

County Fair To Open Thursday

Steers Gore Anton In First Home Game

Starring an aerial attack which featured the passing of Thomas and catching of Ford, the Farwell Steers, playing their first home game of the 1948 season under lights on Friday night, downed the visiting Anton Bulldogs by a top-heavy 33-0 count.

Coach Louis Purvis' boys gave a good account of themselves throughout the game and exercised superiority over Anton in all quarters, but it was the passing that brought the large crowd to its feet repeatedly.

Newcomer Terry, who has joined the Steers this year, proved notable in ball carrying, and bids fair to make a top-notch running mate for scampering Pool as the season progresses. As was expected, Booth took the heavy end of the blocking assignments, while Pool, in addition to his ball toting, got in a good number of tackles that set Anton back on their heels.

Fullback Estes, of the Anton squad, was the strong man of their attack, being the only Bulldog player who gained consistently when he was handling the ball. His line plunges over center, which the Steers were unable to halt, counted up around 5 yards each time. Glasscock and Harper both did some leather wagging for the Bulldogs, but, although fast, they were not offered sufficient coverage to break them loose for scores.

Score In First Quarter

Opening the game, Anton chose to receive, taking the ball on their own 35. Two line tries gave no gain, but Estes passed to Jackson for an 8-yard gain, and Glasscock broke loose to midfield for a first down, being tackled by Pool. Failing to gain, Anton attempted to kick out, but London went through and blocked the punt, with Farwell taking over. Pool gained to the 38 and Thomas rucked up a first down, then followed up by heaving a beauty to Ford, who scampered 25 yards for the first touchdown of the evening. Thomas' attempted placekick went to the left of the uprights, and the score stood 6-0.

Anton received again, and also took to the air. The first pass from Estes to Swanson was broken up by Pool, but the second one, Estes to Jackson, clicked and Anton had a first down on the Steer 35. Watson circled end for five, being halted by Booth, and Glascock pushed on to the 22 for another first down. Estes was slammed back for a five-yard loss, then Ashburn carried to the 21, with Tughes doing the tackling. An incomplete pass and an offside sent the ball over to Farwell on their 21. The Steers drew a five-yard penalty, Thomas made an incomplete toss to Ford at midfield, then gained two yards himself, wound up again and let a floater fly to Ford, who gathered it in on the Anton 35 and was gone for the end zone. The place kick by Thomas was no good, and Farwell led 12-0. The Bulldogs took the kickoff on their 20 and Ashburn had added four yards as the quarter ended.

Estes failed to gain at end, Glasscock tried an incomplete pass, and then the visitors got in stride and advanced to a first down on the Farwell 30. Estes made five, but Dollar nailed his next try for no gain. A pass from Estes to Swanson gave Anton another first down on the 42, with Terry snagging the runner. Farwell drew a five-yard penalty, Estes punched on over into the Steers territory for another first down. The attack died on the 35, however, with Estes kicking out and Thomas returning the ball to his own 35. Terry advanced to the 44, following excellent interference by Booth and Thomas, then took another try at it for a first down on Anton's side of the field.

Steers Count Again

Thomas handed off to Ford, who lateraled to Terry for eight yards, McKillip failed to gain, Thomas shot an incomplete pass, and Pool took the ball to the Anton 35 for a first down. Farwell drew a five-yard fine, then Thomas shot a short one to Ford, who added five yards and Terry took the ball for another Steer score. The pass, Thomas to Ford, clicked for the extra point, and Farwell was out ahead, 19-0.

Kicking off, Anton received on their own 28, Estes tried a pass which fell short of its intended receiver, tried again to pass and was downed and on the third aerial attempt he got the ball off downfield, only to see it grabbed by Thomas on the Farwell 40, who ran like a deer for the end zone and the fourth touchdown of the game.

Bovina School Gets Surplus Army Bldgs.

MINISTER SOL MORGAN—Who last Sunday began his relations as minister of the Church of Christ of this city.

Minister Morgan Takes Pastorate Here

Minister Sol Morgan and his wife, has accepted the pastorate of the local Church of Christ Church, coming here to weeks ago from the Sixth Street Church of Christ in Friona, where he had been in charge of that church for the past year. Before coming to Friona, the Morgans made their home in Sebring, Florida, where they served as pastor of the church there.

Minister Morgan attended the Freed-Hardeman College in Henderson, Tennessee, and plans to enroll in ENMC at Portales, where he will major in religion.

Minister Morgan can be heard over Radio Station KICA each Wednesday afternoon at 3 o'clock, and he invites everyone to tune in and listen to his programs.

Men's Club Meets Thursday Evening

Chairman C. M. Henderson today called attention to the first regular meeting of the fall season for the local Men's Club, in the basement of the Methodist Church, Thursday evening at 7:30, and urged a good attendance on the part of the men of Texico-Farwell and surrounding community.

Meetings of the Club were suspended during the summer season and Thursday night's meeting will be the first of the fall and winter season. Community problems that affect Texico-Farwell and surrounding area have always been the main objectives of this organization, and this policy will be continued, Henderson said.

Much worth-while work has been accomplished by the Club, and all men interested in the progress of the community are urged to lend their support to the Club activities. Attendees are asked to bring sandwiches, pies and beans for the luncheon. Hot coffee will be prepared and served.

President Henderson said that a special effort was being made to get all the new men in the community to the meeting and said that all such persons had a special invitation to be present.

Bids Are Asked On New Gymnasium For Texico

Advertising for bids for construction of a new gymnasium at the Texico school is currently being made, with the deadline set for October 4th, Supt. B. A. Rogers announced today. Blueprints by the architects, Schaefer and Merrill, of Clovis are in the hands of the local school superintendent, where they may be studied.

Supt. Rogers added that the official board of the school would hold a meeting on the night of October 4th at 7:30, at which time bids would be opened and considered.

Need letterheads? Dial 2131.

Two surplus Army buildings from the Pampa air field have been definitely assigned to the Bovina school, Supt. W. O. Cherry reported Tuesday, and a crew of men from Bovina went to Pampa the first of the week to make arrangements for moving the buildings to the Bovina school.

Several projects are being outlined for the buildings, Supt. Cherry said, the first of which will be a school cafeteria. In addition, school officials plan to install an ag shop, a veteran's school shop, a home ec cottage, and a department for public and private music instruction.

"Of course, we'd like to have all these projects completed by the end of the current school year," Supt. Cherry said Tuesday, but added that it is doubtful if the work could be concluded by that time.

Enrollment Figures Are Released For Farwell

Total enrollment on Tuesday of this week at the Farwell school stood at 340, Supt. Jack Williams announced, with 232 of that number being listed as grade students, while 108 are numbered in high school.

The figure, he added, represents about 100 more students than were shown at the school last year, with increases being scattered in the various grades and through the high school.

By grades the students list stood as follows: first grade, 31; second, 41; third, 31; fourth, 31; fifth, 25; sixth, 30; seventh, 18; and eighth, 25. In high school there are 26 freshmen, 32 sophomores, 32 juniors; and 18 seniors.

Sorghum Loan Date Is Extended To February

Joe Camp, secretary of the Parmer County ACA, announced this week, that word had been received from the state office that grain sorghum loans would be made until February 28, 1949.

Previously, the deadline for such loans had been December 31, of this year, Camp announced.

The loan rate for No. 1 and 2 grain sorghums is \$2.27 per cwt.; No. 3 loan rate is \$2.19 and No. 4, \$2.11. A deduction of 9c per cwt. shall be made from the applicable loan rate on sorghums placed under loan in a warehouse, unless all warehouse charges have been prepaid through April 30, 1949. Home-stored grain is granted a 2c handling charge.

Eligible farm storage consists of farm bins and granaries sufficiently substantial and permanent to afford safe storage and permit effective fumigation for destruction of pest.

Further information on the loans is available at the office of the secretary in Farwell.

You'll always find that the man of the hour has made his plans for years.

EVANGELIST—Rev. Roy A. Lambert, who is coming here from Elvins, Mo., to conduct a series of revival services at the Baptist Church, starting Friday, Oct. 1, and continuing through October 10.

Opening with a free watermelon feed to which all residents of the county are invited, the annual Parmer County Dairy Show and Fair will begin a three-day stand at the show barns in Friona on Thursday, September 23rd.

The schedule for Thursday evening calls for the watermelon feed, sponsored by the Friona Lions Club, at 7 o'clock, after which G. B. Buskirk will show pictures taken at the Lions International meeting. Of particular interest to the women will be judging in the women's department of the show, featuring handwork and canned goods, which is also on deck for Thursday evening.

All women of the county are invited to submit entries to this department, which is directed by Mrs. A. W. Anthony and Mrs. J. T. Gee. Judge will be Mrs. Mattie Lee Seale, home demonstration agent from Castro county, and ribbons will be awarded the winners.

Judging On Friday
In the livestock division, judging is slated to get underway at 9 a. m. Friday morning, with hogs first on the list, to be followed by beef cattle, and the dairy entries.

Jack Spargue, of the Farm Home Administration, Clovis, has been secured as Jersey judge; Raymond King, Castro county agent, will judge the beef cattle entries; and Frank Ford, official Milking Shorthorn judge, will rate the Parmer County entries in that division.

Ribbons and cash awards will be made in all departments, according to listings in the official show catalog, County Agent Ollie Limer said today.

Asked as to the possible size of the show, Limer reported that he expected some 100 head of Jerseys, 35 of Milking Shorthorn and a similar number of beef cattle, and approximately 75 hogs. The show lists last year ran about the same number, except in the beef cattle class, which is something new to the fall exhibit this year.

Pets of the county will have their chance at the show, too, with all youngsters being advised that they can enter their pet animals for prizes. The prize list runs \$5 for first, \$3 for second and \$2 for third. Agent Limer added, and the pets will take part in the big parade on Saturday.

To Stage Parade
One of the highlights of the show will be the parade to be held at 1 o'clock Saturday afternoon, in which entries from the fair will be paraded. In addition, the Friona Band will provide a lively tempo, the Hereford Riding Club will participate, and floats from all clubs, businesses, and organizations of the county are invited to take part.

Floats will be judged by representatives from Bovina, Friona and Farwell, and the first prize will be \$25. Second prize \$20; third is \$15, and fourth \$10.

Owners who plan to exhibit their livestock at the show are advised that 6 o'clock Thursday is the deadline for making an appearance at the show barn, while entries in the women's department of the show are slated for noon Thursday.

Agent Limer plans to take a county booth to Lubbock for the Panhandle Plains Fair, which opens on Monday. Local residents will recall that the county exhibit last year was awarded first place at Lubbock, while two years ago the Parmer showing placed second.

Barbecue, Carnival To Be Sponsored By FFA

Members of the Texico FFA today reminded all local citizens that the annual barbecue and carnival sponsored by the department would be held on Friday night of this week, September 24th, at the school.

The barbecue will be served in the school cafeteria, beginning at 7 o'clock, Texas time, instructor F. D. Stout has advised, with plates going at \$1 each.

Following the feed, all visitors will be invited to the school gymnasium, where a number of carnival attractions have been arranged for entertainment.

Funds from the affair go into the FFA treasury, to be used in department projects and a good turnout is asked from local people.

RAIN REPORTED IN FRIONA SECTION

Rain amounting to around three-quarters of an inch fell in the Friona section on Monday night, but it did not extend but a short distance to the west. No rain fell west of Parmerton.

REFLECTIONS OF HOPE . . . Wherever there are bars there are hopeful, longing faces peering through them. These people are citizens of Berlin, not imprisoned but simply watching through the fence around the Allied control council in the German capital as the Allied and Soviet military governors were meeting once more in an effort to ease the dangerous situation in that city. And the anxiety on these faces is the anxiety of the world, possibly excepting the Russians who seem to be doing all they can to promote more anxiety.

Farm Field Days At Experiment Station

County Agent Ollie Limer today called attention to two important field day dates at the Lubbock Experiment Station, on Thursday and Friday, Sept. 23 and 24.

The programs get underway at 10 a. m. each day and will include a number of demonstrations of particular interest to farmers, including studies that have been made on grain sorghums, varieties, yields, maturity dates, etc.

Experiment results on legumes and crop rotation will also be shown and explained, with special emphasis on mixed pasture plots, with four plots of mixed grasses to observe.

The afternoon sessions will be given over to a tour of the Texas Tech College, where demonstrations of artificial animal breedings will be given.

Limer said that Friday's program would be a duplication of the preceding day and only one day's attendance on the part of farmers would be necessary. Interested individuals may attend on the most convenient day.

NEW BOARD SECRETARY

Supt. B. A. Rogers announced the first of the week that Mrs. J. P. Macdon, former secretary to the Texico school board, had tendered her resignation recently, and Mrs. F. D. Stout has been named to the position. He asked that bill be sent to him at the school after which they will be turned over to Mrs. Stout for payment.

Regular Legion Meet Comes Monday Night

Commander Ed Meeks, of the local American Legion Post, announced today that a regular meeting of the Legion would be held at the Legion Hall, next Monday night, September 27, at 8 o'clock.

Following a business session, the members will enjoy table games, and refreshments will be served. Attendees are invited to bring dominoes.

137 Register Here In Peacetime Draft

County Clerk Loyde Brewer reported today that a total of 137 young men between the ages of 18 and 25 had registered at his office during the 17-day period of the peacetime draft which came to a close on Saturday of last week.

No figures were available here as to the number of registrants at Bovina and Friona.

MRS. MAGNESS IMPROVED

Mrs. Willis Magness, who suffered a paralytic stroke some two weeks ago, is reported to be showing satisfactory improvement. Her right side was affected by the stroke, but she is gradually regaining use of her members.

Most Of County Has Good Sub Moisture

Admitting that he had made no actual tests, County Agent Ollie Limer gave as his opinion today that most of Parmer County had a good underground moisture that will be of great value to the wheat seeded during the past month.

In Limer's opinion, the southwest corner of the county had more sub moisture than other parts of the county, and even this favored section is not without its dry spots. In the J. W. Bell section north of here, the moisture penetration is less than two feet, while most other localities are reporting better than three feet of underground moisture.

R. L. Douglas, living southwest of Bovina, and W. J. Matthews, who farms six miles south of here, both claim that tests on their farms have revealed better than three feet of moisture penetration.

The underground season is the result of good rains early in August, when rains ranging from one to five inches fell over most of the county.

Early wheat plantings are up to a good stand and late sowings are beginning to appear, and growers are predicting an abundance of grazing during the winter months if additional rainfalls come in the meantime.

Funeral Rites For Mrs. Fowler, Friday

Funeral services for Mrs. Chailote Temple Fowler, aged Oklahoma Lane resident, were held at the Baptist Church at Oklahoma Lane last Friday afternoon at 2 p. m., with Rev. J. J. Terry, Baptist pastor, in charge. The body was taken overland by the Steed Funeral Home to Weatherford, Texas, for burial, the following day.

Mrs. Fowler died in a Clovis hospital last Wednesday morning, where she was taken three days previously, suffering with a broken hip sustained in a fall at her home. She was 82 years old at the time of her death, and had been a resident of the Oklahoma Lane community, coming here with her family from Tillman County, Okla.

Pall bearers at the final rites were Walter Verner, Everett Christian, John Mounts, Clyde Perkins, Lee Meeks and Fred Bolton.

Monday Is Farwell Day At South Plains Fair

Monday, September 27, the opening day of the Panhandle South Plains Fair at Lubbock, has been designated as "Farwell Day", and Fair officials are making special plans for the entertainment of visitors from this city on that date.

Entertainment features this year will surpass all previous programs, with Jack Bailey's "Queen for A Day" highlighting the entertainment. Other features will include the Water Follies, and Selden, the stratosphere man.

Health Notes

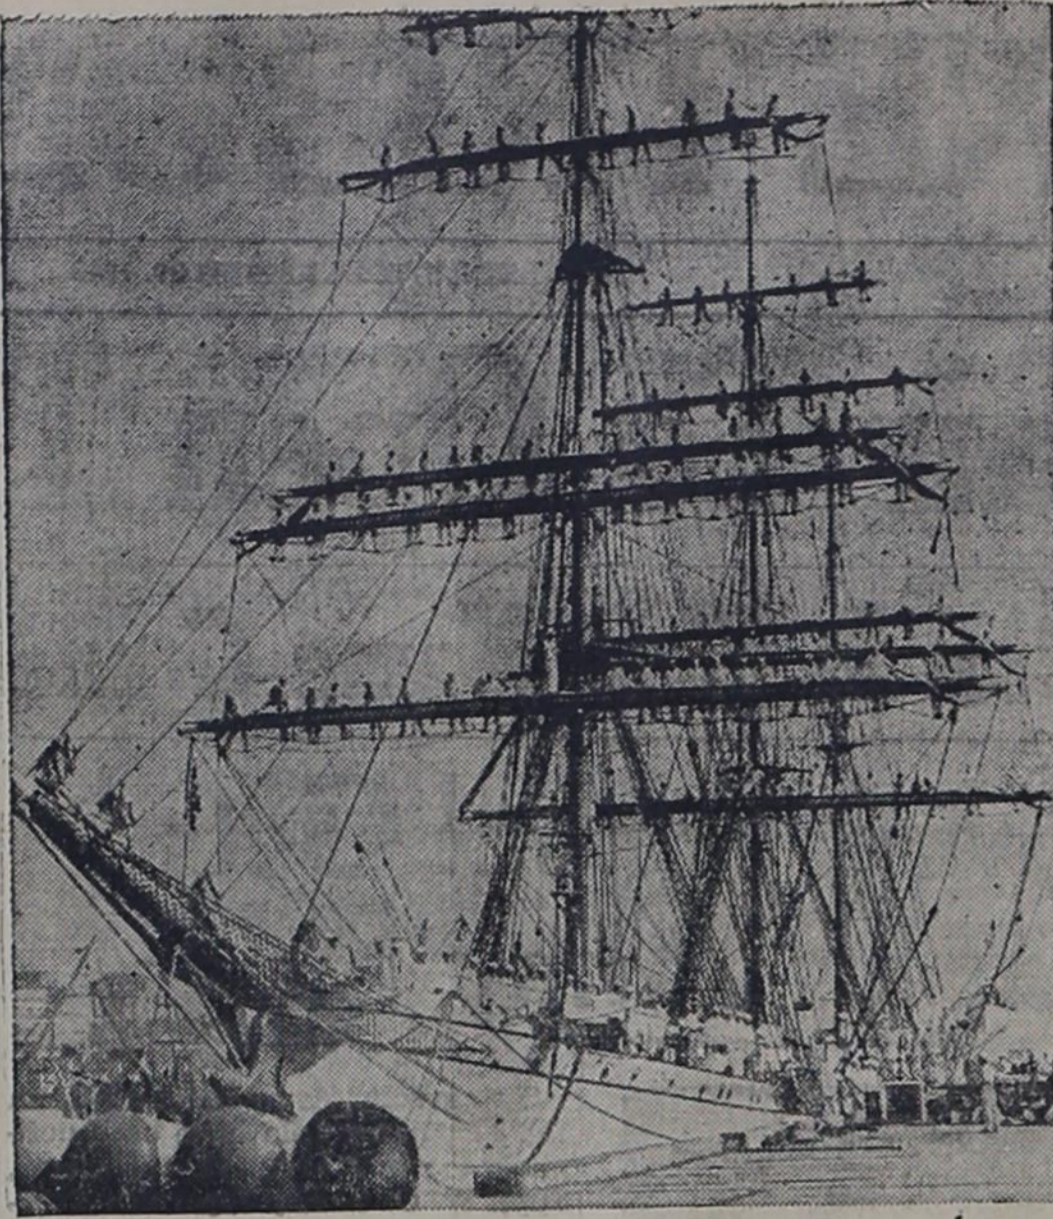

By Texas Department of Health

AUSTIN.—Comparing morbidity reports from ten Texas Counties where there are no full-time local health units, with those from ten other Counties where these units afford efficient health protection, reveals a startling difference in the incidence of communicable diseases, according to a survey released by Dr. W. Geo. Cox, State Health Officer.

Using as a basis of comparison the common childhood disease of whooping cough, Dr. Cox said that this survey showed that the Counties where local health units availed themselves of biologics from the State Health Department were able to hold this communicable disease to a desirable minimum.

"For instance", Dr. Cox said, "take these figures for comparison. In these Counties where there are no health units and therefore where no biologics from the State Health Department were used, the following rates of incidence apply, per 100,000 population: Gaines and Floyd, above 1000; Hale, Dallam, Castro and Cottle above 300; Carson above 400; Bailey and Hartley above 600; and Lipscomb above 750 cases."

By way of contrast to these high rates of incidence, Dr. Cox pointed

ALL HANDS ALOFT TO TRIM SAILS . . . For the men who go down to the sea in ships, sights like this are virtually a thing of the past, along with the cry "Sail ho!" and sailing vessels are only used as training ships now. This one is the coast guard training ship Eagle, formerly the German naval training vessel, Horst Wessel, a three-masted bark.

out that in a representative group of Counties where full-time health units made use of the biologics available from the State Health Department, the following much lower rates prevailed: Bell, Wichita, Bastrop and Hidalgo, less than 300; Travis less than 200; Smith and El Paso less than 150; Bexar, Dallas and Tarrant less than 100 cases per 100,000 population.

"It is plain to be seen" Dr. Cox said, "that the counties receiving the benefit of a full-time health protection, enjoy a much lower incidence of disease and the resulting lessened danger of death. Public health protection can be had for every citizen of Texas, but only when sufficient funds are appropriated to make possible a full-time local health unit in every one of our 254 Counties", Dr. Cox declared.

Poor Handling Means Drop In Egg Production

COLLEGE STATION.—Five eggs out of every hundred are lost on Texas poultry farms because of poor handling. Hot weather has a lot to do with it, says F. Z. Beanblossom, extension poultry marketing specialist of Texas A. and M. College. And Texas still faces a long period of hot weather before things begin to cool off this coming fall.

Going back to last year's egg record, Texas poultry flocks layed over 75 million dozen eggs during the hot summer months June, July, August

Score One For The Bride

By Frances Barton

WHETHER you are a bride with the confetti still in your hair, or one for whom the walk up the aisle to the strains of Mendelssohn is only a faint memory, here is a recipe to cherish. It looks and tastes very fancy indeed, but it is so simple to make even the bride who scarcely knows which end of a saucepan is "up" will be able to do herself proud. This is a fine dessert for almost any occasion—inexpensive enough to serve often to the family, yet pretty enough to grace your company table. Each time you make it, try using a different flavor of gelatin.

Ribbon Pudding

1 package gelatin (any flavor); 2 cups hot water; 1 layer sponge cake.

1 package prepared vanilla pudding; 2 cups milk; 1 or 2 bananas, sliced.

Dissolve gelatin in hot water; cool slightly. Choose a deep serving bowl that is approximately the same size as sponge cake. Place cake flat in bottom of bowl and pour on gelatin. Chill until firm.

Place pudding powder in saucepan. Add milk gradually, stirring constantly. Cook and stir over medium heat until mixture comes to a boil and is thickened. Cool, stirring occasionally. Arrange bananas on firm ribbon cake. Pour pudding on top of bananas. Chill. Serve with whipped cream, if desired. Makes 6 to 8 servings.

When Your Back Hurts -

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won country-wide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

and September. Now, five percent of this number is more than 3½ million dozen eggs. That's how many eggs had to be thrown out because they weren't handled properly. Looking at the money side of it, that many eggs are worth around a million and a half dollars.

Beanblossom has a few ideas for the flock owners that will cut down egg losses. To beat the heat, he sug-

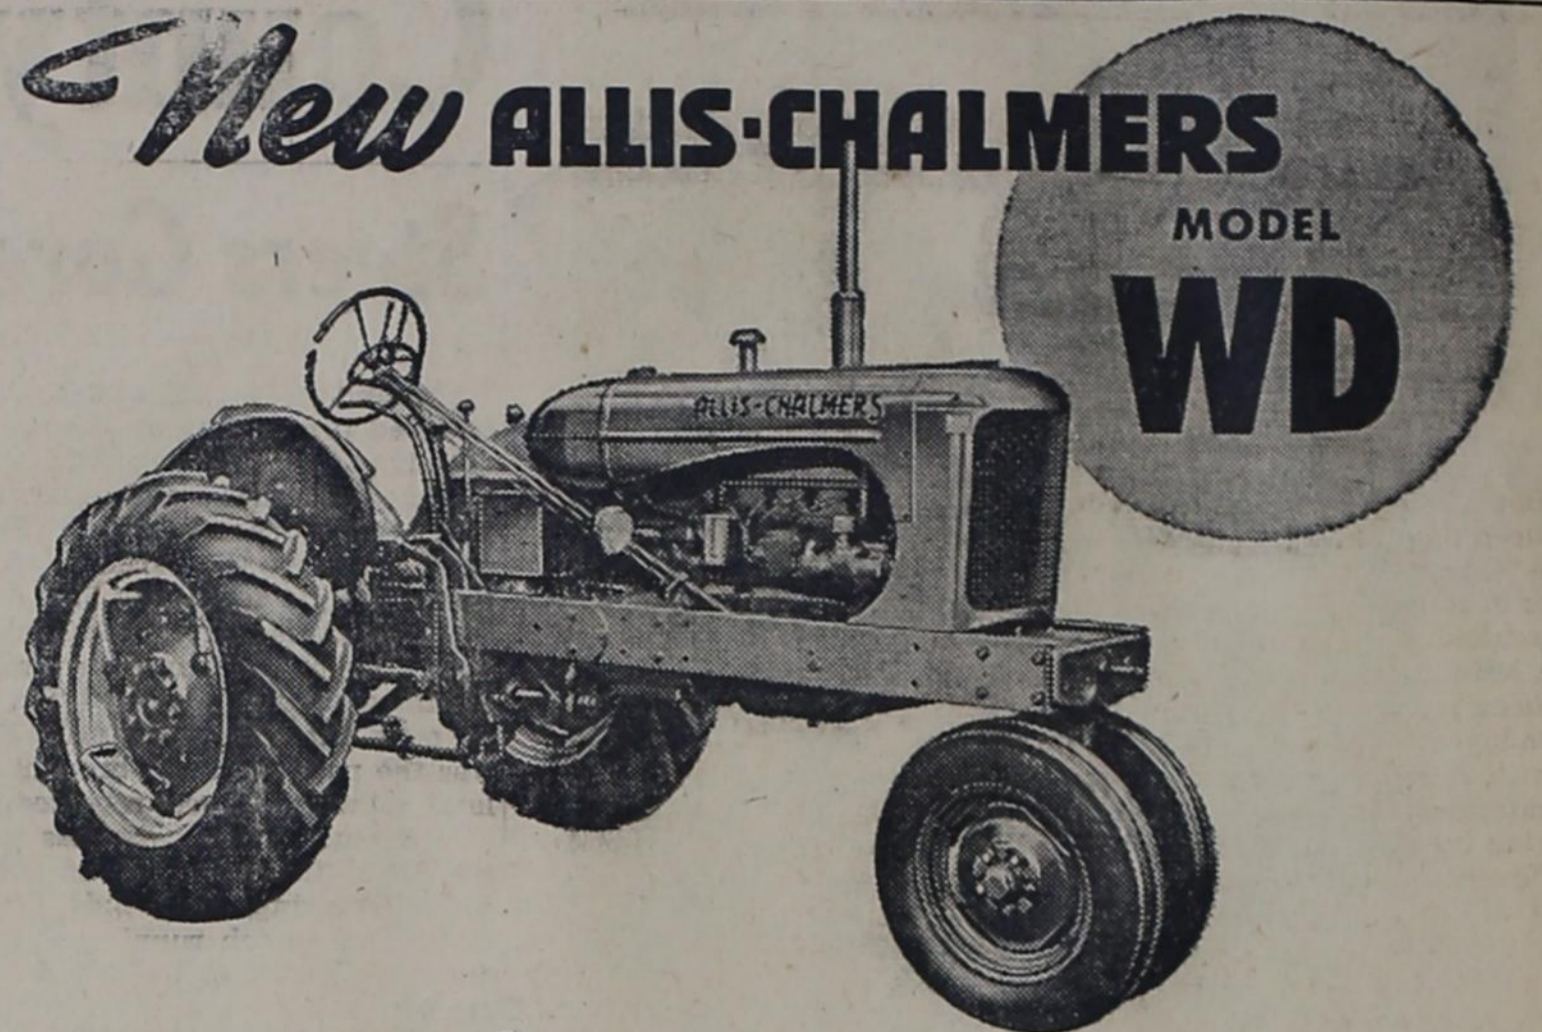

gests that farmers collect eggs from the flocks at least three times a day. Don't leave the eggs in the nests too long. Get them into a cool, moist room and leave them there at least 24 hours before packing them.

A wire basket allows for lots of air circulation around the eggs. It's about the best thing there is to collect eggs in. Pails, boxes or woven baskets keep the gathered eggs warm

and the air out, so use a wire basket. And don't fill it all the way to the top.

A few degrees of heat makes a big difference, says Beanblossom. Freshly laid eggs held at 90 degrees lose as much quality in 20 hours as eggs held for three days at 70 degrees, or 24 days at 50 degrees.

Hang on to your War Bonds!

Of the 17 major improvements built into this tractor, here are three which in themselves place the WD in a class by itself:

POWER ADJUSTED WHEEL TREADS

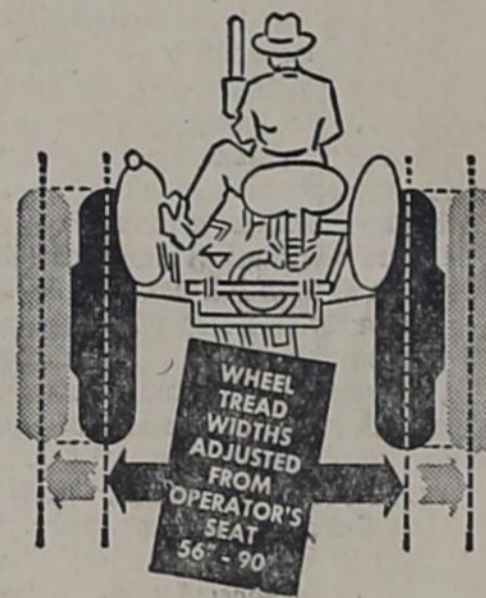

Power of the engine is used to adjust rear wheel treads to 10 different spacings.

TWO-CLUTCH POWER CONTROL

Two clutches permit continuous operation of power take-off and hydraulic system — independent of tractor motion.

FIVE-WAY HYDRAULIC SYSTEM

Complete hydraulic control of mounted and pull-type implements.

FULL LINE OF IMPLEMENTS. A complete new line of hydraulically-operated, quick-hitch companion implements — both mounted and pull-type — all matched to the power, speed and weight of the WD tractor.

"A QUEEN FOR A DAY"

Both Emcee Jack Bailey and a "Queen for a Day" are highly elated. The "Queen" above it one of the winners of hundreds of dollars worth of merchandise given away daily over the Mutual Broadcasting System's "Queen for a Day" program heard Monday through Friday. This fabulous Cinderella series has presented hundreds of gifts to lucky women during its three years on the air. "Queen for a Day" will be broadcast at the Panhandle South Plains Fair grounds in Lubbock on Sept. 27, 28 and 29. The show starts at 12 o'clock noon and lasts for one and one-half hours.

NEW TRANSLATION OF THE OLD TESTAMENT

NEW YORK.—A new modern-English translation of the Old Testament is being produced by the Roman Catholic Church to replace a text in use since 1609. The Rev. Stephen J. Hartdegen said the project is nearly complete. He is secretary of a committee of 30 scholars who have been working for the last five years on translations of ancient Hebrew, Aramaic and Greek manuscripts.

FACT FABLE

Once upon a time a young married couple were expecting their first child. It was the old story—she wanted a girl and he wanted a son. At first they merely teased each other about this, but it soon turned into an earnest argument, and finally into a serious quarrel. And time marched on. Finally B Day arrived, and the news bulletin from the hospital announced twins—one girl and one boy. Moral. Everyone is entitled to his own opinion.

Air Show To Feature At Texas State Fair

One of the most popular shows at the 1948 State Fair of Texas will be the Aviation Show, the first of its kind ever to be held in the Fair's new \$800,000 Automobile, Aviation and Recreation Building, Alphonso Ragland Jr., chairman of the Fair's aviation committee, has predicted.

Three aviation organizations will be pioneering the State Fair Aviation Show, Oct. 9-24, with elaborate exhibits ranging from tiny models to gleaming demonstration aircraft. Chance Vought, Mustang Aviation and Tex Air Aviation will claim "firsts" as demonstrators in the new "Show Window of the Southwest," the Fair's 84,000 sq. ft. Automobile, Aviation and Recreation Building.

Chance Vought will feature a graphic display for Fair visitors showing highlights in aircraft production during the many years the firm has been in production as well as some radical new aeronautical developments now being carried out by the company.

An animated model of an aircraft carrier will be shown with tiny Vought F6U Pirates, speedy Navy jet fighters soon to be produced by the company in Dallas, taking off and landing.

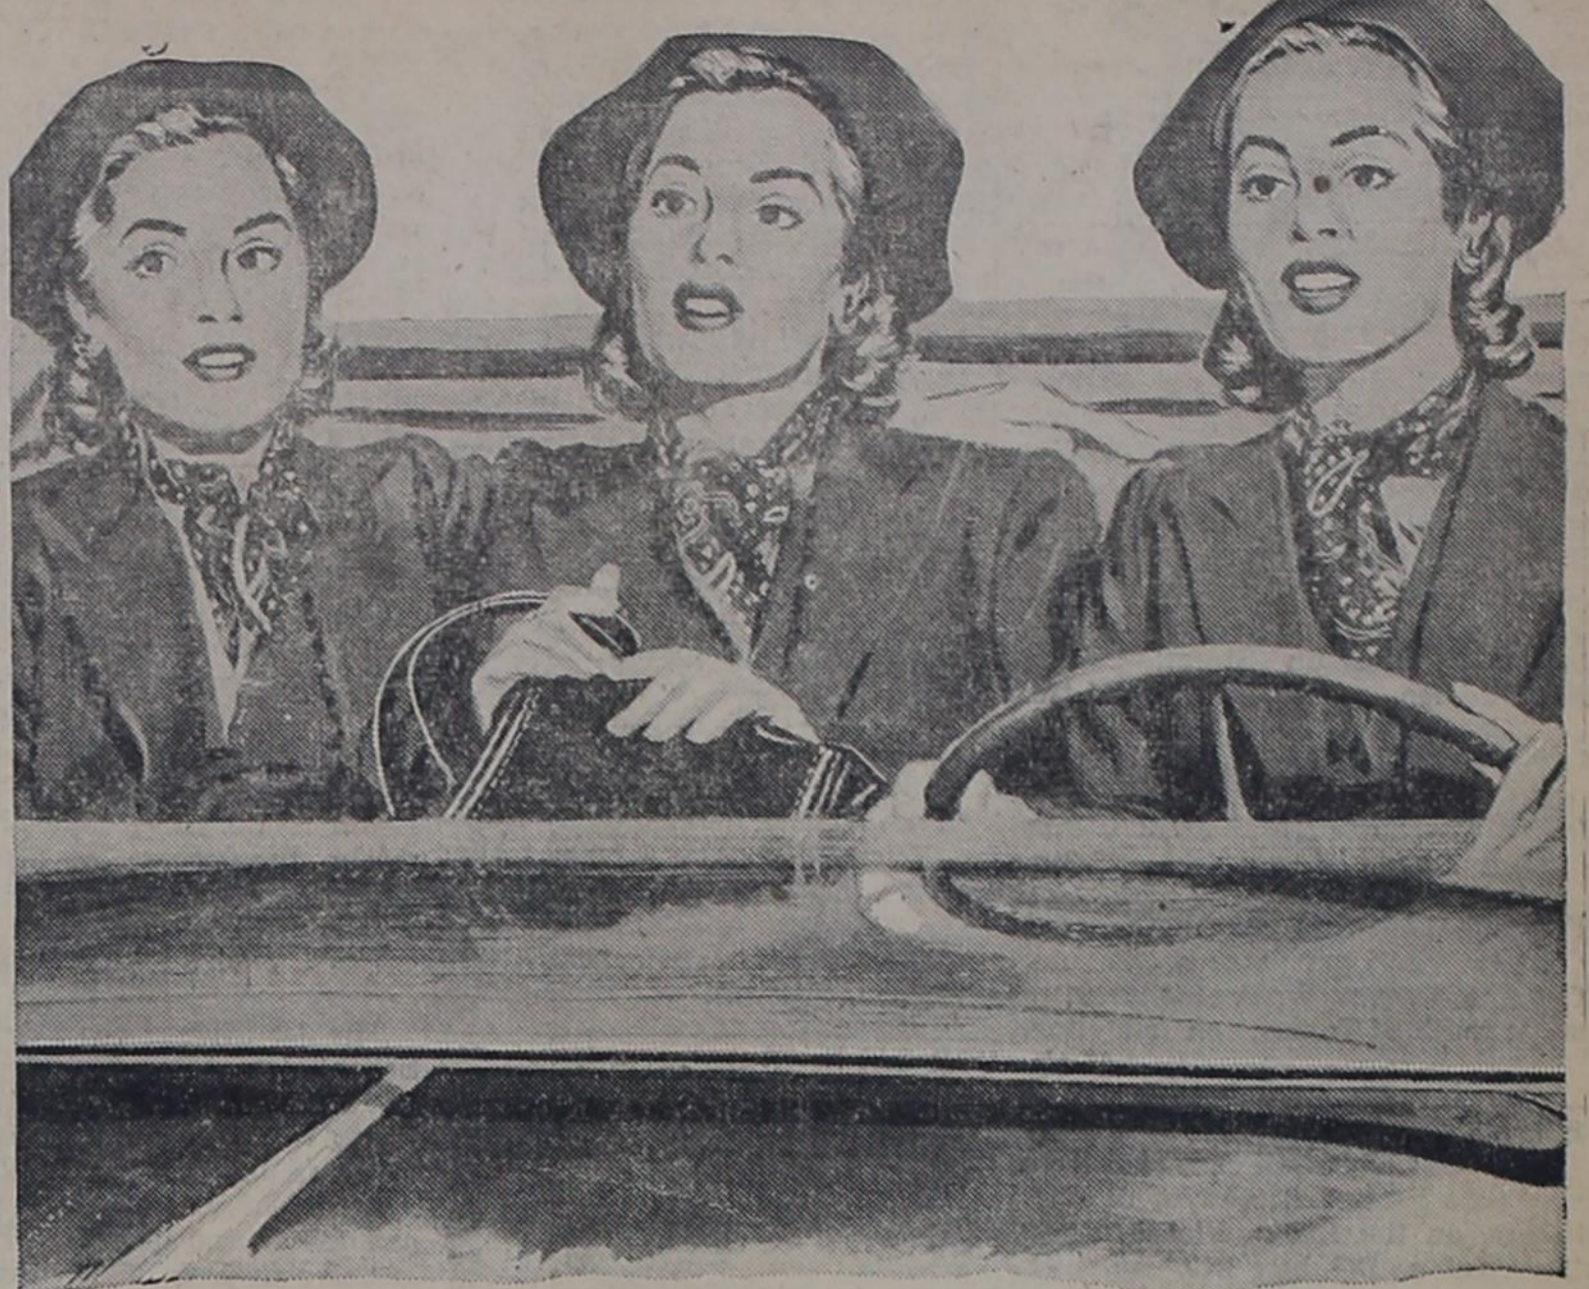

The carrier model will be flaked by plexiglas show cases containing other models of the most famous Vought airplanes. Included will be a model of the VE-7, a World War I training plane built in 1917; an O2U-1, first Navy "Corsair" fighter; and an SBU scout bomber, first Vought 200-m. p. h. aircraft.

This display will also include models of the SB2U Vindicator which was used by both the United States and British navies in the early stages of World War II, an OS2U Kingfisher, Navy observation scout plane, the F4U-5 Corsair, latest version of Navy and Marine Corps carrier based fighter-bombers, and finally, the F6U-1 Chance jet propelled fighter soon to be produced in Texas.

Tex Air Aviation will feature a Stinson Flying Station Wagon in its exhibit. This 165-h.p., four passenger aircraft is one of the nation's newest developments in civilian type aircraft.

Included in this exhibit will be a 144 sq. ft. model of Red Bird airport, Dallas, home of Tex Air. Complete with hangers and runways, the model airport has a miniature field lighting system and tiny model planes parked on the ramps.

Mustang Aviation will display a Cessna Model 195, a four passenger, 300-h.p. aircraft. Steps will lead up to the cabin, enabling visitors to inspect it closely. A special demonstration will show how the Cessna landing gear absorbs the shock and im-

A plus in any bus!

When you switch to Conoco Nth Motor Oil and an OIL-PLATED engine, you get these triple advantages . . .

(1) Extra protection from power-clogging sludge and carbon due to wear; (2) extra protection from metal-eating combustion acids; (3) extra protection from destructive "dry" friction starts.

Because Conoco Nth Motor Oil (Patented) fastens an extra film of lubricant so closely to metal surfaces that working parts are actually OIL-PLATED! This extra film stays up on cylinder walls . . . won't all drain down, even overnight. For plus performance . . . full-time protection . . . more miles per quart . . .

Make a date to OIL-PLATE!

pact of landing.

The Aviation Show of the State Fair of Texas will be an annual event. Erection of the new Automobile, Aviation and Recreation Building this year was planned to provide adequate exhibit space to Texas industry on a year around basis. Measuring 750 ft. long, 113 ft. wide

and 35 ft. high, the Automobile, Aviation and Recreation Building will play an increasingly important part in future years as the home of the greatest Aviation Shows in the Southwest.

Ignorance causes more blisters than bliss.

NEW YORK.—Private physicians in this country last year earned an average gross income of \$17,476 and net income of \$9,884, says the magazine, Medical Economics.

"Physicians in 1947 were in the top three per cent national income bracket," earning a total gross income of about 2 1/2 billion dollars, it said.

Don't miss this magnificent new series by the famous American artist in THE AMERICAN WEEKLY, That Great Magazine Distributed With Next Sunday's Los Angeles Examiner.

Mrs. J. W. Caldwell, of Amarillo, sister of W. J. Mathews, arrived here the first of the week for a visit in the Mathews home south of town.

Rev. and Mrs. W. G. Wages, who now live at Normandee, Texas, were visiting friends in this locality last week, and were guests in the E. E. Booth home. Rev. Wages was formerly the pastor of the Baptist church at West Camp.

QUEEN CONTEST

The Ag Club of the Bovina High School is sponsoring a queen contest in that city for the election of a young lady as FFA Sweetheart. Bettie Rose Johnson, Patsy Ellison and Janene Ellison have been named as candidates and votes are being sold at one cent each. The winner will take part in all FFA activities during the year and will accompany the FFA class on their out-of-town trips. Voting receptacles have been placed in the business houses of Bovina.

ATTEND CONFERENCE

Mr. and Mrs. W. J. Mathews, Mr. and Mrs. B. N. Graham and Rev. Harvey Carrell returned home last Wednesday evening from Kermit, Texas, where they attended the annual meeting of the District Conference of the Methodist Church. Mr. and Mrs. Roy B. Ezell, who were elected as delegates to the meeting, were unable to attend.

Grain Storage Space Leased At Pantex

Leasing of approximately half a million square feet of grain storage space at the Pantex Ordnance Works near Amarillo was begun this week following a conference between government representatives and grain men held recently at the office of Congressman Gene Worley.

First lease to be processed was that of the Fraser Milling Company of Hereford for one of the larger Pantex structures containing 66,950 square feet. Fraser is scheduled to begin rental of the space October 1, according to WAA.

Duncan D. Myers, in charge of the WAA's emergency grain storage program for the southwest region, said a survey of the available facilities at Pantex area showed that approximately 220 of the former ammunition igloos will be suitable for storage by individual growers. A number of the warehouses and other main storage buildings containing more than 250,000 square feet are still available for leasing to bonded warehousemen, agricultural cooperatives and other groups, he said.

The igloos and several of the larger buildings, Myers said, have concrete floors and walls of a construction suitable for long-term storage. The WAA will arrange leases on the basis of one cent per square foot of storage space per month, with one month's rental in advance. It was emphasized that the arrangements are made in full cooperation with standard requirements of the Commodity Credit Corporation.

Leasing of the South Plains Airfield near Lubbock for grain storage is also progressing rapidly, it was reported.

Santa Fe System carloadings for week ending September 18, 1948, were 26,182 compared with 28,993 for same week in 1947.

Cars received from connections totaled 11,850 compared with 11,702 for same week in 1947.

Total cars moved were 38,032 compared with 40,695 for same week in 1947.

Santa Fe handled a total of 32,983 cars in preceding week of this year.

Mrs. Magness Honoree At Miscellaneous Shower

The lovely home of Mrs. J. D. McMillian was the scene of a miscellaneous bridal shower on Tuesday afternoon, September 14, from 2 to 3:30 p. m., honoring Mrs. Leon Magness. Mrs. McMillian, Mrs. Mae Magness, and Mrs. George Magness acted as co-hostesses for the occasion. Mrs. Wessie Magness presided at the guest book throughout the evening.

The reception room was beautifully decorated with bouquets of dahlias and various other cut fall flowers, while the serving table was draped with a beautiful lace covering centered with a bouquet of mixed flowers.

Various games were enjoyed during the afternoon, after which delicious refreshments of bridal cake and punch were served to the following: Mesdames, Joe McWilliams, Chester Magness, Wessie Magness, Raymond Magness, Afton Stancell, Duane Curtis, Mutt Magness, R. T. Jenkins, Clyde Magness, Tom Foster, Eunice Vinson, C. M. Baker, and the hostesses, Mae Magness, George Magness and J. D. McMillian, and the honoree, Mrs. Leon Magness.

Also Misses Phyllis Ann and Carolyn Magness and Mr. George Magness.

Regrets were received from the following: Mesdames, W. W. Hall, J. D. Thomas, Bob Hammonds, Cary Cassidy, A. Milstead, W. H. Spurlin, Jessie Stancell, W. D. Hardage, Dick Gerries, Joe Crume, Don Fought, Harry Baker, T. E. Levy, Henry Lewis, James Spurlin, Boone Allison, H. S. Curtis, Hattie Gerries, S. O. Billington, and Faye Milstead.

Also Misses Talma Randol, Betty and Bonnie Foster, Lavoyda and Katherine Billington; and Mr. Ray Magness and Bobby Hammonds.

Auxiliary Holds Installation Meeting

The American Legion Auxiliary of the Farwell chapter held its regular meeting, Monday night, September 20, at high time new officers for the coming year were installed.

Officers installed are as follows: President, Mrs. Mae Porter (Mrs. Bess Henneman who was elected as president resigned the position due to the fact her work has transferred her to Floydada); 1st Vice President, Mrs. Charlie Thompson; 2nd Vice President, Mrs. A. F. Phillips, Jr.; Secretary-Treasurer, Miss Iris Thornton; Corresponding Secretary, Mrs. Ruth Meeks; Historian, Mrs. Jerry Meeks; Chaplain, Mrs. Jonnie Crawley; Sargent-at-arms, Mrs. Claude Dyer; and Assistant Flag Bearer, Mrs. Edith Henderson.

Refreshments of punch and cake were served to the fourteen ladies present by the hostesses, Mrs. Mae Porter, and Mrs. Ellen Wurster.

The next meeting which will begin the new year will be held on the third Monday night in October, which will be October 18th, and the new president, Mrs. Mae Porter will be in charge of the meeting.

Attend State Convention

Judge and Mrs. A. D. Smith of this city accompanied by Dr. and Mrs. Clyne Smith of Clovis, left Saturday for Dallas where they attended the State Convention of County Judges and Commissioners on September 19, 20 and 21.

Also attending the convention from this county were T. E. Levy, commissioner of this precinct, and W. S. Menefee of the Lazbuddy precinct.

Mr. and Mrs. E. H. Cummings of Friona were visitors in the home of Mr. and Mrs. C. A. Cassidy, Saturday night.

Class Officers Named By Texico Students

High and junior high school classes at Texico formed their official class bodies recently, with officers and sponsors being named.

Buddy Pearce heads the seniors, assisted by Grace McDaniel as vice president; Delphine Johnson as secretary-treasurer; Beale Stewart as reporter; and Mrs. Gladys Prescott as sponsor.

The Juniors named John White as president, Coeta Roth as vice president; Mark Leavell as secretary; Patsy Ingram as treasurer; Frankie Harris as reporter, and Mrs. Jimmie Allman as sponsor.

President of the sophomores is Wayne Tucker. In the vice president slot is Jeriel Doolittle; Carmen Roth is reporter; W. O. Reid, secretary; and F. D. Stout, sponsor.

The freshman election put Orville Crooks in as president, Willie Thatcher as vice president; Gayle Doolittle, secretary; Margie Reid, reporter. Mrs. Edward Ingram will serve as sponsor.

Milton Poteet is president of the eighth grade junior high, with Esther McDaniel as vice president; Glenda Doshier as secretary; Billie Goldsmith as treasurer, and Jo Sandra Magerus as reporter.

Seventh grade president is Paul Crooks; Phyllis Tucker is vice president; Kenneth Allred, secretary; Charlene Allen, treasurer; and Leona Hudson, reporter.

Nicewarner Family Enjoys Reunion, Sunday

The G. L. Nicewarner family enjoyed a reunion Sunday in the home of Mr. and Mrs. Olan N. Schleuter.

All members of the family were present with the exception of one grand-daughter, Mrs. Raymond Parra, El Salvador, Central America, and daughter-in-law, Mrs. Tom R. Nicewarner of Graham, Texas.

Those present were: Mr. and Mrs. Ray E. Nicewarner and Metta Lee, of Abilene, Texas; Mr. and Mrs. Horace L. Schloss of Hereford, Texas; Mr. Tom R. Nicewarner of Graham, Texas; Mr. and Mrs. G. L. Nicewarner, and Mr. and Mrs. Olan Schleuter and Peggy Ann of this city.

First PTA Meeting Is Held On Thursday

The Texico Parent Teacher Association held its first meeting of the current school year, the past Thursday evening, with a good crowd on hand at the school auditorium.

Mrs. LeRoy Faville was in charge of the program, presenting numbers featuring her first grade students, and mothers of the first graders acted as hostesses, serving refreshments at the conclusion of the program.

It was voted to hold regular meetings on the second Thursday evening of each month, with the hour set at 8, Texas time. Various grades of the school will present programs at the meetings, with the mothers of the students acting as hostesses.

New Clerk At Local County Agent's Office

Miss Thelma Gravelle, who has for the past sixteen months been employed at the local county agents' office, has resigned her position here.

She went to Plainview to spend the week-end with her parents before going to Shamrock, where she will be employed as a bookkeeper at a daily newspaper there.

Mrs. Bert Williams has been employed by the county agent and began work at the office here the first of the week.

Officers Elected For Wolverine Annual

Officers for the Wolverine, Texico school annual were elected the first of this week when the seniors class met in a business session. Officers elected are as follows: Editor-in-chief, Claudine Bridges; Assistant Editor, Delephine Johnson; Photographer, Buddy Pearce; Sports Editor, Beale Stewart; Social Editor, Alta Warwick; and Gossip Editor, Norma Lee Sanders.

The above officers will also be in charge of The Wolverine, Texico school paper, which is published every six weeks.

Four Generations Are Visitors On Sunday

Relatives representing four generations visited Sunday in the home of Mr. and Mrs. W. W. Vinyard in Farwell.

In the group were Mrs. George Wilson, sister of Mr. Vinyard; her daughter, Mrs. Mattie Lee Bougard; Mr. and Mrs. John Heidburg (daughter of Mrs. Bougard), and their four-months old baby. All were from Arriolo.

Birthday Dinner Enjoyed

A lovely birthday dinner was enjoyed the past Tuesday night in the home of Mr. and Mrs. Paul Wurster.

The dinner was held in honor of Mrs. Albert Thomas, Claude Thomas, and Mrs. Paul Wurster, their birthdays all within a weeks time. The centerpiece was made up of a beautiful bouquet of fall flowers.

Those present were: Mr. and Mrs. Albert Thomas, of Farwell, Mr. and Mrs. Claude Thomas of Fields, New Mexico, Mr. and Mrs. Edgar Campbell of Holene, New Mexico, and the host and hostess, Mr. and Mrs. Wurster and son.

All members of the family were present with the exception of one grand-daughter, Miss Geraldine Thomas who is attending the Wayland College in Plainview and was unable to be here.

Eight Grade Enjoys Party Friday Night

Miss Jo Sondra Magerus entertained her class mates, the eighth grade, in her home Friday night with a class party. Games were played and refreshments of ice cream cones were served to those present.

Attending were: Doris Leavell, Betty Bridges, Norma Jacks, Glenda Doshier, Anita Brown, Howard Hudson, Earl McDaniel, James King, Jimmie Moss, H. D. Robertson, Billy Murdock, Billy Goldsmith, Junior Poteet, Hollis Lesley, Darrell Harris, Tuck Monk, Kenneth Allred, Jerald Doshier, Leona Hudson, Robert Tucker, Phyllis Tucker, and one guest Willie Joe Carpenter and the hostess.

WSCS Sponsors Fellowship Supper

The WSCS of the local Methodist Church sponsored a fellowship supper the past Wednesday night in the basement of the church.

The Society has taken up a book study, from the book entitled "One Hundred Year Of Mission Work In China", which will continue for six weeks. The study will be held each Wednesday night at the regular mid-week service.

Visiting Parents

Mrs. Ed Thomas is here from Los Angeles for a visit in the home of her parents, Mr. and Mrs. Bob Kyker. Mrs. Thomas arrived Monday and will spend some time with relatives.

Mr. and Mrs. Billy Kaffri and son of Perryton, Texas are visiting this week in the home of Mrs. Kaffri's mothers, Mrs. R. D. Williams and family.

Reception Held For Teachers At First PTA Meeting

The Parent Teachers Association of the Farwell Consolidated School, held its first regular meeting of the year in the home economics building at the Farwell school the past Thursday night, September 16. The purpose of the meeting being a reception for the new teachers into the local faculty.

The reception room was beautifully decorated with bouquets of gladiolus, asters, and other flowers.

Delicious refreshments of sugar cookies and punch were served from a lace covered table by the hostesses, Mrs. Tom Foster, Mrs. Joe Magness, and Mrs. S. O. Billington, at the close of the meeting.

At the beginning of the meeting, Mrs. Shelby Jobs, music instructor, rendered several musical selections at the piano, followed by a short business session conducted by Mrs. J. D. Thomas, president. During the business session, Mrs. Tom Foster, chairman of the now inactive Oklahoma Lane Mothers' Club, presented Mrs. Thomas with a key to the cupboard of the Oklahoma Lane lunchroom, in which are stored canned goods, prepared by the mothers of the Oklahoma Lane school, and inasmuch as their children have been transferred to the local school they felt that the food should also be turned over to the local lunchroom. Mrs. Foster also presented Mrs. Thomas with a check for \$40.00, a set of dishes, and a set of silverware, each being service for fifty, to be used in the home economics department for special occasions only.

Following the business meeting, Mrs. W. H. Graham, accompanied by Mrs. Shelby Jobs at the piano, led the entire congregation in three PTA songs, after which Supt. Jack Williams made an introductory speech introducing all the employees of the Farwell schools.

Supt. Williams first introduced the teachers: Mr. Louis Purvis, coaching and history; Mrs. Shelby Jobs, public school music, band and chorus; J. W. Caves, math and science; Mrs. Mary Peyton, commercial work; Mr. Shelby Jobs, grade school principal, and 8th grade; Mrs. Georgia Caves, 7th grade; Miss Ruth Bonds, former Oklahoma Lane teacher, 6th grade; Mrs. R. D. Hensley, also from Oklahoma Lane, 4th grade; Mrs. John Aldridge, typing, foreign language, and secretarial training; are the new members of the staff with the following serving here from two to five years: Robert Morton, vocational agriculture, 4th year, Farwell; Mrs. Ann Lovelace, home economics, 2nd year; Mrs. Earl Booth, English and librarian, 5th year; Mrs. Harry Whitley, 1st grade, 5 years; Mrs. Pool, 2nd grade, 3 years; Miss Wilma Louise Snider, 5th grade, 4 years; and Mrs. C. E. Sanders, 3rd grade, 3 years.

Next he introduced the bus caretaker and drivers and the janitor as follows: Mr. R. D. Hensley, bus fore-

man who comes here from Oklahoma Lane; Rev. J. J. Terry, Leonard Hanna, Charley Thompson, Ray Magness and Herman Gerries as bus drivers; and Mr. Tucker, janitor also from Oklahoma Lane.

Supt. Williams then introduced the cafeteria supervisor, Mrs. Louis Purvis; and chief cook, Mrs. Travis Brown. Mrs. Purvis reported that three hundred children were being fed daily at the lunchroom and more were expected as school gets underway.

A membership contest has been underway for the past month and the class having the most paid members received a prize, a picture, which was awarded to the sixth grade this month. At the end of the year the class that has had the picture the longest period of time during the year will be given the picture permanently. The third grade pupils will be honored with a party for having the most paid members present at the meeting this month.

Mrs. S. O. Billington, reporter for the association, stated that one-hundred and fifty-one members had paid their dues for the year, and extended an invitation to all patrons to pay the required 75c, membership fee, and take part in the meetings.

Announce New Arrival

Mr. and Mrs. Rex Kyker announce the arrival of their first born, a 7-pound girl, Thursday morning, Sept. 16. The young lady has been named Jerilyn. Mr. and Mrs. Kyker are living at Abilene, where he is a member of the faculty of the Abilene Christian College.

Daughter Is Born

Mr. and Mrs. James Box are the proud parents of a daughter, born Friday, September 17. The infant weighed 7 pounds and 8 ounces at birth and she has been named, Cynthia Ann.

To Mineral Wells

Mr. and Mrs. Henry London have gone to Mineral Wells, for a visit with Mrs. W. H. Osborne, formerly of this city. They will visit other Texas points and may continue their trip into Arkansas before returning home.

To WSCS Meet, Portales

The Clovis District of the WSCS attended an all day meeting held in Portales, Wednesday, September 22. Attending the similar of study representing the Farwell church were Mrs. Albert Thomas, Mrs. Roy B. Ezell, and Mrs. Harvey Carrell.

In Graham Home

Mr. and Mrs. J. A. Tilson of Abilene, and Margie Tilson, of Plainview, were visitors on Monday in the home of Mr. and Mrs. E. N. Graham, in Farwell.

Mr. and Mrs. Bill White announce

the arrival of a new daughter born Sunday, September 19th, in an Albuquerque hospital. She weighed six pounds and has been named Rory Ann.

GREETING CARDS

We carry a complete line of greeting cards for every occasion.

It's a great convenience to lay in a supply and have them on hand when you need them.

BOX SUPPER HELD IN LEGION HALL

A box supper was held at the American Legion Hall, Post No. 518, in Bovina, Friday night, September 17.

Mrs. Fred Carson's box brought the highest price \$55.00. She received a \$10.00 prize.

Mrs. R. L. Barber and Mrs. T. G. Hudson received prizes of \$5.00 for bringing the most attractive boxes.

The highest bidder paid \$55.00 and the lowest bidder paid \$10.50.

Gross profit of \$410.00 were taken in from 15 boxes and the money is to be used to put asphalt tile on the floors of the Hall.

AUXILIARY MEET MONDAY NIGHT

The Legion Auxiliary met Monday night, September 13 for their business meetings.

In the Auxiliary it was decided to have an installation of officers at the next meeting on September 27th. All members are urged to be on hand for this meeting. All prospective members are also extended a cordial invitation.

The Legion decided to have a box supper Friday night, September 17, which they did and the proceeds amounted to \$410.00 for a new floor in the auditorium.

The Auxiliary have bought venetian blinds for all windows and doors and they will soon be installed by

Movie stars following the predictions of M. Louis, hair fashion forecaster for the American Hairdresser, illustrate hair trends for the next six months. Left is Lina Romay, currently appearing in "Joe Palooka—The Big Fight" a Monogram film, with her hair done by Lela Chambers, studio hair dresser. Right, with another style variation, is Binnie Barnes, star of Mutual's radio show "Leave It To The Girls", who has just left for England to do a picture.

Short Hair with Emphasis on Feminine Allure Forecast for Next Six Months

Hollywood stars are six months ahead of the times in grooming their hair.

And this means that the women of the nation will not be far behind when it comes to following the stars. The short hair trend with emphasis on soft feminine alluring lines is due to continue into 1949, according to the hair fashion forecast by M. Louis in the American Hairdresser, leading publication of the beauty industry. Such stars as Irene Dunne, Loretta Young, Lina Romay, Ida Lupino, Binnie Barnes and Claudette Colbert set the pace in the movie capital.

In the fall styles the hair is combed out freely in the back, giving a pleasingly full effect without disturbing the basic cap contour line. Interest is added by a slight upward movement of the wave, clearly defined on the side in contrast to the present horizontal forward movement of the wave. These newer lines can be varied, modified or exaggerated to flatter each individual wearer.

Next year the lines of the hair will swing toward a new line in which the top will be flat, spreading into fullness above the temples. This movement is also predicted in the American Hairdresser.

In making these styles available to thousands of beauty salons throughout the country for the benefit of style-conscious American women, Hazel L. Kozlay, editor-in-chief of the publication points out:

"Within the current trend, styles will remain short, sleek and feminine. But they will continue away from the stereotyped severity of the cap coils which are far from flattering to many types of faces. Thus, even with the shortness, smart styling will make the hair appear more abundant without sacrificing the freedom and comfort of shorter hair. Hairdressers will adapt these general lines to each individual so they will be most becoming and flattering."

PUBLIC SERVICE COMPANY

24 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

WALLGREEN FORCED TO USE DEWEY EMBLEM

RICHMOND.—Gov. Mon C. Wallgreen, a Democrat and close friend of President Truman, was "sentenced" to campaign for Thomas E. Dewey.

Wallgreen was "convicted" at a

kangaroo court of failing to wear western clothing to advertise Richmond's Atomic Frontier Days.

He was sentenced to parade around the court area wearing a "Dewey 1 President" sign.

Holes bored in the top and bottom sections of the doors of cleaning closets will provide ventilation.

Lubbock State Fair Opens Monday, Sept. 27

LUBBOCK.—Gates will swing open next Monday morning in Lubbock on the 31st annual Panhandle South Plains Fair which, officials believe, will be the greatest ever held in the Southwest.

If expenditures of money & effort can make a Fair great, then the one in Lubbock will be a dandy. Cash premiums total nearly \$10,000, as compared with approximately \$6,000 a year ago.

As to entertainment, never before has so much been offered in one place within so short a time in the Southwest.

The Forsythe & Dowis carnival will be operating on the midway day and night every day of the Fair. This is the best and biggest carnival touring the Southwest this year. It features rides rather than tent shows. The equipment is new and safe. Prices will be reasonable—half-prices prevailing on Children's Days, Thursday and Friday, ranging down to a nickel for kid rides and 6 cents for the merry-go-round.

The "Queen for a Day" broadcasts, one of the most popular of all radio shows, will be the grandstand attraction Monday, Tuesday and Wednesday. The program each day will begin at noon. A pre-broadcast program will last one hour. Then the show will go on the air from 1:00 until 1:30 p. m., with an estimated 25,000,000 persons listening in. The Queen each day will be chosen from among ladies in the audience. She will receive gifts worth hundreds of dollars.

The grandstand attraction will be the "Water Follies of 1948", the biggest vaudeville—singing, dancing, acrobatics, etc.—in addition to swimming and diving exhibitions by world champions and precision routines by a ballet of 16 Aquabelles.

The Ringling Brothers-Barnum Bailey circus will show on the fair

grounds Wednesday afternoon and night.

Poultry Flocks Attacked By New Disease

COLLEGE STATION.—Texas poultry flocks are being attacked by a fairly new disease for this area. It's called Newcastle disease or "P-E" disease. Newcastle disease may affect chickens, turkeys, pheasants, pigeons, and maybe even quail, says Dr. W. C. Banks, extension veterinarian of Texas A. and M. College.

First diagnosed just two years ago in Texas, it has been reported in nearly all parts of the state since then.

"P-E" disease is a virus. It moves around from one bird to another by contact, feed, water, air and probably through the egg. Lice and mites may also be carriers, as well as recovered birds.

The disease often shows up first in the young chicks, and about the first thing you'll notice is a breathing disturbance something like bronchitis. Then, from two to five days later, nervous symptoms begin to show up. You might not notice the bronchitis, says Dr. Banks, but you probably won't miss the paralysis of the birds. Most often it's legs, wings or neck. And when the disease paralyzes the neck, there is a twisting or cork-screw appearance. Sometimes the neck turns upward or is twisted down between the legs.

If any birds in your flock show any of these symptoms, better call a veterinarian right away. He can tell you for sure if it's Newcastle disease. In flocks four to five weeks old, there may be around a 20 percent death rate. With younger birds it's higher, and with older ones it won't be that much.

In laying flocks there may be only a few deaths, but you'll notice a big drop in egg production for three or four weeks.

Scientists are still working on a

vaccine for Newcastle disease. So far there isn't much for the poultrymen on control, except to remove diseased birds and quarantine the houses and brooders. Sometimes it's necessary to remove all poultry for 60 to 90 days and disinfect the house with a lye solution (one pound of lye to 6 or 7 gallons of water) or a lysol solution (one pint of lysol to 10 gallons of water).

Good flock management by Texas poultrymen can go a long way in curbing Newcastle disease, says Dr. Banks. Here are a few things that will give the birds a better chance of surviving. Lower the feed troughs and watering devices. Keep the chicken house clean. Supply plenty of cool, clean water, and feed a complete ration.

These things will lower your flocks' chances of getting "P-E" disease, but

if they do get it, they'll have a better chance of pulling through.

MOSQUITOES WON THE FIRST ROUND ANYWAY

BALTIMORE.—Adam Collins, 43, came off second best early today in a bout with mosquitoes.

Police found him lying on the sidewalk in front of his home with a broken leg and possible internal injuries.

Collins said he was pestered by mosquitoes, got up about 2:30 to put a screen in his second floor bedroom window, and fell out.

Newcastle disease is a virus affecting the nervous system and breathing system of chickens. It may also affect turkeys, pheasants and pigeons.

1 Million

AN IMPORTANT MILESTONE

Last week we passed the million mark in telephones.

Just a few years ago—in 1939—there were only 500,000 telephones in the seven states we serve, and it had taken us about 60 years to grow to that size.

We added the second half-million in less than ten years!

The economic development of this state has played an important part in telephone growth.

There are still unfilled orders, pending the installation of more equipment in our buildings and the extension of wire and cable facilities. Completing these orders is our number one job.

THE MOUNTAIN STATES TELEPHONE & TELEGRAPH CO.

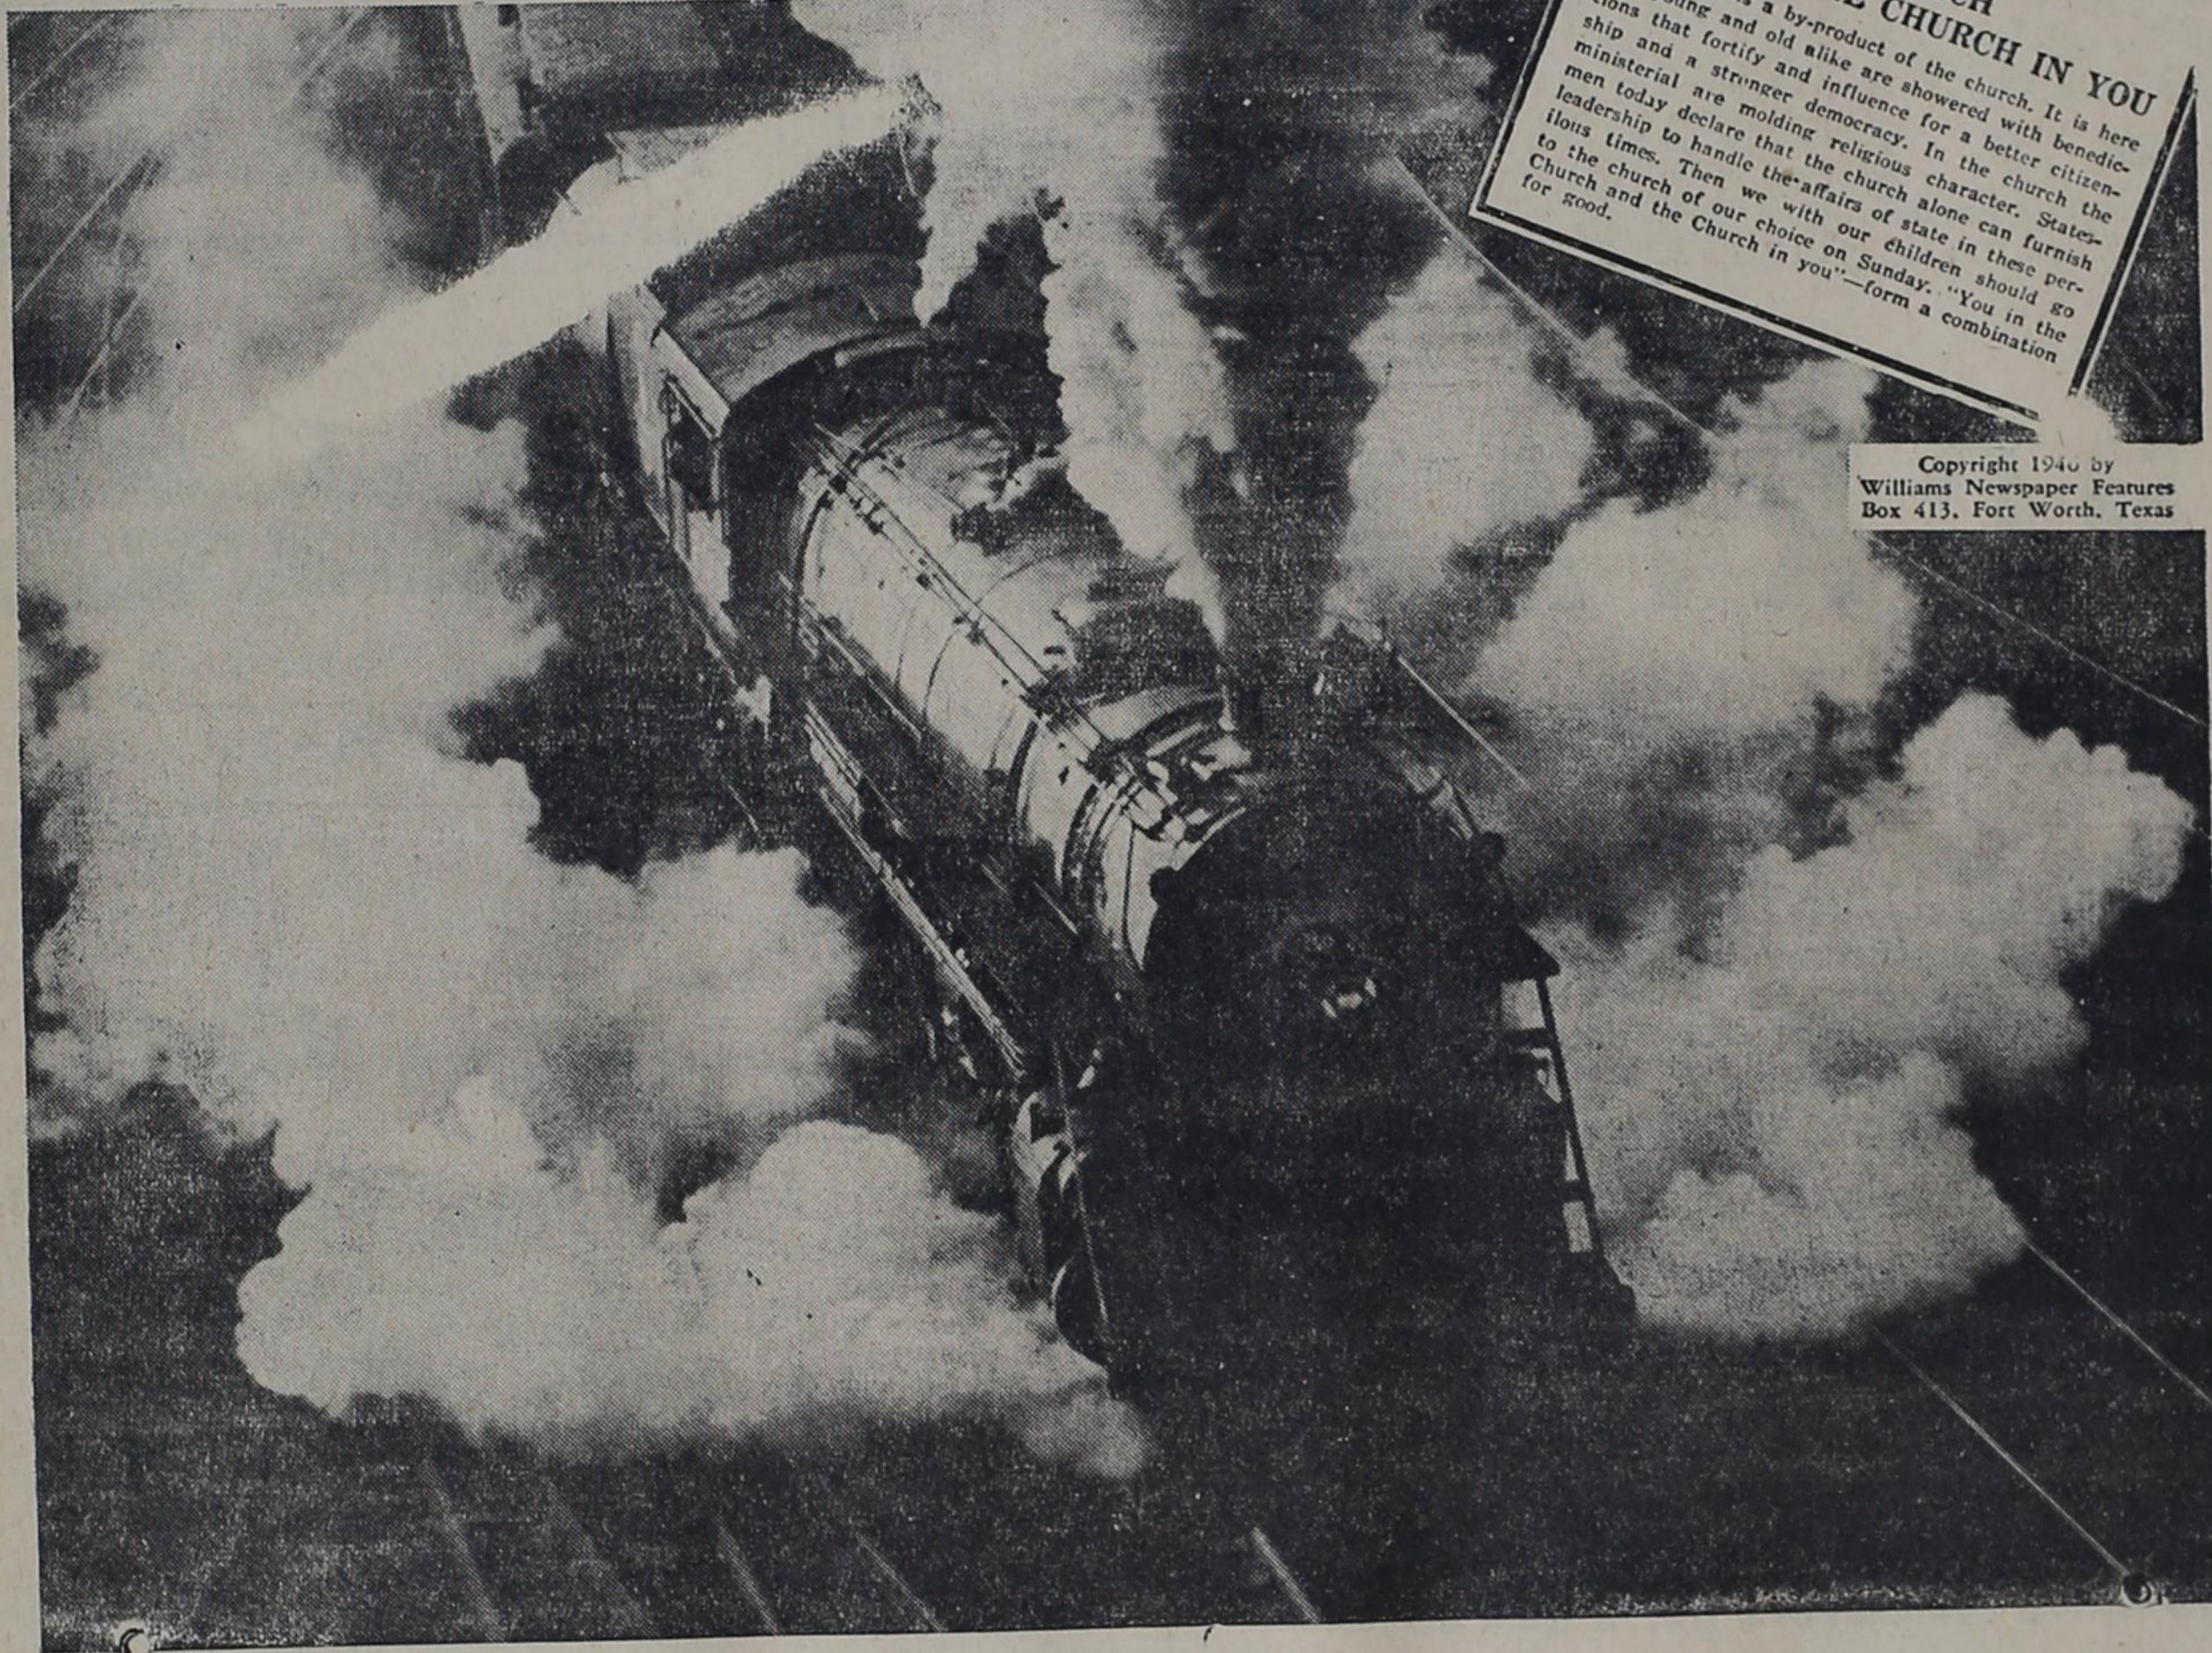

ALL ABOARD

ALL are travelers. But movement does not necessarily mean progress. There are ways and destinations good and bad. Between these each faces the privilege and necessity of choosing. Be sure that the way selected leads to the destination desired. "There is a way that seemeth right unto a man, but the ends thereof are the ways of death."

FORTUNATELY there is a road which leads to Life Eternal. Jesus the Christ declared: "I am the way!" You may journey in this way if you will. However there is no compulsion. You must travel in that way if you are to reach that destination. "The path of the just is as a dawning light that shineth more and more unto the perfect day."

IN a great Railway Station are trains bound in opposite directions. In life you may move toward the heights, or the depths. Time for departure is scheduled; preceding which each must make decision and take action. Many have dailed until they missed their 'train.' Decision and action should be made promptly.

Whither are you bound? You may choose light, or darkness; honor, or shame; pleasure, or pain; life, or death! Remember it is impossible to travel the wrong road and reach the right end! The Lord's counsel is: "Strive to enter in by the narrow gate!" To those who follow his counsel he says: "Ye shall find rest unto your souls!" ALL ABOARD! ©

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

Certified Seed Wheat Plentiful In Texas

A wheat survey released today by Keats Soder, Director of Texas-Oklahoma Wheat Improvement Program lists names and addresses of 36 certified wheat growers in Texas who still have 47,010 bushels of Certified Commanche, Westar, Wichita, and other varieties for sale.

"Premiums for this top quality seed are a little high in some cases," states Mr. Soder, "and all growers of wheat seed are collecting nice profits for the pains they have taken to keep their crop pure. The important point though is that there is still plenty of good seed for farmers who are ready to change varieties."

"Farmers who are buying certified seed wheat generally get enough to plant about 10 per cent of their acreage," observes Soder. "That way they can grow their own certified seed for planting their entire acreage next fall and still have some to sell their neighbors to get back the premium they paid this season. There is no question but what all certified seed will be gone before planting is complete. Over half the growers are already sold out or have their seed all spoken for" concludes Soder.

The survey lists The Sherley Grain Co., Bovina; Henderson Grain and Seed Co., Farwell; and Roberts Seed Co., Texico; as having the certified varieties of seed wheat.

We don't know how fast our automobile will run. Neither do we know how far we can lean out of a tenth-story window.

**Three Essentials
For Plant Life**

COLLEGE STATION—Food, home than this, legumes provide more water for plants by making the soil able and drink are things plants need as well as people do. If Texas farmers will apply the slogan "Feed the land and fatten the crops", plants will get all three of these things they need for growing and producing profitable yields.

E. A. Miller, extension agronomist of Texas A. & M. College, says that it's impossible to produce good crops ter how good the seed are or how you plow, plant, cultivate and harvest. Besides this plant food, plants need a good home in which to live and plenty of water to drink.

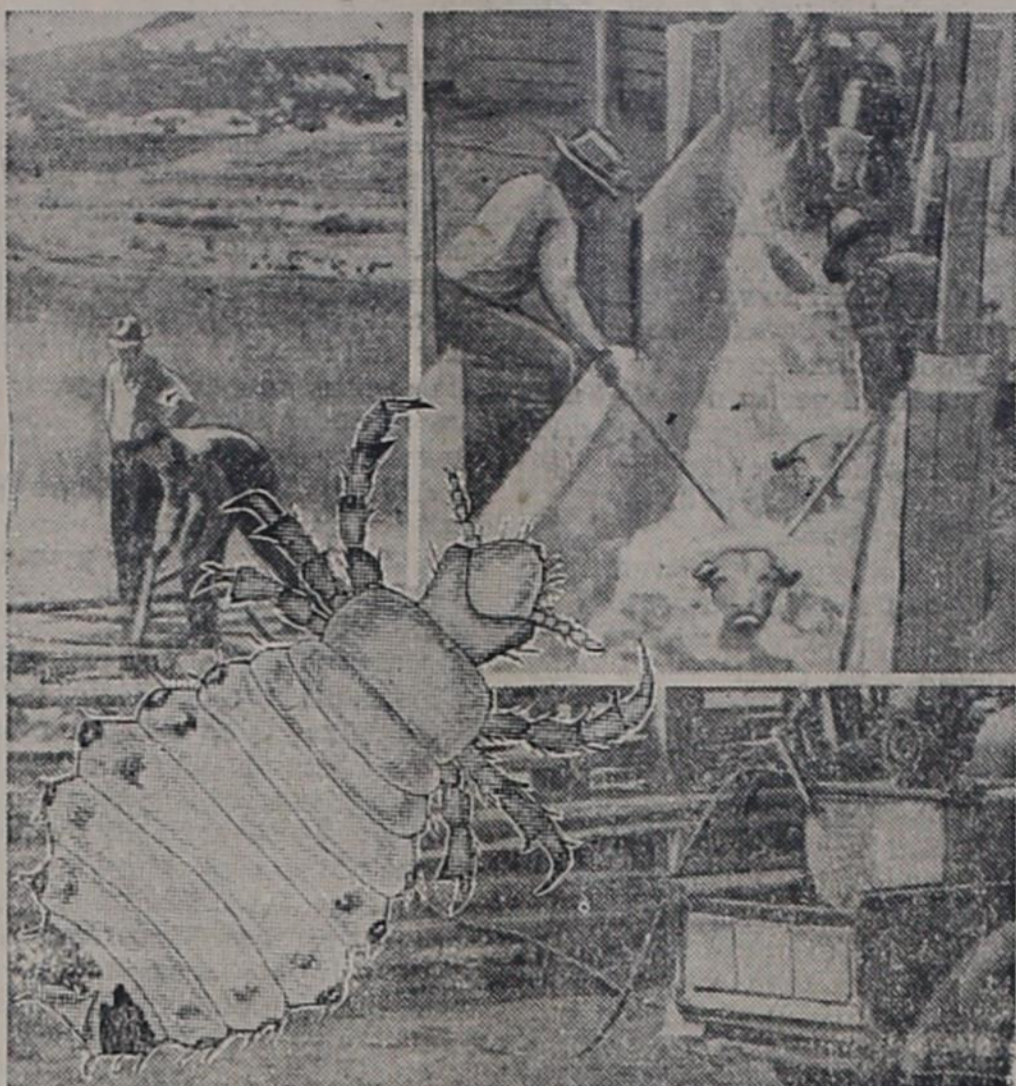

One of the best ways you can provide these plant needs is to feed the

land with well-inoculated and fertilized legumes. They not only supply without enough plant food, no mat-plant food, especially the high-priced and badly needed nitrogen, but also make a better home for the plants by adding organic matter to the soil when plowed under. More to hold more water. They increase the water-holding capacity of the soil.

Many experiments and demonstrations have been made on this business of feeding the land. Let's take a look at the results: Up on the East Texas Experiment Substations at Nacogdoches and Tyler, hairy vetch boosted cotton yields over 100 pounds per acre, and doubled the corn yield at the Tyler station.

At the Temple Substation in the blackland area of Texas, cotton following hubam sweetclover—which was harvested for seed—yielded a

**"One Shot" Insecticide Treatment
Licks Weight-Robbing Cattle Lice**

The Short Nosed Ox Louse, Inset, Stands Little Chance Against Pyrenone Insecticides Applied as Spray or Dip

NEW YORK, N. Y.—A little louse by the name of Haematopinus eurysternus, alias the short nosed ox louse, is being evicted from his home on the range. He has been having a time of it for too many years, causing weight losses to range cattle running into hundreds of millions of pounds every year, but now a way has been found to beat the little devil, and economically, too.

Practical large-scale tests in the Rocky Mountain and Great Plains areas during the 1947-48 winter season demonstrated the effectiveness of a new insecticide material, Pyrenone, against the short nosed ox louse, as well as the long nosed louse and several varieties of red biting lice. They showed that a single, "one shot," treatment was enough to lick the lice, bringing seasonal control, and weight gains running over 70 pounds per animal.

The investigations were made on over 8,000 beef cattle in seven states of the area mentioned. The new-type insecticides, developed by U. S. Industrial Chemicals, Inc., combine pyrethrin with piperonyl butoxide, a new chemical. They were used as dips, sprays or dusts, with equally satisfactory results.

The material was shown to have

two distinct advantages in the control of cattle lice over those materials now used on beef cattle. One of these is its known safety. Combinations of piperonyl butoxide with pyrethrins have been conclusively demonstrated as completely free from toxicological and contamination hazards, and represent no objectionable feature to the animal, operator or consumer of meat, dairy or poultry products. The second advantage is its lasting effectiveness.

Forty-seven herds were treated, with check herds being used when practical to determine effectiveness and weight gains resulting from the applications on treated herds against untreated herds under similar conditions. In one test in New Mexico, a lot of Hereford range cows weighed an average of 863½ pounds before power spraying with the insecticide. Sixty-one days later the treated animals averaged 947 pounds, a gain of 83½ per animal, while the gain of a comparable untreated check herd had been only 10½ pounds.

Compilation of the data gathered in the various tests enabled U. S. Industrial Chemicals to develop effective combinations of the insecticide which are being made available through manufacturers of finished insecticides.

five-year average of 315 pounds of limit per acre. You can compare this with 165 pounds from land where cotton was grown continuously without clover rotation. Clover also upped corn yields 10 bushels per acre.

The blackland area of Texas has lots of trouble with cotton root rot. This disease took a heavy toll again this year on many of the farms in this area where clover was not used in rotation. So far, the best way cotton farmers have found to build up yields and cut down on cotton root rot is by means of sweetclover—hubam, Madrid and annual yellow blossom. The later one mainly is South Texas and the Gulf Coast Prairie.

Other legumes that do the job of building up yields and reducing losses from root rot are hairy vetch, Wilmette vetch and winter peas. But they don't do the job quite as well as sweetclover, says Miller.

The reason for this is probably because the clover opens up the soil more because of its wide, deep root system. This aerates the soil and allows more water to soak further into the ground. Another reason clover is considered better is because it adds more nitrogen to the soil, says Miller.

**VETERAN'S
QUESTION BOX**

Q.—I am a World War II veteran and intend to go aboard for several years. Does VA have representatives in foreign countries?

A.—The Foreign Service of the Department of State cooperates with Veterans Administration in the administration of certain benefits available to veterans in foreign areas.

Q.—Does VA attempt to improve types of prosthetic aids available to veterans?

A.—Yes, Veterans Administration conducts extensive research projects in attempting to discover new and better prosthetic devices.

Q.—Is a disabled veteran in on-the-job training permitted to receive wages and if so, how much can he receive?

A.—A disabled veteran in on-the-job training may receive wages while training, but if the wages plus his subsistence allowance exceeds the journeyman rate for a trained worker in that occupation, the subsistence allowance will be reduced by VA proportionately. However, other payments that he receives from VA be-

cause of his disability will not be affected.

Q.—Will Veterans Administration pay for the medical care of my dependents?

A.—No. Under existing laws, only eligible veterans are entitled to VA medical care.

A miniature electronic device collects and transmits to ground observers 24 different kinds of information about flights of the Navy Aerobee high-altitude rockets which travel at nearly 3,000 miles per hour.

THE STATE OF TEXAS**

TO: John F. Suits, C. F. Sweet, the unknown wife or wives of John F. Suits and of C. F. Sweet, and to the unknown heirs, assigns and legal representatives of John F. Suits, of C. F. Sweet, and of the unknown wife or wives of John F. Suits and of C. F. Sweet; GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 18th day of October, A. D., 1948, at or before 10 o'clock A. M., before the Honorable District Court of Parmer County, at the Court House in Farwell, Texas.

Said plaintiff's petition was filed on the 31st day of August, 1948. The file number of said suit being No. 1446. The names of the parties in said suit are: Jack Anderson, as Plaintiff, and John F. Suits, C. F. Sweet, the unknown wife or wives of John F. Suits and of C. F. Sweet, and the unknown heirs, assigns and legal representatives of John F.

Suits, of C. F. Sweet, and of the unknown wife or wives of John F. Suits, and of C. F. Sweet, and V. E. Weir, as Defendants.

The nature of said suit being substantially as follows, to wit:

Suit in trespass to try title plaintiff alleging that on August 15th, 1948 he was and still is the owner in fee simple of Lots 5 and 6, of Block 65, Original Town of Friona, Parmer County, Texas, and was in possession thereof, and on the same day the defendants entered thereon and dispossessed him thereof and unlawfully withhold possession thereof from him. That defendants have used said premises for 16 days, the rental value of which is \$15.00, and are indebted to him in that amount and have failed to pay same although so requested.

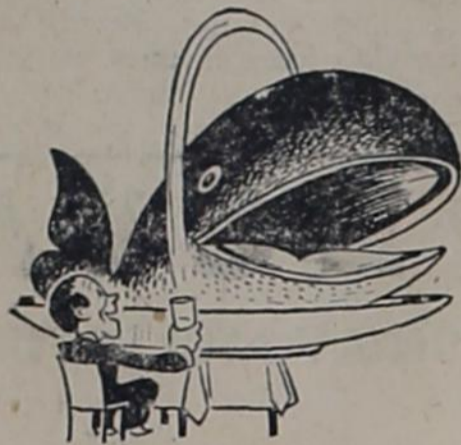

In the alternative plaintiff pleads and invokes the 10 year statute of limitation as it applies to land titles in the State of Texas, and says that he has had peaceable, continuous and adverse possession of said land and tenements described in this petition, cultivating, using and enjoying the same for more than ten years before the commencement of this suit and that such possession has been continuous, open, notorious, hostile and uninterrupted.

Plaintiff prays that the defendants be cited to answer and appear herein, and that on final hearing he have judgment for his damages, costs of suit, and for title and possession of said lands, and for such other and further relief to which he may be entitled, either at law or in equity.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved. Issued this the 31st day of August, A. D., 1948.

Given under my hand and seal of said Court, at office in Farwell, Texas, this the 31st, day of August, A. D., 1948.

Loyde A. Brewer, Clerk, District Court, Parmer County, Texas.
By Dorothy Lovelace, Deputy.
(SEAL) 47-4tc.

**WE SERVE A WHALE
OF A MEAL HERE**

Yes, we serve a whale of a meal—at a minnow of a price! A hearty appetite is our delight—so when you're feeling extra-hungry drop in! We use only the best foods, excellently prepared and graciously served, yet moderately priced. You'll enjoy our delicious soups, crisp salads, perfectly cooked meats and luscious desserts.

Take it from us...you'll like Ford Hydraulic Touch Control

Tugging at awkward levers to raise heavy plows, cultivators and other implements is farming the hard way. Why not change to the Ford Tractor with Hydraulic Touch Control? On the Ford Tractor you can lift or lower and set an implement simply by moving the Hydraulic control lever.

If you want easier, faster farming tell us to bring out a Ford Tractor for a free demonstration that you'll enjoy... without obligation.

By the way... our good service on all Ford Tractors and equipment for them has a lot of folks talking.

Steers Gore Bulldogs in First Home Match

(Continued From Page 1)
the night. Booth stepped up and booted a perfect one between the uprights. Score, 26-0 as the half ended. Starting the third period, Estes kicked off to Farwell, with the ball going to the 20, where Ford took it and lateraled back to Thomas, who in turn made the 45 before hitting the dirt. Pool wound up and broked through for a first down on the 25. Thomas passed to Cassidy who lateraled to Pool, with the carrier being downed on the 2-yard line. On the first try, Pool went into pay dirt and Booth put another through the uprights, setting the score at 33-0.

Anton Makes Threat
Booth kicked off for Farwell, and Pool followed the ball downfield to dump Harper on his own 2-yard line. Estes plunged for eight yards and Harper went on for a first down on his 22. A handoff in the backfield went awry, and Harper covered for a 10-yard loss. Estes shot an incomplete pass and then kicked out at midfield. Thomas made 10, but Farwell drew a 5-yard penalty. As Thomas went to pass the ball was slapped from his hand by Jackson, who covered for Anton on the Farwell 35. A right end sweep by Estes sent Anton to the 18 and a first down. Smalley made no gain, Ashburn went to the 12, where the Bulldogs drew a five-yard fine for too much time, setting them back to the 17. Estes plunged again, hitting the 12. On fourth down Glasscock made it to the 2 and a first down, but here the Steer defense stiffened. Glasscock was nailed for a five-yard loss by Booth, lost another eight when Booth dumped him, his try at passing was no good, and he lost two yards again when Booth got into the Anton backfield. The ball went over to the Steers on their own 15, and they kicked out to the 50, where the third quarter ended.

Failing to make a first down, Anton booted out, but Farwell fumbled the catch and a quick Anton recovery set them up for business on the Farwell 25. The Steers were penalized five yards but Harper fumbled and the Steers covered on the 30. Pool gained two yards and Thomas shot a beauty to Magness, who was in the clear off balance, and fell on the mid-field marker. Nix made no gain and the Steers finally kicked out, but the Steers were offside and the play called back. On the second attempted kick Lewis and Williams converged upon Thomas to block the flight of the ball, and Anton took over on Farwell's 33.

Issac made no gain, Estes made six and then lost three, with Terry doing the tackling. Estes tried a pass to Swanson, incomplete, and the ball went to the Steers, with Thomas immediately booting out. Anton took over on their 45. Harper advanced five, but two other tries netted nothing and Anton kicked, with Farwell taking over on the 25, where Thomas returned the compliment by booting out at midfield.

Estes passed to Swanson for eight, passed again to Jackson and then put one in Swanson's hands for a first down. In the dying minutes of the game, a pass by Estes was intercepted by Jones of Farwell, and Foster made a first down, following which Farwell booted downfield again, and Anton took over as the final whistle sounded.

TO N. M. STATE FAIR

Dale McCuan and Les Means left here the first of the week for Albuquerque, where they are in attendance at the New Mexico State Fair there this week.

Roy Camp, Secretary

WINTER LEGUMES FOR '49

Now is the time to seed legumes for a winter cover crop to build up the soil. Ollie Limer, Farmer County Agent, advises that after 3 years of irrigation, the seeding of winter legumes and plowing them under in the spring will increase the yield 33 per cent or more. The ACA program will make payment accordingly to the following rates:

- A. Austrian Winter and Dixie wonder pass, .055 per pound;
- B. Hairy Vetch, .138 per pound.
- C. Common and Williamette vetch, .069 per pound;
- D. Hubam Clover, .102 per pound.
- E. Melilotus Indica, .075 per pound;
- F. Sngletary peas, .066 per pound;
- G. Blue Lupine, .02 per pound.
- H. Rye Grass, .06 per pound.

This should be approximately 50 per cent of the cost of the seed. Before planting, these seed must be inoculated and seeded not later than December 1, 1948. A good stand and growth must be obtained or phosphate must have been applied at the rate of 200 lbs. per acre in order to receive payment for the winter legumes practices. Those carrying the practice out under the ACP program must secure prior approval from the

Bovina Takes Tilt Over 3-Way Team

Playing at Muleshoe, the Bovina Mustangs defeated the six-man grid team representing 3-Way the past Friday night, to the tune of 29-13. Supt. W. O. Cherry reported today. Bovina forged down the field to the 3-Way 5-yard marker in the opening period, but lost the ball on downs, only to recover possession when their opponents failed to get out of a tight spot, and McKinney made the first score, with a pass play adding two points.

The second period saw scoring by each team, with neither making the extra point, and the half favored the Mustang lead. In the third quarter Three Way racked up a touchdown and added a place kick, but McKinney got loose on a fake around-end which sent him to paydirt.

Late in the game Ray lateraled to Jones after a long run, and scored, and added a place kick.

Bovina is this year in a new six-man district, as the old district in which Farwell and Oklahoma Lane participated, has been eliminated. In the new group are Bovina, Three Way, Bula, Pettit, Wilson, Southland and Lazbuddy.

Due to the fact that the Farwell change-over to eleven-man football came late, Bovina's entry into the new district led to a mixed-up schedule, but Supt. Cherry said Tuesday that the Mustangs were eligible for competition for district championship.

Coach Bill Givens, of ENMC, is directing the Bovina group this week, with a number of lettermen returning to the squad. Starting the game last Friday night were McKinney at half, Brito at quarterback, Ray at fullback, Jones and Tidberg on the ends, and Ellison at center.

Up to Tuesday, no game had been scheduled for this week, but on Friday night, October 1, the Mustangs will entertain Lazbuddy on the Bovina field, under lights, in a conference match.

Grady Takes Two Games Over Texico Squads

The Grady softballers downed both Texico girls and boys last Friday, when two games were played on the local diamond. Final count on the girls' game was 13-15, while the local boys went down 9-5.

Although scoring was fairly close throughout, the visitors grabbed and held leads during the entire skirmishes, despite the efforts of the Texico players.

Coach F. D. Stout is this year using Engram as pitcher, Doshier as catcher, Johnson on first; Virgil on second, G. McDaniel on third; Curry at short stop; J. Engram as floating shortstop; Caldwell as left fielder; Allred as center fielder; and E. McDaniel or Margie Reed as right fielder.

Included in the boys' team list were Pearce, pitcher; Reed, catcher; Stewart, first; Blain, second; Sparks, third; White, shortstop; Tucker, floating shortstop; A. Doolittle, left fielder; Brown, center fielder; and Bridges, left fielder.

Play Field On Friday

Two more home games come up on Friday afternoon of this week, at which time the locals entertain the teams from field. The games are slated to begin around 12:30, Texas time.

The scant information available indicates that the Texico squads will have the upper hand this weekend, and following their loss to Grady, the locals hope to bounce back into the winning list.

Steers Groom For Third Conflict, Play Vega

The Farwell Steers, undefeated in two starts this season as they return to eleven-man football for the first time in several years, are grooming extensively for their third game of the season, which comes on Friday of this week, at Vega.

Coach Louis Purvis, contacted on Tuesday, reported that his squad sustained no injuries in their skirmish with Anton last Friday night, and unless the unforeseen occurs, he expects to put all of his first

string on the field at Vega.

Listed as starters are Cassidy and Ford, ends; Hughes and Holland, tackles; Dollar and L. London, as guards; Henneman, center; Thomas, quarterback; Booth, fullback; Pool and Terry, halfbacks.

Up to Tuesday, Coach Purvis had exactly no information as to what his players might expect at Vega. It is understood that Vega has already seen action this season, but with whom, or the outcome, is something that just wasn't known locally.

However, the Steers are looking for the going to be tough, "just in case", as they have not been pushed in their first two games, and workouts continue undiminished in fervor.

Improvements Planned For Football Field

After handling the overflow of traffic from the Farwell-Anton football game last Friday night, Supt. Jack Williams, of the local school, announced today that plans were already being made to make entering and leaving the parking spaces more convenient.

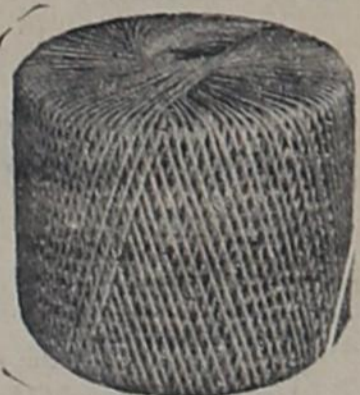

To this end, a new entrance to the field will be opened before game time, at the northwest corner. Cars to be parked on the west side of the field will enter by this gate, while cars wishing to park on the east side of the gridiron are asked to use the northeast gate.

At the end of the game, two gates at the south end of the field will be opened, in order that cars may leave more rapidly, and men will be on hand to direct traffic in order that the crowd may be kept moving.

Furthermore, the pep squad will be moved into separate seats from the bleacher, to give more room for fans on the bleachers, Williams added.

GETS RESULTS

Mrs. Ralph Humble is convinced of the selling power of Tribune want ads. Last week she advertised some chickens for sale, and she had many local responses, as well as inquiries from persons in Friona and Muleshoe.
