### City Invited for Ice Cream Feed

The Spearman Lynx and Lynxette Booster Club would like to invite everyone to enjoy homemade ice cream at 8 p.m. this Thursday at the football field. Coaches, football players, cheerleaders, parents, friends and fans are all encouraged to attend.

At 5 p.m. Thursday the junior varsity and varsity football teams will be in uniform for pictures. Parents, organizations, etc. who would like to photograph the team are encouraged to come at this time. Coach Mullins would like to give everyone this opportunity so all pictures can be taken at one time.

The Booster Club will be tak-

ing individual pictures for Lynx picture buttons. These buttons will have each player in uniform and will be sold to friends, relatives and fans. On Thursday, each member of the junior varsity and varsity teams will need to know how many buttons his friends and family will need. The buttons will sell for \$2.00 each.

Plan now to bring your camera and most of all your appetite and come on out to the football field this Thursday evening. There will be lots of fun and fellowship for everyone. Also, if you are not already a member of the Booster Club, plan to join this Thursday.

### WHAT CITIES AND COUNTIES WOULD THE RESERVOIR SERVE?

Hansford and Moore counties and the City of Stinnett in Hutchinson County would be served by the reservoir. Cities within the service area include Dumas, Cactus, Spearman, Gruver, Sunray and Stinnett.

### WHY DO WE NEED A RESERVOIR?

The cities in the service area currently obtain water from the Ogallala Aquifer. This underground formation is being drained over the entire High Plains region. While the area's population and water use are expected to grow, the existing municipal well fields will be depleted between the years 2000 and 2037. The only long-term solution to the water supply needs of the area is development of a surface water reservoir. It is intended to operate the reservoir in a manner that maximizes available water. Based on studies of runoff between 1940 and 1982, Palo Duro Reservoir would yield 7,290 acre-feet of water per year (about 2.4 billion gallons) and provide 60,900 acre-feet of conservation storage. Studies based on weather patterns since 1982 indicate that some years could yield lesser amounts. Palo Duro Reservoir would also provide recreation outlets for the area.

### WHY IS IT IMPORTANT NOW?

Building the Palo Duro Reservoir now will save money in the future as well as ensure that the area has adequate long-term water resources. If approved by voters, the Texas Water Development Board is expected to purchase the bonds for a fixed 7.6 percent interest payable over 25 years. Whether such a favorable financial arrangement could be obtained at a later date is a unknown factor. All of the necessary permits already have been approved for the Reservoir, and failure to act on them could mean a costly re-permitting process. Due to the current economic climate, it is also anticipated favorable construction bids could be obtained now.

### WHAT IS THE PALO DURO RESERVOIR

The Palo Duro Reservoir is a proposed 2,413-acre lake to be built on Palo Duro Creek. When completed, it would provide water resources to member communities of the Palo Duro River Authority and recreational opportunities for the entire Texas Panhandle. The proposed reservoir is included in the current state water plan, "Water for Texas, a Comprehensive Plan for the Future."

### WHERE WOULD IT BE LOCATED?

The Palo Duro Reservoir would be located on Palo Duro Creek, north of Spearman in Hansford County. The dam site is 13.6 miles north of the State Highway 207 crossing between Spearman and Gruver, or at mile 34.7 on Palo Duro Creek. According to state planners, this is the only suitable reservoir site north of the Canadian River.

runoff we won't have any problems filling the reservoir," he said.

The second phase of the reservoir project would be built as the municipal wells begin to diminish and other sources of water are needed.

This second phase, estimated to cost about \$31 million, would involve building a water treatment plant, pumps and transmission lines to serve member communities.

Voting on the bond issue culminates more than 50 years of planning. The earliest recorded mention of the project is August 1935 when the Spearman Lions Club asked the Hansford County Commissioners to investigate the project.

A major milestone occurred in June 1973 when the Texas Legislature created the Palo Duro River Authority and gave it legal powers to build a dam and reservoir. Planning for the lake has closely involved the U.S. Army Corps of Engineers.

"We are not in a water crisis yet, but we need to think about what is going to happen to our communities in 10 years. We can't wait until the tap runs dry before starting to build a lake," Lee said.

### PALO DURO RESERVOIR WHAT YOU NEED TO KNOW

The Palo Duro Reservoir, if approved, would provide water resources for

year in the new state water plan, Lee said.

"This is an excellent financial opportunity for us right now. In addition to the attractive interest rate, we also believe that we can obtain favorable construction bids," Lee said.

The 2,413-acre reservoir would be owned by the Palo Duro River Authority, whose nine member board is composed of representatives from Moore and Hansford counties and Stinnett.

According to engineers, there are no acceptable alternatives to meeting future water needs in this area other than building a surface lake. The lake would serve as an auxiliary source to the dwindling Ogallala formation.

"In addition to providing water, the Palo Duro Reservoir would increase property values, foster economic growth and offer recreational opportunities," Lee said.

"It will provide some assurance to our communities and businesses that the water will be there in the future," he said.

The Palo Duro Reservoir would be completed by 1993. It would be filled by runoff from Palo Duro Creek and its tributaries.

"Engineers say there is on the average enough runoff to fill the lake every three and half years. We feel that according to the history of our

Voters will decide on August 26th whether to authorize the Palo Duro River Authority to sell \$22.3 million in bonds to construct a new reservoir 10 miles north of Spearman, Johnnie C. Lee, the Authority's general manager, announced.

The Authority's board of directors set the election during a special meeting on Tuesday, July 22nd. The Authority covers Hansford and Moore counties and includes Spearman, Gruver, Sunray, Cactus and Dumas, as well as Stinnett in Hutchinson County.

The reservoir would provide water service and recreation opportunities in the Authority's district.

"The reservoir is needed to ensure that our cities have sufficient water resources for the future," Lee said.

"We currently get all of our water from municipal wells in the Ogallala Aquifer, but we anticipate that these wells will be depleted by the years 2000 to 2030," he said.

If approved by voters, the \$22.3 million in general obligation bonds are expected to be sold to the Texas Water Development Board at a fixed 7.6 percent interest, maturing over a 25-year period. This would cost property owners a maximum of 15 cents per \$100 valuation, or about \$75 a year for a home appraised at \$50,000, excluding exemptions.

This would mark the first use of bond monies approved by voters last

# Sesquicentennial Cal Farley's Boys Ranch Rodeo

First State Bank is joining with other Texas banks in a statewide effort to raise funds for the Sesquicentennial Monument to be placed on the State Capitol grounds in Austin, according to an announcement by C.A. Gibner, Chairman.

Entitled "Texas Legacy", the Monument depicts two cowboys on horseback herding six longhorns. Modeled at one and one-half times life size, the work stands 40 feet long, 20 feet wide and over 17 feet high, and weighs roughly 20 tons. When completed, it will be one of the largest cast bronzes in the United States.

The Sesquicentennial Monument has been in the planning stages for over two years and will require several additional months to complete. When finished, it will be transported across the State in four large flatbed trucks.

Texas artist Robert Summers is the Monument sculptor. He was selected by the 69th Texas Legislature, which authorized the project with the passage of House Concurrent Resolution

#83.

"We want to do something permanent to celebrate the Sesquicentennial," said Summers. "We want to come close to achieving what was accomplished during the Centennial when the San Jacinto Monument was built near Houston and Fair Park was constructed in Dallas. This Monument will approach those in magnitude."

"We are proud to be a part of this project," commented C.A. Gibner. "It is a magnificent tribute to the enduring spirit and independent character of generations of Texans over the past 150 years. First State Bank is happy to demonstrate its interest in Texas history and the preservation of our shared Texas heritage."

The project has been endorsed by the Texas Bankers Association in view of the Monument's long-term commemorative value for Texas. The statewide group spearheaded the participation of its member banking institutions around Texas.

## Labor Day Weekend

The 42nd annual Cal Farley's Boys Ranch Rodeo will be held this Labor Day weekend when over 200 young cowboys for belt buckles and the titles of Junior and Senior All-Around Cowboys. Several popular specialty acts will include a wild steer race, FFA project parade and calf scramble. Even the five and six-year-old boys will be seeking applause during barrel races on stick horses. Up to 10,000 people are expected to attend this nationally famous rodeo on Sunday, August 31, and Monday, September 1.

Rodeo action will begin at 2:30 both afternoons. Riding clubs from area communities will join the award-winning Boys Ranch Honor Patrol during the rodeo grand entries. The Boys Ranch Alumni will also be represented as part of their annual reunion. Many of the Ranch's boys will be playing in the rodeo band, selling concession items or helping in other ways to make this year's event successful.

Reserved bleacher seats are still available for \$3.50 each. General admission tickets are \$2.50 and children (6-12) are admitted for \$1.00. Barbecue plates will be prepared and served by the boys for \$3.50 at noon each day. The public is also welcome to attend the Sunday morning chapel service at the Ranch at 10:30, and rodeo dress is appropriate.

The Boys Ranch Rodeo is the only one of its kind in the nation with boys of all ages riding professional rodeo stock. Further information and reservations are available by calling (806) 372-2341, or by writing P.O. Box 1890, Amarillo, Texas 79174.

## Revival Revival

Revival #2 will be held on September 7-10 at the First Christian Church.

Dr. David Farrell, pastor of the First Christian Church, Perryton, TX, will be bringing one message of the evening and ship out at the same time. Prayers and studies. He will be using the book of Mark as his text.

Leading the worship and bringing out the people will be Terry Lynn Westover of Dallas, TX. Terry Lynn was a country rock singer in danger before he gave his life to Christ. Now she sings only for Him!

We extend an invitation to everyone to come and join us for this time of worship, study, and renewal. Plan now to join us September 7-10 at the First Christian Church.

## Moore County A&M Club

A summer meeting of the Moore County A&M Club and hamburger supper are scheduled for Saturday, August 23rd, 6:00 p.m. at McDade Park in Dumas.

All Aggies and their families in Moore County and surrounding areas are encouraged to attend.

Plans for a fall meeting in conjunction with an A&M Football game will be discussed at the cookout.

Students now attending Texas A&M and their families as well as students who will enroll this fall and their families are welcome. A special invitation is extended to the Collier Phillips Memorial Scholarship recipients.

Persons interested in joining the A&M Club or others with questions may contact Page McCoy, 935-3691, or Robert Hughes, 935-4385.

Children are not water-proof. There's no substitute for supervision at pools and spas.

## BOULTER MEETS WITH REAGAN

### Boulter Meets with Reagan to Discuss Crisis Facing Oil and Gas Industry

Congressman Beau Boulter (R-13) met with President Reagan, the Vice President and three key members of his administration today in what is likely to be the last opportunity for representatives of the independent, domestic oil and gas industry to voice their concerns before the conclusion of the House/Senate Tax Reform Conference.

The meeting, which lasted for 25 minutes, gave Boulter and two representatives of the independent oil and gas industry a chance to make their case for the domestic energy industry, including the vital service related industry. Specifically, the Congressman and industry spokesmen urged the President to support retention of current tax law for the oil and gas industry, to take a fresh look at various proposals to stabilize prices and to develop, in consultation with the industry, a national energy policy which will make the United States energy-secure.

In addition to the President, Vice President George Bush, Treasury Secretary James Baker, Energy Secretary John Herrington, and National Security Advisor John Pointdexter also attended the meeting. Accompanying Boulter were two representatives of the Independent Oil and Gas Industry: Ray Hefner, Chairman of the Board of the Independent Petroleum Association of America; and Bob Gunn, past President of the American Association of Petroleum Geologists. Mr. Gunn is a resident of Wichita Falls.

"The fact that we had this meeting is proof enough of the President's commitment to the domestic petroleum industry," Boulter said. "He is fully aware of the importance of the industry to our economic and military security. Both in the context of tax reform and in terms of developing a national energy policy, the President is deeply committed to the goal of an energy-secure America through a healthy and vibrant domestic petroleum industry."

## Collector's Show & Sale

Dealers from five states will be participating in the ninth annual Collector's Show and Sale sponsored by the Stratford Chamber of Commerce on August 23 and 24. The show will be held in the Sherman County Exhibit Building and will be open from 9 to 6 on Saturday and 9 to 4 on Sunday. There is no admission charge.

Dealers will be selling, buying and trading a wide selection of goods which include books, antiques, earthenware, coins, gold, glassware, guns, buckles, stamps, minerals and arts and crafts items. There will be pottery throwing demonstrations throughout each day by Sagebrush Pottery of Follett.

Drawings for door prizes to be given to those registering their attendance will be held numerous times through-

out both days. A special grand prize drawing will be held Sunday at 4 p.m. for a Sharp Half-Pint Microwave.

Concessions will feature a brisquet plate with trimmings and a brisquet sandwich plate. Cinnamon rolls will be featured Sunday morning and Saturday's breakfast special will be a "breakfast burrito". Homemade pies and snack desserts will also be available. The concession stand is operated by the Sherman County 4-H Parent Leaders Association and proceeds go to the Gold Star Scholarship Fund.

Individuals interested in renting display space during the Collector's Show and Sale should contact the Stratford Chamber of Commerce at (806) 396-2260.

## Hemphill County 4-H Junior Rodeo

Bryan Caison of Waka, placed high in the Hemphill County 4-H Junior Rodeo held in Canadian Aug. 8-9.

Caison, the son of Mr. and Mrs. Charles Caison, won the ribbon roping competition Friday night with a time of 11.423 seconds. Also on Friday, he placed fourth in bull riding.

On the second day of competition, Caison finished first in breakaway roping with a time of 2.240 and fourth in bull riding. He also won ribbon roping with a time of 11.040 to give him the top average time of the competition.

Caison received \$190 in reward of his efforts.

The 15-year-old junior at Spearman High School has competed in 4-H Junior Rodeos since last summer. He also competes in Tri-State Rodeos.

Caison will travel to Pampa Friday night to compete in a 4-H junior rodeo and to Hereford Saturday for another 4-H junior rodeo.

Caison's last 4-H junior rodeo of the summer will be in White Deer on Aug. 22-23.

## Sparky's Retirement Party

Stinnett Postmaster, Litch Sparks, Jr. (Sparky) will be retiring from the Postal Service with 30 years service this month. Sparky was raised in Spearman and we thought your readers might be interested in attending his retirement party.

The party is planned for Sunday August 24th. It will be come and go between 2:00 and 4:00 p.m. The location will be at the First Christian Church, 501 Broadway in Stinnett.

Sparky has been Postmaster in Stinnett since 1977 and served as Postmaster in Morse, TX before that. He started his career with the Postal Service as a clerk in Stinnett in 1953.

## New Low-Impact Aerobic Exercise Class At "Y"

The first class meeting at 5:15 on Wednesday, September 3rd, will consist of a lecture on do's and don'ts of exercising, filling out fitness and health questionnaires, and body measurements and percentages of body fat (this only if the class member wishes). In six weeks these will be taken again to monitor class members' progress. If time permits, a few warm up stretches will be done and on Friday the 5th, the entire time will be spent on exercising.

Prospective members who have not been in an exercise class during the past year, who are more than 30 pounds overweight, who have high blood pressure or any other cardiovascular problem, or who have back, leg, etc., problems should bring a note from their physician stating his approval of their participation in this class. This will be given to the instructor the first class attended by the member.

Added to the exercise classes already offered at the "Y" will be a **LOW-IMPACT** class beginning on Wednesday, September 3rd. It will be held on Wednesdays and Fridays from 5:15 to 6:00. It is tailored specifically for the beginner exerciser, the overweight, and for those people who have problems in a regular aerobics class with painful feet, shins, knees, etc. It will also be an excellent class for those people already exercising who would like to supplement 3 or 4 regular classes without doubling the risk of foot and/or leg injuries. There will be **NO JOGGING, NO JUMPING JACKS** or any jarring movement where the entire weight of the body comes down on one foot. The heart will still get a good workout and just as many calories will be burned as arm movements will be vigorous and light arm weights will be added after the first few weeks.

Participants will be taught how to calculate their individual working heart rates based on their resting heart rates. Heart rates will be carefully monitored during the aerobic portion of the class. Floor and toning exercises for all parts of the body will be included in the class.

This class will be taught by Wanda Archer, who is certified both by National Dance Exercise Instructors Training Association and the Y.M.C.A. A instructors training. The class is free with a "Y" membership or will be

\$15 a month for non-members. If you have any questions about this class, call Wanda at 3519 after 8:00 at night.

## Allsup's Roadraces

Plans have been announced for the Twelfth Annual Allsup's Roadraces to be held in Clovis, New Mexico.

The date for this year's events is Saturday, October 18, 1986. As always, the Annual Allsup's Roadraces promise a well planned day of racing for the serious runner as well as the weekend jogger. Entrants have a choice of the 26.2 mile full marathon, 13.1 mile half marathon, the 10,000 meter 5 mile race or the one mile event. Races will begin precisely at 7 a.m. Mountain Daylight Time Saturday and they will finish in traditional olympic style on the Clovis High School Stadium track. The courses are flat, asphalt paved loops with temperatures traditionally ranging from 50 to 75 degrees.

Quarter medals will be awarded at noon at Clovis High School Stadium. In addition, commemorative Allsup's Roadrace long sleeve t-shirts will be awarded to all finishers.

The activities will begin with pre-registration Friday, October 17 at the Clovis Family YMCA, 1700 E. 7th Street. Check in time from 5 to 9 p.m. Entry fee for all races is \$7.00 before October 6, 1986 and \$9.00 after October 6, 1986. All proceeds go to the Clovis Roadrunners Club. Runners of all ages and distances are invited to participate in what has come to be known as one of the friendliest races in the Southwest: Allsup's Annual Roadraces in Clovis, New Mexico.

Thank You

The girls have really turned out for this clinic.

We thank the Cheerleaders for taking the time out of their busy schedules to teach these young ladies and make them our future No. 1 Cheerleaders.

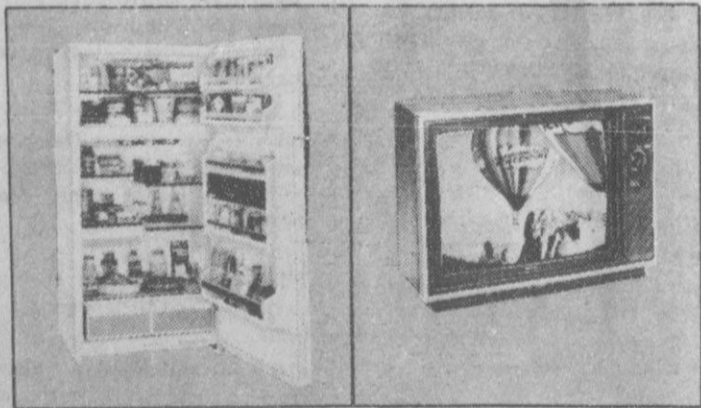

## Hansford County 4-H Bake Show

To all present 4-H'ers (9-19) and future 4-H'ers (those who will enroll in the 3rd grade or will be 9 starting September 1, 1986). There will be a demonstration of the rules for this year's bake show requirements. It will be given by Karen Babitzke, County Extension Agent. The demonstration will take place in Spearman at the Extension Homemaker's Clubroom (309 N. Bernice) on Monday, August 18 at 3:00 p.m. Bring your favorite bread recipe and you will be shown

how it can be used in this contest. Plans will be made that day as to when the county show will take place, where a junior and a senior winner will be chosen to represent Hansford County at the Tri-State Fair in Amarillo. If you are interested and will be unable to come, please contact the County Extension office for details 659-2030 or 733-2901.

After this project is concluded, we will begin the Food & Nutrition project for this year. So don't get left behind or left out.

## Texas History?

Members of the Hansford County Historical Commission have been approached by some local citizens, asking to have a class on Texas History. The Sesquicentennial Year for Texas seems to have sparked an interest for those who never attended school in Texas and want to know some of it's history.

The Historical Commission is considering such a class, if there is interest. Mr. G.W. Robinson, former history teacher in the Spearman Schools and present Chairman of the Commission, is willing to hold the classes. There would be no testing, and no cost, other than a minimal contribution to the Commission.

There are bound to be those who did not attend school in Texas who would like to learn more about the state in

which they reside. If you are interested in such a class, please contact one of the members of Hansford County Historical Commission.

Classes would be held this fall, 1986, once or twice a week from 7:00 to 8:00 p.m. This is for the adults in the community.

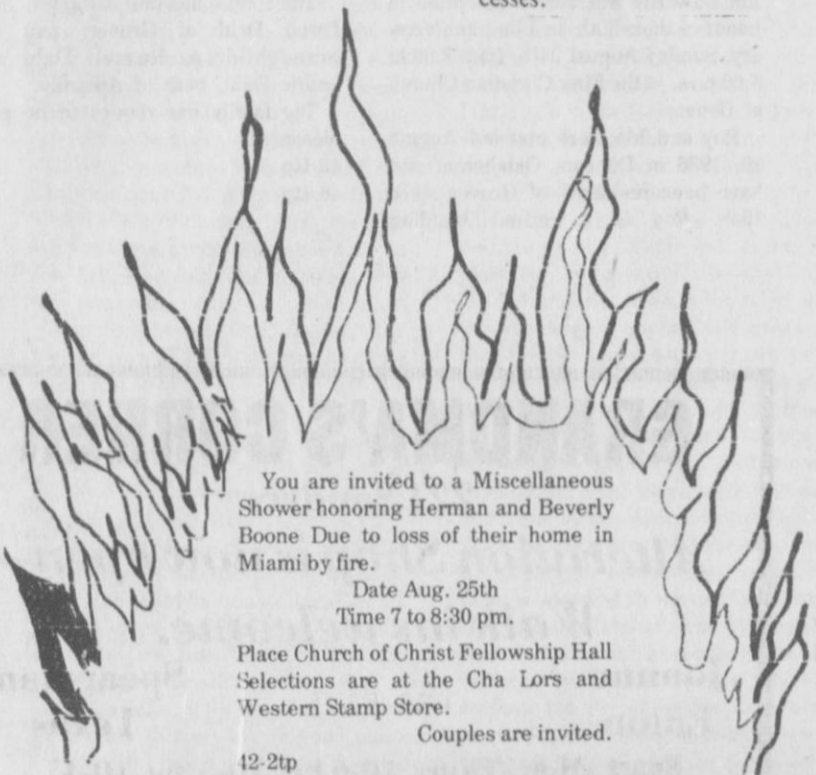

Contact by September 1, 1986, one of the following:  
Spearman:

G.W. Robinson, Clementine (Mrs. B.F.) Renner, Rubyjo (Mrs. J.D.) Wilbanks, Sylvia (Mrs. T.Ray) Robertson, or Juanita (Mrs. J. L.) Pierce.

Gruver:  
Helen Boyd (Mrs. Irvin), Joyce Johnson (Mrs. Wm. L.), and Melba Rasor (Mrs. Aubrey).  
Morse:  
Jenny Blankenship (Mrs. Sonny).

Some people, writing in the press, seem to think that their business is to create disunity.

Individuals, like successful generals, have to be bold enough to take some chances, if they wish to become successes.

You are invited to a Miscellaneous Shower honoring Herman and Beverly Boone Due to loss of their home in Miami by fire.

Date Aug. 25th  
Time 7 to 8:30 pm.

## Allsup's Participates in Telethon

Allsup's Convenience Stores, participants in the Jerry Lewis Muscular Dystrophy Telethon, will conduct pre-telethon fund raising activities during the month of August. The company will display collection canisters in all 286 Allsup's Stores throughout New Mexico, Texas, and Oklahoma. According to J.R. Jacobs, Director of Public Relations, "The canister collection campaign is an integral part of fund raising prior to the telethon. The Muscular Dystrophy Association receives no tax supported grants nor does it see fees from patients or their families." Jacobs adds, "The M.D.A. programs are funded almost entirely by private contributors and corporation through fund raising activities such as Allsup's."

Also during August, Allsup's Stores will conduct "Kids Doorbell Brigade and Win-A-Prize Campaign." All area youngsters are encouraged to visit the local Allsup's for details on winning valuable prizes by collecting donations for "Jerry's Kids." The official collection kits are available from Allsup's managers.

From J.R. Jacobs, "We are looking forward to working with our neighbors to help fight the 10 neuromuscular disorders covered by M.D.A. Muscular Dystrophy affects an estimated one million Americans of all ages, and the contributions stay in each community, so that we are all helping our neighbors by helping the Muscular Dystrophy Association."

## Boy Scouts of America

Plans for the Annual Fall Program event for all adult leaders in Adobe District of Boy Scouts of America have been announced. The "First and Last Annual Sesquicentennial Chili Supper" will be held at the First Christian Church in Borger at 7 p.m. on August 28.

All leaders as well as prospective leaders of Cub Scout Packs, Boy Scout Troops and Explorer Posts in the Adobe District will gather for an evening of fun as well as receiving program material and ideas they can use in their Scouting units.

Chairman of the event, Margie Schroeder, of Borger, states that our youth are all very special. Now is the time for these young people to be creating memories of fun times in Scouting. Before the youth will have fun, the adult leaders must learn to think on the age level of the youth in their unit. Mrs. Schroeder says this Fall Program event will help leaders learn to have fun within the Scouting program.

Everyone attending this "100% BSA APPROVED historical event" is invited to come dressed as a character representing some aspect of the 100 years of Texas history. Mrs. Schroeder stated that no one may come "as is", no matter how ancient they feel at the time.

All Scouting units in the Adobe District, serving Hansford, Hutchinson and Carson Counties, are asked to make reservations, to be sure there will be enough true Texas Chili available. Please contact Bob Schnell, District Chairman, Margie Schroeder (Mrs. Roger D.), or Bill Price, District Scout Executive all of Borger.

Just in case your Cubmaster, Scoutmaster or Post Advisor has not contacted you, please call them to be sure you have a reservation for this special event.

## To God a note of Thanks

By: Mrs. E.A. Greever

Friends in the first book of the Bible in our study last week we were told of the great wickedness in the world and that the earth was corrupt because of mans disobedience and we also learned in our study as it was then so it will be at the time of the coming of the Lord and by reading Matt. 24 we can see that time is near. Now a question, What did God do about it? What is He going to do about it at the end? Gods word tells us in first book of the Bible all made in the beginning was good and somehow here I decided to check in Websters Dictionary to see what it says about that word "good" and really I was surprised at the many things spoken of in connection of that word and am thoroughly convinced all is true concerning the work of God.

Now when seeing the earth was corrupt and the very thought of man was only evil continually what did God decide to do? Answer= Have a cleansing. He found a man named Noah who was a just man and perfect in His generation who walked with God Gen. 6:9. He had three sons; Shem, Ham and Japheth and by them was the earth overspread or replenished. What was done? There was flood sent that not a living creature with the breath of life remained. Noah, his wife his sons and their wives were safe in the Ark. God told him to build. Now we remember back in those days Adam disobeyed God, he of the formed race of which we are the same and because of his disobedience in the garden all we of the formed race (of dust) have been born in sin and O what a good thing God did because of His love for the world. He gave us a Saviour and this Saviour Jesus gave himself by the one offering (shedding of His blood) that the nature we were born with could be cleansed making us pure a new creature and by this cleansing we can be ready for His return. Now we will read of what is going to take place that we have a good place that we have a good place for eternity. Some of this we find by reading in 11 Peter chapter 3, verse 2 through 7. That we may be mindful of the words which were spoken before by the holy prophets and of the commandments of us the apostles of the Lord and Saviour knowing this first that there shall come in the last days scoffers walking after their own lusts and saying, where is the promise of His coming?

Since the fathers fell asleep all things continue as they were from the beginning of creation. For this they willingly are ignorant of that by the word of God the heavens were of old and the earth standing out of the water perished but the heavens and the earth which are now by the same word are kept in store reserved unto fire against the day of judgment and perdition of ungodly men verse 10 But the day of the Lord will come as a thief in the night in the which the heavens shall pass away with a great noise and elements shall melt with fervent heat, the earth also and the works that are within shall be burned up. And now the word asks what kind of person

should we be seeing all these things shall be dissolved? In verse 13; we read, Never the less we according to His promise look for new heavens and a new earth where in dwelleth righteousness verse 14 answers the question. Wherefore beloved seeing that ye look for such things be diligent that ye may be found of Him in peace without spot and blameless. And in verse 17 a warning given. Ye therefore beloved seeing ye know these things before beware lest ye also being led away with the error of the wicked fall from your own steadfastness but grow in grace and in the knowledge of our Lord and Saviour Jesus Christ. So all things that offend are to be destroyed by fire for the cleansing at the coming of Jesus will be the resurrection of the blest and holy dead and after His 1000 year reign there will be another Rev. 20th chapter. Please read this entire chapter as it would make this article too long. I feel taking more space than I feel to do in the Reporter. I will write verses 11 through the remainder of the chapter, and I saw a great white throne and Him that sat on it from whose face the earth and the heavens fled away and there was found no place for them and I saw the dead small and great stand before God and the books were opened (all books of the Bible) and another book was opened which is the book of life and the dead were judged out of those things which were written in the books according to their works. And the sea gave up the dead which were in it and death and hell (grave) delivered up the dead which were in them and they were judged every man according to their works and death and hell were cast into the lake of fire. This is the second death and whosoever was not found written in the book of life was cast into the lake of fire so by the word we find a perfect cleansing in every way and instead of a flood we were told never be again would be this time the final destruction by fire and I thank You, God something good for all whose life has been cleansed. Friends, now let us read again the last two chapters in the Bible and we read in verse 6 of Rev. chapter 21 these words; And He said unto me (St. John The Divine). It is done I am Alpha and Omega the beginning and the end. I will give unto Him that is athirst of the fountain of life freely. A wonderful entrance through the gates into the city? The heavenly Jerusalem. Rev. 22:14. By Gods grace I wouldn't miss it would You?

Contact Person: Judy Nelson 9-3424  
A new group is organizing this month for the purpose of supporting Spearman area youth.  
The main thrust of Families in Action will be to establish a Teen Center at which youth can enjoy wholesome recreation.  
Consisting of parents, school personnel, local police and government officials, and interested citizens (regardless of their age), Families in Action will also seek to prevent drug and alcohol abuse by providing positive alternatives for youth and by encouraging them to design their own programs.  
Interested persons are invited to attend an organizational meeting, Monday, August 25, 1986, at 7:30 p.m., at the First State Bank of Spearman. The Nominations Committee will present the following slate of officers:  
President - Tom Latta  
Vice-President - Jerry Don Davis  
Secretary - JoLynda Hutcheson  
Treasurer - Eschel Blankenship  
Youth Activities - Verda Wingardner

Promotion and Publicity - Claudine Hardy  
Teen Center - Kelly Fuller  
Recruitment and Coordination of Volunteers - Sue Woolley  
Special Projects - Betty Womble  
Also presented at the meeting will be a set of by-laws which represent a merger of the Hansford county Chemical People and parent peer groups that have been meeting in Spearman.  
Betty Womble, president of the Hansford County Chemical People, says, "Families in Action will become a positive influence and a real asset, and I know the new officers will do a good job of directing worthwhile projects and programs."  
All interested persons - including parents, grandparents, teenagers, children, couples, singles - are urged to attend the organizational meeting of Families in Action, Monday, August 25, 1986, at 7:30 p.m., at the First State Bank of Spearman.

The bad luck that you grumble about is probably the direct result of your own actions.

## Pointers For Parents

1. Never leave a child alone out of eye contact supervision in or near a pool or spa - not even for a second.
2. Young children should never be considered water-safe despite their swimming skills, previous instruction or experience.
3. Access to the pool or spa should be limited by locked doors or gates whenever swimming or soaking cannot be supervised.
4. Do not rely solely on plastic innertubes, inflatable arm bands or other toys to prevent accidents.
5. Keep toys, particularly tricycles or wheel toys, away from the pool or spa. A child playing with these could accidentally fall into the water.
6. During social gatherings, be certain someone has the major responsibility for watching the children and swimmers at all times.
7. Teach your child the most effective way to get out of the pool or spa quickly.  
Every year, over 260 children under the age of five drown in backyard swimming pools. Keeping these tips from the experts at the National Spa and Pool Institute in mind can help you keep your own youngsters out of such statistics.

# The Big Change In Long-Distance Is Coming.

Starting November 22, 1986 For Spearman Customers.

Here's something you should know. There are many long-distance telephone companies. Each has its own services and prices.

But until now, only one of them offered you the convenience of "1+ or 0 +" dialing. If you wanted to use any of the others, you had to dial as many as 14 extra numbers.

No more. Thanks to a service called "Equal Access," you can use any of the long-distance companies serving your area by dialing their five-digit access code. You may also choose a "preferred" long-distance company to handle "1+ or 0 +" long-distance calls.

In the next few days, we will send you information explaining Equal Access, plus a ballot to let you

select one of the long-distance companies serving your area. If you don't make a choice, we're required to randomly assign a company to you. Read the material carefully. Then mark the ballot with the company of your choice and return it to us. That's all. We'll do the rest. When Equal Access starts, we'll automatically connect you to the long-distance company of your choice.

Watch your mail for details. Make your selection and return the ballot to us.

## Double Ring Ceremony

Mrs. Larry Neal Borger

Callie Lou Barkley and Larry Neal Borger were united in marriage, Saturday evening, August 2, at six o'clock with Reverend Jim Smith of Amarillo and Reverend Jim Terry of Gruver officiating. The double ring candlelight ceremony was held at the United Methodist Church in Gruver. The bride is the daughter of Mrs. Dayton Barkley of Gruver, and the late Dayton Barkley. The groom is the son of Mr. and Mrs. Lacy Borger of Amarillo.

The bride, given in marriage by her brothers, Rick and Dave Barkley, wore a candlelight organza gown designed by Lissa. The high neckline was covered in Alencon lace and seed pearls. The bodice featured Alencon lace and pearls to the natural waistline. The candlestick sleeves were covered in lace and seed pearls with covered buttons and loop enclosures. The organza skirt fell to floor length and swept back to fullness with Alencon lace appliques and pearls accenting the front skirt. The extended cathedral train featured seed pearls and peps with gathered illusion at the back. The cathedral length veil featured scattered pearls, the extent of the illusion. The bride carried a cascade bouquet of gardenias, cream roses, stephanotis, baby's breath and ivy arranged on a white Bible. She carried out the tradition of wearing something old, something new, something borrowed, something blue and a sixpence in her shoe. The sixpence in the year of her birth was a gift of Alma Gruver.

Serving the bride as matron of honor was her sister, Julie Sledge of Dallas. Bridal attendants were, Shelley Beedy of Lubbock, Toni Halø of Plano, Terri Hart of Austin, Janice Borger of Abilene, and Gay Lynn McClelland of Olney. Junior bridesmaid was Lacy Barkley of Gruver. They wore identical tea length gowns of candy pink iridescent taffeta, designed by Jena. The dresses featured a Queen Ann neckline, wide ruffle puffed sleeves, dropped waist, and an open cut diamond back. They carried cascade bouquets of pink roses, pixies, freshia stephanotis, baby's breath and ivy. They wore a spray of baby's breath in their hair.

The groom wore a cut-away black tuxedo with an ivory tuxedo shirt. He wore a cream rose and stephanotis boutonniere. Serving the groom as best man was his brother, Mike Borger of Amarillo. Groomsmen were Phil Boone, Jay Leverett, Brad Morris, Jeff Perkins, and Don Witt. Serving as junior groomsmen was Richard Mayfield of Amarillo. Ushers were Rick Barkley, Dave Barkley of Gruver, Steve Herrmann, Randy Sledge of Dallas and Rusty Chavez. They wore black tuxedos and cream tuxedo shirts with rose boutonnieres.

Flower girls were Lindsay Barkley, niece of the bride, and Lacey Anne Borger, niece of the groom. They wore identical tea length dresses in azalea pink taffeta. The dresses featured a ruffled, off the shoulder bodice, with mesh strap and a satin sash. They wore halos of pink roses and baby's breath in their hair. They carried baskets of rose petals and wore wrist corsages of pink roses. Kyle Barkley, nephew of the bride, was ringbearer.

He wore a black cut-away tuxedo with a cream tuxedo shirt and a cream rose boutonniere. The pillow he carried, bearing the wedding rings, was made by Peggy Barkley, sister-in-law of the bride.

Candlelighters were Cody and Bailey Barkley, nephews of the bride. They wore black tuxedos, cream tuxedo shirts and cream rose boutonnieres.

Debra McCoy of Lovington, New Mexico and Jenny Mayfield of Amarillo registered the guests.

The organist was Eddie Martin of Spearman. "This Is The Day" was sung by soloist Rod Barkley. "Unfailing Love" was sung by soloist Les Barkley. "To Me" was performed as a duet by Rod Barkley and Cheryl Nelson. Soloist, Cheryl Nelson, sang "A Wedding Prayer". "Bind Us Together" was performed by Miss Nelson during the lighting of the unity candle. "A Parting Blessing" was sung by Rod and Les Barkley.

The mother of the bride wore an intermission length rosebud silk dress with an overlay of Schiffli embroidery. The dress featured a blouson bodice of appliqued embroidered medallions, a beaded embroidered collar and bishop sleeves. The mother of the groom wore a turquoise tea length dress of silk with a chiffon overlay. The dress featured a tucked bodice, full sleeves and a softly gathered skirt. Both mothers wore gardenia corsages.

The church sanctuary was decorated with a large arch entwined with grape ivy and lemon leaf. A large arched shaped bouquet of gladiolas, pink roses, pixies, freshia and ivy filled the center of the arch. Two arched candelabras with ivory tapers were on each side of the center arch. Tree candelabras with ivory tapers were in front of the arched candelabras. Each candelabra was decorated with garlands of smilax and flowers of roses, pixies, freshia and baby's breath. The church aisles were decorated with hurricane candle lamps and bouquets of roses, pixies, freshia, baby's breath and smilax. A unity candle completed the altar scene.

A reception was held immediately following the ceremony in the fellowship hall of the church. The bride's table was covered with a white floor length cloth with garlands of smilax, caught with five cascade bouquets of roses, pixies, freshia and baby's breath. The centerpiece was a footed silver epergne holding ivory tapers and the same floral combination used in the cascades. The four layered cake had a cloverleaf base with fresh flowers on the face and top of the cake. The cake was made by Opal Wallin. A silver punch service completed the bride's table. The groom's table had a floor length white cloth with smilax garland. A square chocolate cake decorated with grapes and a "B" was the focal point. A silver coffee service completed the groom's table service. The hors d'oeuvre table was covered in a floor length white cloth. A large fresh fruit centerpiece and a variety of hors d'oeuvres was served. The reception party included Daria Ford, La Von Reid, Dana Perkins, Cindy Barkley and Kayla Allaway.

For her going away outfit, the bride

chose a navy two piece dress with a large white lace collar. Her accessories were navy and white. The couple left the church in a white limousine decorated with pink, white and silver balloons. Balloons filled the air as they departed. After a honeymoon to Paradise Island in the Bahamas, the couple will be at home in Amarillo. The bride is employed as an elementary teacher with the Amarillo Independent School District. The groom is associated with Turn Key Leasing firm in Amarillo.

The American Cancer Society (ACS) announced recently that it invested more than \$78,210,459 to support more than 785 research projects and post-doctoral fellowships during fiscal year 1985-86. This includes a \$6,937,410 investment at Texas hospitals and research institutions.

These research commitments are in addition to the American Cancer Society's extensive programs of epidemiological research, its support of an ongoing program to evaluate interferon, and a program of large institutional grants for investigation of cancer cause and prevention, including a \$1 million grant to the University

## TEXAS WINS FIRST IN NATIONAL HIGH SCHOOL RODEO

Dean Greene of Spearman, Texas, placed 5th in All-Around Calf Roping. Texas won the National High School Rodeo Finals at the Central States Fair Ground in Rapid City, South Dakota, Saturday night.

RAPID CITY, South Dakota -- Texas galloped from third place to first and won the National High School Rodeo Finals at the Central States Fairground, Saturday night. The top ten winners were:

1	Texas	2,808.33 points
2	Oklahoma	2,493.33 points
3	Oregon	2,000.00 points
4	Arizona	1,897.50 points
5	Kansas	1,770.00 points
6	Nebraska	1,561.00 points
7	Idaho	1,392.50 points
8	Louisiana	1,367.00 points
9	California	1,063.33 points
10	Wyoming	1,055.00 points

Jim Sutton, stock producer and promoter, said this was the largest event in entries and spectators since the rodeo began. Over 1,197 cowboys and cowgirls from 33 states and two Canadian provinces made up the contestants.

This was a repeat performance for Texas, the Lone Star State, which made it two wins in a row.

There were 13 performances in the week-long event. Three arenas were in action at all times within the Central States Fairgrounds. Rain threatened the national event, but it came in the afternoon and since the performances were at 9 AM and 7 PM, it didn't interfere.

Ken Fryar of Houston won 4th place in the Boys All-Around Cowboy division and Dean Greene of Spearman, won fourth overall in Calf Roping.

At one point last Thursday, Drew Thomas of Wheeler, held down number eleven place in Steer Wrestling, but failed to place in the top rankings.

of Texas System Cancer Center Research Science Park in Smithville. According to ACS Vice President for Research John Laszlo, M.D., they are the highest in the Society's history. Included are 444 new grants totaling \$52,319,057 and 341 renewal grants amounting to \$25,891,402.

In addition to national-funded research, the Texas Division of the ACS sponsored six clinical fellowships for a total of \$21,600. This brings the total amount of ACS-funded research in Texas to \$7,959,010 for fiscal year 1985-86. During the previous year, Texans contributed \$14,848,473 to help support this research and the Society's education and service programs.

Mrs. Lynch, born at Spearman, worked for The Spearman Reporter for 20 years. She was a Methodist.

Survivors include a son, Art of South Lake; a brother, L.M. Womble of Spearman; and two grandchildren.

## Reckless Advertising

Both car makers and tire manufacturers are contributing to the tragic death toll on U.S. roads and highways.

In an effort to sell cars and tires to the young-avid motor enthusiasts in many cases--ads and commercials featuring cars traveling at a high rate of speed on curving, wet roads are utilized.

Youngsters (including girls) who might not realize the inevitable limitations of even the finest products in dangerous driving conditions conclude from watching these commercials that they can do almost anything on the road. They conclude their tires will hold them on a curve, even in the wettest weather, or that they always have the power to zip around the car ahead in the face of oncoming traffic.

Every week, however, one reads of victims, usually youngsters, who thought their equipment could do more than it could do. No tire will hold a speeding car on a curve beyond the limits of nature's laws. All tires will plane at a certain speed, losing their gripping capacity.

The fastest and most powerful cars will swerve off the road when too much power is applied in a turn, in wet weather, or in violent maneuvers.

Day after day and week after week we watch these commercials, about foreign cars and about GM and Ford cars of late, racing along this curving road or that. We are told they are a driving "experience" and the camera shows them rocketing along, the sound of a roaring engine helping to produce an image of awesome speed, control and power.

And day after day youngsters try to do things in their cars which prove fatal. In every community in America wrecks occur because of reckless driving, encouraged by today's advertising--by car and tire makers. There's an urgent need for more responsibility from these corporations.

## Among The Neighbors

Home from Hawaii on Thursday Gertrude Archer. She accompanied Dick and Patty Hamilton, and their daughter, Kristi of Lubbock. They flew directly to Honolulu where they met Sue and Neal Venters of Phoenix. Four fascinating days in Honolulu and then four more on Maoui, and back in Lubbock, Gertrude spent three days.

Earl, June and Jeff Spencer started their vacation Friday at Warsaw, Missouri by attending the Spencer family reunion. Good fellowship and fishing were the main activities. The Spencers went to Branson, and especially enjoyed a day at Silver Dollar City, and then a stop at Dog Patch City in Arkansas. The balance of their vacation was at Fort Worth, and the highlight of the trip, a good visit in the home of their daughter, Marla and Bryan Jenkins.

Mary Ellen Kirkland, and two children of Sulphur Springs visited for several days last week with her father, Freeman Barkley. They left Monday for the beginning of school.

Guests of Francis Kilgore during last week were her daughters - Kate Kiebert with Jennifer and Laura of Midland; also Margot Sims, Bruce and David of Hereford. The latter part of the week she accompanied them to Amarillo for a visit in the home of her son, Richard Kilgore and family.

Mr. and Mrs. A.D. Reed had a full week with her brother and family, Mr. and Mrs. Jim Harvey, Shannon and Andrea, of Dallas. Other guests were her parents, Mr. and Mrs. T.C. Harvey of Phoenix.

On Saturday evening, the Reeds were surprised by a gathering to observe their 25th wedding anniversary. Those meeting at the home of Hallee and Boyd Rice to commemorate the anniversary were the Mr. and Mrs. Filmon Jacobs, Dan Pearson, Terry Butts, Ben McIntyre and Hadley Reed and Edward McIntyre all of Spearman; Gina Dowd, Tulsa; Texie Ann and Kelli Fisher, Memphis; from Gruver the Mr. and Mrs. Oline Wallin, Paul Ferrin, Cecil Balston, Dan Balston, with Rex and Tisha, Mr. and Mrs. Loyd Bryant, Guyton; Mr. and Mrs. Bob Walters, Dismal; Mr. and Mrs. C.C. Light, Amarillo; Bob Payne, Dalhart and the co-hosts, Mr. and Mrs. T.C. Harvey, and Mr. and Mrs. Jim Harvey.

The families of Mr. and Mrs. Jim Nobles and Mr. and Mrs. Benny McCullough of Gruver spent several days at Whitney Center, New Mexico last week. They enjoyed camping and hiking and returned Sunday.

Grandpa White-Tommie, that is-- learning the meaning of the word patriarch with the arrival of his 7th grandchild. He and Sue are pleased to announce that Amy Lynn Holmes was born on August 15 at Northwest Texas Hospital, weight 5 lb, 12 oz and 18 inches long. The parents are Tammi and Doug Holmes of Amarillo. Amy Lynn has a 2 1/2 year old sister, Crissy.

Her other grandparents are Mr. and Mrs. Holmes, Amarillo, and Nelva Snow, Spearman. Great grandparents are Helen Proctor, Spearman and Allene White, who is staying with the Doug Holmes for a few days.

Maxine Banister has word that her niece and former Spearman resident, Marilyn Crawford Boone will be on television next Saturday night at 7:30. The show will be on Channel 11, WTBS, Hal Holbrook's Portrait of Wyoming. Marilyn grew up here and is the daughter of Cecil and the late Birdine Crawford. She now lives in Pismo Beach, California as it has been quite some time since the documentary was made.

Roger Buchanan returned Sunday from attending the wedding of a fraternity brother last week. It was at the Baptist church at Azle. Roger will be leaving the coming week-end to resume his studies at John Tartleton University.

Cheri Holt, daughter of Mr. and Mrs. Mike Holt is at home now for a short while. She arrived Saturday from Boston, Massachusetts where she has been in a summer physics program at Harvard University. Cheri was one of

the 100 high school seniors selected on a world-wide basis to participate in this program. There were students from several foreign countries. Cheri will return to Hockaday school in Dallas soon for the fall term.

Family members report that Elizabeth Holton is expected to return home Tuesday after several days stay in High Plains Hospital. She was taken last week when it was suspected that she had had a minor heart attack.

Mr. and Mrs. Troy Sloan were in Lubbock three days last week where he conducted a Tax Appraisal Seminar. This was for various tax officials and was held at Texas Tech University.

Bruce Sheets, Oscar Donnell and Bill Hutton attended a funeral in Canadian Monday. The services were for Norma Hutton, 89, the wife of Bill's brother Frank and was held at the Baptist Church.

Jeff Gressett is at home for a short while between terms of college. He has been in the summer classes at Southwest Texas State University at San Marcos. He will be a sophomore and is an accounting major. However he feels fortunate in studying music under Leonarie Sergi.

Mrs. Sue Hayes of Pasadena, California is visiting her cousin, Freda Sheets. She arrived Saturday and on Monday they visited other relatives in Woodward. They plan to spend a few days at Lakin, Kansas.

The report on Margaret Gibner is that she had surgery for hip joint

replacement on Monday morning. She suffered a broken hip and was taken to Amarillo on Friday. She is making good recovery but will be in the hospital about three weeks. She is in room #543 at St. Anthony's.

Everyone attending this "unofficially approved historical event" is asked to come dressed as a character representing some aspect of the 150 years of Texas history. Mrs. Schroeder stated that no one may come "as is" no matter how ancient they feel at the time.

#### LETTER TO PARENTS

#### ATTACHMENT B

Instructions: Modify the letter to accurately communicate the programs operated by the school and complete the blanks with the appropriate information.

Dear Parent or Guardian:

The Pringle-Morse School serves nutritious meals every school day. Students may buy lunch for 70¢ and breakfast for 30¢.

Children from families whose income falls within the level shown on the attached scale are eligible for either free meals or reduced-price meals priced at 40¢ for lunch and 25¢ for breakfast.

To apply for free or reduced-price meals, please fill out this application as soon as possible, sign it, and return it to the school. Please answer all questions on the form. An application which does not contain the following information cannot be processed by the school: (1) the total household income must be listed by the amount received by each household member receiving income and the type of income it is (such as wages, child support, etc.) OR your food stamp case number if your household is on food stamps, (2) names of all household members, (3) social security numbers of all household members 21 years old or older or the word "NONE" for any household member who does not have a social security number, and (4) the signature of an adult household member.

VERIFICATION: The information on the application may be checked by the school or other officials at any time during the school year.

REPORTING CHANGES: If your child is approved for meal benefits, you must tell the school when your household income increases by more than \$50 per month (\$600 per year) or when your household size decreases.

REAPPLICATION: You may apply for benefits at any time during the school year. If you are not eligible now but have a decrease in household income, become unemployed, or have an increase in family size, fill out an application at that time.

FOSTER CHILDREN: If you have foster children living with you, they may be eligible for these benefits. If you wish to apply for these benefits for them, please contact the school and they will help you complete the application.

NONDISCRIMINATION: Children who receive free or reduced-price meal benefits are treated the same as children who pay for meals. In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age, or handicap. If you believe you have been discriminated against, write immediately to the Secretary of Agriculture, Washington, D.C. 20250.

FAIR HEARING: If you do not agree with the school's decision on your application or the result of verification, you may wish to discuss it with the school. You also have the right to a fair hearing. This can be done by calling or writing the following official:

Allen McCloy Rt. 1 Box 3 Morse, Texas 79062 Ph. # 733-2768  
(Name, Address, Telephone Number)

CONFIDENTIALITY: The information you provide will be treated confidentially and will be used only for eligibility determinations and verification of data.

HELP WITH APPLICATION: If you have any questions or need help in filling out the application form, please contact Ray Hartzel at Pringle-Morse School. You will be notified when the application is approved or denied.

Sincerely,

(These guidelines should be used by the school to determine eligibility for free or reduced-price meals and should be provided the media for public release.)

WHAT INCOME MUST YOU LIST ON THIS APPLICATION: List all income received last month by each person. You must list: all wages from all jobs (the total earned BEFORE deductions for taxes, social security, etc.); retirement or pension income for anyone in your household receiving this income; and the other income types listed below. If you or anyone else in your household received disability, unemployment compensation, workman's compensation, or strike benefits last month, it must be listed as other income on the application. If you have household members for whom last month's income was higher or lower than usual, please list that person's expected average monthly income for this year. For example, self-employed people like farmers and seasonal workers should list average monthly income.

RACE: Please check the racial or ethnic identity of your child. You are not required to answer this question. We need this information to be sure that everyone receives benefits on a fair basis.

- White, not of Hispanic origin
- Black, not of Hispanic origin
- Hispanic
- Asian or Pacific Islands
- American Indian or Alaskan Native

No child will be discriminated against because of race, sex, color, national origin, age, or handicap.

FOSTER CHILDREN: In certain cases foster children are eligible for free or reduced-price meals regardless of your household income. If you have such children living with you, please contact the school for special instructions on how to complete this application.

PRIVACY ACT INFORMATION - SOCIAL SECURITY NUMBERS: Federal law (P.L. 97-35) requires you to list social security numbers of all adult household members before your child may receive free or reduced-price meals. You do not have to give social security numbers, but if you refuse your child cannot receive free or reduced-price meals. The social security numbers may be used to identify you for verifying the information you report on this application. Verification may include audits, investigations, contacting the State employment security office, food stamp office, and employers, and checking the written information provided by the household to confirm the information received. If incorrect information is discovered, a loss of benefits or legal action may occur. These facts must be told to all household members whose social security numbers are reported on this form.

# Judge Escapes to Mountains

Judge Albert Graves

One afternoon we decided to get away for a few days. We discussed going to North Carolina and Alabama to see Joanna, Chris, Cristi, and Doug and Becky and Gary, Debby and C.B. but the hot weather made the mountains very inviting.

Then came the decision of which vehicle to take: the Van, Buick or Aspencade (Honda full dress touring bike). The motorcycle is much more comfortable.

Many orthopedic Surgeons have discussed the advantages of motorcycles for people. A vehicle with four wheels jostles a person from side to side. This is only a very small force to the side; but, after riding all day in a car person is tired to say the least. The Aspencade has air shocks that can be adjusted from the dash with an on-board compressor giving a ride as stiff as a tractor with lugs plowing wheat stubble; or, as soft as a 1939 Buick without any shock absorbers. So! Because we can ride all day and not be tired (later in this article that statement will be corrected) we took the cycle.

Joanne packed our clothes and we were off to Raton. We went by way of Gruver and Stratford to Dalhart. That road is a little bit safer in the afternoon and we can make better time than going thru Sunray. The mileage is only 3 miles different going via Stratford or Sunray. We had a very pleasant trip to Stratford; however the air was hot between Spearman and Dalhart.

We began to pick up some traffic after we left Stratford. A few 18 wheelers going between L.A. and East Coast Cities, a few pickups and cars pulling travel trailers and a few citizens going to their local towns. The gradual incline to the Continental Divide forced slower vehicles delay other cars wanting to pass. To assure a safe trip we plan ahead to assure staying out of groups of cars. We ride in open country, always.

The trip from Dalhart to Clayton is always pleasant as we watched the combines harvesting wheat with two large trucks, geared for pulling thousands of pounds out of the fields moving toward the highway while we glided effortlessly along the highway with a 80 H. P. horizontally opposed liquid cooled flat four providing the power.

We stop at Texline for gasoline and a coke. The cycle will run on regular or unleaded, so we use unleaded in an effort to help the environment etc. The cycle has a 4.8 gallon tank located below the seat. The center of gravity was lowered and the location of the conventional tank provided a handy location for electronic modules etc.

The ride between Clayton and Raton is always extremely pleasant with ranch land, plenty distance, and hills with volcanic rock to observe; and, imagine what it must have been like millions of years ago when dinosaurs roamed the area where we are traveling. Now a motorcycle glides quietly and effortlessly along-not touching the earth itself but on a blacktop surface keeping us a few inches above the earth.

As we approach Raton at sunset, the skyline is beautiful with flashing signs and homes nestled in the hills. The electricity provided by generators in turn powered by coal from train loads of coal which are every present on the railroad between Clayton and Raton.

We stop at a very friendly, motel where we have stopped on previous trips by motorcycle. The trunk on the cycle can be carried like a suitcase into the motel room. The top is then opened and removed and set to one side. The half shell container that left contains Joannes overnight case and other items that make a trip seem like a person is at home.

The two saddle bags have his and hers clothing. Each saddle bag has a liner with handle etc. that lifts out and is carried into the motel. We soon discover we have more sets of clothes than we can possibly use for a short trip. We ate a delicious supper at a wonderful restaurant across the street from the motel.

The next morning we rode up Hy-25 over Raton Pass to Trinidad. That is a nice ride and the aroma of the cool mountain air is beginning to emphasize their wonderful outdoor mountain air available at the door step of Spearman as the cycle glided over Raton Pass with ease from Trinidad to near Walsenburg over the side road pass Monument Lake. We stopped occasionally for photographs with the mountains in the background and of course the cycle.

We then went north on staying East of the San Cristo Range. A nice ride while staying off the main traveled highways. With the intercom amplifier and connection between our helmets and microphones build into the helmets we can discuss the many, many rubber rafts we see floating down the rivers, usually 4 to 6 people in the rafts bouncing along the rapids.

When we enter the highway that runs between Canon City and Durango we see two cycles heading west and visit them by C.B. radio. They are extremely nice and belong to the Gold Wing Riders of America as do most Gold Wing Riders. This is simply a group of touring bike riders trying to help each other when break downs, etc. occur, and of course help automobile drivers in distress also. They ride a few miles and drop off going their various ways. We keep in touch via C.B. radio for a few miles.

We arrive at Salida tired, check into a nice motel. Three other couples on Gold Wings check into the motel, one from Illinois and two from Ft. Worth. We visit an hour or so discussing scenic cycles, various beautiful scenic highways and places to eat, then to go to the local Pizza Parlor and have a delicious supper. We always sleep good in the Colorado mountains.

The next morning we decided to ride awhile before we eat breakfast. We go east of Salida and to make a decision whether to go west toward Monarch Pass and on to Silverton and Duranja; or, south to Alamosa; or, north to Leadville. We elected to go North to Leadville.

That is such a beautiful ride on a cycle; gentle turns and steady climb perfect for a motorcycle. We arrive in Leadville, find a nice restaurant and eat a delicious ham and egg breakfast. The cold morning mountain air is making itself evident by the steam from the coffee as the cold air glides down off the slopes of the mountains covered with snow. Later in the day the process will repeat itself in reverse as the warmer air rises, condenses and mountain showers develop.

Because other touring cyclists stated the high temperature in the Estes Park was 40% yesterday, with snow the night before, we decided to head back south. We enjoyed the ride back even more than the trip up to Leadville. The trip up was the first time over that road since 1950 and we had to be alert for road construction, damaged highways and the driving habits of the local people going to work. We had a beautiful ride from Leadville to Salida with the mountains on our right and rubber rafts bouncing along the Arkansas River on our left, such real beauty.

We rode on South for Salida to Alamosa on 17, straight as an arrow and flat as a pancake. The motorcycle engine whining like a turbine the air flowing over the windshield developing a still air pocket for the passenger.

From Alamosa we head East through the canyons. We soon discover we are the front door for some 8 wheelers.

Laveta Pass, and others, are no problem for 1100cc flat cycle developing about 80 H.P. (the little 1200cc. V.W. Bug developed about 30 hp).

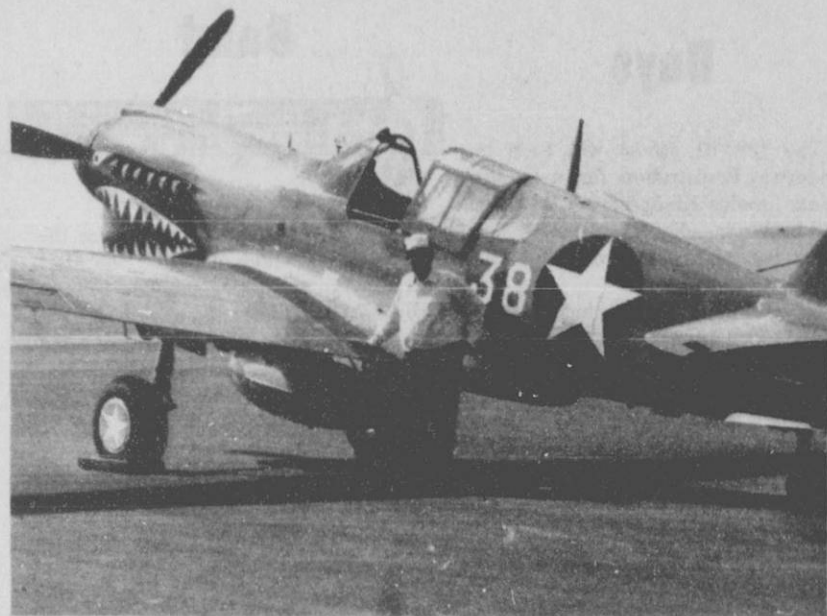

From Walsenburg we head south to Raton. Rain clouds appear ahead. Just before Raton Pass we stop beneath an underpass and put on our bright orange rain jackets. Climbing up Raton Pass, keeping the correct distance was not any problem; however, going down the other side was a different story. We kept the speedometer on about 55 mph, as a result every one passed us sprayed the cycle generously with water standing in the highway. Very little water got on us and in a few miles we were bone dry.

When we arrived in Raton about 4 p.m. we planned to continue on to Spearman (212 miles); however the cloud that rained on us on Raton Pass

had now moved across the Raton to Clayton highway. We stayed at our friendly Motel and enjoyed a nice quiet evening.

The next morning the storm clouds had moved away and the ride back to Spearman was extremely pleasant. Apparently the rain the night before had traveled along our route to Sunray, making our trip home wonderful as the aroma of the grasslands and newly plowed panhandle soil slowly drifted across the highway. The cycle averaged 50.1 mpg on this trip.

Floating along the highways around Spearman on a still moonlight night in the summertime and glide down through the canyons and back up on the caprock where you can see forever and the lights of Spearman, Gruver Morse and all those beautiful farm homesteads makes you know why we are blessed to be able to grow up, learn, work, live and play on this portion of God's earth where the most wonderful people in the world live.

### Arts Dollars

While economizing on some things, Congress is increasing the millions given to the National Endowment of the Arts.

The House recently voted to give this agency \$165 million to spread around the country, mostly to urban theater and other "art" groups. This is \$20 million more than the Reagan Administration requested.

This would be, perhaps, acceptable if the nation was running a surplus and the government operating in the black. But any return is purely a hope--that this outlay will somehow help the citizenry.

The truth is that it's a sort of welfare for urban "arts" organizations, the product from which is often not art but entertainment, of which we have an overabundance in the U.S.
