JACOB L. DEVERS MARK W. CLARK WALTER KRUEGER

CARL SPAATZ J. T. McNARNEY OMAR N. BRADLEY

THOS. T. HANDY B. B. SOMERVELL GEORGE C. KENNEY

The above nine lieutenant generals were nominated by President Roosevelt to be full generals in the U. S. army. They are:  
Jacob L. Devers, commanding general, 6th army group, European theater.  
Mark W. Clark, commanding general, 15th army group in Italy.  
Walter Krueger, commanding general, 6th army, Philippines.  
Carl Spaatz, commanding general, U. S. strategic air force in Europe.  
Joseph T. McNarney, supreme deputy Allied commander, Mediterranean theater.  
Omar N. Bradley, commanding general, 12th army group, Western front in Europe.  
Thomas T. Handy, deputy chief of staff, U. S. army.  
Brehon B. Somervell, commanding general, army service forces.  
George C. Kenney, commanding general, Far East air forces.

## Preference List Set For Passenger Tires

A preferential list of occupations for use in selecting persons to receive passenger car tires has been prepared by the OPA in cooperation with the WMC. This list will be used in channeling the reduced quota of tires to persons whose transportation needs are regarded as most essential to the war effort.

Under the new plan, the number of eligibles is not reduced but classified into four preference groups for the aid of local boards in issuing tire certificates, OPA said.

Establishment of priority groups is necessary because allocations by the rubber bureau of the WPB amounted to only 1,000,000 passenger tires to civilians in the nation for the month of April, OPA said. This is less than 65 percent of the March quota and marks the first time since last May that the monthly quota has fallen below 1,500,000.

OPA added that, in accordance with regular tire eligibility standards, each individual tire applicant must establish his need for a tire even though he is rated in a high preference group.

## All Farwell Faculty Members Re-elected

At a meeting of the Farwell school board on Monday evening, all present members of the faculty were re-elected for another term.

Three of the faculty members were not applicants for re-election, expressing their intentions of other plans for the coming year. In taking action on the members, however, the board included all present teachers.

The matter of salaries for the forthcoming term could not be discussed intelligently due to the fact that pending legislation may change the picture considerably before school opens next September.

## BROTHER DIES

Erwin Ford, 43, brother of Mrs. W. L. Freeman of Texico, was buried at Portales on Wednesday of last week. He had been in ill health for several months and passed away at Hot Springs, N. M., where he had gone for treatment. Ford had been a resident of Portales for the past few years.

## Many Do Not Have Valid Drivers' License

AUSTIN—Approximately 250,000 persons driving motor vehicles in Texas do not have valid operators' licenses, Director Homer Garrison of the Department of Public Safety said today.

This isn't a deliberate, wholesale violation of the law, Garrison observed. It's simply the result of drivers failing to observe the expiration dates of their licenses.

J. B. Draper, chief of the license division reported that sporadic renewals create a difficult labor situation in that division, and urged motorists to check the date stamped on their licenses. Ordinary operators' licenses expire two years from date of issue; chauffeurs' and commercial operators' licenses, one year from date of issue.

Application blanks are available at drivers license and highway patrol offices, courthouses, and some city halls, fire stations, and service stations.

## New Bus Contract Is Sought For Texico

Supt. B. A. Rogers, of the Texico school, announced today that the school is seeking a new bus contract, with all bids to be on hand by 10 a. m., Texas time, on April 15th.

"Due to the fact that Lester Norton, who has handled our buses for years, is anxious to be relieved from the work, we are in need of a new contract, which will be drawn up for a three-year period," Rogers reported.

The contract would specify that the bidder "own and operate" three buses for transportation of Texico school children, the superintendent added. The current buses, Rogers went on, are owned by Norton, and it is not required that the contract bidder purchase the vehicles. "In fact," he said, "we are hopeful of getting an operator who can furnish new buses, or at least three that are in good repair, as those now on hand have about reached their limit of use."

If the bidder can furnish one new bus, or two others that are in acceptable condition, Rogers stressed, "we will be glad to consider his bid. The thing is," he added ruefully, "we are practically at the 'have-to' stage of securing a change in buses."

## MEETS ITS QUOTA

Myron G. Blaylock, Democratic national committeeman for Texas, has advised The Tribune that Parmer county has subscribed its quota for the Democratic party fund in Texas for this year in the amount of \$50.00. H. Y. Overstreet, of this city, was in charge of the solicitations in this county.

## Write-in Elections for County School Boards

Of the eight school districts in Parmer County, five of them will elect their board of trustees by the write-in method in the forthcoming elections to be held on Saturday, April 7th.

This was disclosed here today when County Judge Lee Thompson revealed that only three districts in the county had filed a ticket with him for the coming election. Farwell, Bovina and Friona will have regular printed ballots, with the names appearing on the tickets to be used in these districts.

Furthermore, Judge Thompson stated no names had been filed with his office to fill vacancies on the county board of education, and three new members to be chosen for these posts will also have to be made through the write-in method.

In the Farwell district, H. Y. Overstreet and Frank Phillips have been nominated to succeed themselves in Saturday's voting.

## Bovina Chooses Two

The voters of the Bovina district will have four men to choose from in filling the two vacancies. Names appearing on the Bovina ballot will be I. W. Quickel, R. S. Johnston, E. V. Isham and Frank P. Wilson.

In the Friona district, the voters will also have a list of four candidates as against two vacancies, with the names of D. O. Robason, Chas. Mercer, George Brock and Claude Osborne appearing on the ballots.

With vacancies occurring on the county board in three of the county's four precincts, no nominations have been filed for appearance on the ballots. The terms of J. I. Gober in precinct 3, H. L. Hoffman in precinct 2, and Floyd Reeve in precinct 1, all expire this year, leaving Matt Jesko in precinct 4, and J. D. Hamlin, as trustee at large, the only hold-over members of the county board.

Judge Thompson said that local and county school board members elected by the write-in method would be entirely legal.

Except in the Farwell district, all elections will be held in the school houses. The Farwell voters will cast their ballots at the county courthouse.

## Eight Registrants Go For Inductions

Eight Parmer county registrants left here Monday for Oklahoma City, where they were scheduled to be assigned to service in the armed forces. Those making up the group were Lewis Drew Chitwood, Harry Jay Charles, Gilbert Albert Kaltwasser, Charles Clyde Weis, Artis Lee Fallwell, George Daniel Magness, Devon Dewey Foyd and Jack Stanley Bruns.

Also leaving here on Monday were a group of selectees who were being forwarded to Oklahoma City for preinduction physical examinations.

## Former Texico Boy Killed On Iwo Jima

Word has been received here of the death of Roy Lee (Junior) Robison, a member of the Marine Corps, who is said to have been listed among the casualties suffered by our forces on the first day of the invasion of Iwo Jima, on Feb. 22.

He was a brother of Mrs. Millard Ingram, who formerly lived in the Fairfield community, and attended school in Texico in 1935.

## OLD LANDMARK GOES

One of the oldest landmarks in Texico is no more. The building occupied for many years by the Coltharp market, just west of the Main street railroad crossing, has been sold to Muleshoe interests and moved away.

Tearing away of the old structure was completed the latter part of last week, and the material hauled out. Long-time residents claim that it had stood on the location for "about 40 years".

## Implement Dealer Is Real Fisherman

To Ralph Humble, local implement dealer, goes honors for the best fishing story of the year so far.

Humble, in company with other local fishermen, took advantage of the beautiful Easter Sunday and went to Buffalo Lake, 70 miles east of here.

Says he: "I baited my hook, lay down and went to sleep. Got up and ate dinner, looked at my line, threw it out again. Went back to sleep and when we got ready to go home I still had the same bait I'd started with in the forenoon."

## Winter Plays Return Engagement on Plains

Old Man Winter played a return engagement and cracked his frosty whip over this area of the High Plains early this week to bring discouragement to victory gardeners and orchardists.

The mercury dropped to a reading of 27 above zero early Tuesday morning. Throughout the day, the weatherman might well have asked, "What'll ya have?" as he dished out flurries of snow and freezing mist, as further evidence that the much-hoped-for warm spring weather was yet in the future.

The cold continued through Tuesday night, leaving a heavy coat of frost over the landscape early Wednesday morning. There is little hope that any of the fruit will survive the hard freeze, and tender victory garden vegetables will have to be replanted, it is certain.

## Road Improvement Contracts Awarded

The State Highway Commission, meeting in Austin last Wednesday, ordered a number of highway improvements, including two projects in this area—one in Parmer County and one in Bailey county.

The Public Construction Company of Denton, was the successful bidder on the Parmer and Bailey contracts, which call for the asphalt concrete treatment of 25.2 miles in Parmer and the same kind of work on 28.7 in Bailey county. The Parmer county job was bid in at \$79,280.60, while the Bailey county work will draw \$95,342.70.

No information is available here as to when the work will get underway, but it is generally presumed that it will be completed during the summer months.

## TO INSTALL NEW SCALE

Preparations are well underway for the installation of a new platform scale at the Henderson Grain & Seed company in Farwell. The excavation has been completed and C. M. Henderson, firm manager, said today that the installation would likely be completed within the next week or two.

The new scale, already purchased and on the ground, is a Fairbanks type registering-beam, and will be equipped with a 45-foot platform.

The office building will be moved slightly to the west, with the pit under the present scale serving as a basement for the office.

## FREIGHT WRECK AT FRIONA

Two freight trains engaged in a rather serious wreck at Friona, on Thursday afternoon of last week. It is understood that one train was pulling onto the main line when another, headed east on the main line, crashed into the side of the first train.

The impact came in a section of loaded cattle cars, and a number of cattle were killed and crippled to such an extent that they had to be killed. The tracks were cleared and traffic resumed a few hours later.

Reminding that the current drive for collection of good used clothing is now officially underway, members of the Texico-Farwell Woman's Club, sponsors of the local campaign, this week urged all residents to begin immediately to check through closets and storage trunks to segregate the apparel which may be donated for overseas shipment.

"We are not asking for garments that you will actually use," one club member stressed, "But we are very anxious to gather all clothing which you may have 'hung back' for future consideration—and will probably never use at all."

Members of the Lazbuddy Woman's Club are handling the drive in that part of the county, it was learned here the last of the week, and are planning to bring in a good selection of used garments from that area.

Mrs. Foister Rector, of Friona, reported to The Tribune on Tuesday afternoon that the American Legion and Auxiliary is cooperating in the clothing drive, and will handle the contributions on the far side of the county.

The national drive is scheduled to last through the entire month of April, but local sponsors are urging that garments be turned in at once. "Don't wait until the last day to make your own salvage drive," they asked today. "Check up now and turn your contributions in at either the Texico or Farwell schools (on Monday through Friday), or bring them to the Magness Implement Company in Farwell any day except Sunday."

There is a particular need for infants' and small children's garments, it was emphasized, but all good used clothing will be gladly accepted. Shoes, too, come on the request list, provided they are wearable, mated and tied in pairs. No novelty shoes will be accepted.

Cotton garments should be washed, but need not be ironed, and all donations should be tied securely in bundles or packed in boxes when they are turned in at collection points.

## New Ceiling Prices For Tire Boots, Patches

Prices for tire boots, patches and reliners made from scrap materials will be substantially reduced by new ceiling prices which went into effect this week, J. B. Mooney, district price executive for the OPA has announced.

For reliners, the new retail ceilings are \$2.50 each for all uncemented ones for passenger car tires, and \$2.75 each for cemented ones. Maximum charges permitted for inserting a passenger car tire reliner are 50c without cementing, \$1 for cementing a cemented reliner, and \$1.25 for cementing an uncemented reliner.

Truck tire reliners have retail ceiling prices ranging from \$3.00 to \$12.90 each, depending on size and ply. Maximum charges permitted for inserting a truck tire reliner range from 50c to \$2.60.

Retail ceilings for boots and patches range from 7c to \$3.75 each, depending on size and ply. Maximum charges for cementing a patch or boot are 15c for smaller sizes and 35c for larger.

## Dairy Program Show At Texico, Thursday

Supt. B. A. Rogers announced on Tuesday that a special movie and program stressing the importance of the eight-point dairy improvement program would be presented in the school auditorium on Thursday evening, April 5, beginning at 9:15, Texas time.

Mr. French, of Portales, is in charge of the program, Rogers added. The widely-advocated "eight-point" program has been drawing much interest from dairymen, and Rogers urged that all herd owners near Texico and Farwell make plans to attend.

## DRAFT BOARD TO MEET

The Parmer County Selective Service board has been called to meet on Saturday of this week, it was announced today by Mrs. Bessie Lee Henneman, clerk.

It appears likely that registrants now carried in deferred classifications will have to be moved into class 1-A to fill expected calls. Just what group will be invaded next will be determined on Saturday.

## NEW CLOSING HOURS

The Fox Drug Store in Farwell and the Red Cross Pharmacy in Texico, today announced new closing hours for Sundays to become effective next Sunday. Both stores will close at 11 a. m. and remain closed until "between 2:30 and 3:00 o'clock" in the afternoon.

Emergency calls will be answered at any hour, it was announced.

## BOARD TO MEET

The Texico school board of education will be in regular session on Thursday evening of this week, officials announced today. Of principal interest at the meeting will be the consideration of the school budget for the 1945-46 term.

## ON THE BOOK SHELF

I have just read the cutest book, and the thing that makes it so cute is that it is all true. The book, "Papa Was A Preacher", by Alleyne Porter, is a story of the life of a Methodist preacher and his wife and eight children. If you have the idea that preachers' kids are any different from anyone else, read the book and you will know it was a misconception! As the girls came to the age of wanting dates, they would keep a rendezvous with their Romeo in their tree-house, built by the Porter boys, and the rest of the kids would establish look-outs for blocks around to signal by a whistle when Papa came home. Dates were strictly forbidden by Papa till the daughters were able to take care of themselves. With seven brothers and sisters, everything that went wrong was quickly made right again, or some one knew the reason why! For some very good entertainment, read "Papa Was A Preacher".

## SIX WEEKS EXAMS

This is THE week again oh gee! How these sixth weeks do roll around in a hurry! I just KNOW there are twice as many 6th weeks as all the 2nds, 3rds, and 4ths put together. Sez I to myself, sez I, since we Seniors have only five more weeks of school, it might be wise, seeing as how I would like to graduate with the rest of the fellows, to study just a teeny bit . . . just enough to get by, of course. I'll work and study and when test time comes I can tell teacher that Columbus was the guy who found the Fountain of Youth; Texas is the smallest state in the Union; Betsy Ross is Sir James Clark Ross' wife; Sam Houston is the Father of Texas and Edison was the first guy to fly a kite. Little boys fly kites cause they are way up in the air. The air

is made up of so much of this and so much of that. THIS and THAT are possessive adjectives. To be possessive you must own something to possess. To own something means to have something, and if you have any brains at all, for goodness sake USE them and make a better grade than I did!

## GUESS WHO? ? ? ?

Ya know, we really have some good looking senior boys this year, or have you already noticed! For example, take this handsome guy, who has black hair brown eyes, stands 5 ft. 11 inches, weighs 152 pounds, was born in Farwell in 1927, and has attended all 11 years of school here.

Some of his favorites are: food, steak; subject, typing; movie, "White Cliffs of Dover"; actress, Alice Faye; song, "Accentuate the Positive".

Who is he?

There is a girl in the Senior class 130 pounds, was born in Farwell in is she? She has brown hair, brown eyes, stands 5 ft. 7 inches, weighs 130 pouds, was born in Farwell in 1926.

Some of her favorites include: food, steak; subject, English; movie "Kings Row"; actor, Robert Cummings; book, "The Harvester"; song, "Amour"; hobby, collecting pictures of movie stars.

Last month's "Guess Who's" were Frankie Tipton and Ronald London.

## CHICKEN POX IN SCHOOL

The second and third grades are glad to note the return of Kenneth Moore, Robert Walker, Edward Roland, Ysleta Brown, Ann Whitley, Wiley Hurst and Gene Hardage after their bouts of chicken pox.

Mariella Doose, Jerry Utsman, Max Magness, Nancy Johnson, Phillip Cassidy and Jimmy Wagnon have been out with throat trouble.

Clarence Kube is back from a visit with his grandmother, near San Antonio.

Earl Magness of Roswell visited his family on Easter.

Murt Sullivan, Jimmy Wagnon's big brother, visited the tomb of the

Unknown Soldier recently.

Wiley Hurst, who is moving to Pampa, checked out Friday.

An Easter program was given Friday afternoon by the second and third grades. Afterward an Easter egg hunt was enjoyed, and cold pop was served.

Ann Whitley brought a lovely pink geranium for the room.

A very exciting ball game took place Friday evening between the second and third grades and the fourth grade. The score was 6-6.

The class spent its carnival money on a white bookcase, which adds to the attractiveness of the room.

## SENIOR NEWS

Boy, we've done it again! What? Why, gone and had our pictures made. Not that this doesn't happen every year, but we were anxious to see how they turned out. And they weren't so bad, but anyhow, we're glad they are made.

The Seniors are all in a huddle trying to decide what to do the last of school. We want lots of parties. We're going to have a senior week and want that packed solid with things to do. So look out, everybody, the Seniors are going to be doing things, and how!

## "AS THE DUST BLOWS . . ."

What relations are there between Glen and La Moin? Elbert wants to know!

Where DID you get that beautiful sunburn, Norma Lee?

It looks like Duane Curtis is quite a ladies' man these days—just a case of spring fever, no doubt!

Boy, do these eighth grade and freshmen girls have a crush on the boys! Just ask Alta Martin or Mildred Nettles!

You can say boys are not vain if you want to, but it took Ervin Schwede twice as long to comb his hair for his senior picture as it did ALL the girls!

What a guy wouldn't give for a gal like Mary Ruth Petree! A neat little figure, cute clothes and personality—plus—what more could you ask?

We have just decided what was wrong with Mrs. Carter's eye a few weeks ago. It couldn't have been "pink" from winking at a new neighbor so much! Or do you have a new neighbor, Mrs. C.?

Ray is getting bolder. What Senior girl did he ask for a date after the banquet?

Is E. D. Harvey really mischievous or is it that look in his eyes that fools us?

Say, Warlick, that yellow sport

would probably like to echo Junior's words. They're the patriotic motorists who want to take the best possible care of their cars . . . who want to be sure to get a fine quality motor oil. They say, "We know we should use a quality oil. But how can we tell which oil is fine quality?"

If you also wonder how to pick a quality lubricant . . . Phillips comes to the rescue. Giving you one easy way to make certain of getting quality motor oil.

Just read this simple, frank statement:

Phillips offers many oils because preferences and pocketbooks vary. But if you want our best oil, we tell you that Phillips 66 Motor Oil is our finest quality . . . the highest grade and greatest value . . . among all the lubricants Phillips offers to car-owners like yourself.

Warmer weather is on the way. So when you change from winter-worn oil . . . get quality by asking for Phillips 66 Motor Oil.

Manpower Shortage. If you don't believe there is a manpower shortage, ask one of the four girls who went to the show with Max Sunday afternoon, or the three girls who went to Clovis with T. A.

T. A. really has a good looking cousin. At any rate, Bertha thinks so. Bertha, did you ever think about that guy not being T. A.'s cousin, but a very old friend of one of your classmates?

Did you know that Dorothy Evans writes to a good looking sailor? He is really tops, eh, Dorothy?

We have heard that Billy James has a gal in Clovis. How 'bout that?

I wonder if a certain ex-senior would know why Wynelle was so dead for sleep last Tuesday?

Why did Quickel ask us to wait until next month to put her in scandal?

Just who is the "Blue Jacket" that Miss Thomas is always hoping to get a letter from? She and Bert G. have something in common. What? Why sailors, of course!

Chester had a terrible accident. I still don't believe his story about getting his glasses broken!

What happened to Mr. Carter just before geometry class a few days ago? Lucky for him he had two suits of clothes, no?

## JUNIOR-SENIOR BANQUET

We offer our most sincere apologies to the public for having our Junior-Senior banquet on Good Friday. The date was set so far in advance that no one realized it fell during Holy Week.

Three students have withdrawn. It seems our junior class is slowly but surely dwindling away. Mary Hicks, Imogene Freeman and Jack Barber withdrew. However, Jack has recently returned.

## HOT BALL GAMES

Two weeks ago the sixth and seventh boys and girls played the 8th graders in basketball. The 6th-7th boys got beat, 21-28, while the girls also lost, 14-19.

We had a swell Easter party Friday . . . with plenty of out-door games. No Easter egg hunt for us, tho, we are too big for that!

Since basketball season is over, the students are enjoying baseball.

One day Mr. Carter was conducting 7th grade history class and we got a bit off the lesson. Mr. Carter said, "Last week a new bill was introduced into Congress which is guaranteed to stop all head-on collisions. All cars going West will travel on Mondays, Wednesdays and Fridays. Cars going East will travel on Tuesdays, Thursdays, and Saturdays. No one travels on Sunday." All was quiet for a minute, then someone said, "What about cars going north and south?" "There has

been no North and South since the Civil War!" was the reply.

## YUM-YUM!

The 3rd and 1st year girls in homemaking surely have been making everyone around Farwell Hi hungry—The third-year girls with every kind of pastry, and the first with a breakfast, including everything from fruit to cocoa. A home nursing course has been offered to the second-year girls, and has proved very interesting.

## EASTER EGG HUNT

The first grade children went on an Easter egg hunt, Friday afternoon, at the park.

Bennie Cole, Dan Richards, James Craven, Eddie Bryan Smith, Charles Bryant, Betty Ann Harrison and Ann Walker have been on the sick list recently but are back in school.

We are sorry to have lost Carl Garcia, who moved to California.

Honor roll pupils this month are: Eddie Bryan Smith, Betty Ann Harrison, Karolene Towns and Gloria Dial.

## DATES, DATES, DATES . . .

Just in case some of the girls would like to know what some of the boys think about dates and girls, here are a few replies gathered by your roving reporter.

Samuel, "Expensive, but exciting."

Duane, "Phooey!"

Bob, "Boing!"

Billy, "Hum."

Russell, "What dates?"

Elbert, "I don't know!"

Don Williams, "The girls are too boy crazy!"

Max Ford, "I'm too bashful to know."

Junior Robertson, "Just a lot of bull!"

Glenn, "Some of them are all right."

## THE PROM

The Junior-Senior prom was held in the English room, with the ban-

quet theme of stars and our school colors, blue and white, carried out to perfection. The room was draped with blue and white streamers, blue and gold stars were extended from the streamers, and so-in-kled over the walls.

The seniors wish to express their appreciation to the juniors for their willingness to show us such a wonderful time. We also wish to thank Mr. and Mrs. Earl Booth and Mr. and Mrs. Aubrey Sprawls for attending the prom as chaperones.

## QUALITY SOUGHT IN FROZEN FOODS

COLLEGE STATION—Amounts of food frozen by Texas home-makers has been multiplied several times in the last decade, and it's important that the progress in quality keep step with the enormous increase in quantity, says Mrs. Winifred J. Leverenz, specialist in food preservation for the A. and M. College Extension Service.

Using high quality fresh foods is the first step, she says, but wrapping, preparation methods, quick freezing, and storage temperatures, all are factors in obtaining A-1 products. All foods to be frozen should be stored in moisture and vapor-proof paper or packages, and experts consider a cellulose film best for this purpose.

For meats and poultry, Mrs. Leverenz says two wraps are recommended, with string or gum tape used to hold the wraps secure. The "drugstore" wrap for meats is considered better than the "butcher" wrap because it takes less paper and is more nearly air-tight.

Vegetables must have a heat treat-

ment before packaging and freezing in order to stop chemical changes which impair color, flavor, texture, and food value. Fruits do not have to be treated, but should be packed in sugar syrup of dry sugar for freezing.

Temperatures in home freezers or freezer lockers should be kept at zero degrees Fahrenheit or below and should not vary more than 3 degrees for best quality, Mrs. Leverenz says, quoting a report on food preservation issued by the Texas State Nutrition Committee. Food kept at low temperature will keep longer and retain its maximum quality.

Homemakers unfamiliar with recommended techniques can obtain bulletins on freezing of food from their county demonstration agents.

## NO CHANGE ON SOCIAL SECURITY DEDUCTIONS

The Amarillo office of the Social Security division reports that the tax rate on social security will remain the same in 1945 as it was last year, namely, 1 percent on payrolls of employers and 1 percent on wages paid to employees, which must be deducted by the employer and reported to the Collector of Internal Revenue.

W. A. Thomas, district collector, says, "Offices of the Social Security board located in different cities in my district have received numerous inquiries regarding the proposed increase which was originally scheduled to be doubled. Official notice will be mailed out to all employers in due time announcing the 'freezing' of the old-age and survivors insurance tax for 1945. In the meantime, employers have no cause to worry about an increase. Reports will continue to be made as usual and in the same manner. Wage reports for the first calendar quarter of 1945 are due not later than April 30."

It was emphasized by Thomas collection of taxes under the Social Security Act is the responsibility of the Bureau of Internal Revenue and not the Social Security Board. All reports should be mailed to the office of the collector in Dallas or Amarillo.

## Announcement Party Is Given On Sunday

Announcement of the approaching marriage of Miss Dottie Dell Quickel to Elman Stark was made on Sunday, April 1, when Mrs. I. W. Quickel and Miss Berthamie Thomas entertained with a 2 o'clock luncheon in the home of the former, near Bovina.

The Easter motif was used in decorating the table, featuring a clever centerpiece of colored Easter eggs with a small blue bunny. Individual cakes, iced in blue bore the inscription, "Dottie and Elman, May 27th."

Receiving the guests, Mrs. Quickel wore a dress of soft green, with a corsage of pink carnations, and Miss Thomas was dressed in black with a red carnation corsage. Mrs. Lewis Pesch, mother of the groom-to-be, wore navy blue with white carnations, and the bride-to-be was dressed in soft blue with spice carnations as her corsage.

Miss Quickel, the daughter of Mr. and Mrs. I. W. Quickel of Bovina, is a member of the Farwell school faculty. Mr. Stark is the son of Mr. and Mrs. Lewis Pesch of Bovina, and is employed in Dallas, where the two will make their home.

Guests at the affair were Miss Ella Fleck, of Amarillo; Miss Bonnie Ruth Fleck of Gruver; Miss Eula Hopingardner of Clovis, and Mrs. Robert Blalock and Mrs. George Roberts, both of Bovina.

## Wesley Class Meets Tuesday Afternoon

Mrs. E. G. Blair and Mrs. W. W. Engram were co-hostesses Tuesday afternoon in the Blair home, to the regular meeting of the Wesley Bible class of the Methodist Church.

Mrs. Ralph Humble was in charge of the afternoon devotion.

The hostesses served cake and hot chocolate to Mes. R. B. Ezell, B. E. Nobles, Anne Overstreet, O. B. Pipkin, Ralph Humble, G. W. Atchley, Lewis Pierce, S. C. Hunter, B. N. Graham, and Miss Twila Mae Strickland, a guest.

## Wright Returns Home

Rev. W. C. Wright, pastor of the local Baptist Church, returned on Monday night from Addison, Texas, a suburb of Dallas, where he had been engaged in a revival effort for several days. He reports much rain in the Dallas area. Rev. Wright will be in the pulpit at the local church Sunday morning.

## School of Missions Will Open At Church, 8th

Featuring special guest speakers, a five-day school of missions will open at the Baptist Church Sunday evening, April 8, Rev. W. C. Wright, the pastor, announced today.

Miss Pearl Todd, a pioneer Baptist missionary to China, who was interned by the Japanese and has only recently returned to the States, will open the special study period on Sunday evening, when she will speak at the regular church hour, at 8:45, Texas time, the pastor said.

On Monday evening, Rev. Emmett Rubio, Spanish missionary, of Clovis, has been invited to speak, and on Tuesday night Miss Bernice Elliott, state young people's director of the Baptist churches, will be the guest speaker. Miss Ellis, Spanish missionary for New Mexico, is scheduled to appear on Wednesday evening, and at the concluding service the visitor will be Miss Eva Inlow, state W.M.U. president.

Each evening preceding the special talks, study courses will be held for groups of the various departments of the church, including the story hour, junior, intermediate, young people and adult groups.

Rev. Wright urged today that all members of the church lay plans now to attend these special services, which will be held at 8:45 each evening.

## Bridge Social Held In Rose Home

Mrs. Claude Rose entertained the past Wednesday evening with four tables of bridge in her home.

Guests included Mr. and Mrs. H. Arnold, Mr. and Mrs. Lee McElroy, Mr. and Mrs. Ellis M. Mills, Mr. and Mrs. D. K. Roberts, Mr. and Mrs. Lee Kline and Mrs. Bess Henneman. Prizes went to Mrs. Roberts and Mrs. Mills, and to Mr. Roberts and Mr. Arnold.

## Martinez-Gallegas

## Banquet Friday Night

The annual junior-senior banquet of the Texico school will be held on Friday evening of this week, April 6th at the school building, sponsors announced today.

## Classes Have Banquet On Friday Evening

In a candlelit setting of blue and gold, Farwell juniors and seniors, with their invited guests, enjoyed their annual interclass banquet, in the homemaking rooms of the local school the past Friday evening. Forty-six persons were seated at the banquet table.

Emphasizing the color scheme, one end of the room was hung with a solid sheet of blue crepe paper on which gold stars formed "1945". Place cards were in blue, while platefavors were small blue-backed books inscribed with "Memories". Nut cups further carried out the decoration idea, and tall blue and gold tapers were used in star candleholders. The floral pieces were purple Spanish iris and yellow jonquils.

Donald Ray Summers served as toastmaster, first presenting Wynelle Brown, who tendered the welcome to the seniors, with the response given by Bill Martin.

A toast to the school was given by Tommie Randol, while Jeatonne Morris offered the toast to the faculty. Miss Dottie Dell Quickel sang "Stardust", as a prelude to the main address by Supt. J. T. Carter, "Hitch Your Wagon to a Star". Piano selections were given at the close of the banquet by Tommie Randol.

Special guests of the evening were Mr. and Mrs. Aubrey Sprawls, Mr. and Mrs. Earl Booth, and Mr. and Mrs. C. J. Doose.

Following the banquet, the classes enjoyed their annual prom in the Senior room of the school, which was beautifully decorated with blue and white and accented with gold stars.

## Baptist Brotherhood Group to Meet Here

The regular quarterly meeting of the Plains Baptist Brotherhood Association will be held Thursday evening of this week, April 5, in the local church, Rev. W. C. Wright announced today.

Special guests of the evening will be wives of the laymen, and a dinner will be spread, with the local group as hosts, to open the evening. Business and conference reports will be made during the evening, and it is expected that some 200 persons from the 20 churches in the association will attend.

The evening's activities will begin at 9 o'clock, Texas time, the pastor said.

## Guests of Glasscocks

Mrs. W. H. Koons, of Mountain Grove, Missouri, Mrs. Mary Chisman and Mrs. Myra Woods, of Augusta, Kansas, are here visiting in the home of Mr. and Mrs. Mose Glasscock, to be with James Bruce, who recently returned from duty in the Pacific with the fleet. Other recent visitors in the Glasscock home were Mrs. Dorothy Houston and Mrs. Alma Mattice, both of Monterrey Park, California.

## SCAVENGER HUNT HELD BY YOUNG PEOPLE

Warlick Thomas and W. H. Graham, Jr., entertained a number of friends with a scavenger hunt, Friday evening of last week, after which the young people gathered at the Graham home for refreshments.

Enjoying the affair were Jean and Peggy Rogers, Marcia Anne Johnson, Norma Lee Sanders, Rosamond Booth, A. C. Henneman, Don Ford, Jackie Holland, and the hosts.

Carl Davis was a business visitor in Amarillo, Monday.

# The Time To Plan Is NOW!

The time to plant cotton is approaching fast, but the time to plant your cotton program is NOW, and when you make these plans remember that cotton offers you more for your money, more food, more feed, more all round value per acre than any of the five major crops which occupy 80 percent of all cultivated land in the United States. Cotton is your crop. Plant—and produce more than ever in 1945.

War Food Administrator Marvin Jones says that another record output of food and fiber crops is urgently needed regardless of war developments.

**More Infants' Shoes  
Go Under Rationing**

Shoe rationing will be extended May 1 to include the entire size range of infants' leather shoes—an action taken to help build up critically needed supplies of infant's leather shoes in the larger sizes already rationed. District OPA shoe rationing officer Oscar J. Walker has announced.

At present, rationing covers infants' leather shoes in sizes 4 1/2 to 8, the size range most babies need when they begin to walk. There is an acute shortage of these sizes in many sections of the country. The new provision will put the smaller sizes, 0 to 4, which are relatively plentiful and are worn chiefly by babes in arms, on the rationed list beginning May 1.

Largely because sizes 0 to 4 have not been rationed, demand for them has soared out of proportion to actual needs. The result has been that these shoes have absorbed too much of the manpower and production facilities and too much of the scarce types of leather suitable for making the much more urgently needed toddlers' shoes, Walker explained and added that inclusion of smaller size leather shoes on the rationed list was suggested by the industry itself.

It was emphasized that only infants' shoes using leather will be affected by the new provision and it is believed that non-leather types of shoes should be adequate to take care of footwear needs of infants not yet at the walking stage.

**Subjects Announced  
For Revival Services**

Rev. Fred Stumpp, pastor of the First Baptist Church, Bovina, today announced the sermon subjects to be discussed during the first week of the revival, beginning in Bovina on Sunday, April 8.

The subjects on Sunday will be, for the morning hour, "God's Everlasting Remedy"; and for the evening, "Dry Bones". On Monday the pastor will speak on "God's Program in Revival"; on Tuesday, "Paying the Price"; Wednesday, "Dallying with Destiny"; Thursday, "Responsibility for Others"; Friday, "Finding One's Brother"; Saturday, "Sin of a Prayerless Life"; and on Sunday morning, "An Emergency Call".

This series of special services will begin at the Bovina Baptist Church on Sunday morning and continue through April 22nd. Services will be held each evening, Monday through Saturday, at 8:45. A prayer program has been adopted, the pastor said, with two people praying and reading the Bible from the Gospel of John every 30 minutes in one continuous change of prayer from 6:00 a. m. until 12 midnight.

Mrs. Vernon Ward will be in charge of the music, directing the choir and congregational singing, and Rev. Stumpp will serve as the evangelist.

A cordial invitation is extended to all members and friends of the church to any or all of the services.

Mrs. M. H. Poteet closed her cafe in Farwell this week, due to her inability to secure help. It is understood there is a prospect that the business may reopen at an early date under new management.

**OFFICE HOURS**

Odis Huggins, local representative of the Southwestern Public Service Company, today announced office hours for the newly-opened office in the Wallace building on Main street in Farwell. He said the office would be open from 9 a. m. to 3 p. m. (except during the noon hour) from the first to the tenth of each month.

On Thursdays, office hours will be maintained only between the hours of 9 a. m. and 1 p. m.

**To Protect You**

There have been times when our clients have said: "Do whatever you think is necessary and right—we can't decide." We have accepted that responsibility and trust whenever requested—made decisions and counted costs.

Always we prefer the family to decide and to have its decisions placed in writing. This is for your protection.

Many of our services are not charged for. Those for which we must charge are clearly shown, so that the contract gives the family complete control of the service and the total expenses. There are no "forgotten" extras that add to the final cost.
