

GRAND CHAMPIONS SHOWN BY BOYS AT PLAINVIEW SPRING STOCK SHOW

FROM THE HOPPER

By HOP

Mrs. Grace Snider and the Jack Williams were quick to jump us out about their new brick homes that we made reference to last week. Both of them contend that their new homes are merely brick veneer, actually containing more lumber than brick. Be that as it may, we rejoice with all you owners of new homes, whether they are brick, lumber, or "brick manure", as one local resident termed them.

Mrs. Charley Thompson says Farwell got its 1250 population count in the 1940 census because Texico was included with Farwell when the census was taken at that time. This is altogether unlikely, as Texico was given a definite figure in the 1940 census, and it is not likely that the two towns were combined. Where the enumerators ever arrived at the 1250 figure for Farwell back ten years ago will probably never be known. Farwell citizens were glad to have the city listed in the official census as having 1250 residents, but all of us knew there was an error somewhere. Now with the new census coming up, the count will show the city's population with less than half that amount and our pride is rather ruffled. Actually, Farwell has shown a gain in population during the past decade, but because of a rank error of ten years ago, we are to go down in the records as having shown a marked decline.

J. W. Gammons was being questioned for jury service. The defense attorney asked if he had heard or read any facts about the pending case. Gammons thought a few seconds, then replied, "No, I guess not. I read about it in The State Line Tribune, but I didn't consider that facts."

Three Nominated As Officials For City

At the regular monthly meeting of the Farwell Chamber of Commerce directors, held Wednesday evening of last week, three local men were nominated to take over the official duties of the City of Farwell, in event the incorporation proposal is approved in the May 6 voting. Melvin Snider, Robert W. Anderson and C. M. Henderson were the three chosen, and their names will appear on a separate ballot to be voted on at the same time of the incorporation election.

The man receiving the highest vote in the election will assume the office of mayor, and the other two will serve as city commissioners—all provided, of course, that the voters approve the incorporation when they go to the polls on May 6.

SHOWING IMPROVEMENT

Word was received here on Monday to the effect that Mrs. Della B. Ezell, county treasurer, who has been confined in an Amarillo hospital the past several weeks receiving medical treatment after a relapse from pneumonia, is showing some improvement. It was thought likely that she might be discharged from the hospital in a few days.

Two grand champions from the Farmer County 4H and FFA club boys' show, held recently in Friona, proved the judges' estimation of them last week when they were listed among the top ratings in the spring stock show at Plainview.

Ten-year-old Darrell Thompson, son of Mr. and Mrs. John S. Thompson and a member of the Friona 4H club, showed his Milking Shorthorn female at Plainview and the animal was rated as grand champion in her division. The Guernsey female owned by Gary Crow, 13-year-old son of Mr. and Mrs. Clifford Crow, also a Friona 4H member, was named as the reserve champion.

On his return here the first of the week, County Agent Joe W. Jones also reported that young Crow was given a special award for showmanship.

A Jersey bull in the junior class, calved on or after January 1, 1949, was shown by Ray Strickland of the Friona FFA department, and placed first in its class.

The Friona FFA's exhibit of top-quality Jersey females was refused at the show barn because blood test papers were not produced, it is understood here. The Jerseys, which annually run off with honors at the county show and have been placed over the district, were expected to be among the winners at Plainview and county showmen were disappointed that they were not entered.

Agent Jones stated that several individual herd owners of the county, Virgil Tague, Levi Johnson, and John S. Thompson, entered animals in open class Milking Shorthorn and won prizes, but no complete list of their winnings was available here.

Mrs. Mable Reynolds Is Deputy Treasurer

The Farmer County Commissioners Court met in special session here Tuesday afternoon and named Mrs. Mable Reynolds, wife of H. T. Reynolds, who farms north of Bovina, as deputy county treasurer.

Mrs. Della M. Ezell, who was named to succeed her husband as county treasurer after his death, has been in an Amarillo hospital the past several days, and Mrs. Reynolds will attend the duties of the office until Mrs. Ezell is able to return to her position.

Mrs. Reynolds' appointment will become effective after her bond has been approved by the Commissioners Court.

Local Students Get Backing Of Lions

The Texico-Farwell Lions Club voted Tuesday night to pay half the expense of sending two boys and two girls from Texico and Farwell high schools to attend Boys' and Girls' State this summer. Texico students will go to Portales and the Farwell pair will go to Austin.

It was estimated that half the expenses of the four would amount to around \$60.00.

Tuesday night's meeting was given over to the discussion of business matters and projects, following the luncheon served by the Home Economics Class of the Texico school, under the direction of Mrs. Jimmie Allman.

Wilfred Quickel offered the suggestion that the Lions Club consider sponsoring a well-equipped playground for the youth of Texico-Farwell and his suggestion was heartily endorsed by President Agrie Jones, who recommended that the project be considered by members and discussed in more detail at the next meeting.

Lions Mose Glasscock, Claude Rose, Murphy Duncan and LeRoy Faville were named as a nominating committee to bring in nominations for new officers at the next meeting. Actually, the fiscal year does not end until June 30, but President Jones felt that the new officers should be elected prior to the state convention the latter part of June.

Brown Is Third In County Contest

D. J. Brown, of the Texico school, son of Mr. and Mrs. Dallas Brown, has been announced as third place winner in the Curry county essay contest, it was reported from the local school the first of the week.

All schools in the county were represented in the contest, in which students submitted essays on soil conservation and control of erosion.

Assault Trial Gets Under Way Here

CCC WHEAT LOANS WILL MATURE AT MIDNIGHT, APRIL 30, CAMP WARNS

Joe Camp, secretary of the local PMA office, advised today that loans made on 1949 wheat, now being held in storage under Commodity Credit contracts, would mature at midnight, April 30th.

He went on to say that the current price of wheat is "about three cents" above the loan value, which would mean that growers redeeming their grain now held under CCC loans could sell it on the open market to a slight advantage.

"Wheat not redeemed by the date of the deadline will automatically be taken over by Commodity Credit," Camp added.

Originally, Camp said, stored grain in Farmer County amounted to approximately two and a half-million bushels, but some of the grain has already been redeemed by the owners. He was not in a position to give an accurate figure of the amount still being held under loan.

At the outset, growers were issued loans at the rate of \$1.86 on stored grain. Later the loan value was boosted to \$1.91 per bushel and Camp explained that farmers who were in the \$1.86 bracket would be allowed the \$1.91 price when the wheat is redeemed by them. At present, price of wheat is "around \$2.08 per bushel," he said, adding that the storage charges and interest would be deducted when the storage contracts are terminated, still leaving the owner of the grain about a three cent margin if wheat is redeemed and sold on the open market.

Agreements Due On Grain Sorghums

Farmers who have purchase agreements on grain sorghums with the Commodity Credit Corporation must deliver them to the local office in Farwell on or before May 1st in order for the CCC to accept the grain, Joe Camp, secretary of the PMA office, said today.

Camp said that most of the contracts had already been delivered, "but there are still several out." He emphasized that farmers must get delivery instructions at the local office before taking any action with the grains under contract.

Amarillo Boosters To Visit Here April 27

Approximately 100 Amarillo business and professional men, accompanied by 30 members of the Amarillo College band, will visit Texico-Farwell on Thursday, April 27. The group will arrive on an eight-car special train at 2:15 p. m.

After a welcome address and a brief response, the band will present a concert at the station. Souvenirs will be available for the kiddies.

The good-will trippers will be headed by R. Earl O'Keefe, president of the Amarillo Chamber of Commerce. "We are looking forward to visiting with the good people of Texico-Farwell," O'Keefe says. "We extend a sincere invitation to each and every person to be at the station to visit with us," he added.

Bovina Community Meeting Called

A special meeting of the Bovina Cemetery Association has been called by its chairman, W. E. Williams, for Monday night, April 24th, at 8 o'clock in the Legion Hall.

This meeting is to be held in conjunction with the regular meeting of the Chamber of Commerce. The expressed purpose of this meeting is to plan for the improvement, beautification and permanent care of the city cemetery.

Those sponsoring this meeting urge all who are interested in the cemetery to drive by and inspect it, and thus be prepared to make suggestions for improvement. All interested are urged to be present.

WHAT HE SAID!

It was the first wedding ceremony for the young minister and he was almost as bashful and embarrassed as the young couple before him. In a brave effort to round out the affair, the minister stammered: "It's all over now. Go and sin no more."—Santa Fe Magazine.

Lariat Church Starts Revival On Friday

A ten-day revival meeting, starting on Friday, April 21, is announced this week at the Lariat Church of Christ, with services being held daily at 8 p. m.

Minister Doyle Kelcey of Ackerly, Texas, will do the preaching and the singing will be directed by Wiley Baker. A cordial invitation is extended the public to attend the services.

York Funeral Services Set For Friday P. M.

Funeral rites for O. G. York, who had resided in the Lazbuddy community for some 22 years, will be held at the Church of Christ in Muleshoe on Friday, April 21, at 3 p. m., with Minister Ebb Randol, pastor, in charge.

Mr. York, who had been ill for some three weeks with heart trouble, passed away in a Littlefield hospital at 12:30 Wednesday morning. Born in Johnson County, Texas, he was 64 years of age at the time of his passing, and had long been a prominent farmer in his community.

Other than his wife, survivors include one daughter, Mrs. Floyd Templar, of Muleshoe; five grandchildren; a niece, Mrs. Rufus Gibbreath of Muleshoe; one brother, C. T. York of Jerome, Idaho; three half-brothers and five half-sisters.

Interment will be in the Muleshoe cemetery under the direction of the Muleshoe Funeral Home.

Enters Guilty Plea, Given Three Years

Melvin Gaines, who has been held in the Farmer County jail the past several weeks, entered a plea of guilty in district court here Monday and was sentenced to serve three years in the penitentiary by Judge E. A. Bills.

Gaines was charged with burglarizing the office of the Cicero Smith Lumber Co. in Bovina on the night of March 13. Gaines was taken into custody by F. S. Pounds of Bovina, when he saw a stranger in the building after closing hours. Pounds, a citizen, turned Gaines over to Deputy Sheriff Frank Smith.

Court officials said that Gaines was at liberty on bond from Potter County, while a case in that county is on appeal.

Attend Press Meet In Amarillo

The Tribune staff—Editor W. H. Graham, Miss Hazel Dishman and Mrs. Abie Crume—accompanied by W. H. Graham, Jr., ENMU journalism student, were in Amarillo over the weekend, attending the 41st annual convention of the Panhandle Press Association, held in the Herring Hotel.

Highlights of the two-day program included a talk on "Europe" by Wes Izzard, editor of the Amarillo News-Globe; a John Snider barbecue at the Kerr Paper Company's modern new building, and a visit to the elite Amarillo Club.

New Texas Marker Is Being Erected

A second Texas marker in Farwell is being erected just out of the city on Highway 60 by the Highway Department.

The marker, similar to the one on Highway 70 in east Farwell, has been cut from a solid stone, outlining the map of the State of Texas. On the face of the marker, which will face the highway, the word "Texas" has been cut in the stone.

A small park has been laid out and will be landscaped with shrubs and evergreens.

OPEN AT NOON HOUR

Odus Huggins, manager of the Southwestern Public Service Co., announced today that arrangements had been made to keep the local business office open during the noon hour, effective at once.

CHAMBER TO MEET

The regular monthly meeting of the Chamber of Commerce will be held at the Legion Hall Monday evening, April 24, at 7:45. President C. M. Henderson urges all members and other interested parties to be present, bringing the usual contributions for a light lunch. Several important business matters are due for consideration, he added.

Light Rains Helpful, But Short Of Need

Light rains the past week—the first measurable moisture in months—have been reported from most of this immediate area, including Farmer, Curry and Bailey Counties, but the same reports indicate that the moisture is still far short of actual needs.

Most reports would indicate that the rainfall averaged from a quarter to a half inch in three different showers on Thursday, Saturday and Sunday. While the showers resulted in a "perked-up" condition of wheat fields, farmers say that the precipitation will not have lasting benefits.

On Thursday afternoon .28 was recorded in Farwell, followed by .25 of an inch Sunday afternoon in the form of a brisk hail storm that did no damage.

Wheat fields are still in desperate need of moisture and there is little hope for any harvest of dry-land wheat unless abundant rain is forthcoming soon. Irrigated fields, naturally, are displaying promise of good yields. However, wheat acreage under irrigation is small in this section.

Burglaries Break Out Over Past Weekend

No less than six burglaries have been reported in Texico Farwell and Bovina over the past weekend, with all jobs bearing marked resemblance to each other.

Only two places entered reported the loss of any money, which seemed to be the only objective of the intruders. Champ Porter at the State Line Grocery in Farwell, the first place hit, reported the loss of from \$40 to \$50 in change. H. C. Jackson, of the Jackson Feed Store, Bovina, said his loss amounted to \$18.70 in small change.

On Friday night the Wilson Food Store and the Jackson Feed Store in Bovina were ransacked after the thief entered the back doors. An attempt was made also to enter the Bovina Variety Store through a door that separates the business from the Jackson store, but it failed.

On Saturday night, apparently the same intruder entered the office at the Houston Lumber yard, and made off with a small radio after ransacking the office for cash. After making his way through two doors and removing the screen from a window, a would-be burglar was evidently frightened away from the office at the Kemp Lumber yard.

Sheriff Chas. Lovelace is inclined to believe that all the jobs were committed by the same person, or persons, in that similar tactics were employed in gaining entrance.

Mrs. Reynolds Comes Out For Treasurer

Mrs. H. T. Reynolds, who lives north of Bovina, today authorized her announcement as a candidate for county treasurer of Farmer County, subject to the action of the Democratic primary election in July.

In making her announcement, Mrs. Reynolds authorized the following statement:

"I have been a property owner and legal voter in Farmer County since 1926, and have taught school in the county fourteen years.

"I am a graduate of West Texas State College and feel qualified to discharge the duties of the office.

"Your vote and support is earnestly solicited."

FATHER ILL

Mr. and Mrs. J. E. Stone went to Matador last Sunday to see Mrs. Stone's father, who is receiving treatment in a hospital there for a heart ailment. Mrs. Stone reported on her return that her father, 74 years of age, was not expected to survive the attack.

WANTED—Clean cotton rags at The Tribune office.

With indications that the case may go to the jury late Wednesday afternoon or night, the trial of Aubie L. Humphries, charged as an accomplice with assault on the person of Miss Florence Sadler, resumed this (Wednesday) morning after getting underway Tuesday afternoon.

Selection of the jury from the special venire was not completed until past mid-afternoon Tuesday, when hearing of the testimony was begun. Jurors who will decide the fate of Humphries are: Fred Bolton, V. R. Jordan, E. M. Ware, Russell O'Brian, J. W. Gammans, H. T. Edwards, Bill Massie, C. M. Nix, Claude Primrose, W. C. Hanna, B. H. Kube and M. T. Glasscock.

Miss Sadler was the second witness called, after Sheriff Chas. Lovelace detailed going to the Sam Ruddle home on the morning of Oct. 26, 1949, and later taking Miss Sadler and her girl friend to their homes in Littlefield.

Miss Sadler was kept on the stand for an hour and 20 minutes, detailing the events that took place on the night she alleges she was forcibly attacked by Gordon Thurman, the principal in the case, whose trial has been postponed on account of illness of the defendant. Miss Sadler, in her direct testimony and under cross-examination, maintained that the offense took place in the presence of Humphries, who sat in the same car where the offense allegedly occurred and declined to interfere although she (Miss Sadler) screamed and begged for help.

Judge E. A. Bills, who is presiding over the court, said that the case against Thurman probably would not come up at this session of the court, and indicated that it might be next October before another jury session of the court would be held in this county. The members of the special venire panel was excused.

More than a score of witnesses have been summoned by the State and a like number will likely be called by the defense. If their testimony is lengthy, the hearing may not reach the jury until sometime Thursday.

County Attorney Sam Aldridge, in opening the trial, outlined that the State intended to prove that Miss Sadler was forced into intimacies against her consent, and that Humphries sat in the car and declined to interfere after Miss Sadler had asked for help; that the offense took place in Farmer County, Texas, a short distance southeast of Farwell.

All parties involved in the case reside in Lamb County, and testimony brought out at the hearing was that Thurman and Miss Sadler, who were traveling in a car with Humphries and Miss Patsy Glover (now Mrs. Aubie L. Humphries), were en route to their homes in Littlefield at the time of the incident.

"200 On Thursday" Goal Of Baptists

Business houses over Bovina will cooperate tomorrow (Thursday) morning in a drive to attain the 200-mark at the Bovina Baptist revival services at 7 a. m., with all business remaining closed until 8 o'clock.

Rev. E. J. Speegle, pastor of the church, announced that the resolution to postpone opening hour until 8 o'clock on Thursday was passed by the Bovina Chamber of Commerce, when that body met in regular session on Tuesday night.

"Thus far there has been an average attendance of 108 for the 7 o'clock services," the minister said. "A fine spirit has prevailed throughout every service. If you have not attended you are cordially invited to do so. Coffee is served each morning after the services."

Worship services are held each evening at 8 p. m.

Caution Light Now Blinks On Hiway

The State Highway Department had a crew here Tuesday completing the installation of a caution light in Farwell at the intersection of Third Street and Highway 70-84.

Numerous accidents have occurred at this dangerous corner, the most recent being a few months ago when Mrs. Rip Snodgrass was rather seriously injured as two cars collided. Officials and the Chamber of Commerce launched a move for the installation of the light shortly after this near-fatal accident.

Local sentiment favored a stop light, but Highway officials pointed out that such a light would interrupt the flow of traffic along the highway.

Health Note

Texas State Department of Health

AUSTIN—Has chickenpox come your way? If it has, or if it does come your way in the future, the first thing to do is to call your physician, says Dr. Geo. W. Cox, State Health Officer.

Chickenpox is a common communicable disease caused by a virus. It occurs most frequently in the winter and spring among children less than 15 years of age. The virus is present in the discharges from the mouth and nose and from the small blisters which contain a watery fluid. Chickenpox is very contagious and is probably spread by direct contact with the patient.

Chickenpox begins from about 14 to 21 days after exposure, usually with feverishness and loss of appetite. Within about 24 hours, the skin breaks out in small raised rose-pink spots which change into blisters. The blisters quickly become crusted with scabs which eventually fall off. The scabs are not contagious. Each crop completes its course from rose-pink spot to crust in from two to four days.

Scratching or picking at the blisters may cause serious sores and disfiguring scars. The doctor will probably suggest a remedy to relieve the itching, which may be severe. Usually the child is not very ill and begins to feel better in from one to three days.

Warning: Chickenpox is an entirely different disease from smallpox. But when a person has not been vaccinated, mild smallpox is sometimes mistaken for chickenpox because the early symptoms are strikingly alike. Smallpox is a serious disease which spreads rapidly among unvaccinated person.

At the first signs of what appears to be chickenpox, call your physician so that an early diagnosis can be made. If he finds that the patient has smallpox, prompt vaccination may save the other members of the family and outsiders, who have been exposed, from an attack of the disease.

Native Texan Returns To Teach At Tech

LUBBOCK — Raymond Elliott, widely-known teacher and choir director for many years, will be added to the faculty of the department of music at Texas Technological college next fall, Pres. D. M. Wiggins says.

For the past four years Elliott has taught music theory and education and directed the A Capella choir of Texas College of Arts and Industries at Kingsville.

A native of Johnson County, Texas, he holds the degrees of bachelor of music and master of science with a major in music. He studied at North Texas State, University of Kansas and New York University. Elliott has taught in the public

schools and has had 20 years experience with church and school choirs, heading groups which have appeared in Kansas City, Jersey City and the New York World's Fair.

The new Texas Tech faculty mem-

ber belongs to the Baptist Church, Masons, Shrine and several professional groups. He is married and has two daughters. He will direct choral groups and teach various phases of music at Tech.

Talma L. Smith of Clarendon, Has Had Wide Experience In Washington, Fitting Him For Congressional Duties From 18th District

Talma L. Smith of Clarendon, is the latest candidate to announce his candidacy for Congressman from the 18th Congressional District, in a special election to be held on May 6. In making his announcement Mr. Smith issued the following statement detailing the qualifications he possesses, and asks that the voters give

consideration to his candidacy:
Born (in log cabin) near Stephenville, Texas. Moved with parents to Greer County, Oklahoma (then Texas) as child, where mother died when I was eight. Moved with father (A. J. Smith) a pioneer school-teacher and farmer, to farm and ranch in Motley County, Texas. Attended country schools. Graduated (valedictorian) from Childress, Texas High School.

Graduated from Clarendon (old) College. To secure further education passed civil service examination and appointed to Department of Commerce and Labor, retaining my legal and voting residence at Clarendon, Texas.

Married Annie Ree Martin, daughter of N. N. Martin, of Clarendon, Texas.

Brother of Dr. C. Q. Smith, President of Oklahoma City University. Attended George Washington University six evenings each week while working six days per week, from which I received A.B. and LL.B. degrees. Passed D. C. bar examination and later admitted to practice before Supreme Court of the United States. Served as Special Assistant to the Attorney General of the United States, and as expert agent compiling financial data on operation of Cities and States, with duties in states from Maine to Texas.

Served as seaman in First World War. Upon discharge became secretary to Congressman Marvin Jones where I served for approximately five years. Then was associated with brother, O. T. Smith in reporting hearings of the U. S. Senate Appropriations Committee. Beginning with Chairmanship of Congressman Jones in 1930 I reported all hearings of House Committee on Agriculture, for nine years, in period when the overall farm legislation was being developed and enacted. Also assisted in reporting hearings of Committee on Interstate and Foreign Commerce; on legislation affecting oil, gas, railroad, holding companies, securities exchange, health and other measures.

In 1939 was appointed one of six Official Reporters to Committees charged with reporting hearing of all Committees of the House of Representatives. Most of time is taken up with reporting hearings of the Committee on Appropriations, which through its subcommittees, reviews

in detail the President's Budget estimates for all departments and agencies of Government: Armed Services, Commerce, State, Justice, Labor, Post Office, and Interior Departments, as well as Independent Offices and Commissions. Before these Subcommittees appear the Cabinet members, under-secretaries, heads of divisions, budget officials, joint-chiefs of staff, with their assistants to explain and justify requests for the funds contained in the Budget. Every activity is surveyed and a detailed analysis and study of each request for funds is made each year, both as to personnel and money required to carry out the policy and the policy and the law.

During the past 20 years, and more particularly the last 11 years in the Appropriations Committee, (whose hearings are confidential, covering such matters as atomic energy development, Intelligence Service of Army Services, activities of the FBI) I have acquired a working knowledge of every phase of the Federal Government's activity, and an acquaintance with the members of Congress conducting these studies, as well as those in the Legislative Committees.

I have seen the cost of government increase to staggering proportions and the Federal debt climb to the sum of 263 billion dollars, or approximately \$1,750 for each man, woman and child in the United States. I am concerned as everyone must be with the impact of that debt on the opportunity for you and my children, and their children's children to enjoy, as we have enjoyed, the privilege of a free-enterprise system. I have watched with alarm the trend toward deficit financing, and toward the ever increasing demand for centralized government, with more direction, dictation and intimidation from government, with doles, grants and heavier taxes, inevitable under a system where the citizen is made to exist for the government. This trend must be reversed. It cannot be done easily. Educated, experienced and skilled men project the programs, many vital and necessary, on which Federal funds are expended. The reversal can result only from long, tedious hardwork on the part of people sufficiently equipped by experience and training to pick out and help eliminate the nonessential expenditure, aided by every individual interested in passing down to posterity the blessings we have enjoyed under our free enterprise system. That experience and training, in all humbleness, I say I have acquired during 25 years' work with the U. S. Congress.

The work of a Representative in the U. S. Congress is perhaps the most complicated found anywhere; It requires a wide survey and knowledge of Federal laws, regulations, policies and procedures, not only to properly serve an interested constituency and participate in House and Committee Hearings, but to understand and vote intelligently, on behalf of those who place him in that responsibility, legislation affecting the welfare of our country.

Three-Act Comedy Comes, Friday

A three-act comedy guaranteed to bring laughs to the most downcast, entitled "Don't Take My Penny", is to be presented by members of the Farwell senior class on Friday night of this week, April 21st, when the cast takes the stage in the school auditorium at 8 o'clock.

Sixteen-year-old Penny Pringle (June Christian) "just knows!" she is a cinch to be discovered to star in a new movie for which the author is searching the country for talent, and is entirely unaware of the fact that the maid, Sally (Janie Graham), has actually been "planted" and will be hailed as a new discovery.

Penny also fails to take into consideration the not-small talents of her older sister, Mavis (Jo Ann Allison) who is already appearing on radio broadcasts. Aiding and abetting Penny in her dream is her best friend, Jo Anna (Hettie Nann Randol), and the two girls are so enamored with the idea of Penny being a movie star that they even discard their boy friends, Grey (Jim Williams), and Carey (Bob Dollar).

Older brother Mark Pringle (Leon London), has meanwhile fallen in love with Sally, unsuspecting her identity, and publicity man Norman Porter (Ray Magness) in turn cannot see why Sally wants to call off the whole thing. Grandmother Pringle (Wilma Dell Doshier), disgusted with Mrs. Pringle (Billie Christian), who spends her time gadding, and Mr. Pringle (Bobby Poteet), interested only in business, gives them both a good piece of her mind.

Other members of the cast include Red, the delivery boy, Melborn Jones; Henri, clothes designer, Cary Joe Magness; his attractive models, Alta Norton, Pauline Sheets and Hazel Petree; and Harrison Day, a friend; Calvin Meissner.

Farm Bureau Heads Have Regular Meet

Directors of the Parmer County Farm Bureau held their regular monthly meeting last Monday evening, April 10, in the Friona office, it is reported by Raymond Euler, service officer.

The directors, in keeping with the American farmer's viewpoint, registered opposition to so-called compulsory health insurance, Euler said.

"While the Farm Bureau is not completely in accord with the American Medical Association, especially concerning independent Community Cooperative hospitals," the directors reported, "farmers are unanimously opposed to compulsion when it comes to health insurance plans for their families."

The group reviewed the fact that America at present has more doctors proportionate to population than any country which has adopted a system of socialized medicine, and American health and medical care lead the world today. For less than 10c per day, Americans can have medical and hospital insurance voluntarily, through group health plans.

All persons interested in organizing rural roads promotion groups were invited to join Farm Bureau and the more than 40,000 members in Texas already working on such projects.

A report on the March Membership Drive was referred to which showed that 135 memberships were sent in to the State office this year as compared with 64 in March, 1949.

Present at the meeting were Roy Miller, County Farm Bureau president; Hadley Reeve, secretary-treasurer; Ralph Smith and Alden Henderson, directors; and Raymond Euler, service representative.

LaMaster Gets Good Support Over Area

PERRYTON—Leroy "Pete" LaMaster, candidate for Congress from the 18th Congressional District, is receiving strong support from home town folks, and from the North Plains area where he and his family are well known.

The LaMaster for Congress Club, organized in an effort to promote other such county clubs and to assist in the LaMaster campaign, is now concentrating on acquainting other counties in the district with Pete's qualifications for the office.

An old-time political rally Saturday night in Perryton launched the campaign assistance and workers are now contacting friends over the district seeking support of the young farmer-stockman who is waging an intensive person campaign.

High points of LaMaster's platform are economy in government, a sound farm program, fair labor laws both to labor and management with teeth enough to be enforced when needed, a stern foreign policy striving for peace but constantly ready to defend America's freedom if peace arguments fail, and ability to make honest decisions regardless of pressure applied from the "supposed" big boys of politics.

LaMaster has scrupulously avoided with any organization or any voting group, being determined to carry out his original declaration of representing all the people of every part of the district, if elected.

AUXILIARY MEMBERS HEAR REPORT ON DISTRICT CONVENTION AT MEETING

Thirteen members were present for a regular meeting of the American Legion Auxiliary, Justice-Williams Unit 516, held at the Legion Hall on Monday night.

During the business session it was voted that a charge of \$5 be made when kitchen facilities of the Hall are used by organizations for serving banquets.

Some work has been done recently on renovation of the hall and it is planned to complete redecoration of the walls and windows.

The 18th District Auxiliary is composed of 42 units having 1495 members and the reports given in convention indicates that most units are cooperating in carrying out a program of "Girls State", rehabilitation, child welfare and hospital work.

Mrs. George A. Fowler, Canyon, has recently been appointed representative to succeed Mrs. Rhea Smith of Amarillo who was forced to resign for health reasons after devoting four years of faithful service to the veterans in the hospital.

The business session was closed by the retiring president's message, part of which was given in a song to the tune of "Without A Song" sung by Miss Janie Branson, accompanied by Harley Bulls.

Loyde Brewer and Wilfred Quickel represented the local American Legion post at the convention and report that Rhea Smith, of Amarillo, was elected commander of the 18th District American Legion, succeeding Charlie C. Gibson, who has served the post two years.

Musical Program Is Enjoyed By PTA

A musical program, arranged by Mrs. Jack McManigal, featured the regular April meeting of the Farwell school Parent Teacher Association, held last Thursday evening.

Vocal selections were given by a quartette composed of Ed and Walter Hardage, Lee Nichols, Jack Mc Dormand, Mrs. Shelby Jobes of the local faculty, played two piano numbers; Mr. and Mrs. Ed Hardage sang a duet, and Gordon Suits, of Clovis was a special guest, playing and singing three numbers.

The entire group then joined in singing "America", after which refreshments were served in the cafeteria of the school.

Band Sorority Will Receive Charter

Approval of its petition for a charter has been received by the Eastern New Mexico University band sorority in Tau Beta Sigma, national honorary band organization, according to C. M. Stookey, director of bands.

Installation of the chapter, to be known as Upsilon, will be at the District III convention of the sorority in Salt Lake City, April 27-29.

Representatives of the ENMU chapter making the trip to Salt Lake City will be Margaret Cole, Portales, president; Betty Crozier, Portales, vice president; Jean Rogers, Texico, historian; and Evelyn Hogue, Hobbs, treasurer. Mrs. C. M. Stookey, sponsor, will accompany the girls.

"It is a distinct honor for our group to be installed at the convention," Stookey says. "The installation will serve as a model for convention delegates and give recognition to the University chapter."

District III includes chapters located in Colorado, Wyoming, Utah and New Mexico. A highlight of the convention will be an inter-collegiate band of 125 members chosen from college and university musicians from the four-state area. All ENMU representatives will participate in the band.

Mrs. Christian Is Club Hostess

The Variety Club met in the home of Mrs. Clarence Christian on April 4th at 2:30. The afternoon was spent in visiting and sewing for the hostess.

Cattle Fattening Project Concluded Tech Dean Reports

LUBBOCK—A cattle-fattening experiment at Texas Tech has demonstrated the wisdom of buying calves in the fall and having them ready when grazing is available.

The research project began in November 1948 and has been concluded following three separate phases of feeding, Dean of Agriculture W. L. Stangel reported.

For 172 days the winter stocking phase was in progress, and at the end the estimated gross profit was \$31.26 per head. The grazing of yearlings took 185 days, and an estimated gross profit of \$57.91 per head was recorded. Dry-lot fattening took 152 days, finishing with an estimated \$91.60 gross profit.

Dean Stangel said final results of the project would not be available until the marketing report is obtained. He said the experiment was carried on longer than necessary to show the cattle at the two South Plains Junior Fat Stock shows in Lubbock during March of 1949 and 1950.

Dr. A. W. Duke, head of the plant industry department and N. C. Duke, graduate student from Burkburnett, also assisted with the experiment.

The third annual meeting of the National Test-Demonstration Supervisors will be held at Tyler on April 18-22. Representatives from at least 20 states are expected.

**Booklet Distributed
On Water Conservation**

Designed to familiarize farmers with the Underground Water Conservation Law, an eight-page booklet published by the Agricultural Extension Service is being distributed by county agents throughout the High Plains wherever there is irrigation water.

Using a question and answer method, the booklet outlines the basic concept of the Underground Water

Conservation Law, which was passed by the Texas Legislature in the spring of 1949.

"Every farmer and every water user in an area depending on underground water should be familiar with this law and how it will affect him," the Extension Service points out.

The law hinges on two points, 1st, it declares that the water under his land belongs to the individual owner and its use cannot be limited, allocated, pro-rated or taken away.

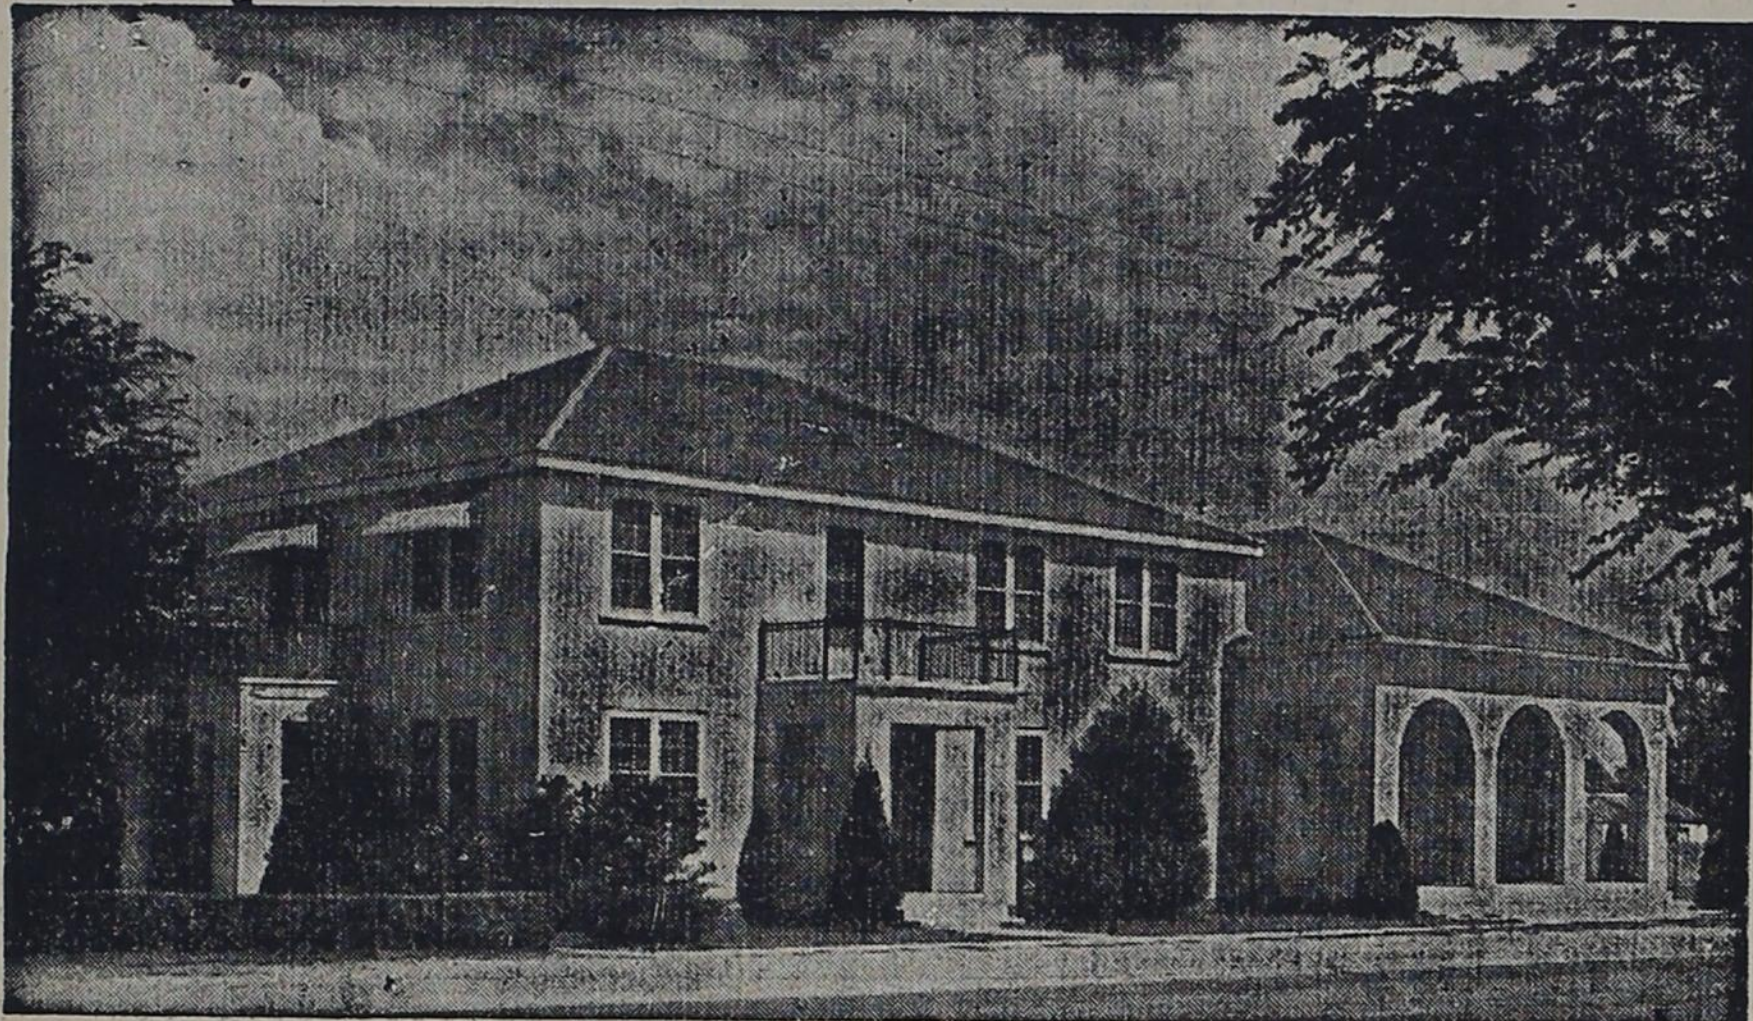

Second, the law lays the framework for organization of under-

ground water conservation districts, assigning to them powers of conserving, preserving, protecting and recharging the underground water in reservoirs over which they have jurisdiction.

Coupled with power to re-charge underground water reservoirs, the district has the right to prevent waste of irrigation water, thus insuring a continuing supply of the irrigation water which is vital to the prosperity of thousands of High Plains farmers and businessmen.

Control of districts is strictly local, by an elective board of five directors.

NEARLY 6000 CRIPPLED CHILDREN ARE TREATED BY SCOTTISH RITE HOSPITAL

Every corner of Texas was represented by the 619 bed patients and 5221 out-patient treatments, the crippled children who received surgical, medical and clinical attention during 1949 from the Texas Scottish Rite Hospital for Crippled Children in Dallas, according to the recent annual report released by Asher Mintz, secretary.

The severe polio epidemic brought 2,785 polio patients to the hospital during the year, more than in any previous year. These and other orthopedic or bone cases under the care of Dr. Brandon Carrell, chief surgeon, constituted the major percentage of cases handled by the hospital, but a large number were hare-lip or cleft palate cases operated by Dr. A. L. Frew.

At the annual meeting of the Board, of which Judge Towne Young is the president this year, the Board members expressed a deep concern over the growing cost of hospital maintenance in comparison with the income. Mintz pointed out that within the last twelve years annual expenditures trebled, and that now the crippled children's hospital requires

approximately a quarter of a million dollars for maintenance, the greater portion of which normally comes from donations of Texas residents.

The report indicated that twelve men and women of the State, following their deaths, had left a bequest to the hospital in their last wills and testaments, but it was pointed out that the principal of these bequests could not be used for hospital maintenance. Amounts received are impounded in special endowment funds to remain in perpetual existence in the name of the testators and only the income used for maintenance. An annual memorial service is held each year and is broadcast in memory of deceased benefactors.

During the twenty-six years of the hospital's existence, 16,056 children have been admitted as patients in the hospital and 68,519 examinations have been given in the out-patient department.

Questions & Answers

Q. While in the Army during World War I, my hearing began to fail and now I find it difficult to hear anything. Will VA furnish me with a hearing aid?

A. A hearing aid may be furnished if it can be shown that your loss of hearing is service-connected or service-aggravated.

Q. The Board of Appeals of VA has denied my claim for compensation. Can I go to court and sue VA?

A. No. Civil courts cannot assume jurisdiction on such claims. The law specifically provides that VA deci-

A. There is no dividend due you. War Risk Insurance never paid dividends, although U. S. Government Life permanent type policies have paid periodic dividends.

Q. I filed a claim for disability compensation with VA last fall. I received an acknowledgment from VA but have had no word on my claim since January. What shall I do?

A. Your claim folder is at the VA regional office nearest your home. The contact representative at that office will assist you in learning the status of your claim.

In the senior literary events, Cary Joe Magness will go as a ready writer; Hazel Petree and Valarie Dial will compete in shorthand.

Clovis Pioneers Will Open Ball Season

Weather permitting, the Clovis Pioneers, semi-professional baseball club of the West Texas-New Mexico class C league, will open the 1950 season with the Albuquerque Dukes on the Clovis field this (Wednesday) evening at 8 o'clock.

Manager-owner Paul Dean, brother of the famous Dizzy Dean, and formerly a member of the St. Louis Cardinal pitching staff, has strengthened his team this year, and fans are hoping that the Pioneers will make a better showing than they did last year, when they started and wound up in the cellar of the 8-team circuit.

WATCH THE VITAMINS

Vitamins B and C may be destroyed if soda is added to green vegetables when they are being cooked.

Wolverines Trail In Fox Relays

The Texico Wolverines bowed to far superior track and field men the past weekend, when the annual Fox Relays were staged in Fort Sumner. Wayne Tucker was the only Texico representative to place "in the money" and gathered 13 points for his efforts.

Leading the field were the strong Albuquerque Bulldogs, who grabbed 59 1-3 points; Carlsbad had 32, Tucumcari 33 1-6; Clovis 31 1/2; Artesia, 18; Melrose, 13 1/2 and Texico 13.

Don Babers, Tucumcari's all-state man, toppled two senior records, throwing the shotput 49'5 1/2", and hurling the discus 136'10". Jim Griggs, of Clovis, vaulted 11'2 3/4" for a new record; Jim Brooks of Albuquerque paced out the mile in 4:14.6; and Scotty Watkins of Clovis covered the low hurdles in 21.4.

In the junior division, the Clovis Kittens and Highland of Albuquerque tied for first, Portales was third, Fort Sumner fourth, Carlsbad fifth and Artesia sixth.

In his day's activities, Tucker took one first place for the locals, when he broadjumped 19'11 1/2"; placed third in the high hurdles and third in the 220-yard dash.

Girls Eliminated By Rosedalers

The Texico Whirlwinds, defending champions, were knocked from their perch on the Curry County volleyball throne the past weekend by a fighting Rosedale aggregation in the semi-final rounds, but Rosedale was in turn ousted by Ranchvale in final play by one point, and the crown went to the Ranchvalers.

Texico took its first game by a 15-point margin over Field, but had the same amount in deficit with Rosedale, which had previously pounded Forrest. In the lower bracket, Ranchvale got by Melrose and then pushed over Grady, in on a bye, in the semi-finals.

The tournament was held in Melrose during the weekend, with contests being run off Thursday and Friday.

Making the trip from Texico were Peggy and Betty Donahey, Billie Roberts, Patsy and Jo Beth Engram, Violet Curry, Bobbie Alfred, Carmen Roth, Joyce Holland, Patsy Doshier, Margie Reid, Neva Sparks, Peggy Caldwell and Jane Moss.

TENNIS ENTRIES SECOND

Two sets of doubles' players representing the Farwell school were the only locals placing in the tennis matches held last week at Friona, as the conclusion of the district interscholastic league meet. Don Ford and Bob Gerles were second, as were Hazel Petree and Janean Lunsford.

FERTILIZE FISH POND

Commercial fertilizers can be used to fertilize the farm fish pond. The local county agent can supply a schedule of application. The use of fertilizers in the farm fish ponds has made possible production of pounds of "fish by the acre".

Patsy Engram Leads Locals In Play-Day

Patsy Engram, a senior and athletic star of the Texico high school, led the locals in performance last weekend, when play-day for girls was held at Eastern New Mexico University in Portales.

Sponsored by Mrs. Aggie Jones, girls who attended the Saturday affair included Patsy and Jo Beth Engram, Joyce Holland, Violet Curry, Lona Mae Jones, Clodene and Claudine Allen, Esther McDaniel, Peggy Sue Caldwell and Norma Kessner.

In individual competition, Patsy won first in baseball throw, broad jump and the 50-yard dash, Mrs. Jones reported. Divided into groups, the girls also took part in softball, volleyball, table tennis, relays, and folk games.

Preceding the games, ribbons in the posture contest were awarded to Violet Curry, Esther McDaniel and Norma Kessner.

Ag Boys Rated In Upper Bracket

Texico FFA boys returned home Saturday from Las Cruces, after participating in the annual state judging contests, and reported that fair judging placed them in the upper half with the teams represented.

Forty-six teams were entered in the judging this year, and parliamentary procedure was retracted, to be held at the State Convention at Las Cruces in August of this year. Final results of the judging will be announced next week, F. D. Stout, the sponsor, said on his return.

The boys made a trip through the Carlsbad Caverns enroute to Las Cruces and the picturesque caverns drew highly favorable comment from the group.

Making the trip were D. J. Brown, Buddy Sparks, Donald Engram, Jessie Cox, Earl McDaniel, Billy Murrick, James King and Kennard Harris, FFA members; Fern Stout and J. G. Hibbs, sponsors.

Curry Tracksters Meet In Clovis

Events in the Curry County track and field meet are slated for Saturday of this week, April 22nd, in Clovis, Coach C. B. Stockton said today at the Texico school, as he primed his boys for their weekend activity.

Entrants in the meet will include the following tentative list from the local school:

High hurdles—Tucker, Horton, J. Doolittle.

Low hurdles—Tucker, Horton.

Broad jump—Tucker, Horton, Billington.

High jump—Horton, Sparks.

Vault—Breeze.

Javelin—Breeze.

Pre-School Children Listed On Friday

Thirty-one prospective students who will enter school for the first time next fall were present at the Farwell school last Friday, when "beginners' day" was held by officials of the institution.

In the absence of Dr. Paul Spring, county health doctor, Dr. William B. Childress, also of the Friona hospital, was on hand to check children for vaccinations and general health, and the large majority of the group received smallpox inoculations.

Supt. Jack Williams reminded that it is now required that children be vaccinated for smallpox before entering school, and asked that other youngsters expected to begin their formal education here this fall, and who were not present last Friday,

be properly immunized.

School file data cards were set up on all youngsters present, he added, which will facilitate enrollment at the beginning of the term. It is expected that approximately 40 youngsters will be present at the local school when the 1950-51 term opens in September.

Conservation Men To Hear Shivers

Soil Conservation leaders from the Parmer County Soil Conservation District have been invited to hear Gov. Allan Shivers at a special conservation observance in Tulia, May 19.

These include Henry Reynolds of Bovina, W. L. Edelman of Friona, A. L. Black of Bovina, Oswell Jones of Farwell and Henry Ivy of Friona.

The Texas governor will make his address during a dinner observing Soil Conservation Week. The dinner will begin at 8 o'clock in the new Tulia high school gymnasium and women of the Swisher County Home

Demonstration Council will serve.

More than 500 guests are expected. Fifty-one counties are represented in the observance, comprising Region I of the State Soil Conservation organization.

Tulia is also the site of the Region I awards program which will be held May 10. This is the program sponsored by the Fort Worth Press.

Governor Shivers is expected to fly into Amarillo the afternoon of May 19. He will be met there by a special reception committee from Tulia, and an escort of Texas Highway Patrolmen. At the dinner, Fred Wemple, chairman of the Texas Highway Commission, Midland, will introduce the governor.

Johnny Lynn, of KGNC, Amarillo, will serve as master of ceremonies.

"MOTHER SETON'S COURAGE"

When Elizabeth Seton, the mother of five children, embraced Catholicism, she was disinherited. Old friends forsook her, but in spite of hardship and poverty she went on to form the Sisters of Charity. Don't miss the inspiring story in The American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.
