

## Well, Well, Now What Can It Be?

Three cute puppies caught by the camera's lens in a quizzical pose as they make a close study of the frog in the stream beneath them. The picture is the work of D. Pearl Hall and is on exhibition at the museum of modern art in New York, with others comprising the "folk art of the camera."

## Trustees Named for State Line District

The future of the State Line school district, located north from here, now rests in the hands of a complete newly-appointed board of trustees, named at a meeting of the County Board of Education, held in Farwell last Saturday.

Chosen to take over the operation of the school district were Joe Bell, Clarence Jones, Buck Ellison, Walter Wagon, Elmer Langford, Frank P. Wilson and Jack Parker. This group met Monday evening in the Buck Ellison home with County Judge Lee Thompson and began laying plans for the future operation of the district.

In a special election held some three months ago, the voters of the State Line district decided to withdraw from a consolidation with the Pleasant Hill district in New Mexico. As a result of that election, children in the Texas district are now being transferred to three different schools—Farwell, Pleasant Hill and Bovina.

### May Work out Consolidation

Judge Thompson said that it seemed to be the idea of the new school trustees of the State Line district to try to work out another consolidation move with Farwell and Bovina. Such a move would require another special election, he explained.

"The board is working on a plan that will be satisfactory to all patrons," Judge Thompson said, "with those desiring to consolidate with Bovina and those wishing to merge with Farwell being affected."

School patrons living along the south end of the State Line district prefer sending their children to Farwell because of the distance involved and those living on the north end prefer Bovina for the same reason. Judge Thompson gave it as his opinion that dividing a district for consolidation purposes would be legal.

The newly appointed board perfected its organization Monday night with Ellison being chosen as president and Langford selected as secretary. Thirty-one children of school age reside in the State Line district, according to the 1943 census.

## Easter Revival Begins April 9 For Baptists

A series of evangelistic services will begin on Easter morning, April 9, continuing through the following Sunday, April 16, Rev. W. C. Wright, pastor, announced today.

Rev. R. L. Jenkins, pastor of the Friona Baptist Church, will be the speaker for the special services. The local pastor will direct the singing, and services will be held twice daily, at 11 a. m. and 8:45 p. m. A cordial invitation is extended to the public.

Mrs. Raymond Ross and daughter, Ray Ann were here from Morton over the weekend to visit in the home of Mr. and Mrs. B. N. Graham.

### BROTHER DIES IN DALLAS

Mrs. J. W. Magness returned home Monday night from Dallas, where she was called by the illness and death of her brother, R. E. Davis, 76, at his home in that city.

Burial was made in Restland Memorial, Dallas, Monday.

A native of Texas, Mr. Davis was born near Waco. He was a veteran of the Spanish-American War. At the time of his death he was a retired contractor. He located in Dallas in 1919 and participated in the construction of a number of railroads and highways in many sections of the Southwest. He was a member of the Waco Masonic Lodge, the Dallas Consistory, Scottish Rite and Hella Shrine.

## Farm Classifications Not Under New Order

Registrants now classified 2-C and 3-C are not affected by the new orders of Selective Service officials concerning men under 25 years of age, it was announced here today by officials of the local draft board.

Under new regulations, no registrant now in class 2-A or 2-B, who is under 26 years of age, can be continued in those classifications without the approval of the State Director of Selective Service, who certifies that the registrant is occupying a critical key position and cannot be immediately replaced.

No such order with reference to farm classifications has been issued from national headquarters of Selective Service, and men now in class 2-C and 3-C should not be alarmed, local officials said.

"It seems reasonably certain that any man on the farm with plenty of war units will not be disturbed," one board member said, but added, "We never know; we can only be guided by the regulations as they are issued."

## Holy Week Services At Methodist Church

Special Holy Week services preceding the celebration of Easter will be held at the Methodist Church, April 3 through April 7, Rev. Paul H. Tripp, pastor, announces today.

The following topics have been announced by the speaker: Monday evening, "The Conscience of Judas"; Tuesday evening, "The Conscience of Peter"; Wednesday evening, "The Conscience of Pilate"; Thursday evening, "The Conscience of Christ"; and Friday evening, "The Conscience of the Dying Thief".

A special Good Friday communion service will be held from 12 noon to 3 o'clock on April 7, sponsored by the Methodist youth.

Evening services will begin at 8:30, and a cordial welcome is extended to the public to join in the special worship.

## Red Cross War Fund Still Mounting

## School Board Tickets Named for Elections

With six of the school districts of the county naming tickets for the forthcoming trustee elections, and three districts planning to hold write-in elections, the stage seemed to be pretty well set for the naming of new school board members on Saturday, April 1st.

In addition to the local school board members to be chosen, two vacancies on the county board of education are to be filled in Saturday's voting. The terms of Judge J. D. Hamlin, as county trustee at large, and Matt Jesko, of commissioner's precinct No. 4, expire this year.

County Judge Lee Thompson, who is also ex-officio county superintendent of schools, today released the names of the candidates who will appear on the ballots in six of the school districts of the county.

At the same time, he explained that the Lazbuddy, Black and Midway districts would conduct write-in elections to fill vacancies occurring in the districts. At Lazbuddy, two are to be elected to succeed Robert Kimbrough and Gene Seaton. Midway will also choose two new trustees to succeed W. S. Menefee and Harry Jesko. In the Black district, the term of T. J. Presley expires this year.

### Nominees Given

Following is the list of nominees that have been filed with the county judge and whose names will appear on the ballots:

Rhea—C. V. Potts, one to be elected.

Friona—T. J. Crawford, H. T. Magness, Glenn Reeve. Three to be elected.

Farwell—Lester Norton, Joe Magness. Two to be elected.

Oklahoma Lane—Sterling Donaldson, Lee Jones. Two to be elected.

Bovina—E. M. Ware, Roy Hawkins, Frank H. Wilson, Frank Smith, W. D. Eberling. Three to be elected. The name of R. S. Johnson has been withdrawn from the ticket by his written request.

Lakeview—E. L. Fairchilds. One to be elected.

## Graduation Dates Are Set For Local Class

Rev. R. L. Butler, of Abilene, popular Methodist pastor of the Texico-Farwell Methodist Church in years past, has been named as the speaker for the Farwell high school baccalaureate services.

The announcement was made today that Rev. Butler has accepted, with the date of the service set as May 14. The baccalaureate will be held in the evening, at the auditorium of the school.

Commencement exercises will follow on Friday night, May 19, with Supt. J. T. Carter chosen by the students to deliver the address.

## 'A' Gas Coupons Valid For Three Gallons

Your A-1 gasoline coupons are still good for three gallons of gas.

This correction was made today by the district OPA office at Lubbock, following an announcement received by The Tribune last week from Lubbock to the effect that coupons would be cut to 2 gallons, effective March 22.

However—and here's the catch—coupons must now last three months instead of two, which means the current stamps will expire on June 21st, rather than May 21st.

All in all, it's the same cut in your gasoline ration, with a little different set-up.

## Big Community Sale Booked For Lariat

What is believed to be the largest collection of chattels ever offered at public auction in Parmer County will go under the hammer at Lariat on Tuesday, April 4th, beginning at ten o'clock, Texas war time.

Included among the items to be offered to the highest bidder will be a four-room house, a large collection of first class farming machinery, several automobiles and trucks, and a good assortment of livestock, including choice dairy cows, horses and hogs.

"This will be a big sale and we must start early in order to get through in one day," Col. Dick Doshier, auctioneer, warned in urging people to come early and be prepared to spend the day.

The Baptist ladies of Oklahoma Lane are preparing to serve lunch at the noon hour, and there will be plenty of food offered on the grounds at reasonable prices. Free coffee will be available.

O. W. Francis will act as clerk of the sale. A complete list of the goods to be offered will be found in The Tribune this week.

## Locals Attend State At Meeting, Portales

Four representatives of the Texico high school's FFA department, along with the instructor, Victor Stout, and Preston Martin, local state farmer, were in attendance at the state meeting of boys in Portales, last weekend.

Business affairs were discussed at the meeting. No contests among the boys were held this year.

School attendants from Texico included Belvin Freeman, Bill Johnson, Robert May and James Paul.

A mother is a person who, seeing there are only four pieces of pie for five people, promptly announces that she never did care for pie herself.

With the Parmer county and Texico quotas already oversubscribed by substantial margins, contributions continued to pour into the coffers of both Texico and Parmer county workers, it was announced today by officials of the Red Cross War Fund.

Parmer County has made the most impressive showing to date with an oversubscription of \$1,804.62, it was revealed by H. Y. Overstreet, chairman of the drive who released revised figures in connection with the drive.

Being given a quota of \$750.00, Texico workers have exceeded their goal by at least \$50, it was announced by S. C. Hunter, one of the Texico solicitors, who added that subscriptions were continuing to filter in with indications that the Texico precinct would pass its quota by \$100 before the drive officially closes on Friday of this week.

Hunter especially praised the work being done in the school, which has been responsible for \$127 of the quota.

A revised list of the contributions made in Parmer County as announced by Chairman Overstreet, is as follows:

Black	\$ 97.00
Bovina	829.00
Farwell	931.50
Friona	890.35
Hub	300.00
Lakeview	272.35
Lariat	353.00
Lazbuddy	346.00
Midway	137.20
Oklahoma Lane	341.22
Parmerton	25.50
Rhea	441.50
TOTAL	4964.62

## Winter Pays Return Visit To This Region

Riding on the wings of a 35-mile wind from the northeast, Old Man Winter paid this region of the Plains a return visit early Tuesday morning with a cold blast that sent the mercury down to a reading of 20 degrees.

A fine snow fell throughout most of Tuesday afternoon, but the moisture was insufficient to register. This is the second belated cold snap to hit this area in the last 10 days, and it is pretty well agreed that prospects for a fruit crop this summer have been seriously affected.

Peach, pear, and some plum trees were in full bloom when the sub-freezing storm struck. Hope is still entertained, however, for cherries and grapes.

### TAKE EXAMINATIONS

A special chartered bus will leave here this (Wednesday) afternoon with a load of Parmer County selectees, who are being forwarded to Lubbock for their pre-induction physical examinations. Parmer has a quota of 29 for this examination, but a number have been transferred to other boards, and it was thought that not more than 20 would be sent direct from here.

Goldfish originated in China.

Miss Louise Drager who lived with her widowed mother just a short distance from the Rhea school house, suffered a tragic death last Thursday afternoon when she was literally burned to death while working about the farm premises.

There were no eye-witnesses to the tragedy, and few details are positively known. The victim suddenly rushed into the house with every shred of clothing burned from her body, and told her mother, amid screams of anguish, to "get that handkerchief in the other room; it's still afire." Apparently she was referring here to a handkerchief she had tied over her head, which she had thrown to the floor upon entering the house.

The mother, aged and almost blind, went to the nearby school house to summon aid. The unfortunate victim was rushed to a hospital in Clovis, where she died five hours later without relating a coherent account of what had happened.

Piecing together bits of evidence, family members finally reached these conclusions: Miss Drager, who was 29 years old, was busy about the concrete brooder house, cleaning up the building in preparation to putting in some young chicks. A trash fire was burning nearby, and it is presumed that the kerosene, or gasoline, she was using to disinfect the building caught fire, spreading to her clothing. Evidences that she rolled on the ground in an attempt to extinguish the fire about her clothing were plain.

Her body was burned horribly from her feet to her head.

Funeral services were held at the family home Tuesday afternoon by Rev. Karl Keller of the Lutheran Church, and burial was made in the Rhea cemetery.

## "Take It Easy", Friday Night Is Senior Play

Inviting you to "Take It Easy" are the Texico seniors, who will present their spring stage attraction on Friday night of this week at the auditorium of the school.

The play, a clever mystery farce, is made up of three acts, and runs the gamut of emotions from high suspense to hilarious comedy. The slightly wacky plot concerns the hectic adventures of a vague lady patron of the arts, who simply cannot keep straight several painters—real, imagined and otherwise—she has around her house. With the disappearance of a valuable pearl necklace, action gets into high gear.

The cast has been well chosen, and rehearsals this week indicated that the audience would be well repaid for a couple of hours spent at the play, director Mrs. H. Arnold said today.

"Take It Easy" with the seniors Friday night. Play time, 8:45.

### NO OLD AGE INVESTIGATOR

County Judge Lee Thompson stated today that at present Parmer county is without the services of an old age assistance investigator, due to the resignation of the investigator as of March 1st. He advised all persons having matters referring to that department to either get in touch with Miss Lola Goodwine, county case worker, or Mrs. Patton, district welfare worker, at Amarillo.

# Friona Chiefs County Cage Champs

Breezing merrily through their games with the agility and speed of veteran ball players, the Friona High School Chiefs carried off the county basketball championship the past weekend, when the boys' tournament was held in the Farwell gymnasium before good crowds.

From the time the tall, fast-moving Friona quintet took to the court on Thursday afternoon against their first opponent, there was little doubt in the minds of spectators that nothing less than a miracle would prevent the crown from going to the Redskins, and each succeeding game proved their superiority.

Farwell gave the Chiefs the best contest of the meet, with the score standing 15-19 at the half. However, Friona hit her stride in the final rounds to win 46-22.

The Oklahoma Lane cagers were the final victims of the Chiefs, in the last game of the tournament Saturday night. The affair turned into a rough-and-tumble fray in the closing quarter, with two men of

the losing team, Christian and Meeks, being sent from the court for deliberate fouling by referee Jack Williams.

### Bovina Has Hardest Luck

The Bovina team suffered the most heart-breaking losses of the tournament, losing every game (except the one to Friona) by from one to three points, despite superior playing on the part of Moore, stellar forward.

Second place in the county goes to Oklahoma Lane, by virtue of only one loss in the meet, with Farwell in third position, Lazbuddy fourth, and Bovina in the tail spot.

### Tie Game Played

The first game of the tournament, Bovina vs. Oklahoma Lane, was one of the hottest of the weekend, with an extra period necessary to break an 18-18 tie. Sudderth sank a beauty from center to put Oklahoma Lane out in front in the opening of the play-off, following which Moore plugged one in for Bovina. With only seconds left to play,

Sudderth repeated his performance to give his team a 20-22 win. Moore was high with 11 points, while Christian, Oklahoma Lane had 10.

Friona faced Lazbuddy in the second round Thursday night, and marked up the highest score of the meet, 14-54. Norwood was out in front on the scoring end of the line for the Chiefs, with 16, while his running mate Reid, was second with 13. Barnes scored 4 for Lazbuddy.

### Farwell Loses to Okla. Lane

The game which Farwell particularly hoped to win, against Oklahoma Lane backfired in their faces Friday afternoon, with the locals taking an 18-18 loss, due principally to the goal plugging of Meeks, who ran up 10 points, followed by Christian with 8. C. Summers scored 7 for Farwell, and Williams had 6, but Donald Summers stole the show with his guarding and pass interference.

Bovina's next loss came at the hands of the Lazbuddy quintet, although the red shirts were far out in front at the half. During the last two

stanzas, Lazbuddy slapped in 23 points, compared to Bovina's 11, to win 33-36 while the crowd went wild. Steinbock, left-handed basketballer, saved the day for Lazbuddy by scoring 10 points in the last half, while Moore, who had scored 13 points for Bovina in the first two quarters, was held down.

Friona and Bovina were first on the court Friday night, with the champs taking this game 10-45. Moore was muffled to only 4 points, while Treider banged away at the goal to run up 20 for Friona.

### Take Lazbuddy Game

Avenging the defeat given them by Oklahoma Lane, the Farwell boys stepped out on the court to take a hair-raising 21-19 decision over the Lazbuddy boys, who were definitely not to be counted out for strong competition. C. Summers plugged in 12 for Farwell, while Brown led the Lazbuddy scoring with 6.

The Oklahoma Lane-Lazbuddy game, Saturday afternoon, was an- (Continued on page 6)

POLITICAL ANNOUNCEMENTS

The State Line Tribune is authorized to make the following political announcements, subject to the action of the Democratic primary:

For County Judge: LEE THOMPSON (Re-election)

For County and District Clerk: D. K. ROBERTS (Re-election)

For Sheriff-Assessor-Collector: EARL BOOTH (Re-election)

For County Attorney: A. D. SMITH (Re-Election)

For County Treasurer: ROY B. EZELL (Re-Election)

For Representative, 120th District: JOE W. JENNINGS (Floyd County)

Railroads Desperate For More Manpower

Hard pressed by the loss of thousands of its employees to the armed forces, the Santa Fe Railway today launched a nation-wide manpower drive to handle the greatly increased load of war freight and troops moving over its lines.

Basing its appeal on the necessity of opening a "route to Tokyo", the railroad will enlist the aid of its 60,000 employees in the recruiting of new workers for vital war jobs along the 13,000-mile line. The campaign will be conducted in every city in which the railroad operates as well as in other parts of the country.

In opening the drive, officials declared a constantly greater amount of war traffic will be moving west as the war in the Pacific reaches the decisive stage. In order to handle this record volume of business, it was pointed out, additional facilities and men will be needed.

Acute manpower shortages in 27 job classifications on the railroad were listed by officials. These shortages include brakemen, switchmen, telegraphers and other skilled and unskilled occupations. Although trained men are sorely needed, the railroad will consider any applicant regardless of previous experience.

The railroad will make its appeal to workers now in non-essential industries. Such inducements as recently increased wage rates, railroad retirement and unemployment insurance, hospital and medical care and transportation privileges will be offered prospective employees.

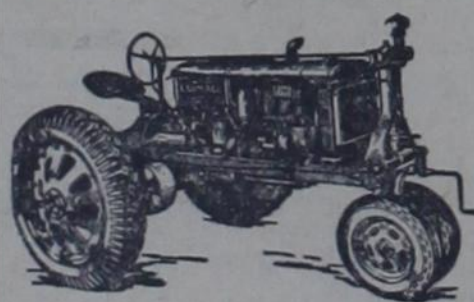

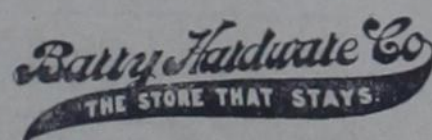

Agencies cooperating with the Santa Fe in its job campaign are the Railroad Retirement Board and the United States Employment Service, both of whom will interview applicants for jobs with the railroad.

SANTA FE CARLOADINGS

The Santa Fe System carloadings for week ending March 25, 1944, were 21580 compared with 22,001 for same week in 1943. Cars received from connections totaled 12,382 compared with 12,662 for same week in 1943. Total cars moved were 34,663 for same week in 1943. Santa Fe handled a total of 33,752 cars in the preceding week of this year.

TRACTOR WORK

The best way to keep your tractor running is to watch out for minor repairs—don't let them become major breakdowns.

Until spring plowing is done, we're giving first attention to tractor repairs.

KARL'S AUTO CLINIC

Although her new Easter bonnet isn't a hat at all, but only an artist's trick, Miss Gertrude Esch, passenger reservation clerk for the Santa Fe, Chicago, hopes this photograph will cause thousands of women to become railroad-minded. The reason? She's aiding her company's manpower drive to recruit vitally needed railettes for jobs in the Santa Fe's shops, yards and offices along its 13,000-mile system.

Marines Let 17-Year-Olds Finish School

According to an announcement from Marine Corps headquarters, 17-year-old young men now enrolled in their final high school semester can enlist in the Corps with definite assurance sufficient time will be given them to complete their final year, Captain William B. Wisdom states.

"These high school seniors who have not yet passed their 18th birthday can be examined in El Paso, sworn into the Marines and then placed on inactive duty until the present school year is completed in May or June," Capt. Wisdom said.

Qualifications include: Good physical health, excellent moral character, consent of both parents, and proof of age through medium of birth certificate.

New Process Developed For Separating Carbon

AUSTIN—A new process for separating the hydro-carbons from certain natural gasoline fractions, has been devised by Dr. John Griswold, professor of chemical engineering at the University of Texas, it was recently revealed.

The new method is cheaper and more efficient in "wringing out" pure hydrocarbons from petroleum to serve as the raw material for a whole range of synthetic organic chemicals. The process is now in the stage of testing by pilot plant operation.

"It should be emphasized," Dr. Griswold said, "that we are not making synthetic organic chemicals here. Our job is separating the pure hydrocarbons from other petroleum component parts."

Vast post-war expansion of synthetic organic chemical manufacture for Texas is expected to be opened by the new method of securing the hydrocarbons, which will be used as ingredients for the manufacture of paints, varnishes, lacquers and synthetic organic chemicals for other products.

# Mister: Could you use TWINS?

*It's Phillips  
Finest Quality*

Every car owner, these days, has a double reason for protecting and preserving his automobile: His own interest, and the nation's interest in keeping every possible car running as a vital link in our country's transportation system.

That is why we remind loyal users of famous Phillips 66 Gasoline that the twin product which really goes with it is Phillips 66 Motor Oil.

Here is a lubricant, 100% paraffin base, which answers the question every motorist wants to know: How can I quickly and confidently select a high quality oil?

To help you choose, Phillips makes this frank statement: If you want our best oil, remember we specify that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

Good oil has always been a good investment. Today, good oil is the only kind any thinking car owner will use. Play safe and save by asking for Phillips 66 Motor Oil, when draining winter-worn lubricant or making the recommended every-two-months oil change.

CARE FOR YOUR CAR—FOR YOUR COUNTRY

**PROVED IN 50 BILLION MILES OF SERVICE**

## Health Notes

by Texas Department of Health

AUSTIN—Thousands of children and adults die each year from fly-borne diseases. Typhoid fever, tuberculosis, summer complaint, cholera, and intestinal diseases frequently resulting in death follow closely in the trail of the common housefly.

"The control of the fly menace comes at the top of the list of necessary public health measures which should be applied by every city and community in the State," said Dr. Geo. W. Cox, State Health Officer. "The most effective measure for control is to prevent breeding, and about eight days are required to complete a life cycle. During her lifetime of several months, one

housefly lays from 600 to 1,000 eggs. Thus, it can easily be seen that in a season which usually begins in the spring of the year, the descendants from one fly number countless of thousands."

To eliminate flies, Dr. Cox said, breeding places must be destroyed. As flies breed in filth, manure piles, garbage, and other organic filth furnish the requirements of warmth, moisture, and food necessary for the propagation of the flies. Flies should be kept from contact with food or drink or utensils in which such food and drink are prepared and served. Likewise they should be kept from access to privy vaults where they pick up the infections which they later spread to humans by contact with the food and drink, and by unwashed hands and utensils.

"See that your windows, doors, and porches are screened so that the stray fly from some careless neighbor will not endanger your family.

See that your grocer keeps meat, vegetables, and fruit screened from flies.

A graduate of the University of Texas School of Dentistry is continuing her dental career, despite the loss of both arms in a boating accident. Miss Margaret Jones of Houston is now continuing her studies to go into the field of dental education.

## Preparing, Planting The Potato Patch

COLLEGE STATION—The most important step in planting potatoes, both in the garden and the field, is thorough preparation of the soil. Plow or spade it eight to ten inches deep and break up the clods. J. F. Rosborough, horticulturist for the A&M Extension Service, assures those who plan to have a few rows near the house for early use, and those who desire to grow a supply for winter, that it isn't too late to plant and make a good crop. Normally, he says, Texans try to plant their potatoes early, but too much Texas weather hindered that practice this year.

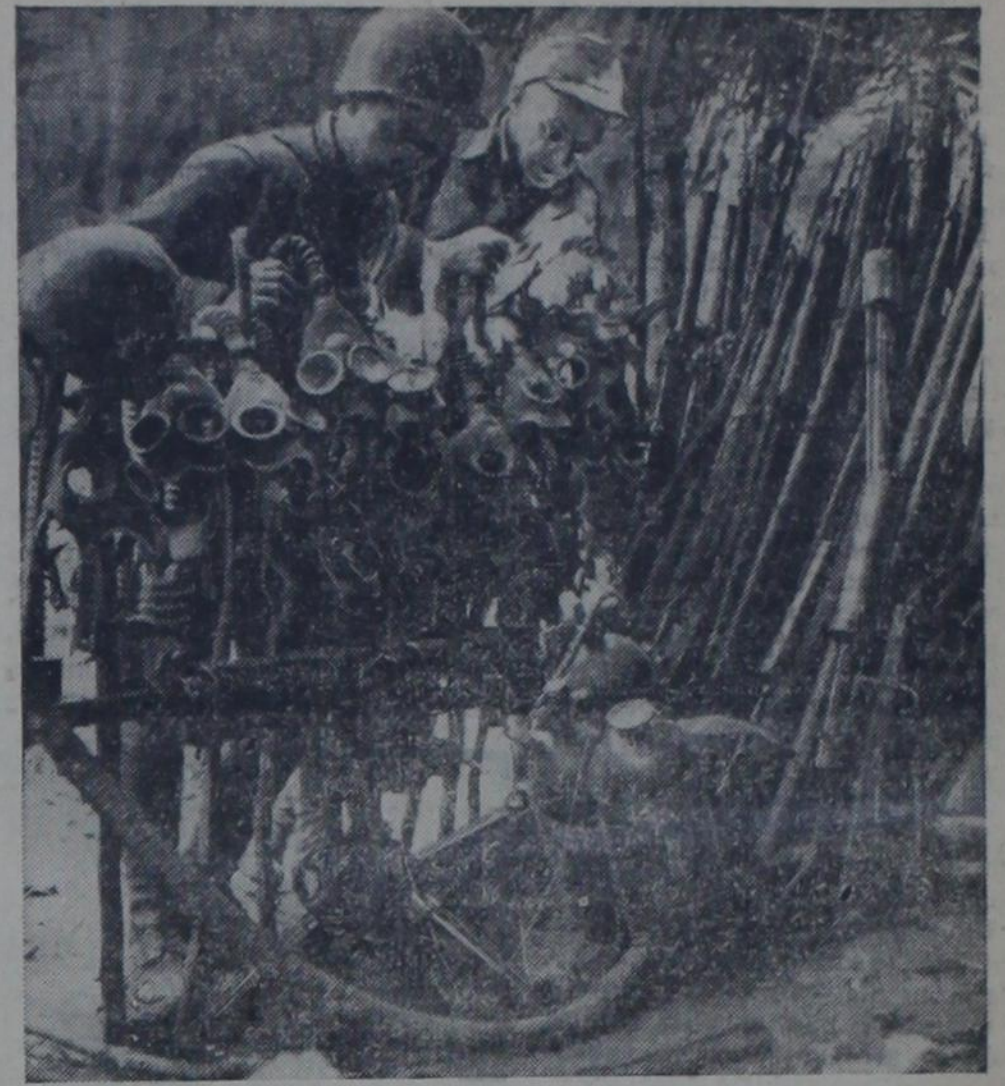

Getting back to soil preparation, Rosborough doubts whether there is time to apply commercial fertilizer except where the soil is sandy and frequent rains occur during the growing season. In such areas fertilizer may be applied just ahead of planting. In localities likely to have considerable rain in April or early May, work up the soil into beds. Bedding is throwing two plow furrows together or pulling the earth in home gardens into ridges at least 6 inches high and 2½ to 3 feet apart. After bedding, open a row in the bed 4 or 5 inches deep with a plow or hoe and apply 5-10-5 or 4-12-4 commercial fertilizer at the rate of 5 or 6 pounds per 100 feet of row. Chop it in, mixing it with the soil until particles are no longer visible. It's a good rule to buy fertilizer on the basis of putting down one pound for each pound of potatoes planted.

The WFA reports that the largest supply of certified and war-approved grade seed potatoes in history is available for planting this spring. Rosborough says that although certified seed is first choice, use of war-approved seed is recommended where certified potatoes are not obtainable. In case neither is available, it will be well to disinfect the seed by soaking for one-half hour in a solution of one ounce corrosive sublimate dissolved in eight gallons of water, then spread out to dry. This will protect against serious seed-borne diseases.

Lastly, cut potatoes into seed pieces about half the size of a hen egg and plant 14 to 16 inches apart.

A surgical camera for filming the inside of the mouth or the inside of the stomach is one of the newest acquisitions of the University of Texas School of Dentistry, Houston, for its photographic laboratory.

## Jap Equipment Captured in Burma

Colonel Lee, commander of an American-trained Chinese battalion (left) and Lieut. Gen. Joseph Stilwell, wearing a Chinese cap, are shown examining weapons and equipment that was captured by Colonel Lee's men when they attacked and wiped out strong Jap outposts in the Hawking valley jungles, in northern Burma.

## Texas Round-Up On March 31st, April 1st

AUSTIN—Pretty girls will be one feature of the Texas Round-Up, March 31-April 1, at the University of Texas that won't be rationed!

For the second year, Round-Up will be on a rationed, streamlined scale. Gas rationing has eliminated the colorful parade of years past, and transportation problems will probably reduce to a handful the throngs of ex-students who used to attend this home-coming.

But there'll be no shortage of pretty girls—the Round-Up committee has seen to that.

At the Friday night Round-Up Revue and Ball, there'll be over 200 of the campus's most beautiful co-eds, all of them nominees of students for the Bluebonnet Belle section of the Cactus, yearbook.

There'll be "sweethearts" from the six Southwest Conference colleges and universities, sent by their student bodies as official representa-

tives to the Round-Up.

There will be four University of Texas co-eds, nominees for the highest honor University students can confer—and the Sweetheart of Texas herself!

Identity of this 1944 favorite of University students will not be known until the curtain parts at Gregory Gymnasium in the finale of the Round-Up Revue, but she's being elected this week in a campus-wide poll.

She'll not only reign over all Round-Up festivities, but will also be crowned queen of the Texas Relays on Saturday.

## CHAIRS BACK IN SERVICE

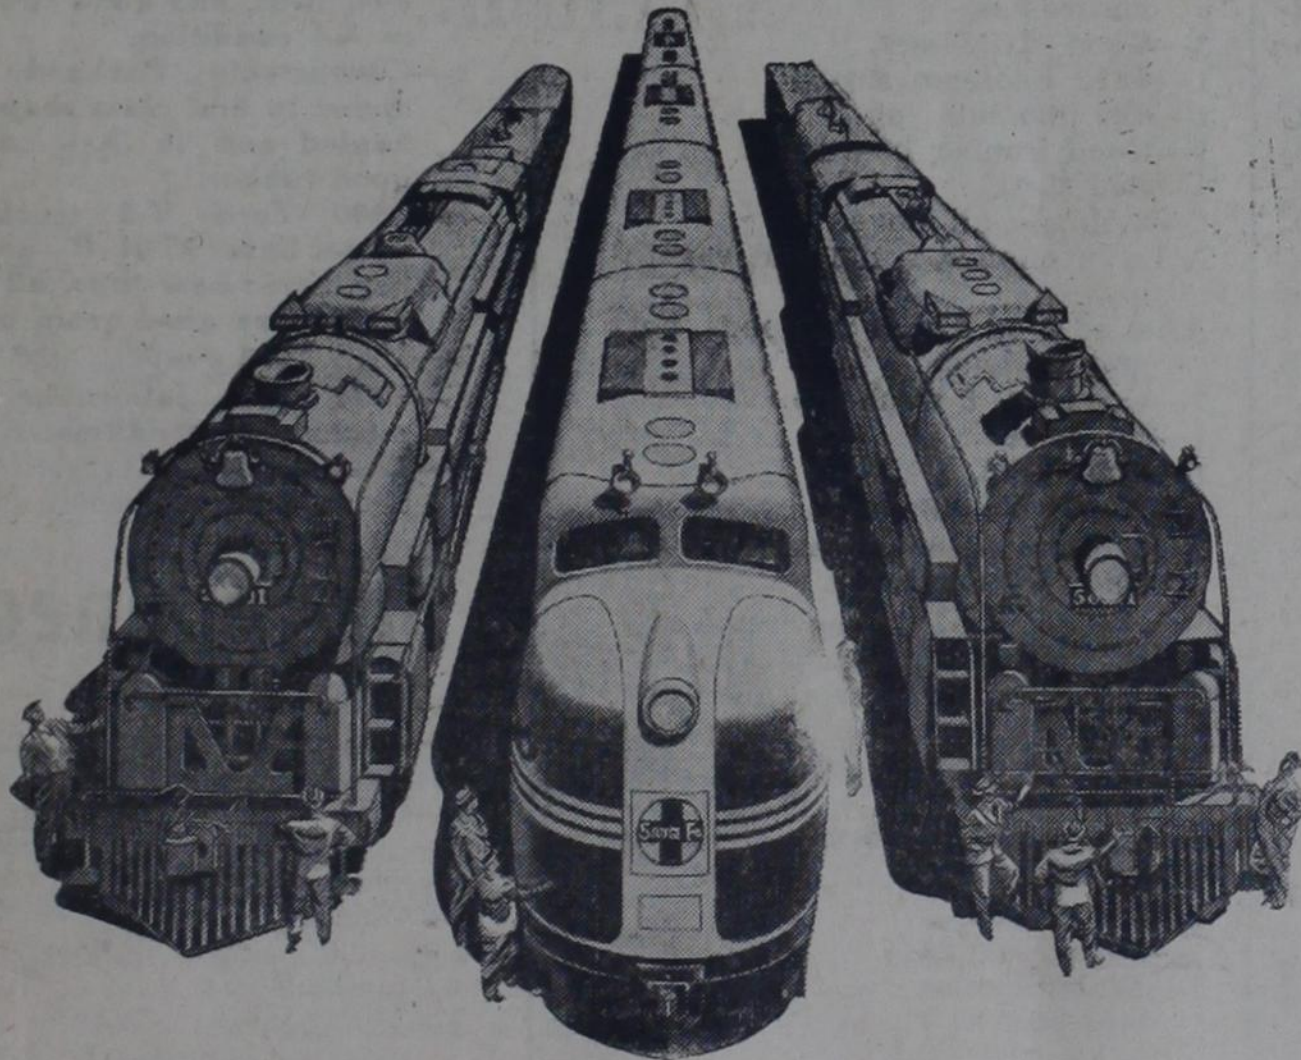

COLLEGE STATION—Four chairs more than 100 years old recently were re-caned by home demonstration agent Marie A. Neff. One rocking chair put back into use was a wedding gift of 50 years ago. Demonstrations on re-caning in seven communities soon resulted in the completion of 25 chairs.

## What Capture of Admiralty Islands Means

The capture of Momote airdrome on Los Negros island in the Admiralty group by U. S. troops places the Allied forces in a strategic position to strike at the enemy in many of his Southwest Pacific strongholds. Planes and carrier task forces can make raids from the new base. Arrows show distances these units would have to travel to Palau, Truk, Guam and Philippines. Jap forces at Rabaul, Kavieng and in New Guinea (black area) are flanked.

(Another chapter in the story, "Working for Victory on the Santa Fe")

## New Steel Beauties on the Santa Fe

There isn't yet the ceremony in taking delivery of a new locomotive that there is in christening a ship.

But, just the same, it's a great occasion on the Santa Fe when we receive those super-powered, high-speed locomotives so badly needed today.

For every new one means "rolling" more and longer freight trains loaded with war matériel, and more trains operated for the increasing troop movements.

The three locomotives shown above are among the first delivered of the big fleet of powerful locomotives ordered by Santa Fe. And more are coming!

★ Locomotives illustrated above—new "4-8-4" steam locomotive, "2900 class"; 5,400-horsepower freight Diesel; "2-10-4" steam locomotive, "5001 class." You can bet your driving wheels they'll pull a lot of freight cars fast!

## Say, Pard

Even though they are short-handed, I've found that the boys at the Phillips Service Station in Bovina will come nearer giving you speedy and satisfactory service than any place I've pulled my hoopie into lately."

Yes, most of our former help is wearing the uniform today, but we're still carrying on, giving you the best service possible. Drive in for gas and oil, and leave your orders here for farm deliveries.

**PHILLIPS 66 SERVICE STATION**

O. W. RHINEHART, Prop.

Bovina, Texas

**Control Of Garden Insects Is Important**

COLLEGE STATION—Destructive insects take an estimated toll of 20 per cent of the possible yield of home gardens yearly. But Paul Gregg, assistant entomologist for the A & M Extension Service, assures gardeners that vegetable insects may be controlled by inspecting plants often, and when the first invaders appear dispatch them with poison or picking by hand before they can lay eggs and hatch a new generation.

The most effective control will be obtained by applying insecticide uniformly to all parts of the plant. The lower surface of the leaves should be covered as thoroughly as the upper side so that every insect present gets a dose of poison quickly. Don't apply an excessive amount because lavish dusting or spraying is wasteful and sometimes injures plants.

Another important factor in the program of control is a ready supply of the most commonly needed insecticides. If rotenone is obtainable, it can be used to destroy cabbage worms and beetles which suck the juices from plant leaves and stems. If it cannot be had, cyrolite or lead or calcium arsenate may be substituted in dealing with the leaf eaters, and nicotine sulphate for the juice-sucking bugs. A small amount of paris green will be needed to make bait for cutworms, sow bugs, grasshoppers, mole crickets and wingless May beetles. Spread it near the base of plants in the late afternoon.

Gregg says that plant lice are probably the most common and destructive of pests. They attack most vegetables, especially turnips, radishes, mustard, cabbage and similar plants, and control measures should begin as soon as they appear. Rotenone dust or nicotine sulphate as a dust or spray give best results. But since lice are killed only when hit by the insecticide thorough application on both sides of the leaves is essential.

Inspect plants frequently, Gregg recommends. Attack the bugs early and half the battle for control is won.

**Outlook For Wartime Living, Housewives**

COLLEGE STATION—Homemakers who got caught short on sheets and other household cottons when war production curtailed supplies for civilians, have a little relief in sight.

The Bureau of Human Nutrition and Home Economics has notified the Extension Service that manufacturer's ceiling prices on bed linens have been raised to stimulate production of sheets, pillowcases and sheetings. The Bureau says the price increase will be absorbed by the retailer. So, the price to consumers, if and when bedding is available, will remain at the March, 1942, level.

Here are a few other forecasts on war-time family living during 1944:

Brooms may become short because of the scarcity of broom corn and handles.

A few electric irons may be produced by manufacturers if this does not interfere with war output. The WPB, however, has turned thumbs down on an increase in the number of alarm clocks available.

Homemakers will be able to obtain only about 80 per cent of the paper towels they used in 1942, and the outlook for handy facial tissues is pretty dark.

Restrictions on the sale of cutlery in boxed sets have been removed, but homemakers can expect better quality in paring knives than in the earlier war models.

Women who have been hoping for more and better elastic or elastic substitutes in girdles, brassieres, and the like are headed for disappointment. A new synthetic, neoprene, was to be available for these worthy uses this spring, but the Army has requisitioned the entire supply for making gas masks. The reliable, two-way stretch is just as remote as ever.

Seattle, Washington, took its name from the Indian chief Seattle.

**LEGAL NOTICES**  
THE STATE OF TEXAS

TO J. W. Williams, Tempie Thomas, Tom Williams, Jack Williams, Sam Williams, Jim Williams, Jiggs Williams, and the unknown heirs, devisees, administrators, and executors of Paloma Williams, deceased, Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Parmer County at the Court House thereof, in Farwell, Texas at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-one days from the date of issuance of this citation, same being the 27th day of March, A. D. 1944, then and there to answer

Plaintiff's Petition filed in said Court, on the 27th day of March, A. D. 1944, in this cause, numbered 1286 on the docket of said court, and styled Raymond Davies, Arthur Davies, Anna Davies Wertz, Fred Wertz, Ada Davies Brink, Harry Brink, Wilbur B. Ishom, Harold T. Ishom, Ruth Ishom O'Reilly, Jimmy E. O'Reilly, Beulah Ishom Pearman, Cecil H. Pearman, June Ishom Benjamin, Richard Benjamin and Jesse M. Osborn, administrator of the estate of Theodosia Davies, deceased, and Guardian of John Davies, non compos mentis,

VS: J. W. Williams, Ellen Paul, Tempie Thomas, Tom Williams, Jack Williams, Sam Williams, Jim Williams, and Jiggs Williams, and the heirs, devisees, administrators, and executors of Paloma Williams, de-

ceased.

A brief statement of the nature of this suit is as follows, to-wit:

This is a suit in trespass to try title wherein it is alleged that the Plaintiffs on date of March 1, 1944, were lawfully seized and possessed of the following described land and premises situated in Parmer County, Texas, holding and claiming the same the Fee Simple Title, to-wit:

All of Lots seventeen (17), eighteen (18), nineteen (19) and twenty (20) of Block Number Three (3) of the original town of Bovina, Parmer County, Texas.

That on this day the Defendants unlawfully entered on said premises and ejected Plaintiffs therefrom and unlawfully withhold the possession thereof to their damage to the sum of \$1500.00; that the reasonable annual rental value of said land and

premises is \$240.00;

as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office of March, A. D. 1944.

ATTEST:  
D. K. ROBERTS, Clerk,  
District Court, Parmer Co., Tex.  
By Dorothy Lovelace, Deputy.  
(SEAL)

**NOTICE OF DISSOLUTION OF PARTNERSHIP, WITH CONTINUANCE**

Notice is hereby given that the Partnership known as the Gaines & Elliott Hardware Company, at Bovina, Texas, composed of Mrs. J. Sam

Gaines and C. R. Elliott, by the mutual action of the parties, was dissolved on the 20th day of March, 1944, except for the purpose of the final liquidation and settlement of the business thereof, which date of final dissolution and settlement is set for April 15, 1944.

All debts due said Partnership are to be paid and those due from same, discharged at the place of business of said Partnership at Bovina, Parmer County, Texas, where the business will be continued by the said Mrs. J. Sam Gaines and C. R. Elliott under the firm name of Gaines & Elliott Hardware Company, up to and including the date of April 15, 1944.

MRS. J. SAM GAINES  
C. R. ELLIOTT

**BIG COMMUNITY SALE!**

AT  
**Lariat, Texas**

10 miles southeast of Farwell on State Highway 70

**Tuesday, April 4**

**This Will Be An All-Day Sale : Come Early and Spend the Day**

**Cattle**

- 1—Red Jersey cow, 4 years old, 4 gallons.
- 1—Brown Jersey cow, 4 years old, 4 gallons.
- 1—Brown Jersey cow, 5 years old, 4 gallons.
- 1—Blue Jersey cow, 4 years old, 4 gallons.
- 1—Black Jersey cow, 4 years old, 4 gallons.
- 1—Brown Jersey cow, 5 years old, 4 gallons.
- 1—Half Holstein and Jersey cow, 3 years old, fresh in 20 days.

NOTE—All the above cattle belong to J. T. Coburn, and are being sold because of his inability to care for them properly on account of his wife's health.

- 1—Black heifer.
- 1—Red heifer.
- 2—White face heifers.
- 1—Spotted Guernsey cow, 3 years old, 2 1/2 gallons, fresh in Aug.
- 1—Spotted Guernsey, 2 years old, half Durham.
- 1—Roan Guernsey heifer, 7 months.
- 1—Guernsey bull calf, 3 months.
- 1—Spotted cow, 6 years old, three gallons.

**Horses**

- 1—Span horses age 7 and 11, good farm horses, dapple gray and blue, weight 1600 each, and a sound team.

**Machinery**

- 1—Regular Farmall, completely overhauled, with complete 2-row lister and planter attachment, extra good tires.
- 1—International Tractor with 2-bar lister-planter attachment, power take-off, recently overhauled and in good condition, good rubber.
- 1—International Hammer mill, a good one.
- 1—Good 4-row monitor, with knife attachments.
- 1—Set of 4-row knife attachments.
- 2—2-row monitors.
- 1—2-row stalk cutter, horse drawn.
- 1—1-row binder, in good shape, with new style bundle carrier.
- 1—2-section harrow.
- 1—Emmerson 2-disc plow.
- 1—Good 4-section harrow.
- 1—Fan mill for recleaning seed.
- 1—Coal brooder, 500 chick.
- 1—3-row lister and planter complete with power lift.
- 1—Five-row tool bar.
- 1—3-section harrow, with oak evers.
- 1—International row binder, with new style bundle rack, good one.
- 1—International row binder.
- 1—3-section harrow.

**Hogs**

- 1—White boar, a good one.
- 1—White sow
- 20—Shoats, 100 to 150 pounds.

**Household Goods**

- 1—2-burner electric hot plate
- 1—Library table.
- 1—Good ice box.
- 1—30-gallon wash kettle a good one.
- 1—Studio couch, almost new, pre war.

- 1—Singer sewing machine.
- 1—Breakfast table, 6 good chairs.
- 1—Coal heating stove.
- 3—Good mattresses.
- 1—Bed room suite, springs and mattresses.
- 3—Good mattresses.
- 1—9x12 linoleum rug,
- 1—8x9 linoleum rug.
- 1—Good ironing board.
- 1—Bedstead.
- 1—3-burner oil stove.
- A lot of canned fruits and vegetables.
- A lot of good dishes and pans, pots and skillets.
- 1—Good No. 3 wash tub.
- 1—Paper rack.
- 1—Book case.
- 1—Good rocking chair.
- 1—Electric Leonard refrigerator, 6-ft., A-1 condition.
- 1—McCormick-Deering cream separator, No. 2, capacity 750.
- 1—Electric cook stove, a good one.
- 1—New Perfection oil stove, five burners, built-in oven, a good one.
- 1—American Sunflame oil circulating heater.
- 1—Piano stool.
- 1—Breakfast table.
- 5—Dining chairs.
- 1—Side board.

**Turkeys**

- 4—Good laying turkey hens.
- 1—Turkey tom.

**Cars, Truck**

- 1—1931 Model A Ford, 4-door, 3 new tires, one good tire, motor in A-1 condition.
- 1—Convertible Packard coupe, motor in first class shape, overhauled and in A-1 condition, good rubber.
- 1—1940 Ford V-8 truck, long wheel base, 95 H. P., good rubber, three new tires, all 10-ply, with extra good grain bed.
- 1—1936 Ford coupe.
- 1—1937 Ford, fair rubber, good mechanical condition.
- 1—1934 2-door Chevrolet, 4 good tires and motor in fair shape.

**Miscellaneous**

- 3—Rolls hog wire.
- 1—Philco wind charger and tower complete.
- 2—Oil cans, one 5 gal., one 10 gal.
- 1—Lot of good barb wire and posts
- 1—Chicken house.
- 2—Chicken coops.
- 1—Lot of leather harness, lumber.
- 1—Montgomery Ward gasoline washing machine, in A-1 shape.
- 1—Fairbanks Morse 6-volt wind charger, complete with wooden tower.
- 25—Cross ties.
- A lot of good barb wire and posts.
- A lot of net wire, posts and scrap

**Four Room Dwelling**

One good dwelling house, four rooms, 24x24, frame and stucco construction. Has built-in cabinets, and for all practical purposes a good house. Built of new lumber only a few years ago. Can be moved . . . and will go to the highest bidder.

# Local Happenings

## La Vista Is Scene Of Interclass Banquet

The dining room of La Vista, in Clovis, was the scene of the annual interclass banquet of the Texico school the past Friday night, when juniors acted as hosts to the seniors, faculty members and special guests.

Daniel Boone presided as the evening's toastmaster and extended the welcome to the seniors, with Alverda Hall responding. The class prophecy was given by James Orval Francis and Bob Drace offered the class will. Readings were given by Helen K. Blair and Paula Sue Arnold. Mary Lee Moss played a piano solo, and a trio composed of Edna Mae Caldwell, Helen Blair and Betty Flye sang two numbers.

Supt. B. A. Rogers gave a brief address to the seniors, and Coach C. E. Sanders made a short impromptu talk to the group.

### Patriotic Colors Used

Patriotic colors were used to decorate nut cups and place cards, and the motif was carried out in the table flowers of red carnations and sweetpeas, placed in low blue bouquets. Programs bore the initials "T. H. S." on the cover.

Seated at the table were Eugene Bowers, Bob Drace, James Orval Francis, Lena Belle Williams, Helen K. Blair, Alverda Hall and Esther Selman, seniors; Lt. Ralph Carver, Paula Sue Arnold, Miss Mabel Davis, Mr. and Mrs. H. Arnold, Supt. and Mrs. B. A. Rogers, Mr. and Mrs. C. E. Sanders, Dr. and Mrs. Groves, Miss Viola Rodewald and Miss Maude Pearson, guests; Daniel Boone, Hershel Doolittle, Kenneth Jacks, Bill Knox, Albert Martin, Helen McDaniel Jim Bob Roop, Edna Mae Caldwell, Bill White, Quentin Morgan, Lena Belle Boone, Peggy Callouett, Betty Flye, Lena Belle Jacques, Mary Lee Moss, juniors.

## Mrs. Pipkin Conducts WSCS Devotional

Mrs. O. B. Pipkin was in charge of the devotional, the past Wednesday afternoon, when the WSCS of the local Methodist Church met in the home of Mrs. B. N. Graham.

"Women at Work" was the study topic, and was discussed in three phases by Mrs. Roy B. Eell, Mrs. A. D. Smith and Mrs. W. H. Graham.

A sandwich plate was served by the hostess to Mesdames G. W. Atchley, Albert Thomas, Lena Yoder, Ezell, Ruby Dixon, Ralph Humble, Pipkin, Graham, Smith, Paul Tripp, and Rev. Paul Tripp.

## Gives Piano Recital

Pete Booth, son of Mr. and Mrs. Earl Booth, gave a piano recital at the Amarillo Conservatory of Musical Arts on Sunday afternoon, assisted at the second piano by Mrs. Gladys M. Glenn, instructor. Mr. and Mrs. Booth and family attended the performance.

**If you need to BUILD UP RED BLOOD!**

Try this great blood-iron tonic—Lydia Pinkham's TABLETS—one of the very best home ways to get iron into the blood. Pinkham's Tablets are also famous to relieve symptoms of functional monthly disturbances because of their soothing effect on one of woman's most important organs. Follow label directions. Worth trying.

# Home Grocery & Market

We solicit a share of your business at our new store in Texico, where we are trying to maintain a first class stock of—

**GROCERIES, FRESH FRUITS and VEGETABLES, LUNCH GOODS and CURED MEATS**

The prices you will find on our merchandise will be the same every day in the week . . . and those prices will be no higher than in keeping with legitimate merchandising — every item bearing a reasonable profit and no more.

Come in and look over our stock. New items are being added just as fast as they can be obtained.

YOUR PATRONAGE APPRECIATED

MR. and MRS. LES MEANS, Owners

## NEWS FROM OUR BOYS IN CAMPS

### BOBST MOVES AGAIN

Mrs. Roy Bobst received word the last of the week that her son, Pfc. Richard Bobst, who was recently moved from Madison, Wis., to Hammer Field, Calif., was "on the move again". Dick indicated that he did not know where he would be sent from the Hammer Field replacement center.

### TOO MANY TREES

Cpl. Cortez Billington, writing from New Guinea, report "it is raining cats and dogs and when I say it rains her in New Guinea, I mean it rains. And hot, and so many trees you can't see past your nose, and of course I don't like that. As you know, I was never used to trees. Otherwise it is not so bad, only no place to go and not a woman in 10,000 miles—but I guess they will keep."

### IN MARINE TRAINING

Marine Private Everett Louis Gee, son of Harry F. Gee of Bovina, has recently been graduated from the machine gunnery school at Camp Elliott, Cal. His wife resides in Bovina. Pvt. Gee enlisted in the Marines last May.

### LANDRUM IS CAPTAIN

The promotion of First Lieut. Jesse F. Landrum to the rank of captain was announced on March 17th. Capt. Landrum is presently on duty with the staff and faculty, Adjutant General's School, Fort Washington, Maryland.

### BELIEVED SHIPPED OUT

Chief Warrant Officer Alton W. Eason, son of Mr. and Mrs. F. M. Eason, is now believed to be on his way across. His younger brother, Private Vance Eason was stationed at the same camp (Livingston, La.) with Warrant Officer Eason, for about three weeks. The boys were very surprised to be stationed together.

### IN SOUTH PACIFIC

The following are excerpts from a letter received by W. E. Williams from Chaplain John Abbott, formerly of Bovina:

"I received my orders to join this organization while still in Australia . . . to join them in the New Guinea area. I went up there and found as I debarked that the unit had left that area two days before on its way to Australia for a period of rest . . . So I stayed in New Guinea over two weeks and came back even farther south in Australia than before.

"More than 50% of the officers and men in this organization are from Texas. Our CO, is from Fort Worth, one M. D. from Waco, . . . A corporal came to me and introduced himself as Henderson from Oklahoma Lane. His father is Clarence Henderson. Another introduced himself as Sgt. Smith, the son of C. R. Smith of Hereford. So you see it is a small world in many ways. Both of these men are fine and are among the best in our regiment. . . This organization has one of the best records of any engineer construction organization in the entire Pacific war theatre. The work that it does is landing strip, hangar, docks, and road building . . .

"We are reorganizing and re-equipping here and should be going back north before very long. The men are enjoying their rest and relaxation, but they are about ready to go back to work again as they realize that there is a great job to do and that all must do their best to hasten the day of victory and return home."

### LONDON IS SERGEANT

Orville London, serving with the medics of the 36th division in some of the bloodiest fighting points in Italy, has sent word to his wife, Mrs. Helen London in Farwell, that he received his sergeant's stripes on March 1. Sgt. London has been out of the States for several months.

### DOW IS PROMOTED

Mrs. Bess Dow writes from Roswell that her son, Jim Bob, well known to local people, is now a petty officer, serving in the radar division of the Navy. Jim Bob is currently stationed at Port Huenene, Cal., and writes his mother that he craves action.

### BUDDIES MEET

Bub Roberts writes his father, D. K. Roberts, that he has recently met up with Raymond Hall, son of Mr. and Mrs. W. W. Hall of this city. Their meeting place was not disclosed, but it is known here that both of the boys have been in the Southwest Pacific for some time.

They enlisted together, but became separated shortly afterward. Bub is with the Navy medics, Raymond now assigned to the Marine medics.

### GETS ANOTHER STRIPE

Sam Royal, son of Mr. and Mrs. Henry Royal, formerly of this city, is now a Master Sergeant, according to a letter received by his grandmother, Mrs. Z. W. Petree. Sam is now with the Allied forces in England.

### MAX WALLACE HERE

Max Wallace, son of Mrs. Florence Wallace, was here last weekend, renewing acquaintances. Max is in the some branch of the air forces, but it was not learned where he was stationed. His mother is a member of the WAC.

### SLEEPING IN CULVERT

Capt. G. D. Anderson, Jr., in a letter written to Dr. V. Scott Johnson, reveals that he is now stationed on Anzio Beach in Italy, where, according to his letter, he has very comfortable quarters in a large concrete culvert. "The boys have sandbagged up one end and made a trap on the other end for an entrance," he relates, adding that plenty of straw from nearby stacks had afforded a good flooring.

### THOMPSON IN INDIA

Judge and Mrs. Lee Thompson are in receipt of a V-mail Easter card from their son, Lt Charles Thompson, with the air forces "somewhere in India". This is the first word the Thompsons had had from their son since he left the States a few weeks ago.

### GETS THE PAPER

Cpl. Bill Watkins, now "somewhere in New Guinea" writes to say that he is receiving The Tribune, although it "is a month or a month and a half late." He goes on, "We have to have foxholes over here and it rains most of the time. I have gone through mud over my knees, and through brush and grass over your head. . . Sure will be glad to sleep in a good bed once more."

## Relief Kits Shipped

Eighteen kits containing medical and food supplies for Russian war relief were shipped this week by the local Baptist Church. Each kit also contained a message of greeting from the local Church, including appropriate verses of scripture. Baptists of the south have shipped over 250,000 of these kits for relief of war refugees in the Russian war theatre, Rev. W. C. Wright pastor, said.

## Mothers To Be Guests

Mothers of the girls of the home-making department of the Texico school will be guests next Tuesday night, when the students entertain with the seasonal Mother-Daughter banquet at the schools. Plans for the affair are being completed this week under the direction of Miss Maude Pearson, sponsor.

## Visit Here

Sgt. and Mrs. Bill Anderson of Childress, have been visiting in the home of her sisters, Mrs. Lester Vincent and Mrs. R. B. Summers for the past two weeks. Sgt. Anderson is stationed at the Childress bombardier-school.

## Play Date Changed

Mrs. Ruth Joss, director of the Farwell senior class play, announced today that the date of the presentation had been changed from April 14 to April 21, due to conflict with a meeting at the local Baptist Church.

## Luther Memorial For Baylor College

BELTON—One thousand dollars for the establishment of a memorial to Dr. and Mrs. John Hill Luther has been left to Mary Hardin-Baylor College in the will of their daughter, Mrs. Zollie Luther Jones, Waco, who died last year. Announcement of the memorial, the fourth to be established for outstanding individuals who have been connected with the college during its 99 years, was made this week by President

**RED + PHARMACY**

Gordon C. Singleton.

An additional \$100 gift for the memorial also has been made by Miss Doris Jones, daughter of Mrs. Jones and former student of the college.

Dr. Luther was president of Mary Hardin-Baylor from 1879 to 1891, having been president when it was moved from its original site at Independence to Belton in 1886. He also is remembered for having written the Baylor Hymn, outstanding college song.

Bedford and Cherry Anne Forrest, of Hereford, visited in this city over the weekend.

Mrs. Gene Lovelace, Mrs. Jimmie Clements, Mrs. Thurman Terrell, Mrs. Woodrow Lovelace and Mrs. Lee Bradshaw were Lubbock visitors, the past Thursday.

Victory is Everybody's Job.

**Wanna Lobster, Mister?**

This little Indian boy dived into the sea and returned with this lobster, which he graciously offers to Pvt. H. Fordy, of County Durham, England. The village to which the little turbaned lad belongs was recently visited by 50 British soldiers, who fished the fishing hamlet, hundreds of miles from anywhere, and were later entertained by the villagers.

**Great Britain's Mighty Midget**

This picture shows the recently famous British three-man Midget submarine of the type used in the attack on the German battleship Tirpitz, which was in hiding in a Norwegian fjord. The mighty little subs successfully launched torpedoes at their giant enemy. There is every reason to suppose that the Tirpitz was seriously damaged. She was injured under water and has been ineffective since.

**Friona Wins--**

other of thrills, with the score at 19-21 in favor of the Oklahoma Lane squad. Lazbuddy was hurt by the absence of Steinbock, but stayed within striking distance throughout. Brown missed a crisp shot in the last five seconds that would have tied the game. Christian was high with 9, and Barnes had 10.

The Farwell-Friona game was a surprise to all concerned, with the first half being exceptionally close. Norwood and Reid split scoring honors for Friona, with 12 and 14 respectively, while Donald Summers led Ferwell with 8. Score, 46-22.

**Win Over Bovina**

Farwell's final game of the meet gave them a win to take third rank, with a 20-17 score over Bovina. The game was close throughout, with Bovina able to hit most of their shots while Williams missed a large number of set-ups for the locals. Sprawls turned in his best game of the tournament at guard, and held Moore down to 4 points. The Summers brothers did the principal scoring, with Donald having 7 while Clarence had 6. Phillips did nice work under the basket against Bovina.

The Friona-Oklahoma Lane clash wound up the three days of play, with the outcome never in doubt. Reid scored 14, Norwood 12 and Roden 8. Meeks took 7 for the losers. Final score, 20-52.

Due to the fact that the trophies had not arrived Saturday, they will be mailed to the teams later.

**DEADLINE ON TAGS NEAR**

Officials at the tax collector's office called attention today to the approaching deadline for the purchase of 1944 license plates for automobiles and trucks.

"Anyone caught without the new plates on and after April 1st will be subject to arrest," it was announced. Purchase of new plates has been "about normal" with quite a number yet to be placed in the hands of operators between now and midnight March 31st.

We'll do our best to handle your needs. But for best chicks and preferred service, better place your order NOW!

**WE OFFER...**

**Soldiers Present Show Over Lubbock Station**

SPAAF, LUBBOCK—The best in popular music, presented by some of the best soldier talent available is featured weekly over the "Winged Commando Show", half hour radio broadcast at 7:30 each Monday night over station KFYO in Lubbock.

The show is broadcast in the post theater at South Plains Army Air Field.

The "Swing Commandos" from the 629th Army Air Forces Band is composed of former professional musicians who have played with many prominent "name" bands, and featured vocalists on the program have included Brunette Harper and Ginny Anthony, both youthful Lubbock girl singers; Staff Sgt. John Bissell, former Radio City guest star; Cpl. Pat Barry, "swoon crooner" from Chicago's gay white way.

In addition the program spotlights the experiences of soldiers who have just returned from overseas duty and interesting angles of training at SPAAF, the nation's largest glider pilot training center.

**CENSUS IS SUCCESS**

Rev. W. C. Wright, local Baptist pastor, announced today that the religious census which was taken Sunday is about completed. He expressed his appreciation for the fine cooperation of the public in making the census a success. The purpose of the census was to contact each resident of the community as to religious affiliation, and to enlist more people in attendance of church services.

**PERSONNEL CHANGE**

A change in personnel will be effected in three local offices this weekend. Mrs. D. K. Roberts is resigning as secretary at the Capitol Freehold office, to be succeeded by Mrs. Frances King. Mrs. Lee Bradshaw, now employed at the J. D. Thomas office, will take over the duties of Mrs. King at the AAA.

**Ceramics Industry Is Predicted For Texas**

AUSTIN—Superior raw materials, prospects of an ample post-war labor supply, adequate fuel and low investment costs, make the state a "natural" for a ceramics industry after the war, Dr. F. K. Pence, associate director of the University of Texas Bureau of Industrial Chemistry, has announced.

"Texas has large natural deposits of all sorts of superior clays—for whiteware, earthen ware, hotel china, glassware, porcelain, floor and wall tile and art pottery," Dr. Pence asserts.

Ceramic studies have been made since 1940 by the industrial chemist, who reveals that a market in Texas alone would reach \$10,000,000 annually, and there is no reason why sales should be confined to this state.

Development of small ceramics factories scattered throughout Texas would help solve post-war employment problems and can be set up at comparatively low costs, ranging from \$5,000 up.

Factories employing up to 100 workers, located at strategic fuel and transportation points—all important in this industry—could have the clay materials shipped from all parts of the state.

**CAR DAMAGED BY FIRE**

An old car belonging to T. A. McCuiston was slightly damaged by fire, Monday afternoon. A short is believed to have developed, causing the fire. McCuiston said that only the upholstery and battery were damaged.

**DADDY HAYNES ILL**

J. W. Haynes, 81, of this city, has been ill since the latter part of last week, when he was stricken with a heart attack. He was reported to be somewhat better early this week. His son, Will, was called here from Canadian by his father's illness.

**No Excess Of Sugar Ration Officials Say**

"The sugar supply situation is still tight," Regional OPA administrator Max McCullough declared today, "despite mishandling of information on the subject which has led the public to believe there will be a surplus this year." McCullough pointed out that previous statements attributed to another agency in charge of production and supply, to the effect that there would be a sugar surplus in 1944 of 1,800,000 tons brought about this erroneous idea.

"We have asked ration boards to issue sugar for home canning purposes as sparingly as possible this year," he said. "We realize that we can't hold down the average to 10 pounds per person on the basis of misleading information which has been widely disseminated."

"The true sugar supply picture is that this nation will have a total of 6,529,098 tons of sugar for use this year by all civilians, the armed forces and our allies, and more than 1,000,000 tons will go into the manufacture of industrial alcohol for war purposes. The share for civilians this year is approximately 5,074,906 tons, or 6% less than the 5,400,000 tons consumed by them in 1943."

**Victory Garden Contest Launched By Santa Fe**

Santa Fe Railway Company employees and their families are eagerly enlisting in the victory garden contest following announcement today by President E. J. Engel that the annual competition with \$2000 in war bonds and stamps as prizes will be sponsored again this year.

"Quotas this year have been set at 22 million victory gardens for the nation with a production aim of 10 million tons of food," Engel said. "This is a challenge to every amateur gardener."

"The War Food Administration considers the victory garden a great asset to the food production program, second only to the tremendous job the farmers are doing. We hope to surpass the splendid record last year when gardening done by employees won the victory garden plaque, highest award of the national Victory Garden Institute."

Employees entering the contest will be required to submit an essay on "Food Fights For Freedom". Employees on each of the four grand divisions of the railway system are urged by their officers to do their utmost in supplying foodstuff for the home front.

G. C. Jerris, general manager of the Western Lines, which embraces this territory, is asking each employee to uphold the honors of the territory. Several employees on the Western Lines last year won coveted honors. Company property along the right-of-way may be used by employees for gardens.

**MAKES BROWN SUGAR**

COLLEGE STATION—A Jasper County demonstration clubber, Mrs. Charlie Parker, recently showed her neighbors how to make brown sugar. Ten pounds of sugar Mrs. Parker showed were quite similar to the commercial product. She made it from two gallon buckets of syrup which had thickened. The syrup is allowed to drip through a sack or colander until only crystals remain. These are crushed with a rolling pin. The drippings are used in cooking.
