Roadrunner '87 Now Completed

Many local citizens enjoyed the hustle and bustle of Army presonnel and their vehicles last week when everywhere one looked in town one could see sights that had not been around our area in a good many years.

The troops in uniform and camaflouged vehicles were quite visable all during the week. They had arrived in the area over the weekend of the 25th and were gone by this past weekend. Convoys moved through town at intervals and helicopters overhead were a commonplace occurance during the week.

Most of the more than 9000 active duty and Army National Guard Troops moved 10 times in 10 days, simulating a fluid combat situation to test men and equipment.

It marked the first time such an exercise had moved from Fort Hood training grounds since 1959. At that time, the Army was swamped with

complaints about property damage. Not so, this time. Complaints were very few this year, according to Col. Mike Miller, a Fort Hood public affairs officer.

In Santa Anna, the Texas Ranger Motel was pretty well full. Manager Juanita Jones said they had called a couple of days ahead wanting a place to park 70 trucks.

Police Chief Craig Terry said he had received no complaints about the convoys that came through several times a day. "We had some military police officers assigned here to work out of my office. They were all the nicest people you would ever hope to meet and everything went real smooth."

Terry said that at 3:00 a.m. on Tuesday morning, "It looked like the Fourth of July with everybody headed to the parade," as convoy after convoy of many types of vehicles and equipment moved thru town. According to city officials, more than 3000 men were in the Santa Anna area at various times during the maneuver.

Dub Franklin, an Army veteran who served in Kora, planned ahead. He made signs designating his Opera House Cafe as "III Corps Headquarters." "Then I stayed up all night cooking," he said:

The historic III Corps earned its nickname "THe Phantom Corps" during World War II's bloody Battle of the Bulge because it was known for hitting Hitler's troops when and where they least expected it, and then disappearing.

In late December of 1944, the "Phantom Corps" liberated 100 towns in 10 days as they rushed to aid defenders at Bastogne.

Their "Roadrunner '87" exercise in our area was similar and provided many citizens with interesting sights and a time to recall those memories of earlier years in far away places.

THREE BOBCATS WERE KILLED Monday night, January 26, in the south part of the county by Jerry Phillips and Billy McCrary of Santa Anna. They used a caller to draw the cats in.

They also spotted gray fox, but they got away. The two men report there are a good many bobcats in the area where they were hunting

Check It Out

Teenage girls-was your Mother a teenager in the 1940's or 50's? Ask her if she read books written by Frances Parkinson Keyes, Grace Livingston Hill or Emily Loring. Not only did mots teenage grils read these books, but they wanted to be like these heroines. Girls learned to brush their hair 100 strokes each night to make it shine (before conditioners). "Dallas" on TV does the same for Women today.

Bonnie Balke Kuykendall, who grew up here and now lives in San Antonio has sent some books for the library. She remembers checking out books during the long summers. Bonnie taught school in San Antonio until retirement last year. She even made sketches for a book to teach English as a second language. The library appreciates gifts from kind people like Bonnie, who remember their hometown.

One of the books is JOY STREET by Frances Parkingston Keyes. She grew up in Boston, but it took two years to paint her word picture of the City. VAIL dALVERY is a book about Loiusiana and LADY BLAN-CHE FARM tells about Vermont.

Those of you who were teenagers of the 40's and 50's read these books again. You will enjoy them more the second time.

Books by Grace Livingston Hill are HAPPINESS HILL, BRIGHT ARROWS and SPICE BOX. Books by these authors aren't easy to locate-so check it out here!

gram, "What Do We Believe." We were reminded of the merger of the United Brethern Church and the United Methodist Church in 1968. The group sang "The Church's One Foundation." Thelma Upchurch read scripture from Ephesians, and nad a prayer. Lucille Dean told of the Book of Discipline as it emphasized worship, service, and mission. Thelma Upchurch added the attribute of grace. In conclusion, Lucille Dean reminded Christians of the importance of the Bible, tradition, experience and reason, and that faith and good works go together. The group read in unison the Social Creed of the United Methodist Church and sang, "God of Grace and God of Glory."

I was so pleasantly surprised last Friday morning when I went to the Santa Anna Laundry and it was all cleaned up until there was a gloss to everything. It is my understanding that the person responsible for this is going to keep it that way. Not having a machine at home I find it very convenient to go to the Santa Anna Laundry. I truly hope many others who have to use the Laundry will do the same. If we patronize our local business that means less tax money for neighboring towns and our town needs all the support we can give it. —Sincerely,

Dear Editor:

One of our utmost goals for Santa Anna is for Santa Anna to grow. This was one of the goals the Chamber of Commerce talked about last Thursday night at their annual member-

This particular item has been the topic of a lot of organizations of Sananna, but no one seems to know the answer. We all say, well we need more business, but how do you attract business. We definitely don't attract people with empty buildings, or with buildings that are falling

When people come through Santa Anna, a lot of people evaluate our town by what they see in that brief few seconds from 8th Street to First Street. Take the tour sometime and look at what visitors see. Do you feel there is room for improvement? Sure there is, but what can be done?

Well, I feel like there are several things that can be done. First of all I believe we need to get more involved in community functions. The Chamber of Commerce had their annual membership meeting last Thursday. This was a meeting so the people of the community could come and discuss their views of what they would like to see the Chamber do and how they could help the community. I beleive there were 10 people present, 4 directors of the Chamber, 2 ex-directors and 4 interested citizens.

I believe the people of Santa Anna need to support the people who are in elected positions, like the city council and the school board. You may not always agree with what they do but I believe we could be better supporters on the topics we do agree with.

One of the main concerns that the Chamber discussed at their meeting was the topic of Santa Anna people

trading in Santa Anna. As a business owner, I know that you can't buy everything in Santa Anna, but most of the business people that I talk to would just take a little business instead of none. I really believe this one topic is why Santa Anna is not growing. There are people that live here that shout the loudest about the streets need repair, or the downtown buildings need repair or Santa Anna isn't growing, and don't spend one dime in Santa Anna for groceries, prescriptions, insurance, building supplies, gas, or other items which could be purchased in Santa Anna. I'm not trying to tell you where to spend your money. I'm jsut asking that you share with the businesses of Santa Anna.

I hope this will stir some good ideas in your mind on how to make Santa Anna grow. I'm willing to listen to any idea or suggestion for the good of Santa Anna. I believe whole heartedly in the saying "United we stand, divided we fall." Let's make Santa Anna grow.

Well Monday was Ground Hog's Day and guess what? The ground hog saw his shadow. Well, I guess everyone knows what that means! Six More Weeks of Winter!!!

So folks what does six more weeks of winter mean? It means don't put up all your blanket, sweaters and warm clothing yet, because it will (I'm sure) get cold again. Hard to believe, I know, after all this nice spring-like weather we have been having the last couple of weeks, days where the temperature gets up in the 60's or 70's. Nights have been pleasant too, a little cool, but pleasant nevertheless.

As of Tuesday of this week no one has yet filed for the mayoral position or the two council person positions open for the City Council Election to be held Saturday, April 4.

Pension Income May Be Taxable, Withholding An Alternative

Pension income may be fully or partially taxable, the Internal Revenue Service (IRS) says, and, consequently many retired taxpayers choose to have federal income taxes withheld from their pension payments.

Although withholding is not compulsory, some retirees find it a convenience that can spare them penalties when they file their federal income tax returns. Any retiree can apply to their payor for exemption from withholding by using Form W-4P, the IRS says.

Those who choose not to have tax withheld from pensions may be required to pay quarterly estimated payments to avoid a penalty. Additional information can be found in Publication 505, "Tax Withholding and Estimated Tax," available free from the Internal Revenue Service.

VA News

(EDITOR'S NOTE: Following are representative questions answered daily by VA counselors. Full information is available at any VA office.)

Q-I am a former prisoner of war. but have not been rated as serviceconnected disabled by the VA. Am I entitled to VA medical care?

A-Yes, a former POW who is not service-connected disabled is eligible for VA hospital and nursing home care without regard to ability to pay. You are also eligible for outpatient care on a priority basis second only to service-connected disabled veterans. While you are receiving treatment in an approved outpatient program you are eligible for needed medicine, glasses, hearing aids or prostheses. If your POW interment lasted 181 days or more, you are also eligible for all needed dental care.

Q-Must I make a downpayment when I buy a home using the Veteran's Administration's home loan guaranty program?

A-The VA seldom requires any downpayment in connection with a VA-guaranteed loan. One exception is when the veteran chooses a loan with graduated payments. The other is when the veteran pays more for a home than the amount the VA has determined to be its reasonable value. VA will not guarantee a loan larger than the reasonable value of the home. In that case the veteran must certify that the difference between the sale price and the reasonable value is being paid in cash without any borrowing.

Q-What is the New G.I. Bill?

A-The New G.I. Bill, which went into effect July 1, 1985, established two education benefit programs, one for persons in the military service and the other for members of the Selected Reserve (including the National Guard). Persons who enter on active duty from July 1, 1985 through June 30, 1988 have potential eligibility for benefits. These persons must have their military pay reduced to \$100 monthly for the first 12 months of active duty. In turn, they may receive \$300 monthly basic benefits for 36 months. Individuals who enlist, re-enlist or extend an enlistment in the Selected Reserve for six or more years will be entitled to receive \$140 while pursueing an undergraduate degree.

Q-Are lenders required to notify the Veterans Administration if a veteran defaults on a VAguaranteed loan?

A-Yes. Notice must be forwarded to VA within 45 days after an installment has been unpaid.

Band Student of the Week

We are sorry to start our news this week with a sad note. Our deepest sympathy goes to the bereaved family of Mr. Riley McFarlin of Santa Anna, who passed away Tuesday afternoon around 2:30 p.m. in Brownwood Regional Hospital. When I contacted Mrs. McFarlin Monday night they were very well. and he had walked downtown in Santa Anna Monday afternoon and chatted with friends. He was buried in the Santa Anna Cemetery Thursday afternoon following services at the Christian Church at 2:00 p.m. Mr. and Mrs. McFarlin were former residents in our community. They were living here when their daughter, Mr. and Mrs. George (Billy) Wheatly were married. They have made the home in Santa Anna for several years. Talking with Mrs. McFarlin, she reports her neighbors, friends, and relatives

Stephanie, Melaine and Alicia Lovelady of Brownwood were Sunday guests with their grandparents, Mr. and Mrs. Darwin Lovelady in Santa Anna: late Sunday afternoon the grandparents accompanied the grandchildren to their home and visited with their parents.

have really been wonderful.

Betty Bearden of Brownwood visited her mother, Juanita Minica in Santa Anna Thursday afternoon. Sorry Mrs. Minica is not feeling so

My son, Mr. and Mrs. Thomas Rutherford from Concord, New Hampshire arrived here Thursday afternoon for a visit. I picked them up in Brownwood Thursday afternoon at the airport, where they had to leave a rent-a-car, from Houston. They flew to Houston the previous Sunday where they attended a Cement Convention Monday and Tuesday and also did some sightseeing before leaving Wednesday morning and were guests of his sister, Mr. and Mrs. Rick and Lynda Wheeler and girls Wednesday night at LaGrange. The Convention was held in the Astrodome where thousands of people attended. They reported a profitable time in Houston, and are enjoying the weather, and are getting thawed out, after contacting his business in New Hampshire this Monday morning finding out the weather was very cold there: since they left there has been lots of degrees below zero and 8 inches of snow fell the past Friday, but Monday was reported a nice day weather

Mr. and Mrs. Norman Frost of Brady were Sunday night supper guests of Mr. and Mrs. Graham Fitzpatrick. The ladies were close girlhood friends.

Mr. and Mrs. Floyd Morris visited with Mr. and Mrs. Norman Floyd Morris in Brownwood Saturday. Mrs. Morris reports Mrs. Norman Floyd Morris slipped and fell on the ice a week or so back and broke her elbow, damaging it considerably. She was employed at Winn Dixie in Brownwood. We all wish her a speedy recovery.

Mrs. Darwin Lovelady was a business visitor in San Angelo the past Saturday.

Mr. Douglas Avant of Brady visited his mother, Mrs. Pearl Avant in Santa Anna Thursday and they attended memorial services for Mr. Riley McFarlin.

Mr. and Mrs. Floyd Morris were guests of his brother, Mr. and Mrs. John D. Morris and their guests, Mr. and Mrs. C. H. Morris in Brady Sunday. Mr. and Mrs. John D. Morris were visitors of Mr. and Mrs. Floyd Morris Monday.

Mr. Bob Emmerson of Amarillo and a friend of Amarillo were weekend guests with Mr. Loyd Rutherford and son, Todd.

Visiting with me since the arrival of my son and wife have been Mr. and Mrs. Hilary Rutherford of Coleman, Mr. and Mrs. Bobby Boatright and girls of Brownwood, and Mr. Loyd Rutherford. The above were here during the week and on Sunday. Mr. Thomas Rutherford and Mr. Bobby Boatright were at Rotan on Saturday.

Mrs. Jamie Morris visited wiht Laura Carpenter and Pearl Avant in Santa Anna Tuesday afternoon. Mr. and Mrs. Floyd Morris were transacting business in Coleman Thursday and visited her brother, Mr. and Mrs. William Perkins in Coleman.

Mrs. Darwin Lovelady visited her sister, Mrs. Elva McDaniel in Brownwood, and Loucille Sorrells of Coleman visited Mrs. Lovelady during the past week.

Wake up for a surprise. Tonight when I answered my telephone a voice said Hello, Alline, this is Vonnie. She is the daughter of the late Mr. and Mrs. T. J. Adkins who lived in our community a number of years ago and Vonnie attende Santa Anna School. Vonnie and family, a husband, a son and a daughter, and 3 grandchildren are now living in Fort Worth. It was so good to talk with Vonnie one more time.

Clean Microwave For Efficient Use

Compared to cleanig a conventional oven, cleaning a microwave is easy-so easy that many people don't do it often enough.

According to a Texas A&M U:niversity Agricultural Extension Service home economist, infrequent cleaning can impari the efficiency of a microwave oven

"Microwaves are absorbed by food, whether that food is on the walls of the oven or in a dish," says Dr. Susan Quiring, "so a build-up of food particles on the oven surfaces can slow the cooking process."

She says that food soils around the ETTOPS door or the frame may also interfere with the door seal or even prevent the oven from starting properly.

Ideally, the microwave should be cleaned afted each use with a paper towel or sponge dipped in a mild detergent and warm water solution, one dollar item, all amounts must be Quiring says.

To remove foods that have cooked on the oven surfaces; the home economist suggests boiling a cup of water in a bowl for several minutes. The steam will condense on the oven surfaces and make the food easier to

Food soil build-up, cooking strong flavored foods, repeated overcooking and smoke from overcooked

potatoes, bacon or popcorn can cause odors in a microwave oven, she adds.

After thoroughly cleaning the oven, remove odors by boiling a solution of ½ cup lemon juice and one cup water in a bowl for several minutes, Quiring says. Then let the solution stand in the oven for 5-6

Round Off Figures. Make Fewer

Taxpayers may find it easier to round off cents to the nearest dollar when figuring their federal income taxes, the Internal Revenue Service

However, if a taxpayer rounds off rounded off. Amounts under 50 cents should be dropped and amounts from 50 cents to 99 cents should be increased to the next higher dollar. For example, \$1.39 becomes \$1 and \$2.69 becomes \$3.

One advantage to rounding off, according to the IRS, is that taxpayers are likely to make fewer math errors because they will have fewer figures to work with and compute.

Fannies Funnies

BY FANNIE GILBERT

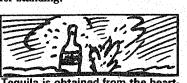

Recently when I complimented our Longbrake, Mae Blue, Audie Conminister on his short, but inspiring ner, Opal Riley, Sandra and Justin sermons, he said he started being brief as a result of an experience as a young preacher. "One Sunday," he recalled, "I was delivering a sermon and got so carried away that I didn't Simons, Cindy, C. J. and Amber realize how much I was boring my congregation, until a fidgity small boy in the front pew caught my eye. He pulled at his mothers sleeve and in a loud voice said, 'Mommy, are you SURE this is the only way to get to Heaven?"

> A long winded toastmaster kept the audience fidgeting for 50 minutes as his introduction droned on and on, "and now," he said, "I'm calling on Mr. Phillips to give his address." Mr. Phillips arose, "My address," he said. "is 3110 Nottaway Court. and I am on my way there right

The preacher was preaching about the subject of being perfect. "He said, "If there is any man here who thinks he is perfect will he please stand." One man stood up. The preacher asked him if he thought he was a perfect man. He replied, "No sir. I'm standing up for my wife's first husband."

A clean filter, along with other conservation measures you can do at home, will help you save energy and money!

Set Thermostat at 68°

Set your thermostat at 68 degrees or lower. Turn it down at night and use an

electric blanket. Turn it down even lower when you leave home for an extended period

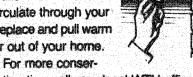

of time. Every degree

you lower your thermostat will help to increase your energy savings.

Keep Damper Closed

Tightly close the damper in your fireplace when you're not using it. The same draft that is needed to help

make a fire burn could circulate through your fireplace and pull warm air out of your home.
