Council Election Set Monday

THE TOREADOR

12 Announce Candidacy For Three Vacancies In BA, Engineering, A&S

Volume XXIII No. 42 Texas Technological College, Lubbock, Saturday, February 19, 1949 Number 34

Juniors Compete For Aggie Judging Team Places

Some 30 juniors majoring in animal husbandry are competing for places on Tech's livestock judging team for the Intercollegiate Livestock show in Oklahoma City March 14. Ray C. Mowery, assistant head of animal husbandry, said Thursday.

Stanley E. Anderson, Iowa State graduate and assistant professor of animal husbandry, will train and accompany the team. Tryouts will continue and will include practice judging at the junior livestock show in Amarillo to be held the last weekend in February. Members of the team will be announced March 9. The two separate teams that competed in the Denver show on Jan. 15 and in the Fort Worth show will be included for the Oklahoma City contest.

Schools expected to send livestock teams are Texas Tech, Texas A&M, Oklahoma, A&M, Kansas, Arkansas, and possibly Nebraska. This contest will be the third show in which Tech will have participated. Tech placed fourth in the Oklahoma contest in 1947 and third in 1948.

Classes of livestock to be represented are beef cattle, sheep, hogs, and quarter horses, Mowery said.

Singing Tryouts To Be Held Today

Singing tryouts for "Milestones in Melody," 1949 Tech Varsity show, will be held at two o'clock today in Ad-220, Margaret Clark, chairman of the Varsity show committee, has announced.

Speaking parts in the show have been cast and rehearsals will start soon, said the chairman. No regular meeting place for the rehearsals has yet been chosen.

Russia Buys Kinchen's Book On Colonial Policy Of Britain

Someone behind the famed Iron Curtain has heard of Texas Tech's Dr. O. A. Kinchen, professor of history, and his book, "Lord Russell's Canadian Policy."

This week the Texas Tech Press has had an order not accompanied by message, or any type of qualification, for a copy of the book printed in 1945 by Tech Press.

The return address was: Gosinolzdat, Novo-Alexeyskaja, ulica 52, Moscow, USSR.

The book which is sub-titled "A

Study in British Heritage and Colonial Freedom," is Texas Tech's research publication number 13.

In the Professor's foreword he states the publication is "the result of an earnest endeavor to gain a sympathetic understanding of the point of view entertained by those British statesmen of this period (1835-1852) whose duty it was to grapple with the colonial problem as it developed through these critical years of British imperial history."

The single specific reference to Russia contained in the slim 195 page volume is in the following footnote: "(Sir George) Arthur to Colonial Office, Sept. 17, 1839. In this letter, Arthur insisted that the agitation over responsible government was growing more serious every day, and that 'Hunter's Lodges' and 'Russian Agencies' were 'at the bottom of it all!'"

Grade Reports Available Soon

Students may call for their fall semester grades Wednesday in the registrar's office, W. P. Clement, registrar, announced Thursday.

This procedure is being tried as an experiment to meet conflicts arising from student's changes of residence since last semester, Clement explained. Grades will still be mailed to parents.

Students' total number of semester hours and grade points will also be included with the reports. Clement said that this procedure should not only enable students to figure their grade point average, but should also be a help to the deans.

PRICE OF MILK IS REDUCED

The wholesale price of milk from the dairy manufacturers department was reduced Monday, announced professor J. J. Willingham.

Quarts were reduced from 20 to 19 cents. Pints and half-pints were each reduced one-half cent a bottle and now sell for 10.5 and 5.5 cents respectively. Willingham said retail prices of milk would not change until March 1.

Sears Will Award Aggie Scholarships

Twelve freshmen will receive Sears Roebuck scholarships when the Aggie club meets Tuesday night, Dean W. L. Stangel, head of the agriculture division, said Thursday.

The scholarships are administered in \$75 amounts each semester. Certificates will be awarded for the first time. Fourteen sophomores, 11 juniors, and 11 seniors now attending Tech have already received Sears Roebuck awards.

Freshmen to receive the scholarships from Dean Stangel at the meeting are: Hubert O. Sprabery, Lamar W. Masterson, Darwyn E. Metcalf, Billy E. Arwine, George H. Sides, Freddie L. Becker, Frank E. Claborn, Jack G. Heald, Jerry E. McCarty, George R. Truitt, Dudley Montgomery, and E. L. Hawkins.

Of 13 hopefuls who took out petitions during the week as candidates for three Student Council positions, 12 had turned in the minimum number of signatures by the Thursday afternoon deadline, Clint Formby, Student Association president, has announced.

Candidates seeking election from the division of arts and sciences in the Monday balloting are Joan Booth, Levora Manning, Corine Thomas and Roy Trice. Making the race for Engineering representative are Marshall Gettys, Richard Gibson and Edward D. Campbell. Business administration candidates are Bill McCasland, Bill Gillespie, Guin E. Byers, Earl Lockhart and Margaret Klaus.

Two students, Corine Thomas and Margaret Klaus, took out petitions too late to meet The Toreador picture deadline. Joan Chapman, candidate for arts and science representative, failed to meet the council's deadline with her petitions.

Ballot boxes will be placed in the rotunda of the Administration building and in the Engineering building for the special election Monday, Formby said.

Students from the divisions of arts and sciences and business administration will vote in the Administration building and those from engineering will cast their ballots in the Engineering building. Voting time is from 8-12 and 1-5, Monday.

Election winners will be announced in the next issue of The Toreador. If a run-off election is necessary, it will be held Thursday, Formby said. New members will take their oath of office at the meeting of the Student Council, 7:30 p. m., Feb. 28, Ad-220.

English Department Plans To Continue Special Sections

Truman W. Camp, English department chairman, said Thursday that the 131 English experiment in special sections for poor students conducted last semester was a moderate success.

Students were placed by the grades they made on their entrance exams, low sections being given extra drill on the fundamentals of writing and regular sections progressing more rapidly. As a result of the program, the percentage of failures was held to last year's level in contrast to a definite increase in other departments.

Camp says that the program is to be continued next semester.

Miss Cecilia Thompson Joins Tech Speech Staff

Miss Cecilia Thompson, formerly with Sul Ross State Teacher's college at Alpine, has joined the speech staff at Tech as an instructor of business and professional speech, fundamentals of speech, and voice and diction. Miss Thompson received an M.A. degree from the University of Iowa and has done part time teaching and work on her doctorate at the University of Michigan and the University of Iowa. She has also taught at Oklahoma College for Women.

The candidates have all met the qualifications necessary to run for and hold office as outlined in Sections 301 and 302 of the Constitution of the Student Association.

These qualifications are that the student must be enrolled in at least 12 hours of residence credit and that he be registered in the division from which he is elected. The person seeking office must also be nominated by a petition signed by at least 10 members of the student body. In addition to the previously named requirements, the student must have an overall C average and the same average for the semester preceding the one in which he runs for office.

The nominating petitions were picked up in the Student Council office and returned to the same place. Deadline for the return of the petitions was 5 p. m., Thursday.

The positions which are being contested on the Student Council were left vacant by students graduating at mid-year. Graduating representatives were Hubert Beizer, engineering representative; from Lindsay, W. O. (Dub) Boswell, business administration representative from Sweetwater and Joe Meador, arts and sciences representative from Matador.

Emergency Group Studies Problems Facing Students

Announcement concerning work being done by an emergency committee studying problems confronting foreign students is expected to be made after the group meets at 2 p.m. Tuesday in Ad-114, James G. Allen, dean of men and committee chairman, said Thursday.

The committee, appointed by Pres. D. M. Wiggins, is to study and make recommendations to financial problems faced by Tech's foreign students as a result of the closing of money exchange between the United States and some foreign nations.

A second phase of the committee's work will be contacting proper agencies, such as the Department of State, to see if any improvement is to be expected in those factors creating the problems. The group is also to study an admissions policy for foreign students to be effective in June and September, 1949.

The Board of Directors has approved the appropriation of \$3,750 for scholarships for qualified citizens of Latin American countries and the possessions of the United States.

Under terms of the scholarship provisions, an applicant to be eligible must be a graduate of a secondary school equivalent to high school in the United States and must be able to read, write and speak English sufficiently well to permit successful pursuit of regular college courses.

The student must satisfy the scholarship committee that sufficient progress is being made to justify continuation of the scholarship into the second semester if his grade average falls below C. He must make a C grade point average in at least 12 hours' work during the second semester and each semester thereafter.

Clyde M. Jones, who graduated in January '49 is employed as distributor engineer for Southwestern Public Service company in Silverton.

Eloise Mench, who has been out of school for a semester, has returned to Tech to continue her pre-med work.

Eldon Dennis To Address Tech Science Club Monday

P. Eldon Dennis, lecturer in the geology department, will address the Tech Faculty Science club at 7:30 p.m. Monday in H. E. 102 said Miss Mabel D. Erwin, president.

Dennis will speak on "Beauty of Rocks and Minerals". The talk will be based on colored slides of the Harvard mineral collection and will be supplemented by a display of gems and con. minerals. A social hour will follow.

COSMOPOLITANS—Members of the Cosmopolitan club shown at their first meeting are, left to right, Mrs. Villa Ma (China), Tom Cleveland (Belgian Congo, Africa), Diana Young (China), Joe Ma (China), Carl Schmidt (Mexico), Jim Young (China), Benjamin Cano (Mexico), Isik Pinhas, vice president, Turkey, Jim D'Acosta, president, (Mexico), Mr. and Mrs. William J. Felts (Mexico), Dean J. G. Allen, sponsor, Carlos Medina (Mexico), Mrs. Sally A. Witte, secretary, (Mexico), Jack Witte (Mexico), Moung Dyouk (Burma), Guillermo Bello (Venezuela), Felix Oliver (Puerto Rico), Victor Lolas (Peru), Guillermo "Willie" Perea, treasurer, (Peru) and Jose Braga (Brazil). The Cosmopolitan, organized by Tech's international students representing nine countries, was temporarily approved as a campus club by the social activities committee Feb. 14. (Reeves Photo).

Hearing Set For Tech's Budget

Hearing on Tech's request for a \$4,676,703.36 appropriation for the next biennium will be held Wednesday afternoon in Austin, Frank Junell, assistant to the president, said Thursday.

Dr. D. M. Wiggins, president, is to appear before the Finance committee of the Senate and the Appropriations committee of the House when the college budget comes under consideration.

The amount of money which Tech has requested for the next two years is 17 per cent higher than the total asked for the last biennium, the increase being made in order to meet the same percentage rise in the cost of living.

Doctor Wiggins said at the first general faculty meeting of the semester on Feb. 9 that all appropriation requests from state-supported schools are being submitted on one bill.

On Friday, Doctor Wiggins was in Waco meeting with executives from 15 other state-supported colleges and universities for discussion of the \$45,000,000 college building fund program.

The conference was to include debate on manner of issuing bonds under the program. As provided by the long-contested constitutional amendment, the University of Texas and Texas A&M will be permitted to issue \$10,000,000 and \$5,000,000, respectively, on a 10-year program for new construction. The other state schools may issue \$30,000,000 for a 20-year building program, each school sharing in proportion to its enrollment.

On Monday and Tuesday, Doctor Wiggins was in Fort Worth where he spoke at meetings of the Texas

New Officers Are Elected For Men's Dormitory IV

Dale Turner was elected vice-president of Men's Dorm IV, Tuesday, in a housemeeting called to replace officers left vacant and to make plans for the spring semester, Raymond Hanson, dorm reporter, said Thursday.

Other officers elected or appointed were Travis Tadlock, treasurer; Dick Vestal, social committee chairman; Raymond Hanson, reporter; and George Truett, membership committee chairman.

The residents discussed improving conditions around the dorm, possible appropriations to buy a radio phonograph, and social activities for the semester. No decision was reached on the last two items, Hanson said.

PRE-LAWS ELECT OFFICERS

The Pre-law club elected three new officers last week to fill vacancies left by resignations, announced Alton Griffin, sophomore student in the Arts and Science division. The new president is Alton Griffin; prosecuting attorney, Stanley Denny; and defense attorney, Frances Hartfiel.

The resigning president was Max Osborn; prosecuting attorney, Alton Griffin; and defense attorney, Ed Whittenburg.

Plans were discussed for the spring trial which will come the last week of March or the first week in April, Griffin said.

Bankers association and the Professional Men's club.

Mrs. Walker To Entertain Casa Linda Residents

Casa Linda residents will be guests at a dessert coffee to be given by Mrs. Margarette W. Walker, dean of women, from 1 to 3 p.m. tomorrow in her home, 2124 Thirteenth street. Miss June Hanson, assistant to the dean of women, will be co-hostess.

Mrs. Walker will discuss good social usage.

This affair will initiate a series of similar programs to be set up by the social activities committee for the nineteen Casa Linda residents, Mrs. Walker said. Purposes of the meetings, as outlined by the dean of women, are to work toward advancement in group living and personal growth.

Professor J. J. Willingham will attend a meeting of the Texas Dairy Producers Institute in Dallas February 27.

Drane, Women's Dorm IV Elect Officers This Week

Marilou Williams was elected freshman representative in housemeeting Tuesday night in Women's Dorm IV, Earline Easterbrook, dormitory president, said Thursday.

Other officers elected were Maylene Meester, sophomore representative; and Mary Jeanne Nangle, junior.

In an election held Monday night in Drane hall, Lucille Sorrells was chosen president; Emma Jewel Morrison, vice-pres.; Imogene Schrank, finance chairman; Pat Noland, freshman representative; Patsy Inglis, AWS representative; Wanda Elizabeth Johnson, senior representative; and Myra Bounds, junior representative.

DOUBLE T

Texas Tech Double T dance will be from 9:00 until 12:00 p.m. tonight in the gymnasium. Ted Crager's orchestra will play for the dance. Chaperones are Mr. and Mrs. George Langford and Dr. and Mrs. Michie.

Convocation Set Sunday at 2 P.M. For Male Pledges

Compulsory convocation for men interested in pledging men's social clubs this semester will be at 2 p.m. tomorrow in C-101, James G. Allen, dean of men, announced Wednesday.

In order to be eligible to participate, those interested must have attended Tech for at least one semester and be taking at least nine semester hours. Also, the participant must not be on either academic or disciplinary probation, Dean Allen emphasized.

Explanation of rush week and rush rules will be given by Dean Allen at the convocation. Also present will be the presidents and rush captains of the seven men's social clubs. Club presidents are Bill Hoffman, Kemas; John Simpson, Silver Key; Don Shirley, Soeli; Bill Gillespie, Centaur; Bill Stalls, Los Camaradas; Roy Butler, College Club; and John Waddell, Wranglers. Rush captains are Scott McDonald, Kemas; Bernard Bevis and Bobby Salem, Silver Key; Steve Payne, Soeli; Lee Ray Swim, Centaur; Neal Montgomery, Los Camaradas; D. C. Stubblefield, College Club; and Fred Schultz, Wranglers.

Each club will have a rush party following convocation. They will be from 7 to 9 p.m. in the Lubbock hotel on the following dates: College Club, Feb. 21; Silver Key, Feb. 22; Centaur, Feb. 23; Wrangler, Feb. 24; Los Camaradas, March 1; Soeli, March 2; and Kemas, March 3.

Rush week will end with a pledging convocation from 4:45 to 6:15 p.m. March 4 in C-101, Dean Allen stated.

Annual Socii Club Orchid Dance Set Tonight At Hotel Lubbock

Socii social club will feature its annual formal Orchid dance from 9 to 12 p. m. tonight at the Lubbock hotel.

Displaying the theme of Orchid club, spotlights will be used to highlight decorative orchids placed in the corners of the ballroom.

Dance music will be furnished by Burl Hubbard and his orchestra. Members and their dates who will attend are Steve Payne, Joan Powell; Tommy Bailiff, Marjory Ball; Dickie Buckels, Jeannie Hugan; Winfred Chunn, Joan Phillips; Winston Churchill, Jane Skir-

ner; Robert Lee Craig, Mary B. Turner; Claude Donaldson, Helen Moore.

Jim Easley, Patsy Slagle; James Evans, Janelle Turner; Ben Fortner, Anabel Harrel; Andy Griffin, Pat Cox; Charles Hajek, Gay Reeves; Don Loshier, Jean Pratt; Bob Martyn, Dorothy Harrison; Erwin Moore, Mary Ellen Patton; John R. Murray, Joyce Simms; Gus Reeves, Peggy Abernathy; Austin Rose, Marie Gikas; Mack Saled, Lam McKay; Don Sloan; Ruth Hopping; Lee Southern; Betty Willis; Tite Troost, Bobbe

McHugh; Buddy Ward, Nancy Crawley; Andy Willingham, Mary Christian.

Weiborn Willingham, Maxine McCollum; Bill Wilson, Gayle Walters; Gene Hamilton, Mary Jean Naugley; Johnny Hill, Mary Lou Moore; N. J. Reed, Louneta Jones; Durwood Crawford, Mary Harral; Messers, and Mesdames Fred Libby, Albin Rippstein, and Joe L. Terry.

Major William Curik, club sponsor, will be present as a chaperon.

Joyce Pember, freshman home economics major, attended the annual military ball of A&M at College Station, Feb. 12. Present at the ball were Beauford Jester, governor of Texas, and Audit Murphy, most decorated soldier of World War II. Vaughn Monroe, widely known vocalist, and his orchestra played for the ball.

Wranglers Elect Spring Officers

Wrangler social club elected new officers for the spring semester at its regular club meeting Wednesday night.

The organization elected John Waddell, president; Neal Glesner, vice president; Bill Foley, recording secretary; Austin McDonald, corresponding secretary; and Don Keith, treasurer.

Ed Campbell was elected pledge trainer; Fred Schultz, rush captain; Bob Watson, historian and reporter; and Herman High, sergeant at arms.

SOCIETY SHORTS

PRE-LAW PICNIC

MacKenzie park is to be the scene of the picnic given by members of the Pre-Law club at 5:30 p. m. Tuesday. The group is to meet at the Administration building at 5:15 p. m. and go to the park as a group.

Guests who are to be present include S. M. Kennedy and R. D. Mack, club sponsor.

PRESS OFFICERS

C. E. Wendt was re-elected as president, Jane Skinner as secretary of the Press club at its first spring semester meeting Tuesday afternoon at the journalism building.

Other officers elected were Keith Anderson, first vice president; Carol Jo Wheeler, second vice president; Glenna Winston, treasurer; Jerry Henderson, parliamentarian; and Orlin Brewer, sergeant at arms.

Wendt selected a committee, consisting of Keith Anderson, chairman, Rickey Archer and Jane Skinner, to investigate plans for improving membership. These plans are to be submitted to the club at its next regular meeting.

SMOKER

Sigma Gamma Epsilon, Tech chapter of national honorary fraternity of geologists and petroleum

engineers, will have its annual spring smoker at 7:30 p. m. Tuesday in C-205, Steve Johnston, president of the club, announced Wednesday. Junior and senior geologists and petroleum engineers are also invited, Johnston said.

GRAD SIGNED

Lee Graham, Tech graduate, has been signed by Roy Golden, New York producer, for his musical review, "Alive and Kicking," which opens in New Haven, Conn., on April 1 and moves to Broadway April 15. He will introduce a ballad called "If You Don't Love Me," written by Hoagy Carmichael, in the show.

Graham has been working in summer stock companies at Rockaway Beach, N. Y., for six months in such plays as "Room Service," "Of Mice and Men," and "Good News." He also had a part in the motion picture, "The Secret Life of Walter Mitty."

How Romantic can a love song be?

VAUGHN MONROE has the answer in "MY OWN TRUE LOVE"

New RCA Victor Release

Here's dream-stuff that says, "Gather 'round and let's play that again!" Smooth-singing Vaughn Monroe and his Moon Maids make love really talk in this honey of a new recording.

How MILD can a cigarette be?

Make the CAMEL 30-DAY TEST and see!

In a recent coast to coast test of hundreds of people who smoked only Camels for 30 days—an average of one to two packs a day—noted throat specialists, after making weekly examinations, reported

NOT ONE SINGLE CASE OF THROAT IRRITATION

due to smoking

Camels

Money-Back Guarantee: Smoke Camels and test them in your own "T-Zone." T for taste, T for throat. If, at any time, you are not convinced that Camels are the mildest cigarette you ever smoked, return the package with the unused Camels and we will refund its full purchase price, plus postage. (Signed) R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

THAT 30-DAY MILDNESS TEST I MADE SURE CONVINCED ME—NOW IT'S CAMELS AND ONLY CAMELS FOR ME!

I'M A CAMEL SMOKER FROM WAY BACK. I KNOW CAMELS ARE MILD. AND CAMELS SURE HAVE THE FLAVOR!

Vaughn Monroe talks it over with one of his lovely Moon Maids, June Hiett. Hear them on the Camel Caravan...Saturday nights...CBS.

How Big Is The Debt We Owe To The War Veteran?

The announcement that a national bonus bill for veterans of World Wars I and II has passed the veterans committee of the United States House of Representatives should make all of us stop and wonder just how far the well-wishers intend to carry the business of bonuses.

An official of the Veterans administration has estimated this national proposal, which has the sanction of the powerful American Legion, would cost \$125,000,000 the first year, \$1,000,000,000 in the tenth year, and a peak of \$6,500,000,000 in 1939.

Every veteran of both World Wars would be provided \$90 per month upon reaching the age of 65. In addition, disabled veterans would receive from \$20 to \$90 a month, the latter in case of total disability, with an additional \$120 a month to veterans requiring attendants.

A wide variety of soldier bonus legislation via the constitutional amendment route awaits action in the Texas legislature.

One would permit the creation of a debt not to exceed 400 million dollars for payment of bonuses to veterans of both wars. This plan would give \$250 to each veteran who served within the continental limits of the United States. Another \$250 would go to veterans who served at least three months outside the territorial limits of this nation. Next of kin of men killed in service would be eligible to receive the bonuses.

Another proposal would include veterans of the Spanish-American War as well as both World Wars. The suggested amendment gives power to the legislature and requires it to supplement monthly wages of Texas veterans, their widows or next of kin.

Veterans would receive \$10 per month for each month of military service within the continental limits; \$15 for each month spent outside this country; \$30 per month for the time they were prisoners of war. Next of kin of men who died in service would draw double the maximum amounts. Officials estimate the immediate cost of this latter proposal at more than \$30,000,000.

Granted that Texas, the nation, and indeed the world, owes a debt of gratitude to the American men of arms over the past 50 years who have done so much to rid the world of despotism, "to make the world safe for democracy." But let us not forget also that those men have their debt to the same mighty democratic nation that forced many of them into uniform. They owe a debt, at least to the extent of protection, to the country that affords them more and greater opportunities for a way of life that is unexcelled in any other country on the globe.

Chances are good that without the men and women for which we ask there be no bonus, we could not be living in a free nation today.

But do we owe them so great a debt of gratitude that several generations would be required to pay the bill? Can they honestly consider the debt worthy of the tax burden which would necessarily be thrust upon their children?

Have we right to speak of giving \$400,000,000—or \$6,500,000,000—to a comparative handful of persons when our schools are not adequately equipped nor our teachers sufficiently paid to provide the best possible education for those children? When a lack of funds prevents us from coping with an increasing juvenile delinquency problem? When our prison system is a breeding place for sexual perverts? We believe any thoughtful citizen will agree that our debt is more to the future generations than to the present. It is through those children of the future, with proper education and training, that we hope to attain world peace.

He Scorched The Earth

Somebody wrote a scorching letter to the editor. He literally burned up the earth with sarcasm. He put the torch to a certain campus group; suggested that conditions weren't as they should be.

We enjoyed the letter, read it twice, and like all of its kind, tossed it in the waste basket. We disagreed with 90 per cent of the charges made in the letter, but that was not the reason we consigned it to the incinerator.

The writer, after pouring out his soul, had signed only an initial at the end. He had forgotten that no letters without complete signatures can be printed in *The Toreador*, though the paper always omits publication of the writer's name if he requests that we do so.

DUB KUYKENDALL

... And then I said, "Prof Schmaltz, I've had this course five times and you're the worst instructor yet!"

THE PYRAMID OF MATERIALISM

Letters To The Editor

Dear Editor:

I can think of nothing more characteristic of our present-day attitude than a pyramid club. In a society where materialism has risen so high in scientific improvements and complex ways of living, and where cultural, religious and other spiritual phases have begun such a rapid decline, it seems quite fitting that this new activity should appear to take its place beside radio contests, power politics and pensions for everyone. But when a person's perception has become so dulled that he cannot see that the fundamental principles underlying a simple scheme like Pyramid clubs are completely unethical and unchristian, then it is also understandable that he should try to accumulate his wealth at the expense of those who are less clever than he and should seek security and power through property and physical strength.

I wish I could feel assured that when I leave school and enter into the business world I would be able to associate with persons who are interested more in the welfare of all the people and who believe in earning their pay by performing a service to their society rather than by grabbing it whenever the other man can be caught unawares. But I fear I am going to be forced to keep in mind a certain list of friends whom I cannot completely trust because I know that they will be ready to take advantage of someone less fortunate.

C. M. Gordon

Dear Editor,

Feminine logic is notoriously inefficient, and therefore we would like to present our problem to a whole campus. What we can't fig-

ure out is why the girls are penalized because the boys are failing. We know we're quite an influence on their lives—but even at egotistical moments, we realize it isn't that much.

It was hard to get statistics to back up our gripes and accusations—in fact, one of us had to practically steal the "flunk sheets", but here are the results:

Preliminary note—we personally combed each sheet of failures from each division and counted the boys and girls that were failing one or more courses. We leaned over backward to give the boys every advantage, for example, some names were of indeterminate gender. We counted Marion, Cecile, Bobbie, Frances and most of the Billies and Francises as girls. As accurately as we can determine, this is the statistics:

	Girls	Boys
H. E. Department	109	0
A. & S. Department	215	387
Bis. Ad Dept.	32	88
Aggie Dept.	2	188
Engineer Department	41	568
	399	1231

Yes, we concede, that at Tech there are approximately 3 boys to every girl—the ratio of failures is also 3 to 1 in favor of the boys. But are there 3 boys who stay at home to every girl who has only 8.30's?

We sincerely agree that something should be done to eliminate so many failures but we also believe more study should be made to determine the causes of failures and first eliminate those, then place restrictions upon those at fault and not just the girls.

Six Inmate Dorm Coeds P.S. We thank Charlie Reynolds for his interests in our behalf.

Potpourri

Dear Pot,

People grasping
Cocktail glasses
Stand in gasping
Teeming masses,
People smoking,
People drinking,
Coughing, choking,
Getting stinking,
Some discreetly
Boiled or fried,
Some completely
Ossified.

Liquor spilling,
Trousers sopping,
Bodies drooping,
Glasses falling
On the floor
People calling,
"Drop some more"

Bodies gleaming,
Morals stretching,
Morals screaming,
Freshman retching,
People lurching
Toward the head,
People searching
For a bed.

Heavy smoking
Air gets thicker
Someone croaking
"No more liquor"
What? What??,??

No... More... Liquor...
People snicker
Unbelieving,
No more liquor?
No more drinking?
Groans and hisses!
What a stinking
Party this is.

HAB

Dear Pot,

When he parks his little flivver,
Down beside the moon river,
And his heart is all aglitter,
Baby, he's a wolf.
If he says your gorgeous looking,
And your dark eyes set him
cooking,
But your eyes ain't where he's
looking,
Baby, he's a wolf.
If he holds himself next to you,
And his arms are strong as sinew
And he stirs the gypsy in you,
Baby, you're the wolf.
E.S.

He who laughs last has found a meaning the censor's missed.

See you Wednesday... until then how about more contributions.
...Pot

By ORLIN BREWER

El Toro Grande

A paragraph in News Editor James Smith's story of the recent meeting of the Tech board of directors probably slipped by most of us without registering particularly. We think it deserves a little more attention in view of the fact that it tells how Tech students will get their first REAL activity ticket on the annual \$15 investment made for such purpose.

Added to the usual athletic privileges granted with purchase of the ticket is admission to Artist courses and regular Recreation hall functions. An additional 50 cents per semester was allocated to the student council, giving at least \$5,000 extra per year for application to student functions and publications.

Any way you figure it, the student comes out winner. Supposing this year's student purchased tickets for both semester's functions of the Artist course and Rec hall. He would find that he had spent approximately ten dollars in addition to the \$15 price of the activity ticket. This small ten dollar saving is brought about by reducing the health fee from \$8.90 to \$6 for both terms. We don't know how they manage it, but as long as we all remain healthy, we're in favor of it.

Elections hit us in the face Monday and we'd like to see a heavy vote for several reasons. Positions on the Student Council may seem unimportant to the average student, but the responsibilities of this student governing group make it imperative that we elect the most capable and conscientious individuals available. The powers of the group are as great as the responsibilities. Next year, if as many as 6,000 students enroll in Tech, the council will handle the purse strings to \$16,500 taken from the student activity fee mentioned above.

Another indication of power might well be illustrated by a paragraph in the last issue of *The Toreador*:

"Before the (council) meeting adjourned, a letter from the Journalism department which sought financial assistance in staging the Southwestern Journalism congress here April 29-30 was read. The council voted not to appropriate any money to the department until it is ascertained how badly the money is needed and how it will be spent."

A successful congress means a great deal to the journalism department. This congress, which brings student and faculty representatives from several major institutions, and (usually) widely known speakers in the field of journalism, comes to Tech only once each 13 years. It's a big event and the council is in a position to say "we'll give \$50, \$300 or, no, we won't give anything."

We're not censuring the council for thoughtful and cautious action before handing out money. We're simply trying to point out that persons capable of such actions and representative of the student body are necessary.

We're saying that Monday is a good time NOT to forget that three vacancies are being filled in the student council and that it's up to you, individually, to elect the right men.

THE TOREADOR

THE TOREADOR, student newspaper of Texas Technological college, is published every Wednesday and Saturday on the Campus of Texas Technological college at Lubbock by the associated students of the college.

Entered as second class matter, October 31, 1925, at the postoffice in Lubbock, Texas, under an Act of March 3, 1879.

Pianist's Finesse, Surety, Enthrall Large Audience

By JAMES F. SMITH
Toreador News Editor

Displaying the finesse and surety of technique which have earned him acclaim at home and abroad, Pianist Eugene List enthralled an audience of approximately 1,200 persons in the first concert of the spring Artists Course series Wednesday night.

Presenting selections as notable for the deftness they required as for the melody they contained, List proved his great ability to handle the most intricate compositions.

Evidence of his skill was the fact that he was applauded back onto the stage for 10 curtain calls and four encores before the clamouring audience was appeased.

A chorale prelude by Bach-Hess and the C-Minor toccata of Bach opened the program, giving List the first opportunity to exhibit his competence. But it was with Schumann's "Carnival in Vienna" and Brahms' "Variations on A Theme of Paganini" that he established without question the quality of his consummate artistry.

With Ravel's "Ondine," reminiscent of the flowing rhythms of Debussy, and Chopin's "Ecosseaises," he provided a counterpoint to the stormy, stirring "Hungarian Rhapsody No. Six" of Franz Liszt. His encores included two Gershwin preludes, a melody of Strauss waltzes, three "perpetual motion" movements and Schubert's "Moment Musical in F-Minor." Before performing Chopin's "Waltz in C-Sharp Minor" as an encore, List stepped to the footlights and explained that this number was President Truman's favorite. When List played this waltz for the Big Three at Potsdam, the president turned the pages for him.

Wiley Has 'Accidental' Career

'Texas Tech' Players Require Coffee Funds

By HILERY MATHER
Toreador Staff Writer

Texas Tech has its own brand of poker, at least according to Oswald Jacoby in his book on how to play the great American game of poker.

In his new book *On Poker*, revised edition, published by Doubleday and Company, Inc., Mr. Jacoby describes "Texas Tech," or "Double-Barreled Shotgun" as being a game in which the beginner has less chance to escape with his whole skin than in most any other game. This statement has been confirmed by some of the more prominent gamblers on the campus. In the words of one pastebord artist, "it can get mighty damn bloody!"

One reason why it is such a "cut-throat" game is that there are seven rounds of betting, whereas, in most poker games, there are only five. Another reason why the

game is "bloody" is that the pot is divided between the man with the high hand and the man with the low hand.

Frequently, when there has been one or two rounds of betting and there are only three men left playing, one of these men may be in the "driver's seat". When a man is in the driver's seat, it means his hand is high and the other two are low, or his hand is low and the other two are high.

When this situation arises, the man in the driver's seat can raise the betting to the limit and someone is likely to get "burned".

Each player is dealt three cards, and following a round of betting, those remaining in the pot receive a fourth card. Then there is a second round of betting; a fifth card is dealt, followed by a third round of betting and a draw (players may try to "fill" their hands up by drawing one to three cards).

After the draw, each player exposes one card. There is another round of betting. A second card is exposed followed by a second round of betting. This continues until all except one card is exposed.

After four cards are exposed, the players have to declare whether they are going high or low. Usually the pot is big enough to make any winner mighty happy.

Some of the gambling crowd have this word of advice to the man who wants to try his luck at "Texas Tech": "Save enough money out to buy coffee with in the morning."

Prof. D. O. Wiley, Tech band director, who is considered the dean of Texas band directors, really began this type of work accidentally. He started his career as a violin teacher. In 1922, when the director who had been hired at Hardin-Simmons did not arrive, "I was drafted," Wiley said.

After spending 13 years in Abilene and conducting a tour through Europe which made the Hardin-Simmons Cowboy band world-famous, Wiley came to Tech. He has been on the Tech faculty for 15 years during which time the Tech band has toured all the Pacific southwest. During a leave of absence, he taught at Whiting High school in Indiana for one year. "I didn't like it, so I didn't stay long," Doctor Wiley says laughingly.

Having been secretary of the Texas Music Educators association since 1942, and president in 1935 and 1936, the Tech band director has worked with young people all over Texas, New Mexico and Oklahoma. Also, as editor of Texas Music Educator which is printed September through May, he is in close association with music organizations.

Wiley started playing the violin when he was only five years old and living in Graham, Texas. He later studied in Fort Worth and then went to the Chicago Conservatory of Music, enrolling as a special student, he studied under Carl Venh, who was dean of music at what is now Texas Wesleyan College. At that time, it was a woman's school. Venh was considered the leading violin teacher in the Southwest. Jacques Gordon, who

was concert master of Chicago symphony orchestra, was also one of Professor Wiley's teachers.

The band director has a friendly easy-going manner which enables him to be a friend as well as instructor. Students meet him and yell "Hiya Prof." rather than a formal "Hello, Professor Wiley". His interest in his work is so profound, others hold a deep regard for his field of work after talking to him.

One band student remarked "You know, I believe Wiley knows everybody in the state of Texas by his first name. At least, every time we go on a tour, he has to call up a 'Tom' or 'Joe' in every town."

Many humorous incidents have occurred during Wiley's teaching experience. He specifically remembered a tuba player who was in Tech in the 1930's. While on tour, the student was playing a solo with the band accompanying him. The boy, who had been having trouble with a high note that almost went out of his range, hit it so well that he stopped playing in the middle of the number and held out his hand for Professor Wiley to take. The band director shook hands with him and the incident practically stopped the performance.

Mrs. Reeves To Replace Godfrey In English Dept.

Mrs. Emma Reeves is to replace John Godfrey as a graduate teaching assistant in the English department. She taught freshman English here last semester.

Godfrey is resigning because of poor health and plans to return to his home in Bethlehem, Pennsylvania.

Sed Levy, 1949 January graduate, is training in Houston for work in sales promotion for Swift Packing Company. He will be transferred to a Ft. Worth branch about the middle of August.

WRA Announces Plans For New Sports Program

Women's Recreational Association is planning a women's intramural basketball and baseball program, Betty Jay, club reporter, said Friday. No definite dates have been set.

Other activities for this semester include: bowling from 4-6 p.m. on Monday; tennis from 5-6 p.m. on Tuesday; social dancing from 7-8 p. m. on Wednesday; (boys are invited to attend), and volley ball and basketball from 4-6 p.m. on Friday.

WRA is organized to promote athletics among women students. Any girl can obtain points by participating in activities which are sponsored by the organization. She is eligible for membership to the club when she has received 24 points. This system is also used to determine the various awards. A WRA pin is received for 500 points, a Double T letter for 1000 units, and a bracelet for 1500. Four points are given for each hour of participation in a WRA activity and two points for sports outside of WRA. No person can take more than 150 units in one sport in one semester.

Four girls have received the Double T letter. They are Betty Jay, junior business major from Lubbock; Carla Von Roeder, home economics major from Snyder who graduated this semester; Luellie Sorrells, senior home economics major from Knapp, and Faye Harlan, physical education major who has received her degree.

Each year the club sponsors a cabaret party, a breakfast, Play Day, a banquet and a senior picnic. This year, it is also sponsoring a concert by the T.S.C.W. Modern Dance group in Tech gym April 25 and Jimmie Closser's Square Dance group in the Tech gym March 14.

Officers of WRA include Nina Starky, president; Jo Verden, vice president; Lillian Franklin, treasurer; Margaret Brown, secretary; and Virginia Kennedy, AWS representative, and reporter, Betty Jay.

Former Raider Letterman To Coach At U Of Idaho

R. A. (Babe) Curfman, '39 Tech graduate and former head football coach at New Mexico A & M college, has become assistant coach at the University of Idaho.

Curfman lettered here as a full-back in 1936-37. For the past year he and his wife have resided in Abilene where he was engaged as a sporting goods salesman.

Mrs. Margaret W. Walker, dean of women, will discuss music appreciation at 6:30 p. m. Friday at St. John's Methodist church for a dinner meeting of the married couples Sunday school class.

Roy Pino (26), Aggie center, also grabs high and R. Apodaca (24), visiting guard, rushes in to help. Jiggs Jackson (55), Tech guard, is in too close to the board, while James Hill, his team-mate, steps from behind Stallings to get the ball a moment later. (Roper-Gibson Photo).

Fencing Tournery Postponed

The Tech fencing team returned from the Baylor encounter victorious, and with the idea of sending the John Tinsleton team home with a decisive defeat for a companion on the journey back.

The tournament with the Junior Aggies has been postponed from March 12 to March 26. The match will be held in the Tech gym. If the Tech team finds victory in the engagement, they will travel to Dallas to participate in a tournament which will determine the winner of the Northern and Southern zone of the Amateur Fencers League of America. The finals of this league will be held in the latter part of April.

FISH PLAY MONDAY

Tech's freshmen basketballs will play the Wayland college quint Monday at 8 p.m. in the Wayland gym, Plainview.

SUMMER SESSION BULLETIN AVAILABLE AT REGISTRAR'S

The summer session bulletin for 1949 can be picked up at the registrar's office during the last week in February said W. P. Clement. The plan is to get them to all summer school prospects early.

This 53 page bulletin is the largest that Tech has ever printed for the summer session. 7500 copies will be at the disposal of all interested students.

Tech Meets WTSTC Here Tuesday Night

The Raiders, after easily defeating the New Mexico Aggie 63-47 Tuesday to win their ninth Border conference game, will meet the West Texas Buffaloes here next Tuesday night in Tech last home conference game.

The Buffaloes, possibly the best ball-handling organization in the conference, will star J. W. Malone, former All-American, and Hubert Kitchens, their leading scorer, who has averaged 9 points a game. West Texas has two teams, a big team and a little fast team, which they change practically at the same time. They alternate a zone defense and a pressing man-to-man defense.

Tech defeated the Buffaloes 53-30 in a previous encounter. Last Tuesday night's contest with the New Mexico Aggies was never in question, with the Raiders running up a 12-1 margin at one time in the early part of the first half. A flurry of Tech field goals ran the count to 27-9 in the middle of the first half and from then on it was Tech's game.

The Aggie team rallied just before the half, and Porter, high man for the visitors with 15 points, caged three goals before the half. He had good support from Meerscheidt and Stallings, the combination cutting the Raider margin to 31-20 at the half.

Tech came back after the intermission to run their lead out to 37-22 after four minutes. The Tech lead dwindled for the space of five minutes, but the visitors were never able to get closer than 14 points.

The final moments of the game found reserves in action for the Raiders, who were content to keep the ball away from the Aggies and work for crisp shots.

Don Grove, towering Raider center, took scoring honors with 16 points, while Gibson had 13 and Banks 12 for runner-up positions.

Tech's defeat of the Aggies placed them ahead of Arizona in the number of victories. The Raiders were not able to dislodge the Wild-

cats through the victory but were able to strengthen their second place position.

FIRST GRAD

Mrs. Mary Dale Buckner, who was the first graduate of Tech, has accepted an invitation to become a member of the faculty. Roosevelt college, Chicago began September of this year. Mrs. Buckner earned the first Wyatt Hedrick scholarship for high scholastic standing and was a member of the Tech English faculty for several years. She will be an associate professor in the School of Commerce and will teach technical writing and office management at Roosevelt college.

Eagles Maintain League Lead Despite 31-28 Loss To Doak

West hall Eagles retained their lead in the Dorm league despite the 31-28 defeat they suffered at the hands of the Doak Mares in a series of five intramural games played Monday night.

Floyd Bingham, Richard Martin, and Gene Gaston tied for high-point honors for the Mares with seven points each. Charles Smith scored 13 points for the Eagles. The Eagles have won four games and lost one.

Doak Green Hornets dropped second Bobcats 28-11. Hornet Tom "Smiler" scored seven points, and Bob Horan made three points for the Cats.

Petroleum Engineers and Geologists over-ran the Fifth Street Ramblers 36-18. J. A. Blackwell scored 13 points for the Geologists, and Gilbert Iverson made seven points for the Ramblers.

The Elks downed the Wildcats 19-24. E. L. Darbe and Pat Clepper scored nine points each to tie for high-point position for the Elks, and P. Wheeler made nine for the

Wildcats. Dusters defeated Thomas T Totlers 31-27. Bains was high Duster with 10 points, and Lucas was high T Totler with 11 points.

Arthur Rampy, Bo Barkowsky, Glen Chapman, and Roland Drake officiated the games.

13 Varsity Golf Hopefuls Report

Morley Jennings told the 13 hopeful varsity golfers who reported Wednesday to practice as much as possible until March 1. All boys capable of "breaking 80" by that time will be given a 2-weeks membership at the Meadowbrook Golf club.

Aspirant golfers must have their schedules and two or three completed score cards turned in by Feb. 28.

Early in March, all prospects will shoot 36 holes for medal score, with the four lowest scores being the temporary members of the team. This routine will be repeated every 2 weeks in order to give the boys who have improved their game an opportunity to try for the team again.

Below are the golfers who reported Wednesday:

- James F. Cook, J. R. Carpenter, Richard Rozar, Jesse D. Horne, Ted H. Forsyth, John R. Trout, Frank B. Wilson, Zac R. Henderson, James R. Cole, Chester F. Jackson, R. R. Martin, Val Norman and Billie Creagh.

DELL MORGAN SAYS

Texas Tech Would Be 'Silly' To Join Big State Conference

Declaring that Texas Tech will not join the newly organized Big State conference and predicting play in the Border conference next fall will be "the toughest in history," Coach Dell Morgan of Tech has set Monday, March 7, for start of spring football practice.

Morgan was emphatic in stating that Texas Tech has no desire to shift to the Big State conference. "Reports have been current that we plan to change to the Big State," he said. "There positively is no truth to the report. Why should we drop out of the Border conference, which has functioned well for 20 years, to join a weaker

circle? Such action would be silly."

"Texas Tech this fall will have its hands full defending its Border conference title and attempting to be champion for the third straight year," he added. "It looks like all our opponents will be stronger and the Border race should be the tightest in history. Much must be accomplished during spring training."

Tech lost eight of its varsity squad through graduation, but will have 25 lettermen back for spring training and fall service. Gone will be Ends Bill Kelley of Idalou, J. L. Gulley of Quanah, and Frank Ottmers of Fredericksburg; Guards Don Orr of Graham and Dorrell McCurry of Lubbock; and Backs Zac Henderson of Quanah, Glenn Lewis of Quitaque and Charles Reynolds of Odessa. Kelley and Lewis have signed with the Green Bay Packers. Several members of the 1948 freshman squad are expected to aid Tech materially.

At the beginning of this season, University of Alabama football teams had won 311 games, lost 109 and tied 23 for a .740 percentage.

Ernest Hamer, who graduated with a BS in mechanical engineering the past semester, is working toward a second degree.

Bowlers Appoint 8 Team Captains

Eight team captains for the Tech Bowling league were appointed this week.

They are Paul Knight, Tommy Scott, Bob Wilson, Jerry Henderson, "Hank" Marino, Johnny Sessums, C. D. Wickson and Herman Nelson.

All men interested in joining the Tech Bowling league were urged by Tommy Scott, league sponsor, to contact him or Paul Knight, league president, both of whom live in Sneed hall. They may be contacted Monday night at the Lubbock Bowling club.

The Tech Bowling league has been sanctioned by the American Bowling congress. Eleven weeks of league bowling this semester will be climaxed by the winners meeting the Press Bulls, winners of fall semester play. Trophies will be presented to all winners.

LANE WELLS COURSE

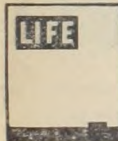

The Lane Wells Radio Activity Well Logging company from Odessa is offering a one hour course in radio active work to senior geology students. Some 185 have signed for the course, which will be supervised by Jack Henley. The three sections offered will meet at 4 p.m., 5 p.m., and 7 p.m. Friday of each week.

Smoke a LUCKY To feel your LEVEL best!

Luckies' fine tobacco picks you up when you're low . . . calms you down when you're tense!

Luckies' fine tobacco puts you on the right level—the Lucky level—to feel your level best, do your level best.

That's why it's important to remember that LUCKY STRIKE MEANS FINE TOBACCO—mild, ripe, light tobacco that makes a thoroughly enjoyable smoke. No wonder more independent tobacco experts—auctioneers, buyers and warehousemen—smoke Lucky Strike regularly than smoke the next two leading brands combined.

Light up a Lucky! Luckies' fine tobacco picks you up when you're low, calms you down when you're tense. So get on the Lucky level where it's fun to be alive. Get a carton and get started today!

Industrial Engineering Society Accepted By National Institute

Federal Official To Hold Interviews

Harry F. Kirby of the regional office of the Bureau of Reclamation is to be on the campus Wednesday and Thursday to conduct interviews with students interested in jobs with the reclamation service, Mrs. Jean Jenkins, head of the Placement office, has announced.

On Wednesday afternoon, Kirby will speak to all engineering students, and Thursday he is to interview undergraduate and senior students who are seeking employment with the service.

A new program has been set up whereby sophomores and juniors may become engineering trainees by taking jobs with the Bureau in the summer. Students entering this program are to be granted leave to attend school in the fall and spring, and they are to go into regular full time positions after they have been graduated.

Students wishing to schedule interviews should go by the Placement office before Thursday, said Mrs. Jenkins.

Vending Machine Meeting Is Called

One representative from every organization on the campus that operates a vending machine must attend a called meeting Thursday, at 5 p. m., in the Student Council office, Bill Reid, member of the council, has stated.

"It is very important that representatives attend the meeting as it may depend on whether the organization can continue operating its machine", Reid said.

The purpose of the meeting is to make clear the rules that govern the use of the vending machines.

Dairy Manufacturers Club Starts Softball Workouts

The Dairy Manufacturers club has started softball workouts, announced Milton Peoples, club reporter.

L. B. Smith, creamery superintendent, and William H. Tinney, lecturer in dairy manufactures, are managing the ball team, Peoples stated. Twenty-five boys are working out for the team which will be entered in the Independent league.

BHM RESIDENTS ENTERTAIN

Girls in the home management house entertained with a dessert bridge party at 7:30 p. m. Friday. Anna Bailey and Ann McFarland were co-hostesses.

Guests were Sue Mallow, Dodie Stokes, Jean Sires, Jean Poteet, Wanda Chitwood, Mrs. Norman Davis, senior counselor of Dorm II, Mrs. Cecil Turner, social director of Dorm IV, and Miss Martha Graves, director of home and family life.

Tech Industrial Engineering society has been accepted for membership in the American Institute of Industrial Engineers, a national organization, O. A. St. Clair, head professor of industrial engineering, said Thursday.

His announcement was made after a letter had been received from the executive secretary of the national organization stating that the affiliation became effective Feb. 8. Headquarters of the national group is Ohio State university.

The national institute includes the University of Pittsburgh, Syracuse, University of Alabama, Columbia, Ohio State and Washington university at St. Louis.

Approximately 50 students are members of the Tech society, which has been operating since 1938. A major in industrial engineering is prerequisite for membership.

John van Bebbid is president of the Tech society and Truett Tyler is vice president. Secretary is Millas Hubka, J. W. Jackson is treasurer.

Professor St. Clair and C. C. Perryman, professor of industrial engineering and engineering drawing, are co-sponsors of the society.

Jeff Puckett Elected Infantry Club President

Spring semester officers for the Infantry club have been announced by Jerry Trimble, reporter.

New officers are Jeff Puckett, president; Ernest McDonald, vice president; Bob Kershner, secretary and historian; J. P. Mathers, treasurer; Jerry Trimble, reporter; and Bob Swicert, sergeant at arms.

Activities for the semester were discussed. Among those considered were participation in the annual ROTC Ground Forces dance to be held Feb. 25 at LAAF officer's club, a get acquainted smoker for the benefit of new members, and a spring picnic.

Lucille Sorrells Is Elected President Of Girls' Dorm II

Lucille Sorrells, senior from Stanton, has been elected president of Girls' Dorm II for this semester. New officers and senate members, with the exception of Faye Walker, secretary, and Ruth Willis, sophomore representative, were elected this semester because of the recent reorganization and the moving of officers from the dorm.

Besides Lucille Sorrells, those elected were: Emma Morrison, vice-president; Patsy Inglis, AWS representative; Imogene Schrank, finance chairman; Elizabeth Johnson, senior representative; Myra Bounds, junior representative; and Pat Nolan, freshman representative.

TECH GRAD WRITES ARTICLE

Mrs. Lewis Terrell, dean of girls at O. L. Slaton Junior High school, is the author of an article published in the winter edition of The Texas Journal of Secondary Education. The article consists of a survey summary of student participation in 138 junior high schools in Texas. Mrs. Terrell is a graduate of Texas Tech.

IRC Makes Plans For Regional Meet, Elects Officers

The International Relations club elected a new president and vice president Monday night. Plans were also discussed for the West Texas-New Mexico Regional I.R.C. conference, announced S. M. Kennedy, sponsor of the club and instructor in the government department.

The new president, John Arthur Hettler, will fill the vacancy left by the graduation of Cecil Roberts. Guinn Byers was elected vice president, taking the office vacated by the resignation of Max Osborn.

An estimated 15 members indicated intentions of attending the conference which is to be held March 25-26 at Sul Ross State college in Alpine, Texas. Kennedy will accompany the students. Several students are preparing papers to be presented and others will take part in the round table discussions following the presentation of the papers.

Anyone wishing to go to the conference may do so by joining the club, Kennedy said.

Circle 8 club, 8 p. m., gym.
Centaur rush party, 7-9 p. m., Lubbock hotel.

Foreign Language council, 5 p. m., Ad-202.

Speech Dept's. Spring Play, Joan Of Lorraine, To Be Cast

Casting for Maxwell Anderson's *Joan Of Lorraine*, selected for the speech department's spring play, is scheduled for 4 and 7:30 p. m. Monday in the speech auditorium. Miss Cecilia Thompson, instructor in speech and director of the play, stressed Thursday that anybody who is interested, regardless of experience, is welcome to try out.

The play was a smash hit on Broadway and colleges everywhere are eager to produce it, Miss Thompson said. Ingrid Bergman returned to Broadway to play the part of Joan, starring role of the play. More parts than usual are available for men.

The purpose of the play is the meaning of individual existence; acceptance of compromise in order to achieve ideals. The setting lacks luxury and the play within a play is the story of a cast rehearsing *Joan Of Lorraine* and the story of Joan of Arc. Dialogue is on two levels, and the Joan story suggests modern problems.

The essence of the play is contained in a speech by Joan. "Every woman gives her life for what she believes. One life is all we have and we live it as we believe in living it, and then it is gone. But to surrender what you are, and live without belief—that is more terrible than dying—more terrible than dying young."

Miss Thompson mentioned the fact that the role of Joan is to actress what the role of Hamlet

is to actors. It is an outstanding play and demands an outstanding cast. Tentative dates of the play are March 22 and 23. Admission will be activity tickets.

Alpha Phi Omega To Have Smoker

Alpha Phi Omega, national service fraternity, will sponsor a smoker from 7 to 8:30 o'clock tonight at the Hilton hotel, according to Kenneth Sutton, vice president of the organization.

The purpose of the meeting is to acquaint prospective APO members, who must be ex-boy scouts with the organization, its purposes and its activities.

Refreshments will be served but no special program has been planned, Sutton stated. James G. Allen, dean of men, is the faculty advisor of the fraternity and will be present at the smoker.

Press Club Elects Officers

C. E. Wendt was re-elected president and Jane Skinner was re-elected secretary of the Press club Tuesday. The other officers chosen for the spring semester are Keith Anderson, first vice president; Carol Jo Wheeler, second vice president; Glenna Winston treasurer; and Jerry Henderson parliamentarian.
