

Terminal Grain Storage Now Acute

Parmer Cow Third In National Show

Just as the railcar supply begins to show a slight improvement, another bottleneck is now looming in the grain storage situation, which may prove to be the most serious obstacle yet encountered in disposing of the record grain crop.

Now, local grain men report that all terminal elevators are either full or nearing that point, with the result that there is no place to go with the grain which has filled every conceivable storage space in Parmer and adjoining counties, not counting the millions of bushels being piled out in the open at the elevators and on the farms.

Grain buyers contacted here today gave it as their opinion that the only route left open for the grower to dispose of his grain immediately is to sell it on the open market—and farmers are hesitant to take that step when the difference between the support price and the market price is 22 cents per bushel.

Terminal elevators, dealers say, are still bulging with this year's vast wheat crop, which was scheduled to be cleared out in advance of the fall grain crop.

Ray Ford, of the Farwell Elevator, described the storage situation as "critical", with the promise of no immediate relief in sight.

M. C. Roberts, of the Roberts Seed Company, characterized the situation in the same single word that Sherman used when speaking of war, and added that the only solution he saw for immediate relief was for the farmer to either sell his grain outright or keep it on the farm.

Ford said there was "quite a demand" for grain sorghums on the open market, but buyers are not offering to meet the government loan price.

C. M. Henderson shared the opinions of Roberts and Ford in saying that direct sale of the grain was the only route open right now for immediate disposal. "There are plenty of buyers who are ready to take the grain at the market price of \$1.65," he added.

Growers who have been delaying harvest as long as possible, awaiting a clearance in the storage situation, are now forced to get in their fields as soon as possible following the heavy frost of Tuesday morning, before the grain stalks fall down.

Work Starts Soon On Kimbrow Building

John Kimbrow, owner-operator of the Kimbrow Drug at Bovina, stated last Friday that he expected to begin work at an early date on his building program in Bovina.

The program, announced some weeks ago, has been held up pending approval of one of the locations for the Bovina postoffice. Kimbrow said Friday that postal officials had given the green light on the deal and he expected to begin work at once.

Under the plan, the present quarters of the Kimbrow store will be given a new front, and two additional store buildings will go up just west of the drug store. One of the buildings will be 22x66 feet, the other 16x66, with the Bovina postoffice occupying the latter building. The buildings will be of frame stucco with concrete floors.

One of the buildings, the 22x66 structure, will be offered for rental, and Kimbrow said when interviewed that he had several applicants for the location.

TWO GRASS FIRES

The local fire department made two grass fire runs the past week. A small fire near the Farwell school at noon Friday, and a similar blaze Tuesday noon near the Santa Fe water tower called the department into action. No damage resulted.

New Grain Elevator Is Under Way

Gene Lovelace, successful farmer living two miles north of here, started work here Tuesday morning on a new 300,000 bushel grain elevator, located on Santa Fe property just south of the Santa Fe water tower in Texico.

The D. L. Walter Construction Co., of Amarillo, has the contract for the plant, which will consist of eight tanks of concrete and steel, the headhouse and the office building. The foreman in charge of the work said Tuesday morning that they expected to have the job ready for use in "60 days after we break ground", adding that they did not plan to start for at least another two weeks, awaiting the arrival of all materials.

Oddly enough, the plant will occupy ground in both Texas and New Mexico, with the grain elevator proper rising on the New Mexico side of the state line and the office and scales located on Texas soil.

A concrete platform scale 60 feet in length with automatic beams will be installed. The loading out scale will have a capacity of 6000 pounds, dumping 15 bushels with each trip.

Lovelace was out of the city and could not be reached for a statement as to who would be in charge of the new business.

Eleventh Irrigation Well Drilled By Sudderth, Northeast Bovina

Completing an irrigation well at 352 feet, 3 1/2 miles northeast of Bovina, Lee Sudderth, extensive Parmer County farmer, said last Saturday that this would make the eleventh irrigation well he had drilled on his holdings in this county during the past few years.

Asked as to the capacity of the latest well, Sudderth said the well had not been cleaned out and tested at the time of the interview. This was the first well drilled in the immediate section of the location, Sudderth said, and he was not too enthusiastic about its output. "We drilled in a rather unproved section," he added.

Sudderth continued that, so far as he had been advised, this was the deepest a well had been sunk in that locality, with the drill going down to red clay. Previously a dry-land farmer on a big scale, specializing in wheat, Sudderth said that he had spent "at least a hundred thousand dollars" putting down the eleven wells now operating on his holdings.

INSTALLING DRYER

The Williams Laundry in Farwell is installing a clothes tumbler and extractor, this week, which will be a boon to local residents during rainy wash days.

Car Accident Victim Buried On Monday

Funeral services for Harold Hillock, prominent 41-year-old farmer living east of this city, were held at the Lariat Church of Christ, Monday afternoon, with Minister L. C. Cox officiating.

Burial took place in the Oklahoma Lane cemetery, with Steed's in charge of the arrangements. Hillock died in a Clovis hospital last Saturday afternoon, three and one-half hours after being crushed in a two-car accident, 5 1/2 miles southeast of this city, on Highway 70. Less seriously injured in the mishap were I. M. Lambert, 47, of Clovis, and his three daughters, Mrs. G. D. Fry and Misses Beatrice and Melba Lambert.

Lambert sustained two broken ribs, a large cut on the knee and a gash above the left eye. Mrs. Fry escaped with minor cuts and bruises and the two young ladies suffered sprained ankles and skin abrasions.

Mr. and Mrs. Lewis Hillock, who were in the car with Harold Hillock, escaped with minor bruises and cuts. The accident happened shortly before noon, Saturday, while a steady rain was falling. Lewis Hillock was driving his new Hudson car, purchased only last Monday, and was traveling east. As he attempted to pass a truck, he realized that he did not have time to clear before meeting the Lambert car—a 1941 Chevrolet—approaching from the opposite direction.

As he applied the brakes in an attempt to drop back behind the truck the auto skidded on the wet pavement and swerved to the left, directly in the path of the oncoming Lambert machine.

The Lambert car hit the Hillock vehicle in dead center on the right side, crushing Harold Hillock, who was in the front seat with his brother. The victim was rushed to a Clovis hospital and died without regaining consciousness. Both cars had cleared the pavement when the crash came.

The Hillocks were enroute to the Harold Hillock farm, about a mile north of the tragedy scene and the Lambert family was enroute to their home at 200 Axtell in Clovis after being driven from the Haley farm, south of Lariat, where they were picking cotton, by the rain.

Harold Hillock is survived by his wife, Julia, and five small children, ranging in age from three to ten years. They are, Ronald, 10; Judie Kay, 8; Gloria, 5; Janice, 7; Stevie, 3. Other survivors include his father B. L. Hillock, Lariat; three brothers, Otto of Grady, N. M., Ernest of Bovina, Myron of Lariat, Lewis of Bovina, and one sister, Mrs. Dorothy Eason of Farwell.

Mens Club To Meet On Thursday Night

The engineering problems of deep well irrigation will be discussed by a high authority on the subject when the local Mens Club holds its regular monthly meeting, Thursday evening of this week.

The meeting will get underway at 7 o'clock at the Legion Hall with a light lunch. Attendees are expected to bring sandwiches, pies and beans, and "Pip" will be on hand to serve the coffee.

Red Cross Meeting Thursday Evening

Parmer County residents are reminded that Mrs. Waunita Hutchenson, field representative of the American Red Cross, has called a meeting of the county chapter at the high school in Bovina, Thursday night of this week, at 7:30 p. m.

Mrs. Hutchenson says this is an important meeting and it is hoped that a good turn-out will be on hand. Any individual who has made a contribution of one dollar or more to the Red Cross during the past year will be allowed to vote, she added.

BELL IMPROVING

Ansel Bell, who has been under treatment in a veteran's hospital in Fort Worth since last August, is reported to be showing steady improvement.

GYPSY MAE, 2-year-old Milking Shorthorn female belonging to John S. and Maxine Thompson, who recently was placed at the International Dairy Show in Indianapolis, Ind.

First Killing Frost Hits Here Tuesday

Regardless of the many arguments pro and con that have been going on here during the past few weeks, there was definitely frost on the pumpkin here Tuesday morning.

Old Jack Frost was very much in evidence that morning, giving this region the first killing frost of the season. Little ice was in evidence, which gave rise to the opinion that the mercury dip that brought on the frost came shortly before sunrise.

Plainview Man Opens Machine Shop Here

A. T. Watts, of Plainview, has opened a machine and welding shop in the location formerly occupied by H. E. Lance, just south of Karl's Auto Clinic in Farwell.

In addition to operating a welding and machine shop, Watts will handle the Stapleton irrigation pumps, manufactured at Plainview, and will be in a position to offer service to irrigation pumps over this region. He is a master machinist of 12 years experience and was formerly employed at Plainview, where he assisted in building the Stapleton pumps.

The shop is equipped with a large lathe and welding machines, and in addition, Watts offers a portable welder for on-the-farm service.

Mr. and Mrs. Watts and three children are occupying the residence on the property.

Severe Cold Drives Hunters Home After Only Limited Luck

Severe cold and heavy snows in the Colorado mountains last week drove all local hunters home, after only a limited amount of success in their big game hunts.

Mr. and Mrs. Murray Dial arrived home last Saturday morning after being compelled to break camp on account of the severe cold. They got one small doe, he reports.

A more successful party was composed of Bowden Darr, Jess Hicks of near Lariat, and Ernie Hicks of Plainview. Jess got a nice deer and his brother brought in an elk. Darr got a deer and an elk, but was able to get out of the heavy snows with only the hindquarters of the elk. The snow, he said, measured about 15 inches, and he was able to reach his kill only on horseback.

Reeve Furnishes Car For 4H Club Work

The Parmer County Commissioners Court entered into an agreement with the Reeve Chevrolet Company of Friona, Monday, whereby the latter will furnish a one and one-half ton pickup for carrying on the 4H club work within the county.

Under the contract, the dealer is furnishing the truck, with the county paying for the insurance, etc., at a cost of \$84.00. The pickup will be used exclusively for Club work in the county, and will be in charge of the Extension Service.

This was the only item of business transacted at Monday's meeting, with the exception of payment of current bills.

Texas City is the home of the world's largest tin smelting and processing plant.

FROM THE HOPPER

By HOP

I have revised my opinion upwards on Senator Lyndon B. Johnson for the successful fight he has led in blocking the appointment of Leland Olds to the Federal Power Commission. I still believe that Senator Johnson and his henchmen are guilty of some crookedness in his election to the U. S. Senate, but he is to be congratulated for the fight he made in blocking Olds' appointment. Olds was strongly backed by the administration and there was a nation-wide pressure campaign conducted to get him reappointed to the job he had held for two terms. But, in spite of all this pressure, including that of the president, Johnson fought vigorously and won. We don't need men of Olds' ilk in high places in our government affairs.

Just a little hint: Be sure to take your pocketbook to the Halloween school carnival Saturday night. Looks like every class and organization in the school system has devised some sort of a scheme to rid you of your cash. But all the causes are worthy and deserving of your support. We can't get along without our schools and the school activities, so join in and give the programs your full support.

See where the senior class of the Wellington high school is spending each Saturday in the cotton fields, gathering cotton and making money for their senior trip next spring.

Just when my bank account needed a good "shot in the arm" I walked into the local bank and picked up a check for \$250.00 that had already been endorsed by the payee. No sooner had I presented the check to bolster my anemic account than all the clerks, the president of the bank and the payee himself literally pounced upon me demanding the check be returned.

The big game hunters are getting their firearms oiled up in anxious anticipation of the opening of the season in New Mexico on Nov. 10. Present indications are that there will be quite a number of locals out in the woods this season. All we can do is sit back and root for them to bring in the biggest deer in the woods, with the hope that they will remember the old "has-been" with a few choice cuts. When New Mexico hiked the non-resident license to fifty bucks, that definitely placed us in the ex-hunter category. To hunt in Texas you are required to buy a whole ranch, minus the title, for hunting privileges. Yes, deer meat is dear any way you look at it.

Car Meets Cow, Results: Bad

A dead cow and a smashed front end on a 1949 Ford are the results of a bovine-auto get-together at the intersection of Highways 86-60 just west of Bovina, Sunday night.

The vehicle was owned and operated by E. R. Day, Jr., of Friona. Driving in mist and fog, Day reported that he had dimmed his lights for an approaching car when the big, black animal suddenly loomed up in front of him.

Neither Day nor his companion, Bill Buchanan, also of Friona, sustained more than superficial cuts and bruises.

To keep belts in one place where they are easy to find, screw cup hooks all the way across an ordinary wooden coat hanger and hang the belts on them. This saves space too.

DRIVE LAUNCHED FOR BLEACHERS

Under the leadership of a five-man committee residents of the Farwell area have this week launched a drive to install permanent bleachers at Steer Stadium in Farwell, and are hoping to have comfortable, closed-in seats on hand for the fans by next fall.

Jack McManigal, chairman of the group, said on Monday that briefly, "We hope to put in steel bleachers on the east side of the field, with a seating capacity of 600, install a dressing room underneath the seats, and, if we have sufficient money, put in a concrete curb around the field."

Assisting on the committee are John Aldridge, John Armstrong,

Walter Hardage and Everett Christian, with L. S. Pool secretary-treasurer, and practically every football fan in the area is already chipping in with advice and contributions to the fund.

Alec Jesko, who lives north of Bovina, has contributed two registered Hereford calves, and proceeds realized from the sale of the animals will go into the fund, McManigal added. The calves will be issued their respective buyers on December 24th.

Interested fans are encouraging also the erection of prominent line-markers, pointing out that the ones currently in use can be seen at only

one or two places, and it is also hoped that funds will be sufficient to improve the scoreboard, erected only this year, which needs better lighting in order to be read by the spectators.

Interest in the gridiron sport has mounted steadily during the past several years, and with the Steers playing their home games under lights, large crowds have been attending, all of which leads committee members to believe that the community will be generous in working toward installation of new permanent bleachers, and other improvements, at the stadium.

Health Note

Texas State Department of Health

AUSTIN—Emphasizing the urgent need for parental supervision of all phases of child health, Dr. Geo. W. Cox, State Health Officer, said today, "Much of the impaired eyesight of advanced years could be prevented if sufficient interest in early life were applied and a correction by means of temporary glasses made when required."

Parents, Dr. Cox asserted, should be watchful for danger signals in the child such as frowning, squinting, persistent headache, eyeache, and watery eyes. If the youngster reads too closely or too far away from the face, that situation may also be significant of trouble.

"No child likes wearing glasses, nevertheless, it is the obligation of those responsible for the future of young folks to have their eyes examined by a reputable specialist if there is a suspicion that normal vision does not exist. It is much better for a child to wear glasses for a few years during early school life than to have permanently defective vision in later life," he declared.

Dr. Cox said that neglect of the eyes is by no means limited to children. Many older persons, some through vanity, indifference, or carelessness, fail to give proper attention to the care of their eyes. Penalties, he warned, are bound to occur for such inexcusable negligence.

"The eyes of any person, whether young, middle-aged, or older, represent one of the most priceless of bodily possessions," the State Health Officer asserted. "To take care of them promptly and properly is a responsibility which never should be sidestepped."

Crystal City, Texas, is the spinach capital of the world.

Wichita Falls-Farwell Bus Route Approved

The application of Chisholm Trail Coaches, Inc., for a permit to operate a bus line from Wichita Falls to Farwell, through Dimmitt, was approved at a meeting of the Texas Railroad Commission last Tuesday.

Application by the Chisholm Trail Coaches for a permit to operate a bus line over the proposed route was made several months ago. Following lengthy hearings of a vast amount of testimony the case was submitted to the Railroad Commission for a decision. Unavoidable delays postponed the final decision until Tuesday.

Twenty days will be allowed for filing of any objections or exceptions to the order, the commission said.

The route will go from Farwell by US Highway 60 to Bovina, then on State 86 to Estelline, US 287 to Electra, State 25 to an intersection with State 240, State 240 to Burkburnett, US 281 to Wichita Falls.

The bus line will serve Farwell, Bovina, Dimmitt, Nazareth, Tulla, Silvertown, Quitaque, Turkey, Parnell, Estelline, Carey, Childress, Kirkland, Acme, Quannah, Chillicothe, Tolbert, Vernon, Oklaunion, Harold, Electra, Pumpkin Center, Clara, Burkburnett, Sheppard Field, Wichita Falls and intermediate points.

Daily service of four schedules each day between Wichita Falls and Farwell, and three each way between Wichita Falls and Childress is proposed.

Will Take Bids For Harrison Highway

HEREFORD—The State Highway Department has included the Harrison Highway paving in Deaf Smith County in the projects for which contracts will be let on Nov. 15, according to O. P. Cowart, secretary-manager of the Hereford Chamber of Commerce.

Cowart said plans and specifications have been drawn up, the right-of-way is secured, and the fences and buildings along the right-of-way will have been moved by that time. Work is progressing rapidly on the moving with the REA lines also being moved.

W. V. York, resident engineer for the State Highway Department, commented that all details are working out nicely and the project will be ready to go by Nov. 15.

There are 409 rooms in the Texas' capitol building at Austin.

Be Ahead Today with Hudson "Step-Down" Design

120,000 former owners of other makes say:

"Get tomorrow's motoring advantages...right now!"

HUDSON A LEADER IN RESALE VALUE!
Come in today and ask to see the figures from National Automobile Dealers Association Official Used Car Guide Books which prove that "step-down" designed New Hudsons command top prices in the nation's used-car markets.

HERE'S a wonderful way to meet the future! For the New Hudson is the future—thanks to its unique "step-down" design!

Here's the car that brings you, not just a little "more", but the most of the four big advantages people want most in motoring... the most beauty, roominess, road-worthiness and all-round performance. Yes, only in Hudson do you get the priceless advantages of "step-down" design—the basic improvement that gives so much extra value. Take road-worthiness, for example:

Hudson's recessed floor and "step-down" design provide the lowest center of gravity in any American stock car—with full road clearance. Result: the safest, hug-the-road ride ever known!

Make your date with tomorrow now; drive in with your present car, and find out for yourself why, of the more than quarter-million owners of the New Hudson, 120,000 are people who have traded in cars of other makes to own this exciting automobile. You'll be delighted, too, with the deal you can make on a years-ahead New Hudson!

Check Peach Trees For Borers Now

COLLEGE STATION—Peach tree borers have appeared in many trees in commercial orchards in recent weeks, says J. F. Rosborough, extension horticulturist of Texas A. & M. College, and now is the time to bring

them under control. He says ethylene dichloride emulsion used now will give quick and effective control. Clear the trash away from the base of the tree, and make a small trench in the soil about two inches from the trunk and make the application. For one year old trees use one-eighth pint; two year trees use ¼ pint and for trees three years of age or older use ½ pint per tree. The use of paradichlorobenzene crystals is an old method which has given good results, but, Rosborough says, wait until the weather cools off before using it. Clear the trash away from the base of the tree for a distance of from four to six inches, and then distribute the crystals evenly in

TEXAS TIME

There is no limit to Texas talents even to watch-making. And no limit to the pride of this pretty Texas miss in her new Timex wrist watch, the first watch ever manufactured in Texas. By establishing a great watch factory in Abilene, The U. S. Time Corporation has chalked up another "first" for the Lone Star State.

a narrow, continuous, circular band an inch wide and on the soil about two inches from the tree trunk.

Do not allow the paradichlorobenzene to come into contact with the body of the tree, warns Rosborough. Pull the soil over the ring of chemical band to form a cone about three inches deep and pack the soil to hold the gas around the bark of the tree. The soil cone should be removed about six weeks after the date of the treatment.

Success is built on small margins. The fastest runner in the world can't run five per cent faster than ordinary runners.

Shaw Chorus Will Be On Amarillo Stage

The world's most outstanding choral director, Robert Shaw, will present his chorus at Municipal Auditorium in Amarillo on October 31, in the season's second concert of the Amarillo Philharmonic Orchestra Association.

In connection with the concert, Shaw will conduct a choral clinic on the same date, in the high school auditorium, from 4 to 5 o'clock in the afternoon. The high school choir will serve as the demonstration group.

The clinic is free, and is open to the public. Chorus and individual singers, music teachers and directors from over the entire area are invited to be present for the clinical work.

Single admission prices for the concert that evening at \$3.60, \$3.00, \$2.40 and \$1.50 (students). When student tickets are bought in a block of 15 or more, the price per ticket is \$1.20. Tickets will be on sale beginning Monday, October 24, at the Southwestern Public Service Company, 5th and Polk, Amarillo.

In the Robert Shaw Chorale 30 singers and 7 string musicians. His chorus is considered the finest in the world, and Shaw himself ranks in the top bracket among musicians. His concert likely will be one of the highlights of the entire season.

RECIPE OF THE WEEK

Applesauce Cake

- ½ cup shortening
- 1 cup sugar
- 1 egg
- 1 cup smooth, unsweetened applesauce
- 2 cups sifted, all-purpose flour
- ½ teaspoon baking soda
- 2 teaspoons baking powder
- ½ teaspoon salt
- ½ teaspoon cinnamon
- ¼ teaspoon nutmeg
- ½ teaspoon cloves

Nuts, dates or raisins may be added, if desired.

Cream shortening, sugar and spices together. Add the beaten egg, then the applesauce. Sift flour with soda, salt and baking powder and add to the liquid mixture. Beat well, then add nuts and dates, if desired, and beat well into dough. Pour into a greased pan, preferably 9x9x2 inches in size. Bake in moderate oven, 325 to 350 degrees F., for 40 to 45 minutes.

Complete Menu

- Pork Ribs With Kraut
- Orange Avacoda Salad
- Buttered Beets
- Cornbread Sticks, Butter or Oleo
- Applesauce Cake
- Milk

HOWDY FOLKS . . .
Jimmy was assigned by his teacher to write a composition about his origin. He questioned his mother.
"Mom, where did Grandma come from?"
"The stork brought her."
"Well, where did you come from?"
"The stork brought me, and you too, dear."
So the small modern wrote as the introduction to his composition: "There have been no natural births in our family for three generations."

Our service is something you probably won't laugh at but you will certainly enjoy. You'll like us giving you the best in gas and oil and remembering the little things like headlights and windshields.

"FUGITIVE" HUSBANDS . . . Meet George H. Lamb, tracer of deserting fathers! He has tracked down more than 2,500 fathers who left their families for a freer, gayer life. Read his warning to girls contemplating marriage, in The American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

Plans Are Started For Student Union Building, Tech

LUBBOCK—Work on plans for a Student Union building at Texas Tech has been started. The Tech board of directors has approved a program calling for expenditure of up to \$500,000 for the first unit of the building and for additional units as funds become available. Assigned for use are \$164,000 in surplus funds from the college bookstore and \$105,000 set aside from the infirmary fund. Bonds will be issued to secure additional capital. Directors at the homecoming meeting gave final approval to details of the \$3,325,000 building program underway at Tech. Two wings on the administration building have been started and architects have been designated to draw up plans for a new home economics structure, a general engineering unit, music hall, and several agricultural buildings. A committee is studying details of a new science building, also, to be financed through acquisition of 1,175,000 within the next six years through the state building amendment. The Union building will contain 50,000 square feet in the initial unit and will be located near the center of the campus, replacing the recreation hall made from surplus Army property.

NEW HIGH FOR JULY

Southern Baptist Convention mission receipts for July reached \$576,619.79, a new high for July. Mission receipts for the year to that date were \$3,730,700.80, compared with \$3,402,977.58 for 1948. Total receipts are running nearly a million dollars above last year.

Hot Checks Showing Increase In County

According to County Attorney Sam Aldridge, the volume of "hot checks" given Parmer County merchants has increased sharply in the past few weeks. Very few of the checks have been given by hometown people, and merchants are advised to be pretty careful about taking checks from travelers.

As a help in slowing down the racket, Aldridge suggested:

Merchants should be extremely careful in taking checks drawn by out-of-county residents on out-of-county banks. The individual passing such worthless checks is frequently hard to find, and then prosecution is difficult because of the necessity in bring in out-of-county witnesses. If a check is cashed for an out-of-town party, a strict examination should be made of identification cards, in order to get information which would be of help in locating him in the event the check is turned down for payment. Most of the checks that can't be collected and prosecuted are given merchants who fail to get adequate information on where the signer can be located. Checks should be properly dated, and merchants are reminded that a post-dated check cannot be the basis of a criminal prosecution.

Endorsed checks also pose a problem, since the endorser of a hot check cannot be criminally prosecuted unless a conspiracy between him and the original maker can be proven.

A check on an out-of-state bank should never be taken. The problems of catching and prosecuting the hot check artist are greatly multiplied if the check is on an out-of-state bank.

Hot checks are costing the community a great deal of money, and only the merchants can stop the practice by refusing checks from people they cannot identify.

SANTA FE CARLOADINGS

Santa Fe carloadings for the week ending October 22 were 28,004 compared with 29,125 for same week in 1948. Cars received from connections totaled 12,345 compared with 14,674 for same week in 1948. Total cars moved were 40,349 compared with 43,799 for same week in 1948. Santa Fe handled a total of 38,018 cars in preceding week of this year.

SPRAYING HINTS

A bucket spray pump, equipped with a four-foot extension rod and at least 15 feet of hose, is satisfactory for a few fruit trees around the home but for spraying orchards up to 300 trees, a barrel spray pump which develops from 125 to 150 pounds pressure is more practical.

Dr. Geo. Gail Heather Is Named As Dean

LUBBOCK—Appointment of Dr. George Gail Heather of Florida State University, Tallahassee, as dean of business administration at Texas Technological College has been announced by Pres. D. M. Wiggins.

Dr. Heather, who will begin his new duties Jan. 15 to start the second semester at Tech, has been professor and chairman of the department of commerce at Florida State since 1947. He is 32 years old and is a graduate of Southwestern Missouri State College, with a master's degree and Ph. D. from the State University of Iowa.

Prior to going to Florida he was instructor in commerce and economics at Iowa State, assistant professor of economics at Fort Hays State College in Kansas, and director of curriculum and associate professor of economics at the University of Denver.

Dr. Wiggins, in announcing the appointment, paid high tribute to Haskell Taylor, acting dean of business administration since 1948. Taylor will continue as professor of accounting and finance.

San Jacinto Monument, near Houston, is the tallest stone monument in the world.

A New Service

We have just opened our new machine and welding shop in Farwell and are now prepared to offer you first class workmanship, guaranteed satisfaction at a saving in cost. Backed by 12 years of experience, we can do all kinds of welding and machine work in our shop, or our portable welder can do your welding in the field.

IRRIGATION SERVICE

We have a machine for cleaning out and servicing irrigation wells, and can give you a turn-key job on your irrigation wells, fully equipped and ready to go.

Stapleton Irrigation Pumps

We have the agency for these tried and proven pumps, made at Plainview, which we helped design and make, and hundreds of them are now giving satisfaction to the irrigation farmers of the Plains country. These pumps are fully guaranteed and will mean a saving in cost and operation to you.

Impressive Church Rites Unite Foster-Trimble, Sunday, October 23

A beautiful and impressive double-ring marriage ceremony was held in the Bovina Baptist Church on Sunday afternoon, October 23, at 3 p. m., when Miss Barbara Ruth Foster, daughter of Mr. and Mrs. W. N. Foster of Farwell, became the bride of George Harold Trimble, son of Mr. and Mrs. George Trimble, of Bovina.

Rev. Weldon Franks, former pastor of the Bovina church, read the vows before an altar bedecked with colorful bouquets of chrysanthemums, and the church was full to overflowing with friends and relatives of the couple.

Dressed in traditional white satin, the bride entered the church on the arm of her father. Her formal gown fell in soft folds to the floor, and the veil of illusion was held in place by a dainty band of seed pearls. She carried a white Bible, belonging to a cousin, on which lay a white orchid, and for something old wore her mother's wedding ring.

Miss Lois Marie Trimble, sister of the groom, served as maid of honor, and wore a formal gown of soft blue satin. The bridesmaids, Miss Marcia Jester, sister of the bride, and Miss June Christian, were dressed in champagne satin, and all three carried bouquets of variegated chrysanthemums.

Little Miss Ragena Fagan acted as the flower girl, while Gary Foster was the ring bearer. Best man was Bobbie Barnett and ushers were L. C. Trimble and Nickie Foster.

Miss Caryetta Grissom was at the piano for the traditional wedding selections, and preceding the ceremony Earl Roberts sang "I Love You Truly" and "Because".

Reception Held
Intimate friends and relatives of the couple gathered in Friendship Hall of the church following the nuptials, where a reception was held. Miss Doris Kent presided at the guest register, with Misses Betty Foster, Bony Foster and Betty Jo Gulley in charge of the serving table, which was centered with the three-tiered wedding cake, topped by a miniature bride and groom.

Leaving on an unannounced honeymoon trip, Mrs. Trimble chose a traveling costume of brown sharkskin with alligator accessories.

On their return, the couple will be at home in the Pleasant Hill community, where the groom is engaged in farming. Mrs. Trimble is a graduate of the Oklahoma Lane school and Trimble is a Bovina graduate. He attended New Mexico Military Institute at Roswell and later spent some time in uniform before returning to his home.

Sisters Visit Here
Mrs. Elmer Bridges had as her guests over the past weekend three of her sisters from Oklahoma. They were, Mrs. Oris Hanson and daughters, Carolyn and Sue, of Hico; Mrs. Charles Butler, Mountain View, and Miss Mildred Walton, who is now employed in Baltimore, Md.

Home From Lubbock
Mrs. Charles Bowman of Lubbock arrived here the past week for an extended visit in the home of her parents, Mr. and Mrs. W. J. Banks, Sr.

Week of Prayer Program At Methodist Church

The annual Week of Prayer program observed by the Wesleyan Guild and the Woman's Society of Christian Service will begin at 3 o'clock this (Wednesday) afternoon, in the auditorium of the Hamlin Memorial Methodist Church, officials of the WSCS announce.

Women throughout Methodism observe the annual week of Prayer, during which programs concerning foreign and home mission work are emphasized with silver offerings being taken for the upkeep and enlargement of the mission establishments.

The afternoon program, beginning at 3, will be devoted to home mission projects, with Mrs. Murphy Duncan as program chairman. At 7 o'clock, a fellowship supper will be held in the parlors of the church, with all members of the church, and others interested, urged to be on hand.

Mrs. Duncan will be assisted by Mrs. Mary Lou Cason, of the Wesleyan Guild in directing the evening program on foreign mission work, which will be given following the fellowship supper. Mission work in Alaska, Korea, Philippines, China, and Japan will be discussed.

At the conclusion of the evening, an offering will be taken, with 50% of the funds going to foreign mission work and the remainder being used in the States.

Lazbuddy School Will Hold Carnival Friday

The Lazbuddy high school and grade school will hold its annual school carnival on Friday night of this week, October 28th, in the high school gymnasium, officials said today.

With all sorts of entertainment being arranged, the carnival will be climaxed with the crowning of two queens, one representing the high school and the other the grade school.

Grade school candidates include: First grade, Beverly Smith and Billy Bob Shirley; second grade, Beverly Hobbs and Darrell Jennings; third grade, Wanda Mae Steinbock and Dean Watkins; fourth grade, Janice Clark and Ronnie Ivy; fifth grade, Jaunita Scott and Jim Roy Daniel; sixth grade, Nealy Mace Steinbock and Jimmy Waddell; seventh grade, Clara Jean Jesko and Clifton Coffman; eighth grade, Jimmie Frank Carpenter and Earl McBride.

The high school candidates are as follows: Freshmen, Lois Freeman and Noel Mick; sophomores Betty Deaton and Teddy Treider; juniors, Carol Jean Ivy and W. R. Freeman; seniors, Betty Engelking and John Crim.

Each class will receive a share of the net proceeds for the queen candidate, with the remainder to be expended on equipment for the school.

Every one in the area is invited and urged to take part in the fun.

Home From Hospital

Mrs. F. J. Park, who had received treatment in a Clovis hospital for several days, following a severe case of nosebleed, was returned to her home in Farwell on Friday, and is reported as convalescing. Her son, Junior Park, of Albuquerque, was here to see her the past week.

Pre-Nuptial Shower Is Tendered, Saturday

Miss Norma Jean Thomas, bride-elect of Keith Levy, was honored with a pre-nuptial shower in the home of Mrs. B. O. Faville, in Texico, the past Saturday afternoon.

Co-hostesses for the social were Mrs. W. E. Martin, Mrs. Ted Sheets, Mrs. W. W. Hall, Mrs. O. C. Pullam, Mrs. Sam Randol and Mrs. Carl Davis.

The entertaining rooms of the lovely Faville home were beautifully decorated with bouquets of chrysanthemums in the honoree's chosen colors of yellow and white, interspersed with colorful sprays of bright fall leaves.

Young Misses Mikala Ann Faville and Janie Cox received at the door with Misses Hetty Nan Randol, Alta Martin and Pauline Sheets assisting Miss Thomas at the gift table. Quiet classical music was provided during the afternoon by Misses Jean and Peggy Rogers, and Mrs. L. C. Cox, Jr., was in charge of the guest book.

Mrs. LeRoy Faville, Miss Joan Booth and Miss Marilyn Anderson were in charge of the serving table, which was covered with a lace cloth and featured a centerpiece of white tapers flanking a bouquet of white snapdragons and sprays of snowdrops.

Out-of-town guests included Mrs. Gene Kistler, aunt of the honoree, and Mrs. Leo Forrest, both of Hereford; Mrs. W. H. Kistler, grandmother of Miss Thomas, and Mrs. Ebb Randol, both of Muleshoe; Mrs. McCoy, aunt of Mr. Levy of Merkel, Texas; Mrs. L. C. Cox, Sr. and daughter, Janie, and Mrs. L. C. Cox, Jr., all of Clovis.

Variety Club Meets With Mrs. Shelley

The Oklahoma Lane Variety Club met in the home of Mrs. W. P. Shelley, last week, with the evening being spent in embroidering cup towels.

The Hallowe'en motif was featured in the refreshment plate, served by the hostess to Mesdames Sam Shelley, Jim Pruitt, Clyde Perkins, Thad Watkins, John West, Sam Sides, J. R. Caldwell and Effie R. Barry.

The next meeting will be held in the home of Mrs. W. E. Verner. Plans will be made for the Thanksgiving dinner and all members are urged to be present.

Texico PTA Will Meet Thursday Evening

The Texico Parent Teacher Association will hold its second meeting of the year on Thursday night, October 27, at 8 o'clock, CST.

After a short business meeting and program, the balance of the evening will be spent visiting and playing 42. All parents are urged to attend, and are asked to bring dominoes and card tables.

77th Birthday Noted By Mrs. Haynes

Mrs. Leila Haynes, age 77, celebrated her birthday with a dinner in the home of Mr. and Mrs. Sam Lewis on Sunday, October 23rd.

Guests included Mr. and Mrs. H. S. Curtis, Mr. and Mrs. J. H. Curtis, Mrs. Edna Ross, Mrs. G. F. Green, Mrs. J. L. Nalley, Pete and Raymond Haynes, all of Texico-Farwell; Mr. and Mrs. Leroy Sisson and Wilma Vaughn, of Clovis.

O. C. Sikes, of the Sikes Motor Co., attended business matters in Albuquerque, the first of the week.

Spooks, Cats, Witches Will Go On Parade Monday Evening

The annual parade of black cats and witches, complete with a few spooks and hobgoblins thrown in, will be out in full force next Monday night, when the Farwell school stages its big-scale Hallowe'en carnival.

Sponsors of the affair today called attention to the fact that the carnival date had been changed. Earlier announcements were to the effect that the affair would be held on Saturday night of this week, October 29th, but the committee in charge said on Monday that the carnival would be held on Hallowe'en night, October 31st.

With carnival queen nominees being selected by the upper grades of the school last week, youngsters of the school were soliciting the town this week for votes for their choices. Votes sell at the cost of 1c each, and the voting will be closed around one hour before coronation of the queen and her royal party, as the climax of the carnival Monday night.

In connection with this officials of the school announce that pupils will not be allowed to solicit votes or sell tickets in the business houses around town, and ask that merchants cooperate with the sponsors.

The perennials of every Hallowe'en carnival—fortune telling, cake walks, ghostly corridors, fishing ponds, bingo games, and confetti, will be prevalent in good style, with a number of new additions this year. Members of the PTA are urged to remember that they are due to bring pies for the pie and coffee booth sponsored by the group each year.

Doors will open at 7 o'clock, next Monday night, and with the usual swarm of fun-seekers on hand, local residents are urged to come early and get in on all the activities.

Okla. Lane WSCS To Note Week of Prayer

The Oklahoma Lane Woman's Society of Christian Service will observe the World Day of Prayer on Thursday, October 27, with an interesting program and inspirational devotionals.

The program will begin at 10 a. m. at the Methodist Church, with a covered dish luncheon to be served at noon. The public is cordially invited.

Visiting With Sister

Mrs. Ida Covey, of Tulara, Calif., arrived here the latter part of the week for a short visit with her sister, Mrs. J. H. Ford. She will remain here while her daughter and son-in-law, Mr. and Mrs. Jack Sellman of Sacramento, Calif., are making an auto trip on to Florida. This is the first meeting of the sisters in eight years and they are enjoying the reunion.

Earl Martin of Bowie, Texas, is visiting in the home of his aunt and uncle, Mr. and Mrs. Felix Monroe, in east Farwell.

Lazbuddy Tacky Party Is Huge Success, 14th

Those who failed to part in an appearance at the tacky party, sponsored at the Lazbuddy school by the PTA on October 14th, missed the "time of their lives", officials report this week, the affair being listed as a huge success.

The "Flapper and Charleston" age was brought back by several of the men present, but they were almost outdone by the ladies, clad in male attire, down to cigars and whiskers. The younger set spiced up the party in true Dogpatch costume as they revived Sadie Hawkins Day.

Judging was extremely difficult but decisions finally favored Mrs. Glenn Scott, Ben Foster, Freda Allen, Doyle Waddell, Janice Clark and Jerry Don Gleason.

The PTA reminds that the school Hallowe'en carnival will be held on Friday night, October 28th, and invites all residents of the area to be present for the fun.

Visit In Lamesa

Mrs. B. N. Graham and Mrs. Raymond Ross, of Morton, were in Lamesa, during the past week, where they attended an announcement tea given in honor of Miss Dorothy Gibson, niece of Mrs. Graham.

Son Is Born Friday

Mr. and Mrs. G. D. Anderson, Jr., of Bovina, announce the arrival of their second son, Johnny, on Friday, October 21st. The young man is a grandchild of Mr. and Mrs. Johnnie Williams and Mr. and Mrs. G. D. Anderson, Sr., all of this city.

Mrs. Ruby Dixon returned home Sunday, after spending two weeks visiting with her sons in Albuquerque and Taos, N. M.

Mr. and Mrs. W. W. Vinyard returned Thursday to their home, after enjoying a short trip to Dallas and other Texas points.

Mrs. Jess Herbert Pipkin and son, of Canyon, visited the past weekend in the Travis Brown and O. B. Pipkin homes.

Mr. and Mrs. Ralph Humble spent Sunday in Lubbock, being accompanied home by young Tracy Lee McDaniel, who will visit in the Humble and E. E. Booth homes this week.

RED + PHARMACY

Mr. and Mrs. B. N. Graham visited the past week with their son, John, and family, in Lubbock.

Rummage Sale Brings \$100 To Auxiliary

The American Legion Auxiliary, Justice-Williams Unit 516, netted \$100 from a rummage sale held in Clovis last Saturday, officials announced today.

Public support was very gratifying and the sale was considered a success despite the weather, which was blamed for keeping some of the usual crowd away from the sale.

Those who worked with the project express their appreciation to the residents who contributed items for sale, and to the Clovis American Legion for the use of its Hall where the sale was conducted, and to those who gave publicity to the event.

HERE WITH GRANDPARENTS

"Davey" Davidson, son of Chief Warrant Officer and Mrs. S. Z. Davidson, is here with his grandparents, Mr. and Mrs. S. L. Shelley. The Davidsons have been living in Shreveport, La., where he was stationed at Barksdale Field. The young man will remain with his grandparents until a house is available in Lubbock for the family.

Bovina Happenings

BY MARIE VENABLE

Mrs. Alma Vassey, of Vernon, formerly of Bovina, is visiting with friends and relatives here. She also attended the wedding of George Harold Trimble, Sunday afternoon. Congratulations to Mr. and Mrs. Gabe Anderson, Jr., on the birth of their second son, Friday.

Mrs. Tom Griffith, who is in the Friona hospital, suffering with a heart ailment, is reported as unimproved at this time.

Several people from here attended homecoming at Canyon, Saturday.

The Bovina American Legion Post is sponsoring a Hallowe'en masquerade ball at the Legion Hall on Hallowe'en night, October, 31st. The public is invited.

N. E. Bonds is in Savannah, Mo., is reported to be doing fine. He has been receiving treatment there the past month, but is expected home soon.

Mrs. O. W. Rhinehart is also receiving treatment in Savannah and is expected home soon.

The Bovina Hallowe'en carnival at the school will get underway Friday night, Oct. 28. Everyone is invited.

Mr. and Mrs. U. B. Wheeler returned the past week from Colorado where they had been visiting their daughter.

Sam Wilson, who is employed at Triplett-Pringle, is in the Clovis Memorial Hospital for treatment.

Mr. and Mrs. Charlie Jefferson and daughter visited at the Friona hospital with Tim Rhodes and Mrs. Tom Griffith, Sunday.

The new Bovina Variety Store opened Saturday in the former Venable-Combs building.

Bob Williford was taken to Fort Worth the past week, where he is in a serious condition, suffering from a stomach ailment.

Mrs. Fred Langer made a business trip to Clovis, Friday.

Series Of Accidents Occur

Three accidents, none of them fatal, occurred in Bovina during the past weekend.

Tim Rhodes, year-old son of Mr. and Mrs. Aubrey Rhodes, strayed

from the sight of his mother, Friday evening and fell into a deep hole which was full of water. The hole was being used as a drainage pit by occupants of a trailer house near the Rhodes place. The youngster went in clear over his head and it was at first thought he was dead when he was pulled from the water, but artificial respiration was applied after which he was taken to the Friona hospital. He was reported to be suffering with pneumonia, Saturday night, but later reports were that he was recuperating.

Wendol Davies, son of Mr. and Mrs. Pete Davies, is in the Clovis Memorial Hospital, suffering from several head fractures that he received Friday in Clovis. In the back seat of the car, Wendol started to roll down the window to dispose of a piece of paper, only to open the door instead. The wind caught the door and he was thrown out of the car on the gravel siding, about four miles out of Clovis. Some 1 1/2 stitches were taken on his head and he is being retained for observation.

Mr. Dickson, who lives north of Bovina, probably escaped with his life Saturday because he was wearing rubber boots. Driving a herd of cattle in the rain, his horse touched the electric fence used by Otis White to keep his cows from straying, and fell dead. Dickson's boots are believed to have prevented the charge from entering his body and he was unhurt.

Study Club Meets

The Bovina Woman's Study Club met for a Current Affairs review program on October 13 in the home of Mrs. Clarence Jones. Assistant hostess was Mrs. T. M. Caldwell.

Leader for the program was Mrs. Otho Hammonds and members responded to roll call with oddities in the news. Mrs. Lewis Pesch spoke on state affairs, Mrs. A. B. Wilkinson reviewed national affairs, and Mrs. Aubrey Rhodes presented an account of international affairs.

In a business session conducted by Mrs. J. P. Macon, president, the group voted to accept as its yearly project the construction and improvement of a city park. As a secondary project, the club will organize and sponsor a Junior Study Club.

Members attending were Mmes. William Thornton, George Trimble, Charles A. Ross, David Carson, J. P. Macon, Billie Sudderth, I. W. Quickel, Otho Hammonds, Lewis Pesch, Aubrey Rhodes, A. B. Wilkinson, Bill Kyle and Clarence Jones.

Prepare The Home For Winter Time

COLLEGE STATION—The next few weeks are the time to do those maintenance and repair jobs around the home and farmstead. Old man winter will soon be here. W. S. Allen, extension agricultural engineer of buildings, Texas A. & M., suggests a few for starters—here they are.

Check the floor furnace burners, controls and plumbing before you light it, says Allen, to make sure that there is no escaping gas to cause explosions. Do the same thing on other gas heaters and it is a good idea to vent them. Vents will eliminate the problem of moisture condensing on the walls. Check the fireplace and chimney for loose mortar or cracks and if repairs are needed, make them before the first fire is started.

If you plan to add insulation to make the house warmer this winter, now is the time. Insulation, properly installed, will cut your fuel bills in winter, says Allen.

Check the gutters and down spouts to make sure that leaves, trash and dirt don't have them stopped up. If

they are clogged, spilling over and seepage can cause damage outside and inside. Better give the roof the once over and if repairs are needed, make them before the winter rains set in. Allen says that nails in metal roofs will become loose in hot weather and may even come out and he suggests checking the nails. A coat of asphalt roofing cement will usually take care of the leaks in the roof resulting from cracks or small holes.

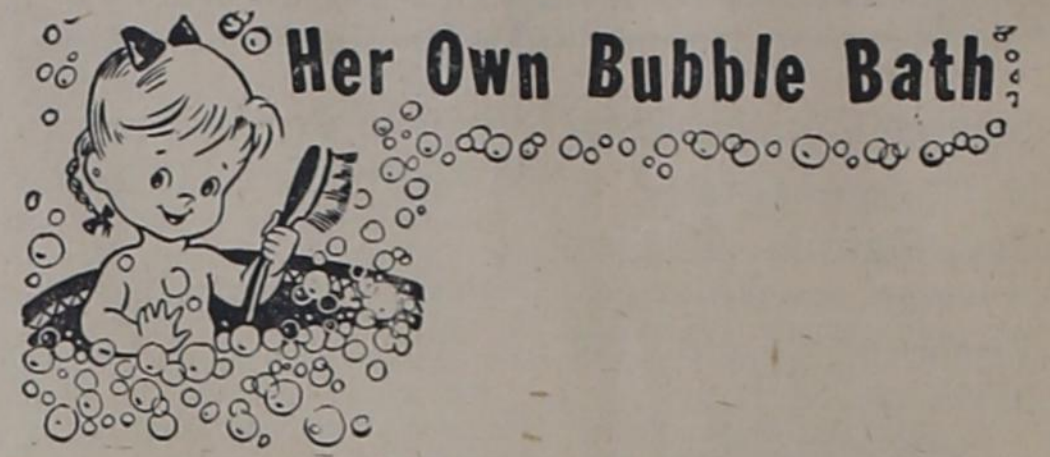

Be sure that rain water drains away from the building instead of under them. Freezing can cause the foundations to heave or crack and this means a big repair job later.

Periodic checks and proper maintenance helps keep down building costs and will save needless repairs besides saving valuable time, says Allen. Check up and see what is needed and you'll be ready for winter—if you do the jobs now.

300,000 POUNDS OF MILK

Farmers in the Lubbock milk-shed area are being encouraged to aid West Texas dairies supply 300,000 pounds of milk to consumers each week.

TRIBUNE ADS BRING HOME THE BACON

Do you have trouble getting that youngster to take his (or her) bath regularly?

If so, let us suggest that you get a good supply of bubble bath powder and note how this trouble will vanish. A tubful of billowy suds will thrill any youngster.

LEGAL NOTICE

**CITATION BY PUBLICATION
THE STATE OF TEXAS**

TO: Benjamin F. Capps, Defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court of Parmer County at the Court House thereof, in Farwell, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 12 day of December A. D. 1949, then and there to answer Plaintiff's Petition filed in said court on the 24 day of October A. D. 1949, in this cause, numbered 1488 on the docket of said court and styled Lorena Capps, Plaintiff, vs. Benjamin F. Capps, Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

Plaintiff alleges that she was married to defendant on or about the 30th day of November, 1947, and they lived together as husband and wife until on or about the 15th day of March, 1949, and because of the excesses, cruel treatment and outrages administered by defendant, their further living together was rendered insupportable. That there is no community property, and that one child was born to said union, to-wit: Anna Patricia Capps, a girl now one year of age; that said minor child is now in the custody of plaintiff, and that she is a fit and proper person to have such custody. Plaintiff prays for absolute divorce from defendant and custody of said minor child; as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this the 24th day of October A. D. 1949.

Attest:
LOYDE A. BREWER, Clerk,
District Court, Parmer County,
Texas.

Watch Your Plaids To Make Good Dresses

COLLEGE STATION—Plaids, so popular in the fashion picture this fall, present a few special problems in home dressmaking.

In training schools being held over the State by extension clothing specialists Mary Routh and Nena Roberson of A. & M., these problems are discussed with the home demonstration agents and leaders. Among suggestions given by the specialists are these:

It is usually necessary to buy more material than the pattern calls for to make plaid match at seams. Large plaids and those with up and down, or right and left, design, take the most yardage.

When choosing a pattern to make up in plaid, look for simple lines and little decorative detail. The plaid itself offers enough decoration so that fancy extra touches are not needed and the fewer the pattern pieces, the less the difficulty of matching the design when putting the garment together.

If the material must be shrunk before making up, take care to hang it straight in drying and to hold ends in place even in pressing so that the weave runs straight and true, the specialists caution.

The easiest way to make the plaid match is to check the notches when laying on pattern pieces, making sure that a notch on the sleeve, for example, comes at the same place in the plaid as the corresponding notch in the armseye.

Very often it pays, the specialists say, to cut pieces one at a time and on single rather than double material, except for those pieces which must be cut on a fold of goods.

Follow these suggestions and your plaid dress will be much easier to make.

Texas' capitol building in Austin covers about three acres of ground and contains nearly 18 acres of floor space.

Steers Are Trampled By Mustangs

Amherst To Entertain Steers Friday Night

The Olton Mustangs proved even better on the field than they had looked on paper, Friday night, when they lambasted the Steer aggregation, 40-6, before the largest crowd assembled this year at Steer Field in Farwell. Pre-dope statistics indicated that the Mustangs should out-rate the locals around three touchdowns, but the estimates just didn't tell the story.

Starring Millsap, Rose, Allcorn and Nichols in both running and passing attacks behind a perfect wave of blockers, the Mustangs began their rout early in the first quarter, when on four consecutive first downs from their own 38 they reached pay-off territory on the Steer end of the field.

In addition to doing their own good passing, the visitors converted several of the Farwell aerials into yardage for themselves, via the interception route. Piledriving Millsap and Allcorn time and again racked up yardage, while Nichols was the speedster, alternating with Rose.

The Steers were just frankly out-classed, and the fact that Olton had sufficient reserves to throw in almost new teams on offense and defense didn't help the local cause.

The lone counter for the locals came in the middle of the third period, when Ford shot a 20-yarder to Poteet, inside the end zone, and the aerial was completed as Poteet made a stretching catch between two guarding Mustangs. Ford's attempt to drive in for the extra failed to make the grade.

Mustang scores were counted up by Nichols, Allcorn, Millsap, Maynard and Rose, each of whom carried the leather for a touchdown; a pass form Millsap to Maynard scored the other six-pointer; Millsap to Rose ran up one extra, and Millsap booted three good conversions.

Queen Is Crowned
In impressive ceremonies during the half-time, with members of the pep squad and band participating, Miss Bobby Ann Christian, a junior, was crowned as football queen. Don Ford and Bobby Poteet, representing the ballplayers, presented the crown to the queen, and Miss Christian remained on a special throne at the sidelines for the remainder of the game.

Parents of the players were honored preceding the game, with sandwiches and punch being served in the homemaking building, and each mother was presented a flower to wear during the game. Special seating arrangements were also made for the parents at the field.

First Quarter
Electing to receive Olton took the boot in their own end zone and Allcorn ran back to the 38. Millsap's try was no good, but Farwell got a 5-yard penalty. Allcorn broke out for a first down on the Steer 49, Nichols added five, and Burrus forged for another first on the 39 where Coburn dumped him. Maynard got nothing, Farwell was penalized for five, Maynard gained one, Nichols added 3 as Pool drove him down, Millsap plunged to the 27 for a first. Dollar snared Maynard for no gain, Millsap to Nichols reached the 16, Magness drove Burrus back two, Nichols made the same yardage, Olton was penalized 5, Burrus hit the Steer 11 and Nichols scooted for a touchdown. Millsap's kick was no good. Olton 6, Farwell 0.

Millsap booted a beauty to the end zone and Ford came back to the 12. Pool added 8 but the Steers were fined 5. Pool made 2, Ford tried an incomplete pass and then toted to the 20, Olton got a 5-yard penalty and the locals had a first down. Pool fumbled and Hall recovered on the 28. Allcorn went on to the 18 as the Mustangs got moving. Allcorn hit it again for 5, and Hughes pushed Bur-

rus back for the same number. Olton was fined 15, Rose got nothing, and Allcorn fired one skyward which Terry intercepted and ran back to the 35. Ford reached the 41, then fumbled and lost to the 32. Terry got back to the 40, Ford to Magness hit the 47 and Terry went to the Olton 49.

Second Quarter
Pool added another 10, Terry made 9 and Ford hit a first on the 15. Terry got three, Pool fumbled with Hall again recovering on the 15. Allcorn romped for 5, then broke loose for a complete downfield scamper and the second touchdown. Millsap's kick was wide of the uprights. Score, 12-0.

Olton kicked to the 10, Ford returned to the 31, but his pass on the next try was intercepted by Millsap on the 37. Rose gathered up yardage to the 26, Durham added a yard with Coburn snagging him, Ford hit Maynard for no gain, Maynard got a yard, Nichols made six, and Farwell took over on their own 18.

Ford went for 3, then was slammed down by Smith for no gain. On two tries Pool got 7, and Olton was in possession on the 16. Durham got nowhere, Olton drew a 15-yard penalty, Allcorn made 2, Millsap broke almost into the clear for 10, then passed to Rose on the 15 but the play was nullified and Olton fined 15. Millsap passed again, with Durham receiving on the Steer 1-foot marker, the next try was no good and Olton penalized 5. Allcorn came back to the 5, then Millsap took the pigskin and went in for a score. His pass to Rose was good and Olton led 19-0 as the half ended.

Third Quarter
Trying a play that almost worked, Terry received the kickoff, handed off to Ford who started to the right and then shot a lateral left to Pool on the 10, with Pool reaching the 35. On two tries, Pool gained 6, and Farwell booted, Olton taking over on the 40. Millsap made 1, Nichols added 2, and Dollar slapped down a pass try from Millsap, with Olton kicking to the Steer 29.

Pool got nothing, Ford to Poteet reached the Olton 35, Ford to Dollar added 8, Ford to Terry was incomplete and Pool reached the 22. Ford bored on to the 18, Ford to Terry bounced off three men and was finally incomplete, but Ford to Poteet connected for a score. Ford was stopped short of the end zone. Score, 19-6, Olton.

Ford's kick went out of bounds and was re-done, with Durham skipping loose downfield to the Steer 12. Pool caught Nichols on the 9, Maynard got nothing and then was driven back for five, with Olton being fined 15. Millsap's pass to Durham was good, but again Olton was penalized for 5. Millsap passed to Rose on the 11, then carried the ball himself to the 9, where the Steers took over.

Ford gained 7, then 2, Pool got nothing, then reached the 21 for a first as the quarter ended.

Fourth Quarter
Ford to Terry was complete for no gain, two passes failed to connect and the Steers kicked into Olton territory with Millsap returning to midfield. Allcorn gained to the Steer 39, Nichols reached the 28, Allcorn went to the 18, Millsap pushed over to the 9 and Maynard went in for the score. Millsap's kick was good. Olton 29, Farwell 6.

Pulling a new one, the Mustangs booted an inside kick which they recovered on the Steer 35, then drew a 5-yard fine. Durham went all the way to the 25, but the play was called off and Olton got a 15-yard fine. Rose made a couple, Maynard got nothing, and Terry, attempting to cover two men and thinking he had a pass intercepted on the 1, came down without the ball and saw Rose

snare it and score. Millsap's conversion was good. Score, 33-6, Olton.

Ford received on the 10 and returned to the 40, Ford to Terry was intercepted by Millsap on his own 48 and again Olton was in possession. Allcorn got nothing on his try, Nichols reached the Farwell 45, Allcorn added 1, Millsap carried to the 40 and then Rose took over, shaking loose for a touchdown, with Millsap kicking the extra. Score, 40-6.

Pool received on his 15 and came back to the 35, Ford tried the line for nothing, Ford to Terry was ruled complete and interference allowed on the 48, Ford to Poteet added 10, the defense leaked and Ford was pushed into running which cost 1, Ford to Terry went to the 8 and Ford was held for no gain as the final whistle sounded.

Texico Teams Play In Tournament Finals

The Texico softball teams, both boys and girls, came through the semi-finals in the county softball tournament which was started last weekend and then postponed because of rain, and are playing today (Wednesday) in Clovis for the titles.

The local girls staged the upset of the year in their semi-final, bouncing undefeated Rosedale out of the running, 4-0, in a game which saw Patsy Doshier fan 15 of the Rosedale batters.

Only two Rosedale players got on base during the game, while the Texico hits, though scattered, accounted for runs. Betty Donahay, Jo Beth and Patsy Engram and Patsy Doshier were each credited with a score. Doshier's tally came as the result of a home run late in the game.

Having drawn a bye in the first round, Texico's boys advanced into the semi-finals against Ranchvale and unceremoniously routed them, 18-3, to put themselves in the playoff game for the title. Two semi-final games were slated to be played over the county on Monday, with the local boys to face the winners of the Rosedale-Forrest contest. Rosedale, undefeated in season play, was the favorite.

The winners go into the championship game opposite the winner of the Ranchvale-Field scramble. Defending champions for 1948 are the Rosedale boys and Ranchvale girls.

The first of three consecutive out-of-town games, which will wind up the season for the Farwell Steers, falls on Friday night of this week, October 28th, when the locals will be entertained by the Amherst squad. Coach Louis Purvis reported today.

And the Steers will be hoping for revenge, and a chance to get ahead on their conference standing. At present, the Steers have conference victories over Spade, Whitharral and Friona, with losses to Hale Center, Dimmitt and Olton, and they will not be in a mood to have another conference red mark put up against them this weekend.

Statistically, it looks as though the Steers should be on the winning end of the score. Last Friday night, according to reports here, the Amherst eleven defeated a Spade team by around 20 points, that being the initial Amherst win of the year. The Farwell squad earlier bounced Spade in a meeting here.

"They're big and improving right along," was the remark made by Coach Purvis in speaking of his opposition.

With "nothing hurt but their feelings" in the Olton defeat, the Steers should be out in full force this week, always providing of course that no injuries are sustained during the intervening days. Poteet and Magness will start at the ends, Hughes and Dollar are the tackles, McKillip and Norton are guards, Christian is the center; with the workhorse backfield four composed of Ford, Pool, Nix and Terry.

License To Wed Hits New Low in Farwell

County Clerk Loyde Brewer reported today that the marriage license business had hit a new low in Farwell, with only one permit being issued since the new Texas law went into effect.

To marry in Texas now, both parties must have health certificates, issued from health department-approved laboratories, and currently there is no lab okayed in the county.

Brewer added that steps were being taken to get the Parmer County Community Hospital at Friona approved for making the required tests, and he felt confident this would be completed in a short time.

Yearlings Will Visit At Muleshoe, 27th

The Farwell Yearlings, after a week of rest, will resume their grid schedule on Thursday night of this week, when they journey to Muleshoe to play the junior football edition of the Mules.

Coach Shelby Jobs reported that his boys are in good shape, and are hoping for another win over the Muleshoe squad, whom they have previously defeated on the local field.

Rev. Facesmire To Conduct Revival

Rev. Ruth Facesmire, of Charleston, West Virginia, has been engaged to conduct a revival meeting at the Texico United Pentecostal church, beginning Saturday night, October 29th. Services will be held nightly at 7:30 and the pastor, Rev. C. A. Hatcher, has extended a cordial welcome to the public to attend.

Rev. Facesmire is widely known as the "Singing Evangelist", and has toured most of the states in revival campaigns.

Attends Meeting In Lubbock, Tuesday

County Agent Ollie Liner was in Lubbock, Tuesday, attending a district gathering of Extension workers.

The meeting was called for the agents to hear V. C. Marshall discuss relationships and other matters pertaining to Soil Conservation Service work, according to announcement.

Niece Is Victim In Abilene Tornado

Mrs. Ruby Lee Persons, 37, of Abilene, who was killed when a tornado struck her home last Friday, was a niece of the late J. C. Temple, of this city, Mrs. Temple revealed today.

Persons, who is blind, and the two children in the family, were also injured, but not seriously, it is understood.

The tornado demolished the Persons' frame home, as well as doing other damage in the vicinity, according to press releases.
