Rotary Governor visits Spearman

Roy L. Ward, Governor District 573, of the Rotary Club, was the guest speaker at the Spearman Rotary Club Monday of this week. Governor Ward has a funeral home in Lubbock, Texas. He also is the owner and operator of seven other funeral homes and two

cemeteries. He is the past president of the Lubbock Rotary Club, and past district secretary. His community activities include former Bank Board Director; He is presently chairman of the board, First Methodist Church, Lubbock, Gov.

ROY WARD - MARY ANN WARD

Ward is active in the United Way, American Cancer Society, and Chamber of Commerce in Lubbock. His wife Mary Ann accompanied him to the Spearman Rotary luncheon. Monday. They have 2 sons, ages 13 and 9.

President of the local Spearman Rotary Club is Ronnie Lusby. President Lusby presented both the Governor and his wife with a gift for coming to Spearman Monday.

BUSTED! What's this! Two more of Spearman's leading citizens placed behind bars? It can only be the infamous MS Arrest, where corrupt employees can have their bosses placed behind bars. Under this devious system, money is then passed under the table to members of the National Multiple Sclerosis Society in

order to make bond. It's a sorry state of affairs, but its all also for charity! To help devise an MS Arrest, call the Chamber of Commerce Office this Saturday! By the way, the denizens behind bars are; Frosty Hickerson and Don Townsen. Frosty was caught with 2 files, and Townsen had a check-book trying to buy off the editor to not run this story!

Cat fight Friday nite!

A couple of real alley cats will be "getting after it" at Sunray Friday night, when the Lynx and Bobcats tangle at Sunray. The kick-off will be at 8 p.m. It will be a real barn-burner! And, most football experts, pick the talented Bobcats as a favorite, after they de-fanged the highly regarded Sinner Rattlers Friday night. The Lynx are still a mystery. They are hard to rate. Their quarterback should be at full strength this week, even though he did suffer a bad ankle injury at Memphis two weeks ago. He was called in to play in the Hooker

game, and did excellent job. Scouts report Sunray to be big, powerful, lean and mean. Plus they have speed equal to that of the Gruver Greyhounds. On the other side of the ledger, the Lynx are improving rapidly, and have much more reserve strength than Sunray. If it comes down to a game of endurance, the Lynx can win. But if the Sunray speed is too much for the Lynx, it could spell trouble with a capital T! See you at Sunray Friday nigh-Go Lynx!

Commissioners court has meeting here

The Hansford County Commissioners court held their regular meeting this past Monday. Judge McClellan stated that all of the bills were paid, the tax rate for the coming year was approved. Also, the county entered into a fire contract for the coming year. A budget amendment was also made.

Food Festival Heart Fund

A big thank you to G. and G. Foodliner in Gruver, and Got Rate Grocery in Spearman for helping with the Heart promotion this year. Hansford County American Heart Food Festival was a huge success in Spearman and Gruver. The American Heart Association's second annual Food Festival was held Sept. 7-13 in two of Hansford County's food stores. We reached hundreds of shoppers and residents of Spearman and Gruver with our nutritious message. American hearts food festival took place in nearly 850 grocery stores in Texas and thousands of stores across the nation.

School Night

Spearman, I.S.D. will hold a "back to school night" September 22. The purpose of the fall term open-house is to allow parents the opportunity of meeting the teachers early in the school year establishing communication lines. Spearman High School will observe

open house from 6 to 7:00 p.m. and the junior high and elementary campuses will be open from 7 to 8:00 p.m. The public is cordially invited to attend the open house. Texas Public Schools Week in early March will be observed but not with an open house event.

Lynx Beat Hooker

The Lynx Varsity beat Hooker in an exciting game here last Friday night. Spearman had a few problems in the first quarter. A bad punt gave Hooker good field position on the Lynx's 20 yard line. The Spearman defense held and Hooker's field goal attempt went wide. Then from deep in their own territory the Lynx were forced to punt, the ball being centered high and out of the end zone giving Hooker a two point safety.

Benson on a pass for 39 yards. After a short gain and a penalty #45 Dusty Hill powered over the right side for 12 yards and the touchdown. The extra point conversion was good with a pass from Davis to Benson, and a 16 to 2 lead.

The Lynx defense only allowed Hooker a total of 133 yards gained, and gave them losses of more than 50 yards.

In the second quarter the Lynx started a strong drive that ended 65 yards and a touchdown later. The score coming on a pass play from #10 Brett Davis to #80 Keith Benson. Davis and Benson got together again on the extra point conversion, giving Spearman an 8 to 2 lead at halftime. In the third quarter #45 Dusty Hill intercepted a Hooker pass on the 50 yard line. On third and eight Brett Davis connected again with Keith

9th Annual Golden Spread Antique Machinery Show

The ninth annual Golden Spread Antique Machinery Show will take place September 20-21 at the Donald Sell farm southeast of Perryton, Texas. The only Show of its kind in the Texas Panhandle, it has increased in popularity each year. "It seems our biggest advertisers are people who come one year and return the following years bringing friends and relatives with them," Mrs. Richard Sell said. "We often have people express surprise at the quality and quantity of our Show," she continued. The Show is sponsored by the Golden Spread Antique Machinery Association which was formed for the purpose of presenting the Show as a means of education and appreciation for our agricultural heritage. Horse drawn equipment, antique tractors, cars, trucks, and steam engines are just a part of the Show. There seems to be something of interest for everybody.

A parade of the machinery actually being driven past the grandstands in review with information given on each vehicle is featured both Saturday and Sunday beginning at 1:30 p.m. The parade lasts about 2 hours and concludes with old-time wheat thrashing. John Deere is the feature tractor this year.

"Exhibitors come from all over the country, and each year is a new Show. We're expecting a number of different attractions this year," Mrs. Sell reported.

Food will be available on the grounds, and an all day outing for the family is encouraged. Sunday church services begin at 9:00 a.m. Directions to the Sell farm from Perryton are 10 miles east on FM 377 (9th Ave.), and 5 miles south on FM 2711; or from Booker, 5 miles south on SH 23, 6 miles east on FM 377, and 5 miles south on FM 2711.

We welcome these crews to Spearman and congratulate Santa Fe for their faith in our Area. The tracks will be needed for the new Palo Duro Dam, The new Electric Generating Plant, and possibly for the new manor now under construction. Of course, the main use for the track will be hauling out grain from the no. 1 grain producing county in the state of Texas.

Focus on the Family

Over 50 million parents have been inspired by Dr. James Dobson's FOCUS ON THE FAMILY film series. Now, building on that nationwide groundswell of interest, Word Publishing and Focus on the Family, Inc. have released TURN YOUR HEART TOWARD HOME. In this bold new film series, America's most trusted family life expert brings his vast experience to bear on one of society's most pressing challenges, the protecting and strengthening of family relationships.

The first discussion provoking film of this six-part-series, A FATHER LOOKS BACK, will be shown at First United Methodist Church on Sunday, Sept. 21 at 7:00.

The remaining five films will be shown Sept. 28 through October 26th.

Citing example after familiar example, Dr. Dobson portrays the pressures today's parents are susceptible to. He reminds them of society's slide toward humanism and the undermining influences of radio, television, films and the press, which can only be counterbalanced by a loving home where Christian values are instilled from an early age.

A swelling majority of Americans sense the vulnerability of their own families and are willing to make all commitments necessary to preserve them. Dr. James and Shirley Dobson urge those individuals to get involved and return to the traditional values upon which families are best created and nurtured. TURN YOUR HEART TOWARD HOME is a personally challenging film series that every parent should see.

Spearman Lynx Band

"The Lynx are great. The Lynx are grand," says the Spearman High School Band!

The Lynx Band has really been working hard, and it shows. They thrilled the fans in the stands at Fridays football game.

The climax of the half-time show was when the band formed a huge S in the middle of the field while playing the Lynx Fight song.

The band certainly has a lot of spirit and pride this year. It shows out on the field and in the stands, where the band cheered right along with the cheerleaders, and came up with some cheers of their own.

Correction:

The proper spelling for the following band members is: Darby Davis, and Rhett Balzer.

Avenge Losses to Rattlers

by Jeff Hutchison

Jeff Hutchison

The Spearman Lynx 8th grade football team will play at Stinnett on September 18th, after shutting out Gruver in their first game of the season.

Last year the Lynx lost both games to Stinnett. The first game was an offensively controlled game in every aspect except points. All of the points were scored in the last three minutes of the game with the Lynx coming up on the short end of the offensive fusillade in a 14-6 loss.

In the second game the Lynx had to play under terrible field conditions. Stinnett scored on the third play of the game, and decimated the Lynx throughout the first two periods en route to a 28-0 halftime lead. A sixty yard touchdown run by Ramon Rosales saved the Lynx from a shutout in the 40-6 debacle.

This year, however, the Lynx will be back for revenge with a new offense, and an improved version of the defense they played last year. The defense shut down Gruver's offense completely last Thursday night, allowing only 26 yards.

The Lynx will have little hope of victory against Stinnett's hi-powered offense if their offense doesn't cut down on costly turnovers. The offense should have a good game against Stinnett, though since defense is a weakness of the Stinnett team.

To God A Note Of Thanks

Friends, our study this week is concerning what it means to be an overcomer and of God's promises to every one who overcomes. This word means to be a conqueror in our race here on earth to be pleasing to God and have a hope of eternal life.

In 1 John 5:4 we read, For whosoever is born of God overcometh the world and this is the victory that overcometh the world even our faith. Heb. 11:6 without faith it is impossible to please Him for He that cometh to God must believe that He is and that He is a rewarder of them that diligently seek Him. So this means we must seek Him with all of our heart and then believe he means what He asks of us and that He rewards if we do. What do we have to do to overcome? Answer; The desire of the flesh with our will fully surrendered to the Lords will. As Jesus said, Not my will Lord but Thine be done. We must be a victor and conqueror of all the suggestions and cunning devices of Satan an overcomer over all evil. Rom 12:12 Now for the promised reward. Rev. 2:7; To him that overcometh will give to eat of the tree of life which is in the midst of the paradise of God (The holy city new Jerusalem). Rev. 2:11; He that overcometh shall not be hurt of the second death (In the lake of fire) Rev. 2:17; To him that overcometh will I give to eat of the hidden manna (the bread that came from heaven, all Jesus has for us who said I am the bread that came from heaven that gives life unto the world.) That verse also reads and will give him a white stone and in the stone a new name written which no man knoweth saving he that receiveth it. Rev 2:26; He that overcometh and keepeth My words unto the end to him will I give power over the nations and he shall rule them with a rod of iron. Rev. 3:5; He that overcometh, the same shall be clothed in white raiment (The righteousness of the saints). In Isa. 11:10; we read, He hath clothed me with the garments of salvation He hath covered me with the robe of righteousness. Rev. 3:12; Him that overcometh will I make a pillar in the temple of my God. (A person firm and steadfast) and he shall go no more out and I will write upon him the name of my God and the name of the city of my God which is new Jerusalem which cometh down out of heaven from my God and I will write upon him my new name.

Rev. 3:21; To him that overcometh will I grant to sit with me in my throne (Jesus) even as I also overcame and am sit down with my Father in His Throne (The Throne of God). Thank God for all these precious promises to the church which is the body of Christ, heirs of God and joint heirs with Jesus Christ if so be we suffer with Him. Jesus paid it all that by the shedding of His blood that covers our life we are given this over coming grace wherein we stand and rejoice in the hope of the glory of God. Rom. 5:2.

Switching from incandescent to fluorescent lighting will improve the energy efficiency of your household lighting. One 40-watt fluorescent provides the same lumen output as three 60-watts incandescents with a total of 180 watts. And fluorescents last up to 20 times longer than incandescents.

Some people dislike the color of fluorescent light and the type of fluorescent fixtures typically seen in schools, offices and public places. However, there are now fluorescents made especially for household use.

Flourescent bulbs are now also made to give off a softer, warmer glow that's flattering to skin tones and colors around the house.

While fluorescents cost more initially, you'll save with them in the long run.

Paw Power!

If you are a Highly Emotional person, you probably did not enjoy last Friday's game. If you like getting up and then getting the rug pulled out from under you, it was that type of game. It seemed like every time we got going, a penalty or a fumble would kill a drive. We fumbled 8 times, losing 3 while Hooker did not lose any. We had 8 penalties on defense alone that gave Hooker good field advantage several times. All our fumbles were from the Q Back and Center.

Our running backs ran hard and looked their best so far this season. Dusty Hill had 112 yards on 18 carries while Mike Pearson had 70 yards on 9 carries. The offensive line was led by Allen Gardiner with a score of 74 and was followed by David Cazarez, Kevin Nelson, Jesse Lozano, Keith Benson and Mike Parks with score of 65, 62, 60, and 59 respectively.

Defensively we were at our best. Coach Smith had his back to the wall all night trying to make calls to stop Hookers' offense. Their 2 points were made when we centered the ball over our Punter head. The defense was led by David Cazarez with a score 55, which is very good for a line backer.

He was followed by Dusty Hill with a score of 45, which is high for a cover back. Jesse Lozano, Scott Swan and Mark Garnett followed with scores of 36, 31, and 27 respectively. Lozano, Hill and Jeff Gustin intercepted a play each to stop important drives.

Brett Davis came in and did a good job considering he didn't workout all week, plus the fact he was playing on one leg. He passed to Keith Benson for 1 t d plus 2 points.

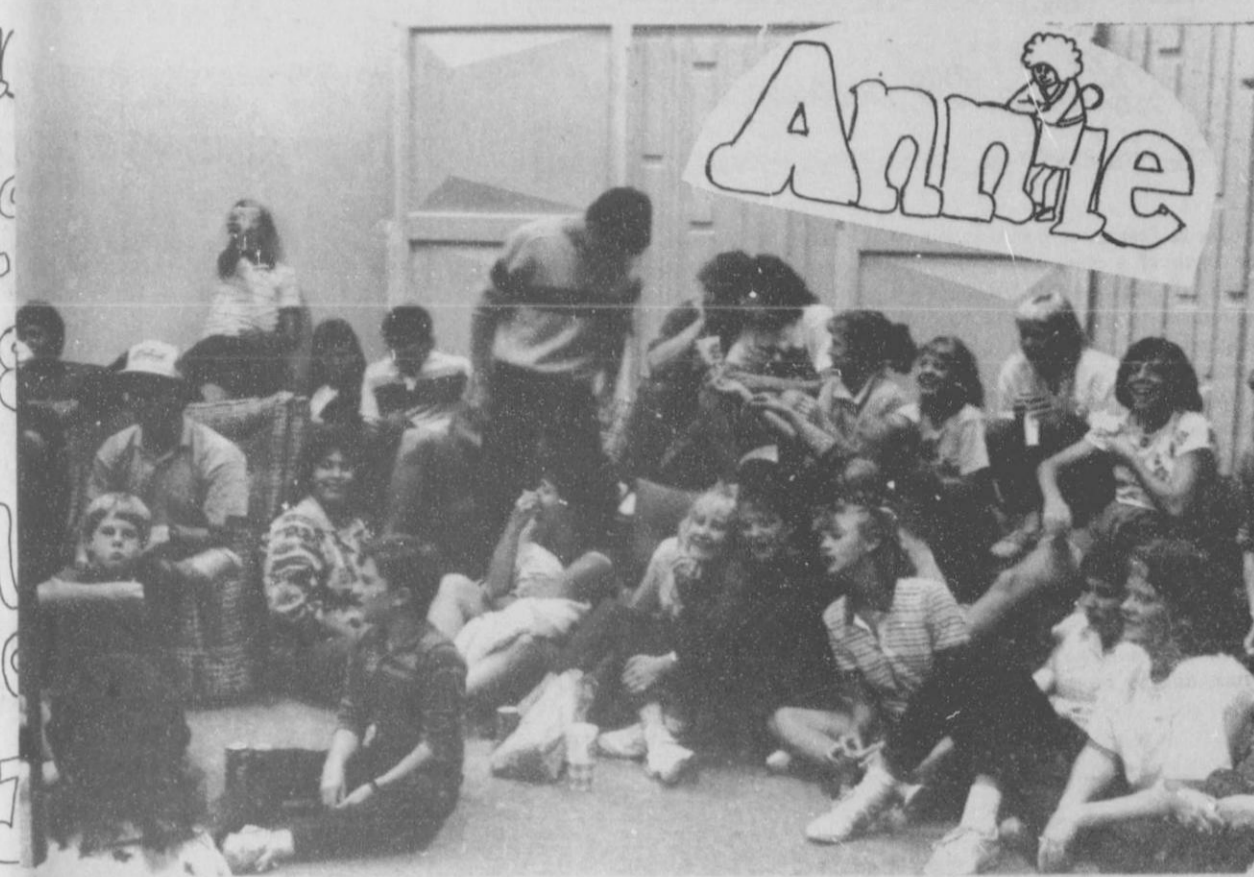

We are improving, but mistakes are our worst enemy. If we could eliminate some of these errors, it would be easier to concentrate on our game plan.

I was impressed by our junior High Teams last Thursday. Coach Rutherford and Rowland did a good job in getting those teams ready to play that will. I am also impressed with all the support and attitude of those involved with everything that goes to keep our attitude up.

This week we are in preparation to play a tough, aggressive Sunray Team over there. They have a very fine Team and get everything from the few they have. We will have to play much better to stay on the field with them.

New Low Impact Class at "Y"

The new low-impact aerobic classes offered at the Y.M.C.A. are proving to be extremely popular. A mens and womens class is offered Wednesdays and Fridays from 5:15 to 6:00 and an advanced version for women is offered Mondays, Wednesdays, and Fridays from 4:15 to 5:00.

Low impact aerobics is fast becoming one of the major focal points in the field of aerobic fitness classes. These classes do not involve the jumping and pounding that many people are finding destructive to the all-important joints of the body.

While keeping the feet low to the floor, participants use more extensive arm work to keep their heart rates up in their Target Range. This also provides an excellent upper body workout at the same time - toning and shaping the muscles of the arms, back and chest.

Although low impact aerobics first began because of the rise in joint injuries caused from high impact aerobics, its quick spread has pointed out many other types of participants and uses. Overweight people who want to have fun exercising and who cannot walk regularly outside because of bad weather; older people who are healthy but who want to keep the wear and tear on their joints down; people with arthritis or other joint problems who are getting the "o.k." from their doctor to participate; and now, even people with no problems at all are starting to realize that you do not have to jump off the floor or jog to get an effective aerobic workout. Also people who want to exercise more than 3 times a week are showing up, mainly to give their feet, shins, and legs a rest from jarring and overuse.

Beginners will do the squats, lunges, side reaches, etc., with comfortable shorter movements and will keep the arms lower. Experienced class members will do deeper, more exaggerated movements and may wear light wrist weights. Just as many calories are burned and just as much cardiovascular fitness is attained as in a high impact class as long as members keep their heart rate up in their Target Range for 20-25 minutes.

In order to keep all class members healthy and well, they are asked to fill out a health questionnaire and the teacher, Wanda Archer, measures fat to muscle ratio which will be used to compare to another measurement to be taken in November. This will help class members to know if they've been working hard enough.

This is a "caring" class, with members encouraging one another and with everyone having fun while getting in shape. This is just another example of the many ways our Y.M.C.A. is keeping Hansford County "fit". If you are interested in either of these classes, contact Wanda at 3519 or call the "Y".

TEXAS CARPET CLEANERS

 GRUVER, TEXAS

A BETTER WAY TO CLEAN CARPETS? OF COURSE THERE IS..!

Yes, for years "scrubwomen" used scrub brush and soap. Her replacement, so called "shampoo" machines, used motor driven scrub brush and shampoo. Both only "surface cleaned", but didn't remove dirt from deep in carpet fibres. Brushes caused extra wear, matted carpet pile, changed texture, and left sub-surface dirt in the carpet. Carpet was only half clean.

STEAM WAY

THE ULTIMATE IN CARPET CLEANING

Steam-Way's revolutionary new deep clean extraction method doesn't use harsh brushes. Flashed steam goes deep into carpet to dislodge embedded dirt. Vacuum picks up dirt solution, transfers it to storage tank. Cleans from bottom up, not top down. Steam-Way makes your carpets the "Cleanest Clean You've Ever Seen".

PUBLIC NOTICE
 BRIEF EXPLANATORY STATEMENTS OF PROPOSED
CONSTITUTIONAL AMENDMENTS
 GENERAL ELECTION
NOVEMBER 4, 1986

PROPOSITION NO. 1 ON THE BALLOT
 Senate Joint Resolution 15 proposes a constitutional amendment that would permit the legislature to provide by general law for the apportionment of the value of railroad rolling stock among the counties in which the property of the railroad is located for purposes of property taxation, and would delete the requirement that the Comptroller participate in making the allocation. To comply with both statutory and constitutional law, the apportionment currently is being made by the State Property Tax Board in conjunction with the Comptroller.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment to allow the legislature to provide by general law for the apportionment of the value of railroad rolling stock among counties for purposes of property taxation."

PROPOSITION NO. 2 ON THE BALLOT
 Senate Joint Resolution 33 proposes a constitutional amendment that would replace the constitutional requirement that the subject of a bill be expressed in its title with a mandate that each house of the legislature adopt rules of procedure that would require the subject of each bill to be expressed in its title in a manner that gives the legislature and the public reasonable notice of that subject. Determining compliance with the rule would be the responsibility of the legislature. Currently, a law is invalidated if a court finds its caption is defective. The amendment would provide that past and future enactments may not be held void on the basis of an insufficient title.

The amendment also would eliminate the suggestion that the state's laws be revised every ten years, and instead would provide for continuing revision of state laws.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment requiring each house to include in its rules of procedure a rule that each bill contain a title expressing the bill's subject, and providing for the continuing revision of state laws."

PROPOSITION NO. 3 ON THE BALLOT
 House Joint Resolution 73 proposes a constitutional amendment that would permit the Legislature to authorize any county, city, town, or other political subdivision to use public funds or credit to pay insurance premiums on nonassessable life, health, or accident policies. Due to the prohibition in the constitution against the lending of credit and granting of public money, political subdivisions currently are prohibited from becoming shareholders in associations such as mutual-insurance companies, in which policyholders are shareholders. A nonassessable mutual insurance policy does not allow a company to raise capital by assessing the policyholder an extra amount on a pre-

mium. This amendment will allow mutual insurance companies and stock companies to bid for life and health group policies of political subdivisions. Public liability will be limited to the payment of premiums specified in the contract.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment allowing political subdivisions the opportunity to engage in and transact business with authorized mutual insurance companies in the same manner as with other insurance companies."

PROPOSITION NO. 4 ON THE BALLOT
 Senate Joint Resolution 4 proposes a constitutional amendment that would repeal the prohibition against branch banking by state banks and would allow state banks and national banks domiciled in this state to establish and operate banking facilities at locations within the county or city where they are domiciled. The amendment would also authorize the Legislature to permit a state bank or a national bank domiciled in this state to engage in business at more than one place if it acquires a failed state bank or national bank domiciled in this state.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment to provide that a bank may offer full service banking at more than one location within the city or county where its principal facility is located, subject to limitations and restrictions provided by law."

Estos son los informes explicativos sobre las enmiendas propuestas a la constitucion que apareceran en la boleta el dia 4 de noviembre de 1986. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/8683 o por escribir al Secretario de Estado, P.O. Box 12887, Austin, Texas 78711.
