

Maid Of Cotton To Be Named Tonight

By DALE JOHNSON
Toreador Staff Writer

Thirty-three pretty young ladies will parade across the stage of Lubbock Municipal Auditorium at 7 p.m. tonight to receive the plaudits of an expected audience of 3,000 and the final decision of the judges in the annual Maid of Cotton contest.

The lass named this area's good-will ambassador for cotton will receive a \$1,000 all-cotton wardrobe, special piece of jewelry and an expense-paid trip for her and a chaperone to the national finals of the Maid of Cotton Contest in Memphis, Tenn., Dec. 27-28.

Winner of the national title will go on a six-month tour beginning in the Bahamas and continuing through the U. S., Canada and

Europe as a good-will representative for the cotton industry.

Preliminary judging sessions for local contestants were held yesterday with judges interviewing the contestants individually and seeing them in bathing suits. Last night the annual Maid of Cotton Ball was held in the Matador Ballroom of the Caprock Hotel with Buddy Morrow's nationally known orchestra playing. The band also will provide background music for tonight's finals.

In yesterday's interviews the judges made their preliminary selections and in the review to-night they will make their final choice with reference to the audience appeal of the girls.

The Maid aspirants are judged on three primary points: beauty,

personality, and background and training. On the beauty side, each contestant must be photogenic; have a good figure and be a potentially good model. With reference to personality, she must be friendly, no prima donna, and have the type personality people instinctively like. Background includes a good education.

These traits are necessary, according to Gordon Rose, publicity director for the event, in order that the Maid of Cotton may be a proper representative for one of the South's leading industries.

The entrants have received training in poise, walking, stage presentation, sitting and standing from Eugene Bandzevicius of the Pratt-Bandzevicius School of

Dance Arts.

Mrs. Betty Rhea Moxley, Tech speech graduate has aided in makeup instruction. Free hair styling has been provided by Sterling Powell, winner of several hair-styling awards.

Yesterday at 10 a.m. judging began with a coffee for contestants in the Lubbock Club of

Caprock Hotel. Interviews continued through an 11:30 brunch. After a pause from 12:30 to 1:30 for lunch, judging continued until 3:30 p.m.

After tonight's finals all contestants, parents and committee members will attend a reception on the mezzanine of the Auditorium (See Maid of Cotton Page 3)

No. 27

Dinjar Wins Handsome Man Race

Robert Dinjar, senior from Richardson, was chosen Tech's Most Handsome Man Saturday night at Club Scarlet.

Elected from a group of seven finalists chosen by the AWS Council, Dinjar was elected by popular ballot at the mock night club which an estimated crowd of 350 attended. Delta Delta Delta sponsored the winning candidate.

Finalists and their sponsors were: Lynn Elliott, Drane Hall; Wick Alexander, Double T Assn.; Jack Henry, Knapp Hall; Dinjar; Jess McIlvain, Sigma Kappa; Lar-

ry Byrd, Horn Hall and Larry E. Glasgow, Infantry Club.

Seven skits were presented and Major-Minor Club won first place with a modern dance, "Spiritual." Second place went to Kappa Kappa Gamma, who did a parody on "Gone With The Wind," and third place went to Kappa Sigma for their skit, "Behind The Gun Door."

Other skits presented were: Pi Beta Phi, "Roving Reporters"; Delta Delta Delta, "Dream Land"; Phi Mu Alpha Sinfonia, "Spitters For A Common Cause" and Alpha

Chi Omega, a Charleston.

Chuck Strehli was master of ceremonies for the program and Barbara Pearce, president of Theta Sigma Phi, announced the winners of the Handsome Man and skit contests and presented them with gifts.

A page will be set aside in the yearbook for the picture of the Most Handsome Man.

Theta Sigma Phi, honorary women's journalism fraternity, annually sponsors Club Scarlet. Nickelodeon dancing and checkered tablecloths topped with candles set the night club atmosphere.

Proceeds are used for the fraternity's Founder's Day, to send a delegate to the national convention and to buy a page in the annual.

TECH'S HANDSOMEST—Robert John Dinjar, right, senior from Richardson, was named Tech's Most Handsome Man at Club Scarlet Saturday night. Barbara Pearce, left, president of Theta Sigma Phi, which sponsors Club Scarlet, announced the winner.

Freshmen To Sell Booster Ribbons, Sponsor Pep Rally

"Cage the Cougars" proclaim the red and black booster ribbons to be sold this week by members of the Freshman Council.

This undertaking is another of the new projects being carried out this year by the council. It is the first time in several years that booster ribbons have been sold on the campus. "We hope to raise school spirit and boost our sagging treasury with the sale of the ribbons," remarked Bill Dean, class president. The ribbons will sell for a dime.

The council is also sponsoring Friday night's pep rally prior to the Houston game. Kay Liner, chairman of the rally committee, explained that the pep rally, slated to begin at 7 p.m., will be short and snappy, featuring mainly yelling, with no talent or skits. The main speaker will be the Rev. David Zacharias of Westminster Presbyterian Church. Yells will be lead by the Tech cheerleaders and the newly elected freshman cheerleaders, with music furnished by the Red Raider Band. Dean will serve as master of ceremonies.

The council decided Monday night to continue decoration of the goal posts and to help promote black and red color day next Sat-

urday. Walter Heffington, chairman of the Projects Committee, reported that during the Christmas holidays a nail picking machine will be run over the freshman parking lot to help prevent further damage to car tires.

NEW FRAT TO LAY PLANS TOMORROW

All men interested in organizing a new men's social fraternity are asked to attend a meeting tomorrow afternoon at 5 in Room 168 of the Ad Building, according to Dean of Student Life James G. Allen.

Sneed, Drane Win Plaques For Yelling

Plaques were presented to Sneed Hall and Drane Hall for having the greatest yelling power at the pep rally Thursday night.

Master of Ceremonies Wayne Gibbens presented the plaques to representatives from the two dormitories. Judgement for the presentation was based on loudness and not numbers.

LET'S GO, RAIDERS — Six new freshmen cheerleaders chosen at a special freshmen class meeting Sunday are, left to right, front row, Beth Davidson, Gail Peterson, Patti Stephenson, back row, Robert Kinney, George Don Broyles, and Roland Myers.

Staff To Be Filled For Varsity Show; Board Urges Student-Written Script

A student-written script has been proposed for Tech's 1957 Varsity Show by the Varsity Show Board of Advisors, according to Bob Huff, chairman.

Applications for producer and other staff offices for the show are now being accepted and should be turned in at the Union office or to a board member.

In the recent past, Broadway plays have been used for the show as student scripts haven't been turned in. Persons who have written scripts or who are interested in writing one are invited to contact the Advisory Board. According to Huff, a student produced and directed show should also have a student written script instead of a Broadway play.

Persons interested in producing the show should turn in their applications by Saturday. Interviews for producer will be held next Monday and Tuesday with results announced Wednesday.

Board members are David Thompson, Carolyn Tapp, Bob Huff, Nelson Longley, Tech Union Director, and Don Stephens, instructor of business law.

Judges To Select Beauties Sunday

Selection of the twenty most beautiful women on the Tech campus will be made at 2 p.m. Sunday in the Union Ballroom by a panel of six judges.

Tech organizations have submitted the names of 418 coeds to enter the beauty contest, according to Kay Alexander, La Ventana Personalities Editor.

Judging will be made on beauty, poise, and stage personality, said Miss Alexander. All contestants are asked to wear formals and be in the Union Ballroom promptly at 1:30 p.m. Sunday. Girls will be judged in the order that they arrive in the ballroom. Instruction will be given to them at the door.

Judges are Bill Weeks, Plainview photographer; Randolph Ruben, Midland photographer; John and J. S. Edwards, Amarillo photographers; and Mr. and Mrs. Arno Dalby, Lubbock.

OFFICIAL BLESSINGS . . .

Texans do have a lot for which to be thankful, but there are more official reasons than blessings for having two Thanksgivings.

Confusion began during war years when Texas' governor proclaimed Thanksgiving holidays. Many times the state-proclaimed holidays would not coincide with the national ones. In an attempt to fix the Thanksgiving date, the Texas State Legislature passed a bill in 1951 making the last Thursday in November officially Thanksgiving.

The national holiday is the fourth Thursday in November. Overlooking the important fact that some November have five Thursdays, our legislature created a situation where the state frequently has two Thanksgiving holidays.

Most state agencies conform to the official state holiday while other businesses observe the national holiday, a week earlier. There are still other enterprises that are really thankful and celebrate both state and national holidays.

If you don't see your best friend at home Thanksgiving, don't think he isn't thankful. He probably was home a week earlier than you. —Marguerite Winder

ORCHIDS TO A FEW . . .

If bouquets were to be given along with mid-semester grades, the ones made of gardenias might go to those who — despite affiliations with departmental, professional, hobby, social, religious and honorary organizations — manage to make their grades.

But the ones made of orchids should go to a smaller group, the honored few who actually managed to acquire a little knowledge along the way.

We should make those very rare orchids, too, for the assimilation of knowledge is no simple task in face of the varied activities the average human finds to place ahead of study time.

Clubs are fine for developing interests; companionship and weekend relaxation are necessities — but the whole point of collegiate life is the academic side.

Few of the 8,000 students in Tech have a soft touch awaiting them when they carry off diplomas clasped in their fists. Most must seriously prepare themselves for a self-satisfying method of earning a living from age 24 onward.

The foresighted student who puts study as number one on the list of things to do will find it pays the greatest dividends. —Helene Edwards

Tech's Crop Team To Judge In Kansas

Tech's Crops Judging Team is competing today at the National Collegiate Grain Judging contest at Kansas City, Mo.

Members of the team are: Don Pendleton of Breckenridge, Wayland Mullins of Eden, Mack Bennett of Marfa and John S. Chapin of Pecos. The team is coached by Cecil Ayers, associate professor of agronomy, who accompanied them.

On Saturday the team will compete at the International Livestock Exposition in Chicago. They will return to Lubbock Wednesday, November 28.

Also attending the Kansas City contest is Dr. A. W. Young.

Dance Changed To Friday

The Kingsmen Combo will play for the regular Friday night dance in the Tech Union at 8:30 p.m. This dance was regularly scheduled for Nov. 30, but due to the change of Thanksgiving holidays the dance is being held this week.

THE TOREADOR

The Toreador, student newspaper of Texas Technological College is regularly published each Tuesday, Thursday and Friday on the campus at Lubbock by the associated students of the College, and is financed by student activity fees, advertising and subscriptions.

Missing Roommate? -- Check Tech Union

By CAROL STONE
Toreador Feature Writer

Has your roommate turned up missing lately? Who knows, you may find him among the lost and found articles in the Union.

"Articles lost all over the campus are turned in here at the newsstand," says Mrs. Bobby Joe Henderson, Union newsstand attendant, "so your roommate may be among them."

Current oddities to be found in the lost and found collection include a battered football, a pair of baby pants, a can-can petticoat, a strapless bra, a pair of loafers and the usual number of keys, coats, books, hats, scarves, glasses

and billfolds. At the end of the year all articles except keys and glasses are turned over to the Salvation Army or a local orphanage.

"We usually have over 500 articles turned in during a year," Mrs. Henderson states, "A catalogue is kept on everything turned in so it will be easy to find when the owner calls for it."

She suggests that when students discover a missing coat or jacket they check with her, because there are numerous practically new garments unclaimed each year.

Money that is found and turned in to Mrs. Henderson is kept for a period of 4 or 5 months and then, if not claimed, is given to the person who turned it in.

Students discovering any old footballs, shoes, money, petticoats or roommates over the campus without owners are asked to turn them in to the Union.

Personal Interviews
ON CAMPUS
WEDNESDAY, NOV. 28, 1956
TUESDAY, NOV. 27, 1956

Exceptional care is exercised to make certain that each new employee is assigned to the job for which he is best qualified, depending upon his interests and education.

College graduates are permitted to further their education at either TCU or SMU at company expense, provided their grades are average or better. Personal recognition and advancement, based strictly on merit, provide an incentive for rapid professional growth. In short, it is a policy of long standing at CONVAIR-FORT WORTH to emphasize the importance of the individual.

A major project here is the B-58 long-range supersonic bomber. Convair is responsible for all systems development as well as the air-frame of this newest all-jet bomber. In addition, within the aircraft industry, Convair, Fort Worth, has a commanding lead in the field of nuclear research and the design and development of nuclear powered aircraft.

DISCUSS THESE AREAS OF WORK —

- with engineers from our Engineering Department
- The Convair engineering department is a real "engineers' engineering department — imaginative, energetic, explorative. You will discover top-notch engineering facilities, excellent working atmosphere, salary, personal job advantages, opportunities for continuing education.

Eight Campus Organizations Plan Social Activities, Meetings, Dances

Press Club Meets Tonight

The Press Club will meet tonight at 7 to hear Lt. John Pignell, wing information service officer at Reese Air Force Base, speak on "The Need for Censorship of the Press." The club meets in J208.

Union Sponsors Night Club

"Moonglow Manor Night Club" will be held tonight from 7 until 9 in the Union Ballroom. "The Hepcats" will play.

In addition to dancing, there will be a floor show. Kay Atkins and Ann Humphries will sing; Thomas Holman will do a monologue; Al Malacara and his trio will play progressive jazz; and Johnny Gilbert will play his own compositions on the piano.

Costumed waitresses will serve refreshments. There is no admission charge.

Western Dance Set

"Peg-Leg Polka," a western dance, will be in the Old Rec Hall Thursday night at 7. This will be a record dance with a professional caller. A waltz and a polka contest will be held and prizes will be given.

Vets Sponsor Dance

Kay Carter's band will furnish music for a Christmas dance to be held at the V.F.W. Hall at 7:30 on December 7. The dance, which is an annual affair, is sponsored by the Vet's Club.

Admission is two dollars per couple, and the campus is invited.

French Club to Meet

Jean Claude Bouchon, engineering graduate student at Tech who received top honors at the University of Paris, will speak to Le Cercle Francais, the French Club, Tuesday.

The group will meet at 7 p.m. in the Work Room of the Student Union. Bouchon will discuss "Education in Paris."

The Rotary Club is sponsoring his year in Texas.

Doak-Drane Mixer Planned

A Drane-Doak mixer will be held Thursday night from 7-8:30 in the Drane dining room.

The mixer, sponsored by the Association of Women Students,

Debate To Discuss A-Bomb Armament

A debate on "whether to continue H-bomb tests," will be held tomorrow at 7:30 p.m. in the Union Workroom. The Oxford-style debate has been continued due to the amount of interest shown over the Ike-Adlai debate.

Craig Austin and Don Ledwig represented the Young Democrats won over Willis Taylor and Joe Ben Hudgens of the Techsans for Eisenhower by two votes. A win was constituted by the number of peoples opinion's that were changed after hearing the debate.

will be the last one for Drane this semester. Records will provide music for dancing, and refreshments will be served.

Rodeo Assn. Plans Dance

A western dance will be sponsored by the Rodeo Association in the Old Rec Hall Friday night at 8:30 p.m. Tickets are \$2 a couple or \$1.50 stag and may be bought from any Rodeo Association member. They will also be on sale at the door.

Hoyle Nix and his Western Cowboys will play. The purpose of the dance is to raise money for the rodeo next spring.

Casa Linda Gives Tea

Casa Linda held a tea and open house Sunday for members of the Quarterly Club to express their appreciation for the club's interest in Casa Linda. Dorothy Lowery, Casa Linda freshman, was in charge of the tea. Each member of the Quarterly Club, which is composed of women faculty members and professor's wives, brought a book to add to Casa Linda's library.

Casa Linda is the home economics cooperative house. The coop unit was started at Tech in 1929.

Phi Upsilon Initiates 6 Girls Into Group

Six home economics students became members of Phi Upsilon Omicron, honorary home economics fraternity, at a sunrise initiation Sunday.

They are Maynette Derr, Lubbock junior; Sammie Fowler, Seagraves sophomore; Billie Sue Gregory, Spur junior; Kathy Taylor, El Paso senior; Laura Taylor, Quitaque junior and Letha Beth Wyatt, Lubbock senior.

Following initiation new members were honored at a breakfast at the Restaurant Walden. Speaker was Mrs. Frances Lyle, former national president of Phi U and former Tech faculty member.

New and former members attended First Methodist Church in a group.

Membership in Phi U is based on leadership, scholarship and professional potentiality. To join students must be home economics majors with an overall 1.8 grade-point average.

Masters Wins Race, Given Turkey, Kiss

Wesley Masters, freshman agriculture major from Cotton Center, won Tech's annual Turkey Run Saturday, finishing far ahead of the pack at the finish in the amazing time of 5:10.5.

Besides being awarded the Thanksgiving turkey for winning the mile race, which is anything but track-like, Masters received the traditional winner's kiss from Sharla Pepper, Lubbock sophomore, who was this year's queen of the run.

Second in the race was Bill Early, freshman engineer from Dallas, who was given the second-place prize of a duck.

Finis Cavender, freshman engineer from Amarillo, finished third, and was awarded an egg.

BIRD WINNERS — Wesley Masters, right, who won Tech's annual Turkey Run, and Bill Early, second place winner, are shown with their prizes.

MAID OF COTTON

(Continued From Page 1)

where the new area Maid of Cotton will be presented with her awards and a gift will be given to each of the contenders.

The original entry list of 43 was trimmed to 35 last week and finally to 33 Sunday when Dixie Hewell and Edwina Laycock dropped out of the contest.

Judges of the event are: Mr. and Mrs. R. L. Dixon, Dallas; Mrs. Harry Holcomb, Midland; Rip Underwood, Amarillo; L. G. Hardman, Commerce, Ga. Mr. Hardman is first vice-president of the American Cotton Manufacturers Institute and president of Harmony Grove Cotton Mills, Commerce.

Red Raiders To Face Powerful Houston

A 14-yard field goal threw a road block in the comeback trail of the Texas Tech Red Raiders Saturday as the Tulsa Golden Hurricanes edged the Raiders 10-7 at Tulsa.

This week Tech faces the all-powerful Houston Cougars at Rauterland in what could be a long afternoon for Raider backers.

Houston usually plays its finest game of the year against Tech and this year Coach Billy Meek has come up with one of the best squads in their history. The Cougars have been the only team this year to mar the record of the Texas Aggies, scoring a 14-14 tie. The Aggies blasted Tech earlier in the season 40-6.

Tech came out of the Tulsa encounter in fair shape with no major injuries reported. Guard Ray Howard and end Dan Eaw, major injuries before Tulsa, are expected to be ready for Houston.

Last Saturday's contest was a defensive struggle with neither team displaying much offensive power. The Hurricanes took the lead with only three minutes and 20 seconds gone in the game on the field goal, a 14-yarder by substitute quarterback Charley Wy-

nes and held on until late in the third period.

With 35 seconds to go in that third stanza Tech quarterback John Riddle hit halfback Bobby Kyzar with a flat pass on the Tulsa 24 and the speedy back tightroped his way down the sidelines and into the end zone. This gave the Raiders a 7-3 lead, but it was short lived.

Tulsa took the following kickoff and moved 65 yards on nine plays to go ahead for keeps. The drive was climaxed by a perfect pass from quarterback George Cagliola to halfback Ronnie Morris all alone on the Raider two.

Later in the game Tech mount-

ed a drive to the Tulsa 29. But Buddy Hill, attempting a pitch out, was hit and fumbled, crushing Raider hopes.

Tech was not without its heroes however. For the second week in a row tackle Phil Williams was a standout on defense. His recovery of a Hurricane fumble set up the Raider's only tally.

The entire Raider defense rose up with a great goal line stand in the second period, holding Tulsa four downs inside the four. On offense fullbacks Charley Dixon and Gene Bentley shouldered most of the burden. However, for all Tech's efforts that early field goal was the difference.

All-Americans Named

Guard Bill Glass of the Baylor Bears has been selected by the American Football Coaches Association for Collier's 67th All-American team.

The team also includes: ends, Ron Kramer of Michigan and Joe Walton of Pittsburgh; tackles, John Witte of Oregon State; center, Jerry Tubbs of Oklahoma; backs, Tommy McDonald of OU, Jim Brown of Syracuse, John Brodie of Stanford and Johnny

Majors of Tennessee.

Center Jerry Tubbs was chosen as the Player of the Year and will receive Collier's Walter Camp Memorial Trophy. The All-America Board of Coaches included Jess Neely, Rice; Tuss McLaughry, Secretary; Bobby Dodd, Georgia Tech; Lou Little, Columbia; Ray Eliot, Illinois; Lynn Waldorf, California; Bud Wilkinson, Oklahoma and Duffy Daugherty, Michigan State.

SAE, Kappa Sig

Mural Playoff

Sigma Alpha Epsilon and Kappa Sigma will meet tomorrow afternoon at 5 p.m. behind the Tech Gym to determine the championship of the Fraternity League.

Both teams are tied for first place with 7-1 records following Sunday's action which saw SAE top Phi Delta 12-0 and Kappa Sig blast ATO 34-7. Other Sunday action saw Phi Gamma Blank Sigma Chi 14-0 and Phi Psi topped Sigma Nu 14-6.

The Subs became champs of the Independent League Monday with a 1-0 overtime win over Burnetts. Their record was 5-0. The other league game Monday found Baptist Student Union squeeze past Wesley 1-0 in another overtime feature.

This afternoon Sneed Hall (3-0) can clinch a Dorm League title with a win over Gordon (2-1). A win for Gordon would force a two-way tie. Should Gordon win and Bledsoe (2-1) defeat West in the other game a three-way tie would occur.

FINAL STANDINGS

Fraternity League	
Kappa Sigma	7 1
SAE	7 1
Phi Kappa Alpha	6 2
Phi Gamma Delta	5 3
Phi Kappa Psi	4 4
Phi Delta Theta	4 4
ATO	2 6
Sigma Chi	1 7
Sigma Nu	0 8

Phi Kappa Alpha	1 4

Holiday Games On Tap

Two games of interest to Techsians will be unrec'd Thursday in this area. Thursday afternoon the Lubbock High School Westerners will meet Monterey High School Plainsmen in Jones Stadium at 2 p.m. Also Thursday the Tech Freshmen Pledors will close out their season against the West Texas "B" team in Canyon at 2 p.m.

What young people are doing at General Electric

Young engineer sells million-dollar equipment to utilities

Selling electric equipment for a utility substation—a complex unit used in power transmission and distribution—requires extensive technical knowledge of the products involved. Men who sell such complex equipment must also know a customer's requirements, what will best fill his needs, and how to sell the merits of their products to the executives who buy such apparatus.

One such man at General Electric is 31-year-old Allen J. Clay, an apparatus-sales engineer serving the electrical utility companies in the Philadelphia-Allentown area.

Clay's Work Is Important, Diversified

For Clay, technical selling is not a door-to-door job. As a representative of General Electric, he must be ready to discuss customer needs with vice presidents or help solve intricate problems with skilled engineers. His recommendations are based on his own engineering background, and are backed up by the know-how of the Company's best application engineers. His interest in working with people carries over into his community life, where he takes a part in many local activities—Rotary, Community Chest, Boy Scouts, and his University Engineering Alumni Association.

27,000 College Graduates at General Electric

Allen Clay is a well-rounded individual who has come to be a spokesman for General Electric wherever he goes. Like each of our 27,000 college-graduate employees, he is being given the chance to grow and realize his full potential. For General Electric has long believed this: Whenever fresh young minds are given freedom to make progress, everybody benefits—the individual, the Company, and the country.

Educational Relations, General Electric Company, Schenectady 5, New York

ALLEN J. CLAY joined General Electric in 1946 after receiving a B.E.E. from the University of Virginia in 1945. A naval officer during World War II, Clay managed the Charlottesville, Virginia, office from 1950 to 1955.

Progress Is Our Most Important Product
