FROM THE HOPPER

By HOP

Wren Vinyard is hoping that his wife will soon recover from her broken arm sufficiently to braid up her own hair. Wren said his fingers are too clumsy for such tasks.

Two subscribers remarked Monday that they had never seen their names in this newspaper. We want to assure both of them that the omission of their names from our columns has not been intentional. It just so happened that we have never heard anything of a newsy interest concerning their activities of their coming and goings. We do not mean to say that they have never done or gone anywhere that would be worthy of a news item. It has simply been a case of our not being informed. We make an effort never to overlook a news item concerning our local people whether they be subscribers or not. But it is an impossibility for us to know everything about everybody. If you have a news item to report, we will consider it a personal favor to be advised of it.

It occurs to us that the business men along the "main drag" should get together and devise some program to keep the mud and slush cleaned away from the curbing in front of their places of business. It don't look good, fellows.

Bill Hall and his wife cut their trip short last week. They intended to continue over into Missouri before coming home. But they decided it was safer to be at home. Stopping amid the ruins of a small town near McAlester, Okla., they surveyed the havoc a tornado had caused in the little town. After listening to some of the harrowing experiences of a number of the natives, Bill turned to his wife and suggested that they turn toward home. "I'm ready," she agreed.

Cars Damaged When Rammed Together

Two cars were badly damaged shortly before noon last Wednesday when the drivers became confused and rammed the machines together on Highway 70 on the east edge of town.

Fred Cornelius, driver of one of the vehicles, approached from the south side, and failed to come to a complete stop on entering the highway. Mrs. Sam Rundell was approaching from the west in her machine at a reasonable rate of speed. Cornelius explained that he thought the Rundell machine was the Claude Darr car, and that the driver intended to head in at the old Darr station. So thinking, he pulled too far to the center of the road to allow a passing car.

"It just looked like both of us became confused as to what the other fellow was going to do," Cornelius said.

He took a plea of guilty to a charge of failing to stop before entering the highway and was assessed a fine of \$1.00 and costs in Justice of the Peace Jess Newton's court.

Darr Station Changes Hands First Of Week

The Darr & Sons Service Station, which has been operated by Claude Darr, W. T. North and Bowden Darr, changed hands here the first of the week when Clarence, W. T. and Billy Meeks purchased the stock and leased the location.

The business will be operated under the name of the Meeks Service Station under the new ownership, which became effective Monday.

W. T. North stated that he had been named assistant manager of the Goodyear Store in Clovis, and would assume his new duties at an early date. "I'm going to get in a little fishing before I go," North commented, as he made plans to go to Elephant Butte Lake the latter part of this week.

Darr and his son said they had no announcement to make regarding their immediate plans.

The first 1949 session of the Farmer County District Court will convene next Monday morning, April 11th, with Judge C. D. Russell, of Plainview, presiding.

District Clerk Loyde E. Brewer announced today that the grand jury had been called to report at 10 o'clock on the morning of the 11th, and currently no petit jury has been called, indicating that the civil cases will be disposed of by Judge Russell.

Notified to report for grand jury duty are Willis Edelman, A. L. Battey, Carl Schlenker, Ronald Berggren, Walter Fangman, Otis Branscum, H. D. Bradshaw, O. B. Roberston, Gilbert Ford, Harry Jesko, E. H. Cummings, E. V. Isham, Joe Magness, L. L. Norton, Glen Dunn and J. T. Eubanks.

Civil cases currently appearing on the docket include:

- Laura Bush vs. Aubert H. Wilson, et al, damages.
- Mabel C. Jones vs. Will W. Jones, divorce.
- Clinton M. Howard vs. Georgia Louise Howard, divorce.
- Jack Anderson vs. V. E. Weir, et al, trespass to try title.

- Irvin Le Henderson vs. Mabel Viola Henderson, divorce.

Road Mapping Aired At Meeting Thursday

Mapping of the routes to be followed by the proposed 140-mile pavement program in this county was aired at a meeting held here Thursday night in the county court room.

Four designations were discussed by the group, aggregating approximately 35 1/2 miles in Precinct No. 3, but none of the proposed routes were definitely agreed on. One route would run 9 miles north up the state line; one nine miles east along what is commonly known as the Sudderth lane; the third route would extend from the intersection of Highway 70 in east Farwell, south 5 1/2 miles, to the Bailey county line; the fourth would run from the north boundary of the precinct along the present Bovina-Lariat road to Lariat a distance of 12 miles.

Committeemen outlined maps of the proposed routes which they plan to discuss with land owners in their respective communities and report at the reactions at a meeting to be held later. The date for the next meeting has not been set.

FORMER RESIDENT DIES

Word has been received here of the death of Jimmie Rogers former resident. Rogers, who was 37 years old, died of a heart attack at Newton, N. C., last Saturday. He was the only child of Mr. and Mrs. Harry Rogers of Jackson, Tenn., and the body was returned to Jackson for burial on Monday.

LOVELACE IMPROVING

Mrs. Willie Williams returned home Sunday night from Boston, Mass., where she accompanied Mr. and Mrs. Gene Lovelace, the latter visiting a specialist for an operation. She reported Lovelace as doing well, with further surgery slated for the latter part of this week.

Mrs. Williams made the trip by plane. While there, she visited in the home of a sister, who lives at Orleans, Mass.

Livestock grazing utilizes 93 1/2 million acres in Texas, or over 60 percent of total area of the state.

Registered Dairy Stock Will Parade Friday

Registered dairy stock from over Parmer County will be on exhibit this Friday, April 8th, when Parmer 4H and FFA club boys bring their animals to Friona for the spring club dairy day.

The show will be held in the FFA barns in Friona, with all animals required to be on hand by 10 a. m., officials said today. During the morning hours, teams representing the various groups will do judging work for practice, Agent Ollie Liner reported.

Beginning at 1 o'clock, A. M. Meakma, dairy specialist of the Extension Service, Texas A&M, will start the actual judging of the day at the conclusion of which ribbons and cash prizes will be presented to the owners of the winning animals.

Three classes are set up for bull entries, i. e., (1) six months and under; (2) one year and under two; (3) two years and over. Four divisions have been established for the heifer entries: (1) six months and under; (2) one year and under two, not in milk; (3) two years and under three, also yearlings in milk; and (4) three years and over.

Animals will be rated by points. Those scoring 90 or over will be classified as AA, 5-90 will be A, 80-85 are in the B group, 75-80 are C's, 70-75 are D, and those under 70 will be listed as E stock.

Exhibits in the show are confined to boys who are actual members of either a 4H club or FFA chapter in the county, Liner added.

Car Registrations Show Increase Here

Registration of all types of motor vehicles show an increase over last year's figures, a check at the tax collector's office reveals.

The biggest gain over the 1948 registrations is in the farm truck class with 674 being registered for 1949 as compared to 420 at the same time last year. Passenger cars also gained over 1940, with 1410 being registered for 1949, as against 1329 previously. Commercial truck registrations showed a gain of 15, with 122 being tagged for 1949 and 107 for 1948.

"And they are still coming in," Collector Charles Lovelace stated. Delinquents are being charged a 20 percent penalty unless they make an affidavit that the vehicle has not been in operation since April 1st.

Father Of Local Men Dies In Clovis Home

C. A. Pace, 79, father of Johnnie and Randal Pace of this city, died in the family home at 1121 Thornton in Clovis at 5:30 Monday morning after an illness of three years, during which time he was confined to his bed most of the time.

The Pace family moved to New Mexico from Wurika, Oklahoma, in 1926, and located on a farm in the Field community, northwest of Clovis. In 1944, Mr. and Mrs. Pace moved to Clovis, where they have lived since that time.

Funeral services were held at the Steed Memorial Chapel Monday afternoon and burial took place in the Clovis Cemetery under the direction of the Steed Funeral Home.

Survivors are his widow, Mrs. Kitty Pace; six children, C. O. Pace, Hobbs; Randal and Johnnie Pace, Texico; Mrs. Leslie Caroland, Clovis; Mrs. R. W. Means, Albuquerque; and Mrs. Fley Caler, Lancaster, Calif.; fifteen grandchildren and four great-grandchildren; two sisters, Mrs. Pearl McIntyre and Mrs. Martha Huffer, of Addington, Okla., and three brothers, Todd Pace Addington, Harold Pace, Iraan, Texas, and Syd Pace, Odessa, Texas.

ADDED TO COMMITTEE

Announcement was made today of the addition of Bob Hammonds to the precinct road committee, which is studying locations of the proposed paving of farm-to-market roads in Precinct 3.

REV. R. S. SPARKMAN who will open a revival at the Oklahoma Lane Baptist Church on Friday night of this week, April 8th. The meeting will continue through Sunday night, April 17th.

Rev. Sparkman Will Conduct Revival

Rev. R. S. Sparkman, of Levelland, will conduct a pre-Easter revival series at the Oklahoma Lane Baptist Church, it was announced today by Rev. J. J. Terry, pastor.

The revival will open on Friday night, April 8th, and will continue through Easter Sunday, concluding at night on April 17th. Two worship hours will be observed daily, at 10:30 a. m. and 7:45 p. m.

Singing will be under the direction of the church choir leader, Clarence Johnson, and Rev. Terry extended a cordial invitation to all to attend the meeting.

Unusual April Snow Adds To Moisture

This entire region was blanketed with an unusual April snow on Friday and Saturday of last week, bringing additional moisture to already promising wheat fields and putting the ground in excellent condition for spring plowing.

A light snow, measuring approximately two inches, fell during the forenoon on Friday, which melted during the afternoon. A second snow which covered the ground to 4 to 5 inches lay on the ground early Saturday morning, which had fallen during the night.

Saturday's snow was the heaviest of the season and brought 51 of an inch of moisture. Reports here indicate that the moisture content of the snow was general over Parmer County, but tapering off to the west of here, with Curry County reporting little more than a quarter of an inch.

Six-Year-Olds Invited To School On Friday

All children of the Farwell school district who will be six by September 1st, and their mothers, are invited to be at the first grade room of the school Friday morning, April 8th, at 9 o'clock. Supt. Jack Williams announced today.

Purpose of the meeting, Supt. Williams said, is to discuss a pre-school clinic for the youngsters who will comprise the first grade next year. Customarily, a clinic is held in the spring, but attendance dropped off last year, and officials want to determine if parents want the clinic.

"Children must be vaccinated before they are enrolled next fall," the school head said, pointing out that many of the current first-graders had been absent during the year due to childhood diseases, many of which could have been avoided by vaccination.

"We are very anxious that all mothers of the district who will enter children in the first grade next September make it a point to bring their youngsters Friday morning," he concluded.

TO DALLAS MARKET

Mr. and Mrs. Ben Smart, of the Furniture Mart, plan to leave here the first of the week for Dallas, to spend a few days attending the Southwest Home Furnishings Market. They expect to return home Wednesday.

Pumping facilities at the Texico-Farwell Waterworks are to be increased during the next few days, it was stated early this week by V. C. Venable superintendent of the local plant.

The 30 h.p. Pomono pump which was removed from the new well some time ago is now to be set over the old well, displacing the small 15 h.p. pump now in use. Venable said that when the change-over was completed the two pumps would be capable of putting at least 1300 gallons of water per minute in the storage tank.

A new 75 h.p. pump was placed on the new well during the winter, but the output was not turned into the storage tank until recent weeks, awaiting a time for it to cease lifting sand.

Venable said that there is hardly a possibility of a water shortage when both pumps are put in operation.

Results Are Announced In Trustee Voting

Results from four of the school districts in Parmer County which held trustee elections last Saturday had been reported to County Judge A. D. Smith here Tuesday. Reports were in from Farwell, Bovina, Friona and Black, with no election return listed from Lazbuddy.

With seven to be elected, Farwell voters named the following: C. C. Christian, Webb Gober, Lester L. Norton, Austin Jones, Lee Jones, Claude H. Rose and Dick Gerles.

H. Y. Overstreet was named county trustee in precinct No. 3.

At Bovina, with seven likewise to be elected, the voters chose Joe Wilson, E. B. Caldwell, G. F. Trimble, Sam Sides, Jess Walling, Eddie Redden and Jack Waltmon. C. R. Elliott was named county trustee from that precinct.

Friona had only three vacancies, and the voters there selected C. V. Potts, Owen Seamonds and P. L. London, with J. L. Shaffer being re-elected county trustee.

Dick Rocky was elected as a member of the Black board, filling the one opening.

New Game And Fish License On Sale

LeRoy Faville, local game and fish license vendor, announced the first of the week that he had received the new 1949 fishing licenses, and they are now on sale at the Red Cross Pharmacy.

Faville said there had been some changes made in the game and fish regulations in New Mexico this year and suggested that all sportsmen avail themselves of a copy of the Game Law Digest, which is furnished without cost.

The resident fishing license has been boosted to \$3.00 this year, which is \$1.00 higher than in 1948. Residents will also be required to pay \$1.00 more for their big game permits. Non-resident fees remain the same, \$5.00 for fishing and \$5.25 for big game.

Gathering Clothing For Navajo Indians

B. A. Rogers, superintendent of the Texico schools, announced this week that the New Mexico Educational Association had launched a drive for discarded clothing for the Navajo Indians of New Mexico and Arizona.

Usable clothing, including shoes for infants, children and adults, is being collected by the educators of the state and will be forwarded to the Indians. Rogers said that contributions from here may be left at the local Methodist Church, and asked that all contributions be left there during the remainder of the current week.

UNCLE DIES IN OKLA.

L. J. Spears went to Elk City, Oklahoma, Sunday to attend the funeral of his uncle, Cecil Reynolds, age 57, who died there of a heart attack. Burial took place at Elk City on Tuesday.

Oddly enough, H. H. Easley, brother-in-law of the deceased, who also lives at Elk City, suffered a stroke the same day Reynolds passed away.

Anticipating a heavy wheat crop throughout this section of the southwest, the Commodity Credit Corporation has agreed to take early delivery on yellow Milo that is now being held in storage on loan, it was announced here today by Joe Camp, secretary of the Parmer County ACA.

Camp said that producers having such grain on storage in county warehouses would be required to sign a release on the grain, and such transactions must be made at the ACA office in Farwell. Where stored grain is being held on the farms, no release is required, he said.

This move, Camp explained, has been taken by the CCC to relieve the already congested condition of storage facilities in the wheat counties of Texas in order to be prepared to better handle the oncoming wheat crop. "It is purely optional with the grower," the secretary said, "and there is no regulation forcing him to release his Milo at this time."

Under the storage terms, the grower has his storage paid up until April 30, and can leave his grain on storage until that time if he so desires, and "we are making no recommendations in the matter," Camp added.

Elevator operators of the county contacted today said that in their opinion, releasing stored Milo at this time was a good plan. "We need to get our elevators cleaned out and ready to handle the wheat crop," Boone Allison, of the Lariat Elevator, said today. Local elevator men voiced the same opinion.

Milo now being held in elevators would have to advance to at least \$2.35 per cwt., and that held on the farms would have to bring at least \$2.30 per cwt. before the producer would stand the chance of losing anything by disposing of his grain now, it was pointed out. Local grain buyers were inclined to believe that an advance in price before April 30 could hardly be expected.

Camp said that grain under purchase agreement was also eligible to this arrangement and could be moved from storage the same as stored grain.

Couple Escape Injury When Car Takes Flop

A young couple escaped "without a scratch" last Wednesday, when a large Hudson car in which they were traveling went out of control and overturned near the underpass on Highway 70 southeast of this city.

Lamar Jones of Lubbock and Miss Betty Ruth Cobb, of Plainview were the only occupants of the car when it left the highway, overturned, skidded several feet on the top, struck a concrete culvert abutment and righted itself. Witnesses to the accident gave it as their opinion that the driver of the machine applied the brakes while traveling at a rather high rate of speed, causing the car to leave the highway.

Both occupants got out of the car unscratched when the vehicle came to a standstill. The badly damaged car was brought to this city.

Jones' father, after being notified of the accident, came here from Plainview and returned the couple to their homes.

Work Started On Bovina Theatre

Work has been started on the new movie theatre at Bovina, with the excavation work expected to be completed this week, it was stated here today by I. S. Levins, owner and operator of the Border Theatre in Farwell.

Levins said today that he hoped to be able to open the new show house by June 1. Meanwhile, a contest has been announced by Levins to name the theatre, with 20 theatre tickets being offered the winner.

NOW A GEOLOGIST

Keith Levy, son of Mr. and Mrs. T. E. Levy of this city, was graduated from Texas University at midterm, and is now employed by the Carter Oil Co. at Carnegie, Okla., as a geologist.

Levy completed his last year's work with a grade of four A's and one B. Prior to entering the State University, he was a student at Texas Tech in Lubbock, going from there to the Army during the war.

Health Notes
By State Department of Health

AUSTIN—Almost four thousand Texas children from more than 225 counties have received beneficial services and aid to happy, normal living under the Crippled Children's Division administered by the State Health Department, during the calendar year 1948. This information is shown by the annual report issued by Dr. Geo. W. Cox, State Health Officer.

According to Dr. Cox, the most commonly treated conditions are late effects of acute poliomyelitis, cerebral palsy, osteomyelitis, tuberculosis of joints, cleft palate, harelip and clubfeet. Although the services are provided for children from birth to 21 years, the largest group treated were from the age bracket of 4 to 14 years.

The help given these crippled children represents 3,747 clinic visits, 43,433 days of hospital care, 2,897 days of convalescent home care, and 4,986 doctor's visits.

"As long as sufficient State funds are available, and crippled Texas child of normal mentality, under twenty-one years of age, whose parents or guardians are unable to pay for proper care, is entitled to the help of the Crippled Children's Division," Dr. Cox said, "if his doctor believes that it is reasonable to expect that the child can be improved through hospitalization, medical or surgical care, artificial appliances, or through a combination of these services."

Parents of crippled children should make application for this assistance by completing application forms, which should be signed by the physician and approved by the County Judge. The application is then mailed to the Crippled Children's Division, Texas State Department of Health, Austin, Texas.

ADDITIONS ARE MADE TO JOURNALISM DEPT.

LUBBOCK—Sports writing, radio news and continuity writing will be added to the journalism curriculum at Texas Tech next school year, 1949-50 terms.

The sports writing course, to be offered in the spring for three hours credit, is designed to give persons interested in athletics a basis for preparing printable stories on sports events and practicing in writing. This objective will make the course recommendable to physical education majors who expect to become coaches as well as journalism students who desire to write sports.

Pre-requisite for the six-hour radio course is junior standing a completion of a sophomore journalism course. The first term emphasizes training in radio news writing and practice in preparation of copy for both wire and local news reports, interviews and commentaries. The second term is devoted to advertising and continuity writing with practice in writing commercials and sustaining continuity.

VETERAN'S QUESTION BOX

Q.—What is the latest date on which a World War II veteran may file claim for readjustment allowance for unemployment?

A.—Allowances may be claimed for any week ending on or before July 25, 1949, or two years after date of discharge, whichever is later, but not after July 25, 1952, except for persons enlisting under the Armed Forces Recruitment Act of 1945. Such persons have two years after the end of their first period of enlistment or re-enlistment in which to claim the benefit and five years after the date of such discharge to use their rights.

Q.—What is the function of the Board of Veterans' Appeals in the VA?

A.—The Board of Veterans' Appeals renders final decisions on cases appealed to the Administrator of Veterans Affairs. The Board has no original jurisdiction; its work is similar to that of a court of appeals.

Q.—Must I live on the farm I intend to buy with my GI loan?

A.—No, but you will have to supervise the farming operations on your farm to qualify for the loan.

Q.—I am a widow of a World War II veteran and would like to know if I may obtain guaranty of a loan.

A.—No. The loan guaranty privileges is limited to World War II veterans.

Plan Now For Good Supply of Herd Feed

COLLEGE STATION—Texas dairymen should be planning now for adequate pastures, hay and silage crops for their herds says, G. G. Gibson, extension dairy husbandman of Texas A. and M. College.

Each cow needs at least two tons of hay and three tons of silage. Good pastures will reduce the cost of producing milk and the cow does the harvesting. Lower production costs are daily becoming important, and the producer who can cut costs now will continue to find dairying profitable.

Now is the time to plan for storage

space on the farm for the year's supply of hay, silage and grains. It is a good idea to feed the cows hay before turning them into the clover pastures. This practice will prevent bloat.

Many cows are lost each year because they get wire, nails, bolts and nuts mixed in with their feed. Watch for this hardware and be sure that

none of it gets into the feed bins. You'll save more cows if you do.

The Texas Agricultural Experiment Substation ran some tests recently on sweet sudangrass and common sudangrass. At the conclusion of the experiment, they decided that one is as good as another in sudangrass pastures. Common sudangrass yielded more total forage during the dry years and was drought resistant. On the other hand, sweet sudan is resistant to the common bacterial foliage disease, and holds its lush greenness and palatability better as it approaches maturity with cattle grazing both the leaves and the stalks, says Gibson.

Modern power resources and mechanical conveniences for the home offer each American family the equivalent of 40 slaves, but a survey or rural housing and home conveniences shows that farm homes do not have as large a share of this "slave labor" as city homes.

Size Is Important In Selecting A Freezer

COLLEGE STATION.—Is a home freezer on your list of home equipment to be bought during 1949?

If so, size is one of the important items to consider in order to get the best returns for the money invested, according to specialists of the U. S. Department of Agriculture.

Mrs. Bernice Claytor, extension home management specialist of Texas A. and M. College, says that an average of five or six cubic feet for each person in the family is a rough guide as to the correct size.

"However, the right size depends a great deal on the way the freezer will be used," she points out. "A city or suburban family may need only one to two cubic feet per person, since they usually store only commercially frozen food and ice cream. A farm family, on the other hand, freezes much of its yearly supply of home-produced food and may need

as much as 10 to 12 cubic feet per person." A cubic foot holds about 30 to 35 pounds of food.

It is better to overestimate on size the specialists suggests, than to under estimate for after a home freezer has been in use, families often find more uses for the unit than they might have planned at first. Larger units cost less per cubic foot than do the smaller sizes.

"Electric consumption by a home freezer varies with its size, use and location in the house," the specialists conclude. "A 10-cubic foot freezer, under average conditions, uses about 90 kilowatt hours a month. This figure multiplied by the electric rate, will give you a rough idea of the monthly cost."

Ready to eat foods such as canned soups, prepared cereals, desserts, breads, cookies and salad dressings are more expensive than those prepared at home. Keep food costs down by fixing these items in the home kitchen.

Boone Allison, of Lariat, was in the first of the week, reporting that \$48.50 was subscribed to the Red Cross fund from that community during the March campaign. Previous reports made to W. E. Williams at Bovina placed the total at \$712.00. Friona and Rhea had not been included in this report, and Williams said that when all reports were in the total for the county should be well above the \$792.00 quota.

HAS LEG AMPUTATED

Jack Crane who has been ill for some time, underwent surgery in a Clovis hospital the latter part of last week, when one leg was amputated below the knee. Friends said here today that he is progressing satisfactorily.

April 15 Is Deadline For Sears Contest

County Agent Ollie Liner reminded today that April 15th is the deadline for submitting essays in the contest sponsored annually by the Sears Foundation for 4H club boys. Any clubber who wishes to do so is invited to submit an essay on "Why I Chose Swine as a Club Project", with eight registered gilts and one registered boar to be awarded the winners in Painer County. The judging will be made following April 15th, Liner said, and the pigs will be assigned in May.

Tractor Owners Are Invited To Tech

A special school on tractor maintenance has been slated for this weekend, April 8-9, at Texas Tech College in Lubbock, County Agent Ollie Liner reported today. Any tractor owner of the county who wishes to attend is cordially invited, but Liner asked that the men notify him in advance in order that he may send a letter to Tech registering the Parmer attendants. All types of maintenance problems will be discussed, and the clinic is expected to be particularly valuable to machine owners.

Give Range Plants A Chance to Grow

COLLEGE STATION—In many areas of Texas, range lands were overstocked last year, and the bad effects from this practice will last for several years, says A. H. Walker, extension range specialist of Texas A. & M. College.

Overgrazing not only makes it harder for the valuable range grasses and plants to grow and make seed, but it also causes the soil to pack. This means less pore space in the soil and a lighter covering of litter on top of the ground. Ranges in this condition receive little benefit from the hard, dashing showers that are common to Texas during most of the year. On the other hand, reminds Walker, ranges that have been only moderately grazed have a turf that will slow down the run-off and will give the water a chance to soak into the soil. Such range land will soak up water from two to four times as fast as overgrazed ranges.

Less run-off means less erosion and more water in the soil. The increase in the stored water supply in the soil and the saving of valuable topsoil makes range plants grow larger calf crop, heavier calves at weaning time, lower feed costs and better conditioned breeding cows in the herd.

NEW MANAGER HERE

J. V. (Jeff) Peeler, who has succeeded Roy B. Holland as manager of the Muleshoe office of the Southwest Public Service Co., was a business visitor in Texico-Farwell last Thursday. Peeler was transferred to Muleshoe from Dimmitt when Holland moved to Portales some weeks ago.

Texico Juniors Entertain Seniors With Banquet

The annual formal Junior-Senior Banquet of the Texico High School, was held at the Lavesta Drive Inn, just east of Clovis, Tuesday night, April 5th, at 8 o'clock.

The banquet table was beautifully draped with coverings of white linen with soft bouquets of pastel colored sweetpeas centering the table to make the arrangement complete.

Miss Coeta Roth, member of the Junior Class, gave the welcome address, with the response being given by Beale Stewart, member of the Senior Class. A song entitled "Far Away Places," was rendered by the Junior group, after which "A Rainbow Follows The Storm," toast to faculty, was given by Miss Delphine Johnson, member of the Senior group. Miss Grace McDaniel then gave a toast to the school, "The Colors Of The Rainbow," followed by a song, "My Happiness," by the Junior group.

Mr. Don Bowles, of Radio Station KICA, principal speaker of the evening then addressed the entire group, followed by a reading, "Miss Dorothy Entertains The Minister," presented by Miss Frankie Harris, member of the Junior Class.

The menu for the occasion consisted of breaded veal cutlets with tomato sauce, baked potatoes and buttered peas, tossed vegetable salad, accompanied with hot rolls and butter, topped with fresh strawberry sundae, mints, nuts, iced tea and coffee.

Those present included the following: Senior Class members, Vernon Blain, Delphine Johnson, Claudine Bridges, Kenneth Bridges, Buddy Pearce, Ansel Doolittle, Beale Stewart, Norma Lee Sanders and Grace McDaniel; Junior Class members, John White, Patsy Engram, Frankie Harris, Neciscio Mendoza, David Houghtelling, James Harding, Raymond Troy Morgan, Coeta Roth, and Jim Billington.

Faculty members present were: Mr. F. D. Stout, Mr. C. E. Sanders, Supt. B. A. Rogers, Mrs. Jimmie Allman and Mrs. Otis Prescott. Guest included Mrs. F. D. Stout, Mr. and Mrs. Don Bowles, Leroy Wilkerson and Fred Curtis.

Pink And Blue Shower Given Mrs. Williams

A lovely pink and blue shower was held Thursday afternoon in the home of Mrs. Ben O. Smart in Farwell, honoring Mrs. Bobbie Williams. Co-hostess for the affair was Mrs. Jim Bob Smart.

At the conclusion of the social hour, a refreshment plate of cookies and coffee was served to Mesdames Edgar Blain, J. L. Nally, Felix Monroe, Stanton Thigpen, Thelma Lesly, G. W. Dyer, Leonard Lewis, Bob Hines, the honoree, and the hostesses.

Regrets were sent from Mesdames G. F. Green, Bettie Smart, S. M. Lewis, Jack Slaughter, Jim Moore, Bob Drace, E. R. Stewart, Kenneth Jacks, Joe Crume, J. D. Lewis, Les Means, Claude Dyer and Bob Williams; Misses Mildred Moore and Hazel Dishman.

WSG To Meet With Mrs. John Porter

The Wesleyan Service Guild will hold its regular monthly meeting in the home of Mrs. John Porter, Tuesday, April 12th, at 8 o'clock.

Mrs. John Lovelace will be speaker of the evening choosing as her subject, "Light In Latin America."

All members of the Guild are urged to be present for this meeting.

Legion Birthday Is Noted on Thursday

The 30th birthday of the National American Legion was observed last Thursday night, March 31st, with a covered dish supper sponsored by the local Legion Auxiliary, in the Justice-Williams Legion Hall.

The occasion also took note of the third birthday of the local American Legion and Auxiliary.

Mrs. Mae Porter, as president of the Auxiliary, offered the welcome to the assembled guests, with the response being made by Wilfred Quickel, of the Legion group.

An Easter motif was carried out in the decorations, with bouquets of spring flowers being arranged about the Hall. Various table games were enjoyed following the supper.

Texico PTA Schedules Covered Dish Lunch

The Parent Teachers Association of the Texico school will hold its regular monthly meeting at the school cafeteria on Thursday night, April 14th.

A covered dish supper will be spread at the social hour, and each member or patron of the school is cordially urged to attend.

During the business session the new officers for the ensuing year will be installed, including Mrs. Ira S. Levins, president; Mrs. Ed Blain, vice president; and Mrs. W. T. North, secretary-treasurer.

This will be the final meeting of the 1948-49 school year. The various committees and their attendant duties will be announced at this time.

Mrs. Blair Hostess To Wesley Bible Class

The Wesley Bible Class of the Hamlin Memorial Methodist Church, met in the home of Mrs. E. G. Blair, the past Tuesday afternoon in their regular monthly meeting. Mrs. Jess Newton was in charge of the afternoon's program.

Members present were: Mesdames Jess Newton, Roy B. Ezell, Albert Thomas, F. J. Parks, Ruby Dixon, G. W. Atehley, Alice Clary, Roy Thornton, and the hostess, Mrs. E. G. Blair, and one visitor, Mrs. J. E. Bingham.

Lovely refreshments were served at the close of the meeting.

Local Carrier Serves As Toastmaster

Nelson C. Smith, Farwell rural carrier, was in Lubbock last Saturday evening, where he served as master of ceremonies at the West Texas Rural Letter Carriers banquet, which was attended by over 200 postal workers, including rural carriers, postmasters, inspectors and their wives.

In company with Bun Raley, a national committeeman who spends much time in Washington, D. C. Smith attended a postal workers conference at the Clovis post office on Sunday afternoon, April 3.

Rainbow Girls Have Religious Services

In commemoration of Founders' Day, all Rainbow girls of Parmer County are slated to attend church in a group this coming Sunday, April 10th.

This is a yearly custom of the association, and officials announced today that the group had voted to attend the Texico-Farwell Baptist church this coming Sunday morning. Rev. O. O. Holladay, pastor, will deliver the sermon.

Rev. Moore To Address Farwell PTA Meet

Rev. A. D. Moore, pastor of the Oklahoma Lane Methodist Church, will address the Farwell Parent Teacher Association on Thursday night, April 14th, officials said today.

"Better Homes With the Help of the School" will be discussed by the guest speaker at the meeting.

After a short business session, the social hour will be directed by Mesdames Travis Brown, Joe Crume, Albert Smith, H. H. Petree, Harvey Carrell and Raymond Martin as hostesses.

Amateur Night Planned By Rainbow Chapter

Sponsored by the county Rainbow girls, an amateur program will be presented in the Bovina school auditorium on Friday night, April 15th.

Any amateur of the county is invited to enter, and no entrance fee will be charged, officials reported.

Regular admission will not be assessed at the door, however, a contribution will be taken. Funds received will go toward chartering a bus to take the group to Houston to attend Grand Lodge, and a good attendance is urged.

Singing Meet Will Be Held Sunday, Clovis

The spring singing festival for Parmer, Bailey, Curry and Roosevelt counties will be held in the Clovis High School on Sunday, April 10th, officials announced today.

Singing will begin at 11:30 Central time, and all interested singers from Eastern New Mexico and the Western Panhandle are invited to attend.

In Guill Home

Mr. and Mrs. R. D. Guill had as their houseguests last week his mother, Mrs. Guill, of Amarillo, and his sister, Miss Adell Guill of Dallas.

Mr. and Mrs. Elmer Townsend of Clovis spent a few days the past week in the home of Mrs. Bettie Smart.

FESTIVE NEW SALAD WITH ROSY APPLES

There's an American Beauty look to this crimson and white apple salad that's pretty enough for your company dinners and so easy to make you'll want to serve it for family meals, too. It's especially timely now when the markets are featuring the crisp, spicy-flavored Winesap apples from Washington State because these tender, juicy apples are perfect for salads, as well as for fresh fruit eating. (P.S. to mothers: these shining red Washington Winesaps are just right to tuck into Junior's lunch-box to be sure he gets his apple a day!)

To prepare the salad, core the apples, but do not peel. Cut into slices, then spread the slices with softened cream cheese or Roquefort. Add walnut meats and serve with French dressing.

Another appetizing salad that makes extra good eating these days is this tossed apple-cabbage dish. The delicious flavor of the Winesap apples makes a special treat of this healthful salad, and it's appropriate for either luncheon or dinner service.

Tossed Apple Cabbage Salad
 3 red Winesap apples
 3 tbsp. lemon juice
 1 cup seedless raisins
 4 cups cabbage, shredded
 1 cup mayonnaise
 Salt and pepper

Core and dice unpeeled apples. Add lemon juice and toss. Mix with raisins and shredded cabbage, then add mayonnaise and season to taste. Toss and serve at once. Serves 8.

Playgoers Offered Two Attractions Locally

Two first-rate comedies are offered local playgoers this weekend, as both the Texico and Farwell seniors don costumes and greasepaint for spring plays.

The Farwell group will make the first appearance, presenting "Bolts and Nuts" in the school auditorium on Thursday night, April 7th.

"The Calamity Kids" will be presented by the Texico school cast in the auditorium of that school on Friday night, April 8th.

Mrs. Gladys Prescott, who is directing the activity at Texico, announced two cast changes, with Jim Billington taking the part of Hezekiah Hoskins, while Buddy Pearce is in the role of Brad Rivers.

Curtain time on both nights is 8, Texas time, and the entire community is invited to see both attractions.

CARD OF THANKS

We wish to thank very sincerely the many kind relatives and friends for the beautiful floral offerings and comforting words and prayers spoken at the funeral of our beloved sister and niece, which was held Monday afternoon, March 28th, at the First Baptist Church in Bovina, Texas. Also, we wish to express our deepest appreciation for the fine and abundant food preparation not only for the family, but also for the relatives and friends from a distance. May the Lord's richest blessings be bestowed upon each and every one of you.

Memorial Poppies Are Made By Disabled

Poppies by the thousands are coming from the skilled fingers of disabled war veterans in preparation for Poppy Day, May 28, Mrs. Frank Seale, Poppy Chairman of the Texico-Farwell Unit of the American Legion Auxiliary, announced today.

Arrangements are being made for the observance of Poppy Day here, when the veteran-made poppies will be worn to honor the dead of both world wars and to aid the disabled and children of veterans. Describing the poppy-making activities at the hospitals, Mrs. Seale said:

"It is very interesting to see the way a veteran makes a poppy, taking petals of crepe paper and a stem of the wire and shaping them into a very

attractive replica of the wild poppies which grew on the battle fields and around the graves in Europe during both wars. Many veterans became very skillful in the work and can produce the memorial flowers with amazing rapidity. They enjoy the work, and being gainfully employed helps give them a wholesome mental attitude which promotes recovery.

"Being handmade, each of the Auxiliary's poppies is slightly different, varying with the maker's skill. At one time the Auxiliary used silk poppies, but the crepe paper flowers were adopted because they provide more interesting work for the veterans and can be made at a minimum cost for materials. Millions already have been made for this year's sale in hospitals and workshops throughout the country, and by the time Poppy Day arrives more than

25,000,000 will be ready to be worn in honor of the war dead.

"The men who make the flowers are the only persons paid for their work in the Auxiliary's poppy program. The women who distribute the poppies on the streets are all unpaid volunteers who give their services to help carry out the purpose of Poppy Day—to honor the dead and aid the disabled."

VETERAN'S NEWS

Immediate positions for graduate nurses are available in the new and modern VA hospital at Houston, Texas, Dr. Lee D. Cady, acting manager, has announced.

VA will acquire the hospital from the U. S. Navy April 15 and is now organizing its staff. Nurses are being put on duty as rapidly as they are employed to replace Navy nurses who are being ordered to other stations.

Minimum salary for VA nurses is \$2974.80 per year, ranging upward according to education and professional experience. Periodic pay increases and promotion based on merit are provided nurses.

Working conditions for VA nurses are excellent, including 40-hour work week, 30 days annual vacation and 15 days annual sick leave. Retirement benefits are also provided for nurses who wish to remain with

Important Notice

During the past several weeks we have been receiving numerous complaints about the practice of dumping garbage in the bar ditches and even in some fields. Such practices are a violation of the law and we would like to get it stopped without prosecuting anybody, and to this end we are asking the cooperation of all individuals.

Another practice that has been responsible for considerable complaint is that of throwing loose paper and cardboard boxes out in the open, to be blown to adjoining property. We are asking that this practice be stopped. Will such offenders please burn their surplus paper and boxes? We are hopeful that this reminder may be all that is necessary . . . otherwise we may be compelled to resort to sterner measures.

More Grasshoppers Predicted For 1949

COLLEGE STATION.—Grasshopper infestations tend to run in 10-year cycles—and 1949 is the tenth year of the present cycle.

There may be as many or more hoppers this year than last—and 1948 was pretty bad.

This prediction is made by H. G. Johnston, state grasshopper control leader and head of the Texas A. & M. College department of entomology, on the basis of egg counts made by USDA grasshopper control division workers.

Hoppers will begin to hatch in South Texas within the next two weeks, he said.

The worst centers of infestation of the differential grasshopper—the big yellow one with chevrons on his legs—will be along the Brazos between Waco and Richmond and along the Trinity as far south as Polk and San Jacinto counties. Scattered infestations are expected along creek bottoms in North Texas as far east as Titus county and west to the West Cross Timbers.

A lesser—but still above normal—outbreak of the migratory grasshopper is expected in West Texas, the South Plains and the Panhandle.

The differential grasshopper can be controlled by dusting along fence rows and ditches, when the hoppers first hatch, with either 15 pounds of 10 percent toxaphene or 15 pounds of 10 percent chlordane per acre. After the insects move into the fields, control is more difficult.

Toxaphene or chlordane can be used against the migratory grasshopper where there is enough foliage to hold the insecticide. In areas of little foliage where the hoppers work on the ground poison bait is necessary. County agents west of the Cross Timbers will again set up poison bran mash mixing plants if the outbreak warrants, Dr. Johnston said.

Be Sure Your Social Security Number Is Filed Correctly

"Be sure the boss gets that social security number down, and that he gets it down correctly," is the suggestion to all workers by John R. Sanderson, manager of the Amarillo office of the Social Security Administration. The best way to make sure that the record is correct is to see that you have your official social security card with you when you apply for a job, and when you report for work the first day.

The Social Security Administration

must rely upon the number in keeping a record of your individual account because there are literally thousands of identical names. The only way your employer can make complete reports to the Government (Employers will make their next report during April, which will cover wages paid during January, February and March), and thus make sure that your account is properly kept, is to have the information as to your name and number. If you fail to do your part by taking your card with you, you may lose part or all of the benefits that are rightfully yours: worse, you may be depriving your family of the insurance ro-

tection that the social security program provides.

Take Your Family To Sunday School

What doth it profit a parent if he accumulate vast wealth—wield great power and exercise much influence, yet lives to see a son or daughter become an economic failure or a prodigal in character?

A dear friend of mine once said to me: "I have guaranteed the security of every child I have forever. None of them can ever suffer want or poverty." He was sincere. He thought he had achieved unbounded success. He thought no storm could ever damage—nor danger threaten any child of his.

How foolish he was! He does not have a child able to manage what has been given to him. Not a single one could earn his or her own living. Each of the four drinks to excess—one is a definite alcoholic—another is on the verge of becoming one.

Today in his old age the parent, humiliated and shamed, knows that he is not a success—but a failure. Today he would do differently. Now he would teach them to know and honor God instead of creating trust funds. If he had another chance, he would show them the truths of the Bible and encourage them to worship their Saviour rather than depend alone on a material wealth.

He now knows the anguish that wrenched old Isaac's heart and caused him to cry out his misery, "When a man is bereaved of his children, he is bereaved."

There is a sure way to avoid this tragedy. There is a certain way to success in the happy rearing of worthwhile youth. Teach them to know and honor God. Show them the way to salvation through a resurrected Christ.

This can be done in the home and the Sunday School. Every child is proud to go to Sunday School if the parent takes him.

Every child is eager to learn of the power and glory and grace of his parent's God.

If properly taught, our children will learn to breathe with reverence the name of their "Father's God."

There is nothing more dear to any of us than our children. There is no finer thing that we can do for them than to take them to Sunday School and teach them God's Word. Therein is our finest opportunity. Thereby is their greatest happiness and blessing.

Robert S. Kerr,
U. S. Senator from Oklahoma.

A Nutshell View Of Texas Peanuts, 49

COLLEGE STATION.—In a nutshell, there isn't much good news ahead for the Texas peanut grower, as far as the supply is concerned. That's the way Texas A. & M. College extension specialists in agronomy, and agricultural economics see it.

It just isn't favorable at all from the producer's standpoint. And here's why. The 1948 bumper crop gave the peanut people more goobers than they can market, other than for eating.

Large supplies of oil crops are on hand, and the world exports of fats and oils are increasing, say these specialists.

On the demand side, there are some favorable points, however. The level of employment in the nation's population is increasing two million persons a year. This year's support price of peanuts is 90 percent of parity, and world need for fats and oils is more than the supply can keep up with.

The rest of the picture doesn't look as good. Funds of savings are declining and the competition for the consumer's dollar is more than in past years. Peanuts for food uses have dropped from the high wartime level.

That's the peanut picture for 1949, these specialists agree.

Angel at the Tomb

Angels are divine messengers to men, bearers of the Good News of God's presence and blessing. They sang at the birth of Jesus, assuring peace on the earth to men of goodwill. They spoke to the women at the tomb the word of liberty that had long been awaited by sorrowing woman hearts. And now they sing at every Christian grave around the world, assuring the bereaved that there is life beyond. Our loved ones do not come back to us in the flesh; they go on ahead of us into the Heavens, and there we shall find them in the household of God. To all who have eyes of faith and whose ears have become attuned to angelic speech the messengers of God announce Life Eternal. Because they have brought this good word of truth you may join the great Apostle in the exclamation of wondrous faith, "O Death, where is thy sting? O Grave, where is thy victory?" TOMBS AND GRAVES CLOSE IN OVER ONLY THE DUST, WHILE THE SPIRITS OF THE CHILDREN OF GOD RISE INTO THE DIVINE PRESENCE THERE TO ABIDE. The angels are telling us that we are the eternal children of the eternal God; Heaven is our home and God is the Father of our Spirits; we are joint heirs with Jesus Christ.

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

Farm Cash Income Is Down 15 Per Cent

AUSTIN—Texas farm cash income for February 1949 fell 15 per cent from a year earlier, the University of Texas Bureau of Business Research reports. February marks the sixth consecutive month that farm income has fallen below its year-earlier level.

Totaling \$43,594,000, farm income was at the lowest point in February 1949 since March, 1942. Marketing of rice, wool, cattle, hogs, poultry, and milk products rose during the 12-month period, but income from other types of farm products was substantially below February a year ago.

Texas farmers received \$9,857,000 from sales of milk products, which was the greatest source of income in February 1949. Sales of cattle amounted to \$8,866,000, and eggs, \$4,431,000.

Except for small increases from marketings of hogs and rice, all types of farm products brought Texas farmers less income than in the previous month, contributing to the over-all decline of 28 per cent from January.

With the exception of a 6-per cent gain in Coastal Prairies, all crop-reporting districts registered sharp declines from January to February.

After adjustment for seasonal variation, the Bureau's index of farm cash income fell to 192 per cent of the 1935-39 level in February, the lowest index since July 1942. The index was 211 in January and 234 in February 1948.

For the first two months of 1949, farm income totaled \$104,000,000, falling 24 per cent under a like period in 1948, with all districts turning in declines from 3 to 54 per cent.

Firestone

CHAMPION GROUND GRIP

Tractor Tire

OUTPULLS THEM ALL . . . BECAUSE IT TAKES A CLEAN, FULL TRACTOR BITE

OUTCLEANS—No tractor tire can pull unless it cleans. Firestone Champions outpull because they outclean. The full-traction tread bars flare outward like the moldboard of a plow and channel the soil out as the tire rotates and flexes. There are no trash-catching "bar-stubs".

OUTPULLS—The real test of a tractor tire is how it pulls when the going is tough. You can depend on Firestone Champions to outpull because their traction bars are built higher for a deeper bite, longer for a bigger bite. Triple-braced for a stronger bite, and connected at the center for a full traction bite—all the way across the tread.

OUTLASTS—Firestone Champions outlast because their Triple-braced bars cannot wobble and wear, cannot punch their way through the cord body like unbraced bars. The higher, longer, stronger bars of the Champion ride smoother, last longer. It's easy to see why Champions continue to give full traction tread life long after other tires have worn smooth.

Texico Trackers Garner Title at Invitation Meet

The Texico Wolverines breezed lithely through a four-way invitation track and field meet held on their own field last Thursday, winning hands down over opponents from Rosedale, Farwell and Pleasant Hill.

Spry Wayne Tucker paced the Texico squad, scoring a total of 55 points out of the 112½ taken by the Wolverines. Second-high individual was Chandler of Rosedale, who garnered 22 points and gave his team second position with 78½, while the Farwell squad was third with 34 and Pleasant Hill trailed with 13.

In showing his wares, Tucker picked up blue ribbons in the 100, 220 and 440 yard dashes, both high and low hurdles, broad jump and shot put, in addition to being tied with Chandler of Rosedale for first in the high jump.

Individual winners were listed as follows:

100-yard dash—Tucker, Texico, 1st; Booth, Farwell, 2nd; Trower, Rosedale, 3rd; E. Ford, Rosedale, 4th; G. Chandler, P. H., 5th. Time, 11:3 seconds.

Chandler, Rosedale, 2nd. Height, 9'10".

Discus—Gant, Texico, 1st; Pearce, Texico, 2nd; Booth, Farwell, 3rd; Clayton, Rosedale, 4th; Pulliam, Rosedale, 5th. Distance, 104'5".

220—Tucker, Texico, 1st; Booth, Farwell, 2nd; Pool, Farwell, 3rd; Hultman, Rosedale, 4th; Chandler, Rosedale, 5th. No time.

880—Thompson, Farwell, 1st; Ford, Farwell, 2nd; Ridley, Rosedale, 3rd; Turner, Rosedale, 4th; J. Doolittle, Texico, 5th. 2 min. 19 sec.

High jump—Tucker, Texico and Chandler, Rosedale, tied for 1st; Horton, P. H. 3rd; Sparks, Texico and Pulliam, Rosedale, tied for 4th. Height, 5'2½".

Low hurdles—Tucker, Texico, 1st; Trower, Rosedale, 2nd; Horton, P. H., 3rd; Hale, Texico, 4th; J. Doolittle, Texico, 5th. 25.6 seconds.

Mile run—Ridley, Rosedale, 1st; Turner, Rosedale, 2nd; A. Doolittle, Texico, 3rd; J. Doolittle, Texico, 4th; Houghtling, Texico, 5th. 5 min. 16.1

Seven schools will be represented at Texico on Thursday and Friday, April 14th and 15th, when the Curry County girls' volleyball tournament is held in the local gymnasium.

Supt. B. A. Rogers stated today that the bracket had been released, with play to begin at 6 o'clock (Texas time) on Thursday night. Four games will be played that evening. Beginning at 7 Friday, two semi-final matches are slated, followed by the championship round.

Pleasant Hill meets Texico at 6 Thursday evening, Melrose "A" follows opposite Grady at 7, Melrose "B" takes the court against Ranchvale at 8, and Rosedale and Field are on deck at 9. On Friday night, the winners of the first two games play at 7, the lower bracket winners meet at 8, and the final match comes off at 9.

Trophies will be presented to first to first and second place winners, officials added.

A standard gauge railroad track is 56½ inches wide.

Groom For Fox Relay Meet at Ft. Sumner

The Texico Wolverines, having tasted victory in their first round of match track opposition, are grooming for the second spell of events to come off prior to the county meet, looking forward to the annual Fox Relays, slated for April 15th, at Fort Sumner.

Actually, the Fox meet draws more interest in this section than the wind-up—the state tournament—and boys who make a good showing at Fort Sumner can usually count on doing something in county and district action.

Coach C. E. Sanders is expecting a good deal of Wayne Tucker, who in the quadrangle meet held in Texico last week ran up a single-handed score of 55 points. Other members of the Wolverine squad are also doing strenuous work for the coming events.

A complete list of local entries will be released next week.

BASEBALL GAME FRIDAY

Bovina and Farwell will play a regularly scheduled boys' baseball game on Friday of this week on the Bovina diamond, Coach Louis Purvis reorted. The local boys are engaged in district play, competing with Vega, Friona, Bovina and Lazbuddy.

HONOR ROLL GIVEN

The following students were on the Texico high school honor roll for the past six weeks:

Freshmen: Margie Reed, Patsy Doshier.

Sophomores: D. J. Brown, Carmen Roth, Belya Park, LaVeda Harriman.

Junior: Coeta Roth.

Seniors: Grace McDaniel, Claude Bridges.

FFA Teams Leave For State Judging Meet

Eight Texico FFA boys and their sponsor, F. D. Stout, left this (Wednesday) morning for State College at Las Cruces, where they will participate in the New Mexico FFA chapter judging events.

In the group are John White, Jimmie Doshier, Ronald King, D. J. Brown, Bobby Joe Sparks, W. O. Reed, Donald Ray Engram and Eldon Hale. The boys will enter judging competition on dairy, livestock, poultry, crops, shop and parliamentary procedure, Stout said.

During the weekend, the Texico group will drive on down to El Paso and make a trip across the border into Juarez. They will return by way of Carlsbad, visiting the famed Caverns before arriving at their homes in Texico on Sunday.

Graduation Speakers Named For Texico

Dr. B. P. Maddox, pastor of the First Baptist Church, Clovis, will deliver the baccalaureate address to the Texico seniors on May 8th.

Supt. B. A. Rogers announced today. Supt. Rogers also added that Dr. F. A. Ogle, of Eastern New Mexico College, Portales, has accepted an invitation to speak at the commencement exercises on May 12th.

Both programs will be held in the evening in the auditorium of the local school.

HAS EYE OPERATION

J. H. Stone, of this city, was taken to a specialist in Amarillo the first of the week for an operation on his eyes. The 70-year-old man, who has suffered eye trouble for some years, has been totally blind for several months. Specialists have expressed the belief that they could restore a portion of his vision.
