"He Profits Most Who Serves Best"

Ford Mileage Contest Proves Interesting

The Ford Gasoline Mileage Contest staged last Saturday by the Santa Anna Motor Company, was a great event and attracted much attention. Not only did Ford owners and dealers take an interest, but owners of other automobiles interested themselves very keenly in the contest.

There were 21 entered the contest, with the following results:

Robert Garrett, driving the Gene Hensley Coupe, registered 36 2-10 miles; J. D. Center, driving his Touring car, registered 34 9-10 miles, and were declared the winners in the contest. Others making good mileage were C. M. Mosley, Ford Sedan, 34 7-10; Wilmer Byler, Roadster, 34 6-10; Oscar Williamson, driving the E. M. Neill Coupe, 34 1-10; Duane Holland, driving the I. Williamson Fordor Sedan, 34 1-10; Oden Brown, Roadster, 29 3-10; and Cecil Townsley, Roadster, 30 1-10; Frank Pearce, Fordor, 25 1-10; Lewis Evans, Roadster, 25; O. D. Bowden, Tudor, 24 9-10; William Sheffield, Tudor, 22 1-10; H. C. Mosier, Touring, 22 1-10. The following entered but left their post before the judges registered their mileage: J. W. Johnson, Touring; J. W. Fulton, Coupe; Curtis Pair, Touring; W. D. Taylor, Roadster; W. E. Baxter, Fordor; Mrs. Stafford Baxter and Mrs. Kirkpatrick following the crowd for a tryout, made 33 miles in Mrs. Baxter's Fordor.

Each car was thoroughly drained of all gas, supplied with one gallon of any gas they preferred, the tanks sealed and the drivers proceeded down the Brady road through Rockwood. A. B. Loudermilk, A. C. Hardy and J. J. Gregg acted as judges, and were accompanied by Walter Kirkpatrick and Chas. Hale of the Santa Anna Motor Company. The winners, Robert Garrett and J. D. Center, were accompanied to Brownwood Wednesday where they entered a final contest with seven other pairs from other towns.

Everything went well until the last car was checked and the judges were headed back home, when just before we drove into the town of Lohn, we met a two-year-old Jersey Bull. The bull had the courtesy to give part of the road, but seemed to think he was entitled to as much of it as he preferred to use. Kirkpatrick was driving and he can tell the rest of the story if he wants it told, however, the bull was not hurt.

Later, due to weather and road conditions the final contest was postponed until Monday, March 14.

Presbyterian Church

Rev. J. M. Burrow will preach at the 11 o'clock hour Sunday morning, following which will be the communion service. All members are urged to attend.

Citizens Stage Rabbit Drive Wednesday

The citizens of the Cleveland community staged a rabbit drive Wednesday, and killed about 250 of the tribe. Twenty-four men participated in the drive, and the country between the Cleveland community and the Liberty community was pretty well invaded. The day was well spent and most of the fellows expressed themselves as being pleased with the effort.

CEDRIC CASEY BURIED HERE THURSDAY MORNING

Cedric Casey, the little four-year-old son of Mr. and Mrs. Jack Casey, was brought here from Falfurrias, last week and buried in the Santa Anna cemetery. According to the data at hand, little Cedric was born January 7, 1923, and died March 2, 1927. The cause of his death was not furnished us. Mr. and Mrs. Casey were both reared in the Santa Anna territory, and both have a number of warm friends here who will regret to learn of their sad misfortune. Jack is a son of Mr. and Mrs. J. Fox Casey north of town, and Mrs. Casey is a daughter of Mr. and Mrs. D. C. Neal. Funeral services were held at the Christian church, conducted by Rev. A. M. Pleasant, pastor of the Cumberland Presbyterian church. The Christian pastor, Elder Oder, being sick and not able to preside.

Missionary Study Class

The Mission Study Class met with Mrs. W. R. Kelley on Tuesday afternoon. There were fourteen present and much interest was manifested in the lesson. The first lesson in our new book, "The Temple Hills" was led by Mrs. Frank Turner who made an excellent talk. Others making interesting and instructive talks were Mesdames W. R. Kelley, Seba Kirkpatrick, J. R. Gipson, J. M. Burrow and Wallace Kirkpatrick. The class was glad to have Bro. Seba Kirkpatrick with them. He is so enthusiastic and earnest in the mission work. He always creates an interest. The class is also very proud indeed to have the Christian ladies join in with them in this work. The next meeting will be with Mrs. Seba Kirkpatrick and Mrs. J. R. Gipson will be leader.

Mr. and Mrs. Harry T. Caton who have been visiting in the T. T. Perry home returned to their home in Sweetwater Tuesday.

Wilbur Sims, who is attending Randolph College, Cisco, spent the week-end with his parents, Mr. and Mrs. J. G. Sims of this city.

Mrs. C. F. Freeman has returned from a visit to Ballinger, where she went to get acquainted with her new grandson in the Charley Moore home.

Advertising Cut Prices

Persons who have not given the subject of advertising serious thought may be inclined to believe that standard products could be sold cheaper if the manufacturers did not spend so much money in advertising them. The contrary is the truth.

Every concern which seeks a general market for its goods finds it necessary to set aside a certain sum each year for advertising, and this is charged as a part of the operating expenses, the same as rent, fuel or insurance. The aim of the advertising manager is to buy the largest possible circulation among persons who would be interested in his products.

Every manufacturer has certain fixed charges which must be paid out of the receipts from the business, and the larger the volume of business that can be created the less per article is charged for the payment of overhead costs. This volume of business is obtained only by creating a demand for the goods, and it is most quickly and cheaply done by direct appeal thru the newspapers.

The same principle which obtains in the case of the general advertiser would be applied in the business of the smallest merchant. The quicker the turnover which a dealer is able to make the sooner his profit is obtained and the cash is put in the till for new purchases. Advertising of the practical kind will help to make quicker sales and more frequent profits. The result is that the retailer, with the aid of the general advertisers, is able to maintain standard prices and quality in the widely advertised articles.

BROWNWOOD DISTRICT BAPTIST W. M. U. WILL MEET IN SANTA ANNA, APRIL 5 AND 6

The annual meeting of the Brownwood district of the Baptist Women's Missionary Union will be held here in the Baptist church April 5 and 6.

The Brownwood district includes nine counties, Concho, Comanche, Hamilton, Mills, Runtless, San Saba, McCulloch, Brown and Coleman.

This coming together once a year to give an account of the stewardships and to make plans for a greater work in the coming year, is an important event in this organization. It is expected this meeting will be the best ever held, as Santa Anna is centrally located and in many ways more work has been accomplished this year than ever before.

Plans are being made for the entertainment of all visitors and the local church members will be disappointed if they do not come in goodly numbers. An interesting program has been arranged for the two days and Tuesday night, April 5, has been designated as young people's night. The students of Howard Payne College have accepted an invitation and will put on a pageant.

It will be remembered that the Coleman Association won the Efficiency Banner and the Scholarship to Howard Payne College last year at Hamilton. The W. M. U. State Secretary, Mrs. J. E. Leigh of Dallas, as well as other outstanding leaders are expected to attend this meeting.

MORTUARY

Mrs. A. E. Goodgion, 78, died at the home of her son, Homer Goodgion in the Trickham community, Friday morning of last week, and was buried in the Santa Anna cemetery Sunday afternoon. The funeral service was conducted in the Union church at Trickham, Rev. Broxton, Methodist pastor at Trickham in charge.

Deceased was a native of Alabama. Came to Texas with her parents at the age of 11 years. She lived in Coleman county 20 years. Prior to coming here she lived in several east Texas counties. Her husband succeeded her in death 28 years. Eight children survive as follows: Claud Goodgion, Lubbock; Mrs. Ellen Myers, Santa Anna; Ofelia Ewing, Cooper; J. D. Goodgion, Floydada; Arthur Goodgion, New Port, Texas; Talbot Goodgion, Lubbock; Homer and Horace Goodgion of Trickham. All the above were present at the funeral, also, Mrs. Mandy Dawson, a sister, of Cisco, was here for the funeral.

The News joins in extending sympathy to the bereaved.

ATTENTION

All members of Mountain Chapter No. 247 Order of the Eastern Star, are urged to be present in our regular meeting on Monday, March 21st. Get in and be ready to take part in our school to be held with this Chapter on the 24th of March.—Mrs. J. Ed Bartlett, W. M.

'WINNING OF BARBARA WORTH' 18th and 19th.

Coleman County Gets Good Rain

The weather man cut up a little first of the week, and threatened considerable rain. In fact, most of the country had a pretty good rain, but it happened to be in the other vicinities and not in the immediate territory of the City Lake.

STATE-WIDE CLEAN-UP CAMPAIGN

The annual state-wide clean-up campaign sponsored by the state board of health has been announced for the week of April 3rd to 9th, by Dr. J. C. Anderson, state health officer. "Campaigns of this nature in the past have shown unusually good results, some 250 municipalities co-operating last year with the board in this work," he stated.

"Owing to the prevalence of small-pox and the large number of deaths occurring from preventable diseases, it is highly desirable that individuals and communities take time for a complete health appraisal. The increase in the average life expectation during the last decade has been some 12 or 15 years, and this has been due in a large degree to improved sanitary conditions. Universal application of present scientific knowledge would also undoubtedly increase the average span of life another 12 or 15 years."

Activities to Be Stressed

"Special attention should be given to those conditions affecting health, such as sewage, water supplies, garbage, milk sanitation, mosquito control, and food protection. Complete health appraisals of communities are highly desirable to determine hospital and local health department facilities. Attention should also be given birth registration campaigns during this week, inasmuch as only approximately 70 per cent of babies born within the state are now being registered which precludes Texas from being included in the registration area of the United States.

"Towns or communities desiring to cooperate with the state board of health in the observance of 'clean-up' week, will be furnished upon request an outline of proposed activities, health appraisal forms, and available health literature."

The Pioneer Belles

Mrs. S. D. Harper was hostess on Thursday afternoon to the Pioneer Belles. House decorations were ferns and beautiful flowering pot plants. A very enjoyable afternoon was spent by the club in this hospitable home. Conversation and needle work formed the diversions. At a late hour delicious refreshments of salad, hot tea, and pecan cake were served by the hostess and Miss Ruby Harper to the following: Mesdames W. B. Harper, H. W. Kingsbery, W. R. Kelley, John Pearce, Robert Kirkpatrick, W. T. Verner, Wallace Kirkpatrick, B. F. Rothermel, D. J. Barnes, Hicks, W. J. Hunter and S. L. Weaver.

'WINNING OF BARBARA WORTH' 18th and 19th.

Barn and Contents Destroyed By Fire

Last week, due to the first of the month, the bad weather and other things of a hindering nature, we failed to learn of and report the fire Saturday night of the previous week, which destroyed the barn and contents on the W. R. Kelley farm southwest of town, occupied by B. G. Brown and family. The barn was a good one and several hundred dollars worth of feed was in it. The loss amounted to approximately \$3,000. Mr. Brown requests the Santa Anna News to express a word of thanks for the faithful assistance of his neighbors and friends who aided in helping to confine the fire to the barn and save other buildings and contents on the premises.

SANTA ANNA SCHOOL TRUSTEES HONORED LAST FRIDAY

Miss Mammie Smith, who is teacher of domestic science in the Santa Anna high school, and her class, gave a charming luncheon at the school building last Friday at 12 o'clock. The board of trustees of the local school were guests of honor on this delightful occasion.

The linen laid board where a delicious three-course menu was faultlessly served was graced by a beautiful geranium. Covers were laid for Messrs Ford Barnes, W. L. Mitchell, R. L. Hunter, P. P. Bond, J. C. Scarborough, Mesdames Jack Woodward and John Pearce.

LETA GAY WILLIAMS

Leta Gay, the little thirteen-year-old afflicted daughter of Mr. and Mrs. P. H. Williams of the Plainview community died Sunday afternoon.

Little Leta Gay was a freak in physical development. Her body and limbs never grew in size, however, her mental facilities developed normally. She was perfectly helpless all her life, like a small baby. The many good friends of the family sympathize with them in their bereavement. The little form was laid to rest in the Cleveland cemetery, Monday by the side of a brother who died several years ago. Rev. S. F. Martin and Elder A. S. Werner conducted the funeral service. A large crowd attended the funeral.

Methodist Church

The theme for the morning sermon will be "The Radiant Influence of a Woman's Sacrifice." Evangelistic service at the evening hour. The public is cordially invited.

Rev. C. G. Spindler of Tulsa, Okla., will assist the pastor of the Methodist church in a revival meeting beginning May 22.

Seba Kirkpatrick

Mr. and Mrs. Roy McFarland's baby is very sick with the flu.

Three Important Elections To Be Held

In this issue of the Santa Anna News will be found the announcement of three important elections to be held this spring. On Saturday, April 2, an election will be held to elect three trustees to serve the ensuing two years on the Santa Anna School Board, and is, or should be, an important election.

On Tuesday, April 5th, an election will be held in the City of Santa Anna, to elect a Mayor and two City Commissioners to serve for two years.

On Wednesday, March 30, an election will be held in the Santa Anna Independent School District to determine whether or not, the School Board will be permitted to issue bonds in the sum of One Hundred Thousand Dollars to be sold, the proceeds of which to be spent for the building of a High School building in Santa Anna.

Of course, people are going to be at issue in these elections, especially the last one mentioned, but they should not be. Santa Anna must have a better school building or the loss is going to be heavy to every property owner here every year we do without it. Let us urge that you consider the dire need of a better school building and cooperate in the move to have one.

LEO SCOTT SUFFERING FROM GUN SHOT IN FOOT

Leo Scott, 14-year-old son of Mr. and Mrs. James Scott, has been laid up for several days, suffering from a gun shot wound in his foot, the result of an accidental discharge of a small shotgun a few days back.

Masquerade Party

The members of the M. T. W. Club were most delightfully entertained by Mr. and Mrs. Ford Barnes on last Tuesday evening at their home. A carnival and masquerade party was the nature of this gallo affair. Fortune telling, picture taking, crazy house and other attractions that characterize a carnival furnished much merriment.

There were Colonial dames, gypsies, cowboy Spaniards, Japanese movie stars, darlings and K. K. among the guests. Jodie Mathews, who came as a negro, and Mrs. Geo. Johnson, who represented a Japanese, carried away prizes for the best costumes. After unmasking there were games and contests, at the close of which lovely refreshments were passed to the following: Messrs and Mesdames D. J. Johnson, Sam Callery, P. P. Bond, W. L. Mitchell, George Johnson, J. O. Martin, Jodie Mathews, Lloyd Burris, Ford Barnes, Dr. and Mrs. R. R. Lovelady and Mrs. Cora Blue.

Diversified Crops

ALL EXPERTS agree and experience proves that diversified crops insure the farmer against the ruinous failure of the single crop.

Plant your acres with a variety of crops and protect the family from financial stringency.

WE SHOULD by no means be wholly dependent upon the cotton crop. Staples are necessary. We should be more of a self-sustaining section.

We are always glad to confer with you, and make available the facilities of this Bank in furthering the individual interests of every farmer.

PLAYING AND WORKING

Few people play as hard as they work. As a matter of fact, a large majority of us reserve no time for play. There is always something to interfere—something that is regarded as more important. Yet play, and particularly out-of-door play, is one of the most important things in the world. When the spirit of play takes possession, worries, fretting cares and the blues disappear. Play is the safety valve for unhappiness, disappointments and troubles.

Play may be any form of recreation that takes the mind from the routine through which it trends every day. You don't have to be a golfer, a tennis player or a swimmer to play. Your pet hobby may be a garden, and then again it may be beautifying your premises. It may be any diversion that provides a change and takes you out-of-doors.

The person who works without seasoning his twenty-four hours with play is developing a one-sided character. The man who can play as hard as he works is the man who develops the characteristics essential to success. He is keener mentally and he is more versatile.

Through play we derive emotions that lift us above the dull routine of every-day life. We build strong bodies and healthy minds. We improve our dispositions and our digestions. Too often grownups believe that when responsibility becomes a part of their daily living, the play hours of youth must be pigeon-holed. Play is undeniably the bright light of childhood, but it should be respected in some form throughout life. There should be no age limit for play.

A LOST ART

Products of commercial bakeries increased 12.9 percent during the period from 1923 to 1926, according to the U. S. department of commerce's announcement.

This calls to mind that home baking is almost a lost art. In the good old days "baking day" was an event of first moment, but alas, that occasion is rapidly passing. In truth, there are many present-day youths who will never know the "days of real sport."

Older folks can recall when the warm bread came out of the oven and was carefully wrapped in containers so it would not "dry out." Finally giving way to unrelenting begging, "mother" would cut a slice of the delicious bread, spread it with heaps of country butter and perhaps some home-made jelly, jam or preserves, and then there was the making of a feast truly "fit for the gods."

But times change—and perhaps the change is for the better some-times. There is room for doubt about improvement in this change, however. The food faddists say warm bread is not healthful, but in the good old days it never seemed to have any dire effects.

The U. D. C. Chapter

The Sam Davis Chapter of the United Daughters of the Confederacy, spent a very pleasant afternoon, on last Friday afternoon with Mrs. B. P. Rothermel. After a business meeting had been held and the usual lesson taken up and discussed, a round table talk on Sam Davis, the boy hero, who gave his life for his country, was conducted by Mrs. J. R. Barfister, which proved to be very interesting and instructive. The Santa Anna Chapter was named for this hero. Later delicious refreshments of salad, hot tea, and white cake were served to the guests by the hostess and her daughter, Cora. Our next meeting will be with Mrs. L. W. Hunter. The subject for round table discussion will be Gen. R. E. Lee. The discussion will be led by Mrs. L. W. Hunter.

The agricultural department has undertaken "a national census of insects resident and visiting in the United States." The human insects, both resident and visiting, will be left to the care of the Census Bureau as formerly.

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please, no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

Judged By the Way He Kept His Premises

"Let me see his back yard. That is the way I judge his standing." The speaker was a loan agent who was looking over a place. He found the back yard dirty, unkept and filled with a bewitching pile of litter and trash. Some of it stank.

He passed up the loan, because he said that any man or woman, so careless with the premises, would be equally careless elsewhere and it might result in a failure either to pay promptly or some other contingency that would make the loan undesirable.

That man don't know what happened or how. His loan is good according to our knowledge of his finances and possibilities and yet the appearing of his back yard made a perfect stranger, not exactly distrust him, but at least created a doubt of his stability.

Folks don't ever know what counts in this old world of ours. It is often the immaterial point that gets over the big winnings, either for or against. But at that a man's back yard is a pretty fair indication of his habits in some respects at least! Look and see if it isn't.

ANIMALS

It is important that children should be taught the care of household pets, and especially regularity in feeding and watering. This is not only humane education, but incidentally it is teaching children continuous application, than which there is no more important humane lesson to be learned. Teach children that all living creatures should be treated as they themselves would be treated. Consideration for Dumb Animals is a mark of humanity which is all too rare in the human race.

Presbyterian Missionary Society

Friday was the National Day of prayer and was observed by the Presbyterian ladies in their society. It was also the day for election of new officers, and after a business session the following officers were elected: President, Mrs. W. R. Kelley; Vice-president, Mrs. W. O. Garrett; Sec-Treas, Mrs. F. C. Woodward; Supt. of Literature, Mrs. Burrow. After this an interesting lesson on Korea was taken up and discussed fully. This meeting was held at the home of Mrs. Frank Miles.

Yes, sometimes it is a selfish interest that makes a man boost his town. But unfortunately it is one kind of selfish work that helps everybody else and hurts nobody else.

FOR OVER 200 YEARS

haarlem oil has been a world-wide remedy for kidney/liver and bladder disorders, rheumatism, lumbago and uric acid conditions.

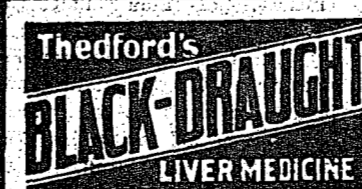

correct internal troubles, stimulate vital organs. Three sizes. All druggists. Insist on the original genuine GOLD MEDAL.

Bad Color (liver trouble)

"OCCASIONALLY I am troubled with spells of constipation and inactive liver," says Mrs. John L. Pence, Broadway, Va. "I always use Thedford's Black-Draught when I feel a spell of this kind coming on, for it saves me a bad headache. My color gets sallow at times. I get real yellow, showing that the trouble comes from the liver."

"I have found Black-Draught to be the finest kind of a remedy for this. I take Black-Draught and make a tea out of it, and take it, along in small doses for several days. I have never found anything that served me so well."

"Since I have known about Black-Draught, I have not suffered nearly so much with headache, caused from indigestion. If I find my tongue is coated, and I wake up with a bad taste in my mouth, I know I have been eating indigestively, and I immediately resort to Black-Draught to straighten me out."

Coolidge and Farm Relief

The veto of the McNary-Haugen bill has caused a tempest in the political teapot. In view of the Administration's policy Mr. Coolidge could not have done otherwise, although the President gets into places where administrative policies clash with political futures.

Many people have the idea that the bill would have been of great benefit to agriculture, hence they will go after the President's political scalp. Others, among them strong advocates of the farmer's rights, believe that the measure did not contain real farm relief, and will seek passage of other bills.

Whatever the outcome, this affair adds another issue to the next campaign, along with disarmament, taxation and Prohibition. Nearly all of the Presidents have suffered from opposition to popular or supposed popular issues. The final question, of course, is not whether Coolidge is against the farmer, but whether this McNary-Haugen bill was the best representation of genuine farm relief, or whether it would have given any relief at all.

Buy it in Santa Anna.

NOTICE OF SCHOOL TRUSTEE ELECTION

Notice is hereby given that an election will be held in the Santa Anna Independent School District at THE CITY HALL in the City of Santa Anna on Saturday, April 2nd, 1927, for the purpose of electing THREE trustees for said DISTRICT to succeed P. Bond, Mrs. F. C. Woodward and J. L. McCaughan, whose terms expire on that date.

C. F. Freeman is hereby appointed Judge of said ELECTION, and W. L. Mills and J. T. Garrett, Clerks.

ORDER FOR SCHOOL BOND ELECTION

THE STATE OF TEXAS,
COUNTY OF COLEMAN.

SANTA ANNA INDEPENDENT
SCHOOL DISTRICT.

ON THIS the 7th day of March, 1927, the Board of Trustees of the Santa Anna Independent School District convened in regular session, with the following members present:

W. F. Barnes, President; W. I. Mitchell, P. P. Bond, Mrs. F. C. Woodward, Mrs. J. R. Pearce, Trustees; R. L. Hunter, Secretary, and among other proceedings had by said Board, was the following:

There came on to be considered the petition of J. R. Pearce and 137 others, asking that an election be ordered upon the question of issuing the bonds of said school district in the total principal sum of ONE HUNDRED THOUSAND DOLLARS (\$1,000,000.00), bearing FIVE AND ONE-HALF PER CENT (5 1-2 per cent) interest per annum, due serially 1928 to 1967, inclusive, for the purpose of constructing and equipping a public free school building of brick, concrete and stone materials, and purchasing a site therefor, within the limits of said District; and,

IT APPEARING to the satisfaction of the Board of Trustees that said petition is signed by more than twenty (20) taxing voters of said District, and that such petition conforms to the law in all other respects, it is accordingly

ORDERED BY THE BOARD OF TRUSTEES OF SANTA ANNA INDEPENDENT SCHOOL DISTRICT, as follows:

That an election be held at City Hall, in the City of Santa Anna, Texas, on Wallis Ave., and within the Santa Anna Independent School District, in Coleman County, Texas, on the 30th day of March, 1927, and which date is within thirty (30) days after the date of this order, at which election, in accordance with said petition, the following proposition shall be submitted to the Resident Qualified Property Taxpaying Voters of said District, for their action thereupon:

"Shall the Board of Trustees of the Santa Anna Independent School District be authorized to issue the coupon bonds of said School District in the sum of ONE HUNDRED THOUSAND DOLLARS (\$100,000.00), to become due and payable, serially, as follows, to-wit:

- 2,000.00 on April 15th, 1928.
- 1,000.00 on April 15th, 1929.
- 1,000.00 on April 15th, 1930.
- 1,000.00 on April 15th, 1931.
- 1,000.00 on April 15th, 1932.
- 1,000.00 on April 15th, 1933.
- 2,000.00 on April 15th, 1934.
- 2,000.00 on April 15th, 1935.
- 2,000.00 on April 15th, 1936.
- 2,000.00 on April 15th, 1937.
- 2,000.00 on April 15th, 1938.
- 2,000.00 on April 15th, 1939.
- 2,000.00 on April 15th, 1940.
- 2,000.00 on April 15th, 1941.
- 2,000.00 on April 15th, 1942.
- 2,000.00 on April 15th, 1943.
- 2,000.00 on April 15th, 1944.

and bearing interest at the rate of FIVE AND ONE-HALF PER CENT (5 1-2 per cent) per annum, for the purpose of constructing and equipping a public free school building of brick, concrete and stone materials, and purchasing a site therefor, within the limits of said District, and to levy and collect annually a tax on all taxable property in said School District, such tax to be for the payment of the interest on and to provide a sinking fund sufficient to pay the principal of said bonds at maturity, as authorized by the Constitution and laws of the State of Texas, particularly Articles 2784, 2785, 2786, and 2788, Revised Statutes, 1925?"

IT IS FURTHER ORDERED by the Board of Trustees that the following named persons shall be, and they are hereby appointed officers of said election:

G. W. FAULKNER, Judge
CLIFFORD VERNER, Clerk
ELMER EASLEY, Clerk

IT IS FURTHER ORDERED that the ballots for said election shall have written or printed thereon the following:

OFFICIAL BALLOT.
"FOR THE ISSUANCE OF BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF."

"AGAINST THE ISSUANCE OF BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF."

Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his vote.

IT IS FURTHER ORDERED that none but resident qualified property taxing voters of the Santa Anna Independent School District, in Coleman County, Texas, shall be allowed to vote at said election.

IT IS FURTHER ORDERED that three weeks prior notice of said election shall be given by written notice thereof duly posted in three public places within the limits of said Santa Anna Independent School District, and the Secretary of this Board is hereby authorized, ordered and directed to post such notices.

IT IS FURTHER ORDERED that said election shall be held under the provisions of Subdivision 4, of Chapter 13, Title 49, Revised Statutes, 1925,

and particularly Articles 2784, 2785, 2786 and 2788, included in said Title, and any other statutory provisions applying; and this Board of Trustees will furnish all necessary ballots and other election supplies requisite to said election.

IT IS FURTHER ORDERED that the manner of holding said election shall be governed by the General Election Laws of the State of Texas, regulating general elections when not in conflict with the provision of the statutes hereinabove mentioned.

AND IT IS FURTHER ORDERED that immediately after said election has been held, the officers holding the same shall make returns of the result thereof to the Board of Trustees of said School District, and shall return the ballot boxes to the Secretary of such Board, who shall safely keep the same and deliver them, together with the returns of the election, to the Board of Trustees at its next regular or special meeting, and further orders are reserved until the returns of the said election are made by the duly authorized election officers, and received by this Board.

The above order having been read, it was moved by W. I. Mitchell, and sustained by Mrs. F. C. Woodward, that it be passed. Whereupon, the question being called for, the following members of the Board voted "AYE": W. I. Mitchell, Mrs. F. C. Woodward, Mrs. J. R. Pearce, P. P. Bond, and R. L. Hunter, and none voted "No."

W. F. BARNES
President, Board of Trustees of the Santa Anna Independent School District.

R. L. HUNTER
Secretary.

"IT CAN'T BE DONE"

The "Can't Be Done" crowd is the biggest drawback to any community. Whenever any progressive movement is started, there are always some folks who pull back in the harness and rely on the old bromide that "it can't be done."

If the advice of this type of person were followed, nothing worth while would ever have been accomplished in the world. If Wilbur and Orville Wright had listened to the chant of the "can't be done" people, flying machines would not have been invented when they were. If Thomas A. Edison had allowed himself to be swayed by the "can't be done" crowd we might still be burning kerosene for lights.

Innumerable examples might be called to attention. All of the great paintings, all of the great pieces of literature, all of the marvelous inventions of all times have been brought into being by men who thought it "could be done."

The will to do a thing is half the

Thin, Nervous Girl Gains With Vinol

"I was nervous, run-down, and my druggist recommended Vinol. I have gained 5 pounds and feel 100 percent better."—Marie Rimmel. You begin to feel stronger, eat and sleep better the very FIRST week you take this simple, strengthening iron and cod liver compound. For over 25 years Vinol has helped weak, nervous women, over tired men and frail children. Contains no oil—pleasant to take.—S. H. Phillips, Druggist.

No. 1142
Citation on Application for Probate of Will and For Letters Testamentary

THE STATE OF TEXAS.
To the Sheriff or Any Constable of Coleman County; Greeting:
You are hereby commanded to cause

to be published once each week for ten days, before the return day hereof, in some newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in Coleman County, Texas, the following notice:

THE STATE OF TEXAS.

To all persons interested in the estate of W. F. Holland, deceased, Mrs. Cora F. Holland has filed in the County Court of Coleman County, an application for the probate of said will of W. F. Holland, deceased, filed with said application, and for Letters Testamentary, which will be heard at the next term of said Court, commencing on the first Monday in May A. D., 1927, the same being the 2nd day of May 1927, at the Court House thereof, in Coleman, Texas, at which time all persons interested in said Estate may appear and contest said application, should they desire to do so.

Herein Fail Not, but have you before said Court on the said first day of the next term thereof this Writ, with your return thereon, showing how you have executed the same.

WITNESS L. Emet Walker, Clerk of the County Court of Coleman County.

Given under my hand and the seal of said Court, at office in Coleman, Texas, this the 18th day of February A. D., 1927.

L. Emet Walker, Clerk County Court, Coleman County, Texas.

J. J. Gregg, Editor and Pub. Friday, March 11, 1927

TEXAS AND TEXANS (By Will H. Mayes)

Kimble County Magazine

The Junction Eagle plans to issue a monthly magazine, the purpose of which will be to make Kimble county citizens and visiting tourists better acquainted with the resources and attractions of the county—a sort of "Know-Kimble-County-First" publication. That part of the State is attracting attention as a resort, and if the proposed magazine is properly supported and circulated it will soon be much better known. Nowhere in Texas have the people yet come to a real appreciation of the country in which they live and the opportunities it presents for industry and for pleasure.

Building Community Spirit

Miss Susan Landon is delivering addresses in East Texas with the laudable purpose of showing the primary essentials of an ideal community. She is pleading in eloquent and convincing terms for a more efficient agriculture, a better organized marketing system, and a co-operative citizenship more closely bound together by the ties of common purposes, common understanding and common efforts. It is a pity that people everywhere—in town and country—cannot be made to see the great advantage to be derived from unselfish co-operation for the general good.

Money in Peas

A Grapeland farmer gives the figures to show that he has made over \$20.00 an acre from peas sold from ten acres of land, besides the hay that was saved for winter feed for his stock. It is doubtful if any of his neighbors made that much from cotton and it is certain that less labor was required to grow the peas. When farmers learn the lesson of crop diversification there will be no complaint of hard times in Texas.

Smith County Poultry Growing

The Tyler Journal devotes a page to the poultry business and it makes interesting reading. Among the instances of success in the business, the Journal cites the case of a poultryman whose books show that with a beginning of 140 hens on November 1, 1925, and with 450 hens on hand November 1, 1926, a net profit of \$1,357.41 in sales and equipment had been made during the year. There are no secrets about successful growing. The grower needs healthy, vigorous stock and a clean egg production back of it. To start with only the number that can be properly housed and cared for, to expand the business as conditions justify, and to study the game and stay with it as closely as if it were a mercantile business.

Automobile Expense

Merchants are complaining to the News that in nearly every case where customers are unable to pay their bills it is found that they spend more for keeping up and running their automobiles than they owe to the stores—in other words that the cars are operated at the expense of the merchants. The News gives figures to show that, counting depreciation, interest, maintenance, and operating expenses it costs something over 10 cents a mile to run a car. The figures, too, appear conservative. The question arises: "Have you the moral right to spend this 10 cents a mile for your pleasure while you are making your merchant carry your account for necessities?"

Building Big Hotels

The growth of the town as a commercial center is shown in the statement that Midland is building a 200 room, modernly equipped hotel at a cost of about \$300,000, a "structure of architectural beauty and utility." Such hotels are not built in non-progressive towns.

Showing Texas-Made Apparel

With the slogan "What Dallas Makes, Makes Dallas," the Dallas Manufacturing Association showed 35 displays of wearing apparel manufactured in Dallas, at a recent luncheon given by the club. Exhibits of this kind encourage the hope that before many years Texans, in large numbers, will be wearing Texas-made clothing and using mostly Texas-made products.

Italian Show of Texas Goods

Texas manufacturers are being invited to exhibit their goods at the eighth annual fair at Milan, Italy. If

possible, some such showing should be made, not so much because it will reflect credit on Texas factories, as because it will show the Texas interest in manufacturing and will stimulate Italy to an interest in the Texas Limestone when that exposition is held.

Limestone Creamery Business

Limestone county has established creamery stations at central points in the county. Such stations are now operated at Mexia, Groesbeck, Thornton and Coolidge, and the interest being shown is about to result in the building of a modern creamery at Mexia. The sections that are giving more attention to dairying than to cotton growing are all prosperous.

Chicken Industry Thrives

A Bowie chicken hatchery advertises that it is prepared to hatch 30,000 chickens a week, and Tyler incubators with capacity for 50,000 eggs are all running full capacity. Marble Falls shipped 1,180 dozen eggs, one day recently, that being only a part of the day's receipts. These are just scattered reports of the egg and poultry business in Texas. The census reports indicate that the poultry and egg business of Texas reaches the immense sum of \$60,000,000 a year or a total of about \$12.00 per inhabitant. At that, the business is only in its infancy. There are thousands of Texas farms on which there is no poultry.

Worth of Boys and Girls

In addressing a meeting of the Bexar County Girl Scouts, Speaker R. L. Bobbitt, of the Texas House of Representatives, said that if the State of Texas would spend more on the Boy and Girl Scout movement it would have to spend less on its prisons. It is doubtful if any other movement for building good citizenship has ever secured as fine results as the work through these agencies among the boys and girls. Those who come under the helpful influence of these organizations seldom go far wrong either in youth or in mature life.

Running True to Form

An Austin newspaper man who submitted himself to the test of the "truth serum," when well under its influence, exclaimed, "Oh, My! How hungry I am!" The authorities at once accepted this evidence of the efficacy of the treatment as conclusive.

WHAT'S DOING IN WEST TEXAS

(By West Texas C. of C.)

Baird—Blare, of booster bands and flash of booster colors will enlighten Baird March 23 when delegates of the Oil Belt District attend the West Texas Chamber of Commerce regional convention March 23. Large delegations from Cisco, Ranger, Eastland, Abilene, Albany, Stamford and other towns have signified their intentions of coming in groups.

Stamford—E. H. Whitehead, for the past two years publicity manager of the West Texas Chamber of Commerce, will be moved to Fort Worth to take charge of the Fort Worth office of the organization which was vacated when Ray Leeman resigned to become manager of the South Texas Chamber of Commerce. Whitehead will continue to supervise publicity work of the West Texas Chamber of Commerce and will continue to work portions of the western territory.

Munday—The local chamber of commerce has resumed activities after remaining inactive for some months. Pledges of support are indicative of big accomplishments for the organization during the present year.

Goldthwaite—Six communities of Mills county have organized to promote community interests and to entertain speakers on farm topics who come here. Each club has designated a community leader of leaders on various activities that pertain to the general welfare.

Sonora—Machinery has arrived for a core test for potash to be made in this section immediately. Dr. David Floard of Chicago, eminent geologist, has been here several months and located the test.

El Paso—The special El Paso edition of "West Texas Today" has been released from the press. The number is not as large as originally intended and gives chief space to the city as "Gateway to the North." West Texas Chamber member towns that were to receive publicity in the special edition will be given space in the regular magazine at a later date.

Matador—Motley county recently passed a bond election calling for appropriation of the county of \$250,000 for highway improvement.

Fort Stockton—Contracts on primary 40,000 acres and 41,000 acres of secondary land of Red Bluff District are signed and in the Pecos Valley Water Users Association ready for

arrangement for presentation to the Reclamation Bureau. The remaining contracts on the land for secondary interest will soon be in.

Eastland—A \$250,000 Connell Hotel, a five story structure with a roof garden, is to be built in Eastland.

Lampasas—Lampasas county has a fine source of revenue in demands for its noted high grade cedar posts. Orders for Lampasas cedars come from many points. A recent call for three car loads was received here.

Panhandle—Panhandle is to open an early spring paving program, according to plans being worked out between the chamber of commerce and city officials.

Moran—A big delegation from this town will attend the Oil Belt District convention of the West Texas Chamber of Commerce at Baird, March 23 in the interest of securing the 1928 meeting for Moran. A big delegation from this town and also the Moran band will attend the annual convention at Wichita Falls.

COMMUNITY SUICIDE

One of the strangest phenomena witnessed in most towns and small cities is the apparent eagerness with which many otherwise good citizens contribute to the tendency to commit community suicide.

These citizens will often show uncommon zeal in boosting any movement to obtain civic improvements, to promote the location of new industries, to secure better educational facilities, and so on. Yet many of these same proud boosters will deliberately engage in a practice which nullifies all their otherwise laudable efforts—and wonder why their town doesn't go ahead.

We refer to the suicidal habit of buying away from home.

The enormous growth of the mail order habit in recent years is largely responsible for the failure of many communities to make the progress which their natural advantages should make possible. The money that ought to be kept at home for the expansion of local trade and industry is sent away to distant cities, never to return. This life-blood of prosperity is permitted to ebb away, thru the indifferent or thoughtlessness of the very persons who should set an example of local pride and loyalty.

A trifling saving here and there, usually more imaginary than real, is sufficient to cause the average citizen to forget his duty to his community

and to himself, which if performed would mean more in the direction of local prosperity than all his other boosting efforts put together.

Why hoist in one direction, while committing community suicide in another?

EXTREMISTS

Criminal prosecution on homicide charges of persons responsible for poisonous substances being placed in industrial alcohol is demanded in a resolution introduced in congress by a New York representative.

Now a resolution to prosecute druggists who sell carbolic acid will be in order. Also, congress might entertain a petition to prosecute firearms dealers for selling revolvers.

People drink carbolic acid for the express purpose of ending their lives. People kill themselves with firearms. Everybody knows what a gun will do. The law permits them to be sold.

The government put poison in industrial alcohol on the theory that it would not be drunk as a beverage and thus a means of violating the eighteenth amendment would be removed.

But it seems there are a great many persons who will drink the stuff regardless, just as there are a great many who drink carbolic acid and shoot guns at themselves and others.

The trouble with the prohibition question is that the extremists are doing all the talking. The wet radicals have the center of the stage now trying to press the advantage gained by putting the dry adherents "in the hole" on the poison liquor argument.

The government is planning to remove the poisonous substance from denatured alcohol, but there is no escaping the logic that if a man of woman drinks industrial alcohol knowing it to be poison, he does it at his own risk just as he drinks any other poison or puts a loaded gun to his head and pulls the trigger.

SIGNS YOU CAN BELIEVE IN

If your breath is bad and you have spells of swimming in the head, poor appetite, constipation and a general no-account feeling, it is a sign your liver is torpid. The one really dependable remedy for all disorders in the liver, stomach and bowels is Herbine. It acts powerfully on the liver, strengthens digestion, purifies the bowels and restores a fine feeling of energy, vim and cheerfulness. Price 60c. Sold by CORNER DRUG STORE

"This world is full of beauty, and if we did our duty, we'd find it full of love," a poem reads. Correct. The main trouble lies in the fact that we usually are not looking for the beautiful things in life, and, as a result, let them pass from our very door. Let us remember always that we will get just as much from life as we put into it.

Luck is a thing which should be accepted as it comes and which should be treated intelligently. Good luck is the most dangerous because it is the most difficult to handle.

Texas Mercantile Company Santa Anna, Texas

There was a time when men desired no higher title than "gentleman." It stood for courage, honor and high-mindedness and bestowed upon the one wearing it the right to bear a coat of arms setting forth qualities. With the passing of the old South the term has fallen into disuse. More's the pity.

BUSINESS CONFIDENCE

Confidence is the one big asset of the optimist. It is confidence that moves mountains, drives off fear and enlarges the vision of the future.

Without confidence, the whole business structure would fall. When people deposit money in the bank, they have confidence in the banker else they would keep their money hidden at home. When merchandise is sold, the purchaser believes that it is as represented, or he would go elsewhere.

Confidence is the basis of every business transaction. Any act that destroys confidence is a backward step. The business man who does not keep his word is a dangerous element in our social structure. If he misrepresents the goods he sells, he damages not alone his own interests, but the future of business.

Dishonesty in business is more to be deplored because of its far-reaching evil effect. Like the ripple on the surface of a placid lake caused by a boat, a dishonest business act makes an every-widening circle and injures honest business.

Business confidence can be maintained and strengthened only by honest dealing. Mistakes may be made, but they may always be rectified.

Thus, men engaged in business have a deep responsibility. They alone do not suffer from their misdeeds. In their dealings they should remember that they have a double obligation—to their customers and to their fellow business men.

Honesty in business is the first requirement for business confidence. That it is being practiced as a general rule by business is revealed by the growing confidence in business.

Advertising has contributed in large measure to this condition of affairs. It has placed business on a higher plane because through advertising business men pledge themselves to certain policies and practices. Advertising has thrown the white light of publicity on business and business has profited by winning greater confidence.

When you meet a stranger, it is your impulse to show your superiority by pointing out defects in your home city, or to tell him what a fine town we have? The latter point of view helps make it a still better town.

ONE IN TEN

Neglecting a little wound, cut or abrasion of the flesh may in nine cases out of ten cause no great suffering or inconvenience, but it is the one case in ten that causes blood poisoning, lockjaw or a chronic festering sore. The cheapest, safest and best course is to disinfect the wound with liquid Borosone and apply the Borosone Powder to complete the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by

CORNER DRUG STORE

THE POSTAL PROBLEM

The fact that the Government, and intentionally, perhaps, has concealed the moderate prosperity of the commercial branches of the postal service behind a traditional deficit caused by an overload of free or less-than-cost "policy" services, is disclosed in a report which the postal service committee of the Chamber of Commerce of the United States has submitted to Congress as a basis for demanding revision of the postal rate.

The Post Office Department is the errand boy for all Government departments, agencies and commissions. It carries free, all the pamphlets sent out by the Department of Agriculture, the notices sent out by the Treasury Department, the voluminous mail sent out by every bureau, commission, committee and department comprising, in the aggregate, Government business. Yet the Postoffice Department pays the Bureau of Engraving for its stamps, it pays the Government Printing Office for its printing and it pays every other department for what it gets.

The costs of performing "policy services"—that is, services recognized to be in the public interest but uneconomic from the purely commercial viewpoint, such as rural free delivery and the handling of fraternal and scientific publications—are charged against the Postoffice Department.

In consequence, the cost of the deficit hovers about the Post Office Department and the perennial efforts to pay it by raising postal rates, placing additional burdens upon the commercial mail users, have proved ineffective.

Such practice is unfair to the Post Office Department as well as to private users of the mails, and would not be tolerated by any well regulated, private business concern.

Raising postal rates has an effect on business just opposite to that of reducing taxes. The latter has been stimulating and the former, as now shown by experience, has been retarding.

Information received from many lines of industry confirms the conclusion that the present postal rates, most of which went into effect upon business and harmful to the general public welfare but also in certain respects fail to accomplish the purpose for which they were intended.

For instance, the increase in the rate on private mailing cards from one to two cents not only failed to produce more revenue, but drove more than 80 per cent of private post cards out of business.

All service performed by the Post Office Department for other divisions of the Government should be charged to the departments receiving it.

When this has been accomplished, the postal laws and mailing rates should be revised accordingly, for they require a thorough overhauling.

SPRING PLANTING

Spring, bringing new life to the world, brings to human beings fresh energy and a new chance. It is a chance to get out of ruts, to stop fossilizing, to start something new, to get into touch again with the vital forces that press and surge all around.

It is time to begin new ventures, as

Nature herself does. A time for new business plans, new schemes for self-development, new adventures in recreation.

If there is any space of earth available, plant a garden. The raising of flowers and vegetables and fruit is in itself recompense enough to anyone with a feeling for natural things. Cooperation with Mother Earth pays in the pleasure of creation, without

counting the crops. And it also awakens minds that have gone altogether dead from artificial living.

Life itself is a garden. The health and inspiration drawn from spring gardening counteract the dulling effects of mechanical existence; renewing ambition and creative purposes. That little garden plot, flower bed or potato patch or orchard is full of the pleasure of creation, without ideas for growth and progress.

Sunday School Lesson

By REV. F. R. FITZWAHER, D.D., Dean of the Evening School, Moody Bible Institute of Chicago. (© 1927, Western Newspaper Union.)

Lesson for March 13

MAKING THE WORLD CHRISTIAN

LESSON TEXT—Matt. 28:16-20; Acts 16:6-12.

GOLDEN TEXT—Go ye therefore and teach all nations.

PRIMARY TOPIC—Telling Every Body About Jesus.

JUNIOR TOPIC—Winning the World for Christ.

INTERMEDIATE AND SENIOR TOPIC—How We Can Spread the Gospel.

YOUNG PEOPLE AND ADULT TOPIC—Christian Missions the Hope of the World.

I. The Great Commission (Matt. 28:16-20).

1. When and where given (v. 16).

It was shortly before the ascension in a mountain in Galilee where the disciples met Jesus according to appointment.

2. The foundation upon which the commission rests (vv. 17, 18).

In order to prepare the disciples to receive this commission, Christ declared to them that all power in heaven and in earth was given unto Him. Before the disciples would enter upon the execution of this commission they must be convinced of His Lordship. To create doubt in the minds of believers as to the deity of Jesus Christ is to cut the nerve of missionary endeavor.

3. What the commission is (v. 19, 20).

1. "Go—teach all nations" (v. 19). This means "make disciples of all the nations, not Jews merely."

(2) "Baptize them in the name of the Triune God" (v. 19).

Those who have become disciples of the Lord should receive the rite which signifies their relation to Him.

(3) "Teach them to observe all Christ's commandments" (v. 20).

Those who have become Christ's disciples should be taught obedience to all His commandments.

4. The promise attached (v. 20).

Those who obey the King in evangelizing the world have the promise of His unfailing presence.

II. Forbidden by the Holy Spirit to Preach in Asia Minor (Acts 16:6-8).

The intention of Paul and his companions was to tarry in Asia Minor preaching the Word, but contrary to their inclination they were hurried along. We have here a fine lesson on Divine guidance. The Holy Spirit is just as active and faithful in closing doors as in opening them. "The steps as well as the steps of good men are ordered of the Lord." We ought to try to recognize God's hand in the "shut-ins" as in the "open-outs."

III. The Call to Macedonia (Acts 16:9-12).

The gospel having broken the confines of the Jewish city and country, the middle wall of partition having been abolished, the time has come for it to leap across the Aegean sea and begin its conquest on another continent.

1. The vision (v. 9).

Being hemmed in on all sides, a vision was given to Paul of a man of Macedonia pleading for help. This made plain to him the closed doors about him. In finding the divine will, we should look both ways.

2. The advance (v. 10-12).

As soon as the divine way was known they moved forward therein.

IV. The First Convert in Europe (vv. 12-15).

The devout people were accustomed to worship by the riverside. To this humble gathering Paul came and preached to the women assembled there. A certain woman from Thyra named Lydia, a proselyte, believed his message and was baptized.

The steps in Lydia's conversion are worthy of note for they are typical:

1. Attendance at the place of worship (v. 13).

Usually those whom God is calling are found at the place of prayer.

2. Listening to the preaching of the Word of God (v. 13, 14).

The instrument used in the conversion of sinners is the Word of God (Rom. 10:17).

3. The heart was opened by the Lord (v. 14).

Only the Lord can convert a soul. It is our business to preach the Word of God, and it is God's business to open the heart of the inquirer.

4. She was baptized (v. 15).

Every one whose heart the Lord has opened desires to confess Him to his neighbor.

5. Her household believed (v. 15).

When one is converted those in the home will find it out.

6. Practiced hospitality (v. 15).

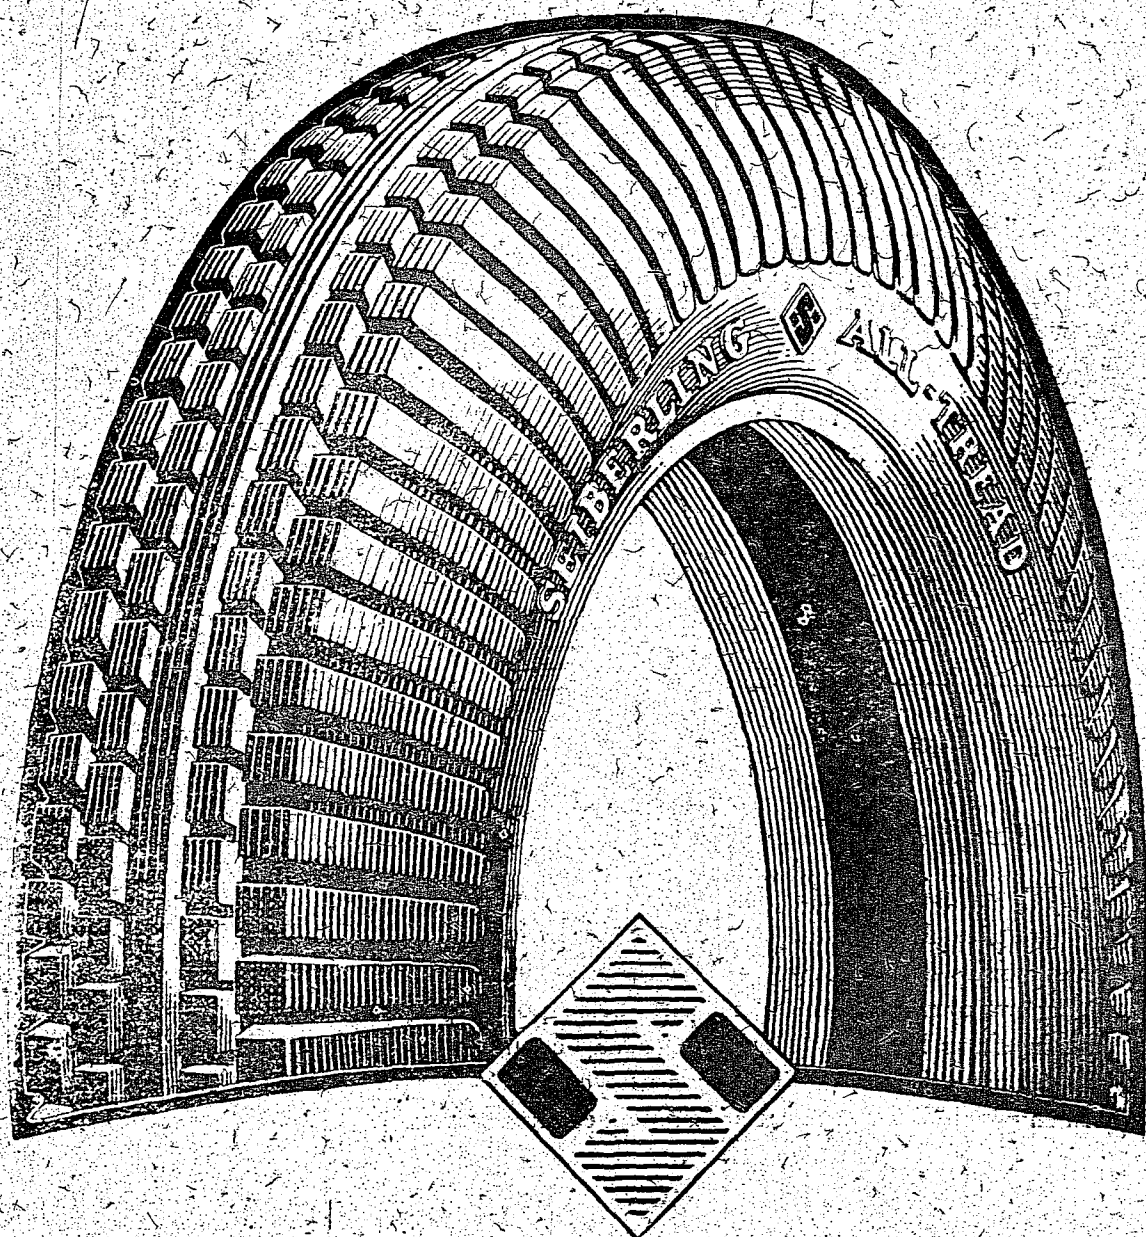

Those who have experienced God's saving grace are thus disposed to have part in His work by rendering aid to His ministers.

Pursuit of Happiness

Many people are on the wrong bent in pursuit of happiness. They think it consists in having and getting, and being served by others. It consists in giving and in serving others.—Herald of Gospel Liberty.

Salvation

Salvation is not from you, not in you, nor by you, nor of you, but only in Christ, and by Christ, and of Christ, but thanks be to God is for us.—Central Bible Hall Record.

SEIBERLING ALL-TREAD TIRES

The Seiberling tire was designed by C. W. Seiberling, formerly head of the Goodyear Tire and Rubber Company.

The Seiberling tire was originally built with the idea of lengthening the road life of tires, of saving money for motorists, by making the same tire investment give more miles.

Seiberlings are the most adaptable tire on the market—they were then, and they are now. The explanation lies in the quality that was designed and built into them.

On city streets or country roads, without flinching, without failing, Seiberlings do all they are expected to do—and more. The flexible construction of the tires (designed for lower air pressure) and the utility of the tread are the basis of Seiberling quality. Seiberling is first by merit.

The tuff tread rubber from bead to bead and the long protecting side bars put it in a class by itself. Its appearance tells its own story of ability to conquer every kind of road, to resist abrasion in ruts and at the curb, pulling through mud, sand or snow, resist skidding on slippery pavement.

Seiberling Prices

Nobody ever got something for nothing. The lowest priced tire is not the cheapest. The cheapest tire is the tire that requires only a reasonable outlay, and gives miles and miles of trouble-free service. Quality plus reasonable price equals economy. Seiberling prices are like that. Seiberling is the most economical tire you can buy.

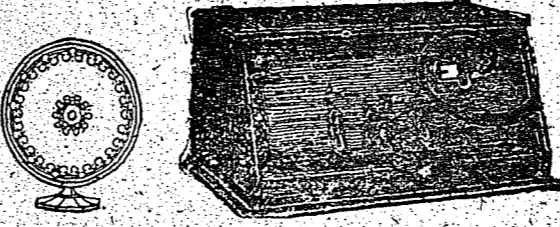

We have just received a large shipment in sizes from 30x3 to 40x8. Balloon and High Pressure tires, all priced to sell.

TOWN GRAVE DIGGERS—In nearly every community you find quite a number of persons who consider themselves leading citizens, but in truth are helping to dig the grave for their town. They do it through their failure to support the institutions which make the town what it is or should be. Not only does sending money away from home for merchandise that might be bought with equal advantage help dig the grave for the town, but failing to give your moral support to public enterprises necessary to improve your town and community helps to convert your town into a community graveyard. They do it frequently through thoughtlessness but often through disregard for the welfare of the community, of which they are a part. Buying at home is not so much for the advancement of individual merchants, it is because every citizen in a town or a community is to a certain extent dependent upon every citizen for his own prosperity. Business men and citizens should all cooperate for the community welfare. Let's strive and work for a better Santa Anna with a more united citizenship.

Crosley Radios are made for use with or without power tubes. If it is desired to use power equipment, use CX-300-A or CX-200-A for detector tube. In your last stage, use a UX-112, CX-112, UX-171 or CX-371 and provide an addition to the extra B Battery and C Battery. This arrangement will bring in weak signal stations with more volume.

<p style="text-align: center;">THE 5-TUBE 5-75</p>  <p>The five-tube 5-75, in its beautiful mahogany two-toned console cabinet, with built-in Musicone, is a most startling value in the new Crosley line. The receiving set itself is the same as that used in the 5-50, with its single drum station selector, shielded chassis, power tube adaptability, etc. In the 5-50 and 5-75 there are two adjustment levers which permit very sharp tuning when nearby stations spread broadly over the dial. Under varied conditions, these levers, when once adjusted, need not be touched again. Many other attractive features, found only in very high-priced equipment, are incorporated in this new receiver.</p>	<p style="text-align: center;">5-50 SOLID MAHOGANY CABINET</p>  <p>This new five-tube radio, with its single drum station selector and installed in a solid mahogany, two-toned cabinet, is certain to dominate the medium-priced field. It incorporates two stages of non-oscillating radio-frequency amplification, regenerative Crescendo-controlled detector and two stages of audio-frequency amplification, with means provided for use of a power tube in the last stage. All stations found instantly on this one pressure. Can be calibrated for wave lengths. Incorporates new shielded compartment metal chassis.</p>	<p style="text-align: center;">THE R. F. L. 90</p>  <p>The R. F. L. 90 utilizes the now-famous non-oscillating R. F. L. circuit and incorporates the new double drum station selector. This circuit, with the new metal chassis, installed in a beautiful mahogany two-toned console cabinet, with a built-in Musicone, forms a radio for which there will be an immediate and tremendous demand. It includes the very latest of radio refinements, is exceptionally attractive in appearance and meets the requirements of those listeners who are most particular about the appearance of their set. There is ample space inside the cabinet for batteries or battery eliminators, making it absolutely self-contained.</p>

Caught in the Round-Up

WINNING OF BARBARA WORTH 18th and 19th.

Charley Rountree of Abilene visited in this city this week.

Mrs. J. Frank Turner was a visitor to Brownwood Saturday.

Mr. and Mrs. Gus Roush are visiting relatives in Goldthwait this week.

Mrs. Comer Blue spent the week-end in Austin.

Mrs. Charles Shield of Trickham visited in Santa Anna last Friday.

Pat Moore of Shreveport, La., visited in the Fred Turner home Sunday.

Burgess Weaver and Dewey Pieratt were San Angelo visitors Sunday.

Miss Inez and Forrest Marshall were Abilene visitors Sunday.

M. A. Buchanan and family of Brownwood were Sunday visitors of the editor and family.

Calvin Baker and family of Jal, N. M., spent Monday and Tuesday visiting with the editor and family.

Miss Elizabeth Turner of Daniel Baker College spent the week-end with home folks here.

Miss Corinne Wallace spent the week-end in Coleman with her friend Miss Will Gideon.

W. C. Ford and Jerry Simpson made a business trip to San Angelo Friday.

Misses Gladys Smith and Faye Turner were week-end visitors with Miss Oleta Bowden of Brownwood.

Mr. and Mrs. Oscar Williamson and daughter, Miss Buna, were business visitors to Brownwood Friday.

Mrs. Ernest Reedes of Waco is visiting her sister, Mrs. Hardy Blue in this city.

Fate Jones and family of Shield visited in the T. T. Perry home Sunday.

Misses Elizabeth Greer and Geneva McCullough of Coleman spent the week-end with Miss Odelle Brown.

Supt. J. C. Scarborough attended the National Education Association which met in Dallas last week.

Mrs. Bob and Walter Miller of Brownwood were Sunday visitors with Mrs. E. M. Roush.

Judge Woodruff of Dallas is visiting his parents, Mr. and Mrs. N. P. Woodruff this week.

STATE UNIVERSITY COMPILING HISTORICAL DATA

Austin, Texas, March 6.—A biography of Gen. Garcia is being written by Dr. Eduardo Castaneda, who recently took up his duties as librarian of the Latin-American collection of the University of Texas library. He expects to have his study of the Mexican scholar completed in about two months. It was Garcia who assembled the great collection bearing his name which the University of Texas purchased from his estate in 1921. The Garcia collection comprises 12,000 bound volumes, 15,000 pamphlets and 400,000 manuscript folios, according to Castaneda, and it is the most complete collection of its kind in the world in his opinion.

According to Castaneda, the most important part of the collection is that dealing with the history of the church in Mexico and the history of that country itself. Both these collections are very extensive, he said. The collection dealing with Mexican laws and the debates in the Mexican congress is the most complete account that exists.

"There are in the library," said Castaneda, "about 400,000 manuscript folios. These constitute by far the most important and rare part of the collection. Among these is a complete chronicle of the University of Mexico, with authentic minutes and records of all happenings from 1553 to 1687. It is the only perfect record in existence, although there is a copy in the national museum at Mexico City which is badly torn and damaged by fire.

"In addition, there are private papers of Iturbide, the first emperor of Mexico, of Gomez Parios and of Santa Ana. The last two are of especial interest to students of Texas history, since they were in power at the time of the Texas Republic. The papers of one Mexican family, the Riva Palacios, cover a period of over 100 years from 1808 to about 1912. These papers contain a great deal of valuable information about government affairs since the family was prominent and held a great number of political positions."

Charley McKinney of Coleman spent Sunday with his mother, Mrs. J. H. McKinney.

Rev. A. L. Oder, who has been sick for several weeks, is now able to be up.

Mrs. Wallace Kirkpatrick left this week for Sterling City to visit her daughter, Mrs. Henry Newman.

G. W. Faulkner and W. C. Ford made a business trip to San Angelo Monday.

John B. Lowe and family moved into their new home in the north part of town last week, recently purchased from R. L. Todd.

Mrs. O. M. Bondurant of Arlington, Texas, is visiting her mother, Mrs. S. J. Parker and other relatives here this week.

Aubrey Childers who is attending school at State University at Austin, is visiting his parents, Mr. and Mrs. S. W. Childers.

Mrs. L. W. Hunter, Lee Hunter, Sid Martin and Walter Kirkpatrick attended the Baptist meeting at Coleman Junction Monday.

Shield Brown, who is attending Baylor Medical College, Dallas, was home Tuesday visiting his father, A. R. Brown.

Mr. and Mrs. S. W. Childers, Mr. and Mrs. Ed Baxter and daughter, Miss Dorothy, visited the Fat Stock Show in Fort Worth this week.

Mr. John Rainbolt spent Sunday in Ballinger with his wife, who is recuperating in the home of their son, Boyd and wife.

Mr. and Mrs. Jodie Mathews had as their week-end guest Mrs. Mathews' mother, Mrs. Hodge of Brownwood.

Mr. and Mrs. Jerry Simpson and Mrs. Harvey Melton were week-end guests of Mr. and Mrs. Vernon Adams and Miss Winnie Todd of Comanche.

I. Williamson and W. H. Melton attended the Southwestern Exposition and Fat Stock Show in Fort Worth this week.

Fred Rollins of the Mathews Motor Company was looking after business interests in Dallas the first of this week.
