# Groups Offer Suggestions

# For Renovation Of Center

Recommendations for renovations to the former bowling alley building acquired by the City of Farwell, which is to be made into a community center, was the main topic of discussion at the Farwell City Council meeting Monday evening.

Several local organizations were represented either by written suggestions or by representatives at the meeting. "Some of the recommendations from the different organizations were very close to the same things," says Janie Bowery, city clerk.

Most of the suggestions came in the form of floor plans for the building and basic renovations.

One of the more prominent suggestions was to divide the large room of the building into several smaller meeting rooms by using folding doors. This would enable a group to use only the size room necessary for their meetings, without heating or cooling the entire building for a small group.

The use of vents to be opened or closed as needed would be used to keep the heating and cooling costs of the building lower and possibly keep the fee for the use of the building lower.

Using folding doors to divide the building into smaller rooms would also enable more than one group to use the facility at the same time.

At least two persons suggested that ramps for wheelchairs be built both outside and inside the building, according to Mrs. Bowery.

Joe Jones was selected as chairman of the committee to organize all the various suggestions into a workable plan.

Architect Sam Pool, son of Mr. and Mrs. Lenton Pool of Farwell, has volunteered his services to draw up a floor plan for the suggestions made.

Renovations suggested for the building included outside lighting of some type be installed, as

well as a parking area to be laid out. It was decided to let the facility be used by organizations starting immediately, to help raise funds to pay for the renovations.

Any group wishing to use the building may contact Mrs. Bowery at city hall for scheduling and prices.

The building is unfurnished and the kitchen facilities are not

usable at this time. However, restrooms are available in the building, according to Mrs. Bowery.

Contributions are still being taken for the renovation work and are greatly appreciated, she said.

In other business, the city council set the property tax rate for this year at 34 cents per \$100 evaluation. This rate is a 3 cent raise over last year's tax rates.

## Pheasant Hunt Project - -

# ESA Sets \$3,000 Goal For Community Center

In a meeting Monday night, members of Theta Rho chapter of ESA Sorority set a goal of \$3,000 to be raised by their annual pheasant hunt to aid in the renovation of the Community Center in Farwell.

Members are asking farmers and landowners to allow ESA to sell permits to hunters to hunt pheasants on their land. Last year, the first year that ESA had a hunting preserve, more than 90 percent of the hunters came from outside of the immediate area. The hunters further supported the local economy by patronizing the restaurants, gas stations, motels, and

grocery stores in the area, say members of the sorority. When a farmer agrees to allow ESA to use his land, he is given a complimentary permit which allows him to hunt on any of the other land that is in the preserve. A resident is not required to have a state hunting license to hunt in his home county. The season runs from December 10-25.

ESA members will be personally contacting farmers of the area in the near future. They think this is a way that the community can work together.

"This is an excellent opportunity for the Farwell area to

benefit from outside revenue," said La Moin Williams, ESA president. "There is already a waiting list of hunters, eager to return to our community."

"Because the PIK program has limited the available cultivated acres, ESA will be asking farmers to consider leaving some stalks to allow hunting on natural-cover acres," Mrs. Williams said.

Any farmer and/or landowner interested in supporting the community in this way, may contact La Moin Williams at 825-2531 or Leslie Lunsford at 481-9336, for more information.

# Farwell School Board Okays Same Tax Rate

Farwell School Board members did something unusual in these times of inflation and rising taxes, at a special called meeting Monday night. They voted to keep the school tax rate the same as it was last year.

The tax rate for the 1983 tax year was set at \$1.21 per \$100

evaluation, with \$1.08 to be placed in the operating fund and \$1.13 to be placed in the interest and sinking fund.

They also approved that 89.25 percent of the taxes from the frozen tax rolls be placed in the operating fund and that 10.75 percent of the taxes from the

frozen rolls be placed in the interest and sinking fund.

Members present at the session were Wilbert Kalbas, Floyd Coates, Steve Pierson, Richard Haseloff, Edward Corn, and Joe Hughes. Member Maxine Williams was absent.

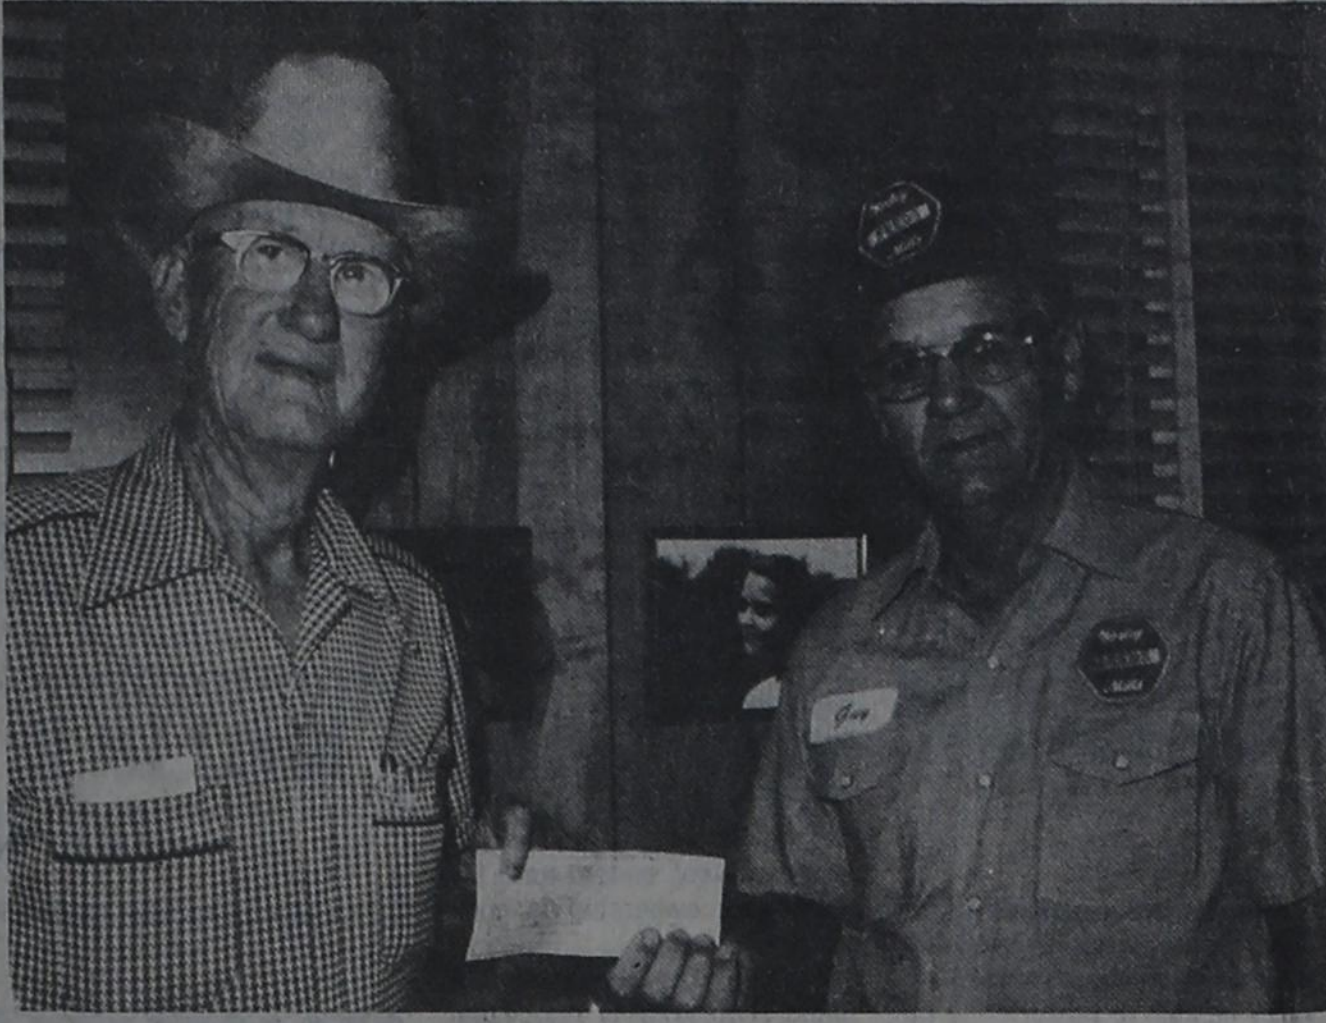

## Reserve Grand Champion

Elias Orozco, far right, proudly shows his Reserve Grand Champion trophy won with his 240-pound Cross. Elias sold his hog at the Curry County Junior

Livestock Sale Saturday, Sept. 10, to Worley Mills, Inc. for \$4.25 per pound, a total of \$1,020. Pictured with Elias is Dick Worley, left, and Jim Grisham

of Worley Mills, Inc. The sale included 23 Texico and Pleasant Hill 4-H and FFA members as well as students from all over Curry County.

## Topped The Field

Ray Ford of Farwell, left, took first place in the second week of the Area Merchants Football Contest, and presenting the winner's check for \$7.50 to him is Guy Cohee, manager of Wor-

ley Mills in Farwell, one of the contest sponsors. Ray picked 11 of the 12 games correctly and chose the exact score of the Texico-Capitan tiebreaker game. A total of 23 persons

guessed 11 games right, and four of these tied for second place by being only one point off on the tiebreaker. They had to split the \$5 second place prize.

## 23 Entrants Pick 11 Right - -

# Tiebreakers Determine Football Contest Winners

In the second week of the 25th annual Merchants Football Contest, 23 entrants picked 11 games correctly, but it took the tiebreaker scores to determine the winners. Yes, the point spread of the tiebreaker scores are most important.

Ray Ford of Farwell bested last week's 275 entrants by picking 11 games correctly and guessing the exact score of the Texico-Capitan game, 21-6. He was presented the first place weekly check of \$7.50 for his efforts.

Four persons tied for second place by getting 11 games right and being only one point off on the tiebreaker game score. Dividing the \$5.00 second place prize were Rhonda Dale, William D. Howard, Dianne Parker, and Johnny Torres.

The 18 other entrants also calling 11 correct games, but further off on the tiebreaker scores were Roy King, 5 points off; Charlotte Pierce, 5; Michael Littlejohn, 6; Mark Liethen, 7; Ann Liethen, 8; Dick Pylant, 8;

Also, Ruth Scott, 8; Ronnie Warmuth, 8; Kevin Akers, 9; Texico Computer Class, 10; Modine Whittington, 10; Darren Coffman, 11; David Dannheim, 13; James Harding, 13; James Castleberry, 15; Sherilyn Thigpen, 17; Ruth Newell, 19; and Steve Schilling, 25.

Leaders in the overall contest are as follows:

First place with 20 total points are David Dannheim, James Harding, Kevin Owen, Charlotte Pierce, Dick Pylant, Ruth Scott, Ronnie Warmuth, and Brian White.

In second place with 19 points

are Rex Cumpton, William D. Howard, Keevin G. Kelley, Roy King, Ann Liethen, Carlton Newell, Pat Owen, Dale Sikes, Sherilyn Thigpen, and Johnny Torres.

In third place with 18 total points are Johnny Atkinson, Darren Coffman, Rhonda Dale, Lorine Dannheim, Ronnie Dunsforth, Linda Fipps, Ray Ford, Jane Kent, T.J. Kittrell, Mark Liethen;

Also, Michael Littlejohn, Vicky Lynn, Eddie Meeks, Ruth Newell, Earlene Porter, W.M. Roberts, Albert Smith, Texico Computer, Kay West, and Modine Whittington.

To show that there is always hope of winning in the weekly contest or in the overall contest if, entered each week, Vick Christian, who picked 11 correct games the first week to win first place, got only six games right this second week.

The game missed by the most entrants last week was Amherst at Bovina, followed by the Lorenzo at Hart game.

## Hay, Roughage Producers Asked To List With ASCS

Due to wide-spread drought conditions this summer in many areas of the county, the Farmer County ASCS office in Farwell has received several reports of hay shortages, according to Martin Chandler, executive director. Some states and counties are known to have a surplus of hay or other roughage.

To assist with this problem, the county ASCS office is keeping a list of producers with hay or other roughage for sale. This list will be sent to the Texas ASCS Office each Wednesday.

"If you have hay or roughage for sale, please contact us at this number, 806/481-3311," urges Chandler.

## Texico FFA Booth Wins First

Texico Future Farmers of America chapter won a blue first place ribbon for its agricultural booth, "Solar Energy Is Alive And Well," at the Curry County Fair. Plates of vege-

tables depicted some of the results of solar energy. Cutout tombstones showed energy sources of the past such as "Olie OPEC Oil," "Charlie Coal," and "NATE 'The Natural'

Gas." Cardboard rabbits, birds, and a fawn made the booth appealing to the eye as well as delivering the message of the efficiency, abundance, and economics of solar energy.

While the shooting down of the Korean airplane came as a surprise to many communist sympathizers and assorted peaceniks, one Frederick C. Foote, a conservative writer, brings his views on the Soviets to us via the Lovington Leader and Hop Graham's column.

He wrote this before the shooting down of a civilian air liner by the Russians recently, and he identifies, precisely, the problem with the peacenik view of the Soviet menace.

"So, what have you got against nuclear holocausts," I recently asked a student friend of mine wearing a little, orange "No Nukes" button. We both laughed, the message was clear: Nobody, obviously, wants a nuclear holocaust.

Nor does anybody delight in spending the billions of dollars needed to protect this country from the Soviet Union. I'm a little dismayed, then, by those "peaceniks" whose little buttons seem to imply that they have come to the conscientious realization that amassing weapons that can destroy the world is undesirable, whereas President Reagan and others, presumably, have not.

Rather than simply lamenting the arms race, though, there is a deeper issue here that I would like to address, and this issue seems to evade the consciences of the button bearers. What is the philosophical basis of the arms race from the Soviets' point of view? It is this: that the use of aggressive force against some is unavoidable, or justified in the interests of the "greater good." I call it the "socialist premise" and it is the bankrupt yet uncontested philosophy of our day.

The Soviet Union provides the boldest expression of this philosophy in the modern world. For the "greater good" it is justified that the lives and properties of all Russians be subjugated to the State. Millions of individuals who would prefer to live for themselves, their children, or even their God are brutally murdered, detained in labor camps, or forced to lead lives of desperate servitude.

And Soviet "leaders," moreover, do not limit their warfare to the inhabitants of their country. Today, the Red Army is poisoning and slaughtering innocent Afghans, letting the lifeblood of the Polish people, and, clearly, continuing its crusade to advance Soviet hegemony until it imprisons the entire free world.

The fuel that runs this machine is the philosophy that has caused wars in the past, and will cause them in the future: the philosophy that some individuals (blacks, Jews, the rich, whoever) are wholly or partially expendable for the benefit of others.

There is something obscene, therefore, in that those most vehemently opposed to the arms race have accepted the doctrine that has precipitated it: the socialist premise.

Consider the people who are most frequently seen wearing the "No Nukes" buttons. Are they not the same ones who argue for federal money to subsidize their educations, abortions, contraceptives, hospital bills, food stamps, fuel costs, retirements, camping trails, and solar roofs?

Are they not the same ones who argue, in fact, on behalf of nearly every new federal program that comes down the pike, and ignore (or perhaps relish) the fact that these programs must be force-funded, at least in part, by the taxes of others?

Advocates of Marxist or even mixed economies cannot deny the philosophical premise they share with the Soviet Union. Nor can they deny that this premise similarly involves the sacrifice of other men's lives and properties in the name of the "greater good."

Laissez-faire capitalism, in contrast, is the only social system that consistently upholds individual rights and bans the use of force against peaceful

**Upgrading Cable System**

Putting up new poles and cable, workers and trucks from Midwest Video of Clovis will be in the Twin Cities area for the next six weeks where they will be replacing old cable with new.

The upgrading of the cable system will improve the reception of cable users in Texico and Farwell as well as preparing for the change from the 12-channel system now in use to the 36-

channel system planned in the near future. Area residents unable to receive cable in the past, may be able to subscribe to the cable after the new lines are finished.

**Cable Company Upgrading  
TV System To Twin Cities**

Texico and Farwell residents will be seeing the Midwest Video trucks around the two towns for the next six weeks.

The crews will be replacing the old cable, some having been strung 10 years ago, with new cable. The upgrading of the system will improve reception of the television picture, as well as preparing for the change from the 12-channel system now in service to a 36-channel system.

According to a spokesman for Midwest Video, the date of the installation of the new system has not been set because Midwest Video is being purchased by a new company. The purchase of the local cable system by McCaw Communications Company of Bellevue, Wash., has slowed any major changes in the present system until the change of ownership is complete.

With the installation of new cable, some areas of Texico that were not serviced by cable in the past will be eligible for

service after the system has been upgraded. Those residents who will be able to get the cable company at that time.

Texico and Farwell residents may count themselves lucky, according to a Midwest Video spokesman. "We did the upgrading in Clovis, but only in sections. This caused some residents to be without service for one or more days. The way the system is being upgraded in the Farwell-Texico area will allow both systems to work simul-

taneously. Only the cables to the individual houses will need to be changed," he said.

The company has already replaced its poles, and all that is left to be done is putting up the cable. All the underground cable between Texico and Clovis has been replaced, already improving the reception for cable users.

All upgrading is expected to be completed in approximately six weeks, according to the company spokesman.

**Public Intoxication,  
DWI Head Law Activity**

Arrests for public intoxication and DWI headed the list for Parmer County law officers, and two thefts were reported. According to Sheriff Bill Morgan, the following activity occurred in the county:

Roy Hartzog of Bovina Gin reported that a welder, cutting torch, and saw was taken during the early morning hours Thursday, Sept. 8. Estimated value of the items taken is \$765.

Dee Hammit of Farwell reported a bicycle taken from the Farwell Junior High School on September 9. The bicycle, valued at approximately \$80, was recovered Tuesday at a residence in Lariat.

In other action this week, William Santry, 20, of El Paso was arrested by Texas Highway Patrol officers Tuesday, Sept. 6, on charges of DWI. He was fined \$250 plus court costs.

Also on September 6, Timothy

Santry, 23, of El Paso was arrested by THP officers on a charge of public intoxication. He was taken to Bovina for trial.

James Sweny, 54, of Hereford was arrested September 9, by Bovina Police Department officers for public intoxication. He was taken to Bovina for trial.

Jose Perez, 53, of Muleshoe was arrested by THP officers September 9 for DWI. He was fined \$250 plus court costs.

Gumecindo Pena, 58, of Lariat was arrested by THP officers on September 9 for public intoxication. His bond was set at \$50 and he will appear before Justice of the Peace Albert Smith.

Maria Perez, 50, of Muleshoe was arrested by THP officers for public intoxication September 9 and was fined \$35 by Justice of the Peace Albert Smith.

citizens. It is the only system under which no group, however large, can use force against another group, however small. In theory and in practice, laissez-faire capitalism is the only social system fundamentally opposed to war.

Yet, blinded by their envy of the productive and the industrious and the deserving, the "peaceniks," their professors, and Republicans and Democrats alike, refuse to acknowledge the unprecedented material benefits and unparalleled moral justification of laissez-faire capitalism.

Instead, they doggedly adhere to the socialist premise. They avert their eyes from the plunder and misery that cruelly scars the face of every socialist scheme from the command economies of the Eastern Bloc to the Indian reservations of America. And they wish, with their referendums, buttons, and marches, to outlaw war with armed enemies as they advocate war with the unarmed and innocent citizens of this country.

I'm looking for a little, orange button of my own: "No Force." Don't expect most "peaceniks" to snap them up.

2-0 Season Record - -

# Texico Wolverines Maul Capitan Tigers, 21-6

by Johnny Torres

The Texico Wolverines ran their record to 2-0 last Friday night with a 21-6 victory over the Capitan Tigers, the defending Class A State Champions.

Capitan, who received the ball, was unable to penetrate the tough Texico defense on their first possession. Junior running back Billy Bibbs was the workhorse for the Wolverines on their first drive as he broke for three long runs.

Quarterback Brad Steward then connected with wide receiver Kevin West on a 24-yard pass to put the Green and White near paydirt.

Billy Bibbs topped off the drive with a one-yard plunge to give Texico their first touchdown of the evening with 5:32 left on the clock in the first period.

The PAT kicked by quarterback Stewart was successful and Texico led 7-0.

The Tigers could not put together a successful drive in the first quarter, and the Green and White defensive squad did not allow the Tigers to pass mid-field.

Texico mounted another long drive late in the first quarter as Billy Bibbs broke loose on a 50-yard run but was brought down on the 8-yard line.

Brad Steward capped off the drive with a quick run across

the goal line with 2:21 left in the quarter.

The PAT kicked by Stanley Cross was good and at the end of the first quarter, Texico led 14-0.

In the second quarter, both teams traded possessions several times without making a successful drive.

Late in the quarter, Capitan's Danny Cummings intercepted Brad Steward's pass and ran it back for 50 yards to give Capitan their first and only touchdown for the night.

The PAT was not successful and at halftime the Wolverines held a 14-6 lead.

The minutes ticked off in the third quarter with neither of the two teams capitalizing on any possession.

In the final quarter, the action lived up when Coach David Lynn instructed his Wolverines to utilize a fake punt. The ball was snapped to West who rushed through the Tiger defense for 21 yards to give the Wolverines another first down.

With new momentum, Texico drove down the field and running back Billy Bibbs again plunged into the endzone with 8:04 left on the clock.

The PAT was again successful, kicked by Stanley Cross, and moved the Wolverines to a 21-6 lead.

Capitan was able to mount

only one more serious drive in the game, but their drive was stopped when Brad Steward intercepted the ball.

Mistakes plagued both sides during the game. The Tigers fumbled twice with Wolverines Doug Thornton and Charles Sharbutt recovering, but the Tigers managed to recover one Texico fumble.

The Wolverines were penalized ten times for a loss of 90 yards, while Capitan lost only 45 yards on seven penalties.

On the plus side of the records, Texico had 12 first downs while their opponents only had four. In 47 plays, the Wolverines gained 341 yards while the Tigers gained only 33 yards in 27 plays on the ground.

Leading the rushing attack was Billy Bibbs who scored twice and rushed for 252 yards. Joe Steward had two carries for 22 yards.

Capitan was more successful in the passing category when they connected on four passes out of ten attempts.

Kevin Akers and Brad Steward intercepted two of the Tiger passes during the game.

For the night, Steward connected only once on a pass out of 12 attempts with West catching the 27-yard pass, and the Tigers managed to intercept three of the Wolverine passes.

Defensive plays for the Wolverines were led by Ronnie Galvan and Doug Thornton with ten tackles. Jeff Holland, Joe Ste-

ward, and Terry Tubbs were close to the top with nine tackles each.

The Wolverines will be back on the field tonight (Friday) when they host 2-A rivals, the Eunice Cardinals, at 7:30 p.m. MDT.

Coach Dave Lynn, in his comments on the game, said, "At times, we played really well. I was a little worried before the game as we had several people out because of illness. But they all showed up and played a good game. They gave good overall effort. There were some breakdowns due to mistakes, but we'll work on those."

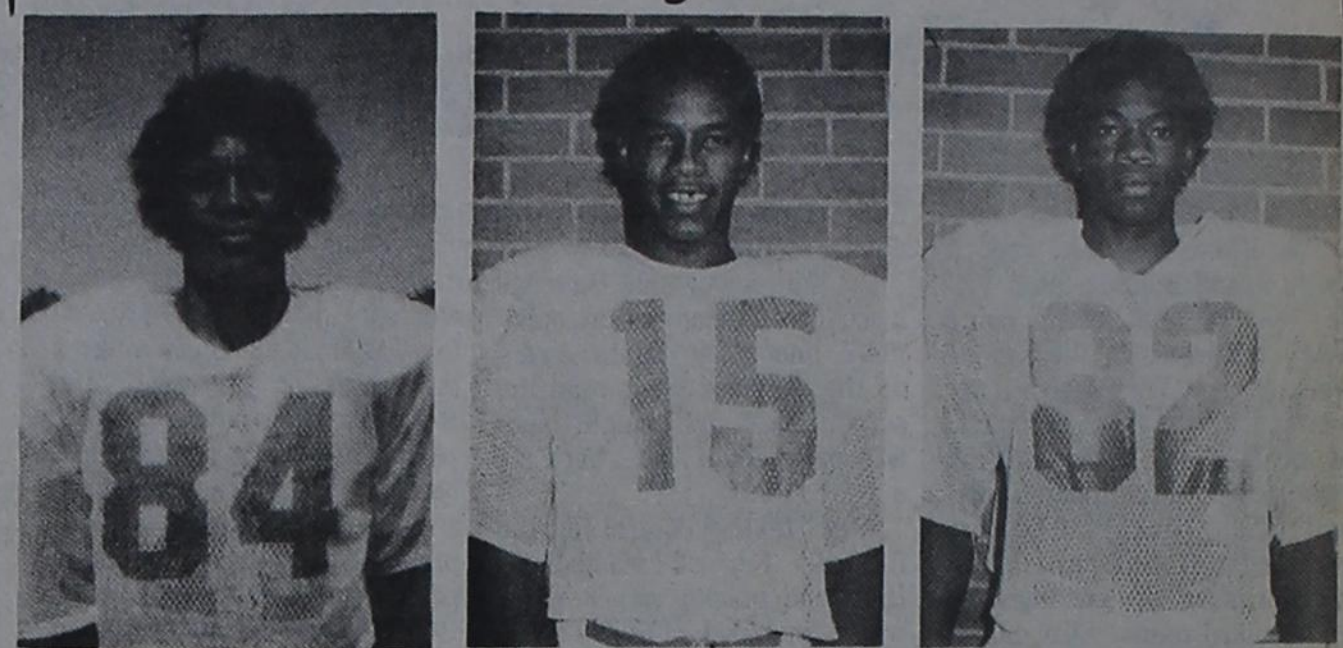

"I think the offensive line did a super job in the game. Ronnie Dunsworth, Doug Thornton, Tommy Boardman, Jeff Holland, Charles Sharbutt, and Mark Meeks all did real good work," said Coach Lynn.

"Billy Bibbs carried the ball 26 times for 252 yards, and Ronnie Galvan led in tackles with 10. We saw some things that need work, but that's what coaches are for. We've got to let a lot of the younger players in the game as I feel that's the only way they can learn to play," added the coach.

Regarding tonight's game against Eunice, Coach Lynn said, "We'll really have to play well to beat Eunice. They had nine starters return both ways and most of them have been starting since they were sophomores. Their team is a little larger physically than we are and they are quick. It will be a good test to see just how good we are at this point."

Parents' Night, originally scheduled for tonight (Friday), has been postponed until a later date. The new date will be announced later.

## Wolverine Big Lick Awards

**TERRY TUBBS** Terry Tubbs and Brad Steward were selected for the offensive Big Lick Award by the Texico coaching staff for their outstanding efforts in the game against Capitan. Tubbs, senior end, punted four times for 115 yards, and defensively, made nine tackles. Steward, senior quarterback, rushed for 40 yards on seven carries, scoring one touchdown, and defensively, made five tackles.

**BRAD STEWARD**

**JOE STEWARD** Joe Steward senior defensive back, was selected for the defensive Big Lick Award by the Texico coaches for making three impressive tackles in the game against Capitan and for playing well throughout the game. He also played on offense and blocked well, according to Coach Dave Lynn.

## Texico Lady Spikers Place 5th In Tourney

Texico Lady Spikers participated in the Cloudcroft Tournament last Saturday, coming home with fifth place.

In their first match, the Lady Wolverines played Dexter, a 2A school, winning their first game 15-7, but losing the next two, 15-10 and 15-13.

Their second match was against Ruidoso, a 3A school, where they won 15-3 and 15-3.

The third and final match for the Texico varsity girls was against Canjilon, a 4A school, where they won 15-11 and 15-8.

Two players from Texico, Cheryl Scott and Helen Jo Board-

man, were named to the All-Tournament team.

"We played well, but lost our intensity against Dexter. Dexter has the best defensive team we'll see all year," said Coach Mike Littlejohn.

"We didn't hit the kill shots like we thought we should, but we did good with our hitting and serving in the tournament," Coach Littlejohn added.

The tournament ended with Texico winning in the consolation bracket to take fifth place, and Dexter taking first place.

Coach Littlejohn commended Kathy Harris and Loretta Gonzales for "doing a really good job in the games." He also said Kelly Lynn and Lucia Jesko came off the bench and "played really well."

The next game for the Lady Spikers was scheduled for Thursday, Sept. 15, beginning at 4 p.m. MDT.

The varsity team will be participating this weekend in the Hobbs Tournament where they will play the winner of the Lubbock Monterey - Carlsbad game.

Their first game will be at 2:15 p.m. MDT on Saturday. Their second game will be played, if they win the first game, at 8 p.m., or at 6:15 p.m. if they lose the first match.

## Texico Jr. High Takes 34-6 Loss At Portales

Texico's junior high football team played at Portales last Saturday, coming home with a 34-6 loss.

The junior high Wolverines scored in the final quarter of the game, but gained 118 yards rushing in 22 carries.

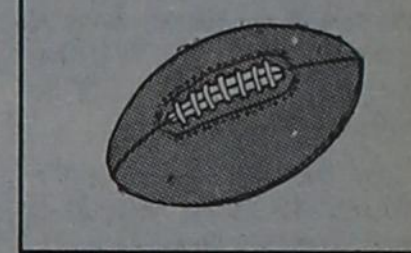

Coach Scott Parker named Richard Hernandez as the leading tackler with 11 to his credit.

David Loera was the outstanding offensive player for scoring the touchdown on a 50-yard pass play from Richard Hernandez.

Hernandez made 65 yards rushing in 12 carries; David Vaughn, 45 yards in 8 carries; Urban Orozco, 5 yards; and Dean Reid, 3 yards.

"We are a young team, but are improving each week. We lost the scrimmage against Portales earlier this season, but we have improved a lot since then,

and we have improved even more this week," said Coach Parker.

# Farwell Steers Trample Anton Bulldogs, 26-8

by Mark Cole

The Farwell Steers met a tough Anton Bulldog team Friday night, and again came away victorious in the second week of play. The Steer offense was sparked by the running trio of quarterback Alan Eubank (who scored three touchdowns) and running backs Paul Fulcher and Roger Robertson, each of whom rushed for over the golden 100-yard mark. Also, not to be missed was the tough defensive stand the Steers made, which after week two of play has allowed only 12 points.

Early in the first quarter the Steers let Anton know they were ready to play by holding the Bulldog's offensive unit cold. Contributing to the stop were

Steers Johnny Daniel, Paul Fulcher, and Ricky Sikes.

On 4th down, the Bulldogs were forced to punt after sophomore linebacker Kevin Owen, on the previous play, read the screen pass and single-handedly dropped an Anton back for a 4-yard loss.

After taking control of the football, Farwell wasted no time and quickly ran 6 plays which included runs by Paul Fulcher of 10 and 11 yards, and a 16 yard burst by Roger Robertson. On the seventh play, Robertson, a wide-receiver convert, playing his first game as running back, scored the touchdown from 14 yards out to give the Steers a 6-0 lead.

Anton took possession and set

up on the 25-yard line with hopes of evening up the game, but moved only for negative yardage to the delight of the Farwell fans. Again it was Owen making the tackle on 1st down, and Bery Mesman and Jesse Anzaldua making a stop 2 yards behind the line on 2nd down. On 3rd, the Anton quarterback was pressured into throwing away a pass by blitzing defensive back Robertson, which then brought about a punt.

The Blue and White offense then drove 60 yards for the touchdown, highlighted by runs from Fulcher of 15 yards and Robertson for 10 yards. Quarterback Eubank then connected on a pass with Felix Lucio for 5 yards and ran the keeper from the 3-yard line for his first score of the game, giving the fired up Farwell team the lead, 12-0.

On their first possession of quarter number two, Anton came alive and came up with the big play. Anton running back Jimmy Perry burst from the 50-yard line and went all the way for six. The Bulldogs went for the 2-point conversion but were stopped by the tough Farwell defense. The game was then 12-6 with Farwell out in front.

Later in the second quarter, the Farwell defense again came through to return the ball to the offense by halting the Bulldogs. On a crucial 4th down, the gambling Bulldogs went for the 1st but were disappointed when Jesse Anzaldua fired out of his defensive tackle position to make a tackle 3 yards behind the line of scrimmage.

The Steers once again took possession of the ball and drove steadily downfield where Eubank ran a quarterback sneak from the one yard line and scored for the Steers. Preceding the touchdown were runs by Fulcher of 15 and 10 yards which brought the ball to the one where Eubank scored. Robertson ran up the middle for the two-point conversion to move the Steers out in front 20-6 at halftime.

To open the second half, Anton barely had time to get moving when a loose ball was recovered by Owen. The Steer offense then drove down with short runs by the backfield and Eubank scored on a 5 yard run for his 3rd touchdown of a very offensively productive night for the Steers.

Late in the fourth quarter, Anton was allowed 2 points when the Steers, trapped inside the 5 yard line, purposely ran out the back of the end zone to give up a 2-point safety to the visitors, in order to get a free kick, for the final score of the game.

At the final buzzer the Steers triumphed with an impressive 26-8 win over the Anton Bulldogs.

"It was the first time for a lot of the kids as our team isn't made up of just eighth graders. They played a good game and they will improve through the season," said Coach Cumpton.

The next game for the junior high team was to be Thursday, Sept. 15, beginning at 5:30 p.m. when they host Sudan. The seventh and eighth grade teams will combine, and only one game will be played.

In his comments on the game, Coach Bruce Dollar said, "We played a good game, they all really did well against Anton. The defense played as well as they have played since I've been here. Of the 87 rushing yards that Anton made, 49 of them were on one play. Our defense did an outstanding job. "The offense also did well. Alan Eubank had 100 yards rushing on 25 carries, Paul Fulcher had 112 yards on 18 carries, Roger Robertson had 103 yards on 14 carries, and Felix Lucio caught the only pass," added

Sudan lost to Farwell last year and in their first two games of the season, the Hornets lost to Meadwood, 19-6, and lost to Springlake-Earth, 7-6.

### Steer Interception

Roger Robertson, No. 44, races down field after stealing an Anton pass. The Steers had just scored and kicked off to the

Bulldogs when on the first play, Robertson stole the pass. The theft didn't help the Steers at this point as they soon lost the

ball on downs deep in Anton territory. Farwell won the game in Steer Stadium, 26-8.

### Doggin' Daniel

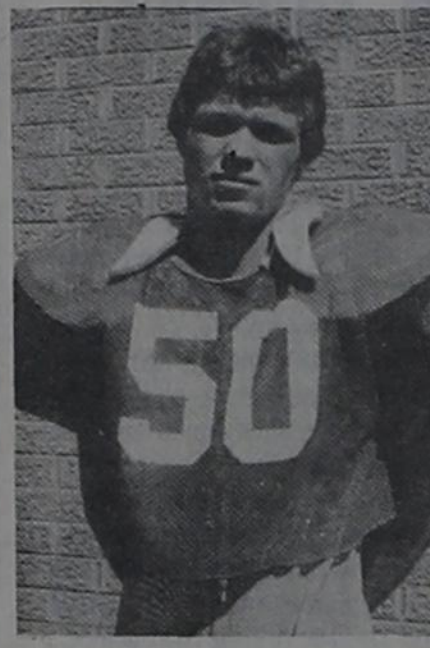

Playing a tight defense and a fast offensive game allowed the Farwell Steers to whip a highly rated Anton squad 26-8 in a non-district tilt.

Johnny Daniel, Steer center, fixes to put a tackle on Anton's Robert Mathis, No. 22, late in the fourth quarter of last Friday night's game in Steer Stadium.

### Steers Of The Week

**TODD CHRISTIAN**  
Farwell's coaching staff chose Todd Christian and Kevin Owen as this week's Steers of the Week. Todd Christian, senior end, was chosen as offensive Steer of the Week for his blocking in the game last Friday night against Anton. Kevin

**KEVIN OWEN**  
Owen, sophomore linebacker, was chosen as the defensive Steer of the Week for playing an outstanding game. "I think they contributed more to the win than anyone else, they played a really good game," said Coach Bruce Dollar.

### Quarterback Sneak

With ten minutes remaining in the second quarter, Steer quarterback Alan Eubank kept the ball and plunged three yards to notch Farwell's second touchdown in last Friday night's game with the Anton Bulldogs at Steer Stadium. Eubank is

under the pile in the center of the picture, but the referee tells the story. The PAT kick failed, but Farwell led 12-0.

## Junior Varsity Steers Take Win Over Anton

Farwell junior varsity Steers traveled to Anton last Thursday night, and came home with an 8-0 victory.

It was a defensive battle all the way until the third quarter, said Coach Larry Gregory, when Farwell's Jesse Coburn scored on a 12-yard pass from quarterback David Woods. Woods then carried across the goal line for the points after touchdown, making the score 8-0. Neither team could manage another scoring drive, and the game ended with the Farwell

JV Steers on top. Coach Gregory named David Woods and Carey Stancell as the outstanding defensive players.

Outstanding offensive players in the game were Leonard Hillock and Ernie Saldana.

"The entire team played very good football. We beat Anton worse than the score indicates," said Coach Gregory.

Next game for the junior varsity was to be against Sudan in Steer Stadium Thursday, Sept. 15, beginning at 6:30 p.m.

## Farwell Junior High Teams Lose To Anton

Farwell junior high football boys played at Anton Thursday, Sept. 8, with both the seventh and eighth grade teams losing their games.

The seventh grade scrimmaged against Anton and lost, with Anton scoring the only touchdown.

"They played really well. It was the first time any of them had played football, I thought they did a good job," says Coach Rex Cumpton.

In the eighth grade game, the

junior high Steers lost 20-0 to Anton.

"It was the first time for a lot of the kids as our team isn't made up of just eighth graders. They played a good game and they will improve through the season," said Coach Cumpton.

The next game for the junior high team was to be Thursday, Sept. 15, beginning at 5:30 p.m. when they host Sudan. The seventh and eighth grade teams will combine, and only one game will be played.

### Farwell Booster Club To Sponsor Coming Home Queens

Farwell Booster Club members met Tuesday night, for their regular meeting to discuss releasing balloons at football games, the bus to Seagraves, and the coming home queens for homecoming.

The decision was made to release balloons at four of the home football games this year, including the homecoming

game with Friona on Friday, Sept. 30.

It was reported during the meeting that a few seats are left on the bus to Seagraves on Friday, Sept. 23. Those wishing to ride the bus to the game need to contact any Booster Club member for details. The cost will be \$11 per seat.

The Booster Club will sponsor

the coming home queens for homecoming. They are Peggy Woodson Sudderth, 1954 queen; Phyllis Christian Crume, 1964 queen; and Cindy Watts Eldridge, 1974 queen.

Other items of business were discussed but were tabled until later, and film of the Steer-Anton game was viewed.

## Crim Family Reunion Held At Lake Ft. Cobb

Family members of the late J.W. Crim gathered at Lake Ft. Cobb in Oklahoma over the Labor Day weekend. Buck and Darlene Crim hosted the affair at their cabin on the lake.

Jeremy and Summer of Oklahoma City; Jeff and Lisa Gelsler of Weatherford, Okla.; Gary and Judy Pumroy of Seal Beach, Calif.; Greg and Sherry Crim of Dallas; and Kirk and Vickie Crim of Muleshoe.

Highlight of the reunion was the roasting of a pig on an open barbecue pit. The families participated in planned games, and family movies of previous reunions were shown.

Fred and Evelyn Curtis remained to visit for another couple of days at the lake cabin, before returning home to Farwell.

Those attending were Lois Johnson of Garland, Tex., and her grandsons, Robbie and Jason Moseley; Gerald and Terrie House and Jennifer of Rowlett, Tex.; Fred and Evelyn Curtis of Farwell; Robert and Jane Curtis and sons, Clay and Matt, of Amarillo; Buck and Darlene Crim of Ft. Cobb, Okla.; Also, Doyle and Gayla Crim,

Receiving the licenses were Arthur Cabrera and Peggy Ann Baca; Antonio Chavez Mayorga and Ester Smith; Joseph Lawrence Burns and Lisa A. Goodrich; and Arch John Hood and Dorothy Hellen Wommack.

Serpentine Jade Tree Is Surprise Gift

A serpentine jade tree now graces a Farwell home. It was a birthday gift from Grace Snider, right, to her daughter, Wilma Moseley, left. This rare and beautiful oriental piece from Hong Kong is made entirely of jade.

The leaves and blossoms are all hand carved from the many colors of jade. The blossoms are in shades of white, pink and coral, and the leaves are in a deep shade of green. The leaves and every petal of the blossoms are made on wire and can be twisted into any shape arrangement desired.

Grace's cousin, Jaxie Short of Shawnee, Okla., was a missionary in Hong Kong for 35 years, and Grace has received many beautiful oriental pieces from her throughout the years. Through one of her friends there, the former missionary was able to have this jade tree made and sent to Grace for the surprise gift. Wilma had admired a similar tree in her cousin's home in Oklahoma.

It is obvious from the gleam in their eyes that Wilma and Grace are delighted with this jade tree, even though the black and white photo doesn't begin to show the beauty of it.

### CONSUMER PRODUCT SAFETY ALERT from the U.S. Consumer Product Safety Commission, Washington, D.C. 20207

#### Children's Expandable Enclosures May Present Potential Safety Hazard

The Consumer Product Safety Commission in cooperation with the Juvenile Products Manufacturers Association warns consumers that children's circular expandable wooden enclosures may present a potential strangulation hazard to children due to neck or head entrapment in V-shaped openings along the top edge and in diamond-shaped openings in the sides of the enclosures.

Since 1980, the Commission staff has conducted investigations of three deaths and one incident of brain damage involving unsupervised children whose necks became entrapped in the V-shaped openings along the top edge of the enclosures, apparently as they were attempting to climb out of the enclosures. In addition, the staff has investigated or received reports of four incidents involving minor or no injuries to children whose heads became entrapped in the diamond-shaped openings in the sides of the enclosures.

The enclosures are constructed of criss-crossed wooden slats riveted together which expand to form continuous circular structures of varying diameters and which are used primarily to

restrict the movement of young children to the area within the enclosure. They have been sold nationwide through various retail and children's products stores over the past 15 to 20 years for approximately \$20 to \$40 per unit.

The CPSC staff estimates that approximately 239,000 of the more than 500,000 enclosures produced are presently in use.

In the opinion of the CPSC staff, it is dangerous to leave children unattended in the enclosure without close continuous supervision. The Commission is aware of incidents which occurred after children had been left for only a short period of time. This is particular concern since the enclosures are intended to keep children away from other hazards, and consumers may leave children unattended, believing them to be safe.

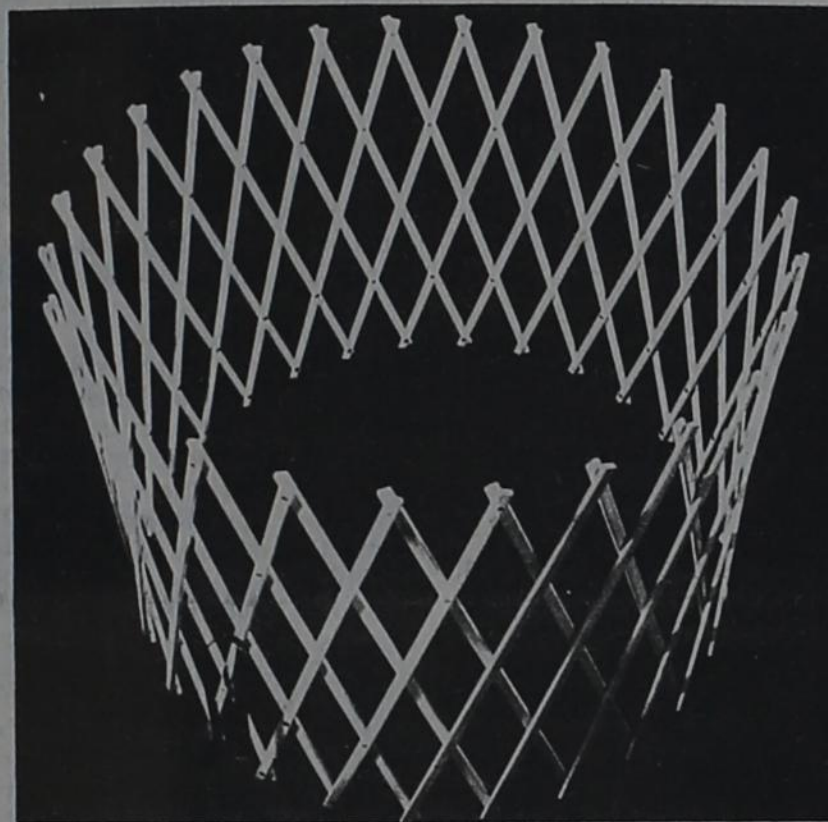

The Juvenile Products Manufacturers Association is working to develop a voluntary

standard to reduce the possibility of injury associated with enclosures and manufacturers voluntarily stopped production and sale of the existing style of the enclosures pending development and adoption of the safety standard.

In the opinion of the CPSC staff, owners of the expandable enclosures should discontinue using them.

For further information, consumers may call the CPSC's toll-free hotline on 800-638-CPSC. A teletypewriter number for the hearing impaired is 800-638-8270.

Under laws administered by CPSC, over 293 million potentially hazardous products have been called back from the marketplace and consumers since 1973 (when CPSC was created). Most of these were voluntarily recalled by manufacturers who established programs to repair or replace the products, or to refund the purchase price.

The U.S. Consumer Product Safety Commission staff, in cooperation with the Juvenile Products Manufacturers Association, warns consumers that children's circular expandable wooden enclosures may present a potential strangulation hazard to children due to neck or head entrapment in V-shaped openings along the top edge and diamond shaped openings in the sides of the enclosures. CPSC staff believes that it is dangerous to leave children unattended in the enclosure without close continuous supervision. CPSC staff recommends that owners of the expandable enclosures discontinue using them for restraining young children.

### Farwell Study Club To Tour City Building

# Texico School Board Votes For Salad Bar

Texico School board met in regular session Tuesday, Sept. 13, to discuss several items including a district school board meeting and the opening of a salad bar in the school cafeteria.

Texico board members will be attending the district meeting in Tucumcari September 19 at 6 p.m. MDT.

The decision was made to open a salad bar in the school cafeteria for high school and junior high students. The price of the salad bar will be the same as a regular lunch ticket.

Board members voted to hold open house at the school on October 25 for parents, teachers, and students.

Funds were accepted in the amount of \$11,394 from Chapter II funds for the purchase of materials for the guidance and science departments.

The board will hire a computer aide for the computer

room when the new multi-purpose building is completed.

Permission was granted for the children of Raymond Williams to attend school in Grady due to a health problem of one of the children.

The board voted to purchase a machine which works from a computer to print spoken words for the handicapped students attending the school.

Following the discussion of all business, board members took a tour of the new building and tested the newly-installed fire alarm systems in the school buildings.

Those attending the meeting were board members Arlye Crooks, Herman Gerles, Greg Martin, Roy Thornton, and Johnnie Rucker, and school personnel James Pierce, Marcia Leavell, Ronnie Warmuth, Ann Liethen, and Joan Edwards.

## Fair Trophies

Texico students came home with four trophies from the Curry County Fair last week. Shown, from left, are Kevin West, who won first place showmanship for swine; Elias Orozco, who showed the Reserve Grand Champion Swine;

Tobin Tate, Texico FFA president, and Jeff Holland, Texico 4-H president, holding the Herdsman trophy; and Scott Elliott, holding the Farm Mechanics award, presented to the FFA chapter for picnic tables

entered by Elliott and Tate. The Herdsman trophy was awarded for the clean condition of the group's pens and isles, as well as the student's politeness to spectators and overall good attitude.

# Local Youth Winners At Curry County Fair

Texico students came home from the Curry County Fair last week with four trophies and a number of ribbons and awards.

Texico FFA and 4-H teamed up to win the Herdsman Swine trophy, which is presented on the basis of the cleanliness of the animals, pens, and isles in the livestock barns. Also a contributing factor of the award is the attitude of the students and their politeness to the participants, judges, and spectators at the fair. The award is a traveling trophy, making this the fifth time Texico has won it.

Also coming home with a trophy was Elias Orozco, who took the Reserve Grand Champion Swine trophy with his Cross.

Kevin West placed first in the Showmanship for the entire swine show and he also placed several times with his hogs.

Texico FFA won the Reserve Grand Champion, Agricultural Mechanics Display award for two picnic tables entered in the fair by Scott Elliott and Tobin Tate.

Texico groups and the Pleasant Hill Community won ribbons on their booths. Pleasant Hill took first place for com-

munity booths; Texico FFA placed first in the FFA booths; and Texico 4-H took first place in the 4-H booths.

Other booths placing in the fair were the Texico FFA, 5th place in FFA booths, and Texico School, 4th place in the school booths.

Also showing their calves at the Curry County Fair, in preparation for the Houston Livestock Show next year, were Carl Hutchins, Tyson Carpenter, and Leonard Hillock of Farwell.

The three boys were showing the calves bought with the certificates won at the 1983

Houston Calf Scramble. They will have to enter their calves in the Houston show next year as part of their commitment as winners in the calf scramble.

Carl Hutchins won first and Champion with his Charolais heifer 17-18 months category; Leonard Hillock took first and Reserve Champion in the heifer, 17-18 month category; and Tyson Carpenter placed 2nd in the heifer, 17-18 month category.

Other local Curry County Fair winners will be published in next week's State Line Tribune.

## State Rep. Here Wed.

State Comptroller Bob Bullock announces that Phillip Land from his Lubbock Field Office will be at the Farmer County Courthouse on Wednesday, Sept. 21, from 2 to 3:30 p.m.

A comptroller's representative is available to assist local residents at the courthouse the third Wednesday of each month.

Anyone with problems or questions concerning state taxes is urged to contact Land at the courthouse in person, or call the Lubbock Field Office at 806/795-0691.

A toll-free number, 1-800-252-5555, is also available to Texas taxpayers.

# Safe Driving Breakfast Hosted For REC Employees

The Cooperative Breakfast honoring employees on safe driving records was held recently, representing a total of 165 years of driving Deaf Smith Electric Cooperative vehicles without an accident. Twenty-one employees were honored at Thompson House in Hereford.

Pat Digby, representative of Nationwide Insurance Com-

pany, presented commemorative pens and sponsored the breakfast for the employees.

Total miles that the cooperative vehicles were driven from April 1, 1982 to March 31, 1983, were 528,807 miles. Dick Montgomery, assistant manager of Deaf Smith REC, stated that safety is the number one concern of the cooperative. When-

ever employees are exposed to accident-causing situations each day, it is important that safety practices be applied to transportation as well.

The record of these drivers indicates such safety. Boyd Collins, 22 years; Tommie Weems, 21 years. Others receiving awards included George Bulard, Steve Louder, Lee Jones,

Dick Montgomery, Loran Nixon, Don Rieves, Greg Black, Jerry Deckard, Carleta Watts, Ruben Flores, Robert Scott,

Mike Veazey, James Hull, Harold Finch, Dan Higgins, Paula Welty, Mike Bridges, Sam Garrison, Justin McNeely.

**PUBLIC NOTICE**  
BRIEF EXPLANATORY STATEMENTS  
OF PROPOSED  
**CONSTITUTIONAL AMENDMENTS**  
SPECIAL ELECTION  
NOVEMBER 8, 1983

### PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 91 proposes a constitutional amendment which requires a county with a population of 30,000 or more to be divided into not less than four nor more than eight justice of the peace precincts. A county with a population of 18,000 or more but less than 30,000 shall be divided into not less than two nor more than five justice of the peace precincts. A county with a population of less than 18,000 shall be designated as a single justice of the peace precinct or, upon a finding of necessity by the commissioner's court, shall be divided into more than one justice of the peace precinct but not more than four. The amendment provides further, that in any precinct in which there is a city with a population of 18,000 or more, two justices of the peace shall be elected. The amendment allows a justice of the peace, constable or commissioner to continue in office until the expiration of his term, although a change in precinct boundaries results in the officer no longer being a resident of the precinct for which he was elected or appointed and allows a justice of the peace or constable to continue in office until the expiration of his term even though a change in precinct boundaries results in the abolishment of the precinct or more than one justice of the peace or constable serving the precinct. Vacancies in the office of justice of the peace or constable that result from a precinct boundary change shall be filled by the commissioners court until the next general election. The amendment would take effect on January 1, 1984, and counties with populations of less than 30,000 and with more than four justice of the peace and constable precincts would have until January 1, 1987 to comply with the amendment.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing fewer justice of the peace and constable precincts in counties with a population of less than 30,000 and providing for continuous service by justices of the peace, constables, and county commissioners when precinct boundaries are changed."

### PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 105 proposes a constitutional amendment which would limit a homestead in a city, town or village to a lot or lots amounting to not more than one acre of land, together with any improvements on the land. The constitutional requirement that, at the time of

designation, an urban homestead not exceed ten thousand dollars in value without reference to the value of any improvements on the land would be eliminated.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment replacing the limitation on the value of an urban homestead with a limitation based on size."

### PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 1 proposes a constitutional amendment that authorizes the Legislature to enact legislation that permits representative associations of agricultural producers to collect refundable assessments on their product sales to be used solely to finance programs of marketing, promotion, research and education relating to those products. It provides, further, that adoption of the proposed constitutional amendment will bring into effect Senate Bill 607, Acts of the 68th Legislature, Regular Session, 1983, with rejection of the amendment resulting in Senate Bill 607 having no effect.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment providing for the advancement of food and fiber production and marketing in this state through research, education, and promotion financed by the producers of agricultural products."

### PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 30 proposes a constitutional amendment which authorizes the Legislature to enact laws to provide for the succession of members of the Legislature in the event of enemy attack and allows the suspension of procedural rules imposed by the Constitution in the event of, or immediate threat of, enemy attack. The amendment empowers the Governor, after consultation with the Speaker of the House and the Lieutenant Governor, to suspend the constitutional requirement that the Legislature hold its sessions in Austin and allows the suspension of procedural rules by the Governor issuing a proclamation in which the House of Representatives and Senate concur by resolution approved by a majority of the members present. Suspension of the constitutional rules may not exceed a period of two years under a single proclamation; however, the Governor may renew the suspension by issuing a new proclamation concurred in by the House of Representatives and the Senate through a resolution approved by a major-

ity of the members present.

The amendment will appear on the ballot as follows: "The constitutional amendment authorizing statutory provisions for succession of public office during disasters caused by enemy attack, and authorizing the suspension of certain constitutional rules relating to legislative procedure during those disasters or during immediate threat of enemy attack."

### PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 12 proposes a constitutional amendment that authorizes the Legislature to enact legislation providing for the use of the permanent school fund and income from the permanent school fund to guarantee bonds issued by school districts. The amendment provides, further, that the Legislature may appropriate part of the available school fund for administration of the permanent school fund or of a bond guarantee program established pursuant to the amendment.

The constitutional amendment will appear on the ballot as follows: "The constitutional amendment authorizing use of the permanent school fund to guarantee bonds issued by school districts."

### PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 1 proposes a constitutional amendment which would permit the Legislature to provide for the garnishment of wages to enforce court-ordered child support payments. The garnishment remedy would not be available for other purposes.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment allowing the Legislature to provide for additional remedies to enforce court-ordered child support payments."

### PROPOSITION NO. 7 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that authorizes the Veterans' Land Board to provide for, issue, and sell general obligation bonds of the State of Texas in an amount not to exceed \$800 million to provide financing to veterans of the state. The amendment requires that three hundred million dollars of the state bonds be dedicated to the Veterans' Land Fund. The Fund is to be used to purchase land to be sold to veterans under such terms, rules and regulations as may be authorized by law. The amendment creates the Veterans' Housing Assistance Fund and requires that \$500 million of the state bonds authorized by the amendment be dedicated to the Fund. The Veterans' Housing Assistance Fund will be utilized by the Veterans' Land Board for the purpose of making home mortgage loans to veterans for housing within the state and for the administrative

costs of administering the fund and issuing the bonds.

The amendment provides, further, that if there is not money in either the Veterans' Land Fund or the Veterans' Housing Assistance Fund available for payment of principal and interest on the general obligation bonds issued pursuant to the amendment, then money coming into the Treasury in each fiscal year is appropriated in an amount sufficient for payment of principal and interest due in that fiscal year.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment for financial assistance to veterans and to authorize the issuance of \$800 million in bonds of the state to finance the Veterans' Land Program and the Veterans' Housing Assistance program."

### PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 1 proposes a constitutional amendment that authorizes political subdivisions to exempt veterans' organizations from ad valorem taxation on their property. The amendment requires that the veterans' organizations be chartered by the United States Congress, be composed of members or former members of the United States Armed Forces, and be organized for patriotic and public service purposes. The amendment provides, further, that political subdivisions may exempt fraternal organizations from ad valorem taxation on their property. The amendment requires that the fraternal organizations be organized to perform and be primarily engaged in charitable or benevolent functions. The Legislature would be authorized to enact laws that prescribe eligibility requirements for fraternal organizations to benefit from the exemption and to pass legislation limiting the types or amount of property owned by a fraternal organization which may be exempted from ad valorem taxation.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize taxing units to exempt from taxation property of certain veterans' and fraternal organizations."

### PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 70 proposes a constitutional amendment to authorize the Legislature to provide, by local or general law, a method by which judges of statutory courts with probate jurisdiction may be assigned to any other statutory court with probate jurisdiction and to any constitutional county court in any county in the state.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for assignment of judges of statutory probate courts to other statutory county courts with probate

jurisdiction and to county courts."

### PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 17 proposes a constitutional amendment that authorizes the Legislature to enact laws which would allow a city or town to expend public funds to relocate or replace sanitation sewer laterals on private property if done in conjunction with the replacement or relocation of sanitation sewer mains serving the property. The amendment requires that the law authorize the city or town to affix a lien on the private property, with the consent of the owner, to cover the costs of the replacement or relocation of the sewer laterals on the property. The lien may not be enforced until five years have expired since the date the lien was affixed. The amendment provides, further, that the law require that the costs of the replacement or relocation of the sewer laterals be assessed against the property with repayment to be amortized over a period not to exceed five years and at an interest rate provided by law.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to permit a city or town to expend public funds and levy assessments for the relocation or replacement of sanitation sewer laterals on private property."

### PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 13 proposes a constitutional amendment that would change the Board of Pardons and Paroles from a constitutional agency to a statutory agency and would eliminate the Governor's power to revoke paroles. The Legislature would be authorized to establish the Board of Pardons and Paroles and to require it to maintain records of its actions and the reasons for its actions. The amendment would empower the Legislature to enact parole laws. Constitutional language specifying the qualifications and terms of office for members of the Board of Pardons and Paroles is eliminated. The constitutional language governing the composition of the Board of Pardons and Paroles and the manner of filling vacancies on the Board is eliminated.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to change the Board of Pardons and Paroles from a constitutional agency to a statutory agency and to give the board power to revoke paroles."

# Lazbuddie Longhorns Lose To Whiteface

The Lazbuddie Longhorns hosted the Whiteface Antelopes last Friday night in Longhorn Stadium and came out on the short end of the 33-6 score.

Lazbuddie's only score came in the second quarter on an eight-yard pass to Robert Tapia from quarterback Ben Williams.

At the end of the first quarter the score was 13-0; the second quarter ended 20-6. The third quarter was a defensive battle, with Lazbuddie getting inside the Whiteface ten-yard stripe more than once, but could not push the ball across the goal line. Whiteface scored twice more in the fourth quarter resulting in the final score of 33-6, in favor of the Antelopes.

Ralph Gonzales was the lead-

ing ground gainer for the Longhorns, rushing for 66 yards in 25 carries. He was named the outstanding offensive player by Coach Rufus Williams.

Coach Williams named Lee Scott and Ray Moran as the outstanding defensive players. "They led in tackles and played well throughout the game," said the coach.

"We made mistakes on defense and the secondary coverage made some mistakes, but we'll be working on these problem areas this week," added Coach Williams.

Tonight (Friday), the Longhorns will face Sundown in Longhorn Stadium at 8 p.m.

"Sundown is tough, they're better than Whiteface," said Coach Williams about the up-

In other action, the Longhorn junior high team played Whiteface Thursday, Sept. 8, winning 16-6. "They did a really good job," said Coach Williams.

The next game for the junior high team was scheduled for Thursday, Sept. 15, at 5 p.m. at Sundown.

## "Punk Day" Pupils

Last Friday was "Punk Day" at Farwell Junior High School, and students in both junior high and high school wore their best "punk" outfits, complete with

striped socks, glittered makeup, and "punk" hairdos. Posing following the pep rally Friday afternoon are, from left, back:

Kelly Anderson, Robbi Fly, Joanna Castner, Lucretia Foster, Chasity Autrey, Dana Haseloff, and front: Kelly Foster.

## Farwell Student Council Plans Upcoming Activities

Farwell High School Student Council met in regular session Monday, Sept. 12, to discuss two important items for the upcoming year.

The first item on the agenda was the Student Council's sponsorship of the mum sales for the homecoming game against Friona on Friday, Sept. 30.

Prices for the mums begin at \$8.50 and go up according to the decorations, said a member of the organization.

Anyone wishing to purchase a mum for the homecoming game is urged to contact a member of the Council.

Members also voted on the two movies to be shown during the year. This year's movies will consist of one horror and

one comedy film to be scheduled at a later date.

While the titles of the films have not been chosen yet, all choices will be made by the Mageta Committee, with the school administration having the final vote.

An admission charge for the films will also be set later.

Attending the meeting were Paul Fulcher, president; Shelley Ford, vice-president; DeAnn Curtis, secretary; and Elva Whitesides, reporter;

Also, members Sheran Smallwood, Berny Mesman, Maria Meeks, Sheila Smith, Carla Copeland, Amy Dotson, Andy Chisom, Kenny Adams, and Melinda McMillan.

# Texico Council Informed State Monies Available

Texico City Councilmen were informed of available money from the state and signed a grant for the fire department at their regular meeting Tuesday, Sept. 13.

John Dickson, representative of District 3 of the State Legislature, informed the council of grant monies available to the city of Texico. He is serving on an interim committee to help small cities with any financial difficulties.

The council approved and Mayor John Hadley signed the EMS grant for the Texico Vol-

unteer Fire Department. He also signed the MSA final pay statements on the water improvement project.

The decision was made to place decals on all city vehicles showing that they are city vehicles.

Those present at the meeting were mayor John R. Hadley, Vane Doshier, Lewis Cooper, and Truman Kittrell, and city employees, Marie Christian, Glenda Thigpen, Mickey Fenn, and Billy Hammit.

## Around The Twin Cities

MONDAY, SEPT. 19  
Texico Women's Club will meet at 7 p.m. MDT in the community center.

TUESDAY, SEPT. 20  
Farwell Booster Club will meet at Luce's at 8 p.m.

THURSDAY, SEPT. 22  
Texico-Farwell Senior Citizens will have a potluck supper and games night beginning at 6 p.m. MDT. in the Center.

A blood pressure check will be conducted in the Texico Senior Citizens building, 6-7 p.m. MDT. Texico Booster Club will meet at 7 p.m. MDT in the high school library.

# USDA Issues Special Provisions For Haying

Secretary of Agriculture John R. Block said the U.S. Department of Agriculture will issue special provisions which will allow producers in severely drought-affected counties to harvest hay and forage from their own conservation use acreage for their own livestock.

Block said these provisions will be in effect immediately for the nearly 1,000 counties already approved for grazing.

"Restricting use of harvested

hay and forage to the individual farmer's own livestock minimizes the adverse economic impact on commercial hay producers," Block said. "At the same time, it will provide some relief to livestock producers

who are taking part in this year's acreage reduction and payment-in-kind programs."

Block said approval for additional counties for special haying and grazing will be on a county-by-county basis.

WITH THE BIBLE

### THE BLESSING OF CRISES

The Apostle Paul, who had been through one desperate crisis after another, wrote the following:

"And we know that all things work together for good to them that love God, to them that are the called according to His purpose" (Rom. 8:28).

How many people have found life going along smoothly for years when, all of a sudden, they have found themselves in the middle of serious crises?

Perhaps the sudden death of a loved one changed life completely and presented serious problems wholly unanticipated. Perhaps it was the sudden loss of wealth, so that life had to be completely readjusted. There are hundreds of unexpected incidents that can suddenly bring one face to face with stark and stern reality.

For believers in the Lord Jesus Christ such crises can prove great spiritual blessings. They tend to draw us closer to our heavenly Father, to cause us to pray

more and lean harder upon Him. They show us the insecurity of all that is temporal and give us a greater appreciation of our eternal security in Christ. They give deeper meaning to the Scriptures we study and even to the hymns we sing. They sanctify and enrich our fellowships.

To those—and only those—who truly love God and are "the called according to His purpose", all things do indeed "work together for good"—or, to render this passage more correctly, they "are wrought together for good"—by God.

This is why God's Word to the Christian is:

"Be careful [full of care] for nothing; but in everything by prayer and supplication, with thanksgiving, let your requests be made known unto God.

"And the peace of God, which passeth all understanding, shall keep your hearts and minds through Christ Jesus" (Phil. 4:6, 7).

**Booth Wins First For Texico 4-H**

Texico 4-H Club was awarded a blue first place ribbon for its booth at the Curry County Fair last week. The booth's theme was "4-H Building On Experience," and used the slogan "Work is the mortar of a good club, but the bricks are good humor and fellowship." Displayed in the booth were the "bricks" of a good club, each labeled with the qualities necessary, including responsibility, respect, and leadership. Smaller bricks were used to show the many areas of the 4-H organization such as leathercraft, nutrition, welding, and agriculture.

**Airman Completes Basic Training**

Airman Bill J. Johnson, son of Brenda K. Grosz of Farwell, and nephew of C.V. Lunsford of Dimmitt, has completed Air Force basic training at Lackland Air Force Base, Texas. During the six weeks at Lackland, the airman studied the Air Force mission, organization and customs and received special training in human relations. In addition, airmen who complete basic training earn credits toward an associate degree in applied science through the Community College of the Air Force. The airman will now begin on-the-job training in the transportation field at Dyess Air Force Base, Texas. He is a 1983 graduate of Dimmitt High School.

**FIRE CALLS**

Texico Volunteer Fire Department received one ambulance call this week to a residence 2 1/2 miles west of Texico where they transported a resident to the Clovis hospital. Farwell and Pleasant Hill Volunteer Fire Departments received no calls this week.
