830 students enrolled in Spearman

Mr. James Cunningham
Superintendent of Schools

Eddie Clemmons
High School

Chemical People to meet

There will be a meeting of the Chemical People Thursday, Aug. 30 at 7:30 p.m. in the Hansford County Library. Wayne Hughes of the Panhandle Regional Planning Commission will be the special speaker at this meeting. We will be making plans for Rally Day to be held Monday, September 17.

Mr. Clemmons was the Jr. High principal four years prior to becoming the devoted high school principal that he has been for the last eight years. His pride and devotion are appreciated very much by everyone.

MARKETS

WHEAT	\$3.31
MILO	4.85
CORN	3.00

School bells began ringing Friday morning for some 850 Spearman students expected to attend classes the first week of the 1984-85 school year according to Superintendent James Cunningham.

Superintendent Cunningham says all indications point to 830 students in the early weeks of the fall semester.

School teachers expect a peak of about 830-850 students in mid-October, but the first weeks enrollment was 830 students.

In Elementary School, first bell will ring at 8:15 and the tardy bell at 8:25. Elementary will be out at 3:30 for 3rd and 4th grades. For kindergarten, first and second grade, school will let out at 3:00 p.m.

First bell for Jr. High School will be at 8:15 with the tardy bell at 8:20. Jr. High will be out of school at 3:30.

The High School first bell will be at 8:15 a.m., tardy bell at 8:20. High School lets out at 3:30.

One of the changes in this year's school operations is the absence policy. In order for an absence for illness, doctor or dental appointment, or death in the family to be excused, the high school office must be furnished a note written by parent or guardian. The student has three days to bring the note to change an unexcused absence to an excused absence.

The Elementary will be the largest school in the system with 341 students. Jr. High follows with 249. High School has 240 enrolled.

Allen Alford
Elementary

Mr. Alford has worked very diligently as the elementary principal for twenty-one years! He also taught fifth grade for five years. Mr. Alford enjoys working with the children in K-4 and they enjoy him also.

Kenneth Friemel
Jr. High

Mr. Friemel became principal of the Jr. High two years ago when he succeeded Mr. Robinson. Mr. Friemel's help and encouragement have been very beneficial to the students and faculty of S.J.H.S.

Biggest picnic of the year at swimming pool park

The Annual Chamber of Commerce picnic honoring our teachers, firemen, EMS personnel, police department, sheriff's department and Assembly of God ladies was held at the swimming pool park last week.

Meat for the hamburger cook-out was furnished by the First State Bank of Spearman and the First National Bank of Spearman. The Women's Division of the Chamber of Commerce acted as hostesses for the gala event. A record number attended the Hamburger and ice cream picnic. Homemade ice cream, as well as cakes and cookies was furnished by the Women's Division of the Chamber of Commerce.

Spearman is quite honored to have 2 paramedics, Michelle Davis and Ed Williamson, plus many outstanding Emergency Medical Service Technicians.

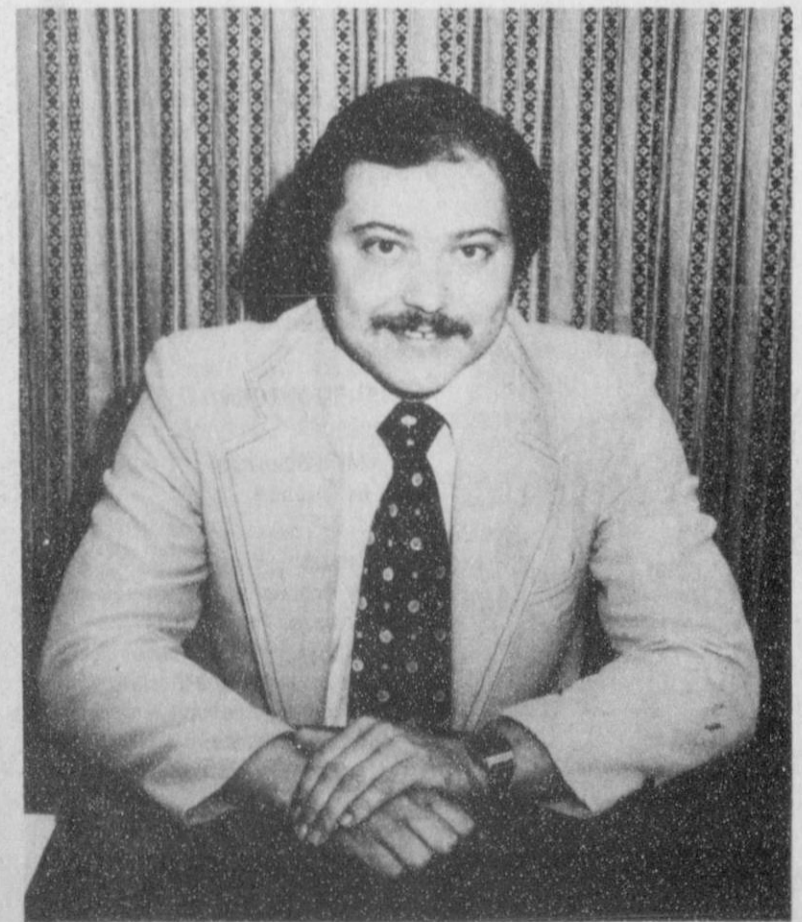

Master of ceremonies, Brice McRee bragged about the wonderful accomplishments of our Spearman residents, Carly Shieldknight, an outstanding swimmer, is a state champion. Andrea Archer has been outstanding in horse showmanship. As if this isn't enough, Travis Patterson is second in the state in roping and 6th in the U.S. These are only a few accomplishments by the young people of Spearman.

The Assembly of God women were honored because of the outstanding meal that they prepared for the Chamber at the regular noon meetings each month. Nancy Graves, and her WDC women were all dressed in new red blouses for the occasion.

Chief Alberts introduced the policemen; Sheriff McFarlin introduced the members of the Sheriff's Department; Superintendent Cunningham introduced the new teachers; the ladies from the Assembly of God were introduced as well as the EMS personnel. Chief Slater introduced the firemen also.

Sheriff and Mrs. McFarlin and
Mr. Curtis.

RANDALL SAUER

Randall Sauer formerly of Beaver, Oklahoma is now with the First State Bank in Spearman. He will be a vice-president in the Spearman organization. Randall's wife's name is Janet. Her grandmother, Mrs. Mickie Hill lives in Spearman.

Randall has been in the banking profession for 9 years, and is a graduate of the School of Finance, Wichita State. Janet and Randall were both originally from Dumas, Texas. His hobbies include golf, fishing and hunting.

Brice McRee was master of
ceremonies.

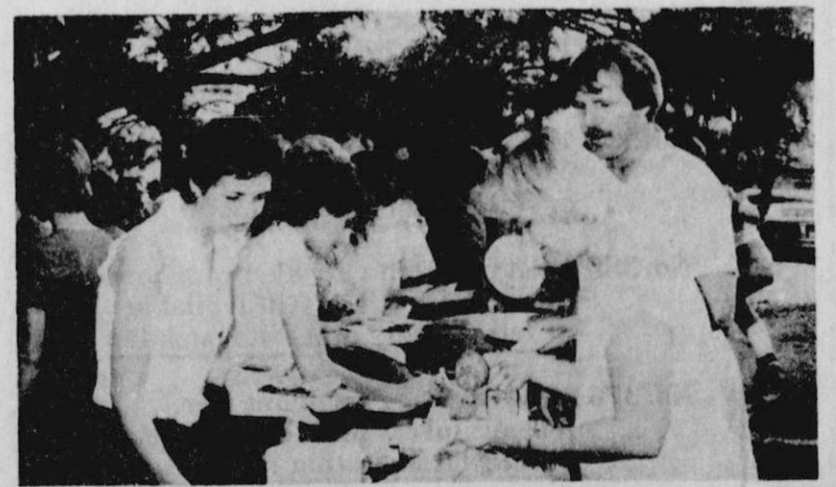

HOSPITAL

Patients in Hansford Hospital are Leonard Coryell, Raymond Coram, Ruth Rairdon, Aline Henderson, Rita Archer, Doris Arnes, Alta Morse, Jody Robertson, Jerri Prachar, W.O. Groves and Gid Nobles.

Dismissed were Lena Bell, Alice Fry, Billy Jack Pittman, Ruth Garner, Christine Hutton, John Robinson, Russell Shaver, Raymond Phelps, Randall Brogdon, Mamie Dry and Abby Reyes and son.

Superintendent Cunningham
and Mrs. Cunningham and
Wesley Jarvis, local teachers.

Chow time at the picnic.

Firemen and their wives.

FULFILLING A TEXAS TRADITION, the R.A. Brown Ranch team pictured here bested 12 other Texas ranches to become the Best Ranch in Texas at the

fourth annual Texas Ranch Roundup in Wichita Falls. Co-sponsored by Budweiser and the North Texas Rehabilitation Center, the roundup tests working

cowboys in events patterned after every day ranch work. The event has raised more than \$120,000 for three state charities in the past three years.

The feline touch: Inmates at Saxerriet Prison in Salex, Switzerland, are now permitted to have pet cats. Officials said 24 of 100 inmates keep cats in their cells. They seem to calm even hard-bitten criminals. Officials credit the cats with keeping the peace. The cats were allowed after a study recommended the animals for patients suffering from loneliness and depression. It's the cat's meow.

Tell it to the judge: Grant McBride was ordered out of his car by a policeman and given a ticket for speeding in Ventura, Calif. McBride tried to tell the officer he was innocent. The officer who gave him the \$160 speeding ticket was in no mood for explanations. He told McBride to tell it to the judge. So McBride showed Judge Kenneth Yegen a photograph of his car. The Volkswagen, shipped to McBride from Hong Kong, is driven from the right side. McBride, who was seated on the left was the passenger. Case dismissed.

Named after the Outaouac (or Outaouais Indian Tribe), Ottawa was founded as Bytown in 1827. Located on the Ontario side of the Ottawa River border with Quebec, the city was incorporated under its present name in 1855. It became the capital of the Canadian Confederation in 1857.

The average public swimming pool contains about 250,000 gallons of water.

Football helmets go back to the scarlet turbans worn by Rutgers College players in the 1870's.

PERSPECTIVES
BY CHARLES A. SALTER, PH.D.

EATING HABITS (PART II) — CAUSES OF EATING PROBLEMS: Last week we looked at various kinds of malnutrition like obesity and insufficient intake of vitamins and minerals. As many as half of all Americans have at least one of these problems in some degree, many to the extent that it damages their health. If a child is just a finicky eater because he's developed poor eating habits, then parents can and should try to improve those habits. But if he eats poorly because of a physical disease or mental disturbance, then no amount of parental discipline can improve the problem. In fact, parental concern, anxiety, exhortation, and punishment could well make such a case worse. Instead, they should take him to a doctor or other health care professional.

Any time a child's eating habits change abruptly or he seems in distress or unusually lethargic, parents should suspect one of these two types of problems:

First, an incredible variety of physical diseases and deficiencies can cause loss of appetite, bizarre dining room behaviors, or finicky eating. Here are just a few examples: some children have ALLERGIES to the protein in certain foods like milk or fruit. If they eat them, they have unpleasant symptoms like headaches, abdominal pains, or asthma. Soon, they learn to avoid these foods and perhaps others with similar tastes. Some children develop ANEMIA (insufficient red blood cells), perhaps due to poor eating, and then suffer a weakness and loss of appetite that leads to even poorer eating. A variety of INFECTIONS, especially ear and throat infections, make a child temporarily cranky and irritable and make it difficult for him to eat. These and a variety of other nervous systems and glandular disorders, as well as parasites, can cause eating problems that can't be cured by stricter discipline.

Various mental disturbances also relate to eating difficulties. ANOREXIA NERVOSA, for instance, leads to a life-threatening self-starvation as an extreme means of losing weight. BULIMIA results in enormous eating binges followed by purging via vomiting or laxative abuse. PICA occurs when a child repeatedly eats non-food items like dirt, matches, or flecks of lead paint, all of which can be poisonous or otherwise dangerous. Again, such serious problems can't be helped by mere discipline — the parents should take the child to a doctor. NEXT WEEK: How to improve ordinary bad eating habits.

Operator sentenced in credit card scheme

GLORIANNA GUIMARRA, age 51, formerly of Dallas, Tx., has been sentenced to serve five years in a federal prison, after pleading guilty to one count of mail fraud in connection with a scheme to defraud people who attempted to obtain Mastercard and Visa credit cards. Guimarra, who was indicted on 15 counts of mail fraud by a federal grand jury on May 8, 1984, pled guilty to one count of the indictment on July 24 and was sentenced on August 23 by U.S. District Judge Barefoot Sanders.

According to Postal Inspector in Charge D.C. Strader, Fort Worth, between June, 1983, and March 30, 1984, Guimarra operated two similar companies that placed ads in numerous national publications which led respondents to believe the companies could secure Mastercards or Visa credit cards for them, regardless of their credit standings. Upon responding to the 800 telephone number published, respondents were furnished a credit application which they were instructed to complete and return with a \$25 to \$35 fee in a business reply envelope furnished with the application. Those who sent money were sent a 20-page booklet on how to improve one's credit, but never a credit card.

The companies operated by Guimarra were INTERTRUST, 2552 Royal Lane, Suite 305, Dallas, TX. 75229, and CREDIT ASSOCIATION OF AMERICA, 8140 Walnut Hill Lane, Suite, 501, Dallas, TX., 75231. The addresses were mail drops; the companies were actually operated out of Guimarra's home located in a fashionable section of North Dallas.

Assistant U.S. Attorney Cheryl Wattle, who prosecuted the case, indicated there were approximately 5,000 victims of the scheme. Wattle and postal inspectors obtained Temporary Restraining Orders (TROs) on mail to Intertrust and Credit Association of America in March, 1984, which prevented delivery of mail to the two firms. False Representation Orders (FROs) were later obtained which allowed the mail, which

had been held because of the TRO, to be returned to the senders.

During the investigation, a search warrant was obtained on mail which had been detained due to the TRO. Approximately \$20,000 was found in mail which had accumulated during a 15-day period. Because of the FRO,

approximately 1500 to 1800 pieces of mail were returned to the public with a potential savings of \$50,000 to \$60,000.

Postal Inspector E.D. Odom, one of the investigators in the case, stated that those who respond to similar ads found in newspapers and shopper guides, are told that for a fee (usually \$25 to \$40) anyone can be

guaranteed a Mastercard or Visa credit card, regardless of credit history. After people pay the fee, they are either sent a complicated list of ways to improve credit so that a financial institution will eventually issue a credit card, or are told to place \$300 to \$2,000 in a pledged savings account at a financial institution which issues credit cards. Those who respond

to such ads, Odom noted, usually do so because they do not have that kind of money available for pledged savings accounts.

Strader also cautioned that just because similar ads are found in legitimate newspapers and magazines, the public should not assume the publish-

ers have verified the authenticity of such promotions. He stated that the investigation of other operators of similar credit card schemes in Texas and Oklahoma is continuing, and that other indictments are expected.

BURGLAR BOOK — "The Complete Watchdog's Guide to Installing Your Own Home Burglar Alarm," is a lengthy title for a step-by-step guide to putting in your own home safety alarm system. Security consultant David Petraglia is the author of the Prentice-Hall, Inc., manual. It's available now in bookstores — \$7.50 paperback; \$15.95 hardcover. © 1984 Suburban Features

NOTICE OF RATE CHANGE REQUEST

GENERAL TELEPHONE COMPANY OF THE SOUTHWEST hereby gives notice, in accordance with TEX. REV. CIV. STAT. ANN. art. 1446c, S43 (a), of its intent to implement a new schedule of rates for those customers residing in the State of Texas but who are served out of the Company's Guymon and Texhoma, Oklahoma exchanges.

The proposed changes will become effective November 9, 1984, and will affect all customer classes and are designed to increase the Company's revenue by \$5,467,98, less than one percent. The Oklahoma Corporation Commission's order allows GTSW to recover a revenue deficiency resulting from increased costs.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

A complete set of revised rate schedules has been filed with the Public Utility Commission of Austin, Texas, and is available for public inspection in the Company's Guymon, Oklahoma Business Office.

Cal Farley's Boys Ranch Rodeo

Nearly 400 young cowboys at Cal Farley's Boys Ranch are ready for two full days of rodeo excitement this Labor Day weekend. The past six weeks, youngsters ages four through seventeen have been working hard to be a part of the Boys Ranch Rodeo and only the best have qualified to ride. The boys will be riding calves, steers, Brahma bulls and bareback broncs, all competing for belt buckles, trophies and the titles of Junior and Senior All-Around Cowboys.

The Boys Ranch Rodeo is already drawing crowds from all over this region. Even folks in Los Angeles and San Francisco have reserved their tickets for one of the two big performances September 2 and 3. This year, about 10,000 rodeo fans are expected to see the rugged competition, colorful special events and the

antics of those popular Boys Ranch Rodeo clowns.

Plenty of reserved seat tickets are still available, even though box seats are just about gone. Reserve section seats are \$3.50, general admission is \$2.50, children six through twelve can get in for \$1.00. Tickets can be purchased at the Boys Ranch office in Amarillo, or by calling 806/372-2341. Rodeo guests are also invited to come early for some old-fashioned barbecue served at noon each day for \$3.00 a plate.

Among the spectators will be many of the Ranch graduates who are expected to return for their annual reunion. Since 1939, over 3,000 boys have called the Ranch home. This year, many will travel from all over the country to attend the rodeo and for a meeting of the Boys Ranch Alumni Association.

SALAD DRESSING — Use a third less oil in just about any dressing recipe to cut back on calories. Make oil polyunsaturated type, and increase vinegar for added tang. Substitute lowfat yogurt for mayonnaise in mayo-based dressings... 1 part yogurt to 2 of mayo is about right. Use less dressing on salads — the family will never notice.

WALL WORKS — End kitchen clutter by using wall and ceiling space. Suspend pots and pans from grids hung from the ceiling. Put up wall grids and hang cookwear and utensils from these to free counter space. Consolidate appliances by replacing toasters, mixers, etc. with new types that perform multiple functions. Store little used items in space above cabinets and under ceilings.

WOOD WORKS — To achieve a "natural" finish on a piece of wood furniture you're refinishing, use paste wax. Strip and sand furniture first; apply a stain as close to the original color as possible. After stain dries, apply paste wax and buff. Keep applying and buffing wax until soft, natural looking patina is achieved. Don't use wax on oak, mahogany or walnut — the open pores of these soft woods clot and finish remains dull.

Students at the International YMCA Training School in Springfield Mass. played the first official basketball game on Jan. 10, 1892. It was invented by Dr. James Naismith to provide indoor exercise between the football and baseball seasons. Naismith use a peach basket in the gym and players had to use ladders to retrieve the ball after successful shots.

Cecil Biggers presents program

At the Masonic meeting Monday night Worshipful Master Mike Schnell had a delicious hamburger fry before the Lodge meeting; Loyal Turner acted as chef and assistant chef to Mike.

Cecil Biggers in the eloquent style of a poet presented information written by Masons who were famous people.

When asked what is Free Masonry Benjamin Franklin wrote:

FREEMASONRY has tenets peculiar to itself. They serve as testimonials of character and qualifications, which are only conferred after due course of instruction and examination. Those of instruction and examination. Those are of no small value; they speak a universal language, and act as a passport to the attention and support of the initiated in all parts of the world. They cannot be lost as long as memory retains its power. The possessor of them be expatriated, shipwrecked or imprisoned, let him be stripped of everything he has got in the world, still those credentials remain, and are available for use as circumstances require. The good effects they have produced are established by the most incontestable facts of history. They have stayed the uplifted hand of the destroyer; they have softened the asperities of the tyrant; they have mitigated the horrors of captivity; they have subdued the rancour of malevolence; and broken down the barriers of political animosity and sectarian alienation. On the field of battle, in the solitudes of the uncultivated forest, or in the busy haunts of the crowded city, they have made men of the most hostile feelings, the most distant regions, and diversified conditions, rush to the aid of each other, and feel a special joy and satisfaction that they have been able to afford relief to a Brother Mason.

Benjamin Franklin Others quoted were: Joseph Fort Newton who stated - though a man may win wealth and sway the world not to miss the high prize of "self knowledge, self-reverence and self-control." He is wise who lives a simple, faithful life, building on the Square by the Plumb, toiling in the light of eternity.

Giuseppe Mazzini stated - Love! Love is the flight of the soul toward God; do not grovel on the earth in search of a felicity; do not

yield to adulation which inevitably would degrade you into egotism. To love is to give and take a promise for the future.

In the "Master's Apron" Robert Bums stated, in part-Guidewives and bairnies sing to the ancient badge with the apron string, that is worn by the Master Mason!

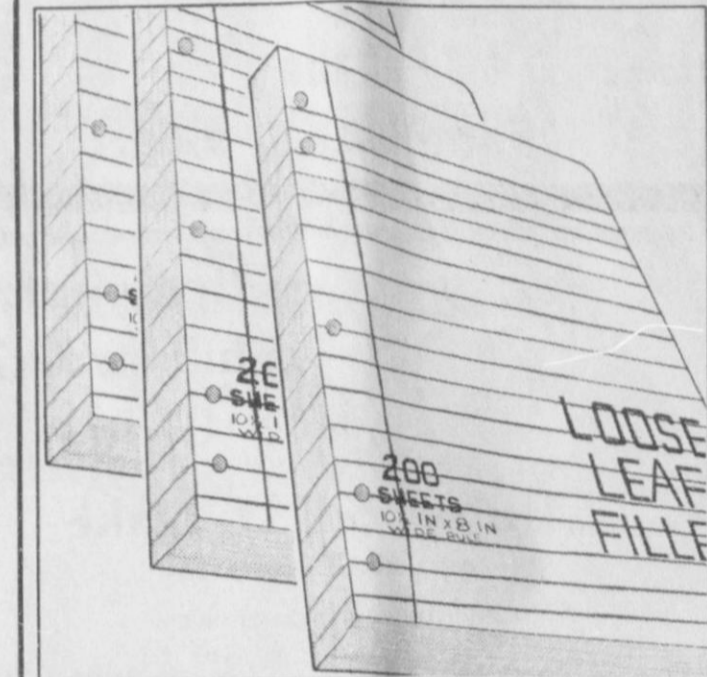

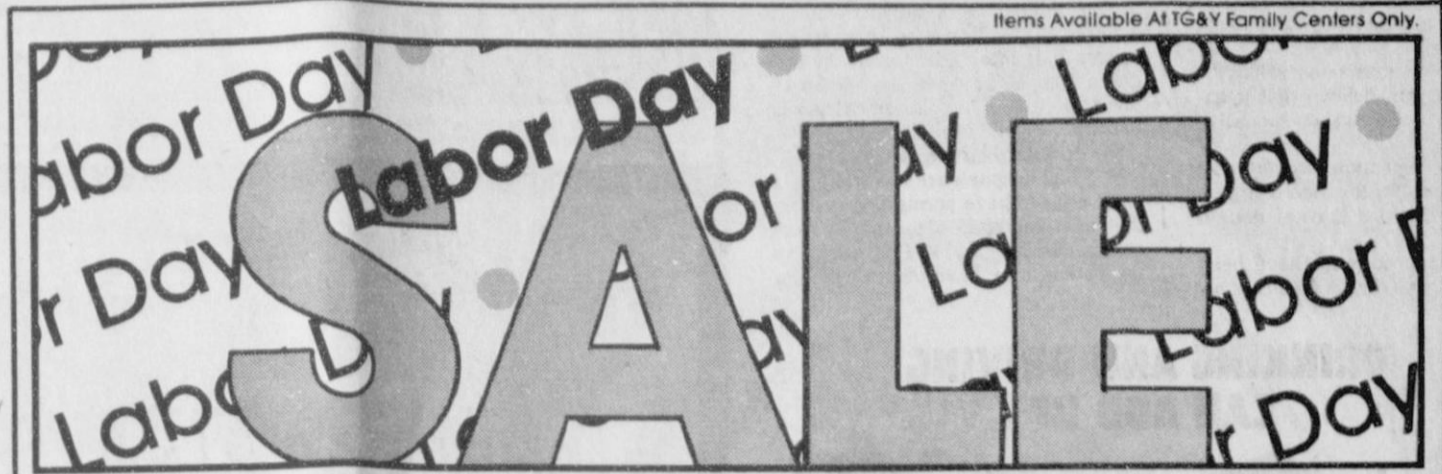

In the "The Cornerstone" R.J. McLaughlin stated in part-we have aid the stone all truly with a Master Crafts man's care, We have tested it and tried it by the level, plumb and square. We've made a firm foundation for our children's children's toil.

And Patrick Henry wrote: We are not weak if we make a proper use of those means which the God of Nature has placed in our power...the battle, sir, is not to the strong alone; it is to the vigilant, the active, the brave.

Patrick Henry Others saying from Samuel Taylor Coleridge and Rudyard Kipling were stated.

John R. Collard stated that all Masonic work is based on the Bible. Several former Masters of the Lodge were in attendance including: Clay Gibner, Major Lackey, Tommy Russell, Dwayne Smith, Raymon Kirk, Roy Lee Uptergrove, Dan Faries, Cecil Biggers, John R. Collard.

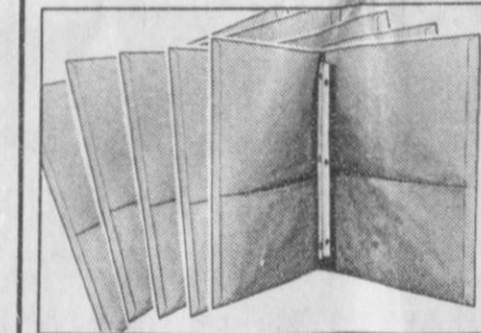

Several members of Gruber Lodge # 1326 attended the excellent meeting.

NEW MEDICARE REGULATIONS - PART I

Q. I've read several newspaper articles recently that say that due to new Medicare regulations, many small hospitals will be forced to close their doors because of financial difficulties. Can you explain this to me?

A. We discussed this a few months ago, but it is so important that it's worth covering again. To make it easier to understand, I'm going to list the factors that, working together, are likely to put the small hospital in a bind.

1. The administrators (federal) of the Medicare program believe that it has cost too much—and most doctors agree with this.

2. The new regulations are aimed at reducing the cost of the Medicare program, especially the portion due to hospital bills.

3. In the past, hospitals have been reimbursed for the care of Medicare pa-

tients on the basis of the cost of the care to the hospital, almost regardless of the length of hospitalization.

4. The new regulations will pay the hospital on the basis of the diagnosis of the patient, irrespective of the length of stay. All illness are broken down into about 460 "diagnostically related groups" (DRG's), each one of which will result in payment of a set amount of money. For instance, pneumonia might "be worth" \$2,000, regardless of whether the patient was in the hospital 2 or 22 days. There are some built-in allowances for complications, including age, but it quickly becomes obvious that the sooner the patient is sent home, and the fewer the tests that are run, the more likely the hospital is to break even or show a profit.

5. Rural hospitals tend to have a higher percentage of patients who are covered by Medicare, so they are hit harder than urban hospitals by the program. They also receive less reimbursement for each of the disease categories than the larger hospitals, because it is believed that their overhead is less.

6. Small hospitals are less likely than large ones to have accounting systems that keep daily track of the money spent on an individual patient. This means that the patient may have been sent home

days or weeks before the hospital learns whether it lost money, broke even or came out ahead on a patient. Many of them are finding that overall operating expenses are greater than income, and many small hospitals simply can't consistently operate at a loss.

STRENGTH TRAINING FOR WOMEN ISSUES AND ANSWERS

Current investigations indicate that women can participate in any sport they wish, and compete favorably with males in sports where size and strength are not a factor.

It is the intent of this article to answer some of the common questions females have pertaining to weight training.

1. Can females develop strength as fast as men?
Although the absolute strength of females is about two-thirds that of the male, the quality of the muscle is relatively the same. Thus, the female potential for muscular strength is relative to her body size and proportion of muscle mass to the total body size.

2. What are some benefits women can expect from strength training?

The benefits are many, so the following list is provided for simplicity: A decrease in body fat, increased strength; naturally, increased flexibility, a positive outlook on oneself, and healthy self respect.

The sun is 400,000 times as bright as the full moon and gives the earth six million times as much light as do all the other stars put together. Actually, most of the stars that can be easily seen on any clear night are brighter than the sun.

Booker here Friday

Spearman will host Booker here at 7:30 Friday night for a scrimmage. Booker will be much stronger this year; the 7-4 team will return fifteen letter men with seven offensive and seven defensive starters. Booker will be in a challenging position to win the 1-A district since the fourteen starters (seven both ways) are returning to the fold. It is one thing for certain the Kiowas will not be relegated to an obscure place in the standings. The Harris System rates Booker right behind Wheeler and Gruver in the 9 team 1-A district race. Fans will see one of the finest controlled scrimmages ever held in Lynx stadium Friday evening. Many observers think that the Booker club could waltz through the district un-beaten and this will give the Lynx a real test here Friday night. Some of the outstanding players include tackle Joe Martinaz 235 pounds, Tim Mounsey LB, 185 lb, and S Shawn Ammons 155 lb., formerly of Spearman and Gruver.

Two-Bit Sermons

by James D. Jones, Pastor Fellowship Baptist Church Salvation

Every day we ought to give thanks to our Savior in heaven that Salvation is free. Salvation as gift (Romans 6:23 and 5:8) is completely of God. Of all the men in scripture who we hold as righteous men of God claimed to be men of much sin. David in Psalm 51:5 says that his sinful state was a result of his birth. Paul wrote that this position as a sinner was that of chief sinner.

Colossians 1:20 says this, "And having man peace through the blood of his cross by Him to reconcile all things unto himself." When Salvation is given it is given by a work of Christ. When a man is saved it is by the grace and love of God John 3:17-18, Gal. 3:11, and Eph. 2:9-9. Why men believe that they can add to or help God in his dealings is a great mystery.

Galatians 3:13, says that Christ redeemed us from the curse of the Law. I'm thankful that Christ did the redeeming. That myself or any other man could aid me or help me in gaining my salvation would scare me. For if man can do it, it can be undone.

John Endecott, governor of the Massachusetts Bay Colony, brought the first apple seed from England. Apples soon became an important crop. In 1649 Endecott bought 200 acres of land, paying for them with 500 3-year-old apple trees he had raised.

Just heard about the owl with laryngitis. He couldn't give a hoot about anything.

L-Meredith rises slowly

Lake Meredith is rising slowly, reaching a depth of 85.09 feet at its dam near Sanford by early Saturday morning.

The rise on the lake, which cuts the southeast corner of Moore county, has been brought about by heavy rains since early August in the western Panhandle.

On Aug. 9, the North Plains lake was down to its lowest depth reading of the summer, 84.22 feet, according to records of the Canadian River Municipal Water Authority.

"These rains have certainly helped," observes a CRMWA worker. "The lake is holding its own."

Besides providing a recreation area for Panhandle residents, Lake Meredith provides municipal water supplies to 11 member cities, including Borger, Pampa, Amarillo, Lubbock and LaMesa.

Childbirth Classes

Prepared Childbirth Classes will be starting September 13. For more information call Carol Stavlo 882-4476 or Carol Fletcher 659-3761 work. Home 659-3172.

The ongoing story of the birthday brothers: You remember John and Sam Matar? They're the brothers who keep sending each other outlandish gifts. One year Sam sent John a pet rock, and John sent Sam 2,000 pounds of pebbles, saying the pet rock had babies. This year, John, of Chicago, received seven monkeys from his brother on his 42nd birthday. John had sent Sam an orangutan for his earlier birthday. "Crazy?" John asked. "I'm not, but I'm not too sure about my brother." Next year, a paddy wagon.

Reserve stadium seats today

Reserve seat season football tickets will go on sale on Monday, August 20th, at the school business offices. Those persons holding tickets last year will have until September 1st to claim the same seats. All remaining tickets go on sale on September 1st. The first home game is on September 7th at 8:00 P.M. with the Lynx hosting the White Deer Bucks.

Forty-two delegates from South Carolina, Georgia, Alabama, Mississippi, Louisiana and Florida met at Montgomery, Ala., Feb. 4, 1861, to establish the Confederate States of America. The convention adopted a provisional constitution and elected Jefferson Davis of Mississippi president and Alexander H. Stephens of Georgia vice president. A permanent constitution was adopted March 11. On July 20, the seat of government was moved to Richmond, VA., where it remained throughout the Civil War.

Scrimmage went well at Guymon

The scrimmage on Friday night between the Spearman Lynx and Guymon Tigers at Guymon was just what was needed for both teams. Scrimmages are essentially learning experiences, for the teams are put through a drill that are as close to game conditions as possible as the coaches watch and try to iron out the kinks. Each offense runs through a series of plays against the defense and vice versa.

At the outset, Spearman struggled on the ground and in the air. Although Spearman offense seemed to be running better in the air, and the Lynx defense was having some problems containing Guymon.

After each play the coaches would talk to their players, praise good performances and make corrections as adjustments were needed. As the scrimmage progressed and results of the coaching were obvious, the Lynx kept improving. The Lynx defense tightened up on the pass, particularly in rushing the quarter back and improvements could be seen in the Spearman offense also.

Fine tuning could also be seen on the offense and overall play got better. Players seemed to be digging in and getting organized.

Spearman gained 87 total yards in 20 offensive plays, Guymon rushed for 61 yards in 12 plays and passed for 52 yards in 8 plays for a total of 113 yards in their total of 20 plays.

In the second series Guymon had 10 plays for 66 yards. In this series the Spearman defense sacked Guymon quarterback twice and made one interception.

Spearman gained only 8 yards in their 10 plays.

During the final series of 4 plays "With goal to go" each team scored one touchdown the Lynx had improved remarkably.

The second team was almost identical with the Lynx gaining 69 yards in 14 plays while Guymon gained 75 yards in the same number of plays.

Statistics were not kept for JV and Freshman scrimmages.

The scrimmage was worth while and successful for both teams. Each side showed improvements as the scrimmage progressed and each coach was pleased with the overall performance of his team.

Twenty-four hour time is widely used in scientific work throughout the world. In the United States it is also used in operations of the Armed Forces. In Europe it is used in preference to the 12 hour a.m. and p.m. system.

The original plan of the U.S. Capitol was drawn by Dr. William Thornton of Tortola, West Indies, and accepted April 5, 1793.

There are 31 archdioceses of the Roman Catholic Church in the United States.

The fifth largest planet in the solar system, the Earth has a mass of 6 sextillion, 588 quintillion short tons.

Before you try to apple-polish the boss, be sure the Old Man isn't walking around with loose dentures.

Gripes of the '80s: Professor Michael McGill of Southern Methodist University in Dallas, Texas, found that more wives than men complained about their sex lives. McGill surveyed 1,000 men and women, studying the attitudes of married couples. Approximately 25 percent of the women who responded complained about their sex lives — not the quantity, the quality. Male complaints were with the quantity. The women felt that sexual activity was male-dominated and slanted toward satisfying the male, adding that husbands became angry, defensive, rejected or withdrawn after they suggested changes. Males who complained about sex most often were bothered by the infrequency of sexual activity. Like the women, they also said they had trouble talking their partners into making changes. Listen my children and you shall hear.

James Cunningham Speaker at Rotary

James Cunningham, Superintendent of Spearman Schools, was the guest speaker at the noon meeting of the Spearman Rotary Club. He gave a very informative talk on the affect the bills recently passed by the Legislature will have on the Spearman School system. The following are some of the items discussed.

To summarize in "capsule" form:

Exams- If an examination is offered in a course all students must take the examination even if their grade average is 99.

Report cards- Report cards must be signed by the parents and returned.

Unexcused absences- No more than 5 unexcused absences - illness, death in family, quartine and bad roads the only exceptions.

Failing- At beginning of Spring Semester: If a student is failing in any course that student can not participate in extra curricular activities such as choir; band; speech; student Honor Society, FFA, football, basketball, etc.

Drivers Education- Also, their will be no state funding for Drivers Education.

Senior Update

BY VIVIENNE BODEAU

CANCER NEWS

Do you remember when we spoke in bated breath about someone who had cancer? We never actually used the word. Simply said something like, "You know she (or he) has been ill for months, has that disease they can't cure."

Well now, we use the word and we face up to this killer disease and often even lick it. Having lost several friends to cancer and also have several who have survived the disease we have been reading some of the latest developments in the field of cancer research.

We found the American Cancer Society's recent pamphlet on research interviews most interesting. It is on this pamphlet that we base the following remarks.

Dr. Robert A. Weinberg of M.I.T. (Massachusetts Institute of Technology, says, "Most of the cancer that we acquire is not due to the aging process. It's due to insults that affect our cells." And Dr. Frank J. Rauscher, Jr., ACS Senior Vice President for Research, adds, "Cancer doesn't occur in people because we are born people. Cancer occurs because of something we do."

Dr. Weinberg says that the most exciting thing that has happened in cancer research recently is the insight that has been gained into the molecular changes that occur when a normal cell is converted into a cancer cell — the process called transformation. Specific genes in many kinds of cancer cells have been found to induce the normal cell to change. They are called oncogenes.

Weinberg adds, "For a long time, the cancer cell was a black box to scientists... now at last we've begun to find the switches."

We are told that oncogenes come from normal growth controlling genes that have gone awry. It takes only one cancer cell to make a tumor. The cells contained in that tumor are the descendants of one, only one, cancer cell.

Only one fourth to one fifth of those in the U.S. contract cancer and going back to the opening statement that cancer is not due to aging but due to insults that affect our cells we can help to avoid cancer.

The insults are caused by various chemicals that are brought into bodies from the outside. Many of these chemicals, such as cigarette smoke, are avoidable.

"Cancer occurs because of something we do, we eat, we drink, we smoke, where we work and, to some extent to where we live," says Dr. Rauscher.

Services held for

Jesus Mendoza

Jesus Jose Mendoza, 75, died Thursday in Muleshoe.

Services were at 11 a.m. Monday in Immaculate Conception Catholic Church with the Rev. Pat Maher officiating. Burial was in Muleshoe Cemetery by Ellis Funeral Home.

Mr. Mendoza, born in Brownsville, had been a resident of Muleshoe 30 years, moving from Donna. He married Genoveva De La Cruz May 15, 1967, at Muleshoe. He was a farm laborer and was a Catholic.

Survivors include his wife; six sons, Raymond of Beeville, Jimmy of San Angelo, Joe of Mercedes, Jesse of Los Angeles, Joe Flores of Muleshoe and Arturo Esquivel of Spearman; four daughters, Lupe Hernandez of Los Gatos, Calif., Josefina Carmona of Weslaco, Rosa Hernandez of Muleshoe and Angie Lopez of Spearman; two sisters, Tomesa Reyes of Plainview and Maria Ramos of Weslaco; two brothers, Jose Ramos of Fort Worth and Pedro Ramos of Donna; and a number of grandchildren and great-grandchildren.

Reunion

An Oslo School reunion is planned for all Oslo School teachers, students and spouses (1908-1962) and all Oslo Vacation Bible School teachers, students and spouses (1926-1949) on Sunday, Sept. 2 at the Oslo Lutheran Church Parish Hall. Bring a picnic lunch. Plans are to eat at 1 p.m. Plates, cups, napkins and drinks will be furnished. Pictures will be available for viewing. Anyone unable to attend is asked to write a letter so acquaintance can be renewed. For more information write or call Ingeborg (Dahl) Sogn, 806-339-7329; Star Route 3, Box 107, Gruver, Tex. 79040.

Twelve youth enter Hansford County Bake Show

Brooks Beck, Barry Beck and Wayne Thomas all won red ribbons at the Hansford County

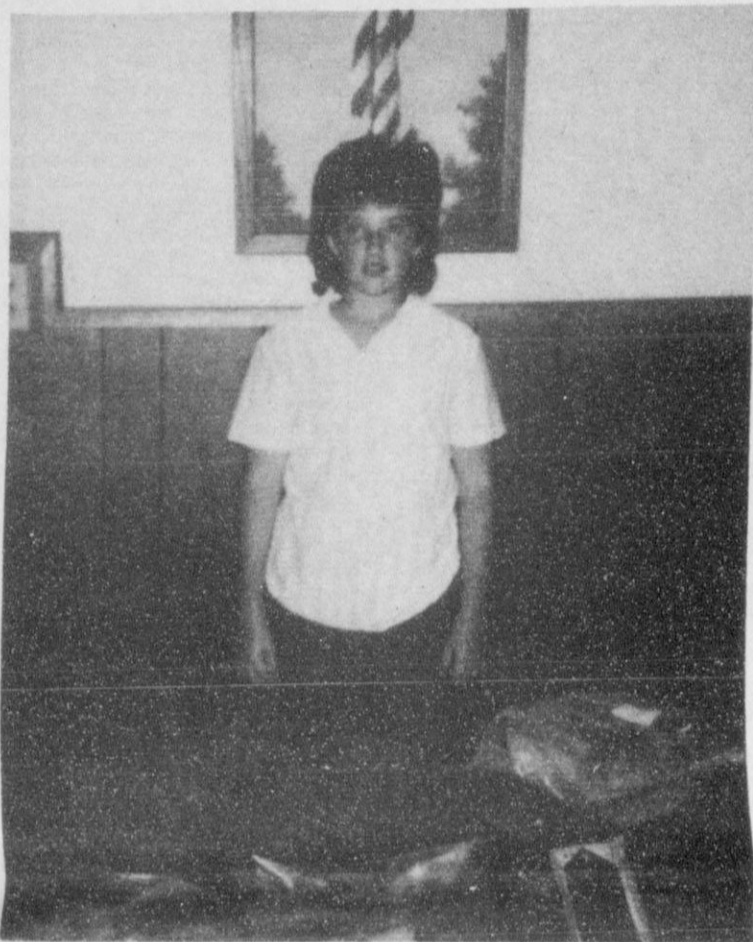

Bake Show held Saturday, August 25. The three boys made perfect peach muffins for the bake show.

The Hansford County Bake Show was held Saturday, August 25 at 1:00 p.m. Twelve Hansford County 4-H'ers entered this years show. The purpose of this show is to promote our number one product of wheat. The juniors made perfect peach muffins, while the seniors entered with whole wheat honey bread.

The program began with the 4-H pledge and motto given by Monte Beck, followed by the Pledge of Allegiance by Wayne Thomas. Awards were presented by Karen Harruff, County Extension Agent.

Those entering were Pee Wees: Kim Wagner, blue. Juniors: Karen Cotter, red; Wayne Thomas, red; Alicia Thomas, blue; Lynette Williams, blue; Karla Kunselman, blue; Brooks Beck, red; Deana Turner, blue; Cinda Turner, blue; Barry Beck, red; Seniors: Monte Beck, red; Stephanie Friemel, blue.

Senior winner was Stephanie Friemel, alternate Monte Beck, Junior winner was Alicia Thomas, alternate Karla Kunselman. They will both be participating August 1 at the Tri State Fair. The program will be held at 2:00 p.m. and the public is welcome to help support our local 4-H'ers at this contest.

Cinda Turner won a blue ribbon in the Pee Wee division of the Hansford County Bake Show held

August 25. Cinda's entry was perfect peach muffins.

Fitness Fantasia to begin

Have you taken a vacation from regular Aerobic exercise this summer? If so, it is time to get into the "swing" of things, both literally and "figuratively" and take the afternoon FITNESS FANTASIA aerobic dance exercise class! It is made up of about 5 to 7 minutes of warm up movements, then approximately 20 minutes of fast simple dance movements to raise your heart-beat to its working rate (which raises the metabolism and burns off ugly fat) and then cool down movements. The dance movements are fun and easy to learn and there is about 15 to 20 minutes of floor exercise for those trouble spots (abdomen, fanny,

thighs, etc.).

The class is a slightly shorter version of the night FITNESS FANTASIA class and will run from 4:15 to 5:00 on Mondays, Wednesdays, and Fridays. It will start out at the YMCA exercise room and when the weather gets cooler, will move to the Junior High little gym.

It is taught by Wanda Archer, a certified Fitness Fantasia instructor. The cost will be \$12.50 per quarter for "Y" members and \$27.50 per quarter for non-"Y" members.

The routines range from country-western music to religious music to rock and are all fun! Come join us and dance your way to physical fitness.

Caring For Children

BY ANDREA PAUL

Dear Andrea:

My oldest daughter is now sixteen years old. She is just beginning to date. Boys call her often, and occasionally drop by to visit her after school. The other day while I was taking her brother to ball practice and picking her sister up from dancing, a young man stopped by to visit her. When my husband came home they were sitting on her bed, playing cards and listening to music. He was furious. He told her that "nice girls" don't entertain men in their bedrooms. She is now on restriction for a month and forbidden to have any male visitor when there is not someone else in the house. This seems unrealistic to me since with all the activities of young people today, I spend most of my afternoons carting her sister and brother around, leaving her alone at home. Where else can a young couple visit if not someone's home? She is a good girl. I feel we can trust her. After all, anything she could do here at home, she could do some where else. What do you think?

Gayle

Dear Gayle:

Your husband's punishment is probably a little too harsh, since it is obvious that you never talked to your daughter about what was expected of her. You and your husband need to come to a consensus between yourselves about what is best, and then let her know your rules.

Hopefully, by sixteen years of age, your daughter knows right from wrong. However, even if she's a "good girl" as you say, she needs firm guidelines to help her chart her way through this new territory of dating. The best and strongest of us can slip if the temptation is too great. It is best to protect her from compromising situations by insisting that someone be at home with her.

As for entertaining in the bedroom, I do not feel that it is proper. It is tempting to allow your teenager to use his/her bedroom when entertaining someone of the opposite sex, especially if your home is small and the record player is located in the teenager's room. If it is absolutely the only solution, go ahead and allow them to use the

bedroom, but only if the door remains open and there are other people at home. If at all possible, have your teenager use another room, even if it means putting the teens in the living room and crowding the rest of the family into the kitchen.

Don't be afraid to set guidelines for your child, even if she protests. Guidelines help your child find the way, and let her know you care.

"A Centerpiece"

It seems things have been rather slow at the center. Maybe its the hot sultry days we've been having and maybe it makes us feel like folks in the south to just get a chair and sit in the shades or stay at home with the air conditioner turned up full blast. Anyway not many quilters on Monday but they are gaining and the quilt is lovely.

This is our first complete week of school, of course they will have Labor day off but next year with our many new school laws, schools will not start till after Labor Day, which seems right to us.

Let us remind everyone again to be careful when driving in or near a school zone as our children are not always careful looking before crossing a street. Lets be watchful for them and in so doing a life might be saved.

Our craft day is Thursday of each week. Last week we worked on punch out on metal taught by Karen Harruff, Home Demonstra-

tion agent. She is a lovely instructor and want her to know the folks present enjoyed the lesson and pretty pictures that were made by each. We may have more of this later if you happened to miss this one. So do drop in bring a covered dish and stay for dinner. It is a fun day and we may be selling some of these at our spring bazaar.

Have you seen the cats that we make with yarn? These are quite unique in their way. If you haven't seen them drop in when you're downtown. No two facial expressions are alike and these will also be sold at our bazaar.

This Tuesday hamburgers etc. were served at 6:30. The makings were furnished by Pete Fisher's Thriftway and Senior citizens furnished salads and desserts. This was one of our better meetings. Hope you remembered the date and were there. See ya.

SEAL TIGHT — It's time to eliminate "heat stealers" from the home or apartment with caulk. Using today's good caulking materials, any homeowner can seal cracks and gaps around windows and doors; openings around air conditioning units, dryer vents, chimney flashing, even outdoor lighting units. Consult with a hardware advisor about the right kind of caulk for the job... one you might want to check out is General Electric's long lasting "Silicone II," a sealant for home use.

The first session of the First Congress of the United States, meeting in New York, submitted to the states on Sept. 25, 1789, the original constitutional amendments now known as the Bill of Rights.

Somalia is the world's principal source of the incense resins frankincense and myrrh. It was known to ancient Egypt as the "Land of Aromatics."

Hutchison-Rodgers Military Wedding

MR. & MRS. JAMES RODGERS

Miss Gina Lee Hutchison and 1st Lt. James Gregory Rodgers were united in marriage in a double-ring candlelight military ceremony at 3:00 P.M. Saturday, July 28 in the First Baptist Church of Spearman, Texas by Rev. Leland McCullough of the First Presbyterian Church of Spearman.

The bride is the daughter of Mr. and Mrs. Dwight E. Hutchison of Spearman. Parents of the groom are Mr. and Mrs. George O. Rodgers of Jacksonville, Florida.

The bride entered on the arm of her father down a white carpeted aisle marked with hanging half baskets of pastel summer flowers trimmed with pink ribbon streamers, as the church chimes were played.

The theme of the church decor was a summer country garden. The couple took their vows beneath an American Beauty rose covered arch in a natural setting of rock groupings from which grew clusters of pink primroses, blue wild iris and deep pink rudrum lilies with pink blossom cherry trees forming the background. Highlighting the musical instruments were a pair of cathedral candelabra bearing pink tapers, pink rosebud sprays and green garland tied with large pink bows. Two large fireside baskets filled with arrangements of parrot tulips, lilies, oriental poppies and fringed daisy mums in shades of pink, orchid, lavender and burgundy with white and citron colored fruit blossoms sat on each side of the church chancel. Beside these, a pair of spiral candelabra holding votive lights further extended the nuptial setting.

Rev. McCullough wrote the service especially for the couple. Mr. Eddie Martin, pianist and organist, played for the ceremony and reception. Mrs. Lisa Miesner, soloist, sang "Love Lifted Us Up Where We Belong", "Wedding Song" and prayer lyrics to the melody of "Edelweiss" while the couple knelt.

The bride wore an Alfred Angelo Victorian floor length gown designed by Michele Piccione of white silk organza trimmed with Chantilly and Venise lace with a wedding ring collar, short pouf sleeves and drop shoulder yoke of English net and Schifflie embroidery encrusted with pearls, sequins and narrow satin ribbon. The skirt with fitted waistline was encircled with row upon row of alternating bands of lace ruffles forming a chapel train in back. A double tiered lace trimmed veil of imported illusion was attached to a white floral wreath purchased by the bride in Germany.

The bride's bouquet was a cascading lace nosegay of deep pink rudrum lilies, white Killian daisies, white stephanotis and baby's breath with white lace and pink satin streamers tied in love-knots entwined with miniature electric lights.

For the something borrowed and something old, the bride wore

a pair of diamond earrings of her mother; something blue was the traditional garter and something new was her teardrop diamond ring. The lucky six-pence in her shoe was acquired by her uncle, the late Wayne Hutchison, during World War II and previously worn by her two sisters in their weddings.

Matron of honor was Rebecca Duncan of Roscoe, sister of the bride. Cynthia Sullivan of Waco, sister of the bride and Andrea Kempf of San Antonio, college roommate, also attended the bride. All wore identical floor length gowns of pink organza, fashioned with three tiered caplet sleeves and bustleback skirts accented by a self-fabric single rose at the waist. Each carried bouquets of 'garden-picked' flowers of the brides' chosen colors and wore pink floral wreaths in their hair.

Flower girl, two and a half year old Katherine Duncan, niece of the bride wore a short white silk multi-ruffled dress with a wide sash and polka dots of deep pink and a miniature pink floral wreath hairpiece.

Nanelle Kiser of Dumas served at the registry.

Best man was 2nd Lt. David Rodgers, brother of the groom of Jacksonville, Florida. Groomsmen were 1st Lt. Timothy J. Gallagher and 1st Lt. Rick Hoss stationed at Ft. Hood, Texas both West Point classmen of the groom, were attired in Dress Blues of the United States Army. The bride's father and ushers wore navy tuxedos with pink rosebud and white stephanotis boutonnières.

Guests were seated by brother-

in-laws of the bride, R. David Duncan and Thomas J. Sullivan.

Recorded music of "Isn't It Always Love" was sung and played while the wedding party was escorted from the church.

Mrs. Hutchison and Mrs. Rodgers, mothers of the bride and groom both wore gowns of dusty rose. Mrs. Hutchison's was floor length of organza and knit. Mrs. Rodgers' was ankle length of Cluny lace. Their corsages were rosebuds and daisy mums in shades of dusty rose and pink.

A West Point Honor Guard executed the Saber Arch Drill at the foot of the church steps through which the couple passed. The newly married couple was driven to the reception held at the B and B Farm Industries Building in a black 1955 Classic Thunderbird convertible owned by George Rook of Spearman.

The bride's table was covered with an ivory lace cloth unlaidd with pink. The three tiered wedding cake was encircled at the base with ivory gladiola edged in pink and fruit blossoms, with a corsage of the same between the columns and first layer topped by three lace trimmed wedding bells. Pink frosted hand-blown Art Glass baskets held the pastel rosebud decorated mints and praline pecans. The spiral walnut candelabra centerpiece decorated in the same flowers as the cake and holding pink frosted glass rosebud votives flanked on each side by pink tapers sat on a three-piece beveled mirror runner.

The bride's cake was traditionally cut with the West Point saber of the groom.

Cincy Cox of Amarillo presided at the silver punch bowl and Teresa McKelvy of Lubbock served the bride's cake.

Red, white and blue were used on the round groom's table which was laid with an ivory lace cloth, matching the rectangular one on the bride's table, unlaidd in navy. A lighted silver fountain adorned with cherubs held a red grape beverage. The groom's cake was white chocolate topped with three American flags and sat on a crystal cake stand trimmed in red, white and blue striped ribbon. Serving the groom's table was Denise Harbour of Spearman and Nanelle Kiser of Dumas.

A side buffet of cheese, meat, and relish plates with assorted crackers and watermelon moats filled with fresh fruits complimented the bride's and groom's tables.

The cakes, church decorations and all of the flowers except the bride's bouquet were done by the bride's mother.

The bride received a B.S. degree from Texas Tech University from the school of Home Economics in Early Child Education with a teacher's certificate. She is employed by the United States Defense Department and is currently teaching children of the United States military in Berlin, Germany.

The groom is a graduate of the United States Military Academy at West Point and is serving in the United States Army in Berlin.

Pre-Nuptial events included two gift showers in Berlin, one by fellow teachers and one by friends of the bride and groom. A third shower was given in Spearman by the following hostesses, Mmes.: Everett Tracy, Chalmers Porter, John Trindle, Eddie Clemmons, Thomas Etter, Johnnie Lee, B.T. Shoemaker, D.L. Schumann, Roscoe Nelson, Roy Harbour, Wilson McCloy of Morse and Charles Kiser of Dumas.

Out of town guests included: Delbert Flores, Torrington,

Wyoming, uncle of the bride; 1st Lt. and Mrs. Mark Hoffman and son, Mathew of Ft. Sill, Okla.; Mr. and Mrs. Jesus Zamora, Alico, Texas (Mrs. Zamora was formerly Mary Lou Lopez, a second grade classmate of the bride); Mrs. Edward Walski, Mrs. George O. Rodgers, 2nd Lt. David Rodgers, Jacksonville, Florida; 1st Lt. and Mrs. Timothy J. Gallagher and 1st Lt. Rick Hoss, Ft. Hood, Texas; Andrea Kempf, San Antonio; Mrs. Alan Cox, Amarillo; Mrs. Butch McKelvy, Lubbock; Mrs. Charles Kiser, Dumas; Mr. and Mrs. R. David Duncan and children, Karsten and Katherine, Roscoe; Mr.

and Mrs. Thomas J. Sullivan and sons, Ben and Jim, Waco; Mr. and Mrs. J.R. Stump, Waka; Mrs. Joel L. Lackey, Gruver and Mrs. Sadia Ruth Long, Bartlesville, Okla.

For the wedding trip, the bride chose a two-piece grey and pink stripe linen dress purchased in Berlin. Her corsage was lifted from her bridal bouquet. The groom wore a grey tailored suit.

The couple returned to Germany and spent two weeks honeymooning in France and Switzerland. They will reside in Berlin for the next two years and continue their present assignments.

H&R Block To Offer Tax School In Perryton

Thousands of people are saving money at tax time and earning money in their spare time as income tax preparers.

H & R Block, the world's largest income tax preparation service, is offering a basic income tax course starting September 6th and 8th with Saturday and evening classes available.

During the 14 week course, experienced Block personnel will teach students all phases of income tax preparation including actual experience in preparing individual returns. Instruction topics include current tax laws and tax theory and their applications as practiced in Block offices nationwide. There is classroom lecture and practice problems on each subject. Courses are programmed to teach students increasingly complex tax problems as study progresses. Students will find the course both practical and challenging and will also be able to use their new skills directly to save money on their own tax returns.

Anyone may enroll. There are no restrictions or qualifications. Courses are ideally suited for housewives, retired persons, teachers, persons wanting to increase their tax knowledge or anyone who files a tax return.

Qualified course graduates may be offered job interviews for positions with Block. However, Block is under no obligation to offer employment, nor are graduates under any obligation to accept employment with H & R Block.

The modest course fee includes all textbooks, supplies and tax forms necessary for completion of the school. Certificates and 7.5 continuing education units will be awarded upon successful completion of the course.

Registration forms and a brochure for the income tax course may be obtained by contacting the H & R Block office at 314 N. Industrial (P.O. Box 964), Perryton, TX., telephone 806-435-5616.

Our Heritage of Faith...

In Romans 3:24 we find that justification is a gift freely given, through the redemption that is in Christ Jesus. God then justifies freely, because of Christ, or for Christ's sake. I can not be reconciled, adopted, forgiven, or justified because of my own efforts and abilities but there must be some other basis for fellowship with God and it comes because of Christ. The work of the Christ who was obedient "even unto death on the cross" (Philippians 2:8) provides the basis for my new life. My sins are not reckoned, while His righteousness is. I am still a sinner but God looks on me as though I had never sinned. I as a sinner then am counted as righteous because of Christ. Thus God justifies freely, because of Christ, through faith. God's saving work in Christ comes to me and becomes mine through faith.

Faith means taking God's promise of salvation believing that He was saving operating in ministry, death, and resurrection of Christ. Faith is centered on Christ (Galatians 2:16) more particularly on his self-sacrifice at Calvary, which Paul conceives as

provision of atoning blood (Romans 3:25). Such faith results in salvation and justification (Romans 10:9-10). The divine righteousness which is revealed to us is communicated, "through faith for faith." (Romans 1:17). We are justified by faith.

Even though we are justified by grace through faith not by our own works, I believe that it is important for us as sinners to be in touch with the importance of confession on our part. Confession here is not seen as a work but as a means of recognizing our need of God's grace. I find that people want to rationalize more than to confess. An example would be: "When is it ok to break 'a' commandment?" Psychological reasons do not erase the spiritual damage that only God can repair. As found in Galatians 5:17, "For the desires of the flesh are against the spirit, and the desires of the spirit are against the flesh." Confession is important to recognize our need for God.

NEXT TOPIC: What about Jesus Christ?

Bill Schardin, Pastor
Faith Lutheran Church
Spearman, Texas

County Fair set

The Hansford County Fair will be held Friday, October 5, and Saturday, October 6 at the County Barn in Spearman and horse races will be held Sunday afternoon, October 7 at the horse training track at Old Hansford. Brice McRee, Chairman sponsored by Spearman Chamber of Commerce.

Texas Department of Highways

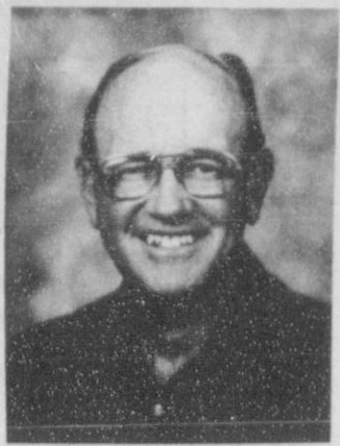

AUSTIN-The Texas Department of Highways and Public Transportation (DHT) has established its goals for contract awards for fiscal year 1985 to disadvantaged business enterprises (DBEs) and women's

business enterprises (WBEs). The department submitted its goals of 10.0 percent for DBEs and 0.5 percent for WBEs to the Federal Highway Administration and the Urban Mass Transit Administration. Those goals are

the same as for FY'84, however, Deputy Engineer-Director Marc Yancey noted that they would present a challenge to the DBEs and WBEs because of an anticipated increase in construction and mass transportation project.

The targeted goals are based on the number active, certified DBE and WBE firms. DHT's July register listed 59 MBEs and 445 DBEs. The department is

meeting the DBE and WBE participation goals set for FY'84. DHT's construction engineer, Ted Ziller, will accept written comments on the FY'85 goals for 45 days, ending October 6, 1984. Persons wishing to comment on the DBE and WBE goals should write Ted Ziller, Construction Engineer, State Department of Highways and Public Transportation, 125 East 11th Street, Austin, Texas 78701.

The California legislature named a large lake on the California-Nevada border Lake Bigler, in honor of Gov. William Bigler (1814-1880), but the people ignored the official name and continued to call it Lake Tahoe, an Indian term meaning "big water."

We have run several pictures of teachers this week and we plan to run pictures of all the teachers in the near future. Congratulations to all teachers.

Consider how much heavier auto traffic would be on Saturdays if there weren't so many people indoors watching football.

They call the season "fall" because that's what you do over things lurking under the leaves.

TREAT YOUR BURROWS WITH LARVACIDE

Use LARVACIDE to drive out and kill burrowing animals such as rats, prairie dogs, gophers, moles, woodchucks and groundhogs. A little does a lot! Drives them out to die. Many Larvacide-treated burrows may fall in from disuse before they are reoccupied. And LARVACIDE fumes are heavier than air so they will linger in the burrow. Use LARVACIDE to solve your burrow problems!

LARVACIDE is available at your local **Equity Elevator**

LARVACIDE is a registered trademark of Soweco Inc. EPA #21327-00004
LARVACIDE is a restricted use pesticide.

FALL BARGAINS — Summer's end marks seasonal sales in retail stores. Shop carefully with an eye to gift buys for the upcoming holidays. If you see an item you want that's not on sale, ask if the store has an automatic markdown policy. If the answer is affirmative, ask to be notified when the wanted item is placed on sale.

BEAUTY BOX — A box of petroleum jelly can help achieve the season's new makeup look at minimal cost. Use jelly as a makeup base; apply to eye area to smooth out tiny lines first. Mix a bit of lipstick with petroleum jelly in the palm of your hand; use as blusher. The gel also adds shine to eyelids and lashes and serves as undercoating for dry lips.

PEEL ME A . . . grape, for delicious low cal snacks and desserts. Freeze fall's grapes individually on cookie sheets and store in plastic bags. Layer into parfait glasses with lowfat yogurt sweetened with a little brown sugar. Top with crunchy cereal.

RAIL CALL — To check out AMtrack service for your area, or anywhere in the U.S., call 800-USA-RAIL. It's the railroad networks' news, easy-to-remember toll free number.
© 1984 Suburban Features

The average United States family of four eats almost three tons of food annually.

Highest point on the European continent is Mount El'brus in the Caucasus Mountains of the Soviet Union.

WEDNESDAY

You Wouldn't Want Them to Face the Winter Without Proper Insulation.

Why Let Your House?

When you dress your children in warm clothes before letting them go outside in the winter, you are helping ensure that their bodies' warmth will not escape and let the cold air in. Insulating your home works the same way. By keeping warm air in your house, insulation keeps cold air out. In the summer, it keeps the warm air out and the cool air in.

If you are building a new home or thinking about making your current home more energy efficient, call one of the energy management experts at Texas-New Mexico Power Company. They can give you the information you need to make decisions on insulating your home and on other steps you can take to maximize your energy dollar.

Texas-New Mexico Power Company.
