

'ONDINE'

## Play Attracts Top Crowds, Ends Tonight

After one of the more successful runs of Texas Tech speech department productions, "Ondine"—a play marked by elaborate costuming and sets—goes into its final performance at 8 p.m. today.

Capacity audiences have filled the Speech Auditorium, which seats 97, each night of the production. Extra chairs placed in the auditorium raised the capacity to about 115, according to Ronald Schulz, speech professor and director of the play.

Tickets for the play, previously scheduled for Monday through Saturday of last week, were sold out by last Wednesday. All tickets for the two hold-over performances, last night and tonight, were sold by Friday.

Dr. Merville Larson, head of the speech department, attributed the large turnout to the elaborate costumes and the stage set. In Dr. Larson's words, "I don't think we've ever had a play that has had an audience demand like this one."

The first-night performance of "Ondine" last Monday marked the first time in Tech speech department productions that the Speech Auditorium had been filled to capacity for an opening night.

Schulz expressed regret Monday that the play could not be held over for more performances since there are still students desiring tickets. He explained, however, that tryouts for the next speech department play, Robert Anderson's "Tea and Sympathy," are scheduled for this week and that students in "Ondine" need time off for study.

Reserved tickets for the play not picked up by 8 p.m. today will be canceled, according to Schulz. Anyone wishing to see the play today who does not have a ticket may come to the Speech Bldg. at 7:30 p.m. and place his name on a list. Reserved tickets canceled will be sold to persons listed.

Set in medieval Germany, "Ondine" tells the story of a water sprite who falls in love with a mortal, a knight. More than 40 costumes for the production were designed by Miss Shirley Cadle, speech instructor.

NOW JUST WHO' GOING TO DO THE EATING, ANYWAY!

... Delores McKee, junior from Lubbock, tries to "talk turkey" with an apparent good subject for the oven Thursday, apparently, this ol' Tom Turkey has his own ideas about a meal.

## Foreign Students Plan Traditional Thanksgivings

By DAHLIA BRAZELL  
Treasurer Staff Writer

Even though many of them are too far away to go home, several of Texas Tech's foreign students are planning ways to celebrate the coming Thanksgiving holiday.

Toy Hiroshi Ogino, sophomore business administration major from Tokyo, Thanksgiving will mean the traditional turkey fare at the home of his sponsors, Mr. and Mrs. R. S. Booker. This will be Hiroshi's second Thanksgiving in the states.

The holiday will provide some time for sightseeing for Li-Tzu Fang, graduate chemistry student from the Republic of China. She and some friends plan to visit neighboring New Mexico on Thanksgiving day.

"Taking in Big D" will fill Franz Helbig's holiday. Franz, senior business administration major from Ludwighafen, Germany, will visit the home of his sponsors, Mr. and Mrs. A. M. Early, in Dallas. Their son Bill is also a Tech student. This will be Franz's fifth Thanksgiving celebration in this country.

Lorenzo Penafiel's first Thanksgiving will be spent in the home

of his roommate, Juan Ramos, Tulia. Lorenzo is a graduate business administration major from Manila.

A sophomore engineering major from Chiapas, Mexico, Ariosto Marin plans to stay in Lubbock during the Thanksgiving holiday. He'll have a turkey dinner though when he is a Thanksgiving Day guest in the home of Dr. O. Brandon Hull, Lubbock.

One of the more fortunate foreign students is Jack Yamaguchi who will be with his family over the holiday. Jack's parents joined him and his sister, Yoko Morgan, in Lubbock this year. Jack is a junior business administration major from Tokyo. His sister is a sophomore home economics major.

### Tech Plans Special Dinner

A traditional Thanksgiving dinner with "all the trimmings" will be served to Tech students remaining on the campus during the holidays.

The Thanksgiving Day meal will be served in Bledsoe Hall. Meals will be served in Wells Hall on Friday, Sneed Hall on Saturday, and Drane Hall on Sunday. Men and women will eat together.

All women will be housed in Drane Hall, and all men's residence halls will be open. Approximately 100 students are expected to remain in the dormitories.

### SCANNING THE WORLD

## Norstad Proposes Nuclear NATO

WITH ASSOCIATED PRESS

PARIS (AP)—U.S. Gen. Lauris Norstad proposed in effect Monday that the Atlantic alliance become a nuclear power, with member nations sharing equal control of the weapons.

The 15-member North Atlantic Treaty Organization already has nuclear missile warheads at its disposal, but they are under tight control

of the United States and in some cases Britain.

Norstad is supreme commander of NATO forces in Europe. Speaking to the annual NATO parliamentarians' conference, he said "there should be a basic pool of atomic weapons with an equal voice in control of these weapons."

U. S. Vice President-elect Lyndon B. Johnson was in the audience.

Clifford said there has been no discussion of a heavy cut or big overturn down the line through the various government departments and agencies.

Clifford said Theodore Sorensen, 32, will come closest to performing the duties now handled by the assistant to the president.

## Kennedy Plans Presidential Personnel Slash . . .

PALM BEACH, Fla. (AP)—President-elect John F. Kennedy expects to wipe out the powerful post of assistant to the president and to slash the White House staff sharply.

Kennedy's chief liaison man with the Eisenhower administration, Clark M. Clifford, outlined the prospects to newsmen after all-day sessions with Kennedy.

## Circle K Opens Drive For 'Toys For Tots'

The annual campus Toys for Tots drive, a Christmas charity sponsored by Circle K, campus Kiwanis club, begins Nov. 28 and will continue through Dec. 14, with barrels placed over the campus for toys.

Several campus organizations are planning dances to aid the drive, with toys used as admission fees.

Circle K will present two plaques, one for the residence hall winner and one for the organizational winner, at a Tech basketball game about Dec. 14. Quantity, quality and price of toys contributed will be used as basis for judging.

The toys will be collected and counted about the middle of December. Civic organizations will repair the toys if needed at the Lubbock American Legion hall. The Tech branch of the drive, sponsored by Circle K, is part of the yearly project in Lubbock to provide toys for needy Lubbock children at Christmas.

# MEMOS.

## FRENCH MOVIE

"Claudine a L'ecole" a French movie by Colette, will be presented in three performances today in the movie room of the Library.

The movie, sponsored by Le Cercle Francais, will be shown at 3 p.m., 5 p.m., and 7 p.m. Admission is 40 cents per person. Subtitles are in English.

## Holiday Services

**BAPTIST STUDENT CENTER**, 2401 15th, Morning Watch at 7:28 a.m. Wednesday.

**ST. PAUL'S EPISCOPAL CHURCH**, 16th and Ave. X, Service of Holy Communion followed by breakfast, 7 a.m. Wednesday.

**METHODIST STUDENT CENTER**, 2420 15th, Thanksgiving Communion Service, 7:30 a.m. Wednesday.

## French Club Elects Randy Tower Head

Randy Tower was elected president of Le Cercle Francais, Tech's French Club, at a meeting at 7 p.m. Tuesday in the Tech Union.

Other officers elected are Gay Adams, vice president; Carol Cowley, secretary; Jody Ruhl, treasurer; and Robin Fithian, reporter.

## Weeks Dorm Honors Guests

Margaret Weeks, dean emeritus of the School of Home Economics; Dr. and Mrs. R. C. Goodwin; and the staff of the department of student life were among 34 guests honored at a dinner Sunday in the cafeteria of Weeks Hall.

Hostesses for the occasion were Alice May, Weeks Hall supervisor, and the dormitory legislators and officers.

Decorations for the dinner, which followed a Thanksgiving theme, consisted of centerpieces of fruit-filled cornucopias and arrangements of white candles. A traditional Thanksgiving meal, including baked turkey, dressing, cranberry sauce and pumpkin pie was served.

LANI LANGFORD

## Delts Announce Miss Playmate

Lani Langford, junior from Waxahachie, was named Miss Playmate of Delta Tau Delta Friday night at the fraternity's Club Playboy at the Parkway Manor.

Elected last week by secret vote of the Delta members, Miss Langford was crowned and presented with a dozen red roses by J. L. Roberts, her escort, during the intermission of the formal dance.

# IBM WILL INTERVIEW DECEMBER 8-9

Candidates for Bachelors or Masters Degrees are invited to discuss opportunities in:

### Marketing and Sales

This is a unique opportunity to find out about the many career opportunities at IBM. The IBM representative can discuss with you typical jobs, various training programs, chances for advanced education, financial rewards, and company benefits—all important factors that affect your future.

### SOME FACTS ABOUT IBM

**An Unusual Growth Story:** IBM has had one of the exceptional growth rates in industry. It has been a planned growth, based on ideas and products having an almost infinite application in our modern economy.

**Diverse and Important Products:** IBM develops, manufactures and markets a wide range of products in the data processing field. IBM computers and allied products play a vital role in

the operations of business, industry, science, and government.

**Across-the-Country Operations:** Laboratory and manufacturing facilities are located in Endicott, Kingston, Owego, Poughkeepsie and Yorktown, New York; Burlington, Vermont; Lexington, Kentucky; San Jose, California; and Rochester, Minnesota. Headquarters is located in New York City with sales and service offices in 198 major cities throughout the United States.

**The Accent is on the Individual:** No matter what type of work a person does at IBM, he is given all the responsibility he is able to handle, and all the support he needs to do his job. Advancement is by merit.

The areas in which IBM is engaged have an unlimited future. This is your opportunity to find out what that future has to offer you.

Call or stop in at your placement office to arrange an appointment with the IBM representative for the date above. If you cannot attend an interview, write or call the manager of the nearest IBM office:

**Mr. C. B. Hanson, Jr., Branch Manager**  
IBM Corporation, Dept. 882  
1412 Texas Avenue  
Lubbock, Texas  
PO 3-1981

INTERNATIONAL BUSINESS MACHINES CORPORATION

You naturally have a better chance to grow with a growth company.

**BIG BOOM HAILS TOUCHDOWN**

... blasts from the Tyrian Rifle drill team's howitzer rocks Jones Stadium at Red Raider games.

## Howitzer Helps Red Raiders 'Sound Off' At Grid Games

Among the many "firsts" at Tech this year is the use of the Army howitzer to signal Red Raider touchdowns at Tech football games.

The howitzer was given to the college by the Army and is not just another piece of issued ROTC equipment.

mm Pack Howitzer. The weapon fires a 75 mm shell up to 8,000 meters, and it can be disassembled in order that it may be carried by

pack mules ... or by Tech ROTC cadets.

With football season over, the gun will be used for flag retreat ceremonies and parades on the drill fields. But since the powder alone for each shell costs over \$1 per round, booms from the cannon will be infrequent.

The team has expressed the hope that a tradition has been established by the gun and that future Red Raider football games will "rocked" with blasts from their howitzer.

## Guitarist Set For Concert

Carlos Montoya will stage a flamenco guitar concert in the Tech Union Ballroom at 7 p.m. Dec. 1. The event is free of charge.

Montoya, said to be the world's foremost flamenco guitarist, will be brought to Tech by the Special Events Committee of the Union.

Flamenco music comes from Spanish gypsies and until now there has been no written music for it. Montoya, who was born in Madrid, will play his own arrangements in the traditional gypsy rhythm.

This true gypsy musician has played in all parts of the world and is the only flamenco guitarist performing this art on the concert stage in solo.

The Toreador, official student newspaper of Texas Technological College, Lubbock, Texas, is regularly published each Tuesday, Thursday, and Saturday morning during the two long terms, excepting holidays, by students of the College as an expression of campus news and student opinion only.  
The Toreador is financed by a student services fee, advertising, and subscriptions. Letters to the editor and columns represent the views of their writers and not necessarily those of the Toreador. Letters must be signed. The views of the Toreador are in no way to be construed as necessarily those of the administration.  
Entered as second class matter at the Post Office in Lubbock, Texas, under the act of March 3, 1879.

In Southwestern Studies

# New Opportunity For Tech?

During the past 36 years of Texas Tech's development, this college has come to a recognized place as the center of higher education for a vast area of western Texas. In the past decade, Texas Tech has out-distanced in academic program and accomplishments, in facilities, in athletics and in many other areas every other institution of higher learning in the western half of Texas.

This college is, in fact even if not in name, in most respects on a university level of education.

In relation to this, both Texas Tech's university status and its position in the heart of the Great Southwest call attention to an interesting and challenging opportunity which may deserve exploration for this school.

It seems to us there is no single university throughout the Great Southwest which has—through a unique and continuing effort of any kind—really laid claim to the title of the center of the study of Southwestern life.

Texas Tech now has a growing collection of documents and various publications on this area in the Southwest Collection. The West Texas Museum at Tech has gained wide recognition as maintaining a well-selected array of items from Southwestern history.

This school's history, government and English departments have developed strong courses and areas of study related to the Southwest.

It seems to us that by Tech's location in the heart of the Southwest, by its being a young school just beginning to reach its potentialities and by its beginnings already in the area of Southwestern studies, the time is ripe during the next five to ten years for Tech to move forward in this field.

Perhaps such a movement could be realized in the development of a Southwestern Affairs Center at Tech—one composite center where a continuing study of Southwestern affairs, politics, government, economics, history and literature could be carried on, both on the graduate and undergraduate level, both in actual classroom teaching and in research.

Probably such would have to be financed through private sources rather than public funds, at least the actual building for a center such as this probably would have to be. Yet with Tech's central geographical location and its services educationally, there should be plenty of businessmen, oilmen and agricultural leaders throughout the Southwest who would lend financial support to such a program.

Perhaps the idea would deserve some thorough exploration and—who knows—maybe in 1970 or 1975 there could be a Southwestern Affairs Center at Texas Tech known far and wide across this part of the nation as the heart of research and study on the life of the Great Southwest.

PRESTON MAYNARD  
Managing Editor

## HE 'DON'T WANT TO GO!

They told me I could graduate  
About the end of spring,  
But now I must anticipate  
Quite another thing.

Fidel has raised an army —  
To hold Guantanamo,  
This kind of thing could harm me  
'Cause I don't want to go.

I'd like to stay in college,  
Where living is a breeze,  
But my quest for greater knowledge  
Hangs on Khrushchev's every sneeze.

Lumumba and his colored boys  
Are raising hell down there,  
And at the smallest China noise  
Herter tears his hair.

I want to go on living  
A life that's sweet and plain.  
My life I don't like giving  
My freedom for to gain.

—Author Unknown

with Bill Dean

# Student Council Beat

There's an old saying that when you don't have anything to say don't say anything. That's exactly how I feel at this moment. This is a point in the school year when activities seem to lag a bit with anticipation of the upcoming holidays. There is one thing, however, I have intended to discuss in this column that I haven't gotten around to—until today. This is our committee system.

Every year when a new council is elected the first job of the new president is to assign the new members to the various committees set up to carry on the work of the Council. If anyone thinks that the actions of the Council are decided upon and worked out at Council meetings they are sorely wrong. This would be an impossible task. Instead, the Council is divided into different committees and these committees perform the functions of your council. In preparing assignments it is necessary to evaluate each member in regard to experience, ability and will to work. Some committees call for more experienced members than others. In many cases a chairman must be selected.

We have two types of committees. One is the student-faculty committee; another, committee composed of just student personnel.

There are 17 committees operating at the present time. I will name the committee, indicate which type it is, list the students involved and give its function.

**Disciplinary Committee:** student-faculty, Marcia Vick and Carlyle Smith—meets when disciplinary problems such as student riots occur.

**Rodeo Committee:** students only, Dallas Powell—one representative is selected from the Council to serve in planning events of the Rodeo Assn.

**Traffic Committee:** student-faculty, W. R. Collier—develops plans for the traffic set-up such as parking lots, location of student parking, etc.

**Allocations Committee:** students only, Larry Campbell (chairman), Dallas Powell, Peggy Maloy, Woodie Wood, Dave Jones, and Mack Robertson—meets with student organizations applying for funds and conducts interviews. The committee recommends allocations to the Council. This committee draws up the proposed Student Council budget for the coming year and is composed of one member from each school.

**Publications Committee:** student-faculty, Melinda Harrison, Wayne Isom, and Carlyle Smith determines policy for student publications. They select the Toreador and La Ventana editors and approve contracts.

**Elections Committee:** students only, Janis Jones (chairman), Peggy Maloy, Melinda Harrison, Dallas Powell, Lee Pfluger, Sandie Allison, Mack Robertson, Woodie Wood, Marcia Vick, Louis Joe, Jane Sessums, and Bill Skeeters—develops election policy and regulates all campus elections. This includes the handling of petitions, expense forms, filing fees, approving posters, distribution of ballots and ballot boxes and counting votes.

**Athletic Council:** student-faculty, Wayne Isom—one student is appointed to serve on this committee which determines general policy regarding athletics.

**Committee on Student Organizations:** student-faculty, Jim Brock and Kay Woody—governs all student organizations. This committee deals with disciplinary action against organizations.

**Out-of-Town-Trip:** students only, Pete Baker and Larry Campbell (co-chairmen), W. R. Collier, Lee Pfluger, Susan Ziegler, Ray Thomson, Louis Joe, and Mike Lundy—works out the details for the annual out-of-town trip.

**Sportsmanship Committee:** students only, Bobby Hutto (chairman), Robert Albin, Pat Coplin, and Jane Sessums—is intended to create good will with other schools by promoting good sportsmanship and creating school spirit among our own student body.

**Southwest Conference Queen's Committee:** students only, Judy Jones and Kay Woody (co-chairmen)—makes all arrangements for sending representatives to other schools and receiving queens on our campus.

**TISA Correspondent:** students only, Sandie Allison—handles all reports and correspondence with the Texas Intercollegiate Student Assn.

**Homecoming Committee:** students and ex-students, Marcia Vick—meets with the overall Homecoming committees and serves as secretary of the committee.

**College Awards Board:** student-faculty, Rodney Hill—helps select individuals and organizations to be honored through Who's Who, Tech Salutes and at the All-College Recognition Service in the spring.

**World University Service:** students only, Wayne Underwood (chairman), Pat Coplin, and Susan Ziegler—in charge of planning and carrying out Tech's WUS drive on this campus.

**Special Projects:** students only, Joan Dorris (chairman), George Wynn, Dave Jones, Ray Thomson, and Judy Jones—works out arrangements on such projects as the Teacher-Evaluation Forms.

**Current Events:** students only, Woodie Wood (chairman), Joan Dorris, Kay Woody, Mike Lundy, Bill Skeeters—in charge of securing speakers to come to the campus.

# Union Meet Attracts 16 From Tech

One vacation ended—another begun. This is the story of 16 Tech Union leaders bound for New Orleans Nov. 30.

The New Orleans "vacation" is really a conference for the Association of College Unions at delegation will meet with other Tulane University. Tech's student delegations from colleges all over Texas, Oklahoma, Louisiana, Missouri and Arkansas.

The main purpose of the two-day conference is for college leaders in union work to exchange and learn new ideas about student activities such as dances, parties, book reviews and forums.

Students will be taught new techniques on creating programs which will serve the cultural, education, recreational and social interests on the entire student body.

Sessions include lectures, case studies, panels and group discussions. But the meeting is not all work. On the entertainment side are breakfasts, luncheons, a dinner and a dance.

Members of the Student Union Program Council who will attend the conference are Virginia Cain, Pat Crouch, Carlyn Grau, Elaine Higginbotham, Ginny Johnson, Karolyn Kirby, Pat Porter, Robert Rogers, Susan Rogers.

Also Bill Skeeters, Buzz Strehli, Charles Tigner, Dan Webster, Jeannine Whitehead, Evie Williams, and Evangeline Young. Jane Gentry, program director of the Union, will accompany the students.

## Editors Join Panel To Judge Contest

Ellen Venable, co-editor of The La Ventana, and John Woody, associate editor of the school yearbook, have been asked to serve on the panel of judges in the "most beautiful girl and most handsome man" contest at West Texas State College in Canyon.

The annual contest is scheduled Nov. 30.

# Attention, Managers

Intramural basketball is being organized for the winter season, and meetings are scheduled for team managers to confer with Edsel Buchanan, director of intramurals, on scheduling games.

Dormitory and independent managers are to meet in Room 207, Men's Gym, today at 5 p.m. to draw the schedule, select playing days and decide on starting dates.

A similar meeting for fraternity managers will be held Dec. 5.

Deadline for entering basketball competition is Dec. 6, Buchanan also reminds intramural basketballers that free throw competition is now under way, and that free throws must be taken between now and Dec. 15 in order to compete. Throws may be taken at any time, in the Men's Gym.

HE DID IT AGAIN !!!—E. J. Halub (55) tucks an intercepted pass under his arm and rambles for his second touchdown of the year, thereby accounting for Tech's only score in the 34-6 loss to Arkansas last Saturday. Halub snared the pass and shook off a couple of tacklers in covering the 40 yards to pay dirt.

Easy way to do your new-car sampling—

# Drive Chevy once around the block at your Chevrolet dealer's one-stop shopping center!

Just drop in and take a drive in one of the 30 spanking new '61 models your Chevy dealer now offers under the same roof. With every drive, your dealer is giving away free Dinah Shore Christmas records while they last. So hurry! And you'll find that here's the easy, one-stop way to shop for the car you want. There's a model to suit almost any taste or need—at a price to suit almost any budget. There's a whole crew of new Chevy Corvairs, including four family-lovin' wagons. New Biscaynes—the lowest priced full-size Chevrolets. Popular Bel Airs. Sumptuous Impalas. And America's only true sports car—the Corvette. Come on in and pick your new car the easy way—on a one-stop shopping tour!

New '61 Chevrolet IMPALA SPORT SEDAN

You'll see five models in the '61 Impala series—the most elegant Chevies of all. They're sensationally sensible from their more parkable *out* size to their remarkably roomy *in* size. And note that trim new roof line.

New '61 Chevrolet 2-DOOR BEL AIR SEDAN

These beautiful Bel Airs, priced just above the thriciest full-size Chevies, bring you newness you can use. Roomier dimensions reach right back to the easier loading trunk that lets you pile baggage 15% higher.

New lower priced '61 CORVAIR 500 CLUB COUPE

See what Corvair's got in store for you in '61! Thriftier sedans and coupes with nearly 12% more room up front for luggage. That rear engine's spunkier, too, with a gas-saving new axle ratio to go with it.

New '61 Corvair 700 LAKEWOOD STATION WAGON

There's room for almost everything but antifreeze in these new one-and-only 6-passenger Lakewoods. And they're the only wagons with lockable trunk under the hood. Be sure to see the new Greenbriers, too.

New '61 Chevrolet 2-DOOR BISCAYNE 6  
NOW—Big-Car Comfort at Small-Car Prices

These new Biscayne 6's\*—the lowest priced full-size Chevrolets—let you save money in a big way, yet give you a full measure of Chevy's new roominess—such things as higher easy chair seats, larger door openings, more leg room in front, more foot room in the rear.

# Tech Ends Season On Dismal Note

Disappointment tinged with the slightest air of relaxation characterized the Texas Tech dressing room after Saturday's loss to Arkansas locked the doors on the 1960 football season.

The Razorback win put Arkansas into the Cotton Bowl, and most of the Raiders agreed they were the team that should be there. The consensus was that the Hogs were a quick-hitting, aggressive ball club with lots of fire and drive.

"THEY WANTED this one more than we did," said sophomore quarterback Johnny Lovelace. "You know what the consequences were. They were headed for the Cotton Bowl."

A number of the Raiders were playing their last game in college, and most of them hung up their sweaty pads with mixed emotions.

"THIS IS the last time," said guard Fred Weaver. "It's not as funny as you might think, either. You think you'll be glad when it's

over, but when it is, you're not so sure."

"I hate to end it this way," said Bake Turner, sparking halfback, referring to his junior season. "They were sure tough." Turner will return to bolster the Raider attack next year.

PLAYERS AND COACHES alike moved about the dressing room shaking hands, usually with

anticipative comments about the coming year. Some of the seniors admonished the younger players to "get 'em for us next year."

One of the players who will have the chance is Jerry Garrison, sophomore end, who thought the Razorbacks had a mental edge in the game.

"I THOUGHT we were really fired up for this one," Garrison reflected, "more than they would be. I guess we didn't look like it."

Don Waygood, the senior end from Sundown, had just capped his 13-year football career with the afternoon performance—his fourth year of varsity ball with the Raid-

ers—and was hanging up the gear he had worn in becoming the last man in the Southwest Conference to win four varsity football letters.

"NOW I JUST want to graduate and get a job," the veteran quietly reflected. "I'm through with this."

Graduation looms very large before most of the seniors about that time, along with the realization they were leaving something that would be a part of their lives forever. At the same time, the younger athletes doubtless gave a fleet-foot thought to spring training and to another shot at the Southwest Conference circuit which the coming fall will bring.

## Carpenter Grabs Lead In Intramural Bowling

Carpenter Hall forged ahead of Coors in intramural bowling last week, winning three games from Sigma Chi, while Coors dropped one game out of their three with Pi Kappa Alpha.

The shakeup puts Carpenter in the number one position boasting a 14-4 won-lost record against Coors 13-5. Coors, however, retain-

ed the lead in total pins 14,091 to 13,888 for Carpenter.

The Coors team, representing Gaston Hall, will change its name Dec. 2 to conform to new shirts lettered with the greek characters gamma, alpha, sigma, tau, omega, nu (spelling Gaston).

Only five more nights, or 15 games, are left on the league schedules before the champion is decided, and at least five teams still have a mathematical chance at the title.

In other league action last week, Sigma Alpha Epsilon took three games from Split 8's and Phi Delta Theta won two and lost one in their match with Old Crows.

### THE STANDINGS

Team	Pct.
Carpenter	.777
Coors	.723
SAE	.612
Phi Delt	.555
Pikes	.555
Sigma Chi	.386
Split 8's	.333
Old Crows	.111

## Gibson Names Fish Schedule

A 12-game schedule for Texas Tech's freshman basketball team was announced today by Gene Gibson, Picador coach.

All games except a Jan. 30 engagement with West Texas State in Canyon will be 6 p.m. preliminaries to varsity contests in the Lubbock Coliseum—on the Tech campus.

A 12-man squad is working out under Gibson and Charlie Lynch. A graduate business administration fellowship holder, Lynch lettered three years for the Red Raiders, completing his eligibility in 1959. Since then he has been in the Army.

The schedule, with Tech's varsity opponent in parentheses:

- Dec. 1: C&I Lifers (Hamline)
- Dec. 5: West Texas State (Kansas)
- Dec. 16: Ince Oilers (Louisiana State)
- Dec. 19: KOLV Rangers of Clovis (Vanderbilt)
- Jan. 7: C&I Lifers (Rice)
- Jan. 15: KOLV Rangers (Texas A&M)
- Jan. 28: Midwestern (Phillips Oilers)
- Jan. 30: West Texas at Canyon
- Feb. 4: Ince Oilers (Baylor)
- Feb. 11: Lubbock Christian College (Southern Methodist)
- Feb. 18: C&I Lifers (Arkansas)
- Feb. 24: Ince Oilers (Texas Christian)

## Seniors Will Attend Student Conference

Joyce Hervey and Don Nix have been chosen as Tech delegates to the sixth Student Conference on National Affairs at Texas A&M Dec. 7-10. Melinda Harrison was chosen as alternate delegate.

Miss Hervey, Dallas senior, is an applied arts major. Nix, senior from Hobbs, New Mexico, is majoring in government.

Delegates were selected by Dr. Sterling Fuller, government professor; James G. Allen, dean of student life; and Bill Dean, Student Assn. president. They were selected on the basis of their interest in the subject and their abilities.

Colleges and universities in the United States, Mexico, and Canada have been invited to attend the conference. Seventy-two United States educational institutions have been sent invitations.

Discussion topic of the conference is "The Task of the Free World: Problems and Opportunities in the 60's."

Last year's delegates were Johanna Zourmas and Bobby Brown.

## See Europe For Credit

"An awfully good way to see Europe for the first time" is the way Mrs. Alan Strout, Tech English instructor, sums up her student tour of Europe this summer.

The Guild of Student Travel-Transmarine Tour, Inc. New York, and Mrs. Strout will sponsor the students on what will be her seventh tour of European countries. After leaving New York by ship on June 9, the group will visit 12 European countries taking in a maximum number of famous literary centers.

The ship on which the students sail will be occupied by students from all over the United States on similar tours. "Each day's events on the ship are made with the young people in mind," Mrs. Strout said.

Six hours credit in English are available to students taking the tour. Lectures will be given on board ship and reading assignments will be given. Assigned will be a novel, a Shakespearean play and book of Browning's poetry. A book review will be made from a wide choice of European literature.

An examination will be given after the students return. Two or three books are also required to be read and analyzed in light of the student's travels in Europe.

A deposit of \$200 is required for registration. The balance of payment is due eight weeks before sailing. Price does not include passports. Those interested in making the tour should contact Mrs. Strout in her office in the library.

## Protz Attends AIA Meeting

Craig Protz, senior architectural and allied arts major from Lubbock, is attending the American Institute of Architects' Student Forum in Washington, D.C., this week.

The Forum, which convenes annually in the Octagon Bldg., national AIA headquarters, is attended by delegates from approximately 100 architectural schools throughout the nation. Top national architects speak to the students concerning national architectural designing problems.

Jim Boggs, AIA reporter, says part of the expenses for the trip are paid by Tech's AIA chapter.

Protz is regional director of the AIA Association of Student Chapters and national editor of the student page in the "AIA Journal", a national monthly publication.

## Bill Dean Seeks Office Secretary

Any girl interested in being secretary to Bill Dean, president of the Student Assn., should come by his office in the Administration Bldg. to schedule an appointment.

The job includes general office filing, clerical work and phone receptionist duties. The pay is standard college rates.

## Entry Blanks Available For '61 Beauty Pageant

Entry blanks for individuals interested in competing in the 1961 La Ventana beauty pageant are available in Journalism 101.

Contestants do not have to be entered by an organization, but entry blanks are being mailed to all campus organizations in case they do wish to enter a coed in the third annual affair.

Final eliminations begin at 8 p.m. Dec. 16. The pageant is sponsored by Sigma Delta Chi, professional journalism fraternity. Syled after basic Miss America pageants, this year's show features an aquatic theme.
