

Nazis Take Time Out From Retreat to Eat

The crew of a German field gun have stopped their retreat long enough to partake of some much-needed food, on the Russian front. These men of the super race do not seem very happy about the fix they are in with the Red army hot on their frozen trail. This picture was received in London from a neutral source after appearing in an Axis magazine.

Rev. Wright Heads Paralysis Fund Drive

Rev. W. C. Wright, pastor of the local Baptist Church, has been selected to head the March of Dimes drive in Texico and Farwell, it was announced here the latter part of the week.

Rev. Wright has already begun a campaign in the interest of the fund to fight infantile paralysis, which is being conducted on a nation-wide scale. He has already made a number of speaking engagements in the interest of the campaign and stated today that receptacles have been placed in local business houses to receive contributions.

It has been decided that since all local contributions in this drive go into the same fund, the local community of Texico-Farwell will be handled as one unit, with all the money raised being reported through Rev. Wright.

Dates To Remember

Got your calendar handy? Then check these dates on it, they'll probably come in handy during the next few weeks when you wonder about ration stamps and other pertinent details of war life.

Jan. 31—No. 10 sugar stamp expires.

Feb. 1—No. 11 sugar stamp becomes valid, good for purchase of 6 lbs., valid for 6 weeks.

Feb. 6—No. 28 coffee stamp expires.

Feb. 7—No. 25 coffee stamp goes into use, good for 1 lb., valid for five weeks.

With no specified deadline given, institutional coffee users are told that they must make application for the next regular allotment by the end of this month.

Deadline Nears On 1942 Tax Payments

If you have not paid your taxes for the year 1942, you have the remainder of the month to attend to this matter before deadline on Jan. 31. After that date all unpaid taxes for the past year become delinquent.

After becoming delinquent, interest will be added to your taxes at the rate of one percent each month, so long as such delinquency continues, until July 1st, after which date an eight percent penalty will be added.

Attaches at the collector's office stated today that payments up to date had been "possibly above the average", but it was noted that many taxpayers of the county will have to step up during the remaining days of the week if they are to stave off the delinquency charges.

Find No Trace Of Two Missing Flyers

With no tangible clue that might lead to the recovery of two missing flyers—Lt. James R. Caldwell of this city and his cousin, S-Sgt. Maxwell W. Caldwell of San Antonio—a party of three searchers returned to their homes here the latter part of last week after spending a week in the mountainous section of New Mexico and Arizona.

Those in the party were Sam Sides, Aubrey Brock and Bedford Caldwell, brother of one of the missing men. They encountered heavy snow in the state line regions of western New Mexico and were unable to reach many of the points they had planned to visit.

Belief was expressed by the searchers that the lost plane would be located in the Blue Mountain regions of western New Mexico or eastern Arizona. "All we could do was to inform the natives that the plane had never been found and encourage them to continue the search," one member of the searching party said on his return.

Lt. Caldwell and his cousin, S-Sgt. Caldwell disappeared on the morning of Dec. 26 in an attempted return flight to their base at Williams Field, Chandler, Ariz., after spending Christmas Day here in the J. R. Caldwell home.

SWITCHMAN INJURED

Chas. C. McAvoy, switchman on a local freight between Clovis and Amarillo, was injured at the local freight depot Tuesday morning and was removed to the Santa Fe hospital in Clovis for treatment.

McAvoy was hurt when a crated bedroom dresser tumbled out of a box car door and struck him on the head and shoulders as he opened the car door to unload some freight at the local freight house. He was standing on the ground and the crated furniture tumbled from a high stack in the car. The extent of his injuries was not immediately learned.

The Chinese used umbrellas 3,000 years ago, so borrowing must be an old, old custom.

Subscription Offer To Close On February 1

This is the final week in which you will be given an opportunity to take advantage of the special subscription offer, details of which are published on the second page of this issue.

During the remainder of the present week, we will send you The State Line Tribune for one year, The Progressive Farmer for five years, and a 32-piece crystal luncheon service, all for only \$3.98. This is by far the biggest subscription offer we have ever made available to our readers.

Many have taken advantage of the offer during the past three weeks since it was first announced. This offer applies to both old and new subscribers, and will positively be withdrawn on Feb. 1.

Subscription statements were mailed to more than 200 subscribers last week. They, too, may take advantage of this special offer by remitting \$3.98 instead of \$1.50, which is the regular subscription price to The Tribune for a year.

County Bond Quota Hiked For January

Parmer County will be expected to buy \$16,900 in War Bonds and Stamps during the month of January, it was announced here today by G. D. Anderson, chairman of the War Bond Committee.

He added that more than \$8000 had been placed up to the latter part of last week in the county, and predicted that the county would reach its quota for the month.

The January quota is \$1700 higher than the quota for the past several months, Anderson said.

The man who referred to his wife as a human dynamo meant that everything she had on was charged.

C. R. Elliott, of the firm of Gaines & Elliott, was elected as president of the Bovina Chamber of Commerce at the annual election of officers held on Monday evening. Elliott succeeds Fred Henry, who served the Chamber the past year, and who presided over the session Monday night.

Along with Elliott, J. T. Hammonds was chosen as secretary-treasurer and Bill Eberling was named as vice president of the organization.

The election followed a steak supper, prepared and served by Mrs. Joe Langer, assisted by her daughter and other young ladies.

In retiring as president of the body, Henry praised the people of Bovina for the cooperation they had given him during his tenure of office. He cited a number of worthwhile projects the Chamber of Commerce had been directly responsible for, including the establishment of a permanent maintenance crew of the State Highway Department and the creating of a roadside park near the city.

In taking over the duties as president, Elliott immediately launched into a program of suggestions that would help to increase the effectiveness of the organization. It was decided to continue holding the meetings each second and fourth Monday evenings at the Chamber of Commerce building.

Plans for installation of permanent fixtures to be used in entertainment and luncheons were outlined by the new president, and committees were named to take up these projects.

Mrs. Will Nittler and W. O. Cherry were named as a committee to arrange programs for the next two months.

Thirty-eight men and women of Bovina were in attendance at the meeting.

4-H Classifications Granted 242 Locals

A grand total of 242 Parmer county registrants were taken out of other classifications and placed in class 4-H at the regular weekly meeting of the Parmer County Board, held last Saturday.

The 4-H classification was given on the basis of the fact that the registrants had attained their 38th birthdays, which eliminates them from military service under present regulations.

Other classifications given during the session included the following: 1-A, 17; 2-B, 2; 2-C, 10; 3-A, 1; 3-B, 5; 4-A, 7; temporary 1-A, pending first physical examination, 5.

Those scheduled to report for their first physical check-ups are: Alvin J. Hudson, Calvin E. Young, Duke M. Baker, Howard R. Looney, Robert F. Owens.

HURT IN FALL

O. B. Pipkin, who is employed in defense work in Amarillo, sustained a rather severe back strain the past week, when he fell while at work. Mrs. Pipkin and son, Donald Joe, spent the latter part of the week with him in Amarillo.

Texico Cow Tops All Production Records

According to the records released this week by W. J. Hardy, secretary of the Milking Short-horn Society, Chicago, Sunshine Beauty, owned by John R. Hadley Jr., of Texico, tops all senior yearlings in both milk and fat production.

The current yearbook of the Milking Short-horn Society contains 1015 new records made from June 1, 1941 to July 1, 1942.

Sunshine Beauty, the Hadley cow, had a record of 9100 pounds of milk and 364.48 pounds of butterfat during that period.

Hadley also had two other cows and one bull which received the Record of Merit during the past year. They are Alfadaie Dorcas, and Juliet Choice and Waterloo Clay Princess. His were the only Short-horns in New Mexico to receive the Record of Merit recognition.

Hadley's Short-horns have been winning many honors in showings made by him during the past few years in the show rings of this section.

Twenty-Four Selectees Go To Lubbock, 3rd

Mrs. Bessie Lee Henneman, clerk of the Parmer County Selective Service Board, today released names of twenty-four county selectees who will leave here the afternoon of Feb. 3 for Lubbock, where they will receive their final type physical examinations before being accepted as material for military training.

These men have been ordered to report to the office of the local board at 4 p. m. Feb. 3. They will depart that afternoon for Lubbock, where they will undergo examinations the following morning.

In the list are: Charles Fred Holland, Leon Hall, Charley Arley Stone, Fred Gus Langer, Orville Lee Burgess, William Robert Brand, Joe Justo Gomez, Condy Garland Billingsley, Irvin Lilvus Rhodes, Horace Guy McLean, *Champ McC Landrum, Herbert Williams, Sam Austin Young, Andrew Troy Kersey, Thomas Glen Paine, Vance Cleveland Eason, Robert Edward McGlothlin, Harold Fred Barker, Jr., Robert Louis Burford, J. W. Miller, Thomas Charles Hartwell, Charles Dale Hurst, Albert Max Kriegel, Ralph Lee Wiley, **William Morgan Billington.

*Listed, but induction postponed until end of high school term.

**Postponed from January call.

TO PREACH HERE SUNDAY

Rev. J. J. Spurlin, son of Mr. and Mrs. Jerry Spurlin of Texico, will occupy the pulpit at the Methodist Church next Sunday evening, Pastor Paul H. Tripp announced today.

Rev. Spurlin is now on the Portales circuit, where he serves four rural churches. He announced that he was taking advantage of the Fifth Sunday in this month to come home.

COMMISSIONERS MEET

The Parmer County Commissioners Court was in session here Monday. Aside from the regular routine of paying current bills and approving the minutes of the previous meeting, only two orders were passed.

J. S. Potts of Bovina, court members revealed, had asked the court to name him justice of the peace there. His suggestion was accepted and Potts was named. After the order had been passed officially naming him as Bovina justice, Potts called over long distance and advised the court that he had decided he was not interested in the office. Which meant that the original order had to be rescinded by an original order.

Clerk Roberts explained that since neither action had been transcribed into the minutes, "I just scratched it out".

Staggered Schedule For Tire Inspection

A revised schedule has been issued for tire inspection of all vehicles, Chairman John Armstrong of the county ration board, said today.

In order to avoid overlapping or inspection periods, a staggered schedule has been prepared. This, officials believe, will relieve the load now put on official tire inspection stations, and will permit the vehicle owner to comply more conveniently with inspection requirements.

Holdings of A cards must have first tire inspection by March 31, with subsequent inspections every six-month period. B book owners have until February 28 for their initial inspections, with a repeat every fourth month.

C or bulk operators will be subject to the most frequent checkups, with the first to come not later than Feb. 28 and subsequent inspections every three months.

Official Inspectors Listed
Official inspectors for the county are:

O. C. Sikes, Claude Darr, W. H. Lindsey and Jim Hughes, Farwell; Alvin Gaines, W. D. Eberling, O. W. Rhinehart, Clifford Leake and Elton Berry, Bovina;
Cayson Jones, Elroy Wilson and W. L. Edelman, Friona;
R. F. Jones, Hub; W. C. Neill, Black; Geo. E. Taylor, Lazbuddy.

IN HOSPITAL

J. H. Nabors, 81-year-old father of Mrs. E. F. Lokey and Mrs. Ed Muckelroy, was taken to a hospital in Clovis last week, where he is under treatment. His condition was announced as "not so good" today, after a week's confinement in the hospital. A general, weakened condition, brought about by his advanced years, is understood to be his trouble.

The machine gun manned by James Bruce, brother of Mrs. Moss Glasscock of this city, accounted for the destruction of an even dozen Jap planes before his ship, the heavy cruiser Northampton, was sunk off Guadalcanal during the night of Nov. 30.

Sticking strictly to his usual mannerism, Bruce was extremely non-committal about his experiences unless in response to direct questions from the audience that sat with intense interest for 45 minutes to hear him relate his experiences.

Bruce was explaining how a torpedo plane lays its charge on the water, "about 1000 feet from the ship" and went on to add that the plane makes an excellent target as it banks to escape the fire from the ship. "It's just like shooting a duck," he said.

In response to, "Did you ever down any of the Jap planes?" Bruce nodded his head in admission. Then quickly followed the next question, "Could you tell us how many?"

"Well," Bruce explained, "you see, you get a Jap flag painted on your gun every time you down a Jap plane." Then he hesitated and added, "There were 12 flags on my gun when our ship was sunk."

This modest admission on the part of the Farwell survivor of every major naval engagement in the South Pacific came after the 23-year-old lad had been responding to questioning for the greater part of an hour. His admission of the destruction of the 12 Jap planes brought a hearty hand-clapping from the audience.

Bruce recounted his experiences from the time war broke out until his ship was sunk.

Following his appearance, the suggestion was made that the Club present the young man with something in appreciation of his visit, and a collection of \$27.20 was given Bruce.

Other Phases Discussed
Previously in the evening, other local men spoke and made announcements of importance to club members. Rev. W. C. Wright spoke on the infantile paralysis drive, explaining that 40% of the money collected in the March of Dimes could be retained to combat the dread disease on the local field.

John Armstrong, chairman of the Parmer County Rationing Board, said that as yet his office had no definite information on issuance of Ration Book No. 2, which is soon to be used in the purchase of a majority of foods.

H. Y. Overstreet reported that the Texico-Farwell community had been asked to furnish one of the day rooms at the Clovis Air Base. He estimated that \$800 to \$1,000 would be needed to equip the room and said that he was making splendid progress in the raising of the fund.

John Martin, director of the AAA program in Parmer county, explained that the Triple A program this year would be geared to food production and warned not to over-plant on cotton and wheat. Soy beans will be the war crop for this county, he said, and added that \$236 acres had been assigned Parmer.

Martin said that the price for soy beans in 1943 promised to be even better than last year. He went on to state that farmers could plant layout across this year and sell the products. Concluding, he said that the

(Continued on last page)

Cattle Grubs Cause Heavy Losses

Stating flatly that "producers may expect to be docked as much as \$3 on grubby calves this year" when stock is marketed, County Agent Garlon A. Harper today urged all Parmer county farmers who have noticed infestation of grubs on either market or dairy cattle to "get busy at once".

"Heretofore," the agent said, "the packers have not docked a producer a great deal when cattle are grub-infested. This year, however, the War Department is refusing to accept leather which grubs have marked with holes, and the producer may as well be prepared to face a stiff cut in price if his cattle obviously are in bad shape due to the grub."

Although preliminary treatments against grubs should have been begun in December, it is possible that by dipping, spraying or dusting with proper insecticide now that the grubs may be killed and holes in the hides of the animals will have time to heal before market time.

Harper explained that it is impossible to get at the grubs before they cut through the hide of the cattle, but added "every day the treatment is delayed after this occurs just means less market return".

Departmental tests have proven, he pointed out, that grubby cattle use 15% more feed to fatten, and a grub-infested dairy cow will give 15% less milk than a cow freed from infestation.

Plan Dipping Vat

Definite arrangements are going forward this week to charge a dipping vat in the Lazbuddy community, where a good number of farmers have stated that they intend to treat cattle immediately.

Harper suggested that for the farmer who has only a small number of cattle it might be more economical to treat them at home.

In this connection, he said, a pound-for-pound mixture of 5% rotenone and wettable sulphur should be made, put in a fruit jar with holes in the lid, dusted over and

rubbed into the backs of cattle.

Farmers who have larger herds may prefer to use the spray or dipping method, he stated, although one farmer individually dusted his 20 cows in a comparatively short time.

For proper results, the treatments (no matter which method is used) should be given cattle three times before marketing time.

One point in favor of treatment, Harper pointed out, is the fact that the heel flies responsible for the grubs do not travel much. In other words, one farmer may treat his cattle and rid them of the grubs without fear of recontamination from nearby herds.

"When we stop to consider that we can lose up to \$3 per head on cattle because of grubs, when eradication of the pest will not cost more than 15c per head, it is unthinkable that Parmer county producers allow their cattle to go untreated," he concluded.

The State Line Tribune

PLEASANT HILL

Mrs. Dora Moorman came home from the hospital in Amarillo, Tuesday.

Mrs. Maggie Bell left Saturday night for Sheppard Field to visit her son, Elvis, before he was moved.

Mr. and Mrs. Alvis Bell spent the weekend with her parents, Mr. and Mrs. Spencer Jarrell.

Mrs. Melugin has been returned from Amarillo, but is confined at Memorial Hospital in Clovis.

Mrs. Vanderpool is seriously ill and has been taken to Clovis.

Mrs. Kimbrough, the county supervisor, visited school Friday.

Mr. and Mrs. Pearl Singletery and daughter visited Mrs. Moorman Tuesday night.

Mrs. Maggie Bell received word of a new granddaughter, born in California to Mrs. Novella Harrison.

(Too Late For Last Week)

Mrs. Moorman, who was operated on last Monday in Amarillo, is reported recovering nicely.

Mother Melugin was taken to a hospital in Amarillo last weekend.

The sick list in this community increased this week. Marjory White-ner, Charline Buchanan, Jerry Gra-

ham, Betty Jo Moorman, Jeanine Singletery and Billy Glenn Parker are confined.

The young Rev. Bradford has been called to serve the First Baptist Church. He is a student of the Clovis High School.

Buck Ellison lost five yearlings from "blackleg" last week, with a resulting epidemic of vaccinations among herds in the community.

OKLAHOMA LANE NEWS

(Too Late For Last Week)
James Lee, in the U. E. Navy, is visiting his parents, Mr. and Mrs. P. A. Lee.

Walter Hurst, of the Army, is on furlough and is spending this week in the home of his parents, Mr. and Mrs. Warney Hurst.

Mr. and Mrs. Henry Fenley, who have been in Elk City, Okla., the past few weeks, have returned.

Mr. and Mrs. George Roberts, who have been ill for the past week, are very much improved.

The Thursday Club met in the home of Ms. Keith Pigg with the following present: Mesdames Effie Kennedy, Minnie Jones, Oleta Sudderth, Mildred Vincent, Ollie Mae Summers, Jean Paine, Katie Lindop, Golma Hubbell and the hostess. The next meeting will be in the home of Mrs. Summers, Feb. 19.

The first quarterly conference of the Methodist Church was held Sunday with the district superintendent, Dr. House of Amarillo, conducting the services.

Word has been received that Ace Cummings, Jr., cousin of Bill Hubbell, has arrived safely at his home in Newburg, Ore. A member of the Navy, Cummings was in Pearl Harbor when it was bombed, and it was thought that he might be lost.

Obituary

Mrs. Minnie Patton, daughter of Mr. and Mrs. Jesse Mann, was born March 11, 1906 and died Jan. 6, 1943, at the age of 36 years. She was uni-

ted in marriage to Frank Patton in 1931, and to the union was born Donald and Barbara Ann.

Survivors are her husband and children; six brothers, Arthur and Henry Mann of Apache, Okla.; Parker Mann of Bovina; Roy Mann of Abilene; Jesse Mann of Savanah, Ga.; and J. V. Mann of Los Angeles; four sisters, Mrs. J. J. Faris of Rochelle, Tex.; Mrs. J. L. Stanley of Oden, Tex.; Mrs. Oscar Chenault of Fort Worth and Mrs. J. W. Wade of Wichita Falls.

Funeral services were conducted by A. T. Kersey, assisted by E. J. Speegle, pastor of the Bovina Baptist Church. Pallbearers were Ray Griffith, W. B. Wagnon, Eddie Lain, Glenn Yonaka, Melvin Bass and Arthur Crow.

LEGAL NOTICES

Notice for Bids County Depositories

Notice is hereby given that the Commissioners Court of Parmer County Texas, will at the February term thereof, on the 22nd day of February, A. D., 1943, at 10:00 o'clock a. m., at the Court House in Farwell, Texas, receive sealed proposals from any banking corporation, association or individual banker in such county that may desire to be selected as the depository of the funds of such county, County Funds, School Funds and Clerk's Trust Funds.

Said sealed proposals shall be filed with the County Clerk on or before 10:00 o'clock a. m., of Monday, February 22, 1943, at his office in Farwell, Texas. The proposal submitted shall state the rate of interest offered on average daily deposits of the Trust Funds of the County and District Clerk, for the term between the date of the bid and the selection, designation and qualifications of another depository. Said bids shall be accompanied by certified check for not less than one-half of one per cent of the average daily balances of the amount of the trust funds in the possession of said clerk during the preceding calendar year.

LEE THOMPSON,
County Judge of Parmer
County, Texas.

Point Rationing To Be Discussed, 11th

Special meetings are announced this week for Ration Boards in this area for the early part of February, at which time administrators will be given definite information regarding point rationing, expected to begin within a few weeks.

Parmer county board members, according to Chairman John Armstrong, will be in attendance at the Plainview meeting, on February 11.

Through these meetings, officials state, local boards will be prepared when the date for issuance of war ration book two, and the date for the new system of rationing, are announced.

Hits Processed Foods

Virtually all commercially processed and vegetables—including those bottled, canned, frozen and dried—will be covered in the new rationing. In addition, meat is definitely scheduled to appear on the list, and there are indications that dairy products may be next in line.

Ration board officials are not the only ones who will get definite details about the new system, OPA states, explaining that retailers will be furnished with specific information, in order that they may also be prepared.

No Names Filed In Texico School Vote

W. L. Freeman, town clerk, today announced that as yet no candidates had been filed with his office for a place on the ballot for the forthcoming school election when two school trustees are to be elected for the Texico school district.

Freeman said that successors to Wesley Engram and S. C. Hunter were to be selected, and gave it as his opinion that Engram would consent to be returned to office. Hunter, he said, had expressed himself as desirous to retire, in which event his successor will have to be chosen.

The election will be held on Feb. 9 and voting will take place in the Town Hall.

BELIEVE BARLEY NOT HURT

Some speculation was being indulged during last week relative to the safety of the large acreage of barley planted in this area. Some expressed the belief that the subtemperatures experienced last week might have winter-killed a large portion of the crop. Observing farmers, however, among them Olan Schleuter, reports that his barley crop was killed to the ground last year but it came out and produced 40 bushels to the acre.

It is better to slave now than be enslaved later. Give your scrap metal to the army now.

ABOUT KEEPING MILK

COLLEGE STATION—Homemakers have been inquiring how to keep milk—whether after the cream from the top has been used to pour the milk into a clean pitcher or leave the remainder in the original bottle. Louise Bryant, specialist in home management for the A. & M. College Extension Service, answers by saying the original bottle is the best container for milk. The supply should be kept covered in a refrigerator. Left-over milk should not be poured back into the bottle, but should be kept separately and used promptly. It is also inadvisable to mix new milk with old, except for

immediate use.

★ All of us on the Santa Fe tip our hats to our passengers . . . and say "thank you," sincerely, for your friendly understanding and cooperation, in accepting the travel inconveniences that sometimes occur these days.

With Santa Fe trains carrying an unprecedented number of military and civilian passengers . . . and hauling millions of tons of war material that *must* go through . . . we know that you, and every other patriotic American, fully realize that it is not always possible to maintain schedules with on-time regularity . . . or provide sufficient Pullmans, chair cars, or dining car service to accommodate civilian travelers as we did in peacetime days.

Today, all military traffic gets the right of way on the Santa Fe *all the way*—and we know that's the way you want it!

★ Please turn freely to your local Santa Fe Agent for help with your travel or shipping problems.

Let's All Pull Together

★ Military travel is mounting, and we need your help to maintain adequate civilian passenger service. ★ Make reservations and buy tickets early. ★ Carry least possible luggage, checking extra pieces to avoid crowding. ★ Vacate dining cars quickly after meals. ★ Travel mid-week, avoiding week-end rush periods.

Local Happenings

Carnival Plans Are In Final Stages

Final preparations are going on this week for the Mardi Gras Carnival which will be held in the auditorium of the Farwell school, Jan. 23, Miss Dorothy Shaw, junior class sponsor, said today.

Interest was running high in the race for designation of king and queen of the Mardi Gras, with the coronation of the principals to be a feature of the evening.

Jettonie Morris and J. W. Herington are the freshman delegates; Norma Jean Thomas and Glenn Phillips are carrying the sophomore colors, the juniors have entered Peggy Williams and Jack Knowles, and Dorothea Deaton and Smokey Gast are the senior nominees to the thrones.

Heralds for the coronation will be Joan Booth and Peggy Schleiter, with Pete Booth at the piano for the marches. Marilyn Claire Anderson, Theda White and Maxine Hughes will act as the court jesters; Jane Claire Overstreet and Ann Whitley serve as trainbearers and Jill Dunn and Virginia Carter act as flower-girls.

Muggins Graham has been named to do the actual "crowning" of the selected king and queen, while Tommie Ruth Shelley and Lucille Ramm will serve as crownbearers.

Booths of every description are being planned for the evening, Miss Shaw reports, indicating that practically are kind of amusement will be provided. Games of 42 and ping-pong are scheduled, while for the younger fry there will be a house of horrors, tunnel of love, a fish pond, doll rack and the new addition to every social gathering, a bond auction. Drinks and refreshments will also be served for nominal charges.

Miss Shaw reminded that the affair was not strictly a "costume" party but added that a prize would be given for the most outstanding dress of the evening.

The doors will be open at 8 o'clock, Thursday evening.

Business Meeting Held For Guild

A business meeting of the Wesleyan Guild of the Methodist Church was held the past Wednesday night, when Miss Jennie Lee London acted as hostess to the group.

Pledges for the year were taken and the group voted to sponsor a booth at the Mardi Gras carnival, to be held Thursday evening of this week at the Farwell school.

Literature for the year is being arranged, and it is expected that a study course will be launched at the next meeting, Feb. 3. Miss Hazel Anglin will be hostess at this time.

Attending were Mrs. Frances King, Miss Dorothy Shaw, Mrs. H. A. Redden, Mrs. L. S. Pool, Mrs. J. T. Carter, Mrs. Paul Tripp, Miss Hazel Anglin, one guest, Mrs. B. N. Graham, and the hostess, Miss London.

Visit Here

Mr. and Mrs. Jimmie Rogers of Amarillo, visited here the past week with friends and relatives. Mr. Rogers was enroute to Dallas, where he entered Naval service, and he was accompanied by Tyler by his wife and Annie Shackelford, of Friona.

Mrs. LeRoy Faville and daughter, Mikala Ann, are visiting relatives in Canyon this week.

Home Recreation Is Discussed At Club

"Recreation In the Home" was the theme of an excellent talk made by Miss Lilly Gentry, Bailey county home demonstration agent, Tuesday, when she appeared as guest speaker before the Texico-Farwell Woman's Club, the meeting being held in the home of Mrs. A. D. Smith.

Miss Gentry enlivened her talk with a clever quiz game which was enjoyed by members in attendance, and listed a number of entertaining games for "evenings at home."

During the early part of the meeting, Mrs. V. Scott Johnson spoke on home nursing, and Miss Mickey, field representative of the Red Cross from Chicago, also discussed this phase of work. Members voted to plan a home nursing class in the near future.

In line with the general theme, roll call for the afternoon was answered with "My Favorite Recreation." Mrs. Clyde Magness served as program chairman.

A salad plate was served to Mesdames F. E. Kepley, Sam Rundell, J. D. Thomas, B. A. Rogers, E. E. Booth, Clyde Magness, V. Scott Johnson, W. H. Graham; the guest, Miss Gentry; and the hostess, Mrs. Smith.

Recent Bride Honored With Lovely Shower

Mrs. Webb Gober, the former Miss Irene Sachs, was honored on January 16th with a miscellaneous shower in the home of Mrs. Floyd Schlenker of the Rhea community, with Mrs. Cordie Potts as co-hostess.

Pink and white decorations were used on the table. A miniature bride and groom stood in the center of the attractive pink and white wedding cake, while just above the figurines hung a horseshoe, as the symbol of good luck.

Several games were enjoyed and the hostesses served a lovely refreshment plate.

Those attending were Mrs. Gober, the honoree; Mesdames Sachs, Amelia Schlenker, Herman Schueler, Reis, W. R. Harington, Paul Koitzow, Vernon Estes, Elmo Dean, Henry Reynolds; Mrs. Steltzer of Hereford; Mrs. Charlie Lovelace of Farwell; Miss Evelyn Sachs of Hereford and Misses Veina Schueler, Louise Drager and the hostesses.

Gifts were sent by Mesdames Charlie Calaway, Paul Jones, L. H. Hoffman, Robert Calaway, Ralph Wilson, J. H. Drager, Max Wagner, Travis Brown, A. P. Loflin, Johnnie Schlenker, Eric Rushing; Misses Amelia Schlenker, Vergie Crowell, and Carl and Lucille Hoffman.

Attend Missionary Institute, 22nd

Mrs. Roy B. Ezell, Mrs. B. A. Rogers, Rev. and Mrs. Paul H. Tripp and W. H. Graham were representatives of the Hamlin Memorial Methodist Church at a special missionary institute, held in Melrose Friday.

Although the meeting began in the afternoon, the local group was in attendance only for the evening's program. They report an interesting meeting and enjoyable social hour.

Bobby Anderson and A. G. Acker, students at Texas A. & M., are here for a brief visit with relatives. They will return to college work today (Wednesday).

Tid-Bits »

Everyone has heard about the absent-minded professor, but how about the absent-minded parents? A local resident this week received a birth announcement, neatly addressed and bearing a Muleshoe postmark but the inside proved perfectly blank. Persistent inquiry revealed that a son had been born to Mr. and Mrs. Walter Moeller of Muleshoe. Probably Papa was so excited he figured addresses were enough.

This is a little late, but it's still good. Governed by all sorts of restrictions on packages, Mrs. Gabe Anderson searched all "hints" for a suitable gift idea for son Lt. "Penny" and hit upon one which suggested that the proper "bars" be sent officers. Thinking this a swell idea, Mrs. A. rushed posthaste to a store handling such items where she made her wants known—and then trouble began. The clerk called the floorwalker, the floorwalker called the manager, and finally Mrs. Anderson was confronted by practically the entire force, wanting to know if she had the necessary credentials to authorize her purchase. She admitted she hadn't the slightest idea such things were in order and the manager at last relented and let her have the bars. "However," she reports, "was so embarrassed that I'd gladly have gone home without them."

Fred Henry isn't quite sure whether or not he likes free garage work on his car. In Bovina a cold night, Fred discovered the heater wasn't working properly and struck an acquaintance, asking him to "fix it up". Hours passed, no car. It turned out that the boy took the car to the mechanical training class and when Fred located it, parts of the car were strewn all over the place. It proved that workers had blown out a fuse which operates the fan and had dismantled the entire works trying to figure out the trouble. Reassembled, the fan worked fine, but there is still no heat from the heater.

Mrs. Henry Curtis had her husband over the barrell, Tuesday. Buying just a tiny scrap of bacon in town, she reported, "Now I'll bet he kills one of those hogs!"

Girls Auxiliary Has Regular Meeting

On Jan. 15, the Girls Auxiliary of the Baptist Church held a regular meeting in the home of Mrs. John Lockhart.

During the afternoon a "penny march" was started. Several members showered Retha Howard Smith, who has gone to Salt Lake City.

Plans were discussed to have one social each month. Rada Morgan was elected treasurer and Bobbie Jean Breeze was elected program chairman.

Attending were Mrs. Lockhart, sponsor, Mrs. Baker, a guest; one new member, Marjorie Baker; and Harriet Baker, Rada Morgan, Bobbie Jean Breeze and Minnie Smotherman.

Faculty Has Party Tuesday Night

Members of the Farwell faculty and guests enjoyed a social Tuesday evening, when they had dinner in Clovis, followed by a theatre party.

Those in the group were Mr. and Mrs. J. T. Carter, Mr. and Mrs. Harry Whitley, Mr. and Mrs. Cooper, Mrs. Vidah Sartain, Mrs. A. W. Johnson, Mrs. Pat Terry, Mrs. Mildred Page and Miss Dorothy Shaw.

Rev. J. L. Pace of Portales and Rev. Engle Suthers of Clovis are directing a revival at the Pentecostal Church in Texico this week. The services are being held each evening, beginning at 7:45. Miss Mary Dishman, soloist and guitar player, is assisting and directing the music.

Max and Maxine Ford of Amarillo, visited during the weekend in this city. They formerly resided in Farwell.

Miss Loraine Landon, who is employed in Washington, D. C. is here visiting her parents, near Texico.

Mr. and Mrs. Gene Kistler and sons of Muleshoe were Sunday visitors in the home of his sister, Mrs. J. D. Thomas, and family.

Mr. and Mrs. Walter Moeller of Muleshoe announce the arrival of their firstborn, Ronald, on Jan. 21. Mrs. Moeller is the former Miss Beulah Kistler, sister of Mrs. J. D. Thomas of Farwell, and well known here.

Mrs. Mose Glasscock plans to leave early next week for the home of her mother, near Wichita, Kansas, accompanying her brother, James Bruce, who has been spending the past two weeks here in the Glasscock home after many months at sea.

NEWS FROM OUR BOYS IN CAMPS

WRITES FROM AFRICA

Writing his parents, Mr. and Mrs. G. D. Anderson, from Africa, Lt. G. D. Anderson Jr., (known familiarly here as "Penny") states, "there's nothing I can write about except my health and that was always perfect." Penny goes on to say that his group enjoyed pork for Christmas, having purchased the hog from a native farmer.

CALLED TO SEABEES

Jimmie Rogers, who was accepted for enlistment in the Construction Battalion of the Navy several months ago, received his call to report, last week. He was scheduled to appear in Dallas this (Wednesday) morning, from where he will be assigned.

NOW CAPTAIN JERSIG

Shelby Jersig, who is stationed at a Marine Base at Camp Edwards, Calif., was home the early part of the week on a brief furlough. It's now Captain Jersig, and his friends are mighty proud of his rank.

GETS HIS COMMISSION

Curtis L. Evans, former superintendent of the Oklahoma Lane schools, accompanied by his wife, visited with friends here this week. Evans received his commission as second lieutenant at Fort Sill, Okla., last Thursday, and is believed to be the first Parmer County registrant to be commissioned through the VOC. He left here Wednesday enroute to Chicago, Ill., where he will be stationed at the Stephens Hotel in the personnel division of field artillery. Mrs. Evans will proceed to Butler, Okla., where she will remain with home folks temporarily.

CPL. HURST HERE

Cpl. Walter Hurst, son of Mr. and Mrs. Warney Hurst of the Oklahoma Lane community, returned to his base at Fort Knox, Ky., the latter part of last week after spending a few days here with homefolks.

CRUME IS LIEUTENANT

Lt. Hugh L. (Buster) Crume arrived here the past Saturday to visit a short time with his father, C. E. Crume, and other friends and relatives. Buster has been assigned to Fort Benning, Ga. He recently completed officer's training at a camp in Virginia.

Move To Curb And Pave Main Street

A movement has been started to pave and curb at least four blocks of Main Street in Farwell. The plan calls for the property owners to put in the curb and guttering and the paving will be applied later.

The main object behind the movement is to rid Main Street of flood waters during heavy rains. New surveys were run this week and the proposed plan would turn the water east at the Sikes Motor company and west at the postoffice.

Mr. and Mrs. Paul Wurster, of Amarillo, visited here and at Portales over the weekend, returning to Amarillo Tuesday.

Demonstration Club Notes

By Special Staff Reporters

Hub Club

The Hub club met in regular session Jan. 22 with Mrs. R. F. Jones hostess. After a short business meeting a very interesting demonstration on "Evidence of Good Nutrition" was given by Miss Cunningham, agent.

The club agreed to meet in the home of Mrs. R. F. Jones on Jan. 22 to bake cookies for the USO at Clovis.

Refreshments were served to Mesdames Will Jones, S. L. McLellan, A. H. Boatman, E. B. Brannon, C. R. Owens, C. W. Boatman, John Thomas, G. A. Collier, R. F. Jones and two guests, Mrs. Dot Boatman and Mrs. Florence Benger.

The next club meeting will be February 12 with Mrs. A. H. Boatman hostess. A book review will be presented by a guest from some other club in the county.

Oklahoma Lane Takes Game From Bovina

The Oklahoma Lane high school boys' basketball team defeated the Bovina squad in a cage game Friday night, at Oklahoma Lane, by a score of 29-14.

Meeks of Oklahoma Lane was high point man with 13, while Hawkins of Bovina and Watkins of Oklahoma Lane came in for second with tallies of 6 each.

Reports are to the effect that the game was much harder fought than the score would indicate, with both teams showing splendid form at

times, and outstanding sportsmanship.

Rosedale And Texico Split Cage Games

Strongly contested cage games played on the Rosedale court the past weekend with Texico squads resulted in split matches; each school taking a win and a loss.

Scoring for the senior boys stood at 17-18 when the game ended, with Texico holding the one-point lead necessary for victory. Blain and Younger, of Texico and Rosedale respectively, were the leading scorers of the evening.

Coaches report that the game was exceptionally rough the first half, but settled down into a good contest during the final two periods.

In the second team game, Rosedale ousted the locals 13-14, coaches state. Lewis paced the Texico scoring and on the whole, the game was much smoother than the one turned in by the seniors.

Go To Clovis

Fans, however, are pointing to games this week which undoubtedly hold major interest over this area, when the Texico senior and junior teams contact Clovis, there, on Friday night.

Having beaten the Clovis seniors earlier in the season, the locals are preparing for one of the hardest-fought contests of the season.

NICE GIFT TO HOME

J. S. Glasscock was in last week and gave out the information that Muleshoe people did a nice thing for the Methodist Home at Waco on Christmas. He said that the cash offering raised there amounted to \$149.50 and that the farmers of that section donated a total of 30 tons of headed maize, for the dairy farm, in addition to the cash.

NEWS from

YOUR COUNTY EXTENSION AGENTS TEXAS EXTENSION SERVICE

By Garlon A. Harper
County Agricultural Agent
Texas A. & M. Extension Service

Our dairy improvement program in Parmer County is gaining strength every week. Now, many farmers are ready to buy some real high production record bulls and quite a few are ready to buy some foundation females. However, I am afraid there is one point that is being overlooked by many of these farmers. That point is testing for Bangs disease. Any dairy improvement program is headed for trouble when this item is overlooked.

The reason why Bangs disease can defeat such a dairy improvement program is that many of our farmers have never tested for Bangs and many of these dairy cattle are Bangs carriers. Unless these cows are tested and the reactors removed before bringing in other cattle, we are going to expose many of these better bred cows to Bangs by placing them in a herd with some Bangs-infected cows. We simply cannot afford to do this. Testing is relatively inexpensive and there is no excuse for keeping a Bangs reactor in the herd. Whether we bring in better cattle or not, these Bangs reactors should be removed from the herd because they are a constant danger to milk consumers and they are unprofitable because of the great loss of calf crop.

Farmers have either of two methods to follow in testing for Bangs among their cows. The first is to sign an agreement with the Bureau of Animal Industry and get their cows tested by a BAI veterinarian free of charge. The second choice is to have some private veterinarian test for a small fee, depending on the number of cows and cooperation of nearby dairy farmers in a broad program of Bangs testing.

It is the opinion of nearly all veterinarians that calfhood vaccination for Bangs is the best manner of permanently eliminating the disease from a herd. Such vaccination should be given when the heifer calf is from 4 to 8 months of age. Such vaccination is approximately 95% effective and the heifer is permanently immune to Bangs.

Let's not let this Bangs question stand in our way in obtaining better dairy livestock. However, let's be sure to take care of this obstacle by testing our cows, removing the reactors and vaccinating the heifers at the proper time.

Close Game Gives Win To Local Club

In a game that was "too close for comfort", the Farwell senior boys' cage team hung up another win Friday night, when they defeated Lazbuddy, 42-38. The game was played on the Farwell court.

Scoring was close the entire game, with Farwell grimly determined to take the match, since Lazbuddy had won a contest staged on that court earlier in the season.

Leading the basket hitters was Summers of the Farwell quintet, who looped in a total of 15 points during the game. Wilson and Roberts, both of Lazbuddy, tied for second-high honors with 10 each.

Will Play Bovina

The Bovina team will be host to the Farwell cage on Friday evening of this week, Jan. 29.

In a game played at Farwell previously, the locals came off victorious, and it was expected that Bovina would be "primed and ready to go" when the two squads meet.

Information Lacking On Gas Station Hours

John Armstrong, chairman of the Parmer County ration board, stated today that he had received "exactly nothing" concerning new rules governing the hours service stations may operate, as revealed last week-end in a news release.

According to the release, stations may offer service only 12 hours per day, or may elect to remain open 24 hours some days, providing they are not in operation more than 72 hours per week.

All stations are subject to the rule with the exception of those which habitually service transport vehicles, and gasoline may be sold by these operators only to "T" card holders after the regular 12-hour day.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending Jan. 23, 1943, were 19,216 compared with 22,847 for same week in 1942. Cars received from connections totaled 10,872 compared with 8,939 for the same week in 1942. Total cars moved were 30,088 compared with 31,836 for same week in 1942. Santa Fe handled a total of 34,401 cars in the preceding week this year.

4H Club Week Will Be Observed In Parmer

4H Club Week, which begins on February 6 and continues through February 14, will be observed by clubbers in Parmer county, according to Garlon A. Harper and Miss Elsie Cunningham, agents.

With the view of putting before the public definite details on the work Parmer club boys and girls are doing, Agent Harper stated that a traveling window display is being arranged at the local office.

During 4H club week, the display will appear in windows of prominent stores in Farwell, Bovina and Friona, it was stated.

Posters bearing pictures and information, as well as displays of actual work finished by the club members, will be arranged for the display.

Meeting At Oklahoma Lane

A special meeting has been called for tonight (Wednesday) to be held at Oklahoma Lane, at which time the possibility of staging a 4H club banquet will be discussed.

If the banquet is arranged, a feature of the evening will be presentation of medals to 4H club boys and recognition of outstanding girl clubbers. Further details will be announced following the meeting.

Records Must Be Kept If Operators Receive Sugar, Coffee Stamps

Blunt warning was given this week from the ration office to institutional users who have failed to keep records on meals served, to the effect that such negligence may deprive them of sugar and coffee allotments in the future.

Mrs. Webb Gober, attache in the office, said, "Heretofore we have been lenient about such records, but in the future we will have to 'crack down' on persons who persist in making application for allotments when they consistently neglect to keep records on the meals served in their respective businesses."

In the near future, when point rationing goes into effect, records will have to be kept by institutional users on practically all types of foods, and Mrs. Gober adds, "They may as well get in practice now, since 'estimates' will likely be refused on applications for allotments."

Coffee Allotment Cut

Another headache was dished out to such cafe, lunchroom and other like users with the announcement that coffee allotments in the future would be "40% of the base". No definite announcement has been made regarding the base months, but Mrs. Gober stated that she presumed it means September and October, 1942, adding, "We have been allotting coffee according to what the operators had used during that period".

Furthermore, the local office has been advised that institutional establishments not in operation between Sept. 1 and Nov. 21, 1942, will be allowed one pound of coffee to every 100 meals expected to be served, rather than to 60 meals, the old ruling.

Allotment periods will henceforth run two months, the new ruling reveals, rather than one month, and registration for the coming period should be made by the end of January.

Fred Barker, former Farwell resident, was here from Friona Monday, visiting friends and transacting business.

LOCAL SAILOR REVEALS HE SANK 12 JAP PLANES

(Continued from Page 1)
farm plan sign-up sheets would be ready for signatures in the near future.

Garlon Harper, county agent, explained that the Extension Service was "not a compulsory program, but one of cooperation to help you with your farm plan".

"We must produce more for the war effort and we want to help you," Harper said.

Martin Ezell, Bailey county AAA director, was introduced as a visitor. A number of other local visitors were present for the first time, with a total of forty in attendance.

Court Adjourns After Three Week Session

The Parmer County District Court adjourned Monday evening after a three week session, during which time the services of a petit jury was never required to clear up an extra light docket.

The case of the Shamrock Oil & Gas Company vs. Chester Sheets was called for Monday. Sheets failed to appear and the case was continued.

A jury commission, composed of David Harrison, Aubrey Brock and Carl Maurer, met Monday morning and selected the men who will compose the grand jury and petit jury panels at the July term of court.

MRS. SARTAIN COMES TO FARWELL SCHOOL

Mrs. Vidah Sartain will take over the English department of the Farwell high school on Monday of next week, Supt. J. T. Carter announces, succeeding Mrs. Clyde Barton.

Mrs. Sartain holds a B. A. degree from New Mexico Normal at Las Vegas, and has done graduate work in the University at Albuquerque. She has taught four years at Hatch, N. M.

No successor has been found to take the place of Mrs. Mildred Page, who will leave here Friday.

Supt. Carter recalled this (Wednesday) morning that Mrs. Sartain began work today, due to the illness of Mrs. Loren West.

There would be less noise in the world if our mouths worked only when our heads do.
