Eastland Co. Commissioner's Ban Outside Burning

At 4:00 P.M., this date, Eastland County Commissioners' Court declared that a state of emergency exists in Eastland County due to the extreme potential for large and destructive wildfires.

Eastland County Commissioners' Court also issued an emergency order effective immediately, which prohibits any open burning in the unincorporated areas of Eastland County except the burning of combustible material in approved enclosures, such as trash barrels and charcoal grills which are designed to contain all flames and embers.

Due to dry conditions, and the lack of significant rainfall, all persons are advised that any open burning is extremely likely to cause very dangerous wildfire, posing risks to lives and property. Local fire department officials, the National Weather Service and Texas Forest Service personnel advise that there is no present forecast for improving conditions.

The order signed by members of Eastland County Commissioner's Court provides that repeated or flagrant violations of the order shall constitute a misdemeanor, and that any peace officer of the State of Texas may enforce the order in the venue of the Eastland County Court.

CARD OF THANKS

We would like to express our sincere appreciation to all our friends and neighbors for all the beautiful flowers and kind words and cards during my mother's illness and death. Thank you to the doctor and hospital staff in De Leon. May God bless all of you.

KEEPING UP WITH FRIENDS

Mary Kirk was kind enough to take Ruth Higginbottom to Lubbock - St. Mary's Hospital to be with her son, Ted during his surgery. We spent the night at Mary's son, David and his wife. Their hospitality, delicious meals and comfortable beds gave us the rest we needed. After visiting Ted and Tracy and finding Ted feeling better, we left for home. We stopped in Sweetwater, had lunch with my brother, Judge Weldon Kirk, his wife Mary and friend, Doris Shillingberg.

NEWS

Visiting with Gladys Dennis over the weekend was Mrs. Edith Belyeu from Breckenridge, Dianne Snider and Gladys Fraley of Gorman, Rev. and Mrs. JB Hamilton of Garland.

It seems as though the weatherman has some bad weather in store for us the next few days. They say some freezing precip and maybe some slick roads. We sure do need some moisture - - - but we sure don't need the slick roads and hazardous driving conditions for folks to get to work, school, etc. and back. The entire area sure needs rain because everything is so dry. A lot of the grazing crops have not done very well and some are completely dead. Everyone is hoping for some good rains to give us a good season for the crops that will be planted down the way. Let's all seek God's help in sending us some moisture. In your quiet time with the Lord, ask his blessing for some moisture.

Enjoyed some great basketball recently and saw the greatest player in the world (my granddaughter, Jacquelyn Schuman) playing a fantastic game with her small grade school team. Don't get to see very many of her games, but I saw her score a basket to help her team (the Aggies) win a game. You know how grandpaws are when it comes to their grandkids - of course she was fantastic.

Enjoyed some time off January 15th through the 19th when my kids set up atrip to Las Vegas for Doris and I to see the sights and shows and to bring home all those winnings. We really enjoyed the Christmas gift from the kids and told them any time they decided to repeat the offer to just let us know. It's sure great to have Jake and Herman around to hold down the fort while I'm away for a few days.

Dear Joe Bennett
It has been a priviledge to receive the Gorman Progress for so many years. I started with Mr. Baker and I have always been proud of my home town paper. I am 90 years old now and have failing eyesight, reading is difficult for me (also writing) so please cancel my subscription.

I have my home with my granddaughter Paula, and very happy. I had so many wonderful years in Gorman, lovely people, my health caused my move.

I wish you continued success and health.

Sincerely,
Thanks Pauline E. Dennis

Thank You For Your Support

The Gorman 4-H Club, Jr. FFA, FFA, and FFA Booster Club would like to thank the Citizens of Gorman for their support and encouragement to our programs during the past year. Your attendance at our dinners and support of our fund-raisers, as well as even your purchases of concessions at home basketball games, has made possible the continued success and improvement of our programs.

We would like to invite you to attend the Annual Eastland County Livestock Show and Sale, Thursday, February 8 thru Saturday 10 at the Eastland County Show Grounds on Hwy. 3101 in Eastland. Over 70 local youngsters representing over 40 local families, will exhibit more than 200 animals in the show. Many of these animals were bred by local producers who have developed a breeding program to provide area youngsters with quality show animals.

The Awards presentation and Auction of Premium Market Animals will begin at 7:00 p.m., Saturday, February 10th and is open to all businesses, merchants, and individuals. Contributions to a Buyers Pool of purchase of local animals may be made by contacting Linda Stephens at 893-6766 or Bo Caraway at 639-2545. Gorman ISD Offers Gifted Education

Gorman Independent School District conducts a program for students with above average potential in academic and creative-productive thinking skills areas in grades K-12. This gifted education program is designed to challenge students to accelerate above and beyond the regular school curriculum. Those nominated go through a screening procedure and because of state guidelines only a few students are served.

If you wish to nominate your child or another student, please do so by going to the appropriate principal's office and complete the proper form, or you may call and ask for one to be sent to you. These forms should be completed and returned to the office by Thursday, February 15.

Those students nominated will go through a screening procedure which requires special testing. After nomination parents will be requested to grant permission for testing.

Dear Joe, Herman & Staff,
We enjoy receiving the Gorman Paper every week.

We thank you for putting a good write up in the Gorman Paper about our 50th Anniversary last June.

We wish you a happy New Year. We are enclosing the renewal for another year.

Sincerely,
Bro. and Mrs. Eldon Shipman
I enjoyed my visit to the Progress recently.

piano, also Bro. Joe Wortham sang one verse of an old song written by the late Rueben Ross who organized the Round Grove Baptist Church and is the great, great grandfather of Ruth (Williams) Daffron, Leo Williams, Evelyn (Williams) Yardley all of Desdemona. Several men brought their testimonies during the morning and evening services. Visitors for the morning service were Joe and Pat Cummings - Gary and Shirley Shirley and Children, Lane and Brittany.

Agatha Lee Henrikson of Wilmington North Carolina visited several days this past week with her mother, Agatha (Genoway) Nance, Class of 1934.

Gary and Shirley Shirley and children, Lane and Brittany recently moved to Desdemona from Friendswood, Texas. We "Welcome" this fine couple to our community. Shirley is the daughter of Neldon and Billie (Abernathy) Shipman of Desdemona.

Sheep Referendum

The Agriculture Department will conduct a nationwide sheep referendum on February 6th to determine whether sheep producers, sheep feeders and importers of sheep and sheep products approve the Sheep and Wool Promotion, Research, Education and Information Order. If the Order is approved by those producers, feeders and importers voting in the referendum, the order would become effective and assessments would be collected on domestic and imported sheep and sheep products.

USDA's Agricultural Marketing Service will conduct the referendum in cooperation with the Extension Service and the Farm Service Agency.

Registration and voting will be held at Extension Service County Offices. Absentee ballots will be available from January 16 through January 26, 1996. A request for an absentee ballot must be made in writing from the County Extension Office serving the county in which the voting entity is located. FSA will determine eligibility of challenged votes, count ballots and report referendum results.

All producers, feeders and importers who certify that they were engaged in sheep production, sheep feeding or importation of sheep or sheep products between January 1, 1994 and December 31 1994 will be eligible to vote in the referendum.

The order may be approved by either a simple majority of those voting or by voters who account for two-thirds of the number of sheep repre-

sent by those voting. The initial domestic assessment rate would be 1 cent-per-pound on live sheep sold and 2 cents-per-pound on greasy wool sold. The assessment vote on imported sheep or sheep equivalents would be 1 cent-per-pound with a 2 cents-per-pound assessment on degreased wool or wool products except that imported raw wool is exempt from assessment.

help with your donations and ideas. It would be appreciated by this reporter who has been busy past few years doing History of our town, school and churches. The Cemetery Marker will be placed by the front gate for visitors and everyone to read and enjoy. Desdemona has much history to share and with this on a marker would be a great way of sharing. To unveil a marker is a wonderful experience - As I (your reporter) had the privilege of unveiling my "First" marker on October 3, 1993 for the First Baptist Church 121st year. This marker is placed in front of the church - so take time and go by to read it and our church is proud of it.

Desdemona Volunteer Fire Department has a good group of men who works hard doing their job when needed. That is true - with several grass fires in our area the past weeks. So please help these firemen with your support and donations. They have done a lot of work on the fire truck and other vehicles - you would have to see our fire trucks and equipment to appreciate it.

Local Families Needed to Host Exchange Program

ASSE International Student Exchange Programs (ASSE) is seeking local families for boys and girls from Scandinavia, France, Italy, Spain, Portugal, Germany, Holland, Britain, Poland, the Newly Independent States of the former Soviet Union, Czech Republic, Slovakia, Switzerland, Mexico, Brazil, Japan, Canada, Australia and New Zealand, 15 to 18 years of age, coming to this area for the upcoming high school year. These personable and academically select exchange students speak English, are bright, curious and anxious to learn about the USA through living as part of a family, attending high school and sharing their own culture and language with their newly adopted American host family.

The students are sponsored by ASSE, a nonprofit, public benefit organization, founded by the Swedish Ministry of Education. ASSE also cooperates with the Canadian Provincial Ministries of Education and is approved by the Australian and New Zealand Departments of Education. ASSE is the only organization with these credentials.

The exchange students arrive from their home country shortly before school begins and return at the end of the school year. Each ASSE student is fully insured, brings his or her own personal spending money and expects to bear his or her own share of household responsibilities, as well as being included in normal family activities and lifestyle.

The students are well screened and qualified by ASSE. Families may select the youngsters of their choice from a variety of student applications, family photos and biographical essays. Students and families are encouraged to begin corresponding prior to the student's arrival.

ASSE is also seeking local high school students to become ASSE exchange students abroad. Students should be between 15 and 18 years old and interested in living with a host family, attending school and learning about the lands and people of Scandinavia, France, Italy, Spain, Portugal, Germany, Holland, Britain, Poland, Czech Republic, Slovakia, Switzerland, Canada (French or English speaking), Mexico, Brazil, Japan, Australia or New Zealand. Students should have a good academic record and desire to experience another culture through living with a warm and giving volunteer family. Academic year or shorter summer vacation programs are available.

Those persons interested in obtaining more information about becoming a host family, or becoming an exchange student, should contact your ASSE local representative Eula Miears at 817/734-2517 or call 1-800-473-0696.

The payments were part of the \$2.7 million in prize fees allocated to Texas cities and counties this week. In total, 68 county governments received \$1.4 million in prize fees, and 127 city governments received \$1.3 million.

The largest single allocation of prize fees for the second quarter was \$209,900 to Dallas County. The remainder of the top five is: Tarrant County, \$178,710; Harris County, \$160,674; City of Dallas, \$127,514; and Bexar County, \$116,933.

Gramm Working For Passage Of Farm Program

Texas farmers who are reaping their fields for crops could be left high and dry this spring if the U.S. government fails to deliver an overhaul of federal farm programs, U.S. Sen Phil Gramm says.

President Clinton vetoed the farm program overhaul, which was contained in budget-balancing legislation passed by Congress.

"Time is of the essence," Gramm said, adding that "farmers, bankers and businesses that depend on agriculture are making planting and financing decisions for the spring and need to know what they can expect."

In a letter to U.S. Sen Richard Lugar, chairman of the Senate Agriculture Committee and U.S. Rep Pat Roberts, chairman of the House Agriculture Committee, Gramm urged swift action on the farm program so farmers and agri-business operators can begin to make planting and lending decisions.

Because of the veto, "many producers in Texas and across the country have been forced to forge ahead with only a guess as to the specific farm policy provisions that will govern them if they try to participate in a government farm program," the senator said.

The five-year, 1990 farm bill has expired an archaic 1949 agricultural law now is in effect. With no agreement, crop acreage, will be severely hit, Gramm said.

 Prosperity is the best protector of principles.

Unfinished Business

It has been said that a problem well stated is a problem half solved. Well, the problem of deficit spending has been defined... and for the first time in 40 years we're seriously starting to solve it.

We accomplished much in 1995, but we still have so far to go to fulfill our commitments to the American people.

We know what needs to be done. What follows is a list of the issues Congress will need to concentrate on during the new year.

- Number 1 - We must follow through on achieving a balanced budget. Although the President has finally agreed with Congress on the commitment to a balanced budget within seven years, there remains a daunting number of details to be agreed upon, involving fundamental differences of approach and principle. Welfare, Medicaid and Medicare reform hang in the balance.

If you wonder why you're earning more - but your quality of life isn't better - it is because the cost of government is rising at a greater rate than your salary and it is taking more from you in taxes, fees and higher prices for everything you buy. Ending government profligacy will produce economic growth for the next century, and end the unfair imposition of a burdensome debt on the backs of our children and grandchildren. These issues are the most vital to our country's future.

- We must continue to lay the groundwork for reforming the federal tax system. Be it through a flat tax, value-added tax or any of the several proposals that have been put forth, our tax structure is unsatisfactory. It punishes hard work and productivity — and stifles economic growth. It must be fixed in a way that allows Americans to keep more of what they've earned.

- Around the world, we will be watching the events about to unfold in Bosnia very closely. Congress and the executive branch should work together to articulate a set of principles to guide global U.S. defensive strategy. We must not continue to go from one foreign policy crisis to the next without a plan of action. Our national security and the safety of our troops are at stake.

- Congress must continue the march toward regulatory reform it started last year. Although some of the most egregious examples of regulatory overkill have been slowed or stopped, this is still costing Americans billions of dollars annually, destroying hundred of thousands of U.S. jobs and crippling our productivity in the international marketplace.

The critical period for reforms has arrived: When we move from promises to reality. As we scale back government in a responsible manner, we intend to continue to enact measures that encourage America herself to grow - so "the land of opportunity" will be the continuing description of the U.S.A.

The work we undertake in 1996 must be predicated on the principle that America's greatness is based on its people, not on its bureaucracy.

What's at Stake in the Continuing Budget Stand-Off

Thomas Jefferson advised, "In matters of principle, stand like a rock; in matters of taste, swim with the current."

I believe it is important for Texans to understand that we have a budget impasse in Washington, D.C., today because of a grave difference of opinion on matters of principle, not politics. Balancing the federal budget is not a matter of taste. Requiring the government to live within its means for the first time in a generation is not a gimmick. The federal government has grown too large, spends too much, and if not reformed will spin out of control.

The Republican Congress is determined to stick to its principles and balance the federal budget. The President refused to endorse entitlement reforms and refuses to submit a budget that ever balances. That, in a nutshell, accounts for the continuing budget stand-off and the recent 21-day shutdown of many parts of the federal government.

While this argument over principles may seem remote to some Texans, it really isn't. What's at stake here has a direct impact on Texas pocketbooks.

If President Clinton had signed the Balanced Budget Act which Congress submitted to him, the average Texan would have saved:

- * \$2,754 a year in lower mortgage payments
- * \$262 per year in lower state taxes as a result of lower state and local interest payments
- * \$628 per year in lower interest payments on each student loan

As they say at the circus, that's not peanuts.

The Balanced Budget Act included, as well, tax credit provisions that would have:

- * Helped more than 2 million Texas taxpayers with more than 3.6 million dependents keep more than \$1.6 million a year.
- * Eliminated the federal income tax bill in our state for 285,000 taxpayers with 677,000 dependents. That's \$167 million per year staying with the working families who earned it.
- * Saved state and local taxes over seven years because of lower interest rates (\$639 million over seven years). That would have been an additional \$639 million available to fund education, better roads and more local law enforcement — or to go toward lower taxes.

Here's what we are getting instead as a result of President Clinton's veto of the Balanced Budget Act: Interest rates can be expected to increase, costing American families \$979 more per year in interest on their home mortgages, student loans and car loans, along with \$1,500 in future taxes to pay for the extra \$100 billion in annual interest payments on new federal debt. Apparently, to some, those costs are acceptable. To me, they are not.

31 youths bag does during special hunt

Stasney's Cook Ranch was one of several wildlife ranches all over the state that recently sponsored a Youth Opportunity Hunt coordinated by the Texas Game Wardens Association.

Texas Rangers baseball player Gino Petralli was also on hand to help with the hunt. This is his second year to be present for the special event.

A total of 31 boys hunted at the Cook Ranch earlier this month, along with 10 game wardens from around the area.

The youths included boys from Albany, Breckenridge, Eastland, Throckmorton and Abilene.

An equal number of 31 does, one for each young hunter were harvested.

This is the fourth time that the Stasneys have hosted a Youth Opportunity Hunt. The concept was initiated by the Parks and Wildlife Department to create in youth an interest in and appreciation for wildlife.

"When the wardens work one-on-one with the kids, teaching them how to hunt and enjoy the outdoors, you can imagine how special that effort is in helping shape young lives," commented Richard Stasney, one of the ranch owners.

Game wardens participating

in the hunt were local warden Sammy Rippey, along with Curtis Jones, Dale Evans, Steve Medford, Steve Barbour, Ronnie Brooks, Dick Corley, Kenneth Payne, Chuck Vest and Jim Lundberg.

Also assisting with the event were local DPS officer Bob Skelton, Sheriff Larry Bonner, Shackelford County Agent Rocky Vinson, Albany agriculture teacher Jim Leech and Breckenridge coach Tommy Dittmar.

From the ranch staff were Stasney, Paul Ivy, Johnnie Hudman and Guy Ellis. Don and Charlene Sewell also helped.

Pre-holiday hunt...

Thirty-one boys from five area communities, assisted by 10 game wardens and several other adults (top photo), converged on Stasney's Cook Ranch December 16 for the annual Youth Opportunity Hunt. The boys spent the day at the ranch, were treated to a hamburger at noon (lower photo) and all went home with one doe they had shot during the Saturday event.
