

BOOM OF LEWIS AS LABOR HEAD GAINS HEADWAY

Delegates of Various Small Unions Line Up Behind Gompers' Opponent.

DENVER Colorado, June 21.—The boom of John L. Lewis for the leadership of union labor in the United States gained strength today. Delegates representing various small unions joined the president of the United Mine Workers in his fight for the presidency of the American Federation of Labor.

NAVAL PLANE TAKES FIRE; CREW SAVED

NORFOLK, Va., June 21.—The naval plane NC-7 caught fire over the Middle Ground lighthouse, Hampton Roads. The crew of seven men were rescued by a tug. The chief radio operator stuck to the plane, and was rescued by E. J. Applegate of the tug, who swam to the plane for the unconscious man.

NEWPORT NEWS, Va., June 21.—A navy seaplane bomber, outward bound for bombing tests at sea, fell in Hampton Roads today, apparently exploded by some bomb the ship carried. The wrecked craft caught fire and a navy tug rushed to its aid. Ten men aboard the plane were saved, although some were badly injured.

WASHINGTON, June 21.—The naval seaplane NC-7 was wrecked and burned after a forced landing in Hampton Roads today. A telephone report to the navy department said the plane was not a bomb carrier.

STORM WARNINGS ON TEXAS COAST ISSUED NEW ORLEANS, June 21.—Advisory small craft warning for the Texas coast was issued by the local weather bureau today on information in hand at 8:30 a. m. According to the forecast, low pressure in the extreme west Gulf probably will cause increasing winds Monday afternoon and night.

Special northern warnings are issued for Tampico. Low pressure in the extreme west Gulf probably will cause moderate to strong northerly winds at Tampico Monday and Monday night.

UVALDE MAN BREAKS NECK WHILE DIVING KANSAS CITY, Kan., June 21.—The body of Frank Chinn, salesman, who sustained a broken neck when he dived in shallow water at Bean lake here, was seen in Uvalde, Texas, for burial Thursday, it was announced today.

WATER PLAYS BIG PART IN GAME OF WITS BETWEEN BOOTLEGGERS CONSUMERS IN PORT GALVESTON

GALVESTON, June 21.—"Yo H2O and a Bottle of Rum" might well serve as the title for a story on the misadventures of bootleggers and liquor smugglers at Galveston, as revealed by records of the police department. For water stalks through the records like the villain in a play. In the game of wits between the "retailers" and "wholesalers" of illicit liquor, according to the many stories which have come to the attention of the authorities, it is considered "comme il faut" for the bootlegger to procure the "wholesaler" out of his contraband liquor, evading the payment of the agreed upon sum and leaving the seafaring man literally holding nothing but an empty bag. Similarly so often have the smugglers been unconvincingly dealt with, that it is considered quite the thing for the wholesaler, if he can "get away" with it, to sell his friend ashore either a

Wave of Tar Parties Balks Authorities

MAIL BANDIT ESCAPES BY HOLDING UP GUARDS

Roy Gardner, mail bandit, who escaped with Frank Pyrene, another federal mail bandit, by holding up his guards on a train which was conveying him to the penitentiary at McNeil Island. As the train was drawing into Castle Rock, Washington, Gardner whipped out a gun which had been sewed in his shirt, forced the deputy marshals to unlock his handcuffs, slipped the handcuffs on the officers and, with Pyrene, leaped through a lavatory window.

SPECIAL COURT SUGGESTED TO CLEAR DOCKET

BRECKENRIDGE, June 21.—Judge W. R. Ely of the Forty-second district suggested to the bar association of Stephens county this morning that a special district court for two years be requested of the legislature to clear up the crowded docket. W. P. Sebastian, president of the county bar association, immediately called a meeting of the association to favorably consider the proposition, to appoint committees and draw resolutions to present to the legislature in a body and wait upon the governor. It is estimated the docket contains 500 cases. It is impossible for Judge C. O. Hamlin, Ninetieth district, to care for the civil and criminal business.

FIRST CONDEMNATION IS MADE FOR EASTLAND COUNTY'S ROAD SYSTEM

EASTLAND, June 21.—The first condemnation proceeding to come before the courts in regard to securing right of way for the new system of highways in Eastland county, was tried before the county court at law Saturday, Judge Joe H. Jones presiding, and resulted in the jury returning a verdict in favor of the county. The cause was styled Eastland County vs. J. E. Luse, condemnation proceedings. The condemnation board offered Luse \$212 damages, which he refused, it is alleged, and the jury decided he was not entitled to anything. It is said this may have far-reaching effect on others who are holding out in these matters, and already one or two have come in and reached agreements since this case was tried.

STRIKE KEEPS OLDEST WEEKLY OFF STREETS

PORTSMOUTH, N. H., June 21.—For the first time in its 165 years the New Hampshire Gazette, which boasts of being the oldest weekly newspaper in the United States, did not appear on the street Saturday. The compositors' strike that began in local plants last Monday was assigned as the reason. Eight-page editions of the Herald and the Times, this city's papers, were published. The Gazette was first issued on Oct. 7, 1756. EL PASO, June 21.—Bundy Avant, street car conductor, shot and killed a Mexican highwayman with the latter's revolver after the Mexican had fired twice here yesterday. The Mexican held up the street car at the point of a revolver and when Avant resisted, fired twice, it was said. Avant grappled with the Mexican and wrenching his revolver from him fired twice with fatal results.

"Port of Missing Ships" is "Somewhere off Hatteras"

WASHINGTON, June 21.—Examination of their records today led commerce department officials to believe that a total of five ships have mysteriously disappeared off Cape Hatteras within the last few months. This is in addition to the wrecking of the Carroll F. Deering, a schooner, which sailed ashore with no one on board except a parrot. The vessels missing are the H-wit, carrying a cargo of submuh from Texas; the Albyn, which sailed from Norfolk last October and disappeared, and the Yule, a bark, which was last heard of by wireless last Nov. 14. The names of two other missing vessels are in possession of the commerce

department, but officials are reluctant to give them out. Other developments in the sea's mystery which is engaging the attention of four government departments today were: The British admiralty and the French ministry of marine are cooperating with the government in its investigation. The state department has accepted the theory that "fool play" may account for the disappearance of the twelve men in the Deering. Information reached officials here that at least one foreign ship was recently attacked by men in a launch while lying at harbor at Newport News.

HUNDREDS IN JAPAN DROWN IN BIG FLOOD

Thousands Narrowly Escape Death; Twenty-three Villages Are Inundated.

TOKIO, June 21.—Terrific floods are sweeping large areas of Japan. The death list approached 200. Entire villages were submerged under fifteen feet of water in the Hita district, more than 600 houses were swept away. Heavy rains caused floods. The district of Kyushu was inundated so quickly that thousands had narrow escapes. At least 180 persons drowned there. The flood quickly swept hundreds of lightly constructed dwellings into the torrent, where they collapsed, and were carried out to sea in a mass of debris. Bridges were torn out and swept away. Twenty-three villages were known to be under water, their inhabitants taking to boats, some living precariously in trees, others clinging to roofs of cottages, which threatened momentarily to leave their foundations. Near Fukuoka, a city of almost 100,000 persons, the greatest damage was done.

'STAR WITNESS' IN MURDER CASE SLAIN, MAN HELD

OKLAHOMA CITY, June 21.—Louis Woods, defense witness in the case of Leo Shanahan, charged with the murder of A. E. Payne, farmer, of Harrah, Okla., was lodged in the county jail here today, and charged with shooting Sam Clark, "star witness" for the prosecution. The shooting occurred at Harrah last night. Clark's wounds are said to be serious. The situation at Harrah was said to be tense today, and authorities were said to be taking precautions to prevent further trouble.

DOC TALLEY MAY HAVE BOND FORFEITED

EASTLAND, June 21.—Judge of the Eighty-eighth district court has under advisement the quashing of the bond of Doc Talley, indicted under charge of automobile theft, which was declared forfeited when Talley failed to appear for trial last week. Talley was arrested at Laredo in possession of a car belonging to Dr. Richardson and with a passport in his pocket. It is said the bond is faulty.

DECOMPOSED BODY OF WHITE MAN IS FOUND

AMARILLO, June 21.—The body of a white man buried in a creek bank was unearthed Monday by workmen on a public highway, thirteen miles north of here. The body was buried face downward, and was in such a decomposed state that the limbs and head fell from it when it was removed by Sheriff Roach and undertakers. The left side of the skull was crushed, and officers believe the man was a victim of foul play. The body was dressed in a brown army shirt and corduroy trousers, but no evidence was available to aid in identification.

LASKER, U. S. SHIPPING HEAD, FORMERLY NEWS WRITER AT GALVESTON

GALVESTON, June 21.—The turning point in the life of A. D. Lasker, recently clothed by President Harding with supreme authority as concerns Uncle Sam's virile merchant marine, came twenty years ago when Mr. Lasker was a reporter on the editorial staff of the Galveston News. According to old-time friends and acquaintance this turning point was occasioned by a bit of advice given the then youthful journalist by his father, Morris Lasker, a Galveston business man. After graduating from Ball high school, where he first smelled "printers' ink," young Lasker became a member of the staff of the News. "I've decided," the young reporter is credited with having informed his father, "to go into newspaper work as a profession."

BOOSTERS TO GET BEHIND BASEBALL

Series of Trips Arranged by Backers of Ranger Club Begin Thursday.

Ranger's first Baseball Booster trip, a series of which are now being planned by the Chamber of Commerce, will be taken Thursday. Business men and club backers are now being lined up for the trip, and up to noon today, about ten had promised to put their cars in the procession. It is pointed out that the Ranger now has the only league baseball team in the oil belt, and it is believed residents in other towns would enjoy dropping over for a game occasionally if they were informed of Ranger's accessibility. The Route. The first trip will be taken to Desdemona, DeLeon, Gorman, Carbon, Eastland and Olden. It is planned to take along a band and a couple of auto mechanics to smooth motor troubles. A half hour to an hour will be spent at each town visited. Several men will take turns about in making short speeches, telling the various towns the purpose of the trip, and this will be followed by a short get-acquainted session, after which the boosters will move on. The tentative program provides for morning stops at Desdemona, DeLeon and Gorman, with lunch at Gorman, and Carbon, Eastland and Olden will be visited in the afternoon. All business men who will furnish cars for the trip or send a representative are asked to notify the Chamber of Commerce.

JITNEYMAN TARRED.

HOUSTON, June 21.—W. Stewart, a jitney driver of Goose Creek, was seized by three young men, whipped, tarred and feathered and ordered to leave town last night, according to his story today. Ten other men joined the "passengers" and helped with the attack, he said. Henry Schultz, according to his story today, was seized by four masked men at four o'clock yesterday afternoon, tarred and feathered on the outskirts of Wharton and returned to the public square.

RUMOR OF CHICKEN AND 'CORN' DIET LURES MANY TO HARVEST IN KANSAS

KANSAS CITY, June 21.—A rumor that fried chicken and Kansas corn whisky was being served hands in the wheat fields caused a rush at the federal employment bureau here today. "Lead us to it," chanted four parched huskies from the East. The employment agent denied any such inducement as chicken and "corn" was being offered by farmers, but hundreds signed up just the same. If the rumor persists, the shortage of harvest hands bids fair to be speedily ended.

COINING DOLLARS!

Washington, D. C., June 21.—The coining of silver dollars has been resumed by the mint after a lapse of seven years and the work of replacing two hundred and seventy million standard silver dollars taken from the treasury during the war to sell to Great Britain has begun. Since late in March, treasury officials said today, approximately twenty million silver dollars have been coined.

PHILIPPINES CAN NOW INCREASE INDEBTEDNESS

WASHINGTON, June 21.—The house passed today a bill authorizing the Philippine government to increase its indebtedness from \$15,500,000 to \$30,000,000. ARMY WILL BE REDUCED TO 150,000 ENLISTED MEN WASHINGTON, June 21.—Senate conferees on the army appropriation bill decided today to recommend that the senate yield to insistence of the house that the army be reduced to 150,000 enlisted men by October.

HOUSTON COPS SAY THEY'RE TOO MANY FOR 'EM

None of Victims Are Able to Furnish Description of Assaultants.

HOUSTON, June 21.—With two men, a jitney driver at Goose Creek, an oil town, and another man at Wharton, Texas, whipped, tarred and feathered last night, and two oil field workers tarred and feathered at Goose Creek, the night before, authorities stated they were unable to cope with the wave of abductions and attacks. All men subjected to the attacks declared after they are returned to town they are "unable to identify" their assaultants. W. Stewart, Goose Creek jitney driver, was seized by three young men, whipped, tarred and feathered and ordered to leave town last night, according to his story today. Ten other men joined the "passengers" and helped with the attack, he said. Henry Schultz, according to his story today, was seized by four masked men at four o'clock yesterday afternoon, tarred and feathered on the outskirts of Wharton and returned to the public square.

'PARTY' AT WHARTON.

WHARTON, Texas, June 21.—South Texas today had another tarring and feathering party reported. Henry Schultz, white, was taken to a secluded spot near Wharton by a party of four men late yesterday. He was tarred and feathers applied to parts of his body. He was then returned to the public square, and turned loose. Schultz could give no reason for the attack, and was unable to identify his assaultants. Masked men, supposed to be members of the Ku Klux Klan, marched around the public square one Saturday night several weeks ago.

DOC TALLEY MAY HAVE BOND FORFEITED

EASTLAND, June 21.—Judge of the Eighty-eighth district court has under advisement the quashing of the bond of Doc Talley, indicted under charge of automobile theft, which was declared forfeited when Talley failed to appear for trial last week. Talley was arrested at Laredo in possession of a car belonging to Dr. Richardson and with a passport in his pocket. It is said the bond is faulty. If the Talley bond is quashed, it will be the fourth or fifth one during the present term of court which has been declared forfeited because the defendant failed to appear and quashed after the bondsmen objected that the instrument was illegal.

CLERK ALTERS BOND, JUDGE CANCELS IT

EASTLAND, June 20.—The bond of W. Wolf, charged with possessing intoxicating liquors, and signed by A. L. Davis and Chas. Downtain, was declared null and void by Judge Hill in the 88th district court today because it had been altered after having been signed, a deputy district clerk swearing he had altered it when told to do so by a deputy sheriff.

EARL KIDNAPPED

CORK, June 21.—The aged Earl of Bandon was kidnapped by armed men last night, according to advices received here today. The Earl's residence, Castle Bernard, was burned by the rioters, it was said. Rescue parties were scouring the country, in search of the Earl and his captors.

STAR WITNESS IN MURDER CASE SLAIN, MAN HELD

OKLAHOMA CITY, June 21.—Louis Woods, defense witness in the case of Leo Shanahan, charged with the murder of A. E. Payne, farmer, of Harrah, Okla., was lodged in the county jail here today, and charged with shooting Sam Clark, "star witness" for the prosecution. The shooting occurred at Harrah last night. Clark's wounds are said to be serious. The situation at Harrah was said to be tense today, and authorities were said to be taking precautions to prevent further trouble.

FORMER ARMY CAPTAIN NEW VICE-COMMANDER OF AMERICAN LEGION

Thomas J. Bannigan of Hartford, Conn., has been elected vice-commander of the American Legion to succeed John G. Emery, who was named as national commander. Mr. Bannigan, who has served as adjutant of the Connecticut department of the legion for three years, was chosen at a meeting of the legion's national executive committee in Indianapolis. During the world war Mr. Bannigan served as a captain in the army.

CASH FOR KIDS STOPS BUT NEED YET REMAINS

The human heart needs prompting. If it responds to the appeals to help, remove some of the suffering and misery in the world it must be told that suffering exists. For two days the Times has refrained from mentioning the ice and milk fund. Not because the Times has taken less interest in those who are unfortunate—it would never do that—but because every place most folks would love to believe it. In those two days no donation has come in. The amount has reached a total of \$85.50. It isn't enough. The women who are supervising the spending of the money thus far raised are finding much for which money should be spent. A widow has five children. They are small. She washes. The dollars she earns are few and little bodies to be clothed and fed are many. Rent has to be paid. Milk and ice—they have been only a mirage—distant and cool—but it is arranged for now. Folks are being liberal—but there are others—victims of circumstance. A dollar or two here and there and much unhappiness will disappear like the snows of winter.

GIRL FORGOTTEN BY COMPANIONS DROWNS NEAR VERNON, TEXAS

VERNON, Texas, June 21.—Forgotten by her swimming companions when the boat from which they were swimming overturned and sank, Miss Agnes Golhausen was drowned near here last yesterday. Miss Golhausen, with six others was swimming from the boat. In some manner the boat overturned and it is believed she was struck in the head. The others in the boat rescued with difficulty a sister of the dead girl and another young lady. Miss Golhausen was forgotten in the excitement and was under water twenty minutes before her body was recovered. Efforts at rescue were unsuccessful. Funeral services will be conducted Wednesday.

'SHOT AT SUNRISE,' REDS TOLD AMERICAN FLYER ON THREE OCCASIONS

WARSAW, June 21.—Three different times Captain Merton Cooper of Jacksonville, Fla., while in a Bolshevik prisoners' camp in Russia nine months, was notified that he was to be shot at sunrise. Then, for hours preceding the time set for the supposed execution, Cooper was grilled by Soviet authorities who pretended to believe that he was a representative of the American government. When the hour of execution came around no Bolshevik appeared but Cooper was never notified otherwise, being left in suspense day after day until he escaped.

DAWES GETS JOB!

WASHINGTON, June 21.—President Harding has named Charles G. Dawes director of the budget, it was announced at the White House. WEATHER Tonight and Wednesday, partly cloudy, with probably scattered showers.

UNION FORMED BY PULLMAN' KNOCKED OUT

Big Railroad Concern Must Hereafter Deal Direct With Organizations in Federation.

CHICAGO, June 21.—The Pullman company, employing 10,000 men, the one railroad industry that has organized a "company union," must deal with accredited representatives of the rail unions by the terms of a ruling made by the United States railroad labor board today. The board ruled that a wage reduction, which was accepted by representatives of an organization of employees formed by the company was invalid. The ruling is characterized as a "smashing victory" for the railroad unions. The Pullman company's "company union" has been fought by railroad employees affiliates with the American Federation of Labor and the railroad brotherhoods. The case arose when members of the "company union" agreed to accept a 12 per cent wage reduction last winter. Investigation by the board showed, it was announced, that the majority of the employees belonged to the accredited unions, and therefore negotiations with the organization formed by the company did not count.

PANHANDLE GRAIN CROPS HURT BY RAIN

AMARILLO, June 21.—Heavy rains falling almost daily over the Panhandle for the past three weeks will delay harvest possibly two weeks, and in some sections the rain has already caused serious damage to the grain crop. Sunday and Monday, hail, accompanied by heavy rain, fell around Clarendon and Canyon City, and large fields of wheat were destroyed. Heavy property damage has been sustained by Clarendon during the past two days, and that town has been under two and three feet of water since Saturday night, when a cloud-burst flooded the entire business district, and washed out 1,700 feet of track on the Fort Worth & Denver railroad, near here. Continued high water has delayed repair work by the railroad, and all traffic to the south is tied up. The road is detouring trains from Amarillo to Fort Worth over the T. & P. and Santa Fe.

NO KICK!

LOUISVILLE, Ky., June 20.—That the makers of near beer are becoming skillful is about the only satisfaction the gullible who, for the last few weeks, have been paying 10 cents a glass for "real" beer, will get out of the report of Dr. Vernon Robins, city chemist, who has completed the analysis of a quantity of the "beer" being sold as the real article. That it "lacks power" is the report of the chemist. There may be a little joy in it for some, as the chemist's report says the makers have "learned to improve the hops flavor, which it has taken by some as a sign of 'punch.'"

WEATHER

Tonight and Wednesday, partly cloudy, with probably scattered showers.

NITROS LOSE TO SWATTERS IN SLOW AND LOOSELY PLAYED GAME

Ezell's Hitting and Baserunning Feature Game; Allen Pinch Hits.

SWEETWATER, June 21.—The Nitros dropped the first game of the series here Monday, 10 to 4, by slipping quite an assortment of errors fore and aft of Swatter knocks. The playing was not only loose but wranglesome, and Singleton was ejected in the fourth, when he took an offense at letting the third strike slip by him. Hill took his place.

The terrific hitting and brilliant base running of Homer Ezell, featured the matinee, he hitting two triples and stealing three bases, including home. The Nitros batted freely, but a tight Swatter defense was only marred by Whitney's errors and these were not costly.

RANGER GETS 7 REGISTERED TRAP SHOTS

Successful Handling of State Championship Results in Award by Association.

Seven registered shoots during the next three months have been awarded the Ranger gun club as a result of the successful state tournament held early in this month. This information was contained in a letter from Stoney McLinn, secretary-manager of the American Trapshooting association, to Irving Schwartz of the local club. The letter also spoke of the splendid spirit of co-operation which made the shoot a success, as reported by Jack Smith, manager of the Prairie Zone, who was in charge of the tournament.

These registered shoots are certain to attract many out of town sportsmen to Ranger, it was said this morning, as the records thus made will be an advantage to all who attend tournaments, because of having their latest records available and thus giving proper handicapping. They will be held on June 26, July 4 and 24, Aug. 7 and Sept. 5 and 18. Those on the 4th of July and Labor Day will be of 100 targets each, and the others of fifty targets.

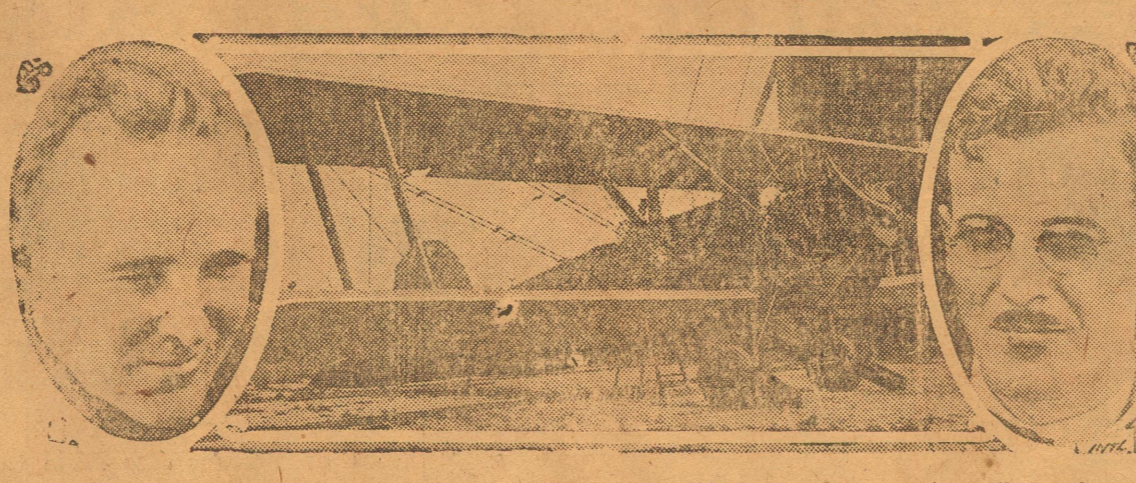

Pleased With Ranger
Mr. Schwartz also is in receipt of a number of letters expressing appreciation of the arrangements during the state shoot here, and also a copy of the Gilmer Mirror, in which George Tucker devotes an entire front page to an account of the tournament. In speaking of Ranger, Mr. Tucker said:

"We arrived at Ranger Monday night, and found the shooters all making their headquarters at the Gholson hotel, a hotel that would be a credit to Dallas or Fort Worth and strange as it may seem to those used to associating in that section as the arid section of Texas, where it is supposed to rain so seldom that it scared the horses, we had a rain there every night we were in Ranger.

"Ranger is a curious-looking town, with its broad paved streets and splendid business houses, some of them in the skyscraper class, but as you drive off the pavement, there a surprise awaits you, when you look for the residence section, it is conspicuous for its absence. It certainly is not a city of homes. We never saw a pretty home in the town, but bunches of hastily, flimsy constructed cottages, but they told us there were some pretty homes out in the hills some distance from the city proper."

Mrs. Vivola V. Woodruff of Flush, N. Y., has made a fortune out of salted nuts which she makes at her own home.

AVIATORS TO SPAN CONTINENT IN ONE DAY

Breakfast in Los Angeles one morning, breakfast in New York the next morning will be the schedule of David R. Davis, Los Angeles sportsman and aviator, shown on the left, and Eric R. Springer, on the right, who intend to start from Los Angeles in the "Cloudster" and attempt a non-stop twenty-four-hour flight to New York. Carrying fuel for twenty-eight hours, the big machine will be put through its paces. The plane is of the biplane type, fifty-six feet wing tip to tip, thirty-six feet long and fourteen feet high. The power plant consists of a single 420-horsepower Liberty motor.

FAST OUTFIELD WORK FEATURES BEARCAT WIN

BALLINGER, June 21.—Earnshaw's wildness, coupled with numerous errors by the Orphans, gave Ballinger yesterday's game. Brown hit for four bases in the fifth with no one on. King featured in the field with five great catches. Bratcher's work in center, was also a feature. He threw two men out at the plate and also doubled York out at third after retiring Brutch.

Cantrell was steady throughout the game, walking only two and keeping the Orphans' hits scattered. The score:

Summary.
Two-base hits, York 2, Browning; Bratcher: three-base hit, Bratcher; home run, Brown; sacrifice hit, Lyles; double play, Bratcher to Brooks; struck out, by Earnshaw 3, by Cantrell 4, bases on balls, off Earnshaw 8, Cantrell 1; hit by pitcher, York and Cantrell by Earnshaw; stolen bases, Lyaal, York, Briscoe, King 2. Time of game 2 hours. Umpire Sorrels.

NEW STYLE LYNCHING IN SOUTH CAROLINA

MCCORMICK, S. C., June 21.—Herbert Quarries, a negro charged with attacking a white woman of this county, was lynched here this afternoon. The negro was captured by a posse of citizens.

Following identification by the victim, he was forced to climb a tree and then was riddled with bullets.

THIS TIME LAST YEAR

Jake Daubert hit a homer in the eleventh inning with one on, Cincinnati beating the Phils.
Beckel singled in the eleventh inning, winning the game for the Braves.
Felton, football star, pitched Harvard a 1 to 0 victory for Yale.

"BOXING'S GREATEST SHOWMAN," TITLE EARNED BY "TEX" RICKARD

NEW YORK, June 21.—"Boxing's greatest showman." That is the title which George Lewis ("Tex") Rickard, promoter of the coming Dempsey-Carpentier bout, has earned in the staging of several bouts drawing the largest gate receipts in the history of the sport.

Thrown in contact with the boxing game by accident, Rickard, an account of whose career reads like fiction, accomplished nearly everything he set his mind on doing and has kept going along successfully, despite conditions that sometimes make the work "quit" seem attractive.

Rickard was born in Kansas City, Mo., Jan. 2, 1871. His father, a millwright, moved to the Panhandle of Texas when the embryo promoter was a small boy. At the age of

12 years, thrown on his own resources, with a widowed mother, two brothers and three sisters to support, "Tex" turned to the calling of cow-punching, universal in Texas.

Then started the travels which have made this man a "citizen of the world." His net success in the cattle business but in 1894 "hit the trail" for Klondike. Months of hardship brought fair returns but after a year or two in Dawson, Rickard again moved. This time, he drew up in Goldfield, Nev., at the time when the mining craze engulfed that section.

But Goldfield was not satisfied with the local activity which the miners brought to that place. The town "boosters" wanted national note and Rickard suggested a championship boxing match.

"Tex" Pat It Over.
The promotion of big enterprises with the aid of virtually no capital has been characteristic of this prospector who has tapped the gold mines of Broadway as well as of the Klondike and Nevada. From his friends he secured enough money to offer Jimmy Britt and Terry McGovern a \$30,000 guarantee for a championship bout in Goldfield. Coming from an unknown, at that time, the offer was hailed by the boxers and their managers as a joke.

Rickard kept right on however, and the managers of Joe Gans and Bert Nelson were more susceptible to the glint of \$30,000 in gold pieces laid before them. The lightweights fought a memorable battle at Goldfield. The town was advertised nationally and "Tex" Rickard became a successful fistic promoter.

Since that time, Rickard has promoted from a financial point of view, the greatest ring contests ever staged. They have been successes only because of the extraordinary "showmanship" of the man. Always his slogan has been "take a chance."

He assumed the country with his guarantee for the Johnson-Jeffries battle at Reno in 1910. But his receipts totaled \$270,000 and he emerged a winner by \$100,000. Receipts for the Willard-Dempsey bout at Toledo, July 4, 1919, amounted to \$450,000, a new high mark.

Bouts staged by him in Madison Square Garden during the six months previous to last March brought in more than \$1,300,000. Approximately \$1,000,000 will flow into the box office before Jack Dempsey and Georges Carpentier square off at Jersey City, July 2, easily covering the tremendous outlay necessary to stage this bout. Rickard is one of the few who have coaxed substantial returns out of promotion in the boxing game.

"Square Shooter."
"Take a chance" and "be square," are Rickard's watchwords which seem to summarize reasons for his success which has come to him in business as well as boxing. For boxing is only a sideline with his. Tex is partner in huge cattle enterprises in South America. His herds roam over a range of more than 4,000,000 acres. He is general manager of a firm backed by American financiers in a project which produces beef for American consumption.

But despite the "take a chance" motto, mere good luck has had little part in the success of this man who now sits in a suite of offices in Madison Square Garden and directs, in the Jersey bout, July 2, a "million-dollar proposition." Starting without capital; applying well the principles of credit; making the forfeits of boxers pay for preliminary expenses of the earlier bouts, Rickard has been successful in the staging of thirty battles without a single loss. In the Goldfield days he was a prospector, uncovering his gold in box offices as well as in gold mines. Today, this smooth-faced, affable business man is still prospecting. But with success must come some disadvantages. "Tex" Rickard's name now assures an event. There is no more doubt and "Take-a-Chance" Rickard almost misses the thrill.

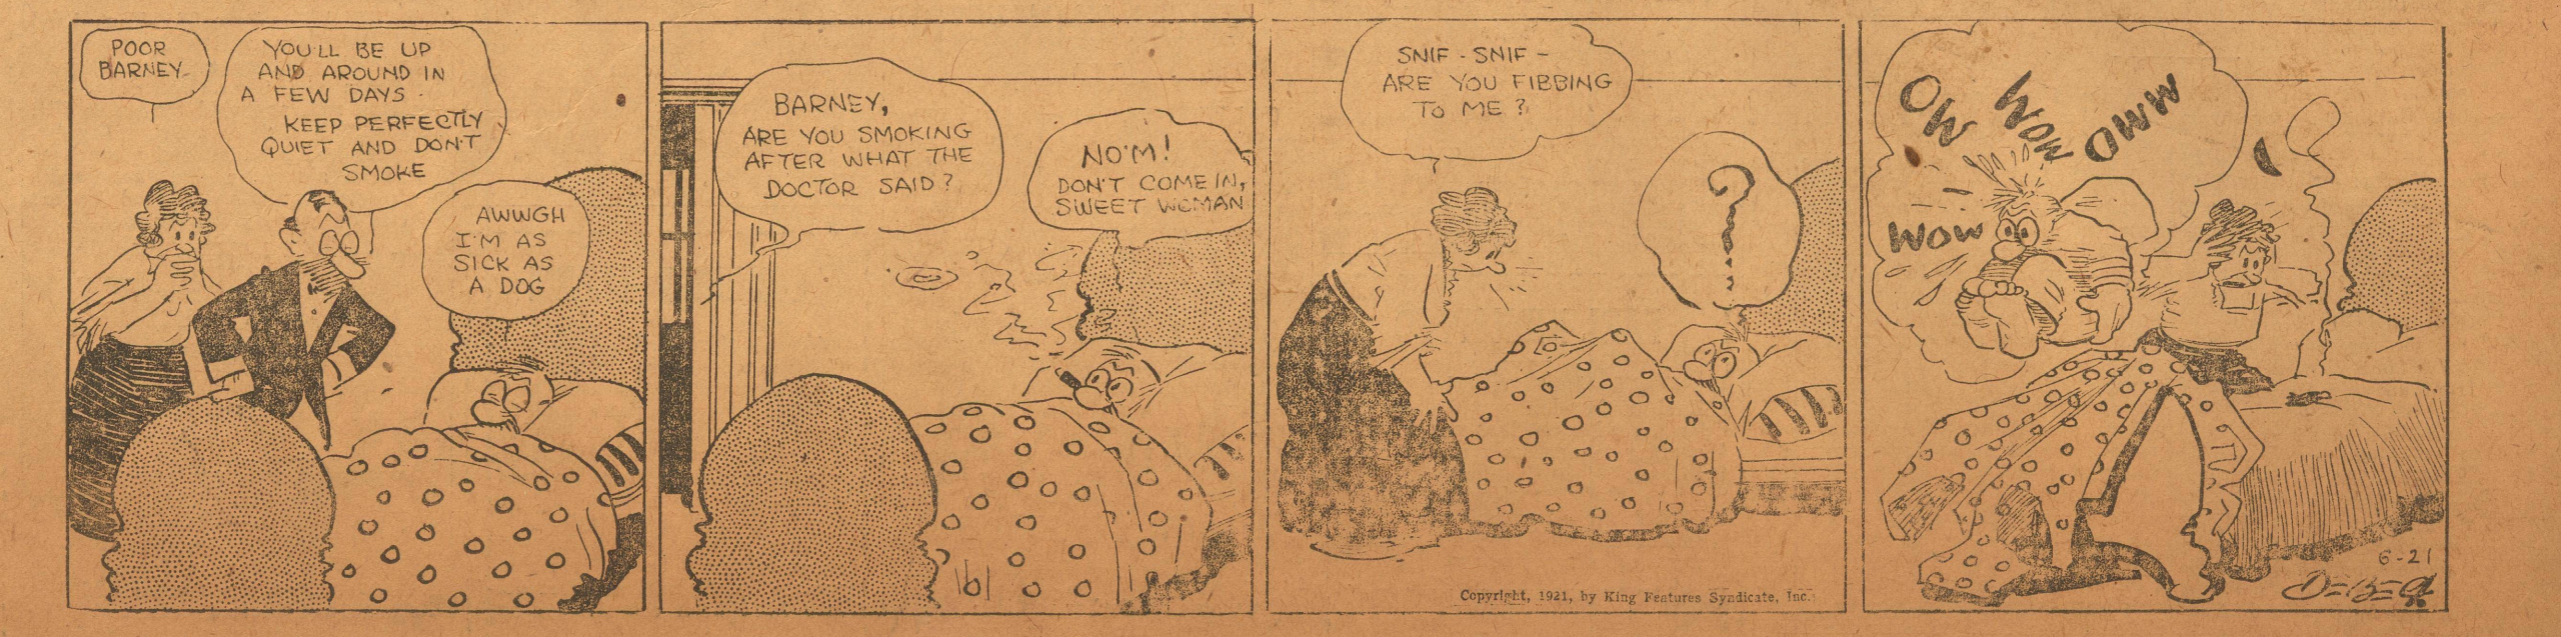

JUAREZ, Chihuahua, Mexico.—Mexican bankers are disposing of American silver dollars in large quantities according to information received in Juarez. The money market is being flooded as the result of the issuance of a decree which states that all foreign money in circulation in Mexico must be converted into gold beginning July 1.

CANAL ZONE YOUNGSTERS TO GIVE SWIMMING EXHIBITIONS

Twenty-five children from the Panama Canal Zone are in New York to take part in the opening of the world's largest indoor swimming pool at Madison Square Garden. The youngsters, familiarly known as the Red, White and Blue troupe, range in ages from 7 to 12 years. All are expert swimmers and divers. The photo shows the Bernardi sisters, members of the troupe. They are, left to right: Helen, Vivian and Margaret. Their father is a member of Uncle Sam's forces in the Canal Zone.

FARMERS ARE EXCUSED FROM DUTY ON JURY

Several Bonds Forfeited and Cases Dismissed in Judge Davenport's Court.

EASTLAND, June 20.—Judge Geo. A. Davenport called the criminal docket in the 91st district court this morning, and excused several of the petit jurors for the term because of the condition of their crops, saying it was not a legal excuse, but that it was not his disposition to hold a man for jury service when his crop was in jeopardy.

In excusing the petit jury for the day, after having called the docket, he explained that his purpose in setting all the criminal cases for the first day of the term, was in order to get rid of as many as possible of the old cases on the docket, in order that his docket might not be encumbered with them, and in order that he might have a thorough understanding of those remaining.

The bonds in eight cases were forfeited, several cases for one reason or another were dismissed, and others were passed over for the term.

Some Bonds Forfeited. Among the bonds forfeited and judgments nisi entered were the cases of John Carleton, Harold Ray, charged with robbery with firearms; Bert Aldrich, possessing intoxicating liquor; Roy Cunningham, possessing intoxicating liquor; Frank Givins, possessing intoxicating liquor; Julian Rodriguez, burglary; Leon Wilson, possessing liquor; Jim Engleman, possessing intoxicating liquor. Cases Dismissed.

The following cases were dismissed by agreement of counsel or at the instance of county attorney John Harrell, theft of auto; M. C. Kelly, possessing liquor; M. P. Mitchell, disposing of mortgaged property; Ted Kuntz, theft of auto, not guilty, on instructed verdict by court asked for by county attorney because of insufficiency of evidence; Blanche Prince, theft; H. A. Givins, receiving and concealing stolen property.

The case of Jack Elkins, charged with the murder of his father-in-law, W. E. Cox in Eastland some time ago was continued for the term by agreement of counsel.

The case of George Clifton Chambers and Benonia Wilson, were continued for the term because of sickness in the family of the attorney for the defendants.

The case of Dan Reese, charged with the murder of J. Davis at the Westover room in Ringer, was set for the 28th of June, and a special venire of one hundred men ordered.

In the case of Geo. Lowery, charged with bigamy, the state announced ready, and on application of the defendant's counsel, the case was passed over until Tuesday morning.

DODGE CITY GETS READY FOR ANNUAL MOTORCYCLE RACES

DODGE CITY, Kans., June 20, 1921.—Plans and preparations for the motorcycle classic held annually on July 4 in this historic Western town, are rapidly being pushed to completion by the Speedway Assn., the Chamber of Commerce and others interested in the project.

Prominent riders and factory men are arriving in town and within the next two days practice trials will begin on the 2-mile speed circuit situated on the prairie just outside the city.

Completion will undoubtedly be keener than ever. The Excelsior people, who were absent in the line-up of starters in the 1920 race, will enter four and probably more of their fastest men on the latest speed. Drafts turned out by their engineers. In all probability, the "X" riders will be Leslie Parkhurst, Warren Cropp, Joe Wolters and Jim McNeil.

The Indian will very likely be represented by their powerful line up of machines and men, as follows: Gene Walker, Shrimp Burns, Bob Newman, Speck Warner, Don Marks and Carly Fredericks, and possibly more to be announced later.

Ray Weishaar, Otto Walker, Fred Ludlow, Ralph Hepburn, Jim Hieley and Jim Davis, winner of last year's event and present 300 mile champion, and possibly several others to be named later, will comprise the Harley-Davidson crew.

From all indications, the popularly known "Coyote Classic" will be a bigger event than ever.

JUAREZ, Mexico.—Innocent visitors in Juarez seeking only a department store or a confectionery will be protected from entering by mistake one of the Juarez saloons by a new rule, which provides that the saloons shall proclaim in bold letters on the doors and windows that within is sold tequila, wine, whiskey and beer and that minors are not allowed. The regulation provides that the English sign and its equivalent in Spanish both must be painted on the front of the various barrooms.

BLIND RABBI HERO WILL BE ATTRACTION AT VETS' CONVENTION

DETROIT, Mich., June 20.—A blind hero of the World War will be the center of attraction at the formal opening of the first annual convention of the Disabled American Veterans of the World War, here on June 27. He is Michael Aaronson, rabbi and student of the Hebrew Union college, Cincinnati, who as chaplain of the Disabled American Veterans will deliver the invocation at the first day's session of the veterans.

Rabbi Aaronson at the outbreak of the war enlisted and served in the 147th infantry. Both of his eyes were blown out when, in the capture of Montfaucon in the Argonne, he was struck by a shell as he was bringing back wounded American soldiers.

Capt. Robert S. Marx, judge of the superior court of Cincinnati, national president, has announced that on Monday, June 27, there will be a reception of delegations.

Tuesday, June 28, addresses of welcome will be delivered by Governor Groesbeck of Michigan and Mayor Couzens of Detroit. Ambassador Jusserand of France will deliver the greeting to the Republic of

France, and if General John J. Pershing can be present he probably will make an address. General Pershing has notified Captain Marx he will either be present or send a personal greeting.

In the afternoon a parade will be held which will include floats visualizing the problems confronting the disabled soldier and what is being done to help him. Tuesday evening there will be a French fete at Belle Isle, given by the United French society of Detroit.

On Wednesday there will be a business session and an address by Uel Lamkin, director of the federal board for vocational education. Mr. Lamkin has 77,000 disabled soldiers in training and he will tell about their activities.

A man's prosperity shows in his wife's clothes.

OIL CO. FORMED TO DEVELOP BIG ACREAGE

SAN ANTONIO, Texas, June 20.—The Las Animas Oil company has been organized at Alice, Texas, for the purpose of developing a tract of 12,000 acres belonging to R. Holbein and Mr. Holbein has been elected president of the company. The tract of land adjoins the lease of the Mirando Oil company which recently brought in a shallow field in the northwestern corner of Zapata county.

G. R. Adams was elected vice-president of the company, T. H. Clark secretary, and P. A. Presnall, treasurer.

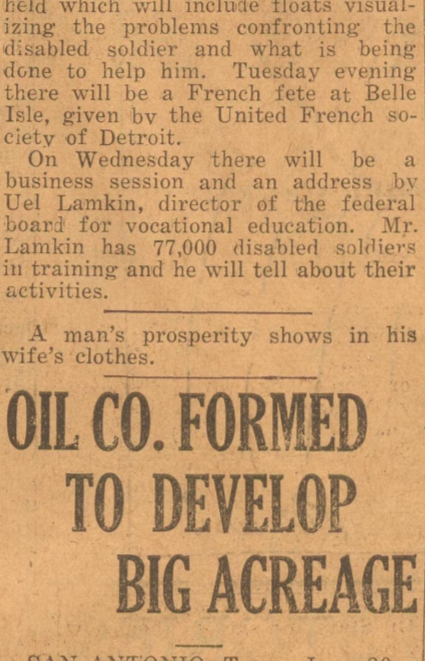

The well being drilled by Senator W. H. Reynolds, eight miles south of San Antonio on the Corpus Christi road, was reported drilling at 3,740 feet in the Pennsylvania formation. This is the first time this formation is said to have been encountered on the south side of the Balcones Fault. It was encountered in this well at about 3,600 feet. An enormous flow of sulphur water which was encountered at 3,140 feet and which held up the progress of the well for some time, is understood to have been shut off.

SUGGEST TANK BUILDING TO RELIEVE OIL SITUATION

TULSA, Okla., June 20.—If the smaller producers of oil hope to bring about an earlier relief from present marketing conditions than otherwise could be hoped for, they should provide ample storage and run into tankage a large part of their daily production instead of offering it to the pipe lines, which are being asked to run more oil than their lines will carry. This is the idea being advanced by men familiar with the inside workings of the market.

In the days of the old Glenn pool when the production was much greater than the pipe lines could take care of, producers built ample tankage to relieve the situation. Large steel tanks and earthen lakes that held tens of thousands of barrels of crude oil were put to use. With the production industry on a far sounder basis

IT WASN'T THIS WAY A FEW YEARS AGO

One would imagine, judging from the above photo, that Fritz and Tommy have always been bosom pals, instead of having been bitter enemies but a short time ago. The photo shows a German soldier in Oppen, German Silesia, lending a newly-arrived British soldier a hand with his kit. The British troops were sent to Silesia from Cologne to take a hand in the settlement of the troubles between the Germans and the Polish insurgents. They were welcomed by the inhabitants of Oppen as saviors of the German situation in Silesia.

Mrs. Bowles Tells How Cuticura Healed Her Child's Head

"My little girl began with an itching on her head which kept getting worse. Her head was simply covered with blisters which caused her to scratch and rub it all the time. She was very fretful and could not rest at night. She lost all her hair and became terribly disfigured. I saw an advertisement of Cuticura Soap and Ointment and sent for a free sample. After the first few applications we noticed a marked change so I bought more and when I had used two cakes of Cuticura Soap and one box of Cuticura Ointment she was entirely healed." (Signed) Mrs. P. T. Bowles, 502 Race St., Farmville, Va., July 14, 1920.

Cuticura Soap daily and Cuticura Ointment occasionally prevent pimples or other eruptions. They are a pleasure to use, as is also Cuticura Talcum, a fascinating fragrance for perfuming the skin.

Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. H, Malden 45, Mass." Send every-where. Sold by Cuticura Distributors and by Cuticura, N.Y.

Cuticura Soap shaves without mug.

STEPPING ON CORNS
It all depends upon whose corns are
stepped on.

American heads of oil interests in
Mexico are weeping salty tears be-
cause of Obregon's tax of 25 per cent
on oil exports. They are moving
heaven and earth and beseeching the
doorsteps of American officials with
pleas to have the tax removed. It
is "unfair, unjust and calculated to
drive Americans from the oil fields,"
they say.

And yet oil operators of America
have with equal truth pointed out that
LACK OF TAX on Mexican oil is
"unfair, unjust and calculated to
drive Americans from the oil fields."
They have been driven from the oil
fields of Texas and Oklahoma and
other states by the thousands, during
the last six months. The biggest in-
dustry of America has dwindled un-
til new production is an undesired
child of its makers' industry, and wild
cutting—the life of the oil-business
—has shrunk to zero.

That condition is brought about by
unprofitable prices. Whether those
low prices can be positively laid at
the door of Mexican oil perhaps will
never be known. But certainly it is
a plausible theory that Mexican oil
is the pretext used, if not the actual
cause of the drop.

Any tax on Mexican oil, whether
applied by the United States or by
Mexico, will have the hearty backing
of American oil producers, and
though congress and officialdom have
as yet turned a deaf ear upon pro-
tection for oil, they will yet see the
light. Either that, or the nefarious
designs of the alleged tariff bills for
the protection of American industry,
but which in reality are cloaks to
protect the avarice of profiteers, will
be exposed, and the people will speak
again in 1922.

If there is need for an emergency
tariff on any American product, there
is need for one on oil.

It appears that some of the well-
known teeth in the prohibition en-
forcement laws are of the kind that
are removed at nightfall and placed
in a teacup until next morning.—Kansas
City Star.

Another evidence that it doesn't
pay to worry is that everybody in the
world seems to have forgotten all
about the Plumb plan already.—Ohio
State Journal.

The yeast cake fad is all right, only
the cakes ought to be allowed to dis-
solve for two or three weeks before
taking them.—Detroit Free Press.

President Ebert is earning a great
deal of esteem by not permitting him-
self to get excited and interrupt the
proceedings.—Washington Star.

Mr. Bryan has moved to Florida,
the hottest state in the Union. Evidently
he is tired of being out in the cold.—Charleston News and Courier.

The old-time statesman said Gov-
ernment was a necessary evil. But
now it is a pocket-wrecking luxury.—Houston Post.

There already have been more
home runs made this year than there
are homes.—Detroit News.

Still nobody seems to be greatly
worried about the scarcity of radium.
—Chicago News.

WELCOME—AND NO
"UPLIFT"
If the new Navy Club which is for-
mally to be opened on July 4 in New
York City lives up to its promise it
will be popular with the enlisted man.
This is: "Here you will not be robbed,
educated or uplifted. Come in and
have a good time."

The enlisted man is tired of clubs,
so called, where everything done for
him has a string tied to it. He can-
not get a smoke but he is roped in
for a "church party" somewhere.
The saloons are closed, so the streets
supply the only place to spend "lib-
erty" for the man who is unacquainted
in the city.

THE FUTILITY OF FORCE.
Historians, philosophers, theologians
and writers have weighed the con-
siderations with warnings of the futility
of the employment of force in the settle-
ment of disputes between human
interests, and yet the lesson remains
unlearned. Nevertheless, it is the
duty of each succeeding generation to
repeat the injunction to employ only
peaceful methods. Violence begets
only destruction and regardless of
which party wins the controverted
point, an irreparable loss always re-
mains to be entered in the record.

There is no better example than
the conditions in Italy. There cer-
tain elements, infected by Leninism,
took up the sword to settle industrial
differences. They seized factories
and defied the law, applying the torch
and wielding the brand to gain their
point. Now they have become the
hunted. Similar bands of lawless
men, the Fascisti, are killing and
maiming the Communists and burn-
ing the labor temples in reprisal for
similar offenses against the property
of the bourgeoisie. The crafty and
cowardly government, which early
failed to stay the hand of the Reds,
likewise remains immobile before the
destructive methods now being used
against them.

In Spain, where anarchy has de-
veloped, the tutors of the working
classes taught a simple method of
winning industrial battles, i. e., the
assassination of employers. Statis-
tics show that more than two hun-
dred masters of enterprises went to
bloody deaths at the hands of their
former servants. Now the tide is
swinging immutably in the opposite
direction and it is the workers who
are being murdered. The rate, too, is
greater than in the original campaign
of manslaughter, and a horrified out-
cry is ascending. Grimly the mes-
sage comes from the capitalists that
the killing process will not end until
a worker has died for every master
that was slain.

Meanwhile nothing is being settled
as to wages, working conditions and
collateral matters. There is only
constant loss both of human life and
property, and industrial and agricul-
tural output as well. All that is in
evidence is the world-long blindness
and folly of humanity which, with
darkened eyes and stopped ears,
plunges madly along the path of red
ruin and black revenge toward self-
destruction.—Cincinnati Enquirer.

DOG HILL PARAGRAPHS
By GEORGE BINGHAM.
"Well, am I a doctor? sed Glad-
dis, and I sed, No but it was your cheese
cake, shall I go down and tell pop
about it, Gladdis?
If you think it will give him any
pleasure, sed Gladdis, and I sed, It
will give pleasure all rite, just wait
till he hears about me getting a stum-
mick ake after I ate 3 slices of your
cheese cake, he'll laff every time he
sees you for about 6 yers.
Dont you dare tell father any-
thing of the kind, dont you dare, sed Glad-
dis, and I sed, Well gosh, I aint go-
ing to wawk eround with a stum-
mick ake all to myself jst because
you made the cheese cake, and she

she gave me a dime and I bawt a
10 cent cinamin bun and ate it.

APPEAL MADE FOR
MONEY TO FURTHER
IRRIGATION PROJECT
By Associated Press.
EL PASO, Texas, June 20.—After
city councilmen and L. M. Lawson,
project manager for the Rio Grande
irrigation project, and Henry P. Cor-
bin, consulting engineer for the in-
ternational boundary commission, had
visited cities along the Rio Grande
the council made an appeal for fed-
eral aid for money to help fortify the
river on the American side.

A big packing company's yards
here have been completely under
water during recent heavy rains which
caused the Rio Grande to overflow.
"There is danger that the river may
cut through the irrigation canal," said
the petition.

Acting Mayor R. C. Semple said
the councilmen had appealed to Con-
gressman Claude B. Hudspeh from
this, the sixteenth district, to find
out if funds will be available for forti-
fication purposes, from the rivers and
harbors appropriation, or from the
reclamation service appropriation.

A Chinese play 600 years old was
recently performed in English in Lon-
don.

WAGES ARE GOING DOWN

Little Benny's
Note Book
Lee Pope

My sister Gladdis made cheese cake
today, being a all rite looking cheese
cake and nobody wou-ldnt of had any
suspicious agensit if it, hadnt of
knew Gladdis made it, and ma took
a little peese on her plate like some-
body trying to be polite and started
to give a big peese to pop, and pop sed,
No thanks, no thanks, theres a
claws in my life insurants policy
about taking unnecessary risks, no
thanks, haw haw.

Now father, I think you too meen
for werts, you see im eating a peese,
dont you? sed Gladdis.
You have no family depending on
you, haw haw, sed pop, and I sed,
I'll take a hunk, I aint afraid to
take a chance.

Its the young that win the wars,
haw haw, sed pop. And I ate 3 big
slices, taisting pritty good consider-
ing who made it, and after suppir I
almost had a stummick ake but not
quite, and I went up to Gladdises
room and she was in there reading a
book with her hat on and waiting
for Mr. Parkins to ring the bell, and
I sed, Haw Gladdis, I got a stum-
mick ake.

"Well, am I a doctor? sed Gladdis,
and I sed, No but it was your cheese
cake, shall I go down and tell pop
about it, Gladdis?
If you think it will give him any
pleasure, sed Gladdis, and I sed, It
will give pleasure all rite, just wait
till he hears about me getting a stum-
mick ake after I ate 3 slices of your
cheese cake, he'll laff every time he
sees you for about 6 yers.
Dont you dare tell father any-
thing of the kind, dont you dare, sed Glad-
dis, and I sed, Well gosh, I aint go-
ing to wawk eround with a stum-
mick ake all to myself jst because
you made the cheese cake, and she
sed, Are you trying to blackmail me?
No, I'm jst telling you about my
stum-
mick ake, I sed, and she sed, O,
how thawtfull of you, and I sippos-
if I gave you a dime you wou-
ldnt have any stummick ake, would
you? and I sed, How can I tell? It mite
be such a serprize the stummick ake
mite go away. How can I tell?
Heer, you pest, sed Gladdis. And
she gave me a dime and I bawt a
10 cent cinamin bun and ate it.

JUAREZ, Mexico.—Juarez is to
have a new postoffice which will
cost 300,000 pesos. Francisco An-
tunes, who was sent to Juarez to
draw the plans, has sent them to
Mexico City for approval. Work is
under way on the remodeling of the
customs house, adjoining the site for
the postoffice. The work on the
customs house will cost 100,000 pe-
sos.

Believe in yourself and in a bene-
ficient Creator who has given you
not only your existence but a body
provided with every means to resist
disease; for in this belief lies your
hope in this world and in the fu-
ture. If disease overtakes you, cour-
age and hope are your best assets.
Without them life is useless.

\$1 BEQUEATHED TO WIFE
BY WEALTHY HUSBAND
Mrs. Walter Gelshehen of Altadena,
California, and a member of a social-
ly prominent New York family, who
was bequeathed \$1
as a legacy, ac-
cording to a will
filed in Paris re-
cently by counsel
for her late mil-
lionaire husband.

A passage in the
will read, accord-
ing to the report,
"I advise you not
to contest the will.
You know the rea-
son why I cut you
off my estate."
Mrs. Gelshehen
separated from
her husband two
years ago and, it
is said, started
suit for divorce.

Mrs. William Laur, mother of Mrs.
Gelshehen, is named joint beneficiary
with a son, both of whom reside in
New York.

TINKER BOB STORIES

By CARLYSLE H. HOLCOMB.

NEVER A WORM MISSED

Tinker Bob began to think that he
never would get to see Three Legs,
the Muskrat, if he kept on meeting
all of his friends. He did love visit-
ing so much that he could not refuse
when the forest folks were so anx-
ious to talk with him.

Mr. and Mrs. Woodcock were es-
pecially interesting. They were folks
who never came out into the open
like Mrs. Robin or Jenny Wren but
rather preferred to stay in damp
places near the brook or the river.
However, they were just as sociable
with the King when he found them.
Said he: "I don't see how you catch
hold of a worm when you get your
bill down in the ground. It must go
into the earth about two inches, and
it puzzles me to see how you know
there is a worm about anywhere. You
can't see them like Mrs. Red Robin."

Down into the earth went Mr.
Woodcock's bill again, and up came
a long fat worm. "That's the way
its done, Oh King. We don't have
to see the worms like the Robins.
They can't get a worm unless they
see him. But we listen and when
we hear him burrowing through the
earth we know just where he is and
then we go after him. There is one
right here near your foot. I can hear
him." Mr. Woodcock held his head
to the ground to make sure he heard
correctly. "Now you watch me and
I'll show you how easy it is to bring
him up." Down in the earth went
his bill and sure enough up came a
worm.

"But how can you open your bill
far enough to grab a worm by the
back of his neck?" asked the King.
"Oh, that's easy. Now you watch
my bill closely." Then he showed
the King how when his bill was in
the earth half of the upper part
would open far enough to get a
worm. Of course that could not be

done in hard soil and that is the
reason why Mr. and Mrs. Woodcock
always stay where the ground is soft
and worms are plentiful.

"You certainly made a good many
holes in the earth around here," said
Tinker Bob, "and if there's a worm
in everyone of them you will not want
for food very soon. You are the only
fellow in the forest who gets his food
this way I guess."

It was purely a guess: "Oh no, my
cousin Johnny Snipe feeds the same
way, only he loves the meadows rather
than the marshy places. You surely
know him Oh King."

Tinker Bob nodded, "Yes I know
him but I had forgotten how he got
his food. He has longer legs than
you, and I would never have thought
him to be a cousin of yours." Just
then the King heard another familiar
sound and who do you suppose it
was?

"Tomorrow—Mr. and Mrs. Sandy.

"That's the way its done, Oh King."

GOVERNOR OF COLORADO GETS TASTE OF DOUGHBOY'S LIFE IN TRIP TO PUEBLO'S FLOODED AREA

DENVER, Colo., June 20.—Governor
Oliver H. Shoup of Colorado,
knows now, from personal experi-
ence, something about how the Yan-
kee doughboys felt when they were
touring France in those little "hom-
mes 40, chevaux 8" vehicles on the
French rail lines running up to the
front. For the governor, when he
received news of how serious the
Pueblo flood had been, started for
the scene of the disaster and despite
all obstacles he got there. He was
disheveled and battered, chilled
and miserable when he reached the
stricken city but he was proud of
the fact that he had arrived.

At Colorado Springs all roads to
Pueblo were reported impassable.
But Governor Shoup believed dif-
ferently. He got in touch with rail-
road officials and finally they
agreed to press an automobile truck
into service. It was transformed into
to the governor's special by fitting
it with flanged wheels such as those
on railroad cars.

In this Governor Shoup, accom-
panied by Colonel Pat Hamrock,
adjutant general of Colorado and
half a dozen newspaper correspon-
dents started for Pueblo.

Just outside of Colorado Springs
the first bridge was found destroyed
and the special took a switch and
transferred over to the D. & R. G.

METHODISTS TO HAVE LARGEST PROTESTANT BUILDING IN WORLD

CHICAGO, June 20.—The largest
building housing the Methodist de-
nomination, if not the largest Protes-
tant building in the world, will be
in process of construction here with-
in a year.

It will be the new First Metho-
dist Episcopal church to be situated
in the very center of this city's busi-
ness district, at Clark and Wash-
ington streets.

The building is to cost \$3,500,000
and will be situated on ground val-
ued at \$2,500,000. It will have a
width of 80 feet, a depth of 182 feet
and its tower will rise 410 feet from
street level.

One of its striking identification
marks will be a huge revolving cross
at the top of the tower and its archi-
tects are the authority for the state-
ment that the cross will be the long-
time revolving illuminated cross in the
world.

The architect plans have been ac-
cepted and the negotiations looking
toward the erection of this building

Organized in 1834.
This church, popularly known as
"Clark street," was organized in 1834,
being the first Methodist church and
probably the first Protestant church
of any denomination in Chicago.

There will be a great church audi-
torium, which will be a gathering
place for all great religious gather-
ings of the city. Rooms for all sorts
of social and religious purposes will
be provided. An outstanding feature
will be the forum, in which the great
public and social questions of the day
will be freely discussed in a Christian
sympathetic atmosphere. All the
features which have become so through
such institutions as Westminster hall
and Toynbee hall in London are being
studied for suggestions.

In addition to this the office part
of the building will become the head-
quarters of all of the great Metho-
dist organizations of Chicago.

According to the present plans the
actual work of construction will begin
about May 1, 1922.

H. C. L. IN AUSTRALIA COMING DOWN BUT SHOE PRICES STILL HIGH

SYDNEY, N. S. W., June 19.—Grad-
ually the cost of living is being re-
duced in Australia, according to re-
ports received here. Meat is down,
butter dropped and clothing is at
prices less unreasonable than at any
time in recent years. Shoes are still
high, considering they are made from
hides that are selling at but one third
of the price they brought twelve
months ago.

TOLEDO WILL WELCOME MOOSE WITH FLOWERS

TOLEDO, O., June 20.—This city
is being made into a garden of flow-
ers to welcome the 3rd annual inter-
national supreme convention of the
Loyal Order of Moose here on June
27.

A campaign started here several
months ago has as its slogans "Plant
Flowers in Every Spot Where Flow-
ers can be Made to Grow," and "Wel-
come the Moose with Flowers." As
a result flower planting has become
almost a mania with the citizens.

I While the Loyal Order of Moose
will take up the majority of the en-
tertainment during the convention, with
play, they also will devote quite a
lot of time to real business. Secretary
of Labor James J. Davis, who is the
Supreme Dictator of the Moose will
deliver an address, as will also a
number of others, prominent in Moose
circles.

The entertainment planned is on an
elaborate scale. A Moose grill will be
given on July 27, the entertainment
being along the lines of the dinners
of the Gridiron club of Washington.

For the first time children under
12 years of age will conduct a lodge
meeting and initiate 100 children.
This will be known as the Junior
Chapter of the Moose.

A gorgeous water pageant on the
Maumee river will be held on June 29
while the annual Moose parade of visit-
ing lodges will furnish the grand
finale of the entertainments.

EL PASO.—Arizona copper com-
panies dispensing with Mexican labor
due to the temporary suspension of
mining operations will be asked to
bear half the cost of returning Mex-
icans to Mexico, according to Luis
Montes de Oca, Mexican consul gen-
eral here. It is expected that 1,200
Mexicans soon will pass through El
Paso from Clifton and Morenci,
Arizona to Mexico, according to Mr.
Montes de Oca.

AUSTIN.—Eighty-five law stu-
dents of Texas have begun the ex-
amination for admittance to the bar
of Texas. The examinations were
held in the hall of the house of rep-
resentatives. The license seekers
came from all parts of the state and
included one negro. A large number
were law students from the Univers-
ity of Texas.

CONSUL-GENERAL SKINNER MAY BECOME AMBASSADOR

Robert P. Skinner

Consul-General Robert Skinner, of
London, is being given serious consid-
eration by the president for appoint-
ment as ambassador to Brussels or
Constantinople, according to reports
in diplomatic circles. Mr. Skinner re-
cently conferred at length with the
president at the White House. After
the conference Mr. Skinner declined
to say whether his appointment as an
ambassador had been discussed.

ELLIS FARMER GETS \$2.72 FOR 7 BALES COTTON

Special to the Times.
ENNIS, Texas, June 20.—Seven
bales of cotton raised by an Ellis
county farmer brought a net price of
\$2.72 on not quite 40c a bale. Local sta-
tisticians have been trying to figure
out how much this is per pound but
they have been unable to agree on
where to put the decimal point. The
commission on selling the cotton
amounted to \$1.25 a bale or more
than three times the net rate. The
gross receipts on the cotton amounted
to \$92.40. The deductions from this
for insurance, pickings, commission,
freight and other charges incidental
to getting the cotton to Houston
amounted to \$89.68, making a net re-
turn to the Ennis owner of \$2.72.

DELEGATES ARRIVING KIWANIS CONVENTION

CLEVELAND, O., June 20.—Dele-
gates were arriving on every train
and lake passenger steamer today
to attend the sixth international Ki-
wanis Club convention. The conven-
tion, which opens tomorrow morning,
is expected to be one of the biggest
gatherings of business and profes-
sional men ever held in the country,
delegates coming from Kiwanis clubs
in 500 cities of the United States and
Canada.

Quebec, Canada, in addition to its
popular appellation of the "Gibraltar
of America," is also known as the
"Ancient Capital."

WANTED—A chance to buy your second hand furniture. We buy and exchange. New and Second Hand Store, cor. Austin and Walnut, phone 276.

NEW AIRPLANE RISES 150 FEET FROM GROUND

News of Successful Flight Vertically Hailed as of Much Importance.

WASHINGTON, June 20.—A helicopter that in tests has already risen more than 150 feet, vertically from the ground has been developed in Austria, according to reports from a European correspondent of the National Advisory Board for Aeronautics.

According to the reports, the Austrian helicopter consists of a three-armed frame built of steel tubes, equipped with three built-in gasoline motors of the Le Rhone type, each developing 120 horsepower.

In the tests so far conducted with the reports, the machine has been kept captive by means of cables, allowing it to be hauled back to the earth at the conclusion of a flight by means of a winch.

Advocates of the helicopter contend that the machine, if it can be perfected, will add a new and valuable weapon to aerial warfare.

Naval aviators are interested in the helicopter idea, some of them believing the device may provide the best means of taking long distance observations from battleships.

So far as is known the Austrian helicopter, known as the Karman, is the first device of the kind that has ever made a sustained flight to any height.

CLARENDON EDITOR HERE.

Editor Sam Braswell of Clarendon, is in Ranger this week visiting his brother-in-law, O. L. Phillips.

18-WANTED—Miscellaneous

CONFIDENT OF VICTORY

This striking photograph of Mrs. 'Fifi' Potter Stillman, who is defending herself and her youngest child, Guy, from the attack of her husband, James A. Stillman, at hearings now being held at Poughkeepsie, N. Y., was made a short period after the completion of the first day's hearing.

SOCIETY AND WOMEN'S ACTIVITIES Edited by MISS MARGUERITE COYLE

BIGGEST BRIDGE TOURNEY The largest bridge party ever held in Ranger will be given at Shamrock Park, Tuesday June 28, at 10 o'clock.

Those preferring to have private parties may reserve the number of tables they wish and thus make smaller circles within the one big circle.

The bridge party is being given for the benefit of the Milk and Ice fund. Tickets are selling for one dollar each.

The Children's Story Hour club, under the direction of the Young School Parent-Teachers association, met with Mrs. E. L. Chaney, Friday afternoon.

The submarine sank after two attacks in which twelve bombs were dropped. Three bombs were dropped in the first attack made by three navy machines at 10:23.

The submarine sank after two attacks in which twelve bombs were dropped. Three bombs were dropped in the first attack made by three navy machines at 10:23.

Six minutes after the bomb exploded on the submarine the vessel listed and one minute later the conning tower disappeared.

Lieutenant Colonel C. C. Culver, flying an army plane and accompanied by an observer, crashed near the Henderson station a considerable distance from the target.

Miss Ruth Algood of Fort Worth who has been visiting her sister, Mrs. Garrett Bohning, returned home Sunday.

Barton Cole, of the Lamb Theatre, left Monday for Albany on business.

C. J. Deitrick returned from Abilene Sunday where he had been on a two-day visit with Dr. Swan, formerly of Hanger.

Miss Ila Koonce left yesterday to spend two weeks with friends at Sulphur, Okla.

It is estimated that the annual loss by fire in the United States is \$250,000,000, while 15,000 lives are lost.

BOSSSES QUIT PROPOSING TO THEIR STENOGRAPHERS

At Least in New York Jobs Are Growing Scarcer, Employers Are More Particular, and Salaries Have Shrunk, Employment Head Declares.

NEW YORK, June 19.—Its all a roseate dream—about one stenographer in every ten marrying her boss and the \$35 and \$40 a week jobs that are floating around, thousands of 'em, with no one to claim 'em.

Those facts may be true for Chicago, but they don't apply to New York at all, said Miss Henrietta Rothstein, superintendent of the women's employment division of the State Industrial Commission.

She thought that the ratio of employer-stenographer marriages might be placed at one to a hundred, she said smiling.

One Half the Jobs. "And we have only one-half the jobs to fill, compared with last year, and twice as many girls clamoring for them," Miss Rothstein continued.

Married Women. "Our cards show that, where an employer called for a \$35 a week stenographer last year he is asking for one at \$25, and expecting the same grade of service. Clerks' salaries are set at \$15 instead of the prevailing rate last year of \$18 and \$20.

And what's more, the man does not employ the first girl we send him, but interviews three or four and then chooses among them," Miss Rothstein said.

Last year he took the first one, as it were.

Miss Rothstein, who has been an executive with the federal and state employment bureaus for five years believes that \$25 a week has again become the high water mark for the average stenographer.

As a contributing cause for the existing situation Miss Rothstein mentioned the fewer marriages

among women in industry and the growing tendency for a woman to hold on to her job after marriage. Compared with 1915 there is an increase of 20 per cent, in the number of married women applying for positions at the state bureau.

Nor does the married applicant ask, hesitatingly, "shall I tell him I'm married?"

"I haven't found married women less dependable than unmarried girls," said Miss Rothstein, "in fact they have a greater feeling of responsibility. Three of the six women in my office are married—one has two young sons.

"Small organizations, don't as a rule object to employing married women. The large corporations are more apt to continue their old and hard and fast rule of not employing a married woman."

DOPE CAPTURED BY POLICE; TWO ARRESTED

A quantity of morphine which at oil field prices is said to be worth about \$1,000, was captured last night by Deputy Sheriff Edmondson and Assistant Chief of Police Murphy.

The drug was found in a local garage and a quantity on the outside of the building. Two arrests were made.

EASTLAND FIREMEN'S BALL SCHEDULED THURSDAY NIGHT

EASTLAND, June 20.—The Eastland Fire Department will give a ball Thursday night, June 24th for the benefit of the fire boys, for the purpose of raising money to defray some indebtedness.

CALUMET BAKING POWDER. AFTER a baking fails—A becomes tough or soggy, you can't make it tender and tempting. It can't be "fixed." It is like spilled milk—"wasted." But, there is a way to prevent this waste—every woman should use it—because a bake day loss these days is a real loss. Calumet Baking Powder positively prevents failure. It has been doing it for millions of housewives for a third of a century. BEST BY TEST BAKING POWDER Makes most palatable and sweetest of foods. The biggest selling Baking Powder in the world. Produced in the largest, most modern, sanitary Baking Powder Factories.

LEGION WILL RETURN MONEY TO THE STATE

AUSTIN, June 21.—The executive committee of the American Legion, department of Texas, yesterday pledged itself to see that the \$17,000 subscribed by Texas people for the Kerrville tubercular hospital for ex-service men be paid the state.

Resolution to that effect was adopted yesterday. The money was to have been used for other purposes. Besides acknowledging that the Legion owes Texas that amount the executive committee requested the resignation of Colonel John W. Young as committeeman from the tenth district. Young recently resigned as editor of the Texas Legionaire. A bill passed by the legislature providing that the state take over the Kerrville hospital also provided that the \$17,000 be returned to the state.

SENATE RECOMMENDS CHAMBERLAIN BE FIRED

WASHINGTON, D. C., June 21.—Congressional investigation and dismissal of Marine Corps Captain Edmund G. Chamberlain of San Antonio for his alleged false claims regarding his war exploits in the air was recommended today by the senate naval committee.

The executive committee of the legion meeting here yesterday adopted the following resolution: "Without discussing the merits of the legal demand on the part of the state, we do recognize and admit that we owe a legal obligation and a high moral duty to the donors of this fund (Kerrville hospital fund) and tubercular ex-service men to pay this amount into the fund appropriated for the hospital."

Employees of the Texas and Pacific railroad are putting the finishing touches on the construction of a new floor on its Main street crossing. When finished the crossing will reach the full width of the street. It is built of heavy four-inch timbers.

RANGER PRINTING CO. DAMAGED BY BLAZE

Fire at 6 o'clock yesterday afternoon damaged the stock and fixtures of the Ranger Printing Company to the extent of about \$255. The loss is covered by insurance. The fire was in the rear of the building. Its origin has not been determined.

EASTLAND TO BURY SOLDIER DEAD TUESDAY

EASTLAND, June 20.—The body of Winter Daniels, local youth, who lost his life in fighting the battles of his country during the great world war, arrived in Eastland this afternoon on the Sunshine, at 6:55 and was met at the station by a number of ex-service men, as well as others, the American Legion having charge of the funeral. The body was taken to the city hall, where it was to lie in state until the hour for the funeral services, some time Tuesday.

A meeting of citizens was held at 4 o'clock yesterday afternoon at the city hall to arrange for the funeral, presided over by Hon. H. P. Brelsford, who was a member of the draft board that inducted Young Daniels into the service.

At a meeting of the Eastland Rotary club yesterday noon, resolutions were passed requesting all stores in Eastland to close during the hour set for the funeral service.

WHITE MAN GIVES MEXICAN GOOD START TOWARD GREAT BEYOND

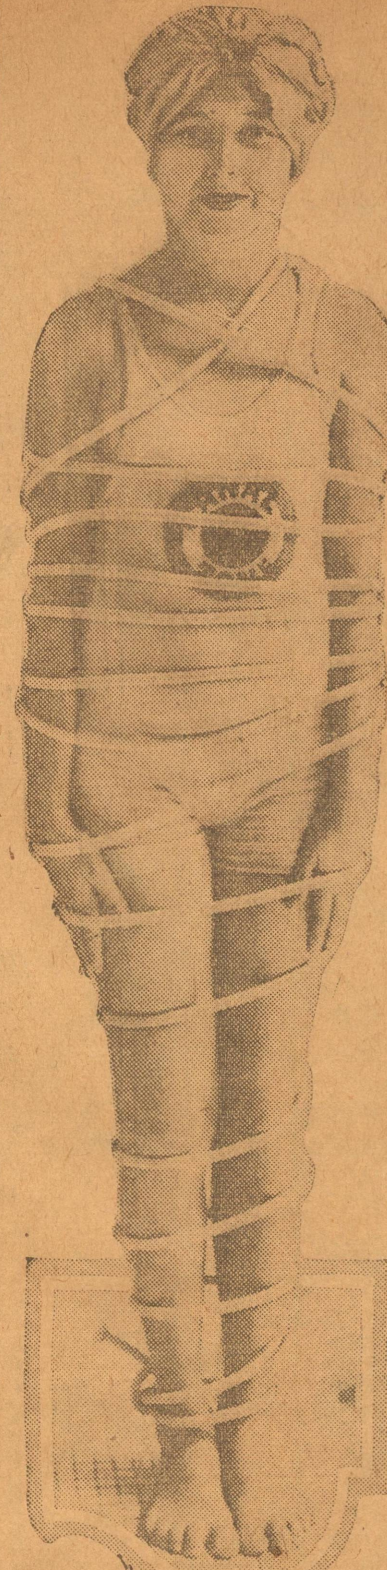

A Mexican was badly beaten by a white man this morning at the St. Louis rooms on Marston st. It appears that the white very efficiently wielded a two-by-four scantling which contained a rusty nail. Later he hurried away with avowed intention of borrowing a pistol to send the Mexican away on a long journey from which no Mexican and few white folks ever return—see Conan Doyle, Basil King and others—But he kept going and officers had not arrested him this morning.

The injured man was carried to the offices of Doctors May and Shackelford for treatment. He is not in a serious condition.

NO, JACQUELINE, IT'S NOT TOMORROW BUT TODAY WOMEN TALK MOST

A startling fact is about to be announced here and now. Each year since Poor Richard's Almanac gave its erudite sayings to the world this same fact has been announced to the world on precisely this date, June 21. Today is the longest day in the year, meaning that the sun is visible for the greatest number of hours. The calendar says so and it ought to know. That remark is made for the benefit of those who insist that tomorrow, June 22 is it. This morning the sun rose at 4.42. That information, however is not for personal observation. The World's Almanac says so. It also says that it sets at 7.11 this afternoon. The latter statement probably can be verified by a large number of folks.

BABY HOUDINI, HOLDER OF SOUTH AMERICAN UNDER-WATER SWIMMING TITLE

Alma Mann

Alma Mann is only 11, but she is the holder of the South American under-water swimming title and is hailed as the greatest child swimmer in the world. The photograph shows her all ready to emulate Houdini at his own tricks. She is one of the best high divers in the Canal Zone. She is a member of the Red, White and Blue troupe from the Canal Zone, brought to New York by Tex Rickard in care of H. J. Grieser, the U. S. government swimming director at the Zone, for the opening of the Madison Square Garden swimming pool.

COMMISSION OPENS BIDS FOR HOSPITAL

Bids for the new county-city hospital were opened by the city commission this afternoon at 3 o'clock. Bidders were present from Austin, San Antonio, Fort Worth and Ranger. If the commission makes the award of the contract it is believed the hospital will be in the course of construction within a short time. It reserved the right to refuse any or all bids.

The ground has been secured for the new building at a nominal cost. It is situated near the base of Eastland hill just west of Hodges street.

Due to the slump in building activities, contractors are showing much interest in this structure and it is thought the commission received some attractive bids.

BUNCH OF KIDS HIE AWAY TO THE HILLS

About 100 children availed themselves of the opportunity this morning to spend the day in Palo Pinto creek canyon as guests of Captain and Mrs. Mullins of the Salvation Army. Automobiles were furnished by various folks to help transfer the kids to the pleasure resort. They will spend the day in exploration, playing games under the trees, and otherwise enjoying themselves. Of course there will be good things to eat.

RANGER MAN PLEADS GUILTY TO AGGRAVATED ASSAULT

EASTLAND, June 20.—H. E. Brewer, of Ranger, charged with aggravated assault, pleaded guilty in the county court at law Monday and was fined \$25.00 and costs.

AUSTIN ST. PAVING LINKED WITH CADDO CRUSHED ROCK TOP

The most enticing sight Ranger folks have seen in many a day is the white streak of crushed stone that has been connected with the pavement of Austin street. It is the hard surface of the Caddo road and brings visions of the pleasure that will be had when the county highways are completed with this class of surface.

The Caddo road has the stone applied for its length and much of it has been rolled. The next step will be to apply the asphalt. The contractors have not said when the road will be opened for traffic but it is thought that it will be in a short time.

RANGER YOUTH MAY GO TO TRAINING CAMP SOON

Norman W. Rust of Ranger, who filed application for attendance at the Citizens' Military Training camp to be held in the Eighth Corps Area this summer, has been notified by the commanding general at Fort Sam Houston that his application has been received and will be given due consideration. He states that he will know about July 1 whether or not he has been accepted for the government's one month's free vacation.

These camps are for the purpose of partially training the young men of this country in military drill and outdoor life. All classes of young men will be mingled together in the camps with a view to bringing about a closer social and national unity and promoting the spirit of American citizenship. Attendance is purely voluntary and does not in any way obligate anyone attending.

Young Rust is employed at the Temple theatre.

MURDEROUS ASSAULT CASE DRAWS FIVE YEARS

EASTLAND, June 20.—Will Swindle, convicted on a charge of assault with intention to kill at a recent term of the district court, and given a five year sentence in state prison was turned over to Bill Russell, State Penitentiary Transfer Agent today, and escorted to the state penitentiary at Huntsville. Swindle made an assault on a man driving a service car out of Fort Worth, having hired the man to drive him from Fort Worth to Cisco. After reaching Cisco, it is alleged the driver and Swindle became engaged in an argument and the shooting resulted.

I've tried them all but give me a Camel

I'm through experimenting. No more switching. No more trying this and that. It's Camels for me—every time.

They're so refreshing! So smooth! So mellow mild! Why? The answer is Camels exclusive expert blend of choice Turkish and Domestic tobaccos. There's nothing like it.

No other cigarette you can buy gives you the real sure-enough, all-day satisfaction that comes from the Camel blend. Camel is the quality cigarette.

Give Camels a tryout. Buy a pack today. Get your information first hand. You'll tie to Camels, too.
