

Campus Traffic Problem Discussed By Students

"No Parking on Campus for Tech Students," a panel discussion held in the Tech Union work-room Tuesday evening, aired the pros and cons of the parking problem, with audience participation added.

Composing the panel were Jack Gibson, moderator, Student Council president Wallace Wilson, Joe Ben Hudgens and Jerry Fletcher.

Highpoint of the discussion was an address by Wilson aimed at the probable crux of the problem.

"As long as students fail to show an interest in college problems, such as the parking situa-

See Editorial, Page 2

tion, the Administration will continue to make the decisions, which are to the best of their ability, but often aren't satisfactory to the student body," Wilson said.

He emphasized that the need of Tech students to express greater

Recording Artist To Play For Prom

Hal McIntyre, bandleader-saxophonist, will bring his orchestra to Lubbock April 27 to play for Tech's Junior-Senior Prom.

McIntyre is considered one of today's brightest stars on the music horizon. His band has starred on network radio and TV and has become the top recording artists on the Cosmo label. Debbie Brown is the featured vocalist for McIntyre.

This year's prom, to be held at the Fair Park Coliseum on April 27, is open to all students. Tickets are \$3 a couple and are currently on sale by members of the Junior class.

MORTAR BOARD . . .

Tapping Ceremony Set During April

Mortar Board, national senior women's honorary, will reveal new members in a tapping ceremony sometime in April. The announcement was made today by Joanne Holmes, Mortar Board vice president.

The event will begin with the playing of the Matador Song on the chimes. At the sound of the song, Mortar Board members, dressed in caps and gowns, will file to the class of each new member. While the group sings the "Ode to Mortar Board" one member will place the traditional black collar about her shoulders. The new member will then join the processional.

Scholarship, leadership and campus service form the basis for selection.

Every junior girl who has an 1.8 average is considered for membership. Selection is made after consulting faculty and students and reviewing activities in which the girls have participated.

Forum Chapter of Mortar Board was established at Tech in February as the 97th group in the nation. Forum first began corres-

pondence with Mortar Board officials in 1929, after it was established by Mrs. Mary W. Doak, then dean of women.

Last fall Tech's Forum chapter was given unanimous approval by the Mortar Board national council to petition for a chapter. Before this, approval had to come from Mortar Boards' southwestern chapters including the two others in Texas, Southern Methodist University and the University of Texas.

Current co-sponsors of Mortar Board are Miss Sue Rainey, associate professor of physical education; Mrs. James B. Whitehead, wife of the assistant dean of student life, and Miss Jacquelyn Sterner, assistant dean of women.

This year's officers include: Mary Randal, president; Miss Holmes, vice-president; Kay Robinson, secretary; LuAnne McNeill, treasurer; and Frances Allison, historian.

Membership this year also includes Sandy Casstevens, Edwina Schovajsa, Barbara Smith, Kathryn Yeazel, Alice Wells, Marian Jo Wilson, Marianna Wilson and Beverly Wood.

interest in college affairs concerning them directly is the principal cause of the problem. If

Rubinstein Gives Season's Final Artist Course

Last in the season's Artist course series, Artur Rubinstein, world-famous pianist, will present a concert in the Municipal Auditorium next Thursday at 8 p.m.

Of Polish descent, the distinguished artist made his debut in the world of music in Germany at the age of 11. Fifty years ago, at the age of 17, Rubinstein made his first appearance in the United States. This season highlights his 19th consecutive tour of North America.

Famous for his RCA Victor recordings, the pianist credits the noted French composer Claude Debussy as being one of the major inspirations of his career.

The first part of Rubinstein's program will consist of "Chaconne" by Bach and the four movements of Beethoven's "Sonata in F minor." During the second half he will present the eight pieces which make up Shumann's "Fantasiestucke" and three well-loved compositions by Chopin, "Scherzo in B flat minor," "Nocturne in D flat major" and "Polonaise in A flat major."

The Thursday evening presentation will be Rubinstein's only concert in the Lubbock area. Students will be admitted to the program upon presentation of activity books or for \$1. Adult tickets are on sale at the box office for \$3, \$2.50 and \$1.50.

students through campus organizations, or independently, will write letters to proper authorities more campus problems can be solved satisfactorily.

As an example, Wilson said students could address letters to E. R. Heineman, Traffic Committee chairman, with suggestions for better traffic management. However, he stressed that all letters should contain only constructive criticism.

Wilson also gave information which the Student Council compiled from other Texas colleges on their parking situations.

Of 15 colleges queried only two charged for parking permits. They are Texas A&M, charging 25 cents and Trinity College charging one dollar. Both colleges charge students and faculty equally for permits.

All the colleges admitted parking problems. For instance, the University of Houston with an enrollment of 13,600 has 9,500 student cars and 500 faculty cars with only 4,500 parking spaces.

See PARKING, Page 2

Five Publications Positions Open

Letters from applicants for positions on The Toreador and La Ventana should be filed with Arne Randall, chairman, Publications Committee before April 10.

Editor, managing editor and business manager are positions open on the Toreador. La Ventana openings are editor and business manager.

Applicants for Toreador editor must have passing grades in at least 90 semester hours; nine hours credit in the journalism department and one semester's experience on The Toreador.

Editor applicants for La Ventana must have passing grades in 90 semester hours.

Business manager of both publications should have passing grades in at least 60 semester hours.

HE Slates Annual Exhibition, Display

A bride's reception table and a bridal luncheon table, set up and arranged by Hemphill-Wells, will be the exhibit sponsored by the food and nutrition department in Tech's annual Home Economics Open House April 12-13.

Different types of wedding reception favors will be shown as a part of the exhibit. Decorations in the room will blend with those of a wedding reception and luncheon.

Hand-made stone chafing dishes in frames of copper will be featured in a flagstone terrace display. The terrace will be decorated in turquoise and copper and will show a barbeque stand and furniture for outdoor living.

"Home Economics: A Double Future," the open house theme; will strive to show visitors what students learn in the School of Home Economics. Displays and demonstrations will be arranged to point out the importance of home economics in a career or in everyday living.

Each department in the School of Home Economics is in charge of an exhibit. Hostesses will be available to demonstrate and explain each exhibit.

Tech Union Council Names New Heads

The 1957-58 Tech Union Program Council committee chairman were named this week by the members of this year's council.

Committee chairmen are: Janice Newsom Hospitality; Tommy Webb, building decorations; Jean Schepers, dance decorations; Larry White, Western Dance; Betty Byerly, Friday night Dance; Patt Cassidy, Tuesday Night Dance; Betty Maloy, Special Events; Martha Mack, World Traveler; Carolyn Williamson, Music and Exhibits; Susie Miller, Games and Tournaments; David Jones Movies and Lectures.

Election Spirit Soars On Campus

Election spirit is in the air as final candidates for Student Council and cheerleader positions filed petitions today, and posters began appearing on walls, posts and other convenient places around campus.

Ten new candidates have filed petitions for the April 10 election since last Tuesday's Toreador publication of names.

Campaigning began in earnest as the candidates returned signed petitions to the Student Council office.

Candidates entered in the campus election are requested to turn in a billfold-size picture to the Toreador by 1 p.m. Friday.

The picture should be accompanied by an information sheet available in the Toreador office.

Students who had their posters approved and began looking for strategic locations for them.

Candidates for president and vice president must have at least 90 semester hours. Business manager, secretary and cheerleader hopefuls must have at least 60 semester hours.

Student Council representatives must be enrolled in the school they are representing and have 30 semester hours.

All candidates must be regularly enrolled in 12 or more hours and have a 1-point overall grade average the semester preceding and the semester that they are campaigning.

New candidates are Libby Balzer, secretary; Perry Thompson, Agriculture representative; Donna Abraham, Hollis Swafford, Richard Estes, Ann Graves and Jim Leary, Arts and Sciences; and Don B. Hay, Walter L. Schuler and Oddie Henson, Engineering.

Committee sub-chairmen will serve as public relations directors for their committees. They are: Carolyn Porter, Hospitality; Martha Kaiser, Building Decorations; Mary Ann Lindley, Dance Decorations; Nancy Jones, Western Dance; Johanna Zouras, Friday Night Dance; Jill Jost, Tuesday Night Dance; Liz Brown, Special Events; Carolyn Young, World Traveler; Ella Jo Covington, Music and Exhibits; Roy Flournoy, games and tournaments; Jerr Fletcher, music and lectures.

(Bunny) Watson will serve as public relations director for the Union. She will be assisted by Johnny McIver, Mary Herrington, Tommy Reagor and Tom Shamburger.

Dean Rea is director of personnel and his assistants will be Sue Shugert and Mary Ellen Colbaugh.

Committees will be the same next year as they were this year, although the names of some have been changed and two of the committees have combined. The Tuesday Night Dance committee was known as Record Dance this year and the Western Dance committee was known as Square Dance. The Music Committee has combined with the Arts and Exhibits committee and will be known next year as Music and Exhibits.

Ag Judging Team In Oklahoma City

Tech's meats judging team, under the direction of Coleman O'Brien, left yesterday for Oklahoma City to attend the Live Animal and Carcass Evaluation Clinic, held at Wilson and Co.

Sponsored by the National Livestock and Meat Board, the meet will feature actual judging by participants, talks by members of livestock and meat industry and discussions of job opportunities in the meat industry.

Team members making the trip are: Dudley Arnett, Newton Klutts, Charles Lewis, Borden Reeder, James Ross and John Schlittler.

Accompanied by O'Brien, the team will travel in the department's car and will return Sunday.

THEY'RE OFF — Peggy Donnell, left, sophomore from Eliasville, and Nancy Unger, sophomore from Ft. Worth, look over a few of the posters which went up yesterday as candidates scrambled for choice spots. (Staff Photo by Buddy Wright)

6,035 MISSING . . .

Texas Tech students don't seem to care whether cars are barred from the campus or not.

Only 27 were interested enough in the parking problem at Tech to attend a panel discussion Tuesday night in the Union Building. The discussion was open to all Tech students, faculty and staff members. Where were the other 6,035 students, faculty and staff members who registered their cars on the campus during the fall semester?

The small attendance at the Tuesday night meeting is a good example of the interest students have shown regarding the parking problem at Tech.

In the past five years the parking fees have grown from nothing to the present \$3.50 a semester. In this same period no additional lots have been added and the use of at least one lot has been discontinued. Up to 1953 parking spaces were on the first-come first-served basis. Now lots are divided between the faculty and the students.

In the past five years the students have accepted the above changes with little concern. Plans are now under consideration for doing away with the parking lot between the library and chemistry building and closing the 14th Street entrance to the campus. If these plans are adopted, will the students accept them with the same lack of interest as they have displayed when changes were made in the past?

If Techsians don't take advantage of opportunities to discuss campus problems, like the one offered Tuesday night, college officials may get the idea that the students are not interested and pass rulings that might not be for the best interest of the students.

We believe that if the students will show more interest in campus problems and work toward a satisfactory solution for them, we all will be able to see a marked improvement in our college.

—Wayne James

COLLEGE DROPOUTS CLIMB . . .

Everyone knows our colleges are loaded right now, but one thing we don't hear much about is that more than 50 per cent of the students who enroll in our colleges quit sooner or later without getting a degree.

Most of these drop-outs are freshmen. A 50 per cent college drop-out is pretty strong evidence that something is seriously amiss in our educational life.

Some of the problems accounting for such a high drop-out percentage are described in a new book, "College Freshmen Speak Out," by Agantha Townsend.

Some of the problems listed therein certainly appear logical and ought to lend themselves easily to remedy.

The major problem listed is the astonishing fact that countless students are poorly prepared for college work. Many students acknowledge that too often they haven't mastered the simplest study skills; how to read, use a library, write creditably, and organize ideas into useful patterns.

Evidently the educating field has seen this lag and is now in the process of doing something about it. In a recent "U.S. News and World Report," a nationwide survey story on new trends in American education declares that the trend is away from the "progressive" ideas and back toward fundamentals. Going back to fundamentals means going back to reading, writing and arithmetic, while putting more stress on scholastic requirements and discipline.

If the nation as a whole conforms to this "new" trend then we might have the number one problem solved, as listed by Mrs. Townsend.

Another of the problems is that colleges aren't careful enough in detailing what they have to offer, what their atmosphere is like, and so on. Then too, thousands of students don't try hard enough to find the place that really fits their needs.

—Harold Reagan

Methodist Pastor Conducts Clinic

The Rev. Jordan Groom, pastor at First Methodist Church of Big Spring, will be at the Wesley Foundation three days this week to lead a spiritual life clinic.

The opening session will be tonight, at 7:15. The Rev. Groom will be in charge of morning

watch Friday and Saturday at the Methodist Student Center, and evening meeting will take place at 7:15 p.m. both days also.

Students wanting personal conferences are asked to sign up at the Center.

LITTLE MAN ON CAMPUS by Dick Bibler

"IT'S YOUR TIME TO WIND THE ALARMS TONITE."

TECHSANS TALK BACK

Dear Editor,

The purpose of this letter is to question the reasoning involved in the method by which the \$20 deposits on dormitory reservations are handled. Even though a student has signed for a room for the following Fall semester and already has a \$20 deposit for the present term, he is required to pay another deposit for a like amount.

That means that the student has for a period of four or more months a sum of forty-dollars tied up. This is a rather large amount for the average student. Not only that, but the extra deposit comes at a time when the average student is hard up for cash. This works a hardship on many, yours truly included.

I fail to see why the \$20 already on deposit cannot be carried over as long as a student is living in a dorm. To carry the thing one step farther, I have the same question regarding the return of the previous \$20 which comes during the summer. Invariably there is one or two dollars deducted. No explanation is made for this deduction and one usually as-

sumes it is for room damages? Who knows, it might be for coffee!

Sincerely yours,
Don C. Cox
Sneed Hall, Junior

Dear Editor,

My roommate moved out in town this past week because he must work. This is something for which I don't blame him in the least. I realize now I should have moved out of the dorm long ago. Because of my working hours, I miss over half of the meals in the dorm. I pay for them even though I miss them.

When I went to pay my room and board Monday, I had exactly \$72.87. I needed the extra \$7.87 to buy some much needed clothes. Instead of this, I had to pay \$7.59 to the dorm because I am now living by myself. Is it my fault I am without a roommate. Am I the cause of the dorms losing his \$65 per month?—No! Yet, the dorms choose to make me ease their loss.

Sure, I know complaining does no good because the dorms are all powerful. They say "Pay," and I must give up badly needed money.

Pardon me for being dumb enough to think the school looked after the students' interest.

Sincerely,
Royce Wilkerson
Sneed Hall

French Students To Stage Comedy

April 24 marks opening night for the annual French Department production of Moliere's 17th century comedy, "L'Avare."

Curtain time for the three night run is 8 p.m. in the Foreign Language Theatre, Ad 217.

The cast is headed by Jean Claude Bouchon, French exchange student. Other cast members include Guy Fouasson, also from France, Carlos Brandao, from Brazil, Mike Foster, Barbara Van Horn, Frances Dillinger, Ed Landry, Joe Stogner, Virginia Bray, Roger Scott, Fred West and Martha Heard who doubles as prompter for the cast.

The production is under direction of Kathryn Jeffus and Violet Mary Horvath, foreign languages instructor. Irah Meerrim is in charge of costumes which will be designed after 17th century fashion. Heading the publicity committee is Nancy Carlock, and Fred West is in charge of making the sets.

Though the entire play will be acted in French, an explanatory narrative will be read in English before each scene. Copies of the script translated in English will also be available for those attending the production.

Admission is 50 cents per person.

PARKING . . .

Continued From Page 1

They have a campus police patrol similar to Tech's.

SMU with 5,000 enrollment has no automobile registration and no campus patrolmen, but admitted they had a traffic problem.

Tech has an advantage in that our campus is the second largest in the United States, Wilson said. This allows Tech a better opportunity to solve its problems.

Students attending the discussion had several suggestions for relief.

One suggested large lots a good distance behind the campus with transportation to campus furnished by bus or some other mode of transport.

Another was to furnish better access to our present parking lots. For instance, run a street between the Journalism building and the Library to the parking area behind these buildings.

A third suggestion was that students issue parking tickets, thus relieving some of the present officers and cutting down on the alleged major expenses of campus traffic salaries.

Shamrock Prexy Named Speaker

J. H. Dunn, president of the Shamrock Oil and Gas Corp. of Amarillo, has been named principal speaker for the Fourth Annual West Texas Oil Lifting Short Course on the Tech campus April 11-12.

The Short Course, sponsored by the Petroleum Industry of West Texas in cooperation with the Tech department of petroleum engineering, will present to the field-operating personnel of the industry the latest engineering and technical developments in methods of lifting oil.

Assisting Dunn with speaking chores will be four other known figures in the oil industry in Robert S. Martin III and Harold J. Schneider of the Tuboscope Company of Houston; H. L. Bilhartz, president of Production Profits, Inc. of Dallas; and H. W. Winkler of Camco Inc., Houston.

In the Short Course general session in Municipal Auditorium at 10 a.m. Thursday, Dunn will open the meet with a talk entitled "A Good Job in Production is Not Enough."

Dunn is a member of the General Committee, division of refining of the American Petroleum Institute; has served as a member of the natural gas production committee of the American Gas Assn.; and is presently a member of the Natural Gas and Oil Resources Committee.

Martin and Schneider will speak on the "Care and Handling of Sucker Rods." An electrical engineering graduate from the University of Houston, Martin has helped construct and develop much of the early equipment that is now standard at Tuboscope.

Bilhartz will speak on "Corrosion in Waterflood," and Winkler will speak on "Designing a Closed Rotative Gas Lift System." Winkler is a mechanical engineering graduate from Southern Methodist, while Bilhartz received his degree from Southwestern University.

A total of 88 papers and a panel discussion are scheduled for the Short Course. Individual sessions will be held in classrooms on the Tech campus, and conference participants may elect which sessions they shall attend.

Aggies To Inspect Experiment Station

A class in range management, under the direction of Gene Spain, instructor in agronomy, will go to Spur Friday to visit the Agricultural Experimental Station No. 7.

While there, the group will observe control and research on mesquite and also grazing experiments.

THE TOREADOR

The Toreador, student newspaper of Texas Technological College is regularly published each Tuesday, Thursday and Friday on the campus at Lubbock by the associated students of the College, and is financed by student activity fees, advertising and subscriptions.

Women Nominate Officers In Dorm Meetings Tonight

AWS Executive Council will conduct meetings tonight for all women students to nominate dorm officers for next year.

Students living in the new dorm will meet in Drane Hall lounge at 10 p.m. and those residing in Horn will meet in Horn.

Election will be April 11. Ballot boxes will be placed in Knapp, Horn and Drane. Students will vote for officers for the dorm that they will live in next fall.

Fifteen students already selected as legislators in Knapp Hall next year are Bette Byerly, Sharon Campbell, Sharry Felton,

Kappa Gams Elect Officers For Year

Kappa Kappa Gamma, social sorority, has elected officers for 1957-58.

Lucinda Birtciel is president. Other officers are Karen Campbell, vice president; Carol Kimbrough, assistant personnel; Judy Cochran, efficiency; Peggy Brown, recording secretary; Mary Catherine Birklebach, corresponding secretary.

Gayle Russell, treasurer; Nancy Wilten, registrar; Anne Q. Bellamy, assistant registrar; Sandra Crouch, marshal; Mary Sue Wilson, public relations; Connie Coleman, assistant public relations.

Carol Crews, scholarship chairman; Donna Newsom, assistant scholarship; Toni Bannister, membership chairman; Donna Abraham, rush activities chairman; Jean McQueen, senior Panhellenic representative; Barbara Tinney, junior Panhellenic representative.

Sonja Wiseman, assistant social chairman; Joan Roberts, social chairman; Mary Etta McDuffie, assistant activities.

Delta Gamma Wins Kidi Kaper Events

Delta Gamma sorority and Sigma Nu fraternity won the "Kidi Kapers" contest last Saturday in front of the Student Union Building.

Alpha Chi Omega and Sigma Alpha Epsilon placed second in the contest.

"Kidi Kapers" was sponsored by Junior Panhellenic, and campus organizations competed in the various contests.

Events included in the contest were a tricycle race, a bubble gum blowing contest, hop scotch, a marble derby, a jacks tournament, and balloon shaving.

Three Sororities Schedule Dances

Three sororities will have dances this weekend.

Delta Delta Delta is to have a dinner dance tomorrow at 6:30 p.m. at the Hillcrest Country Club.

Gamma Phi Beta will also have a dinner dance at 6:30 tomorrow night at the Lubbock Country Club. Decorations will emphasize an "April Showers" theme.

Kappa Kappa Gamma will have an annual "Farewell Dance" honoring its seniors from 8 to 11 p.m. Saturday in the Union ballroom.

The theme is "Kappa Karnival" and decorations will include comedy and tragedy masks. It is an open dance.

Ophelia Fewell, Ernette Gebert, Annycy Gibbs, Marlene Gruver, and Mary Alice Hardy.

Also Ola Sue Johnson, Martha Kenley, Judy Roberts, Carolyn Scott, Beverly Smith, Donna Jean Smith and Donna Vaughn.

Phi Gams Sponsor Women's Olympics

Phi Gamma Delta sponsors "Fiji Olympics" Saturday at 2 p.m. on the lawn in front of Drane and Horn Halls.

Major attraction will be events in which all women's organizations with the exception of Major-Minor club, may participate.

Women may enter the following events: tug-o-war; 3-leg race; towsack race; egg toss; egg balance; pie plate discus throw; and pogo-stick race.

Trophy will be awarded the winning team and plaques given to first and second place winners. Entrance forms may be given to Dwuane Miller in Gordon Hall or mailed to Fiji Olympics, Box 4006, Tech Station.

Tech Coeds Serve On International AWS Committees

Mary Alice Richardson and Dotie Sue Horchem were chosen to serve on committees at the International Association of Women Students convention in Michigan last week.

Miss Richardson will serve on the Evaluation Committee for Region 3, which includes the

southern region of the U.S. Miss Horchem will serve on a committee to evaluate and recruit junior colleges and other non-participating colleges in Texas for IAWS.

The convention elected to revise their present constitution, and changed their regional organiza-

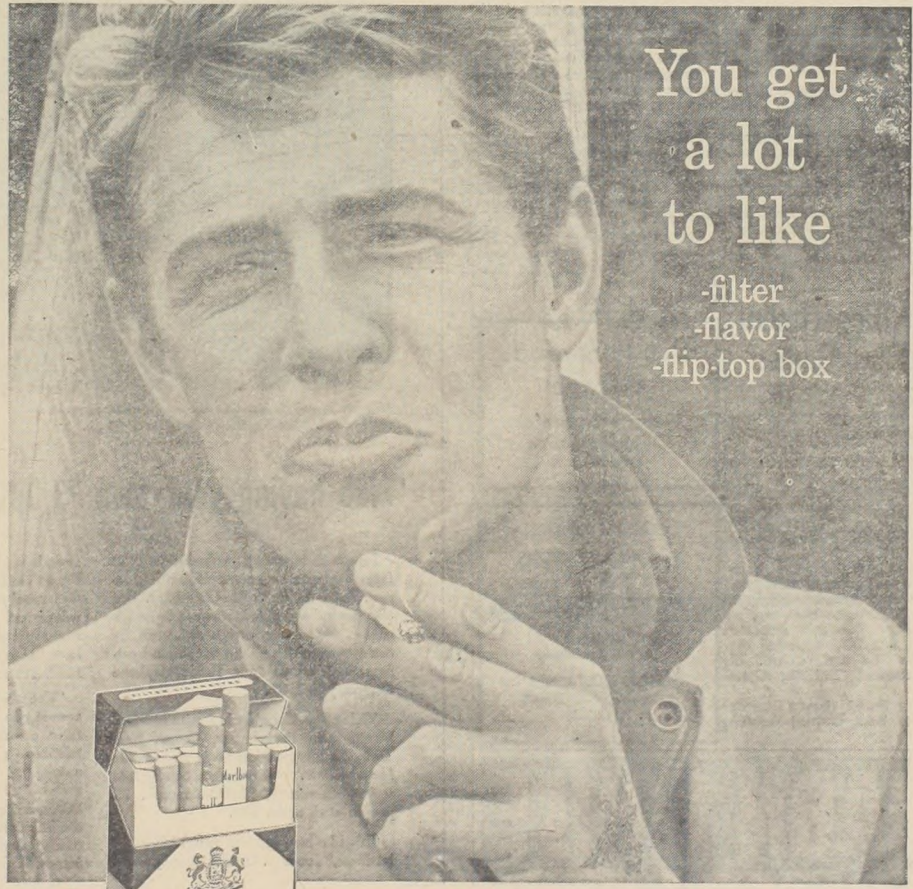

tion in order to have four regions instead of three.

Rebecca Wilson and assistant dean of women Dorothy Garner, also attended the convention.

San Angelo JC Furnishes Opposition For Picadors

The slugging Picador baseballers will go for their sixth win in as many tries tomorrow on the Tech diamond, hosting the San Angelo Junior College nine in a tilt set for 3 p.m.

This will be the first meeting of the two teams. Prior to tomorrow's game, the Tech frosh have beaten Odessa College three times, 24-1, 29-20 and 3-2, and had stopped the Howard JC twice, 11-6 and 12-4.

Leading the slugging parade for the Picadors percentage-wise is second-baseman Rob Hill. The former Monterey athlete has nine hits in 17 trips to the plate for a .529 average. Hill started in the Picadors' last game, driving in

two runs in the 3-2 win over Odessa.

First baseman Bruce Boyd of Abilene is the second leading hitter, having connected for 12 hits in 24 at-bats, for an even .500 pace. Boyd's hit total is the highest for the team, as is his 11 runs-batted-in.

Other leading hitters are catcher Paul Cato, with 4 for 10 or .400; center-fielder Robert Benton, 8 for 22—364; third-baseman Gary Wetter, 6 for 18—333.

Boyd, Hill and Benton have each scored 10 runs to lead in that category, while Ken Warren, Benton and Hill have been the only Picadors to hit home runs.

Leading pitcher is right-hander Billy Tombs of Georgetown, who has all three victories over Odessa, for a 3-0 record. Tombs' three wins, two in relief, came within the span of nine days.

Lawrence Barber, lefty from Seagraves, leads the two wins over Howard County for a 2-0 slate. Barber has struck out 14, 12 of

Varsity Plays WT Saturday

The varsity baseball team will carry a 2-3 record into the game with West Texas at Canyon, Saturday.

Catcher Cullen Hunt is the current leader in batting with six hits out of 19 trips to the plate for a .316 average. Walter Bingham, first base, follows Hunt closely with six hits out of 20 trips to the plate for a .300 average.

Dave Allen, second base, leads in runs batted in despite a .250 batting average. Hunt and David Potter, third base, have five RBIs.

Darrell Summers, right field, and Allen have hit one home run apiece. Hunt has two triples, and Sonny Donelson, second base, has two doubles.

Bingham and Summers have scored the most runs with seven each.

Leo Chase leads the pitchers with a 2-1 record. Chase has struck out 13, walked 9 and allowed 23 hits and 8 runs in 26 2-3 innings.

Norman Huggins, left field, has handled 11 chances without an error. Bingham has made only one error out of 40 chances for a .975 average.

Mural Department Schedules Games

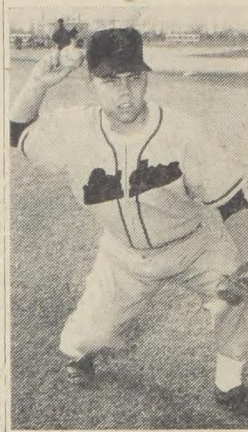

Softball schedule for today and Friday and the results of Tuesday and Wednesday's games have been released by the intramural department.

At 5 p.m. today Phi Kappa Psi plays Phi Gamma Delta on field one; SAE plays ATO on field three; Tau Delta Tau takes on Kappa Sigma on field five, and Sigma Nu faces PiKA on field four.

Block and Bridle plays Tech Vets at 7 p.m. today on field two.

Friday at 7 p.m. the Sluggers play the Athletes on field two. Yesterday T-Square defeated Double T 3-2, BSU outlasted the Tornadoes 7-5 and Church of Christ trounced Phi Mu Alpha 20-7.

Tuesday Sneed beat Bledsoe 7-3, while West downed Gordon 3-1.

PAUL CATO

which came in the last game with Howard County.

Coach Beattie Feathers will probably start one of these hurlers tomorrow afternoon against San Angelo, or Buddy Whippo, righthander from Amarillo.

Otherwise the lineup will read: c—Cato; 1b—Boyd; 2b—Hill; 3b—Wetter; ss—Kenneth Talkington; lf—Warren; cf—Benton; and rf—Bill Dean.

Netters Go Against ACC

Abilene Christian will furnish the opposition for Coach George Philbrick's netters in their next outing Friday at Abilene.

This will be the fifth match of the season for the tennis team. They have played all matches away from home.

Coach Philbrick's charges defeated North Texas, TCU and SMU, losing only to East Texas in the season opener. A match with West Texas at Canyon last week was postponed because of snow.

David Kent, Billy Ed Gowan and Dick Spiers, juniors, Johnny Kniffen and Scott Cantine, sophomores, will compose Tech's varsity lineup at Abilene.

Freshman Bob Macy, undefeated in four matches, will play an ACC freshman.

Gowan has a 3-1 match record.

Kent a 2-2 record, Spiers a 3-1 record, Kniffen a 3-1 record and Cantine a 1-0 record.

The netters blanked North Texas and TCU, 7-0, and downed SMU 4-2. Tech fell before East Texas 2-4.

The Raiders will play on the road against Hardin-Simmons, Baylor, Texas A&M and Texas before meeting Colorado at home April 19.

Raiders Compete In Texas Relays

The frosh tracksters will compete in the role of favorites at the Texas Relays in Austin Friday and Saturday.

Besides Tech, Texas and Baylor will be entered in the freshmen division. Tech defeated both earlier this year.

Coach Delmer Brown plans to run Jan Peary, who was injured earlier in the season, in the preliminaries. If his injured leg doesn't bother him, he will be ready to go in the finals.

The Picadors won the freshmen division of the Southwest Recreational Meet and a quadrangular meet in their other two outings.

'Mural News

Entries for the intramural golf tournament will remain open until April 18, says Edsel Buchanan, intramural director. Match play will begin April 23.

Regular matches will be 18 holes, and the final will be 36 holes.

Only PE Classes Enter Swim Meet

Intramural swimming competition, taking place at the Lubbock Boys' Club, is limited to members of PE swimming classes.

Edsel Buchanan, intramural director, says the restriction was placed on swimming competition because others don't have the opportunity to work out.

Times of the six events are being recorded in each of the classes. A person can only enter three events.

Trophies will be awarded to first and second place winners.

Buchanan states that next year's swimming competition will be as a regular meet in Tech's new pool.

This year's six events are: 50-yard backstroke, 50-yard crawl, 50-yard breaststroke, 50-yard side-stroke, 25-yard crawl and 25-yard breast stroke.

A Campus-to-Career Case History

Manager Joseph S. Manning discusses a customer service request with Office Supervisor Catherine Hazleton.

"Like having your own \$3,000,000 business"

Joseph S. Manning graduated in 1950 from Wesleyan University with a B.A. degree and a major in Bio-Chemistry. But chemistry, he decided, was not to be his career. He became intrigued, instead, by the opportunities in the telephone business, and joined New York Telephone Company in 1951.

Today Joe Manning is Business Office Manager in Parkchester, Bronx, New York. In this position he is responsible for about 27,000 telephone accounts which bill some \$250,000 a month. 35 people work under him.

"It's like having your own \$3,000,000 business," Joe says. "And it's pretty much

an independent operation, which I enjoy. I'm in charge of all business office functions, and of personnel training and development. I also spend a lot of time out with my customers, making sure that they have the telephone service they want and need. It's an absorbing job.

"The phenomenal growth of the business is one of the reasons why advancement opportunities are so good in the telephone company. Since 1943, for example, the number of telephones in our area has almost tripled. Growth such as this, going on all over the country, makes the telephone business especially attractive to anyone seeking a career with a future."

Bell Telephone Companies offer many interesting career opportunities, as do Bell Telephone Laboratories, Western Electric and Sandia Corporation. Your placement officer has more information about all Bell System Companies.
