TEXAS SUPPORTERS OF TOWNSEND SCORE PROBE BY CONGRESS

AUSTIN, May 30 Delegates from Townsend clubs holding a state convention here today condemned the Bell congressional committee and promised to stand by Dr. Townsend 'even to the giving of our life's blood'.

Dr. Frank Ashe, El Paso, was made temporary chairman of the convention and Mrs. Lois Boland Tyler, temporary secretary. The following message was sent to Dr. Townsend.

"The state convention of Texas assembled, honor you as our illustrious leader in you, and condemn the Bell congressional committee's unfair and ungentlemanly and un-American method of conducting the so-called investigation. We further commend your walk out on this committee and will gladly share with you any results arising from same—even to the giving of our life's blood. The above was unanimously passed."

VETERANS' BONDS DUE HERE ON JUNE 16.

Postmaster Marvin Chambers when contacted this afternoon, stated that from instructions he had received from Washington, the World War Veterans Bonds for this section of the country are to be mailed out of Oklahoma City on June 15th and should be in Spearman ready for delivery on the morning of the 16th. He stated that repeated inquiries at the office on the part of veterans would be entirely unnecessary as the carriers are instructed to go out of the way to make delivery at the earliest possible moment after they arrive in Spearman.

Bonds can only be delivered to the addressee.

In cases where the addressee is not known to the postmaster or carrier the claimant must be identified by two persons known by the addressee or the postoffice official delivering the bonds. If there is doubt of the identity of the claimant, the bonds will be held and fingerprints will be taken and sent to Washington.

The claimant must sign his name exactly as it appears on the face of the bond. For instance if the bond say George Washington Jones, then you must sign your name George Washington Jones and not George W. Jones or G. W. Jones.

The Reporter has asked Mr. Chambers to give us any information important relative to the delivery of these bonds.

All veterans claimants are urged to remain at their homes or the point where they receive their mail and thus avoid delay.

One clerk will be designated to handle all deliveries at the local postoffice.

Delivery of the bonds cannot be made on Star Routes, but registered notices will go to the veterans, notifying them to call for same.

In case of decease of incompetent, persons claiming bonds will be instructed to secure information as to the cashing of bonds from the Treasury Department, Division of Loans and Currency, Washington, D. C.

Tommie Powell Given Two Years Suspended Sentence June 2nd.

Tommie Powell, sixteen year old youth, formerly of the Gruber community, indicted on charges of having stolen a Ford car from Henry Balston of Gruber, was given a two years suspended sentence at his trial Monday in County Court. Powell entered a plea of guilty and asked for the mercy of the court.

Parole Board

Rev. A. F. Loftin, Editor W. J. Miller and Bruce Sheets, have been appointed by Governor Allred as the Hansford county Parole Board. When and if any criminals from Hansford County are paroled, they will report to the Hansford committee.

Contour Demonstrations Continued For 2 Days

Due to the fact that rain made it impossible to hold the demonstrations school for contour listing and terracing at the home of L. F. Noe near Morse the school scheduled for today Thursday, June 4th will be held Wednesday, June 10th. One more school date was added to the original schedule to be held at the home of C. P. Jackson, Tuesday, June 9th. The new schedule is as follows: Friday—June 5th at home of R. D. McClellan. Monday, June 8th at home of V. H. Ogle. Tuesday June 9th at home of C. P. Jackson. Wednesday June 10th at home of L. F. Noe.

If these meetings do not reach all the farmers we still will be glad to demonstrate for any community that will arrange the place and date and let us know.

Seeks Commissioner of Agriculture Office

CLIFF DAY

Cliff Day, 47, of Hale County has announced his candidacy for the office of Commissioner of Agriculture. Day became a national figure in agricultural circles when he organized and led 4,500 farmers of the nation to Washington a year ago in support of the national farm program.

A native Texan, Day has done farm work as a day laborer, a tenant farmer and now owns and operates a farm near Plainview, Texas. When the AAA program was launched Day was elected a member of his community committee, county committee and was chosen by the farmers of his district to represent it on the State Cotton Advisory Committee of which he was made chairman.

In making his announcement Day says: "I doubt if there is another indi-

Judge and Mrs. J. H. Broadhurst Take Early Morning Walk-1 a. m.

Judge and Mrs. J. H. Broadhurst expected a visit from their friend Mr. and Mrs. Clarr Childer of Oklahoma City Monday night of this week. Having been informed that it would be late before the visitors arrived, the Spearman couple caught a few hours sleep and then decided it would be the gracious thing to do to meet their friend and guide them to their home. Clad in pajamas and lounging robes with house slippers on their feet the Judge and Mrs. Broadhurst left Spearman to meet their friend. After giving five miles out Highway 117 and not meeting the visitors, our county official decided it would be the best to return home. When he left the pavement to make the turn the car stuck. The Broadhurst family got their first taste of thumping a ride, minus the kind hearted traveler, who failed to appear at that early morning hour. They arrived near the outskirts of Spearman before they were able to catch a ride. Mr. Broadhurst has some uncomplimentary things to say about vimmen's "mules"—house shoes, since he declares Mrs. J. H. stopped to buckle her house slippers every 90 feet. Mrs. Broadhurst is not recommending pajamas and house slippers for early morning walks.

Softball Game To Be Played Friday June 5

Dictator Justice, Oaks of the Spearman Softball league announces a special matched game to be staged Friday of this week. The game will be played between a team selected by Mr. Peters and Rev. Hill. The game starts promptly at 6:15 p. m.

Chicago Cubs Man

Now that the big league baseball games are well under way. One may see Uncle Jimmy Kelly with his score card parading the streets looking for some one who thinks any team can beat his Chicago Cubs. The best way to start a fight with this young Irishman is to tell him that the Cubs will probably wind up in the cellar this year.

MAY RAINFALL IS 8.22 INCHES. JUNE HAS .15 INCH TODATE

A rainfall measuring .15 of an inch which was recorded early Tuesday morning by U. S. Weather Observer, F. W. Brandt, brot the May and June moisture to a high of 8.37 inches. The record for May shows a total of 8.22.

Perhaps the moisture at Spearman was the smallest recorded in the county during May. Emel Knutson of the Oslo community stated Mon. morning that he had measured a total of 11 inches at his home place. Irv Steel stated that more than 11 inches fell on his ranch during the recent rainy spell. Both Morse and Gruber report approximately 10 inches of moisture since May 21.

The official records of F. W. Brandt are as follows:

May 7	2.50 inches
May 11	.05 inches
May 21	.50 inches
May 23	.60 inches
May 24	1.60 inches
May 25	1.55 inches
May 26	.30 inches
May 27	.20 inches
May 28	.36 inches
May 29	.10 inches
May 30	.10 inches
May 31	.60 inches

TAX DEADLINE IS JUNE 30th. 1936

Time for paying last half of taxes for 1935 without penalty expires at midnight June 30.

Sheriff Wilbanks, tax assessor and collector has just completed sending out notices on last half county and state taxes.

Mr. Wilbanks also emphasized yesterday that property owners can effect a saving on 1935 taxes where the taxpayer did not take advantage of the split payment plan.

During the month of June the regular tax payments can be made with an addition of only 5 per cent penalty. On July 1 the penalty increases to 8 per cent, and interest at the rate of 6 per cent per annum and \$1 costs are added.

Burl's Cafe Opens After Enlarged - Redecorated

Burl's Cafe opened Monday of this week after remaining closed for repairs and redecoration for 5 days. The Cafe building has been completely remodeled and the space formerly used for a special dining room is now part of the cafe. More counter room is available and the cafe is very attractive. The interior has been repainted and redecorated.

DAMAGING HAIL FALLS IN KNOB AND MORSE COMMUNITIES TUESDAY

Falling with considerable rain early Tuesday morning, Hail did considerable damage over a strip about two miles wide around the Knob Community. The hail fell near Morse, but with less damage to the growing wheat and barley. E. R. Hestor, The Pattersons Rusty Baker and several others in the Knob community report their wheat completely destroyed.

P. T. A. Officials Met Tuesday May, 26

Members of the executive board of the Parent Teacher association met in the home of Mrs Paul Roach last Tuesday to conduct a business meeting. Mrs. Buchanan was given management of the luncheon project for next year.

Mrs. Roach was presented with a lovely past president pin with the oak emblem which is the official symbol of the National and state convention.

Plans for the Summer round up were discussed. This is the examination of children entering school this fall and will be conducted by local doctors and nurses in the near future. Announcement will be made through the paper.

LION CLUB WILL ELECT OFFICERS NEXT WEEK

Past presidents Fred Hestor, Bill McClellan and First vice president, P. A. Lyon of the Spearman Lion Club were appointed a nomination committee to select officers of the club for the year 1936-37. The committee report at the next meeting of the club Tues. noon next week. If their recommendations are accepted the officers will be elected at a meeting to be held at the club members voted to hold two more meetings of the organization and recess for 6 weeks. The vacation was suggested because members find it hard to attend during the harvest season.

TEXAS CENTENNIAL OPENS AT DALLAS SAT. JUNE 6

Centennial Exposition will be way by the time the of the Texas Weekly its readers. The Central of the Texas Centenn- its gates to the public next Saturday, June 6th six months thereafter will act is host to the mil- visitors from Texas and states of the Union who are to attend the South- World Fair. We think the opening date of the so close upon us, it is pull back the curtains a reveal at least a glimpse to be seen at this 1936 Fair. The first thing to is that it is truly a Fair; it is not simply a annual State Fair. It is a Southwestern ex- but is national, and even- and in its scope, the Centennial Exposition distinctly be understood to be an enormously big ce- The United States the Texas, the city of Dallas

and many of the most prominent industrial and commercial organizations of the country are participating in this great celebration. Participating to the extent of \$25,000,000. And to describe adequately the exhibits which they are sponsoring one would need to possess a wonderful command of adjectives. For instance there is the beautiful Ford Building, white and straight lined the most costly single exhibit on the grounds, in which will be depicted the uses made of Southwestern products in the manufacture of the Ford V-8 The Gulf Oil Company exhibit is to be the radio center of the Ex- position; there will be staged the biggest single radio show ever held, with facilities so arranged that seven shows from different parts of the grounds can be broadcast at once. The great Hall of Texas will contain a portrayal of the historical progress of Texas from its infancy to the present day with photographs, early newspa- pers murals, rare relics and his- torical records telling the story.

In the Hall of Agriculture, where will be shown the progress of ag- riculture in Texas is to be found to mention only one outstanding exhibit a 68 foot long refrigerat- ing unit installed at a cost of \$15,000 used to show every kind of perishable fruit grown in the state. The Federal Government has erected an exhibit at the Cen- tennial Exposition at a greater cost than it has ever spent at any previous World's Fair; the work of every department of the United States Government will be shown. The huge Hall of Varied Industries will reveal all the won- ders of modern industry, and the equally large Hall of Transporta- tion will house displays of every railway entering or serving Texas and the tremendous changes and ad- vances in railroad construction du- ring the iron horse era, will be revealed with detailed particular significance, for this is the first time any World's Fair has given attention to Negroes. Beauty and color will dominate the Exposit- ion scenes. The more than fifty buildings, as examples of modern Southwestern architecture are themselves objects of outstanding beauty and the displays they ho- use are completely expository of Modern America. A big World's Fair—in many ways the biggest ever held. And it is not overen- thusiasm that causes us to make this statement, for to cite one fact that backs it up there are nine- teen nationally distributed prod- ucts to be exhibited that have never been shown at any previous World's Fair. It may be said with all conservatism ever staged in the Lone Star and the biggest state there will be something to edu- cate inform, and entertain every attendant. The 187 acres of land making up the Exposition grounds and the fifteen acres of floor space (ten of which are air con- ditioned) contain a show that will draw millions of visitors during

the six months of its existence. The Texas Centennial celebra- tion will attain a supreme height on next Saturday June 6th, when the Centennial Exposition opens in the city of Dallas, and it will be a height maintained until the last day of the 1936 World's Fair. An invitation to the people of all America to attend the big show at Dallas is extended by W. A. Webb, General Manager of the Centennial Exposition, on the cover page of this issue of the Tex- as weekly, it says: "To you who know Texas and to those of you who have yet to make its ac- quaintance, this great Exposition truly typifies the might of a great common-wealth." That we think is a very clear expression of what might be termed the ultimate purpose of the Exposition and cer- tainly it ought to be of interest to all people of the nation with which Texas is so closely knit as well as to residents of the Lone Star State itself. Happily there is ample room for the people of the centennial celebration that is to open next week. The most con- crete evidence of all is that many thousands of inquiries regarding the Exposition have been made by people living in every part of the nation—indeed, from every one of Texas sister states, not to mention the numerous requests for information from individuals living in foreign countries. Inciden- tally, Texas owes no small debt to Newspapers editors everywhere in the United States for they have been very generous in space to news stories and pictures re- garding the Exposition; indeed, this Texas Celebration has received more advance publicity than any other World's Fair ever held. Texas ought to be proud of this help. General Manager W. A. Webb this week sent individual invitations to the newspaper editors of the nation, urging them to come to Texas and join in cele- brating the Centennial and assur- ing them that all press cov- erage will be extended to them when they visit the position at

F. W. Fischer Of Tyler Candidate For Governor

Tyler, Texas, 4.—F. W. Fischer of Tyler who is running for governor of Texas on the platform of paying old age pensions in full is spreading his philosophy of taxing natural resources from one end of the state to the other.

"A new source of revenue means a new deal for Texas," he says. He thinks prosperity can be returned through taking the tax off of the land and putting it on oil, gas, sulphur, etc. This new source of revenue would provide means of helping schools, highways, the agricultural interests and the Texas consumers of gasoline who are now having to pay a tax of 4 cents a gallon.

Fischer an oil attorney who gained fame as a constitutional lawyer in the legal squabble over the East Texas oil field, dealt the first death blow to NIRA when the United States Supreme Court upheld his contention against section (c) the oil provision of the NIRA.

Fischer was born in West Virginia, spent his boyhood riding bronchos in southwestern Oklahoma, and later studied law on the farm. He is a Mason, a Methodist and a member of the American Legion.

Encouraging Reports Are Received In Douglass Drive For Senate

Every day brings encouraging reports of the campaign of Curtis Douglass for state senator of the 31st District. These reports are received in Panhandle by letter, telephone and in person.

From nearly every county these reports come, that the voters believe the time has arrived for a change in the state senator. Many of these which local workers doubt whether Douglass would carry now being placed in his campaign based on optimistic reports from leading citizens.

Many workers have expressed their confidence in Senator Small and announced for a third year that they would withdraw from the race if it could be done gracefully and save his face.

His campaign managers early in the year hoped to start a draft Small movement and they are finding that the sentiment is not especially large in behalf of his candidacy.

People throughout the territory realize that Douglass is a strong candidate. Knowing that the odds are now with him for nomination and election people are climbing on the Douglass bandwagon in droves.—White Deer Review

Plow Furrowing Greatly Increases Pasture Yields

Years ago experiments were conducted by Supt. R. E. Dickson at the Spur Experiment Station to determine the effect of plowing on buffalo grass pastures. At furrows were run 39 inches apart and 39 inches apart and 39 inches apart that were suitable for cultivation

National Folk Week At Dallas Centennial

Lumberjacks from Michigan, sailors from Connecticut and Galveston and Cherokee from North Carolina will vie with cowboys, Mexicans, Indians, Negroes and other Texans in a jamboree of entertainment during National Folk Festival week at the Texas centennial June 14-21.

Oldtime performers on the dulcimer and other instruments strange to the modern day will be presented along with the square dancers, Sacred Harp Singers from the crossroads all over the South, Kiowa, Tigua and Cherokee dancers; a Mexican Tipica orchestra and Spanish dancers, singers and actors in a folk play from Santa Fe. There will also be old time fiddlers from all over the United States.

M'CRAW SEEKS SECOND TERM

Attorney General William McCraw of Dallas today formally announced his candidacy for a second term. With Monday the deadline for filing he as yet has no opponent for the Democratic nomination.

Bull Fight To Be Important Feature

Galveston, Texas, June 4.—Galveston, planning extensive Centennial celebration during the summer months, has added a Centennial fiesta to its calendar. The event is planned for July 4 and 5.

Outstanding feature of the fiesta will be a bull fight to be staged with all of the Spanish celebrations with the exception of the fact that the Bulls will not be killed. Otherwise the bull fight will be a faithful reproduction of a Mexican presentation. The fiesta is planned by the El Mina Shrine band with endorsement of the Galveston Chamber of commerce.

A similar plot was left unlisted for comparison. After the second year, thirty two blocks of four feet each were harvested on both the listed and unlisted land in order to compare their respective yields. The harvesting was done by hand so as to simulate close grazing and the yield on the listed land was found to be 2423 pounds of air dry grass per acre as against 857 pounds per acre for the unlisted land. In listing the pasture, Mr. Dickson found that the ridges between the furrows did not entirely cover the stand of buffalo grass on the land since a narrow strip was left on either side of the furrow and this strip spread both across the furrow and across the ridges between so that no replanting of any sort was necessary and while the first season following the listing was quite dry and the results not very emphatic, the rainfall during the following season was more abundant and by the end of the season, a perfect cover of grass had been secured.

Endurance Horse Race Is Centennial Feature

Ranch hands and farmers from all over Texas will compete in the Lampasas to Dallas free for all horse race. It is expected that more than 200 riders many of them women will line up at Lampasas Friday morning, June 5, for the race which will end in the grounds of the Texas Centennial Exposition some time Saturday.

Two prizes go to the winner a thousand dollars cash and a specially made saddle. The race will end on the Southwestern trails, the roads which circle the Lagoon at the Ford building. The Ford Motor Company is presenting the special prize.

Riders will assemble on the Lampasas courthouse square at 8 o'clock Friday morning, June 5. Sheriff John B. Davis of Lampasas County from the courthouse tower will fire a pistol and the race will be on. It will be a one horse race. No change of horses or riders is allowed. A chuck wagon will supply food for the horses along the route. Riders will rustle their own grub. Many bets are being made as to the speed in which the 120 miles can be covered. Some horsemen are betting that it can be done in 24 hours. Others gamble that 30 hours is the minimum.

The race has been routed along paved highways which have wide strips of grass on each side so the horses will not be on the pavement until cities are reached.

What! No Chiggers—? Taint' Natural-Taint' Right

Grass at the Texas Centennial Exposition which opens June 6 and continues through November will be chigger proof.

Chemicals that instantly kill old fashioned "red bugs" have been sprayed on 2,500 cubic yds of bermuda used in decorating the grounds. A. L. Simpson supervisor for the Dallas Park Board said today. The process will be continued during the Exposition, so that visitors will not be required to resort to old-time remedies for killing the pests.

METHODIST LEAGUE HAS DISTRICT MEETING FRIDAY EVENING

The young people's department of the Methodist Church had a district meeting Friday May 29th. A number of young people from Perryton and Gruver attended. After the business session they adjourned until the next meeting which will be held in Perryton over the last Friday in June. Games were played in the annex and guessing the number of raisins in a pint bottle was the main feature of the counting games. A spelling match was the high of the party. A lot of the dignified ex-seniors of dear old S. H. S. had forgotten their words. A lovely plate luncheon was served at a late hour and everyone agreed that they had a nice time.

DALIAH FLOWER CLUB MET WITH MRS. DAILY

The Daliah Flower Club met in the home of Mrs. F. J. Daily on Monday June 1st. This meeting was devoted entirely to weaving under the direction of Mrs. F. Loftin and Mrs. Frank Gordon, who proved themselves as teachers as fourteen lovely quilts no two alike were made in the afternoon. This work was as enjoyable as an Old Fashioned Quilting Bee and (not mentioning sore fingers) we are very proud of our accomplishments. The Club wishes to thank Mrs. Gordon and Mrs. Hardin for their kind and kindly assistance. They were happy to have as a guest Mrs. Bill Hutton, Mrs. Frank Gordon, Mrs. Ira Davidson of Guymon and Miss Wren Loftin. Dainty refreshments were served to Mesdames Cheney, W. A. Cone, E. H. Hill, Hoskins, Hutchison, W. A. Hitchcock, A. F. Loftin, F. W. Matze, L. S. McClellan, L. S. McLain, Paul Roach, A. Richardson, Floyd Sumrall, Jess Womble and the hostess Mrs. F. J. Daily.

DORCAS MISSIONARY SOCIETY MET MAY 27.

The Dorcas Missionary society of the Christian church met in the home of Mrs. Ruth Hill. Eleven members answered the roll call. Devotional taken from Romans, 15:1-7 was conducted by Mrs. Zella Close. A very interesting lesson of questions from the Bible then followed refreshments of iced tea and sandwiches. Those present were Mesdames Close, Lena Schell, Moore, Bessie Mitts, Elsie Hill, Rena Hull, Viola Graves, Johnnie Russell, Rose Yates, Ruth Hill and Mrs. Eulis Hill.

HE CAN'T GET AWAY

The home dealer in farm implements is the one who has to see the job through. There is nothing that disgusts a farmer so quickly, so surely with a whole line of implements as to be in possession of a machine on which he cannot get the service that he justly feels he deserves. Usually one such experience turns him against anything made by that Company. Usually one purchase from an agent is enough. Farmers are learning that it costs less over a period of years to buy from their home dealer who is established in business to stay and who is equipped to give service. The farmer who will have his business mean something to the servicing dealer in his home town will be guaranteed service at a minimum cost.

CLIFF DAY—

Continued from page one—

vidual farmer in Texas who has talked and advised with more farmers than I have in many trips throughout the State. I have never before been identified with farm organizations except as a member, but have felt it my duty to give my time even somewhat to the neglect of my own farm, in the common interest.

"I believe that the contacts with the national and state administrative agencies of the farm programs and with actual farmers together with my own experience qualifies me to know and understand their wishes and needs.

"The farmer's plight for the past several years in my opinion has been one of the major contributing causes of the unprecedented conditions that the country has been struggling to overcome. I think the effects of the Federal Government to improve the farmer's condition have greatly strengthened his position, not only in Texas but in the farming districts all over the country and if elected to this office I pledge my unqualified support and energies to the furtherance and betterment of agriculture in Texas and those who are engaged in this laudable profession. In Texas when the farmer prospers, all prosper.

"I haven't a lot of pre-election promises to make the public, knowing full well that no one can forget matters upon which this important office will be required to pass. But I do earnestly pro-

mise that I will, if elected, strive to administer the office according to the laws relating to it and with a full understanding of the interdependence of agriculture, labor, industry, and the consuming public.

"I am under no obligation to any individual, group or class. I have had no political experience heretofore, and if I am elected to the office it will be a trust of my friends and people who believe I can honestly and conscientiously charge the duties of the best of my ability. I will accept all the responsibilities of the office and will do my best to fulfill the duties of the office in the best of my ability. I will do my best to fulfill the duties of the office in the best of my ability. I will do my best to fulfill the duties of the office in the best of my ability.
