BUSH WILL TALK TO BREAKFAST CLUB MEMBERS

County Agricultural Agent to Head Program; Talks on Civic Beauty Also.

A speaking program, featuring agricultural interests, will be put on at the Chamber of Commerce breakfast Tuesday morning at the McCleskey hotel. It will begin at 7:30 o'clock. R. H. Bush, Eastland county agricultural agent, will be present for a talk. Beautification of city properties by the planting of trees and bushes, a campaign to be pushed by the civic committee of the chamber and the 1920 club this fall, will be treated in several talks.

Package of Mail Worth \$26,000 Is Stolen at Cameron

WACO, Oct. 29.—A registered mail package valued at about \$26,000 was stolen from a mail pouch at Cameron last night, the pouch being taken from a mail wagon, according to J. B. White of Cameron. He said that officers had been summoned and an investigation started which had continued through the night and was proceeding today.

PREPARE FOR TRIAL OF GOVERNOR WALTON BEHIND CLOSED DOORS

OKLAHOMA CITY, Oct. 29.—Preparations for the opening Thursday of the impeachment trial of Governor Walton went ahead today behind closed doors. Many of the members of the house are away from the capital and the house investigating committee is idle. Observers were agreed that the hearing will consume about three weeks. More than 200 witnesses are to be heard.

PRAIRIE GOES INTO MARKETING BUSINESS

CHICAGO, Oct. 29.—The Prairie Oil & Gas company directors have approved of the purchase of the Producers & Refining company, obtaining control of the latter company by an exchange of stock. By the exchange, the Prairie enters the marketing business.

WEED OUT DISHONEST BANKERS, COOLIDGE ASKS

WASHINGTON, Oct. 29.—Investment bankers gathered here for their annual convention were told by President Coolidge that the country depended upon their "assistance in weeding out those who are not maintaining a high standard of honesty in American banking."

MANY APPLICATIONS FOR U. S. CITIZENSHIP

HOUSTON, Oct. 29.—Applications for United States citizenship are coming in at an unprecedented rate, according to Federal District Clerk Masterson here. Twenty-six foreign countries are already represented in the application blanks. Four American women, having married foreigners, are among those applying for citizenship papers.

OKLAHOMA SOLONS PREPARING FOR "JACK" WALTON'S TRIAL

OKLAHOMA CITY, Oct. 29.—Plans for the prosecution of Governor "Jack" Walton were under way today by the house board of managers in preparation for the opening of the hearing before the senate Thursday. Filing of a general demurrer, followed by a plea of "not guilty" is believed to be the line of action contemplated by the Walton defense. This must be done by 10 o'clock Wednesday morning.

Who Shall Say That Toes Cannot Be Made To Do Handiwork

GRANGER, Texas, Oct. 29.—Armless—yet she writes, sews and feeds herself. Miss Manny Mae Cook, 21-year-old Granger girl, has accomplished these apparently impossible feats—all with the use of her toes. Handicapped by the loss of her arms since birth, and with her legs deformed, Miss Cook determined that she would not be overcome by these obstacles. Day after day she cultivated the use of her toes until she could write. Then she tried sewing and in time developed herself until she is no longer helpless. She is a high school graduate. Few are her equal with a needle. A beautiful nightgown, made by her toes, won first prize in the woman's department exhibit at a recent Texas state fair.

CHURCHES AND PRESS URGED TO WORK TOGETHER

Preacher Tells Newspaper Men That Both Are Acquiring More Knowledge.

CHICAGO, Oct. 29.—More than 45 per cent of the people of the United States are enrolled in the various churches, the Rev. J. T. Smith told a conference of preachers and newspaper men here today in urging more and more cooperation between the churches and the press. He said it was only a matter of time when church news and church advertising would be considered by all the newspapers as of first importance. "The church must use the newspaper more and more and learn to consider it as a brother in the struggle for betterment of the community and not as an enemy," said the Rev. Mr. Smith. "Newspaper men should remember that the church is a growing concern and is really the biggest business on earth among men." Mr. Smith declared that religion has increased its following 34 per cent since 1898 and now has enrolled more than 45 per cent of all the people in the United States. He divided them into the following groups: Protestant, 77,958,470; Roman Catholic, 18,104,804; Jewish, 1,600,000. "If the newspapers do not cooperate with the churches of a community, it is because the churches and the community will not demand it," said Mr. Smith.

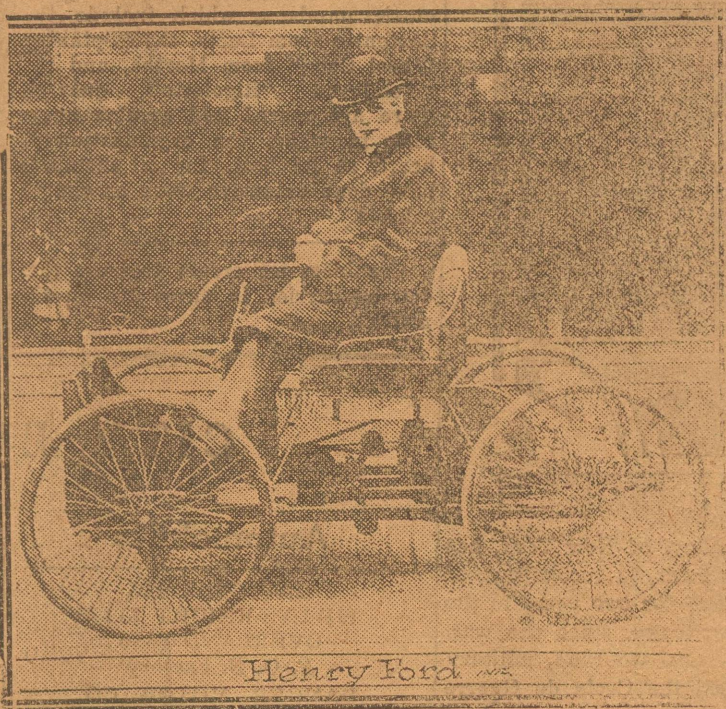

FOREIGNER AMUSES HIS FANCY BY SHOOTING AT PASSING MOTORISTS

KANSAS CITY, Oct. 29.—An apparently crazed man stood on a viaduct in the city early today and fired an automatic pistol at passing motorists, seriously wounding one. The man was captured by a posse of patrolmen and detectives after he had barricaded himself in the basement of his home. He was found seated on the floor with an unopened umbrella over his head. He gave the name of Askonenko Yozamovich and said he was a Russian. He will be examined today as to his sanity. When captured, the Russian had a sack containing 400 rounds of ammunition and two automatic pistols.

BURGLARS MAKE NIGHT RAID ON DEPARTMENT STORE, WHEELING, W. VA.

WHEELING, W. Va., Oct. 29.—Loot valued at about \$46,000 was taken by thieves when they raided one of the largest department stores in the city last night. The robbery was first discovered by the employees when they went to work this morning and discovered the goods in the store scattered in disarray. The watchman was found gagged and handcuffed to a post on the upper floor of the building.

HIGH SCHOOL 'GUSHER' TO BE OUT THIS WEEK

Nearly Score of Editors and Reporters Contribute to Its Excellence.

"Bigger and better than ever before," will be the "Gusher," new name for the Ranger High school monthly publication, says the editors and business managers. It will be off the press Wednesday. Miss Evelyn West, senior student, is editing the publication. She is assisted by a staff of writers from all of the four classes of the high school. Miss Clara Haden is associate editor. Last year, the students were responsible for a semi-monthly four-page publication, called the "Hi-Hub." The October number of the "Gusher" will be larger, more pretentious and interesting. It will be about 28 pages. The "Gusher" has a staff of 13 reporters and editors, besides the chief editor and her associate. The staff and their assignment follows: Gladys Maddocks, literary department; Norine Maxey, school activities; Maurine Bowman, jokes editor; Veda Winsett, senior reporter; Ida Mae Lonsdale, junior reporter; Helen Gunkle, sophomore reporter; Hope Corbett, freshman reporter; Lawrence Lonsdale, Spanish department; Dorothy Appley, Latin department; Willie Matthews, commercial department; Edna Brashier and Christine Schmuck, home economics; Christine Schmuck, art editor; Edna Brashier, sport editor. Miss Rosalie Jameson, teacher of English, will be faculty advisor. Ida Mae Lonsdale will be business manager of the "Gusher" and Claude Durham, her assistant. Truett Wier will be circulation manager.

BALTIC GASOLINE COMPANY PLANT IS IN OPERATION

The Baltic Gasoline company's new gasoline plant at Swensondale, with offices in the Peoples Bank building of this city, has started operations. It is a four-unit plant of 6,000,000 cubic feet gas capacity and will produce approximately 7,000 gallons of gasoline. The plant will get gas from the numerous oil wells on the Swenson ranch, which are being drilled by the Swensondale Oil company.

Klan Paraders Are Arrested for Failure Heed Mayor's Order

PORTSMOUTH, Ohio, Oct. 29.—More than 200 members of the Ku Klux Klan were in the police court today to answer charges of violating Mayor Cableman's anti-mask order. Special police yesterday blocked a Klan parade while the klansmen were marching to a church to participate in the laying of the cornerstone. More than 200 of the paraders were rushed to the police court and notified to appear today to answer charges preferred against them.

STRESEMAN IS NOT BOWING TO SAXONY REVOLT

Dismisses Cabinet and Orders Diet to Form New One Without Communists.

BERLIN, Oct. 29.—Chancellor Stresemann has backed up the central government's demand that President Zeiner dismiss his cabinet today by sending Herr Schultz to be the civil commissioner of Saxony. Schultz has orders to demand that the state diet form a new cabinet in place of the one dismissed. He was instructed to give the diet a chance to show its willingness to submit to the central government; otherwise to dissolve the assembly. Following receipt of President Zeiner's refusal to reform the cabinet without the obnoxious communist members, Stresemann acted without delay. Zeiner refused the demand after an all-day session of the cabinet, declaring there was no reason why any of them should resign. He is expected Zeiner will appeal to the Saxony diet for confirmation of his refusal. Communists and extremists in Saxony have called for a general strike against the central government's action. Chancellor Stresemann is confident that the central government's forces will be powerful enough to bring Saxony to obedience.

MUELLER FORBIDS SAXONY CABINET MEETING TOMORROW

LONDON, Oct. 29.—General Von Mueller, commander of the reichswehr, has prohibited the assembly of Saxony from sitting tomorrow, says a Central News dispatch from Berlin. This prevents the members from taking any measures under protection of the parliamentary immunity act. A note from the government of the reich dismissing the cabinet of Saxony from office was handed to the cabinet today and members of the ministry submitted to dismissal, says the dispatch.

Friends In Both Parties Took Hold Of Purse Strings

WASHINGTON, Oct. 29.—Harry Sinclair, oil magnate and leasee of the Teacup oil reservation, contributed both to the Republican and Democratic funds in 1920, he testified today before the senate committee investigating the leasing of federal oil lands. He did so, he said, because he had friends in both parties.

'CLOSE' DRILLING IS BLAMED FOR MUCH OIL WASTE, THEREFORE LOSS

WASHINGTON, Oct. 29.—At least 3.67 acres must be allowed for each well drilled on government land, under a ruling of the interior department. The order is based on a recent survey of the oil industry by the bureau of mines, which reported that what is known as "close drilling" is responsible for much waste of oil lands and loss to investors. Instances in several Texas oil fields are cited by the bureau as typical examples of losses from close drilling.

CANADIAN SCHOONER 'BLUE NOSE' DEFEATS AMERICAN 'COLUMBIA'

HALIFAX, Nova Scotia, Oct. 29.—The Canadian schooner Blue Nose today won the first of the international fishermen boat races, defeating the American schooner, Columbia. The Blue Nose took the lead at the start over the 34-mile course and kept it throughout the race, but it was a struggle to the very end, the Blue Nose crossing the line only 30 seconds ahead. The boats finished: Blue Nose, 1:43:42; Columbia, 1:45:02.

CHESTNUT & SMITH PLANT NO 108 IS SWEEPED BY FLAMES

Fire Starts In Compressor and Buildings Transformed Into Red-Hot Furnace In Few Seconds. Fear Felt Some Workmen May Have Been Caught In Burning Structure. Loss May Reach Half-Million Dollars.

Three men were seriously burned and a loss which may reach one-half million dollars sustained in a fire at the Chestnut & Smith corporation plant No. 108, which started shortly after 1 o'clock this afternoon, about eight miles from Ranger on the old Eastland road. It was feared at 3 o'clock that some other men might have been caught in the fire and burned to death, for it had not at that time been possible to check up the employes and ascertain if all were accounted for. The injured men were placed in automobiles and hurried to the Clinical hospital here for medical aid. They are: D. R. Williams, chief engineer. C. H. Seibert, engineer. Harper J. Haney.

POINCARÉ HAS SCANT SYMPATHY FOR GERMANY

Pictures Neighbor Nation as Hypocrite Seeking to Dodge Debts.

PARIS, Oct. 29.—Premier Poincaré has drawn the eye teeth of the proposed advisory conference of experts to determine Germany's capacity to pay reparations in the opinion of experienced observers here today. In a public address and in official communique, Poincaré is believed to have headed off any attempt to reduce the German reparations payments and get France and Belgium out of the Ruhr. France will never consent to any deviation from the line of effort heretofore agreed to among the allied nations or to any reduction in the amount of the reparations, it is stated. In his speech at Sampigny, the premier declared that France would remain in the Ruhr until the reparation debt was totally paid. He said it was possible France would agree to a new schedule of payments, but would never consent to the slightest reduction of the entire amount to be paid. He pictured Germany as a hypocrite seeking to dodge her debts.

ROBERT MOHLER ARRAIGNED FOR MAPLES' DEATH

Jury Being Selected for Trial in Eighty-eighth District Court.

EASTLAND, Oct. 29.—Attracting one of the largest crowds that ever taxed the Eastland county courthouse, the trial of Robert Mohler for the slaying of Hugh Maples, of Cisco, got slowly under way Monday, before Judge E. A. Hill, in the Eighty-eighth district court. A special venire of 175 men had been summoned and the selection of the jury was expected to consume the entire day and possibly run into Tuesday. Maples, a rural mail carrier, disappeared about a year ago, after he was employed by Mohler to move the Mohler family. Later the murdered body of Maples was found buried in a shallow grave. Mohler was arrested and charged with the killing.

CASUALTIES IN RIOTING AT FREIBURG GROW LARGER

BERLIN, Oct. 29.—During the rioting at Freiburg, Saxony, Saturday between communists and a battalion of federal troops resulted in 23 killed and 31 wounded, says a dispatch from Freiburg today. The first report said that 13 had been killed and a score wounded.

The fire started in a compressor and the origin could not be explained. The flames spread quickly and soon were sweeping the entire plant, the gasoline and oil burning fiercely. Fire trucks went out from Ranger to give aid and sprinkled sodium around the burning plant to keep the flames from spreading over the oil-soaked ground. The heat was so intense that it was difficult for the fire fighters to work.

It was stated at the hospital that the men appeared very badly burned, but possibly none was fatally hurt.

A number of gasoline tanks only about 25 to 50 feet from the flames were in danger at 3 o'clock, but at that hour they had not caught fire and it was hoped they could be saved. The flames at that time appeared to have been brought under control, but it was feared they might break out again in some unexpected place.

The hottest fire was reported in a galvanized iron building about 50 feet long and 20 feet high and it was within that building that some of the employes may have been caught by the flames which spread so quickly that they seemed to have wrapped the entire plant almost before any alarm could be given.

There was just time to telephone an S. O. S. call to the office of the Chestnut & Smith corporation in Ranger, notifying them of the fire and calling for assistance before the wires went down. Aid was hurried out at once and some 30 or 35 men were sent there also from neighboring plants of the corporation. Superintendent Coyle quickly marshalled the forces at his command and began fighting the flames at once, but were almost exhausted when help arrived.

FRANCE WILL INSIST ON PAYMENT IN FULL MEASURE

WASHINGTON, Oct. 29.—Premier Poincaré's statement of the French attitude concerning the new reparations inquiry is construed in official quarters as more insistent in reassuring that the rights acquired under the treaty of Versailles cannot be abridged except with the consent of parties to the treaty.

In his speech yesterday, the premier said France would refuse to allow the reparations commission to be divested of any of its functions or replaced by any other body, and that France never would consent to any reduction of reparations payments. He said that America's representation on the commission to investigate Germany's capacity to pay would be welcomed, but the committee's action must be bound by the terms of the treaty.

DIGNITY OF THE FEDERAL COURT MUST BE MAINTAINED

DALLAS.—Someone has to suffer when there's too much laughter in Federal Judge Atwell's court here. "Every time I hear the law coming, I run," said Eddie Conaster, during his trial on charges of violating the prohibition law. A chorus of laughs from the spectators greeted Eddie's remarks. "Everyone who laughed, get up and leave this court room," ordered Judge Atwell. No one stirred. The judge repeated his command. Still no one made a move to leave. Douglass Campbell, deputy United States marshal, glanced around. Singling out a spectator, Campbell ordered the man to leave. "What's all the row," asked the surprised man, "I was sound asleep." But he left.

HEALTH AND HAPPINESS LEAGUE.

Health and Happiness league is the latest organization of the University of Texas, co-operating with the Interscholastic league and having for its purpose the enrollment of proper health standards. The new organization is in charge of Miss Edythe Hershey, acting head of the nutrition and health education division of the university bureau of extension. Classes wishing to enroll must signify their intentions not later than Nov. 15. Any class in the grade schools is eligible. Schools belonging to the Interscholastic league will not be required to pay any fees, but a charge of one dollar will be made non-member schools.

Every class that is enrolled in the Health and Happiness league will be sent an attractive membership certificate to be hung in the room. A red seal to be placed on the certificate will be sent if the class has been measured and weighed by the teacher, and if one-half hour is spent each week on the health lessons which will be sent monthly to the classes enrolled. A blue seal will be awarded if the children are inspected by a graduate nurse, and a gold seal will be sent if a complete examination of each child is made by a physician.

Individual certificates will be awarded to every child who has had a complete physical examination by a physician and whose teacher and parents sign a statement at the close of the year saying that the child has faithfully tried to follow the rules of the health game.

GOLF TOURNAMENT TO OPEN AT MINERAL WELLS TODAY

By United Press.
 MINERAL WELLS, Oct. 29—The second annual invitation golf tournament of the Mineral Wells Golf and Country club opened here today to last three days.

Some 75 or more entrants are expected to be on the links by this afternoon.

A new wrinkle in the ancient-Scottish pastime will be tried out on the links during the tournament when a ball, treated by a special preparation, the invention of a local man, will be put into play. The ball is coated so as to be plainly visible at night. Should the innovation prove practical it will revolutionize the sport, the inventor claims.

Bricks are laid at the rate of 600 an hour by a machine invented in England.

FEW FOLKS HAVE GRAY HAIR NOW

Druggists Say Ladies Are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

AMERICAN WOMAN HONORED BY FRENCH

Miss Evelyn Smalley, daughter of G. W. Smalley, of New York, has been awarded the Legion of Honor decoration, in Paris, in recognition of her canteen work for French soldiers under shell-fire for two years in the World war and at Duisburg, in the occupied territories, since the war. The presentation was made at the Invalides by General Gouraud, military governor of Paris. Miss Smalley already possessed the Croix de Guerre and the Medaille Militaire, the latter France's highest valor award.

TEMPLE SINGERS HAVE DONE MUCH WORK AS CHURCH CHOIR SOLOISTS

Quartet arrangements for favorite operas, given in costume, feature the program of the Temple Singers, who will be heard in concert here on Saturday evening, Nov. 3, at the high school auditorium under the auspices of the high school library.

This group of vocalists includes Lucille Buzze, soprano; Louella Ensworth, contralto; James R. Evans, tenor; and David Davies, baritone. Miss Margery Nye is pianist and accompanist. They are all artists of reputation in individual concert and recital work, and their appearance here will be one of the most delightful musical events of the season.

In addition to their costume, operatic numbers, which include the Sextette from Lucia, the "Spinning Wheel Song" from Martha, and the much-loved "Rigoletto" quartet, there are sacred and secular quartets, in which the organization is heard at its best, for all members have done extensive work as church soloists.

Crankless ice cream freezers that can be carried in autos are on the market.

WORLD SERIES UMPIRES ARE NOT COMPETENT

By HENRY L. FARRELL, United Press Sports Editor.
 NEW YORK, Oct. 29.—When the four umpires who worked in the world's series complained to Commissioner Landis that their services in a million-dollar series were worth more than \$2,000 each, the subject of umpiring in general came up for discussion in a group of baseball men, including several major and minor league managers, coaches and players.

In 1921 and 1922 the four umpires who worked in the world's series were given a sum equivalent to the money received from the series by one winning player and one losing player. The umpires divided this sum four ways.

During the last meeting of the major leagues this method of paying the umpires was abolished and it was decided that the officials in the future should be paid a flat sum of \$2,000 each.

This new plan represented a loss of about \$800 each to the umpires, who had believed they were to get the same pay that the umpires were given in the two previous years.

Splitting the share of a winning and a losing player, the four umpires would have received about \$2,800 each.

Commissioner Landis refused to amend or change the new rule and he insisted that the letter of the law be followed which entitled the umpires to \$2,000.

In discussing the controversy, most of the baseball men agreed that the umpires should have been paid on the same scale that prevailed in the past two years and they agreed that when the wages were changed for the umpires the law-makers of baseball should have made some reforms to regulate the method of choosing the umpires for the most important of all baseball games.

Under the plan which now prevails, the presidents of the two major leagues follow the plan of giving the umpires their turn in getting a cut of the world's series money. This naturally means that ability is not considered in selecting the official, although it will be argued by the league presidents that all of their umpires are competent and good enough to work in a world's series. But they are not!

Ranger and Strawn Still Undefeated In Their Sections

Ranger Hi isn't piling any big scores up this season, but in the four games played, the team's goal line has been crossed but three times. All of the teams met, Breckenridge, Strawn, Eastland and Roscoe, have been considered contenders for sectional honors. All are eliminated in their respective sections except Strawn and Ranger.

Ranger eliminated Roscoe and Breckenridge and the latter team put Eastland out of the running before she was met by the maroon and white. Ranger is still undefeated in her section and Strawn in hers. Strawn continued its winning streak Saturday when she defeated Mineral Wells, hitherto undefeated, by a score of 32 to 3, while Ranger was trouncing Eastland, 25 to 0.

Ranger's scoring machine, the Zarafonets brothers and Captain Yonkers, has made a total of 63 points to 20 for the team's opponents. This includes 10 touchdowns, and three goals in try for points. Ranger's opponents have made three touchdowns and two goals in try for points.

James Zarafonets leads his teammates in the backfield in touchdowns scored, having five to his credit. Tom Yonkers and George Zarafonets have made two each and Quarterback Ted Rummage has been shoved over the line once.

RECOVERED STOLEN CAR TAKEN TO SAN ANTONIO

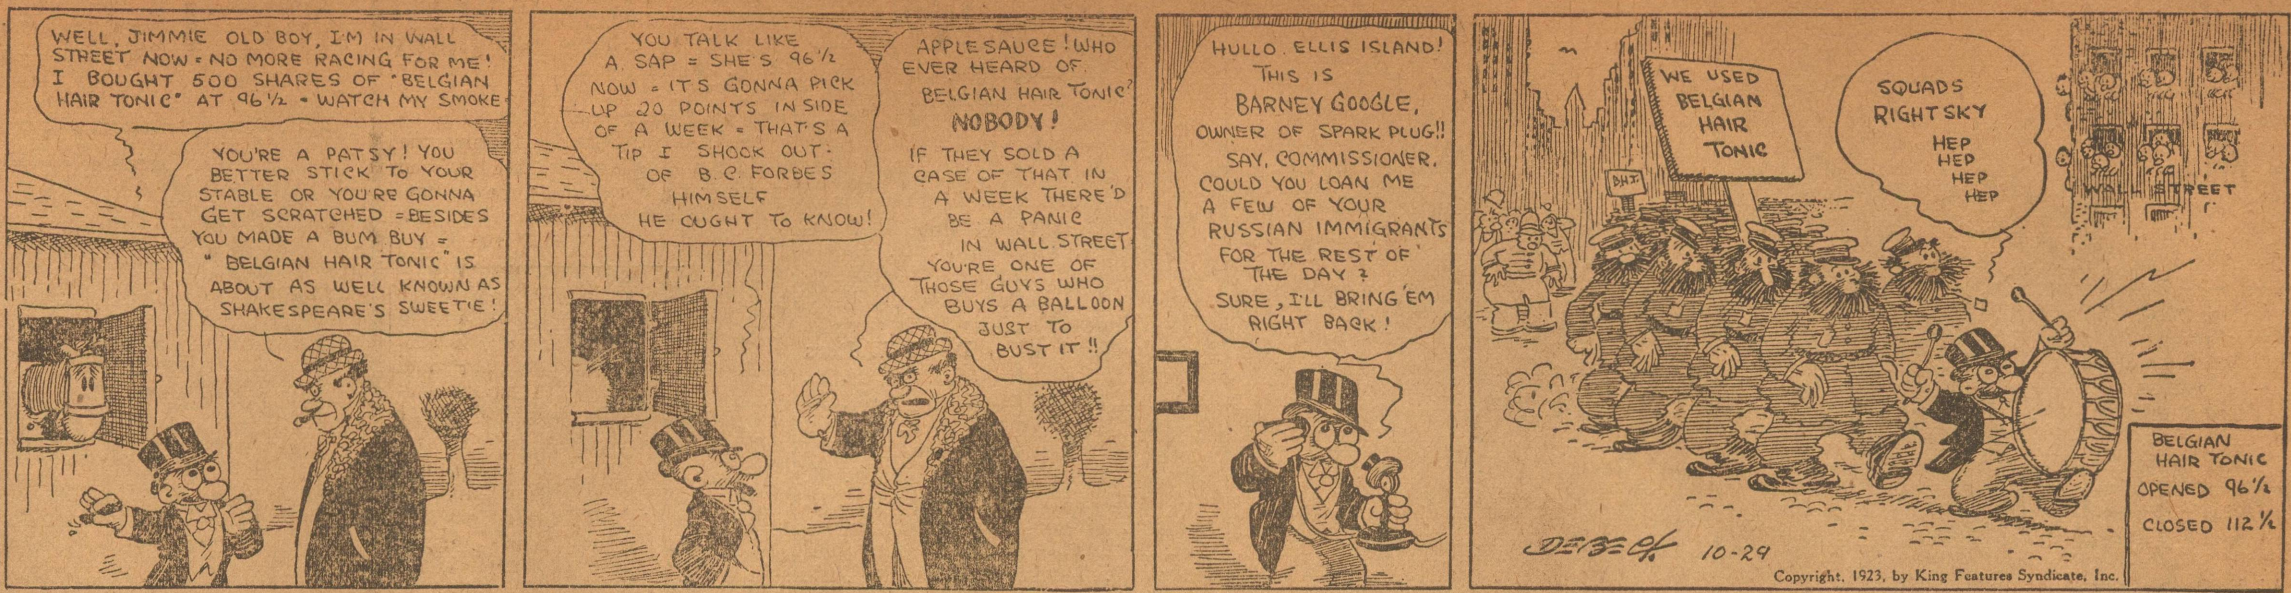

A representative of an underwriter's agency of San Antonio arrived here last night to drive a Ford coupe, stolen from Fort Sam Houston last week, and recovered by Assistant Chief L. E. Davenport and Officer Jim Ingram in Ranger, to San Antonio. He left this morning. The officers will get a \$25 reward.

Carl Bramblett and J. E. Garrin, the pair arrested with the automobile, will be taken to Abilene this evening by federal officers. The car was the property of the United States government and the men will face a federal charge of theft.

Four electric signs, all alike, each 35 feet high and 85 feet long, using 4,500 individual lamps have just been installed by a New York department store. These signs facing north, south, east and west, are located on the top of the store's 18-story addition and are visible for 15 miles.

COMANCHE WILL BE MET SATURDAY AT COMANCHE; HAS GOOD RECORD

Comanche is Ranger Hi's next gridiron opponent. Comanche has been defeated by once and that one time by Abilene high early in the season, by a score of 25 to 0. By her showing against Abilene in September when the latter team was going great, Comanche must be reckoned with next Saturday. The game will be played at Comanche.

Here is the season's record so far for Comanche:
 Comanche 88, Goldthwaite 0.
 Comanche 41, Dublin 0.
 Comanche 1, Hamilton 0 (forfeit).
 Abilene 25, Comanche 0.
 Comanche 27, Howard Payne scrubs 6.
 Comanche 0, DeLeon 0.

E. B. Womack, coach of the Jackson, Tenn., high and Lee High school of Columbus, Miss., in the year 1921 and 1922 is coaching the Comanche team this year. He is also principal of the school. John Reese is line coach.

Womack was an all-around athlete in college. He got two letters in football, two in basketball and two in baseball at Marshall college. He was the varsity end in 1918 and varsity halfback the following year at Union university, Jackson, Tenn. He was manager of the Columbus city league for three years, starting in 1919.

Reese starred for three years on the Comanche High team and was with the Gulf Coast champion football team of the navy in 1917 and 1918. This is his second year in coaching the line at Comanche.

A list of the athletes, who may be used in the Ranger game Saturday follows: Mackey, Herring, Marshall, Dillard, Clayton, Woodward, Johnson, Tate, Stephens, Cain, Sullivan, Mason, Durham, Mehaffey, Moody, Boswell and Anson Boyd. Claude Boyd, Anson's brother is captain of the team.

TWO CITY PRISONERS REMOVED TO COUNTY JAIL

Manuel Hernandez and Ross Johnson, negro, were taken to the county jail this morning by the sheriff's department. Hernandez was arrested Saturday morning when he came out of a private garage on the Tiffin highway, carrying two women's dresses. Johnson was arrested Friday morning at his home after he had made an unsuccessful attempt to break into the J. M. White department store. He was scared away by two shots fired by Sam B. Henry, who stays in the store at nights.

WOMAN LAWYER SAVES MURDERER'S LIFE

Miss Anna B. Hogan

Pale, weary and so weak her voice hardly carried to the back of the courtroom, Miss Anna B. Hogan, 25, attorney, of Jersey City, N. J., defended Ezal Robertson, a negro, on trial in Hackensack, N. J., on a charge of first degree murder, for shooting to death John Barnes, another negro, in a brickyard at Ferry, N. J. So successful was her plea that she won a verdict of second degree murder, with a recommendation for mercy.

Park Bench Combers Rained Out, So Naturally Himself Discusses Weather Contingencies; Urges Prayer for More Rain.

By P. G. T.

Due to continued wet weather, city commissioners of Ranger are seriously considering the introduction of an emergency ruling to make all automobile drivers qualify as first-class seamen.

All the boys who used to be in the navy will be asked to examine auto drivers and see if they are capable of managing a sea-going automobile.

Cars will carry red lights on the starboard side and green lights on the port side. A bad collision this kind of weather would probably result in the drowning of all passengers unless they could swim.

Car owners who have chauffeurs will have to pass a shipmaster's examination. Then they can sit comfortable in the back seat, hereafter called the bridge, and give orders.

They can instruct their chauffeurs to swing the helm hard a' port or rig up a ship's bell and ring out directions like a captain on a liner. Three bells, full speed ahead, four bells reverse, and so forth.

This will also give the boys who like to dress naffly a chance to doll up in yacht officers' uniforms. They can deck out in blue coats, brass buttons, white trousers and a navy blue mailman's cap.

People who come to town and don't know the new order of things will figure that they are elevator starters or doormen at Mr. Jury's hotel. This will give an added air of refinement to the town.

Boatbuilders should not overlook this opportunity to make some money by getting on the job pronto. Every sea-going gas wagon will want a skiff of some kind to mount on a rack on his go-buggy or trail behind with a painter. These boats will be of service in going to and from parking places.

Sportsmen are praying for wet weather to continue. They will soon be able to go duck hunting on Commerce street in front of the depot. Canoe races, catboat races, swimming and other aquatic events on Commerce street ought to draw as big a crowd on Thanksgiving as a football game.

Pray for rain, fellow citizens, and it won't be long until Ranger will be as great a seaport as Galveston.

Their engagement, announced recently, will culminate in their wedding early in November at Grace Church, New York City.

MOVE TO REVIVE HAREM

An effort to restore the harem as a national institution has created a live issue in Turkey where more than a year ago polygamy and with it the harem was abolished by resolution of the national assembly. The "old guard" throughout Turkey is rallying to the movement that is being led by Sahib Hodja, a teacher and an active campaigner is being carried on by them.

Wiring homes for electric service in northern Illinois increased materially in 1923 according to the public service reports from that state. The figures given for the first three months of this year exceeded by 60 per cent the number equipped during the same period in 1922.

BROKEN BACK MENDED

A surgical operation involving the mending of a broken back has just recently been accomplished by Dr. J. K. McGregor of Hamilton, Ont. Miss Sadie Rothschild is the patient and so far the operation is a complete success. She has been removed from the hospital to her home, wearing a specially constructed frame to support the weakened vertebrae.

Women to attract must Radiate Health!

BEAUTY is the magnet which draws all eyes—and back of beauty—Health—working silently.—Red blood tingling through the veins;—the glow of youth in the cheeks;—the spring of eagerness, of vim, of vitality in the walk;—the ever graceful air, unrestrained by care or worry.—All the charms of beauty. All the works of health.

Men are fascinated by the charms of beauty. Women gaze with envy, secretly jealous, perhaps—wondering—hoping—praying for that attractiveness that is not theirs.

But why the wondering—the hoping—the praying for that coveted attractiveness—that beauty. Good looks is the barometer of one's condition. Good health radiates beauty. S. S. S. purifies the blood—creates new red blood cells—rids the system of impurities which make beauty and attractiveness impossible. As women to attract must radiate health so must they keep their systems free from impurities and their red blood cells ever increasing. S. S. S. does both.

S. S. S., since 1825, has been ridding the system of impurities—pimples, blackheads, boils, eczema and rheumatism—building red blood cells—aiding women to be attractive by radiating health. S. S. S. is made of carefully selected herbs and barks, scientifically prepared and proportioned. All good drug stores carry S. S. S. It is more economical to purchase the large size bottle.

NO MORE DICKERING

The possessor of the loudest voice or the most brazen cheek used to be able to drive the best bargain. But, dickering, chaffering and haggling over prices have gone out of date.

Simply by glancing over the advertisements in your paper you can see where to go for the best buys. You can compare values and check up prices without even stirring from your easy seat. You can know in advance just what you are going to get and how much it will cost. And you can have the satisfaction that comes from knowing your money is wisely spent.

Nowadays, every one is given an equal opportunity to buy shrewdly. But there are still a rare few who fail to utilize the advertisements. Don't be one of them.

Every advertisement is a real opportunity
