"He Profits Most Who Serves Best"

PROCLAMATION By the Mayor

Whereas, it is now spring-time and spring-time is clean-up time, and there is a move on in Santa Anna, fostered by the Lions Club to clean up the town, and the City Commission is desirous of cooperating with the citizenship in every good move, therefore, I, W. E. Baxter, Mayor of the City of Santa Anna hereby proclaim April 20th to 28th, the period for our spring clean-up, and urge every citizen in Santa Anna to join in this worthy undertaking, by cooperating with the Lions Club and encouraging the children participating in this clean-up campaign.

The City will furnish trucks and wagons to haul the unburnable junk out of town.

Witness my hand at Santa Anna, Texas, this the 19th day of April A. D., 1934.

W. E. BAXTER,
Mayor of Santa Anna, Texas

Glass Factory Soon to Be in Operation

Messrs. Harold Knappe and S. A. Coleman, Jr., owners of the Santa Anna Glass factory are now located in Santa Anna and have been on the job several days, repairing and getting ready to start the plant in operation.

Fire is to be turned on in the large furnaces this week, and as soon as the necessary arrangements can be completed, the plant will swing into production of milk bottles, fruit jars, beverage bottles, and other useful articles for which there is a ready and growing demand.

Several other families will move into Santa Anna and bring their families. Several families who have been contemplating moving will remain here, and we hope the industry proves to be all that is expected of it. Its possibilities are almost unlimited.

Lions Club to Foster Clean-Up Campaign

The Lions Club, thru some miraculous incident or inspiration, has caught the "Clean-Up Fever" and is fostering a real clean-up campaign in Santa Anna.

No personal calls will be made for copy except by request. Santa Anna to have Bonded Warehouse

Another worthy enterprise was launched here this week when J. E. Watkins and associates completed arrangements for a Bonded Warehouse in Santa Anna.

Wool, mohair, cotton and grain can be stored in a bonded warehouse and the owner can borrow money on same, if they so desire. Buyers will also be on the premises to purchase any of the products offered for sale.

Producers are urged to bring their wool, mohair, cotton and grain to Santa Anna, and if you are not ready to sell, just place it in the bonded warehouse, and if needed, you can draw money on your receipts.

The large building formerly occupied by the Powell Implement Company, north of the Santa Fe depot, has been leased and will be used for the warehouse.

This is another move in the right direction for Santa Anna. The success of the bonded warehouse will depend upon your patronage. Give them a trial.

BOARDMAN-BAYES

Miss Ardis Boardman and Mr. Raymond Bayes stole a march on their friends Sunday by driving to Paint Rock and getting married. The marriage vows were performed by a friend.

Mr. Bayes, the youngest son of the late Mr. and Mrs. J. R. Bayes and one of the trusted employees of the Piggy Wiggy here, and Miss Boardman, the youngest daughter of the late Mr. and Mrs. Boardman, are a splendid young couple, and they have many good friends who will join the Santa Anna News in extending congratulations and best wishes for a long and happy wedded life together.

There were eight children born to Mr. and Mrs. Gardner, four of them preceeding him in death. The widow and the other four children survive him. The children are Mrs. C. L. Boardman of Santa Anna, J. O. Gardner of Waco, Mrs. Claude Byers, Clovis New Mexico; and W. P. Gardner of Winters. Four grandchildren, Misses Mildred and Rhea Boardman, Ouida Byers, and LaVorne Gardner, also survive.

Gill Ranch Sells Polled Herefords

MRS. JOHN R. BANISTER ENTERTAINS WITH DINNER

Shreveport, Louisiana was the destination of a bunch of registered Polled Hereford bulls shipped out Monday by the Gill Ranch. These bulls were bought for Shreveport parties by Geo. L. Deupree, Fort Worth Commission man.

Mr. Deupree selected seven bulls, principally of Foundation breeding and closely related to Foundation 25th, national grand champion bull of a few years ago. He took rugged, well grown out bulls, that should stand the change in climate well and should make a good cross with the smaller boned cattle found in Louisiana.

This was the Gill's first out of state shipment in 1934.

The Function of a Bank

We believe if the public kept in mind the true function of a bank it would make far better understanding and banks would be more esteemed by the communities which they serve. The officers who work in a bank work for its stockholders and they do not own the money which they handle and which they loan.

As we understand it the function of a bank is to gather up the resources of the community in which it exists and, as far as they can safely do so, loan these funds to the customers of the bank. These loans must be so made that they are liquid because the bank is pledged to return the deposits on demand and if its loans are bad or frozen then it can not be in a position to pay the depositors when they want or need their funds.

It is the duty of every person who borrows from a bank to not only pay his note, but to, for at least a part of the time, have funds on deposit in the bank that can be loaned to other customers. In other words a good bank is a mutual proposition, its customers combining their resources to accommodate each other and thus it follows that no one who is not a depositor of the bank should expect a loan from the bank.

E. E. MURPHY IN RACE FOR REPRESENTATIVE OF NEW CONGRESSIONAL DISTRICT

San Angelo Attorney District Commander of American Legion

E. E. "Pat" Murphy, well known San Angelo attorney and district commander of the American Legion, announced Monday his candidacy for representative of the new 21st Congressional District.

Mr. Murphy received 18,369 votes for representative of the old 16th Congressional District in 1932 against R. E. Thomason of El Paso, and had a majority of more than 5,000 votes outside the city of El Paso.

Native Texan Mr. Murphy was born in Weatherford, Texas, in 1895. Later he moved to Knox County with his parents. In 1911 he was graduated from the high school at Munday and the same year went to San Angelo.

While employed in the shoe department of Baker-Hemphill Company he read law at night in the offices of Edgar Hamilton and Blanks, Collins and Jackson. In 1915 he attended Cumberland University at Lebanon, Tenn., passed the bar examination and started practice of law July 4, 1916. In 1917 he attended the first officers' training camp at Leon Springs, but was denied a commission because he was underweight.

Elected County Attorney Returning to San Angelo to practice law, he assisted in the organization of a San Angelo Company of the Texas National

Guard. He enlisted as a private but on his return to San Angelo in July, 1919, he had become a lieutenant, having served in a machine gun battalion. In the year of his return, he was elected county attorney and was re-elected to that office in 1921. Mr. Murphy resigned in 1922 to go to Washington to complete his education.

For six years Mr. Murphy practiced law in Washington and attended school at night. In 1926 he obtained a degree of Bachelor of Foreign Service from Georgetown University and in 1928 obtained his LL.B. degree from the National University in June, 1929.

He married Miss Lou Phillips in 1923 and the couple have two children, Pat, Jr., and Mary Lou.

Organized Vets Mr. Murphy is an active member of the Lions Clubs, all veterans' organizations, including the American Legion, Veterans of Foreign Wars and the D. A. V. He helped to organize and was first commander of the James J. Goodfellow Jr. post of the American Legion. For the last three years he has been district commander of the American Legion.

Mr. Murphy had the endorsement of the Central Labor Council in his last race and has the endorsement of the different labor organizations in San Angelo for the coming race.

Friends of Mr. Murphy point out that his six years practice of law in Washington makes him particularly adapted for the place of representative which he is seeking.

Has Strong Support

He will go into the campaign in the new district with a strong political following and organization in 15 counties he carried in the 16th District. It was pointed out. These counties include Sterling, Tom Green, Irion, Coke, Sutton, Schleicher, Menard, Kimble, Mason, Gillespie, Val Verde, Edwards, Kerr, Real and Bandera. The other counties in the new 21st District are Runnels, Concho, Coleman, McCulloch, Kinney, Uvalde, Kendall, Llano, San Saba, Brown, Mills and Lampasas, 12 in number.

The voting strength in the 15 counties carried by Mr. Murphy before is about 35,000 and the voting strength in the other 12 is about 25,000.

Mr. Murphy's legal business and Legion activities have taken him into these 12 counties scores of times during the last three years and his friends predict that he will get more than an even break in these counties.

Presbyterian Mission Study

Mrs. W. O. Garrett was hostess to the members of the Presbyterian Mission Study class in their most recent meeting.

Mrs. Womack gave an interesting report of the spring meeting of Presbyterial held at Ballinger.

A pleasing feature of this report was the fact that this local auxiliary led all others of Brownwood Presbyterial in a number of points in excellence. This inspires the members to greater effort.

Miss Lillie Erwin of Lockhart was a guest for the afternoon. She was a charter member of this auxiliary and holds a warm place in the hearts of these women who remember her labors of love for the church in former years.

After the lesson, the hostess, assisted by Mrs. Geo. Garrett of Coleman, served an appetizing refreshment consisting of sandwiches, congealed fruit salad on lettuce, cake and cocoa. Meetings with Mother Garrett are always pleasant.

WARD SCHOOL NEWS

The eight pupils who have made the highest averages in their work this year are as follows:

Louise Oakes, 90.83; John Bob Sparkman, 87.28; Mary Todd, 86.64; L. H. Powell, 86.45; Durwood Burrow, 85.75; Gale Collier 85.11; Elizabeth Morris, 84.36; H. L. Lackey, 84.14.

Sickness is largely responsible for the averages not being higher than they are. No pupil was considered for honors who did not do all of his work in our school this year.

We are proud to announce that Gene Adams who won first place in essay writing at the county meet won third place at the district meet last Friday. It is to be remembered that Gene also won third place in declamation at the county meet. She came to us from another school this year and we were glad to get her.

You will find a most complete line of white hats in straw, crepe, and pique at prices that will surprise you. Mrs. G. A. Shockley.

WHY GET UP NIGHTS?

USE BUCHU AND GIN
Make This 25c Test

It is as valuable to the bladder as castor oil to the bowels. Flushes out impurities and excess acids which cause the irritation resulting in getting up nights, burning, frequent desire, leg pains and backache. On account of the alcohol in gin-use juniper oil from which gin is made. Ask for BUKETS, the bladder laxative also containing buchu leaves, etc. After four days, if not pleased your druggist will return your 25c. You are bound to sleep better after this flushing. BUKETS guaranteed by Phillips Drug Co.
