"SERVING GORMAN FOR OVER 85 YEARS"

NUMBER FORTY-THREE Gorman, Eastland County, Texas 76454 NOVEMBER 28, 1985

Press Points Joe Bennett, Publisher

And the rains came! seems to be the words most spoken this morning, (Wednesday) by everyone around here. The area received more than 2 inches of rain in most spots on Tuesday night. The area to the east didn't get the rain that we did. It came down in bucket fulls for awhile here. I am sure this will hold up the remaining peanut harvest for a few days. But most everyone is more than happy with the added moisture. The cover crops sure do look good, and the pasture land will be helped greatly by the rain.

We hope that you and yours have the best Thanksgiving season ever and hope that your Thanksgiving feast will be great with all your loved ones. Lets just be sure and give thanks to the Good Lord for what we enjoy and take for granted here in the good ole USA. We are extra thankful this year as our mother has been gravely ill in the Blackwell Hospital for a few weeks and is to be released from the hospital and will enter Canterbury Villa in a day or so. Enough cannot be said about the excellent care she received at Blackwell and the great job of all the nurses is responsible for saving her from the jaws of death. Drs. L. and N. and Dr. Hennin have spent many, many hours on her case and have enabled us to have "Mom" for awhile longer. I know that some folks are always bad mouthing our hospital, but evidently they have not had the situation to use our great facilities as our family has had. The nurses have gone far beyond the normal duties in caring for her, and for this we can never say thanks enough to them. Their devotion to her care could not have been greater and we thank God Almighty for such caring people. If those who holler about the hospital so loud ever were put in the situation that our family was, then they would find out just how great it is to have a hospital like this so close and not have to travel the many miles necessary to get to a bigger hospital. Oh, I know that you have to go to bigger hospitals when you have to have specialists to treat you, but I thank God that we have Blackwell Hospital right here in our town and pray that it will continue to operate for a million years. Great job folks. Our family will never forget your for your loving concern for our loved one.

Received the following notes this week:
Dear sir;
Enclosed you will find a check for my subscription to the Gorman Progress for one year. I enjoy the Progress very much.

Yours truly,
Onie W. Anderson

Dear Joe;
This note is in loving memory of Helen Hamrick Darby, born in Gorman in 1907 to Mr. and Mrs. Tom Hamrick. Helen had many friends throughout her childhood and young adulthood. A favorite among young and old.
Her friendly ways, appreciated by the service men as a member of the American Red Cross serving in Australia and a special letter was received by Helen's mother from the commanding officer in charge of the planning of recreation for service men, whom Mrs. Darby delighted in discussing Texas. She planned games, swimming, horseback riding, dances, etc., all for the health and happiness of those away from home.
She is survived by a sister, Zena Mae Martin; a brother, Marcus, who has recently moved to Florida from Las Vegas, Nev. Jean and Ionne Martin, niece and nephew also

Canterbury Villa Now Open In Gorman

The Gorman Care Center, operated for the past year by Jewell Enterprises, was acquired by Texas Health Enterprises, Inc. of Grand Prairie on November 1, 1985. At that time Texas Health Enterprises changed the name to Canterbury Villa of Gorman. This name is a trademark of Texas Health Enterprises. The company has added six new homes to the twenty-two they were already operating in Texas.

Mr. Peter C. Kern is sole owner of the company, a subsidiary of Health Enterprises of America, Inc. in Ohio. He plans to serve this community for many years to come. Texas Health Enterprises enjoys a very good reputation and the staff of Canterbury Villa of Gorman looks forward to working with Texas Health in giving the best possible

To Play New Year Day

Stephen Slampa, son of Mr. and Mrs. Robert Slampa of Gorman, Texas, will play the tuba.....for the internationally famous Hardin-Simmons University Cowboy Band in the 1986 New Year's Day Cotton Bowl Parade in Dallas.

Cowboy Band, along with the University's Six White Horses and coed riders, will escort the Texas Sesquicentennial Float in the CBS-nationally televised parade.

The band took part in the 1983 parade as well as several other past parades and will be accompanied by their director, W.Scott Mather, and the coordinator of the White Horses, Dr. William O. Beazley.

survive. Also several other nieces and nephews.

Helen was a Christian and devoted member of the Baptist Church.

A great lady has left the world a brighter place by her having been in it to do and to serve.

My thought for today - Give the world the best you have, and the best will come back to you!

Thanks
Zena Mae Martin

Dea Editor;

We sure do miss being in and out of Gorman for where you have lived in the hometown for 50 years and have to leave, it is sad.

But health says it all for us.
Tell everyone hello for us.

Your friends,
E. E. and Ruby Rachels

We have gotten a couple of suggestions for fund raising projects for the tennis court fund, one of which is a wrestling match. The past couple of wrestling matches were good successes and this could be one way of raising funds. If any of you have other suggestions for fund raising projects, call and tell us. The tennis court project needs to be completed. But it cannot be done without the fund raising projects.

So lets all get our heads together and see what we can come up with.

—J—

There are still a couple of yards that we want to get pictures of. The leaves have fallen from the trees, but there are still some beautiful flowers and plants growing that are beautiful. We will try to get the pictures this week if possible so we can print them.

I think that the Yard of The Week series has really helped to beautify our city, as several folks have really got with it and put in a lot of time and effort on their yards. We congratulate all the yards in Gorman, whether or not your yard was nominated. We have had some very beautiful yards this year and we hope folks will continue to keep them that lovely each year.

—J—
We welcome a new business to town. Gold Metal Imports has moved into the building formerly occupied by Texas Peanut Producers Board. Drop by and get acquainted.

CARD OF THANKS

Dear Gorman Friends;
I want you all to know that I am back home from an extended stay at Hendrick Hospital in Abilene and recuperation period at Edith's home in Arlington.

I am well enough to be home and live among you again. Word is I will be completely well in a few weeks.

One realizes how wonderful it is to have so many around us who care, we know they are thinking of us fondly no matter where we are.

I especially want to thank Mr. Funderburgh and others who watched my house. Mrs. Pauline Dennis, Jo Nell Torrez, and Estelle Craddock for the good neighbor care and the beautiful cards and telephone calls from all of you.

Your concern means a lot to me and my family.

stockings of thousands of area children in need.

Beginning December 2 through 19, Sunbelt Santas will be accepting and collecting new toy donations at the 50 Sunbelt branches in North Texas. Then on December 14, Sunbelt Santas will begin delivering these gifts to local homes or organizations for children who might not have presents on Christmas day.

After a successful introduction last Christmas, Sunbelt Santas have doubled their goal and are encouraging customers and community involvement.

"The interest and enthusiasm of our employees and customers continues to be so impressive that we want to increase our efforts for this year's program and touch the lives of more children," said Stephen Fisher, executive vice president.

Fisher estimates that around 2,000 total hours will be spent by Sunbelt employees organizing, implementing and overseeing this program. Many Sunbelt Santas have volunteered to work after hours.

"At Sunbelt, we are committed to serving the communities where our customers live. And with the Sunbelt Santas program during the holidays, we can express this caring and bring joy to many special children. With the help of employees, customers and friends, we can make a difference," said Fisher.

Anyone can become a Sunbelt Santa by bringing a new unwrapped gift to a Sunbelt Savings office before December 19. Last year, more than 1,500 gifts were distributed including dolls, stuffed animals, games and educational toys. For more information about Sunbelt Santas, call (214) 980-4441 or visit the nearest Sunbelt Savings office.

Gentlemen:

The Upper Leon River Municipal Water District has installed fire plugs in various areas that it serves. The primary use for the fire plug is to flush the lines of the Water District. The fire plugs may be used for the purposes of fighting fires; however, the Water District hereby advises you that the Water District in no way warrants the capabilities of the fire plugs or the capacities of the water supply furnished in connection therewith for fire fighting purposes. The Water District takes no responsibility whatever for the furnishing of water, either for volume, pressure or collapsed lines for fighting fires.

The fire plugs are located at PAR Country Club, in the Foley area, Buffalo Springs area, and there are three in Proctor, and one is located on Highway 377-67 about 1 mile east of Comanche on a 4" line. The fire plug located in Comyn is on a 6" line which is connected to a 14" main. The fire plug at Rucker is on a 8" main, but is pressurized only when the pumps running. There are 7 fire plugs on 6" pvc mains in PAR Village.

This information is furnished to you so that you will be aware of the limitations and/or capacities of the lines; however, they are to be used in the event of fire solely at the risk of your fire department, and any person unfortunate enough to have a fire.

As stated, the purpose for which these fire plugs were installed is for use in flushing lines, and any future fire plugs installed by the Water District will be for the same purpose. Therefore, the above mentioned plugs, as well as any plugs that are erected in the future, may be used for fire purposes strictly at the risk of the fire department.

Sincerely,
WOODLEY & DUDLEY,

Jane, Luke and Katie Musick, Elvin Markham, and I all spent Saturday with Leslie Riddell and Daniel Pasley. (Daniel has come from Denton State School to live with Leslie and Mike. He is a 28 year old boy. We all enjoyed him.) On Sunday Mike brought Eric Bay and Ricky Sistrund out to visit us. Tena and Jimmy and Ricky Hogg were there too.

Renia Hogg has been visiting with Loretta Stephens and Pidgeon Pilgrim of Stephenville. Loretta is finally doing better.

Ricky and Lexie Hogg were visiting on Sunday with Renia.

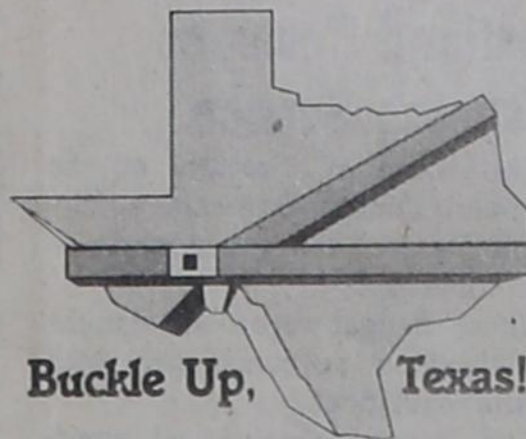

Tena and Jimmy Dennington and I went over to see the blown out oil well and fire the other night. That is quite a sight. It's the biggest oil and gas well this country has seen.

Tammy and Brandon Merriam were visiting on Saturday with Cindy, Danny and Daniel Decker.

Clyde and Darvella Scroggins of Lamesa have spent a few days with Renia Hogg and her family.

Marilyn and Gene Grimshaw threw a big party on Saturday night in honor of Scotty and Will's birthday.

CAPITOL UPDATE

by Jim Parker

Let me talk about a program that I would like to see instituted in this state, that program most often being referred to as "workfare."

Workfare is a program whereby any adult welfare recipient able to work is required to perform a reasonable amount of community service work as a prerequisite to receipt of public funds. The work may well take the form of collecting trash along roadways, working in public hospitals or an almost endless list of tasks that gives the public at least some benefit.

The objection to workfare has

primarily been that it is degrading to the person receiving the welfare funds and is unhealthy to the society forcing the individual to work. This objection, of course, flies directly in the face of what most of us have always been taught, that being that any honest work is not degrading.

It makes no difference which side of the argument you choose, the fact is the social welfare system, state and federal, cannot continue to function as it currently exists.

Even if we do not attempt something like workfare, the end is in sight because our country is quite simply going to drown in red ink.

I do not think my constituents have any problems with the theory that you need to work for what you get, so I do not think you will be angered with me when I support workfare in the next session of the Texas Legislature.

At any rate, if you feel differently, now is the time to let me know.

Some controversy appears to be in the making concerning the proposed use of generic substitute prescription drugs to welfare recipients. As I am sure each of you knows, the market in pharmaceuticals has name brands much like Chevrolet, Chrysler, or Cadillac in the auto industry. Of course, we do not have a generic substitute for Cadillac but for many of the better known prescription drugs, I am told there is a generic substitute.

The definition of generic is "relating to or characteristic of a whole group or class" or "not protected by trademark registration." In the case of pharmaceuticals the Legislature would hope funds could be saved by providing the substitute drugs to welfare recipients at a reduced cost to the State. This is, of course, predicated upon the presumption that the substitute is as good as the name brand and considerably cheaper.

I have recently been advised by people who should know that the generics are often inferior in quality to the name brands. As is always the case with science and scientific applications, it becomes the role of the social scientist to determine the application.

The question becomes as follows: Are welfare recipients shortchanged and discriminated against by the use of generics?

Not everyone can afford to drive Cadillacs and, while a Chevrolet is almost as good, I think everyone will admit it is not the same. Those who have money can afford a Cadillac, those who do not, cannot. The problem I am having difficulty with is whether or not the State of Texas has any obligation to furnish Cadillac prescription drugs to welfare recipients. I have come to the conclusion the State of Texas has no such obligation. I have concluded, in my mind at least, that the State's obligation is to furnish prescription drugs that meet a minimal standard and if that minimal standard can be met by generic substitutes, then the State has fulfilled its obligation.

This is not a small or simple problem because the same reasoning as must be used with generic drugs and welfare recipients applies to virtually every social service provided by government to needy people. It is a thought provoking problem and one that merits serious consideration as a forerunner of our attitudes toward social progress and social welfare in the 1990's and beyond.

I hope we have learned we cannot use public monies to create equal social conditions for unequal individuals. The issue of generic substitutes to welfare recipients is a good place to commence formulating our future ideas. If you are one of the rare individuals who are at all concerned about this, I would like to hear from you.

There's Nothing Secret About Freemasonry

It may come as a surprise to some that there's nothing secret about Freemasonry. But it's true.

The 3 1/2 million Masons in the United States are not members of a secret society. Masonic Temples are more often than not prominent landmarks in most communities.

Although many Masons do not talk much about their membership in the fraternity, this has nothing to do with secrecy. Masons prefer to demonstrate their beliefs by the example they set with their lives.

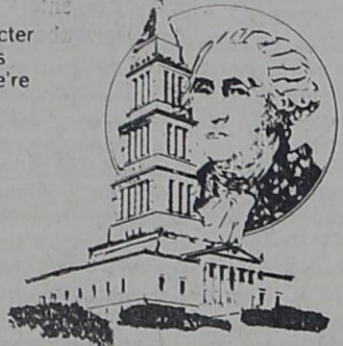

Like other fraternities, the Masons have "secrets" . . . words and symbols that bind them together in the world's oldest and largest fraternal order.

At a time when many men feel isolated and alone, the Masonic fraternity offers men of good character the opportunity to share their ideals and aspirations with each other. We're proud to make no secret of that.

Eastland Revamps Dispatch Service

The board of directors of the Eastland County Cooperative Dispatch approved changes in its charter Wednesday.

These changes were made to make the dispatch in compliance with Austin regulations.

The dispatch receives all emergency telephone calls in the county and then calls or dispatches the appropriate services to the scene.

Because the dispatch operates as a non-criminal agency, a member of a criminal justice agency had to be appointed to take control of the teletype terminal for security.

That person or manager will have control of the teletype and personnel. The board of directors will remain in authority over the manager.

The board agreed to appoint the police chief of Eastland, who currently is Lyndall Underwood, as manager until Oct. 1, 1986.

EASTLAND COUNTY PECAN SHOW SET DECEMBER 6 and 7

The Eastland County Pecan Show is scheduled for December 6 and 7 in the Eastland County courthouse lobby. This will be the 33rd consecutive pecan show in the county reports Charles Walker, President of the Eastland County Pecan Growers Association. The show is sponsored by the grower's association and the Eastland Chamber of Commerce.

A large pecan crop is being harvested this year. The quality of the pecans in the show should also be good according to the County Extension Agent DeMarquis Gordon.

Anyone producing pecans in 1985 may enter the pecan show. An entry consists of 43 pecans of one variety and natives or seedlings from any single tree. All entries should be sacked and labeled with the grower's name, address and variety of pecans.

All entries of nuts must be entered by 4 p.m. on Thursday, December 5. They may be sent or left at the County Agent's office in Eastland prior to December 5. Growers are limited to one entry of each improved or papershell variety and as many natives or seedling entries as they have.

The first place entries will be sent to the Regional Pecan Show. Entries not winning first place will be sold to pay expenses of the show.

Any alteration of pecan shells by marking, filing, or polishing will disqualify the entry so treated. However, exhibitors are encouraged to remove all traces of husks and foreign matter from the shells.

Walker said there will be a class for every variety provided there are at least two entries in that class. There will be a class for the smallest pecans, native pecans, seedlings, as well as all varieties. Plaques will be given to exhibitors of champion in-shell, shelling and native entries. Rosettes will be awarded for reserve champions and the first three place ribbons will be given in each class.

Pecans will be judged by Extension Service and Experiment Station Horticulturists. They will judge pecans based on size, color, appearance, shell thickness, cracking quality, kernel quality, and other factors.

After the pecan show on Saturday, December 7, the growers organization will sell shelled pecans and in-shell pecans that do not win first place to help pay expenses of the pecan show reports Walker.

ATTENTION RETAILERS!
 ...are co-op advertising dollars slipping through your fingers?

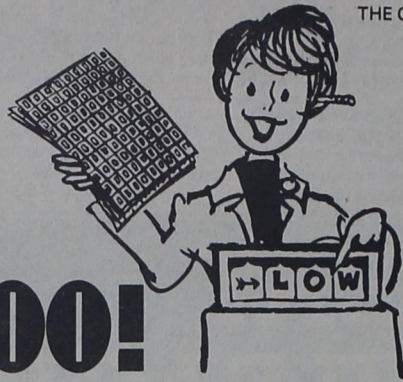

Are you missing out on co-op advertising funds that are available to you? Did you know that co-op advertising help from many of your manufacturers and suppliers can pay anywhere from half to all of your advertising costs? Every year manufacturers and suppliers make millions of dollars available to retailers, yet a good part of that help is lost because many retailers are not even aware of the fact that this money is available to them. Our advertising staff has been especially trained to help you locate hidden co-op opportunities. They will help you prepare your ads, supply you with attractive, attention compelling art, write

your copy and put it all together in an eye-catching layout. Our staff can produce results for you, and best of all, the co-op available to you can pay as much as 100% of the costs. Don't let co-op money slip through your fingers. It is really your money and if you don't use it, you'll lose it and all the potential sales that it can produce. Call your local newspaper advertising representative now and take advantage of the hard-hitting results this paper can generate. If you're not already advertising and using valuable co-op dollars, we'll show you how co-op can stretch your promotional budget and, at times, pay the entire bill.
