"I am not my brother's keeper, BUT if I can keep my brother from stumbling, I may not fall over him."

Thank you. A few citizens have expressed regret that I was not going to run for reelection to the Mayor's office. One accused me (jokingly) of being a quitter. Then, there was the citizen who was looking forward to scratching my name.

Following the very informative program, the audience was invited to ask questions and view the display of drugs and things brought by Mr. Sublett.

The Kokomo Community Club sponsored the program so that the people might be well informed on the danger of drug abuse and might know and recognize the symptoms of those who are on drugs.
