the Treador

Vol. XXX Texas Technological College, Lubbock, Thursday, October 7, 1954 No. 3

Freshmen To Hold All-School Dance After Texas Western Tilt Saturday

An all-school dance in the Library parking lot Saturday night after the Texas Western game will be sponsored by the freshman class, it was decided at a Monday night meeting of the class council.

The Freshman Council also opened its doors to all class members, urged freshmen to sit in a class group at football games, and heard complaints of freshman girls about the starting time for Union movies.

Bill Armstrong was appointed general dance chairman, Tooter Fortune, sign-making artist; Dave Thompson, chairman of dance ticket sales; and David Dawson, Treador reporter.

Tickets for the all-school dance Saturday will be 25 cents, "stag or drag." They went on sale today in dormitory lobbies, in the Student Union, and by members of the Freshman Council.

Recorded dance music will be used.

"The big advantage of the street dance will be plenty of room," Dawson said. "You will be able to move six inches without knocking somebody down."

In discussing the project of group seating of the class at games, Assistant Dean of Men Bill Geisert expressed the belief that cheering at the Oklahoma Aggie game was improved by mass seating.

After hearing freshman girls complain that they cannot see all of a movie at the Union Monday nights and still get to their dormitory by curfew, the council took up the matter with Union officials. Agreement has been reached to start the movies promptly at 7 p. m.

The council declared it was open

Carmen Draws Capacity Crowd

A capacity crowd attended the first program of the series, "Opera as You Like It," in the Museum Sunday.

Tom Bridges, Avalanche-Journal staff member and English instructor at Tech, narrated the story of Carmen. Several of the more popular arias were done by Alice Ann Yates, Mrs. Grace Goodwin, Bob Elson, and Bill Geisert.

Miss Yates, portraying Carmen, did the "Seguedilla" and the "Habenera." Mrs. Goodwin, as Micaela, and Geisert, as Don Jose, sang the Act I duet "Parle-moi de ma mere." Mrs. Goodwin also sang Micaela's Aria and the "Flower Song." Bob Elson, as the Treador Escamillo, sang the most famous song of the opera, the "Treador Song."

The group was accompanied by Mrs. Robert Taylor.

Union Plans Jam Session For El Pasoans Saturday

There will be "music in the air" at the Union Building Saturday afternoon. A jam session is scheduled for 2 p. m. and all musicians are invited to sit in.

The jam session will be one of the activities planned for Texas Western students attending the football game here Saturday night.

to attendance by any freshman. Complaints may be presented, and visitors may enter into the discussion. The council meets at 7 p. m. each Monday in Ad. 220.

At this week's meeting, President Walter Schuler was in the chair. Other officers present were Vice President Dave Thompson and Secretary Glenda Moses.

Musical Insanities To Be Presented Here October 16

Spike Jones is a phenomenon of show business.

Ten years ago he skyrocketed to fame with his novelty recording, "Der Fuehrer's Face." At that time wisecracks called him a "flash in the pan." He has made theatrical history with his musical "Depreciation Revues" and is now launching an entire new show—"Spike Jones' Musical Insanities of 1954." Spike is a top-selling recording artist as well as television, motion picture and radio star.

Tech students will have a chance to see Spike Jones and his Musical Insanities next Friday at the Gym. The first show, for students only, begins at 6:45 p. m. Another, at 8:45 p. m., is for the public. Students may get tickets at the Union Building by showing their I. D. cards.

Spike Jones' stage show will feature the well-known City Slickers. Among their recordings are "Cocktails For Two," "Deep Purple" and many others.

Tech Orchestra Plans Concert

Texas Tech Orchestra is preparing for its Christmas concert Dec. 19. The orchestra is a new organization on the campus, formed by Paul Ellsworth, Tech's new string and orchestra instructor.

Membership of the orchestra, according to Mr. Ellsworth, is made up of students of Tech and the Lubbock Public Schools, faculty members of both schools and interested towns people.

The following concerts are scheduled for the orchestra in addition to the Christmas concert.

Dec. 10-12—The orchestra will participate in Tech's Fine Arts Festival.

March 31-April 3—During Tech's Symposium of Contemporary Music, the orchestra will assist in the performance of an operetta and will present a concert of its own.

May 10—Spring Concert.

Rehearsals for the group are scheduled from 7 to 9 on Tuesday nights during the school year.

Cattle Raisers Association Members Visit Ag Division

Approximately 100 members of the Texas and Southwestern Cattle Raisers Association are on the campus today as guests of the animal husbandry department.

The group went on a guided tour of the agricultural facilities of the college following a barbecue in the judging pavilion.

National Secretary Of Mortar Board To Visit Campus

The national secretary of Mortar Board, national honorary organization for senior women, will arrive in Lubbock tomorrow night for a weekend visit on the campus. Forum members will host her stay, and will honor her at a luncheon Saturday in the Lubbock Women's Club.

Miss Thelma Lockwood, who is secretary to the president of the University of Texas, has been a national officer of Mortar Board for six years and secretary for about two years.

Forum was founded in 1927 by Mrs. Mary Doak, the first dean of women at Tech. Miss Evelyn Clewell was the next sponsor, and in 1946, Miss Sue Rainey, the current sponsor, assumed the post. Composed of not more than 15 outstanding senior women, Forum has as its aim the promotion of scholarship, leadership and service among women students on the campus.

Many projects begun by Forum have been adopted and enlarged upon by other campus organizations. These include the Town Girls club and the Be-Kind-to-Faculty Week, with its "apple polishing hour" for faculty members and students to get together. Forum also works closely with the Association of Women students to strengthen women's position on the campus.

Student Directory Available Friday In Tech Bookstore

The 1954 fall semester Student Directory, containing over 6,000 names and addresses, will be available tomorrow at Tech Bookstore.

Booklets will sell for 25 cents each. Printing costs are being defrayed by the National Farm Life Insurance Company and proceeds from sales will be set up for the National Farm Life Insurance—A. A. Spacek Memorial Scholarships.

Recipients of the \$150 scholarships this year are: Stuart Carroll Jones, chemistry major from Hereford; Walter Eugene Todd, mechanical engineering major from Sunray; Frank B. Washburn, electrical engineering major from Kerens; Fanny Jo May, chemistry major from Fort Worth.

Oct. 15 Last Day To Claim

'54 Annual, Says Dietering

Deadline for claiming the 1954 La Ventana has been extended to Oct. 15, according to Earl Dietering, business manager. After that date, any surplus annuals will be sold to the public. Some 400 copies out of 3,750 have not been claimed.

Dietering also urges students to have their class pictures made at Koenig's Studio, 2222 Broadway. Studio hours are 9 a. m. to 6 p. m.

Competition Is Great As Officers Are Chosen In Runoff Class Elections

Carl Kennedy, Pampa, was elected president of the senior class in the run-off elections Tuesday. Kennedy, who was also president of his class last year, defeated Bill Velvin of Midland, 72 to 34.

The sophomores chose Bruce Campbell of Pampa as their president, over his run-off opponent Buck Johnson of Muleshoe. Campbell polled 107 votes to Johnson's 74.

Graduates To File Data by Oct. 15

All students who plan to graduate in 1955 are requested to fill out personnel information forms by Oct. 15, according to Mrs. Jean A. Jenkins, director of the Placement Service.

Filing of the forms is a requirement for graduation, Mrs. Jenkins points out. In addition, two glossy print photographs, approximately 2" x 3", must be filed, but can be sent in later if not available by Oct. 15th.

The personnel information form, together with statements from references, constitutes a permanent file for each student. Graduates are encouraged to make use of the record in case they wish to apply for a position, or to refer to it in any other connection where such information might be of value, said Mrs. Jenkins.

Space Available On Parking Lots, Says Dean Jones

Students who are having difficulty finding a place to park are reminded by Dean Lewis Jones, who is in charge of the parking situation, that the lot behind the Journalism Building and the lot south of the Gymnasium are not crowded this far.

Even though the number of automobiles have increased and lots are crowded, traffic laws on the whole are being obeyed, reports Dean Jones. He says that, to this time, Tech has not had any grave parking problems.

Dean Jones also reminds students that anyone receiving a ticket for violation of parking regulations must report to the office of the dean of men, Ad 163, within 48 hours. Failure to do this results in a double penalty. The first ticket is a warning, the second is the last warning, and the third restricts the use of the automobile in question on the campus.

MEMBERSHIP OPEN

Membership in the Lubbock Little Theatre is open to Tech students for \$3 it was announced today. The Little Theatre will present their first play of the season, "Born Yesterday," Oct. 20-22.

Plans for colonization of two national sororities this month,

The freshman class picked David Thompson, Pampa, as their vice president over Joe Dale Bryan of Lubbock. Thompson had 114 votes while Bryan polled 72.

Pat Harkleroad of Lubbock won the senior secretary spot over Jane Hampton of Amarillo by a vote of 54 to 51. Marilyn Stonecipher of Houston defeated Pat Boles of Midland, 33 to 30, for junior secretary. Sophomore secretary went to Gladys Bain of Austin, who polled 91 votes over Jody Miller of Big Spring, 55, and Joyce Tharp, Littlefield, 35. Glenda Moses, Fort Worth, who had 75 votes, defeated Sandy Casstevens, Brownfield, 62, and Revis Jordan, Lubbock, 47, for freshman secretary.

Carolyn Calloway, Ralls, and Frances Edwards, Lubbock, tied for senior representative to the Association of Women Students with 20 votes each. Jean McNeal, Fort Worth, who had 15 votes, was defeated.

Sally Wood, El Paso, defeated Donell Phillips, Plainview, 75 to 62, for sophomore representative to AWS. A run-off is still needed to choose a freshman AWS representative. Due to allowing men students to vote on the position, the first election was voided and this was the primary.

The run-off is between Karen Smith of Houston and Carolyn Sanders of Sherman.

Evangelist To Talk At Morning Watch

Dr. E. Stanley Jones, author, evangelist and preacher, will be the speaker at a joint morning watch tomorrow at 7:15 in the Museum Auditorium.

Dr. Jones, who has been preaching this week at First Methodist Church, is on a six-month evangelistic tour. He has spent approximately half a century as a missionary in India, where he went immediately upon graduation from college.

An advocate of a united church in this country, Dr. Jones currently makes his home in Boston.

The joint morning watch is sponsored by the Student Religious Council.

PEP RALLY

A pep rally will be held tomorrow night at 7:30 between Sneed and West Halls. Girls are to meet at 7:15 between Horn and Drane Halls to walk over in a group, says head girl cheerleader Virginia Carr.

Saturday Is Deadline For Ticket Sales; 350 Must Be Sold Or Trip Is Off

Ticket sales for the out-of-town trip to Baton Rouge are going slowly, says Jack Gibson, Student Council member in charge of sales.

Deadline for buying tickets is Saturday, and less than 200 tickets have been sold. At least 350 tickets must be purchased, says Gibson, in order to obtain a special train.

Train tickets for the trip to the Tech-LSU game are priced at \$25.50, and are on sale at the

Council office and by Council members.

LSU students are planning a big reception for Techsians, and a whirlwind of activities is in store for those making the trip, Gibson says.

The train for Baton Rouge will leave Lubbock at 3:30 p. m. Saturday. On the return trip, the train will leave Baton Rouge at 12:01 a. m. Sunday and arrive here at 8:30 p. m. Sunday.

Psychology Department Has Grant For Research on Radiation Effects

The psychology department has received a three-year research grant of \$45,099 to study the effect of radiation on the human mind, announces Dr. Sylvan J. Kaplan, department head.

The Board of Directors Saturday officially accepted the grant, which is made by the U. S. Public Health Institute of Neurological Diseases and Blindness. The grant is the largest single one of its kind ever received by Tech for an on-campus project.

An assistant professor and one or two research assistants will be employed this fall to assist with the research. Dr. Kaplan and his staff will attempt to determine how radiation affects man's ability to think and learn, and how radiation sickness affects human motivation.

A species of the Rhesus monkey will be used in the research

because its intellectual level is high enough to allow comparison with humans and much is known about its anatomy and physiology. About a dozen of these monkeys will be brought to the campus next year, and cages are now being designed for placement in laboratories.

Dr. Kaplan has specialized in radiation for the past five years and has written 28 articles on the subject.

Tech will join four or five other major institutions in working on the problem, Dr. Kaplan said.

STUDENTS NAMED

Two Tech students have been named to attend the national convention of Future Farmers of America in Kansas City, Mo. Gary Bearden and Mike L. Hrazdil will make the trip, announces W. J. Standley, local president.

Alpha Phi, Sigma Kappa Colonization Is Designated for Oct. 25 to Oct. 28

Plans for colonization of two national sororities this month, Sigma Kappa and Alpha Phi, are nearing completion. The period of Oct. 25 to Oct. 28 has been designated for the colonization activities. Oct. 18-29 will be one of closed rushing. No fraternity will be permitted to rush during this time.

The office of the dean of women will furnish the colonizing fraternities with information blanks on all interested girls. An open rush list will also be available to both groups.

Sunday, Oct. 24—Colonizing officers arrive.

Monday, Oct. 25 — Individual meeting with colonizing groups, conducted by the officers of respective groups 5 to 6 and 7 to 8 p.m.

Tuesday, Oct. 26—Individual 15-minute interviews with fraternity officers; 7-8 and 8:30-9:30 p.m., social gathering for each group.

Wednesday, Oct. 27—Interviews continued.

Thursday, Oct. 28, 1 p.m. — Interviews sign preference cards in the office of the dean of women, A1169, 5 p.m. Interviews pick up invitations in

office. The period of silence will begin at 1 p.m. Thursday, Oct. 28, and end after ribbon pledging takes place. The two sororities will have ribbon pledging at dessert parties.

Formal pledging services may take place at any time after ribbon pledging. Sigma Kappa and Alpha Phi Chapters will not be installed on the campus until March, 1955.

Candidates For Membership Invited to Sigma Tau Delta

Sigma Tau Delta, honorary English fraternity, is accepting candidates for membership. Requirements include: junior standing, with a minimum of 12 hours of English; 2-point average in English and a 1-point average in all other courses; an interest in literature; and satisfactory standing as a college citizen.

First meeting of the group will be at 8 p.m. Thursday, Oct. 14 in the home of Dr. Everett A. Gillis, 3202 32nd St. Interested persons should contact Mary Ann Wilson, secretary, at Horn Hall.

DEADLINES

Deadline for sorority and fraternity date lists for dances and parties is Tuesday at 1 p.m. All society news may be turned in at the Toreador Office.

The Chicago Tribune noted that Mamie Eisenhower confirms the tradition that ladies of the White House shall bear folksy, down-to-earth names. Among presidents' wives there have been two Elizas and a Bess; and Anna and a Hannah. There have been two Marthas, two Abigail, two Julias, two Ellens, and two Ediths, and one Dorothy, Louisa, Rachel, Letita, Sarah Lucy, Lucretia, Frances, Ida, Alice, Helen, Florence, Grace, and Lou.

The only benefit performance that seems to promit itself to an assured success is the annual All-star midsummer baseball contest. Without begging a single fan to buy a ticket, the attendance at Cleveland this year was 68,751 and the net receipts were \$259,204.01.

Some of us oldsters expect more respect than we deserve from our juniors.

The best way to publicize a regrettable incident is to ask your friend not to repeat.

We all have a tough time, what with taxes and the demands of our wife and children; but we must like it or we wouldn't put up with it.

Pledges Honored At Picnic Supper

Kappa Kappa Gamma members honored new pledges with a picnic at Mackenzie park last Wednesday night. Following the picnic supper pledges and members entertained with programs.

Pledges attending were Donna Abraham, Judy Anning, Sue Applegate, Joanne Barney, Sue Brown, Karen Campbell, Mary Jane Clarkston, Jane Cooper, George Ann Davis, Sharon Day, Ottilie Fredricks, Marion Harris, Barbara Jackman, Eileen Jacobson, Carol Ann Leon, Janelle Lewis, Mary Ann Munn, Lois McKee, Glenda McNeal, Celina Roberts, Joan Roberts, Martha Schrickman, Nina Smith, Sylvia Thompson, Barbara Warren, Tommye Wieland, Helen Willis.

Delta Sigma Pi To Climax Rush Activities At Smoker

Delta Sigma Pi, national business fraternity, will climax rush week activities tonight with a smoker at the Rec Hall.

Rush, which began Monday, is officially closed tomorrow. Pledges will be formally initiated Tuesday night.

Guy Roy, rush chairman, was in charge of the week's activities.

Sigma Nu Holds Initiation for 16

Sigma Nu, national men's social fraternity, announces the initiation of 16 members. New Zeta Pi chapter initiates are:

Jesse Adams, Ft. Worth; John Bear, Burkburnett; Don Brothers, Paducah; Bruce Campbell, Pampa; Teddy Dotts, Lubbock; Jan Fouts, Rule; John Green, Quanah; Floyd Jensen, Waco; David Jobe, Quanah; Eddy Martin, Alpine; Jim Parker, Pampa; Douglas Perkins, Littlefield; Tom Pike, Rule; Eddie Reinover, Hereford; Garland Thornton, Littlefield; Albert Troost, Lubbock.

Recently elected officers are: commander, Don Waheed, Munday; lieutenant commander, Raymond Mires, Burelson; recorder, Calvin Meisner, Farwell; treasurer, Burt Sinclair, Lubbock; chaplain, Bob Willoughby, Lubbock; reporter, Frank Rasor, Miami; alumni contact officer, Frank Rasor; marshal, Bill Velvin, Midland; sentinel, Oscar Cooper, Midland; historian, Charles Clark, Miami, Texas.

Sue Shawver Is Delegate To Pi Omega Pi Convention

Sue Shawver, president of Pi Omega Pi, national business education fraternity, was selected to attend the club's national convention in Chicago Dec. 26-28, at a meeting held Tuesday in the Student Union.

The chapter also discussed plans to aid with the West Texas Business Teachers Association convention to be held in Lubbock Oct. 22 and 23.

Dr. Donald J. Tate, head of business education and secretarial administration, was unanimously elected as chapter sponsor for 1954-55.

Zeta Tau Alpha Will Have Dance

Zeta Tau Alpha will entertain with a sport dance at Hotel Caprock Saturday night following the game. Football decorations will be carried out in party rooms. Music for dancing, which begins at 10:30, will be furnished by the Scotchmen.

Members and dates will include: Ruth Ann Cummings, Jack Davis; Joyce Wright, Dane Grant; Joyce Davison, John Pittman; Danna Stamper, Russ Pearson; Marilyn Sneathen, Ralph Clark; Frank Hadlock, Bill Ramsey; Pat Davenport, Eldon Smith;

Peggy Pittman, Ford White; Mary Jane Miller, Leo Chase; Jean Collett, Bill Bynum; Shirley McGowan, Roy Thompson; Averil Brinkmann, Monte Wise; Mary Ann Tongate, Richard Escue; Pat Scott, Miles Black; Gale Hays, John David Hays;

Pledges and dates; Mary Mahan, Ernest Hamilton; Joe Love Stogner, Logan Cummings; Sandra Spellman, Marshall Camp; Elizabeth Dinwiddie, Don McClenny; Nancy Bagwell, Ralph Mabey; Jomilee Lomax, C. L. Chappell;

Glenda Moses, Jerry Clark; Mary Ann Mattox, Bob King; Pat Long, Dayle Clark; Patsy Parris, Johnny Flewharty; Marilyn Sutton, Mike Bayliss; Fern Asher, Larry Marks; Kay Hauge, Jim Ashley; Kay Bowers, Joe Lackey; Conni Crows, Win Brinson;

Shirley Caldwell, Cooper Blount; Carolyn Sanders, Jim Harris, Nancy Hays, Neil Vaughn; Marilyn Wood, Whitney Purtle; Sandra Hitch, Bill Wadaie; Beverly Champion, Dale Roberts; Barbara Kay Flowers, Kenneth Lane; Margaret Johnson, Dick Alford; Barbara Stuart, Dick Russell.

Delta Gamma Entertained Pledges With a Breakfast

Gamma Xi chapter of Delta Gamma entertained with a big-little sister breakfast Sunday morning at the Caprock Hotel.

Mrs. Hugh Anderson, outstanding alumnae, was presented with a gift from the chapter. Following the breakfast the group attended services at the First Methodist church.

When the films show old-fashioned styles in women's clothes, audiences roar with laughter, not realizing that in a few years the fashions of today will look equally ridiculous and will arouse laughter just as loud.

Once you've given a child a quarter he thinks you're a cheap-skate if ever thereafter you cut him a dime.

We like to choose our own books and wish friends would stop insisting we read their books.

The instinct to get our share of anything that's scarce, even a bed in a hospital, is nearly irresistible.

Everyone should travel if only to get himself acquainted with the comforts of home.

Graduate Exam Dates Are Set

Graduate record examinations, required of applicants for admission to Tech's Graduate School will be administered on the campus Oct. 30, March 5, and sometime in July, says Dean W. B. Gates. It is to be taken only once; students who have taken it elsewhere should request the Educational Testing Service to send their records to Tech.

The examination fee is \$4. A check for this amount should be made payable to the College and sent to the Dean of the Graduate School with a request that a test be ordered for a particular date.

A student enrolling for courses without a degree objective is not required to take the aptitude test, but if he later changes his mind and decides to work toward a degree, he will have to take this test. Not more than 12 hours' credit will be allowed for work completed prior to the taking of the aptitude test.

Approximately 85 persons have already taken the tests for admission this year.

AN EDITORIAL

Parking Solution Suggested

Tech's enrollment reached an all-time high of 6,247 this fall. This surplus of students brought a surplus of problems. One of these, traffic, definitely concerns every person associated with Tech. Car owners worry about where to park and pedestrians worry about where to walk—no one wants to be the first pedestrian killed on the campus.

There are 3,761 cars registered here this fall. For these cars, there are 1,680 parking places.

QUESTION—What do we do with the extra 2,081 cars?

One solution suggested is to require freshmen to leave their cars at home. This would help, but still we would have a surplus.

Last year's attempt at zoned parking wasn't the answer either, so this year another system is being tried. If the number of complaints has any meaning, then this system still isn't the solution.

Let's look at an arbitrary solution: NO CARS ON CAMPUS.

Stop all traffic on the College streets except authorized service vehicles and transportation for disabled students. One big parking lot behind the recently constructed track field to handle all the cars that students living off campus feel they have to drive.

This solution isn't as far-fetched as it sounds. Future plans for Tech include building across presently used college streets. Why not get used to the situation now?

Also on the planning board is a bypass behind the campus that would be an entrance to the proposed lot and to the back of college buildings.

Other college campuses have restricted driving rules. None of their students has died from over-exertion walking to classes. A large percentage of our students walk to class now. Why should they be exposed to sudden death as traffic victims just because they aren't fortunate enough to own cars?

Think is over. Remember—The life you save may be your own!

—Mack Price

Medical College Admission Applications Are Available

Medical college admission test will be offered here Nov. 1, at the Testing and Counseling Center, Dr. Albert Barnett, director, announced Monday.

Any student who desires to take this test should have an applica-

tion on the formal application blank at the Educational Testing Service in Princeton, N. J., not later than Oct. 18.

Application blanks may be obtained at the Testing and Counseling Center or from Dr. Joe Dennis in C-213.

MY COUSIN HASKELL

I have a cousin named Haskell Krovney, a sweet, unspoiled country boy, who has just started college. A letter arrived from him this morning which I will reprint here because I know that Haskell's problems are so much like your own. Haskell writes:

Dear Haskell (he thinks my name is Haskell too): I see that you are writing a column for Philip Morris cigarettes. I think they are keen cigarettes which taste real good and which make a pleasant noise when you open the pack, and I want to tell you why I don't smoke them.

It all started the very first day I arrived at college. I had just gotten off the train and was walking across the campus, gawking at the cardboard valise whistling snatches of *Valencia*, *Barney Google*, and other latest tunes, admiring statues, petting dogs and girls, when all of a sudden I ran into this fellow with a blue jacket, gray pants, and white teeth. He asked me was I a freshman. I said yes. He asked me did I want to go places on campus, make a big name for myself, and get pointed at in fashionable ballrooms and spas. I said yes. He said the only way to make all these keen things happen was to join a Fraternity. Fortunately he happened to have a pledge card on him, so he pricked my thumb and I signed. He didn't tell me the name of the fraternity or where it is located, but I suppose I'll find out when I go active.

Meanwhile this fellow comes around every week and collects his dues which are \$100. Lately he has been collecting \$10 extra each week. He says this is a fine because I missed the meeting. When I remind him that I can't go to meetings because I don't know where the house is, he twists my arm.

I have never regretted joining the fraternity because it is my dearest wish to be somebody on campus and get pointed at in spas, but you can see that it isn't cheap. It wouldn't be so bad if I slept at the house, but you must agree that I can't very well sleep at the house if I don't know where the house is.

I have had to rent a room. This room is not only hellishly expensive, but it isn't the kind of room I wanted at all. What I was looking for was someplace reasonably priced, clean, comfortable, and within easy walking distance of classes, the downtown shopping district, the home of a local costermonger, which is dingy, expensive, uncomfortable, inconvenient, and I don't even get to use the bed till six o'clock in the morning when my Landlord goes off to mung his costers. Well, anyhow, I got settled and started going to classes. But first I had to pay my tuition. This came to a good deal more than the advertised rates. When I asked the bursar what the extra money was for, he told me lab fees. When I said I wasn't taking any labs, he said I was taking psychology which counted as a lab because they used white mice. When I offered to bring my own mice, of which there are plenty in my room, he twisted my arm.

So I paid the man and went to my classes where I found that all my professors had spent busy summers writing brand new textbooks. Over to the bookstore I went, saw the prices on the textbooks, and collapsed in a gibbering heap. At length I recovered and made indignant demands to speak to the proprietor, but they told me the Brinks truck had already taken him home for the day. There was nothing for it but to buy the books.

Next I turned to romances—and found it. Harriet, her name was—a great, strapping girl. I first spied her leaning against the statue of the Founder, dozing lightly. I talked to her for several hours without effect. Only when I mentioned dinner did she stir. Her milky little eyes opened, she raised a heavy arm, seized my nape, and dragged me off to a dimly lit place called *The Trap* where everything was a la carte. She ordered cracked crab (\$1.75), sirloin chateaubriand (\$7.00), a scuttle of french fries (18¢ the french fry), an artichoke (30¢ the leaf), and compote (80¢ the prune).

After dinner she lapsed into a torpor from which I could not rouse her, no matter how I tried. I banged my glass with my fork. I did bird calls of North and South America. I pinched her huge pendulous jowl. I rubbed the legs of my corduroy pants together. . . . But nothing worked, and finally I had to sling her over my shoulder and carry her to the girls dormitory, to the vast amusement of everybody along the route.

But it was not the jeers of bystanders that bothered me. It was the hernia. Fortunately, medical care for students is provided free at the college dispensary; all I had to pay for were a few extras, like X-rays, anaesthesia, operating room, forceps, hemostats, scalpels, sponges, catgut, linens, towels, amortization, and nurses. They would not, however, let me keep the nurses.

So, dear cousin, if you see me these days without a Philip Morris cigarette, it is not because I don't like Philip Morris cigarettes. I do. I flip when I taste their mild rare vintage tobaccos. But I can't afford cigarettes. I can't even afford matches, what with fraternity dues and room rent and lab fees and textbook prices and my girl Harriet and medical care.

Well, I'll write you again soon. Keep 'em flying.

Yr. Cousin,

Haskell

Army Unit Drive Underway Here

A drive is now underway to start an army reserve artillery unit in this area. Such a unit cannot be established without a nucleus of about 25 enlisted men and three or more officers, says Paul Iasigi, head of the drive.

A veteran joining the unit may earn extra income at the pay rate of his old grade, and a non-veteran is eligible to go on active duty with his reserve grade if and when he is inducted by his draft board.

Non-veterans 17 years old need parental consent to join the unit, but those 18 and over may join with or without consent.

Persons interested in joining such a unit may call Iasigi, 2208 9th St. at 2-2145.

Panel Is Planned At Capa y Espada

Capa y Espada, departmental Spanish club, will hold its first meeting of the year at 7:15 p.m. Tuesday in Ad217.

The program will be a panel discussion by two groups of students who have made summer trips to Mexico with Dr. T. Earle Hamilton, professor of Spanish. One group went last summer, and the other made the trip a year earlier.

Miss Jean Shelly Smith, Spanish instructor, will be moderator. Spanish dances will be demonstrated also.

Officers of the club are: Polly Johnson, Levelland, president; Warren Hunt, Lubbock, vice president; Ralph Riojas, Ropesville, secretary; Jane Jackson, Petersburg, treasurer.

Anyone interested in Spanish is invited to attend.

Local Orchestra Plans Program

Lubbock Symphony Orchestra is trying something new this year. They will present the opera "La Traviata" for their first concert of the season. The performance will present only sketches of the opera, in which vocal recordings by three Metropolitan Opera stars will be accompanied by the local musicians.

Robert Elson, Tech music instructor, will re-tell the story of the opera for the benefit of the audience.

The Metropolitan stars, according to Mr. Elson, are: Herva Nelli, soprano; Mack Harrell, baritone; and Louis Hayward, tenor.

The two performances will be at 8 p.m. on Monday and Tuesday evenings in the Lubbock High School Auditorium.

Musicals and Tea Presented By Tech Music Department

Tech music department presented a musical and tea, featuring faculty and student performers, for the State Board of The Texas Federation of Music Clubs last Thursday in the Music Building.

The event was sponsored by Mu Phi Epsilon and Tau Beta Sigma, music sororities, and Miss Mary Jeanne van Appledorn, instructor in music, served as co-ordinator.

Tech To Enter Sheep, Brahman Cattle In Dallas Fair for First Time Oct. 8

When the gates to the gigantic Texas State Fair swing open Oct. 9 in Dallas, Texas Tech will be represented for the first time in the Brahman cattle and sheep divisions of the huge livestock exhibition.

According to Dean W. L. Stangel, general livestock superintendent for the State Fair, Tech will ship five head of the rugged Brahman cattle and 26 head of sheep to Dallas Oct. 8. These include Rambouillets, and seven Southdowns. Also in the shipment will be nine head of Angora goats.

George C. Keith will be in charge of cattle, and the college shepherd, Clint Ritter, will look

after sheep during the 16-day-long fair.

Tech will also be represented by T. L. Leach, professor of agricultural education, as superintendent of the beef cattle department at the Dallas event and Stanley Anderson, assistant professor of animal husbandry, who is to serve as a judge of the Aberdeen-Angus breeding cattle show.

HUMOR MAGAZINE KILLED

Hoopprint, humor magazine at Southern Methodist University, will not be published this year. The Committee on Student Budget declared it did not have enough funds to continue the publication.

New Fall Fashion Announced by Campus Leader

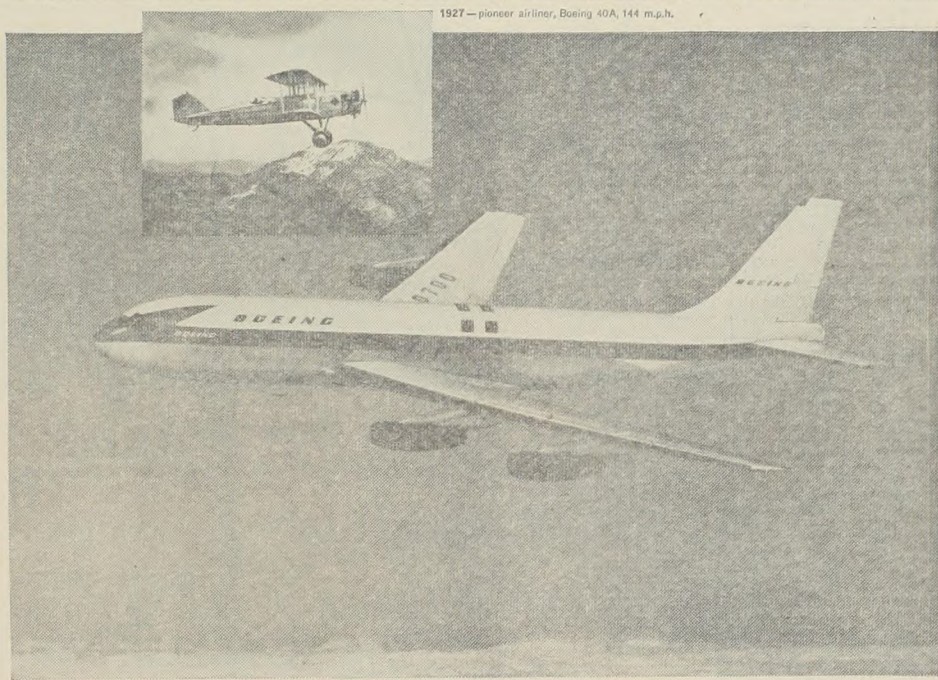

Adam Apple, prominent senior, stuck his neck out yesterday about student fashions for the coming year. "Charcoal and pink are the colors; no shoulders, two vents and heavy brogans will be the clothes of distinction. Button down shirts and heavy knit ties will grace male necks on campuses from coast to coast. No jewelry, no chains, just a simple watch that rings a bell at 10, 2 & 4. Then, you'll be sure to know when it's Dr. Pepper time."

Follow the fashion cues set by campus leaders...

and remember 10, 2 & 4 for the finest can't-be-copied drink in American colleges. Wake up your taste... Drink Dr. Pepper.

Wake Up your Taste Drink **Dr. Pepper**

1927—pioneer airliner, Boeing 40A, 144 m.p.h.

1954—America's first jet transport, the Boeing Stratoliner, 550 m.p.h.

Two trail-blazing transports... both Boeings

America's pioneer transcontinental airline passenger plane, the 40A of 1927, was a Boeing. Today, America's first jet transport is another Boeing, the 707. This quarter-century of commercial design leadership is paralleled by military design leadership ranging from the old B-9 bomber to the fighter-fast Boeing B-47 and B-52 jet bombers of today.

For 38 years Boeing engineers have blazed exciting new trails in design, research and production. They're blazing them today in jet aircraft, guided missiles, and research in supersonic flight and the application of nuclear power to aircraft.

If such new-horizon engineering appeals to you, Boeing offers a reward-

ing career, whether you are in civil, mechanical, electrical or aeronautical engineering, or a related field. Boeing is expanding steadily, and employs more engineers today than even at the peak of World War II. Boeing also promotes from within, and holds regular merit reviews to give you individual recognition.

At Boeing you'll find an unusual range of opportunity, from applied research to production design, from work with new materials and techniques to contacts with a cross-section of industry through the company's vast subcontracting program. Boeing employs draftsmen and engineering aides to handle much routine work, thus freeing engineers for more stimulating assignments.

Boeing engineers enjoy stable careers—46% having been with Boeing for 5 years or more; 25% for 10, and 6% for 15. Many engineers have been here 25 years, and 7 have been with Boeing for 30.

Boeing helps engineers continue their graduate studies, and reimburses them for tuition expenses.

For further Boeing career information, consult your Placement Office, or write: RAYMOND J. B. HOFFMAN, Admin. Engineer Boeing Airplane Company, Wichita, Kansas

Fulbright Competition To Close Nov. 1; Scholarship Applications Still Available

Nov. 1 is the closing date of the competition for United States Government education exchange grants for graduate study abroad, it was announced Friday by Kenneth Holland, president of the Institute of International Education. Scholarship application blanks are available in the office of Dr. G. E. Giesecke, academic vice president. A brochure describing the overseas study awards may be obtained by writing the Institute, 1 E. 67th St. New York, N. Y.

Fulbright awards are made entirely in the currencies of participating countries abroad. The awards cover transportation, expenses of a language refresher or orientation course abroad, tuition, books and maintenance for one academic year.

To be eligible for this award a student must be a United States citizen, have a college degree or

its equivalent at the time the award is to be taken up, have a knowledge of the language of the country sufficient to carry on the proposed study, and be in good health.

Countries where U. S. students may study under this program are: Australia, Austria, Belgium and Luxembourg, Burma, Ceylon, Denmark, Egypt, Finland, France, Germany, Greece, India, Italy, Japan, the Netherlands, New Zealand, Norway, Pakistan, the Philippines, Sweden, the Union of South Africa, and the United Kingdom. Special provision is made in the program for Germany for 25 grants to Americans who will serve as English language assistants in secondary schools.

Rules Governing Rhodes Scholarship Available at Tech

Newest revisions to the regulations governing the Rhodes Scholarships were received recently in the office of the dean of student life. Dean James G. Allen and his staff are wondering if this will be the year for some Tech student to be elected to the scholarship in Oxford, England. It has been 15 years since the last student from Tech was elected.

Elections to Rhodes Scholarships will be held in all states in December, 1954. Scholars-elect will enter Oxford in October, 1955. To be eligible a candidate must: (1) be a male citizen of the United States, with at least five years domicile, and unmarried; (2) be between the ages of 19 and 25 on Oct. 1, 1955 (Special provisions have been made for candidates serving in the armed services since June 27, 1950); (3) have completed at least his sophomore year by the time of application; and (4) receive official endorsement of his college or university.

The qualities which Cecil Rhodes specified in his will as the basis of selection are: (1) literary and scholastic ability and attainments; (2) qualities of manhood, truthfulness, courage, devotion to duty, sympathy, kindness, unselfishness and fellowship; (3) exhibition of moral force of character and of instincts to lead and take an interest in his fellows; and (4) physical vigor, as shown by fondness for and success in sports. Some definite quality of distinction, whether in intellect or character, is the most important requirement for a Rhodes Scholarship, and it is upon this that committees will insist.

Intramural Play To Start Sunday

The fraternity league will open the intramural football season Sunday with four games scheduled. All games will be played at 2 p.m. SAE challenges Kappa Sig, while PiKA meets Phi Delt. Kemas will open against Sigma Nu, and ATO will battle Phi Psi.

The dormitory league, with five teams entered, will begin their schedule at 5 p.m. Monday with West Hall meeting Sneed Hall and Doak Hall playing Bledsoe Hall. Gordon Hall is idle.

The independent league, boasting seven squads, will kickoff Monday afternoon at 5, with Nubins challenging the Nameless Wonders. The Mangy Critters play the Chowhounds on Monday evening, and the Sugar Lumps will show their stuff against the Tech Vets.

"And I suppose you study between classes?"

SERVICE SCHEDULE

Sunday	—	Bible School	9:00 A.M.
Sunday	—	Worship	10:00 A.M.
Sunday	—	Young People	5:00 P.M.
Sunday	—	Worship	6:00 P.M.
Wednesday	—	Bible Study	7:30 P.M.
Thursday	—	Womens' Class	10:00 A.M.

There will be a SPECIAL CLASS FOR COLLEGE STUDENTS. Interesting subjects dealing with problems of young people will be taught. Mr. H. H. Nicholas, a teacher in Lubbock Public Schools, will be the instructor. Make your plans to be on hand each Lord's Day. A welcome awaits you. Just 7 blocks from the south side of the campus.

Picadors To Play West Texas Team At Canyon Tonight

The Picadors, Tech's freshman football team, will invade West Texas State's B team tonight. Game time is 8 p.m. at Canyon.

Fullback Doug Duncan of Wellington, the Picadors' leading ground gainer, may be slowed down by a leg injury.

Wet ground has postponed the Texas Tech freshman-West Texas State B team game from Thursday night until Saturday afternoon.

Having lost their opener to Sheppard Air Base 31-13, the Picadors bounded into the win column Saturday afternoon by routing a favored Tyler Junior College squad 26-20 in the Rose Festival game at Tyler.

Tyler was ranked second nationally by the Williamson Rating system for junior colleges.

Carl Tripier, former Sheppard Air Base star from Roanoke, Va., quarterbacked the Lubbockites in their drive, and then climaxed the assault by scoring on the next to last play of the game.

Tech C of C Plans Club Year Tonight

A nominating committee for electing new officers will be appointed when the Texas Tech Chamber of Commerce holds its first meeting at 7 tonight in Ad209.

Purpose of the meeting is to solicit new members and outline plans for the year. The Chamber of Commerce objective is to promote Tech, essentially on the South Plains. Last year the Chamber sponsored a tour of high schools, on which they explained what Tech offered in the vocational field and also entertained. The organization has been invited to tour again this year.

Interested students are invited to attend the meeting tonight.

Tuesday Ends Competition For Varsity Tennis Squad

Tuesday has been set as deadline for all students who would like to compete for positions on the varsity tennis squad, Coach George Philbrick announced Monday.

Any regularly enrolled student who would like to try out is asked to see Coach Philbrick at the Gymnasium by Tuesday.

Raiders Meet Miners Saturday Night

Oklahoma A&M Gets 13-13 Tie

Texas Tech's Red Raiders play host this week to a high-spirited Texas Western squad in Jones Stadium Saturday night. Game time will be 8 p.m.

Coach DeWitt Weaver has warned the Raiders they can't let up. The Miners held Tech to their closest Border Conference game last year, 27-6, and up-set the Techsans 20-14 in their last appearance in Lubbock.

The big gun for the Miners will probably be Jesse Whittenton, who has replaced Dick Shinnaut at quarterback. Whittenton is the Border Conference's total offense leader at the present time.

Last Saturday night, the Raiders battled a determined Oklahoma A&M squad to a 13-13 tie in Jones Stadium.

Aggies Score First
The under-dog Aggies started their scoring attack in the second quarter when the Cowpokes' end, Lee Snider fell on a stray ball on the Raider 34. Only six plays later, with the ball resting on the Techsans' 11-yard stripe, Duval unwrapped the Cowpokes' passing attack. Duval hurled an aerial to Bob LaRue, who was running deep in the Tech end zone. La Rue lost control of the ball, but pass interference was ruled against the Lubbockites, and the ball was placed on the Raider 1.

Bob Favara plunged over on the next play to put the Aggies out in front with a six-point margin that stood until the third canto.

It was the first time the Raiders had been behind at the half-way mark in ten games.

Raiders Begin Scoring
The Raider fuse finally ignited in the third quarter, and the Lubbockites exploded with offensive fury.

Dean White put the drive on its way with a 26-yard kickoff return to the Tech 43. With Johnson at the helm, the Raider attack was over in 10 plays. Johnson fired to Spinks on the Aggie 40, and then climaxed the drive with his second aerial of the movement. Johnson flipped to White in the end zone from 20-yards out.

White leaped high in the air between two Aggie defenders, and came down with the catch that deadlocked the game. Spinks added the extra point to the Raider cause, and Tech led 7-6.

Aggies Hold Raiders
Sparked by Ronnie Herr's brilliant 25-yard punt return, to the Aggie 29, the some 14,500 fans jumped to their feet expecting Tech attack to break the game wide open. But to the stiff Cowpoke defense refused to yield.

Tech again showed promise when they marched from their own 25 to the Aggie 19. But a five-yard penalty, a two-yard loss, and a misfired pass crippled the attack. On fourth down, Johnson tossed an aerial that got astray, and again the Raider assault bogged down.

The Cowpokes, deciding they would try their luck at an offensive drive, started on their own 26. Only six plays later they cashed in with but six minutes remaining on the clock.

Duval tossed to Spencer who captured the pigskin on the Tech 28, and outdistanced four Raider defenders. Flores struck with the point that set the Cowpokes out in front 13-7.

Raiders Fight Back
Unaccustomed to losing, the Raiders fought back with determination and spirit. The dramatic rally started on the Tech 40, and ended with Spinks' eight-yard gallop into the Aggie end zone.

Kirkpatrick tried for the point that would have meant victory for the Lubbockites, but the boot slid to the right and bounced off the goal post.

With the score knotted 13-13,

Intramural Tennis Entries Now Open

George Philbrick, head of the intramural sports program at Texas Tech, has announced that entries are now open for the intramural tennis singles tournament. Entries close Thursday, Oct. 14, and play starts Oct. 18.

The tournament is open to all students with the exception of those on the varsity tennis team or who have previously earned a letter in tennis at Tech.

The Aggies began a desperation drive. Starting on its 20, the Aggies ate up the yardage in mouthfuls, but time was running out. With some six seconds remaining they elected to try a desperation field goal from the Tech 14, but time wouldn't wait, and all upset plans ceased.

Games This Week

(All games Saturday except as noted. A date after any school's name is the date it played or will play Texas Tech this fall. If teams matched this week played each other last year, the 1953 score is given.)

Texas Tech host to Texas Western. Last year, Tech 27-6
Louisiana State (Oct. 16) at Georgia Tech.
College of Pacific (Oct. 23) host to Idaho. COP 33-0

Sports Illustrated Features Raiders

Sports Illustrated, a weekly sporting magazine, has included an article in this week's edition entitled, "The Solid South."

On the cover of the article is a picture of two of Tech's stand-outs, tackle Jerry Walker, and Jack Kirkpatrick. The magazine terms the Raiders as "double threats."

The publication gives a rundown on the Border, Southwest, Southeastern, Southern, and Atlantic Coast Conference.

In part, the article says, "Texas Tech has grown into one of the real powerhouses in college football. Coach DeWitt Weaver's 1954 version may be even tougher, though perhaps not as explosive as last year's highest scoring team in the nation."

Color + collar + comfort =
The right ARROW Shirt for you!

You don't have to be a math major to figure it out. Arrow shirts offer you so many fine colors and patterns in your favorite collars, that it's a breeze to have plenty of style in your wardrobe.

Shown above are, the Sussex button-down in a neat tattersol check, and the smooth Radnor "E" in solid colors. Both \$5.00. The goodlooking Arrow Sussex in a well-bred stripe, \$4.50. They're comfortable, "correct" - thrifty too.

Zvi Zeitlin To Be Added Attraction Of Artists Course

Tech Artists Course Committee announces that the sale of student activity tickets has been sufficient to permit an added attraction for the 1954-1955 season of the Tech Artists Course Series. Zvi Zeitlin, violinist, will appear on April 18, 1955.

Tickets went on sale to former subscribers in the city on Monday and will continue through Saturday. Tickets may be obtained at Adair Music Company.

All students holding activity booklets will be admitted on presentation of these booklets.

Rodeo Club Elects Yeates President

B. F. Yeates, senior student from Lubbock, was elected president of the Tech Rodeo Club last Thursday night.

Other officers for the coming year are: Souli James Shandlin, Junior from Rock Springs, vice president; Sue Hefley, junior from Texline, secretary; Nancy Roberts, junior from Midland, treasurer; Nina Conatser, Canadian junior, and Jimmy McNeil, Crosbyton junior, reporters.

The Rodeo Club invites all Tech students interested in the promotion of rodeo activities on the campus to join. The club meets on first and third Thursdays in the stock judging pavilion.

Student's Spurs Are In Museum

Shades of the old West have invaded the campus! Joe Russell, student from San Angelo, has captured the spirit of early Texas days in his spur collection. It is now on display as the Hobby Show in the Historical Gallery of the Museum.

From south of the border to Canada come spurs representing styles dating back before the Civil War. This collection contains many Mexican spurs. One of these, the first spur Russell's collection, is similar to one seen in the Alamo display. Another spur, picked up between the Mexican and Texas border, uses a peso as a rowel.

Many of the spurs in Russell's collection have been passed down from father to son, such as the pair given to his grandfather by Mike Eastern of the King Ranch. One ornate pair of Mexican spurs was given to the grandfather of Senator Hayden of Arizona, who in turn passed them to Russell.

The collection contains spurs for all classes and personalities. The dainty silver pair was designed for a lady. For the historically interested are the first commercial spurs, called O. K. spurs; for the moderns, the spur jewelry.

Russell's spur collection will be on display at the Museum for three months.

Tech Civic Choir Open for Members

The Tech Civic Choir, formerly a part of the Festival Chorus, is now open for membership for any town person or any student of the college. This group is a non-audition group which meets from 7 to 9 p.m. on Monday nights. Staff members are also invited to sing with this organization.

Robert Elson, director, announces that this choir will present a joint Christmas program Dec. 19, with the new Tech Orchestra. The program for the entire year will be announced at a later date.

Spike Jones and his City Slickers are coming to Tech Oct. 16. For the past ten years the zany musician has been tickling audiences all over the world.

DELTA GAMMA

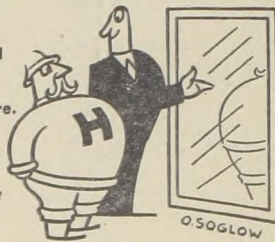

A big-little sister breakfast at the Caprock hotel and group attendance at the First Methodist church filled Sunday morning for members of Delta Gamma.

Tech Band Will Be Host To Texas Western Band

Texas Western Band of El Paso game. Jimmie Williams, Tech Band president, announced that dancing, refreshments and other activities are planned for the visitors.

COMO AND HOGAN

Perry Como, top TV and recording star, and Ben Hogan—only active golfer to win 4 national championships, enjoy a Chesterfield during a friendly round of golf.

WHAT A PAIR!

WHAT A BUY — CHESTERFIELD King Size (at the New Low Price) and Regular

Like Ben and Perry you smoke for relaxation, comfort and satisfaction. In the whole wide world no cigarette satisfies like a Chesterfield.

You smoke with the greatest possible pleasure when your cigarette is Chesterfield—because only Chesterfield has the right combination of the world's best tobaccos—highest in quality—low in nicotine.

In short, Chesterfields are best to smoke and best for you.
