25.00 award.

"If the slogan is appropriate enough, we will adopt it for use on letterheads, all advertisements, etc. and for promoting the city of Spearman", said a Chamber official. However, the judges

will reserve the right to reject its use even though the best entry will receive the prize.

Anyone and everyone is invited to enter the contest as many times as they like by sending entries to Box 161, Spearman, before March 16. Keep the slogan to 7 words or less.

Mrs. Tony Raney has been here for the past month from Barnsdall, Okla., visiting in the home of Mr. and Mrs. Bill Branstetter.

Gruver Theft Nets Dry Run

Burglars in Gruver Friday night were awarded with a "dry run" for all their work and efforts!

Sheriff J.B. Cooke said burglars entered the Paddy Burke Company and hauled the safe off. Cooke said from all appearances the front door to the company had been left unlocked.

The safe, containing nothing of value, was found Saturday morning in a pasture some 10 miles southwest of Gruver with a large hole in it.

Richard, Dwayne and Teresa Booth went to Guyton over the weekend to visit their aunt and uncle, Mr. and Mrs. Luther Messinger.

Preaching Mission

Waka Church of the Brethren announces a Spiritual Enrichment Preaching Mission for one week, March 11-17, with services at 7:30 each evening and at 11:00 on Sunday morning. Pastor Lawrence Lehman states that the congregation will cordially

welcome all who come for any or all of these services. Guest preacher for this revival series will be Pastor George W. Harvey, Virden, Ill., who serves the Virden and Girard Cooperative Parish of the Church of the Brethren. Mr. Harvey served extensively in the pastoral ministry in Missouri, Kansas and Iowa prior to his present charge in Illinois. He has also served in numerous other ways in various church districts and nationally as well as in community activities and interdenominational responsibilities at local state and national levels. Much of this leadership has been related to church camping and camp leadership training, and also includes a term with the Brethren Service Commission in Ethiopia, Africa. A member of Rotary International, Mr. Harvey is a native of Jasper, Mo., with a farm background. He and Mrs. Harvey have three children. Every service of this series will include congregational singing and special music and also a feature especially for children. Mr. Harvey is particularly fitted for his ministry with children by his extensive experience as a counselor and director of church camps for children. Pastor and Mrs. Lehman both worked with him in camps in Kansas for number of years and recommend him highly. He is also known for his effective and straightforward preaching of Christian Faith and Discipleship.

Don't Cause Fire in Your Plant

Workers in industrial plants and factories were urged by the American Insurance Association today to avoid carelessness on the job that could result in starting a fire — and destroying their plant. Each year more than 90,000 fires in business establishments threaten workers' lives and security, the Association said. Example: In Rossville, Ga., in June of this year, a fire destroyed four plants in a textile manufacturing complex and damaged three others. The fire, which caused damage estimated at \$15 million, threw 2,400 persons out of work.

Outstanding Revival Team At Methodist Church Soon

The Spearman Methodist Church has scheduled a weeks revival which begins March 17 and continues through the 24th. Evangelist will be the Reverent Edmund W. Robb. Before going into full time evangelism, Robb was pastor of St. Paul Methodist Church in Midland for four years. During this time he received 830 persons into the membership of the church, making it

one of the fastest growing churches in the Northwest Texas conference. Joining the evangelistic team are Gene Moore, Methodist minister and singer, and his wife Bobbie, a vocalist and pianist. Gene and Bobbie Moore have been in Methodist churches for the past 10 years. They have sung in revivals, preaching missions and gatherings of the church in 11 states. They have two record albums on the Rodi label and Gene is a song writer, having written "Jesus Set My Heart To Singing" and "Do Unto Others." Since going into full time evangelism, Rev. Robb has preached in 5 states. The team has led in several city-wide interdenominational crusades and more than 30 local church missions. The public is cordially invited to attend these services each morning 7:30 and each evening 7:30.

LYNN ANN ROBINSON, Lynxette forward, buckets two points. Lynn Ann had one of the finest nights of her outstanding career. She made 14 points in the bi-district game Tuesday night against Electra.
