Cummings Picks Beauties To Appear In La Ventana

Announcement of the selection of Tech's top eight La Ventana Beauties was made today by editor Barbara Pearce.

As selected by television star Bob Cummings, here are the top beauties: Revis Jordan, Mary Jane (Miller) Chase, Barbara Hudson, Averill Brinkman, Sandra Hendrix, Sherry Sinex, Caroline Wood, and Ann Gordon.

Double-page layouts will feature the top eight beauties in the 1957 annual, and the remaining twelve finalists will be pictured four on a page.

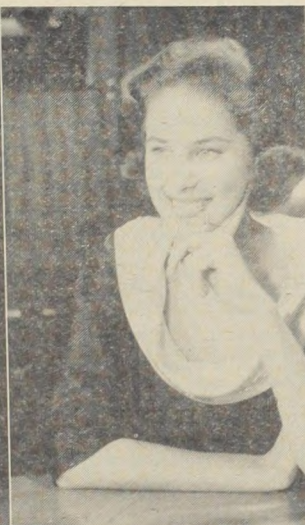

Beauty finalists were Enna McDaniel, Bobbie Carroll, Shirley Kee, Beth Davidson, Lynn Cundiff, Marilyn Warren, Sharla Bickett, Simone Smith, Ann James, Ann Denny, Annyce Gibbs and Sandra Shields.

A BARGAIN ANYHOW...

It is absolutely impossible to estimate the value in dollars and cents of a University education. And it is somewhat of a truism that some students do, of course, receive much more benefit than others. But regardless of how well a student spends his years at the University, all must concede that the opportunity provided here probably constitutes the outstanding bargain of a lifetime.

Fortunately the state of Texas is able to provide this wonderful educational experience at minimum cost. Realistically speaking, the student's tuition payment is little more than a gesture in retiring operating costs. Yet with mounting costs and increasing enrollment it is imperative that the state, the University, and its students reexamine every avenue of income.

While the students' tuition payments are merely a drop in the financial bucket, it is fitting that the beneficiaries of the University system, primarily and immediately its students, should be willing to pay tuition fees which are geared to contemporary standards. (The \$25 tuition figure now in force was established in 1932.)

An increase in tuition fees does not, in the light of the total situation seem out of order.

But, we do not advocate a tuition increase that would merely provide relief for the legislative appropriation from the general revenue. Funds obtained from such an increase should go for badly needed faculty salaries.

Since the University is so pressed for the day-to-day expenditures—as adequate faculty salaries—the legislature should, and surely will, earmark revenue from such an increase to meet those needs.

While students are naturally opposed to any measure that will cost them more money, most students would be willing to reach deep down in their pockets even to the point of sacrifice — and in some cases it will be this — to pay a more realistic tuition cost if they could be assured that those funds would be channeled back to their origin.

Only on these terms would such a demand on the college student of Texas be acceptable.

—Daily Texan

TECHSANS TALK BACK

HIGHER COSTS

Students, wake up, what is happening to public education? Has Tech reached the point where it has to discriminate against the poor? Are we going to sit back and let them make our beloved Tech just another school for rich kids. Let me list some of the things that come to my mind as I think about the cost of education here at Tech in the future.

1. Dormitory fees jumping from \$65.00 to \$72.25 and \$80.25 for old and new dorms respectively.

2. The possibility of the tuition being doubled for the coming semester.

3. The loss of the Veterans GI Bill benefits, (the last group of new veterans under the Korean Bill are slated to enter colleges this fall) those that have entered active service after January 1, 1955 will not receive those benefits.

4. And in view of the fact that Tech has 1,400 veterans presently enrolled, which is one-fifth of the student body, and most of these are single vets receiving \$110.00 a month.

5. Also in view of the fact (and I know it is a fact) that a student can live out in town more economically than he can live in the dorm, under the present system of \$65.00 a month and this fee has gone to \$72.25 and \$80.25 respectively in old and new dorms.

6. And the larger per cent of the Tech students parents are from farms or businesses near to agriculture. With the present drought situation and Benson's drop in price supports for our major crop, cotton — I wonder if our educators and Benson got together, and one sold out the student and free education, while the other sold out the farmer, the student's parent.

Yours very truly,
Don Avery

ANOTHER BARN

Hurray for Dub Holt! It is about time that someone saw the need for a new Speech Department, and had the courage to tell that need to the students at Tech. One does not realize the great need for better facilities until he works on the production of a speech play. It is indeed a miracle

that even Shakespeare can be presented in such a building called the Speech Auditorium, much less the Greek Drama given in 1956 (The Infernal Machine).

You have to give those kids in the Speech Department credit for attempting to give Texas Tech the best in all drama.

We got rid of the BARN and got a new gym—let's do something about the other barn called the Speech Dept.

Sincerely,
Benni Dunn, President
Sock and Buskin Club
Speech Dramatics Club

TWO CAN LIVE AS CHEESILY AS ONE

Now in the final months of the school year, one thing is certain: you and your roommate are not speaking.

But it is not too late to patch things up. Examine the rift calmly. Search your soul with patience. Perhaps the fault is yours. Perhaps you are guilty of violating some of the basic rules of roommate etiquette.

For instance, in decorating your room, have you forced your preferences on your roommate without regard to his or her tastes? This is a common cause of friction. Indeed, it once happened to me back in my freshman year when I was sharing a room with a boy named Rimsky Sigafos who covered every inch of our wall with 850 pictures of James Dean.

"Rimsky," I said to him in gentle reproof, "please don't think me unduly, but I had hoped to put a picture of my fiancée Mary Beth Thermidor on the wall."

Rimsky examined the picture of my fiancée Mary Beth Thermidor. "You're kidding, of course," he said and dropped the picture in the wastebasket.

Well, that got my dander up, and I was mad as a wet hen till Rimsky gave me a Philip Morris Cigarette.

As we all know, there is nothing like a mild, natural, Philip Morris. Treats a man right. No filter, no foolin'! Anger melts and frowns become smiles with Philip Morris, all seems right in the world, and no man's hand is turned against you, nor yours against any man.

So, puffing a pacifying Philip Morris, I forgot all about Rimsky's slight to Mary Beth Thermidor. In fact, with her picture out of sight, I soon forgot all about Mary Beth Thermidor, too, and one night at the Freshman Frolic, spying a round young coed over in a corner, I came up to her and said with a fetching leer, "Excuse me, miss. We don't know each other, but I would like to rectify that sad omission." And she said, "Oh, you horrid, horrid youth! I am your fiancée Mary Beth Thermidor." With that she stomped furiously away, and though I tried to win her back with Philip Morris, she was beyond recall. I, utterly shattered, signed on as a cabin boy with the Cunard Line and am today, aged 53, the oldest cabin boy on the North Atlantic run.

But I digress. We were talking about roommate etiquette. Let us turn now to the matter of share and share alike. Have you shared everything equally? Drawer space? Closet space? Study space? And here's one that often causes trouble — hobby space.

...it took two or three Philip Morrises to restore my native sweetness

When, for example, I roomed with Rimsky Sigafos, my hobby was stamp collecting. I did not take up much room. All I needed was a small corner for my stamps, my album, my magnifying glass, and my tongue. Rimsky, on the other hand, was by hobby a cat burglar. Hardly a night went by when he didn't burgle twenty or thirty cats. You can imagine how crowded our little room used to get! Man's the time I got so exasperated that it took two or three rich, natural Philip Morrises to restore my native sweetness.

©Max Shulman, 1957

We, the makers of Philip Morris and sponsors of this column, know that you and your roommate are getting along just fine. But if you ever do have a little tiff, don't try a peace pipe. Try a good, natural smoke — Philip Morris!

Voting for a Sophomore and Beau will start Tech Union lobby at 1. Anyone may vote as he wishes for candidate will continue this Tuesday.
The top 5 sophomores girls will be voted on hour after the dance terminate the Southern Beau.
Dudley Johns, Tech will be the master of and the Dunbar Comb. Tickets will be on Sub starting Monday, drag, Tickets and available at the same lobby.

ID CARDS AVAILABLE

Students who have picked up spring ID cards may still do so central lobby of the Student Building.
Spring ID cards mailed tomorrow by spring to vote in the election.

Students Elect Favorites, Representatives Tomorrow

Top attention will be focused tomorrow on campus-wide elections. At that time the race for positions of Mr. and Miss Texas Tech, class favorites and four student council posts will enter the final round.

Voting polls, open at 8 a.m. are located in the Student Union, East Engineering, Administration, Agricultural, Home Economics Buildings, and all dormitories. Students,

by showing identification cards, may vote at any of these places before 5 p.m.

Vying for the honor of Miss Texas of Arts and Master of Business Edwina Schovajsa and Charlene Williamson.

The two candidates for Mr. Texas Tech are Glenn McGee and Wallace Wilson.

In the race for freshman boy favorite are Kenneth Talkington,

Roy Poage, Gordon Deering, Bob Kinney, Mack Robertson, Joe Gilliam, Dewey Bryant, Bill Dean, Bob Sewell and Dub Heffington.

Nominees for freshman girl favorite include Patty Stephenson, Rita Tatom, Mary Lou Paterson, Susie Bybee, Gail Peterson, Beth Davidson, Johanna Zoumas, Joyce Streidl, Mary Lou Morris and Mary Sue Wilson.

Sophomore contestants for boy class favorite are Dan Howard, Wayne Gibbons, Donnell Echols and Richard Estes.

Those vying for the favorite girl of the sophomore class include Mary Catherine Birkelbach, Roma Caviness, Janet Vines, Marlys Harris, Marilyn Adrian, Mary Baker, Carolyn Tapp, Pat Rainer, Karen Williams and Nancy Unger.

Competing for junior boy favorite are Wick Alexander, Duane Miller, Eddie Honson, Rob Brown, and Walter Schuler.

Seeking the honor of junior girl favorite are Dottie Sue Horchem, Donna Abraham, Mary Alice Richardson, Mary Massey, Janna Murray, Pat Curry, Pat Cullum, Rebecca Wilson, and Jimmie Tomlinson.

Up for election of senior boy favorite are Buddy Hill, Bill Harmon, Chuck Strehli, Jim Cloyd and Bill Jones.

In the race for senior girl favorite are Marianna Wilson, Averill Brinkman, Mary Ellen Carr, Donnell Phillips Teaff, Mary Jane

Hartley, Jane Taylor and Genevieve McGuire.

Engineering representative nominees for the Student Council post presented for election are Walter Schuler, Bob Dyer, Lynn Elliott, Milton Vaughn, Neil McMullen and Louis Hungate.

Arts and Sciences representative candidates are Richard Riojas, Dick Sewell, Sandra Shields, Marilyn Adrian and Doug Hudson.

Candidates for election to Student Council posts are allowed to expend no more than \$15 for cam-

aign purposes. Class favorite candidates and Mr. and Miss Tech aspirants are not allowed to campaign.

Results of the election will be posted by 9 p.m. Wednesday. Final results will appear on the Student Council bulletin board in the Administration Building.

Run-off elections, if necessary, will be held Feb. 27 for Student Council posts. There will be no run-off elections for class favorites or for Mr. and Miss Texas Tech, according to Miss Schovajsa, Student Council secretary.

Junior Stunt Night Features Club Skits

By BEN McCARTY
Asst. Issue Editor

Junior Class is sponsoring its annual stunt night at 7 p.m. tomorrow in Tech Union Ballroom. Amateur entertainers from various organizations will compete for top honors. Awards will be given to the winner in each of the three divisions: fraternities, sororities and all campus entries.

"The winners will receive a plaque with the name of the organization inscribed on it," said

Wick Alexander, chairman of the stunt night committee. "Raider Review will feature the winners in its weekly Sunday evening talent revue at the Snack Bar in the Union," he added.

The yearly event is staged to raise money to finance the Junior-Senior Prom. The Four Freshmen appeared at last year's prom due to the success of the last stunt night.

The latest count shows that 12 organizations have entered, seven sororities, four fraternities and one independent.

Deadline for entries is tomorrow at 4 p.m. Those wishing to enter contact Marilyn Jenki.

Sue Horchem in Horn Hall. The stunt night committee urges all organizations to attend in great force because the judging will be based not only on quality, but also on audience reaction.

The three judges have been selected from the Tech Music Department and from a local radio-TV station.

The stunt night committee is as follows: Wick Alexander, chairman, John Roberts and Susie Miller, awards, Lynn Elliott, publicity, Sara Sheveland and Janna Murray, selection of judges, and Marilyn Jenkins and Dottie Sue Horchem, acceptance of entries.

Entrants thus far are from: sororities—Alpha Phi, Kappa Alpha Theta, Pi Beta Phi, Delta Gamma, Alpha Chi Omega, Zeta Tau Alpha, Gamma Phi Beta; fraternities—Phi Gamma Delta, Phi Kappa Psi, Phi Delta Theta, Sigma, independents—Sock and Buskin.

Nominations Made For AWS Offices In Meet Yesterday

Mary Alice Richardson and Mary Jane Hartley have been nominated for president of the 1957-58 Associated Women Students Council.

Peggy Donnell, Karen Campbell and Ann Foster are nominees for first vice president.

Candidates for second vice president are Dottie Sue Horchem and Billie Sue Gregory. Rebecca Wilson and Shirley Hamlett have been nominated for secretary.

Nominees for treasurer are Mary Massey and Sharon Chick. Beth Davidson, Mary Sue Wilson, Mary Helen Jones and Mandy Moore are candidates for reporter. Sue Shugart and Karen Williams are running for AWS representatives.

Election of AWS officers will be held Feb. 27, according to Rebecca Wilson, AWS president. Nominations were made yesterday afternoon in an open meeting of the associated women students.

Study Grant Given To Harry Walker

Harry S. Walker, assistant professor of economics, has received a Danforth Teacher Study Grant. Walker will use the grant to work on his doctoral degree in economics at the University of Colorado. He leaves Lubbock in September on a year's leave of absence from Tech.

Danforth Teacher Study Grants are awarded by the Danforth Foundation, a national religious organization. Their purpose is to strengthen teaching in American colleges by bringing into play the principles of Christianity wherever applicable in the classroom.

Prior to going to Colorado, Walker will attend the American Youth Foundation camp at Camp Minivanca, near Shelby, Mich. All Danforth grant recipients who will study in the fall will attend the camp.

Fifty-seven U.S. teachers will be studying under Danforth grants this fall. Recipients are chosen on the basis of potential excellence as teachers, outstanding academic ability, personality congenial to the class room, and integrity and character, including serious inquiry within the Christian tradition.

Walker, who came to Tech in Sept. 1953, previously taught at Graceland College, Lamont, La., and Highlands University, Las Vegas, N. M.

He is a graduate of the University of Denver and holds Bachelor of Arts Master of Business Administration degrees.

Tech Experiments Add Knowledge For Conference

A series of grain sorghum tests conducted by the agricultural engineering department will form the basis of a talk on "Insect and Mold Control" to be given on Thursday by Dr. Earl Camp, associate professor of biology, to delegates attending a Grain Drying and Storage Conference on the campus. The two-day meeting gets underway tomorrow morning in the Student Union Building.

In a paper on mold and insect control which resulted from numerous tests, Tommy Wilson, senior agriculture education major, revealed that it is possible for grain to mold even in the growing stage. He also stated that molded grain, fed in small quantities to beef cattle or hogs, is not harmful.

The paper explained that mold blocking the pores of the grain, would cause caking, sprouting and complete ruination of grain stored with an insufficient air supply.

Working on storage problems in addition to Camp and Wilson is Dr. Donald Ashdown, professor of horticulture, who has concentrated on the control of weevils in stored grain.

Grain sorghums used in the series of studies were grown and fed on the Tech husbandry farm. Buildings used were furnished by Butler Manufacturing Co. and Strawn Steel Corp.

Meeting Stated

All students on the Varsity Show staff and cast are requested to meet tonight at 7 p.m. in the Student Union Building. A sign will be posted there to inform students where a meeting will be, according to John Gilbert, director.

College Ave. Businessmen Request Parking Meters

Tech students, continued use of parking space on College Ave. across from the campus has resulted in an increased demand by College Ave. businessmen for parking meters. According to the College merchants, Tech students are parking their cars all day on the Avenue and prevent customers from using the space in front of their stores.

The majority of the businessmen favor the installment of these meters according to Bob Chester, city traffic manager. He also states that if the city manager or the city commission find the report he is making sufficient evidence for meters they will be added next fall if the budget will handle the increase.

The meters would be placed on College from 10th to 14th streets and on half of the 2400 block of

Broadway, off of college. Several business owners voiced an unfavorable opinion on the use of the meters. One owner stated that she didn't want parking meters in front of her business. Another owner stated that if he had wanted meters he would have moved to a metered zone.

Chester also stated that his report would be ready by next week. The report will include the finance needed for the meters and the type of patrol needed to cover them. He stated the report would also have to prove that the meters would pay for themselves.

City manager H. P. Clifton stated that he didn't believe meters were needed out that far and that more requests for the meters from College Ave. businesses would be needed before taking any action.

Soph Hodge Podge Slated March 2

"The Old South" will be re-nacted at the Sophomore Hodge Podge March 2 in the Rec Hall.

Voting for a Sophomore Belle and Beau will start Monday in Tech Union lobby at 1 cent a vote. Anyone may vote as many times as he wishes for candidates. Voting will continue through Wednesday.

The top 5 sophomores boys and girls will be voted on up until an hour after the dance starts to determine the Southern Belle and Beau.

Dudley Johns, Tech's postman, will be the master of ceremonies and the Dunbar Combo will play.

Tickets will be on sale at the Sub starting Monday, \$1 stag or drag. Tickets and votes will be available at the same stand in the lobby.

ID CARDS AVAILABLE

Students who have not yet picked up spring identification cards may still do so in the east central lobby of the Administration Building.

Spring ID cards must be presented tomorrow by students desiring to vote in the all-school election.

Marian Wilson Receives State Honor

Marian Jo Wilson, Hereford senior, was named state Home Economist of the Year at the annual meeting of the Texas Home Economics Association in Ft. Worth last week. A home economics education major, Miss Wilson is president of the campus chapter of Phi Upsilon Omicron, national home economics honorary.

The honor was revealed by Carolyn Reynolds, junior home ec major from Enochs, at a special breakfast session for the college branch of the Association. Miss Reynolds is incoming presi-

dent of the Texas Home Economics College Clubs. She was elected to the post at the THECC workshop last fall, and assumed her duties at this meeting.

The 1957 workshop will be held on the Tech campus next fall with Home Economics Club members as hostesses.

Speaker at the Ft. Worth breakfast was Miss Betty Ruth Joyce, field secretary of the American

Home Economics Association. She explained responsibilities in college clubs in relation to the state and national organizations.

Other Tech delegates attending the meeting were Mary Lou Maberry, vice president of the Home Economics Club; Betty Smith, secretary; and Martha Benn, treasurer. Miss Lola Marie Drew, professor of home management, accompanied the group.

MARIAN JO WILSON

Women Students May Sign Monday For Spring Rush

Women's open rush for the spring semester begins Feb. 25 and continues to the middle of May. Girls having an overall 1 point and carrying twelve hours may sign up in the Dean's office during that time.

Rushes will be asked orally for coffee or coke dates. There will be no parties.

Casa Linda Joins Co-op League

Casa Linda, Tech's cooperative dorm for women students has announced their affiliation with the North American Student Cooperative League. The League is composed of student "coop" housing units from colleges throughout the U.S.

The league serves as a clearing house of ideas, a source of information and a spokesman for the "coop" units.

SAE Elects Miller As Spring Prexy

Bob Miller will serve as eminent archon of Sigma Alpha Epsilon social fraternity during the spring of 1957.

Other new officers of the fraternity, which were recently elected and installed are Richard Ligon, eminent deputy archon; Presley Sheppard, eminent recorder; Bob Dyer, eminent treasurer; Joe Nicholson, eminent correspondent; Bobby Green, eminent chronicler; Bill Eastland, eminent herald; Edwin Robertson, eminent chaplain; Max Merrell, eminent warden; and Dick Sewell, pledge trainer.

BSU Vocations Week In Progress

Dedicated Christian Vocations Week will be observed this week by Tech students at the Baptist Student Union with guest speakers taking part in the morning and evening services.

"All to the glory of God" is the theme for the week. The stated purpose of the week is "to lead each student to dedicate his life to the will of God," showing that each vocation is a ministry from God.

Several guests are scheduled to speak during the remainder of the week. Tomorrow morning at 7:30 Arnold Maeker, Lubbock engineer, will speak on "God's Hand on an Engineer", and at 6:30 that night a film, "Choosing Your Life's Work," will be shown. Orba Lee Malone, El Paso lawyer, speaks at both services Thursday and Friday.

Malone is executive board member of the Christian Life Commission of the Baptist General Convention of Texas and a trustee of Baylor University. He has spoken in Focus Week and Religious Emphasis Week programs at Baylor, Hardin-Simmons, Oklahoma A. and M., University of Corpus

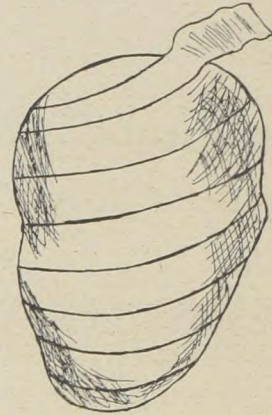

Christi, and Texas College of Arts and Industries.

Presiding at different services during the week are Tech students. They are Deniese Magness, Joe Bob Hampton, George Smoot, Barbara Smith, Jim Doherty, George Schoner, Rick Styles, James Barber, Bill Lowimore, and Richard Dorris.

Yesterday morning Dr. M. M. Ewing, Lubbock Physician, discussed "One Life to Live," and last night Dr. Ishmael Hill, Lubbock superintendent of schools, spoke on "My Vocation — A Career for Christ."

Today such topics as "Wanted — Full-Time Christians" and "Glorifying God through My Vocation" were chosen by Mrs. Charles Waters, Lubbock housewife, and George Gilkerson, District Attorney in Lubbock, respectively.

HERE ARE THIS WEEK'S TIE-BREAKERS IN

OLD GOLD'S TANGLE SCHOOLS PUZZLES

TIE-BREAKING PUZZLE NO. 4

CLUE: Benjamin Franklin participated in the founding of this school. Later, the first university medical school in the country was established here.

CLUE: This New England university was chartered in 1869. A theological seminary, founded in 1889, was its forerunner, and was absorbed as the university's first department.

ANSWER 1 _____
ANSWER 2 _____
Name _____
Address _____
City _____ State _____
College _____

TIE-BREAKING PUZZLE NO. 5

CLUE: This Catholic university for men, conducted by Jesuit Fathers, is located in a town founded as a mission in 1771. The university was opened in 1851.

CLUE: This women's college, founded in 1879, is affiliated with a famous university for men. It is named to honor an early benefactor of the men's university.

ANSWER 1 _____
ANSWER 2 _____
Name _____
Address _____
City _____ State _____
College _____

HOLD UNTIL YOU HAVE COMPLETED ALL EIGHT TIE-BREAKERS

All participants who completed the initial set of twenty-four puzzles correctly are required to solve a series of eight tie-breakers, in order to compete for the prizes in the tie. Tie-breakers four and five are published herein and the remaining three puzzles will appear in successive issues. Remember—first prize is a TOUR FOR TWO AROUND THE WORLD—or \$5,000 cash... and there are 85 other valuable prizes now tied for.

Frats Schedule Pre-Rush Meeting

Men interested in pledging a social fraternity will meet at 5 p.m. Thursday in the Aggie Auditorium.

Official rush period begins at 12:01 a.m. February 22, and runs through Thursday, March 7.

James B. Whitehead, Assistant Dean of Student Life, announced that Benny Bedford, president of Tech's Intrafraternity Council, will be in charge of the gathering.

Rush rules and rush week in general will be discussed. Presidents of all ten of Tech's social fraternities will be present.

To be eligible to pledge, Whitehead said, a rushee must have completed one full semester at Tech either fall or spring and be enrolled in Tech taking at least 9 hours.

A pledge convocation is slated March 8, the day after official rush closes. At this assembly, each rushee will indicate on a bid card the fraternity which he wishes to pledge. The office of the Dean of Men matches these cards with lists of desired pledges made out by the fraternities.

Meetings Scheduled During Week

By Organizations

TECH VETS

A Veterans Club meeting is scheduled at 8 p.m. Thursday in Chemistry 101.

A representative from the Veterans' Administration will attend to answer any questions pertaining to veteran affairs. There will also be a discussion regarding the higher rates on tuition, said Carl Morrow, reporter for the Veterans Club.

PRESS CLUB

Regular meeting of the Press Club will be held at 7 tonight in the Journalism Bldg.

A. B. Slagle, editor and publisher of Southwestern Crop and Stock magazine will be the speaker, according to Paul Foraker, president. Foraker has urged all members to be present.

FUTURE TEACHERS

Future Teachers of America are scheduled to meet at 7 p.m. in Room 228 of the Administration Building. Refreshments will be served.

PRE-LAW CLUB

Tech's Pre-Law Club will host a smoker from 7-9 p.m. Thursday in the workroom of Tech Union.

Anyone who is interested in a profession in the field of Law or in declamation, debates or public speaking is invited to attend. The smoker is a social affair to acquaint non-members with the functions and activities of the Pre-Law.

LE CERCLE FRANCAIS

"An Evening in a French Night Club" will be the theme of the meeting of La Cercle Francais, departmental club for French students, held in Tech Union today at 7 p.m.

The program will be highlighted by skits presented by the speech department, a can-can dance and other musical selections.

Joan Bouhon will be master-of-ceremonies.

Officers Chosen By Sigma Kappa

Marlys Harris, Dallas sophomore, was elected president of Sigma Kappa for the spring semester, second vice president; Kaye Aker, recording secretary; Patsy Pence, corresponding secretary; Marcia Hebert, treasurer; Karen Kidwell, assistant treasurer; Shirlene Irvin, registrar; Susan Robbins and Beverly Jones, historian and Rose Cox, sergeant-at-arms.

Representative to the Panhellenic Council is Joanne Jones, and Association of Women Student's are Mary Jane Hartley and Jolene Caffee. Carole Peters was elected song leader and Liz Wilson Triangle correspondent.

Several special chairmen were also elected. These include Rosa Riojas, scholastic; Marsha Dowdy, activities; Ann Cole, communications; Joan Wimberly, philanthropy; Gayle Williams, social; Gail Owens, rush and Jewel Ross, assistant rush chairman.

PHI DELTS ELECT SPRING OFFICERS

Larry Byrd was initiated as semester president of Phi Delta Theta fraternity Wednesday in their regular meeting.

Other fraternity officers initiated for the semester are Wick Alexander, vice-president; Dennis Knight, secretary; Jim Watson,

Methodist Pastor To Speak Thursday At Student Center

Dr. Chess Lovern, pastor of First Methodist Church, will speak on "Why I Am a Methodist" when the Wesley Foundation meets at 7:15 Thursday evening at Methodist Student Center, 2420 15th.

Dr. Lovern gave the opening address on leadership at last year's BSO workshop.

Wesley Foundation will meet Thursday instead of Wednesday as regularly scheduled in order to reach more students on campus. Programs will be changed from discussion type to a more varied type.

New programs will include speakers, films and other programs on subjects such as Love and Marriage; the Fallacies of Communism; and segregation and Intergration.

SERVICE FRAT TO MEET

Alpha Phi Omega, service fraternity will meet today at 7 p.m. in old Rec Hall. All college men interested in Alpha Phi Omega are invited.

treasurer; Frank Wright, chaplain; Tom Shelby, historian; and Fred West, rush chairman.

A Campus-to-Career Case History

Manager Joseph S. Manning discusses a customer service request with Office Supervisor Catherine Hazleton.

"Like having your own \$3,000,000 business"

Joseph S. Manning graduated in 1950 from Wesleyan University with a B.A. degree and a major in Bio-Chemistry. But chemistry, he decided, was not to be his career. He became intrigued, instead, by the opportunities in the telephone business, and joined New York Telephone Company in 1951.

Today Joe Manning is Business Office Manager in Parkchester, Bronx, New York. In this position he is responsible for about 27,000 telephone accounts which bill some \$250,000 a month. 35 people work under him.

"It's like having your own \$3,000,000 business," Joe says. "And it's pretty much

an independent operation, which I enjoy. I'm in charge of all business office functions, and of personnel training and development. I also spend a lot of time out with my customers, making sure that they have the telephone service they want and need. It's an absorbing job.

"The phenomenal growth of the business is one of the reasons why advancement opportunities are so good in the telephone company. Since 1943, for example, the number of telephones in our area has almost tripled. Growth such as this, going on all over the country, makes the telephone business especially attractive to anyone seeking a career with a future."

Bell Telephone Companies offer many interesting career opportunities, as do Bell Telephone Laboratories, Western Electric and Sandia Corporation. Your placement officer has more information about all Bell System Companies.

Weaver Impressed With Raider Spirit In Workouts

After a day off Sunday, Texas Tech's spring grid hopefuls went back to work this week to try and correct the errors that occurred during their first intra-squad scrimmage last Saturday.

The scrimmage which climaxed the first week of the spring sessions saw a generous amount of errors and little scoring. However, Coach DeWitt Weaver has expressed satisfaction at the spirit and hustle exhibited by the players.

"They did fairly well and I believe several of the players might help us," the coach remarked.

There were a number of players who showed progress after only a week of drill. Among these were a converted end and former basketball player, Jerry Selfridge from Borger. The freshman, who formerly played fullback in high school, is running on the No. 2 unit.

Two more ends, freshman Jimmy Allison from Amarillo and junior Pat Hartsfield, were also mentioned by the coaches as doing a good job.

Also due for praise were fullbacks Doug Duncan and Gene (Bull) Bentley, quarterback Wick Alexander and tackle Billy Woodin. Woodin, a former Roaring Spring star is running first team tackle and has turned in a strong performance.

Injuries have been light. The

only important injuries thus far have been to guard Floyd Hood, who suffered a shoulder injury, and quarterback John Riddle and fullback Doug Duncan, both suffering from minor injuries. However, only Hood missed Saturday's scrimmage.

One experiment is under consideration — the moving of Phil Williams from his right tackle position of last fall to left guard. That's the position left open by the graduation of Hal Broadfoot.

The list of returning lettermen was cut to 12 late in the week when center Don Barber of Floydada withdrew. Barber, who started at center in several games, will leave an opening behind regular Jackie Henry, also of Floydada.

Running on the first team Saturday were ends Gerald Seeman and Hartsfield, tackles Charley Moore and Woodin, guards Gene Lay and Williams, center Henry, quarterback Alexander, halfbacks Rabbit Vaughn and Jimmy Knox and fullback Bentley.

BENTLEY

Tech Will Host Basketball Meet, Coaching Clinic

Texas Tech will host the Region I high school basketball tournament in Conference AA and A in addition to its annual coaching clinic March 1 and 2.

The clinic is to be conducted at the close of the Raider's spring football training with about 200 high school coaches expected to attend.

Lecturing will be Coach Darrell Royal of the University of Texas, Coach Gordon Wood of Stamford's twice state champion Bulldogs, Assistant Coach Ray Graves of Georgia Tech, probably quarterback Bobby Layne of the Detroit Lions and members of the Tech football and basketball staff.

The demonstration phases will be highlighted by the annual spring football game at 2 p.m. Saturday, March 2, and a basketball practice session at 4:30 p.m. that day in addition to the basketball tournaments.

Gene Gibson, assistant Tech basketball coach, is serving as tournament director.

Each conference will send four bi-district champions to Lubbock. First round games are scheduled for Saturday morning Mar. 2, and early that afternoon with the finals to be at night.

Last year's champions were Phillips in 2A, Reagan County in 1A.

go where an engineer can rise to the top

How to make the most of your engineering career
ONE OF A SERIES

In many companies, an engineer rises, but soon encounters a low ceiling. Promotions tend to go to non-engineering executives. And engineers (surveys show) find it difficult to make their ideas understood—or appreciated.

So select a company in which you'll be working with, and for, engineers—where an engineer is given an opportunity to advance when positions ahead open up.

Another point: choose a company that's growing, preferably in an industry that's growing and expanding too.

Boeing, you'll discover, fills the bill on all counts. Engineers at Boeing hold jobs right to the top. They talk your language. They appreciate the vital contributions engineers make. And they reward engineers. Boeing is growing fast, and today employs 400% more engineers than 10 years ago. Besides, Boeing operates in the dynamic, fast-growing field of aviation.

At Boeing you'll enjoy assignments that lead to an excitement-filled future. A future with a future: in supersonic flight, jet-powered civil and military aircraft, gas turbine engines, guided missiles. At Boeing, engineers and scientists of all types, and advanced mathematicians, are probing the very frontiers of knowledge. They invite you to join them. You'll find high salaries, career stability, retirement programs, and company-financed opportunities for graduate study. And you'll live in wide-awake, young-spirited communities.

Plan ahead for your career. Consult your Placement Office, or write:]

Cagers Gain After Win

Tech's Red Raider cagers reached the 500 mark for the time this season following today night's 70-44 win from Western. The wins and losses stand at 9-3.

Saturday night's win from highly-regarded Miners' fifth win from Border County was against two losses, four spotlights being shared by Raiders — two oldtimers and youngsters.

The team scoring leader, Hill kept his average at 13.4 a 14 point night while Ned Wood also kept up his steady stand at 9.3.

Lynch, Key Star However, Charlie Lynch, Chuck Key, two boys who don't produce much scoring but, chipped in with 14.4 points respectively to outcoach Polk Robinson's outside life a bit.

Key, of course, was last hero with his last second goal to beat SMU. But the highest total of the year Lynch, in addition to tying top scoring honors, also "padd" in rebounds. Each

The game found the Western cold in the first half the halftime score only 28-oring the Raiders. But the sans came back red hot second half to roll up 42 po the Miner's 25.

Charles Brown, Miner hero who had been averaging 20 per game, was held to eight was the highest point total night for TW.

The Miners took a brief lead on goals by Brown, J. Masan and increased it at 12:19, their longest lead game. After that Underwood Hill took over in leading the ers to a 12-12 tie at 9:21.

It was Hill's free throw produced that tie and it charity tosses at 6:33 that Tech a 17-16 lead. They never headed from that po

After their low scoring half the Miners just could with the fired-up Raiders second. Underwood, Hill helped build up a comfortable advantage then sat back watched Lynch add the final touches.

The former Sudan High scored 10 of Tech's last 12 all in consecutive fashion.

A crowd of 42000 watched as Hill and company brought out the win. They spent comfortable moments.

Next home game for the will be Feb. 25 against Thursday night they travel

Cagers Gain .500 Mark After Win From Miners

Tech's Red Raider cagers have reached the .500 mark for the first time this season following Saturday night's 70-44 win from Texas Western. The wins and losses now stand at 9-9.

Saturday night's win from the highly-regarded Miners, Tech's fifth win from Border Conference foes against two losses, found the spotlight being shared by four Raiders — two oldtimers and two youngsters.

The team scoring leader, "Podd" Hill kept his average at 13.7 with a 14 point night while Ned Underwood also kept up his steady pace with 12.

Lynch, Key Star

However, Charlie Lynch and Chuck Key, two boys who usually don't produce much scoring output, chipped in with 14 and 10 points respectively to brighten Coach Polk Robinson's outlook on life a bit.

Key, of course, was last week's hero with his last second field goal to beat SMU. But this was his highest total of the year. And Lynch, in addition to tying Hill for top scoring honors, also tied "Podd" in rebounds. Each had 10.

The game found both Tech and Western cold in the first half with the halftime score only 28-19 favoring the Raiders. But the Techs came back red hot in the second half to roll up 42 points to the Miner's 25.

Charles Brown, Miner hot-shot who had been averaging 20 points per game, was held to eight, which was the highest point total of the night for TW.

The Miners took a brief opening lead on goals by Brown and A. J. Mason and increased it to 12-5 at 12:19, their longest lead of the game. After that Underwood and Hill took over in leading the Raiders to a 12-12 tie at 9:21.

It was Hill's free throws that produced that tie and it was his charity tosses at 6:33 that gave Tech a 17-16 lead. They were never headed from that point on.

After their low scoring first half the Miners just couldn't cope with the fired-up Raiders in the second. Underwood, Hill and Key helped build up a comfortable advantage then sat back and watched Lynch add the finishing touches.

The former Sudan High star scored 10 of Tech's last 12 points, all in consecutive fashion.

A crowd of 4,2000 watched happily as Hill and company battered out the win. They spent few uncomfortable moments.

Next home game for the Raiders will be Feb. 25 against Arizona. Thursday night they travel to Las

Echols Continues As Frosh Leader

Robert Echols of Amarillo continues to pace the Picadors through 10 games with an average per game of 16.8.

Four of the five freshman starters are averaging double figures and the fifth isn't far behind. Pat Nokes is right off Echols' pace with a 15.7 average, followed by Gene Arrington (14.1), Dale McKeehan (13.0) and James Wiley (9.6).

Crucial to meet New Mexico A&M and Friday they invade El Paso for a return engagement with the Miners.

Ex-Students Assn. Gives Six Awards

A Zeta Tau Alpha scholarship in the amount of \$100 will be available to women students this semester. Application blanks will be available in the Dean of Women's office through February 27. The blanks should be filled out and returned to the Dean of Women before that time.

According to Miss Jacquelyn Sterner, Assistant Dean of Women, sophomore, junior, and senior girls must have a two point grade average to be eligible for the scholarship. Freshman girls must have graduated from high school in the upper quarter of their classes.

Miss Sterner also stated that applications for the Delta Delta Delta scholarship must be returned to the Dean of Women's office.

Frosh Get Coach

Paul Ortosky, former professional baseball player from Midlandland, has been named assistant to Beattie Feathers, head Raider baseball coach. He will assist Feathers with the varsity and coach the freshmen.

Feathers has been pleased with the early drills of the two teams stating that "we have been blessed with good hot weather the first two weeks and the boys are rounding into shape quicker than last year."

The only injury suffered thus far has been to regular third baseman George Demere, who broke his right wrist playing basketball. He will be out from four to six weeks.

Games scheduled for the freshman March 22 (there) and May 2 men are with Odessa Jr. College March 22 (there) and May 2 (here) and with Howard County

Jr. College March 21 (there) and 26 (here).

HOURS:
7 A.M. - 11 P.M.

Sweet, smooth and sassy—that's Chevrolet all over. Above, you're looking at the Bel Air Sport Coupe.

Clings to the road like a stripe of paint!

The '57 Chevy can give lessons on taking curves and holding the road to just about any car going. Few cars at any price are so beautifully balanced and so smooth, sure and solid in action.

A car has to have a special kind of build and balance to keep curves under control. And nobody outdoes Chevrolet in that department! It "corners" with all the solid assurance of an honest-to-goodness sports car. Chevy doesn't throw its weight around on turns because it carries its pounds in the right places.

And if the road should turn upward, Chevy can take care of that nicely, too—with up to 245 h.p.*

Come on in and take a turn at the wheel of a new Chevrolet.

Men Create 'Havoc' In Women's Dorms

By NITA HEDLESTON
Toreador Feature Writer

Residents of women's dorms at Tech used to be surprised when they heard a whistling sound or the tramp of heavy feet outside their doors, and looked outside to see a man walking along the hall. Now it's no longer surprising. They know it's just one of the five or six men who are allowed to enter the women's dorms to deliver candy or soft drinks to one of the vending machines, or else it's the repairman who has come to replace a wornout light bulb.

Many humorous incidents have

resulted when an unsuspecting girl comes rushing out of her room carelessly dressed and finds herself face to face with a strange man.

One of the younger men said shyly that "I just close my eyes and don't open them" until he reaches the candy machine, then he hurriedly deposits the candy and "close my eyes till I get out."

Of course, unavoidable meetings are supposed to be prevented by the hollering of "Man on second!" but even this brings about unusual happenings.

Another man, also very young, just started on his new job delivering cokes to the dorms. It was at the first of the year and residents of Drane Hall were not yet used to the fact of a man upstairs. When he yelled "Man on second!", doors opened all along the hall and heads popped out. The young man was so nervous he dropped a case of cokes and broke them. When he finally got out of the dorm, he promptly asked to be given another area to deliver cokes in.

One middle-aged repairman who has been walking through women's dorms for ten years said dryly, "I don't pay any attention to any of the girls and they don't pay any attention to me."

Repairmen say they often surprise girls when they knock on their door to check light bulbs. It's customary to have one of the women who work in the dorm accompany the men on such tours now.

Most of the men seem to find their jobs very pleasant. Most of the girls are very friendly, they say, and they intend to keep on with their present assignments. As one of the men put it, "Certainly, I like this job. What guy doesn't like to be caught right in the middle of three hundred girls?"

Tech Students Get Special Rates On Vienna Choir Boys Appearance

Special student tickets are available for Tech students planning to attend tomorrow night's Lubbock Auditorium appearance of the celebrated Vienna Choir Boys. Through the cooperation of the sponsoring group, Civic Lubbock Inc., regular \$3 seats will be only \$1 to Techsians.

The 22 boys, ranging in age from eight to fifteen, will begin their first Lubbock appearance at 8 p.m.

Now on the last lap of a world tour, they have appeared on the "Perry Como Show" and "Omni-bus" on television, and were featured in the movie production "Cinerama."

Tickets are on sale at the Auditorium Box Office or may be reserved by calling POrter 2-4616.

One of the world's oldest musical organizations, the choir boys were founded 458 years ago at the Knovikt School in Vienna as the result of an imperial decree from the Emperor Maximilian I.

Student Recital Scheduled Today

A recital featuring 17 Tech students is slated for today in the Music Building Auditorium at 4:10 p.m. It is the first of a series of recitals for the spring semester.

Participating in the recital are Jeanette Berry, Yvonne Skinner, Amanda Ward, Don Armstrong, Carole Jean Delaney, Jan Higginbotham, John Gilbert, Patsy Wauer, Larry Dorsett and Carolyn Brown at the piano.

Other participants and their instruments are Scott Couch, trumpet; faculty member Paul Ellsworth, violin; Jean Pipkin, viola; faculty member Keith McCarty, clarinet; Bill Bradley, baritone saxophone; and Ronald Lemon, French horn.

Three vocalists who will participate in this recital are Carol Schultz Carthel, Mary Jane Hartley and Dorothy Pijan.

All students appearing this afternoon are from classes of Paul Ellsworth, Jule Foster, Richard LaMar, Keith McCarty, Ira Shantz, Myrtle Dunn Short, Robert Taylor or Mary Jeanne van Appledorn.

Edwina Schovajsa Receives Honor

Edwina Schovajsa, senior from Amherst, was presented as Southern Belle of the First Baptist Church annual Sweetheart Banquet Thursday night. She was given a dozen red roses by Dr. J. Ralph Grant, Pastor.

Nancy Unger, sophomore from Ft. Worth, was first runner-up, and Deniese, sophomore from Friona, placed third in the contest, which was held during Sunday School and Training Union at the church.

Other runners-up were Paula Shaw and Anese Pritchett.

More than 150 Tech students attended the banquet, which was held in the church dining room. Included on the program were Louise Crook, Roy Bass and the Dunbar High school Pantherettes.

SENIORS AND GRADUATE STUDENTS IN ENGINEERING, PHYSICS AND MATHEMATICS

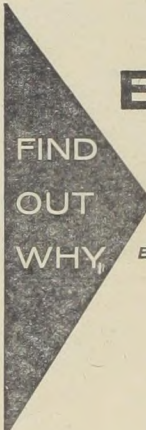

The Douglas Aircraft Company invites you to ON CAMPUS INTERVIEWS FEBRUARY 21

Find out about the interesting positions, assistance in furthering your education and outstanding promotion opportunities with the world's largest manufacturer of aircraft and missiles. Get facts on living conditions, research facilities and opportunities to advance professionally at the various Douglas locations.

Reserve your career decision until you have talked with the Douglas representative. It may be the most important interview of your life.

SEE YOUR DIRECTOR OF PLACEMENT FOR YOUR INTERVIEW APPOINTMENT

ENGINEERS

IN ENGINEERING THE BEST OPPORTUNITIES ARE IN AVIATION. IN AVIATION THE BEST OPPORTUNITIES ARE AT TEMCO.

In a few days an engineering representative will be on campus to tell the Temco story of outstanding opportunity for young engineers.

It's an exciting story of a vigorous, growing aircraft company that offers qualified graduates an immediate chance to grow with it. Temco is old enough to offer you stability and prestige, young enough so that you can match its dynamic growth stride for stride.

Located in three Texas communities, Temco's opportunities for finest working and living conditions should be outlined to every engineering student. This is your cordial invitation to learn Temco's story personally.

FRIDAY FEBRUARY 22

IT'S FOR REAL! by Chesterfield

LOUIE, THE LOUSE

He strolled through a keyhole into my house,
A dignified, well-bred upper-class louse;
He smiled in a most superior way
And said, "Man has just about seen his day.
If you'll take my advice for what it's worth
Treat insects nice, they'll inherit the earth!
Try to be beyond reproach
In your dealings with the roach . . .
Bedbugs, ants and spiders, too.
Don't forget . . . WE'RE WATCHING YOU!"

MORAL: Well . . . until Louie takes over, take your pleasure BIG. Smoke Chesterfield . . . and smoke for real! Packed more smoothly by ACCU-RAY, it's the smoothest tasting smoke today.

Smoke for real . . . smoke Chesterfield!

\$50 for every philosophical verse accepted for publication, Chesterfield, P.O. Box 21, New York 46, N.Y.
