## Panthers To Host Rising Star Friday

Coach Walters' Gorman Panthers should be in the best physical condition of the season after a weeks lay off as they meet an old rival, the Rising Star Wildcats, at Brogdon Field Friday

Night. Even though the Wildcats held the Jim Ned Indians to a close score, the Panther-Wildcat game is rated a toss up, and if the Panthers continue to play ball for all four quarters we think they should take this one.

In all probability this will be the best game of the season because both teams have about the same record and each one really likes to beat the other.

It is one of those friendly rivalries that makes the competitive spirit high, so all you fans that want to see a hard fought ball game, back the Panthers at Brogdon Field Friday night.

## CALENDAR OF EVENTS

### GENERAL ELECTION NOV. 8

The General Election is set for Tuesday, November 8th. Polls in Gorman will be at the Fire Hall and will open at 8 a. m. and close at 7 p. m.

The First Methodist Church will open a week's revival Sunday, Nov. 6 with members of the official board sponsoring a "Fill The Pew" Sunday morning.

Services will be held each evening throughout the week.

The Excelsior Club meets Tuesday evening, 5:30 at the home of Mrs. Dahlia Steele.

## HOUSING PROJECT NEEDS HELP OF LOCAL CITIZENS

A survey is being made by the Gorman Housing Authority (low rent) and is being conducted by the courtesy of the Woman's Study Club. If you are a renter and have not been contacted by this group of women please call the City Office or contact one of the members of the Gorman Housing Authority.

This is very important if you would like to have a Federal Public Housing Project in Gorman, even if you are not interested in renting one.

Along with folks who are interested in renting an apartment in the Housing Project the Housing Committee would like to know how many families in Gorman or surrounding area are at present renting a place to live: if two or more families live in one house each family represents a rented house. Giving this in-

formation to the Housing Committee does not mean that you have to rent an apartment. Housing units allotted to a town are based on the number of families who rent houses. In this way the Housing Authority is able to build sufficient units to take care of the present need and allow for any increased demand.

If you rent any kind of home or apartment the City Housing Committee will appreciate your calling the City office or drop by and let them know.

Or fill in the following blank and mail or leave at City Office. Someone will call on you to complete all other information.

Results of this survey will determine whether Gorman gets the Housing Project. PLEASE DO YOUR PART, GORMAN NEEDS IT. Thanks, Gorman Housing Authority

Newcomers to the squad are Mary Shell, Sue Huff, Barbara Kinser, Barbara Jobe, Sarah Grice, Sarah Miller, Linda Whitlock, and Peggy Thompson. The first game at Dublin Tuesday night will begin at 7 p. m.

## FINAL RITES FOR R. D. LEWIS HELD FRIDAY

Services were held October 28, 1960, at 3:00 p. m. at the First Baptist Church of Desdemona for Rufus David (Jody) Lewis, with Rev. Moody Smith officiating, assisted by Rev. Buel Bryan. An overflow crowd were present to pay final tribute to Mr. Lewis.

Mr. Lewis was born in Erath County, April 7, 1910, and expired October 26, 1960, being fifty years, six months and nineteen days of age. He was one of the deacons of the Desdemona Baptist Church. The deceased attended school at Desdemona and Jake Hammond.

On December 28, 1935 he was united in marriage to Miss Ometa Roberts who survives his passing. Also surviving are two sons, David of Desdemona and Rufus Eugene of Ft Hood, Texas; two daughters, Mrs. Doris Dutton and Ruby Ann Lewis of Desdemona; Mr. Lewis' parents, Mr. and Mrs. R. P. Lewis of Desdemona; four sisters, Mrs. Sylvia Abernathy and Mrs. Tony Ash of Desdemona, Mrs. Alton Underwood of Ranger, and Mrs. Glen Thiebaud of Greggton; five brothers, Ferrell, Leo, Rudolph, Glen Harlon, all of Desdemona, and Billy Paul Lewis of England; two granddaughters, one grandson and a host of other relations.

Mr. Lewis was preceded in death by a son, Larry Ray, and also one sister.

Music was rendered by a choir under the direction of C. L. Mohon, Jr. with Mrs. R. A. Brown at the piano.

Pallbearers were Z. L. Koonce, R. C. Koonce, B. E. Belyeu, L. P. Hammonds, Matt Davis, J. J. Grimshaw, C. E. Ragland, and Frank Fonville.

Flower ladies were Hazel Smith, Lorene Koonce, Florence Yancey, Nora Lane, Bonnie Watkins, Lora Abel, Estell Joiner, Hattie Tate, Lussie Ragland, Arlie Belyeu, Hattie Davis, Nannie Buthery, Eva Williams, DeSha Sharp, Trudy Watkins, Brenda Roberts, Katherine Stacy, and Patricia Perkins.

Interment was in the Desdemona Cemetery with Sharp and Nabors Funeral Home in charge of arrangements.

### ANNOUNCEMENT

Mr. and Mrs. J. W. Ramsey wish to announce that invitations to the marriage of their daughter, Kay Lynn, to Mr. John Marion Black will not be sent in the city.

The ceremony will take place at the First Methodist Church here at 10:00 in the morning on Thursday, November 24, 1960.

Friends of the family are invited to attend.

## Halloween Activities Takes In Over \$1000 For Band

Gorman can be an amazing little town sometimes. And, of course, Gorman is it's people. Sometimes, like any big family, we may fuss among ourselves a little. Sometimes part of the family may start work on something when other members don't seem to be helping like they ought. But, somehow, in Gorman, when the time comes, everybody in the whole family pitches in, works real hard and gets the job done in fine fashion.

You, the people who make up our town of Gorman, have overwhelmed us Band Boosters with your hearty response to our Carnival Project to raise \$1200. for the Band Uniform Fund. We are going to make it. It's going to be mighty close, but we will surely now be able to pay what is owed.

Thanks alone sounds so very inadequate, but to all of you worked so hard to help, bought chances, made candy and popcorn balls, manned booths at the car-

nival, and spent your money, thank you again and again. Surely now Gorman can send it's Band to compete or march in parades and know "our kids" look as well dressed as any band from anywhere.

The Queen's Race always creates high interest and strong competition. By now you must have heard who won, but, just in case, it was Mrs. Bramlett's second grade, Debra Smith, escorted by Bill Clark; Mr. Rand's eighth grade, Jo Townley, escorted by William Lee Jay; and Mrs. Rainey's ninth grade, Barbara Jobe, escorted by Jim Rodgers.

By grades, this is what was made:

First, \$90.50; second, \$172.29; third, \$49.33; fourth, \$89.05, fifth \$81.63; sixth, \$76.58; seventh, \$78.52; eighth, \$100.54; ninth, \$50.00; tenth, \$8.17; eleventh, \$27.00; and twelfth, None.

write it on a postcard and mail it in. Too, if you hear of something that would make an interesting news story call the Progress office and we will try to follow it up.

I do appreciate the correspondents from Kokomo, Desdemona and Oliver Springs sending in news. I am writing Santa Claus a special letter about them.

A few days and we will know whether our country is going down the drain or up in clouds. Had quite a discussion with a friend of mine Tuesday about Gorman. We counted the empty buildings downtown, some of which have been empty for several years. Then we discussed the growth of Gorman in the past few years.

Have you counted the number of new homes built in Gorman and those renovated in the past two years? A dozen or more, wouldn't you say. - - and look at the new businesses on Highway Six - and the new Tourist Court is still to be built. We hope to see work started on it soon. Most folk are driving late model automobiles. Mortgaged to be sure but haven't most people been living on time payment for thirty years?

I still think Gorman comes pretty close to being Utopia and our nation is FIRST RATE - and the only thing that keeps the Commies from moving in is fear of what we can do.

Congratulations to the Band Boosters and those who helped

raise funds for the band uniforms. The Band represents Gorman in many areas that other school activities do not reach. To the best of my knowledge I have never heard anything but praise from places they have visited.

Received a brochure from the State Highway Department this week showing scenic and historical pictures of places to visit in Texas. One could spend many months traveling in Texas and still not see everything. However, if you have only a few hours to drive you can see lots of beautiful scenery within a radius of thirty miles of Gorman.

While publishing the Strawn Tribune I have made numerous trips to that city. Traveling FM-8 to Desdemona and then Highway 16 to Strawn one sees many beautiful scenic spots. Taking the old highway from Strawn to Mineral Wells you will find a park filled with huge rock formations. Some of these formations are larger than a house and look as though at one time an earthquake or flood might have split them apart. . . and then you cross the Brazos which is always and eye-catcher.

Elections are fun, (maybe) and I always enjoy arguing with the fellows who needle me about my political affiliations. Yes, sir, I am still a mug-wump, and so democratic I refuse to be brain-washed. Thanks to Mike Collins of Eastland for the nice compliment he paid his friends who "think for themselves".

Youth is a wonderful thing to look back upon - a small sign hanging in my office says: "Four things come not back -

**5,000 NEW POST OFFICES ERECTED SINCE 1953**

Nearly 5,000 post office buildings have been constructed since the launching of the Department's modern improvement program by Postmaster General Arthur E. Summerfield shortly after his appointment to this position by President Eisenhower in 1953.

Texas got 277 of these new post office buildings, exceeded only by California, Michigan, New York, and Pennsylvania. The cost of this new post office construction in Texas has been estimated at \$11,215,000.

In an announcement on this subject by Postmaster Graydon Baze of Gorman it was pointed out that while these facilities have been equipped and furnished by the Department, the buildings themselves are either leased or rented in line with the completely new policy which has been closely followed during the past seven years.

On the basis of this experience, it is estimated that at least 1,600 new buildings will be added to this total during the current fiscal year.

It was explained that this program not only reduces the government's original expenditure substantially but also means substantial additions to the tax rolls in the communities where the new structures are located since they are not tax-exempt.

"This type of operation has resulted in more and more new mail handling each year since it was first inaugurated," Postmaster Baze said, "and it is my understanding that the annual report which is now being prepared will reveal a new all-time high for the fiscal year 1960 ended June 30 when agreements were signed for 1,602 new buildings costing a little over \$10,000,000. We have been told that this is part of a program to completely modernize between 12,000 and 15,000 postal facilities during the next few years.

"In addition to the fact that we are getting more and more brand new buildings, it is doubtful if the Post Office Department was ever before as careful in making preliminary scientific and engineering checks and surveys in order to be sure that the new facilities will adequately take care of present postal needs in their various communities, and future growth as well. And as a clear indication of just how much more rapidly this new program is being carried out, the new building total for fiscal 1959 was 655 representing a total invest-

ment by private industry of approximately \$62,000,000."

As an indication of the type of agreements negotiated during fiscal 1960, it was stated that 1,125

of them - approximately 75 per cent - were on a lease basis while the remainder were for new buildings but on a monthly rental basis in order to simplify a change should it become necessary.

With reference to the facility improvement, Postmaster Baze also pointed out that in addition to the new buildings being made available under the commercial leasing program, the Department completed plans during fiscal 1960 for modernizing post offices located in 106 federal buildings throughout the United States and that plans are already under way for 31 similar projects.

"While some of these figures may not be finally approved until the actual completion of the annual report for fiscal 1960," Postmaster Baze said, "there was a recent speech before a national convention of post office personnel by Postmaster General Arthur E. Summerfield in which he presented some interesting statistics as a clear indication of just how the postal service has been improved in the past seven and a half years and is now handling the biggest volume of mail in its history in the most economical and efficient manner on record.

"While I won't attempt to tell the whole story, it might be of some interest to mention that with the implementation of more than 80 'Metropolitan Areas' serving some 168 million people, they are now getting next day delivery of first class mail anywhere within their respective areas. One of the principal results has been the virtual elimination of complaints about delayed mail simply because nearly all the letters which the public expects to be delivered the day after mailing are being delivered the day after mailing. This represents a radical change when compared with 1953.

"Still another change worthy of attention is that while slightly more than 1,400 rural delivery routes have been consolidated with annual savings in excess of \$4,000,000, this type of mail service has actually been extended to benefit an additional 1,500,000 families.

"It should also be mentioned that more than 5,700 post offices which were found to be unnecessary have been discontinued at a saving of nearly \$9,000,000 a year while at the same time we have established 629 additional classified stations and branches and 980 contract stations and branches in order to provide better service for the public."

Postmaster Baze said that a

The domestic supply of wheat for the marketing year July 1, 1960 to June 30, 1961 is estimated to be about 2,682 million bushels, another record, says John McHaney, extension agricultural economist. According to McHaney, the minimum national average support price for the 1961 crop wheat is \$1.78 per bushel, the same as the 1960 average support price.

comparison between any corresponding statistics for 1953 and 1960 would show the cumulative effects of all the day-by-day improvements under the guidance of Postmaster General Summerfield.

"His constant goal," Postmaster Baze said, "has been to improve service while holding the line on costs through greater efficiency. The results speak for themselves."

**Vote Democratic on November 8**

The Democratic Party is the party for all the people; all of the time.

"There can be no prosperity in the City without prosperity on the Farm."

This is what Senator Kennedy said in 1958 at the National Corn Picking Contest in Iowa.

Between now and November 8, farmers and businessmen alike will be overwhelmed with propaganda material built to confuse the farm issue and discount the desperate need for basic farm income improvement legislation. You will hear that farmers are doing better than ever before, because of the 46 billion dollar record gross receipts per year in farm income. But the only valid measurement of how well individuals are doing is not in terms of gross receipts, but in terms of what is left for family living after all input costs have been met. In 1951, per farm NET income averaged \$3,173. Latest available figures (first 6 months, 1960, annual rate seasonally adjusted) show present NET farm income at \$2,485 - a 22% CUT IN PER FARM NET INCOME. This data comes from "ECONOMIC INDICATORS", published by the Presidents council of Economic Advisors.

A SLIP OF THE TONGUE???? - Were Nixon's true feelings showing in the first TV debate when he accidentally said "the solution is to get rid of the farmers." ???

We, who are so vitally concerned about the welfare of Eastland County, do not agree with Nixon's idea of solving the farm income problem. We urge you to VOTE on Nov. 8 to keep the family-size farmer on the farm. They mean more to us than just a few figures on the printed page.

#### SUNBEAMS HAVE HALLOWEEN PARTY

Spooks and Goblins got an early start Monday evening when Mrs. L. D. Holliday and Mrs. R. M. Curb entertained the Sunbeams of the Baptist Church.

Present for the fun were: Linda Rodgers, Danny Rodgers, Brenda and Harvey Browder, Sherry Jobe, Jackie Lawson, Marilyn Hampton, Patty Hurst, Cheryl Hudson, Gus Kyle, Debbie Holiday, Don Curb, Tana Eaker, and Buster Cox.

Mothers present were: Mmes. Hurst, Browder, Hampton, Rodgers and a guest, Mrs. Gowan.

#### NOTE OF THANKS

The pupils in Grade 4, and Mrs. Nix wish to express thanks and appreciation to everyone who helped us in any way during the race for the Halloween Queen. Mrs. Lela Leach's name was the lucky one to be drawn out of the box for the three dress lengths of material. Mrs. George Hallmark guessed nearest to the number of buttons in the jar and got the set of pretty coffee mugs.

## KEEP THE VOICE OF TEXAS STRONG

Texas' dominant position in the Democratic Party has been a major factor in the amazing growth and prosperity of our State during the past 50 years.

Count our blessings that have come because TEXANS were in the RIGHT party at the RIGHT time.

Count the jobs... educational opportunities... military installations... defense projects... water and soil projects... rural electricity and telephone systems. Count our ultimate potentials for development.

Now the Democratic Party has selected a TEXAN for one of the two top offices our Nation has to offer. As Vice President, Lyndon B. Johnson will be in a position to render the greatest service any Texan has ever been able to give his State, his Party, his Nation.

Our Nation needs the dynamic leadership of John F. Kennedy and Lyndon B. Johnson. And Texas needs to be counted in the Democratic column November 8 to keep its voice STRONG in the party that has honored its sons and nurtured its growth. Texas has no such stake in any other party or any other candidate.

Texas' future — and America's — lies in your response November 8.

**J & S SPORTS**

Joe Bennett & Speedy Clark  
J & S

Halloween came early for some of the teams in the top ten last Saturday. Syracuse, who had been in first place a few weeks, was shut out by Pittsburgh 10-0. Ole Miss, the number 2 team, was tied by LSU, and the Southwest Conference had its spooks operating and the TCU Horned Frogs bewitched the seventh ranked Baylor Bears 14-6.

And if you think that trying to pick the Presidential race is difficult, just think what the poor football forecasters have to face this week as Baylor meets Texas, Arkansas plays Rice, to mention just a couple of the tough ones this week. Anyone having the opportunity to see one of these games will see football at its best.

As Kern Tips would say it was a "little rugged" on the forecasters last week. Joe had a respectable 75% while Speedy dropped to an all season low of 65%. This brings Speedy to an average of 80% for the season with Joe close behind with a 75% average.

However, considering the games that are coming up this week end last weeks averages may be very good. Nevertheless, we shall try to forget the upsets last week and pick again as if we knew what we were doing.

**Census Shows 1,347  
Farms In County**

The 1959 Census of Agriculture, conducted in Eastland County last fall, counted 1,347 farms, according to a preliminary report just issued by the Bureau of the Census, U. S. Department of Commerce. Total land in farms was 488,952 acres. The average size of farm was 362.5 acres. The average value of farms (land and buildings in the county was \$21,911.

Of the county's farm operators, 718 owned their farms, 417 owned part of the land and rented additional acreage, and 205 were tenant farmers.

The average age of farm operators in the county was 53.5 years. There were 299 farm operators 65 or more years of age.

Of the 1,347 farms in the county, 715 were commercial farms. Detailed statistics on crops, livestock, equipment, etc., are presented in the preliminary report, with comparable statistics for 1954. Copies of the county report may be obtained for 10 cents each from the Bureau of the Census, Washington 25, D. C.

Christian Citizens**

The Woman's Society of Christian Service meeting Tuesday in the church parlor heard a discussion of Christian Citizenship with regard to activity in political affairs.

Mrs. M. H. Fairbetter, speaker, prefaced her remarks with what she termed the key to Christian living from the words of a sage, name unknown, "I sought my soul, I could not see; I sought my God, My God eluded me; I sought

my brother, and I found all three."

Points discussed were the essentials: to become informed, to keep faith in the ultimate triumph of good over evil, to give to the world hope and love, a concerning and compassionate love.

Mrs. A. M. Thurman spoke on, "Why I Want the United Nations to Succeed."

Mrs. M. E. Shell gave the devotional.

Mrs. G. C. Acrea announced that the Society would not meet November 8, election day, but would resume activity Nov. 15th.

## Cubs Defeat Stephenville 14-8

The Gorman Grade School Cubs won from Stephenville on Tuesday night at Brogdon Field by a 14-8 count. The game was a battle for third place in the eight team district as both teams had been beaten previously by De Leon and Dublin.

After the Gorman team built a 14-0 halftime lead the Stephenville boys had a little the better of the last half. Gorman scored first in the initial quarter and added another touchdown with the two extra points just before the half. Both touchdowns came on short yardage plays by Fullback Gary Overstreet. A long pass from Overstreet to Halfback Don Wallace set up the second

touchdown. One of the outstanding aspects of the game was the very good blocking of Wallace. Important fumble recoveries were gotten by Larry Ash, Terry Joiner and Mack Sutton.

Stephenville tallied early in fourth quarter on a 35 yard run and added the extra points for their final count.

The Cubs finished the season with a 4 win and 2 lost record in district play.

De Leon won the title with a 7-0 record. In five years the district has been organized no school other than Gorman and De Leon, has won the district. De Leon has won 2; Gorman has won 2 and they tied last year. Also in five years no team that has won the championship was beaten that year in district play.

Of the eight schools in the district Stephenville is the lone Class AAA school; Granbury, De Leon, Dublin, Comanche, and Hamilton are Class AA; Glen Rose is Class A and Gorman the

## Peanut Laboratory Is Anticipated

Mr. Ross Wilson, Manager of the Southwestern Peanut Growers' Association, on returning Thursday, Oct. 27 from Atlanta, Georgia stated that a National Peanut Laboratory Committee had been appointed on Oct. 25th in that city by the National Peanut Improvement Working Group Executive Committee. The Committee composed of 10 industry people, will meet with the Department of Agriculture officials in Washington soon for the purpose of drafting proposed plans for the new facility.

It is anticipated that the facility, if constructed, will be a co-operative project between the government and the peanut in-

only Class B school.

The final district standings:

Team	W	L	T
De Leon	7	0	0
Dublin	6	1	0
Gorman	5	2	0
Stephenville	4	3	0
Comanche	2	4	1
Hamilton	2	4	1
Glen Rose	0	6	1
Granbury	0	6	1

The group of Cubs that played the 6th. Grade team from Ranger last Thursday night will return the game next Monday night at Ranger beginning at 6:30 p. m.

In the first meeting of the two teams, Ranger was on the long end of a 20-6 score with the Gorman tally coming on a 15 yard run with an intercepted pass by Halfback James Jay. Several players showed good effort in the first game and the game Monday night is expected to be much closer.

The Ranger team is composed of 5th and 6th grade boys regardless of size and the Gorman team is made up of 6th graders and any other players near the 100 lb. mark. The main purpose of the games are to let more boys participate and mainly with boys their age and size.

The early starting time at Ranger is to avoid a conflict with other activities in Ranger Monday night.

## CARD OF THANKS

We wish to thank our friends and neighbors for the many acts of kindness shown at the time of the passing of our husband and father, Jody Lewis.

Our special thanks to Rev. Moody Smith, Rev. Buel Bryan, Those who sang, Mrs. Brown at the piano, and to all who sent flowers, cards, food, helped dig the grave or acted as pallbearers and flower girls, also for your prayers and words of comfort. May God bless and keep you is our prayer.

The Jody Lewis Family.

## Highlights and Sidelights

From Our State Capitol By Vern Sanford.

AUSTIN, Tex. — Many a deer may survive the Texas hunting season because the hunter died first.

According to the State Health Department, there were 181 accidental deaths in Texas, attributed to firearms, in 1958. Last year the number increased to 198.

November is the month when hunting starts in earnest. Normally sane men will start blasting away at one another, on deer leases, or contrive intricate methods of suicide such as climbing over barbed-wire fences with their rifles off safety.

Firearms are not the only threat. Health officials point out that a good many hunters slip and fall over precipices, while gazing off into the distance. Others never get to the lease because they combine a few warming drinks with a fast drive thru the pre-dawn chill.

Texas Game and Fish Commission offers these rules for hunting safety:

1. Treat every gun with the respect due a loaded gun.
2. Always unload and take down guns carried into home or camp.
3. Keep guns clean and be sure to have the right size ammunition.
4. Carry gun so you can control the muzzle, even if you fall.
5. Be sure of your target before you fire.
6. Avoid all horseplay.
7. Keep guns out of reach of children.
8. Never climb a tree or jump a ditch while carrying a gun.
9. Never shoot at a flat surface.
10. Take no alcoholic drinks before or during shooting.

INSURANCE HIKE ASKED — A 2.6 per cent increase in workmen's compensation insurance rates has been recommended to the State Board of Insurance.

State Insurance Department statisticians said that the rate increase was needed because of the increased cost of individual claims, rather than an increase in the number of claims.

It would up by \$3,000,000 a year the \$112,000,000 a year paid by Texas employers for on-the-job insurance of workers.

CROP DUSTING DAMAGE UPHELD — A landowner is liable for damages caused to neighboring farms by crop dusting activities, the State Supreme Court ruled.

Defendant in the case was the Pitchfork Land and Cattle Company which was sued by a group of King County landowners. Suit also was brought against the aerial spraying firm hired by the land company.

Pitchfork Company contended that the spraying firm was solely responsible for any damages, but the high court held the land company responsible too.

WATER POLLUTION RULING — In another case involving land owner rights, the Austin Court of Civil Appeals upheld a lower court decision awarding damages from salt water pollution.

A Runnels County woman, owner of a 150-acre farm, claimed her fresh water supply had been polluted by salt water discarded by a drilling firm during oil exploration efforts.

District court found the drilling firm negligent in not having sealed the pits in which it discarded the salt water. It awarded the landowner \$9,000 in damages.

PICKLE NAMED TO TEC — J. J. (Jake) Pickle, Austin public relations man, has been appointed by Gov. Price Daniel to succeed Maurice Acers as employer representative on the Texas Employment Commission.

Acers' term expires Nov. 21, but he will remain in office, at the governor's request, until Jan. 9.

Pickle has had a significant background role in many of Texas' major political events in the past decade. He was director of the State Democratic Executive Committee for four years and has worked at one time or another in the political campaigns of Governor Daniel, former Gov. Allan Shivers and Sen. Lyndon Johnson.

Acers, an attorney and former

## JOHN E. BROWNING COMPLETES MARINE RECRUIT TRAINING IN CALIF.

SAN DIEGO, Calif. (FHTNC) - Marine Pvt. John E. (Eddie) Browning, son of Mr. and Mrs. W. C. Browning of Gorman, Texas, completed recruit training Oct. 20 at the Marine Corps Recruit Depot, San Diego, Calif.

The 11-week course included instruction in all basic military subjects and infantry weapons.

Upon completion of training new Marines are assigned to a unit for further infantry training, or to one of the many Marine Corps schools.

FBI agent, was appointed to TEC by Governor Shivers. He served as Shivers' executive assistant in the governor's office.

CLUB RULES DUE NOV. 21 — After listening to a round of protests at a hearing on proposed new regulations of private clubs, the State Liquor Control Board plans to re-study the rules and possibly make some changes.

Administrator Coke R. Stevenson Jr. indicated, however, that the rules would probably be basically the same.

Primarily, says Stevenson, the rules are designed to give the Board a means of preventing the operation of open saloons under the guise of private clubs. They would provide for the licensing of clubs and forbid liquor dealers to deliver liquor to those that did not meet licensing standards.

Representatives of private clubs called some phases of the rules unreasonable, such as requiring a club to be in existence three years before receiving a liquor selling permit. They declared they would welcome some workable guidelines for operation.
