

Health Talks

Prepared by the Texas Medical Association

No reducing diet can do all things to all people. Your excess poundage may be due to such a vast combination of causes that undertaking a diet promiscuously may do more harm to your physical being than taking care of the poundage.

Through the years the scholars have carefully studied the needs of the human body and have set

up certain standard, basic requirements. In time of illness some of the seven broad classes of food may have to be eliminated from the diet but these same ingredients are eliminated in time of health only at the risk of throwing the whole body out of kilter.

Eating the proper foods in servings that are just right for you does not guarantee you good health, but eating wrong foods or overeating the proper foods is practically always an invitation to illness.

Food is not all of life, though

certainly it is an important part. The solids and liquids which make up the food you eat are vital to your health and welfare, not something to be whimsically abandoned with every food fad or cult that strikes you as being interesting.

Take the seven basis foods, for instance, and the importance they play in providing your body with the necessary vitamins and minerals. Not many people take the time or expend the effort to study those necessary ingredients and many of the names of the "things" in food just further confuse the general public; so unless you have made a special study of food and nutrition and can devise your own setup of food, you will do well to follow the advice of those who have made such studies.

Milk and milk products are included in the basic diet because they furnish fat, carbohydrates and proteins in a digestible form. All foods contain either fat, carbohydrates and proteins; those are the three big classifications of food. And milk not only contains all of them, but has them in a form that is easy for the body to use. Calcium and other minerals are also in milk products, vitamin A is especially high in cream, and riboflavin (a member of the vitamin B family) is also added to your diet by way of milk.

Cheese is part of the milk requirement, of course, and adults, who need about a pint of milk a day, would count up, roughly, the amount of milk or cream or cheese which they consumed in its natural state or in cooking. Children would use the same measure to see that they are getting a pint and a half to a quart of milk or milk products every day.

parts of your "innards" need different parts of those foods as listed, and need them every day to keep functioning properly. When any of these foods must be eliminated from the diet, it is usually necessary to take some "pill" which replaces that ingredient restoring the balance of the diet.

bag limits for the north zone on mourning doves and had recommended a later season, beginning on November 15 for the south zone.

The Commission acted in accordance with a poll taken of Texas sportsmen on their preferences for the mourning dove season. Preponderance of north zone opinion was to retain the present September 1 opening date, while the bulk of south zone hunters responding to the

poll wanted a later date than the present October 20 opener. Many from the south zone asked that the mourning dove dates parallel the quail season beginning on December 1. The Commission recommended the south zone opener be November 15 and run through January 1.

Bag limits under the Commission proposal would be ten birds and shooting hours would be from one half hour before sunrise to sunset.

Dove Hunting This Year May Be In Afternoons Only

AUSTIN — Possibility that Texas hunters may be restricted to afternoon shooting during the coming mourning dove season was indicated Friday at a meeting of the Game, Fish and Oyster Commission.

Word received by the Commission from the Federal Fish and Wildlife Service, which sets the seasons on all migratory fowl, was that afternoon hunting was being considered by the Federal authorities.

This news came after the Commission had recommended the same dates, shooting hours and

Echoes From The Alamo City

BY MRS. A. L. ODER
THAT WAS CHEAP FISH

I believe my article stating I could get good frozen fish here for less than 40 cents per pound shrank to 4 cents, through a typographical error.

While we are on the subject of fish, and fishing, I note that an authority on the subject says the way to catch fish is to have your hook always at the right place at the right time. He gave no information as to how you could know either of these points.

I read that a San Antonio citizen had an expensive fishing trip lately. Upon arrival home he found that vandals had taken one thousand dollars' worth of electrical appliances out of his home, during his absence.

I TALKED TO MRS. VERNON WATSON

For sometime I had been thinking I would call up Mrs. Vernon Watson, who used to live in Santa Anna. As most of you know, she is the daughter of Mrs. H. M. Smith. The Watsons moved here several years ago. They own a home on Davis St., and are delighted with life in the Alamo City. The Watsons have two sons, aged 5 and 7. Mrs. Watson told me she would be looking for her sister, Mrs. Noah Stacy and family next week end, while Noah is on vacation.

LET'S GIVE OUR SANTA ANNA TRADES PEOPLE A CHANCE

The great way you people put over the hospital opening and the fine welcome you have accorded Dr. Love and family, and his staff, is something to be proud of. All this will come to

nought unless the doctor is patronized and the hospital used by those who need the service and can pay.

I wish I had time and space to write a long article about some other things we might do to help our town. Give all of our merchants and trades people a chance before ordering anything, or going elsewhere to buy. If you don't shop around, you can't know how reasonable the things you are needing may be purchased in Santa Anna. It is our home people, including our business firms that largely keep our schools and churches going, our street improvements and other civic undertakings. It is our merchants that are called on very frequently when fire or other disasters strike our citizens. It is our home people that can be depended on in sickness and death. The mail order houses must fill a need or they would not continue to prosper, but if any of them pay our school taxes I don't know it, and if you ever see one of their cards on local funeral flowers, someone should keep it for a museum. I believe "a long pull and a pull together" can bring us back to the glory and prosperity of other days.

Visitors in the home of Mr. and Mrs. M. L. Guthrie, Sr. over the week end were nephews of Mrs. Guthrie, Sam and James Phillips, of Houston.

Thomas Newman, son of Mr. and Mrs. Lester Newman arrived home last Wednesday, for a few days stay. He is being transferred from his station in Washington, to a battle ship and will be stationed in the Pacific area.

Ignorance causes more blisters than bliss.

No Free Lunch Lesson for August 3, 1951

YOU cannot find the words "economic relations" in the Bible, but you cannot find the word "humanity" in the Bible either. Yet you would not say that the Bible has no message for humanity, and if you say that it has nothing to say about the economic life, it shows you have not thought what the words mean.

Dr. Foreman

"Economic relations" is an expression for everything that goes into life from a business or money standpoint, everything we buy and use, make or raise of manufacture or sell. Money's not everything, but money's into everything. The Bible speaks about life, including the economic aspect of life. Nobody can live for a day without having some kind of economic relations, or sin (as a hobo does) by not having them.

No Free Lunch

ONE vital part of our economic life is earning a living. A learned professor of economics said that the whole subject can be put into one short sentence: "There is no free lunch." He meant, of course, that everything has to be paid for, by somebody, some time. You may get your board "free," but everything on the table costs somebody something, and if you are not paying for it, some one else must.

Now the Bible teaches that every one who is able to do so, should earn his living. Saint Paul made a rule for his churches: "He that will not work, neither let him eat."

That sounds hard-boiled, but makes sense. The Bible has no use for the hobo, the loafer, the "moocher," the "grifter," the person who thinks the world owes him a living. The world owes no one a living.

The Right to Work

IF it is the duty of all of us to earn our board and keep, on the other hand the world ought to give us the opportunity to do so. Along with the duty of earning a living goes the right to earn a living.

We saw, some weeks ago, that a basic Christian principle for right living is the value of individual persons. This holds good for economies as well as for all other areas of life.

What happens to the man who cannot earn a living? If he becomes an "object of charity," in a short while he loses ambition and self-respect. And if he gets no charity, he starves.

So any system or arrangement of society, or any action or condition permanent or temporary, making it impossible for a man to earn his own living, is harmful to human persons and therefore sin.

Eight Communists Wanted By FBI

Eight Communist Party leaders are being sought by the FBI as fugitives from justice. Mr. J. Edgar Hoover, Director of the FBI, has asked that all citizens and law enforcement agencies assist in locating these individuals by reporting any information they might know concerning their whereabouts to the FBI Headquarters in Washington, D. C., or to the nearest FBI office, which is in Dallas, Texas.

Each week we will publish a picture and brief descriptive information on each of the eight Communist.

FRED MORRIS FINE

Fred Morris Fine, age 37, Secretary, Public Affairs Department, National Headquarters of the Communist Party, USA, is being sought by the Federal Bureau of Investigation on a charge of conspiracy to advocate the violent overthrow of the government. The FBI has requested alert citizens and law enforcement agencies to assist in locating Fine. A description of Fred Morris Fine is as follows:

Age: 37; born March 30, 1914, Chicago, Illinois; height 5' 5 1/2"; weight 139 pounds; build medium; hair brown, partially bald in front; eyes brown; race white; nationality American; scars and marks: mole on left cheek at mouth level, distinguishing characteristics: large mouth, heavy features and prominent Adam's apple. Fine has worked as a steel worker, a clothing store clerk, typist and bookkeeper. He is not known to drink. He smokes a pipe and cigarettes. In the past he has suffered a hernia and other complications which necessitated medical treatment. He has resided in New York since 1939. Prior to that time he lived in Chicago, Illinois, and Detroit, Michigan. He was indicted by a Federal Grand Jury at New York, New York, on June 20, 1951.

Any person having information which may assist in locating Fine is requested to immediately notify the nearest FBI office.

Mrs. L. J. Dodson Ranks High In 1951 Gardening Program

The Farmers Home Administration and Home Improvement Committee met Wednesday, July 25, at 2:00 p. m. in the Agriculture Building, Coleman, Texas. Those attending were: Mrs. George Cobb, Mrs. Louis J. Dodson, Mrs. Ivan O. Hill, Mrs. Earl Coplen, and Mrs. Maude L. Hooten, Home Management Specialist. Mr. John H. Curry, County Supervisor, was also present.

Though the drought has been discouraging so far the committee members are still looking for rain and planning to plant the fall garden according to the extension service bulletin. They brought out first, to clean the garden plot, second, fertilize with powdered dry barnyard fertilizer, third, have seed bought and on hand, fourth, stir soil if possible. If not possible then wait for rain. Immediately after the first fall rain, probably between August 25 and September 10, plow and plant the garden at once.

Mrs. Louis J. Dodson, Route 2, Santa Anna, has taken the cake on gardening for 1951 thus far. She has had fresh food for some time, has stored enough pumpkin to last all winter. She is having more tomatoes and okra than they can eat, also black-eyed peas to eat. She has been able to can some food previously and will have plenty of tomatoes and okra to can. She reported eating the last 1950 pumpkin in April. The program consisted of reports of 1950 progress, preparation of soil for fall planting, proper selection of seed varieties and insect control.

OPS Places Canned Vegetables Under Ceiling Regulations

Fort Worth. — The Office of Price Stabilization is placing the billion dollar canned vegetable industry under ceiling price regulation, the Fort Worth District OPS office says. The regulation will permit price adjustments for changes in raw materials cost and some other costs. The regulation, to be effective August 5, first affects canned peas. Other major vegetable packs will be regulated later. Base period for figuring costs, the District Office says, will be the first 60 days of the 1948 pack, and this will result in some price decreases as well as increases. Special pricing provisions are made for grower-owned cooper-

atives, grower-processors and processors who buy raw materials on open-end contracts. Processor-wholesalers and processor-retailers are given different treatment. Packers and processors in this area who want further information can get it from the Fort Worth District OPS Office.

FLOOR AREA MEAT RULES EASED BY OPS

The Office of Price Stabilization has taken steps to assure enough supplies in five flood-stricken states, designated "distress areas," by easing price regulations on livestock, the Fort Worth District Office announces. The emergency regulation will be in effect for the 30 days ending August 23.

BEEF PRICING POSTING SUSPENDED BY OPS

Pending final action by Congress on price control legislation, the Office of Price Stabilization has suspended until further notice the requirement that meat retailers post ceiling prices of beef cuts, says the Fort Worth District OPS Office. Posting was due August 1. This action in no way changes the requirement that all retail prices for beef be listed in the tray in which cuts are displayed, and that these prices be at or below ceiling, the District office said.

OPS also amended the retail beef price regulation to limit the fat content of pre-ground hamburger to 25 per cent instead of 30 per cent as first provided and to permit, under certain conditions, the sale of lean pre-ground beef with a fat content of 12 per cent or less. The lean pre-ground beef will have a ceiling price of 10 cents a pound above that for hamburger, the District Office said.

Mr. and Mrs. J. D. DeSha and Patsy and Jerry Lee returned over the week end from a two weeks vacation that carried them to Estes Park, Colorado, where they visited Mr. and Mrs. Myron Pratt, and J. D. spent a few days fishing. They also visited in Roy, New Mexico with an aunt, Mrs. Jim Ruth, and Mrs. DeSha's mother, Mrs. Annie Conley in Lubbock.

Mr. and Mrs. Roy West and Mr. and Mrs. Buster Woodard and Billie Joyce returned Saturday from a weeks vacation, visiting points of interest in New Mexico, Colorado, Kansas and Oklahoma.

Some people wake up and find themselves famous; others remain out all night and become notorious.

North Side Baptist Church News

Services were well attended the past Sunday at the North Side Baptist Church. There was good interest manifested in each service. There was one saved and received for baptism, and there was one received by transfer. The Woman's Missionary Auxiliary meets each Tuesday afternoon at 3:30. This phase of the work is growing in interest and attendance. They invite others to attend these meetings.

Mrs. Tex Jeffcoat honored her daughter, Sheila, with a party on her fifth birthday, Tuesday, July 24. Games were enjoyed by the ones present and the honoree received many nice gifts.

Refreshments of sandwiches, pickles, potato chips, cake and punch were served. Balloons and bubble gum were plate favors.

Those attending were: Frankie Ruth Walker, Margaret Mobley, Sherry Thompson, Linda and Gene Robinett, Linda Horner, Carolyn Rowe, Darla Jean Williamson, Patsy Scott, Charles Ball, Bryan Rowe and Dickie Horner.

The children's mothers were all present and Sheila's grandmother, Mrs. Paul Rowe and Great grandmother, Mrs. G. W. Bailey of Winters, was also present.

Local H. D. Club Met With Mrs. Conley

The Santa Anna Home Demonstration Club met in the home of Mrs. C. T. Conley Friday, July 6, with the president, Mrs. John Perry, in the chair. Mrs. Conley gave a demonstration on Quick Bread.

Friday, July 27, the club had an all day meeting in the home of Mrs. C. W. Stephenson, Sr., with a covered dish luncheon at the noon hour. There were 14 members present for the luncheon and several others during the afternoon. A quilt was quilted for Mrs. C. M. Wood and the club decided to quilt one for Mrs. Roy Wood's for her.

A business was held in the afternoon. Mrs. Neil couldn't be with the club, but will meet with them in the near future and give a talk on Health.

Watson - Walters

Miss Lanettia Jean Watson, of Fort Worth, became the bride of Garland Wayne Walters, of Lackland Air Force Base, near San Antonio, at 5 p. m. Sunday, July 8, in Rosen Heights Baptist Church, with the Rev. Calvin Swearingen of Abilene, officiating.

The bride is the daughter of Mrs. Freda Watson, and the groom is the son of Mrs. Walters of Brownwood.

Mrs. Woodrum, organist, accompanied Miss Mary Makarevick, who sang, "Always" and "I Love You Truly". The candles were lit by Miss Clara Jean Stewardson of Santa Anna. The bride was attended by her cousin, Mrs. Henry Novak as matron of honor, and Miss Kathryn Stewardson as maid of honor. They wore ballerina-length dresses and carried colonial bouquets of green carnations. Mrs. Novak's dress was yellow and Miss Stewardson's was pink.

Harold Horton was best man and Darwin Watson, Jr., was groomsmen. Wayne Watson and R. D. Hartman were ushers. H. T. Novak was ring bearer and Lufreid Watson was flower girl.

Given in marriage by her father, the bride wore a ballerina length dress of pastel blue organdy over taffeta. Her shoulder length veil of pastel plue fell from a halo of tulle and flowers. She carried white gardenias and a white Bible.

The couple will reside in San Antonio.

Mrs. Lee Miller Great Grandmother

Mrs. Lee Miller of Rockwood, is announcing the birth of her first great grandchild, Barry Irwin, son of Mr. and Mrs. Harley Bolding, of Big Spring.

The baby was born July 23, weighing 6 pounds, 12 ounces.

One of the easiest things in the world to meet is expenses. You run into them every place you go.

Mrs. Roy Stockard Entertains Grandson With Pary Friday

Mrs. Roy Stockard entertained her young grandson, Joel McCulskey, with a party on his first birthday, Friday, July 27.

Games and conversation were enjoyed by the ones present. The following little guests and their mothers were served angel food cake and ice cream: Roy Joe Harvey, Loretta Herring, Jackie and Ruth Hall, Danny, Scotty and Steven Jones of Brownwood, Garlynn Powell, of Kerrville, Karen McCluskey and the honoree of Temple.

The honoree received a number of nice gifts.

Perry - Downs

Miss Veta Fay Perry of Abilene, became the bride of Cpl. Darrell S. Downs in a single ring ceremony Saturday, July 21, in the home of Rev. J. O. Adair, Abilene, who officiated. Mr. Downs is the son of Mrs. Hattie Lange of Santa Anna.

The bride chose a navy suit with a white wine blouse. Her accessories were navy and she wore a corsage of orchids.

Attending the ceremony were the bridegroom's cousin, Rodney Spence, who acted as best man, and his wife, Joyce, who served as matron of honor. Ruby Bishop, a friend of the bride, also attended.

The couple have been visiting in the home of his mother, before going to Camp McCoy, Wisconsin, where he is stationed.

VA Hospital Needs Doctors & Nurses

The Veterans Administration Hospital in Big Spring has issued an urgent appeal for more doctors and nurses.

The installation was designed for a 250-bed hospital but is not operating a full capacity. Dr. L. B. Andrew, manager, said, because of a shortage of doctors and registered nurses.

Nurses' salaries range from \$3,400 to 5,400 per year depending upon experience, education, and training, he said. Doctors' salaries also vary with qualifications. Application forms are available at any major V-A installation. Dr. Andrew said, and completed application forms should be sent direct to the Big Spring V-A hospital.

ATTEND CHURCH SUNDAY

Pastor's Son Called To Preach Gospel

At the morning services last Sunday, July 29, Larry David Wigger let it be known publicly that the Lord was calling him to preach the Gospel.

David is the third generation of Wiggers that has been led into the Gospel ministry. His father, Rev. Harry C. Wigger, is pastor of the First Baptist Church, Santa Anna. His grandfather, Rev. W. M. Wigger, Hannibal, Mo., has been preaching for 35 years and is now Public Relations Director of Hannibal LeGrange College. David's uncle, Rev. W. D. Wigger, is pastor of the First Baptist Church, Anamosa, Iowa, and Chaplain of the Iowa State Reformatory, Anamosa. David's great uncle, Rev. Clifford Wigger, is pastor near Bonne Terre, Mo. David is the second child of Rev. and Mrs. Wigger to surrender to special Christian service. Some time ago, Harriet, the older daughter, publicly let it be known that the Lord was calling her into service.

Ola May Howington, daughter of Mr. and Mrs. J. B. Howington, is another one of the young people of the First Baptist Church who recently felt the call into the Lord's work. Ola May made

her decision publicly Sunday, July 22, at the evening service. Her father is one of the deacons of the church. The pastor has stated that the church needs to encourage these young people and all others who have been led of the Lord in special field of service.

A REPORT BY

Commissioner Earl Hardy To The Voters Of Precinct 2

July 30, 1951

It has occurred to me that after approximately three years service as your Commissioner, I should give the citizens of Precinct 2 a report on my stewardship in handling business for Coleman County, Precinct 2. The figures and statements that I shall use have been taken from the official audit and treasurer's books of Coleman County.

When I assumed office on January 1, 1948, your precinct was indebted in the amount of \$15,765.00, this amount being owed to Machinery Companies. There was \$3,048.14 in the bank at that time.

Also, when I assumed office the precinct had as equipment: one maintainer in good condition and two maintainers badly in need of repair. In addition, we had one truck and one pickup in need of repair, and one, one-quarter yard dirt shovel. The above constituted a complete inventory of the assets of Precinct 2.

As of July 1 this year, I am glad to report that your precinct is completely free of debt and other encumbrances. Our bank balance was \$8,068.98 as of July 1.

As for equipment I am glad to report that your precinct now is in excellent condition. Your precinct has 4 maintainers, 4 dump trucks, 3 pickups, and one, one-half yard Quick-Way Shovel, all in good repair, and paid for. It is the feeling of your Commissioner that he is in a better position at this time to render the type of service merited by the people of this precinct than at any time in the past.

Naturally, it is my desire to do anything towards giving better service to the constituency of my precinct and the people of Coleman County as a whole. Any suggestions or recommendations that any of my friends wish to give me will be sincerely appreciated.

Sincerely,

EARL HARDY

CARD OF THANKS

There are not enough words to express our deep appreciation and thanks for the many deeds of kindness and sympathy shown us during the illness and death of our beloved Nitta. Especially are we thankful for the beautiful floral offering and the food which the neighbors, friends, Gladhand Class, Womens Society of Christian Service were so kind to bring and serve.

We are deeply grateful for the ministries of Dr. M. D. Mann, Dr. W. B. Sealy and the nurses who waited on Nitta so faithfully. May God's richest blessings be with each of you in our earnest prayer.

Good Health In Hot Weather May Be Of Personal Choice

"Good health in hot weather may be largely a matter of personal choice," according to Dr. Geo. W. Cox, State Health Officer, as he called for Texans to take life as it comes in summer and live with it as comfortably as possible.

"These modern scientists can drop ice from airplanes to make weather several days in advance, but nobody has figured out a way to keep the thermometer from rising sky high in a hot-summer afternoon," Dr. Cox said.

"Therefore, Dr. Cox continued, a few common sense practices will help us to live with summer and like it. Texas summers are hot and the hottest part is still ahead, so one needs to remember certain things that are good hot weather practices.

For example: drink plenty of cool (not ice) water; eat moderately of simple, but a wide variety of foods; exercise daily in the fresh air and have plenty of air in sleeping rooms; take a fair amount of salt to replace large losses through perspiration; avoid alcoholic drinks; get plenty of sleep; keep clean; don't worry. Do not overeat.

"One of the essentials of summer comfort is the daily bath to wash away perspiration and with it body wastes eliminated through the pores, and to relax tired muscles and strained nerves.

SANTA ANNA HARDWARE CO.

A TIDELANDS BILL topped the legislative calendar in the House last week, so far as Texas is concerned. On the first test vote it became apparent that the vast majority of the Members recognized the need for correction of the confusion and injustices brought about by Supreme Court decisions.

The bill would wipe out the rank injustices done by the Supreme Court in the Texas case when the high court, by a vote of 4 to 3, brushed aside the solemn agreement Texas and the Federal Government whereby Texas was admitted to statehood with its boundaries defined as extending 10 1/2 miles from the coast seaward.

ACTUALLY, THE FIGHT against tidelands legislation now stems primarily from special interests which hope to preempt leases under submerged lands for nominal sums and get rich at public expense.

Unless the Supreme Court's outrageous decisions are corrected by Congress it is feared that the next step, using these decisions as precedents, may be for the Federal Government to eventually lay claim to all petroleum deposits everywhere, along with all other minerals under the ground.

But even with strong house approval, the tidelands legislation has a rough and rugged road to travel before it is finally enacted. It must be approved by the Senate and will then face a Presidential veto, according to all indications.

THE ECONOMY DRIVE which has been doing quite good in the House this year got a set-back last week when a conference report on an appropriation bill increased the number of public housing units to be begun during the next year from 5,000 in the original House action to 60,000 by the Senate.

for further study by the Conference Committee. But it was a close squeeze, the vote for recommitment being 189 to 186. I joined with 8 other Texans in voting to recommit. With the Senate approval of the 50,000 units and the close vote in the House, chances for scaling down the public housing program this year are not very encouraging.

It will be recalled that when public housing was approved by Congress two years ago, the House version squeezed by with a five-vote margin. The mammoth public housing program calls for 800,000 units to be built by Uncle Sam and then rented to so-called "low income" tenants at low rentals. These were designed mostly for the big cities, and the ultimate cost will run around \$20 billion.

WHAT THE PROGRAM amounts to is a policy of having the Federal Government subsidize the rent bills for the occupants of the public housing units. In other words, tax money would be appropriated each year to help 800,000 tenants pay their rent bills because they will be getting bargain rent below cost and below market rates.

Committees Named For Fall Festival August 30-31, Sept. 1

The Coleman County Breeder-Feeder and Sheep and Goat Raisers Auxiliary met on Friday night July 27, at the recreation building on the rodeo grounds, following the annual family supper of Breeder-Feeder and Auxiliary members. Many enjoyed the food brought as basket dinners by the families. Mrs. Curtis Moseley had charge of the program following the dinner and she started it off with a piano selection. Mrs. Maynard Gaines led the group in singing and this was followed by a novelty act by Miss Jane Black which was enjoyed very much. Hostesses for the supper were Mrs. Theo Griffin, Mrs. C. M. Huckabee, Mrs. Harold Straughan and Mrs. Henry Newman.

Mrs. B. B. Nunley was voted in as a new member during the meeting and Mrs. Tommy Saunders was welcomed back as an old member.

Mrs. Earl Byrd reported that interest in the Make-It-Yourself-with-Wool Contest is very high and she has had many inquiries from possible entrants. There is to be only one contest this year for the entire state and this will be held on October 6.

The main business of the evening was the planning for the coming Fall Festival which is to be August 30, 31 and Sept. 1. The Auxiliary voted to put some money into air conditioning in cooperation with several other county organizations in the hopes that the recreation hall can be air conditioned by the time of the festival, thus adding much to the peoples comfort. The Auxiliary also plans to serve the noon and evening meals again this year. The Home Demonstration Club members were asked to help again this year with pies and cakes and arrangements have been made to allow two passes per club so that the food may be brought into the grounds without expense. The Committee appointed for planning our part in the festival are: Messrs. Ray Jameson, C. D. Bruce, Henry Newman, Bailey Hull, Clyde Thate, Claude Beville and Grady Blinnister.

The Committees appointed to help with the food each day are as follows: August 30, morning Messrs. Theo Griffin, Paul Rice, Floyd Jameson, Milton Strickland, Leonard Norris, Herbert Carrie, C. W.
