Pruitt Picks 'Girl Crazy'

"Girl Crazy," a Broadway musical with a western theme and setting, has been selected for the 1956 Varsity Show by Jack Pruitt, director.

Tryouts for a total cast of 70 persons will be held at 7 p.m. Feb. 7 in the Aggie Engineering Auditorium. There will be 20 speaking parts and a 15 couple dancing chorus, the largest ever used in a Tech Varsity production.

ZTA Aids Lubbock March Of Dimes

The annual March of Dimes polio drive ended in Lubbock today with over \$50,000 in contributions collected through the combined efforts of numerous civic organizations.

High on the list of Tech contributors was Zeta Tau Alpha sorority, whose members raised approximately \$420 for the drive by selling March of Dimes balloons in busy shopping centers Saturday.

"We want everybody interested in speaking parts, chorus parts or production work at the tryouts," said Pruitt. If all parts aren't assigned Tuesday night there will be more tryouts Thursday night, Feb. 9.

"Girl Crazy," with music by George and Ira Gershwin, features such songs as "Embraceable You," "Bidin' My Time" and "I Got Rhythm."

Work has already begun on scene designing and building. David Laughridge is in charge of scenery design, Dennis Atkins, set productions, and Bob Richards, technical director.

The Show will be presented at the Lubbock High School Auditorium, April 9-11.

All-Church Night Slated

By JOAN ABEL

Lubbock churches and religious student centers will open their doors Thursday night to welcome new Tech students to the church of their choice. Open Houses, skits, parties, games, refreshments, and christian fellowship are planned at the various churches and student centers.

"Hearts for Today" is the theme of a party scheduled in the Parlor of the First Methodist Church, 13th and Ave. M, at 7:30 p.m. Students attending will switch dates six times for folk games, table games, and contests. Ladies of the church will serve refreshments, said Donnie Johnson, who is in charge.

A similar event, "Blind Date Party," will be held at St. John's Methodist Church, 15th and College. Mary Cooper, Tech junior, is general chairman of the party.

College Avenue Baptist Church, 2422-10th, is planning a party entitled "Sadie Hawkins Day in Dogpatch," to begin at 7 p.m. at the church. Tech students will be entertained by a program, skits, mix-

er games, and will meet church workers.

First Baptist Church, 2201 Broadway, is incorporating its welcome of new Tech students with a formal Sweetheart Banquet, Feb. 14. Theme of the banquet is "Memories are Made of This." New students will be contacted and given a special invitation to the annual affair.

Lubbock Christian Churches will welcome Techsians at the Christian Student Center at 7:30 p.m. At that time guests will preview the semester of activities at the center, and go on a scavenger hunt. Following the hunt, movies will be shown, and refreshments served. The evening will close with a devotional. Students in charge are George Earl Dawson, Mr. and Mrs. Bob Shutte, Phillis Moore, Bill Love, Gerald Bradley, and Mr. and Mrs. Don Alexander. The center is located at 2318 13th.

Open House will be held for Church of Christ students at the Bible Chair, 2406 Broadway, at 7:15 p.m. Jim Crisp and J. M.

Glass are in charge of arrangements. Later this week, the several Churches of Christ are having parties for Tech students. The open house will include games and skits presented by different classes of students.

Catholic students are invited to an Open House in the St. Elizabeth Parish Hall, Main and Ave. W. It will be an informal get-together sponsored by the Newman Club.

Dorm Date Bureau Is Too Successful

KALAMAZOO, Mich.—(ACP)—Men at a Western Michigan College dormitory recently came up with a plan to increase dating on campus. Hearing that a large number of girls went home on weekends because they didn't have dates, they arranged dates for any girl who called during the weekend.

The dormitory expected some replies, but nothing like the reaction they got. The offer appeared in the school paper and calls started coming in soon after it had been distributed. In all, 147 girls called and 95 dates were arranged.

As a matter of fact, Wallwood Hall ran out of available men and had to send out an S.O.S. to other men's dormitories. Some men were even brought in from off-campus.

'Infernal Machine' Tryouts Tonight

Final tryouts for the speech department's presentation of Jean Cocteau's "The Infernal Machine," will be held at 8 p.m. today in the Speech Auditorium.

The play, third production of the school year for the department, will be presented March 12-17. Any student interested in dramatics may try for a part in the production, said Ronald Schulz, director.

The play calls for a cast of three women, eleven men, and three children, one male and two females.

'Cell Block 7' Plans Return

The Cell Block 7, Dixieland jazz group from Dallas, will return to the Tech campus Feb. 10, sponsored by the Tech Union Music Committee.

The jazz concert will be presented in the Union Ballroom at 8 p.m. "This repeat performance is being held in response to the tremendous ovation the group received from a capacity crowd in the Union Ballroom last February," said Bob Huff, Music Committee chairman. "Tech students have requested

since then that the group be called back for another show." The current "musical and entertainment rage of Texas," Cell Block 7 plays a regtime version of Dixieland jazz.

Tickets at \$1.00 per person will be on sale at the Union Newsstand and from student ticket salesmen. There will be a limited number of tickets available. Huff added, and as the concert last year was a complete sell-out, students are urged to purchase early.

Record 6,082 Students Enroll For Spring Term

Texas Tech has broken another record.

Enrollment for the spring semester has reached a high of 6,082, a 771 increase over the 5,311 record set last spring, according to Miss Evelyn Clewell, assistant registrar.

Registration will continue until Friday without a late fee charged. Monday is the last day students can complete registration and pay fees for this semester.

Night registration started Monday and will continue until Thursday, from 5-6:30 p.m.

A divisional break-down of registration figures is as follows: Arts and Sciences, 1,906; Agriculture, 677; Business Administration, 1,257; Home Economics, 306; Engineering, 1,687; and Graduates, 247.

A total of 4,590 men have enrolled this semester, and 1,492 women — a ratio of 3 to 1. In 1948-49 the ratio showed an al-

most 4 to 1 margin for the men with 5,135 to 1,615. There have been many times when the ratio was 3 to 1 — the years 1946 through 1954 are a few.

Only one period in Tech's history, the war years of 1943 to 1945, more women students than men registered. In 1943-44 there were 816 men to 1,112 women; and in 1944-45 there were only 797 men to 1,425 women.

In division enrollment Arts and Sciences has always led, even though Tech is best known as a school of technology.

Star Gazers To Swap Notes In Meet Here

The Southwest's leading astronomers will gather Feb. 24-25 at Texas Tech to report new knowledge of the stars and other aspects of space.

Dr. Bengt Stromgren will give the meeting's principle lecture Friday, Feb. 24, on "Evolution and Formation of the Stars." He is director of the University of Texas' McDonald Observatory and the Yerkes Observatory.

Major topics will include the discovery of new stars, "double stars" that revolve so closely together they sometimes eclipse each other, stars that give out frequency radiation.

The astronomers also will discuss whether or not the sun gets its energy for light from its own decreasing mass.

Both professional and amateur

scientists from at least seven states are expected for the meeting, sponsored by the Astronomical Society of the Southwest.

Institutions to be represented will include the Universities of Texas, Oklahoma, Mississippi, Colorado, New Mexico and Arkansas; Louisiana State University; Tulane University; Texas A&M College; Oklahoma A&M College; Baylor, Texas Christian, Hardin-Simmons, Midwestern and Denver Universities; Lamar Tech and Texas Tech.

Government representatives will include personnel from the Upper Air Research Observatory, Las Cruces, N.M., and Kirtland Air Force Base, Albuquerque.

Dr. J. H. Rush of the Texas Tech physics department is in charge of arrangements for the meeting.

LITTLE MAN ON CAMPUS

by Dick Bibler

"THIS IS THE MOST IMPORTANT CLASS YOU'LL BE TAKING - SO I'LL EXPECT A LITTLE EXTRA WORK FROM YOU THIS TERM."

Anybody Got An Aspirin?

It started Friday.

Any traffic ticket received on campus after Friday, Jan. 28, becomes cumulative, according to an ultimatum passed down by the Tech Traffic Committee and approved by President E. N. Jones.

This boils down to the hard, cold fact that a driver who receives two tickets this semester and a third at a later date will have his campus driving privileges restricted. Gone are the good old days when the slate was wiped clean at the end of each four-month period.

The committee doesn't stop there, either. It further directs that parking stickers are to be fixed exactly as directed. If a sticker is in the wrong position or is not permanently attached, a ticket will be issued the offending driver, the group warns.

They close their notice with this final reminder:

"All drivers on the campus are hereby warned that vigorous enforcement of traffic and parking regulations will begin immediately after the regular registration period."

These are drastic, but necessary steps. According to Assistant Registrar Evelyn Clewell, the current period's enrollment at Tech smashed all previous records for a spring semester. With people come cars, and with each additional auto registration the traffic committee's headache becomes greater.

The medicine necessary to relieve this ache is labeled cooperation and consideration while driving—and parking. How about it . . . got an aspirin?

—Alton Slagle

The Toreador, student newspaper of Texas Technological College, is published each Tuesday and Friday on the campus at Lubbock by the associated students of the College, and financed by student activity fees, advertising, and subscriptions.

FACULTY FOLLOW-UPS . . .

Classroom Car Described By Tech Author

A new classroom "automobile" shows promise of breaking one of the nation's toughest safety education bottlenecks—driver training—according to Tech Journalism Instructor Marjorie Wightman.

The new device, is patterned after the Air Force's Link trainer that simulates flight, Miss Wightman reports in the February issue of Better Homes and Gardens.

Today only one of five high school students can hope for on-the-road driving instruction, she declares in an article entitled "Ground School for Student Drivers."

The reasons, she points out, are a shortage of trained teachers and the high cost of individual instruction.

Experiments at Iowa State College indicate cost of a classroom of 15 Drivotrainers can be written off in 10 years at the cost of a good textbook for each student trained in the course, Miss Wightman says.

An unusual feature of "travel" in the Drivotrainers is that drivers can experience the sensation of being in a bad wreck without getting hurt, Miss Wightman points out. A wreck situation can be developed suddenly on the movie screen simulating the road in front of the trainer and the driver's reactions can be tested.

Miss Wightman came to Tech last September as a journalism instructor and assistant to the public information director, Dr. William E. Hall. She has written numerous magazine articles.

The appointment of Prof. Robert Lee Newell as Assistant Dean of Engineering has been announced by Dr. E. N. Jones.

Newell, 39, who has been a member of the Tech faculty since 1941, will retain his duties as associate professor of mechanical engineering.

"The appointment of Professor Newell as assistant dean will allow a considerable reassignment of duties within the division, permitting more extended activities in the field of graduate study and research," according to Dr. John R. Bradford, engineering dean.

Fitzhugh Lee McRee, who has taught civil engineering more than 28 years at Tech, has moved to Washington, D. C., to become general transportation agent for the International Cooperation Administration.

The State Department agency is in charge of administering U.S. aid to underdeveloped areas.

McRee will check on the results of transportation aid on current projects in more than 70 areas on every major part of the globe and will survey needs of other areas applying for aid.

Twelve sacred songs by Assoc. Prof. Raymond Elliott will be included in a book to be issued this spring by Clayton-Summy Music Publishers, Chicago.

The songs for pre-school children will be a part of "The Primary Choir," by Dr. Lloyd Sunderman of Toledo University, a national authority on graded church choirs and author of more than 100 publications.

Dr. Sunderman obtained the songs from Elliott last summer while at Tech as a visiting conductor for a Southwest workshop of the National Association of Teachers of Singing.

Elliott's songs in the book are the first to be published from a group of approximately 150 sacred selections he has just completed for children.

A new Spanish-language edition of "College Algebra," a mathematics textbook co-authored by Dr. Fred W. Sparks, Tech professor, will be issued soon by the Mexico City publishing firm, Editorial Reverte.

The new edition, written with Dr. Paul K. Rees of Louisiana

State University, will be distributed throughout Latin America.

Dr. Sparks, who joined the Tech faculty during the college's second year of operation, originally published the book in 1935. The third American edition was issued in 1954. It is used in more than 30 U.S. colleges and universities.

He is co-author of four other mathematics books—"Plane Trigonometry," published by McGraw-

Hill in 1937 and revised in 1946; "Living Mathematics," McGraw-Hill, 1940, revised in 1949; "Analytical Geometry," Houghton-Mifflin, 1948; and "Intermediate Algebra," McGraw-Hill.

Dr. and Mrs. Alan Lang Strout of the Tech English department have been invited to teach this summer at Huckleberry Mountain Workshop Camp at Hendersonville, N. C.

OH, FOR THE LIFE OF A NEWSPAPERMAN!

Look at the campus newspaper you are now holding. An ordinary object, you think? An everyday convenience? Something to be taken for granted?

Faugh, sirs and madams! Faugh, I say! Don't you know what prodigies of skill and labor and organization and art and science go into the making of your campus newspaper?

Come, I'll show you. I'll take you to a typical office of a typical newspaper on a typical campus.

The editor—let's call him D. Fermin Bohorquez, a typical enough name—calls his staff together first thing in the morning. "All right, you guys," he says, lighting a Philip Morris, which, naturally, is the favorite cigarette of newspapermen, and of anybody else who knows a hawk from a handsaw, "All right, you guys," says D. Fermin, "this here ain't no ladies whist society, this here is a newspaper. So get out there and get the news. Get it first, get it quick, get it right! Ed, you cover the ag campus. Phil, you cover the school of mines. Wally, you cover home ec. Sam, you cover buildings and grounds. Ethel, you cover the men's gym. . . . All right, get going!"

With many a laugh and cheer, the reporters light up Philip Morrises, favorite cigarette of the young and agile, and dash away on their assignments.

D. Fermin retires to his office to smoke a Philip Morris and write a fearless editorial scolding the university for not buying patches for the worn-out elbows of the news team.

On the rim of the copy desk three rewrite men—Tensing, Hillary, and Laverne—sit poised and expectant, waiting for the reporters to phone in their stories. They smoke Philip Morris, favorite cigarette of the poised and expectant. Tensing's phone rings first; it is Ed calling from the ag campus.

"Stop the presses!" cries Ed. "Got a scoop! Hunrath T. Sigafos, professor of curds and whey, has just sold his article *The Romance of Butterfat* to the Drovers and Poultrymen Monthly."

On another phone Sam is calling from buildings and grounds. "Tear out the front page!" he cries. "Got an exclusive! Harold 'Pop' Wishnograd, superintendent of buildings and grounds, today announced the purchase of a new doormat for the vestibule of Burton Hall. The last doormat, it will be recalled, was eaten by a pledge named Norman Harringay for his Chi Psi initiation."

Meanwhile, elsewhere in the city room, Ganglia Questover, vivacious and ubiquitous gossip columnist, sits smoking a Philip Morris, favorite cigarette of the vivacious and ubiquitous, and typing out her chatty, informative tidbits: "Maureen Valgerholtz, popular Theta, announced her engagement last night to Webster Scuff, Oliver Jenkins, Cosmo Erskine, and Walter Penn Dowdy. Wedding dates have been set for June 9, June 24, July 5, and July 18 respectively. Good luck, Maureen! . . . Irving 'Behemoth' Anselm, popular fullback, blew out 120 feet of esophagus yesterday while inflating a football. Good luck, Irving 'Behemoth'! . . . Robin Kroveney, popular Deke last year, this year popular pfc. in the U. S. Army, writes friends that he has been convicted of deserting his post and will be executed on April 28. Good luck, Robin!"

And now, friends, we take our reluctant leave of the drama, the tension, the glamor, the churning, the seething, the roiling, the *sturm und drang* of the wonderful world of journalism. Aloha, journalism, aloha!

The makers of Philip Morris, who sponsor this column, have got some news for you too. It's today's new gentle Philip Morris in today's bright new package of red, white, and gold.

Tech Band To Play At New Mexico Governor's Palace

The Texas Tech concert band has accepted an invitation to play for the American Bandmasters Association national convention March 9 in Santa Fe, N.M., Dr.

Dewey O. Wiley, director of Tech bands, announced.

The 90-piece Tech concert unit will play in the morning at the museum in the governor's palace. The other half of the day's con-

cert program will be a performance there that night by the U.S. Air Force Band.

Approximately 120 of the nation's top bandmasters are expected to attend the concerts,

which serve as a demonstration of new band music and techniques.

Edwin Franko Goldman, one of the nation's leading band directors and an ABA founder, is scheduled to attend the sessions.

A highlight of the Tech concert will be presentation of a band arrangement of Johann Strauss'

"Gypsy Baron Overture," which originally was published for orchestra.

Directing the Tech musicians in the number will be the man who made the new band arrangement, Lawrence Fogelberg, director of bands at Bradley University, Peoria, Ill.

Smartest girl on Campus!

SHE'LL SERVE HER DIETETIC INTERNSHIP AS AN AIR FORCE OFFICER

Smart girl—she has a real future ahead! She has qualified and has been accepted for training as a dietetic intern in an approved hospital under Air Force sponsorship. After her year as an intern she will have two years of work and travel as a Reserve officer in the United States Air Force—as a member of the Women's Medical Specialist

Corps. You also may qualify for Air Force sponsorship as a dietetic intern if you are a female citizen, are between the ages of 21 and 26, have no dependents, are physically qualified, and feel the time has come for you to specialize. There is real opportunity for alert young women in the Air Force.

CLUB OF THE WEEK

Towngirls Meet Weekly At Union

By **GLORIA WALKER**
Toreador Society Editor

The Towngirls Club meets weekly to enable women students living off-campus to become familiar with campus activities.

Although the group attempts to keep a roll of regular members, non-members are invited to attend each luncheon. The luncheons are held at noon each Wednesday at the Student Union.

Those who wish to attend are asked to sign a list at the Union concession stand by 10 a.m. Wednesday. At that time the person designates whether she will take a plate lunch for 90 cents or a sandwich for 50 cents.

There were 25 members in the Towngirls Club last semester. Usually 20 or 25 attend each luncheon. Dues are 50 cents a semester.

Towngirls was organized in the spring of 1953 by Forum, a senior girls organization. There was no Union then and the girls had no way to get acquainted with campus news.

Mary Catherine Cole was the first president. She was followed by Virginia Carter, who served

Speech Therapy Workshop Plans Open House Sunday

Open House will be conducted at Tech's Speech Therapy Workshop from 3 to 5 p.m. Sunday, it was announced today. Sponsored by the Speech Pathology Club, the social is being held to acquaint interested students and townspeople with the clinic's work.

The clinic, headed by Miss Helen Lindell, is located in Building X18. Refreshments will be served.

last year, and Cynthia Lovesley, this year's prxy.

Other officers are Carole Tollin, secretary; Lucille Owsley, vice president; Barbara Smith, treasurer; Joan Bethany, AWS representative; and Avonlee Fentress, publicity.

Graduating Seniors To Contact Allen

Graduating seniors who plan to work for graduate degrees and who are members of Phi Eta Sigma, Freshman Honor Society, should contact Dean James G. Allen, faculty adviser, in Ad. 167, it was announced today.

The National Phi Eta Sigma Fraternity offers two \$300 scholarships each year on the basis of the student's scholastic record, evidence of creative ability, evidence of financial need, promise of success in chosen field, and personality.

Only members of Phi Eta Sigma are eligible for these scholarships.

Artist Joins College Faculty

Newest addition to the architecture and allied arts department at Tech is Bernard Farrell. The artist has enjoyed wide success in work with many media, while his wife, Zelda, has achieved notable success in showings of her ceramic work.

As a welcoming gesture to the newly-appointed instructor and

Social Clubs Have Spring Open Rush; To Close Friday

Spring open rush began on the Tech campus Sunday and will close at 12 noon Friday, Feb. 10.

At 1 p.m. Feb. 10 rushees may pick up party invitations in the Dean of Women's office. Sorority parties are scheduled for Feb. 10 and 11.

At 5 p.m. Feb. 11 rushees will sign preferences in the Dean of Women's office. Sorority lists must be in that office by 6:30 p.m. and bids will be out at 8:30 p.m.

Assistant Dean of Women Jacqueline Sterner reminded that an eligible rushee must be regularly enrolled or in the process of registering for 12 hours or more of scholastic work when rush opened.

Any girl previously enrolled in any college or university also must have at least a "C" average to be eligible.

All spring rushees were required to attend a convocation Friday afternoon in the Student Union Building. Spring rush rules and procedures were explained at the meeting.

Participating in spring rush are six of Tech's ten sororities — Alpha Phi, Alpha Chi Omega, Gamma Phi Beta, Delta Gamma, Kappa Gamma, and Sigma Kappa.

his artist-wife, the Art Institute of Texas Tech is sponsoring showings in the Museum of a group of drawings and paintings in mixed media by the couple, graduates of Cranbrook Institute of Bloomfield Hills, Mich.

The Farrells arrived last week from Tuscon, Ariz.

Bible Chairs,

Bible Chairs and studies near the campus are of courses this semester in literature. Designed to aid in the study of the Bible and their religious teachings, these courses are for credit by the college, made available by the churches.

Survey courses of both Old and New Testaments are which will cover the backgrounds and basic of each of these writings. Study of the authorship, canon and messages of the Bible will be made in courses. The books interpreted are the Psalms of James, the Book of Revelation, and of Romans.

"Bible Origin and Growth" by three of the students. It is the study of from the earliest known

Christopher Lynch Is Concert Guest

Christopher Lynch, former Stone Hour tenor vocalist, is the featured guest in a concert sponsored by the Texas Tech Club.

The concert will be held at O. L. Slaton Junior High auditorium, beginning at 8 p.m. Only general admission priced at \$1 each may be had. Information concert tickets may be obtained at St. Elizabeth's Catholic Factory. Tickets may be had from any Newman Club, said a club representative.

A 15-minute Catholic program, sponsored by Newman Club, can now be heard Sunday morning at 9:15 in station KSEL.

Fathers Thomas J. Doherty, J. Hallman, and away of St. Elizabeth's Parish officiate over the program. Time is being paid for by Newman Club alumni. Purpose of program is to acquaint students with Catholic beliefs and tenets.

Spring Activities Underway At

A record dance at 7:30 in "The Hole" will highlight day's activities at the 11:30 noon tomorrow, Tech's masters Collegiate will a luncheon.

Students can begin sign tomorrow for a chess tournament which begins Feb. 6. Friday deadline for tournament.

The Dunbar Combo for a "Blackboard Bounce" 8:30 to 11:30 Friday in room. A back to school theme is carried out at this Night Dance of the semester.

Film fare in the ballroom will feature Anne B. Dale Robertson in "The of Poker Flat."

Toreador news of club activities should be turned in Monday noon for Friday's edition.

All news turned in signed.

Bible Chairs, Student Centers Offer 14 Biblical Courses

Bible Chairs and student centers near the campus are offering 14 courses this semester in Biblical literature. Designed to provide guidance in the study of the moral and religious teachings of the Bible and their relevance to life today, these courses are recognized for credit by the college, although made available by the individual churches.

Survey courses of both the Old and New Testaments are planned, which will cover the historical backgrounds and basic teachings of each of these writings.

Study of the authorship, significance and messages of the books of the Bible will be made in various courses. The books to be interpreted are the Psalms, the Book of James, the Book of John, the Book of Revelations, and the Book of Romans.

"Bible Origin and Growth" is offered by three of the student centers. It is the study of the Bible from the earliest known manu-

scripts to the present.

"The Life and Teachings of Jesus" and "The Prophets" are two subjects which cover the messages and beliefs of the major religious teachers of the Bible.

Practical Christianity and its problems will be presented in "Problems of Christian Leadership." Although emphasis is placed on needs of those planning religious vocations, this course also gives an interpretation of the Bible in its challenge for Christ-like living in all vocations.

The history of religion is the subject matter to be covered from various viewpoints in three of the planned courses. "Spread of Christianity" is the study of the Book of Acts, and the missionary program it provided is traced through historical records. "Church History" is organized to give an insight into the development of the Chris-

tian Church from the earliest beginnings. The chief world religions, other than Christianity, their origin and beliefs are to be studied in "Comparative Religion."

Fraternity Elects Calhoun President

Frank Calhoun, senior history major from Port Lavaca, has been elected president of Sigma Alpha Epsilon for the spring semester.

Other officers chosen to head the men's social fraternity are Bob Brown, vice president; Bob Huff, treasurer; Fred Gist, recorder; Jack Chandler, herald; Bob Miller, correspondent; Jim Sharp, chronicler; Bob Moore, warden; Neal Pipkin, chaplain; and Bill Bynum, pledge trainer.

'FRESHMAN FREEZE' HAS WINTER THEME

"Old Man Winter" set the scene for the "Freshman Freeze" Saturday night in the Student Union Building. Couples danced to the music of the Kingsmen.

Proceeds from the dance will be used by the freshmen for other class activities. Kay Alexander was in charge of dance arrangements.

Pi Kappa Alpha Names

Leo Hatfield Spring Prexy

Named president of Pi Kappa Alpha for the spring semester is Leo Hatfield, senior petroleum geology major from Midland.

Serving with Hatfield will be Jess West, vice president; David Pennington, secretary; and Ralph Sherrill, treasurer.

Christopher Lynch Is Concert Guest

Christopher Lynch, former Firestone Hour tenor vocalist, will be the featured guest in a concert sponsored by the Texas Tech Newman Club.

The concert will be held Monday at O. L. Slaton Junior High School auditorium, beginning at 8:15 p.m.

Only general admission tickets, priced at \$1 each may be purchased. Information concerning the tickets may be obtained by calling St. Elizabeth's Catholic Church Rectory. Tickets may be purchased from any Newman Club member, said a club representative.

A 15-minute Catholic radio program, sponsored by the Newman Club, can now be heard each Sunday morning at 9:15 over radio station KSEL.

Fathers Thomas J. Drury, Hubert J. Halfman, and George Sallaway of St. Elizabeth's Parish will officiate over the program.

Time is being paid for by a Newman Club alumni. Purpose of the program is to acquaint its listeners with Catholic beliefs and doctrines.

Spring Activities Underway At Union

A record dance at 7:30 tonight in "The Hole" will highlight the day's activities at the Union. At noon tomorrow, Tech's "Toastmasters Collegiate" will meet for a luncheon.

Students can begin signing up tomorrow for a chess tournament which begins Feb. 6. Friday is the deadline for tournament entries.

The Dunbar Combo will play for a "Blackboard Bounce" from 8:30 to 11:30 Friday in the ballroom. A back to school theme will be carried out at this first Friday Night Dance of the semester.

Film fare in the ballroom Monday will feature Anne Baxter and Dale Robertson in "The Outcasts of Poker Flat."

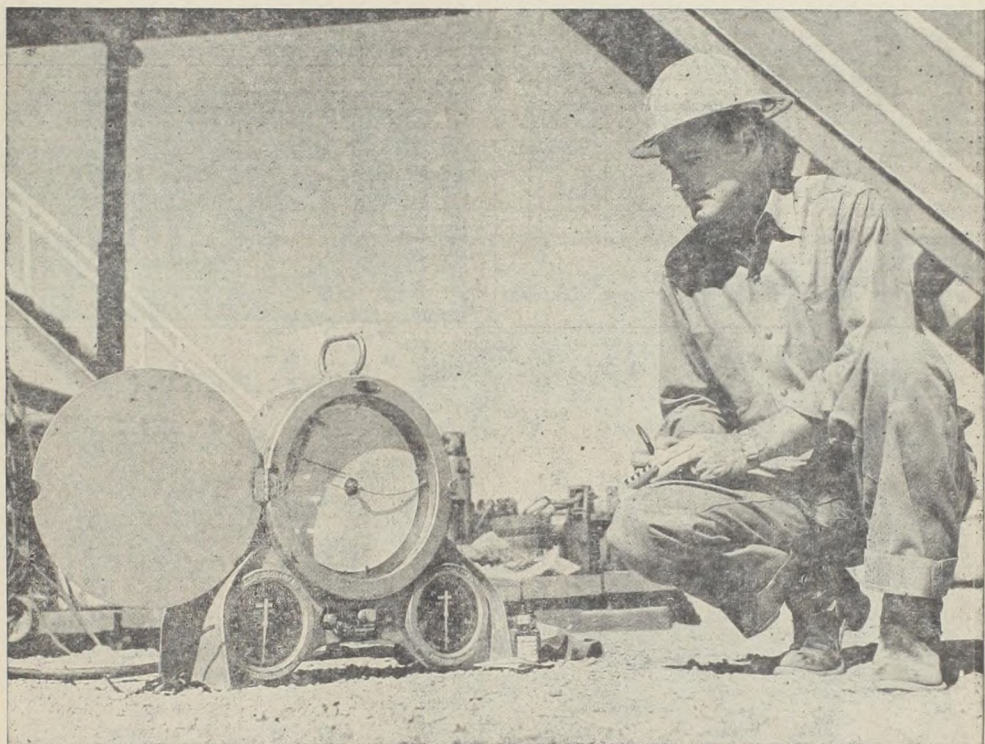

Toreador news of clubs and activities should be turned in preceding events. Society deadlines are Monday noon for Tuesday's edition and Wednesday noon for Friday's edition.

All news turned in should be signed.

ACID PETROFRAC

DOWELL double-duty treatment boosts flow two ways — fractures and acidizes in single operation

An Acid Petrofrac* treatment delivers a 1-2 punch in the pay zone—fracturing the formation and attacking it with acid simultaneously. Sand-carrying Acid Petrofrac has increased production more than 400 per cent above that of offset wells which have been either fractured or acidized. Acid Petrofrac requires no excessive rig-time. Materials are mixed quickly and to a constant viscosity with specialized Dowell equipment. No gel breaker is needed after the treatment. Acid Petrofrac has retarded acid properties and excellent sand carrying ability—even at high temperatures.

The men and equipment of Dowell, and only Dowell, can apply Acid Petrofrac treatments to your well. Dowell Service means advanced laboratory research, engineers with wide field experience and modern, large-volume, high-pressure pumping equipment. Dowell Service brings you well treatments, job-tailored to your well conditions.

For service, or for more information, call any of the 165 Dowell offices in the United States and Canada; in Venezuela, contact United Oilwell Service. Or write Dowell Incorporated, Tulsa 1, Oklahoma, Department A81.

J. Paul Sheedy* Kept Getting The Bird Till Wildroot Cream-Oil Gave Him Confidence

"Sheedy, you worm," chirped J. Paul's little chickadee, "your lack of confidence is driving me cuckoo. If you don't do something about that messy hair I'll never beak to you again!" So J. Paul hopped on down to his favorite toiletries counter and pecked up a bottle of Wildroot Cream-Oil. Now he has confidence in any situation because Wildroot keeps his hair handsome and healthy looking the way Nature intended... neat but not greasy. Contains heart of Lanolin, nature's finest hair and scalp conditioner. If you catch your roommate robin yours, tweet him to his own bottle or tube of Wildroot Cream-Oil. Great for making your hair look good to other people!

Wildroot Cream-Oil
gives you confidence!

Intramural Cagers Continue Games

Three games are scheduled for the dormitory intramural basketball league this week. League-leaders Gordon and Doak Halls will be trying for their third win against no losses.

Gordon plays West East, and Doak takes on Sneed (shorts). West West plays Sneed (longs) in the other game. The West East-Gordon game will be played Thursday with the other set for Friday.

Fraternity League teams play four games Sunday. Sigma Chi plays Sigma Nu, Phi Kappa Psi takes on Phi Kappa Alpha, Psi Gamma Nu plays Alpha Tau Omega, and Kappa Sigma plays Phi Delta Theta.

Independent League I plays two games, with KKK playing Tech Vets Thursday and the Dusters battling the Fire House Five Friday.

Only one game is scheduled in Independent League II. Thursday the Hobos challenge the Goodies.

'SAD SAM' TRIES IN VAIN...

Picadors Edge White Sands

The Texas Tech Picadors last night won their second consecutive overtime victory within a week from White Sands Proving Grounds. The score: 90-82. The Picadors took White Sands last Saturday 103-98.

Led by "Sad Sam" Jones, the White Sands five battled the Tech frosh to an 82-82 deadlock at the end of the regular game. During overtime the Picadors scored eight points to defeat the hustling White Sands group.

High point man, with 33, was

PIKA is leading the Fraternity League with a 4-0 record. In Independent League I Baptist Student Union and KKK are tied for the league lead. KKK has a 2-0 record, and BSU shows three wins against no losses.

There is a three-way tie in Independent League II. The Rangers have three wins, and the Goodies and Redwings have two each.

Jones, while Wade Wolfe had 26 points and Gerald Myers 24.

Myers paced the Frosh to a win Saturday with 37 points. Jones had 29 points for the losers. All five freshmen starters scored in the double figures.

Saturday's game was close all the way with the lead changing hands 34 times.

The Picadors play the Wayland College freshmen here at 4:30 p.m. Monday, then take on the West Texas frosh here at 4:30 p.m. Friday.

The Tech frosh season record boasts twelve wins with no losses, defeating Howard County, Odessa, Cisco Junior College, Schreiner Institute, Clovis AFB (two consecutive wins), Hardin-Simmons frosh, West Texas freshmen, Wayland freshmen, and White Sands.

BC Co-Champs Meet Here Friday

Some highly important Border Conference basketball games are on tap for Texas Tech's Red Raiders next week.

Coach Polk Robison's cagers meet the University of Arizona here Monday night and entertain West Texas State here Friday night. Tech beat Arizona 85-78 in Tucson earlier but lost a one-pointer, 72-71, to West Texas State in Canyon.

Tech and West Texas State are defending co-champions of the Border Conference.

27 Represent Tech At Ft. Worth Show

Tech will send 27 official representatives to the annual Southwestern Exposition and Fat Stock Show, which opens Friday in Fort Worth.

Agriculture Dean W. L. Stangel will be superintendent for the steer show. Ray L. Chappelle, agricultural education department head, will be assistant superintendent of the Hereford division.

Tech will enter student teams in livestock judging, dairy cattle judging, and meats judging; Dr. Robert H. Black, animal husbandry department head, will supervise showing of Tech livestock at the Fort Worth show.

The livestock judging team, coached by Stanley Anderson, includes: Monte Griffin, Troy Dean Jones, Carrol Robertson, Monroe Henderson, John Pitts and Charles Prebandt.

The dairy cattle judging team is composed of Bennie Whiteside, Jimmie Jayroe, Travis Allen, and Jerry Hawkins. Coach is Koy L. Neeley.

Coleman A O'Brien is coach of the meats judging team. Members are Don Brothers, Jimmy Lockler, Kary Mathis, Dean Pavillard, Clarence P. Smith, and Charles Wallace.

Assisting Tech Herdsman Frank O. Newsom in handling the four Aberdeen Angus steers and one Hereford steer which Tech will exhibit will be two students: Jack O. Moreman, and William O. Ray. Graduate student James E. Barr will be in charge of the Tech hog exhibit. Jerry V. Cook will be student clerk in the beef cattle department.

Your invitation to join our classes in charm, personality, modeling and fashion merchandising. Easy and fun to learn.

Nothing without wings climbs like a '56 Chevrolet!

Ever level off a mountain with your foot? Nothing to it. Just point this new '56 Chevy uphill and ease down on the gas.

Up you go with a quiet (hydraulic-hushed valve lifters now in all engines—V8 or 6) rush of power. This is the car, you know, that broke the Pikes Peak record. The car that conquered towering grades and vicious switchback turns to prove its superior performance, handling ease and cornering ability.

These are built-in qualities that mean more driving pleasure and safety for you. Chevrolet also offers such safety features as seat belts, with or without shoulder harness, and instrument panel padding as extra-cost options.

There are 19 new Chevrolets—all with Body by Fisher. Drop in and drive one.

Journalists Plan Dallas Trip

Plans for sending a large Tech delegation to the 1956 Southwestern Journalism Congress March 9-10 were announced today by Journalism Department Head William E. Hall. The Congress will be held at Southern Methodist University in Dallas.

Among this year's speakers will be David Botter, assistant managing editor of LOOK magazine;

Phyllis Battelle, top woman columnist for International News Service; and R. W. Bonta, of the General Electric advertising and sales promotion department, Schenectady, N.Y.

Any journalism student desiring to make the trip is asked by Dr. Hall to register in J101 within 10 days.

Last year's Congress was held in New Orleans, La.

Carton Design Wins Grand Prize For Techsan

James Nuckels, is winner of the Grand Award in the Pollack Paper Corporation Folding Carton Design for college students of the Southwest.

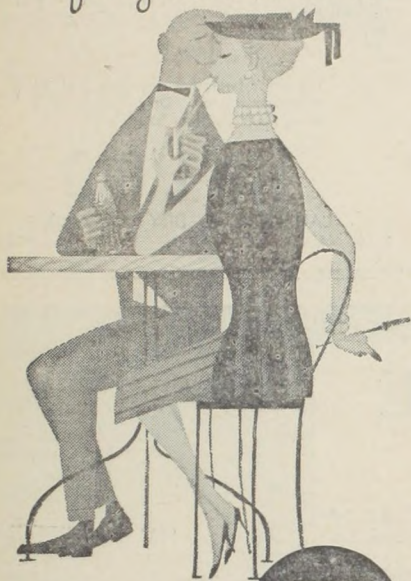

Results of the contest were announced Jan. 16.

Nuckels, son of Mr. and Mrs. Lee Nuckels, of Big Spring, gained three awards including the Grand Award of \$250; the \$50 award for the best ice cream carton in the contest, and the \$25 award for the best entry from a Texas Tech student. His total cash award was \$325.

The senior is majoring in advertising art and design. He is a member of Sigma Alpha Epsilon fraternity and a member of the La Ventana staff.

Entries totaling 150, from seven colleges and universities were received by the corporation. Twenty awards were made to the students who designed the most outstanding folding cartons in the contest. Cash awards to the winners totaled \$835.

"Coke does something for you, doesn't it."

You feel so new and fresh and good—all over—when you pause for Coca-Cola. It's sparkling with quick refreshment . . . and it's so pure and wholesome—naturally friendly to your figure. Let it do things—good things—for you.

Zeta Tau Alpha Sells Balloons

Members and pledges of Zeta Tau Alpha collected \$462 Saturday for the March of Dimes by selling balloons.

The group was divided into four teams which were stationed at Downtown Shopping Center, Town and Country, 34th Street Shopping Center, and Indiana Gardens.

Linda Rogers, Roma Caviness, Pat Dorsey and Teita Martin were chairmen for the respective teams.

Why Chancellor Adenauer reads The Reader's Digest

"In my country more than 500,000 people read the Digest in German each month. And they read not only about the people of the United States, but about the people of all nations. The Reader's Digest has forged a new instrument for understanding among men."

—KONRAD ADENAUER, Chancellor of West Germany

In February Reader's Digest don't miss:

LEARN TO LIVE WITH YOUR WORRIES. Some anxieties spur you to greater effort. But many simply distort your judgment, wear you down. Ardis Whitman tells the kind of worry you *should* learn to overcome, how to put sensible anxieties to good use.

THE ONE AND ONLY BENCHLEY. When told his drink was slow poison, Benchley quipped, "So who's in a hurry?" . . . Chuckles from the life of one of America's best-loved humorists.

BOOK CONDENSATION: I WAS SLAVE 1E-241 IN THE SOVIET UNION. Seized without cause, John Noble (a U.S. citizen) was sent to a Russian concentration camp to work in a coal mine. In episodes from his forthcoming book, "Slave 1E-241," Noble tells of Red brutality . . . and how the "slaves" rebelled in 1953—a revolt he's sure can occur again.

PRIVATE LIFE OF ADOLF HITLER. Was the Fuehrer insane? Did he really marry his mistress Eva Braun the very night before they planned to kill themselves? Is his body secretly buried? Hitler's personal valet reveals hitherto unknown facts.

Get February Reader's Digest at your newsstand today—only 25¢

45 articles of lasting interest, including the best from leading magazines and current books, condensed to save your time.

Union Announces February Campus Bridge Tournament

Participation in the National Inter-Collegiate Bridge Tournament begins Feb. 23, according to Ted Carthel, chairman of the Tech Union Games and Tournaments Committee.

Organizations may nominate two students to represent their group in the tournament. Individuals may compete independently without representing a campus organization.

Anyone who is a Tech student and has a 1 point average is eligible.

Contestants are required to register in the Tech Union Program Office before Feb. 6.

Mrs. Raymond Elege, president of the Lubbock Bridge Club will be tournament director. She will meet with contestants at 7 p.m. Feb. 9 in Room A of the Union to explain contest procedures and conduct a practice session. All contestants are required to attend the meeting.

Awards will be given to campus winners, along with proper recognition for divisional or national placings.

Last year Jack Pruitt, Royce Cawthon, Travis Hammer, and Derrell Childs were campus high scorers.

Bridge is a new addition to the officially sponsored Association of College Unions events. Unions for the past eight years in intercollegiate competition at the national level have moved toward this year's step by providing facilities, encouragement and a degree of co-sponsorship.

This year's pattern of play is to move along the lines of last year's organization when six hundred colleges and universities were invited to compete in nine regional zones.

Teams representing the University of Texas and Whitman College of Walla Walla, Wash., captured the 1955 National Intercollegiate Contract Bridge championship. Approximately 2000 students at 141 colleges and universities in 44 states and the District of Columbia took part in the tournament.

In second place were the North-

South team of Kenyon College (Ohio) and the East West team from Newark College of Engineering (New Jersey). The Oklahoma A&M team tied for third place North-South honors with the Illinois Institute of Technology.

BILL JONES TO LEAD KAPPA SIGS IN '56

Bill Jones, Littlefield Junior, has been named president of Kappa Sigma social fraternity.

Other officers elected by Kappa Sigma are Gene Steele, vice president; Buddy Henderson, pledge trainer; Leland Stone, secretary; Don McGuire, assistant secretary; Jimmie Jones, treasurer; Glynn Morgan, assistant treasurer; Don McDermott and Bob Phillips, Guards.
