We got a good shower for just a few minutes here in Gorman on Tuesday afternoon. It really came down for a short while as the front moved through and the cold snap (small blue norther) whipped through our community. The rain was great and we are thankful for it. Some were pleased to see it rain, and then on the other hand some did not want it to rain at that specific time as they had peanuts up and ready to harvest. But most folks around here will take the rain whenever we can get it.

The peanut harvest is underway to a certain degree in our area, but a good number of the growers are leaving their crop in the ground just as long as they dare to so as many as possible of the peanuts will mature. Several have stated that they plan to leave the crop in the ground until frost and then dig them. In doing so the growers believe they will get the best results from the crop.

The Fall Fair sponsored by the PTO did great this year, raising \$2521.00 for use by the organization for the benefit of school improvement projects.

The king and queen contest raised \$1020.90 and the rest was made at the carnival held on Saturday night.

We compliment the winners in the contests, however we consider all of our youth as winners. Pictures of the winning contestants can be seen elsewhere in this issue.

Also while we are passing out compliments we surely should not miss Doctors L. and N. Aguila for the great job they did with the Bike-athon held on Saturday. The participation was very good and the those participating are to be praised for their staying power and determination to keep riding as long as they could to benefit the St. Jude Childrens Research Hospital. A total of \$1747.00 was raised by the event.

Not only do we congratulate the doctors, but also all the fine workers who helped them in any way they could. And there were several of them. Without their help Doctor L. said the event could not have been held. Anyway, we congratulate all those who had a part in these two events on behalf of the community.

We have a few more folks moving into the community and buying homes here. We will be getting their names, etc. for publication as soon as we can.

Guess most folks have noticed that the old Ice House has been removed from the lot by the telephone office and the property has been levelled in preparation of some building plans by the telephone company. We will have more on this as information is available.

We have had two disasters in our community the past few days as two homes have been destroyed by fire.

Larry and Joy Campbell lost their home in the Alameda community by fire on Sunday morning and the Robert Fortenberry home was destroyed by fire on Tuesday. These folks have our deepest sympathy and the folks in this and the surrounding area are pitching in to help the families out. Funds have been set up for them, so let's all help in whatever way we can, for these folks lost everything in the fires.

And remember to smile - because God Loves You!

Fall Festival Nets \$2,521

Crimestopper Pays First Reward

The Gorman Crimestopper Program, a program that is designed to obtain information to help solve crimes, with a focus on drugs, has paid its first reward for information that led to arrest and conviction for possession of marihuana and paraphernalia. The recipient of the reward will remain anonymous, as will all persons who provide information to the police department on illegal drugs and other serious crimes.

If you have information that will lead to arrest and indictment or conviction of persons who are involved in illegal drug traffic in the Gorman area, call 734-2730 to report it, and you can be assured that your identity will not be revealed. If you prefer, you do not even have to identify yourself to the police. You will be assigned an identifying number that will be known only to yourself, and you can designate the method of payment if your information qualifies for a reward.

E. D. Clark of Corpus Christi arrived Friday for a visit with the Clark families of Gorman and his daughter, Mr. and Mrs. Sabrina Cortez of Hico. He returned home on Thursday. He attended the Clark Reunion on Saturday.

Admission will be \$4.00 per person.

Panthers Travel To Santa Anna

The Gorman Panthers will travel to Santa Anna this Friday night to take on the Mountaineers in yet another crucial District 8-A contest. The Panthers must win every remaining district game on the schedule to insure a playoff berth due to their loss to Goldthwaite the fourth week of the season.

This means that the Big Red must win over Santa Anna and Blanket on the road and also over Evant and Rising Star in home games.

The Panther offense has come along rather well this season, but due to the lack of size and weight, the defense has just not been up to usually stout defenses that have been a trade mark of the Panthers for the past several seasons. For their size we think the Big Red have done rather well. However, with more size and weight we believe the Panthers could be undefeated at this time. This is not to take anything away from the fine

job the defense has turned in due to their intensional fortitude, but it is still a fact that without a tough defense, you just can't continue to be on top in the game of football.

We look for the Panthers to be ready and willing when the opening whistle blows at Santa Anna on Friday night at 7:30 p. m. and every Panther fan should be on hand to back the Panthers in their quest to win yet another playoff berth.

Get 'Em Big Red!

Fire Destroys Home of Larry Campbell

Three fire departments responded to a fire in the Cheaney community north of Gorman on Sunday morning but were unable to save the 4 bedroom room frame home of Larry and Joy Campbell, authorities said.

Officials were unable to determine the cause of the blaze, which was reported to Gorman Firefighters at 10:10 a.m. Sunday. Firefighters from Ranger and Eastland were also called to battle the flames.

The home located on FM 571 between Gorman and Ranger was destroyed.

The family were in Church at New Hope Baptist when the fire was reported.

Police Chief Cecil Funderberg said the only items salvaged were found in one room of the house. Also a welding rig and pickup truck near the home were saved, he said.

Fire Levels Home At Kokomo

Fire departments from Gorman, Ranger and Eastland and Carbon responded Tuesday afternoon to a house fire in Kokomo community six miles Northwest of Gorman.

The home of Robert Fortenberry was destroyed by the blaze. No one was home when the fire broke out.

Firefighters reached the scene at 2:30 p.m. and doused the blaze, but Gorman Firefighters returned about two hours later when strong north winds apparently reignited the ruins of the home.

Although the fire had burned the home to the ground, authorities were concerned the flames could spread to the Kokomo Community Building and the Baptist church, located on an adjacent lot.

BIKE-A-THON RAISES \$1,747 FOR ST. JUDE

A total of \$1747.00 in pledges and donations was raised for St. Jude Children's Research Hospital on Saturday, October 16 when local bikers pedaled in the Gorman Wheels for Life Bike-A-Thon for Terry.

The ride was a great success and showed that the Gorman people understand the importance of research being done at St. Jude Hospital. Everyone who participated did a wonderful job.

"We are extremely proud of the riders, the hard-working volunteers, donors and the citizens of Gorman whose efforts made this a success," stated Dr. L. Aguila, Bike-A-Thon Chairman.

Participating in the 30 mile

rides were Keith Wilson and Doug Webb, who tied for first place and they received an Atri Video Computer System and a 10 Speed Bicycle, respectively.

Riders in the 25 mile bracket were Ronson Childers, who received a camera; Brian Lasater, a watch; Greg George, a \$25 savings bond; Brenda Morris, a game; and Nicky Messenger, who received a watch.

Of special mention are donors of Prizes: First National Bank of Gorman; Dr. Alfonso Pino; Dr. A. Palisoc; Dr. V. Carandang Lon Causay, Doctors' Clinic and Roby Doctors Clinic. A special thanks goes to the Gorman Police Department for their help.

BIKE-A-THON BIG SUCCESS - Shown above with Dr. L. Aguila are left to right, first person unknown, Brian Lasater, Greg George. Back row: Ronson Childers, Kim Webb, Joe Rodgers, and Manuel Rodriguez.

NOTE OF APPRECIATION

We would like to express our appreciation to the wonderful people of Gorman and Chaney Community and all our relatives, friends, and neighbors for all the kind words and gestures of gracious help since our house burned last Sunday. Thank you to all the volunteers of the fire departments of Gorman, Ranger, Eastland, and Desdemona. May God bless each one of you greatly in return for your loving concern for us in this time of need.

KOKOMO NEWS

By Zelda Jordan

Peanut harvest is about to get in full swing as the peanuts are beginning to mature enough for digging and the farmers are taking advantage of the beautiful fall weather we are having.

Bro. Jim Andrews, with Mrs. Joe Bond at the organ, rendered the special music at the Kokomo Baptist Church on Sunday morning. Visitors were Mrs. Neal Gilbert and Glenn and Randy Ward of Oklahoma City, Lucille Joiner and Sharla Bramlett of Stephenville.

Duriel Reid of Eastland, who spent one month in Africa this past summer, came on Sunday night to share his trip with us through slides and testimony in the evening service at the Kokomo Baptist Church. Out thanks to Bro. Duriel for the very interesting program, and for making us so aware

of the need for missions in Africa and how thankful we should be to live in America.

Mr. and Mrs. J.C. Clearman and Mrs. and Mrs. Ottis Griffith attended the annual meeting of the Cisco Baptist Association at the First Baptist Church in Eastland on Tuesday and Tuesday night. Bro. and Mrs. Jim Andrews also attended the night service.

Mrs. Danny Owens of De Leon was visiting one day last week with Mrs. Albert Hendricks.

Mrs. Albert Hendricks visited in Clyde on Saturday with Mrs. Roy Buchanan and Yancy and attended the wedding of Kathy Ann Buchanan and Douglas Keith Jones at Bethel Temple Church in Abilene. Yancy Buchanan was the ring bearer in the wedding.

Mr. and Mrs. Glenn Jor-

dan were in Abilene on Saturday to visit with Mrs. Roddy Miles, Joe and Sheri and attended a soccer game. Sheri plays on the Tye Tigers team. A very interesting game, it was our first soccer game ever to see. We also visited briefly in Clyde with Mrs. Roy Buchanan and Yancy. Mrs. Albert Hendricks accompanied us to Clyde and back.

Mr. and Mrs. J.C. Clearman spent Friday night in Hobbs, N.M. with Mr. and Mrs. Ken Clearman, Kyla and Kendi and attended the football game between Hobbs and Portales. Ken is the coach for Hobbs and his team won the ballgame. Mr. and Mrs. Clearman also visited with Mr. and Mrs. Forest Ward in Lamesa and Mr. and Mrs. Alton Freeman in Seminole.

Lucille Joiner and Sharla Bramlett of Stephenville spent Sunday with Mr. and Mrs. Bill Joiner. Visiting in the afternoon were Bill's cousin, Mr. Floyd Coan of De Leon and his son, and daughter, Mr. Lyndell Coan of De Leon and Mrs. Ellen Warren of West Columbia, Tx.

Mr. and Mrs. Albert Hendricks visited with Mrs. Daisy Wood at Carbon on Saturday night.

Ten men attended the brotherhood prayer breakfast at the Kokomo Baptist fellowship hall on Saturday morning. The prayer breakfast is held each third Saturday of each month.

Mrs. Neal Gilbert and Glenn and Glenn's friend, Randy Ward of Oklahoma City visited from Wednesday night until Sunday with Mrs. Odis Rodgers and Mr. and Mrs. Floyd Gilbert and Floydene in Gorman.

Mrs. Jimmy Little spent the weekend in San Angelo with Mr. and Mrs. Jerry Hallmark and Family and Mrs. Dora Garrett. Mrs. Hallmark has been very ill since undergoing surgery, but Mrs. Little reported that she was beginning to feel some better by the time she left there on Sunday.

Mr. and Mrs. Paul Trivett of Houston visited from Wednesday until Saturday with and aunt, Mrs. Bessie Bennett and cousins, Mrs. June Hawkins and Matt.

GREENWOOD REUNION

The descendants of J.A. and Belle Greenwood met Sunday, Oct. 17th in the home of Bill and Wynelle Brown. Those attending were Berry Greenwood, Mike and Edna Morgan, Ethel Lovell, J.E. and R. Lee McDaniel, Dwane, Nelda, Shanna and John McDaniel, Wallace McDaniel, Euell, Jenoise and Ann Allison all from Carbon; J.M. and Pearl Greenwood of Cross Plains, Margaret Copping of Odessa, Paul and Carol Greenwood of Midland, Gene and Betty Greenwood of Austin, Jesse and Archie Crowe of Comanche, Ione Bownds, Brad Stephenson, Kris Brown and D'Aun McLaurey of Eastland, Charles, Doris and Jimmy Pylant of Mineral Wells, Berry Don Bownds of San Ramon, Calif. Bill Mathis of Arlington, Roy Joe, Melinda and Larry Cloud of Abilene, Linda, Adrienne, Stacia and David Allison of Azle and Brenda Hogan of Fort Worth.

Final Rites For Delia Stubblefield

Delia Adeline Stubblefield 77, of Clyde died at 2:50 a.m. Sunday October 17, 1982 at Hendrick Medical Center in Abilene after a lengthy illness. Services were at 3 p.m. Monday at Bailey Funeral Home.

The Rev. Alton Vaughn, a Methodist minister of Dallas, officiated. Burial was at Ross Cemetery in Baird.

Born Jan. 31, 1905, in Honey Grove, she married Clarence W. Stubblefield Aug. 20, 1923, in Quanah. The couple moved to Dawson County in 1923, where

Five years ago a woman was abducted, beaten, driven to a deserted country road, raped, then threatened with her life and beaten again. The defendant was convicted of aggravated rape and given a life sentence. However, the conviction was overturned because of a "loophole" in the rape statute and the appeals court said the man could only be retried for a lesser offense.

Senator Bob Glasgow was the Senate sponsor of the bill that closed this loophole. This is just one of many crime bills that Senator Glasgow sponsored and helped to pass.

Some people only talk about law and order. Bob Glasgow does something.

CITY CHIT CHAT

BY CHARLIE L. GARRETT
MAYOR

Elsewhere in this edition you will find a public notice calling for a public hearing on a HUD Block Grant. The City Commission would like for all interested citizens to attend this meeting and express your opinions and ideas. Unless we feel that the people of the community wants a program like this, there is no need of trying for the grant.

The grant, if approved would cover several areas. We will be asking for some rehabilitation of homes, some water mains in the southeastern part of the city, some sewer improvement in parts of town and possible other areas. This is the same type of program that is now going on in Dublin and De

Leon. I have checked out some of the projects in Dublin and find it a good program.

The Grant is a 100% grant which means that there would be no cost to the city from other revenues. The work would be supervised by an engineer and contracted, as much as possible, to local people. Come to the Senior Center at 7:00 P.M. on October 25 and let us know what you think.

Some have been asking about tax statements. I am sorry that they are late and hope that we can have them out within a few days. Since we received the roll late and there were many corrections to be made, it has just been a slow process getting them ready. When they go out there may still be mistakes, which we regret, but if you have a question about name or address call the City

MRS. LOIS BUCHANAN HOST HOMEMAKERS CLASS MEETING

Homemakers Class of First Baptist Church met Tuesday, October 12 in the home of Mrs. Lois Buchanan with Office. If you feel that there is an error in the values you will have to contact the County Appraisal Board in Eastland. Since the program is now set up, we feel sure that we will not have this kind of delay in years to come.

I would like to call your attention to the fact that we still have several people who are making improper turns on the downtown street. Drivers will turn across the street and park in the opposite direction on the other side of the street. This is a very unsafe movement and is also against the law. I am asking that you refrain from this practice.

THE GORMAN PROGRESS

Mrs. Alice Eakin and Mrs. Geraldine Wright as co-hostesses.

Prior to the business meeting and devotional the group enjoyed a sandwich and salad supper. Invocation was given by Frankie Jo Shipman.

Annye Fay Foster conducted a short business meeting at which time she presented Louise Brown, their Sunday school teacher an appreciation gift.

Elaine Skinner gave a devotional on Friendship and Louise Brown gave the closing prayer.

Members present were: Frankie Jo Shipman, Annye Fay Foster, Geraldine Wright, June Dossey, Gladys Chambliss, Elaine Skinner, Hazel Smith, Alice Eakin and Lois Buchanan.

GEORGE STEEL ELECTED TO UL SWCD

George Steel of Rising Star was re-elected to the Upper Leon SWCD board of directors October 14, 1982. Steel represents Zone four of the district (the western half of Eastland County).

The purpose of the Soil and Water Conservation District is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters.

The board of directors coordinates the conservation efforts of various local, state, and federal agencies with other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

In Texas there are 200 soil and water conservation districts. Each is a legal subdivision of state government organized by local agricultural landowners. All conservation programs managed by the districts are of a voluntary nature to the landowner or operator.

Other directors of the Upper Leon board are Norman Moore, Sidney; Edwin Jones, Dublin; Bill Brown, Gorman; and J.W. Sadberry, De Leon.

It takes 32,000 miles of Lone Star pipeline to deliver the gas you need. Manager of Construction Services Bill Becker is one of more than 4,000 Lone Star specialists who keep this system efficient—and growing.

Lone Star people help keep gas first in efficiency.

Efficiency alone can't solve the problem of rising gas prices.

We're buyers of gas, like you. And deliverers. Gas that cost us 18 cents in 1972 cost \$3.46 in mid-1982. And the cost can go up every month.

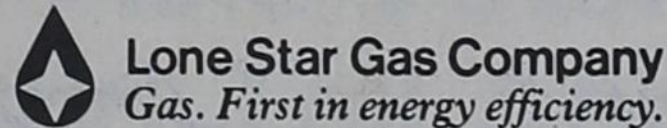

However, we can control part of the gas bill you pay. We do it by getting gas from the wellhead to you as efficiently as possible.

It's one of the biggest delivery jobs in the nation. It involves over 4,000 Lone Star people, 32,000 miles of pipeline and a huge investment

in transmission, distribution and processing facilities.

Yet all this accounts for only about 15% of your gas bill. The other 85% is the cost of gas itself.

Efficiency alone can't solve the cost-of-gas problem. But it keeps the problem from compounding.

91st DISTRICT COURT GRAND JURY REPORTS TO EASTLAND COUNTY

TO THE RESIDENTS OF EASTLAND COUNTY:

The current session of the grand jury met in special session to hear testimony regarding the illegal drug traffic in Eastland County. After carefully considering all testimony presented, we concluded that a serious county wide drug problem now exists. We believe it is our duty and obligation to so inform each of you.

We are not aware of a quick and easy solution to the problem, but believe the first step is to make all residents realize that a problem does in fact exist. We ask each and everyone to become actively involved in helping find a solution, and encourage everyone to cooperate in the apprehension and conviction of the individuals involved. In addition, we encourage each succeeding grand jury to review the situation and evaluate any progress made.

The primary beneficiaries of our efforts will be our children and grandchildren. However, if we continue to ignore the problem, hoping it will go away, some of our children will be harmed and eventually we will all suffer the consequences.

September 14, 1982

TO THE CITIZENS OF EASTLAND COUNTY:

Drug traffic can be stopped in Eastland County. I have been working with the Grand Juries of Eastland County for some time regarding the drug problem in the county because it is evident that the problem is getting worse. Several years ago, a jury assessed a 99 year prison sentence for delivery of a marijuana cigarette and that sentence scared the dope pushers. Afterwards, the Texas Legislature reduced marijuana possession of less than 4 ounces from a felony offense to different misdemeanor offenses, depending on the amount possessed.

When the state legislature reduced the possible penalties of various drug offenses, it appeared that the public became somewhat apathetic about the drug problem. There are some who contend that smoking an occasional marijuana cigarette is no worse than a youth drinking an alcoholic beverage. That contention is incorrect. In the first place, it is not in the best interest of a youth's health and development to drink alcoholic beverage or occasionally smoke "pot" because of the possible consequences and long term effects. In the second place, seldom, if ever, does a person go from alcoholic beverage consumption to "speed", LSD, heroin or other strong drugs, but it is certainly not uncommon for a person to go from smoking "pot" to harder drugs.

Ten years ago, drug usage existed primarily among those persons in their early twenties or older. Today, we are seeing drug usage in teenagers. Within the last year, we have committed youths, as young as 13, to a state institution as drug addicts. You do not have to wait until your loved one or friend is arrested for drug usage to ask for help. There is no such thing as an innocent experiment with drugs because any usage of drugs creates a potential for further usage with the ultimate probability being addiction. In fact, the State Bar of Texas has developed a program to warn pre-school children how to avoid the dangers of marijuana and other drug usage and this program is being given to pre-school children in various parts of the State.

Fortunately, a majority of our Eastland County youth know and realize the dangers of drugs; nevertheless, anytime a person, regardless of age, becomes involved with or addicted to drugs, not only is that person affected but also his or her family and friends.

The various law enforcement officers and school officials are concerned about the drug problem; however, there are certain high court rulings which make it difficult for the law enforcement officers to be as effective as they would like. Consequently, I am glad that the citizens of this county are becoming more aware of the drug availability in the county and are willing to become actively involved in the "war on drugs". Any help that any citizen can be is welcome and gratefully appreciated. Too, the assistance and involvement of any citizen may help save another person from the physical, mental and financial problems that do result from drug usage.

Please help in the "war on drugs": the life you save may be one you know and love. You, the mother, father, loved one or friend of a young person, can help stop the drug problem by becoming familiar with the various warning symptoms of potential drug usage. For instance: Do you know where your child is tonight?

Very truly yours,

Dispatch 629-1728

To The Citizens of Eastland County:

Mr. O'Brien, Editor of the Eastland Telegram, has asked that I give this letter in regard to marijuana and drug use in Eastland County. This unquestionably is the single most important danger in our community. Marijuana and drug use must be supported by money. The only way users can obtain money is by committing theft, burglary, robbery and other crimes.

The single most dangerous myth in our country today is that marijuana is a harmless drug. This myth is based largely on research done in the late 60's and 70's. Scientist now know that marijuana is an insidious, subtle and very complex substance, and that moderate to heavy use can damage the lungs, alter the structure of brain cells and produces serious psychological and psychosocial effects. Some would argue that the use of marijuana does not lead to the use of other more dangerous drugs. This simply is not so. For example, it has been proven in other areas that among the 50% of high school seniors who smoked marijuana 43% used one or more additional illegal drugs. Among youngsters who don't smoke pot, the use of other drugs is unknown.

Throughout the State it is shown that during the last three years the age for marijuana use has steadily decreased. In many communities eleven is the average starting age.

I sincerely feel if we can stop this before it is introduced to the school children, by this I mean beginning at the elementary level and nipping it in the bud before it gets out of control with our teen-agers. Marijuana leads to the use of other drugs such as "crystal", "kitchen crank", and other drugs being sold that in many instances the seller has no idea what he is selling.

I want the parents to realize that my office wants to help. When we have the cooperation of the parent and it is brought to our attention as soon as any indication is shown that the child is using any drug, we can help. There are facilities that we, through recommendation or through the courts, can obtain and affect the healing and curing of the use of the problem. There is excellent counseling available as well as the Vernon Drug Center for teen-agers. We have been able to help a great many of our teen-agers by assisting them in becoming involved in the counseling and or getting them admitted to Vernon's Drug Center.

My hope and I believe the biggest step that I can take towards stopping this abuse is by a one on one relationship with the young people through the school system by having a deputy working specifically in the preventative stage by visiting our schools throughout this County on a daily basis. The fact that an officer is around, available not only to the school but to the students, will do more toward curtailing and stopping the use of marijuana and drugs among our school children and the community than all of the arrest and convictions combined.

In short, I believe in preventative enforcement. That takes cooperation from each one of us. If you feel your child is involved or has a drug problem, please call me, let me try to help.

Sincerely

Johnnie W. Morren, Sheriff
of Eastland County

GORMAN CARE CENTER NEWS

By Jettie Daniels

Wish to thank all of those that came our way last Thursday night for singing and we truly hope to see you again this Thursday night.

We had a very good singing and it was indeed enjoyed by everyone.

The 28th is Birthday time again, those having Birthdays this Month are:

Albany; Mr. and Mrs. Larry Moffet and Matt of Irving; Donald Doubleday of Fort Worth; Mrs. Kay Warren and Gregg of Kokomo; Mr. and Mrs. Rex Morgan and children of Graham; Mr. and Mrs. Carroll Hogan; Mr. and Mrs. Eddie Hogan, Mr. and Mrs. Bubba Hogan and children, Mr. and Mrs. Chris Hogan and children, Mr. and Mrs. Dale Hogan and children, Mr. and Mrs. Bobby Eaves and children of Gorman; Mr. and Mrs. Larry Thackerson and Josie and Bob Hogan of Carbon. Friends attending were Mrs. Luce Pittman and Lara of Eastland and Rusty Freed of Stephenville. A delicious dinner was served at the Carbon School Cafeteria on Sunday to 77 grandchildren and great-grandchildren.

Carrie Bryant, Jimmie Mosley, Clyde Pulley and Oscar Carr. Happy Birthday to all.

On Oscar Carr's Birthday, the 18th. His granddaughter gave birth to a baby girl so he is now; Great-great-grandpa, and he wore a great big smile all day.

Last week's Bingo winners were: Game 1 -

Game 1 - Jessie Atchison; Game 2 - George Bennett; Game 3 - Mary Timmons; Game 4 - Ollie Nelson. Blackout Game was won by Ollie Nelson.

We had 18 Bingo players present, which is a very nice group, and they all had fun.

Last Wednesday, Richard Watson brought our Bible Study, we had 18 present, everyone enjoyed his message very much.

The 27th is another Bible Study time, and it is

TSTA STAMPS APPROVAL ON JIM PARKER CANDIDACY

THE GORMAN PROGRESS

OCTOBER 21, 1982

Parker earlier in the year and recommended his candidacy to the State TEPAC Board.

TSTA's endorsement is primarily based on Parker's pro-education views and represents a commitment to promote his candidacy within the teaching profession as well as a pledge to encourage active involvement in his campaign and at the polling booths on November 2.

Parker is running for the representative office held by Lynn Nabors for 7 terms. Nabors did not choose to run for re-election.

Keep your home up and help keep your electric bill down.

A large part of saving energy — and money — is simply a matter of cutting waste. And with electricity costing more, mainly because the fuel to make it costs more — conservation is more important than ever.

You can start by maintaining your own home. Seal cracks around doors and windows with caulking and weatherstripping to stop heating and cooling leaks.

Check attic ductwork to be sure it is sealed and well-insulated. If ductwork isn't properly maintained, much of your heating and cooling escapes into the attic.

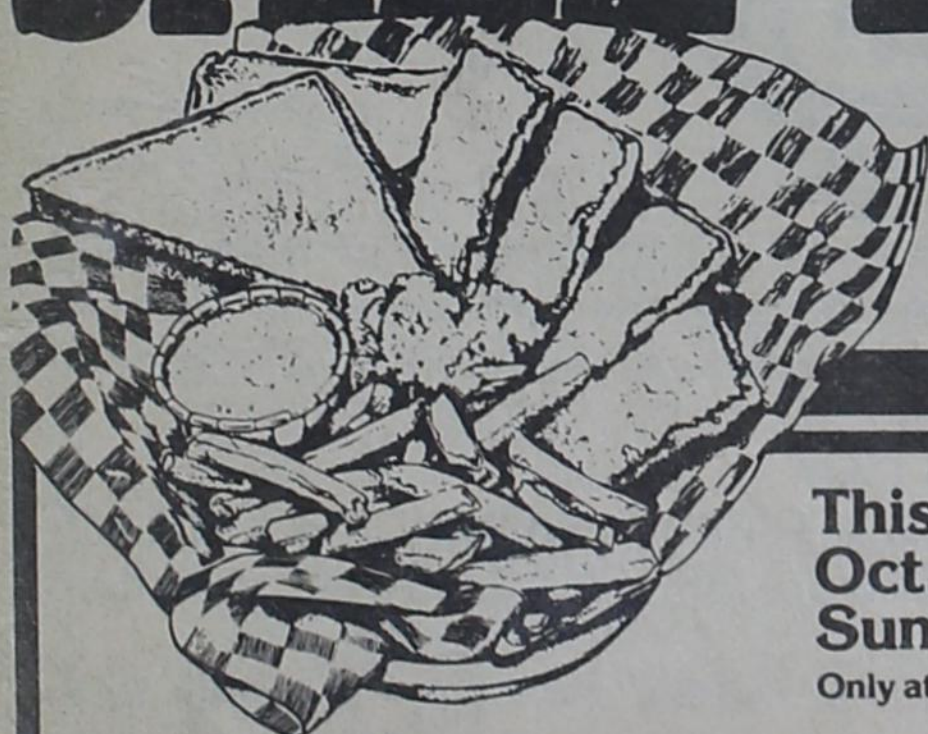

For the full story on saving energy — and energy dollars — get our Unhandy Person's Guide. Just call Texas Electric or ask for it on the comment section of your electric bill. It'll help even the most unhandy person tighten up his home.
