

## Clubbers To Exhibit Registered Cattle

Approximately 75 head of registered dairy cattle, principally Jersey breed, will be shown at Friona on Friday of this week, when the spring 4-H and FFA Club Boys Dairy Day is held at the Friona show barns.

Prior to this year, the dairy and animals have been shown in connection with swine in a county-wide fat stock show, but the two divisions of the show were separated this year, with the swine entries being judged in Farwell some three weeks ago.

Due to the fact that this is a one-day affair, no milk production contest will be staged in connection with the show. Classified judging a comparatively new thing, will be used to rate the animals, with score cards being filled out and all cattle rating 90 or over receiving the AA rating. Those scoring less than 90 will be ranked accordingly. Since it cannot be known in advance how the entries will date, no definite announcement concerning prize money can be made, but the regular ribbons will be awarded all down the line.

The show barns will be open Thursday evening for entries, with the barns open for public inspection at 10, Friday morning.

Jimmie Davis dairy specialist from College Station, will act as judge, it is announced the first of the week, with classification beginning at 1 in the afternoon. During the morning, visitors will be invited to fill out score cards rating the entries.

Classes for the show are as follows:

- Bulls**
- Class 1, Animals 6 months and under one year.
  - Class 2, Animals one year and under two years.
  - Class 3, Animals two years and over.
  - Class 4, Breed winners.
- Females**
- Class 5, Animals six months and under one year.
  - Class 6, Animals one year and under two, none in milk.
  - Class 7, Animals two years and under three, also yearlings in milk.
  - Class 8, Animals three years and over.
  - Class 9, Breed winners.
  - Class 10, Get of sire (three daughters of sire, any age. Sire need not be shown.)

Scoring in the classification judging is explained as follows: Class AA, animals scoring 90 points or above; Class A, animals scoring 85 to 90 points; Class B, animals scoring 80 to 85 points; Class C, animals scoring 75 to 80 points; Class D, animals scoring 70 to 75 points; Class E, animals scoring under 70 points.

A purple ribbon goes to the top class, followed by blue, red, white and yellow ribbons, with none allowed for Class E. Breed winners will get purple rosettes.

The show is sponsored by the Friona Lions Club, the Bovina Chamber of Commerce and Farwell Chamber of Commerce.

## Texico School Now Prepared For Fire

Steps have recently been taken by the Texico School Board to give some fire protection to the school property.

A large concrete tank, built as a FWA project during the depression, has been fitted with a four-inch outlet. This outlet, Assistant Fire Chief Felix Monroe said, can be attached to either of the fire trucks to play a good stream of water for many hours in event of a fire.

The fire boys gave the new installation a test last Sunday afternoon, and reported the 25000-gallon tank of water would afford good protection to the school property. The Texico school suffered a heavy fire loss two years ago, when lightning struck the agricultural building and the resultant fire burned it to the ground.

## Prospects For Fruit Crop Encouraging

Prospects for a good fruit crop here this year looked this week, as fruit trees burst forth in a glow of pink and white blossoms. Observers believe that the danger of a killing frost has passed, and are looking forward to peaches and cream in abundance this summer.

Cherries are not as yet in bloom, but are expected to put forth at an early date.

## Uncle Tom's Cabin Comes To Town

An old-time melodrama that was a favorite with theatre-goers for many years was revived in the thought of local residents this week, when Uncle Tom's Cabin was literally brought to Farwell.

The homestead cabin of Mr. and Mrs. T. J. Randol was moved in from the farm southwest of Texico, and located on the property of their son, Sam Randol, in this city.

Uncle Tom Randol will continue to occupy the cabin alone, having lost his companion by death early this year.

## City Street Lights Turned On Friday

Farwell's new street lights were lighted up for the first time last Friday night after many delays, occasioned by the war and weather conditions.

The lighting program, a project launched a number of years ago by the Chamber of Commerce, suffered its longest delay with the outbreak of war, when critical materials were frozen for commercial use. Finally, with the end of the war, many months of extra delay were occasioned before materials were made available, only to be followed by yet more waiting, due to bad weather, after materials had been received.

Fifty-four new type lights have been placed at regular intervals throughout the business and residential sections of the town. Along the main business section, six large lights, suspended on steel brackets, with an illumination rating of 4000 looms, are now giving ample light. Seven lights of 2500 loom ratings have been placed about the courthouse and school property. In the strictly residential sectors, lights of 1000 loom have been used.

The installations were made by the Southwestern Public Service Company, which supplies the town with electric energy, at no cost to the town. A small operating fee is assessed local customers to pay the cost of maintaining the lights.

## Francis, Mears, Blain And Freeman Elected

In an unusually quiet election held Tuesday, Texico voters named Orval W. Francis as mayor; Ray Mears and Ed Blain as councilmen, and W. L. Freeman as clerk-treasurer for the Town of Texico for the next two years.

Opposition appeared in only one race, with the voters left to choose two councilmen from three candidates on the ticket. In this contest, Les Means was nosed out by Ray Mears, by four ballots. In the mayor and clerk-treasurer races, only one candidate was offered for each office. Freeman was the only candidate appearing for re-election, with Francis, Mears and Blain being new faces on the official roster.

## Kimbrow Named Mayor Of Bovina, Tuesday

John W. Kimbrow, druggist, who has served as a member of the city commission since the City of Bovina was incorporated some months ago, was elevated to the office of mayor in Tuesday's voting, succeeding O. W. Rhinehart, who declined to run for re-election.

J. T. Hammonds, electrical shop operator, and J. O. Glover, garage operator, were named as city commissioners. Hammonds was re-elected and Glover is a new man on the Bovina official family.

### OFFICE HOURS GIVEN

Walter F. Johnson, county supervisor, announced this week that the office of the Farmers Home Administration (formerly Farm Security Administration), on the second floor of the courthouse, will be open from 8 a. m. to 5 p. m. Monday through Friday. Johnson will be in the office on Tuesday, only, with Mrs. Bess Henneman, clerk, on duty all week.

Due to the fact that she is slated to attend a meeting in Amarillo, Mrs. Henneman announced today that the local office would be closed on Thursday and Friday, April 8-9.

Serve liver often. Give it a lift with tamato sauce.

## CC Launches Movement For Hospital

### Street Improvement Projects Underway

Reviewing the accomplishments of the past two years with a great deal of pride and satisfaction, the Farwell Chamber of Commerce took a very definite hitch in its belt and launched a determined move for obtaining a small medical clinic or hospital here in the near future, at the annual Chamber meeting held on Tuesday night at the county courthouse.

New directors for the ensuing year were named as follows: Claude Rose, John Aldridge, H. Y. Overstreet, Walter Hardage, C. G. Davis, G. D. Anderson, C. M. Henderson, Clyde Magness and Sam Aldridge.

These directors, in turn, named C. M. Henderson as president for the third term; Sam Aldridge, vice-president; G. D. Anderson, treasurer, and Frank Seale, secretary.

The move for the clinic or hospital was brought up by W. H. Graham and met with enthusiastic response, it being agreed that this was the paramount need for Texico-Farwell at this particular time. President Henderson was authorized to appoint a committee to investigate the possibilities and probable cost of such an institution, and took the position that this committee was so important that he preferred not to name the members without more time to carefully select the five men to serve in this capacity.

Other business coming up included the review of the accomplishments of the past year, and goals for the coming year. Need for at least two parking lots along Avenue A, in the business section, was stressed as one of the goals, along with the hospital drive.

The financial report, made by Treasurer G. D. Anderson, revealed that more than \$3000 was on hand at this time. A. L. Tandy was tendered a vote of thanks for starting the move to pave Third Street, which is soon to be a reality.

It was agreed that the annual banquet be held in the near future, but not until school activities occupying the calendar during the next month, are out of the way.

Odus Huggins, local manager for the Southwestern Public Service Co. asked that the CC cooperate with the County Commissioners in getting the streets in Farwell opened to their platted widths, and John Aldridge was named to meet with the Commissioners to discuss this matter.

## Result of Trustee Elections Given

With no report as yet received from the Oklahoma Lane district, the results of the school trustee elections held last Saturday were filed with County Clerk Loyde Brewer on Monday.

The following were declared elected to the various school boards: Black, Bruce Parr.

Rhea, Paul Koeltzow. Lazbuddy, Reinhold Steinbock and Albert Nowell.

Bovina, Lee Thompson and Billie Suddarth.

Friona, Jake Lamb and D. O. Robinson.

Farwell, John Armstrong and Dick Geris.

Incomplete and unofficial returns show that W. L. Edelman of Friona has been named to succeed J. D. Hamlin of this city, as a member of the County School Board. The vote tabulated, with Oklahoma Lane yet to be reported, gave Edelman 268 and Robert Rundell, of Oklahoma Lane, 128.

## Paving of 3rd Street In Farwell Certain

Paving of Third Street in Farwell, commonly called the courthouse Street, appears a certainty this week with the announcement of Resident Highway Engineer W. H. Garrett that the State Highway Department has agreed to pave the six blocks in this city.

The paving is the outgrowth of a move started some months ago by A. L. Tandy and taken over by the Chamber of Commerce, which finally resulted in a contract being entered into by the County Commissioners Court and the State Highway Department, whereby the latter will do the paving job. The cost of the paving will be borne by property owners along the street, and other civic-minded citizens, and not by the county.

Garrett, who was here Monday, gave it as his opinion that the paving would be done some time during the coming summer months.

## Consolidation Move Explained In Detail

Local attorneys who are handling the legal phase of working out consolidation proceedings of the West Camp school district with the Farwell and Muleshoe districts, have issued a statement with reference to the consolidation move, explaining the proceedings in detail.

The statement follows: "Negotiations that have continued over the past few months between the West Camp, Muleshoe and Farwell school districts have apparently been concluded, and a more or less definite understanding has been reached, dividing the West Camp district as follows:

"Beginning at a point on the East line of the West Camp District, where the line crosses the farm-to-market road;

"Then following the road to a point ½ mile west of the school house;

"Then south on ½ section line to the north line of the MB&B subdivision, which is north line of the main ranch pasture;

"Then west to state line.

"On Wednesday afternoon of this week the County School Board of Bailey County will meet to act on a petition asking for the above division.

"If this petition is granted, the north part of West Camp will then be separated from the remainder of the district, and will be given a different name. Immediately petitions will be circulated in the south part for a consolidation election with Muleshoe and in the north part for a consolidation election with Farwell. Splitting the district, and forming two temporary separate districts before holding the consolidation elections, is a step made necessary so as to fully comply with state school laws.

"The consolidation election with Farwell, if same materializes, will therefore not be with 'West Camp', but will be with only the north part of West Camp, which will be given some entirely different name if incorporated as a separate district by the County Board, Wednesday, as is planned."

## Farm-to-Market Roads Will Be Topped Soon

W. H. Garrett, resident engineer of the Texas Highway Department, was here this week, and stated that the topping of Parmer County's farm-to-market roads is expected to get underway "around the 20th of this month."

Garrett said that Contractor Floyd Davis, of Albuquerque, who prepared the grade and drainage structures during the inter months, had been awaiting warm weather before beginning the all-weather topping, and his plans were to move his equipment here about April 15th.

Garret gave it as his opinion that the county projects would be completed in a matter of a few weeks' work.

## Street Lighting Now Planned for Bovina

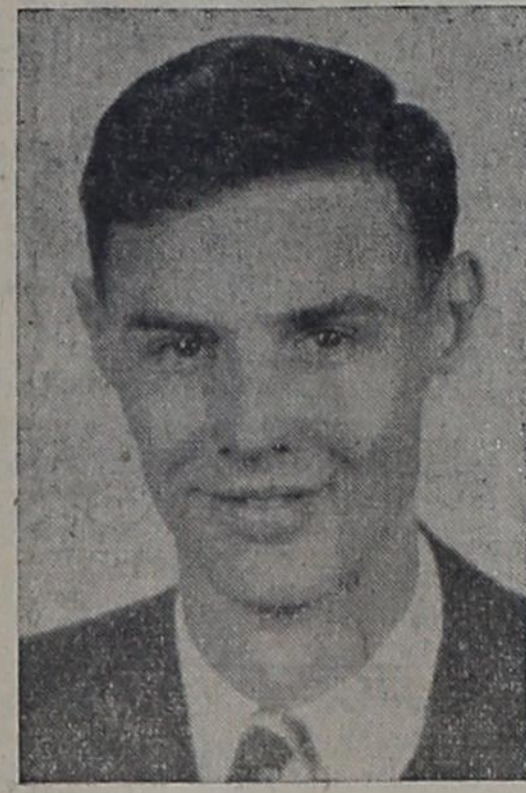

City officials of Bovina announced this week that plans were being worked out for a street-lighting program in that city in the near future.

Engineers have made some preliminary surveys, and city officials expressed the opinion that a lighting program adequate to the needs of the city would likely be installed in the not-too-far distant future.

## Deadline Rush Puts 1321 Tags On Cars

A steady stream of customers on Tuesday and Wednesday of last week at the collector's office in Farwell put a total of 1321 new license plates on Parmer County owned vehicles, Mrs. Bess Mansfield, deputy said today.

In addition to the 1321 passenger cars licensed, the office issued 533 farm tags and 108 commercial type plates, she said. Miscellaneous licenses, for trailers, etc., were few.

REVIVALIST—Rev. Ennis Hill, of Loop, Texas, who starts a series of revival services at the Bovina Baptist Church on Sunday, April 11.

## Bovina Baptists Plan Meeting, April 11-25

Bruce Giles, pastor of the Bovina Baptist Church, announced this week that a series of revival services would begin at his church on Sunday, April 11th, continuing through Sunday, April 25th.

Rev. Ennis Hill, of Loop, Texas, will be the evangelist, with music under direction of Bovina singers. Services will be held twice daily, at 10 a. m. and 8 p. m., and the public is issued a cordial invitation to attend.

## Sheriff Booth Seeks Return To Office

The Tribune is authorized to announce the candidacy of Earl Booth for re-election as Sheriff, Assessor and Tax Collector of Parmer County, subject to the will of the voters in the forthcoming July primary election.

Booth has been a resident of the county for some 30 years, and solicits the support and influence he has had in past years.

## Wheat Damage Not As Severe As Feared

Reports gathered this week indicate that the damage suffered by wheat fields of this section by the heavy winds of a week ago are not as severe as first indicated.

Farmers contacted during the past few days agree that the high wind inflicted some damage, but only in a few instances have severe losses been reported. Some fields, particularly those which had been chiseled in advance of the season's worst sandstorm, and fields where stubble covered the ground, sustained only slight damage, while the worst blowing occurred on summer-fallowed fields where no chiseling had been done.

Hopes for an abundant wheat harvest are not being held by any observers, but at the same time it is agreed that quite a good deal of wheat will be produced here with sufficient moisture between now and harvest time.

Large acreages over this immediate section are greening up satisfactorily, and showing promise of good yields with a little cooperation on the part of the weatherman, with the emphasis on moisture.

## DOGS AND CHICKENS CAUSING COMPLAINTS

Town Marshal J. J. Spurlin, of Texico, said today that he was receiving numerous complaints about chickens and untagged dogs being permitted to run at large in the town.

Spurlin called attention to an ordinance that prohibits chickens and unlicensed dogs to be allowed to run at large, and said that he was once more asking the citizenship to comply with these ordinances before filing any complaints.

### Make room for progress!

That was the gist of all comment heard locally since last Saturday, when heavy bulldozers and carryalls began ripping up the narrow strip of paving in Texico, in preparation for the new four-lane highway under construction from Clovis to the state line dividing Texico-Farwell.

Keeping pace with the movement was the Farwell curb-and-gutter project that has been at a standstill for the past several weeks, awaiting favorable weather conditions.

Felix Monroe, local contractor, moved onto the Farwell job the first of the week, and expects to have made considerable headway before the present week closes.

With the grade and drainage structures along the Texico-to-Clovis four-lane highway practically completed up to the city limits of Texico, heavy road machinery invaded the town proper, Saturday, and began to make way for the new super highway. Traffic was being maintained along the Texico main street, but with difficulty and considerable unpleasantness, as the dust swirled through the street and into business houses.

The curb-and-gutter project in Farwell is the forerunner to a curb-to-curb slab of paving to be laid through the business section, and over which Highways 70 and 84 pass. The State Highway Department has agreed to pave the main thoroughfare from curb to curb when local capital installs the property curb and gutter structures.

Efforts on the part of the local Chamber of Commerce succeeded in getting property owners along the route to install the structures, and both Texico and Farwell will soon be able to boast of curb-to-curb paving through the business sections.

## Ask Permission To Call School Bond Election

The Texico school board, meeting last Thursday night, accepted the petitions of the voters of the district to call for a school bond election, and letters to the State Tax Commission and the State Board of Education, asking permission to call such an election, have been dispatched.

Sup't. B. A. Rogers reported that New Mexico schools were required to obtain permission from these two boards before calling a bond election, and added that officials of the school hope to have an affirmative reply in a short time.

When and if approval is forthcoming from the state agencies, the local board can call the election, but not until 30 days has elapsed after acceptance of the original petitions.

The election in question would vote bonds for the erection of a new and badly-needed gymnasium at the Texico school. Officials reported that a majority of property owners in the Texico district signed the petition asking for the election, and the general belief is that the proposal will get a favorable ballot.

## Good Crowds Attend Baptist Revival

With good crowds in attendance, the revival meeting begun at the Texico-Farwell Baptist Church got off to a good start last Sunday. Rev. Paul Ray is doing the evangelistic preaching, and the singing is in charge of Walter Hardage.

Rev. E. M. Treadwell, pastor, announced today that the series of services would be concluded next Sunday evening, and extended an invitation to the public to attend the remaining services, which are being held twice daily at 10:30 a. m. and 7:30 p. m., Texas time.

### VARIETY STORE OPENS

Mr. and Mrs. J. E. (Jud) Stone opened their new business, Stone's Variety Store, in Texico last Saturday.

Announcement was made this week that a complete line of variety goods and some staple dry goods items would be carried in stock. Many new items of merchandise are yet to be received, it was stated, and when the entire stock is on hand it will be a great asset to the Twin Cities.

**Health Notes**  
by Texas Department of Health

AUSTIN—The State of Texas is planning to observe national "Public Health Nursing Week", April 11-17, as proclaimed by President Harry S. Truman. Dr. Geo. W. Cox, State Health Officer, urges, high school graduates to consider public health nursing as a career.

"Public health nursing offers young women opportunities for lifetime careers which are highly useful and satisfactory. The demand for professional nurses now exceeds the supply in public health and other fields of work," Dr. Cox said. "Possibilities of travel, worthwhile service, income, and other features of the nursing profession compare very favorably with those open to women in other careers."

Education for nursing is available in 33 schools in Texas and enrollment is now under way for fall classes, which open about September 1. All schools still have vacancies. Applicants should be graduates of high school or have some college credit, with a record of good scholastic standing, be in good physical condition, and of high moral character. An interest in people and their problems, also ability to work well with one's hands, is necessary.

**Tips To Keep In Mind When Buying Sheets**

COLLEGE STATION—During the war it was right next to impossible for the housewife to get sheets. It has been nearly three years since the war ended, and sheets are becoming easier to get as time goes by. So Mrs. Bernice Claytor, extension home management specialist of Texas A. & M. College, has a number of tips about buying and taking care of sheets.

The thread count of a sheet is important to the housewife in knowing the difference between a good sheet and a poor one. By holding the sheet up to the light and stretching it tightly between the hands, it is easy to tell how fine or coarse the weave is by seeing how much light shines through. Signs of a poor quality sheet are loose weave, small knots in the thread, unevenness of weave, puckers and missing warp threads. If the sheet is hemmed with long coarse stitches, the homemaker can depend on it lacking good wearing qualities. Small, close stitches are the high points of a good sheet. By rubbing

the sheet together, one can learn whether the starch has been added to give it a smooth, soft finish. If the fine powder comes off on the fingers, beware. The sheet was washed in starch.

The selvage, or true edge of the sheet, should be closely woven, almost like a tape, and free from wrinkles at the edges. This is important to the strength of a sheet. All sheets will shrink in the first several washings, but since the average length is 108 inches, there is an ample 20 inch turnback.

Here are a few suggestions for the home launderer: do not wash colored sheets with white ones, even though they may be fast color. That's expecting a little too much. Play safe by hanging the colored sheets in the shade, and don't use boiling water when washing them. Use a soap that you can trust, one that is not too strong. And last, but very important, says Mrs. Claytor, too much water softener yellows white fabrics.

Buy a bond every pay day!

**Exercise "Cactus" Is Planned In Texas**

FT. SAM HOUSTON—Exercise "Cactus", a map exercise for the training of Reserve and National Guard units in the Fourth Army area, will take place April 10th and 11th at Fort Sam Houston.

The command post exercise, the first large scale problem for the civilian components in the Fourth Army since the war, will train division commanders and their staffs in proper command and staff procedures at Division Headquarters level. No actual maneuvers of troops is involved.

Approximately 240 officers and enlisted men from Texas, Oklahoma, New Mexico, Arkansas, and Louisiana, will participate. Represented will be five infantry divisions—the 90th, 95th, 36th, 39th, and 45th—two armored divisions—the 22nd and 49th—and one AAA brigade—the 111th.

**Economy Oven Menu**

Just one and one-half cups of ground meat serves six in two-in-one biscuits. The entire menu can be baked in the oven.

Economy in meal planning means attention to small details—like using leftovers, purchasing of seasonal foods, getting the most for your money whenever a food item is added to the market basket. This menu has been planned to help you make a good start on the spring budget—and still please the family with food that looks and tastes good.

Two-In-One biscuits make excellent use of a cup or so of left-over meat or of fresh ground meat, always less expensive because it does not need to be tender. Enriched flour in the biscuits gives more for your money because it contains added B-vitamins and iron at no additional cost.

Tomatoes and asparagus are foods that spring makes inexpensive, yet they provide just the right color touch.

A saving in time is accomplished by using the oven for the entire menu. Yes, asparagus and tomatoes can be baked, and you'll find that color is retained when a moderately hot oven is used. Place the asparagus in a flat, shallow pan with just enough water to cover the bottom of the pan. Season to taste and bake uncovered until tender, turning the spears just once. The tomatoes are cut in half, brushed with melted butter or margarine and heated until they bubble.

**Two-In-One Biscuits**

- 1 cup sifted enriched flour
- 1/2 teaspoon salt
- 1/2 teaspoon baking powder
- 1 to 2 tablespoons shortening
- 2/3 cup milk
- 1 1/2 cups ground meat (may be either cooked or uncooked)
- Salt and pepper to taste.

Sift together flour, salt and baking powder. Cut or rub in shortening. Add milk to make a very soft batter. Fill greased muffin pans one-third full with seasoned meat. Pour batter on top of meat, filling pan two-

thirds full. Bake in a moderately hot oven (400 degrees F.) 30 to 40 minutes. Remove from pans. Turn upside down and serve with grilled tomatoes.

Yield: Six three-inch biscuits.

**Subsistence Increase Explained By VA**

An explanation of recent increases in subsistence allowance for World War II veterans taking full-time courses in schools, colleges and universities under the GI Bill is being mailed to veterans in Texas, Louisiana and Mississippi with their March checks, the Veterans Administration reports.

The enclosure states that only veterans taking full-time courses of education in schools will be entitled to the increased allowances. The new payments, effective after April 1, will be at the monthly rate of \$75 for a veteran without dependents, \$105 for a veteran with one dependent, and \$120 for veterans with more than one dependent.

The message explains that eligible veterans who are entitled to

\$75 or \$105 under the new rates will not have to apply for the increased allowances. Existing applications will supply all the information needed to pay the new benefits. These veterans, therefore, need not write VA, since their increases will be paid automatically.

The note also includes instructions to veteran-trainees who are entitled to \$120 because they have more than one dependent. It directs them to submit the information about their additional dependents needed before payments at the new rate can be made.

Dried peas can sometimes be used as a meat substitute, since they are high in protein and contain moderate amounts of the B vitamins and minerals. When used with potatoes, a green or yellow vegetable and milk, they make a complete and nourishing meal.

**515 REGISTERED**

Latest totals released from the Wayland College registrar list 515 students attending the Plainview college. This is compared to 510 who enrolled last September, the largest number ever to attend Wayland up to that time. Seventy students entered at mid-term for the first time, with seven from outside the continental limits of the United States. The largest single group is from Plainview, with about one-fourth the total enrollment made up of non-resident students. Besides representatives from China, Brazil, Mexico, and Hawaii, 42 students are listed from outside Texas.

**To Honor Mothers**  
The annual Mother-Daughter Banquet of the Texico school, staged by the girls of the homemaking department in honor of their mothers, will be held at the school on Friday, April 16th, it has been announced.

**NEW SECRETARY HERE**  
Miss Thelma Gravelle, of Plainview, went on duty Monday as secretary in the office of County Agent Ollie Limer. She succeeds Mrs. Bob Sudderth, who resigned April 1st.

**Conservation Board To Be Organized Today**

The Farmer County Soil Conservation Service board will be organized this (Wednesday) afternoon, when supervisors from the five sub-districts in the county meet in the office of County Agent Ollie Limer. Also on hand will be representatives of the AAA and FHA, Limer said. Louis Dawkins, planning engineer of the State SCS office, of Plainview, will be here to organize the board, and will outline the plan of work which must be prepared by the county before conservation of the county before SCS services can actually be offered here. Farmers of the county voted some months ago for a conservation district, and the organization of the board and plan of work is one of the final steps in the move before a district is established.

Supervisors include Henry Reynolds, District 1, Rhea-Bovina; W. L. Edelman, District 2, North Friona; H. L. Black, District 3, South Friona; Buddy Jones, District 4, Farwell-Oklahoma Lane; and D. L. Morrison, District 5, Lazbuddy.

**Stockholders Meeting Is Held On Thursday**

The annual meeting of the stockholders of the Parmer County Hospital, in Friona, was held in the Friona high school auditorium last Thursday evening, April 1. Principal speaker of the occasion was Mr. May, head of the Cooperative Grain and Oil Association, of Amarillo. Some 200 people attended the meeting. During the business session two new directors were elected, Lee Thompson of Bovina, and Floyd Schlenker, of Friona. Members of the grievance committee were appointed, including Charlie Thompson of Farwell, L. H. Hoffman of

Black. John Benger of Rhea, Glenn Dunn of Lazbuddy, and Clyde Goodwine of Friona.

**Stroke Sustained By Former Resident**

Word was received here by relatives the first of the week that Mrs. Leona Osborne, former local resident, had suffered a paraletic stroke at her home in Lynnwood, Calif. Mrs. Osborne, wife of the late Bart Osborne, local grain dealer, has been making her home with her daughter and husband, Mr. and Mrs. Duncan Williams, of Lynnwood, the past several years. Mrs. Osborne was called here early this year by the illness of her mother, Mrs. T. J. Randol, who died of a paraletic stroke. Stricken while in bed, members of the household thought Mrs. Osborne was sleeping unusually late the past Sunday morning and when they investigated, found that she was unable to talk. Her entire system is reported to be affected. Mrs. Osborne is 59 years of age.

**TRAIN SCHEDULE CHANGE ANNOUNCED BY S. F.**

Schedule changes of Santa Fe's passenger train, "The Scout", which became effective on Sunday between Chicago and Clovis, have affected arrival and departure changes for several communities between Higgins and Farwell, both in east and westbound schedules, according to announcement by H. C. Vincent, traffic manager, Amarillo. Departures from the area westbound will be several minutes earlier than before, whereas eastbound travelers depart a few minutes later. There is no change in westbound schedule for Clovis, but eastbound departure comes 10 minutes earlier, at 2:00 A. M., Central time. The Scout is now due through the local station at 2:04 A. M., westbound, and at 2:35 A. M., eastbound.

**Disability Claims Can Be Speeded By Vets**

Veterans who file claims with the VA for disability compensation or pension can help speed up service by observing seven simple rules, VA said this week. They are: (1) Remember to submit complete evidence concerning your physical condition, and the cause of such condition; (2) Spell your name clearly—the same way it appears on your service records; (3) When you are informed of your "C" number, use it in all correspondence with VA; (4) Include your correct address in all correspondence; (5) Avoid all unnecessary correspondence; (6) If you find it necessary to write, address your letters to the VA regional office concerned; (7) When requested to report for physical examination, or to submit additional evidence, do so promptly. If you cannot, let VA know.

**TO ATTEND PRESS MEET**

W. H. Graham, Tribune publisher, and Mrs. Abie Crume, staff member, plan to go to Amarillo this weekend, where they will be in attendance at the annual meeting of the Panhandle Press Association, being held at the Herring Hotel on Friday and Saturday.

**BAINUM NAMED MAYOR**

Returns from Friona this (Wednesday) morning were to the effect that Mack Bainum was elected mayor of Friona, Tuesday, when voters went to the polls in that city. In addition, ballots were cast for city commissioners, with Carl Maure and Nelson Welch being elected. J. D. Hamlin served as judge of the election, with Mrs. Bert Shackelford and Mrs. J. C. Wilkison as clerks.

## Farwell Seniors Present Comedy, Friday Night

An exceptionally well-rehearsed group of Farwell seniors, supported by two junior and one sophomore girls, took the stage in the local auditorium last Friday night to present their stage play, "The Kissing Link", before a large audience.

The play, a comedy throughout, kept the audience in a state of hilarity, and the characters were so well cast that no particular individual stole the show.

The plot dealt with the decision of ugly duckling Penny Link (Jo Ann Williams), to turn herself into a glamor girl in order that she might secure "emotional depth" for her chosen work, writing. With abandon, and some embarrassment, Penny throws herself at every man in sight, and is somewhat surprised to find herself in love with Peter Wetherill (Bobby Hart), who turns out to be a nice guy under his Van Dyke and priggish manner.

Harry Sheets as Johnny Miller, a young College Student, and Sonny Graham as T. Jasper Jelks, a smirking 36-year-old dyed-in-the-wool wolf, brighten the love life of Lynda (Maxine Ford), Penny's half-sister. Further romance was provided by Talma Randol as Mrs. Ada Jones, Penny's wild-west aunt, and her hisping ex-movie star, Godfrey Gayhart, played by Charles Felts.

When a diamond ring belonging to Miss Winano Wetherill, old-maid aunt of Peter (Valarie Dial), turns up missing the support of Junior Robertson, in the role of dumb X. Y. Zilch, a detective, is enrolled. One of the funniest scenes of the play occurred when Zilch and Miss Wetherill arouse the whole household to discover who wears pink pajamas, only to be confronted by all pink-pajamaed persons except one—Jasper Jelks, who comes bursting in clad in an abbreviated pink nightshirt, complete with side splits.

Alta Martin took the role of Mrs. Alicia Link, mother to Lynda and step-mother of Panny, while Rosamond Booth frequently convulsed the audience with her characterization of Susan Piggot, a short-tempered English cook.

Another high spot came when Gayhart, attempting to help out lovers Penny and Peter, takes over romancing Miss Wetherill, who is firmly against kissing of any kind. After he managed to kiss her, Gayhart gets his face slapped and his shine kicked for his panis—but got in the last blow by yelling, as he ran for co-

MRS. JESSIE McSPADEN

There will be a youth rally at the First Baptist Church of Tulia for all youth next Saturday night. The speaker will be Mr. Jes Moody, a young man who has wonderful testimony to give of his experiences in Europe recently in a campaign to try to win the youth of Europe. You young people will never regret going to hear him.

Tuesday night the Associational Brotherhood is having a big feed at Wayside over a few miles beyond Happy. Dr. Cornette of West Texas State will bring the address. They say they have been fattening a calf for some time for this occasion. Would it be appreciative of us to fail to share this generosity?

The Baptist revival begins next Sunday and continues for two weeks. Brother Ennis Hill, who is to do the preaching, will not be here until Monday night the 12th, but there is much we can be doing to have everything in readiness for his coming. Most all the churches of the district are having a revival the same time.

The comments on the Junior and Senior banquet given by the Baptist ladies especially of the W. M. S. have all been good. Despite the worst day of the year for preparing for it, the food was delicious and the banquet room beautifully decorated. Mrs. Pylant was at her best. It was helpful to all in attendance. Many thanks to all who contributed food or assistance—much hard work was done.

Mr. and Mrs. Emmett Tabor and Don visited relatives in Levelland, Texas, Sunday.

Hal and Wade McSpadden spent the weekend in Amarillo.

Mrs. George Trimble returned home Thursday from Wheeler, Tex., where she visited her mother and

Mr. and Mrs. W. M. L. Liles and son, Billy, left Monday afternoon for their home in Ft. Smith. The Liles have been visiting relatives in Bovina the past 3 weeks while here. Mr. Liles finished the inside of the Leroy Berggren home.

Mr. and Mrs. W. J. Parker have as their guest this week their daughter Jewell, who lives in Roswell, New Mexico.

# True Stories of West Texans

(By N. H. KINCAID)

## THE EARL OF AYLESFORD, BIG SPRING

Big Spring was celebrating a Christmas such as West Texas had never seen before. And the Earl of Aylesford was the host.

"I want everybody to be my guest," the Earl had said. And the local people had taken him at his word.

Long before dark the hitching rails were being filled in front of the town's one hotel, the Cosmopolitan, an unpainted structure down near the depot. Jim Winslow's four-piece band was being supplemented with extra musicians imported for the occasion. And, much to the delight of the ladies, the guests were met by suave ushers, personally trained by the Earl at his London town house.

Usually the dances were held in the long hall of the stone court house, during those days of the latter eighties and nineties, since the opera house was not built until about 1905. But his party, the most tremendous that youthful Big Spring had ever witnessed, was being staged at the Cosmopolitan, the Earl's private town house at this time.

It seems that this Earl of Aylesford, with his trailing retinue of some 50 servants, had stepped unheralded from the coach of the T. & P. four years before. But there was no room in the one hotel for him, much less for his chattels and baggage. "Madam," he demanded of Mrs. Duggan, the proprietor, "how much will you take for this hotel?" When she quoted her figure, at twice the building's worth, the Earl had expansively bought it. "That man had the makings of a Texan," opines Shine Philips.

But the Earl had only begun. A meat market was bought so as to improve the quality of the steak and a saloon and a blacksmith shop to gratify similar whims.

And always the Earl made welcome his friends. In his own ranch house, some 12 miles out from town, or in his saloon, they were received gladly—and usually on the house.

Thus tonight the tall, distinguished gentleman courteously greeted his guests, and served them sumptuously.

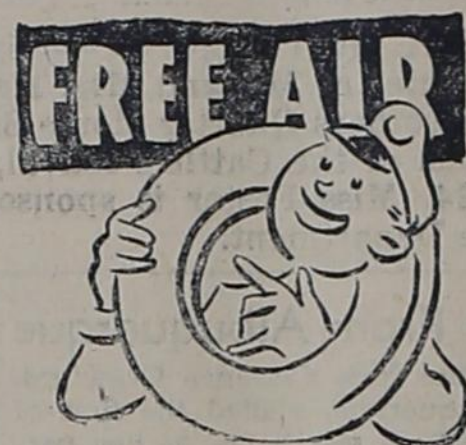

Yet it proved to be the Earl's swan song to West Texas—his farewell party. His health broke almost

immediately, and his remaining days were few.

But the tenderfoot from the courts of Europe had won his place in the hearts of the cowpokes of West Texas. His estate was found to consist of only \$750 but he was shipped back to his homeland in a metal casket, attended by his valet.

And it was the cowhands who kept alive the memory of his lavish entertaining, and fought to keep untarnished the reputation of his family name.

### Teacher Shortage Will Remain Acute in State

AUSTIN—Texas will continue to have difficulty obtaining the qualified teachers it needs despite salary increases granted by the last legislature, it is predicted here.

"The high cost of living has more than offset the raises in pay," Miss Emma Mae Brozta of Marshall, president of the Texas State Teachers Assomiation, declared. "We are grateful because the legislature provided a minimum salary scale of \$2,000 annually for teachers with degrees. That has made the average salary of our teachers \$2,500.

"The fact remains, however, that Texas is still under the average pay for teachers in the United States and that increasing cost of living is forcing many people to look to other lines of endeavor for their livelihood. Obtaining a degree which qualifies a person to teach in Texas schools is a costly process. It is quite likely that the fact that teachers receive 12 per cent less than the average pay for all employed persons in the United States, including laborers, is little inducement for persons to train for and enter the teaching profession."

Miss Brozta pointed out that conservative figures of the U. S. Bureau of Labor Statistics reveal that the cost of living has increased 63.8 per cent since before the war.

"The average salary of Texas teachers, \$2,500, is equal to a check of \$1526 in the 1935-39 period" she said. "In purchasing power, that means \$1 will now buy only what 61 cents would before the war. Take home pay has also decreased due to the fact that federal income tax is now levied on their salaries. That was not done prior to 1936. With income tax deductions, the average salary of Texas teachers is equivalent to \$1,306 before the war.

"I am firmly convinced that if we are to staff our classes with persons properly trained to teach our children, that it will be necessary to provide better salaries for our teachers," she concluded.

### DISPOSALS HALTED

WAA is currently complying with a request from the armed services for current disposal status on a number of inactive military installations in Texas and the Southwest. Pending screening of this information by the army munitions board, disposals have been halted at the Pantex Ordnance Plant, Amarillo; Bluebonnet Ordnance Plant, McGregor; the Arkansas Ordnance Works, Jacksonville, and Mississippi's Gulf Ordnance Plant, Westpoint. Where sales have been scheduled, or awards are being made, the freeze does not apply. Col. Karl E. Wallace, Grand Prairie regional director, pointed out that many real propetr ytransfers are subject to a national security clause under which the government may reclaim the property in event of emergency.

A tendency to develop arthritis may run in families.

ADDED STARTER . . . Herbert C. Holdridge, retired brigadier general, says he is running for President. He claims that his own "People's party offers the only hope for tomorrow under American traditions, thus avoiding the necessity of choice between fascism and communism."

### COSTS MUST BE REDUCED

Housing costs must be reduced if builders hope to continue serving the veterans' market, Thomas B. King, director of the VA loan guarantee service, has informed the National Association of Home Builders.

"The variance between the prices currently being paid by veterans' families and the prices which can be afforded on the average" indicate that "the bottom of the barrel is being approached," he said.

### GET THE LICE AND SAVE EGG PROFITS

When part of the flock of chickens "goes unthrifty" at this time of the year and starts to let down in egg production, look over a few of the birds in search of lice. Winter or summer, lice always should be suspected when the flock, or part of it, goes into a slump. The fact is that lice are much more often the cause of flock letdowns than is commonly believed.

#### How To Find The Lice

If present, lice can be observed readily by parting the fluffy feathers beneath the vent, beneath the wings, through the upper thigh, and around the head. It is important to look over more than one chicken. Examine at least six birds.

Lice on chickens often runts into the hundreds in number, and many others are being hatched constantly. It is important to destroy both lice and eggs before irreparable damage is done to chickens.

#### How To Kill The Lice

The roost-paint method of killing lice is very convenient. The roost application is applied to the roosts and the heat generated by the birds' bodies volatilizes the drug compound and the rising fumes penetrate the feathers and kill the lice. The principle here is the same as steam rising from water. Roost paints containing nicotine or benzene hexachloride are used successfully by many poultry raisers.

The use of a louse powder is an old, reliable way of killing lice. The most common method of application is the "pinch" method. The birds are held over a pan or newspaper to catch the powder that drops from the birds as it is worked into feathers. The dip method may be used for types of louse powder that go into solution, but should be used only on warm days or in rooms in which the temperature is 80 degrees or higher while birds are drying.

# SPEAKING OF MY RELIGION

I have heard old people like me contribute their long lives to eating plenty of eels, lettuce and poke-salad. I contribute mine to the influence of my church. Through thick and thin she has stood there welcoming friend and foe, christian and non-christian. Of course what a fellow eats has to do with the length of his life but HOW HE LIVES has much more to do with it. That's why I'm so happy now, I suppose. My formula for living a long time is traceable to my church. Why, I was married there. I brought up my family with the blessings of my church to help. If you want to know something about this church business—I count myself a real citizen and it's because of my church. You know character is about all that's lasting and worthwhile and the church is where you mold it.

IF a lot of our DELINQUENT FATHERS and MOTHERS would shoulder their responsibilities like fathers and mothers should there would be little necessity for all this talk about JUVENILE DELINQUENCY. The parents miserably fail and what else can you expect?

IT would be your greatest decision—to resolve right now that you will support your church with your money, your presence and your prayers regularly.

### YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

**FUTILITY OF HOOKEY PLAYING GRAPHICALLY ILLUSTRATED BY OLD TIME PLAYERS**

Hookey playing, a sport more or less dying out on the 'ole school campus, was once regularly practiced in spite of red and blistered lumbar regions by the more care-free and adventurous male students of yesterday.

Prominent factor in the expiration of this wonderful out-of-doors pastime without a doubt was one Jack Williams' oak paddle, which steadily and resoundingly began to convince the juveniles the futility of their short-lived bursts for freedom.

Upon questioning, one student painfully reminisced the time when he and several other desperadoes became bored with their usual curricular activities and turned to truancy as the most convenient retreat from their scholastic environment.

So, with bounding hearts and winged feet, they clambered into a decrepit old Model A and amid the sputter of four leaky cylinders and shouts of "pour on the coal" and let's get outa here" clattered around the corner adjoining the school building and made straight for their favorite pool hall 10 miles away.

Six rough miles later the heart of a passenger in the rumble seat stood still when he chanced to look around and see an ominous red Ford bearing down on the escapees. Horrors! The thing bore a striking resemblance to Principal William's patrol wagon.

A feverish jerk on the spark arm; a crushing foot on the gas treadle brought the ancient sporter to a whistling 45 m. p. h. Still the pur-

suing automobile continued to gain. Hurriedly conjectured excuses and pleas for forgiveness flashed in rapid succession through the cringing boys' minds up to the point where the thing went right on around them. It wasn't Jack's car after all—false alarm!

Well, need I add that this took the joy out of the whole adventure. From then on everything that even remotely resembled a red Ford caused chills up and down everyone's spine. Anyhow, the deed was done—all that remained to do after a few half hearted pool games was to return to school and prepare for a sure taste of hardwood punishment.

They never know why they do it, but I'll guarantee it will continue to happen as long as boys will be boys.

**WHO'S WHO**

Last issue's Who's Who was Leonard Watkins and Talma Randall.

**THE BOYS**

This boy is a sophomore with black hair and brown eyes. He is 5' 8" tall and likes for the girls he goes with to be about 5' 6" tall. His favorite sport is skating; favorite drink is cherry coke; favorite food is banana pudding; favorite movie stars are Susan Hayward and Tex Ritter.

**THE GIRLS**

This girl is a sophomore with black hair and blue eyes. She is 5' 3 1/2" tall and likes for the boys she goes with to be about 5' 9" tall. Her favorite sport is softball; favorite drink is milk; favorite food is chocolate fudge; favorite movie stars are Dale Evans and Roy Rogers.

Who is she?

Valarie, you know the saying "A man isn't worth having unless he has competition." It seems as though Ernest has plenty, is that so?

Ann Storrs, what's this we hear about Billy Don? Tell us more.

Everyone is glad the play is over, with the exception of Alta Faye and Harry. Oh! Those beautiful nights!

Jerald, how are you and Frieda coming along? "Actions speak louder than words." Or do they?

Hazel and A. C. are the perfect example of a perfect friendship. Ain't love grand.

We haven't heard much from Toby about Peggy lately, but we can see. How about that, Peg?

Who's ring is Cary Joe wearing? Better look on Wanda's finger. Oh well, can we blame him? It's a pretty ring and she's a pretty girl.

Jo Ann Williams, otherwise known as "The Kissing Link", is dazed with the results of play practice and the play. Bobby really plays his part well, huh Annie?

Seems as though Pauline has gone into the hair curling business. Warlick, was it worth the results?

Talma is still after the Magnesses. Ray has got the technique it takes, huh Talma? Leon, don't let your little brother beat your time.

We hear Kay is a very cute girl. Sonny seems to agree with us—don't you, Sonny?

Seems as though Talma and Wanda have made up their standard motto. "Love 'em and leave 'em."

What would Farwell H. be if Bobby didn't get a zero in biology? Herman and Alta weren't together. Joan and Pauline weren't talking in English.

Rosie wasn't late for Algebra. Someone wasn't knocked down at noon after Biology.

Junior ever made above 90 on a

biology test. Warlick wasn't talking. Jack Williams, didn't say get your papers and pencils? Miss Green—(Oops.) Mrs. Loyd: Shhhhhhhhhhh. Mrs. Booth: "I'll have to ask you not to chew gum in class?" WE WONDER?

**F. F. A. NEWS**

Our F. F. A. Meeting was held Monday night. About twenty members were present. Plans were made concerning our annual trip. It was decided to take a trip through parts of Texas, Oklahoma, and Arkansas. The trip is planned to be about 1300 miles long. The boys will leave about the last week of May or the first of June, depending on the weather. All sorts of money-making schemes were introduced to help finance the trip, but none were definitely decided upon. Don't be surprised if any wild happenings in regard to this turn up.

**FHS**

We enjoyed our Easter Egg hunt and picnic very much. Virgia Sheppard and Jonny Martin found the prize eggs. Mrs. Goldsmith and Mrs. McManigal assisted in hiding the eggs and serving the children. We are all very sorry that Mary Sanders has been sick.

We have two new pupils in our class now. They are Sandra Faye Welch and Richard Langford. Richard moved here from Plainview, and Sandra came from Muleshoe.

**FHS**

We are working very hard on our operetta now.

We are sorry that Bobby Magness broke his arm last Sunday. But we are glad that he is back in school again. Bobby's mother and daddy are driving a new Chevrolet.

**SECOND GRADE NEWS**

We were surprised to find a baby snail in our aquarium a few days ago. We now have four little ones. They grow very fast.

We had a good time at our Easter Egg Hunt. Drue Harvey found the prize egg and won a black rabbit. He had to build a pen for it.

Richie Reinado found 46 eggs and won the prize for finding the most eggs. It was an Easter basket filled with candy eggs.

Jimmy Welch, a new pupil from Muleshoe, won the other prize which was an Easter basket containing candy eggs.

We have another new pupil in our room. He is Ronald Perdue from Plainview. We are glad to have him and hope he will be happy here.

Kenneth Williams moved away last weekend. We are sorry to lose him.

We lost Glenna and Ellen Berry last week. They moved to Bovina.

In our Easter egg hunt, Nadean Stover got a prize for the most eggs. Dick Felts found the prize egg and received a black rabbit. Valencia Airhart got the prize for finding the least number of eggs.

We have a new girl in our room, Laverne Ashley, from Bovina.

Max Magness is going to leave for Colorado after school is out.

Since no one in our room ran off from school or stayed away without a good excuse on April Fools Day, we are planning to see a picture show before long.

Last Friday we went to Clovis for an Easter picnic. The wind blew hard and we were glad then the skating rink opened. We skated for an hour and a half, but the time we spent directly ON skates is to be questioned.

The Senior Class is glad that the play is over. We all had a good time while we were working on it, but it was really work. We want to thank each and every one who came to see the play and especially want to thank The Furniture Mart of Texico for the stage furniture, and the

their scenes. We want to thank the juniors and sophomores for letting us use some of their girls, as we don't have enough girls in the senior class to get along without help.

**SOPHOMORE NEWS**

The sophomores of Farwell want to thank the Sophs of Oklahoma Lane, who entertained us with a skating party at the gym. The party was very nice and the refreshments of cookies and punch were enjoyed very much. We again say thank you.

**VETERAN'S QUESTION BOX**

Q—When I was discharged from the Army two years ago, I was advised by Veterans Administration to enter job training under Public Law 16. Due to conditions beyond my control, I was unable to enter training at that time. Is it possible for me to enter training now?

A—In all probability, you can enter now, but you should contact your nearest Veterans Administration office where your first advisement will be reevaluated for you.

Q—I dropped my \$10,000 National Service Life Insurance term policy and later reinstated only \$5,000 of it. Is it possible for me to reinstate the other \$5,000 at this late date?

A—Yes. You have until July 31, 1948, to reinstate without physical examination if you certify that your health is as good as when the policy lapsed. You need pay only two monthly premiums.

Q—I am going to school under the Vocational Rehabilitation Act and would like to know what medical treatment is available to me?

A—Under the Vocational Rehabilitation Act, you are entitled to any type of medical treatment needed to prevent the interruption of your training.

Q—I am a veteran of the last war, but while in service I did not take advantage of National Service Life Insurance. May I file application and get National Service Life Insurance now?

A—Yes, but you will be required to pass a physical examination.

**REGISTRATION DOWN**

Spring semester registration at the University of Texas is 16,220 a decrease of 573 from the 1947 spring semester enrollment. There are 32 fewer men and 250 fewer girls registered this semester than last year. Veteran enrollment fell from 10,467 to 9,605.

## Volleyball Tourney Is Scheduled, Melrose

Decision of the girls champion Curry county volleyball division will be made this weekend at Melrose, with the bracket being released the first of the week.

Eight teams will participate, with two from Grady and one each from Field, Ranchvale, Pleasant Hill, Melrose, Rosedale and Texico. Games will be played on Thursday and Friday nights.

Opening the tournament on Thursday night, the Melrose girls play the Grady "B" squad, while the Grady "A" string takes on Field at 7; Rosedale and Texico meet at 8, and Ranchvale and Pleasant Hill play at 9. Semi-finals begin at 6 Friday in the upper bracket and 7 Friday in the lower bracket. Consolation play comes at 8, and the final game is slated to be played at 9.

If the Texico girls get by the Rosedale squad Thursday night, they meet the Melrose-Grady "B" winner at 7 Friday.

Three trophies are awarded at the tournament, to the champion, runner-up, and consolation winner. Supt. B. A. Rogers will accompany the girls to Melrose in the absence of Coach F. D. Stout.

## Tracksters Will Go To Melrose, Friday

Members of the Texico track team will go to Melrose on Friday to participate in an invitation meet, Coach C. E. Sanders said today, with Melrose, Floyd and Texico expected to be on hand.

Coach Sanders said his team would be weakened by absence of some regular members who are making trip to Las Cruces with the FFA group, but said that he probably would have Ansel, Mansel and Jerald Doolittle, Baldock, Pearce, Nann, May, Houghtaling, Curry and Sparks present at Melrose.

The group has been making good showing in invitation meets, in comparisons of time and distance of events gained from other meets over the area, the coach said, adding that he planned to have his group in

good shape next weekend, for the Fox Relays, which come at Ft. Sumner on April 17th.

In inter-class competition which has been going on during the past week, the juniors help a slight lead on Monday, with Tucker heading up the field of individuals, Baldock in second place, and A. Doolittle 3rd.

## Jersey Heifer Will Be Awarded 4-H Clubber

A registered Jersey heifer will be awarded some Parmer County 4-H club boy before May 15th, with the donor being the Sears Foundation, County Agent Ollie Liner announced today.

In expansion of their program promoting dairy work among 4-H clubbers, the Sears Foundation is offering heifers to winning clubbers in Parmer, Castro, Swisher, Crosby and Floyd counties.

Boys who wish to enter the contest are advised that they must first submit an essay of not less than 200 words on "Why I Chose Dairy Cattle as a Project". The essays will be judged by a board from the Parmer County Dairy Cattle Club. Entrants will also take a written examination, administered by Agent Liner. April 20th is the deadline for submitting essays in the contest, Liner added.

Each boy who wins a heifer is asked to turn back to Sears one-fourth of her production profits during the first year, in order to promulgate the work among other clubbers.

## Spring Basketball To Start At Farwell

Coach Jack Williams said this week that it was his plan to begin spring basketball workouts at the Farwell school next week.

A ban has been placed on spring football training, so boys of the school, particularly those youngsters who will be out for places next year, are being offered an opportunity to get some experience.

Due to continued bad weather, track workouts were dropped at the school.

## Last Rites On Tuesday For Mrs. Donaldson

Funeral services for Mrs. Pearl Donaldson, age 67, were conducted at the Oklahoma Lane Baptist Church, Tuesday, by Rev. Hubert Faust of Fort Worth. With Steed's Funeral Home in charge, burial was made in the Oklahoma Lane cemetery.

Death came to Mrs. Donaldson last Saturday afternoon at 5 p. m., after a weeks' illness following a paralytic stroke, at her frame home in the Oklahoma Lane community, where she had been a resident since 1929.

Mrs. Donaldson never fully regained consciousness after being stricken, family members said, and lingered in a Clovis hospital a week before the end came.

She and her husband, the late Joe Donaldson, came to Parmer County from Matador, and lived east of this city. Since the death of her husband, some ten years ago, her daughter, Mrs. Wendol Christian, has made her home with her.

Mrs. Donaldson is survived by eleven children, all of whom have attained maturity. They are: one son, Sterling Donaldson, Farwell; and ten daughters, Mrs. Frank Edwards, Matador; Mrs. Clyde Sparks, Texico; Mrs. Jess Terry, Farwell; Mrs. Hugh Tucker, Texico; Mrs. Joe McWilliams, Bovina; Mrs. Harold Carpenter, Farwell; Mrs. J. C. Boone, Clovis; and Mrs. Wendol Christian, Farwell.

Other survivors include her mother, Mrs. Bell Stephens, 82, Matador; four brothers, Joe Stephens, Amarillo; Marvin Stephens, White Flat; Earl Stephens, Matador; and two sisters, Mrs. Ollie Lee, Afton; Mrs. Beulah Jameson, Matador; 29 grandchildren and a number of nieces and nephews.

## MEDICAL SOCIETY WILL MEET IN FRIONA 7TH

Dr. Robert C. Stokes and Dr. E. L. Anderson, both of the Parmer County Community Hospital, in Friona, will be hosts to the regular monthly meeting of the Tierra Blanca Medical Society, composed of Randall, Deaf Smith, Castro, Oldham and Parmer counties, tonight (Wednesday).

The meeting will be held in the home of Dr. Stokes, in Friona, and Dr. Clay Dine, of Amarillo, will speak on "The Surgery of Hypertension".

## Mrs. Nannie Martin, Bovina Resident 30 Years, Dies Sunday

Mrs. Nannie Martin, 54-year-old wife of M. H. (Homer) Martin, a resident of Bovina for the past 30 years, died in a Clovis hospital Sunday afternoon at 6:30 o'clock and was laid to rest in the Bovina cemetery on Tuesday afternoon.

Rev. George York, pastor of the Methodist Church, conducted the last rites for the beloved Bovina lady, and Steeds had charge of the burial arrangements.

Mr. and Mrs. Martin came to Bovina from Hereford, where they had lived three years, in 1918. Originally they came from Parker County. Up to recent years, Mr. Martin was in the grain business in Bovina, first operating an elevator, and later serving as bookkeeper at elevators there. Declining health forced his retirement from the grain business, and lately he has served as tax assessor and collector for the Bovina Independent School District.

Mrs. Martin passed away after an illness of two weeks. Stricken while at the dinner table with her husband on Sunday, March 21, she was removed to a Clovis hospital, where she lingered until the past Sunday afternoon. After suffering a paralytic stroke, she was conscious for only a few hours immediately after the stroke.

Mr. and Mrs. Martin never had any children, and besides her husband, the nearest survivors are her mother, Mrs. M. H. Campbell, of Cleburn, and one half-sister, Mrs. Lee Pass, also of Cleburn; a step-sister and one step-brother also survive.

## COTTON GROWERS AND GINNERS MEET 10TH

Cotton growers and giners from over the South Plains will meet in Lubbock on Saturday of this week, April 10th, for a Cotton Outlook meeting, at which time special speakers will include Don Jones of the Lubbock experiment station, and W. O. Fortenberry, Lubbock ginner.

Various problems of cotton producers will be taken up, with Jones slated to discuss improvement of staple length, and Fortenberry giving the ginner's outlook.

The meeting will begin at 10 a. m. in the Palace Theater in Lubbock. County Agent Ollie Liner and other men of the county plan to attend.

## Texico Lady Claimed By Death, Saturday

Death claimed Miss Rosa Ethel Quisenberry, 49, at her home in northeast Texico, last Saturday morning, following an illness of about a month.

Miss Quisenberry had made her home with her brother, Price Quisenberry, and sister, Miss Erna, in Texico and Farwell the past four years, coming here from Muleshoe, where they lived about four years.

Funeral services were conducted at the Primitive Baptist Church in Muleshoe, Monday afternoon, by Elder V. J. Lawrence of Tahoka, Tex., and burial took place at Muleshoe, under the direction of Steed Funeral Home in Clovis.

Born at Indian Valley, Va., Feb. 27, 1899, Miss Quisenberry moved with her parents to Frederick, Oklahoma, in January, 1911. Her father and mother, four brothers and five sisters preceded her in death. She is survived by one sister, Miss Erna, Texico; and three brothers, Price, Texico; Lloyd, Muleshoe; and Lawrence, Suntown, Texas.
