Christmas in September

The new fire truck is here. Order was received to late to receive a 1984 so, we now have a 1985 C-30 Chevrolet truck from Holly Chevrolet of Brownwood.

This was made possible by the funds collected during the associate membership drive.

Christmas in September came for our fire department when they received a gift from the

FMC Corporation in Brownwood. One of their employees, Art Michon of Santa Anna, was instrumental in seeing that the Santa Anna Volunteer Fire Department received some of their surplus equipment at no charge. Included in this list of equipment was 300 foot of 2 1/2 inch hose, 200 foot of 1 1/2 inch hose, 2 gated y's, a 2 1/2 inch nozzle.

The equipment is all new and very expensive. The nozzle alone is worth \$1,000.

The Early Fire Department was included in this Christmas in September also.

The department would like to note that the pump on the Dodge has been repaired.

Prize Barrow

Russell Williams carried two barrows to the West Texas Fair for the show Tuesday, September 18, 1984.

Russell's York Barrow placed 3rd in the All Other Breed's

Heavy Weight Class. His Cross Barrow placed 5th in the Medium Weight Crossbred Class.

Carcass placings will be announced at a later date.

Russell is the son of Mr. and Mrs. J. E. Williams.

Resident Treated for Gunshot

A Santa Anna resident was treated at Brownwood Regional Hospital early yesterday for a gunshot wound.

Patricia Marie Vernazza, 21 years old, was treated and released. The girl, who lives at Apt. 3, Jefferson St. in Santa Anna, claimed it was an accidentally self inflicted wound. She was attempting to load the

gun when it accidentally went off and struck her left leg just above the knee.

The incident occurred at approximately 3 a.m. Wednesday morning. Chief of Police, Russ Ellis, said that the investigation is not complete at this point, but that it is being considered accidental at this time.

The group meets weekly at the Methodist Church immediately after school, 2:40. The meeting is over at 3:40 allowing bus students to catch their bus; town children may be picked up at the church, or they may walk home.

The group is beginning its

eighth year. Working with the group this year are the following: Mrs. Jim Spillman, Mrs. Jerry Ellis, Mrs. Steve Cullins, Mrs. Rick Beal, Mrs. Steve Ramsdale, Mrs. Tex Tomlinson, Mrs. Nathan Starr and Mrs. Terry McIver.

The group operates on contributions. Recent contributions have been made in memory of Tracy Bengue by Mr. and Mrs. Monty Guthrie and Mr. and Mrs. Terry McIver.

New Items Taxable

AUSTIN, Texas—You go to the store and buy an oil filter for your car. It seems like it cost a nickle more this time.

Then you pick up the dry cleaning. That seems higher, too.

You didn't forget that bag of fertilizer. But you paid 50 cents more than the last price you remember paying for it.

Oh, you almost forgot picking up the camera you left at the repair shop last week to get the shutter fixed. That much to get it fixed, huh?

As you drive, you're wondering what it was the newspaper boy said about the new weekly price for home delivery.

And so it goes. The October 2 tax hike is upon us.

The \$4.8 billion tax package passed by the Legislature and signed by Governor Mark White takes effect Tuesday.

How much of the new tax burden will fall on you depends on what you buy and where you live.

The state sales tax went up by one-eighth of a cent, but a whole slew of items will be taxed for the first time, increasing the price of some things by as much as six and one-eighth percent.

Services such as dry cleaning, repairs, catering, massages, tailoring, mending and entertaining all have additional costs tag-

ged on as a result of the expansion of the state sales tax categories. Repairs such as for fixing the old television set, putting new heels on the old loafers, replacing the crystal of watches, now become tax-laden bills.

Taxes on other items, such as cigarettes and alcohol, are going up Tuesday. The cost of motor vehicle registration, gasoline, sales tax on cars and other car rental taxes were already raised August 1.

Movie tickets and admissions to almost any entertainment event in the state will now fall

under the state sales tax. Rodeos, ballet performances, circuses, carnivals, antique shows, boat and auto shows and other entertaining performances will be taxed. Exempt from taxation are athletic events sponsored by public, nonprofit institutions, such as high schools and colleges. But professional sporting events will be taxed.

Questions regarding any of the new taxes can be answered by calling State Comptroller Bob Bullock's office toll free on 1-800-252-555 or on the regular number 512-475-1931.

NEGOTIATED SETTLEMENT

A settlement agreement providing an increase in base rates and a decrease in fuel cost charges has been reached in the West Texas Utilities Company rate case now pending before the Public Utility Commission of Texas.

A formal hearing scheduled for this week in Austin was cancelled after WTU, the PUC staff and intervenors on behalf of several cities entered into a negotiated settlement on all issues involved in the rate case. A hearing is set for 3 p.m. Wednesday, September 26, for submission of the written agreement, which must be approved and signed by the cities. The hearing examiner then will make a recommendation to the three-member Commission.

Under the agreement, WTU would receive an increase in basic rates of approximately \$12.5 million. It will receive about \$7.1 million less for fuel costs because fuel prices apparently have softened. WTU

also will refund to consumers about \$6.1 million in fuel costs over-collections during the past year, bringing the total fuel revenue reduction to roughly \$13.3 million. The refunds will be reflected in customer bills throughout the coming year.

The effects on various classes of customers depends on details of the new rate design which were being worked out by Company representatives and other interested parties. A new feature for WTU rates will be a summer-winter differential for residential and commercial customers. This will establish lower rates during the winter period, November through April, and higher rates during the rest of the year, which is the peak usage season.

The new rates will not go into effect until a final order is issued by the three-member Commission. In WTU's last case, the hearing was held in September and rates became effective in January.

POSSIBLE DAY CARE

The First Baptist Church of Santa Anna has formed a committee to consider the possibility of opening a licensed day care center to serve the local community. If you are interested in enrolling your child at a Christian

Day Care Facility located at the First Baptist Annex, please contact Marilyn Cullins at 348-9236 or Sandy Hosch at 348-3259. Your reply will be of great value to the committee and will be greatly appreciated.

SMOKEY THE BEAR

It's not too late to get what is already a collector's item, that is, a special cacheted envelope with the official Smokey Bear postage stamp, cancelled on Smokey's 40th Birthday, August 13.

Having been conceived during World War II when the need for fire prevention was at a critical point in this country, Smokey is a product of America's willingness to rally behind worthy causes. He has achieved a 98 percent recognition factor among people in this country as a symbol of fire prevention.

In appreciation for his prevention efforts, the National Association of State Foresters is commemorating the 40th anniversary year of the Smokey Bear Cooperative Forest Fire Prevention (CFFP) campaign with the cacheted envelopes (official first day cover), and there is still a limited supply of these cachets

with stamps cancelled on August 13, 1984, the first day of issue of the Smokey Bear Stamp at Capitan, New Mexico. The cachets are excellent for framing and a must for anyone interested in either stamp collecting, or protection of our natural resources.

These cachets will be marketed at a cost of \$2.00 plus 50 cents postage and handling each. All proceeds will be retained by the National Association of State Foresters to be used for fire prevention and the advancement of forestry in the United States.

All orders should be sent to Allane Wilson, Alabama Forestry Commission, 513 Madison Avenue, Montgomery, AL 36130. Checks and or Money Orders should be made payable to the National Association of State Foresters, with delivery expected the first part of September.

HAPPINESS RECIPE

I found an unusual recipe, it is called a recipe for happiness.

1 cup of friendly words
2 cups of understanding
4 heaps of time
1 pinch of warm personality
1 dash of humor

Mix well and serve in generous portions.

Now there is another recipe for happiness that our fast paced society would give us.

1 cup of 'Me-ism'
2 cups of 'I'll do it myself'
4 heaping of gold, silver, land and position
1 pinch of getting all I can out of you
1 dash to the top

Stir with a golden spoon. Simmer until name is in lights.

There is a vast difference in happiness and success as our world defines success. Many successful people are not happy and many unsuccessful people are content. Margaret Runbeck says it so well, 'Happiness is not a station you arrive at, but a manner of traveling.'

Helen Steiner Rice wrote a poem about happiness. 'Happiness is something you create in your mind, not something you search for but can't seem to find, not something that's purchased with silver or gold, not something that force can capture and hold. It's waking up and beginning each day by counting your blessings and kneeling to pray. It's by completing what God gives you to do that you find contentment and happiness too.'

Happiness is that certain something you find while you are to busy to think of yourself. Happiness is like a potato salad, when it is shared it becomes a picnic, and who isn't happy at a picnic.

The more we give of ourselves the less there is of ourselves to think about. The less we think of ourselves the more capable we are to think of others. In the happiness of others we often find our greatest happiness.

'I met a man the other day, whose sunny manner seemed to say, that he had found the happy way. I asked the secret of his smile, he gave a thoughtful look the while, and answered somewhat in this style. Six things have I that spell content, that make for real accomplishment: A peaceful mind, a grateful heart, a love for all that's true, a helping hand, real tolerance and lots of things to do.' S. W. Graffin

We find happiness in the things we do, the way we are and by the things we are doing. Personal achievement is a real source of happiness. The convictions of our soul make unhappy and unfilled days into a happier day. Happiness is found in peace, peace with ourselves, peace with God and peace with others.

Think about it (from an unknown author): Seek not happiness, bestow it and it will come to you.

POSTMASTER'S POINTERS

By Gary Absher

Postal money orders were primarily created to provide extra security for postal patrons. The postal service requires two identifications to cash postal money orders, one of which must be a current driver's license. This is a great preventative measure for forgery and gives greater security for lost money orders. The following guarantee is on the bottom of the customer's receipt of each postal money order. 'This receipt is your guarantee of 100 percent refund if your money order is lost or stolen, provided you fill in the Pay To and From information on the money order in the space provided.'

What do I do if I suspect my postal money order has been lost or stolen? This statement also appears on the bottom of the customer's receipt of all postal money orders. 'If your money order is lost or stolen, present this receipt and file a claim for a refund at your Post Office. Please allow 30 days for the issue of a replacement money order.' If you require a photocopy of a cashed postal money order, it is available for a fee of 30 cents.
