

# Phi Gamma Delta Leads In Intramural Speech Tourney

## SC, Cheerleader Elections Set April 10

### Fifth Contest Slated April 8

By JACK CRUMPLER  
Toreador Staff Writer

Phi Gamma Delta took the lead in Tech's intramural speech tournament by piling up 96 points last night in the fourth contest of the series of six.

Westminster Fellowship gained second place as they won the individual meet with 110 points, Pre-Law Club is third with 227 points, Sigma Kappa is fourth with 217 points and Sock 'N Buskin is in fifth place with 97 points.

Contestants with superior or excellent ratings in the fourth meet include: Poetry Reading; Gladys Crandall, Westminster Fellowship, excellent; Don Zimmerman, Westminster Fellowship, excellent; Jack Crumpler, Phi Gamma Delta, excellent; Harvey Malory, Phi Gamma Delta, superior; Oral Parks, Pre-Law, excellent; Jack Gibson, Pre-Law superior; Rosa Riojas, Sigma Kappa, excellent; Sharinne Strickland, Sigma Kappa, superior; Judy Hyatt, Sock 'N Buskin, excellent; Oris Robertson, Sock 'N Buskin, superior.

Bible Reading; Roland Myers, Sock 'N Buskin, superior; Jane Shawver, Sock 'N Buskin, excellent; Mary Jane Hartley, Sigma Kappa, excellent; Lee Huddleston, Pre-Law, superior; Mickie Patterson, Westminster Fellowship, excellent; Sally Miller, Westminster Fellowship, excellent.

Radio Speaking; David Pool, Phi Gamma Delta, excellent; Phil Nettleton, Westminster Fellowship, superior; Don Elliott, Westminster Fellowship, excellent; Gayle Williams, Sigma Kappa, excellent.

Extemporeous Speaking; Kim Milling, Westminster Fellowship, excellent; Gayland Pool, Westminster Fellowship, superior; George Nelson, Phi Gamma Delta, excellent; Willis Taylor, Pre-Law, superior; Joe Ben Hudgens, Pre-Law, superior; Pat Worley, Sigma Kappa, excellent; Don Barber, Phi Gamma Delta, excellent; Declamation; Don Barber, Phi Gamma Delta, superior.

Original Oratory; Roland Myers, Sock 'N Buskin, excellent; Pat Worley, Sigma Kappa, superior. See SPEECH, p. 2.

No. 61

### Petitions Ready In Council Office

By JOAN ABEL  
Tuesday Issue Editor

Candidates for Student Council officers, cheerleaders and divisional Student Council representatives may now pick up petitions in the Student Council office, according to Edwina Schovajsa, elections chairman.

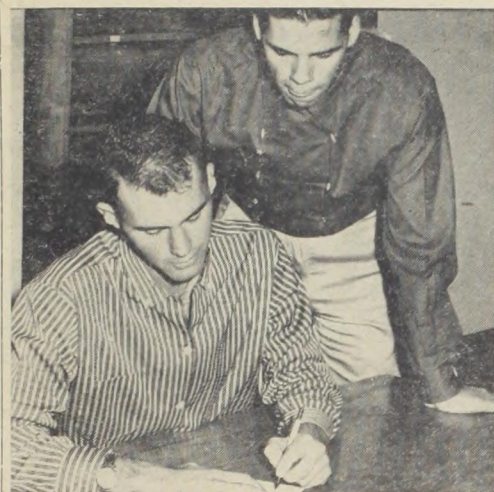

All petitions must be turned in to the Student Council office by 5 p.m. April 3. No campaigning will be conducted before 5 p.m. April 3. The election is scheduled April 10.

An itemized expense account must be turned in to the council office by 5 p.m. April 8. If materials used in a campaign are given to the candidate, he must estimate those costs. This estimate also includes the engraving of a picture. Students running for any position must have a 1-point grade average of over-all work, semester preceding, semester elected, and during duration of office.

Candidates for president and vice president of the Student Council must have 90 or more semester hours. Business manager, secretary and cheerleader candidates must have 60 or more semester hours to be eligible to run. Representatives must be enrolled in the division they are representing and have 30 or more semester hours. All candidates must be regularly enrolled in 12 or more hours.

Campaign rules have been set up as follows:

1. The following limits have been set as maximum amount of money to be spent in campaign—see PETITIONS, p. 8.

\$800 FOR TRAMP CIRCLE — Tech's freshman class this week donated \$800 for use on the proposed pep circle to be built by the Saddle Tramps. Here Bill Dean, president of the Freshman Class writes out a check for \$800 while Saddle Tramps President Wayne Gibbens looks on.

### 2,500 STUDENTS PETITION...

## Salary Hike Asked For Tech Faculty

A series of petitions bearing the names of about 2,500 Tech students are still being circulated over the campus in preparation for use in the current session of the State Legislature, to raise faculty salaries.

Tech's Circle K Club and other

campus groups began circulating the petitions at noon Friday, according to the Circle K president, Don Ledwig.

The petitions state that many Texas Tech professors and instructors have resigned or are planning to resign unless something is done in the current Legislature session. The petitions also point out that a difference of \$2,431.15 exists between the annual salary of a full professor at the University of Texas and a full professor at Tech.

One instructor, approached on the subject, said that he believed the petitions were about two months too late.

Salaries of professors at Tech do not compare with those in other professions. The top bricklayers, for instance, those who have reached the foreman status, can expect to draw about \$7,000 per year, a local union official said. The average salary for a bricklayer reportedly will range between \$4,000 and \$7,000 annually. The apprentice, no education specified, can begin work at 35 percent of a journeyman's wage and remain at an apprentice four years.

After completing high school work, the prospective college professor probably will spend more than \$30,000 in the eight years of higher study required to obtain his Ph.D. degree.

President E. N. Jones voiced an opinion similar to that of the instructor, because, he said, the bills are either already completed or nearly so.

### Tyson, Hill Named Top Officers For New Union Council

Pat Tyson, junior from Fort Worth, has been elected president of the 1957-58 Tech Union Program Council.

He served this year's council as vice president and prior to that was publicity director.

Patti Hill, Lubbock, was elected vice president and other officers are: Bob Huff, San Antonio, treasurer; Beth van Maanen, Dallas, secretary; Bunny Watson, Houston, director of public relations; and Dean Rea, Bushland, director of personnel.

Committee heads will be selected later and those interested in applying for chairmanships and sub-chairmanships can make application in the program council office this week.

### Thompson Elected New BSO President

New officers for the Board of Student Organizations were elected, a new constitution was accepted and retreat reports were made last week at two meetings in the Tech Union.

New officers elected at the Tuesday meeting of BSO are Jim Thompson, president; David Steinman, vice president; Mickie Patterson, secretary; and Lemuel Miller, treasurer.

Proposal of a new constitution was discussed Tuesday by BSO members and it was read by Bob Miller and approved at the Thursday meeting of the Executive Council of BSO.

Retreat reports were made to approximately 70 members and two sets of mimeographed papers were given the members in the Tuesday meeting. One set of papers was a rostrum of various organizations on the campus and their officers. The other set of papers was notes on the retreat.

### 3 Union Delegates To Leave For Utah

Nelson H. Longley, acting director of Tech Union, will leave Sunday for the National Association of College Unions meeting in Salt Lake City, Utah, Monday through Wednesday.

Longley will be accompanied by Conner Cole, director of Tech Bookstore, and Sandra Cooper, student member of the Union Program Council.

Representatives from college unions from all over the nation will attend the meeting which will include discussion of student union problems and interviews for union employment. A highlight of the trip will be a tour of the new two-and-one-half million dollar Union Building at the University of Utah in Salt Lake City.

Miss Cooper will be interviewed for a union staff job and Longley says he plans to look for staff members for Tech's Union, also.

CAROLYN TAPP

### Carolyn Tapp Is 'Miss Auto Show'

Carolyn Tapp, sophomore from Lubbock, was crowned "Miss Auto Show" Sunday climaxing the West Texas-National Auto Show for 1957 at the Lubbock Municipal Coliseum.

Miss Tapp was Miss Imperial, representing Fenner-Tubbs Chrysler agency. Votes were cast by those attending the show.

Linda Shile, Tech freshman from Amarillo, Miss Buick, and Enna McDaniel, freshman from Seagraves, Miss Pontiac, were runners-up.

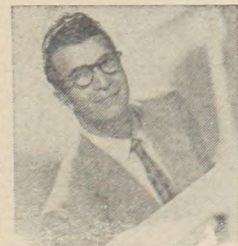

## Jazz Concert Slated By Brubeck Quartet

"Emotions to music-jazz . . ." The theme of modern jazz musician will be heard in Lubbock Friday as Brubeck comes to Tech. The Dave Brubeck quartet will make its first appearance in the South Plains when they present a concert of jazz in the Municipal Auditorium Friday evening at 8:30.

Brubeck's quartet is composed of Paul Desmond, piano clarinet and alto sax; Joe Morello, drums; and Norman Bates, string bass. Dave Brubeck leads the group on the piano. This concert in Lubbock is part of a six month tour of the U.S. and Canada. They spend the rest of the year in the San Francisco Bay area, rehearsing, composing and recording for Columbia Records.

The quartet plays in different styles of jazz, but it specializes in modern progressive jazz.

According to Brubeck, his music is a challenge to unify the audience so that it becomes an en-

tity. He also states that once this unity of feeling is established, the group and the audience can share a creative experience.

The Double T Association is sponsoring the group in Lubbock. Tickets are on sale now at Jones Stadium and in the Tech Union. Prices range from \$1.50 to \$2.50 for students and \$2.50 to \$3 for adults.

### WUS RECORD GOOD...

The accomplishments of World University Service stand as a tribute to international understanding and as a record of the good the students can perform.

The initial program of WUS, launched after World War I, provided relief for universities in central and southern Europe. Since that time, the organization has grown into a world-wide operation of students and professors battling against ignorance and need on an international scale.

World War II left many disrupted lives and weakened the physical and moral fiber of almost every student in Europe. WUS offered aid to refugees; provided scholarships, medicines and food and contributed to the operation of an international center offering rest cures.

In Asia WUS has constructed student health centers and TB sanatoria, stocked libraries and laboratories, established dormitories, and provided scholarships and loan funds.

Middle Eastern relief has been provided by WUS in the form of construction of dormitories, and providing books and educational equipment. The same is true in Africa where universities educate pitifully small numbers of students.

WUS funds are spent in the United States in four main ways — on the Student Loan Fund and Scholarship Program, on a broad college program of education for international understanding, on fund-raising in the colleges and among foundations and on administration.

When one contributes to WUS, he helps stimulate awareness among American students of their membership in the world university community, and to present an effective challenge and a concrete opportunity for demonstrating fellowship with students in other lands. He also helps meet the less material needs of the American university community by helping to break down the barriers of isolation.

As Ramon Magsaysay, late President of the Philippines, put it, "... you are not only assisting students to complete their studies in good health and with adequate equipment, but you are also demonstrating a sincere concern to encourage international fellowship among the young people of all free nations."

And contributions to World University Service are deductible for income tax purposes.

### Sigma Tau Delta Publishes Literary Magazine In April

"The Harbinger" campus literary magazine sponsored by Sigma Tau Delta, will be ready for distribution about the last week in April according to Kenneth W. Davis, Sigma Tau sponsor.

The publication will contain prize-winning stories and poems from Sigma Tau Delta's creative writing contest as well as pieces written by students not entering the competition.

"The Harbinger" this year will be printed and bound rather than in mimeographed form as it appeared last spring, Davis said.

Davis said it is hoped that "The

Harbinger" will become an annual publication with the support of all Tech students. He said this is an attempt to provide Tech with what has been in existence on other campuses for years.

Contributors to "The Harbinger" come from all schools, Davis emphasized, not just the English department. This year's magazine contains works by agriculture and chemistry students as well as English majors.

The 1957 edition of "The Harbinger" will contain short stories, poetry and a study in insanity, Davis said.

### TOREADOR

The Toreador, student newspaper of Texas Technological College is regularly published each Tuesday, Thursday and Friday on the campus at Lubbock by the associated students of the College, and is financed by student activity fees, advertising and subscriptions.

### Meeting Set For Home Economists

Department heads in the School of Home Economics and other persons interested in home economics research will meet Thursday with Mrs. Florence W. Low, head of the department of home economics at the Texas Agricultural Experiment Station at College Station.

An informal session is scheduled for 1 p.m. Thursday. An opportunity will be given for all attending to take part in a discussion of future plans and research in the field of home economics.

### Law Exams Scheduled For Students In April

An exam for students planning to enter law school next year is scheduled for the campus in April, according to Dr. J. William Davis, government department head.

"I urge everyone interested to make application for the test soon," Dr. Davis declared. "It is a requirement of the University of Texas law school and is recommended by other law schools," he said.

### LET'S HAVE OUR CAMPUS

by Dick Biber

"NUTHIN TO DO ON A LOUSY DAY LIKE THIS—WHADDA YA SAY WE GO TO CLASS?"

### TECHSANS TALK BACK

Dear Editor,

Scuttlebut is circulating, that because Tech students are facing a critical housing shortage, new dorms are being constructed, and these dorms will be kept filled to capacity.

What a joke. How many male students, especially vets, want to live in a dormitory?

Not this kid. I had one semester of it, and I don't want any more. I am doing just fine where I am.

Here are some of the reasons I don't want dormitory life:

The first is the food. I stayed hungry continually because of the low quality and quantity of food. Second is the chow line. I stood in lines for four years. That was enough.

Third, I live better now, and my expenses are less.

A good many of the males on the campus are vets. Most of us have no financial assistance other than the G. I. Bill. For us, it will be impossible to live in a dormitory and pay \$80 a month for room and board.

Here is the way that I have it worked out:

### SPEECH...

Continued from page 1

perior; Joe Ben Hudgens, Pre-Law, excellent; Willis Taylor, Pre-Law, superior; David Pool, Phi Gamma Delta, superior; Jack Crumpler, Phi Gamma Delta, excellent; Ruth Vigness, Westminster Fellowship, excellent; Gayland Pool, Westminster Fellowship, superior.

After-Dinner Speaking: Don Elliott, Westminster Fellowship, superior; Don Zimmerman, Westminster Fellowship, excellent; George Nelson, Phi Gamma Delta, superior; Lee Fritchett, Sigma Kappa, excellent; Jolene Caffee, Sigma Kappa, excellent.

Dramatic Interpretation: Harvey Mallory, Phi Gamma Delta, excellent; Jack Gibson, Pre-Law, excellent; Marlys Harris, Sigma Kappa, superior; Sharinne Strickland, Sigma Kappa, excellent; Oris Robertson, Sock 'N Buskin superior; Dale Karpe, Sock 'N Buskin, superior.

The tentative date for the fifth meet has been set as April 8. All participants of the fourth meet achieving excellent or superior ratings may pick up their certificates at the Speech building Friday.

Income:	
G. I. Bill	\$110.00
Expenses:	
Room and Board	\$80.00
Sunday afternoon meals	(4 per month each \$1.50) 6.00
Haircuts	( per month each \$1.25) 5.00
Cleaning	10.00
Laundry	5.00
Toilet articles	(minimum allowance) 3.00
<b>Total</b>	<b>\$109.00</b>

That leaves one dollar to be spread over a one month period. Big deal 3 1/3 cents a day to spend any way that we so desire.

What about school supplies? Cigarettes? An occasional cup of coffee?

Where will we get the money for the second semester's books and tuition? We have very few trees in West Texas, and none of them grow money.

No, I don't believe that I will be able to cut that dormitory jazz, so if I am told that I have to live in one, I will be forced to check this institute to the next man.

Dan "Pogo" James

### Wendorf To Head Fort Excavation

By DALE JOHNSON  
Toreador Issue Editor

Excavation of Fort Burgwin near Taos, N. M., will be the project of a Tech archaeology field course this summer.

Headed by Dr. Fred Wendorf, Tech archaeologist, a group of 10 to 12 students will begin work on the Pot Creek project June 6. The field course will end July 17 with participants gaining six semester hours credit.

Built in 1852 about 10 miles south of the present town of Taos, Fort Burgwin was an active Army post until 1860 when it was ordered abandoned. Its purpose was to protect the Taos area from raids by hostile Apaches and Utes, according to Dr. Wendorf.

The fort was named for an Army captain who was killed in the Taos Rebellion of 1848. Its maximum strength was 200 men.

After excavation of the fort, restoration will begin to provide housing for future field parties to the area. Eventually, Dr. Wendorf said, a museum will be established at the restoration site which is partially covered by a saw mill.

Dr. Wendorf recently visited the national archives in Washington, D. C., to obtain records and information about Fort Burgwin. He also has a diary belonging to an officer stationed at the garrison.

Edward Noble, graduate student from O'Donnell, is assisting in doing research for the project.

The field party will also do some exploratory work in pre-Spanish Indian ruins for next year's field project. The ruins date back to between 1200 and 1300 A. D., Dr. Wendorf stated.

This year will be Dr. Wendorf's first to be in charge of the field project. Previously, Dr. W. C. Holden, The Museum director, has been in charge.

Dr. Wendorf said that 12 will be the maximum number of students enrolled in the course, which will include training in topographic surveying, photography, excavation methods and laboratory procedures.

Interested Tech students may make application until May 1, after which any remaining positions will be filled with students from other schools.

### Interviews Scheduled By 12 Firms

Representatives from 12 firms and organizations will be on campus this week for job interviews with 1957 graduates, according to the Tech Placement Service.

A number of the firms have positions open for juniors inter-

ested in summer employment. Students are also invited to schedule interviews, by visiting the placement officer, Ad 150, regardless of status with reference to military service.

Interviews are planned in the following fields: accounting, agricultural engineering, architecture, business administration, chemical engineering, industrial engineering, journalism, math, mechanical engineering, petroleum engineering, petroleum geology, physics, and social work and related fields.

Firms scheduling interviews include: American National Red Cross, Arthur Anderson & Co., Black, Sivalls & Bryson, Inc., Deere & Co., Gulf States Utilities Co., International Minerals and Chemical Corp., Pan American Petroleum Corp. (formerly Stanolind), Shell Oil Co., Sinclair Oil and Gas Co., Standard Oil Co. of Texas, Texas Power and Light Co., and R. S. Wilton, C. P. A.

### Student Council Delegates Attend TISA Conference

Eight representatives from Tech will attend the Texas Intercollegiate Student Association Conference this weekend at Beaumont.

These include: Wallace Wilson, Glynn McGee, Charlene Williamson, Averill Brinkman, Eva Garza, Boone Brackett, Rex Aycock and Edwina Schovajsa.

Topics for discussion at the conference will be subjects of integration, increasing enrollment, psychology and implementation of TISA, Texas Intercollegiate Student Association, student-faculty relations, public relations, academic freedoms, legislative affairs and TISA-NSA relations.

Tech will be in charge of two research surveys which include: student publications and financing student government.

### Delegates Attend IAWS Conference

Tech's four representatives to the International Association of Women Students conference will return to Lubbock Thursday afternoon.

The group left last Thursday for Michigan State College in East Lansing, Mich., where the conference is being held.

Those from Tech attending the meeting are Rebecca Wilson, AWS president this year; Mary Alice Richardson, recently named as next year's presidents; Dottie Sue Horchem, this year's vice president and Assistant Dean of Women Dorothy Garner.

### Carolyn Reynolds Attends Workshop

Carolyn Reynolds, state president of Texas Home Economics College Clubs, leaves Wednesday to attend a workshop at the Allerton Hotel in Chicago, Thursday through Saturday.

The workshop is being conducted to give consideration to problems of special concern and interest to clubs with large memberships. The information derived from the discussions will be in the college clubs section handbook when it is reprinted.

Miss Reynolds, junior from Enochs, is a home economics education major and a member of Phi Upsilon Omicron, national home economics honorary society.

**Feel the difference!** The exclusive Camel blend of quality tobaccos is unequalled for smooth smoking. Camels never let you down.

**Enjoy the difference!** More people smoke Camels, year after year, than any other cigarette of any kind. Try Camels — they've really got it!

### Tech APO's Represented At Annual Sectional Meet

During the weekend, four members of Alpha Phi Omega service fraternity attended the annual sectional conference of APO at Baylor University in Waco. The group was headed by Dean of Men Lewis N. Jones, faculty advisor for APO.

M. R. Disborough, national president of APO, delivered an opening address in which he stressed the need for more service minded men in APO in order that the fraternity might continue giving its services to the growing student body.

Bill Craig, president of Tech's

### Films To Be Shown By Cancer Society

Three films on cancer will be shown at Texas Tech as a part of the college cancer crusade.

Tom S. Stenis, associate professor of electrical engineering and campus crusade chairman, stated that the Tech program is part of the American Cancer Society's annual campaign.

Tech students and faculty members are urged to see the films which have been prepared for the general education of the public.

Stenis said. Two films on internal cancer common in males will be shown to men students and faculty members at 5 p.m. Thursday in the Tech Union. Total running time for both films is 30 minutes.

Women student and faculty members will be shown a movie on cancer common in females. This film will be shown April 2 at 5 p.m. in the Tech Union. A member of the medical society will also be present to answer questions at the time the film is shown.

According to Stenis, "Public education is a very important part of the cancer crusade. Those who take advantage of the educational films will be helping in the crusade."

### Tech Union Plans Hootowl Hoedown

"Hoot Owl Hoedown," the largest square dance planned for Tech this year, is set for 7 p.m. Thursday in the Rec Hall.

George Hughes and Fiddle Masters will play for the dance. According to Dean Rea, chairman of the Square Dance Committee, this group is one of the best square dance bands in the Southwest.

Visiting callers from the Lubbock area will call most of the squares.

Intermission act will be provided by the Young Peoples Square Dance Club of Paducah. The children range from eight to eleven years of age.

### Zeta Tau Alpha Elects Officers

Zeta Tau Alpha recently elected new officers.

They are Dottie Sue Horchem, president; Mary Ann Mattox, vice president; Ann Powell, recording secretary; Marilyn Morris, corresponding secretary; Bebe Davis, treasurer; Jo Ann Cunningham, assistant treasurer; Roma Caviness, ritual chairman; Carolyn Sanders, historian; Pat Kennedy, scholarship chairman; and Boo Brown, reporter.

Others elected are Kathy Cain, service chairman; Perry Thompson, parliamentarian; Janice Benson, standards chairman; Sandra Spellman, social chairman; Mary Frank Garrett, AWS representative; Sharon Chick, rush chairman; Janie Sproles, activities chairman; and Madelyn Tongate, magazine chairman.

Beta Sigma chapter, was chairman of a discussion group that dealt with duties of the treasurer. Representatives of all state chapters attended the conference, and Beta Sigma was found to be the largest in the state having one more active member than the University of Texas.

Lloyd Leusing, Lubbock Junior, was appointed to membership in the national steering committee for a national meeting to be held in 1958.

### New Pledges Elect Semester Officers

Pledges of Phi Gamma Nu, business sorority elected officers at a recent meeting in the Administration Building.

Those elected to office are Evelyn Whittenburg, president; Claudette Hill, vice-president; Beverly Wartes; Linda Chappell, treasurer; Carol Sneathen, publicity chair-

### Theta To Install 20 New Officers

In recent elections Mary Massey, junior from Dallas, was named president of Kappa Alpha Theta social sorority.

Others elected are Theora Calverly vice president and pledge trainer; Janet Reaves, corresponding secretary; Judy Gristy, editor; Jean Elliott, treasurer; Carol Crisler, recording secretary; Mary Ann Lindley, chaplain; Beverly McCormick, archivist; Beverly Gentry, historian.

Also elected are Marilyn Chesher, marshal; Martha Kenley, parliamentarian; Donna Pearson, song leader; Kay Morrison, A W S representative; Carolyn Tapp, rush chairman; Arlette Arnett, social chairman; Kay Adkins, scholarship chairman; Kay Alexander, activities chairman; Marilyn Graham, courtesy chairman; Mary Jane Turner, fraternity education; and Libby Balzer, house manager.

During the weekend, an officers' workshop was held at K. N. Klapp party house for the purpose of acquainting new officers with their duties.

How to make the most of your engineering career, ONE OF A SERIES

### go where research gives you plenty of service

Many things can help—or hinder—your progress in engineering. One such is the kind of research available in the company you join.

This, by no coincidence at all, is another area in which Boeing can be of real help to you. Boeing backs its engineers with one of the most extensive arrays of research laboratories in the industry. In addition, electronic computing and data processing equipment gets you the answers you want—fast. So do such facilities as the huge Boeing Flight Test Center. And the Boeing wind tunnel, most complete and versatile privately owned tunnel in America. This outstanding facility, capable of velocities up to Mach 4, is at the full-time disposal of Boeing engineers. It has enabled Boeing to gain more wind tunnel time in the field of jet aircraft than any other company.

These facilities help Boeing engineers maintain leadership in advanced fields of flight. They help Boeing research engineers and scientists extend the boundaries of knowledge in many fields. They could help you get ahead.

At Boeing you'd enjoy many other advantages; a high starting salary, career stability, a liberal retirement plan and company-paid graduate study programs. There are family advantages too; a choice of three sections of the country, each with excellent housing and schools, shopping centers and abundant recreation facilities for the whole family!

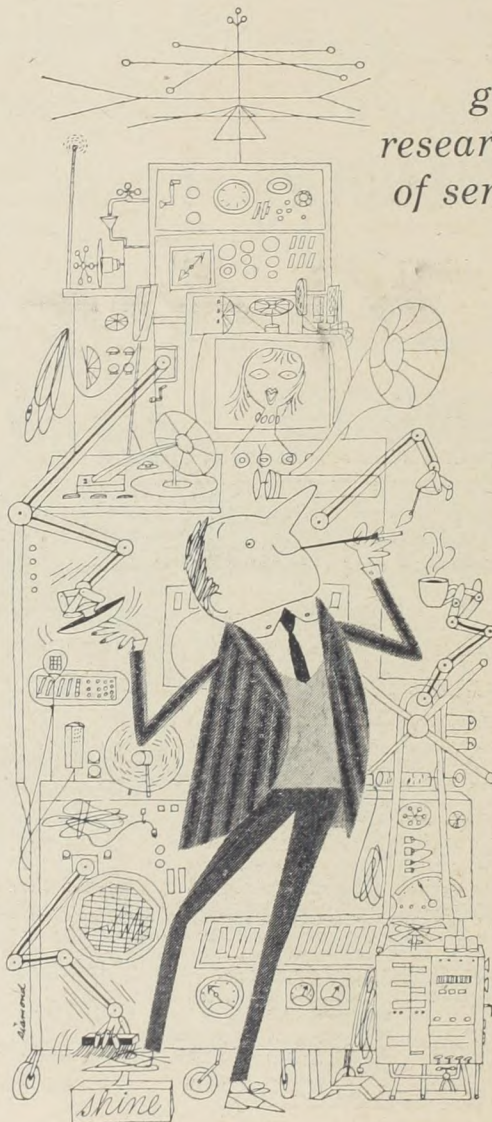

NOW is the time to start planning ahead. Consult your Placement Office, or write:

JOHN C. SANDERS, Engineering Personnel Administrator, Boeing Airplane Co., Seattle 24, Washington

FRED B. WALLACE, Chief Personnel Engineer, Boeing Airplane Co., Wichita 1, Kansas

# Texas Garden Clubs Meet In Union Ballroom Today

Today marked the first day for the 11th annual meeting of District I Texas Garden Clubs and Tech's fifth annual Garden Club Short Course held in the Union Ballroom.

Speakers were Miss Edith Mahier and Mrs. Dorothy Preston of Oklahoma University, Dr. Robert R. Ealy of Oklahoma A&M college, W. B. Rushing of Lubbock and Robert Rucker of Tech's horticulture department.

Registration began at 8 a.m. today in the Lubbock Hotel, following a coffee in the home of Dr. and Mrs. E. N. Jones and a board of directors' meeting, discussions got underway at the Union.

Discussions were on "Lagniappe" (small gifts) by Miss Mahier, "Interior Design for the Home" by Mrs. Preston, "Contemporary Approach to Landscape Design" by Dr. Ealy, "Dollars and Flowers — the Value of Contemporary Design for Gracious Living" by Rucker.

Activities will be concluded tomorrow.

## PHI UPSILON OMICRON

Phi Upsilon Omicron, home economics honorary fraternity, initiated 10 members in a sunrise ceremony Sunday.

Following initiation, the old and new members, faculty and alumnae had breakfast at the Restaurant Walden. Miss Mabel Erwin, former head of the clothing and textiles department, spoke to the group on "The Heritage of Phi U." They later attended the First Christian Church in a group.

Membership in Phi U is based on leadership, scholarship and professional interest. The students must have an overall 1.8 grade average.

New initiates are Barbara Davidson, Sandra Dudley, Mary Alice Kenney, Betty Smith, Lucinda Birtiel, Meredith Brooks, Radora Massey, Janet Vines, Virginia Frierson and Virginia Holmes.

## PHI DELTA THETA

Members of Phi Delta Theta are aiding in the Employee's Division of the Lubbock Red Cross Drive, according to Jack Kastman, chairman of the Employees Division.

Members called on employers at several local companies and arranged for collections among employees. They are currently in the process of returning to the companies and picking up the collections.

## PI OMEGA PI

Pi Omega Pi, honorary business education fraternity, recently initiated five new members.

Following the initiation service, a banquet was held in the Tech Union. Faculty, members, and special guests were present.

The guest speaker was the Rev. Milton Pool, pastor of the First Nazarene Church in Lubbock. Dr. William Pasewark, sponsor of Pi Omega Pi, acted as master of ceremonies.

Those initiated were Paula Bell, Carolyn Bilberry, Yvonne Anderson, Jean Hennings, and Sara Sheveland.

## KAPPA SIGMA

Pledges of Kappa Sigma social fraternity recently elected officers for the spring semester.

Those elected are Bill Womble, pledge captain; Larry Smith, vice-president; Bobby Brown, secretary; Bobby Dean Smith, treasurer; Eric Moody, program chairman; David Slack; sergeant-at-arms; and Sam Vaughter, song leader.

## Faculty Attends Synod

Four Texas Tech English department faculty members attended a college conference of English teachers, Friday and Saturday at Baylor University.

Making the trip were Dr. Truman Camp, Dr. Everett Gillis,

Mrs. Lenore Tunnell and Mrs. Nevada Gahring. Dr. Camp is conference secretary-treasurer.

## KAPPA ALPHA THETA

Shades of Bridey Murphy! Kappa Alpha Theta is presenting a dance in honor of that former personality. The theme is Bridey Murphy, and the invitations read, "Come as you were."

The dance, which takes place at the Caprock Hotel Friday from 8 p.m. to 11 p.m., is a costume one and is open. Best costumes are to be chosen.

In charge of arrangements for the dance are Beverly Gentry, Judy Gristy, Beverly McCormick, Carolyn Wilmeth, and Penny Randel. Carolyn Tapp, social chairman, extends wishes for "many happy returns".

## DOUBLE T

Double T Association sponsors the appearance of Dave Brubeck and his combo at the Lubbock Municipal Auditorium Friday at 8 p.m. Tickets may be purchased at Jones Stadium by students for \$1.50, \$2.00, or \$2.50 according to Harry Sealing, president of Double T Association.

## AIR FORCE ROTC

The highlight of the year for AFROTC Wing at Tech will be April 13, when Ralph Martieri and his orchestra will play for the Annual AFROTC ball at the Fair Park Coliseum from 8-12 p.m.

All AFROTC cadets and their dates will be admitted to the ball with the presentation of their AFROTC Association membership cards, announced Cadet Lt. Col. Scott D. Woodfin, ball chairman.

The annual ball will be the time that "Miss Topflight" will be selected from the AFROTC Sweethearts of 1956-57. "Miss Topflight" will serve as honorary representative and hostess during the coming year at South Plains functions which involve the corps.

Sweethearts participating for "Miss Topflight" are Betty Ann Hall, Mary Katherine Birklebach, Barbara McKean, Carolyn Baggett, Ruth Swanland, Donna Pearson, and Linda Shile. Last year's "Miss Topflight", Diane Wilson, is not eligible for the honor this year.

With a membership of over 450 men, the AFROTC Association is the largest student organization on the Tech campus and the 1957 Harry Sealing, president of Double T Association.

**FRATERNITY CHAMPS** — Pictured above are members of the Phi Delta Theta team that won the Fraternity League championship Sunday. In the top row, left to right, are Monroe Henderson, Drane Grant, Dennis Atkins, Vernon Brewer and Jim Thrush. In the bottom row are Bill Boyd, Butch Lawrence, Clayton Cooke, and Dennis Calvert.

## Phi Delta Theta Dumps SAE 39-37; Athletes, All-Stars Post 'Mural Wins

Phi Delta Theta turned back SAE 39-37 to capture the Fraternity League title and the All-stars and Athletes posted play-off victories in the intramural basketball championship tourney Sunday.

Tonight at 8 p.m. Phi Delta Theta will meet the All-Stars in the semi-finals of the tournament at the Tech Gym.

The Phi Delt and SAEs finished the regular season in a tie and had to hold the play-off to determine which would represent the Fraternity League in the tournament.

Dennis Atkins led the Phis in their thrilling win over the Sig Alphas with 13 points. He had help from Vernon Brewer who posted eight.

Stan Koop and Bill Harmon shared scoring honors for SAE with nine each. The Phi Delt led most of the way with the Sigs narrowing the count in the closing seconds to provide plenty of excitement.

The All-Stars edged Sneed earlier 39-37 in an overtime game. Morris Scales led the All-Stars with 11 points and was backed up by Gene Pinson and Don Lucy with eight each. Ted Cambell was high man for Sneed with 10 points while Don Bates picked up eight and Randolph Swindle collected six. The game was tied 35-35 at the end of regulation play.

In the other contest the Athletes dropped Gordon "B" 37-35. Charles Flannigan tallied 14 to lead the Athletes and J. T. Clark had 10. For Gordon it was George Marcom with 15 and Kent Simms with eight leading the way.

The Athletes drew a bye for the next round and will meet the winner of the Phi Delt-All Star game Thursday night at 8 p.m. for the all-college championship.

### What young people are doing at General Electric

## Young engineer pioneers new ways to use x-ray

A new x-ray inspection system which intensifies an x-ray image more than 10,000 times in brightness and transmits it to a conventional TV screen has been developed recently by General Electric. When perfected, it may enable medical specialists to perform "long-distance" diagnosis on patients in remote areas.

One of the principal men who developed x-ray television — called TVX for short — is Dr. John E. Jacobs, Manager of the Advanced Development Laboratory of General Electric's X-Ray Department in Milwaukee, Wisconsin.

### Jacobs' Work Is Important, Responsible

As an electronics specialist, Dr. Jacobs' work in the past has been devoted to the study of photoconductors—substances whose properties change under the influence of radiation — and the use of x-ray in industrial inspection. This in turn led to his development of the x-ray-sensitive camera tube used in TVX.

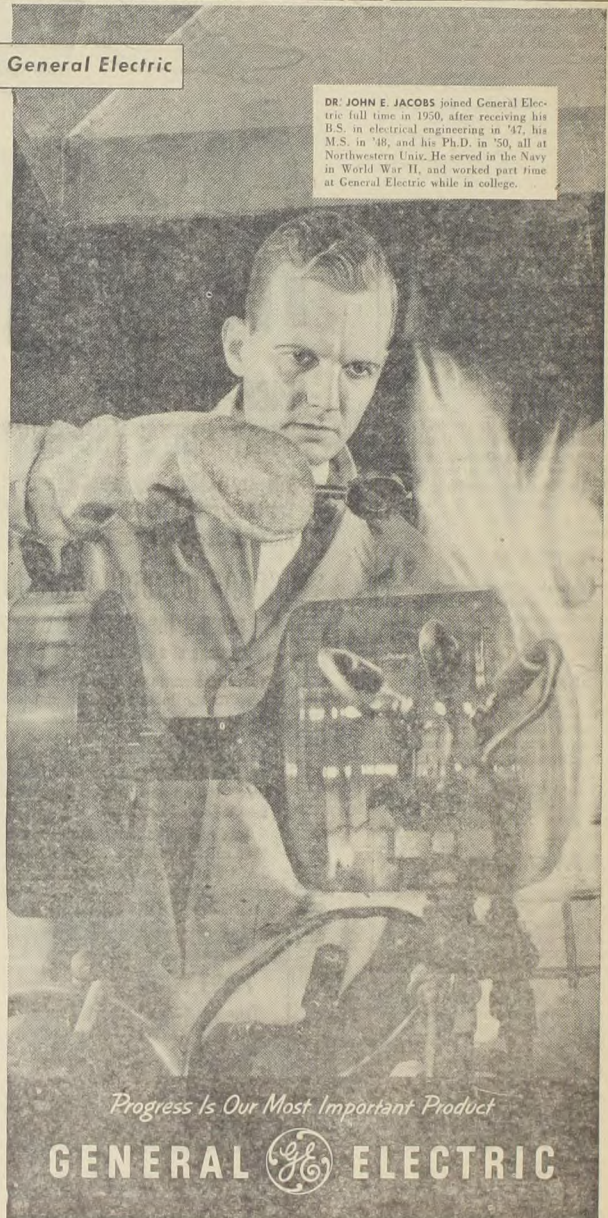

His present administrative duties with the Advanced Development Lab allow him more time for teaching others what he has learned. He now teaches the second-year graduate course at Northwestern in vacuum-tube networks, and has recently been named McKay Visiting Professor for 1957 by the University of California at Berkeley, where he will give a two-week series of lectures on photoconduction.

### 27,000 College Graduates at General Electric

Since his youth, when he was a licensed radio "ham," John Jacobs has been devoted to the study of electricity and electronics. Like each of our 27,000 college graduates, he is being given the chance to grow and realize his full potential. For General Electric has long believed this: when fresh young minds are given the freedom to develop, everybody benefits — the individual, the Company, and the country.

Educational Relations, General Electric Company, Schenectady 5, New York

DR. JOHN E. JACOBS joined General Electric full time in 1950, after receiving his B.S. in electrical engineering in '47, his M.S. in '48, and his Ph.D. in '50, all at Northwestern Univ. He served in the Navy in World War II, and worked part time at General Electric while in college.

# Freshmen Seek Fourth Win Against Howard County Jr. College Here Today

Texas Tech's freshman baseball team goes after their fourth win in as many starts this afternoon against Howard County Junior College at 3 p.m. on the Red Raider diamond.

This will be the second meeting of the two teams this year. The Picadors won the first game at Big Spring 11-5 last Thursday.

Coach Paul Ortosky, will start either Buddy Whippo, righthander from Amarillo, or Lawrence Barber, lefty from Seagraves, with Paul Cato catching.

Whippo, has appeared only briefly this year in a relief stint against Howard County. Barber, who relieved Whippo in that game, went on to post his first win against no losses against the Big Spring crew.

Ortosky has been pleased with the play of the team in their games, with exception of the Odessa JC game Friday. The Picadors won that one 29-20 in a four hour nightmare and the freshman skipper was definitely displeased with the defensive play of his team. "If our pitching comes through we will be in good shape," he reported.

The hitting aspect has left little to be desired thus far. In the first three games the Picadors have smashed 45 hits for 64 runs and a team batting average of .375.

Pacing the hitters are first baseman Bruce Boyd and center-fielder Robert Benton. Both have .400 averages. Not far behind are second-baseman Bob Hill .364 and rightfielder Bill Dean .357.

The batting order for the game today will include Gary Wetter (.333) at third, Ken Talkington (.267) at short, Dean in right, Benton in center, Boyd at first, Dewey Bryant (.111) or Ken Warren (.500) in left, Hill at second, Cato (.333) catching and Whippo (.000) pitching.

## Netters Sweep Weekend Play

The Red Raider tennis team swept to victory in all three of its meets on the road last week. Coach George Philbrick's netters downed North Texas State, 7-0 in Denton Thursday. Only one match went beyond straight sets.

In their first meeting with a Southwest Conference team, Tech's aggregation shut out Texas Christian, also 7-0, in Fort Worth Friday afternoon. In that meet the Tech team didn't lose a set, winning in straight sets in every match.

The Raiders made their road trip a complete one by downing a strong Southern Methodist team, 4-2, in Dallas Saturday. In addition to the varsity matches, Bob Macy won all three of his freshman matches, on the trip taking victories in straight sets in each case. Macy now has won four matches without a defeat.

The three victories made Tech's season record 3-1, since the Raiders lost to East Texas in their season opener. Next matches will be played on Thursday, when Tech meets West Texas State in Canyon.

**GREETINGS FROM POGO** — Tech journalists heard Walt Kelly, creator of the comic strip character Pogo, speak at the Southwestern Journalism Congress held on the Texas A&M campus last weekend. Here Kelly presents an autographed cartoon of Pogo to Wayne James, Toreador editor, Joan Abel, Tuesday issue editor, and Joe Harrison, managing editor. Eleven students made the trip.

**PETITIONS ...**

Continued from page 1

- ing:
  - a. For school-wide offices — \$30 plus \$10 for run-off expenses.
  - b. For divisional representatives — \$15 plus \$5 for run-off expenses.
- 2. Each candidate must submit a list of expenditures to the election committee by 5 p.m. two days preceding election. The expenditures must be itemized with receipts for each purchase and donations evaluated at the cost of materials and printing according to standard rates and totaled. If a candidate is found guilty of exceeding the specified limit by the Elections Committee, the penalty will be disqualifications.
- 3. Students running for representatives may have as many as 50 posters, only 5 of which may be as large as 22" by 28". The other 45 may be no larger than 11" by 14" or 11" by 17".
- 4. Students running for executive offices or cheerleader may have as many as 100 posters, only 10 of which may be as large as 22" by 28". The other 90 may be no larger than 11" by 14" b, 17".
- 5. Posters, placards, and banners must conform to the above mentioned dimensions and will be limited to the interior of the buildings. There will be no posters, etc. on the outside of the buildings or on the campus grounds. This does not exclude the use of handbills, cards, and other means of campaigning such as the use of sound trucks.
- 6. All publicity and campaigning must be approved by the Student Council.
- 7. No painting of any type on the campus property.
- 8. Masking tape will be used to place all posters. Candidates are requested to hang the posters as neatly as possible; if possible to place the tape on the back side.
- 9. All candidates are responsible for removing posters 24 hours after election, or runoff, if in a runoff. Masking tape must also be removed. Posters should be placed no higher than 8 feet to facilitate removal.
- 10. All students are responsible

**Aggies To Attend Meeting Thursday**

Ten American Society of Agricultural Engineers representatives attend the Southwest Section of American Society of Agricultural Engineers meeting at College Station Thursday and Friday. Those who will make the trip are Raymond Coffman, James Nance, Carleton Starkey, Douglas Rattan, James Gilcrease, Wendell Dorsett, Richard Ochs, Bill Lackey, Wesley Cagle, and Prof. Victor L. Houser, sponsor. They will discuss such topics as soil conservation, farm structures and farm machinery.

**Knapp, Pi Phi Lead Women's Baseball**

Knapp Hall and Pi Phi sorority, each with three wins and no losses, are leading their leagues in the women's intramural baseball tournament which began last Monday. Second place in the league are Horn Hall and Knapp Alpha Theta sorority, each with two wins and no losses.

Games scheduled yesterday afternoon were cancelled due to the weather conditions. Those scheduled included Horn Hall versus Casa Linda and Delta Gamma versus Alpha Chi Omega.

Games scheduled this afternoon are Alpha Phi and Kappa Kappa Gamma; Knapp and Kappa Alpha Theta; BSU and Alpha Chi Omega.

Delta Gamma and Kappa Alpha Theta, and Alpha Phi and Knapp Hall will play Wednesday.

Friday Zeta Tau Alpha and Pi Beta Phi, Sigma Kappa and Casa Linda, and Delta Delta Delta and Horn Hall are scheduled to play.

The Church of Christ Bible Chair has dropped out of the tournament and forfeited all its games.

Complete results on last week's games are:

- March 18: Knapp 38; BSU 3, Kappa Alpha Theta 11, Alpha Phi 9; Kappa Kappa Gamma 19, Delta Gamma 16.
- March 19: Horn 12, Sigma Kappa 8; Casa Linda forfeited to Zeta Tau Alpha; Pi Beta Phi 33, Gamma Phi Beta 9.

- March 20: Alpha Phi 5, BSU 4; Knapp Hall 10, Delta Gamma 1; Gamma Phi Beta 14, Sigma Kappa 9; Alpha Chi Omega 2, Kappa Kappa Gamma 1.
- March 21: Zeta Tau Alpha 8, Delta Delta Delta 6; Horn Hall 24, Gamma Phi Beta 17; Pi Beta Phi 35, Casa Linda 7.
- March 22: Delta Gamma 12, BSU 3; Pi Beta Phi 13, Delta Delta 10; Knapp Hall 5, Alpha Chi Omega 2; Kappa Alpha Theta 11, Kappa Kappa Gamma 1.

**IT'S FOR REAL!** by Chester Field

**DAWN'S SURLY LIGHT\***

Early to bed and early to rise  
 Makes a man healthy, wealthy and wise.  
 The truth of such nonsense by me is contested;  
 I'd rather be weakly, insolvent . . . and rested.

**MORAL:** In any light, things start looking up when you light up the BIG, BIG pleasure of Chesterfield King! Majestic length — plus the smoothest natural tobacco filter and the smoothest tasting smoke today — because it's packed more smoothly by ACCU-RAY. Try 'em!

*Chevy is  
 America's "hot" car  
 —officially!*

**Chevrolet Wins Coveted Manufacturers' Trophy at Daytona Beach as "best performing U. S. automobile"!**

Want facts about performance?

Then look at the official figures from NASCAR's\* internationally famous Daytona Beach competition for stock cars. Here's what you'll find: Chevrolet, in two weeks of blistering competition, proved itself as America's Number One performance car. Nothing in the low-price field could touch it.

No other car, regardless of price, scored such a sweep. And Chevy walked away with the famous Manufacturers' Trophy, hands down!

The 1957 Chevrolet is, by all odds, the most astonishing performer ever produced in the low-price field. Best of all, this superiority isn't limited to just a few extra-cost high-performance models. Every type of Chevy—from the six-cylinder models right up to the 283-horsepower "Super Turbo-Fire" V8's, from the single-carburetor V8's with Powerglide to the stick-shift "270's"—is a championship car.
