

SUZANNE MATTESON, Tech's first Homecoming Queen, is Shown above during crowning ceremonies at the Tech-Tulsa game. With her are Co-Captain Howard Hurt of the Red Raiders and Student Association President Glenn Rainer. (See story, p. 7.)

101 New Members Are Announced, 27 Rehonored by Scholarship Group

Alpha Chi, an honorary organization for all divisions on the campus, has selected students as possible members. These are chosen from the junior and senior classes and from graduate students who have an exceptionally high grade-point average.

Twenty-seven old members are being rehonored for maintaining a high average.

Objectives of the club are to promote and recognize scholarship, character, and fellowship within the fraternity.

Of 1064 juniors enrolled, 40 were chosen: Gerald D. Abell, Jimmie S. Asbill, Ronald A. Avery, Carmalet Brown, Howard C. Bruckner, Roy Lee Cox, Madolyn Crow, Malcolm Daniell, Monty E. Davenport, Dorothy Duffey, Mary C. Edwards, Paul J. Gaston, Alvin L. Gregg, David M. Groves, Royal M. Hagerty, Huda Hassen, Millie J. Hay, Gail T. Henderson, Don C. Holden, Ellis W. Huddleston, James H. Knight, Robert L. Lambert, A. Lynn Libby, Bette J. McGehee, Bobby R. McGehee, Joyce A. Miller, Harold L. Moon, Betty J. Nelson, Marion K. Richardson, Ray Joe Riley, G. Daniel Scott, Barbara Smith, Marilyn Sneath, Dibrell Stowell, Clark E. Sutley, Mary Frances Wall, Dorothy Ware, Stanley Williams, James C. Wine, Jimmie W. Wygal.

Sixty-one of 959 seniors chosen are: Maurice Allen, J. Truett Allison, Sandra L. Bailey, George T. Baker, Dale E. Basye, Marion S. Bedinger, Joy Y. Bowles, Anne S. Cambell, Mava R. Cartwright, Dorothy Clements, Carolyn Coe, Caryetta Crume, Anna M. Daniel, Donnie M. Dean, Robert L. Duncan, M. Joanne Endebrock, N. Travis Francis, L. Donald Garth, Sylvia R. Gibbs, Robert L. Gibson, Joe Ray Goodin, Richard Gray, Ronald L. Grimes, Boyden H. Hale, Joella S. Harrell, Judy M. Hines, Loyd D. Holland, Robert C. Hopper.

Alice C. Irelan, F. Lanelle Irvin, Donald A. Johnson, Joe D. Jones, Gregory Keys, Margaret Lee, Spencer Lee, Patty Lynes, Louise P. McCarty, Walter R.

McDonald, Thomas B. Mason, Mary A. Moore, Wendell Moore, M. Anita Newton, James D. Odum, John N. Partin, John E. Peterson, Beverly Powell, Glenn E. Rainer, Mary Axe Richards, Richard Roddy, M. Evelyn Rorex, Edmond A. Schlabs, John L. Shepherd, Virgil L. Snell, William B. Snyder, Allen Strother, Mary Tom Templeton, Marian Vandeventer, Bobby G. Waddle, Gwendolyn Williams, Charlene Willoughby, Gordon F. Yoder.

Old members who have maintained their average and are being rehonored are: Ray H. Beck, Martha A. Blankenship, Frank H. Boston, Wm. Duer Burton, F. Don Covey, Charles V. Cunningham, Donald H. Fortenberry, John B. Garibaldi, C. Weldon Green, Scott

Housing Studied For Fraternities

A study of fraternity and sorority housing on campus was ordered Saturday by the College Board of directors after Dr. E. N. Jones, president, reported an overflow of 400 to 600 men this semester.

The Board authorized the college architect to draft tentative plans for a dormitory-like structure, similar to those at Brown and Northwestern Universities. This building would provide quarters for the fraternities with meeting and dining rooms adapted for the needs of the groups, stated Dr. Jones.

The college now has 611 men in fraternities and 461 women in sororities. There is adequate housing for all women students on campus, Dr. Jones reported.

The board also accepted three gifts to the college. These included: \$1,000 from the American Business Club to the Tech varsity swimming team; a single stage vertical turbine pump valued at \$500 from General Electric for the hydraulics laboratory of the Engineering Division; and \$500 from Goldthwaite's Texas Toro Company for use in experimental work on turf plots on the campus.

Robert Shaw Chorale Will Open 1954-55 Artists Course Season

The Robert Shaw Chorale and Concert Ensemble opens the 1954-55 Artists Course at 8:15 p.m. tomorrow in the High School Auditorium. Students will be admitted free upon presentation of ID cards.

Shaw is a former conductor of the Fred Waring Glee Club and has directed choruses for the Broadway productions "Carmen Jones," "Laughing Room Only," and "Seven Lively Arts."

Shaw, the Chorale and Ensemble are perhaps best known nationally from tours, RCA Victor recordings and from numerous appearances with Arturo Toscanini and the NBC Symphony.

Appearing with the Chorale will be Ira Schantz, former instructor in music at Tech, where he taught voice and directed the Festival Chorus. Schantz, a native of Lubbock, graduated from Tech.

REW Talk Series Will End Tonight

"The design of the universe shows intelligence, offering proof that a well developed personality is back of creation." This was one of the points emphasized by Dr. George Schweitzer, guest speaker for Religious Emphasis Week, at an all-college convocation Monday morning in the Gym.

Dr. Schweitzer, who is associate professor of chemistry at Tennessee University and a noted nuclear research scientist, spoke to a near capacity crowd at 10 a.m. Monday on "Science and God." This subject was the opening topic in his series of talks on "Research, Reason and Revelation."

Dr. Schweitzer presented his answers to such debatable matters as the origin of the universe and the beginning of man.

The Spirit of Religious Emphasis Week was stimulated by morning watches held Monday through Thursday at the various student centers and "bull sessions" held in the dorms nightly.

Dr. Schweitzer will conclude his series of talks at 7:30 tonight in the Rec Hall.

THANKSGIVING DATES

Students will be dismissed for the Thanksgiving holidays at 10 p.m. Wednesday. Classes will be resumed at 8 a.m. Monday, Nov. 29 following a four-day vacation.

The Library will be closed all four days.

Yearbook Beauty Deadline Nears

With the deadline in the La Ventana beauty contest approaching, there are only five entrants to date. Contest preliminaries will be held at 2 p. m. Sunday in the Student Union Ballroom.

The five entrants thus far are: Sandra Shook, Lubbock senior; Zoe Merriman Kirkpatrick, Lubbock junior; Anne Rathjen, Canadian sophomore; Charlotte Pace, Lubbock sophomore; and Jimmie Faye Maxwell, El Paso junior.

Contestants must be entered by Saturday, says Linda Hudson, yearbook editor. In the first judgments half the entrants will be eliminated; after the Thanksgiving holidays, judging will leave the top 20, all of whom will be pictured in the annual. Eight top beauties will be chosen in all. Contestants are asked to wear cocktail dresses Sunday afternoon.

Only requirements for contestants is that they have a 1-point average. Friends or organizations entering names must have the consent of the entrant. Names are submitted in writing to Miss Hudson in La Ventana office, J203.

Dedication Today For Hurd Mural

Dedication ceremonies and a reception tonight will formally mark the completion of Peter Hurd's 16-panel fresco mural located in the museum rotunda.

More than 800 guests have been invited to the reception honoring Mr. Hurd, and will include noted personalities from the art and literary worlds as well as civic and political figures. Linda Darnell, movie actress and a close friend of Hurd's, will attend the reception along with other Hollywood stars and notables from the New York stage.

Tonight's reception, which will be covered by Life magazine, will be for invited guests only. The public is invited by museum officials to view the mural tomorrow, Saturday and Sunday. The film, "Peter Hurd Paints A Fresco," will be shown free of charge to the public on these days. The film traces the mural's progress from beginning to completion.

The panels which give a panoramic view of early life on the South Plains, will be presented by Paul Horgan, Southwestern author and friend of Mr. Hurd. Dr. E. N. Jones, Tech president, will make the acceptance address and the Tech Choir will sing, "Ye Shall Have a Song."

Library Change In Hours Possible

Students who wish to use the Library on Sunday afternoons have a chance to make their wishes known this week.

Those students wishing to have Sunday access to the Library should place their name and reasons for wanting to use it on a

slip of paper and place the paper in one of the boxes by Saturday.

If enough students indicate they would use the Library, it could be opened Sunday afternoons. To compensate for this, the Library

First Speech Play Pleases Audience

By DAVID CLARK
Toreador Editor

"Green Grow the Lilacs," the speech department's first play of the year, opened before a capacity crowd Monday night and so delighted the audience that at times it almost broke into song with the performers.

A folk-play on which the hit musical, "Oklahoma," was based, "Green Grow the Lilacs" featured individual ballads, group square dancing and some top notch dramatic performances by several members of the cast.

Dee Bowman as Curly McClain, cowboy, displayed a happy-go-lucky nature and a singing voice that captured the fancy of beautiful Laury Williams and her Aunt Ellen, played by Gloria Snell and Betty Doris Hamilton, respectively.

As the sinister Jeeter, Jack Cloude was more than villainous in a part alternated with Fritz Stanley. Darlene Sneed, playing Ado Annie Carnes, supplied the comic relief when the going got a little heavy.

Set in Indian Territory in 1900, the play chronicles the romance of Curley and Laury and the trouble brought upon them by the half-mad Jeeter. Of course, everything turns out well eventually, but in the meantime Misses Snell and Hamilton and Messrs. Bowman and Cloude Stanley have plenty of opportunity to display their acting skills. A dream sequence dance by Virginia Carr and Jerry King, although handled efficiently, is rather awkwardly motivated and fails to come off effectively.

On opening night the play suffered from overlong waits between scenes, but this was partially compensated for by interludes of singing by Eudell Spitzer, the Bowman Brothers—Dee, Jay and Lovell—and Warren Forsythe, all of whom were accompanied by the excellent guitar music of Charles Ervin. The evening would be well spent if only to hear the genuine folk and cowboy music.

Jerry Alexander, Kent Brooks,

See PLAY, Page 6

Maid Contest Set; 22 Tech Entrants

Officials announced Wednesday that 29 entrants have been received for the South Plains Maid of Cotton contest, to be held at 7:30 p. m. Monday at Fair Park Coliseum. Wayne Prather, contest chairman, said the contest will be free to the public.

During the program, Miss Beverly Pack, present National Maid of Cotton, will make several appearances. Earlier in the day Miss Pack will be special guest of the South Plains cotton industry at various functions.

The South Plains winner will receive an all-cotton wardrobe and have all expenses paid for her trip to the Memphis finals in January. This will be the first time a South Plains Maid has competed in the national pageant.

The national winner will receive a tour of 40 major cities of the United States, Europe and Canada.

Judging for the local contest will be based on poise, personality, intelligence and appearance.

Tech's 22 aspirants, listed by classes are: Freshman — Barbara Cowherd, Dallas; Joanne Barney, Abilene; Joan Roberts, Plainview; Janelle Lewis, Brownfield; Nina Kay Porter, Lubbock. Sophomores — Jerry Anglin, Donnell Phillips, and Patsy Harris, Plainview; Barbara Wane and Mary Jane Miller, Midland; Charlene Williamson, Ft. Worth; Pat Jones, Dallas; Mary Jane Johnson, Wellington; Franky Hadlock, El Paso.

Juniors — Virginia Mitchell and Jane Jipp, Ft. Worth; Jimmie Faye Mcaxwell, El Paso; Tommy Brown, Lubbock; Patricia Boyd, Idalou; Dian Tuckey, Ballinger; Patavenport, Lakeview.

Mary McCame of Pecos is the only senior entered from Tech.

Recipients Named For Scholarships

Two Lubbock engineering seniors have been named recipients of the annual Southwestern Public Service scholarships.

George T. Baker, 2508-A Kenosha Ave. and Ronald L. Grimes, 4603-B Belton Ave., have been chosen this year's winners of the \$750 scholarships, announces Dean D. E. Holcomb.

Baker, an electrical engineering major, has a 2.73 grade average. He is a member of Phi Eta Sigma, Kappa Mu Epsilon and Tau Beta Pi, honorary fraternities; American Institute of Electrical Engineers and the Tech Radio Club. He has worked for the U.S. Air Force both in the United States and in Greece as a civilian communications specialist and instructor.

Grimes, majoring in both mechanical and industrial engineering, has an overall grade-point average of 2.26. He is a member of Phi Eta Sigma and Kappa Mu Epsilon, honorary fraternities; American Institute of Industrial Engineers and the Tech Air Force Reserve Officers Training Corps.

Both students are scheduled to be graduated from Tech in August, 1955.

Five New Members Initiated Into Pi Omega Pi Fraternity

Five new members were initiated into Pi Omega Pi, national business education fraternity, Tuesday. Initiates are: Sue Heffley, Texline; Reva Watson, Rotan; Frances Cromer, Lubbock; Judith Haseloff, Vernon; Billie Grace Webb of Lamesa, instructor in business education, was made an honorary member.

Following the service, a banquet honoring the initiates was held at Walden's. Guest speaker for the banquet was Mrs. Ethel K. Terrell, who told of her experiences abroad. Mrs. Terrell teaches business at Lubbock High School.

AWS Sets Stage To Honor 500 Dads In First Annual Week-End Observance

Tech co-eds are in a bustle this week making week-end plans for the big date with a real B.M.A.H. (give for big man around home). The date: with Dad, of course, for the Dad's day activities and football game Saturday.

Approximately 500 dads will be in the limelight for the first Dad's Day observance at Tech, sponsored by The Association of Women Students.

According to Shirley DuPriest, chairman for Dad's Day, registration will begin tomorrow and last through Saturday. Booths will be open from 5 to 7 p.m. tomorrow and 8 a.m. to 12 noon Saturday in all three women's dormitories and the Union Building.

Dads and families of the girls will sit together in Section L at the game. Tickets are now available at the athletic office. During half-time the band will honor Dads and a gift will be presented to the father coming the longest distance by President E. N. Jones.

Following the game Dads will be guests of AWS at a reception from 4:30 to 6 p.m. in the Union Ballroom. In the receiving will be President and Mrs. Jones, Miss

Florence Phillips, dean of women; James G. Allen, dean of student life, and Mrs. Allen; Iris Brunson, president of AWS, Glenn Rainer, president of the student body, Shirley DuPriest.

Women's dorms will hold open house from 5 to 8 p.m. Saturday.

Committee chairmen for Dad's Day include: Billie Jean Ward, letter committee; Betty Jo Starnes, publicity; Marilyn Stoncipher, reception; Ann Hogg, registration; Lynn Busby, signs.

SKINNER TO SPEAK

Horace L. Skinner, tax representative of Shell Oil Company, will be guest speaker of the Tech Accounting Society at 8 p.m. Friday in Room A of the Student Union Building. Accounting majors and others interested are invited to attend.

Kappa Sigs Host Kappas At Sunday Night Barbecue

Kappa Sigma fraternity was host to Kappa Kappa Gamma Sunday night at a mixer at the MacKenzie Park barbecue pit.

Following a hot dog supper, couples danced to record music. Entertainment was presented by songstress, Sue Applegate; dancers, Joanne Barney and Mary Jane Clarkson; and the Kappa Trio, composed of Frances Maas, Judy Parker and Beryle Jean Streit. Kappa Sig pledges gave a program in response.

PAY FTA DUES

Saturday will be the last day for Future Teachers of America members to pay dues, according to President Ronnie Averly.

Dues are \$4 a year and may be paid at the FTA office in Ad257 before noon. The organization at its meeting last Thursday heard Miss Edith Caviness, Lubbock High School girls' counselor, relate experiences.

Kemas Fraternity Entertains Saturday With Annual Semi-Formal Fall Dance

Kemas fraternity will entertain with the annual fall dance at 9 p.m. Saturday at Hotel Lubbock.

The Scotchmen will provide music for the semi-formal dance, according to Tommy Morris, chairman for the dance.

Members and dates are: Ellis Bauereis, Walter Osborne; Bob Black, Billie Kay Huckabay; Jerry Bratcher, Patsy Harris; Bill Burton, Carol Chancy, Verle Downey, Dennis Taylor; Bill Gaitner, Sharlene Smith; Joe Goodin, Pat Smith; Freeman Gross, Gladys Bain; Van Hall, Diane Thomas; Bill Harpole, Barbara Cowherd; Jerry Jackson, Anisse Baynes; Bruce Johnson, Joyce Tharp; Kenneth Johnson, Mary Alice Braselton; Ross Jones, Sue Hendrick; Carl Kennedy, Bettie McGehee; Bob Killian, Gwen Gracey; Dave Larson, Marilyn Coleman; Dean Lewellen, Elaine Bell; Roger Line, Ardith Campbell; Joe Lynch, Marilyn Chesher; George Mallett, Charlene Willoughby; John Marse, Reita Martin; Ted Mellinger, Mary Gristy; Tommy Morris, Yvonne Worley; Bill Parks, Kay Elder; Tom Parks, Gladys Crandall; Jack Rawdon, Mary Bailey; Jim Rich, Ruth Ann Cummings; Dale Roberts, Kay Lofley; Jerry Russell, Pat Garrett; Melvin Schlegel, Betty Stewart; Wayne Shipley, June Anderson; Eldon Smith, Virginia Mitchell; Roy Smith, Kay Culbreath; Bill Summers, Carolyn Calloway; Bobby Waddle, Barbara Ware; Kenneth Whittington,

Alice Irelan; Brad Wilde, Ann Rathjen; Bob Williams, Kay Lawrence; Monte Wise, Bette Jo Starnes; Morris Womack, Joan Roberts; Don Brice, Marilyn Merrill; Messrs and Mmes. Roddy Stargel, Jim Ware, Ralph Sharp, and Ray Lunn.

Pledges and their dates are: Bill Bristol, Averill Brinkman; Jerry Bob Fraley, Patricia Hayter; Jim Ratliff, Nelda Vaughter; Jerry Wilson, Corinne Urbanczyk.

Handsome Man Will Be Selected

Tech's most handsome man will be selected Dec. 4 at Theta Sigma Phi's annual Club Scarlet to be held in the Rec Hall.

Candidates were entered by campus organizations. The Association of Women Students Council will select seven finalists next week.

Students attending the mock night club will vote by secret ballot to determine the winner.

Club Scarlet entertainment will be furnished by skits and acts presented by campus organizations.

Last year's most handsome man was Vic Spooner, Red Raider co-captain.

Theta Sigma Phi is an honorary and professional organization for junior and senior women in journalism.

Sociology Club Plans Christmas Program for Aged

A Christmas program for residents of a home for the aged was planned by the Sociology Club last Thursday.

The program will replace the regular meeting that month, according to President Dorothy Clements. Others future programs suggested Thursday included talks

by a probation officer, a public schools visiting teacher, and a representative of a school for retarded children.

The club is exploring the possibility of working as volunteer assistants in the retarded children's school.

Letters to the Editor

Free expression of opinion in a letter to the editor is encouraged, and letters will be published as space allows. A letter must be accompanied by the writer's name, which will not be published if so desired.

Dear Editor:
This letter is in regard to a situation brought about by the announcement last week that the Board of Directors is considering the building of a dormitory for members of the fraternities and sororities on the campus.

It seems to me that in talking with several other students who are members of Greek letter organizations that this idea is held in ill regard by the majority of students affected. Although the present students probably will not be here when the dorm, if built, is finished, some attention should be given student feelings on the situation. The individual students that I have talked to seem to think that the program set forth by SMU would be much more acceptable than a dorm.

At SMU they had a situation of not enough room space, poor houses for fraternities, etc. They studied the situation and the school loaned the fraternities and sororities money, to be repaid, and told them to build their houses on land given by the college, of a certain type of architecture. They were also restricted as to how much they could spend on the house proper. The result has been most satisfactory; houses of national acclaim, stricter school supervision, no races to see who can spend the most, and real fraternity rows. It seems this idea could be adapted to Tech much easier than the dorm idea. Unless, of course, the college plans to make money in the long run out of fraternities. The only dorm-type housing known that is close to Tech is at North Texas State. In talking to a student from there it was found that none of the students like it very much and want houses.

This is definitely a problem and as one who would like to see houses, I would appreciate any views on this situation mainly because this action will decide the fate of fraternity housing for the duration of Tech in all probability.

Sincerely,
Grey Lewis

Executive Opportunities

For College Men

Mr. R. E. Cote, Regional Personnel Manager for Montgomery Ward and Company, will visit our campus December 2, 1954 for the purpose of interviewing male graduates who are interested in the Retail Management of Merchandising field as a career.

Montgomery Ward has over 600 Retail Stores and needs young men to train for Management positions in these Stores and future executive positions. Applicants will be given preference as to location in the Southwestern Gulf area.

Each man will be carefully selected for this management training and will be given every opportunity for rapid advancement. Actual selling and merchandising experience will be supplemented by a training program which includes all Retail operating and merchandising functions.

Primary consideration of those selected will be their personal qualifications — appearance, character, background and potential to progress rapidly. For those who are interested, contact: MRS. JEAN A. JENKINS, DIRECTOR, for more complete information and the wide range of opportunities offered by Wards.

AN EDITORIAL

Too Much To Do!

Last Saturday was a big day for exes. They viewed a parade of floats which represented the efforts of some 300 students. They enjoyed seeing the dorm decorations, involving the work of about 400 students. And they attended teas, parties, dances and receptions which required the planning and actual work of more than 500 students.

Yes, the exes saw, enjoyed and commented on these activities, planned and carried out in traditional manner for their benefit. But what they didn't see or, maybe, think of was the time involved in the planning and preparation.

They didn't think of class schedules requiring an average of 40 hours per week, nor did they know that last week was filled not only with plans for them, but with mid-semester quizzes, term projects and regular class assignments.

The date for this year's Homecoming has been set since last spring. At that time, did the Administration not know that the date would coincide with the week of mid-semester exams, which have always begun with the eighth week of school?

Grades from these semi-annual exams are a part of the student's permanent record and play a vital part in the year's average grade. Surely the Administration did not place the importance of Homecoming above the importance of studying for exams. Yet it would seem so, since the time required for making the Homecoming activities a success, plus the time required for making a beneficial grade on five examinations, add up to more hours than are contained in the week.

Four exams are required within a semester. Second only to finals are mid-semester exams. Preceding the week of final exams, dead week is observed during which no activities are scheduled. Should the same practice not be observed to some extent before mid-semester exams?

Two weeks ago, all club presidents received a letter from the Student Religious Council asking that club meetings be postponed to enable members to attend the traditional Religious Emphasis lectures, which are being held this week.

It would seem justifiable for the Student body to ask the Administration to consider postponing Homecoming in the future until after mid-semester exams, to enable students to make grades representative of their abilities.

DECEMBER AND MAY: ACT I

Of all the creatures that inhabit the earth, none is so fair, so warm, so toothsome, as a coed.

This is a simple fact, well-known to every campus male, and to most campus males, a source of rejoicing. But not to all. To some, the creamy brows and twinkling limbs of coeds are a bane and a burden. To whom? To professors, that's whom.

Professors, according to latest scientific advice, are human. Stick them and they bleed, pinch them and they hurt, ring a dinner bell and they salivate, confront them with a round young coed and their ears go back, even as yours and mine.

But, by and large, they contain themselves. After all, they are men of high principle and decorum, and besides, the board of regents has got stools all over. So, by and large, they contain themselves.

But not always. Every now and then a coed will come along who is just too gorgeous to resist, and a professor — his clutch worn out from years of struggle — will slip and fall. White though his hair, multitudinous though his degrees, Phi Beta Kappa though his key, he is as lovesick, moonstruck, and impaled as any freshman.

But he's far worse off than any freshman. After all, a freshman can thump his leg, put on his linen duster, and take out after the coed with mad abandon. But what can the poor smitten prof do? How, in his position, can he go courting a young girl undergraduate?

In this column and the next one, I am going to deal with this difficult question. I will relate to you, in the form of a two act play, an account of a professor's attempt to woo a coed.

The scene is a typical office in a typical liberal arts building on a typical campus. In this shabby setting, we find two men, Professors Twonkey and Phipps. They are lumpy and bent, in the manner of English lit professors.

PHIPPS: Twonkey, a terrible thing has happened to me. A terrible, ghastly thing! I've fallen in love with a coed.

TWONKEY: Now, now, that's not so terrible.

PHIPPS: Oh, but it is. Miss McPetridge — for that is her name — is a student, a girl of nineteen. How would her parents feel if they knew I was gawking at her and refusing my food and writing her name on frosty windowpanes with my fingernail?

TWONKEY: Come now, Phipps, no need to carry on so. You're not the first teacher to cast warm eyes at a coed, you know.

PHIPPS: You mean it's happened to you too?

TWONKEY: But of course. Many times.

PHIPPS: What did you do about it?

TWONKEY: Looked at their knees. It never fails, Phipps, No matter how pretty a girl is, her knees are bound to be knobby and bony and the least romantic of objects.

PHIPPS: Not Miss McPetridge's — for that is her name. They are soft and round and dimpled. Also pink.

TWONKEY: Really? Well, I'll tell you something, Phipps. If I ever found a girl with pink knees, I'd marry her.

PHIPPS: It is my fondest wish, but how can I, a professor of fifty, start a courtship with a girl of 19?

TWONKEY: Very simple. Ask her to come to your office for a conference late tomorrow afternoon. When she arrives, be urbane, be charming. Ask her to sit down. Give her a cigarette.

PHIPPS: A Philip Morris.

TWONKEY: But of course.

PHIPPS: I just wanted to be sure you mentioned the name. They're paying for this column.

TWONKEY: Give her a Philip Morris.

PHIPPS: That's right.

TWONKEY: Then light her Philip Morris and light one yourself. Say some frightfully witty things about English lit. Be gay. Be insouciant. Keep her laughing for an hour or so. Then look at your watch. Cry out in surprise that you had no idea it was this late. Insist on driving her home.

PHIPPS: Yes, yes?

TWONKEY: On the way home, drive past that movie house that shows French films. Stop your car, as though on a sudden impulse. Tell her that you've heard the movie was delightfully Gallic and naughty. Ask her if she'd like to see it.

PHIPPS: Yes, yes?

TWONKEY: After the movie, say to her in a jocular, offhand way that after such a fine French movie, the only logical thing would be a fine French dinner. Take her to a funny little place you know, with candles and checked tablecloths. Ply her with burgundy and Philip Morris. Be witty. Be gay. Be Gallic . . . How can a nineteen year old girl resist such blandishments?

PHIPPS: Twonkey, you're a genius! This will be like shooting fish in a barrel . . . But I wonder if it isn't taking unfair advantage of the poor little innocent.

TWONKEY: Nonsense, Phipps. All's fair in love and war.

PHIPPS: You're right, by George. I'll do it!
(So ends Act I. Next week, Act II)

Letters, Continued

Officials revealed the following information.

First, the study proposed by the Board of Directors is merely a study, nothing more.

Second, SMU is not a state-supported institution, as is Tech,

and therefore is not subject to certain laws. A strictly unofficial inquiry into the matter has revealed that existing laws would prevent Tech from giving land or donating money for building fraternity houses.

Third, the arrangement, admittedly unsatisfactory, at North

Texas State is a conversion of a dormitory to a dorm-type fraternity house. The dorms which are under consideration for Tech would be built along entirely different lines from now-existing dorms.

Finally, conferences with administration, fraternity and student officials from other colleges seem to lend weight to the proposed plan. At any rate, there will be ample opportunity for each individual to express himself on the plan before definite action is taken.

The Editor

To The Freshman Class;

You should be ashamed of yourself. I think you should hide your faces for being so selfish as to sit in the stands during the annual shoe race. An exhibition of this sort only shows a lack of spirit.

First the board, then hazing of any sort, and now—the shoe race, all are becoming more legend than fact.

Our eyes came home expecting to see more spirit than ever—how disappointed they must be. They remember "the good ole days." What will you remember?

A sophomore who was disappointed too,
Dane Grant

JAZZ SESSION

On Sunday, at 3 p.m., a Jazz Session will be held in the snack area of the Union Building. The show, made up of a group of professionals, will climax all of the jam sessions previously held, says Carol Seibert, Union program director.

SUBVERSIVES BANNED

Teaching or advocating overthrow of the U.S. government by force will be grounds for dismissal of any employe, under a resolution which has been adopted by the trustees of Texas Christian University.

WHO ARE
INDUSTRY'S
TOP
YOUNG
SCIENTISTS?

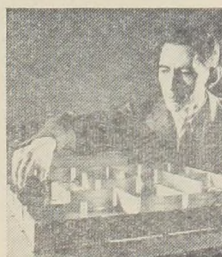

Ten men between the ages of 26 and 40 were featured in a recent national magazine article which presented a portrait of the young scientist in America today. These particular men are a sample of the most brilliant young scientific minds in industry.

It's interesting to note that three of the ten are with Bell Telephone Laboratories, three with General Electric and one each with four other companies.

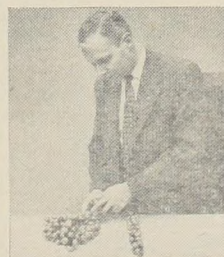

The variety of opportunity in research and other phases of telephone work has always attracted an unusually high percentage of the nation's best young men.

Consult your Placement Officer about opportunities with Bell Laboratories . . . also with the Bell Telephone Companies, Western Electric and Sandia Corporation. Your Placement Officer will be glad to give you details.

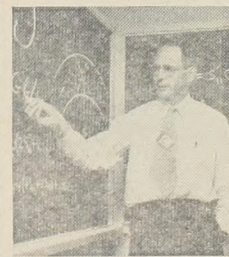

THREE OF THE TEN ARE AT BELL TELEPHONE LABORATORIES—

Mathematician Claude Shannon won fame for his Communication Theory

Physical Chemist William Baker introduced new concepts that have improved synthetic rubber and fibers

Physicist Herring is known for his understanding of the quantum mechanics of the solid state

Basketball Entries To Close Saturday

Entries will close Saturday for the intramural basketball season, says George Philbrick, intramural sports director. Play will begin Monday, Nov. 29.

Entries may be submitted to Philbrick in his office at the Gym. All students are eligible with the exception of those on the varsity basketball squad, and those who have previously earned a letter in that sport at Tech.

The teams should be named, have managers elected, and include a list of players upon entry.

Play, Continued

Tod deKanter, Wyck Foxworth, who also plays a peddler, Jevern Daniel, Billy Box, Gayle Arthur, Celina Roberts, Nancy Alexander, Spitzer, Forsythe and the Bowmans played cowboys and girls and took part in square dancing.

The play, staged in the Agricultural Engineering Auditorium, will run through Saturday, tomorrow night excepted due to the Artists Course. All seats are reserved and tickets should be picked up at the Speech Building before curtain time, which is 8:15 p.m. Students will be admitted free on presentation of ID cards. Student tickets are \$1 and general admission is \$1.25.

Alpha Chi, Continued

M. Grundy, Charles A. Holmquest, Theodore G. Lofton, M. Myron McCarter, Don C. Mason, Shirley Massey, James E. Medford, Sarah L. Mickey, Mary Lou Miller, Celene C. Pierce, David C. Rackley, Charles R. Ratliff, M. Sue Shawver, Everett Tarbox, Roy Mac Tidwell, Charles S. Wales, James B. Wilde, Richard Strout.

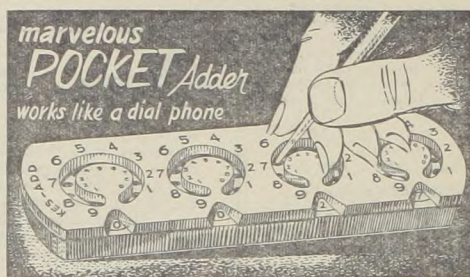

Initiation for new members will be held at 6 p.m. Monday, in the Student Union Building. Following the initiation ceremony, the annual fall banquet honoring new members will be held in the Caprock Hotel. Special music will be furnished by a trio — Roy Smith, Joe Goodin and Freeman Gross. Speaker will be Bruce McIver, graduate of Baylor University and director of Baptist Student Union.

Monthly meetings are held with outstanding members of the faculty presenting the programs. Social functions include a fall and a spring banquet, at which members receive their shingles and new officers are installed.

Officers are: Holmquest, president; Tarbox, vice president; Miss Mickey, secretary; Miss Massey, treasurer; and Dr. Sterling K. Fuller, associate professor of government, sponsor.

Library, Continued
would probably be closed early Friday evenings.

Texas Tech College BOOKSTORE

James B. Walker received his B.S. in mechanical engineering from North Carolina State College in June 1954, and he's presently working for his M.S. at the same college. By asking pertinent questions, Jim is making sure that the position he finally accepts will be the right one for a fellow with his training.

Jim Walker asks:

Can a mechanical engineer make real progress in a chemical firm?

H. M. Pickering, Jr., received a B.S. in M.E. and E.E. from the Univ. of Minn. in 1940. He gained valuable technical experience at Hanford Works, in Richland, Washington, and in Du Pont's Fabrics and Finishes Plant at Parlin, N. J. Today he is Works Engineer for Du Pont's Seaford, Del., plant, where nylon comes from.

"Pick" Pickering answers:

Well, Jim, that's what the lawyers call a leading question, and the answer leads right into my bailiwick. I came to Du Pont in 1940, after taking a combined mechanical and electrical engineering course. So I had what you might call a double reason for wondering about my future with a chemical firm.

I soon learned that the success of a large-scale chemical process is vitally dependent upon mechanical equipment. And the success of this mechanical equipment—especially for a new process—depends on (1) Research, (2) Development, (3) Plant Engineering, and (4) close Supervision. The net result is that a mechanical engineer at Du Pont can progress

along any one of these four broad highways to a top-level position.

My own Du Pont experience includes mechanical engineering work in fields as varied as atomic energy, fabrics and finishes, and nylon manufacture. Every one of these brought with it a new set of challenging problems in construction, instrumentation, and power supply; and every one provided the sort of opportunities a man gets in a pioneering industry.

So, to answer your question, Jim, a mechanical engineer certainly has plenty of chances to get somewhere with a chemical company like Du Pont!

Want to know more about working with Du Pont? Send for a free copy of "Mechanical Engineers at Du Pont." This 24-page booklet describes in detail the four broad categories of jobs mentioned in "Pick" Pickering. Typical pioneering problems in each of these four categories are outlined. This booklet briefs a young mechanical engineer on how some of the newest and most challenging problems in his field were solved. Write to E. I. du Pont de Nemours & Co. (Inc.), 2521 Nemours Bldg., Wilmington, Del.

Red Raiders Blast Hurricanes, 55-13

Take On Houston Here Saturday

Texas Tech's Red Raiders will play host to the University of Houston Saturday in what could prove to be the toughest game of the season thus far. Although the Raiders are slightly favored, the Cougars will be trying to avenge the 42-21 win posted by the Raiders in Houston last year.

Saturday the Raiders opened the throttle wide to shellaack the Tulsa Golden Hurricanes 55-13 before some 18,000 Homecoming fans.

The Techs' offensive show was terrific. The Raiders amassed 365 yards rushing and added another 207 yards with their aerial attack for 572 yards of total offense. The Tulsa eleven was allowed only 50 yards rushing.

The Raiders started the slaughter after only 97 seconds of the first quarter had elapsed. M. C. Northam slammed over from the three to start the scoring, and from that point it was only a question as to whether Tulsa could stay on the field.

Later in the same quarter, the Raiders began a march with Jack Kirkpatrick at the helm. With only 57 seconds gone in the second period, Don Schmidt banged over from the one.

Not satisfied with his one-yard scoring punch, Schmidt slipped through left guard only three minutes later and raced 36 yards for his second touchdown to put the Tech eleven over front, 20-0.

Carl Tripeer, freshman quarterback, led the third scoring attack by going over from the 23.

The Hurricanes then went to work. Quarterback Mack Warren passed to Kenny Kmet, who took it to the five, and Bobby Vaughn dove for the remaining two yards.

Early in the third quarter Jerry Johnson recovered Ben Noah's fumble on the Tech 20, and the Raiders were on their way. Johnson added the finishing touches with a pass to Claude Harland to eat up the last 17 yards.

JoJo Bryan found another fumble a few minutes later to set up the Techs' sixth tally, and finished it himself with a five-yard smash.

Kirkpatrick opened the next scoring drive with a pass interception. Schmidt carried to the 13, from where Kirkpatrick slammed over for the touchdown. The Raiders now led, 48-7.

Tech kicked off and Hughes brought the fans to their feet by galloping 98 yards to score. Two plays later the Raiders were back to normal. Don Waygood took Buddy Hill's pass on the Tulsa 24, and went all the way to end the scoring, 55-13.

Picadors 39-30 Over HSU Frosh

The Picadors, Tech's freshman footballers, defeated a tough Hardin-Simmons freshman squad 39-30, Friday night in Jones Stadium. The Picadors were to meet the West Texas State Calves at 2 p.m. here today.

Carl Tripeer, quarterback, was the big gun in the Tech attack. He scored two touchdowns on runs of 55 and 12 yards, completed nine of eleven passes for 198 yards and two touchdowns and gained 132 yards in 10 carries on the ground.

The game was definitely an offensive battle. The Picadors spotted the Hardin-Simmons Buttons leads of 7-0, 14-7 and 21-14, but managed to tie it up each time. The only great defensive show of the evening was a brilliant goal-line stand by the Picadors with five minutes remain-

Homecoming Queen Suzanne Matteson; Phi Delta Theta Float Take Top Honors

Suzanne Matteson and the Phi Delta Theta float, "U.S.S. Matador," shared the Homecoming spotlight Saturday as Tech honored more than 3,000 of its students.

Miss Matteson was crowned Homecoming Queen at half-time in the Tech-Tulsa University football game. She is a senior applied arts major from Dallas and a member of Pi Beta Phi sorority. The Double T Association selected her from a group of 21 entries. She was nominated by Alpha Tau Omega fraternity and the Book Reviewers Club.

A crowd of more than 18,000 looked on at half-time as Co-Captain Howard Hurt of the Red

Raiders crowned Miss Matteson. Phi Delta Theta's ship was selected "best all-around" float in the Homecoming parade, and also received first place in "most humorous" division.

The "most beautiful" float included a girl riding a golden hurricane, and a revolving platform of pretty girls, was the Sigma Nu entry. Pi Kappa Alpha won first place in the "most descriptive" class with its locomotive float. Doak Hall was given a plaque for the best dormitory decoration. The entry showed a matador, against a football field background, with a shield bearing the Double T, who had just cut a golden hurricane in two.

Games This Week

(All games played Saturday except as noted. A date after any school's name is the date it played or will play Tech this fall. If teams matched this week played each other last year, the 1953 score is given.)

- TEXAS TECH host to Houston. Last year, Tech 41-21.
- Louisiana State (Oct. 16) at Arkansas. LSU 9-8.
- Arizona State at Arizona University (Nov. 6). Arizona U., 35-0.
- Wyoming at Tulsa University (Nov. 13).
- Hardin-Simmons (Nov. 27). Open date.
- Texas A&M (Sept. 18). Open date.
- Oklahoma A&M (Oct. 2). Open date.
- Texas Western (Oct. 9). Open date.

Last Week's Scores

- | | |
|---|---|
| TEXAS TECH 55, Tulsa 13. | Mississippi State 25, Louisiana State 0. |
| TEXAS TECH FROSH 39, Hardin-Simmons Frosh 30. | Rice 29, Texas A&M 19. |

| Oklahoma A&M 47, Kansas 12. | North Texas 20, Arizona State (Tempe) 13. |

ing in the game.

The Tech touchdowns were made by Doug Duncan on a 40-yard pass play, and Halbacks Jesse Hatfield on a 7-yard pass from Tripeer, Bobby Kyzar on a 17-yard run, John Roberts on a 7-yard run and the two scampers by Tripeer.

Halfback Joel Honeycutt showed great running ability for the Buttons by gaining 113 yards on 18 carries and scoring on a 51-

yard scamper. He also kicked a 22-yard field goal to put the visitors momentarily out front, 24-21.

Frankie Beavers, Button halfback, was the top carrier of the night. He scored once on a 75-yard gallop and netted 116 yards on seven carries.

Other Hardin-Simmons touchdowns were made by Dick Wilbert on a 15-yard run and by Bobby Lott on a six-yard aerial.

Outdoor Club Formed On Campus

A new club dedicated to a better life in a healthier body has been formed under the auspices of Professor White, affectionately known to his students as "Fuzzy." "We believe in cold showers, invigorating tramps through the woods, roaring fires and life under the stars," commented White. The official insignia of the club is a bottle of Dr. Pepper in a field of stars. Take a tip from Professor White. You, too, can feel invigorated at the same time you get your Lift for Life. Whether

you're the real outdoor type or an indoor sport—you'll find Dr. Pepper the ideal companion.

Pool Wins Honors In Variety Show

Dave Pool, Dumas sophomore, took top honors in the second annual Homecoming Variety Show last Thursday night. Placing second were the Melody Belles, a trio composed of Ann Hogg, Margaret Schindler, and Margaret Ammer all sophomores from Monahans.

The show featured two campus personalities as masters of ceremonies: Don Armstrong, Amarillo freshman, Wednesday night and Ross Cass, Plainview sophomore, Thursday night.

The Homecoming Variety Show is sponsored each year during

Homecoming week by the Tech Veterans Club, with part of the proceeds going to a charitable organization.

Four Students Are Initiated Into Journalism Fraternity

Theta Sigma Phi, national honorary organization for women in journalism, recently initiated four pledges into the organization.

They are: Pat Harkleroad, Shirley Hammer, Margaret Schrader, all of Lubbock; and Gale Hays, Ballinger.
