

# Tech Entry Into SWC Possible As Loop Expansion Studied

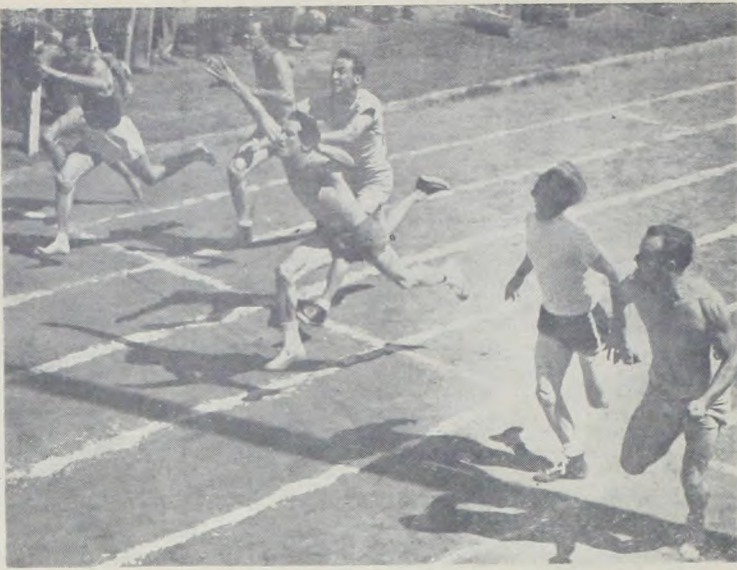

By JAN BLACKWELL  
Toreador Sports Editor

How long will the Southwest conference continue to be composed of only seven members? Saturday's spring meeting of the Southwest conference faculty committee indicated that the conference might possibly be expanded to include Texas Tech. At least the most definite action ever taken towards acceptance of Tech into the fold of that circuit was made at the meeting in which a committee

was named to study possible expansion of the Southwest conference. Committee Reports In December This committee will report on its findings at the conference's fall meeting sometime in December. Texas Tech filed an official application for admittance into the Southwest athletic circle in 1939, and although previous delegations have appeared in behalf of Tech, the matter has always been tabled. Several Tech officials were asked as to what bearing this action could have toward Texas Tech's ad-

mittance into the Southwest loop, and all felt that it appeared as though the Raiders would be in that conference in the NEAR future. However, none of the officials desired to be quoted on the matter. Members Not Named Tech was not officially represented at the meeting, but a delegation of West Texas citizens appeared before the committee, and as a result of their action, the special committee to study expansion of the conference was appointed. Members of the special committee were not given, but it is known, how-

ever, that the group is composed of several Southwest conference faculty members and athletic directors. The West Texas aggregation was composed primarily of graduates and ex-students of several of the Southwest conference schools who are aiding Tech's entrance into that circuit in order to see their alma mater's athletic teams in action. This group of independents, appearing in the interests of Texas as Tech, is considered to be powerful and influential and should shorten Tech's wait for a berth in the Southwest conference.

STRAINING FOR THE TAPE are five men in the 30-yard dash at Saturday's track meet. Carrol Hall, far right, was first; Gene Greathouse, second from right, was runner-up; O. A. Laymon, third from right, third; and Bill Adams, far left, fourth. Laymon earlier won the 100-yard dash.

## 520 Seniors To Receive Degrees June 7

### Annuals' Distribution Might Be By May 31

#### Notices To Tell Of Exact Date

As soon as possible after their arrival, La Ventanas will be distributed from the basement of the Press building, but on a CASH BASIS ONLY, Business Manager George Wall said yesterday. Since breakage deposits have not been cleared through the business office, it will be necessary for everyone to pay cash for his book if he wants to receive it when they first arrive, Wall said. NO CHANGE OR CHECKS WILL BE ACCEPTED, he stated, and only a five dollar bill will permit a student to get a La Ventana. This is necessary to alleviate confusion and make distribution speedier, according to Wall. The business manager emphasized that students should see that their names are placed on a list when they have paid for their annual. Such action will keep the business office from deducting \$5 from the breakage deposit of the student if he has previously signed for a La Ventana.

La Ventana will be ready for distribution Monday, May 31, unless some unexpected delay occurs, according to R. A. Mills, faculty sponsor. The 1948 annual will be distributed from the basement of the Press building as in former years, and a staff to work late into the night, if necessary, is being planned to hand out the yearbook, Mills said. Notices will be placed on the campus when word is received that the annuals are ready for distribution, and they will be given out on a "first-come, first-served" basis, Mills said. Bob Watson, editor of La Ventana, returned last week from Iowa City, Iowa, where he spent two days reading proof on the large (over 400 pages) book. Disclosing a few facts about this year's La Ventana, he said that each of the 18 beauties will have two pictures; that make-up has been greatly changed from that of past editions; and that the senior class section will have no list of individual achievements. Watson said that at least 20 pages would have had to be added to the book to run the achievements, and there was not enough room in the book to do so.

### Pelicans Step Up In Softball Tilts

Pelicans of the Independent league rallied in the last half of the final inning to outscore the Sophomores of the Aggie loop to take the first finals in the intramural softball playoff Monday afternoon. The winners went into the last round three marks behind and scored four runs on three hits. Team A of Doak hall and Second West of West hall went seven innings to break a three-all tie, the West champions taking the second of this series on a 4-3 victory. Team A took the first with a 5-4 win. Winner of the Doak hall-West hall playoff will play the Pelicans. Wranglers of the Social club loop were to play the first game of playoff with the Petroleum engineers Monday afternoon. The engineering league champs never appeared for the game.

### Saddle Tramp Club Considers Pledging

Voting on a proposed amendment to the constitution providing for pledgship into the Saddle Tramp organization will be the main issue before the called meeting of the club at 5 p. m. tomorrow in the Aggie auditorium, states George Wilmoth, president. The proposal under study includes six weeks of pledgship starting two weeks after the fall semester begins. Plans for making the work of pledges beneficial to the college will be directed by an appointed pledge captain. Other business of the meeting, including the out of town trip next fall will be of interest to all members, Wilmoth said.

**KKP INITIATES PLEDGES**  
Kappa Kappa Psi national honorary band fraternity, initiated eight pledges into membership Monday night at the home of Dr. and Mrs. D. O. Wiley, band director. The following were initiated: William Reuss, David Fawcett, Bobby Robbins, George Morris, Paul Huntington, Wayne Newsom, Jimmy Strange, Ronald Bennett.

### Whyburn Portrait Will Be Displayed In Recreation Hall

The portrait of Pres. W. M. Whyburn will be displayed at a reception from 4-6 p. m. May 30, in the Recreation hall, according to Bill Reid, chairman of the Student council portrait committee. Painted by John Young-Hunter, the portrait will be hung in the library with portraits of Tech's three preceding presidents. President, Mrs. Whyburn and their son, Skipper, are to return today from Taos, N. M., where the president has been sitting for the painting by the noted artist. Following action proposed at the last meeting of the Student council, a special committee composed of Reid, W. O. Boswell, Loy Catherine Barnett and Ted White is making further plans for the reception.

### Harding, Wylie, Haddon Will Direct Fifteenth Annual Summer Band Clinic

Summer band school will start June 9 and continue through July 17, according to Professor D. O. Wiley, Tech band director. This school has been held for the past fifteen years by the college, under the direction of Wiley. The school is conducted to give not only college students added training in band music, but to further the training of high school musicians, and directors. Dr. Wiley has an international reputation in the school band work attained during the past 27 years, and understands the problems confronting the present day school band teachers and directors. Having served many years as judge, clinician and concert director, his interpretations and help have proven useful to the summer band school students and school band directors. His Texas Tech concert band is generally rated as one of the best in the nation. Haddon To Assist Joe L. Haddon, assistant band director, will be the assistant director of the summer band school and teach baritone and trombone. He has both a bachelor's and master's degree from Tech. Haddon

### Evans Will Speak At Commencement Alexander Delivers Baccalaureate

Tech's largest graduating class of approximately 520 seniors will be candidates for degrees at the twenty-second annual commencement exercises to be held at 8 p. m. Monday, June 7, in Jones stadium. This is the first year that the exercises have included graduates from last year's summer school

### TWVA To Merge With TCC In Fall

Tech War Veterans association, disbanded two weeks ago, will merge with Tech Chamber of Commerce next year. This official announcement was made by Hubert Burgess, jr., president, at a regular meeting of TWVA Thursday night. TCC voted to sponsor the All-College Male chorus and Blue Cross hospitalization insurance on the campus. Plans were made for TCC's showing of the college movie next year and for Arbor day. Members will assist with ticket sales on the campus for the Lion's club minstrel. Coke machines are to be installed in the Administration building by TCC as soon as delivery can be made by the Coca-Cola Bottling company. Other activities to be sponsored next year are pre-election rallies, booster trips and a Spring Howdy dance if the plans are approved.

### Placement Asks Personnel Sheets

Students graduating in June and in the summer who have not turned in a personnel sheet to the Placement service, should do so immediately, pointed out Mrs. Jean Jenkins, secretary of the Placement committee. This personal information is kept as part of the permanent file of students in the Placement service office, said the secretary, explaining that such information was wanted concerning each senior graduating. Teaching positions are still open for graduating seniors, continued Mrs. Jenkins, who said all students interested should come by the service office. Personnel sheets can also be obtained in her office by those students who failed to get one.

### Aggie Auditorium Dedicated Tuesday

Outlining the role aggie students played in World War II, Prof. A. H. Leidigh, dean emeritus of agriculture, gave the principal address at the dedication of Aggie auditorium last night. Chairman Baumgardner's dedicatory speech preceded the impressive ceremony in which a plaque was unveiled dedicating the auditorium to aggies who were killed in the recent war. As a spotlight played on the plaque, members of the Tech band played silver taps. J. D. Strickland of Plainview, sponsor of the Aggie club when plans were first initiated for the auditorium in 1944, told the history of the auditorium project. Jim Spain gave the invocation and the benediction was delivered by Carol Wilson. GUTHRIE TO HEAD ASCE Tech's student chapter of the American Society of Civil Engineers elected officers for the 1948-49 school year in the last meeting of the semester Monday night. Officers are: Ira Guthrie, president; Julian Smith, vice president; Elliot Gilmer, secretary; Isom Hale, treasurer. G. A. Whetstone, assistant professor of civil engineering, is chapter sponsor.

and the January graduates as well. Commencement speaker will be Sterling C. Evans, president of the Federal Land Bank of Houston. The 48-year-old speaker has been a leader in Texas agricultural circles since his graduation from Texas A&M more than 20 years ago. His untiring efforts in farmer's problems brought him the position which he now holds. Graduating seniors and faculty members will assemble under the big stand on the stadium for the procession prior to the exercises. The entire audience will be seated in the west stands. Whyburn To Receive Degree An honorary degree will be conferred upon President William M. Whyburn by Charles Thompson, chairman of the Board of Directors, and Dr. W. C. Holden, who is the honored mathematician who soon will leave the college for another post. Marshalls of the faculty procession will be Dr. A. G. Oberg, associate professor of chemical engineering; Reginald Runging, associate professor of accounting and finance; and Cecil Ayers, assistant professor of plant industry. Marshalls to the student procession will be Bill Reid and Clint Formby. Music for the commencement has not yet been arranged. All participants in the graduation exercises are requested to meet Sunday, June 6, at 1:30 p. m. in Jones stadium for rehearsal for both graduation and baccalaureate, stated Dean James G. Allen. Alexander Gives Baccalaureate Baccalaureate services will be held at 8 p. m. Sunday, June 6, in Jones Stadium. Guest speaker will be Dr. William E. Alexander, prominent religious leader in the Southwest and pastor of the First Christian church, Oklahoma City. The young pastor has gained recognition in his native Oklahoma and in the Southwest through his Sunday radio programs. He is also widely known for his successful leadership among youth groups. Specific directions for graduates will be posted on bulletins at the offices of the Dean of Men and Dean of Women. Graduates not in school next semester will be notified by mail, according to information received from Allen. Invitations had not yet been received by the Bookstore when the Toreador went to press, but officials assured the students that the invitations would be available sometime this week.

Travel and study will be combined when 15 advanced Spanish students leave at 7 a. m. July 21, for Mexico City where they will take a six hour summer field course. Dr. T. Earle Hamilton, professor of foreign language, will teach the course, Spanish 4310-11.

Spanish Civilization in Mexico. The class will travel in cars and take four days to go and come from Mexico City. While in Mexico the group will live in the Hotel Monte Carlo which is adjacent to the National Library of Mexico. \$250 is the approximate cost of the trip including a limited number of personal purchases and expenditures. It will be necessary for the students to use Spanish in carrying on conversations with almost all of the people they will come in contact with and they will be furnished with a special book to aid them in their translations. Sight seeing trips will be made by the group to historic places such as the pyramids of the moon and sun, the volcanoes, and the floating gardens of Xochimilco. Students will also see bullfights, operas, and concerts conducted by the world renowned Carlos Chiriqui. "An advanced course giving students the opportunity to acquire fluency in speaking Spanish and an understanding and appreciation of Mexican civilization will be offered," stated Hamilton. That students will study and converse during the rainy part of each day was stressed by Hamilton.

Students taking the course that are now registered in Tech are Jane Parsons, Betty Su Walker, Nancy Wilson, Joyce Byrom, Phillip K. Kemp, Jr., Billy M. Burkin, B. T. Smith, Mrs. Bette T. Boydston, Mrs. Daisy K. Ramer, Mrs. Lucy Norman Miller and Mr. and Mrs. K. Carter Wheelock. Others to go are Mrs. Vivian Williams, Orlan; Mrs. Louise Little, Circle Bend; and Mrs. Laura Boedeker, Kermit.

Sophomore ROTC students wishing to sign contracts for next school year's work are requested to do so this week to assure them a place within the quota allowed each branch of the service, stated Lt. Col. L. C. Adams. Students may sign in the Military Science building.

### Hope Elected Band Prexy For '48-49

Lannes Hope was elected president of Tech band at the election held Monday. Other officers elected were Norma Eiring, secretary; J. R. McEntyre, business manager. These officers will be installed in offices during the first meeting of the band next fall, according to Norma Eiring, secretary.

### Varied Recreation Program Planned

Recreation program for summer school sessions sponsored by the college will include movies, dances, and artist courses, according to James G. Allen, dean of men. "Good second run movies will be held on Thursday nights, dances on Wednesdays, and artist courses on Fridays of each week during the first four weeks of each summer term," said Dean Allen. Movies and artist courses are scheduled to be held on the 3rd building green, and dances are scheduled in the Recreation hall. The artist course programs will include Melvin Ritter, violinist, June 18; Cox and Box operetta, June 25; Fielder Trio (flute, cello, piano), July 2; Metropolitan Artists (five vocalists and pianist) July 9; Maud Scheerer, actress and play reviewer, July 23; Joe Anglin, tenor, August 6; Tarbe, magician, Aug. 13.

### Vets Should Prepare Now For Fall Pre-Enrollment

Veterans not going to summer school, but planning to return next fall should come by the Veterans Affairs office to pick up a blank to be filled out by Aug. 15, according to H. A. Anderson, coordinator. This will enable these veterans to be enrolled ahead of time.

### Summer School Starts June 9; Last Term Closes On August 28

### Spanish Students Plan Mexico Trip; Study Of Language, Culture Is Aim

### O. R. Cook Takes Judging Honors

Results of Block and Bridle club's twenty-second annual fresh-man livestock judging contest, held Saturday afternoon in Aggie pavilion, have been announced by Edd C. McLeroy, club president. Approximately 90 freshmen aggie students participated in the events which included judging of dairy cattle, beef cattle, hogs, sheep, horses and mules. O. R. Cook, of Post won high individual with a score of 655 out of a possible 750 points. Judging horses and mules, Cook won the class event by scoring a maximum of 150 points. Joe Wilson was high man in hog judging with 137 points to his credit. Maurice Kingsbery and George Barron tied in dairy cattle with 137 points each, and Harold Riley and William Piper tied in beef cattle with 142 points. Kingsbery also took the sheep judging event by winning 133 points. Judges of the contests were junior and senior Block and Bridle members. The high individual and various class winners will be special guests at the fourteenth annual Block and Bridle banquet Thursday night in the Lubbock hotel. Appropriate awards will be presented to the winners at that time, McLeroy said.

### Contracts In ROTC Ready For Signing

Sophomore ROTC students wishing to sign contracts for next school year's work are requested to do so this week to assure them a place within the quota allowed each branch of the service, stated Lt. Col. L. C. Adams. Students may sign in the Military Science building.

### Hope Elected Band Prexy For '48-49

Lannes Hope was elected president of Tech band at the election held Monday. Other officers elected were Norma Eiring, secretary; J. R. McEntyre, business manager. These officers will be installed in offices during the first meeting of the band next fall, according to Norma Eiring, secretary.

### Guthrie To Head ASCE

Tech's student chapter of the American Society of Civil Engineers elected officers for the 1948-49 school year in the last meeting of the semester Monday night. Officers are: Ira Guthrie, president; Julian Smith, vice president; Elliot Gilmer, secretary; Isom Hale, treasurer. G. A. Whetstone, assistant professor of civil engineering, is chapter sponsor.

### Dormitory Plans Are Announced

Summer school registration for students now attending Tech started Tuesday and will continue through Saturday according to W. P. Clement, registrar. Classes start Thursday, June 10, after registration day on Wednesday. The first term ends July 17. The second starts three days later and ends August 28. Dormitories close for all students, excepting seniors, for this semester June 4; June 8 for seniors. The time for both days closing out will be 8 a. m. They will open again June 9 for summer school. Girls will live in Dorm III East and West, married couples in III West and boys in West hall and Boys III East, according to Miss Mozelle Craddock, director of dormitory system. Martha Lewis will represent the Tech Home Economics club at the American Home Economics association meetings in Minneapolis, Minnesota, June 21-24. The Tech Home Economics club is affiliated with the college chapter of the association.

### Juniors, Seniors Set Mortar Board In Rec Hall June 5

The informal junior-senior mortar board will be held at 7:30 p. m. Saturday, June 5 in the rec hall. The program will consist of a reception, seated program and a dance beginning at 9. Seniors are invited to bring their La Ventanas for autographs from their classmates. Parents of seniors are to be invited as guests. The program will be composed of piano numbers by Lamonte Leddy and songs by Winstead Lamance. Roy Bass, government lecturer, will be master of ceremonies. The dance will feature recorded music. Refreshments have been arranged for 300 people in anticipation of a large senior turnout. Final plans for the party will be arranged at the junior class meeting 5 p. m. Wednesday in AD-210.

### Varied Recreation Program Planned

Recreation program for summer school sessions sponsored by the college will include movies, dances, and artist courses, according to James G. Allen, dean of men. "Good second run movies will be held on Thursday nights, dances on Wednesdays, and artist courses on Fridays of each week during the first four weeks of each summer term," said Dean Allen. Movies and artist courses are scheduled to be held on the 3rd building green, and dances are scheduled in the Recreation hall. The artist course programs will include Melvin Ritter, violinist, June 18; Cox and Box operetta, June 25; Fielder Trio (flute, cello, piano), July 2; Metropolitan Artists (five vocalists and pianist) July 9; Maud Scheerer, actress and play reviewer, July 23; Joe Anglin, tenor, August 6; Tarbe, magician, Aug. 13.

### Vets Should Prepare Now For Fall Pre-Enrollment

Veterans not going to summer school, but planning to return next fall should come by the Veterans Affairs office to pick up a blank to be filled out by Aug. 15, according to H. A. Anderson, coordinator. This will enable these veterans to be enrolled ahead of time.

R. A. PEACOCK of the Wranglers goes up and over in the high jump at the intramural track meet Saturday. His jump of 5 feet, 9 inches won first in that field event.

## Light On The Subject

That anguished howl which went up last week was not without cause; slapping a 23 per cent room rent increase on a few hundred students is bound to get a squall whether it is necessary or not. We are not going to argue whether or not the \$12.50 per month raise is necessary, but we would like to point out a few actions which should be taken.

After due consideration, the Board of Directors (which includes some good businessmen who are acquainted with finances) voted the increase to go into effect next fall. They certainly felt it was needed, since they don't go around sticking their necks out. But they should have realized that such a step was not going to be welcomed with open arms, and they should have made an explanation.

Most students were expecting to have to pay more for a place to lay their heads next fall, but they didn't realize they would go to the avenue for a coke so few times. We feel that the dorm residents should learn exactly why such a large increase was made. We think that the Board of Directors should give the students an itemized account of dormitory expenditures. This account can be easily gathered by either the Director of the Dormitory systems or by the college Business Manager, and can be posted in each of the dormitories.

Many boys said they would move into town rather than pay \$60 per month for room and board, but, for two reasons, that is not possible for all who are dissatisfied. First, there are not sufficient rooms in the over-crowded residential section to house hundreds of men; secondly, if a mass exodus were to be started, college officials would immediately put into effect the rule that dormitories must be occupied to capacity.

Whether many students will leave Tech because of the raise is doubtful, but numerous dorm residents feel that the situation is getting worse and worse. They aren't happy at all, and last week's news won't help their digestion at all, especially since the food isn't what mama used to bake.

There has been talk of getting an organized protest underway. If it is done, it will not add to the laurels of Tech when published in the state's newspapers, as it surely will be.

We feel that college officials can avert any unpleasant action and also soothe some displeased students by telling the dorm residents why the increase was such a great one.

## Extended Regrets

Signing "30" on the last copy for each issue of The Toreador this year has been a pleasure, for it meant the work of another three days was completed. But to write fins on this, the last edition on which all the editors save one will ever have a part, is a different matter.

It is true that leaving a job which pays a maximum of slightly more than 25 cents per hour is no cause for regret, nor do we hesitate to unburden ourselves from a position where you displease most of the people most of the time. If we had the chance to do it all over again, starting with a new slate and knowing what we do now,—we would probably immediately resign.

Throughout the year, as a few bouquets and many brick bats came our way, we have tried to follow the slogan "Without offense to friends or foes, we paint your news exactly as it goes." Whether or not we have succeeded is a good question to argue after final exams. We'll take the affirmative.

Our editorials have brought down the wrath of everyone except the nightwatchman and John L. Lewis. A few of them accomplished the purpose for which they were intended; some were ignored; others cause us to be "verboten" in various places on the campus—and three or four were complimentary.

We have been told that our editorials should have attacked several persons who went unscathed. It is beyond doubt that there were, and still are, some campus officials who deserve verbal spankings for actions of both omission and commission, but it takes more than heresy before such things can be published. And until The Toreador has access to files and is permitted to have representatives at meetings, most of those skeletons will remain locked away.

As for the lighter side which we have offered; we still believe that dropping gossip columns and date lists was for the best, and that addition of cartoons and numerous pictures was a step in the right direction.

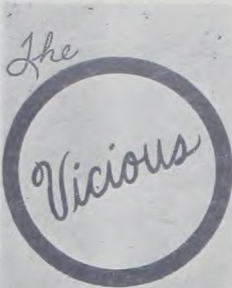

But getting back to what we intended originally to say—it has been a good year from our side of the fence. We've enjoyed telling you what goes on around here, and a lot of nice people step into the Press building for a few-minute consultation. We regret leaving when we recognize the uncorrected mistakes we have made, and realize the numerous ways we might have helped the college but failed in trying to do so. For that we regret our last printed goodbye.

### Mechanical Engineers Make Local Field Trips

The heating, ventilation and air-conditioning class of Prof. R. L. Mason, mechanical engineering department, is making field trips to local stores, ice plants, and meat storage plants where they are observing the mechanics of the units in operation, according to Mason.

### DENDY HEADS SPANISH CLUB

Stanley Dendy, junior from Amarillo, is new president of Capa Y Espada, Spanish club. Other officers for next year are Billy Bufkin, vice president; James R. Feyn, treasurer; and Leslie Stone, secretary. Other officers will be appointed by the president at the first regular meeting next fall.

### BY Oleta Stewart

In this, its final column for the year, The Circle wishes to express its gratitude to the students and faculty members who have supported The Vicious Circle by oral and written contributions and by being habitual readers of this weekly collection of criticism, comment and commendation.

On hearing that this writer did not plan to continue her column either this summer or next year, some students were kind enough to get up a petition asking that The Vicious Circle be continued. No promises will be made on this matter, because it is felt by the columnist that probably the need for the column has ceased to exist, since most of the printable complaints about this institution have been published already.

THE STUDENTS' CHOICE It is with pleasure that The Circle announces names of the four faculty members who have received the most votes for the Students' Choice of the Teacher of the Year. Listed alphabetically they are: Dr. James William Davis, professor and head of the department of government; Raymond de Elmot Mack, instructor in government; Fredis Lloyd Mize, associate professor of economics and management; and Raymond Gilbert Sidwell, associate professor of geology.

When this column went to press, the interview to determine the Students' Choice for 1947-48 had not been held, but the results of the contest are revealed in a news story on page one.

Almost 600 persons submitted nominations for the contest and the instructors, professors, associate professors and assistant professors named would be very honored and humble if they could read a few of the sincere straight-forward tributes to their teaching abilities, and The Circle is inclined to think the persons involved would try rather hard to live up to those compliments.

Although the four men named above received the most votes in the contest, the other nominees should also take pride in knowing that they were someone's choice for "The Student's Choice."

OTHER NOMINATIONS Dean O. V. Adams, Beatrice Witte Alexander, Theodore W. Alexander, James G. Allen, Louise Crawford Allen, Hugh Allen Anderson, Albert Barnett, Roy B. Bass, Julian P. Blizz, Earl D. Camp, Truman W. Camp, Olga May Carter, Mary W. Doak, C. D. Eaves, Luta P. Eaves, Neva R. Gahring, Lucile Gill, James M. Gordon, Martha Ellen Graves, George R. Hamlett, John C. Hardgrave, John E. Harding, Ma-

## College Accepted By Health Group

Texas Tech has been voted membership in the American Student Health association, Dr. Embree R. Rose has announced. Acceptance into the association came at its meeting May 6-8 in Detroit.

Dr. Rose, who attended the three day session, said that he believed Tech's medical service compared favorably with that of the other 218 member colleges. While facilities are limited here, the Health service director said, the dispensary and infirmary are doing excellent work.

Purpose of the association as outlined by Dr. Rose is to formulate general health policies and increase professional standards in student medical centers. The three day conference was devoted to problems met daily by doctors in colleges. About 180 member schools had representatives at the meeting.

for room and board, your education at Texas Tech is coming pretty high! Techians—read this and think! Then let's act! Dissatisfied residents of West Hall

P.S.—A reminder—Living in the dormitories at Tech is compulsory! The writer of this article signed his name and was willing to take responsibility for his statements, but the Circle is withholding the signature. This letter is being published in this column in compliance with the policy of saying the things which the students of this college feel need to be said.

## From Where You Sit

Dear Editor, Those who are interested in the Wallace for President movement may get most of the information they desire about it from either Bill Shearer, phone 2-8158 or Thomas Sanders, phone 2-8159, if you can not contact Mr. Shearer. We have everything that is necessary to organize a large and effective Students for Wallace club except that which is the most important—members! The more help that we receive, the quicker that our organization's influence will be felt. But it will take more students that we have now.

To hold a position in the government someday, be a social worker, or if one of your hobbies is politics, you would get a great deal of useful experience and have fun getting it in Tech's Students for Wallace. Come on the rest of you Progressives; prove to Mr. Henegar that you are not hiding as he implied in a letter to the Toreador last Saturday.

Thomas Sanders

## No Senior Picnic Is Class Verdict

What about you twenty students who voted for Wallace and checked his Progressive (third party) as your party preference in the recent straw vote conducted by the Toreador? Here is your chance to help in our "Gideon's Army." If you plan

There will be no senior class picnic this year, according to Floyd Read, president. Those attending the senior class meeting Monday afternoon voted to cancel the picnic this year because of lack of funds, Read stated.

## Wranglers' Trackmen Win Intramural Meet

### B. Wilson, Franks Cop Double Wins

By AUBREY SHOUSE  
Toreador Sports Writer

The first annual intramural track meet is over. The heads-up Wrangler social club, winner of the all-college basketball and MIOC softball leagues, came through again with a well-rounded track team that took Saturday's meet on the Tech oval by a five-point margin over its nearest opponent, the Early Risers of East West, 30 1-3-25 1-3.

At the close of the final event the other nine teams' scores were as follows: Sneed hall 23, Kemas 20, Press Bulls 19, Centaurs 15, West 11, Silver Key 5, LAAF 2 1-3, Los Cams 2, and Big "D" 1.

**Good Records Set**

Considering that the tracksters were wearing tennis shoes in all events, a series of unexpected good times and distances were set as records by the "out-of-shape" college tracksters. R. A. Peacock from the Wranglers set a high jump mark of five feet and nine inches, which future intramural jumpers will find hard to beat. Ted Peabody, Early Risers, threw the 12-pound shot put 42 feet and 10 inches; O. A. Layman, Press Bulls, raced the century in 10.9 seconds; and Ben Wilson, of Sneed hall ran the quarter in 54 seconds and the 220-yard dash in 24.6 seconds, which caught the eye of the starter, Track Coach Maxey McKnight.

**Wilson High Point Man**

Wilson took honors as the high point man of the meet with 13 1-3 points by wins in the quarter, 220-yard dash, second in the 160-yard low hurdles, and ran on the third-place 440-yard relay team. James Franks of Wranglers captured second place honors with 12 points.

**Meet Results**

440-yard dash—Wilson, Sneed, first; H. Burgess, Press Bulls, second; High Wranglers, third; and James, West West, fourth. Time: 2:07 seconds.

Shot put—Peabody, Early Risers, first; Rushing, Kemas, second; Crawford, Kemas, third; and Wylie, Sneed, fourth. Distance: 42 feet and 10 inches.

High hurdles—Wilson, Wranglers, first; Franks, Wranglers, second; Martin, West West, fourth. Time: 1:54 seconds.

Broad jump—Franks, Wranglers, first; Hines, Kemas, second; Miller, LAAF, third; Rushing, Kemas, fourth. Distance: 19 feet nine and one-half inches.

220-yard dash—Wilson, Sneed, first; Loran, Early Risers, second; Miller, Wranglers, third; Burgess, Press Bulls, fourth. Time: 24.6 seconds.

30-yard dash—Hall, Silver Keys, first; Greathouse, Wranglers, second; Layman,

### Snipes Keglers Down Press Bulls

Although tomorrow night will see the finals in the Independent College Bowling league, the Snipes keglers virtually led away the league crown Thursday night by

Press Bulls, third; Adams, Los Cams, fourth. Time: 3.9 seconds.

High jump—Peacock, Wranglers, first; Hotcho, Early Risers, second; Gray, West West, third; and Baich of the Early Risers; Miller of LAAF and Warren of the Wranglers tied for fourth. Height: five feet nine inches.

160-yard low hurdles—Franks, Wranglers, first; Wilson, Sneed, second; Hodges, Centaurs, third; Griffith, West West, fourth. Time: 2:07 seconds.

100-yard dash—Layman, Press Bulls, first; Miller, Wranglers, second; Loran, Early Risers, third; Mack, Big "D", fourth. Time: 1:09 seconds.

880-yard run—Coffern, Sneed, first; Cox, West West, second; McNeill, Kemas, third; Peabody, Early Risers, fourth. Time: 2:24.3.

60-yard dash—Loran, Early Risers, first; Layman, Press Bulls, second; Thomas, Kemas, third; Adams, Los Cams, fourth. Time: 0.9 seconds.

440-yard relay—Early Risers, (Gay, Hotcho, Baich, Loran) first; Kemas, second; Sneed, third; and Centaurs, fourth. Time: 48.8 seconds.

Softball throw—Kuykendall, Centaurs, first; Cox, West West, second; Wylie, Sneed, third; Sammons, Kemas, fourth. Distance: 87 yards, one and one-fourth feet.

Football throw—Griffin, Centaurs, first; Rushing, Kemas, second; Kuykendall, Centaurs, third; Brandon, Early Risers, fourth. Distance: 62 yards and eight inches.

taking a triple win from the Press Bulls. In winning the games, they bowled a new high team game of 909, adding to their laurels. The Pin Men previously held the record of 881. Don Doyle paced the winning five with a 192-496, while teammate Troy Lemley rolled a high single game of 213.

The Raider quintet remained in the struggle for the championship by dropping the Pin Men in three games. This left the Raiders two games behind the leaders with only three games remaining on the schedule. Ed Moore's 212-580 led the triple winners while Bob Bilheimer turned in a creditable 193-513 for the losers.

In other matches the Turkey Trotters grabbed a double decision from the Dallas Demons to pull up to a deadlock with the Demons for the cellar position. Don McClendon had top individual score for the Trotters with 188-511 while Bob Lyle topped the losers with 170-459.

With Dub Walling setting the pace, the Shamrock Rollers took a double decision from the Lucky Strikes team, despite the 228-546 by the Striker's Paul Knight.

The Standings:

Team	W	L	Pct.
Snipes	16	5	.762
Raiders	14	7	.666
Press Bulls	12	9	.571
Lucky Strikes	10	11	.476
Pin Men	9	12	.429
Shamrock Rollers	9	12	.429
Dallas Demons	7	14	.333
Turkey Trotters	7	14	.333

## Girls' Football Tussle Ends In Deadlock

By BOB LILLY  
Toreador Sports Writer

The first college girls touch football game in recent years was unveiled at Tech field Saturday afternoon, which left what was mostly a male crowd cramped with laughter after 24 minutes of scoreless play by the elevens from Women's Dorm No. 3 East and West. The fray, between teams managed by Mary King of East and Betts Slagel of West, was the climax of Tech's first intramural track meet, sponsored by the Toreador.

Participants crowded comedy into each of the six minute quarters with football fans expecting the unexpected to happen, which never happened. Highlights of the playing time were time-outs and half-times when the co-eds retouched war paint and straightened tangled tresses.

**Proper Material Used**

Material for beautification of the fairer sex was carried on the field

in large suitcases and contained everything from eyelash curlers to deodorant powder. Dry throats of the battling elevens were refreshed with iced water and sodas, they even thought of bringing along the drinking straws so as not to muss their makeup.

One injury occurred and the blue-streak ambulance raced, full siren, up the west side line. Out jumped Joe "Medicine Man" Meador who raced to the east side of the field and after a quick consultation had the cutie carried bodily across to the west side. After having a quick dram from his fifth of grape juice the Doc prescribed and gave the injured player of the West team a dose of Wheaties and milk. She returned to the playing field immediately and replaced her substitute who the officials had declared a Joe College in disguise.

**West Takes Offensive**

The West team was the first offensive team and was unsuccessful

in gaining twenty yards in the first three tries. The teams were lined up for the fourth down. The fullback was five yards behind the line for the kick. The ball wobbled back from center. The linewoman charged head on. On the following

fourth down plays the ball wobbled back from center as before, but the forward walls stood upright and watched the pigskin glide lazily over their heads.

Coaches made good use of sub-

PICTURED HERE are more winners in Saturday's track meet. Top row, left to right, A. C. Griffin of the Centaurs, football throw champion; Dub Kuykendall of the Centaurs, softball throw titlist; and Ted Peabody of the Early Risers, winner of the shot put. At left are Jack Loran of the Early Risers, 60-yard dash champion; and C. J. Jordan of the Press Bulls, winner of the high hurdles. Not pictured are Ben Wilson of Sneed, high point man in the meet who took first places in both the 440 and 220-yard dashes, and Gaylon Cothran of Sneed, winner of the 880-yard run.

### Maximum Sum Of Vets' Income Given Big Boost

Tech war veterans can now earn more money on outside of college work and still receive full subsistence pay, according to public law 512, signed last week by President Harry Truman, according to the Veterans' administration. The new law provides that veterans with no dependents can earn up to \$210 including monthly subsistence, veterans with one dependent, \$270 and those with more than one dependent, \$290.

Formerly students could earn \$175 including subsistence if they had no dependents, while those with dependents could earn \$200. Under public law, 511, the subsistence pay was raised. In applying it to the hike in wage earnings, a single veteran can earn \$135 outside of college and still be eligible for his \$75 subsistence; a veteran with one dependent can earn \$165 monthly and receive \$105 subsistence and a veteran with more than one dependent can earn \$170 and still receive his \$120 in subsistence.

Law 512 is retroactive to April 1 and will be included in the veterans' checks for July, which will come out about August 1, announced the Veterans' administration.

WRANGLERS, WINNERS of the first annual Tech Inter-tramural track meet sponsored by The Toreador, are pictured above. Left to right, Stanley Huckaby, T. C. Root, Jr., R. A. Peacock, George Warren, Herman High, James Franks, Gene Greathouse, Choc Miller, and Hubert Wills. The Wranglers amassed thirty and one-third points in the events.

### Thigh Bone Of Sauropod Dinosaur On Display In West Texas Museum

The thigh bone of a Sauropod dinosaur, collected by Wann Langston, instructor in geology, Owen L. Hokackel, geology student and Henry Clay Bailey, graduate of the geology department here, is on exhibition in the West Texas museum. The almost five feet tall, three hundred and fifty pound fossil is the only one of its kind on exhibit in North America at this time, according to Langston. It was found last August in Big Bend National park, Brewster county.

Langston said he considered the bone to be one of the most important additions to the museum. Sauropod dinosaurs, the largest animals that ever walked the earth, lived on nearly all the continents during the Jurassic and Cretaceous periods some 200,000,000 to 75,000,000 years ago. Some of them reached an extreme length of 80 feet and may have attained a weight of 30 tons, according to the reading matter accompanying the display. The neck and tail were extremely long; the head was absurdly small in comparison to the length of the animal. They have been totally extinct since the end of the upper Cretaceous and no close relatives are living today.

These harmless plant eaters inhabited the ancient swamps, probably spending the greater part of their lives nearly submerged in water.

Although Sauropod dinosaur remains are quite common in rocks of the Jurassic age, they are seldom found in Cretaceous strata. Until 10 years ago, when some bones were found in New Mexico, Utah and the Big Bend National park, it was thought they never lived in North America, according to Langston.

### Whyburn Receives Two Certificates Of Appreciation

Pres. W. M. Whyburn received two certificates of appreciation from campus organizations during the past weekend. The first was from Delta Sigma Pi, honorary business fraternity, and the second from the Texas Tech band.

Delta Sigma Pi presented its certificate Saturday night at its banquet and initiation to which President and Mrs. Whyburn were special guests. The organization's president, William Hutcheson, presented the certificate, which was signed by Hutcheson and Newell Reed, the club's scribe, to President Whyburn. "He helped us get installed on the campus and has helped us ever since," Hutcheson said.

President and Mrs. Whyburn received the band's certificate of appreciation at the concert presented in honor of the Whyburns Sunday afternoon at the Lubbock High school auditorium. The actual presentation took place about the middle of the performance. Wayne McDonald, president of Kappa Kappa Psi, honorary band fraternity, gave the scroll to President Whyburn. The scroll was handwritten by a Tech student and was signed by Director D. O. Wiley, Assistant Director Joe S. Haddon and all members of the 1947-48 Texas Tech band.

## Exes Formulate Plans To Help Tech Get Promising Athletes

### Sigma Xi Executive Group Approves Chapter For Tech

The executive committee of Sigma Xi, honorary science fraternity, has approved the petition from a college group for the establishment of a Sigma Xi chapter at Tech. Dr. A. W. Young, president of Sigma Xi members in Lubbock, was advised Monday.

Final establishment of a chapter is pending approval of the petition by chapters over the nation, stated Young.

There are approximately 30 members in the Lubbock group.

Plans for aiding Tech's athletic department in securing promising athletes as Tech students have been formulated by the Ex-Student Athletic committee, announced D. M. McElroy, executive secretary of the Alumni and Ex-Students' association. These plans will be submitted to the athletic department for approval, he said.

May 12 the committee of exes headed by Elmer Tarbox, former association president, developed the following points toward a long range program, said McElroy. A contact representative is to be appointed by the committee to be responsible for certain areas of the state. These representatives will have two functions. They will search out promising athletes and report them to the committee, including all pertinent data relative to the person in question. This information will then be referred to the athletic department which will decide whether the athlete is wanted. If he is wanted, the committee will be informed, then the representative.

Second function of the representatives will be to exert all influence possible to secure those athletes in his area that are particularly wanted by the athletic department. If the department gives approval, the committee plans to concentrate immediately on a list of athletes wanted by the department for next fall, said McElroy.

The committee of exes will serve as liaison group between representatives in the field and the athletic department and will develop a list of suggestions for influencing athletes in coming to Tech. In certain cases plans are to get the prospective student to visit Tech and even give him a chance to exhibit his particular abilities, said McElroy.

### Wilson, McLendon Win Bowling Meet

Doubles scores grabbed the spotlight in the Tech Independent Bowling league tournament held Friday night. Eight doubles combinations entered the play and when the series was completed, Bob Wilson and Don McLendon had rolled high with 1200 to take the event. Wilson came in with a big 225 final game to take the play away from second place James Hill and T. I. Brown, who placed second with 1191.

Other scores in the doubles play were: Bob Bilheimer and James Niver, 1180; Reese Garren and Dub Walling, 1170; Alex Kioussis and Ed Moore, 1137; Jimmy Oates and Soapy Smith, 1136; Paul Knight and Herman Nelson, 1134; and Jerry Henderson and Calvin Campbell, 1085.

Herman Nelson grabbed top honors in the singles event when he put together a 611 series. Brown again was in second place with 604, closely followed by McLendon's 602.

Other scores in this event were: Smith—599, Oates—586, Hill—586, Aubrey Shouse—576, Campbell—571, Walling—567, Moore—559, Knight—558, Bilheimer—547, Kioussis—546, C. G. Grey—515 and Niver—503.

Brown put together series of 614 and 604 to take the tournament's all events honors.

### Women's Clubs Honor Seniors

Las Vivarachas social club honored its graduating seniors at the annual farewell dinner last night in the Navajo room of the Hilton hotel.

As is traditional the seniors presented a "pledge" program. Gifts will be presented to the seniors.

New officers of Las Vivi include Carol Sherrod, president; Beth Neely, vice president; Mary Walwood, recording secretary; Ruby Potts, corresponding secretary; and Jean Alger, treasurer.

### James Rider Wins Rec Hall Chess Tournament Saturday

James Rider, junior engineer from Waco, was the winner of Saturday's chess tournament in the Rec hall, according to Francis Bearden, director. Mark Smith, sophomore pre-law student from Lubbock was runner-up. Both were awarded prizes.

Bearden said a chess tournament of this type is to be conducted each semester.

### Block And Bridle To Reveal Winner

The name of the merit award winner for 1948 will be revealed at the fourteenth annual Block and Bridle club banquet at 7:15 p.m. tomorrow at Hotel Lubbock.

Delbert Devin, assistant professor of animal husbandry, will present the winner with the customary plaque furnished by the National Block and Bridle association.

Guest speaker for the evening will be D. Burns, manager of the Pitchfork ranch of Guthrie. George Boles, pioneer Hereford breeder of Lubbock, and Burns will be introduced by Dean W. L. Stangel as the 1948 honorary members of Block and Bridle.

Other highlights of the evening will be the presentation of various awards. Among these will be the National Dairy Cattle judging team awards, presented by R. C. Mowery, and various others by N. C. Fine.

Robert Cox, animal husbandry major from Lubbock, will be presented a key as winner of the junior livestock judging contest.

Highlights of the year's activities will be reviewed by Charles Hudson.

A formal installation of the officers for next year will close the evening's activities.

### Girls' Football---

(Continued from Page 3)

situation. A female voice would scream to hold up the game and the replacement would charge onto the field and join her teammates in the huddle, and then, as gallantly as before she would race back and replace herself on the bench before the next play began. Certainly this is good practice when head mentoreesses find the situation is set up for that trick play.

King a Triple Threat

King started at right end for the East and later changed to fullback and was a triple threat, showing up good at passing, running and kicking. Jane Skinner was outstanding linewoman on the Easterners line, recovering fumbles that halted the threatening opposition at the back for the King tribe, made favorable gains on several plays. Tessie Tesser for the Westerners was Virginia Nelson who was rather successful on completion of several short aerials.

Praiseworthy officiating for the female tilt was done by Dayton Simpson, umpire; Shelby Cole, line-man; Milburn Hayden, timekeeper; and Charlie Reynolds, referee.

### White Is Elected President Of APO

Herbert White will serve as president of Tech's chapter of Alpha Phi Omega, national service fraternity, during the 1948 fall semester.

Other officers elected recently are: Randy Nunneley, first vice president; Hugh Cypher, second vice president; Dick Edmonson, secretary; Kenneth Sutton, treasurer; Bob Cox, sergeant-at-arms; Harold Cobb, alumni secretary; and John Harvey, reporter.

In keeping with its service motto, members of APO have completed a project of placing concrete benches at seven major bus stops on the campus. Bronze plaques with the fraternity seal will be placed on backs of the benches next year, according to White.

### Betty Sullivan, Bob Carr Announce Marriage Plans

Announcement has been made of the engagement and approaching marriage of Miss Betty Sullivan and Robert Carr, both of Lubbock.

Miss Sullivan, sophomore Arts and Sciences student, is a member of Sans Souci. Mr. Carr, a former Tech student and member of Silver Key, is attending Southwestern Medical School in Dallas.

The wedding will take place Friday June 18 in St. John's Methodist Church of Lubbock.

### Guthrie Will Represent Omega Chapter At Meeting

Sue Lynn Guthrie, president of Phi Upsilon Omicron, national honorary and professional home economics organization, will attend the National Conclave at the University of Kentucky in Lexington, sometime in June.

Sue Lynn will represent the Omega chapter at the Conclave which is held every two years.

### Foreign Language Picnic To Be Held At Mackenzie

Foreign Language department will sponsor a barbecue supper from 5:30 to 7:30 tomorrow at Mackenzie State park. Faculty and students in the department, and their guests may attend and are asked to meet at the Double T bench of the Administration building for transportation. Tickets for the supper are 75 cents.

### Joe France, C. E. Wendt, Elected KAM Officers

Joe Ernest France, senior from Sulphur Springs, was elected president of Eta chapter of Kappa Alpha Mu, honorary photography fraternity, at a meeting Monday afternoon, according to Mary King, retiring president.

Other officers elected were: vice president, C. E. Wendt, Jr., sophomore from Lubbock; secretary, Gerald Sherrod, junior from Lubbock; treasurer, Anita Oliver, junior from Lamesa; and Hypographic reporter and pledge trainer, Jayne Thompson, junior from Vernon. All officers are journalism majors.
