Sunday Last Day To Submit Letters

Prospective La Ventana and Toreador editors and business managers are reminded by Publications Committee Head Arne W. Randall of the April 1 deadline for submitting applications for 1956-57 positions.

Letters of application should be addressed to Randall.

Editors of the two publications must have passing grades in at

least 90 hours. Toreador editor must also have nine semester hours of journalism and one semester's experience on the newspaper.

Sixty hours of credit are required for business managers on both publications.

According to the student constitution, the positions will be filled within 30 days following the April 1 application deadline.

A Bunny, A Kiss, A Cross - It's Easter

Easter bunnies, colored eggs and wide eyed children, baby chickens and ducks, and shining above all a Cross. These are the signs of Easter.

Easter celebrations revolve about other customs, some common, some not so common. Spring house cleaning, for instance, is an Easter custom in some countries. Then there's the "Easter Kiss" and the "Easter Lamb." The three days after Palm Sunday are dedicated in many countries to the purpose of cleaning house from top to bottom. The usual kitchen work is only slightly attended, because by Wednesday night everything must be in its proper place. This custom was originally an ancient Jewish ritual

of cleansing and preparing the house for the Feast of the Passover.

Young Americans probably are not aware of the combined Easter greeting and the Easter Kiss. A common custom in earlier times, it is rarely practised today except in Russia and the Ukraine. All through Easter Week the mutual kiss and embrace are repeated, not only in the homes and among friends, but also on the streets, even to strangers.

The Easter lamb is perhaps the most significant of all the holidays customs. The lamb is often portrayed bearing the flag of victory in pictures and images in European homes. In past centuries it was considered a good omen to

meet a lamb at Easter time. A popular superstition was believed: that the devil could take the form of any animal except the lamb, because it was symbolic of Christ.

Easter customs vary with the year and the country in which they are celebrated. One idea remains paramount throughout all the shifting changing customs, however. That is the fact that we celebrate Easter because Christ on that day rose from the dead to prove his place in the Diety.

Junior Cadet Gets Aviation Award

Roald "Buck" Johnson, Cadet Technical Sergeant, 820th AF ROTC Cadet Wing, is recipient of a Republic Aviation Corporation Award, as winner of a speech contest at an Arnold Air Society meeting March 22.

He was picked from three finalists delivering the best 10-minute speech on Air Power, and was awarded a plaque and an identification bracelet.

Johnson, a junior government major from Muleshoe, spoke on The Future of Air Power and the moral decisions involved. He was selected by a panel of three faculty judges, headed by James E. Kuntz of the Psychology Department.

In his speech, Johnson emphasized the fact that "a few men have within their power today the ability to completely wipe God's likeness from the face of the earth."

"However," he continued, "this power has become so great that it is in a sense a peace power—through fear of retaliation."

Johnson is a member of Double T, Kappa Sigma, and is pledging Arnold Air Society.

EE's Leave Today Will See Plant X

Senior members of the electrical engineering department left by bus this morning for Amarillo where they will be guests of Southwestern Public Service Company. They will go on an all-day tour of Amarillo electrical plants, Plant X and Tuco. The group was to have been guests at a luncheon in Amarillo today given by the company. Edward P. Price and Buddy Watkins of the EE department will accompany the students.

It has been announced that the local chapter of Tau Beta Pi, National Honorary Engineering Fraternity, has 29 pledges in spring semester rush. E. Harold Johnson, president, said the pledges began their programs Monday, and will continue through April 12, when they will be initiated.

Johnson also reports that several national officers are due to be on the campus for the first time at a banquet to be given the night of April 12, after initiation.

SIGMA ALPHA EPSILON PLEDGE CLASS ELECTS

The pledge class of Sigma Alpha Epsilon elected its officers Wednesday night.

Elected are: Bill Crenshaw, president; Joe Nicholson, secretary; Edwin Robertson, treasurer; Dale Riggs, song leader; Jerry Denton, cheerleader; Bill Pettit and Bill Alexander, assistant cheerleaders.

LAST CHANGE, SENIORS

April 3 will be the last day that seniors planning to graduate in May can order academic regalia and senior invitations, and pay the \$5 graduation fee.

Caps and gowns should be reserved in the Bookstore, and the fee paid at the Business Office in the Administration Building.

HURRAY!

It is still possible for one or two more to join Mrs. Strout's European tour. It is the only one locally offered which includes the Scandinavian countries. Norway with its fjords, Sweden with its castles, and Denmark where we will visit Elsinore, made famous by Hamlet. Scandinavia is unequalled for arts and crafts. Want to bring home some Danish silver, some Swedish modern steel, or some Norwegian wood carving?

Of course there are other countries which are visited on ANY grand tour — England, Germany, Switzerland, France and Italy. Yes, we visit Monaco, too.

See Mrs. Strout immediately after Easter if you wish to get under the wire — or on deck!

MGM Beauty Experts Select Top Eight La Ventana Beauties

By ALTON SLAGLE
Toreador Managing Editor

HERE THEY ARE—the eight top La Ventana beauties for 1956, as selected by three Metro-Goldwyn-Mayer beauty experts.

Carolyn Andrews, Patsy Harris, Revis Jordan, Sue Meason, Mary Jane Miller, Yvonne Strand, Sylvia Ann Thompson, and June Wiley will occupy an honored section in the 1956 yearbook, according to Ventana Editor Pat Boles. Each of the eight will be pictured on full pages of the 550 page book, scheduled for release some-

time in May.

The coeds were picked from a field of 20 finalists by Clarence S. Bull, head cameraman for Metro-Goldwyn-Mayer Studios, assisted by William Tuttle, MGM's chief make-up artist, and Al Trescomy, chief talent scout for the West Coast movie company.

Miss Andrews, a freshman from San Antonio and resident of Drane Hall, is majoring in secretarial administration. She is a member of Delta Gamma social sorority.

A junior from Plainview, Miss

Harris is majoring in speech and is a member of Zeta Tau Alpha social sorority. She resides in Horn Hall.

Miss Jordan, winner of many beauty honors, including runner-up in this year's national Maid of Cotton contest, and Tech Air Force ROTC sweetheart, is from Lubbock. The sophomore was cheerleader last year and is a member of Delta Delta Delta social sorority. She is majoring in business education and lives in Horn Hall.

Miss Meason is a freshman business administration major

from Crowell. She lives in Drane Hall.

A major in elementary education, Miss Miller is a junior from Midland and a member of Zeta Tau Alpha. Her Tech address is Horn Hall.

Miss Strand, a freshman from El Paso, is majoring in education. She is a member of Delta Delta Delta. She resides in Knapp Hall.

A member of Tech's Psychology Club and Kappa Kappa Gamma social sorority, Miss Thompson is a sophomore from Lubbock majoring in psychology. She is a Knapp Hall resident.

Miss Wiley, a junior from Lockney, is majoring in business education. A member of Kappa Alpha Theta social sorority, she lives in Horn Hall.

"La Ventana staff wishes to congratulate the eight winners," said Miss Boles this morning. "The judges were as competent a staff, regarding knowledge of beauty, as could have been chosen," she added.

98 Petitions Out

By FLOYD WOOD

Announcement this morning that 98 persons have taken out petitions for Student Council and cheerleader positions has assured a wide-open political campaign on campus, culminating in an April 11 election.

Seventy eight students have announced their candidacy for positions on the Student Council while 13 are running for cheerleader. Candidates have announced for council president, for vice president, for secretary and for business manager.

Five coeds are in the running for two cheerleader positions and eight men are running for three cheerleader spots. The man receiving the most votes will be named head cheerleader.

Arts and Sciences Division has attracted the largest number of candidates, where 30 are running for the seven vacancies. Eleven have announced for the two vacancies in the Home Economics Division. Six students will be elected to represent the Engineering Division from a field of 13. The three Agriculture Division spots are being campaigned for by 10 Techsams. Business Administration's five vacancies will be filled from a field of 14 candidates.

Final deadline for petitions is 5 p.m. next Wednesday, according to Huda Hassen, council secretary. At that time, campaign posters may go up, she added. Candidates for executive offices and cheerleaders must have 325 signatures while representatives must have 100. Petitions are still available in the council office, Miss Hassen said.

Candidates for president are Wallace Wilson, Dale Roberts and Larry Glasgow.

Vice presidential hopefuls are Glynn McGee and Ronald "Buck" Johnson. Edwina Schovajsa is the

Athletics Takes Big Activity Fee Slice

Miss Top Flight Selection April 7

Miss Top Flight, joint Air Force-Jaycee area representative for Lubbock, will be crowned during intermission at the 1956 Military Ball April 7.

She will be picked from the reigning Air Force ROTC sweethearts by a panel of judges, to be named later. The judges will represent Reese Air Force Base, The Lubbock Junior Chamber of Commerce, Texas Tech, and Tech's Department of Air Science.

At the intermission ceremony, the 1956 honoree will be crowned by the present title-holder, Joyce Tharp, senior Business Administration major from Cloudcroft, N.M. An honor guard of the Tech Sabre Flight will escort the new Miss Top Flight from the Ballroom.

Sweethearts, from whom the queen will be chosen, are Mary Catherine Birkelbach, representing Squadron "A", from El Paso; See TOP FLIGHT, Page Eight

EACH ONE A SWEETHEART . . . But only one can be picked next year's Miss Top Flight. Candidates for the award, to be made April 7 at Tech's Military Ball, are, front row left to right, Diane Wilson, Sharla Pepper, Rogenna Yungblut and Yvonne Skinner. Back row, Martha Quillen, Pat Rainer, Mary Catherine Birkelbach and Sandra Shields. —Photo by Harold Creswell

By JOAN ABEL

(This is the first installment in a series of interpretative articles by Toreador reporter Joan Abel designed to explain the purpose and use of Tech's non-compulsory student activity fee. This article discusses athletics, which gets the biggest chunk of the \$24 annual fee. Subsequent articles will take up remaining subsidized activities. A.S.)

A first look at a breakdown of the Student Activity Fee will seem to indicate that athletics gets too large an allotment—\$15.42 out of \$21—almost three-fourths of the fee.

What most students fail to realize is that the main reason they purchase an activity book in the first place is for bargain tickets to all Tech athletic events. Every true Techsan wants to see the Red Raiders in action.

And it really is a bargain. The \$15.42 of each activity book purchase which is put into the general athletic fund adds up to only 50 cents per athletic event—that is, football, basketball, and baseball. The general athletic fund is made up of gate receipts, donations from the Red Raiders' Club (a booster club of area businessmen), rent on the stadium, and the student activity fee.

An activity book entitles the owner to attend thirty-one Tech home games—five varsity football games and one freshman game, eight varsity and nine freshman basketball games, and eight baseball games.

A student without an activity book must pay \$3.50 for a ticket to Southwest Conference football games and \$3 for Border Conference games. Admission to freshman games is \$1. In football alone

Full House Seen For 'Teahouse'

By DALLAS WHALEY

"Tickets for 'Teahouse of the August Moon' are a near sell-out," states David Blackburn, manager of the Lubbock Auditorium-Coliseum, on campus. "The sales have been very good and we expect the new Lubbock Auditorium will have a near capacity crowd."

"Teahouse" is the rollicking story of how military government

came to the island of Okinawa, and how Captain Frisby, played by Thomas Coley, started out to enforce Plan B. Plan B was a cut-and-dried, mimeographed set of rules on how he should set up a government in this tiny village. Much to General Headquarters' dismay the village soon converted Capt. Frisby to their way of life, with persuasion from interpreter Sakini and the lovely "Lotus Blossom." The whole story is spiced heavily with uproarious comedy as West meets East and gets set back on its ears by old customs.

Starring in "Teahouse of the August Moon" are Jerry Oddo, Coley and John Alexander in the leading roles and breathtaking Japanese actress Reiko Sato as "Lotus Blossom."

A short ceremony will be held before Friday night's performance for the official dedication of the new Auditorium. It will include the singing of "The Lord's Prayer" and "The Star Spangled Banner," brief talks by Charles A. Guy, chairman of the Auditorium-Coliseum Operational Board, and Lubbock Mayor Murrell R. Tripp.

Tickets are still on sale for the Friday and Saturday night performances, as well as for a special 2:30 Saturday matinee. They are on sale daily from 9 a.m. to 5 p.m. in the Auditorium box office in the lobby of the spacious building.

Prices for the engagement are \$4.50, \$4.00 and \$3.50 on the lower floor and \$4.50, 4.00, \$3.50, \$2.50 and \$2.00 in the balcony.

listing to the Easter story as told by Drane Hall coeds.

The idea of a sunrise service came up in a dorm legislator's meeting. Junior legislators got behind the idea to set aside "something special to remember Easter."

Betty Smith and Nancy Unger planned the service.

A fire alarm at 6:15 Tuesday morning roused the sleepy girls. Hurrying into blue jeans and pedal pushers, they filed quietly outside and took their places on the grass.

Betty Joyce Smith lead the invocation, which was followed by a song period lead by Pat Cassidy. Pat and Peggy O'Neil sang solos and the Easter story was read from the Bible by Sammy Fowler. After Marlys' devotional, the group closed the service by singing "The Lord's Prayer."

"It's wonderful to have a service like this at Easter," one girl was heard to remark later.

"It brings us so much closer to the meaning of Easter," said another.

No matter how each felt, for thirty minutes Tuesday morning as the sun cast orange streaks across the sky, the Easter spirit was present on the Texas Tech campus.

'Must Preserve Easter' Says Coed

By NITA HEDLESTON

"Easter is the only holiday that hasn't been greatly commercialized," said Marlys Harris Tuesday morning at a sunrise devotional service in front of Drane Hall. "It is our duty to keep Easter a religious holiday," she continued.

A large group of girls sat quietly in the early morning chill singing songs of the Easter season and

PHI EPSILON CLASS ELECTS

Bill Crenshaw, secretary; Nicholson, treasurer; song leader, Jerry Pfeiffer; Bill Pettit, president; and Alexander, assistant.

'Biggest Dance Ever' In Planning Stage Here

The largest dance in Tech history is now in the planning stage, according to Ralph Blodgett of Spearman, president of the college Ex-Students Association.

The dance, to be held during Homecoming next year in the new City Coliseum, will be sponsored jointly by the Ex-Student Association and the Student Union Program Council. It will follow the Tech-Oklaho A&M football game Nov. 3.

Negotiations are now underway to secure a name band for the affair. Approximately 4,000 persons are expected to attend.

TECH NEWS IN BRIEF . . .

Puppets Play In Museum

MEXICAN PUPPETS . . .

Art and the University of Pennsylvania.

He will present a report on "Art in Federal Legislation," covering research on the subject during the last several years, and serve on a panel, Art in a Liberal Arts College.

Lockhart is participating in a seminar on the training of art teachers at the Western Arts Association Conference in Kansas City, Mo.

At the conference he will represent Randall on the Planning Committee for the National Art Education Association Conference for 1957, and attend the following forums: Art Education, Radio and Television Techniques, and Teacher In-Service Education.

FALL CATALOG . . .

Tech catalogs for 1956-57 will be ready for distribution late next month, B. R. Daniel, manager of Tech Press, announced Monday. The new catalogs will be approximately the same size as the present issue, having 272 pages. The covers will be dark blue, light blue and black.

OUT OF STATE MEETS . . .

Arne Randell, head of the applied arts department, and Bill Lockhart, associate professor of applied arts, are both attending out-of-state conferences this week.

Randall is representing Tech in New York City at the Committee on Art Education Conference, under the joint auspices of the New York Museum of Modern

Tech And 'Election Apathy'

Election days are getting mighty close. At approximately 5:01 p.m. April 4, Tech will begin a transformation as campaign posters, handbills, and signs of all sorts are plastered across the campus.

Student Body election time usually proves to be one of the most interesting and thought-provoking periods of the academic year, and this season seems to be no exception. Campaigning is going to be hot, with 98 Techsians already signed up to run for one office or the other.

We are relieved to see more than one name on the slate in most cases, and hope that the coming week will see competition arise in the few areas where none exists today. The two office-seekers now unopposed, we are confident, are both extremely capable of holding down the offices they seek, but we believe they will agree that an unopposed race is a shallow victory—and one that is not a part of our great American tradition of free competition.

"Election apathy" is one of the most dangerous ills facing a democracy—whether that democracy be a student body or a nation. College students, as future leaders, must be vitally interested in combating this ill, and the best place to start is here, now, by a sincere study of carefully made platforms forthcoming in Tech's spring elections.

The election of school leaders must NEVER become a personality contest. —Alton Slagle

The Toreador, student newspaper of Texas Technological College, is published each Tuesday and Friday on the campus at Lubbock by the associated students of the College, and is financed by student activity fees, advertising, and subscriptions.

DESIGNED FOR SCORING!

THESE 1956 Registered Spalding TOP-FLITES® are the sweetest-playing clubs in the book. Plenty of golfers are lowering their handicaps with them.

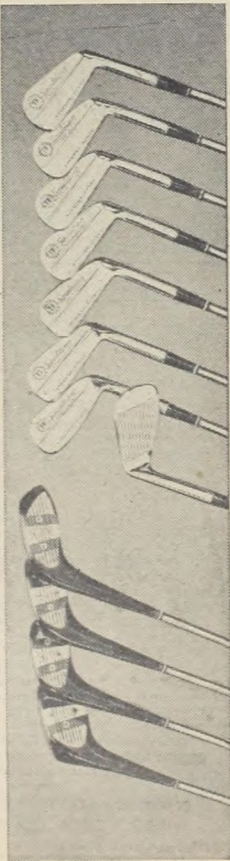

The secret? They're SYNCHRO-DYNED® Clubs — scientifically and exactly coordinated to swing and feel alike.

What's more, these beauties will stay handsome and new looking. The irons feature a new and exclusive tough alloy steel with high-polish finish that will last and last.

P. S. The new Spalding PAR-FLITES® also fine-quality clubs, are offered at a popular price. The irons also feature Spalding's new tough alloy steel heads with high-polish finish. Like the TOP-FLITES, they're sold through Golf Professionals only.

sets the pace in sports

Scholastic Fraternities Plan Initiation

Alpha Lambda Delta and Phi Eta Sigma, freshman scholastic honor fraternities, will hold their annual joint initiation banquet at 6:30 p.m. April 7 in the Student Union Ballroom, according to Alice Wells and Richard Ridgway, presidents of the organizations.

Tech President E. N. Jones will introduce Dr. James P. Cornette, president of West Texas State Teachers College, who will be speaker for the occasion.

Approximately 175 persons are expected to attend, including members and initiates of both organizations, parents of initiates, deans of the college and honorary members.

The 36 initiates of Alpha Lambda Delta are Elizabeth Balzer, Beverly Bird, Marsha Brock, Anna Kay Burnam, Gretchen Chappell, Zoe Chinn, Margaret Condray, Jeannette Cook, Carole Jean Delaney, Sandra Dudley, Jean Elliott, Martha Followill, Dolores Gage, Billie Gregory, Phyllis Guest.

Dorothy Haden, Sandra Hampton, Judith Hattfield, Barbara Haynes, Marcia Hebert, Jan Higginbotham, Kathryn Jeffus, Janet Jones, Peggy Malinak, Peggy Miller, Karen Noteware, Mary Ann Sharp, Karin Smith, Susan Smith, Carol J. Thompson, Joyce Thrush, Grace Wheeler, Jeanette Widener, Karen Williams, Patricia Wilson and Suzanne Wilson.

Fifty men are eligible for membership in Phi Eta Sigma. They are Ronald D. Barry, J. Thomas Bird, John A. Bond, Robert F. Bosworth, G. Ronald Bradley, David N. Bradley, Robert L.

Brien, Bobby L. Byrd, Robert E. Cardwell, Donald E. Clough, Clinton Cooper, Henry A. Cowan, Garland Denton, Robert B. Dyer, Richard Estes.

Gilbert Fennell, John V. Gilbert, James C. Goggan, Melvin L. Harper, Ronald H. Hill, Ronald M. Holley, Lee E. Huddleston, Joe Ben Hudgens, Marshall Jeffus, Donald Jordan, Wm. F. Kelly, Don M. Kerr, Raymond Knezek, Jerry J. Lobbill, J. Boyce Love.

Lawrence Merriman, Eugene J. Miller, Philip Nettleton, Billy B.

Park, Jackson Park, G. Pat Patrick, Larry H. Pinson, Jack A. Price, Tommy Priddy, Thomas D. Reagor, Claude E. Rogers, Don Ray Shelton, David D. Shoemaker, Tom C. Siddens, Liuburn Smith, Peter G. Snow, J. Eldon Steelman, G. David Steinman, Fred A. Tupper and Gerald L. Woolam.

Mrs. R. W. Standtmann is sponsor of Alpha Lambda Delta, and Dean James G. Allen sponsors Phi Eta Sigma.

Scholastic average of 25 is necessary for eligibility.

MONEY ISN'T EVERYTHING

I have asked the makers of Philip Morris—an enterprising and aggressive group of men; yet at the same time warm and lovable; though not without acumen, perspicacity, and drive; which does not, however, mask their essential greatheartedness; a quality evident to all who have ever enjoyed the beneficence and gentleness of their wares; I refer, of course, to Philip Morris Cigarettes, a smoke fashioned with such loving care and tendered with such kind regard that these old eyes grow misty when I think upon it—I have asked, I say, the makers of Philip Morris—that aggregate of shrewd but kindly tobaccoists, that covey of enlightened Merry Andrews, that cluster of good souls bound together by the profit motive and an unflagging determination to provide all America with a cigarette forever gentle and eternally pleasing—I have asked, I say, the makers of Philip Morris whether I might use today's column to take up the controversial question: Should a coed share expenses on a date? "Yes," said the makers simply. We all embraced then and squeezed each other and exchanged brave smiles, and if our eyes were a trifle moist, who can blame us?

To the topic then: Should a coed share expenses on a date? I think I can best answer the question by citing the following typical case:

Poseidon Nebenzal, a student at Oklahoma A and M, majoring in hides and tallow, fell wildly in love with Mary Ellen Flange, a flax weevil major at the same school. His love, he had reason to believe from Mary Ellen's sidelong glances and maidenly blushes, was not entirely unrequited, and by and by he mustered

up enough courage to ask her the all-important question: "Will you wear my 4-H pin?"

"Yes," she said simply. They embraced then and squeezed each other and exchanged brave smiles, and if their eyes were a trifle moist, who can blame them?

For a time things went swimmingly. Then a cloud appeared. Mary Ellen, it seems, was a rich girl and accustomed to costly pleasures. Poseidon was bone-poor and he quickly ran out of money. Unable to take Mary Ellen to the posh places she fancied and too proud to tell her the reason, he turned surly and full of melancholy. Senseless, violent quarrels developed. Soon it appeared that the romance, so promising at the beginning, was headed for a breakup, but at the last moment, Poseidon managed to blurt out the truth.

"Oh, beloved agrarian!" cried Mary Ellen, grappling him close. "Oh, proud husbandman! Oh, foolish reaper! Why have you not told me before? I have plenty of money, and I will contribute according to my ability."

Poseidon, of course, protested, but she finally persuaded him of the wisdom of her course. From then on they split all expenses according to their incomes. Rather than embarrass Poseidon by handing him money in public, a joint bank account was set up to allow him to write checks. Into this account each week they faithfully deposited their respective allowances—35 cents from Poseidon; \$2300 from Mary Ellen.

And it worked fine! Gone was all the arguing and bickering. They were happy—truly happy! And what's more, when they graduated they had a nice little nest egg—eight million dollars—with which to furnish a lovely apartment in Lubbock, Texas, where today they operate the local laundromat.

So you see? You too can salvage your failing romance if you will only adopt a healthy, sensible attitude toward money.

©Max Shulman, 1954

Lucre is no obstacle when it comes to Philip Morris. Popular prices still prevail for this, America's gentle cigarette, whose makers bring you this column every week.

'Freshmen' Send Juniors-Seniors

By HELENE EDWARDS

An enthusiastic ballroom capacity crowd of 350 students heard The Four Freshmen, Capitol recording artists, at the 1956 Junior-Senior Prom Friday night.

Appearing twice during the evening, the combo showed their versatility by singing a variety of songs from romantic ballads to jump tunes, and playing different instruments with equal ease.

Featuring romantic favorites, group opened the evening with "The Day Isn't Long Enough," followed by such tunes as "Baltimore Oriole," "It Never Occurred to Me," and "Day by Day." A spirited rendition of "Malaya" preceded the closing number, "Street of Dreams."

"Who Got the Ding-Dong" brought cheers from the amiable spectators who recalled the missing Phi Delta Theta fraternity bell. Clowning between numbers, the Four Freshmen received friendly response from the audience, who sat on the floor and stood on chairs so that all could see the performers.

A song, written by and for one of the young men, entitled "It's Lonesome in the Saddle Since My Horse Died," characterized the humorous tones of the performance.

Lubbock's Kingsmen Combo played for dancing.

Theta Officers Met

Kappa Alpha Theta old and new officers and deputies of each office held a workshop Saturday afternoon at K. N. Clapp Party House.

The 1 to 5 p.m. session of the social sorority consisted of discussions of functions and duties of each office and its officers. Sorority problems were discussed and plans for the coming year made, according to Mary Jane Turner, deputy publicity chairman.

THE BEST ON WAX...

Don Cherry's 'Wild Cherry' On Way Up

By GLORIA WALLER

"Wild Cherry" by Don Cherry is our bet for the top (as it is just about everybody's). That music combined with Don Cherry's very listenable voice is hard to beat.

Another one of our up and coming favorites is "The Joshua

Tree" by Champ Butler. If you don't particularly care for it now, chances are that it will grow on you after you've heard it a few dozen times.

For all of you Elvis Presley fans, here's some good news. The "Heartbreak Hotel" guy is coming to Lubbock April 10.

A good new waxing out that you've surely heard by now or at least heard bits of from some of your singing friends is "Rock Island Line." For the best listening we suggest you try Lonnie Donnigan's version. It's really a bit of okay.

Judging from the number of instrumentals on the Billboard hit parade, this is getting more and more to be an age of less vocals. On the top ten are "Lisbon Antigua," "Melody from 'The Three Penny Opera'" and of course the number one, "Poor People of Paris."

We're sorry to hear that Carl Perkins, the "Blue Suede Shoes" guy is in the hospital. We had heard that there was some hope that he would come to Lubbock in the near future. Maybe when he gets well we will have the pleasure of a visit from him.

Harry Bellafonte's visit to Lubbock later this spring should attract a lot of admirers. The number of people buying his records after "Carmen Jones" came to town was many, so the chances are that there will be many at the coliseum that night. Better start making plans now to attend.

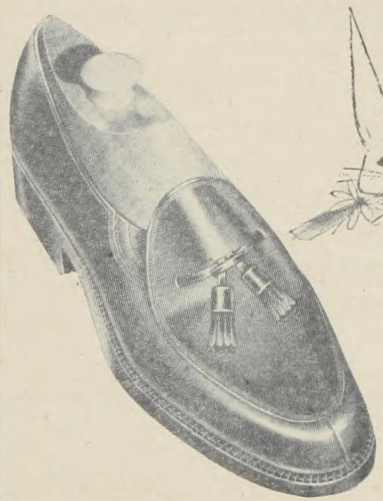

Zeta Tau Alpha Names Delegates To June Meeting

Ruth Ann Cummings and Dottie Sue Horchem will represent the Texas Tech Gamma Tau chapter at the national convention of Zeta Tau Alpha at the Essex and Sussex Hotel at Spring Lake Beach, N.J., June 19-24.

Miss Cummings, a junior Home Economics student and newly-elected Zeta president, is a Tech cheerleader, president of the Tech Toastmasters Club, a member of "Tech Salutes" in the 1956 La Ventana, secretary of Panhellenic and former regiment ROTC sweetheart. She will be the official delegate from Tech.

Miss Horchem, a sophomore Home Economics student and newly-elected Zeta treasurer, is second vice president of the Association of Women Students and president of the Women's Inter-dorm Council. She was recently honored as "Best Pledge of 1956." Miss Horchem will be the alternate delegate from Tech.

Following the close of the convention the girls will spend four days in New York City. The visit will feature a tour of the United Nations, a visit to the Ed Sullivan Show and a Radio City Music Hall production.

Sorority Offers 2 \$100 Scholarships

Delta Delta Delta is again offering two \$100 scholarships to deserving women students on the Tech campus, Mary Randal, projects chairman of Tri-Delta, announced.

The scholarships are awarded on the basis of need, scholastic standing, character and participation in campus activities.

Further information may be obtained by applying at the office of the Dean of Women. Deadline for all applications is April 10.

Delta Delta Delta Installs Officers

1956-57 officers of Delta Delta Delta were installed at the formal meeting held at the home of Mrs. John T. Blakely Wednesday night.

Officers are: Sandra Cooper, president; LuAnne McNeill, vice president; Sylvia Young, recording secretary; Jane Ann Whitfield, corresponding secretary; Jody May, treasurer; Gayle Webb, chaplain; Jerry Denton, marshal; Patsy Kennedy, trident correspondent; Donnell Phillips, rush chairman; Jane De Wald, recommendation chairman; Mary Jimm Stinson, scholarship chairman; Margaret Hagan, librarian; Carol Oliver, historian; Doris Dudley, social chairman; Leonean Hunt, activities chairman; Alice Wells, fraternity education; Carmea Jean Williamson, publicity chairman; Nancy Hamill, service projects chairman; Charlene Williamson, sponsor chairman; Carole Jean Delaney, song leader; and Peggy Miller, junior Panhellenic representative.

SOCIAL CLUBS HAVE PARTY FOR ORPHANS

The Alpha Phi sorority and Sigma Chi fraternity held an Easter egg hunt for the children of the Milan Orphanage Sunday at Mackenzie Park Party House. Approximately 30 children played games and hunted eggs. A prize was given to the child finding the most eggs and to the one finding the prize egg.

Tri-Delt Girls Serenaded By Fraternity Wednesday

Sigma Alpha Epsilon fraternity serenaded two Delta Delta Delta members Wednesday that were recently pinned by SAE's.

Pinned are Leonean Hunt by Max Dreyling, both of Houston, and Peggy Donnell of Elliasville by Rob Brown of Throckmorton.

The highlight of the serenade was the lighting of an iron replica of the Sigma Alpha Epsilon pin. The pin burned in the fraternity colors of purple and gold.

Trips 'Vacate' Student Life Office

Out of town trips were in order this week for four members of the student life staff, including Mrs. Martha Hall, assistant dean of women; James G. Allen, dean of student life; Miss Florence Phillips, dean of women; and Miss Jacqueline Sterner, assistant dean of women.

Dean Hall is presently attending a regional conference of Associated Women Students in Stillwater, Okla., with a group of campus representatives. They are expected to return Thursday.

Dean Allen will return Saturday from the Bar K Guest Ranch near Austin where he is participating in the Southwestern Seminar of the National Association of Student Personnel Administrators. Approximately 35 student person-

nel administrators are attending the five-day seminar.

Following her attendance at the National Dean of Women's Association convention held in Cincinnati, Ohio, Dean Phillips returned to the campus Monday. Dean Sterner, who also attended the convention, returned Tuesday.

SORORITIES ANNOUNCE SCHEDULE CHANGE

A change in the schedule, earlier announced, has been set in the sororities' softball league on campus.

April 6, Pi Beta Phi will meet Zeta Tau Alpha. April 12 Kappa Kappa Gamma will play Sigma Kappa and Delta Delta Delta will oppose Gamma Phi Beta.

THERE WAS NO STRIKE ON OUR BRAIN POWER!

Here are just a few of the scientific and engineering developments awaiting you at Westinghouse

Breaking the Steam-Pressure Barrier . . . the first steam turbine to operate at 5000 pounds pressure has just been designed. This is double of that previously built.

Further Advances in Steam . . . include completion of a \$6 million ultramodern research and development laboratory and the design of a 325,000-kw turbine generator, the world's largest and most efficient.

Nuclear Power . . . now in design is the first homogeneous or liquid-fuel reactor for a 150,000-kw nuclear power plant. Instrumentation research is also progressing rapidly for nuclear power plants.

Bomarc . . . in the works is seeker head and ground control for "Bomarc", a long-range guided missile.

Metals Improvement . . . a new \$6 million metals development plant with complete facilities for developing new metals and alloys and improving metallurgical techniques has been opened.

Revolutionary Decision Devices . . . Cypak* has been developed, which is a switching circuit device with no moving parts for industrial applications capable of performing millions of operations with virtually no wear.

Semiconductors . . . nearing completion is a multimillion-dollar plant for the development and production of sub-miniature solid-state devices in the semiconductor field which promise to revolutionize the electronic tube and rectifier industry. Silicon semiconductors have already been applied to aircraft control and power equipment.

Automation . . . a manufacturing laboratory for developing new production techniques and equipment has been opened that will advance and extend automation.

Aircraft Alternator . . . a brushless alternator for high altitude and high temperatures using rotating silicon rectifiers . . . a Westinghouse first.

Aircraft Control . . . new Magamp* and transistor controls for aircraft power.

Doesn't This Prove That We Are Ready To Go? The list above shows just a few of the exciting new developments under way at Westinghouse. There are new plants, new research laboratories, new endeavors in many fields. There is room for you to grow in many directions.

PHONE COLLECT . . . To get all the facts for your decision, Phone Collect to C. H. Ebert at the Westinghouse Educational Center, EXpress 1-2800, Extension 353, or write him at Westinghouse Electric Corporation, Educational Center, Ardmore Boulevard at Brinton Road, Pittsburgh 20, Pennsylvania. *Trade-Mark

Tennis Team Beats Colo.

The Texas Tech tennis team scored its fourth victory of the season Saturday, as they downed the University of Colorado netters, 6-1.

David Kent beat James Noonan, 6-2, 6-4 in the No. 1 singles, Billy Edd Gowan almost blanked Lawrence Wright, 6-0, 6-1, Dick Spiers toppled David Stewart, 5-7, 6-4, 6-2, Johnny Kniffen edged Robert Wright, 5-7, 6-1, 8-6, and Reed Rundell of Colorado gave the visitors their only win by beating Scott Cantine, 6-3, 6-2.

In doubles play, Kent-Gowan licked Noonan-Allen, 6-2, 6-2, and Spiers-Cantine walloped the Wright brothers, 6-3, 6-1.

Spring Training Opens Tuesday

Head coach and athletic director DeWitt Weaver has announced spring football drills for the 1956 Red Raiders will begin on Tuesday and continue for 20 practice sessions throughout April.

The annual Red-White intrasquad game will be held under the lights in Jones stadium on Friday, April 27. This will mark the closing of spring drills and will be the final opportunity to see the Techsans in action before the 1956 campaign opens in September.

On Campus Volleyball Starts

Intramural volleyball season opened Monday night, with two games played in Tech Gym.

In the opening game, the Spikers, composed almost entirely of Tech basketballers, won over the Dunkers in a two out of three match. Scores were: Spikers 15-11, Dunkers 15-9, and Spikers 15-7 in the deciding game. Members of the winning team are: Podd Hill, Charley Lynch, Ned Underwood, Du-Wayne Blackshear, Gerald Myers, and Don Harris.

In the second game Monday, the BSU Bums won two straight from the Doak Rinks, 17-15, and 15-2.

Paper Drive Underway For Diabetic Youths

A newspaper drive to raise funds to send diabetic children to Camp Sweeney, near Gainsville, has been launched with boxes placed outside the Union Building for papers.

Sponsored by the Lubbock Junior Chamber of Commerce, the drive will provide needed money to permit local diabetic children from 6 to 18 years old to spend a summer at Camp Sweeney, the largest exclusive diabetic camp in the country.

During their stay, boys and girls are taught how and when to give self-injections of insulin, diabetic nutrition, and certain physical activities. The 408-acre camp, located on a lake, is fully equipped with recreational facilities. It can accommodate about 330 children at \$250 each.

SAFE AT THIRD? Cullen Hunt, Tech catcher, slides back into third base on an attempted pickoff play by West Texas. This action came in Saturday afternoon's contest between Tech and WTSC, which the Raiders won 5-4. The Raiders, however, made a disastrous road trip to Seguin where they lost two games Monday and Tuesday to Texas Lutheran College. —Photo by Russ Pearson

Tech Tracksters Set For 3-Way Meet In Abilene Wednesday

The Tech spikers will attempt to rebound from an inferior showing at the West Texas Relays when they go up against rugged Abilene Christian College and East Texas State at Abilene today.

ACC and East Texas both were in the West Texas Relays in Odessa last weekend, with the Wildcats taking first place and the East Texans third. Both teams were in the college division while Tech was in the university class.

The Raiders were unable to compete in any of the relays due to the sudden illness of Ted Billington which knocked out the 440-yard, sprint medley and mile-relay teams.

The Raiders were able to garner one-third of a point and Ray McDonald copped that by tying for fourth in the high jump with Lewis Watson and Albie Ashley of Texas.

Leon Chester, Techsan who won the West Texas high hurdles crown last year, failed to place in his speciality this year.

Duke Frisbie, Tech dashman, finished fifth and out of the running in the 100-yard dash.

Raiders Lose To TLC

Texas Tech's baseball team lost their first game of the 1956 season Monday night, 7-0, falling before the no-hit twirling of big Ray Exleben and Texas Lutheran's 10-hit assault off Tech pitcher Ronnie Bradley.

mond, Saturday afternoon. Leo Chase, veteran from Amarillo, scattered seven hits nicely for his initial win of the 1956 season.

Fulton Smith, Tech second baseman, belted a tremendous 400-foot blast that gave Tech a 3-0 lead in the bottom of the first inning.

Exleben tossed only 116 pitches during the nine-inning stint. Tech was to finish their series Tuesday night in Seguin with Pete Correa, Lutheran port-sider, who also own a no-hit no-run game of the 1955 season, scheduled to pitch. Tech Coach Beattie Feathers was undecided as to who would go for the Raiders.

Before their fateful trip to the south, the Raiders advanced their season record to three wins, no losses with a 5-4 win over the WT Buffaloes on the Tech dia-

Softball Action

In intramural softball last week, BSU won a tight pitching duel from Delta Sigma Pi, 2-1 to maintain their undefeated record in the Independent League No. 2.

In the Dorm League, Doak gave evidence that they might be a toughie, beating Bledsoe, 8-4, to keep their record unblemished.
