

WAAC Recruiters To Visit Parmer Co.

Lt. Ann Markusich, Women's Army Auxiliary Corps recruiting officer, and Auxiliary Ruth McLeod will visit Parmer county next week for the purpose of contacting local women interested in joining the ranks of the fast-growing WAACs.

Lt. Robert B. Curry will accompany the WAACs on their visit. The recruiters have announced schedules to visit all towns in the county—Bovina, Friona and Farwell on Tuesday, March 23rd.

Lt. Markusich and Auxiliary McLeod will present the opportunities of the women's army to those interested in Friona at the Star office, from 9:30 to 11:30 a. m.

In Bovina the aspirants may contact them at the postoffice between the hours of 12:30 and 2:30 p. m., while Farwell women interested may see the recruiters at the local courthouse between 4 and 5 p. m.

Applicants will be given an idea of typical WAAC life, including dress and other points, and Lt. Markusich urges that women who are interested in making application for the WAACs contact her and Auxiliary McLeod at one of the points mentioned next Tuesday.

Parmer County already has a number of women serving in the WAACs and it is thought likely that others will take advantage of investigating the opportunities.

Men's Club To Meet Thursday At Church

C. M. Henderson, president of the local Men's Club, when asked about the program for the regular monthly meeting of the Club on Thursday night, had no definite announcement to make with reference to the principal speaker for the evening.

Henderson said that he had made a number of contacts during the past week, adding, "so far every one of them has fallen through." He added that the program for the evening might be made up of local talent, observing "some of the best programs we have had come from our local people."

The meeting is open to all men of the community and no invitation is necessary. It will be held in the basement of the Methodist Church, as usual, and will get underway at 8 o'clock.

Chairman Henderson put out a plea for contributions of coffee to serve with the lunch. He asked that anyone having a spare pound of java bring it along, otherwise coffee might be left off the bill of fare.

Drinkers Exult As Java Ration Raised

Coffee drinkers cast cold eyes this week on re-boiled grounds after hearing the announcement that beginning on March 22 the one-pound-per-person ration allotment would last through only five weeks.

In the past, the ration period has extended through six weeks, and a good number of heavy coffee drinkers have been forced to either do without or use the grounds more than once during the final week of the period.

Dates for the coming stamp, No. 26 in War Ration Book 1 will be March 22nd through April 25th.

John Hadley To Show At Plainview Exhibit

John Hadley, Jr., breeder of registered milking shorthorns, announced today that he would show part of his herd at the Shorthorn Exhibit at Plainview in April.

Hadley stated that he would have five of his herd on exhibit at Plainview and that he would put two bulls and three cows up at the auction to be conducted the final days of the show, April 13.

The dates of the Plainview show are April 12 to 15, both inclusive. Hadley has one of the best Shorthorn herds in the country and during last year one of his cows received national recognition for her production record.

TIRE CHECKUP NEARS

Operators holding only A gas ration cards on their vehicles were reminded this week that they have only the remainder of March to secure official check-ups on their tires. Such inspection must be shown, otherwise forthcoming gas coupons will not be issued.

LAUNDRY CLOSES

The self-serving laundry which has been operated by Mr. and Mrs. S. G. Billington for the past four years was closed early this week. Failing health on the part of Mrs. Billington forced the discontinuation of the business. She is now in Lubbock recuperating in the home of her son, Victor, and receiving treatment at a hospital.

Many Take Advantage Of Subscription Offer

Quite a number of local readers have taken advantage of The Tribune's special subscription offer, announced two weeks ago, which will be open during the month of March only.

During this month, you may get this newspaper, The Progressive Farmer and a 32-piece luncheon set for only \$3.98, which is the most attractive subscription offer we have ever been able to make to readers of this newspaper. The offer will positively be withdrawn on April 3rd.

During the past week, according to a previously announced policy, all delinquent subscribers were dropped from the mailing list and will not receive The Tribune this week. A war-time regulation makes it compulsory that no delinquent subscribers be retained on subscription lists of any newspaper, and we have no choice in the matter.

If you do not care to have the combination offer at \$3.98, you may renew at the regular rate of \$1.50 for a year.

Graduation Dates Set For Schools

Graduation exercises which will come in May for both the Texico and Farwell schools are now under consideration by classes, with officials announcing that definite dates have already been set.

In Texico, Minister Lewis C. Cox of the Church of Christ has accepted the invitation to deliver the baccalaureate address to the group. Services will be held on Sunday, May 9th.

On the following Thursday night, May 13th, the class will hear the commencement address. H. D. Gosard, of Eastern New Mexico College, Portales, is to be the speaker.

Supt. B. A. Rogers announced that since there are only three seniors in the Texico school this year, arrangements were being considered to have both the high school and eighth grade commencement program at the same time.

Farwell seniors, on the other hand, will not wind up their activities of the year until a week after the Texico group. Baccalaureate services for the Texas students will be held on May 16th, with Rev. Paul H. Tripp, Methodist pastor, in the pulpit.

The class has asked Supt. J. T. Carter to deliver the commencement address, and this program will be given on the evening of May 18th.

Purchasing Rules For Seed Beans and Peas

Simplified procedure for purchase of beans, peas and lentils used for seed purposes in Region V have been outlined by the OPA as follows:

1. Retailer is authorized to sell such beans, peas and lentils for planting without requiring gardeners to surrender ration points. If the retailer's point inventory is depleted as a result, he will apply to the local board for certificate in amount equal to the points involved in the sales.

2. Wholesalers may sell beans and peas marked "for seed only" to retailer point-free. He will apply to state or district OPA office for adjustment of point inventory.

3. Processor may sell point-free to wholesaler. Beans and peas treated with a substance rendering them unfit for human consumption will be so labeled, and transferred point-free.

MEASLES IN TOWN

Quite a number of cases of measles have been reported in town and surrounding territory during the past week. Most of the cases have been confined to children, but all cases have been rather severe.

New Rationing Deal Starts March 29

Rural Sections Lead Red Cross Fund

First Aid Class to be Offered at Midway

A Red Cross First Aid course is this week announced for the Midway community and surrounding territory, being sponsored by the Midway home demonstration club. The first meeting will be on Friday, March 19th, at the Midway school, at 8:00 o'clock. The course will be taught by Fred Henry, a certified Red Cross instructor, and will feature two classes each week.

The classes will be open to men and women, according to the sponsors, and arrangements have been made for another course for children from 10 years of age and up. The course will be free of charge, only expense being 60c for a Red Cross First Aid Book. Persons who complete the course will be awarded Red Cross First Aid Certificates.

First aid is defined in the valuable course as "the immediate, temporary care given in case of accidents or sudden illness before the services of a doctor can be secured." The ever-increasing number of accidents occurring in this mechanical age makes accepted First Aid practices well worth the time given to the study.

Farwell Soldier Is Cited By President

In a letter addressed to Mrs. Bessie L. White of this city, Col. R. D. Hutchinson, of the 49th Fighting group somewhere in Australia, reveals that President Roosevelt has recently "cited the organization for distinguished services."

Col. Hutchinson adds that since Staff-Sergeant Gwynne White is a member of the group, "the citation is a personal one for him as well."

The acts that merited the citation are not revealed in the communication, but needless to say, Mrs. White is very proud of her son's personal citation by the President.

Recaps Are Urged For Truck Tires

Urging that truck operators maintain a careful check on their tires and have them recapped before they wear beyond the recapping stage, John R. Armstrong, chairman of the Parmer county ration board, reminded that quotas are not available to meet the demand for truck tire replacements.

Going even further, Armstrong warned that indications were that future new tire allotments for trucks would be based on the number of recaps issued in the county, and stressed that every operator take advantage of using recaps rather than asking for new tires, in all possible instances.

"In view of the rubber shortage, it stands to reason that recaps must be used more," Armstrong said, in issuing the appeal of the local board to truckers for their cooperation.

25 Cows, 30 Hogs Go In Farm Sale Friday

A. B. Morris of near Lariat is this week advertising a general clean-up farm sale to be held at his place 1 mile south and three-quarters east of Lariat on Friday, March 19.

Listed among other chattels to be offered at public auction are 25 head of good cows and 30 hogs, farming machinery, household goods, chickens and feed.

The sale is scheduled to get underway at 10:30 a. m., and will be in charge of F. F. Bozeman, an auctioneer of many years' experience, who has recently located in the Lazbuddy section. J. J. Williams of Muleshoe will clerk the sale. Lunch will be prepared and served by ladies of the Progress community.

A complete list of the items being offered will be found in this issue of The Tribune.

MOVES HOUSE TO TOWN

Hugh Tucker, local mechanic, moved his small dwelling house from Lariat this week and located it on some lots in Texico he recently acquired.

SUGAR STAMP VALID

No. 12 sugar stamp became valid for purchase of five pounds of sugar on Monday, March 15. Officials announce that the five pound allowance is not an increase in ration allotment, since it must last through eleven weeks.

Only Four Trustee Tickets Filed Here

County Judge Lee Thompson said today that up to now only four school trustee tickets had been filed with his office as candidates in the various county school districts for the elections to be held April 3.

He reminded voters in the remaining four districts of the county that filing dates for such tickets would close on March 23rd.

Candidates filed to date include the following: Oklahoma Lane—Alvin Kriegel and Buster Cochran, to succeed E. A. Berry and Jack Roach.

Lakeview—Dudley Robason to succeed himself. Farwell—Olen Schleuter, E. M. Deaton and W. H. Graham to succeed themselves.

Rhea—Boye Taylor to succeed Roy Bearden. The name of F. E. Kepley has been filed as a candidate to succeed himself as a member of the county board of education, which is the only county-wide candidate yet filed, Judge Thompson said.

War Fund Drive In Texico Still Lags

With three weeks of the campaign already passed, solicitors for the Red Cross War Fund in Texico today reported contributions lagging with little prospect of attaining the \$650,000 quota set for the city.

Mrs. LeRoy Faville, one of the three workers, estimated that not more than one third of the quota had been reached up to Tuesday night. She said that most of the people contacted had responded, but most of the contributions had been for small amounts. No contributions have been for more than \$10.00, Mrs. Faville said, with most of them ranging from one to two dollars.

Rev. W. C. Wright, who is also soliciting in Texico, could not be contacted Tuesday, but it was understood that he was making plans to make a canvass of the rural sections in behalf of the War Fund.

Persons desiring to contribute to the cause should see the Texico workers during the next few days. The campaign is scheduled to close on March 31st.

Crume Arrives Here To Manage Kemp Co.

Joe Crume, formerly of this city and lately of Roswell, took over the manager's duty at the Kemp Lumber Yard the first of this week, succeeding Roy Bobst, deceased.

Crume began his association with the Kemp Company at the local yard, following which he was transferred to the Clovis and then the Roswell yard. He is the son of C. E. Crume of this city.

His family accompanied him to Farwell and have taken up residence here.

Merchants Urge Point Expansion

Stressing the fact that "what we have on our shelves depends on the amount of points we take in from our patrons" merchants of the Twin Cities were this week urging that housekeepers make out their shopping lists and expend points in ration book two.

At the present time, they say, wholesale houses are full of the best selection of canned stocks that have been available in months. "However," as one dealer said, "if we don't have the points to exchange

With two rural communities yet unreported, Parmer county had subscribed a total of \$2673.31 to the Red Cross War Fund, Chairman H. Y. Overstreet revealed here today.

He said that contributions in this county would amount to more than \$1,000.00 above the quota of \$1700.00 when these two communities—Black and Live-at-Home—have made their reports.

Rural Sections Lead

While the three towns of the county topped the list in actual cash contributed to the War Fund drive, figures released here by Chairman Overstreet showed that on a per capita basis the rural communities of the county were the largest contributors. Notable among this group were Hub, Rhea and Lakeview, where the population is very sparse and made up wholly of farmers.

Farwell actually led the list with contributions amounting to \$633.50. Friona came second with \$567.50 and Bovina third with \$373.25. Despite the creditable showing of these three centers, it was pointed out that rural contributions were tops on the per capita basis.

The War Fund Chairman estimated that the grand total would reach \$2750.00 when the two communities yet to report come in.

Clubs Were Active

Various clubs of the county were active during the drive, contributing to the fund. Among these were the Ladies Aid of St. John's Lutheran Church and Rhea and the Hub home demonstration group.

The ladies of the Rhea community staged a slide lecture and gave the proceeds to the Red Cross, Overstreet reported.

Parmer Among First

Parmer county was among the first in Texas to raise its quota of \$1700,000 toward the 125 million dollars set as the national figure to be raised during the month of march. Press dispatches the first of the week said that fifty million had been reported.

Contributions reported to the War Fund Chairman up to Tuesday afternoon showed the following credits:

Table with 2 columns: Community Name and Amount. Includes Farwell (\$633.50), Hub (\$220.25), Oklahoma Lane (\$141.00), Rhea (\$173.55), Bovina (\$373.25), Friona (\$567.50), Lakeview (\$132.67), Parmerton (\$21.65), Lariat (\$157.56), Lazbuddy (\$173.38), Midway (\$49.00), and Total (\$2673.31).

Forty Dairy Cattle Are Placed By FSA

A total of forty head of dairy cows have been placed with farmers seeking to increase their herds in Parmer county through a special plan arranged by the FSA, Raleigh C. Middleton, local supervisor, said today.

In a drive to eliminate slaughter of dairy cattle in other points where herds are being cut down in size, the Farm Security Administration is buying such cows and offering them to farmers over the state, Middleton said, adding that he had four more cows on hand in this county for men who wished to increase herds.

Special loans are available through the FSA for purchase of such animals, Middleton stated. In all probability, he pointed out, no more cows would be sent into this county for a month or so, until the animals may be put out on grass.

Definite rationing of meat, butter, cheese and oils will begin on March 29, with OPA releases to that effect being made the past weekend. Beginning that morning, purchase of such foods as listed under the new program will require surrender of point stamps in Ration Book No. 2.

Three points in particular are different from any other ration programs, viz: there will be no freeze period of foods affected; there will be no registration, since War Book 2 has already been issued; and three, no declaration of stocks on hand must be made.

Point allowances for every person in the family, regardless of age, have been set at 16 points each week, and the points are interchangeable, i. e., the housekeeper may make her own decision as to how she spends the points—whether all for butter, cheese, meat or edible oils, the OPA announced.

In War Ration Book 2, the red stamps will be used for foods affected by the new program.

No specific allowance for meat has been listed, although it was estimated by officials that home consumption would likely average around two pounds per person, depending on how coupons are spent. Likewise, the amount of meat available will depend a good deal on the type purchased, with some scarce meats definitely requiring a higher point value than others.

Coupons Good For Month

Although the point rate is set up on weekly periods, coupons which are left over from one week may be used with the following week, with a definite expiration point of the first set of coupons on April 30.

When rationing begins on March 29, the first set of stamps will be valid. On April 4 and then on each succeeding Sunday through April an additional set of stamps will be validated, with all of the group, from A through E inclusive, to remain in use all month, making a total of 80 points per person for April (and the last three days of March).

Point costs of meat, it was explained, will be figured to the nearest full point as meat cutting is inexact. For instance, a steak which figured ten and one-fourth points could be had for ten points, but if it figures ten and a half or larger fractions, it will require eleven points.

Persons patronizing cafes will not be required to surrender ration stamps for their meals, although OPA will ration the supplies used by restaurants. In other words, patrons may discover in the future that they are getting smaller "helpings" than before the new program was instigated.

A point-chart for use in the new program is expected to be issued by OPA in about two weeks, giving the coupon values for all foods affected.

List Is Given

Specifically, the following foods are included in the new set-up:

Meats: All fresh, frozen, smoked and cured beef, veal, lamb and pork, including:

All meats and meat products in glass or tin containers. All dried meats.

Variety meats, such as tongues, brains, hearts, liver, tripe, sweetbreads and kidneys.

Bouillon cubes, beef extracts and similar concentrates.

All dry, semi-dry and fresh, smoked and cooked sausage, including salami, pork sausage, baked loaves, wieners, scrapple, souse, head cheese, etc.; suet and other fats.

Fish:

All fish, shellfish and fish products in hermetically sealed containers.

**Victory Concert**

Bovina residents and people of the surrounding territory are reminded that a Victory Concert will be held Thursday night, March 18. The program will include a moving picture show.

**Boys Work on Water System**

Due to scarcity of labor, the high school boys, under the supervision of Mr. Cherry and Mr. Williford, are repairing the school water system. After a section of the new line was installed it was found that the old line would have to be taken up before the system could be put into operation. The water system should be in shape by next week.

**Chamber of Commerce Meets**

The regular semi-monthly meeting of the Bovina Chamber of Commerce was well attended Monday evening, with 40 present. The program consisted of a covered dish luncheon, and out-of-town speakers.

Messrs. Reese and Wynn of the State Highway patrol made interesting talks and Lt. Elmo Scott also gave an interesting address.

The matter of clean-up week, sponsored by the C. of C. was reported a success. The 35c assessed each resident and business place is practically all paid, and the expense will be taken care of soon.

The C. of C. is working on a proposition whereby signal lights may be procured for both railroad crossings in Bovina.

All business men report a very good trade, despite rationing. Bovina is looking forward to interesting some one in putting up a feed mixing plant here, whereby any individual or firm may have any mixture of feed desired. There is also a movement on foot to have more stock pens and feeding lots built in or around Bovina.

Mrs. Harold Turner and son, Don, returned to their home at Santa Rosa, after spending three weeks with her parents, Mr. and Mrs. James White.

Christine Davies of Clovis visited her parents, Mr. and Mrs. Ray Davies, Sunday.

Felix Piker of Hereford visited Slim McKenney, Sunday.

Miss Donalita Hastings has returned to Ft. Worth, where she is employed in an airplane factory. She

spent a week with her mother, Mrs. Tom Hastings.

Pvt. Geo. Robert Caldwell of Lubbock spent Sunday visiting his parents, Mr. and Mrs. E. T. Caldwell.

**PLEASANT HILL NEWS**

Mrs. Lorene Martin was in this community on Monday, visiting her uncle.

Another of the community's boys from the senior class, Hershel Horton, has joined the navy.

Mr. and Mrs. Andrew Moorman and family motored to Friona Sunday to visit in the Boggess home.

Mr. Buchanan is ill with influenza this week.

Frank Donahay's condition is still critical.

The junior-senior play was well attended and a good collection taken for the Red Cross.

Mr. and Mrs. Tucker have moved to the Jarrell farm to help with the work.

Jeanne Ellison is on the sick list this week.

*Axis cuts your driving - Terrorizes your engine with ACID!*

Every time short rations keep your car idle it's really like the Axis trying to dose your engine with acid. All the Axis needs is the acid products of combustion always left in your engine when it stops. This unavoidable acid wasn't so bad when cleaned out pretty well, several times a day, on fast runs that warmed the engine completely. But now with slow short runs often keeping the engine too cool, acid's chance has increased to corrode metal.

To keep your tools from corroding you apply oil—again and again. In your engine you can have a more lasting preservative. It's designed to combat internal acid corrosion.

It's surfaced to metals as closely as any protective plating. That's why this inner engine preservative—made possible by the quick, simple, economical change to Conoco N<sup>th</sup> motor oil—is known as OIL-PLATING.

Conoco N<sup>th</sup>—patented—brings you the special synthetic invented to make metal surfaces cover themselves with OIL-PLATING. It may be quite a while "between coupons" now. But you needn't give hungry acids all that while to gnaw at your engine, which the Axis won't let you replace yet! OIL-PLATE it now. Change to Conoco N<sup>th</sup> for Spring. Continental Oil Company

# Local Happenings

## Rev Tripp To Speak At Demonstration Council

Rev. Paul H. Tripp, minister of the Texico-Farwell Methodist Church, will be guest speaker at the Home Demonstration Council meeting on Saturday, March 20 at 3:00 p. m., when the regular monthly meeting is held at the recreation center in the old Methodist Church in Friona.

Speaking on "Freedom From Fear", Rev. Tripp will give the first talk in a series on the freedoms listed in the Atlantic Charter, which is being studied by the organization. Other features of the program will be a message from the president, given by Mrs. Joe Pittman; a report on the T. H. D. A. board meeting by Mrs. Homer Hyde; and a talk on the method of nomination and election of T. H. D. A. officers by Mrs. A. H. Boatman, council parliamentarian.

Mrs. Will Nittler, council chairman, will conduct the business meeting at which final plans will be made for the district convention of the State Association, to be held at Littlefield, April 10.

All club women are urged to attend the council meeting and the T. H. D. A. convention to support Mrs. Will Nittler, who is being sponsored by Parmer County Clubs as vice president for District II.

## Lutheran Ladies Meet With Mrs Weiser

The ladies aid of St. John's Lutheran Church met last Wednesday at the home of Mrs. R. Weiser.

The ladies gathered early in the day to quilt. In the afternoon the regular meeting was held. During the business meeting it was decided to donate to the Red Cross and to get a service honor roll for the church on which the names of the boys from the congregation are placed after their induction.

Ten members and one visitor attended. The Rev. Pieman of Vernon, also visited and gave a short talk.

The next meeting will be in the home of Mrs. H. Daud.

## Program Held At Texico School

Assembly program was presented by students from the primary rooms of the Texico school for the enjoyment of the student body, on Friday of last week.

Supt. B. A. Rogers stated that a series of programs was being planned at the school, with various departments to have charge.

## Farewell Party Is Held On Tuesday

A farewell party honoring Dovie Hightower was given the past Tuesday evening in the home of Mrs. Clyde Magness, with girls of the Baptist Sunday School in attendance. The Hightowers have moved to California.

Favors were small "memory books". Refreshments of cookies and punch were served to Peggy Ann Schleuter, Jewel Cassidy, Dorothy Deering, Dovie Hightower, Evelyn Brown, Juanita Hall, Darlene Sullivan, Virginia Lee Sullivan, Minnie Smotherman, Helen McDaniel, Harriet Baker and Jewel Dean Francis.

## Baylor III Arrives

Mr. and Mrs. B. S. Triplett of Texico are advised of the arrival of their first grandson, Baylor III, born at noon Saturday of last week to Mr. and Mrs. Baylor Triplett, Jr., of Albuquerque, N. M.

## Club Will Meet In E. E. Booth Home

Mrs. E. E. Booth will be hostess to the Texico-Farwell Woman's Club on Tuesday of next week, March 23rd, at her home near Farwell.

The USO chairman is asking that all women bring cookies and magazines to be donated to the service men's center at Clovis. She urged that members take note of this, as no contributions have been made from the local club for some time.

## Beddoe Girls Have Meeting, Social

On Thursday, March 11, the Beddoe Girls' Auxiliary of the Baptist Church held a regular meeting in the home of Mrs. John Lockhart in Texico, at which time plans were made for a surprise farewell party honoring Delia Slagle.

The social was held on March 14 in the home of Mrs. Joe L. Morgan. Games were played, and after gifts were presented the honoree, refreshments were served to Mrs. John Lockhart, Mrs. O. Alred, Mrs. Joe Morgan, Harriet Baker, Margery Baker, Delia Slagle, Bobbie Dawn Alred, Margaret Alred, Rada Morgan, Vera Lee Morgan, Louise Reeve, Minnie Smotherman, Darlene Sullivan, Norma Jean Boer, Bobbie Jean Breez and Trulan Morgan.

Attendants at the regular meeting on Thursday were Minnie Smotherman, Rada Morgan, Bobbie Jean Breez, Delia Slagle, Virginia Lee Sullivan, Margery Baker and Mrs. Lockhart.

## Change Meeting Place

The regular meeting of the Wesleyan Guild will be held tonight (Wednesday) in the parlor of the Methodist Church, rather than at the home of Mrs. J. T. Carter, as previously announced. Mrs. Frances King will have charge of the program. The Guild will meet April 7 with Mrs. Carter, at which time the mission study will be begun.

## Returns Home

Mrs. Roy B. Ezell, who has been in Denver the past several weeks, returned to her home Sunday. She was accompanied by her daughter, Mrs. A. J. Ellison, who has been critically ill with pneumonia. The Ellisons are moving from Colorado to Texico.

Mr. and Mrs. Marty Ezell and daughter of Muleshoe visited in Farwell with friends and relatives over the weekend.

Mr. and Mrs. Paul Hicks and daughter, Gloria, of Wichita Falls, were weekend visitors in the home of his parents, Mr. and Mrs. J. D. Hicks of Texico.

Mr. and Mrs. Loyd A. Cain and son were guests in the home of Mr. and Mrs. Pearl Stewart of Amarillo, Sunday. The Stewarts formerly lived in Farwell.

Mrs. Woodrow Lovelace departed the past Wednesday night for Missouri to visit her husband, stationed at Jefferson Barracks. She was accompanied by his brother, John Lovelace.

Mrs. Hayden Cason of Roswell, visited the first of the week with her father, C. E. Crume and family, in Farwell.

Mrs. Vidah Sartain, Farwell teacher, is vacationing in California with her husband, who is in the Army. She will return to her work in a few days.

Mrs. J. D. Waugh, of Stafford, Arizona, departed the first of the week for her home after a visit with her sister, Mrs. Sam Aldridge, and family.

## NEWS FROM OUR BOYS IN CAMPS

### TO VIRGINIA

Ensign William Thornton, Navy flyer, left on Monday for Washington, D. C., to visit his sister, Miss Dorothy Thornton, after having spent ten days here with his parents, Mr. and Mrs. Roy Thornton. William was commissioned two weeks ago and is to report for duty at Norfolk, Va.

### IS OPERATED

Jimmie McElroy, son of Mr. and Mrs. F. W. McElroy of this city, recently underwent an appendicitis operation at Mather Field, Calif., where he is in training for the Army Air Forces.

### MOVED TO FLORIDA

S-Sgt. J. D. Thompson writes this week that he has been moved from California and is now stationed at Drew Field, Tampa, Fla. He adds that Herman Rutledge, also a Texico boy, is in Tampa. J. D. requests that his address be printed and asks friends to "drop me a line" at 730th Signal AW Co., Drew Field, Tampa, Fla.

### DIXON VISITS HERE

Pvt. Harold Dixon, former Farwell school lad, is here on furlough from Atlantic City, New Jersey, for a visit with his mother, Mrs. Ruby Dixon, and other relatives and friends.

### HERE AND THERE

Pvt. Claude Dyer is now stationed at Fort Chester, Mich., where he is attending an M. P. school.

Pvt. Chas. Shaw is located at an army air base near Savannah, Ga.

Pvt. Andy Marcus, who thought he was to be assigned to a military police school in Washington, wound up at Camp Sibert, Ala., where he is receiving training in a chemical warfare group.

Pvt. Carl McCully is now seeing service at some camp in Florida.

### PAPER COMES THROUGH

Lt. Gabe D. Anderson, Jr., writes his mother from North Africa that "I have received every issue of The Tribune" and adds that he saves the local paper for Glenn London, another Farwell boy who is serving with the United forces in Africa.

Penny goes on to say that he is "just now receiving Christmas packages", as the mail has been following him for some months.

### HEARS FROM BROTHER

Mrs. Bess Henneman has this week received word from her brother, Edmund Middick, who is serving with the Marines, place unknown. He writes that "we had our first ration of cokes today, and imagine my surprise when I could buy a whole box of cigars instead of the customary four". Middick goes on to remark that three pairs of shoes would hardly last a "leatherneck" for a year, stating "Many of our boys wear out a pair in a few days".

### BATES VISITS FATHER

J. R. Bates, Jr., Seaman First-Class of the U. S. Coast Guard, stationed at Galveston, is home for a ten-day visit with his father, Ben B. Bates, of Bovina. Of the four boys now in service, J. R. is the first to be home on furlough.

Miss Iris Thornton, of Iowa Park, Texas, visited here over the weekend with her parents, Mr. and Mrs. Roy Thornton. She returned to her teaching duties on Monday.

Mr. and Mrs. Eugene Ezell and family were here from Bovina over the weekend for a visit with relatives.

Floyd Francis returned home last Saturday from Wichita, Kansas, where he had been spending a few days visiting relatives.

## Mary Lou Barker Receives Fan Mail

Mary Lou Barker, daughter of Mr. and Mrs. Fred Barker in the Lakeview community, is already receiving letters from other states as a result of the story entitled, "They Saved Lives", which appeared in the March issue of the Country Gentleman.

It seems there is another Mary Lou Barker over in Wolf Bayou, Arkansas, who wants to congratulate the Parmer resident for saving the life of her little nephew, Frank Coffman.

The story in the magazine explained how Mary Lou used a tourniquet to control severe bleeding when Frank severed an artery in a fall on a broken glass. Mary Lou knows that a tourniquet is a dangerous instrument unless handled properly, for she learned how to control bleeding last year in a first aid class which was sponsored by the Lakeview Home Demonstration Club.

## April Ration Stamps May Be Used, March

During the last week in March, both March and April stamps in war ration book two may be used in obtaining foods affected by point rationing, OPA rules.

A, B and C stamps in the book may be expended through March 31 and D, E, and F stamps become valid March 25 under the seven-day overlap provision designed to aid consumers who run out of ration stamps for processed foods before the end of the first period.

The plan will be of benefit to persons having a few low-point stamps on hand the last week of March, the OPA announces. Such stamps may not be sufficient to buy some of the foods desired, but could be used with stamps for the second period.

## Legion Asks Used Records and Music

The American Legion Auxiliary of Friona is asking anyone having used phonograph records or sheet music to donate them for use at the recreation room at the Clovis Air Base.

Sponsors of the affair urge that anyone having such music or phonographs turn them in at the earliest possible time.

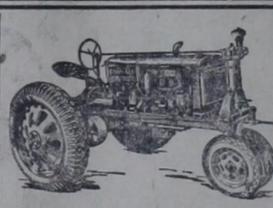

### TO DISTRICT MEETING

Garlon A. Harper and Elsie Cunningham, extension agents for Parmer county, attended a district meeting for agents at Lubbock on Wednesday, March 17.

County agricultural agents spent some time at Texas Technological College studying steers on feed under the direction of Mr. Stangel, head of the animal husbandry department.

Other features of the day included a study of problems in horticulture, poultry diseases, 4H club work and organization work led by J. F. Rosborough, Dr. Boney, L. L. Johnson and Miss Helen Swift, staff members from the A. & M. College.

Mr. and Mrs. Aubrey Sprawls and family visited in Lubbock, Sunday, with relatives.

## GET READY NOW FOR SPRING WORK

Don't put off your tractor repairs till the last minute and then expect the impossible. Let us get it in shape for your Spring plowing in advance of your needs. We repair all makes of tractors.

## THE HAMLIN MEMORIAL M. E. CHURCH

Texico-Farwell  
Paul H. Tripp, Minister  
Church School Hour, 11 a. m. with C. F. Bieler, general superintendent. Morning Worship Service 12 a. m. Worship, reverence and praise songs, prayers and responses. Sermon: "Does the State Own Man?"  
In the evening:  
Junior League, 7:45.  
Methodist Youth Fellowship, 7:45.  
Adult Study Group, 7:45.  
Evening Worship Service, 8:30. Songs led by B. A. Rogers; junior choir by Mrs. Paul Tripp. Sermon: "That Last Prayer-meeting".  
The public is cordially invited to attend these services. Remember the words of the Master: "Thou hast been faithful over a few things, I will make thee ruler over many things."

## New Weather Observer Takes Over In Farwell

R. V. Ham, caretaker of the Texico-Farwell Waterworks, has taken over the duties of J. C. Temple, deceased, as weather observer in Farwell and will continue to keep the records so faithfully preserved for more than 30 years by Mr. Temple.

Ham will record daily temperature readings and will keep an accurate account of the rainfall, a very important duty. He has moved the rain gauge from the Temple property to a site near the water tower.

Lee McDaniel, who is in radio training for army work, visited here over the weekend with his grandparents, Mr. and Mrs. E. E. Booth.

### Demonstration Club Notes

By Special Staff Reporters

#### Bovina Demonstration Club

The H. D. Club met March 11 at the club room with 16 members present. Announcement was made about the meeting at Plainview, April 10. A report from council was read by Mrs. N. E. Bonds. A motion was made that we quit for council. Mrs. Dahmer was elected council delegate. Motion was made that the ladies pay the price of two dozen eggs to the council treasury. It was also voted to sponsor a sale and the members bring what they are asked or the equivalent in money. The demonstrator gave a good demonstration on scalloped dishes and the nutrition course. Afterward the hostess served refreshments.

Tribune Job Printing Is Best

#### MORE GARDEN TALK

By Elsie Cunningham  
Home Demonstration Agent  
Extension Service, Texas A. & M.  
When is the best time to start a garden? That is one of the popular topics of conversation these days. The answer seems to be a matter of opinion. Some say to plant April 1, while others contend that it is best to wait until later—after May 1.

One thing is certain, the early planters will get the radishes, peas and lettuce about four weeks ahead of the late planters—that is, provided they are lucky. And I have used that word "lucky" rather carelessly—for I don't mean to infer that good gardens are luck. A good garden takes work and planning. And the proper time for planting is definitely a matter of planning.

Nature take a big hand in this gardening 'tis true, but man is supposed to be smart enough to control nature to a certain degree. So let us look at a few facts to see if these can be used to our advantage.

First, let us consider the frost. The average date of the latest killing

frost in the spring in Parmer County is around April 15 according to records kept by the Department of Agriculture over a period of years.

Vegetables that can be planted safely before the last killing frost are: onions, lettuce, English peas, mustard, spinach, cabbage plants, beets, carrots and radishes. We can add a little variety to our meals if we are willing to take a chance with the early gardeners by planting a few vegetables around April 1.

Killing frost is not the only enemy of early gardens. One of our worst enemies is the wind. One of these nice "gentle zephyrs from the southwest" can really undo all your hard work in nothing flat and for that reason a part of our planning should involve a windbreak.

I have seen a very effective windbreak made of sudan bundles which isn't hard to make and is inexpensive. This is the way to do the job. Stack the bundles upright in a row along the garden fence and fasten by running a wire around the bundles and anchoring it securely to the corner posts. In case the bundles are short stack another row of bundles upright on top of the row resting on the ground and fasten secure with another row or two of wire or rope. The higher the windbreak the greater the protection—a windbreak can be counted on to protect a space about five times its height.

Joe Pittman up in the Lakeview community has used this idea in making an enclosure to protect some kafir heads. If you drive past the Pittman place slow down and take a look. The fence of windbreak is located on the north side near the road. (Now, Joe, don't try to get out of fixing up the garden spot for Mrs. Pittman we know, you know, how this plan works.)

Let's push tomatoes! The citrus fruits are fast disappearing from the local markets so it's important that we look forward to producing some of the things in our own gardens as soon as possible in order to have the Vitamin C foods we need. Marglobe and Rutgers are two varieties that can be counted on for the early crop of tomatoes. The seed should be sown in window boxes, or hot beds six to eight weeks in advance of planting time. The tomato is subject to cold and should not be set in the garden until all danger of spring frost is passed and the soil is reasonably warm, but we can get our plants started now.

Some find these little hot-kaps are a good investment. If you can find these in your seed catalogue you might invest a few cents this way in order to have early tomatoes.

Definition of a budget: Telling your money where to go, instead of wondering where it went.

### Engineers Are Wanted By Navy Department

OKLAHOMA CITY—To meet the need for additional officer candidates for engineering duties, the Navy Department has arranged for the voluntary induction through Selective Service of a limited number of junior and senior engineering students who have passed their eighteenth birthday but have not reached their twenty-eighth, the Oklahoma City office of Naval officer procurement announces.

Requirements are virtually the same as obtained for Class V-7, except that for SV-7, the special service classification, the vision requirement is reduced to 8-20 each eye, correctable to 20-20, it was said. Candidates must be regularly enrolled full-time junior or senior students in an accredited college or university, pursuing courses toward an engineering degree or arts and science degree with major in physics, naval architecture, mathematics and electronics.

Applications may be directed to the office of Naval Officer Procurement, Apco Tower, Oklahoma City. Candidates in all respects qualified for Class SV-7 will be given a form letter to the Commanding Officer, Armed Forces Recruiting and Induction Station.

After induction, candidates will remain in college on inactive duty. Candidates will be informed that they may be placed on active duty in college at the discretion of the Navy Department prior to graduation.

### New Workers Urged To Keep Careful Check

New workers, hired by the thousands of war industries in this area, are urged to safeguard their rights under the Federal old-age and survivors insurance system, says Dewey Reed, manager of the Amarillo field office of the Social Security Board.

"We know that many of these new war workers have never before worked in jobs covered by government insurance," Reed said. "Many are young folks who have never

earned wages at all. Some are women who are joining in America's battle of production and who never worked outside their own homes before. Others have been in domestic service, where their wages did not count toward building up insurance credit, and some are older men and women who had stopped working before the system went into effect."

The insurance rights these workers are building up may provide not only monthly payments for themselves after they are 55 and stop work but also afford protection for their families. "Find out whether your job is covered by the system," Reed says. "Most jobs in business and industry are covered and wages from such jobs count toward insurance benefits for you and your family."

"If you are working or are about to take a job in covered employment, secure a social security account number card if you have not already done so, and keep it. Show your card to every employer for whom you work. Do this whether you work full time or part time. That card is the key to your account which is kept by the Social Security Board. Like an insurance policy, it is valuable."

Railroad payroll last year aggregated almost 3 billion dollars and was more than twice as great as in 1933, and approximately a billion dollars more than in any year between 1932 and 1940. The average railroad employee in service last year received approximately \$400 more in compensation than in 1939, the year which the present war began in Europe.

#### NEW RATIONING

**Fats and Oils:**  
Butter, margarine, lard, shortening, cooking and salad oils.

**Cheese:**  
Cheese of all kinds except those expressly excluded.

Included are the following: Cheddar (American), Swiss, brick, Munster, Limburger, dehydrated grated, club gouda, edam, smoked all hard varieties of Italian and Greek processed cheese, cheese foods, cheese products containing 30 per cent or more by weight of rationed cheese. In the exempt list are:

**Fish:**  
Fresh, frozen, smoked, salt and pickled.

**Poultry and Game:**  
All poultry and game, whether fresh, frozen, in cans or glass.
