

# Stars, stripes and stitches dress revue!

The 4-H Dress Revue presentation of "Stars, Stripes, & Stitches" took place Saturday, July 31, at 8:00 p.m. in the Home Demonstration Clubroom, Spearman with various 4-H members and parents, adults, and leaders participating.

Receiving first place in the Senior Division of competition was Miss Anita Walker of Gruver.

Karen Kenney of Spearman received first place in level two of the Junior Division with Julie Farr placing second and Pamela Clawson third, all receiving blue ribbons.

Winning 1st place in level 1 of the Junior Division was Miss Shelley Friemel of Spearman, with Mary Ann Kenney placing second and Joe Anne Odegaard third, each girl receiving blue ribbons.

Receiving red ribbons in level two of the Junior Division were Tamera Scroggs, Angela Francis and Melinda Gammon.

Red Ribbons were received by Lesa Scroggs, Cindy Hansen, Qynn Brown, Irma Flores, Stephanie Friemel, Angie Herring, and Denise Doty in level one of the Junior Division.

Anita Walker, Pamela Clawson, and Shelley Friemel won top awards for the Best Model in their division.

Receiving blue ribbons for exhibits in Creative Stitchery were Denise Doty, Stephanie Friemel, Shelley Friemel, and Julie Farr. Melinda Gammon, Qynn Brown, Anita Walker, and Stephanie Friemel received

red ribbons for their exhibits.

Shelley Friemel welcomed the guests with Angela Francis, Melinda Gammon, and Karen Kenney sharing in the narration as 16 4-H members between the ages of 9 and 19 modeled their handmade outfits.

Patriotic numbers were performed by a singing group of contestants including Shelley and Stephanie Friemel, Tamera and Lesa Scroggs, Karen and Mary Ann Kenney, Jo Anne Odegaard, Pamela Clawson and Angela Francis.

On hand to present top awards to the contestants were County Commissioner, Joe T. Venneman, and reigning Miss Hansford County, Tina Clawson, as winners were announced by Assistant County Extension Agent, Peggy Marrs. Mrs. Jesse Francis, Home Demonstration Council 4-H Chairman, presented favors donated by the H.D. Council to each participant.

Announcements and recognition of 4-H clothing leaders were made by Pamela Clawson. Angie Herring and Irma Flores assisted in handing out programs and Anita Walker registered guests.

The Old Hansford Home Demonstration Club provided the refreshments and the Town & Country and Happy Homes H.D. Clubs decorated for the show.

Special awards were provided by Lil' Lynx, Lady Fair, Saks Third Avenue, Baker's, Massad's, and the Gift Box of Spearman.

### Memorial services held

A. L. Schnell, Sr., 72, died Saturday.

The funeral was held at 3 p.m. Monday at the First Baptist Church in Perryton with the Rev. Jack Pearce, Pastor, officiating. Burial was in the Ochiltree Cemetery by Boxwell Brothers Funeral Home in Perryton.

Mr. Schnell retired in 1969 as owner and operator of A. L. Schnell Electric, an electrical contracting firm. Born in Okeene, Okla., he lived here from 1935 until 1949 when he moved to Perryton.

He was a member of the Perryton First Baptist Church, the Hansford Lodge 1040, AF&AM, and the Perryton Oddfellows Lodge.

Survivors include the widow, Elsie; three daughters, Marlene Bohannon and Mrs. Betty Parker, both of Perryton, and Mrs. Kayleen Carter of

### Bloodmobile Here Aug. 12

The Red Cross Bloodmobile will be in Spearman August 12, at the Catholic Parish Hall from 10 until 3:15.

Hansford County did not

Palatine, Ill.; four sons, Bob of Borger, Gene of Lewisville, Tex., Louis of Spearman and A. L. Jr. of Vermillion, S.D.; five sisters; one brother; 22 grandchildren and six great-grandchildren.

### Maynard resigns

Sergeant Wayne Maynard of the Spearman Police Department has submitted his resignation July 25th, effective Aug. 23rd and will be returning to Pampa, Texas. Sergeant Maynard has been employed with the Department since September of 1975. Sergeant Maynard has been working double shifts since February of this year.

Sergeant Maynard has 9 years of law enforcement experience. He has 1400 hours of police training and has 2 years of college. He has attended Southwest Texas State University and Frank Phillips College. Sergeant Maynard holds an advanced certification which is the high-

est certification given by the state of Texas. Sergeant Maynard's wife, Shirley, will be graduating from Clarendon College August 14 and will be a licensed vocational nurse. They have one daughter, Lisa Ann. She is a freshman this year, is in the band, and is active in other school activities. In leaving Sergeant Maynard wishes the people of Spearman good luck.

### Jones to play

Roger Jones has been selected by the 1976 Oil Bowl Committee to play in the 39th Annual Oil Bowl Classic. He was chosen as one of the twenty-seven players to represent TEXAS against Oklahoma. The Oil Bowl is a charity football game for the benefit of crippled children. It will be played August 7 at Memorial Stadium in Wichita Falls, Texas. It is sponsored by the Maskat Temple & Oklahoma Coaches Association.

A nursery for donors' children and workers' children will be available at the First United Methodist Church. If children are there during the noon hour they should bring a sack lunch.

### Lucy Mitts rites

Funeral services were held Monday at 2:30 p.m. in the First Christian Church of Guyton for Mrs. Lucy Mitts of that city.

Mrs. Mitts had been a longtime resident of Spearman until moving to Guyton two years ago.

The Rev. Harold Wood of Guyton and the Rev. Don Wirsdorfer of Spearman officiated. Burial was in Elmhurst Cemetery by Bunch Funeral Home.

Mrs. Mitts was born in 1901 at Harmon, Okla.

Survivors include the widower, Floyd; one son, Jerry, of Guyton; two brothers, W. L. and Roy Russell of Spearman; three sisters, Mrs. Bessie McCartney of Perryton, Mrs. Ina Smith of Guyton and Mrs. A. F. Kelley of Lake Providence, La.; and two grandchildren.

The Mitts were former owners and operators of Western Auto here for many years.

Miss Shelly Friemel is presented her first place blue ribbon, in level 1 of the Junior Division, by County Commissioner Joe T. Venneman. Mary Ann

Kenney placed second and Joe Ann Odegaard third, each girl receiving blue ribbons.

Eulalia Mires, Rho Rho treasurer, Joan McClellan, R.N.,\* Director of Nurses, Hansford Hospital, and Mackie Wood, R.N.\* a charge nurse, are pictured by the "BILL-Lite" which was purchased for the

Hansford Hospital by the Rho Rho's of Spearman. Money making projects used to buy the Bill-Lite were the Fireworks Stand, Little Liberty Belle Contest, and the Sorority Auction held this year. The

entire community is proud of the Rho Rho's for their work in buying furniture and equipment for the Hansford Hospital.

Receiving first place in the Senior Division of the 4-H competition Saturday night, was Miss Anita Walker of Gruver.

Commissioner Joe T. Venneman presents her with her blue ribbon!

Karen Kenney of Spearman received first place in level two of the Junior Division, and Joe T. and Karen pose

beautifully for the camera, as she receives her first place blue ribbon!

Melinda Gammon was dressed "as pretty as a picture" as she models during the "Stars, Stripes and Stitches" show at the HD club room Saturday night!

# H and H credit union tops a million

H. and H. Federal credit union, with its office in the home of Mrs. Connie Freriks, of Stinnett, reached \$1,000,000.00 in assets during the month of June. The credit union was born 12 and 1/2 years ago in the Stinnett schools.

During the school year of 1963, several Stinnett teachers talked of their desire to form a credit union for the school employees of Hansford and Hutchinson Counties. Two of the high school teachers took upon themselves the task of contacting school employees throughout the two counties, including the schools of Spearman, Gruver, and Morse and selling them on the plan.

On November 17, 1963, a meeting was held in the Stinnett School Cafeteria where the H. and H. School Employees Federal Credit Union was chartered.

Today a total of 65 Spearman teachers, and approximately 100 in the county are members of the H. and H. Credit Union. Our own James Cunningham was on the H. and H. Board in January of

1969, when the Union had only \$29,515.68 in total assets. He served as president of the credit union in 1970 thru 1975. Ben Hildebrand of Borger is now president. G. W. Robinson, Spearman, is now a director. Orville Latham is on the loan committee and Alan Alford is one of the loan officers.

In the early years of its existence, the credit union grew very slowly. The assets were small and many potential

members took a "wait and see" attitude about the new credit union. After a few years of "hanging on" by the small membership and officers, a real growth finally began.

Several factors have contributed to the success of the credit union. One factor was the help given it by such local financial institutions as First National Bank of Stinnett. The bank offered not only encouragement, but loaned the struggling credit union money

on several occasions. Their willingness to help deserves the appreciation of those who now depend on the services of H & H Credit Union. Other federal and state institutions helped in the same way during those early years.

Two other important factors in the success of the credit union have been the sound leadership of its board, and the steady, efficient management of Mrs. Connie Freriks in serving the membership. Her

consistent presentation of the credit union to schools all over the two counties has brought continued growth in membership. Mrs. Freriks became Treasurer-Manager in January of 1969. A measure of her part in the progress of the credit union is evident in the following statistics:

Assets	
12-31-70	\$84,804.81
12-31-71	194,353.70
12-31-72	314,480.64
12-31-73	480,401.67

12-31-74 630,738.99  
12-31-75 840,453.55  
6-30-76 \$1,012,299.39  
The membership of the credit union is now 846. The credit union has been cited for growth by its federal examiner now seven years in succession. He has awarded the credit union the Thrift Honor Award consecutively from 1969 through 1975. The milestone the credit union has reached is one of which the entire community can be proud.

## Intensive Seminar Is Scheduled

"All the Bible You'll Ever Need" is the title of an intensive seminar resourcing imaginative change, led by the Rev. Roger B. Knapp of Austin at the First Presbyterian Church of Spearman on September 10-12.

Roger B. Knapp, a member of the Palo Duro Union Presbytery, is recognized as an innovative interpreter of the scriptures and contemporary living. Now completing his doctoral studies at McCormick Theological Seminary in Chicago, Knapp has been awarded a certificate of biblical studies from the University of Edinburgh, Scotland. Having been graduated from Princeton Theological Seminary and Duke University in North Carolina, Knapp has served congregations in Taos, New Mexico; Bartlesville and Tulsa, Oklahoma; Hereford and Sweetwater, Texas.

The seminar will be open to a minimum of twenty persons and a maximum of twenty-four. While Presbyterians will be given the preference, this will be open to anyone. People planning to register should do so with Helen Etter by August 31. The cost is \$15 for an individual and \$25 for a couple. It is intensive and fun and is a playful workshop for energetic people who dislike traditional bible studies. Sessions will be Friday, September 10, 6:30 to 11:00 p.m.

Saturday, September 11, 9:00 a.m. to 8:00 p.m.; Sunday, September 12, 1:30 to 6:00 p.m.

**County Agent's Report**

Texas producers shopping for certified planting seed for the 1977 season will see a change in the certification label accompanying each bag of seed. Starting next year, seed will be certified for genetic identity only.

Although the new certification label assures that the seed is the variety stated on the label, the big change is the fact that it does not relate to any seed quality factors such as purity, inert matter, other crop seed, weed seed, noxious weed seed and germination. The Texas seed law, however, still requires that this information be truthfully stated on the analysis label accompanying the seed.

"The change in seed certification which becomes effective Jan. 1, 1977, means that producers will have to pay particular attention to the labels on the seed bag," emphasizes Dr. Robert B. Metzger, cotton specialist for the Texas Agricultural Extension Service. "The certification label will tell them what variety the seed is, and the analysis label will provide information on quality factors."

Both labels tell the complete story about the seed, but keep in mind that quality factors can vary even though the seed is certified, notes Metzger.

Certification for genetic identity means that seed has been produced and processed under standards and procedures established by the Texas Seed and Plant Board and enforced by the Texas Department of Agriculture to assure that the variety is as represented by the certification label accompanying the seed.

"Reading the label has always been of importance in purchasing seed, but the new standards will place even greater responsibility on the producer to carefully read both labels to determine if the seed meets his quality requirements," points out Metzger.

The Texas A&M University System specialist lists a number of reasons for the change in seed certification standards: --To assure a more dependable study of seed officially certified as to genetic identity. --To establish uniformity with the Federal Seed Act. --To encourage international seed trade. --To allow production of certified seed having quality characteristics for different market needs.

"The change gives seedmen more flexibility in producing seed for different markets," notes Metzger, "and at the same time promotes a plentiful supply of high quality seed."

"Quality is by no means being sacrificed by this change," he emphasizes. "Quality standards will be as important as ever. The main thing the seed certification change does is place greater responsibility on the producer to select the proper seed for his particular needs."

### Brack-Jones vows exchanged

Marriage vows were exchanged July 24 in the First United Methodist Church here at 3 p.m. by Kendra Jo Brack of Spearman and Kaci Wayne Jones of Plainview.

Parents of the couple are Mr. and Mrs. Norman Brack of Spearman and Mr. and Mrs. A. W. Jones of Plainview. The Rev. H. O. Abbott conducted the ceremony at the altar which was decorated with an arched candelabra with white candles, greenery and pink ribbon, flanked by baskets of pink gladiolus and carnations.

Mrs. Marjorie Reed, pianist, played a medley of love songs preceding the ceremony. The traditional wedding march was played by Mrs. Wilma Clark. Dennis Sullivan of Plainview sang "Sunrise, Sunset", "My Cup Runneth Over", and "Wedding Song" during the ceremony accompanied by Mrs. Reed. The maid of honor was Peggy Book of Nazareth; the best man was A. W. Jones, father of the groom. Ushers were Steve Jones of Lubbock, brother of the groom, and Bob Shapland of Big Springs. Guests were registered by Janna Robinson of Spearman.

The bride, given in marriage by her father wore a white gown of organza over peau-sheer, fashioned with a yoke of Venice daisy lace trim with a pink ribbon insertion; double bell sleeves, empire waist line, and a full skirt trimmed in Venice daisy lace and pink ribbon insertion with a chapel length train. She wore a white picture hat trimmed with pink ribbon and flowers. Her cascade bouquet was of pink sweetheart roses, white daisies and baby's breath.

A special reading was presented by Lynn Brack, brother of the bride and the couple lit a unity candle at the end of the ceremony to symbolize the bond of marriage. The maid of honor wore a princess style dress of pink gingham check trimmed in white eyelet lace and carried a white wicker basket filled with daisies and baby's breath trimmed with pink gingham ribbon. She wore a pink floppy hat.

The bride's mother chose a long shirtdress of bone taffeta with gold piz stripes and the groom's mother wore a long dress of pink eyelet lace. Both wore corsages of pink roses.

At the reception immediately following the ceremony the serving table was laid with white eyelet lace cloth, accented by an arrangement of pink gingham flowers and pink candles. The 3 tiered wedding cake, punch, mints, and nuts were served by Mrs. Lonnie Holler of Spearman and Mrs. Tom Hungerford of Dodge City, Kansas.

For the wedding trip to Dallas & Six Flags the bride chose a 3 piece plaid seersucker pantsuit. The bride is a 1973 graduate of Spearman High School, and is presently a senior nursing major at West Texas State University where she is a member of Alpha Chi, and Texas Student Nurses Association.

The groom is a 1973 graduate of Plainview High, and is presently a senior accounting

major at WTSU. He is a member of Alpha Chi and WT Accounting Club.

The couple are at home at 207 15th St. in Canyon.

Out-of-town guests included Mr. and Mrs. Garland Edwards, Mr. and Mrs. Ed Henderson, Mr. and Mrs. Fred Howard, Mr. and Mrs. Don Wason, Mr. and Mrs. Reuben White, Mr. and Mrs. Hardy Carlisle and Dennis Sullivan, all of Plainview; Mr. and Mrs. Bunk Jones, Longview; Mr. and Mrs. Cecil Jones and Tamron, Mt. Pleasant; Britt Parker, Dumas; Frank Farmer, Canyon; Bob Shapland, Big Springs; Steve Jones, Lubbock; Mr. and Mrs. Wade Hill, Amarillo; Brenda and Cindy Hill, Canyon; Mr. and Mrs. Zane Edwards, Bison, Kansas; Mr. and Mrs. Ralph Stump, Larned, Kansas; Mr. and Mrs. Durward Smith, Pawnee Rock, Kansas; Mr. and Mrs. Tom Hungerford and Heather, and Mr. and Mrs. Everett Schnitzler and Peggy of Dodge City, Kans.; Mr. and Mrs. Riley Brack, Wichita, Kans.; Mr. and Mrs. Owen Jones and Mike, Muleshoe; Mr. and Mrs. W. Rob Williams, Amarillo; Sidney Birkenfield, Nazareth and Mr. and Mrs. Henry Robertson.

### Dahlia Flower Club Met

The Dahlia Flower Club met at 6:00 P.M. Monday, August 2nd for a dinner at Martin's Steak Garden with Mrs. Virgil Floyd and Mrs. F. J. Hoskins as hostesses.

The tables were decorated with floral arrangements of lilies, gladiolus, and pom pom mums brought by Mrs. Ceril Batton.

Mrs. Batton presided over the meeting.

Mrs. Gary Evans was elected secretary to finish the term of Mrs. Olin Sheets, who recently passed away.

Members gave a memorial response of how their friendship with Mrs. Sheets had affected their lives.

### To Conduct Revival

Rev. Abbott

Rev. Merriel H. Abbott will be the preacher for a revival at the First United Methodist Church on August 8-11. The Sunday services will be at the regular hours, with the services on Monday through Wednesday at 7:00 am and 8:00 pm. Rev. Merriel Abbott is the father of the local youth worker, Mark, and the brother of the local pastor. He is serving the First United Methodist Church in Brownfield, Texas. Before going to Brownfield he has served church in Slaton, Idalou, Amarillo, Crowell, Loraine, and Lubbock. He is a graduate of Texas Tech and attended Perkins School of Theology at S.M.U.

Rev. Abbott has four children. Mark Abbott, the local youth worker will be a student in Spain this fall and then will

come back to O.R.U. at Tulsa to graduate. The oldest son, Kenneth, is a senior at McMurry and daughter, Paula Nell, just graduated from High School in Brownfield and will be attending college this fall. They have one daughter at home, Melinda, who will be in the third grade in school at Brownfield. Everyone is invited and welcomed to all services.

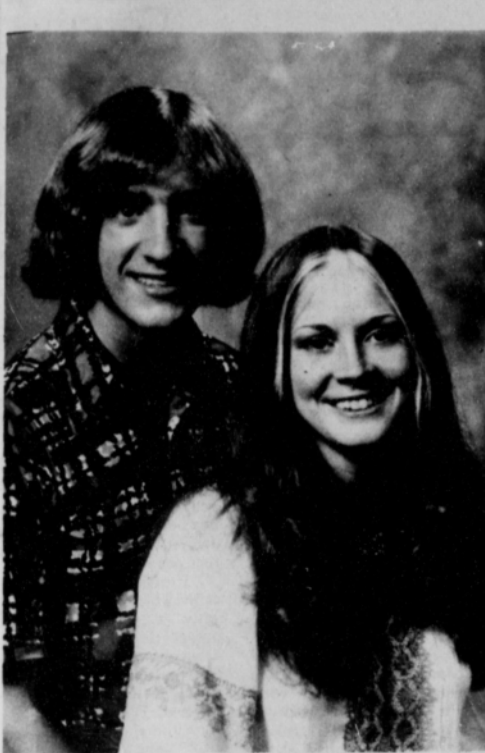

The Spearman Jaycee Club met July 20th for a clean-up work day at the Community Building.

Members present for the meeting were Fred Groves, Rusty Tindell and William King.

Next meeting is August 3rd at the Community Building.

Don Smith, of Spearman, underwent surgery in Amarillo this week. He is doing fine at last report.

Recent visitors in the home of Mr. & Mrs. Charles Hall were Mrs. Hall's sister & family, Mr. & Mrs. Jack Perry, Donika & Erik of Rogers, Arkansas.

### Engagement Announced

Mr. and Mrs. Sam R. Wyszog of Spearman are proud to announce the engagement and approaching marriage of their daughter, Janyth Lee, to Mr. Jimmy Del Beasley, son of Mr. and Mrs. Allan Beasley of Gruver.

The couple will exchange vows on Saturday, October 2, 1976 in the First United Methodist Church in Spearman.

### Our Heritage of Faith

#### notes from Faith Lutheran Church

The picnic for the Leaguers at Lake Frair was a big success. We swam and played softball and had plenty of food. We thank all those who came and shared with Linda and I our final Luther League event. This year the work with the youth of the churches has been a great blessing and a joy. Faith can be thankful for the fine youth she has. As a congregation we pray always for God's continual guidance with our youth.

Again just for a reminder, the 15th of August is Bruce and Linda's final Sunday at Faith. He will deliver his final sermon at that time. At 6:00 there will be a farewell picnic for them at Cecil and Myrna Bigger's home on S. Dresden. We hope and pray that all can attend both of these events.

In the book of Isaiah and then repeated in the Gospel of John the message is, to make straight the way of the Lord. In other words, we are to prepare for the coming of the Lord. Well, the Lord did come yet we are today still preparing. This is not something to be afraid of for in our Christian faith it is to be a great victory. The main experience a Christian should have is one of continual hope. We today especially need hope to live everyday in this world. The only true hope then is Christ Jesus. I personally pray for my friends at Faith and in the whole Spearman community that they might have hope, hope for today and tomorrow. It is the greatest gift one can receive.

If you have no home of faith we invite you to Faith. Morning worship is at 9:30 and Sunday School is 10:30 except in August when there is none.

### Presbyterian Church News

Sunday, August 8 is Family Reunion Day, a day set aside to encourage families to get together at least once a year.

There is a Sunday Church School class for every age group at the First Presbyterian Church at 9:45 a.m.

The Rev. Victor Andersen, pastor of Faith Lutheran Church, will be the guest minister on Sunday, August 8, at 11:00 a.m.

A warm welcome awaits anyone who attends any of these meetings and services of the First Presbyterian Church.

# Texas Flag To Fly Over Mt. Rushmore

**BICENTENNIAL SALUTE**--The State of Texas will be honored August 24, 25 at Mt. Rushmore National Memorial in the Black Hills of South Dakota. Rushmore is a national Bicentennial focal point and the site for the 111-day Days of Honor commemoration which will recognize each state and territory in the United States this summer.

**MT. RUSHMORE\***  
The State of Texas Lone Star flag will fly over Mt. Rushmore National Memorial in South Dakota's Black Hills Aug. 24-25, as this national Bicentennial focal point recognizes Texas in the National Park Service's 1976 "Days of Honor" commemoration. Sec. of State Mark White will receive the Texas flag in ceremonies at the memorial, August 25.

The Texas flag which flies over the memorial will be presented to Sec. White during our evening lighting ceremonies," says Rushmore Supt. Harvey Wickware. "Ceremonies both days will recognize Texas in the 1976 Days of Honor commemoration developed to fulfill Rushmore's role as a national Bicentennial focal point."

The Lone Star flag also flies in a special Avenue of Flags constructed for the Bicentennial at Rushmore. South Dakota Gov. Richard Kneip, on behalf of all South Dakotans, has invited any Texans traveling north to take part in their state's days at Rushmore.

The Mt. Rushmore Days of Honor program began May 21 and continues through Sept. 8, with each state and territory in the nation receiving homage at the Shrine of Democracy.

Located on a 6,000-foot-high granite mountain, the Shrine of Democracy was carved by Gutzon Borglum as a monumental summation of the American Republic. Borglum chose four Presidents (Washington, Jefferson, Lincoln, Theodore Roosevelt) to symbolize the growth of the United States. The portrait bust of each is 60 feet high.

Rushmore's unique attribute of being a memorial for the whole nation, rather than just one section, led to its national Bicentennial designation by the American Revolution Bicentennial Commission in 1971.

## Ruzzled by increasing utility bills??

Here's a big part of the answer.

### INCREASED FUEL COSTS

Of all the many pieces of the picture that make up increased utility bills, the tremendous jump in the cost of fuels needed to produce electricity is the biggest part. When oil prices began climbing at such a fast pace a few years ago, users of fuels turned to less expensive forms of energy. When the demand for these less expensive fuels increased, so did the price. So in just a few years' time, all fuels have become expensive. It appears that fuel prices are going to continue increasing. This means increased electric bills to insure the dependable service you've grown to expect from us.

# Janie Kirkland Receives Honor

Janie Kirkland

The Board of Advisors for the Outstanding Young Women of America Awards Program has announced that Janie Renae Kirkland, 4114 Van Buren, Amarillo, has been selected for inclusion in the 1976 edition of **OUTSTANDING YOUNG WOMEN OF AMERICA**.

Janie is the daughter of Mr. and Mrs. W. E. Kirkland of Spearman. She is a 1966 graduate of Spearman High School, received her Associate in Arts from Frank Phillips College in 1968 and attended WTSU.

She is presently news director for KZIP Radio in Amarillo. She is the only woman in the Amarillo market with this title.

She has held this position for 3 years.

She is membership chairman of Texas Press Women, and is a member of Big Sisters of America, and Washington Avenue Christian Church.

She is in running for the top 55 Outstanding Young women of America from which the top 10 will be chosen.

Janie is the second daughter of the Kirklands to receive this honor. Mrs. Larry (Nedra) Hays, now of Eufaula, Okla. was chosen four years ago for her outstanding work in the Home Demonstration Clubs in Hansford County.

The Outstanding Young Women of America Program is designed to honor and encourage exceptional young women between the ages of 21 and 36 who have distinguished themselves in their homes, in their professions and in their communities. Accomplishments such as these are the result of dedication, service and leadership qualities which deserve to be recognized and remembered.

This is the goal of the many leading women's organizations, college alumni associations and public officials who nominate deserving young women to participate in the program.

ing were read and approved. The treasurer's report was given.

The main reason for the meeting was the appointment of chairman for work at the Bloodmobile, August 12 at the Parish Hall of the Sacred Heart Catholic Church.

Attending were Mmes.: C. A. Kleeberger, Rosalie Butt, Virginia Trindell, Gail Smith, Judy Hergert, Hazel Stumpf, Doris Ellison, Barbara McClellan, Mary Cornelius, Joy McCormack, Elsie Mathews, Clementine Renner, Buena Lyon, Charlene McClellan and Ruth Crawford.

## FSL group in Holland

The Texas Panhandle European Studies tour group led by John and Mary Jane Reeves of Canyon, Texas, and made up of sixty-eight (68) area high school students and teachers crossed the North Sea by ferry from Harwich, England, to The Hook, Holland on July 19, 1976. The group enjoyed the six hour crossing, and they were met by their tour guides and bussed to their place of residence, a luxurious convention center in Noordwijkerhout, a town about forty-five (45) minutes from Amsterdam. The entertainment for the evening was exploring the nearby beach.

Tuesday, July 20, was a full day of sight-seeing in the City of Amsterdam. The group enjoyed a ride on the canals, visited the Coster Diamond Factory, a cheese farm, wooden shoemaker's shop, Anne Frank Secret Annex and the Rijksmuseum to see paintings by Rembrandt and other Dutch artists.

The political and educational systems were explained at the class held Wednesday morning, July 21. After the class several of the group visited Delft and watched a demonstration of the making of the famous pottery. This group also enjoyed Madurodam, a scale model of a Dutch city complete with moving processions, trains, cars, busses, ships and planes. The other portion of the group returned to Amsterdam for an

**Beef bull performance test set**

Oklahoma's pioneer beef bull test station at Panhandle State University, will begin the twenty-fourth year of testing when cattle are delivered to the test pens at Goodwell, OK on Saturday, September 11, 1976.

Area breeders and station personnel early recognized the need for such a program whereby potential herd and range bulls could be checked for basic economically important traits such as growth rate as reflected through weaning weight, yearling weight, and feedlot gain. As these traits are reasonably highly hereditary, substantial and meaningful progress can be made by selecting for them. Beef cattle in the 5-state area have unquestionably benefited as a result of the program and have agreed to sponsor or co-sponsor similar programs. This has occurred in Oklahoma, Kansas, Colorado, New Mexico, Nebraska, Iowa, and other important beef cattle producing states in recent years.

The Panhandle State station is open to all purebred beef cattle with a minimum of not less than 15/16 purebred breeding on new breeds. Prior cooperators, Oklahoma residents are accepted over out-of-state applicants at the same level; however, near all applicants have been accepted in recent years. Bulls must have a delivery weight on Sept. 11 equal to 2.15 lbs. per day of age if calved during Oct.-Nov.-Dec. of 1975, and 2.25 lbs. WDA if calved during Jan.-Feb.-March of 1976. Interested breeders should immediately contact - by letter - M. W. England, Test Manager, Box 186, Goodwell, OK 73939; stating number of head, breed, and age. Applicants will then be notified in late August as to pen space available to them.

IN RE: CONSERVATION AND PREVENTION OF WASTE OF CRUDE PETROLEUM AND NATURAL GAS IN THE HANNAS DRAW (DOUGLAS) FIELD, HANSFORD COUNTY, TEXAS

**NOTICE OF HEARING**  
ON THE APPLICATION OF TEXACO INC. FOR THE COMMISSION TO ESTABLISH A POOLED UNIT FOR A GAS WELL IN THE HANNAS DRAW (DOUGLAS) FIELD HANSFORD COUNTY, TEXAS

NOTICE IS HEREBY GIVEN To the public and all interested persons that under the authority of Title 102, Oil and Gas, and Chapters 21, 22 and 24 of the Texas Water Code, Revised Civil Statutes of Texas, the Railroad Commission of Texas will hold a hearing on Wednesday, SEPTEMBER 1, 1976, at 9 a.m. in its Hearing Room in the Ernest O. Thompson State Building, 10th and Colorado Streets, Austin, Texas, for the following purpose:

To consider the application of Texaco Inc. for the Commission to establish a 653 acre pooled unit for a gas well under the Mineral Interest Pooling Act (Article 6008c, R.C.S.) for certain properties in the Hannas Draw (Douglas) Field, Hansford County, Texas. Such proposed unit would be comprised of the following described properties:

"Section 74, Block 2, CH&H Ry. Co. Survey, Hansford County, Texas, containing 653 acres, the same being embodied in the two tracts, to-wit:

TRACT I: The west one-half (W/2) of the above described section and block, consisting of 326.5 acres, being that certain 326.5 acres of land described in Oil and Gas Lease dated May 2, 1945, recorded in Volume 12, Page 575, Lease and Contract Records of Hansford County, Texas, from H. H. Jones and wife, Georgia M. Jones, as lessor to Phillips Petroleum Company, as lessee.

TRACT II: The east one-half (E/2) of the above described section and block, consisting of 326.5 acres, being that certain 326.5 acres of land described in Mineral Deed dated August 25, 1926, recorded in Volume 31, Page 156, Deed Records of Hansford County, Texas, conveyed by H. H. Jones and wife, Georgia M. Jones, unto the Texas Company (the then name of Texaco Inc.)."

PURSUANT TO SUCH HEARING, the Commission will enter such rules, regulations, and orders as in its judgment the evidence presented may justify.

**OSHA Deadline Extended Change In Certification**

--Farmers now have until October 25 to comply with certain safety standards under the Occupational Safety and Health Act (OSHA) that were to become effective June 7.

The safety practices concern guarding tractor power take-offs (PTO), displaying safety signs and providing initial employee training for machinery operations.

"Even though the deadline has been extended, farmers should continue with preparations to meet these safety standards," advises Dr. Gary Nelson, agricultural safety engineer for the Texas Agricultural Extension Service.

Particular emphasis is on guarding the PTO drive line. The tractor shield on the rear PTO shaft must be kept in place, notes Nelson. However, the master shield may be removed when necessary to operate PTO driven equipment, provided the guards on such equipment cover the tractor PTO shafts.

"Regarding safety training, a farmer must instruct every employee in the operation and servicing of all equipment with

which that employee is involved," emphasizes the Texas A&M University System engineer.

Among the safe operating practices in which the employee must be instructed are the following: --Keep all guards in place when the machine is in operation. --Permit no riders on farm equipment other than persons required for instruction or assistance. --Stop the engine, disconnect the power source and wait for all machine movement to stop before servicing, adjusting, cleaning or unclogging equipment, except when the machine must be running to be properly serviced. --Make sure everyone is clear of machinery before starting the engine, engaging power or operating the machine. --Lock out electrical power before performing maintenance or servicing equipment.

The requirement for safety signs calls for such signs to be placed at prominent locations on tractors and PTO driven equipment indicating that power drive system safety shields must be kept in place.

Furthermore, when removal of a guard or access door might expose an employee to any equipment that continues to rotate after the power is disengaged, the employer must provide warnings to look and listen for evidence of rotation and not to remove the guard or access door until all component movement has stopped.

"Complying with these safety standards will make the farm a safer workplace, so they should become a part of the farm operation as soon as possible," advises Nelson.

**Social Security**

Some working wives who become disabled don't apply for social security disability payments because their husbands are still working and they think that makes them ineligible, according to Howard L. Weatherly, social security branch manager in Pampa.

"Under the law," Weatherly said, "a wife and her

children can get social security disability payments on her work record regardless of her husband's earnings.

"The children can get payments until they're 18, or 22 if they're full-time students in school and remain unmarried. A working wife facing a long-term disability should get in touch with a social security office without delay to get information about applying for disability benefits," he said.

Social security pays monthly benefits to eligible workers under 65 and their families if the worker is severely disabled and not expected to be able to do any work for a year or more. Payment generally starts with the 6th full month of disability. To be eligible for social security disability payments, most workers need at least 5 years of work under social security in the 10 years before they became disabled. For workers disabled before 31, the requirement ranges down to as little as 1 1/2 years of work, depending on age.

If you have any questions, please contact the Pampa Social Security Office located at 1541 North Hobart Street.

**PEGGY'S POINTERS**

Delicate yellow squash--high on the list of favorite summer vegetable is now at its peak growing season.

This vegetable is usually picked before fully ripe, while skins and seeds are tender. If allowed to ripen, the seeds and skin become hard and the flesh is fibrous.

A good source of Vitamin A and B-vitamins, the yellow summer squash contains only 30 calories per cup.

To maintain high quality, store in the refrigerator crisp or in plastic bags and use within three to five days.

If your garden has produced more squash than the family can eat fresh, then pickling may be a different way to preserve them.

Pickled squash are similar to traditional bread-and-butter pickles. Several types of summer squash may be used for pickling. But yellow and zucchini squash are most commonly used.

Below are two tasty recipes for pickled squash you may want to try.

**YELLOW SQUASH PICKLES** - 8 c. sliced yellow squash, cut about 1/4-1/2 inch thick, 1 c. apple cider vinegar, 1 T. pickling salt, 1/2 t. mustard seed, 1 3/4 c. granulated sugar, 2 c. chopped onion, 1/2 t. celery seed, 1/4 c. chopped green pepper.

Wash and slice squash. Sprinkle with salt and set aside for one hour. Bring vinegar and sugar to a boil. Add squash, onion and green pepper and bring to a boil again. Pack hot squash, onion and pepper into hot sterilized jars. Add mustard seed and celery seed to vinegar-sugar mixture. Bring to boil again. Pour over squash to wintin one-half inch of top of jar. Place lids on jars. Process 10 minutes in boiling water bath.

**CURRIED ZUCCHINI PICKLES** - 24 (7 pounds) medium zucchini, 1/3 c. mustard seed, 1/4 c. pickling salt, 4 t. celery seed, 3 c. granulated sugar, 1 T. curry powder, 3 c. vinegar.

Cut zucchini in one-fourth to one-half inch slices; sprinkle with the salt; add cold water to cover. Let stand three hours. Drain; rinse with cold water.

In 10-quart Dutch oven combine salt, vinegar, mustard seed, celery seed and curry. Bring to boiling. Add zucchini; heat through. Add do not boil--about five minutes. Pack zucchini and syrup into clean, hot pint jars leaving one-half inch head space. Adjust lids according to package directions. Process in boiling water for five minutes. Start counting time when water returns to boil. Serve chilled. Makes nine pints.

A little tarragon vinegar stirred into butter makes a good sauce for mushrooms and artichokes.

**YOU NAME IT!**

And the rains came! We received .50 (one half) inch of rain Monday night and Tuesday morning, and it really did cool things off in the county. I heard that the rain was heavier in the Morse area, upwards to 1 inch maybe! We did need the rain, and this will help make the beautiful corn crop, which is now growing in Hansford County. The maize, however, seems to be suffering from the drouth, much more than the corn. You don't dare say anything about the crops in the area, because the national news service would pick up the story, and the

market would drop! It is real strange to me, that the farmer is at the mercy of not only his consumer, but the entire nation, when it comes to getting a decent price for his crops! Everyone, is "his enemy" especially the consumer. They want cheap food any way they can get it! And, the best buy in America today is beef! But, the cattelman still doesn't have the "public relations" with the consumer that he needs! Every cow man in Hansford County should be jamming the doors of this newspaper wanting to "boost" the sales of beef! And, the lots should be fighting for ads in the local papers! Boys, you have a real product to sell, if we can get together and get it sold to the public!

School is getting ready to open in the county schools! In Spearman the school begins August 23! It is hard to believe that school ever started in August, but times have really changed! James Cunningham will rally his staff this next few weeks, and will open school on the 23rd.

The political situation is almost as exciting as the Olympics! By the way, I want to thank ABC for covering the Olympics! You really set a record viewer participation with your Olympic coverage. It sure is nice and unbelievable to go home, pull up your chair, and watch the kids in Montreal put on such a good show. And, a big thanks to the people of Canada for being such fine hosts. I award you a

Gold Medal for the best Olympic ever held! I think that I enjoyed the boxing and wrestling more than any other thing, or was it the diving and swimming, or maybe the volleyball and basketball? Anyway it was almost like watching the Lynx or Greyhounds to see our kids compete with those foreigners! Also, I see now why Muhammed Ali is the world's heavyweight champion. He is just too good for those amateurs! And, he still floats like a butterfly and stings like a bee!

On the sports scene this week, the Hansford Hustlers slow pitch softball team blasted their way into the finals of the Perryton Jaycee Tournament last Saturday and Sunday. The Hustlers defeated

Perryton Blue 12-10 and Booker 13-11, before losing their last two games. They just couldn't gather in enough boys to finish the tourney undefeated.

Just heard that Morse received 1.40 rainfall Monday night and the dam site at Fritch 3 inches! Lake Meredith can use some run-off this year as the lake has been put to use in some 9 cities! That still is one of the miracles of the plains!

Those of you who have been to the County Barn lately have probably noticed the two new air conditioners in the windows! I want to thank the Commissioners Court for buying these two coolers. They are 4800 cfm coolers, and

although they barely are big enough for the job, they sure will make the barn comfortable for meetings. I dashed out Saturday night to check the coolers out and they were just terrific! And, of course we will do the same thing for the Gruver Barn as soon as we check this one out. I think we could use even bigger coolers if we could find them! Once again, thanks to the Commissioners for these coolers! They are great and should be especially cool for night meetings at the County Barns!

An uncovered lemon peel will absorb refrigerator odors and add its own fresh smell.

**Farmers Not Up To 1949 Planting**

Even though it would seem that farmers are planting fence row to fence row this year, they have yet to match the 1949 planting figure when area devoted to cropland hit an historic high of 387 million acres--a figure yet to be attained since last year. More recently in the '60s and early '70s, U.S. cropland area ranged from 331 to 340 million acres. In 1974, farmers planted 93 percent of available cropland according to the USDA. In 1949, farmers were using up to 96 percent of capacity of cropland.

**Pheleo Circle Has Meeting**

The Pheleo Circle met Wednesday, July 21st in the Fellowship Hall of the First Christian Church. Chairman, Mrs. Darl Hergert presided over the meeting. Minutes of the previous meeting were read and approved and the treasury report was given. Discussion was held on a Work Day to work in the church garden and July 22nd was set. A book was placed in the library in memory of Colleen Jeffries. It was decided to purchase more study books.

It was suggested and voted on to start a relay for meetings. Mrs. Don Kunselman presented the Worship entitled "The Love That God Has For Us". Mrs. Charlie West gave the study from the 5th Chapter of the book, "How To Be A Christian Without Being Religious", which was entitled "Who's Slave Are You?". Refreshments were served by Mrs. Carl Kunselman to members, Mesdames: Don Kunselman, Janie Assiter, Darl Hergert, John Trimmell, Tommy Russell, Charlie West, Irvin Davis and Don Cates. Next meeting will be August 18th at the First Christian Church.

**FARM AND RANCH NEWS**

Spider mites, or red spiders as they are sometimes called, spell bad news for a garden. "There's no way to keep spider mites out of your garden, but it's a good idea to be able to recognize the pests and what type of damage they do," says Jim Kuykendall, county agent for the Texas Agricultural Extension Service. Spider mites are quite small, about 1/60 of an inch long, and can be white, red or green in color. They lay eggs on the undersides of leaves and the eggs hatch in about five days. The life cycle of a spider mite lasts three weeks.

Hot dry weather is particularly favorable for their development. Spider mites prefer beans, tomatoes and peas but will attack almost any plant. The bugs feed by sticking their mouthparts into leaf tissue and sucking out the juice while injecting a toxic substance into the leaf at the same time. "When a plant is infected with mites," says Kuykendall, "it shows up as tiny spots on the undersides of leaves. Heavy infestations of mites cause bleaching and yellowing along the main leaf veins at first and later the whole leaf is affected." After a while, the leaf's edges curl up, turn brown and eventually drop off the plant. If not controlled, spider mites

can completely defoliate a plant. Kuykendall recommends using only pesticide compounds specifically intended to control mites. These may have to be applied from two to four times and used once every five days. "Use pesticides only as directed and inspect your plants frequently to check for signs of spider mites," Kuykendall says. "Some good insecticides to use include diazinon, kelthane, malathion, ethion and sulfur."

**Alliance Meets**  
The Spearman Ministerial Alliance held a family supper Tuesday, July 20th at the Faith Lutheran Church. A delicious covered dish luncheon and Christian fellowship was enjoyed by Rev. and Mrs. Bruce Loewenhagen, Rev. and Mrs. C. E. Andersen, Rev. and Mrs. Bob Sifrit, Rev. and Mrs. Don Wirsdorfer and family, Rev. and Mrs. Ed Freeman and Mrs. Russell Pogue. Next business meeting will be September 7th at the First United Methodist Church.

**UMW Meets**

The United Methodist Women met July 28 for a luncheon. Mrs. Gary Woolley related her experiences at New Dawn Camp. The program was given by Mark Abbott, youth director of the church. His topic was "Churches in Spain". Hostesses were Mmes. Mac McCormack and Sid Beck. Others attending were Mmes. Roy Jones, Claude Smith, Russell Townsend, Gary Woolley, W. H. Tarbox, J. B. Buchanan, R. E. Lee, L. W. Rosenbaum, P. A. Lyon, Jock Lee, Harold Groves, Dick Countis, Clark Mires, Bert Sheppard, Ed Garner and the guest, Mark Abbott. The next meeting will be August 25.

**Know where charity money goes**

COLLEGE STATION—Potential donors to charities and religious organizations deserve to know how their money is to be spent. Sometimes it is wise for consumers to question what happens to the money contributed, Mrs. Lillian Chenoweth, a family resource management specialist, advises. "In 1975, almost \$20 billion was given by individuals—representing an \$80 donation from every man, woman and child in the U.S." This specialist is with the Texas Agricultural Extension Service, The Texas A&M University System. "For non-profit organizations, three basic kinds of expenses have to be met, and consumers should know how money is allocated among these three areas: program service, fund-raising and management." "Also, consumers should know how an organization makes decisions. Does the group have a functioning board of directors composed of responsible people with knowledge about the objectives of the organization?" The specialist advised potential donors to consider these points in deciding whether or not to give to an organization: --Request activity, managerial and financial information. --Request a statement of purpose from the organization. Who is the group trying to help? --Recipients are not obligated to pay for or return unordered items received, such as name labels, pens or stamps. --When receiving a telephone request, ask the solicitor to put the request in writing and to supply complete information. --If the solicitation is made door-to-door and the person is unknown to you, request identification. Do not give cash. Make checks payable to an organization, not an individual. --When buying a ticket to a fund-raising activity or purchasing items from a charity, determine what part of the total contribution can be deducted as a charitable contribution. "When in doubt about an organization, check it out with the local Better Business Bureau or the Consumer Protection Division of the Attorney General's Office, Austin," she reminded.

Pretty Tamera Scroggs models for the audience at the "Stars, Stripes, and Stitches" program held in Spearman

This group of young girls was featured at the 4-H dress revue Saturday night! Aren't they pretty; they include: Stephanie Friemel, Lesa Scroggs, Lynn

Brown, Mary Kenney, Cindy Hansen, Joe Ann Odegaard, Irma Flores, and Shelley Friemel.

### Mororecyclists invade Panhandle

Canyon, Texas, August 2, 1976: On the thirty-first of July, 250 large motorcycles invaded the Panhandle. The members of several clubs rode their big road machines from San Antonio to the Panhandle, spending the night in Canyon and attending the "TEXAS" show. They were joined by other cyclists from Oklahoma, Oregon and Pennsylvania. They left their motels and their campsites to form a parade. With police escort the black

and white machines with their helmeted riders swept through Canyon, then down through the park and finally into the theatre. After the show, as the wheels left the Canyon, their lights made a flowing snake of red up the Canyon wall.

The cast of "TEXAS" will continue to present the show nightly except Sundays through August 21, and there are seats left for almost all of the week nights.

For tickets and information call 806-655-2182, or write "TEXAS", Box 268, Canyon, Texas 79015.

### Hospital

Dismissed were Mary Hutton, Charles Roberts, Clark Mirces, Elwanna Eaton, Scott Genn, Donna Yarbrough, Jimmy Finley, Jr. and Don Smith were transferred.

A cat's whiskers are delicate sense organs which help him find his way about.

### ATTENDS TENNIS TOURNAMENT

Mrs. Robt. O. (Bob) Wright, of Spearman is attending a tennis tournament at Ulysses, Kans. this week. Her two sons are the defending champions of the tourney. One son, Cecil is in the air force at Canon base, in Clovis, and he is driving to Ulysses to be with her other son Lee, where they will team up in the big tourney. Mrs. Wright is also an avid bowler, and is looking forward to being with her two sons this week-end!

## CORNER CATCHER

The only center pivot in the world that hits the corners.

# 1

st we introduced center pivot

Since 1953 Valmont has pioneered the center pivot irrigation industry, and over 10,000 center pivots are now in operation. It's the fastest growing part of irrigation.

# 2

nd we made circles square

The Valley<sup>®</sup> Corner System is a revolutionary new center pivot that irrigates the corners. In a typical square quarter it means you can now get yields from 150 acres instead of 132. You can also irrigate any one corner or all corners.

## VALLEY ELECTRIC

### Look carefully at the tough one.

WE CAN GIVE PROMPT DELIVERY ON ELECTRIC SYSTEMS..... 2 to 4 WEEKS ON OTHER SYSTEMS.

## "Every service man we send to work on your system will be factory trained."

There'll also be a tremendous parts inventory to back him up.

Our service trucks are radio controlled for around-the-clock trouble shooting. No more waiting. Valmont is the largest manufacturer of center pivots in the world.

It only makes sense that we'd have the best service organization too.

Next time you have a problem—big or small—contact the Center Pivot Center.

We can help right now.

### PEGGY'S POINTERS

Keep cool for the hot summer months with fashions from cool, crunched and crinkled fabrics and loose, comfortable easy-care styling. Wovens and knits that imitate wovens are fabric favorites. Sheers, laces, gauzes, muslin and denims are the newsmakers.

Impressionistic prints.

patchwork motifs, wood block prints, stripes and bold south-of-the-border designs create fabric interest.

To show off a beautiful tan, bare the shoulders with cami-sole, skinny strapped, ruffled, one shoulder, or strapless necklines on fitted or blouson bodices.

Shorts have dropped to Bermuda length, and are often loosely cuffed above or at the knee. Gauchos are slimmed down and cut off just below the knee. Tailored or feminine

jumpsuits are a "dynamite" look for day or evening. Longer length skirts and dresses have a slimmer silhouette and hip-wrap details add interest at the hipline.

Tunics over narrow pants or soft skirts are often side tied, apron or kimono wrapped. T-shirts team up with skirts or pants to offer a perfect, cool combination and a great fashion look.

Fashions are 'tied up' with drawstrings, ribbons, ropes, and sashes, or with pin tucking, laces, smocking, elastic. Other popular details include tassels, beads, braids, and bright ethnic embroideries.

### Hail Insurance Workshop Set

The annual Crop Hail Insurance Workshop on corn, grain sorghum and soybeans will be held at Panhandle State University August 15, 16, & 17. The workshop is sponsored by the National Crop Insurance Association.

The workshop will attract over 100 insurance adjusters from 10 different states, including Washington D.C. Highlight of the workshop each year is the Hail Machine Demonstration where hail stones are used on the three crops as well as wind velocity measurement. The demonstration is scheduled for 8:00 A.M. Monday morning, August 16 at the Research Station one mile east of Goodwell.

The Morning sessions will be held in the field at the research station and classroom lectures will be held in the Student Union Ballroom.

Field lectures will include Growth Stage Identification of Corn, Soybeans, and Grain Sorghum Monday morning and Tuesday field lecture will include Plant Diseases by Dr. Roy Sturgeon, Professor of

Plant Pathology at Oklahoma State University; Insects by Dr. Bill Massey, Area Entomologist for the OSU Extension Department; and Weeds and Herbicides by Mr. Jim Howell, Area Agronomist for the Oklahoma Panhandle. Following the lecture a Loss Adjustment of Corn, Soybeans, and Grain Sorghum damage by simulated hail will be covered.

The 1:00 P.M. Monday afternoon session includes introduction by Mr. Raymond Peck, professor of agronomy of Panhandle State and of the workshop, and a welcome by supervisor Dr. Tom Palmer, President of PSU. Mr. John Ames, executive secretary of the National Crop Insurance Association will talk about the other research project across the United States and Mr. Jack

Clanton, manager of the Cro Hail Department for the Kansas Farm Bureau will talk about "What Are Here?"

Starting at 2:00 P.M. Mr. Peck will lecture on "The Soybean Plant". He will be followed by Mr. Jack Alexander, Director of the Research Station, lecturing on "Cultural Practices"....Dr. Wale Weibel, Professor of Agronomy at OSU will lecture on "New Development in Sorghum Breeding". Dr. Sturycor will lecture on "Disease Diagnosis and Yield Losses in Corn, Grain Sorghum, and Soybean Production."

For further information contact Mr. Raymond Peck, Professor of Agronomy, Panhandle State University, Goodwell, Oklahoma 73939.

### Gift For Speech And Hearing Center

Wales Madden, Jr., General Campaign Chairman of the Amarillo Speech and Hearing Center Building Fund, announced this evening that the Clearing House of Amarillo have made a collective gift of \$60,000, five percent of the 1.2 million dollar goal. This is the first major gift received in construction of the new Speech and Hearing Center, that annually serves more than 6,000 speech, hearing, and language impaired youth and adults in the High Plains Area of Texas, Oklahoma, New Mexico, Kansas, and Colorado.

"This is a generous beginning for the 1.2 million dollar campaign," said Madden, speaking to the approximately 150 citizens who will fan out to ask their fellow citizens for contributions to the campaign.

The present facility is a potpourri of three houses, a garage and a store--all integrated into a single unit. Its poor location, space limitations, and lack of access to public transportation dictate that a new facility be constructed in which modern technological equipment can be housed.

The Amarillo Area Foundation has donated three acres of land to the Center at the Amarillo Medical Center between the Texas Tech University School of Medicine and the Children's Rehabilitation Center. This location will encourage a centralization of services in such close proximity that joint use of space, facilities, and even staff can be accomplished, thus saving the community thousands of dollars in duplicated facilities.

Bryan Austin and Robert O. Mills are heading up the community campaign of concerned citizens, working with them in key positions are: Mr. Carl Hare, Jr., Mr. Jim Austin, Mr. Dick Brooks, Mr. Charles Woodburn, Mr. Robert Wilkerson, Mr. Jack Ward, Mr. Wesley Masters, Mrs. Doris Rogers, Mr. Bill Sewell, Mr. Larry Reid, Mrs. Glenna Brooks, Mrs. Pearlene Lamb, Mrs. O. J. Skelton, Mr. Charles Vaughan, Mr. W. L. Prather, Mr. Robert Sanders, Mr. Vernon Hansen, Mr. Bill Daniel, Mr. Lester North, Mr. Horace L. Price, Mr. Earl Wossum, Mr. Paul Phillips, Mrs. Pauline Hefley, Mr. William L. Brollier, Mr. James C. Pace, Mrs. Sharon Brown, Mr. Tom Buckner, Mr. Dan Moreland, Mr. Lee Napier, Mr. George Bentley, Mr. Jim Preston, Mr. Kerry Bowling, Mr. Steve Hipes, Mr. Reid Holland, Mrs. Jerry Shelby, Mrs.

Kim Burton, Mrs. Jack Gallarneau, Mrs. Bill Laseter, Mrs. Rex Radcliff, Mrs. David Hunkle, Mrs. James Aitken, Mrs. Marylynn Bergen, Mr. Jim Enloe, Mr. Jerry Knierim, Mr. Harry Neel, Mr. John C. Duncan, Mr. Charles Cathcart, Mr. H. J. Greenfield.

### UFO show at discovery center

Ever since the Old Testament prophet Ezekiel reported an encounter with a fiery, flying wheel, men have seen strange things in the sky. The Egyptians, Romans, and Greeks, saw strange things in their sky which they attributed to their gods. In a book called "Anatomy of Phenomena", the author, Jacques Vallee, reports over 200 U.F.O. sightings before the 20th Century.

Modern interest in U.F.O.'s dates from about June 24, 1947. On that date Kenneth Arnold, a businessman from the State of Idaho, was flying a private plane near Mt. Ranier in Washington. He reported seeing a group of nine objects flying above the mountains which he said looked like "pie plates skipping over the water". The newspaper reports described these objects as flying saucers, a name they

have called ever since. The Arnold sightings were given a great deal of publicity throughout the world and started a wave of U.F.O. sightings. Predictably, after so much publicity, people were seeing flying dishes, flying dimes, flying ice cream cones, flying shoe heels, and flying hubcaps. Seeing saucers became a national pastime. U.F.O. sightings seem to come in waves, depending on the publicity.

The peak year for U.F.O. sightings was 1962. In that year Project Blue Book was started by the Air Force to deal with U.F.O. sightings. Over 11,000 sightings were logged in the United States alone. Of these reports over 96 percent have been identified.

It seems ironic that Project Blue Book closed its doors and went out of business one month before the astronauts landed on the moon. Project Blue Book's final report concludes "no additional scientific knowledge can be gained by further U.F.O. study".

There are U.F.O.'s that have not been explained; ones that could not possibly be a hoax or contrived.

In the Milky Way Galaxy, of which our solar system is a part, there are about 100 billion stars, and there are more galaxies than man has been able to count. So the possibility for life on some other planet or planets is a definite possibility.

Could our U.F.O.'s come from there? Is earth actually

being visited by beings from outer space? Are U.F.O.'s a fact or a fantasy?

One conclusion is being presented daily at the Discovery Center.

The Discovery Center is located on the medical complex just west of Amarillo and north of I-40 where High Plains Baptist Hospital is located.

Shows are presented every evening at 8 P.M. except Sunday. Matinees are scheduled for 3 P.M. and 5 P.M. on both Saturday and Sunday.

### FACTS & FIGURES

On the average, according to the U.S. Bureau of the Census, the population of

Pennsylvania grows by about half a percent every year.

Sixteen Pennsylvanians work to make sure there'll be enough business to keep that steadily growing population working. They work for the State Department of Commerce as "regional representatives." They are pulse-takers, expeditors, information-dispensers, problem-solvers and all-round-catalysts for business in Pennsylvania.

One of them, Tom Stephenson, recently saved 40 jobs when a state inspector wanted to close down a small factory because of a paint booth violation. Stephenson kept the workers on the job while the infractions were corrected.

Through him, the Pennsylvania Department of Commerce helped finance 11 out of 16 companies in one industrial park. Those 11 now keep 850 people working.
