BORDER CONFERENCE TROPHY—Marshall Gettys, Red Raider tackle and president of the student body, is shown above as he accepts the championship trophy in football for the Border conference from Dr. J. William Davis during student convocation in the Tech gym Thursday. (Photo by Doug Fairchild.)

Building Program Explained By Wiggins After Letters Awarded At Convocation

By PAULA FIX

Toreador Staff Writer
Dr. D. M. Wiggins, Tech president, explained the \$4,000,000 building program underway at Tech at the student convocation Thursday morning in the gym. His address followed the awarding of varsity letters to 36 football players and their manager.

Marshall Gettys, president of Student Council, welcomed new students and invited them to join in both the academic and extra-curricular life at the college. Gettys introduced Dr. Clifford B. Jones, president emeritus, and Dr. J. William Davis, who presented the Double T awards.

Doctor Davis also presented Gettys the Border conference trophy, which Tech has won for the third consecutive year. Those receiving awards were: John Andrews, Herman Bailey, Bobby Broyles, Dick Cavazos, Bobby Close, Bud Conley, Jack Davis, Bobby Garner, Gettys, Walter Edrington, Tim Hatch, Ernest Hawkins, Milburn Haydon, Robert Hix, Dick Jackson, Earl Jackson, Hugh Jackson, Elbert Johnson, Bill Lyman, Walter Maloney, J. B. Mabler, Douglas McSwane, Aubrey Phillips, Dick Pirie, Jerrell Price, Dan Pursel, Eural Ramsey, Milton Rathbone, Bill Sharpley, Bill Stallings, Calvin Stevenson, Ike Stuver, J. W. Thompson, Luke Thompson, Bobby Williams, Donald Williams, and E. J. Hutchins, manager.

Added Program

In his talk, Dr. Wiggins pointed

Wiggins To Attend Meeting In Austin

Dr. D. M. Wiggins, president, is to leave tomorrow for Austin for the meeting of the Council of Presidents of State-Supported Schools, of which he is the newly-elected president. The meeting is scheduled for Monday.

Consideration of preliminary plans for the 1951-52 biennial appropriation for higher education, which will be made by the 52nd Legislature, is top business of the meeting. The legislature is to convene January 1951 with the general purpose of coordinating activities of various state-supported institutions.

Doctor Wiggins was elected president of the council Jan. 17 to succeed L. H. Hubbard, president of Texas State College for Women, who resigned.

out that Tech hopes to add another \$4,000,000 to its building program in approximately six years. The present plan calls for contracts for five new buildings to be let at the Mar. 18 board meeting. This includes the following buildings: Home Economics, Science, Engineering, Music, and Agricultural Engineering. When the wings to the Administration building which are under construction, are complete, they will hold 1,200 students per hour. The Science building will be the most elaborate of these, Doctor Wiggins stated. It will cost approximately \$1,000,000. It will be built behind the Double T sign between the Library and Chemistry buildings, Doctor Wiggins said. He explained that it would be elevated to make it more imposing.

The president also stated that the contract for the first unit of the Student Union building will be let shortly. The first unit will cost approximately \$500,000, and this amount will be matched at a later date, Doctor Wiggins said. Needs of the student body will be studied by both local and consulting architects in New York city.

Utility Survey

Doctor Wiggins also remarked that a survey of utility problems is being made on the campus. He praised the cooperation of students in taking care of buildings and grounds and asked for future cooperation in connection with the increased traffic problem brought about by the building program.

Other features of the convocation included introduction of Dr. George Heather, new dean of business administration, and selections played by the Matador band.

Techsans Leave For Houston Meet

Four members of the architectural department will leave for Houston to attend the regional meeting of the collegiate schools of architecture Friday.

F. P. Kleinschmidt, head of the department; prof. W. L. Bradshaw, associate prof. Robert I. Lockard, and Richard K. Tracy, instructor, will be in Houston Friday and Saturday for a series of seminars. The theme of these discussions is to be "Modular Coordination" or building by means of units, making everything to the same scale and size.

Russel Brown Named Speaker For Spring Commencement

First All-Campus Sing Set For April

An All-Campus Sing, to be established as an annual event, will be held at 6:30-8:30 p.m. Friday, April 28, in the gymnasium, according to James G. Allen, dean of men. The sing will be open to all organizations except musical ones. Size of the singing group is optional. Groups representing campus organizations will compete for trophies, said Dean Allen.

There are to be no mixed groups. Each must be composed either entirely of men or entirely of women. Each will be allowed six minutes in which to perform.

Numbers may be given a capella or with piano accompaniment. Trophies will be presented to the best women's group and the best men's group. Judges will be three qualified off-campus musicians, according to Dean Allen.

Each entering group must designate a student director to be its official representative in all affairs pertaining to the sing, he said.

Organizations are to file entries in the contest in the office of the dean of men. At that time, each will be given a blank with necessary facts concerning the sing, Dean Allen said.

Tech Students Wanted In Tryouts For Varsity Show

Tryouts for acting parts and variety acts for the 1950 Texas Tech Varsity show will be held from 3 p.m. to 5 p.m. Tuesday, Wednesday and Thursday in the Rec Hall Green Room, Jack Witte, general director of this year's show, has announced.

"All students who think they have a specialty number or would like to try for an acting part will be interviewed at that time," Witte said.

Margaret Clark, chairman of the Varsity show committee, said Thursday that Ted Cramer had been awarded the musical contract for this year's show. Cramer also did the music last year. He will, with the aid of student writers, arrange and orchestrate this year's musical score.

Miss Clark also announced that Pille Hutchins, senior speech student from Lubbock, would act as dance director for the show. Miss Hutchins was also dance director last year. She said dance tryouts would be held at the same time as regular tryouts.

Plans For Campus Spring "Face Lifting" Announced By College Landscape Dept.

Further landscaping is planned for the campus during the spring months, Mark Gosdin, assistant college landscape architect, said yesterday.

The president's home is to be re-landscaped and fences are to be moved back to permit enlarging of the yard, Gosdin said. Older shrubs are to be removed and new ones are to be planted, he said.

Plans are being made to replant in front of the Ad building and to set out trees and shrubbery around the museum and Library. Some planting is to be done around the east end of the Library and Chemistry buildings, Gosdin said. It is planned to rearrange and plant near all the dorms, he added.

The landscape architects are trying to keep a permanent plan in

Spring Enrollment Shows Decrease

Final figures on spring registration show 5,398 students enrolled in Tech. This number includes 1,323 women and 4,075 men, and shows a decrease of about 450 students from the last semester total of 5,844, according to Miss Evelyn Clewell, assistant registrar.

All divisions except graduate showed a slight downward trend in enrollees. A breakdown of the total enrollment into divisions shows arts and sciences leading with 1,920 students, a decrease of 47 from the fall semester. Engineering division comes next with a total of 1,304; business administration has 749 enrollees; division of agriculture enrolled 727; and home economics has 314.

Graduate division rose in enrollment from 337 students in the fall semester to 389 for the spring session.

Registration ended Tuesday and the organization of night classes and extension courses ends this week. About 5,600 students were expected to register for the spring semester, as there is a trend toward smaller student bodies in the spring semester, according to Miss Clewell.

Possible Record Graduating Class To Hear Lawyer

By JACK SHELTON
Toreador Staff Writer

Russel B. Brown, Washington, D. C. lawyer and general counsel for the Independent Petroleum Association of America, is to be the principal speaker at commencement exercises May 22, Dr. D. M. Wiggins, president, has announced.

Brown has appeared on many technical programs of the petroleum industry. His philosophy is fundamentally that which Tech sponsors, free enterprise and individual initiative, President Wiggins added.

"I am most delighted to have Brown accept the invitation to deliver the commencement address which expresses my own desire to continue to bring about a close relationship between industry and higher education," Doctor Wiggins said.

Continues Program

Bringing Brown to Tech as speaker continues a program Doctor Wiggins has set forth since his arrival two years ago, that being the obtaining of persons connected with large industry. The commencement speaker for the June graduates for 1949 was Bates Thornton, former Tech student who has gained national renown by his service in private industry and in government work. Thornton is vice-president of Hughes Aircraft in California.

The summer graduates of 1949 had as their principal speaker Robert J. Smith, president of Pioneer Air Lines and commanding general of the 443rd Troop Carrier Wing, Reserve.

Ceremonies were held in Jones stadium last year. They are scheduled for 8 p.m. May 21 and 22, baccalaureate and commencement respectively. Speaker for the baccalaureate sermon has not yet been announced.

The estimated number of graduates this spring is 1,250 as compared with 1,204 of last spring. The previous long-term graduating class was the largest in the history of Tech.

Forum Presents Fashion Review

The annual fashion show presented by Fireside Forum will be held at 2 p.m. tomorrow in the aggie auditorium, said Jane Skinner, Forum president.

This style show will be the fourth Fireside Forum to be presented. Each style show is sponsored by different Lubbock dress shops and department stores, Miss Skinner said. This one is sponsored by Hemphill-Wells.

Mrs. Vera Maxey, head of the ready-to-wear department of Hemphill-Wells, is director and announcer for the show. Tech students will model the newest spring fashions, from Hemphill-Wells. They are Billye Harvey, a member of Forum, and Patti Jo Musson, Dotsie Stephenson, Mary Anne Kelley, and Delight Hardin.

THE TOREADOR

THE TOREADOR, student newspaper of Texas Technological college, is published every Wednesday and Saturday on the Campus of Texas Technological college at Lubbock by the associated students of the college.

Entered as second class matter, October 31, 1925, at the postoffice in Lubbock, Texas, under an Act of March 3, 1879.

Senior Class Gift Should Be Of Nature To Aid Tech

For a great many years now, almost as long as Texas Tech has had a graduating class, it has been a tradition for the seniors to leave the college some sort of a gift to remember it by.

This custom is not exclusive at Tech. Major colleges and universities all over the country have been doing it for years. It's about time we took our cue from others and began leaving senior gifts which really mean something to someone besides Tech.

In the past, when Tech was still growing, many useful and beautiful gifts were donated. The Double T bench, the Double T itself, street lights (which we might add are seldom used) sidewalks and many other items have been presented to the Alma Mater by those who go out from her classrooms.

In other schools, however, students have left money for such useful things as atom smashers, ultra modern x-ray units and, in general, objects which can be used in research, in the classrooms both in medicine and science.

This type gift would not only aid the school but it would also be of some use to mankind. Who knows, with the proper equipment some professor or student here could stumble on to a discovery which could revolutionize medicine. It would make a nice gift, and it's something to think about. Would you rather donate something of use to humanity or something of material value, which would probably be given to the college anyway in the long run?

Guidance Center Used To Determine Correct Major

It hurts us to see them—those freshmen who come to college, say "eenie, meenie, miney, mo" among the departments and choose one just to have a major subject.

But a worse sight is the sophomore or junior who changes his major every semester or two, still trying to find one he likes. And cruelest of all is the distraught senior trying to make ends meet in a degree plan full of lost hours in other majors—and still unhappy with the one he plans to graduate in.

High schools have seen this, too, and a vocational guidance movement is beginning to filter into them. Students are given aptitude tests and consultations are arranged to find out which field they are best suited for. They begin in high school to get a student on the right vocational route. This method will eventually be a boon to colleges and college students but the high school vocational guidance is not yet widespread enough to be of too much help.

Here on the campus we have a guidance center which should be used by the "lost" student to solve his own problems. The guidance center wants to help in every way possible but it is confronted with the same problem which prevents many students from taking advantage of it—not enough ready cash.

Until the high school vocational guidance set-up becomes widespread or the college guidance center has enough money to give free tests students must learn to help themselves.

The best solution we can find is for the non-major freshmen and those dissatisfied with their present major to go to the Tech guidance center. The interest tests they prescribe will probably cost about \$7.00, unless of course you are a veteran student.

That may seem like a large amount but weigh it against the \$4,000 (approximately) which it takes to get a college education and it begins to make sense. A \$4,000 education that turns out to be in the wrong field is not worth a dime—not including the misery it took to get. But a \$4,007 education may be worth a million in later years. . . . D. A.

We've walked the length of College Avenue already. Guess we'll have to give up and pay a dime for a cup of coffee.

THINKING ALLOWED

By Jerry Hall

Next week the cogs and wheels of the varsity show will really begin to spin. The script has been chosen now and casting and tryouts will begin Tuesday. Already the general director has been selected and the varsity show committee is to be commended for the very excellent choice it made. Jack Witte is remembered by most students for the excellent acting job he did as the director in the speech department's production "Joan of Lorraine" last year. The role Witte played was made famous by Sam Wannamaker on Broadway and of course the star was an actress whose name we dare not mention.

Back to the serious side Witte has all the requirements of a good showman. He is aggressive and is willing to work. And above all he likes the stage. We had a short conversation with the new director recently and were very much impressed. His ideas and schemes for this year's production should make it one of the biggest and best yet. If those plans are carried out there seems to be little doubt that the 1950 varsity show can be a solid hit.

Since we have been going to Tech varsity shows (the first one which we remember was "Law West of College Avenue") it has never ceased to be a source of astonishment and admiration of the quality of this school's variety reviews. This may sound as if we are patting Tech on the back and taking a few uncalled for bows but on the level, this college has something almost unique in the spirit and method in which varsity shows are presented. The idea of the review is by no means a new one. Colleges and universities have them all over the nation, but due to the hard work and patience of the students involved within a few short years the varsity show at Texas Tech has risen to the standards of the shows at other schools which have been established in the distant past.

Last year the show was a smash success under the directorship of Bill Parsley (or is it Sarsley) and this season should prove to be just as big a hit or bigger than last spring's show. And remember these directors and actors and stage hands and everyone who whips up the show, and we do mean whips, only have a scant three months to bring the production to perfection. In other schools the script for the following year's show is often turned and work is begun as far as a whole year in advance.

A story in the last issue of The

Toreador to the effect that all students would be admitted to each Artist Course performance is of importance to Tech students in more ways than one. First, everyone of us will now be able to see the artists who perform here regardless of what the number reads on our activity tickets. Then too, it will tend to draw more students to each number, therefore, possibly creating a better program for the audience. Most talented artists perform better if there is a large and receptive audience in front of them.

The Artist Course this spring seems to be one of the better ones which has been lined up in recent years. Leading the parade of artists who will appear is the noted tenor, Jan Peerce, whose name is well known in music circles. Igor Gorn, baritone, and Isaac Stern, violinist, are well known to Lubbock audiences and both have proved popular in the past. Rounding out the spring program will be Vronsky and Babin, a wife and husband duo-pianist team. With all students admitted upon presentation of their activity tickets the spring Artist Course should draw well and be enjoyed by all.

One of the hard working sports staff of this paper brought a little item to our attention recently which appeared in the pages of a daily newspaper under the heading of "Today's Chuckle." We got our chuckle and so we will pass it on to you dear readers. It seems there are six ways for being popular in college. They are: 1. Own a car. 2. Be a good conversationalist. 3. Own a car. 4. Own a car. 5. Present a good personal appearance. 6. Own a car. Note: If car is red convertible, rules two and five may be disregarded!

Seems like Tech coaches are all out beating the bushes for new talent this time of year. It's nice to note that all their efforts are not in vain. Among the new faces on the campus who should prove valuable aid to the Raider football team is Neil Chaistain of Spur who played a lot of football for the University of Texas Shorthorns last fall. Several other new names to be added to the Raider roster in the future are being contacted by coaches now.

Members of Sigma Delta Pi and Capa y Espada will be guests in the home of Dr. and Mrs. C. B. Qualls from 4 to 6 tomorrow. Doctor Qualls is head of the foreign language department.

Jewelry Exhibits Being Displayed

An exhibit of modern jewelry is being held in the entrance hall of the Home Economics building. This original jewelry was designed by Helen F. Newhard and Evelyn McKinley who head their own shop in Milwaukee, Wis.

The exhibit consists of silver and enamel on copper jewelry. The 40 pieces include earrings, pins, rings, necklaces and ashtrays, some of which are for sale at prices ranging from \$2.50 to \$35. One ring and pendant set is made of rough stone with mountings of bent and twisted silver wire.

The department of applied arts is sponsoring this exhibit which is open to the public, started Martye Poindexter, head of the applied arts department. The articles will be on display until about Feb. 25.

Art Classes Plan Historical Exhibits For Tech Museum

Individual exhibits and layout of the east gallery on first floor of the Museum are being planned by four commercial art classes.

Theme of this room is to be historical culture of West Texas and Eastern New Mexico areas. Dr. W. C. Holden, director of the Museum, said. Exhibits will cover the area's history from pre-historic days to modern times.

One of the main features of the room will be a large relief map of the Lubbock area. This map, which is tentatively planned as measuring six to ten feet in diameter, will show the old Spanish and pioneer trails leading into Lubbock, as well as the topography of the immediately surrounding country.

Classes working on the floor plan are supervised by R. I. Lockard, associate professor of architecture, while those designing the exhibits are under the supervision of Roderick Parkinson, instructor in architecture.

Honorary Aggie Club Elects Spring Officers

Officers for the spring semester were elected at the semi-monthly meeting of the Honorary Agricultural club Tuesday night.

They are: Edwin Sargent, president; Clifford McDonald, vice-president; Charles Beedy, secretary; Eli Baker, treasurer; and Andy Behrends, reporter.

Women's Social Clubs Invite 36 Women To Become Spring Semester Pledges

Women's social clubs have invited 36 women to become spring pledges. Las Chaparritas leads the list with 12 pledges. They are Marjorie Sue Baker, Turla Bates, Juanita Davis, Nancy Ann Furrh, Joyce Ge-moets, Stella Ruth Hefte, Betty Jean Meriwether, Carolyn Schaefer, Glenna Shinn, Doris Turner, Barbara Ann Walker and Bertie Lou Wilson.

DFD received as pledges Patty Blanton, Susan Cooke, Sherrill Floyd, Rose Lane, Elizabeth McCain, George Gaye Porter, Marliou Williams, Diane Wimberly, Peggy Wright, Merle Wright.

Pledging Las Vivarachas are Jeannine Ballew, Elizabeth Cocanougher, Jo Alice Goss, Gloria Griggs, Ann Nix, Hattie Mae Ohlenbusch, Billye Pharr, Donna Pyka and Marion Thomas.

Those pledging Ko Shari are Frances Arledge, Jo Ann Batson, Della Beth Cooper, Jeannette Evelyn Finley and Claudyne Young.

Initiations will be held by the women's social clubs in the near future, Alice Hix, president of Women's Inter-Club Council, said Thursday.

Las Chaps To Hold Valentine Dance Presentation Of Members And Pledges

Las Chaparritas will hold its twenty-third annual Valentine presentation dance from 8 to 12 tonight at the Lubbock hotel. The traditional sweetheart theme is to be carried out in the decorations with Bill Velvin singing "Sweethearts on Parade." Music will be furnished by Burl Hubbard's orchestra.

Bill Parsley, master of ceremonies, will introduce the following members to be presented and their escorts: Fern Duncan, Jim Jameson; Pat Rankin, Homer Jennings; Wanda Sims, Sonny Stanford.

Pledges who will be presented and their escorts are: Mary Baker, Charles May; Billie Lou Betts, Fred Schultz; Susan Calnon, Jeff Puckett; Mildred Cate, Tommie Daniel; Frances Cox, presented by Donald Cox and escorted by DeWitt Harvey; Jerry Freeman, Roy Grimes; Lee Grebe, Lee Carter; Margaret Israel, Bill Miller; Loraine McCloud, presented by Austin McCloud and escorted by Jimmy Sharp; Pat Montgomery, Ronald Bennett; Lucille Seybold, Pierce Allmon.

Other members and pledges attending will be Jimmie Lee Cotton, Hal Barron; Shirley Fields, David Bradshaw; Guida Miller, Keith Schier; Betty Wolcott, Leslie Nance; Annabelle Flanagan, Roy Lockley; Cecile Butler, Tommy Cooper; Dotsie Stephenson; Austin Oriesman; Jean Woodrum, Morris Nunnely; De Lois Utterback, Bill Lyman; Johnnie Bee, Richard Berry; Barbara McGee, Chris Daugherty; Pat Allgood, Lee Crouch; Jane Skinner, Ronald Rushing;

Brentie Sue Thompson, Johnny Stuart; Sue Lawson, Buddy Boles; Jacques Spurlock, Bennett Hefte; Dortha Forsythe, Joe Thomas; Betty Eratton, Kenneth Barr; June Reno, Jack Boverie; Mary Alice Mitchell, Bill Velvin; Mary Roe, Walter Hobgood; Betty Wright, Madison Newton.

Special guests are to be Mr. and Mrs. Doug Moore and Mr. and Mrs. Rea Nesmith.

Open Foil, Saber Fencing Tourney Scheduled Today

Tech's fencing team gets its first crack at tournament play at 2 p.m. this afternoon when fencers from over Texas meet at the gym for open foil and saber competition.

Although this is the first tournament of its type in Texas this year, many contestants are expected. Fencers from Tarleton State college, Arlington State college, Texas A&M, and YMCA's in Dallas, Fort Worth and Waco, will probably compete. George Philbrick, director of intramural sports, said.

A 12-inch trophy is to be presented to the winner of the open foil contest. Medals are to be given to the second and third place winners in this event and to the first three victors in the junior saber match.

Tech will be represented in the two events by Don Winn, Thomas Hall, Durward Whitsitt, James Belser, Kenneth Fry, Jerry Powell, Robert Guinn, Robert Davis, Clyde McLane, Don Hunsaker, Jack Carnell, Dean Legget, John McAleer, Bill Spinks, Mark Smith and Travis Smith.

Wranglers Elect Neal Glazner To Club Presidency

Neal Glazner, engineering senior from Vernon, was re-elected president of Wranglers, men's social club, at a regular meeting Wednesday night.

Others elected were Lee Carter, business administration junior from Hamlin, vice president; John Manner, arts and sciences junior from Lubbock, recording secretary; Dub Riley, engineering senior from Fort Worth, corresponding secretary; Harold Brochette, business administration junior from Lubbock, treasurer; Douglas Boren, arts and sciences junior from Sagan, pledge trainer; Mart Farrow, arts and sciences junior from Hamlin, rush captain; Bill Solley, engineering senior from Penwell, historian-reporter; Bob McKelvy, business administration sophomore from Lubbock, sergeant-at-arms.

Plans for the annual George Washington dance to be held Friday night at the Lubbock hotel, were discussed.

Howdy Dance Is Set For Tonight In Recreation Hall

The traditional Howdy dance, sponsored by the Tech Chamber of Commerce, will be held from 8:30 to 11:30 p.m. tonight in the Green room.

The Howdy dance is a semi-annual affair which is held at the beginning of each semester for the purpose of acquainting new students, Garland Nix, new president of Tech Chamber of Commerce, said.

An admission fee of one dollar, stag or date, will be charged at the door tonight, Nix announced. He will be assisted by Bill Luke, chairman of the dance committee. Luke explained that an admittance card containing the student's name and home town is to be issued at the door with the purchase of a ticket. Chaperons for the dance are to be Dr. George Heather, dean of business administration, and Prof. Haskell Taylor, sponsor of Tech Chamber of Commerce.

Tech Students To Be In Opera

The Lubbock Music Club will present its version of Gilbert and Sullivan's "The Mikado" at 8:15 p.m. Feb. 21 and 22 in the Lubbock High school auditorium.

The famous light opera is featuring several Tech students and faculty members in the cast. Included in the cast are Wilson Ward, David Morton, Charles Gailbreath and Dr. Lee Hewett in the leading male roles and Miss Marion Canterbury, Mrs. Carlton King, Mrs. G. Davis and Miss Norma White in the female roles.

The production will be directed by Richard G. Richards. Tickets will go on sale next week. Students will be admitted for 60 cents while the adult tickets are \$1.80 and \$1.20.

McPherson, Powell To Wed In St. John's Church Tuesday

A double ring ceremony will unite Barbara McPherson, daughter of Mr. and Mrs. J. P. McPherson of Lubbock and Ted Powell of Dumas at 6:30 p.m. Tuesday in St. John's Methodist church.

Mrs. Ronald Sheely will be matron of honor, and Delbert Lewis will act as best man. Bridesmaids will be Ludonna Perry, Wanda B. Smith, Jennie Corcoran and Betts Dalton. Ushers are to be Jerry Powell, Jimmy Crabb, George Griffin and H. A. Tuck.

A reception in the home of the bride's parents, 3009 Twenty-fourth street, will follow. Assisting in the house party will be Mmes. G. G. Aycock, Bill Aycock, N. H. Wood, L. M. Harris, Harvey Dunn, Harland Cook, John Leslie, T. A. Sides and Miss Darilyne Wood.

Circle Chatter

Men's Inter-Club council will hold election of spring officers at 2 p.m. tomorrow in the office of James G. Allen, dean of men. Plans for men's rush week will also be discussed.

Norma Hudman and James Bagwell, former Tech students, were married yesterday evening in Post. Norma was a member of Las Chaparritas, and James was a Centaur member.

Gillian McEntyre, sophomore from Colorado City, is a new transfer student from TSCW. She is living in Women's Dorm IV.

Alice Walther, former Tech student from Dallas, is visiting friends on the campus this weekend. Alice was a member of Las Chaparritas.

Elizabeth Benson, former Tech student, is attending art school in Kansas City, Kans.

Perea Is Chosen President In Cosmopolitan Elections

Gullermo Perea, senior engineering student from Peru, has been elected president of Cosmopolitan club.

Other officers elected Wednesday evening were Tom Cleveland, junior agricultural student from Africa, vice president; Marcia Bonilla, junior arts and sciences student from San Antonio, secretary; Carlos Braga, sophomore arts and sciences student from Brazil, treasurer; Georges Bouche, engineering freshman from the Canal Zone, reporter.

Victor Lolos spoke on the duties and obligations of Tech foreign students as ambassadors of good will.

Perea welcomed two new Tech foreign students, Carlos Robles of Colombia and Roberto Gonzalez of the Philippine islands, as members of the organization.

CHALK UP TWO POINTS—Gene Gibson of Texas Tech sinks a crisp shot during the Flagstaff game Tuesday night to add two points to the score. Contesting with Gibson for the ball is Vince Cisterna of Flagstaff and the other identifiable player is Sam Baroldy (26) of the Arizona five. The Raiders won the game by a score of 87-51. (Staff Photo by John Lee.)

Intramural Cage Season Closing; Six Games Set For Monday, Tuesday

Close of the intramural basketball race will be a step nearer after three games are played Monday night.

Tech gym will be the scene of the trio of encounters, as the Dusters meet the Quintessence Quintet at 7:15 p.m., the Alleycats battle the GDI's at 8:15 p.m., and the Jolly Jiggaboos try the Wesley Wildcats at 9 p.m.

Three game are to be played Tuesday night. The Dusters meet the Anonymous Quintet at 7 p.m. Third West was against the Sneed

Hetrods at 8 p.m., and the Dairy club will try to get into the win column when it plays ASCE at 9 p.m.

Drane Beats Poslokes
A Monday night game in Dorm League I saw the Drane hall team ease by the Poslokes in a dull, uninteresting skirmish by a score of 14-10. Ralph Hawkins and Bill Mims led the Drane team with 3 points each. High court man for the Poslokes was Orville Sumney with 4 points.

The game in Dorm League II between the Dorm III Cuspids and the Doak Red Devils proved to be a slambang affair, with the Red Devils finally edging the Cuspids 35-34 in overtime play.

Bobby Ebell hit 13 points for the winners, followed closely in the scoring department by Teammate David Moorhouse with 9. Lynn Leathers and Dick Johnson tied for scoring honors for the Cuspids with 9 points each. Outstanding in defense for the Dorm III five was Frank Brame.

Athletes Win
After the Tech-Arizona State (Flagstaff) game Tuesday night in the gym, the Athletic dorm proceeded to outclass Drane hall 36-18.

Bobby Close, high scorer for the Athletes with 9 points, received 2 of his points through courtesy of Lady Luck John Tom Baker, Close's teammate, was alone by the goal when Close, standing near the free-throw circle on the opposite end of the court, heaved the ball downcourt toward Baker. But Baker never received the ball, for it dropped perfectly through the goal for 2 points.

Fish Five Beats Thomasmen, 59-55

Texas Tech freshmen turned the trick where the Varsity basketballers fell short by winning a hard-fought 59-55 victory from the Thomas Tinkers in a featured game of the Major league Monday night.

The win placed the freshmen and the Tinkers in a tie for the lead in the league.

Outstanding man offensively was Virgil Johnson of Tech who dumped 31 points through the Tinkers' basket to carry the battle to the Thomasmen. Jake Broyles with 17 points, Clayton Stallings with 14 and Weldon Menschew with 13 were unable to stem the tide.

The Tinkers led 32-28 at the end of the first half, but the freshmen proved too strong in the second half.

The Tinkers had taken the measure of the Varsity 47-44 just four nights before.

Raiders Trounce Flagstaff 87-51

Tech's Red Raiders may not win the Border conference basketball title this year, but they will leave next week for their annual invasion of Arizona with a new scoring record under their belts.

The Raider quint rolled to the highest point total ever reached in a single game by a Tech basketball squad by defeating Arizona State College of Flagstaff 87-51 Tuesday night in the gym.

Almost all of the Raiders who saw action got into the scoring act, with Gene Gibson, lanky 6-foot 5-inch center, gaining high point laurels with 20 points. Verdell Turner, Jiggs Jackson and Jack Alderson also turned in brilliant offensive games for the home squad with respective totals of 18, 15 and 13 points.

Pinnell Starts Scoring
Charles Pinnell started Tech's tally spree with a field goal in the first 15 seconds of play. Then Jackson, Gibson and Alderson each added two points of his own.

Tech led 48-23 at the half. After approximately 15 minutes had elapsed in the second period, it had added 20 points to its total score while Arizona was garnering only 5.

Polk Robison, head coach of the Raider five, pulled his varsity team with eight minutes left to play before the final whistle sounded. Flagstaff also threw in its reserves, and the rest of the contest was between the substitutes of the two schools.

The Raiders, after they had passed the 70-point mark, became tense in their endeavor to aggregate 80 counters. For a time, it appeared

The Lutheran Student association will hold its first meeting from 5 to 7 p.m. Sunday at the Shepard King Lutheran church. Supper, Bible study and entertainment have been scheduled. All Tech students are invited.

The Houston ex-students chapter held a meeting at Old Mexico Tavern, in Houston last night, said D. M. McElroy, Executive secretary of Tech's ex-student association. Kenneth W. Robbins is president of the chapter.

that they would not reach that goal, but they settled down in time to chalk up 87 points before the game ended.

The Box Score:				
Flagstaff (51)	FG	FT	PF	TP
Agee	3	0	4	6
Headington	0	0	2	0
Baroldy	4	4	5	12

Boxer, Ed Dietz Is Hospitalized

Ed Dietz, freshman from Fort Worth, who was injured in the Golden Gloves bouts in Tech gym last week, is in a Lubbock hospital recovering.

Dietz was knocked out by Paul Stein, a Clovis, N.M., fighter, in the first round of their light-weight bout. His head hit the canvas with a thud. He found himself unable to stay awake and entered the hospital for observation Wednesday.

Physicians said his condition is not serious and that a few days of rest should correct a slight concussion.

Church of Christ students will entertain with a Valentine party at 7:30 p.m. Friday at the church. Married couples will have a Valentine party at 7:30 p.m. Tuesday at the church.

By SPORTS STAFF

Tuesday night in the gym, the Raiders, intent upon victory, met the team from Arizona State of Flagstaff. The Techsans little knew that in the time of an hour and a half, they would have compiled the highest score ever reached by a scarlet and black five.

The Raiders averaged two and one-half points per minute, until, with about 10 minutes to go in the second half, they had amassed 74 points. At this stage, the Raiders seemed to freeze at the thought of going past 80. Seven minutes slowly ticked by before Irl Brown made good two charity offers to run the score to 81-47. That's all it took to break the ice. In the remaining minutes, the score soared to an 87-51 high. A good night's work.

While we're on the subject of basketball, let's take a good look at the intramural situation. Peculiar happenings, closely-fought contests, scoring sprees, razzle dazzle and lots of laughs are on hand to please the small faithful group of wives and sweethearts who attend the cage battles.

The AIME team of Independent League II has played four games, winning one and losing two by the difference of only one point each.

Another Independent League II team, the Tech Rodeo association, boasts a player who scored 29 out of 35 points in defeating a team 35-34.

The West hall Eagles, leaders of Dorm League II, beat a team 71-29.

No matter who the contestants are, one can rest assured that he will be watching a good group of boys when he comes out to see any intramural contest.

Most of the teams entered have plenty on the ball, but larger crowds would do a great deal toward encouraging the style of play used in this sport.

Intramural softball starts March 15. This is a good time to start organizing teams.

The two junior college football

prospects from Hillsboro have decided not to come to Tech due to scholastic difficulties. They are Alton Anthony and Pat Patterson of Lamesa.

We must bring this column to a close since we are eager to join the mad rush for reservations to "Stromboli."

D. O. Wiley, director of Tech band, is in Mineral Wells this week attending a convention of the Texas Music Educators association.

Tech Movie Has Box Office Appeal; Requested By Wandering Techsans

By MARGARET DANIEL
Toreador Staff Writer

"The moving picture about student life at Tech, 'Futures Unlimited,' is leading a busy life," says D. M. McElroy, executive chairman of Tech's ex-student association.

After showing the film at an ex-student chapter meeting in Amarillo, Tuesday, McElroy had to rush to get the film on a bus to meeting there last night.

In the mail Wednesday was a request for a copy to be sent to Brownfield to be shown at a Rotary club meeting. Another copy was mailed to Cleveland, Ohio, to a former professor at Tech, H. R. Missley, who plans to show it to a group of former Techsans and other persons from Texas. Missley will ship it to Washington, D. C. where former student, Bill Jackson, will show it to a Tech chapter of ex-students located there.

Parents To View Movie
"Now," said McElroy, "since there are only three copies of the film, I'm trying to figure out how to mail a copy to Fort Worth by the thirteenth to be shown to a meeting of Texas Tech Parents club, composed of mothers of Tech students from Fort Worth."

One of the strangest requests for the film, according to McElroy, came from the Medical Center for Federal Prisoners. He added that this was probably to be used in a rehabilitation program in United States penal institutions.

Out Of State Showings
There have been requests to show the film from the State department in Washington, D. C., Syracuse

Oklahoma City's ex-student chapter held a meeting last night, announced D. M. McElroy, executive secretary of Tech's ex-student association. Ralph Glover, the president, presided and the picture of the Hardin-Simmons-Tech game and "Futures Unlimited," film on student life at Tech, were shown, said McElroy.

Morgan Speaks At Amarillo Exes Meet

Six members of the Amarillo Sandies football team were guests of the Ex-Students association of Amarillo at a meeting Wednesday, said D. M. McElroy, executive secretary of Tech's Ex-Student association.

Other guests included Coaches Dell Morgan, Polk Robison, Tipp Mooney, and Red Raiders Marshall Gettys and John Andrews from Tech. Coach Morgan spoke on the athletic situation at Tech.

The meeting was held at ex-Techsan Bob Dowell's Saratoga cafe, with President Windy Nicklaus presiding. In addition to Morgan's speech, pictures of the Tech-Hardin-Simmons game and "Futures Unlimited," film on student life at Tech, were shown.

Two of the Sandies, Tommy Curtis, and Moody Alexander, are sons of former Tech students. Curtis's dad was a baseball letterman and Alexander's dad was an athlete also, said McElroy.

Alum's Driving Skill Is Unnecessary In Effort To Get Guatemalan License

By SUE HOLMES
Toreador Staff Writer

One Tech graduate has found that getting out of school has not exempted him from standing in lines and leaving the United States hasn't kept him out of the tangle of governmental red tape.

Jimmie Roberts, 1936 Tech graduate, recently wrote his father, H. N. Roberts, a prominent Lubbock engineer, of the intricacies of obtaining a Guatemalan driver's license plates.

Getting car tags took about two weeks and forty dollars, Roberts wrote. He first went to the Police palace and secured papers to fill out for a Transito tag. He returned

for the temporary tag and was given the old run-around by a mustached senior, who insisted that he return three days later. Thinking he would give the police sufficient time, Roberts waited a whole week, and finally received approval he needed for a check-up on his car.

Needed Filters

The experto (garage mechanic) checked the car's old tags, motor number etc. and checked for filters which should be on the spark plugs of all cars which have radios.

Roberts couldn't understand why the officials wanted to eliminate spark plug static in his radio, but he obediently bought eight filters for a total of \$2.70. The experto was satisfied on that account, but next he insisted that Roberts obtain a license for having a car radio. The one-year permit cost \$3.00.

After having four or five more papers signed, Roberts was then ready to purchase the object of his tribulations—the tags. A line stretching into infinity greeted him at the license bureau. He started out early the next day and at last reached the license office. There he was greeted by a man who informed him that \$5 would be added to the \$33 which tags cost because his car seated seven persons instead of five.

No Driving Test

Obtaining a driver's license in Guatemala city was even more trouble. The former Lubbockite first paid a \$2 insurance fee on his car. He was then told to get three pictures of himself, then a physical exam.

The physical exam consisted of reading eye charts and being checked for color blindness and deafness. He was sent next to the judge's secretary who promptly requested four pictures of Roberts instead of the three he was told to have. He had more pictures made, was fingerprinted and given a temporary driver's license. "Now all you lack is the metal license which will be ready in two or three months," the young man was told.

All this time the applicant was never tested as to his driving ability!

"Now you can see why you don't have to be crazy to live in Guatemala but it sure helps," Roberts said. The ex-Techman went to Guatemala last spring and is in the pumice block business.

HEREFORD STEERS BOUGHT

Six steers, three Aberdeen Angus and three Herefords, which Tech showed at the Southwest Exposition and Fat Stock Show in Fort Worth, were sold at auction from 38 to 40 cents per pound. They realized a net profit of \$2561.57 to the college.

Dr. Hemmle Holds Student Auditions

Dr. Gene Hemmle, professor and head of music, has been named as chairman of auditions in the State Department of Education high school piano and violin competition.

The contests, which began yesterday, are being held in the studio of Miss Mary Dunn, 2013 Fourteenth.

William Harrod, director of the Lubbock Symphony, is judge of violinists. James Mitts, Lubbock organist, and Guy Woods of Wayland college, are judging pianists, Doctor Hemmle said.

Winners of the local competition will vie against other student winners in Austin Friday, and victors in state competition will have opportunities to play with the Houston Symphony under the direction of Efrem Kurtz.

Business Teachers' Association To Meet Here In October

Panhandle section of the United Business Teachers' association will meet here next October, Miss Nelda Snow, instructor in secretarial administration, said. United Business Teachers group is a division of the National Education association.

Tech was chosen as the meeting place when officers and sectional chairmen conferred here Friday and Saturday. Dr. Karl E. Ashburn of McMurry college, president of the Panhandle section, presided at the two-day meet. Miss Snow is secretary-treasurer of this section of the National Education association.

James Dawley Will Represent Tech

James Dawley, senior civil engineering student from Lubbock, has started the first step on the road that he hopes will lead to Los Angeles.

Dawley has been chosen to represent the Tech chapter of the American Society of Civil Engineers on Feb. 13 at Fort Worth. He will read a paper he has written titled "Pumice Concrete" in competition with five other students who represent the other engineering schools in the state.

If he wins in the competition at Fort Worth, Dawley will be sent as a representative of the Texas student conference of A. S. C. E. to the national convention in Los Angeles in May.

Engineering Depts. To Be Accredited

Prof. C. C. Knipmeyer and Dean John R. Roberts will be on the campus Monday and Tuesday to inspect and accredit the industrial and textile engineering departments.

Knipmeyer, professor of electrical engineering at Rose Polytechnic Institute in Terre Haute, Ind., and Roberts, dean of engineering at Tulane university, are members of the inspection committee for the Engineering Council for Professional Development.

They will inspect the curricula and instructional facilities of the industrial and textile engineering departments and those of the textile engineering, chemistry and dyeing option.

Seybold Elected To Head Chapter Of Military Group

Arthur E. Seybold was elected president of the Tech chapter of the Armed Forces Communication association Tuesday.

Other officers are: D. A. Wilson, first vice president; Glen E. Berry, second vice president; Frank N. Foster, secretary; Bobby Jack Covey, treasurer; and Charles N. Pendergraf, entertainment chairman. They will serve for the remainder of the semester.

Tech chapter is a member of the national organization which has as its members personnel of the armed forces, service veterans and industrial firms. Purpose of the AFCA is to acquaint its members with the ground for all the services.

Seven applications were received at the meeting Tuesday for membership in the national chapter, Capt. William C. Neubauer, club sponsor, said.

Tech Departments Will Be Featured In Magazine Soon

The "Sheep and Goat Raiser's" magazine will devote one-half of its next issue to a feature on Tech, Elio J. Urbanovsky, professor and college landscape architect, said yesterday.

The feature will be on the building programs, new buildings, development of the aggie departments, and the campus and college in general, Urbanovsky said.

The magazine will also tell how the college affects the sheep and goat raiser's industries, the landscape architect said.

Stangel To Judge Hereford Show In Clayton New Mexico Tuesday

W. L. Stangel, dean of agriculture, will judge a Hereford show in Clayton, N. M., Tuesday. The show is sponsored by the Tri-State Hereford Breeders association.

Dean Stangel will speak at a banquet Tuesday night sponsored by the association.

Home Ec Students Learn Baby Care; Other Functions In Management House

Seven new girls have moved into the home management house and will remain until March 25, stated Miss Lola M. Drew, associate professor of home management. New residents are:

Bobbie Jean Brown, Lorenzo; Diane McClurkin, Spur; Jorene Shinn, Cee Vee; Cleo Hall, Ruby Pots, Nettie Jean Shearer and Betty Vaughn, all of Lubbock.

Lee Hastam, who is seven months old today, has been living in the house since September and will continue to live there this semester.

Each girl, aside from her regular duties of taking care of Lee, planning meals, doing laundry and other

household tasks, must select a home project to be completed during her residence there. It may consist of selecting and making new curtains, filling the home freezer, or anything that needs to be done to or for the house, says Miss Drew.

Residents will also sponsor a series of entertainments of their choice which will give them experience in making plans and executing them. Among the entertainments planned by the group are an informal steak dinner, a dessert canasta party and an afternoon tea.

Institute Of Finance Adopts Constitution Seeks Recognition, Passage Of By-Laws

Members of the Tech Institute of Finance adopted a constitution Monday at the regular business meeting. Keith Schier, president of the organization, has scheduled at 4 p.m. Monday a meeting with the Social Activities committee and the sponsors, Jefferson M. Hooper, professor of accounting and finance and Fredrick E. Mueller, accounting and finance instructor. The purpose of this meeting will be for the Tech Institute of Finance to become recognized on the campus.

Qualifications for a finance major to become a charter member of the organization are incorporated in the constitution, Schier said. It is stated that a student must have attended one or more of the first three meetings of the club. These meetings

will be held at 7:30 p.m. every first and third Thursday of each month in A4-210. The president announced that this will be the permanent time and place.

The third and next meeting is to be Thursday and the by-laws will be voted on. Plans have been made for a social function to be held within the week following this meeting.

Schier said that it has been decided to name the inter-association of Finance majors who have maintained a 2.0 grade average for all college work, as the Merit Scholar Council. This group will act as an advisory board to the officers of the organization, he said.

Ags, Home Ecs To Hold Box Supper And Dance

The annual Aggie-Home Economics club party will be held at 8 p.m. Friday, in the Green room, James Waddell, reporter of the club, said yesterday.

Featured will be a box supper and dance.

All Aggie club and Home Economics club members are eligible to attend, Waddell said.

Dook Residents Elect Officers; Wilkinson Is Chosen President

George Wilkinson, junior geology student, has been elected president of Dook hall, Glenn Cole, dorm supervisor, said Thursday.

Dave Miller, senior electrical engineering student, has been named vice president, and Ben Forbes, senior animal husbandry student, has been chosen treasurer, Cole said.

Gargoyle To Hold Beaux Arts Ball Here Next Month

Life has been asked to attend a party at Tech. The Gargoyle Club, Tech architectural organization, has written Life magazine to ask them to the first annual Beaux Arts Ball to be held on March 10.

"The theme of the Ball will be the 'Lost City of Atlantis,'" stated Henri Pierce, senior architect from Lubbock, who is chairman of the dance committee.

Each week Life goes to a party, or the equivalent, and reports it in a pictorial feature.

Further plans for the Ball will be discussed at a called meeting at 5 p.m. Monday in E-208. Members of the dance committee are: Pierce, Charles Kelley, freshman arts and sciences major from Lubbock, and

GAMMA DELTA ELECTS

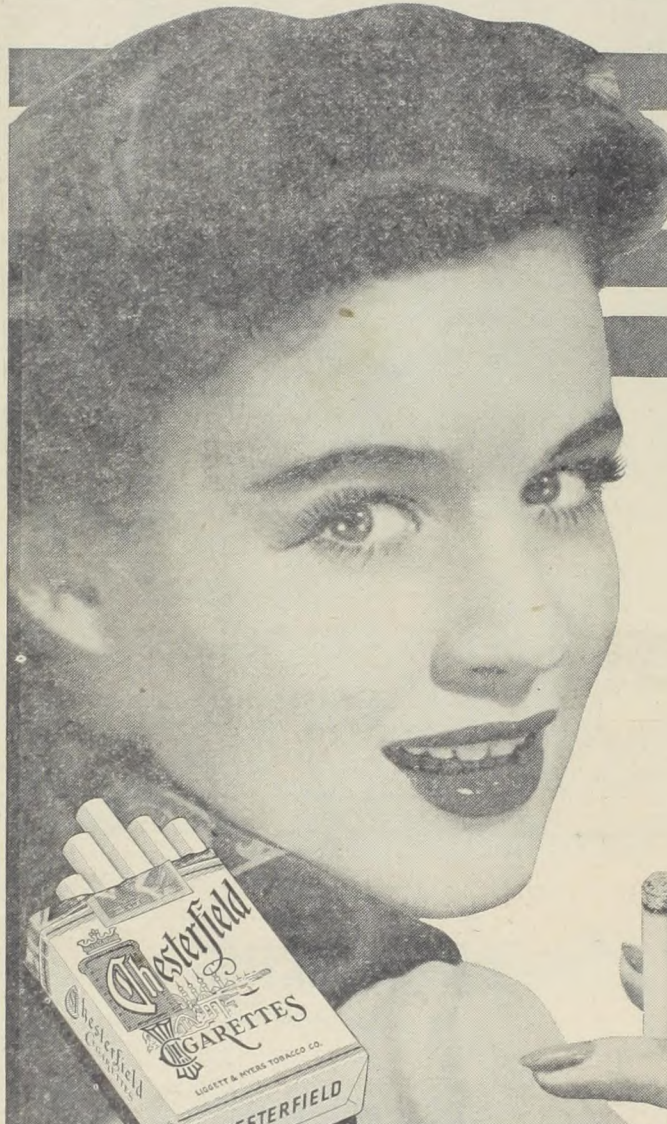

Herbert Graf, senior business administration student from Vernon, has been elected president of Gamma Delta, organization of Lutheran students.

Other officers chosen at a Sunday evening meeting of the group are: Ralph Krottinger, senior engineer from Wichita Falls, vice president; Francis Wuensche, freshman arts and sciences student from Wilson, secretary; and Luther Slegler, sophomore business administration student from Cactus, treasurer. Editor of the organization's paper is Herbert Bruns, freshman engineer from Vernon.
