

Schmidt Named Editor

Vol. 34

Lubbock, Texas, Tuesday, March 24, 1959

No. 66

UT Editor Removed From Post

by ARTHUR MAYHEW

For the first time since 1918, an editor of The Daily Texan, student newspaper of The University of Texas, has been removed from office.

Robb Burlage, Texan editor, told the TOREADOR in a telephone interview from Austin yesterday afternoon that he had been placed on disciplinary probation and removed from office because he had acquired six parking tickets since enrolling at the university as a freshman. Burlage is a senior.

"I PICKED UP five tickets working for the Texan," Burlage said Monday. "The other one was picked up last year while a member of the faculty was driving my car."

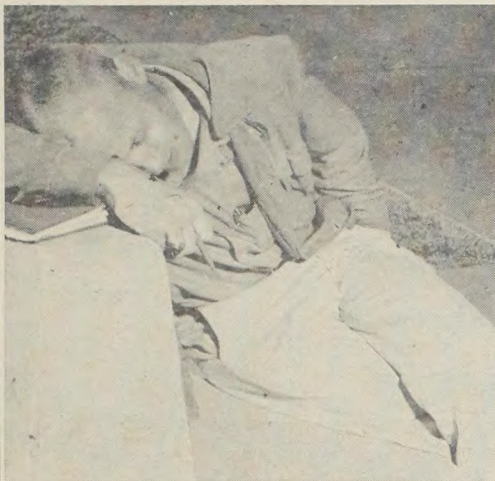

Burlage was informed that the Student-Faculty Advisory Committee had moved for his being placed on probation. Last week he appeared before the committee and spoke in his own behalf.

FINAL WORD came last Friday that the committee had voted 3-2 to put Burlage on probation. The committee is composed of three faculty members and two students.

Burlage said that Nina McCain, presently an assistant news editor, would serve as acting editor until the 1960 editor is appointed in April.

"THE EDITORIAL staff will remain the same," Burlage added. "I will continue to serve in an advisory capacity, but my days as editor are over."

Burlage's father is dean of the University's College of Pharmacy and a long-time member of the Texas faculty.

SPRING FEVER REIGNS SUPREME—Phil Orman, Asst. Director of Student Publications, takes advantage of the first few days of spring to snooze in the warm, refreshing air.

Union Hosts Watch Wednesday Morning

An Easter Morning Watch will be observed at 7:30 Wednesday in the Union Ballroom. It will prelude the official Easter holiday, which begins at 10 p.m. Thursday and ends at 8 a.m. Tuesday.

Rev. Loyce Estes, pastor of First Cumberland Presbyterian Church will deliver the sermon.

REV. ESTES has served as pastor of the First Cumberland Presbyterian Church for six years. He received his ministerial training at Bethel College and the Cumberland Presbyterian Theological Seminary in McKenzie, Tenn. He

has done additional work at Le Tourneau and Texas Tech.

He is vice-president of the Lubbock Ministerial Association, president of the Board of Mission of Western Presbytery, secretary for the Texas Synodic Board of Finance, and has been asked to represent his denomination at the World Presbyterian Alliance in Brazil in August.

HOLIDAY SCHEDULES for the book store, library, museum and Tech Union are as follows: closed Friday, Saturday, Sunday and Monday. Re-open regular time Tuesday morning.

PHI PSI, GAMMA PHIS TOPS

Two Win Sing-Song

Gamma Phi Beta sorority and Phi Kappa Psi fraternity placed first for the second consecutive year Saturday night at the annual Interfraternity Sing-Song sponsored by Phi Mu Alpha Sin-

gma and Delta Tau Delta placed second and Delta Delta Delta and Phi Delta Theta rated third. Gamma Phi Beta sang "Gamma Phi Man" and "Pueri Hebraeorum" under the direction of Mary Jane Campbell. Phi Kappa Psi took first among the fraternities with their "Noble Fraternity" and "Medley of Negro Spirituals in Stereophonic" directed by Ray Moore.

SECOND PLACE was captured by Kappa Gamma with their "Skip To My Lou" and "One, Two, Three Words" led by Linda Roberts. The two selections that won second place for Delta Tau Delta were "A Toast to Dear Old Delta Tau" and "Ye Watchers and Ye Holy Ones" directed by Tommy Sanders. "A Gleaming White Pearl" and "Sourwood Mountain", directed by Martha Wynes, were the choices of Delta Delta Delta as they ranked third. Phi Delta Theta sang "Soon Ah Will Be Done" and "Phi Delta Serenade" led by Dick Scales to place third among the fraternities.

Tech Students Judge Books

Journalism students, at the request of Mrs. John Cadenhead, Meadow, will judge 15 press books submitted by member clubs in the seventh district of Texas Federation of Women's Clubs this week.

THESE SCRAPBOOKS are records of all publicity received by each club throughout the year. Neatness, originality, forethought, competent reporting, initiative, and federation news form the basic points for judging.

Five divisions compose the federation, these being divided into seven classes according to town population. First, second and third place winners will be chosen in each class of each division.

Mason Junior Wins Top Toreador Slot

Tommy Schmidt, junior journalism major from Mason, was named editor of the TOREADOR, in a Publications Committee meeting Monday.

Roy Lemons, Gainesville adver-

Music Star Plays Here

Roger Williams, who is billed as the man having sold more records than any other living pianist, will appear in Lubbock Municipal Auditorium at 3:30 p.m. Easter Sunday as a special attraction of Civic Lubbock, Inc.

Tickets are now on sale in the Auditorium Box Office. Special student price is \$1.25 and other prices range from \$1.74 to \$3.75. The box office is open from 9 a.m. to 5 p.m. daily. Additional ticket information may be obtained by calling Porter 2-4616.

"TICKET SALES are going pretty fast, but we still have some good seats left in all price ranges," David T. Blackburn, Auditorium manager stated Monday.

The young artist has a long list of sell-out performances to his credit including 8,000 persons in Cleveland and 9,000 in Denver.

A VERSATILE PIANIST, Williams includes humor in his program as he chats with the audience. His selections range from classical to jazz with special attraction of playing two pianos simultaneously.

"The Quiet Men," a musical group also a cross-country tour, will accompany Williams in his performance.

RODEO ASSN. TO MEET

A meeting of the Tech Rodeo Assn. has been called for Wednesday, 7 p.m. in the Aggie Auditorium.

All members are urged to attend.

tising major, will be business manager for the coming year.

SCHMIDT, is a member of Sigma Delta Chi, professional journalistic fraternity, and Pi Kappa Alpha, national social fraternity. He has previously served on the Toreador as copy editor. He is now the news editor.

LEMONS is a member of Alpha Delta Sigma, honorary advertising fraternity, secretary of Tech Ad Club, publicity director of the Varsity Show and publicity chairman of the junior class' "Skit Row." He is a Toreador advertising salesman this year.

DONNA Christopher and Marilyn Gardner have been selected as co-editors for the 1960 La Ventana.

Miss Christopher a sophomore journalism advertising major from Brownfield, is AWS representative from Drane, scholarship chairman of Pi Beta Phi and a member of Alpha Lambda Delta, freshman's women's scholastic honorary society.

MISS GARDNER, also a sophomore journalism advertising major from Dallas is Pi Beta Phi panhellenic representative, vice president of Panhellenic, AWS reporter and a member of the Union Program Council.

TSEA Elects Jost, Davis

Jill Jost and Billy Joe Davis, both of Texas Tech, were chosen as state vice president and Mr. Future Teacher of Texas Student Education Assn. respectively, Saturday night at the 12th annual state convention of TSEA at Houston.

Miss Jost and Mr. Davis were two of ten delegates representing Texas Tech. More than 500 representatives from 43 colleges and universities comprising the statewide organization attended the three day conference beginning Thursday.

OTHER TECH representatives were Carole Jacobs, Paula Bell, Bill Bradley, Barbara Vandiver, Beulah Vandiver, Alberita Braden, Patsy Huffman and Marialice Sprinkle. The group was accompanied by their sponsor, Dr. Carey Southall.

Tech was in charge of workshops on Chapter-Faculty Relations. Besides discussions groups, there were general sessions and tours of Houston and the Houston ship channel. Next year the convention will be held in San Antonio.

MR. DAVIS, 19, Olney, is a junior at Texas Tech. He is majoring in secondary education. Miss Jost, 20, Marlin, is also a junior. She is majoring in elementary education and served on the State Resolutions Committee at the TSEA convention.

Texas State Education Assn. is a 2500-member organization, composed of education majors from various colleges and universities throughout the state.

IBM Delegate Talks To SIE

Mr. J. B. Hanson of Lubbock will represent I. B. M. tonight as he speaks on "Electronic Data Processing as a Managerial Aid" at a dinner meeting, given by Sigma Iota Epsilon, management fraternity.

The dinner will begin at 7 p.m. and will be held in the Western Ways Restaurant. Besides his speech, Mr. Hanson will also show slides. Master of ceremonies for the evening will be Bob Tyner, president of Sigma Iota Epsilon.

Tech Offers Speech 'Shop

High school juniors, sophomores and outstanding freshmen are eligible for the speech workshop being offered by the Tech speech department July 20-Aug. 1.

Each student will participate in several practice sessions, climaxed by a public demonstration at the conclusion of the workshop session.

INSTRUCTION in dramatics, declamation, debate discussion, extemporaneous speaking, poetry reading, and radio and television experiences will be included in the workshop.

Special assistance in the Tech Speech Clinic will be available to students with particular speech problems.

STUDENTS INTERESTED in dramatics will produce as many plays as can be cast from the group. The theory and practice of make-up, costuming and lighting will be emphasized.

The 1959-60 debate and discussion problems will be the basis for studies and practice of principles involved in democratic, forensic speaking.

RESERVATIONS can be made through the Tech Speech department.

★ Campus ★

Pi Delta Phi Initiates

Pi Delta Phi, national French honor society, held its spring initiation service Sunday in the Tech Union.

Members initiated were: Peggy Ann Harvey and Caroline Wood, Fort Worth; Joe Ben Hudgens, Pecos; Sandra Miltzer, Houston; Patricia Reynolds, Pampa; Mildred Thompson, Richardson; Mary Anne Clifton, Kay Prestidge and Johanna Zourmas, Lubbock.

NEW ASSOCIATE members are Mrs. Charles B. Quaia and Mrs. Albert J. Sanger. Associate membership is granted to French-speaking persons who are devoted to French culture.

Drane Honors 'Brains'

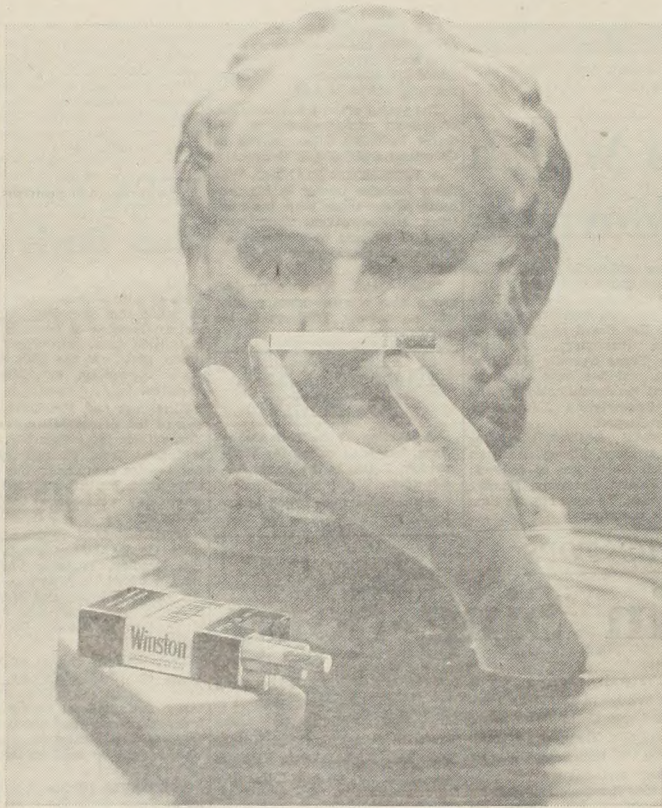

"Drane brains" were honored with a surprise breakfast Saturday as a reward for 25 grade average or for grades brought up more than .5 from mid-semester. **THE "BRAINS"** were chosen from sophomore students only. Six

attended the breakfast, home-cooked by counselor Carol Siller and president Shirley Stephens. Entertainment was planned by the Tri-Phi's, quartet composed of May Kring, Diane Winslow, Judy Harper and Shirley Stephens.

ARCHIMÉDES

makes another great discovery...

It's what's up front that counts

You can reproduce the experiment. It's easy as π . (Yes, you can do it in the bathtub.) Assuming that you have first visited your friendly tobacconist, simply light your first Winston and smoke it. Reasoning backwards, the discovery proceeds as follows: first, you will notice a delightful flavor, in the class of fresh coffee or of bread baking. Obviously, such

flavor cannot come from the filter. Therefore, it's what's up front that counts: Winston's Filter-Blend. The tobaccos are selected for flavor and mildness, then *especially processed for filter smoking*. This extra step is the real difference between Winston and all other filter cigarettes. Besides, it's why Winston is America's best-selling filter cigarette.

"Eureka! Winston tastes good... like a cigarette should!"

R. J. REYNOLDS TOBACCO CO., WINSTON-SALEM, N. C.

Bits From Birdie

by merium jackson

Well, in spite of the fact that the Easter rabbit is about to chase Birdie away he's still watching the activities of Techsians.

ALPHA PHI Omegas have been busy initiating 13 into pledgeship recently. New members are Larry Justice, Wesley Barnett, Franklin Johnson, Don Bova, John Bynam, Wayne Miller.

Also Boyce Brice, James Lee Brown, Jerald Lindsley, James Langford, Allan Christian, Carrol Willis and Clifford Rogers.

THREE FACULTY members also became A Phi O's. They are Ed Hart, George Young and C. G. Libby.

Pi Beta Phis will spend Easter together this year in Santa Fe, N.M.

THE RETREAT to Santa Fe at this time is a biennial affair for the sorority. The New Mexico town was the cite of initiation for

the social group which preceded Pi Phi on the Tech campus.

Birdie says that Techsians are "mixing" before they go home for the holidays. Drane and Gordon will "get together" tonight from 7 to 8:30 p.m. in the Drane Hall dining room. An ATO-Sigma Kappa mixer will also be tonight from 7 to 9 p.m. in the ATO lodge.

SEVERAL ALPHA Chi Omega delegates recently attended a Tri-state convention for Texas, Oklahoma and New Mexico at Oldahoma University, Norman, Okla.

Workshops on pledge guidance, presidential duties, and standards, highlighted the convention.

A CHI O delegates from Tech were Nancy Hull, Carol Sue Fields, Winn Sue Sherrill, Emette Gebert and Helen Gray.

Phi Gamma Delta recently elected officers for the coming year. They are Tom Cobb, president; Reggie Smith, treasurer; Bill Lapham, recording secretary; Robert Echols, corresponding secretary and Jim Eschle, historian.

FREE RECORD albums and gift certificates will be given away tonight when KSEL Disc-Jockeys and Misty "turn the tunes."

Techsians will dance from 7 to 8:30 at the Club D-J Record Hop in the Old Rec Hall.

SIGMA KAPPA is presently playing host to the sorority's Traveling Secretary, Miss Janie Thompson. She was honored at an informal get-together in the lodge Monday and will be guest speaker at chapter meeting Wednesday.

Get WILDROOT CREAM-OIL Charlie!

LUCRETIA BORGIA, hostess, says: "Wildroot really does something for a man's poisonality!"

Just a little bit of Wildroot and... WOW!

Weeks Honors Girls with 2.0

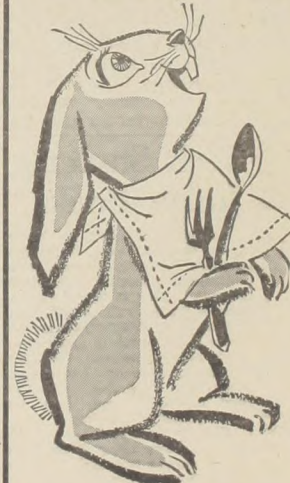

Residents of Weeks Hall will honor their students with 2.0 grade point average or better at an Easter Party tonight in the Weeks dining hall at 10.

Judy Ecklund, Weeks chaplain, is in charge of the religious part of the program and Mary Frank Garrett is chairman of the committee on recognition of high scholarship.

SIBBRE SMITH, president-elect of the dormitory, and Karen Frack, new social chairman, are in charge of a "crazy hat-wearing campaign" for the party. Skits Skits from the Varsity will also be given.

Speech Tour Offers Scholastic Credit

Nineteen days and 5,000 miles of theater-going — that is what Texas Tech's department of speech will be offering as a summer course to 25 students.

THREE SEMESTER hours credit may be earned in the American Theater Tour. The tour, Aug. 1 through Aug. 19, includes performances of the year's outstanding successes in New York City, and visits to important theatrical events in the central and eastern part of the United States and Canada.

Students will travel by chartered bus. Discussions of current plays and new developments in the American theater will be held en-route.

ADDITIONAL enrollment of persons not desiring academic credit

will be accepted to make up the total party of not more than 35 persons. Priority in enrollment will be based up date of receipt of reservations with deposits.

Holiday Schedule

Library — Closes 6 p.m. Thursday; open 8 a.m. to 5 p.m. Friday; closed Saturday and Sunday; open 8 a.m. to 5 p.m. Monday. Regular schedule begins Tuesday morning.

Museum — Closes at 5 p.m. Thursday; re-opens Tuesday morning regular time.

Tech Union — Closes Thursday, 5 p.m. Closed Friday, Saturday and Sunday. Opens 5 p.m. Monday.

TO PRODUCE VARSITY SHOW

Staff Works Hard

With a cast ranging from mammoth football star E. J. Holub to diminutive music major Marilyn Campbell . . .
 With a student written script and student composed orchestration . . .
 With over 100 students putting in over 30,000 hours of work . . .
 With all this and much more, the 1959 Tech Varsity Show "Something for Nothing" offers an entertainment treat for Techsians.

East, the play is a musical satire of college life.
 A "FIRST" in Varsity Show history set this year is the student written script by Johnny Gilbert, Tech Music Major.
 Gilbert will also direct the 26-piece pit orchestra in the musical numbers, which he also composed.
THE ORCHESTRATION for the show provided a knotty problem for a time. Producer Claude Rogers said that originally "we decided it would be possible to produce every part of the show except orchestration due to time

allotted, but George Mellott came to our rescue."
 Mellott is a graduate student in music and an instructor at Reese Air Force Base.
 Over 250 hours have been spent copying parts for the orchestra.
TIME FOR rehearsals has also presented a problem, with rehearsals scheduled for the Easter holidays from 8 a.m. to 10 p.m. Friday, Saturday, and Monday.
 Representative of the long hours being put in on the show is the estimated 15 hours per week by the dancers.

Editors Selected For Next Year

WITH THE 1958-59 school year drawing to a close, the selection of publications editors and business managers has been made.

Tommy Schmidt, junior journalism major, will head the TOREADOR as editor, and Roy Lemons will serve as business manager.

For the LA VENTANA, Donna Christopher and Marilyn Gardner will be co-editors next year, with Earl Heavrin as business manager.

All persons selected are qualified to hold their jobs. Schmidt is the present news editor of the TOREADOR, and has served in the past as copy editor, reporter and freshman issue editor. He also has worked as a journalist with Dow Chemical Co.

Roy Lemons is a present ad salesman for the TOREADOR and is publicity director for the Varsity Show.

The LA VENTANA co-editors, Miss Gardner and Miss Christopher, are editing the Fortune Magazine section of the present LA VENTANA, and both have reporting experience on the TOREADOR. Heavrin is editing the Progressive Farmer magazine section of the present LA VENTANA.

Student staffs for the two publications will be named later by the respective editors. Schmidt is taking applications from any students experienced in journalism for positions on the paid editorial staff of the TOREADOR.

Both publications have experienced a large amount of growth over recent years, both from the angle of finances and campus coverage. With budgets running to large figures, the publications have been able to increase in quality.

Part of the success lies with the student staffs and faculty advisors, but part of it also lies with the aid and cooperation given the publications by students and faculty members not directly connected with the publications.

Although the present situation is rosy, it can be improved. Harder work by the student staff and increased cooperation by the student body and faculty will lead to even better publications.

JUST SOME GAB

Talk Overheard In Tech Union

Rumors are pretty horrible things once they get started and if they get out of hand; and, since controlling them is nearly impossible, they either do get out of hand or they are squelched. True, some should be (squelched, that is), others, no! One of the latter category crossed our mind the other day and left tracks. Well, truthfully, it wasn't our own idea. As usual, we were eavesdropping in the Tech Union and to the best of our recollection this is what we overheard:

He bumped his head on the floor, you know? And, he went over there and all they did was give him some pills and tell him to rest. And, a couple of days later some town friends of his missed him and came looking for him and when they found out what had happened, they took him to the hospital and had X-rays taken and found out he had a crack in his skull!"

"They wouldn't dare!" she said vehemently.
 "Why not?" the guy on her left questioned. "It would be the ideal time . . . There'd be no one who could fight back!" He seemed to be appealing to her reason, somewhat weakly.

The third member, looking sat silently on.
 "Hadn't they done that already?"
 "No! And too, he had all these headaches and all," (she was very warm by now). "Why he was in the hospital a couple of weeks. Now, you mean to tell me they're going to try to MAKE us pay \$7.50 a year for THAT kind of care, even if we DON'T want it? Hmph! Nobody'd stand for it! And what about the off-campus kids? They never go there!"

The girl was incensed. "But, that's almost un-American! It certainly isn't ethical. Why, there aren't any kids here to use the stupid place, even if they did change the rule then."

The third member sat on, silently, looking!
 "Precisely! This summer would be an ideal time to have some sort of Special Session about it and make it a COMPULSORY HEALTH FEE, with no opposition! Things like that have happened before!"

Her attempt at reasoning sounded somewhat hollow. The third member sat silently looking on as the other speaker said:
 "Look, if you wanted to do something—say, more than controversial, but less than illegal—would you take fifteen minutes to gather a crowd? You bet you wouldn't! You'd wait until all the backs were turned, wouldn't you? It's the same thing here."

The third member, looking at his watch, stood up silently.
 "You leaving?" asked the girl.
 "Reckon. Gotta write Doc Blanchard a letter. You know, those guys in Austin might try something just like that about raising our tuition. See ya!"

The third member, looking on, sat silently.
 "Well, too!" (she was warming to the cause) "they don't even do anything for you. This friend of a friend of mine told me of a boy who had slipped in the dorm and

He left.
 The other students sat silently on, looking.
 The gist of which must be: DON'T JUST DO SOMETHING, SIT THERE!

Techsans Talk Back

Tech School Flag Is Recommended

Editor,
 Yes, Tech does need and should want a school flag.

THIS BEING my first semester here at Tech, I was indeed surprised to learn, VIA your article, that a flag was not already waving in these gentle breezes.

A flag is a symbol. Just as the stars and stripes represent the land of the free, so would a Tech flag represent the mighty empire of Techsaland.

IF THE PRESENCE of a flag at any athletic contest were to stir up a little emotion, it would be justified. For emotion is contagious and lagging spirits would soar to a new high, consequently furnishing the athlete with a concealed source of power, a hidden joy to know that somebody else really does care.

True Beatniks Defended Again

Editor,
 Hurrah for Mr. Simon. I too am becoming sick, sick, sick of the PSEUDO-BEATNIK kick. A prime example of a pseudo-beatnik affair was the so-called "Beatnik Jazz Session" sponsored by the Tech Union last Saturday. A dozen candles in empty coke bottles don't give a Beatnik atmosphere. There was nothing wrong with the band, but it wasn't Beatnik and it wasn't a true jazz band.

Let's accept the true Beatniks, but to the devil with the rest.
 Ernie Ebell,
 Bledsoe

FROM CHINA

Museum Exhibits Art

An impressive display of Chinese embroidery, carvings and jewelry from the collection of Mr. and Mrs. Charles D. Scott is Treasure of the Month in the West Texas Museum.

These items were collected by the Scotts while he was stationed with the army in old nationalistic China in 1945. Scott, now a math instructor at Tech, was then teaching in a Chinese officers' training school.

MRS. SCOTT SAYS the collection is probably invaluable, as very few of these items may be purchased now that China is under communistic rule.

Probably the highlight of the display is a hand-embroidered picture featuring various phases of

the pursuit of happiness. The picture is over 100 years old, and was presented to Col. Scott by the wife of Gen. Kung of the Chinese Army.

OTHER CLOTH ARTICLES in the display are: a swatch of handloomed and hand-woven silk; and an embroidered evening jacket,

picturing typical scenes from everyday Chinese life.

Ivory carvings in the display include: a majestic pagoda; a double "eight-ball" — one within the other; a delicately carved fan and a Mah Jong set inlaid on bamboo. Several pieces of Chinese jade jewelry complete this collection.

TESA OFFICERS— Shown above are Jill Jost, junior elementary education major from Marlin, and Billy Joe Davis, junior secondary major from Olney. At the recent 12th annual state convention of Texas Student Education Assn., Miss Jost was elected state vice president and Davis was chosen Mr. Future Teacher.

Producer Gives All For Varsity Show

Anything and everything from obtaining places for the Varsity Show Cast rehearsals to approving set designs are part of the job of Claude Rogers, 1959 Varsity Show producer.

Rogers, a senior electrical engineering major from Mineola, was chosen producer of the first student written production through a letter of application and recommendation to the Advisory Board.

HE HAS PREVIOUSLY held several organizational and planning positions including publicity and ticket sales chairman for the last two school trips. He is chairman of the Student Union Com-

mittee and was stage manager of last year's show.

"You might say that the success or failure of the show is my responsibility," Rogers said in listing his duties as producer.

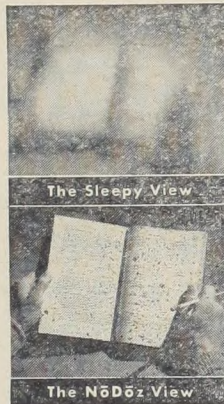

SEEING THAT all positions are filled with competent people and all parts properly cast are other responsibilities of the producer.

A fishing and hunting fan, Rogers indicated that he likes all types of outdoor activity.

After graduation and a couple of years in the Air Force, Rogers said that if opportunity presents itself he will go into the promotional end of show business.

CLAUDE ROGERS

Six AFROTC Students Go To National Conclave

Six members from Tech's chapter of Arnold Air Society, national honorary organization for outstanding students in air science, will represent Tech at the Tenth National Conclave in Pittsburgh March 26-28.

REPRESENTATIVES are Duane Farnham; Gordon Graves; James Nix; Weldon Schaeffer, squadron commander; Roger Sewell; James E. Willis, area H commander, and Maj. W. W. Wilson, Gordon Graves will be representative for Arnold Air Letter, national newspaper for Arnold Air Society, which is published at Tech, the national publications headquarters.

The group will leave Reese Air Force Base Tuesday on a C-47 and fly to Tinker Field in Oklahoma City. A special airlift carrying rep-

representatives from several surrounding states will leave Tinker Field Wednesday for Pittsburgh.

THE THEME carried through the conclave will be "Peace Through Air Power". The opening session Thursday morning will be followed by an Air Space Luncheon. Thursday's activities will be climaxed by the "Blue Yonder Conclave Ball" with Ralph Marterie's orchestra.

On Friday a Missile Luncheon and the Awards Banquet in the evening will wind up the conclave.

Misplace A Ring?

A ring lost Saturday night at Sing-Song can be obtained at the Auditorium box office by describing it. The Box Office is open from 9 a.m. till 5 p.m.

Graduates Work Projects With Rats

Tech Food and nutrition graduates are conducting experiments for diet graduation projects.

Rats are being used in one experiment to determine the effect of a reduced food intake on the welfare of young growing animals. One series of rats is being fed two-thirds of an adequate diet while another series is over eating.

THE THEORY is that better physical condition results if the food intake of a balanced diet is reduced," stated Dr. Mina Lamb, head of food and nutrition.

Another question under experimentation is the effectiveness of using paper table appliances such as plates and cups to determine how well the food is accepted or rejected.

THIS EXPERIMENT is being conducted in elementary schools in the third and sixth grades. "Research will also be done to determine whether it is cheaper to use paper appliances and dispense with dishwashing utensils or continue with present equipment," says Dr. Lamb.

Paper appliances are furnished by Field Research Division Paper Cup and Container Institute.

A PROJECT THAT will begin after Easter concerns basal metabolism tests on cerebral palsied children. The purpose is to see if a child with muscular involvement uses a similar amount of energy as one without.

Variety of Acts Top Dolphin Show

Water ballets and clown acts will be featured at the Dolphin Show during Spring Festival.

Dolphin Swimming Fraternity will present "On The Town" for their annual Spring Festival show. The show will have five water ballets with music taken from Broadway numbers; square dancing, clown acts and championship diving, plus other numbers not yet named.

"ON THE TOWN" will also feature beach wear fashions from Hemphill Wells. Girls from each sorority will model the spring fashions in beach-wear. The total cost of beach wear modeled by girls last year was around \$750 it was reported.

The show is produced by the Dolphin Swimming Fraternity and directed by Bill Pittman from

Lubbock, faculty advisor, James F. McNally, P.E. instructor, and master of ceremonies Bob Honts, from San Antonio.

ANOTHER HIGHLIGHT of Spring Festival will be Skit Row on Wednesday night, April 8. It is sponsored by the junior class, and consists of acts sponsored by campus organizations.

Thursday night will feature the Dolphin Show, Der Liederkrantz Review or the Barn Dance for entertainment.

Friday entertainment will be the Senior Carnival, preceded by an all-campus barbecue, the second showing of the Dolphin Show, and an inter-organizational tug-of-war.

Saturday highlights will be the bicycle race around the Memorial Circle and Soapsuds circle.

Guilds Studies War Novelist

Dr. John C. Guilds Jr., Texas Tech associate professor of English, will study the works of William Gilmore Simms, pre-Civil War novelist, next summer.

Guilds has been awarded a "visiting scholar" grant-in-aid to continue study of the novelist at Duke University library.

IN CONNECTION with previous research on Simms, Dr. Guilds has published five articles which deal with different aspects of the life and works of Simms.

Water Use Fee Urged by Engineers

AUSTIN (AP) — Texas engineers yesterday suggested a state fee for the right to use underground and surface water. It would bring in an estimated 1½ million dollars annually in revenue.

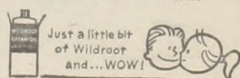

The joint water advisory committee of the Texas Society of Professional Engineers and the Texas Section of the American Society of Civil Engineers submitted the plan to the Senate Finance Committee. They don't call the fee a tax.

Texas Tech's Picadors open their 1959 campaign 8 p.m., meeting South Fla. for College of Levelland Tech diamond behind the um.

Coach Earl Parrier's club actually 2-0 for the year wins behind them over 3 High School.

"WE HAVE a good start but not much depth," Parrier said. Savage (Larry) has good at second and M (Roger) and Mounts (D) have shown me a lot on the Parrier feels that most freshman power will be by outfielder Eddie P catcher Gary Samford, Midland.

The Picador starting line consist of Savage, second McElarth, third; Nick Mc terfield, Pierce, right field Langston, left field; out ford or Sam Gibson, catcher Boyd, first base; either ford or Bob Fouts, short; Evans pitching.

ALSO SLATED for a outfielders Teddy Fritz Thornton and Wes Bar infielders Jerry Huffer and Ortiz.

Frosh Open Today; Raiders Take Lumps

Texas Tech's Picadors officially open their 1959 campaign today at 3 p.m., meeting South Plains Junior College of Levelland at the Tech diamond behind the Coliseum.

Coach Earl Parker's charges are actually 2-0 for the year with two wins behind them over Monterey High School.

"WE HAVE a good starting nine but not much depth," Parker stated. "Savage (Larry) has looked good at second and MacEvans (Roger) and Mounts (Del Ray) have shown me a lot on the mound.

Parker feels that most of the freshman power will be supplied by outfielder Eddie Pierce or catcher Gary Samford, both of Midland.

The Picador starting line-up will consist of Savage, second; Mike McElarth, third; Nick Moore, centerfield; Pierce, right field; Loren Langston, left field; either Samford or Sam Gibson, catching; Bill Boyd, first base; either Ken Wolford or Bob Fouts, short; and MacEvans pitching.

ALSO SLATED for action are outfielders Teddy Fritzer, Dean Thornton and Wes Barnett; and infielders Jerry Huffer and Carlos Ortiz.

The rest of the pitching staff includes Mounts, Claude Davis, Eddie Bobbitt and Marvin Henderson. The Red Raiders, who are idle this week, took two on the chin from Colorado Saturday 4-0 and 9-1.

Dale Allen, with a single in each game and Butch Adams with a single and a double in two trips in the second game led the hitting attack. Joe Reaves had a double and a solid double in the first game.

David Bourland also collected a second game single.

HITTING WAS THE biggest difference in the two games. Colorado produced 17 hits in two games as compared to eight for Tech.

Houston Powell took the first game loss while Charles Flanagan lost the second one. Two relief pitchers, James Johnson and Bill Curry, looked good, allowing only one earned run apiece.

The one run off Curry was a drive lost in the sun that went for a home run.

Coach Beattie Feathers shifted his players around a good deal in both games, using 14 men in the first game and 16 in the finale.

Pikes Snow Sigma Chi's

by JOHN LEWIS

Action in the Fraternity League was hot and heavy Sunday and the scores were all lop-sided.

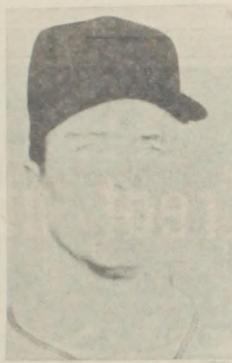

Phi Delta Theta soundly trounced Sigma Nu, 17-1, the Kappa Sigs stomped on the ATO's, 12-2, Delta Tau Delta fell before the Fijis 12-4, and the Pikes slaughtered the Sigma Chi's 25-8.

THE ATO TEAM had been undefeated prior to the game with Kappa Sigs. The Kappa Sigs, SAE's and Phi Deltas remain the only unbeaten teams in the league.

The league saw action again yesterday when the SAE's walked the Phi Psi's 14-0.

WEDNESDAY, ATO plays the Phi Deltas, Sigma Nu tries the Deltas, and Pikes take on the Kappa Sigs, the Fijis meet the Phi Psi's, and SAE will challenge the Sigma Chi's.

The games Wednesday are scheduled to get underway at 5 p.m.

Outlook

by BILL DEAN

Intramural athletics seem to be the source for a good deal of campus discussion lately.

In the space of 24 hours last week a free-for-all developed at the All-College basketball-championship game between the Fijis and the Chinese Bandits and another riot almost occurred the next day at a softball game between Phi Delta Theta and Kappa Sigma.

Both events were unfortunate. Sometimes in the heat of such a contest heads get hot — and then hotter.

But what is in the past is rather hard to do anything about. The future is what we need to concern ourselves with now.

These fights were ignited by different causes. The basketball brawl was due to friction between the two teams. The softball squabble came from a conflict between players and umpires.

The life of an official or an umpire, as the case may be, is a tough lot. They seldom please anyone and get little or no thanks for a job well done. Not only that the compensation is also rather small for intramural officials.

But one thing any official in any sport is always going to have to contend with is criticism. Whether constructive or destructive there is always going to be criticism from players and fans.

The remarks from the players can be controlled. The comments by the crowd is a different matter. I will always believe that one of the enjoyments of a baseball fan is being able to yell at the umpire. It's part of the game. In professional baseball the fans pay their money to go to the game and they can yell at anyone they wish as long as they are not abusive and use a little common sense.

Therefore, I say that if an umpire can not stand criticism he should give up umpiring — the sooner the better. Players criticism should be kept at a bare minimum. Respect and control should be exercised on the field. But the umpire who concerns himself with what the crowd has to say is just asking for trouble.

Everyone makes mistakes. The umpire is certainly not exempt here. He probably makes more than anyone else because he has more opportunity to do so. Just like the rightfielder will have less errors normally than the leftfielder because he handles fewer chances.

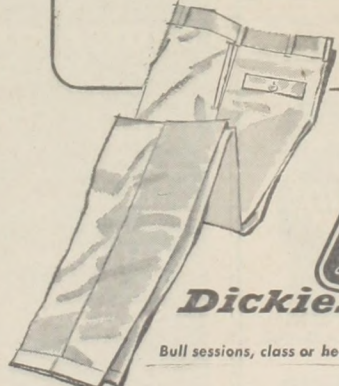

I am willing to accept an honest mistake. I think anyone is. I am not willing to accept an umpire who refuses to admit that he might possibly be wrong and does nothing at all to correct his mistake. Such an umpire only hurts the game.

The members of these intramural teams are certainly to be charged with a large share of the blame. But the officials should also evaluate how much they did to contribute to the trouble. Listening to the crowd, refusing to listen to reason and losing control of your temper are not very becoming of an umpire.

Tech Sports In Brief

Texas Tech athletes will operate over a wide front extending eastward to the U. S. Naval Academy at Annapolis, Md.

FENCERS, participating in the

National Collegiate championships, travel the farthest. Due to graduation and ineligibility the fencers aren't expected to duplicate last year's finish, when they wound up 13th in the nation.

Golfers, hoping to follow up last week's championship at the West Texas Relays tournament, will run into tough competition at the Southwestern Intercollegiate in Houston Thursday through Saturday.

TEXAS TECH'S track team will be represented by high jumper W. L. Thornton of Aspermont, pole vaulter James Leonard of Abilene, and possibly the mile relay team at the ABC Relays at Big Spring Saturday.

Tennis players will take part in another invitational tournament at Odessa College Saturday. The Red Raiders, who won an earlier meet at Odessa, will also play Texas Western in dual competition following the tournament.

Baseballers next play Midwestern at Wichita Falls April 3 and 4.

TEXAS TECH'S freshman track team won a three-way meet at Lubbock, scoring 83 points to 29 for New Mexico Military, and 14 for Lubbock Christian College. The baseballers meanwhile suffered a double loss, 4-0 and 9-1 at the hands of University of Colorado.

Tech Golfers Enter Meet At Houston

Coach Jay McClure is taking four Texas Tech golfers to the Southwestern Intercollegiate tournament at Houston Thursday through Saturday.

Four participants chosen were John Paul Cain of Sweetwater, John Farquhar of Amarillo, Don Kaplan of Borger and sopho-

more Chris Blocker of Jal, N. M.

TEXAS TECH, runnerup in the Border Olympics and third in the Southwestern Recreational Meet, won the West Texas Relays varsity title last week. The Raiders No. 2 team finished third, and the freshmen were second in their division with 153, shooting a 2-under par 70 Saturday. John Paul Cain had a 86-73 — 159, Don Kaplan an 82-72 — 154, and Blocker 85-72 — 157.

Last season the Raiders wound up third in the 16-team field for the over-all championship at the Southwestern Intercollegiate.

Frosh Win Track Meet

Texas Tech's freshmen track squad won first place in a meet held Saturday on the Raider track. New Mexico Military Institute and Lubbock Christian College were the other combatants.

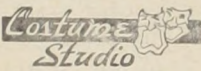

THE FROSH took 13 of the possible 14 first places. The only event they lost was 440-yard dash in which Joe Hernandez of NMMI beat out Jimmy Williams and Jackie Davis, both of Tech.

Mike Stell, Iran King, Eake Turner, Bob Swafford, Ken Weaver, Mike Henderson, Dick Stafford, and Pat Holmes all won first places at the meet. King and Turner each walked away with two first places.
