Anti-Moscow Pact Renewed, Broadened

Thirteen Nations Sign Measure To Oppose Communism

BERLIN, Nov. 25 (AP)—The anti-communism pact sponsored by Germany was renewed for five years and broadened to include 13 signatories today in a festive ceremony...

Concluding the ceremonies in the chancellery where the pact was hailed as a demonstration of continental solidarity against Moscow...

Following the "gigantic events in the east" communism without doubt has received a blow from which it will never recover, he said, but he added that there still was much work to be done before communism was completely banished from the earth...

Lost Army Plane Found

ALBUQUERQUE, N. M., Nov. 25 (AP)—The burned wreckage of an army attack bomber, missing eight days, was spotted high on the side of the Sandia mountains today barely 25 miles from the Albuquerque air base.

Ground parties were dispatched at once to the scene, on the southwestern slope of one of the 11,000-foot peaks which tower over the Rio Grande valley.

Two occupants of the ship were believed to have perished. They are Lt. Seldon T. Miller of Bellevue, Texas, and Staff Sergeant Howard L. Edwards, formerly of New York.

SEC Investigates Holding Companies

WASHINGTON, Nov. 25 (AP)—The Securities Exchange Commission began a hearing today to determine whether proposed transactions of six public utilities corporations would conform to all the requirements of the holding company act.

The companies involved were the Columbia Gas and Electric corporation, Columbia Oil and Gasoline corporation, Panhandle Eastern Pipe Line company, Michigan Gas Transmission corporation, Indiana Gas Distribution corporation, and the Ohio Fuel Gas company.

October Traffic Fatalities Fwer

AUSTIN, Nov. 25 (AP)—October traffic deaths in Texas slowed the rate of increase over 1940 but the results were nothing more than faintly encouraging to Col. Homer Garrison, public safety department director.

October's fatalities brought the 10-month total to 1,342. But the increase over 1940 which had climbed to 13 per cent in September slid back to 10 per cent.

Railroads And Workers Take Woes To President

By The Associated Press Representatives of railroads and their employees, unable to settle a wage dispute which threatens to result in a strike, took their differences once more today before President Roosevelt.

proposed little progress, and A. F. Whitney, president of the Brotherhood of Railway Trainmen said the union was about ready to suggest to the chief executive that the government "take over control of the railroads for the duration of the emergency, rather than incon-

venience the public by a national walkout." Those meeting with the chief executive today included Whitney, George Harrison, president of the Brotherhood of Railway Clerks; A. Johnston, president of the Brotherhood of Locomotive Engineers; John J. Pelley, president of the Association of American Railroads; R. V. Fletcher, vice president and general counsel for the association; Solicitor General Charles Fahy; Joseph Eastman, Interstate Commerce Commission chairman; Davis J. Lewis, chairman of the National Railway Mediation Board; and Senator Mead (D-N.Y.).

Roosevelt Tells Congress To Write Own Strike Laws

WASHINGTON, Nov. 25 (AP)—President Roosevelt told congress today to start writing its own ticket on strike curbing legislation. The chief executive conferred more than two hours last night with key house members—Republicans as well as Democrats—who reported that he appeared to favor suggestions for a cooling off period and compulsory arbitration when strike calls threaten defense production.

Martin said a variety of proposals came up for discussion, but that no commitments were made. Speaker Rayburn announced yesterday that the long discussed labor issue would be brought before the house immediately upon disposition of the pending price control bill. That, he said, would mean early next week.

Chairman Norton (D-NJ) of the house labor committee, one of the group which went to the White House, called a meeting of the committee today determined, he said, to get "some kind of a bill" ready by the week-end.

On the other side of the capitol, a senate judiciary sub-committee called James V. Forrestal, under-secretary of the navy, to give his views on a bill by Senator Connally (D-Tex) to permit the government to take over and operate defense plants when production is halted by labor trouble.

Even while they talked, the production of many millions of dollars worth of defense material was being delayed by a general strike of 8,500 AFL machinists in and around St. Louis, and the December 7 railroad strike deadline still stood.

The office of production management sent a trouble-shooter to St. Louis to attempt settlement of the intra-union jurisdictional row which tied up many important defense orders in the Missouri metropolis and at nearby points.

With nine other members, Attorney General E. A. Tamm, Secretary Perkins and her assistant, Daniel W. Tracy, they had gone over the whole knotty problem of defense strikes with the president, and exchanged individual views on how best to cope with the situation.

McCormack said it was "pretty generally agreed" that there should be a "waiting period" call for by law before a strike could be put into effect in a defense industry, and that "the president should have the power, in the final analysis, to order arbitration."

Some of the other conferees said it was not clear to them whether the president favored a simple mandate to two labor disputants to sit down together or the further step of compelling them to accept in advance the decision of an arbitration board.

Injured In Freak Accident, Stanton Minister Improves

STANTON, Nov. 25 (SpI)—Hope for recovery of Bill Gipeon, minister of the Stanton Church of Christ, increased today as reports from the Ryan hospital in Midland indicating he had rallied from the effects of a freak and near-fatal accident suffered Friday at Leno, Tex.

He was rounding a store building and was in the process of leaping over a picket fence when his feet slipped, causing him to fall back on the fence.

Among those with him at the hospital were a brother, Claude Gipeon, Odessa, a sister, Mrs. Earl Parker, Odessa, and Mr. Parker of Odessa, and his mother, Mrs. J. H. Gipeon, Amarillo.

U. S. Troops Stand Near French Colony

Movement To Dutch Possession Linked With Vichy's Plight

WASHINGTON, Nov. 25 (AP)—The dispatch of a protective force of United States troops to Dutch Guiana won much commendation in the senate today, and the general disposition was to link the move with the critical status of Franco-American relations.

Several senators, speaking of the Dutch colony's rich bauxite mines, said that President Roosevelt obviously intended to forestall any threat to this vital supply source which furnishes more than 90 per cent of the bauxite ore required by this country's rapidly expanding aluminum industry.

Although none claimed to have confidential information, some well-informed legislators thought that Mr. Roosevelt may have acted from concern lest Germany occupy Dakar, France's strategic base on the western hump of Africa, and then try later to move into French Guiana, which borders the Dutch colony in the northeast coast of South America.

Senator Hill (D-Ala), the majority whip, expressed the opinion that the president sent armed forces to Dutch Guiana "because we know that there is a projected conference between Hitler and Petain regarding the French colonial possessions, which include French Guiana."

Diplomatic quarters have received a number of reports of past activity in French Guiana, and it is known that citizens of the Dutch colony have been uneasy about conditions in the French colonial colony ever since the fall of France.

The cessation of French food shipments has worsened the plight of some 10,000 convicts there, and many of the regular guards have deserted. An easily forded river separates the two colonies, and until the recent arrival of Dutch reinforcements from England, only a few hundred men could be mustered in Dutch Guiana's defenses.

Apparently neither the French colonial authorities nor the Vichy government were considered regarding the United States decision to support the recent Dutch reinforcements with American troops, but the step had the approval of both the Netherlands government and of Brazil, which adjoins both the Dutch and French colonies.

Brazil manifested her approval by announcing the dispatch of a military mission to cooperate with Dutch and U. S. troops in guarding the bauxite mines and simultaneously serving notice last night that she would not be neutral if any other American nation became involved in the war.

The joint action of the United States and Brazil, some diplomatic sources thought, might be calculated to remind Vichy of the Havana conference agreement after France's fall which provided for a Pan-American trusteeship of any European possession in the western hemisphere which might be threatened with change of sovereignty or loss of autonomy because of war.

British War Heads Lashed

LONDON, Nov. 25 (AP)—Admiral of the Fleet Sir Roger Keyes, World War hero who recently was relieved of command of the "Commando" shock and invasion troops which he had trained, bitterly criticized today "the negative power which controls the war machine in Whitehall."

Whisking his attack in the house of commons, Sir Roger, who had been called from retirement to train the strategic shock troops, declared that if his men had been allowed to act a year ago they "might have electrified the world and altered the whole course of the war."

The commander, he said, "were ready and eager to act a year ago, and the Prime minister was as keen as I was to act vigorously and face hazards to achieve results."

During his 15 months of experience as director of the commandos, Sir Roger said, he was "frustrated in every worthwhile offensive action" he "tried to undertake."

Reds Shorten Lines Against New Threat

British Patrol Raids France

LONDON, Nov. 25 (AP)—A small British patrol made a foray under cover of darkness Sunday night on the Normandy coast of occupied France and withdrew with only one casualty, the British ministry of information announced today.

The British said the Germans, who reported the action first, were trying to "elicit information which will be withheld."

The Germans said the patrol had been "repulsed by German coastal defenses with heavy losses."

Tank Battle In Libya Dies Down

By The Associated Press British Indian troops racing 300 miles across the desert to capture Agila in central Libya raised hopes today that the imperial column would soon reach the Gulf of Sirte, high water mark of last spring's British offensive, and cut off the main line of supplies to axis armies in the west.

With their communications severed, the axis North African forces, already hemmed in on land and by the British Mediterranean fleet at sea, would thus be in desperate plight.

CAIRO, Nov. 25 (AP)—The great tank battle which has been raging for three days on an undefined battlefield near Rezegh began to die down today as the forces of both sides were reduced by heavy casualties.

Infantry fighting in this region 10 miles southeast of Tobruk was intensified, however, as the British poured reinforcements into the fray from their bases east and south.

There was no evidence that fresh troops were being sent into the battle by the Germans, who are being gradually cut off from their supplies by the swift British drive westward along the Mediterranean coast.

A headquarters communiqué said tank casualties on both sides had been heavy. It added that 2,000 prisoners, about half of whom were German, had been taken around Tobruk and an additional 1,000 in the frontier area.

The communiqué said "intensive fighting between German and British armored forces has continued in the area about Rezegh. Reinforcements which have reached the area were yesterday also involved in the fighting."

South African forces were thrown into the battle first, the communiqué said, and contained a heavy attack by tank units and by German infantry rushed to the scene in trucks.

The South Africans were heavily outnumbered, the British said, but they fought "with magnificent courage until British armored forces put in a counter attack which eventually drove off the German tanks with heavy losses."

The communiqué said New Zealand forces, supported by British tanks, are continuing their advance toward Tobruk. The British forces besieged at Tobruk rushed from their trenches and captured over 2,000 prisoners, including about half the German, the communiqué continued.

Over 1,000 prisoners already have been taken in the frontier area "and many more are coming in," the report said. In the southern sector of the desert, the British said troops of the Fifth Indian division have captured Agila, near Gialo oasis.

"Tank casualties have been heavy on both sides but owing to the nature of the fighting it is as yet impossible to estimate what actual losses have been inflicted or sustained," the communiqué said.

The RAF has maintained air superiority continuously, bombing German forces and concentrations of mechanized transport and inflicting casualties by low-flying fighter attacks, the report said.

Guerrillas Hit Rear Of Nazi Forces

Russians Report Counter-Drives On Southern Front

KUIBYSHIEV, Russia, Nov. 25 (AP)—Soviet troops challenged a major German drive today from shortened defense lines northwest of Moscow while skiing guerrillas were said to be striking over the snow at the invaders' rear.

The gravity of Moscow's position was acknowledged. Russians estimated the Germans had massed 600,000 men for the assault—one of a series of drives in a central front offensive begun October 2—which has reached a point within 90 miles of the capital.

(The German high command already has claimed a penetration to within 31 miles of Moscow in announcing the fall of Solntschikovsk, a factory town of 6,500 persons on the Moscow-Leningrad railway.)

A new battalion of elite guards was declared officially to have been smashed before Moscow with 800 men killed.

White-guard irregulars operating in the Volokolamsk sector 65 miles northwest of Moscow—only a short distance behind the main spearhead which thrust to Klin—retreated a stalled ammunition train, killed 45 Germans, blew up a tank and glided away on skis, Moscow authorities announced.

At the same time the Soviet army newspaper Red Star praised British tanks newly-arrived on the German-Russian front for their "mobility, powerful steel armor and great firing capacity," implying that these would help to check the mechanized forces in the vanguard of the German assault columns.

(Russian reports to London said the Red army was confident of its ability to hold the Moscow defenses until the German attack was exhausted, as previous thrusts in that area have been.)

MOSCOW, Nov. 25 (AP)—Russian forces on the extreme southeastern front have advanced in some sectors west of Rostov as much as 100 kilometers (approximately 62 miles) in a powerful counterattack against the Germans, the government newspaper Izvestia stated today.

The advance still is continuing, the paper said. Izvestia did not state clearly the date of the advance, but it indicated that it occurred at the same time as a 60-kilometer (about 37-mile) push in the southern sector reported yesterday.

The Germans, Izvestia said, retreated 60 kilometers "in the main direction" and as much as 100 kilometers in some sectors.

The Red Soviet push was said to have begun "a few days ago." The Germans, after suffering losses described as "enormous," were declared to be hurriedly transferring new troops to the threatened area.

However, the Russians continued the advance yesterday morning even after the German reinforcements had been thrown into the conflict, Izvestia said.

Axis Ships Sunk In Mediterranean

LONDON, Nov. 25 (AP)—British surface patrols in the central Mediterranean yesterday sank an axis convoy of two supply ships bound for Africa, the admiralty announced tonight.

Wide Variety Of Ideas Pour In To Chamber Of Commerce

Ideas were pouring in at the chamber of commerce office Tuesday in response to the organization's request—"Information, Please"—a slogan for the third annual Decision Week.

Although there were only 45 cards filled out, these contained no less than 30 distinct suggestions touching many varied phases of community life. More than 45 persons had called at the office, but many took cards with them to fill out and return. The chamber still made good on its offer of coffee and doughnuts in exchange for plans which might be used in a 1942 work program.

more attention to AAA district meetings; combine tax collecting agencies; fix highway markers for important lateral road junctions; work toward making city center for buses and trucks; finish tennis courts at stadium; beautification and tree planting; local option election; secure military suit at airport; modern high school building; high school lunch program; alternate center parking on Third street; traffic education program; more sidewalks; more city sanitation.

Obviously, some were a little outside the realm of the chamber's activities—but the variety of ideas did show that people were thinking about Big Spring constructively. And the chamber welcomes any and all such suggestions through Saturday on any person.

Chile's Left Wing President Expires

President Pedro Aguirre Cerda of Chile, who had headed South America's first and only popular front government, died today. He had turned over the powers of the presidency temporarily to Geronimo Mendez, leader of the radical party, on Nov. 10, because of failing health. He was 62.

Pastors Round Out Plans For Union Thanksgiving Program

Traffic Meeting Held In N'Orleans

NEW ORLEANS, Nov. 25 (AP)—The first of six regional meetings to discuss the emergency traffic law enforcement program was called here today with state officials and members of civilian defense councils invited from eight Southern states.

The emergency program, intended to bring about an immediate reduction in the nation's traffic death rate, was recently adopted at Washington by the National Association of Chiefs of Police, the office of the provost marshal general of the war department, and nine other governmental associations.

Besides Louisiana the states involved in the conference were Mississippi, Tennessee, North Carolina, South Carolina, Alabama, Georgia and Florida.

Event Slated At East 4th Street Church

Program for the annual Union Thanksgiving service, set for Thursday at 8:30 a. m. in the East Fourth Baptist church, was being completed by the committee for the Big Spring Pastors' association Tuesday.

The Rev. O. L. Savage, First Presbyterian minister, is to bring the message of the morning and music will be furnished by the Community Chorus, under direction of Dan Conley.

Political Arrests Made In Panama

PANAMA, Panama, Nov. 25 (AP)—A dozen arrests formed an answer of the Adolfo de La Guardia government today to a declaration of Amal Rios that he was the constitutional president of Panama and, "Come what may, I am going to serve."

The capital of the little republic was calm. Rios was third vice president in the government of Dr. Arnulfo Arias, which was overthrown October 9 in a bloodless coup by de La Guardia and others who charged Arias with fascist sympathies.

Neutral observers in this little nation bordering the Panama Canal saw little possibility for realization of Rios' hopes, expressed last night in Cali, Columbia. Rios claims the presidency by right of succession, the first two vice presidents having resigned to make way for de La Guardia—a cabinet selection—after the coup. Rios, who never resigned his third vice presidency, was serving as Panama's minister to Peru at the time. He made the declaration at Cali while en route from Lima.

House Committee Considers Price Control Bill Clauses

WASHINGTON, Nov. 25 (AP)—The house banking committee today voted again to administration wishes today and voted, 14 to 8, to restore to its price-control bill authority for the government to buy, sell or store any commodity if necessary to maintain price stability.

Rep. Wolcott (R-Mich) senior minority member of the committee, denounced the provision as "pernicious" and declared it would permit the price administration to "go into the stock exchange and buy or sell stocks." He said he did not see how "any self-respecting member of congress could vote for it."

Thompson Goes To Washington

AUSTIN, Nov. 25 (AP)—Chairman Ernest O. Thompson of the Texas railroad commission was en route to Washington today to confer with federal officials on freight rate differentials in North Texas and crude oil prices.

"I will try to show the authorities," Thompson said before leaving, "that the unfair differentials against North Texas and the Panhandle oil should be abolished and that oil should be increased in price on a parity with other basic commodities."

"Unless oil is increased appreciably in price, thousands of stripper wells now on the economic brink will have to be abandoned. Further, new discoveries are absolutely necessary at once and this cannot be done on a paying basis at present crude price."

"A boost in crude prices of at least 35 to 50 cents a barrel will bring the new discoveries. It always has in the past and that's the best guide for the future."

Private and public debt in the United States aggregated 167.3 billion dollars at the beginning of the year, the department of commerce reports.

PUTTING ON THE FEED BAG?—Any resemblance this photo of gunners putting a canvas "hat" on the muzzle of a Singapore coastal defense gun bears to a picture of two men hanging the feed bag on a horse is purely coincidental.

Cadet Refresher Course Begins

Eight men and one woman started the long-awaited aviation cadet refresher course at the high school Monday evening.

Elise Stautzenberger, who was taking the course as an aid to her flying, was the only person not aiming at passing aviation cadet entrance examinations.

Sgt. Troy Gibson, army recruiting officer, said that other youths might take the course with the view of taking the physical examination later and with the understanding that if the physical is not passed class costs would be refunded.

If and when enough young men apply to justify it, Sgt. Gibson said he would call the flight examining board back for a third session.

Meantime, he recommended that all interested enlist in the class which holds its first study session Tuesday evening at the high school.

Prospective cadets were J. B. Settles, Avill C. Clark, Vellie E. Sorrelle, W. T. Aaron, W. M. Taylor, Samuel J. Ayer, W. H. Fool of Big Spring and John F. Friddy of Stanton.

Sailor Visits Here While On Furlough

Henry Lewis Holcomb, formerly of Colorado City, visited here Tuesday at the U. S. navy recruiting office while on a nine-day furlough from the navy.

He has just finished his recruit training program at San Diego, Calif., and on return to the service will be called into the aviation school.

At the navy recruiting office Tuesday R. L. Cooke, in charge, said that there was a demand in the navy now for machinists and Diesel men. Opportunities in these fields were good, he said.

Scout Leaders To Convene Tonight

Program for the next few months will be mapped at a district meeting of scout leaders at the chamber of commerce office at 7:30 p. m. today, S. A. Maie, field executive, announced.

S. P. Gaskin, area scout executive, may be here for the parley. Dr. W. B. Hardy, district chairman, will not be present for the meeting, the first he has missed since assuming office nearly a year ago.

STANTON, Nov. 25 (SpI) — Mr. and Mrs. W. F. Cook, formerly of Tahoka, have acquired the Johnson farm which joins Stanton on the southeast, it was announced today following the consummation of a deal for the place.

City Prepares To Test New Fire Engine

City firemen Tuesday made ready for a test of the new \$4,000 pump-truck, the first piece of new fire-fighting equipment added here in more than a decade.

The new truck, showing the effect of the national defense program through absence of some chromium trimmings, was being shined to perfection by firemen preparatory to trial runs and a rigorous pumping routine to determine if it lives up to specifications.

Following more modern trends, the truck is a cab job, done in a duller shade than the traditional fire department red.

Turned out by Seagraves, it is on a Ford chassis and carries 85 horsepower in a specially equipped motor. While it carries a copious supply of hose, ladders, axes, hooks and other necessary equipment, the truck also contains a 2,000-gallon storage tank attached to a booster pump.

For this reason it will become the first line unit of the department. With hose already attached to the tank, it will be possible to instantly direct water on a fire upon arrival. Necessity of attaching the larger hose will be eliminated on smaller fires.

The state fire insurance commission is sending a representative here to check the machine's ability to deliver 500 gallons per minute over a long period of time. When this is done, the city probably will accept it.

Community Chorus Will Assist In Thanksgiving Event

Members of the community chorus were urged today by Director Dan Conley to be present at the Union Thanksgiving service at East Fourth Baptist church at 8:30 a. m. Thursday.

Rehearsal for the music for the event was held Monday evening. Rehearsals are held at that time each week, and it is planned to arrange seasonal programs throughout the year.

All singers interested are urged to join the chorus, especially in the tenor section as there is a shortage there.

Grain

CHICAGO, Nov. 25 (AP) — All grains futures were under moderate pressure today influenced by ideal harvesting weather over the corn and soybean areas and uncertainty over the progress of proposed price fixing legislation at Washington.

Wheat finished 1-2 to 1 cent under Monday's final prices, December \$1.18 1-8 to 1-4, May \$1.18 3-4 to 7-8; corn was 1-8 to 7-8 off, December 72 5-4, May 75-78 7-8; oats 1-2 to 3-4 lower, soybeans 1 1-4 to 1 3-4 down, rye 7-8 lower and lard declined 5 to 7 1-2 cents a hundred pounds.

Here 'n There

The Farm Security Administration is experiencing remarkable collections this year. To date around \$34,000 has been received from clients in Howard and Martin counties and one man was to promise that as soon as he sells his cotton he would plunk down a cool \$1,500 on account.

Sgt. Carl Seibert, recruiting officer for the U. S. marines, was at the post office building, in the north end of the basement office space, where he will interview young men this week concerning opportunities in the corps. He will be here through Thursday.

Firemen got headed off on another false alarm before they were called to make another hunt such as their fruitless one Sunday night. The automatic fire alarm at Hestand Kimbell Co., at 161 Lancaster went off at 2:30 a. m. Tuesday but investigating police could discern no fire. A thorough investigation disclosed that the automatic device was more eager than accurate.

Mrs. Juanita G. Butler, district home supervisor for the FSA, was here Tuesday checking with Mrs. Girdy P. Flachs, home supervisor for Howard, Martin and Glasscock counties.

Strike Delays On Ship Work Are Reviewed

WASHINGTON, Nov. 25 (AP) — James V. Forrestal, under-secretary of the navy, told a senate subcommittee today that last winter's Allis Chalmers strike was being felt in current delays of from two to six months in the construction of a number of destroyers and cruisers.

Forrestal testified at senate judiciary subcommittee hearings in support of a bill by Senator Connally (D-Tex) to authorize the government to take over defense plants tied up by labor disputes.

For 76 days last winter, Forrestal said, a "fraudulent and admittedly illegal strike" held up production of certain propulsion machinery.

As a result, he told the committee, hulls of a number of vessels were ready while needed machinery was not.

He expressed the opinion that the navy could have taken over the Allis Chalmers plant and restored production on the third day of the strike if the Connally bill had been in effect.

Four Men Enlist In Army Here

Four men have been assigned to the army, three in the air corps and the other to regular army, Sgt. Troy Gibson, recruiting officer, reported Tuesday.

Sent to Jefferson Barracks, Mo., in the air corps were Austin L. Peacock, son of Mr. and Mrs. Oliver Peacock of Stanton; Eudis Gregg, son of Mr. and Mrs. W. L. Gregg of Stanton; and Joe B. Herzog, son of Mr. and Mrs. Henry L. Herzog of Stanton.

Frank T. Mitchell, son of Mr. and Mrs. Walter Mitchell of route No. 3, Colorado City, was enlisted in the regular army unassigned.

Did you ever make GRIDDLE CAKES with KARO in 'em?

Of course, you use Karo on pancakes and waffles — everybody does! But have you tried putting a little Karo in your pancake or waffle batter? You'll love the extra flavor and smoothness this little trick adds.

KARO PANCAKES

2 cups sifted all-purpose flour

3 tsp. baking powder 2 tsp. Karo (blue label)

7 tsp. salt 2 tsp. melted butter

1 1/2 cups milk 2 eggs, slightly beaten

Sift and measure flour. Sift together with baking powder and salt. Stir milk, Karo, and butter into eggs. Add flour mixture (small amount at a time), and beat until smooth. Pour batter on preheated griddle, allowing space in between to spread. Allow about 2 tbsp. of batter for each cake. Bake until golden brown. Turn, and cook until brown on other side. Serve at once with hot Karo (blue label). Makes 10 pancakes, about 4 1/2 inches in diameter.

Merchants Are Prepared For Banned Year

CHICAGO, Nov. 25 (AP)—Spurred by the jingle of national defense dollars, a \$2,400,000,000 national Christmas shopping spurge is in the making this season, merchandise trade experts here estimated today.

Such a volume of business would exceed that of the boom year 1929 by more than 5 per cent and would be 11 per cent more than last year. These estimates were compiled in a survey of the nation's wholesale and retail trade during the last 12 years prepared under the direction of Percy Wilson, director of Chicago's Merchandise Mart.

With preparations complete for the flood of buying already under way in the name of Santa Claus, merchandisers were reported by mart officials to be ready with shelves and display rooms well stocked despite priorities and material shortages.

Wilson said the survey showed that although holiday business will be the largest on record, it will not keep pace with the year's average increase of 18.9 per cent in retail trade so far because there was an unusual spurt in Christmas sales last year as first effects of the defense program were felt.

The increase in dollar-volume of business will not fully reflect the huge amount of goods to be sold, he said, because prices average 12.5 per cent lower for Christmas 1941 than in 1929. He estimated that the total amount of merchandise to be sold will be almost 20 per cent more than in 1929. Distribution of rising operating expenses over a greater quantity of goods has resulted in keeping Christmas prices below the 1929 level.

Despite precautions taken by retailers and manufacturers, bare shelves will be seen in many lines of home furnishings, appliances and piece goods, Wilson said. Delivery schedules for some items are averaging four weeks later than a year ago.

Confessed Train Wrecker Waives Extradition To Face Trial

SURANVILLE, Calif., Nov. 25 (AP)—Clarence J. Alexander, 24-year-old railroad section hand, waived extradition to Nevada today on his confession of wrecking the streamline train "City of San Francisco" in 1939 to steal from passengers in the confusion. Sheriff Olin S. Johnson notified Nevada authorities they could come and get the Cleo Springs, Okla., youth who was arrested here Friday for a traffic violation. The sheriff said he was convinced Alexander caused the nighttime wreck which killed 34 persons and injured 108 near Harnes, Nev., on Aug. 12, 1939. "There is no doubt in my mind," Sheriff Johnson declared, "that his motive was solely one of robbery."

Gas Users Will Get \$10,000 Dividend

AUSTIN, Nov. 25 (AP)—Gas users in Clarendon, Donley county, soon will receive their prorata shares of \$10,000 awarded the city by virtue of an agreed judgment entered in the Austin court of civil appeals. The appellate tribunal's judgment also set a gas rate of \$1 for the first 1,000 cubic feet and 80 cents per 1,000 thereafter.

Business Activity To Rise This Month

AUSTIN, Nov. 25 (AP)—Texas business activity, which dropped slightly in September and leveled off in October, is due to rise again in the opinion of Dr. F. A. Buechel, University of Texas business research expert. Dr. Buechel based his forecast on factors including employment, payrolls, freight car loadings, crude oil production, department store sales and electric power consumption. General business activity, he said, was much higher than last year despite the slow-down the past two months.

APPLE PIE A LA KARO
6 tart medium apples 1/4 tsp. nutmeg
1/2 cup sugar 1/2 cup Karo (blue label)
1/4 tsp. ground cinnamon 2 tbsp. melted butter
Line a 9-inch pie plate with pastry. Pare apples and slice thin. Fill pie plate with apples. Mix sugar with cinnamon and nutmeg, and sprinkle over apples. Stir Karo into melted butter and pour over apples. Moisten edge of crust; cover with top crust and press edges together with a fork. Bake in hot oven (425 degrees F.) for 10 minutes, then reduce heat to moderate (350 degrees F.), and continue baking for 40 minutes or until apples are tender.

BAKED BEANS, KARO STYLE
2 cans baked beans (12 oz. cans)
2 tsp. chopped onion
2 slices chopped cooked ham
1/2 cup Karo (blue label)
6 tbsp. strained canned tomato
Combine all ingredients, and mix thoroughly. Turn into a greased baking dish or casserole, and bake in a hot oven (400 degrees F.) 25 to 30 minutes. Makes 4 generous servings.

KARO PANCAKES
2 cups sifted all-purpose flour
2 tsp. baking powder 2 tsp. Karo (blue label)
1 tsp. salt 2 cups melted butter
1 1/2 cups milk 2 eggs, slightly beaten
Sift and measure flour. Sift together with baking powder and salt. Stir milk, Karo, and butter into eggs. Add flour mixture (small amount at a time), and beat until smooth. Pour batter on preheated griddle, allowing space in between to spread. Allow about 2 tbsp. of batter for each cake. Bake until golden brown. Turn, and cook until brown on other side. Serve at once with hot Karo (blue label). Makes 10 pancakes, about 4 1/2 inches in diameter.

KARO PEPPER RELISH
6 red peppers 1 cup vinegar
6 green peppers 1 cup Karo (red label)
4 medium onions 2 tsp. salt
Grind or chop peppers and onions. Place in a saucepan, cover with hot water and simmer 15 minutes. Drain and add remaining ingredients. Cook for 10 minutes over low heat. Makes about 2 (8-oz.) jars.

KARO ROLLS
2 cups sifted all-purpose flour 1/2 cup melted butter
2 tsp. baking powder 2 tsp. granulated sugar
1/2 tsp. salt 1/2 cup Karo (blue label)
1/4 cup shortening 1/2 cup chopped nuts
1/4 cup milk 1/2 cup chopped dates
Sift flour with baking powder and salt. Cut in shortening. Add milk slowly, to form a soft dough. Roll out on a lightly floured board into a rectangle 8 x 2 inches about 1/4 inch thick. Brush with 2 tbsp. of the melted butter; sprinkle with sugar, then roll up as for jelly roll. Cut into pieces 1 inch wide. Mix Karo with the remaining melted butter. Add nuts and dates, and spread in bottom of greased 8-inch cake pan, or in large muffin pan. Arrange circles of dough cut side down on top of Karo mixture. Bake in a hot oven (425 degrees F.) 15 to 20 minutes or until brown. Makes 14 to 16 rolls.

DRIED FRUIT JAM
2 cups dried apricots
1 cup sliced dates
1 (No. 7) can shredded pineapple
1 cup water
2 cups Karo (red label)
1 cup sugar
Cut apricot halves in quarters. Cut dates in thirds. Combine all ingredients in a saucepan. Cook until fruit is clear and syrup is thick. Turn into hot clean glasses and seal with melted paraffin. Makes about 4 (8-oz.) jars.

KARO FRUIT SAUCE
1/2 cup sugar 1 cup orange juice, hot
1 tsp. Argo cornstarch 1/2 cup grated orange rind
dash of salt 1 tsp. butter
1/2 cup Karo (red label) 1/2 cup orange sections
Combine sugar with cornstarch and salt. Stir in Karo. Gradually stir in hot orange juice. Cook until smooth and thickened, stirring constantly. Remove from heat. Stir in grated orange rind, butter, and orange sections. Makes about 1 1/2 cups sauce.

KARO CODDLED APPLES
2 medium sized apples
2 whole cloves
1 piece stick cinnamon
1/4 cup water
1/2 cup Karo (red label)
Wash and core apples. Do not peel. Place in a saucepan; add spices, water and Karo. Cover, and cook very slowly about 1 hour or until tender. Makes 8 servings.

Aggies Hold Secret Drill For Test

TCU Due To Have Full Squad On Hand Against SMU

By The Associated Press
The secretive Texas Aggies are drilling behind locked gates for their battle with the University of Texas Longhorns Thursday. Good spirits pervaded the Cadet camp, where Coach Homer Norton doled out exercise in the form of pass offense and defense yesterday that's all the college publicity offices would say.

The Arkansas Razorbacks, making ready for Thursday's game with Tulsa, looked impressive on passing, but may have to go into the contest without End Clayton Wynne, who sprained an ankle in the Mississippi fray.
For the first time since Texas Christian played Indiana, eight seniors are likely to be in the Frog starting lineup when they face Southern Methodist. Among those returned to the fold are Kyle Gillespie and Frank Kring. Darrell Palmer, left tackle, broke a thumb in the Rice fracas.

New from Baylor, where the cripples generally abound was that only Bill Coleman, speedy back, will be out of the Rice tilt. He suffered a shoulder injury in the Southern Methodist melee.

The Rice Owls came out of their scoresless tie with Texas Christian without physical misfortunes. Kelly Simpson, Southern Methodist end, re-injured a lame ankle in the Baylor embroglio. Otherwise the Mustangs were in good shape, save for minor bruises.

All the Texas Longhorns will be in working trim for the Aggie joust except Jack Crain, who was a doubtful starter because of a pulled leg muscle.

Sterling Meets Sparenburg In Bi-District Tilt

STERLING CITY, Nov. 25 — Sterling City's six-man griders, champions of the newly re-numbered district 4, carry their football battles into bi-district competition Saturday when they entertain the Sparenburg sextet. The tussle is scheduled to get underway on the Sterling City field at 3 p. m.

This is the first time six-man clubs of this section of West Texas have gone to higher divisions in their footballistic efforts. Heretofore, only champions of each district have been crowned.
Getting in trim for what is slated to be the toughest contest in a rather rugged career, the Sterling City footballers meted out a 58 to 14 lopping to Garden City last Friday in a practice session.

THE WAR TODAY: Russia's Post War Demands Will Likely Not Cover All Europe

By DEWITT MACKENZIE
Thirteen had better be somebody's lucky number — having especially in mind Herr Hitler and Comrade Stalin — what with seven new governments joining the anti-imperialist coalition (that is, anti-communism) at the Fuehrer's Berlin conference today.
These thirteen governments, headed by the reich, are giving what Berlin calls "a demonstration of defensive will to oppose all destructive powers which directly or indirectly support bolshevism." Observers took this to include Uncle Sam and John Bull, who are giving Russia war-aid.
The thirteen also represent "an alliance which will create the pre-conditions for a new order in Europe and for the application of principles of a new order in the entire world." So Herr Hitler is, after all, doing a bit of world-wide thinking.
However, the anti-imperialist pact in itself has to do with Herr Hitler's avowed determination to destroy communism. Since Stalin also is out to smash nazism, the number thirteen becomes a matter of no ordinary importance.
This is particularly true because either the nazis government or the communist government is likely to disappear in this war.
Today's development in Berlin makes pertinent a query which I

have from a Wisconsin editor. He is wondering what part Stalin is likely to play when it comes to deciding the fate of the German people in a peace conference, assuming for the sake of argument that the allies win. Will the communist chief's views be the same as those of Britain and America?
Well, the real form of government presumably will have to go, and there will be no dispute between the allies on that point. It isn't unlikely that Herr Hitler and his principal aides also will be dealt with, to make sure they don't start a new configuration.
However, the allies have avowed that they aren't out to crush the German people, and there seems no reason to believe that Russia won't adhere to this declaration. But there can be small doubt that Moscow intends to bring Germany and the rest of Europe under communist influence.
It's logical to assume that Stalin will insist on rectification of his western frontiers for defensive purposes. He will want back the territories lost in this war, and that will affect Finland, the Baltic States and Rumania. In order to insure Russia's domination of the vital Black Sea, Stalin likely will insist on control of the three mouths of the great Danube on the Rumanian coast; he probably will demand the Rumanian seaport of Constanta for a naval base, and Bulgaria may have to give up naval bases as well.
If the allies win, Russia certainly will be the dominating power of eastern Europe, and a hot rival of Britain. The Bolshevists will expect to supplant Germany in the politico-economic control of all that area.
From that position of power the Reds will reach out politically across Europe in an effort to establish communist governments which will come within Moscow's sphere of influence. Much of the continent, stricken as it will be from the ravages of war, will be fertile soil for the seed of any man which affords even a glimmer of hope for recovery.
The communists are known among Bolshevists as the "general staff of the world revolution." Communism first tried to establish itself by a general upheaval but when Stalin came to power in 1922 he temporarily shelved this effort in order to make Russia strong militarily and industrially. When the signs of another European war appeared, the world crusade was intensified so as to take advantage of it.
This time, however, different tactics were employed. A host of communist agents have been advocating nationalism and establishing "popular fronts," while communism has been kept in the background.

These agents cover Europe like a network. The Germans tried to suppress them but they still continue their labors underground.
The same is true of other countries.
So it seems to me the answer is that Stalin will depend on political agents to spread Russia's influence, rather than try to achieve this by extreme demands in the peace conference.
Bible Declares Texas Has Make Or Break Job
AUSTIN, Nov. 25 (UP) — Making no allowance for anything, Coach Dana X. Bible of the University of Texas Longhorns today placed his team squarely up against the proposition of:
(1) Defeating the undefeated Texas A. & M. College Aggies at College Station two days hence and partially redeeming itself for the dismal showing against Baylor and the whipping at the hands of T.C.U., or
(2) Losing and branding itself the "greatest flop" team in the university's history.
Admittedly unhappy, the stubby little mentor declared point-blank: "We're going to play one of the fine teams in America — a team which is backed by one of the finest football traditions in the land. We are asking no quarter. A good team — and we have a good team — asks no quarter."
"We are thankful our season did not end with the T.C.U. game. Against A. and M. we're going to try to get back on the track without another wreck. There's a lot left to fight for, not the least of which is our self-respect."
"In the Southwest conference, of course, it's impossible to call your shots. However, we've learned from our mistakes and we've got our fighting toes on."
The tradition backing the Aggies is the one by which they have not lost to Texas on their home field since 1923. But Bible's words virtually guaranteed one whole of a battle in an attempt to crack that jinx.

Group Says Odessa Acted In Good Faith

District 5-AA's executive committee voted, 4 to 2, here last night that Odessa had not violated interscholastic eligibility regulations by using Jack Wilkinson, halfback, on the Broncho football team.
The meeting was requested by Supt. Murry Fly of Odessa following questions concerning Wilkinson's status Monday morning.
Wilkinson played in the junior department of Amos G. Carter Riverside high school of Fort Worth in the falls of 1937 and 1938. In 1939 he didn't participate and did not in part of the school year at Levelland. He returned to Fort Worth and then transferred to Odessa on February 12, 1941. On September 3 of this year Odessa school officials declared they checked with W. R. Record, principal of the Fyrt Worth school, concerning Wilkinson's eligibility and were told that Wilkinson had never participated in Riverside athletics. This month, November 23 to be exact, Rushing said he received notice that Wilkinson had played football during the 1937-38 seasons but had played on the junior team and not on the varsity.
Although he did not lodge a formal protest, Covey contended that Wilkinson had not served out his year of ineligibility at Odessa and for that reason Odessa could be held liable for a violation of the ruling.
Rushing said that they offered in defense the fact that they had acted in good faith and had taken every means possible to establish Wilkinson's status. He declared Odessa should not be penalized for a mistake on the part of the Fort Worth official.
Covey insisted that there was no doubt of Odessa's sincerity but he wanted a clarification of the rule regarding transfers. The Sweetwater school official declared that Wilkinson had participated at Fort Worth, had played at Odessa without finishing his life year and was in a truth ineligible, regardless of mistakes that might have been made and Odessa's good faith.
Section 14 of the interscholastic rules states that a player who has participated in a school of 15 1-3 accredited units and then transfers to another school must stay out of athletics for a period of one year from the time of his entrance. Wilkinson's year will be up next February.
Letters shown by Rushing bore out the Odessa contention that it had only allowed Wilkinson to participate after a check had been made of his situation. Later information showed that the Odessa had played and had not finished his year of ineligibility.

Modest Mathews Of Oklahoma Is Resigned To Fate

NORMAN, Okla., Nov. 25 (UP) — It took the coach and the whole first team to get that sterling character, the modest quarterback, to run, but when he did the field was full of touchdowns.
Orville Mathews, Oklahoma's signal master mind and fastest on the hoof in these parts, was threatened last week with a splinter-collecting job on the bench unless he called his own number.
All season, he submerged his own talents, did lots of blocking and tackling, and left the headlines to, his mates, although the quarterback is an important factor in the Sooner system.
But Saturday Mathews roared off a 68-yard touchdown gallop down the middle and another 27-yarder to pay dirt at the business end of a pass against Marquette. Oklahoma won, 61 to 14.
He called himself only four times on rushing plays but ground out 65 yards. He might have been running yet but a hip injury sent him limping off before the ball.
Coach Dewey Luster said today that it took more than his own orders to cure the great little team player's passion for anonymity. Tackle Roger Eason abetted the conspiracy.
Eason went around fixing Mathews with a fishy eye and growling: "Listen, Little Man, call yourself against Marquette or you'll be callin' for help, and I ain't kiddin'."
Mathews fell to employing some of his fancier footwork in broken field dashes down alleys when he saw Eason's ample bulk heave into view.
Next Luster popped up in a practice huddle. "You all know I've been trying to get this guy Mathews here to carry the ball. Do you want him to lug the ball for our club?"
"Hell, yes," they howled.
"Bowing to his sad fate, the quarterback grinned bravely. "Okay, it's a deal."
Midway Quintets Defeat Moore
MOORE, Nov. 25 (SP) — The local junior boys and girls basketball teams had their first games of the season Friday night. The Midway quintets were victorious over the locals in both divisions.
The girls won 17 to 12—With Tonn of Midway being high scorer with 10 points, trailed by Fuller of Moore with 8 points. In the boys' game Tonn made 4 points while Leatherswood of Moore made its only 3. The score being 10 to 5 in Midway's favor.
Man Won't Die So Insurance Company Pays Off Anyway
KANSAS CITY, Nov. 25 (UP) — John H. North took out a \$2,000 insurance policy when he was 32 years old — the kind payable only in case of death.
After 64 years of writing premium receipts, the company decided it was time to stop. North has a check for the full amount of the policy, which matured on his 96th birthday.
Restrictions of the 1877 contract were becoming bothersome anyway. North was prohibited from traveling in the Indian country without written permission from his insurers.
About 50,000 tons of waste paper are being salvaged in England each week, according to the Department of Commerce.

Steers, Eagles Get Set For Battle Of Might-Have-Beens

It's a battle of the might-have-beens when Big Spring's Steers trek eastward come Thursday for an engagement with the Abilene Eagles.
Both clubs started the season strong, ran into rocky roads, what with injuries and lack of reserve of material, and are now lined up with one chance remaining for making a showing before the curtain is dropped on district 3-AA football.
Except for various and sundry aches and bruises Big Spring and Abilene are slated to be in fairly efficient form. Big Spring dropped a grueling game to Sweetwater last Thursday and is still recuperating. On the same date, Abilene tied with a San Angelo eleven that was definitely not up to par, thereby making the conflict little more than a warmup session for the Eagles.
Somewhat going on the same basis as last week, the Big Springers are winding up their gridiron affairs of the year by developing a more smooth use of tactics they have on hand.
Once more, Horace Bostick's grade-A punting and a fairly efficient passing attack is due to get a large degree of service against the Eagles.
Luisetti was hurt as his club lost, 42 to 20, in the final game of the jubilee tournament in Madison Square Garden last night which inaugurated a five months' celebration honoring Dr. James Naismith, the game's inventor.
The Naismith plaque, struck especially for this two-day meet, went to the winners who steved off a stout rally by the handicapped Oklahomans in the late minutes.
Bartlesville engineered the spurt with Luisetti on the sidelines and Center John Fremberg. Forward Johnny Adams and Guard Grady Lewis ejected for excessive fouling. All told, 38 demerits were called by officials.
Jimmy McNitt, one of the original boy scouts at Oklahoma university, was the leading scorer, potting 14 points for the losers. Les O'Gara poured in 12 for the winners.
Third place went to the Ohrbach A.A. Metropolitan champions, who defeated the Roanoke, Va., Legionnaires, 29 to 23.

Luisetti Hurt In Jubilee Cage Tournament

NEW YORK, Nov. 25 (UP) — Hank Luisetti, former basketball all American while at Stanford, suffered a torn cartilage in his left knee while playing against the Hollywood 20th Century Fox five and will be lost to the Bartlesville, Okla., quintet for at least three weeks.

Train Wreck Kills Two, Injures Three

OMAHA, Nov. 25 (UP) — Two trainmen were killed and three injured in a freight train collision at Edson, Wyo., last night, the Union Pacific railroad announced today.
Officials said a westbound freight hit another westbound train in the middle as it was pulling out of a switch onto the main line. Twenty-one cars and their contents were destroyed by fire.
Killed were Walter W. Martin of Laramie, engineer of the main line train, and Lewis H. Haberland, Laramie, fireman on the same train. Their bodies were found in the ruins of their cab at dawn.
Observations are taken hourly at most weather stations located on civil airways, the Department of Commerce says.

Mustangs Add To Cage Schedule

DALLAS, Nov. 24 (UP) — Two games with North Texas State Teachers College have been added to the Southern Methodist university basketball schedule, Coach Whitney Eacuss announced today.
The Mustangs will open their season against the Eagles at Denton Dec. 4 and entertain the North Texans in Dallas Dec. 9.

SPORTS ROUNDUP

By HUGH FULLESTON, JR.
NEW YORK, Nov. 25 (Herald Special News Service)—Now that baseball men are about ready to start to Jacksonville, Fla. for the minor league meetings and a little warm sunshine, more and better "type trades" are appearing in the papers... The scribes apparently have given up on selling Hank Greenberg for the Tigers and are trading Rudy York instead. Another report is that the Browns fight for his lightweight, Mike Senators... Most complicated story says the Phils are ready to send Bobby Braggin to the Giants providing a dicker can be arranged to get them Claude Corbett, Jack Graham, Ed Head and Al Sherer, Brooklyn's best quartet of farmhands, in exchange for Danny Litwhiler... Ted Williams tells friends he doesn't blame the sports writers for picking Joe DiMaggio as the most valuable player because "he did a man-sized job"... He adds he will make 'em pick Williams next season.

No coaching, coach—Steve Owen tells this on himself: In Sunday's Giants-Redskins game he noticed that Hank Soar was turning around frequently to look at the clock. Steve was afraid Sammy Baugh would pitch a pass right at Hank's head, so he yelled, "Stop watchin that clock and keep your eye on the ball." Soar didn't even look around to see who was hollering. He just called back, "Don't bother me—I'm busy."

Oddis—and some odds—Henry Armstrong is in town, looking fat and prosperous, to see Mike Jacobs about getting a few fights for his lightweight, Mike Della of Los Angeles... Jack Dunn, 3rd, a Princeton undergraduate, is getting his training for a future job as boss of the Baltimore baseball Orioles by playing in the outfield for the Tigers and working out as the club's road secretary during summer vacations... Scouts from seven pro football clubs watched Bud Schwank of Washington U. pitch his passes in one game and, four came back for a second look... A Dubuque (Ia.) bowling team has its shirt letter "Ch-ampa" They'll fill in the blank after the season. Normant Quates has retired from fighting and is practicing chiropody in his home town of Hendersonville, N. C.

Football fracasos—The Orange Bowl promoters already have sold tickets to buyers in 28 states and expect to do better... Coaches Andy Kerr and Babe Hollingberry should pay plenty of attention to making points after touchdowns in their East-West game preparations. Kerr says his Colgate team was just two points away from a highly successful season and Babe's Washington State boys are only two points away from the Rose Bowl... Dick Harlow calls large Vern Miller "probably the most remarkable athlete I've ever had"... Vern played end and guard as well as tackle and all in one game... John Kimbrough is due to play his last football game for the N. Y. Americans here Sunday and report Monday to his movie company in Hollywood.

Minnesota Leads Nat'l Grid Poll; Aggies Place Second

Pity Ones Who Pick Top Gridster Of The Season

SEATTLE, Nov. 25 (AP)—The blond-haired fellow shoved aside a batch of figures, and remarked: "I don't envy the people who annually try to select the man of the year in football. It looks like it will be a terrific task this year."

The speaker was Homer F. Cooke, Jr., who audits American Football Statistical Bureau figures dealing with intercollegiate individual and team football performances.

"As I understand it, the man of the year usually has been a 60-minute player who hasn't missed a game," Cooke said. "He usually plays for a school with an almost unblemished record in the won-and-lost columns against the best of major competition."

"Up to this year, he's been someone who ranks about as high statistically as his team in national standing."

"This year there's much talk for Bruce Smith, Minnesota's great halfback. Yet Smith was out a couple of games. Nor has he been among the statistical leaders."

"There's Wilson (Bud) Schwank of Washington University at St. Louis, having a terrific passing and rushing year. Yet his team has been having a poor season."

"There's Frankie Sinkwich of Georgia, the broken-jaw boy who's way in front as a rushing yardage gainer. He personally outgained the opposing team four or five times."

"Or it could be Bill Dudley of Virginia, who seems certain to be among the first three statistically. There may be some question about the calibre of his team's opposi-

Duke Assigned 3rd Berth; Irish Keep Fourth

NEW YORK, Nov. 25 (AP)—Minnesota's Golden Gophers, unbeaten and untied — and unbeatable, since their season is over — ride high again today in first place in the Associated Press football ranking poll.

Winners of 17 straight games and their second successive Western conference championship, Bernie Bierman's boys were made first choice by 95 out of 118 sports experts throughout the country. Sixteen writers ranked the Gophers second, three listed them in third place and one rated them fifth, for a total of 1,124 points out of a possible 1,180.

With one more poll to go, Minnesota appears a good bet to retain its 1940 No. 1 ranking when the final votes are counted next week.

The Gophers' only serious rivals are two more of the country's four major all-winning teams — Texas A. and M., which still must protect that record against Texas in Thursday's climatic Southwest conference engagement and against Washington State December 6, and Duke, the Southern conference powerhouse which, like Minnesota, has completed its regular schedule.

The Aggies, given only two first-place votes to Duke's 15, got 41 votes for second and 40 for third in accumulating 823 points. Duke was only 10 points behind in third place. Notre Dame, unbeaten but tied by Army, also retained the fourth position it was voted a week ago. The Irish got two votes for first and 178 points, on a basis of 18 for first, nine for second, eight for third, etc.

Unbeaten and untied Duquesne moved up a notch to fifth, changing places with Michigan. The Wolverines, though tied with Ohio State in their game last Saturday and also in the final Western conference standings, are a considerably out-distanced the Buckeyes in the poll, which gave Ohio State only 71 points and 18th place.

The rest of the first 10 consisted of Missouri, the Big Six champion, moved up from eighth; Fordham, back in the charmed circle on its walloping of St. Mary's; Northwestern, probably the best 1941 football team that lost three games, and Texas. Outside of Texas, all of these except Fordham have finished their seasons. The Rams play badly-battered New York U. on Saturday.

Lookin 'em Over

WITH JACK DOUGLAS

Just when is a player ineligible for district 3-AA football?

That issue was interestingly and completely beclouded here Monday night in a called meeting of the district executive committee.

Seems as though Jack Wilkinson, Odessa back, played football in the junior department of Amon G. Carter Riverside high school at Fort Worth in the falls of 1937-38. Supt. Ross Covey of Sweetwater asked Supt. Murry Fly of Odessa to clear up the situation. By a secret ballot, 4 to 2, it was decided that Odessa had not violated the eligibility ruling.

At the Monday night meeting, Taylor Rushing, Odessa principal presented a letter from Principal W. R. Record of Fort Worth in which it was said that Wilkinson had not played football for Riverside high. As it came out later, Record had either made a mistake in checking his files or had meant that Wilkinson had not played for the senior high school. He had transferred to Odessa in February of this year.

Although Covey did not file a formal protest, he did contend that Odessa had violated the interscholastic rule that a player must remain idle so far as competition is concerned for one year after transferring from a school where he had participated in varsity sports.

Evidently the Odessa officials were sincere in their contention that they had acted in good faith and had taken steps to the best of their ability to establish the player's eligibility or ineligibility. But, no matter if the Fort Worth principal made a mistake to fact remains that Wilkinson did play for Riverside, did not finish out his idle year at Odessa, and the strict following of the rules indicate that he was ineligible.

Perhaps Wilkinson has had little effect on the district setup, and due consideration must be taken of Odessa's action in good faith, but Monday's work, so far as it appears to us, set up a bad precedent.

The spirit of the situation put the right on Odessa's side. But the spirit of the occasion has not always ruled the activities of the district body—remember Big Spring's request for a swap in dates a few weeks back.

Now, we are not saying that the committee's action was wrong... neither are we saying it was right. Personally, we would like to see the Odessans sit down at the championship table—they've been at the second table too long. But, suppose a similar incident comes up next year—the committee cannot in all justice change their interpretation of the ruling.

The interscholastic rules have been accepted by all AA schools—why not abide by 'em!

on this little ride, as I fully expect to, there are at least three fat dowagers who'll cry themselves to sleep because I never finished their ancestral charts — look, we must be there, aren't we?"

"Uh-huh. You can open your eyes now," Assey said, "I'm parking."

Rankin looked around Pochet's main street.

"Where's Elissa?"

"Parked by the station. I drove past 'em. Kind of gay here tonight, ain't it?"

"Gay? It's almost abandoned! What's the reason for all this reckless illumination? Rankin indicated the brightly lighted stores in front of them. "Stores open, crowds milling around — what's the event? Is there a carnival in town, or is it bank night?"

"Tomorrow's a half holiday in these parts," Assey told him. "Seventeenth of June. May even be a bonfire later. If the boys get ambitious, an' things ain't too wet to burn. They—"

"See here," Rankin interrupted, "now that you've caught up with them, aren't you going to see what they're doing?"

"I'm watchin' right now," Assey indicated the rear-view mirror. "Mrs. Hingham's just gone into Fishback's Hardware Store."

"Hardware?" Rankin sounded incredulous. "Hardware? Mayo, you've made a mistake, that's all. You picked up some other car and followed that! Elissa Hingham's been a number of places, but she never entered a hardware store in all her life! If you asked me to name three places Elissa would never go, I should unhesitatingly say three hardware stores! What in the name of all that's holy would Elissa be doing in a hardware store?"

"Time will tell," Assey said. "Fishback's is where she went." Rankin said that he didn't believe it, and that Elissa Hingham didn't know what hardware was. To Be Continued

Hughes Tool Workers Get Wage Increases

HOUSTON, Nov. 25 (AP)—J. D. Pruett, president of the Independent Metal Workers union No. 1, said yesterday that ten cents an hour pay raises for approximately 4,000 employees of the Hughes Tool company were agreed upon by company officials.
The wage increase is retroactive to September 1, Pruett said. The starting wage for new employees was boosted from 45 to 60 cents an hour.
The union, not affiliated with the CIO or the AFL, was recently certified as the rightful bargaining agency at the company.

San Antonio Jinxed For Jewelry Salesman

SAN ANTONIO, Nov. 25 (AP)—Nelson E. Sherwood of Chicago, who has been a jewelry salesman for 35 years, has had his sample case stolen twice—both times in San Antonio.
Yesterday Sherwood's case, containing jewelry valued at \$25,000, disappeared from a local store while he was showing a brooch to an employe.
On last February 19, Sherwood told police, another case was stolen from him when three armed men held up a truck driver and a hotel employe.

CITIES MAY APPEAL INJUNCTION GRANTED TO JEHOVAH'S WITNESSES

FORT WORTH, Nov. 25 (AP)—Steps to be taken by four West Texas cities in connection with the distribution of literature by Jehovah's Witnesses will be decided at a meeting in the next few days.
L. R. Pearson, city attorney at Ranger, said officials from Ranger, Comanche, Coleman and Dublin will determine whether to appeal from an injunction restraining the cities from interfering with activities of the religious sect. The injunction was issued by U. S. District Judge James C. Wilson.

Local Baptist Men Attend Midland Meet

Ten Big Spring men participated in the associational Baptist Brotherhood meeting Monday evening in the educational building of the First Baptist church at Midland.
Much of the program centered around the establishment of a Baptist encampment at Big Spring, started last summer as a young people's affair and since developed into a unit for all Baptist activities. The Rev. Roy Clayton, Ackerly, and the Rev. A. B. Lightfoot, Smith's chapel, showed pictures of the camp and lectured on its program and results.
The Rev. W. C. Harrison, district missionary, and C. G. Murray, Midland, district Brotherhood president, told of the initial district Brotherhood encampment and of plans to enlarge it this year. Reports showed approximately 500 boys and girls in the camp and around 200 men for the Brotherhood affair.
Reports on the recent state Brotherhood meeting were given by The Rev. John T. Kee, Odessa, Irby Cox, Big Spring, and C. L. Vickers, Odessa. Music and songs were furnished by the host organization. Attending from the East Fourth church in Big Spring were Buck Tyree, the Rev. W. W. Nowlin, E. T. Tucker, Alvin Smith, W. R. Puckett and son, Incer, and from First Baptist were Irby Cox, George Melear, K. S. Beckett, E. F. Sanders, and Joe Fickles.

Colorado City To Observe 2nd Thanksgiving

COLORADO CITY, Nov. 25 (SpI)—It's the old-fashioned, final-Thursday Thanksgiving for Colorado City, with the exception of the postoffice, which adhered to the Third Thursday observance proclaimed by President Roosevelt.
All business houses of Colorado City are to be closed this Thursday, and the bank is closing with the town. The postoffice will be open for business as usual. Schools will be closed both Thursday and Friday.
Hundreds of Colorado Citizens are expected to follow the Wolves to Midland for their final football game of the season.

Mrs. P. C. Coleman Of Colorado City Injured In Fall

COLORADO CITY, Nov. 25 (SpI)—Mrs. P. C. Coleman, widely known pioneer resident of Colorado City, is in a Colorado City hospital following surgery to reduce a fracture of the left hip sustained in a fall on Saturday afternoon.
Mrs. Coleman, who is 86 and who is the widow of the late Dr. P. C. Coleman, fell while leaving a residence where she had been visiting. Surgery was administered Sunday and later reports were that she was "doing as well as could be expected."

Moore School To Serve Lunches

MOORE, Nov. 25 (SpI)—The Parent-Teacher association at its last meeting voted to equip the school kitchen for carrying out the hot lunch program. It was also decided to sponsor a Christmas tree in the gymnasium on Christmas eve.
Refreshments of cocoa and cookies were served to: Mrs. W. H. Ward, Mrs. M. L. Rowland, Mrs. J. B. Merrick, Miss Eva Anderson of Big Spring, Mrs. L. M. Newton, Mrs. Joe Hull, Mrs. J. W. Phillips, Mrs. Gabe Hammock, Mrs. D. W. Hayworth, Mrs. J. M. Thomas, Mrs. Lottie Holland, and Misses Twila Lemax, Arah Phillips and Anna Smith.
The pupils and teachers in the local school are one hundred percent membership in the Red Cross. All pupils enrolled in the American Junior Red Cross, while teachers enrolled in the National Red Cross Unit.
Mr. and Mrs. Dick King left Saturday for Mason county to enjoy a deer hunt.
Gertrude Hull returned Sunday morning from Sweetwater, where she has been visiting with Mary Hargrave.
Freddie Phillips, who is doing his first year in 4-H club work has been repaid for his efforts put forth during early spring and summer. Freddie raised three acres of milo maize, which, when threshed, made 4500 pounds of fine threshed grain. Fred won first place in the county fair on his maize, and also first place on his fine watermelons. Fred plans to have three club projects for next year—feeding a dry lot calf maize, and cotton.

Churchill Says Peace Talk Not In Order Yet

LONDON, Nov. 25 (AP)—Prime Minister Churchill today cautioned a house of commons member who raised the question of peace terms "not to count your chickens before they are hatched."
He made his remark to Geoffrey L. Mander, liberal, who had insisted that Churchill "make clear to the enemy" that any peace settlement must include return of machinery removed from occupied countries and reconstruction of destroyed property.
Dr. Alfred Salter, laborite, told commons "statesmen of the world should get together and see if it is not possible to make a just peace."
Five republican congressmen from United States watched commons debate from distinguished strangers' gallery. They were Richard P. Gale and Melvin J. Maas of Minnesota, William S. Hill of Colorado, and W. Sterling Cole and Joseph Clark Baldwin of New York.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief
Many sufferers believe searing heat is the cause of their trouble, but it is not. The kidneys are Nature's oldest way of taking the excess acids and waste out of the blood. They help most people pass about pints a day. When diseased kidney function permits poisonous matter to remain in your blood, it may cause nagging backaches, rheumatism, pain, leg pains, loss of pep and energy, itching up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Doan's Pills, and receive relief by millions for over 60 years. They give happy relief and will help the 15 million of kidney trouble that are a waste from your blood. Get Doan's Pills.
