

FROM THE HOPPER

By HOP JR.

Missed another one: As you already know by now, we reported the sesame meeting would be Friday night instead of this Monday night as it was. Joe Jones is in a sweat wondering if he gave us the wrong date, or if we got our wires switched. We can't find the material to prove it either way, but from past experience, we'd say he'd be safe in laying the blame on us.

All we can add is that we're sure sorry, and will try harder next time to keep things straight.

Somehow, we have a penchant for making well-intentioned utterances which get us into hot water.

Still, we are constrained to appraise the shortage of polio vaccine as a good thing.

Really, the shortage is nothing acute, and it will be taken care of long before the polio season reaches its end this very year, but the American public has been so aroused by reports of attempted "black marketeering" that they would believe that only a few gallons of the precious stuff is in existence if so told.

Our reason for saying that this is a good thing is that since there appears to be a shortage of it, everyone will decide they MUST have some.

Inoculation of the masses will now be a much quicker and simpler thing than would be the case if the press of America should be called upon to beg people to go to their doctors and get "shot," that the vaccine was plentiful and inexpensive.

If you need proof of this peculiarity of human behavior, you have to remember back only a few years. Those who remember best are the merchants who were in business during the harassing days of World War II.

Shortages in almost all manufactured goods were common, of course. One automobile dealer this past week told us that he tried out a little experiment a number of times which proved to him conclusively that humans are greedy beings.

"Take car jacks for example," he told us. "If we would receive a dozen jacks in a shipment and would place them on display in our show room, they would sit there for weeks at a time."

"But, if we only put one jack out on display, someone would walk in within ten minutes, spot it, figure it was the only one in town, and grab it before you could snap your fingers."

The businessman wasn't telling stories. He actually experimented with ideas like these.

One of the most entertaining and uplifting speakers we have ever listened to is Delbert Downing, manager of the Midland Chamber of Commerce.

Hearing Downing last week marked our second opportunity to be in his audience within a year, but we aren't complaining. He put something in our mind, which, in spite of the noisiness and distraction of a convention, still lingers.

He told us that the youth of today long for adventure—something that seems difficult to find in a world without dangers such as Indian raids that were experienced in frontier days.

The young man smokes his first marijuana cigarette, or goes on his first drunk, or has his first scrape with the "cops" more because he longs for adventure than anything else, observes Downing.

Somehow, some way, said our speaker, we must show our children what real adventure lies in the field of human endeavor. We must show them how infinitely more exciting it would be to become the first person to discover how we can put great quantities of water back into the ground—just as others have discovered how to get it out.

He's got something there. We seldom hear of young Thomas Edisons any more. The boys who once were toying with the innards of Grandma's old wall clock, or making themselves a crystal radio, are now hypnotized.

Girls', Boys' State Delegates Named For Farwell School

Delegates and alternates to attend Girls' and Boys' State to be held in Austin this summer were announced Monday morning at an awards assembly at Farwell High School auditorium.

To represent Farwell at Girls' State from June 6 through the 15, Glenna Davis and Elaine Magness were chosen by the student council. Alternates are Linda Kube and Marilyn Austin.

The girls will be sponsored by the local American Legion Auxiliary and the boys will be sponsored by the American Legion. This is an annual project of Legion posts all

over Texas. Farwell delegates for Boys' State, which will be held on the same date as Girls' State, are Bert Williams and Truitt Hardage. Alternates are Gerald Hardage and Troy Christian.

Former Girls' and Boys' State programs have been held for a duration of seven days. This year the girls and boys will stay in Austin for a ten day period.

The girls will stay at the Texas School for the Blind while the boys will stay on the campus of Texas University.

Delegates are chosen on a basis of leadership, character, courage, honesty, scholarship, cooperativeness and physical fitness.

Making the announcement of the girls who were chosen to go to Girls' State this year was Gloria Dial, last year's representative from Farwell

Conservation Field Day Tuesday, Snead Farm

One county-wide agricultural event which has continued to increase in popularity during the past few years is the annual soil conservation field day—sponsored by the Parmer County Soil Conservation District, with extension agents in cooperation.

This year's field day is at hand, and will be Tuesday, April 26, at the Rene Snead farm in the Hub Community, starting at 1:30 p. m. The Parmer County SCD board of directors includes A. L. Black, chairman; Joe Blair, secretary; Carl Schlenker, member; Matt

Jesko, member; and Clyde Sherrill, member. At 1:45 p. m. Jay Boston, Castro County farmer of Hereford, will give a discussion on "How I Use Commercial Fertilizers, Legumes and Crop Residue in My Farming Operations."

Dr. A. W. Young of the Department of Agronomy of Texas Tech will give a talk on "Soil Management Under Irrigation" at 2:30 p. m. This will be followed by a talk by Gilbert Kaltwasser, Farwell, who will speak on the "Weed Program in Parmer County."

A special program for the women has been planned for 3:40 p. m. They will visit "Homestead Improvement Demonstration" at the James D. Mabry farm. Miss Corinne Stinson, County Home Demonstration Agent, will be in charge of the tour.

At 3:40 the men will visit the displays provided for the Field Day program. At 4:15, Mel Swartz of Parmer County Soil Conservation Service will discuss "Measure Well Output—The Significance of Knowing Your Well's Production."

The Field Day program will be adjourned at 4:30 p. m.

All interested persons are urged to attend this program and the ladies are especially invited to attend the special program at 3:40 which has been provided for them.

Interest Takes Spurt In Sesame Growing

Fifty-six farmers listened attentively Monday night to a discussion of sesame production brought them by Robert Parker of the Texas Sesame Seed Growers.

They had a lot of questions to ask the oilseed crop representative, and he managed to give satisfactory answers to nearly all of their inquiries. There was an undercurrent of enthusiasm among the listeners, indicating that many who were there were making up their minds to give the crop a whirl this year.

A check with Cummings Farm Store in Friona, the only sesame dealer in the area, revealed that "over 1000 acres are assured for Parmer County," and agricultural authorities are estimating that the land put into this crop might reach 1500 acres this year.

Several farmers came from Clovis and Portales areas in New Mexico to hear Parker, and Doyle Cummings said that they have accounted for seed bookings to supply another 300 or 400 acres.

CHARGED WITH DWI

John Shepard, 52-year-old Amarillo man, is in Parmer County jail, charged with DWI. Sheriff Charles Lovelace picked him up between Bovina and Friona Tuesday night, and the hearing on his case is pending.

State FB President Will Speak Tuesday

Farmers and farm leaders from five counties will gather at the Friona School Auditorium Tuesday night, April 26, at 8 o'clock for a public forum on the future of farmers. This is the first meeting of farmers from so large an area to be held in Parmer County, says A. J. Ellison, Parmer FB president.

Swisher, Castro, Bailey and Deaf Smith Counties have received invitations from Parmer County Farm Bureau to publicize and attend the meeting.

Speakers for the evening will be J. Walter Hammond, Texas Farm Bureau president, and Harold West, Texas Farm Bureau secretary. Hammond farms near Tye,

Best Statement Yet At Security State Bank

"It's the best statement we've ever had in April," was the way R. W. Anderson, vice-president, summed up the statement issued last week by Security State Bank of Farwell.

Deposits were nearly one and one-fourth million dollars greater than at the same time last year, and showed a decline of only about a quarter-million registered at the close of 1954.

Farming operations usually draw heavily on resources at this time of year, and since no harvests are underway, it is a case of all out-go and no income. However, the slump has been much less noticeable this year than ever before, reports Anderson.

Deposits total \$4,332,939.35. Total assets are \$4,598,024.61. The deposits at the end of the fourth quarter of 1954 were \$4,641,674.13.

Dog, Cat Vaccinations To Be Given in Texico

City Board of Texico is serving notice on the people in and around Texico that a veterinarian will be at the Jones building across from the City Hall on Tuesday, April 26, from 1 to 4 p. m. to give rabies vaccination shots to dogs and cats. These shots are compulsory for all dogs.

Mayor Scotty Levins announced that people not living in the city limits of Texico are also eligible to have their cats and dogs vaccinated at this time.

Texico residents can also get license tags for their dogs at this time; however, the dogs must be vaccinated before licenses will be issued.

Texas, and West farms and operates a grain elevator at Bishop, Texas. Hammond has been president of Farm Bureau in Texas for 17 years. He was recently recognized as "The Man of the Year in Texas Agriculture" by the farm magazine, Progressive Farmer.

West has been Texas Farm Bureau secretary-treasurer for several years. Both men have had extensive experience in state, and national farm legislation.

This meeting, arranged by Parmer County Farm Bureau, is not called for the purpose of making protests, according to Ellison. "It is a meeting at which farm problems, past and present will be discussed on a constructive basis. Milo, cotton, wheat and other commodities will be subjects of great interest to farmers of this area. Farm Bureau's views on the much-discussed milo situation will be presented. The general national farm program will be well covered, too."

"We urge every farmer, rancher and banker, and others interested, to turn out for this meeting that we believe will be of great benefit to everyone," Ellison said.

The national average support on soybeans will be \$2.04 per bushel, reflecting 70 percent of the Feb. 15 parity figure.

Upland cotton, basis middling 7/8 staple, figures at \$31.70 per hundred this year.

Support Rates Set For County Crops

Support price structures for several crops to be grown in Parmer County this year were announced by the local Agricultural Stabilization and Conservation office.

The grain sorghum loan rate for 1955 will be \$1.69 (less storage) in Parmer County. This compares with \$1.78 national average, the difference reflecting freight, says Joe Camp, chairman.

For local farmers, this will mean a net to them of about \$1.55 in October.

Barley is propped at 90 cents per bushel (less storage), and oats at 68 cents, less storage.

Corn will be supported at 87 percent of parity in the "corn belt" this year, amounting to \$1.58 per bushel. In this area (non commercial), it will be supported at 75 percent of the commercial area price, or about \$1.23, less storage.

That figure can be plus or minus a cent or two, says Camp.

The national average support on soybeans will be \$2.04 per bushel, reflecting 70 percent of the Feb. 15 parity figure.

Upland cotton, basis middling 7/8 staple, figures at \$31.70 per hundred this year.

Farmer's Union Bills Brannan on Program

The Parmer County Farmer's Union is co-sponsoring an appearance of Charles F. Brannan, former secretary of agriculture, in Hereford next Friday, according to W. L. "Preach" Edelman, county FU president.

The ex-USDA official is making only two appearances in Texas this year, points out Edelman, and the Union is fortunate in obtaining his services.

Also billed for the program, which will be in the Hereford High School Auditorium, April 29, will be Alex Dickie of Krume, Texas. Dickie is state president of Farmer's Union.

Another big name connected with the meeting will be John C. White, state commissioner of agriculture. The session is scheduled to start at 8 o'clock.

No specific program has been announced to date, Edleman only saying that "prominent farm questions" will be under study. If possible, more detailed information on the program is hoped to be published next week.

The meeting is open to the public and all interested in agricultural problems are invited to attend, adds Edelman.

No One Injured In Car Mishap

No one was injured Wednesday night when a car driven by J. C. Scruggs of Lazbuddie, hit the automobile belonging to Dr. M. F. reen, which was parked on Main Street in front of Rose Drug.

Chas. Lovelace, Parmer County sheriff, who investigated the mishap, says Scruggs was traveling east, when he was blinded by oncoming headlights and was crowded into the parked car, by a large truck.

From \$250 to \$300 damage was received by both cars.

"Voluntary" Paving Thought To Be Better Than Bond Issue

A discussion of the possibility of obtaining paving inside the city limits of Farwell headlined the discussion period at a meeting of directors of the Farwell Chamber of Commerce Monday afternoon.

A. O. Poteet, independent contractor of Ralls, was present to outline a proposition to the directors, who are hoping that a paving program may be gotten underway in the near future.

well, offered to do his work for \$4 per foot. This figure would apply to a street width of 35 feet, including curb and gutter, and would include the cost of alleys and intersections. Standards of material and type of construction employed would conform to state requirements, he said.

A discussion of several minutes duration then began on what portions of town might be included in the project, and although several blocks were mentioned as virtual "cinches," the Chamber did not attempt to outline any specific street or area in which they desired to see paving installed.

The question of paying for the improvements came up, and directors eyed the two alternatives. One would be to declare a paving

district, vote bonds, sell them, and pay off the indebtedness through taxes on property.

The other, which proved to be the one in most popularity among those present, was to install the paving on a cash basis without underwriting the measure with bonds.

It was pointed out that the issuance of bonds requires much expense in addition to the interest accrued from the sale of them, and where practical, it is advisable to sidestep this route.

John Aldridge pointed out that paying for the pavement on a "cash basis" did not mean that a property owner must have the money himself. Where necessary, he can borrow as an individual, and still avoid having this property

Good By, Winnie

We note with a touch of sadness the retirement of Winston Churchill, prime minister of Great Britain. The staunch little man has had more tribulation in public life than anyone of his generation. He saw his nation through a terrible conflict in which they managed to emerge victorious, but he then had to watch his people voluntarily take the course of socialism. This must have been a cruel reward to a man with such a conservative soul as Winnie.

How About A Beer Joint?

We don't recall that any public official has ever before been criticized for his interest in religion, and the mud hurled at Ike for allowing himself to be seen going to church takes the cake. Maybe his critics would rather let news photographers catch him throwing a drunk in some beer joint.

Gloria Dial, daughter of Mr. and Mrs. Murray Dial, and Loretta Stancell, daughter of Mr. and Mrs. W. N. Stancell, were named valedictorian and salutatorian, respectively, of Farwell senior class, in an awards assembly presented Monday morning in the high school auditorium.

Gloria, who is valedictorian with an average of 95.55, has been active in extra-curricular activities throughout her four years in high school. Included among the offices she has held are FHA historian, senior class reporter, band reporter, co-editor of the Maverick, and chorus librarian. She was last year's Girls' State representative from Farwell, a majorette and a member of the annual staff.

Loretta has been a member of the FHA, chorus, reporter of sophomore class, member of the annual staff, reporter for the student council, librarian and a member of the pep squad. Nature Won't Repeat It

How lofty are man's ambitions! We seldom if ever attempt to discourage ambition. But perhaps man is going a wee bit too far when he introduces a measure which would in effect repeal a basic law of nature and the universe: the law of supply and demand.

Current negotiations now underway in the automotive capitols of the East indicate that a guaranteed annual wage—or a compromise of it—for car company workers is more than just remotely possible.

Repercussions of GAW would be more far-reaching than any of us way out here in the Southwest could ever imagine. Should such requests prove upheld, they would set the pattern for a revolution in wages that could tear this nation apart in a few years.

Complications, Humor Highlight Play

By June Hensley

Farwell juniors took in approximately \$125 at the play "Meddlesome Maid" by Charles George which they presented Tuesday night at Farwell High School Auditorium to a very receptive audience.

Complications set in when the maid overhears only parts of conversations of Robert White and Charlie Winthrop concerning a new Lincoln which Robert has purchased for his fiancée and a new motorboat which Winthrop has bought. White and Winthrop try desperately to keep the two items unknown to their fiancée and wife, respectively. Plans are made to

hide the automobile and the boat in the garage at the Winthrop home.

Meanwhile, the chauffeur, who has been previously married, is confronted with the problems of caring for his small baby after his baby sitter resigns her position. As he is in love with the maid he doesn't want her to know just yet about his previous marriage and his child; so he, too, plans to hide his "secret" in the Winthrop garage.

The maid, a suspicious person by nature, hears the baby crying in the garage; so she mentions the fact to the wife and fiancée. She also mentions that just one baby couldn't make that much noise; so the women assume that two small babies are hidden in the garage.

The audience is caught in a whirl of snappy dialogue as the various members of the household begin to speak of the "secrets" in the garage. The men, of course, are speaking of a new Lincoln and a motorboat while the women are talking of the supposedly hidden babies.

Worrying about the poor innocent children being stowed away in a garage becomes too much for the women; so they employ a plain clothes man to help solve the mystery.

The maid has heard much talk concerning the name Griffin; so it is decided that a Mrs. Griffin must have delivered the baby to the garage. (Actually, Winthrop had purchased his motorboat from Mrs. Griffin's husband, and this created talk which the maid had heard.)

When Mrs. Griffin arrives on the scene, she is very insulted and indignant to learn of the tangle in which her name has become involved.

Winthrop and White decide that returning the boat and automobile is the only answer for having peace once more; so the salesman who made the sale appears on the scene.

During the muttering and haggling of all concerned, a small baby's cry is heard. A short search found the baby in a buffet drawer where the chauffeur had hurriedly left it. When he hears the cry, he rushes in to the house to claim his child.

Finally, after explanations from the men to prove that they have not been unfaithful and that the only "secrets" they had included a new Lincoln and a motor boat, the fiancée and wife become very apologetic and humble.

As the final scene ends the maid takes the child from the arms of the chauffeur and mentions that she'd best get used to taking care of that particular baby.

Cast of characters included Dean Smith as Robert White, Marilyn Austin as Dolly Darling, White's fiancée, James Norton as Charlie Winthrop, White's friend, Dixie Turner as Margaret Winthrop, Charlie's wife, Dean Jones as Carlyle Howard, a salesman, Gerald Hardage as Sam Bryant, the chauffeur, Linda Kube as the maid, Edna Powell, Shirley Farris as Mrs. Fraser, a friend of Sam's, Betty Curtis as Mrs. Rita Griffin, a young housewife, and Elton Kesner as

Announcing — America's newest, lowest, smartest 4-door Sedan

Newest model in Mercury's Montclair Series lets you enjoy "hardtop" beauty with 4-door convenience

It's the newest Mercury of them all—the Montclair 4-door Sedan, and the photograph shows you that not one bit of the original Montclair hardtop beauty has been lost. It has the same dramatic lowness—only 58 1/2 inches from road to roof. And see how convenient it is to get in and out. Everyone who admires

hardtop styling, but wants the roominess and convenience of a 4-door model, can now eat his cake, and have it too!

198-hp Super-Torque V-8 with dual exhausts

Seldom has an engine caused as much enthusiastic comment from auto editors. And once you drive a Montclair, you'll see why. It gives you instant, on-the-spot pickup at every speed—from zero to super-highway limits. A four-barrel carburetor, unique new high-compression spark plugs, and dual exhausts are yours at no extra cost. Features like these are usually extra on medium-priced cars.

Exclusive new power lubrication gives Mercury widest choice of power features

The Mercury Montclair offers a new optional power feature—power lubrication. And it's exclusive with Mercury in the medium-price field. You push a button on the dashboard and vital parts of your car are automatically lubricated. You can also choose optional power steering, power windows, power brakes, 4-way power seat, and Merc-O-Matic Drive.

Why not come in and see this newest Mercury? It costs a lot less than you think. And your present car is worth a lot more than you think on a trade-in at your Mercury dealer's.

Mrs Milford Initiated Into DKG Sorority

Mrs. Cleo Milford, English teacher in Farwell High School was initiated into the Gamma Iota Chapter of Delta Kappa Gamma at a luncheon meeting held in the Littlefield High School cafeteria on Saturday, April 16.

Mrs. Milford is a graduate of Southeastern Oklahoma Teachers College and has taught in the Farwell School system for three years. Originally set for March 26, this meeting was rescheduled because of the illness of the president, Mrs. Eloise McDougal.

Presidents of Parent Teacher Associations of the area were honored at the meeting. Among those attending were Mrs. Rayburn Karth of Hale Center, Mrs. Jim Harris of Tulsa, and Mrs. Albert Miller and Mrs. Oscar Wilmon of Littlefield, representing the elementary and junior high groups.

Luncheon speaker for the occasion was Udo Strasilla, a 17 year old student from Berchtesgaden, Germany. He arrived in Littlefield in February and entered high school there as a junior. He is being sponsored by the Littlefield Lions Club and is living in the home of Mr. and Mrs. T. J. Jones.

In his talk, Udo told the group that he thought the American students have an advantage over students in Germany because they can learn more about one particular subject since they are permitted to take only four or five subjects in high school, and each class meets every day. He mentioned that while in Germany, he was taking 18 subjects with classes meeting twice or three times weekly. Also, the classes there never had laboratory work.

Mrs. Mattie Ruth Nowlin presided at a "fun time" period which featured a short skit presented by

members from Plainview. Miss Mattie Devin was leader for a round table discussion, entitled "Community Part in Recruitment." Mildred Hulsey, Bess Booth, Marjorie Brewer, Lucille Flowers, and Hazel Merritt discussed the various things a community might do toward making the teaching profession attractive for young graduates. Discussions concerned community panel discussions on the teaching profession, what can be done by magazine or newspaper articles or by book reviews, or the influence of church and service organizations. Members of the audience willingly joined in the panel discussion.

Hostesses for the luncheon were the Littlefield members.

Mesdames Bess Booth, Cleo Milford and Alice Tucker were the only attendants from Farwell. Attending from Bovina were Mrs. Otie Ellison and Miss Grace Paul. Other towns represented were Anton, Abernathy, Dimmitt, Hale Center, Littlefield, Muleshoe, Petersburg, Plainview, Sudan and Tulsa.

Women's Club Elects New Officers Monday

Texico-Farwell Women's Club met Monday night in Farwell cafeteria with 20 members and guests present.

Mrs. W. W. Vinyard presided at the business meeting at which time new officers were elected.

Mrs. W. H. Graham, Sr., chairman of the nominating committee, submitted the names for election. Dr. Mary McNeff was elected president, Mrs. E. G. Williams, vice-president, Mrs. Joe Crume, secretary, Mrs. D. W. Bagley, treasurer, Mrs. M. A. Snider, reporter and Mrs. B. A. Rogers, parliamentarian.

A committee to further plans for work to help beautify the court house park was also appointed. Members of this committee are Mrs. John Aldridge, Mrs. Willie Williams and Mrs. W. H. Graham, Sr.

Entertainment for the meeting was provided by Mr. and Mrs. Harold Madery of Flowerland in Clovis, who discussed and demonstrated various flower arrangements for the group. Mrs. Madery pointed out the important features of each arrangement as Madery made them. They particularly stressed arrangements featuring a small amount of flowers.

One arrangement was given as a door prize to Mrs. Jack Williams. The club presented the Maderys with a gift in appreciation for the program which they presented.

Mrs. M. C. Roberts arranged for refreshments of punch, cookies and mints.

Next meeting will be a dinner and installation service to be held at the Silver Grill on May 16. Hostesses for the occasion will be Mrs. B. A. Rogers, Mrs. Joe Crume and Mrs. Frank Seale. Members are urged to turn in their reservations for this meeting to Mrs. Joe Crume.

Go To Amarillo

Mrs. E. R. Coffman, Sharon and Frankie and Mrs. Raulie Rule and daughter Rawlien were in Amarillo Saturday. Mrs. Coffman, Mrs. Rule and the girls shopped while Frankie attended the Sandie Relays.

Mrs. Coffman and baby daughter Alice Jean E, accompanied by Mrs. Virgil Woodson returned to Amarillo Monday for another shopping trip.

Texico Spring Concert Attracts Large Crowd

Texico annual spring band and chorus concert presented Tuesday night at the Texico school auditorium was well attended, according to band director, George Hill.

Highlight of the program featured the crowning of the band sweetheart, Jimmy Don Moss, band president, crowned Miss Susan Levins as Texico's 1955 band sweetheart.

Of audience reaction to Tuesday night's program, Hill said, "The audience seemed very receptive to the heavier type of music that the band presented, and the band did a wonderful job of playing together."

The band is now preparing solo and ensemble numbers to be featured on the program of the annual junior-senior banquet to be held Friday night at the Clovis Hotel.

A clarinet quartet composed of Mikala Faville, Alex Brown, Patricia Patterson and Dick Lockhart and a cornet solo by Jerry Johnson will be presented at the banquet. Johnson will be accompanied at the piano by Susan Levins.

Other banquet entertainment will include a girls' trio composed of Misses Bobby Richardson, Barbara Caldwell and Susan Levins.

The band and chorus will give a program at an all school assembly on Wednesday morning, April 27, at 10:30. Both groups will feature numbers used throughout the school year.

Farwell Seniors Have Party

Members of the Farwell senior class enjoyed a party given Thursday night by Agnes Meissner. Games were played from 7:30 until 12:00 with refreshments of angel food and chocolate cake and soft drinks being served to the group at 10:30.

After the class party, the girls remained at the Meissner home for a slumber party. They worked jigsaw puzzles to keep awake.

The girls waked at 7 a. m. refreshed and ready to start another day.

Those attending the party included Ed Rolland, Joe Roberts, Jerry Poteet, Bob Jamison, Robbie Foster, Doyle Ford, Dick Felts, Gene Hardage, Billy Watts, Ysleta Kirtrell, Agnes Meissner, Elaine Martin, Barbara Garner, Bobbie Metcalf, Joyce Maxwell, Doris Threet, Carolyn Huffaker, Lavoyda Billington, Gloria Dial and Mona McDorman.

Companion Class Has New President

Companion class of the Texico Baptist Church met Monday night at the church for its regular meeting.

Esther Ferguson opened the meeting with prayer which was followed by a business meeting with Glenda Carpenter in charge. Time of class meetings was changed to the third Thursday night at 8 p. m. Glenda resigned as class president and Margaret London was elected to fill the position. Tena Roth was elected as devotional chairman, a position previously held by Margaret London. Devotional was given by Marjorie Fought and the group dismissed with prayer by Rita Doller.

Hostess Rita Doller served refreshments to Pat Allred, Bonnie Cohee, Marjorie Fought, Glenda Carpenter, Esther Ferguson, Margaret London, Tena Roth, Dot Camp and one visitor, Mrs. Mark Faroman.

Next meeting will be in the home of Mrs. Esther Ferguson on May 19.

Visit Here Briefly

Mr. and Mrs. Fred Hunsaker of California were brief visitors here Sunday. Among those they visited were her mother, Mrs. Mary Kaemper of Clovis; and her sisters and families, Mrs. Sophia McDaniel and Mrs. Nora Day, and a niece and her husband, Mr. and Mrs. Ronny Ferguson, all of Texico.

Mrs. Kaemper also accompanied them to Texico.

MARRIES IN SEMINOLE

MRS. DEE J. BROWN

Miss Hudson Is Bride Of Dee J. Brown

Miss Mary Dell Hudson, daughter of Mr. and Mrs. Lee Hudson of Seminole, became the bride of Dee J. Brown, son of Mr. and Mrs. D. J. Brown of Texico, in a candle-light ceremony in the First Baptist Church in Seminole on April 9.

Easter lilies, stock and greenery flanked by lighted white tapers in white candelabra formed the wedding setting. Rev. H. D. Christian, pastor of the First Baptist Church in Seminole, read the single ring ceremony.

Mrs. Herbert Martin, cousin of the bride, sang "I Love You Truly," "Whither Thou Goest" and "The Lord's Prayer." She was accompanied by Miss Patsy Briggs who played other traditional wedding music.

Mrs. Ewell Scott, sister of the bride, was matron of honor. Mrs. Scott wore an imported cotton waltz-length gown of red lace over taffeta with short sleeves and matching mitts. She wore a bandeau of lace and seed pearls and carried a colonial bouquet of white daisies and iris.

The bridesmaids, Miss Brenda Hudson, sister of the bride, and Miss Pat Solomon, wore identical waltz-length dresses of red shaded organdy over taffeta with a sweetheart neckline and short sleeves, with matching mitts. They wore bandeaux of organdy and seed pearls and carried nose gays of white daisies and iris.

Miss Sherry Scott, niece of the bride, was flower girl. She wore a waltz-length dress of white embroidered organdy over satin, with a "Little Boy" collar and tiny puffed sleeves edged in lace. She carried a basket of red rose petals.

The bride, given in marriage by her father, was attired in a waltz-length gown of white imported cotton lace over bridal satin. The gown featured a bouffant skirt and a fitted bodice with a "Little Boy" collar and satin and lace covered buttons. Her finger tip veil was of imported French illusion which was attached to a tiny lace cap. She carried a white Bible topped with a white orchid and stephanotis.

Something new was her wedding gown, and something old and borrowed was the bridal veil. She wore a blue garter and carried a sixpence in her satin slipper.

Ken Scott, nephew of the bride, was the ringbearer and Quinnie M. Flint of Bard, N. M., was best man. Austin K. Bell of Hilo, Hawaii, and Robert J. Young of Farmington, N. M., were ushers. The male attendants were all former roommates of the bridegroom.

At a reception held in the fellowship hall of the church immediately following the ceremony, the guests were received by the bride and groom, their parents and members of the wedding party. Red and white, the bride's chosen colors, were carried out in the reception decorations. The bride's table was laid with an imported Italian linen cut work cloth over red. Appointments of crystal and silver were used and an arrangement of white daisies, flanked by white tapers in crystal holders, centered the table.

Fire Prevention Posters Judged at Farwell

Three Farwell entries will be entered in state competition in compliance with a Fire Prevention Poster contest sponsored by the Fire Insurance Division of the Board of Insurance Commissioners in Austin.

Winning first place in the Farwell contest was an eighth grader, Juanita Range. She won \$5 for her poster entry.

Emily Tucker, a sixth grader, won first in her respective division and second in over-all competition. She was awarded \$2.50 for her entry.

Third place winner was Bruce Billingsley, a second grader, who also was awarded \$2.50. His poster was first in the primary division.

Poster entries were first judged according to groups. Groups included the first through the third grades, fourth through the sixth grades, and the seventh and eighth grades composed a single group. The individual teachers selected the best posters in the respective groups and the high school English teacher with the help of various classes chose the winner in the entire contest.

Posters winning first, second and third places will be sent to the state contest for judging, and the remainder of the posters will be on display in the Piggly Wiggly store in Farwell.

Why Trop-Artic Oil Can Double Engine Life

IT'S PERFORMANCE THAT COUNTS!

Some motor oils give good protection at low temperatures. Other oils are effective at high temperatures. But new TROP-ARTIC All-Weather motor oil gives protection at all temperatures, from below zero to extremely high heat.

So it's easy to see why TROP-ARTIC is so much better than ordinary motor oils at preventing engine wear... so much better that it can even double engine life. TROP-ARTIC lets you start easier... saves you gasoline... and can save 15% to 45% on oil consumption.

Phillips 66 TROP-ARTIC is the first all-weather oil to meet the highest standard ever established for automobile motor oils... the Mil-0-2104 Supplement 1 Test.

THE STATE OF TEXAS COUNTY OF PARMER SHERIFF'S SALE

WHEREAS, on the 21 day of December, 1954, in Cause No. 1244, in the District Court of Parmer County, Texas, wherein THE STATE OF TEXAS, County of Parmer, City of Frio, a Frio Independent School District were Plaintiff, and Intervenor recovered judgment against Carrie Lillard and Mrs. V. C. Weir Defendants, for taxes, penalty, interest, and cost against the hereinafter described property;

WHEREAS, on the 26 day of March, 1955, by virtue of said judgment and the mandates thereof of the Clerk of the above mentioned District Court of said county did Sale commanding me as Sheriff cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

WHEREAS, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 14th day of April, 1955, seize and levy upon as the property of the above defendants the following described property, situated in Parmer County, Texas, to-wit:

(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)
FIRST TRACT:

Lot 4, Block 85, original town of Frio, Parmer County, Texas East 40 feet of lots 13 to 16 inclusive, Block 63, original town of Frio, Parmer County, Texas

And I will on the first Tuesday in the month of June, 1955, the same being the 7th day of said month, proceed to sell all the right, title and interest of the Defendants in and to said property at the Court House door of said county in the city or town of Farwell, between the hours of 10:00 a. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property of the aggregate amount of judgments against said property in said suit, whichever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendants to have said

Only Small Allotment For Emergency Fund

Parmer County's share of a special \$5 million emergency fund to combat wind erosion in the Southwest was announced as only \$4200 last week by Joe Camp of the county ASC office.

Parmer County's allocation is many thousands of dollars below that of several other neighboring Panhandle counties, but there are explanations for this, according to Camp.

The main one is because of the extent of irrigation in the county. Deaf Smith's appropriation was \$54,000, but over half of the county is dryland, says Camp.

At any rate, the \$4200 seems to be simple, and Camp reports "only from 20 to 30 applications on file." Emergency tillage to combat wind erosion will be paid for at the rate of 50 cents per acre.

It is necessary to apply for the funds, before work is done, in order to participate, emphasizes the official.

Trib Staff Members Attend Press Conclave

The Tribune won second place for a special Christmas edition in the special edition competition of the Panhandle Press Association last week.

The award was presented at a breakfast held in the Old Tascosa Room of the Herring Hotel in Amarillo where the two day press convention was held.

Award winning issue of the Tribune was commended on the use of local pictures and feature type material with a local angle.

The Tribune placed fourth in typographic and in column writing, both "Hoppers" and "Jottin's" received honorable mention.

Panhandle Press Association includes 250 newspapers in this area.

Members of The Tribune staff who attended the convention were Mr. and Mrs. W. H. Graham, Jr., Mr. and Mrs. Ronnie Ferguson, Mrs. John Getz, June Hensley and Richard Hapke.

Graham gave a talk entitled "Handling Free Publicity" on the Saturday morning session.

Special highlights of the convention included the annual association banquet, the awards breakfast and a luncheon held in the television studios of KGNC-TV.

Farm Bureau Declares Another 50% Dividend

Announcement of a 50 per cent dividend by the Southern Farm Bureau Casualty Insurance Company means a savings of \$16,616.22 to farmers of Parmer County, according to President A. J. Ellison of the County Farm Bureau.

The farm leader said that 529 Bureau members will receive dividend payments. The amount each receives will be half of the amount of his premiums paid during the one-year period ending March 31, 1955. Dividends will be paid in semi-annual payments, as policies come up for renewal.

This is the second year that Farm Bureau members in Texas have received 50 per cent dividends on their auto insurance premiums. Raymond Euler, service agent for the County Farm Bureau, said that the dividends were made possible because farmers and ranchers were found to be preferred risks.

We have reached the decision that when girls become young matrons maybe they should forget childhood days and refrain from going barefoot. We learned the painful way.

We like to run around the house, minus shoes, and always have enjoyed this departure from dignity. But last week, this proved our undoing. We rushed out to empty the wastebasket and failed to grab our shoes. Sure enough, we ran headlong into a deluxe sticker patch.

Not only was one foot imbedded in numerous places with the discouraging little stickers, but when we rushed into the house and tried to operate on the infected areas with a needle, we found we could not get our feet in the correct position to do any good.

Since the newest addition to our family is only six weeks away, we were handicapped somewhat, when we tried the most beneficial conortions. So we had to wait until our husband arrived home, later than usual, to get us back on our feet.

Moral of this story is to wear shoes, especially when in the state of expectancy that we find ourselves.

Incidentally, do any of our readers have a sure-fire method of ridding the premises of goateads?

Our recipe this week is going to be a little different—maybe you would call it a recipe for "trust" or "encouragement," and the ingredients are so easy to acquire, but must be used correctly. The most important item is an abundance of thoughtfulness.

The result of this recipe Wednesday was 60 or maybe 70 "happier" children, when the polio vaccine was administered at Farwell. Some of them were scared stiff at the thought of that big needle, as some adults might have been too.

So Nell Walling and Maxine Williams thought about the kids and purchased suckers and bubble gum for the whole group. Somehow that just helped a lot when it came time to be good boys and girls.

We understand that there were only two or three of the group that even cried.

We are only sorry we didn't think of it first.

METHODIST CHURCH NEWS

Rev. Miller H. Stroup, pastor of Hamlin Memorial Methodist Church will speak on the subject, "Faltering Faith," at the 11 o'clock service, Sunday, April 24. The evening service at 8 p. m. will feature the singing of the youth choir. The Church, will speak on the subject, "Enduring Freedom."

Sunday School hour is 10 a. m. The Methodist Youth Fellowship meets for supper and worship at 6:30 p. m.

The choir will hold regular rehearsals at the church, Wednesday at 8 p. m.

Senior East Central Sub-District meeting of the Methodist Youth Fellowship was held in Portales Sunday, April 17. Twelve young people, with their sponsor, Mrs. Jim Moss, and the pastor attended from our church. Miss Mikala Faville was elected vice-president of the sub-district. Miss Susan Levins was elected chairman of worship and Jimmy Don Moss was elected chairman of evangelism.

Seniors boys of the Farwell and Texico schools were guests of the Methodist Men at breakfast, Friday morning, April 15. Rev. Vernon Willard, pastor of the Oklahoma Lane Methodist Church brought the message, speaking on the subject, "Teach Me To Pray."

Cooks for the occasion were Fred Danforth, Gilbert Watkins, and Jack Williams. Some thirty-six boys and their hosts attended.

WCSA will meet Thursday afternoon, April 28, at the home of Mrs. A. D. Smith.

Select Nursery Stock Carefully

There is no such thing as "bargain basement" nursery stock. A healthy plant or good quality seed commands its own fair price but it pays off with good growth.

This does not mean that when a reputable nurseryman holds a "sale" he is passing off inferior merchandise. Rather, it is a warning against the type of itinerant peddler of stock who operates with-

Letters To The EDITOR

Mr. and Mrs. Sonny Graham,
Inclosed you will find a check for renewal of the State Line Tribune. Have missed a copy and sure do miss it.

Good luck to you,
Mr. and Mrs. Dennis Robards
Frio, Texas

Dear Sir:

I am not much of a writer and do not very often write to papers, but I have something on my mind that I think might be the feeling of a lot of people; the Polio vaccine.

If we ever have socialized medicine it will be brought on by the doctors themselves—the very persons that will be hurt the most. I have just finished reading the article in your paper about the vaccine plus the doctor's fee, which would make three shots \$12 of \$15 plus doctor's fees.

I will say that this will be a cheap price to insure us that our children will not have dreaded Polio but this is not all, as the principal of the matter must be considered. Also, the legislators of the state of Oklahoma introduced a bill that would provide free shots for all children up to age of nine after learning that the doctors were going to charge from \$12 to \$20 for the series of three shots.

If this is not the quickest way for socialized medicine to start, I don't know what would start it any quicker. According to the Clovis News-Journal, Mrs. Florence Budd, chairman of the board of the Illinois Protestant Children's Home bought inoculations for 50 children from Parke Davis Company for a cost of \$150.

Now, I am not very good at figures, but I can figure out a different price than \$15 per child from this, so if she could buy at this price, even at wholesale price, why would it jump that much before it reached the doctor's office? Am I hot headed, or am I just figuring my arithmetic wrong?
Sincerely yours,
Ollie Peoples

FARWELL BAPTIST NEWS

The revival which closed Sunday was well attended throughout. There were 11 additions made to the church—eight by letter and three by baptism.

Sunday School attendance went over the goal of 200 on April 17, with 230 present for the Sunday School hour. Attendance at church services was 265.

Rev. Keith left Monday to hold a two weeks revival in the First Baptist Church of Russell, Kansas. The youth of the church will be in charge of the Sunday services on April 24.

Everyone is urged to attend the services held by these young people. At the morning service, Irene Hardage will be pianist, song leader will be Jerry Andrews and special music will be given by a boy's quartet composed of Don Gerles and Gene, Jimmy and Truitt Hardage.

Ushers will be James Roberts, Joe Andrews, and Wallace Roberson. Jerry Henson will preach a sermon at the worship hour.

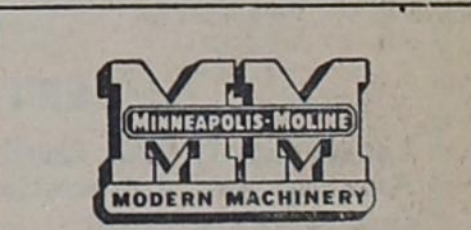

At the evening services Ella Bradshaw will be pianist. Song leader will be Gerald Hardage, and special music will be furnished by a girls' quartet composed of Pat Aldridge, Gloria Dial, Mona McDorman and Lavoyda Billington.

Mike McManigal, Jerry D. Owens and Clair Lackey will be ushers. Glenn Hardage will give the devotional and Morris Reed will preach at the evening service.

Inaugural Run Of HPO Saturday

Saturday morning, April 23, is the date of the inaugural trip of Highway Post Office service between Amarillo and Roswell. "HPO" service began in 1941, but was delayed by World War II. In 1945 the program was stepped up and is now rapidly spreading through the nation where needed. The distinctive red, white and blue Highway Post Office vehicle will soon become a familiar sight along the highway between Amarillo and Roswell. The citizens of Amarillo, Canyon, Umbarger, Dawn, Hereford, Friona, Bovina and Farwell, Texas; Texico, Clovis, Portales, Elida, Kenna and Roswell, New Mexico, as well as those of nearby towns who receive their mail from those offices will be served by the new method. Inside the 35-foot-long bus-type vehicle rolling along the highway will be two postal transportation clerks, sorting and distributing all classes of mail so that it will be carried by the fastest possible route to its destination. Tom Gilley will be the foreman in charge of the inaugural trip of the new Highway Post Office, and will be one of the foremen assigned to it regularly. Other Postal Transportation Service foremen assigned to the run are John F. Moyer, Charles W. Odell, Selbe M. Powell, Joyce S. Holbert, Frank E. Quillin, and Rodger O. Johnson, all of Amarillo. The bus will be on exhibit in Friona for 20 minutes, starting at 10:45. It will arrive in Bovina at 11:25 and remain 20 minutes, and come to Texico-Farwell at 12:05 and remain for 30 minutes.

Asks Cotton Release In Parmer County

County ASC Chairman Joe Camp this week reminded Parmer County farmers of the May 20 deadline for releasing cotton allotments which will not be used, to the county committee. Re-allocations can then be made to persons who will plant the cotton, he pointed out, and those who release their acreage will get credit for having planted it. Applications for new grower allotments totaled 203 this year, says Camp, an all-time record. That meant that the new grower allotment was split many different ways, and allotments are small, but Camp doesn't "expect much" to be returned to the county committee.

Sheriff Lovelace followed up this lead with arrests the next day. One youth already was under probation from a Curry County court.

First, Second Grade Youngsters Get Shot

First and second grade students of Parmer County whose parents had authorized it, received preventative polio vaccinations on Tuesday and Wednesday of this week. Dr. Paul Spring, county health officer, administered the program. Texico students received the vaccinations on Tuesday of this week.

HOPPERS—

(Continued From Page 1)
ed by television sets. Their minds are paralyzed.

At the press convention in Amarillo last weekend, quite a bit was said on the subject of trade stamps. It astounded us to learn to what extent some of the leading merchandisers of the Texas Panhandle have been soaked by stamps.

One of the best examples we know of is the case of Tulia. H. M. Baggarly, publisher of the Herald there, reported that the grocery stores alone were spending \$40,000 a year in trade stamps until giving them up only a short time ago.

The trade stamp craze reminds us in many ways of how the recent savings bond scheme swept through the country. Those who got in on the band wagon early enough reaped heavy returns, but those who clambered aboard as me, too'ers usually got clipped.

Here's the way it works: If one business in a certain town can be persuaded to give stamps, he then appears to have a decided edge over stores which sell competing merchandise. And he sinks from one to three percent of his gross into the plan to make it pay off.

However, as other stores take up stamps as competition will require, the advantage of the first businessman lessens. When, in time, all merchants are giving "free" stamps, there actually is no advantage to any merchant, and the result is that they have no other recourse but to pass the extra cost of stamps on to their customers.

They're caught in a machine of their own doing, and oftentimes can't find the way out.

When the Tulia merchants finally woke up to their plight, they buried hatchets for mutual interests, and threw trade stamps out the window.

They took on another cooperative "give-away" program which is much more palatable, much more popular for the customers, and much better for the community. They are now giving a bunch of

new cars with much of that \$40,000 which formerly went down the drain, and the cars are purchased from local dealers. This keeps the money from leaving town—except what goes to the car factories, naturally.

This makes sense to us. If merchants feel they have just GOT to give something away, why don't they all band together and give away merchandise itself, instead of messy, inconvenient, time-consuming, space wasting trading stamps which are brought into a community by out-of-town promoters whose only aim is to fleece local businesses and their customers?

of the loss of its two owners. Mrs. Roy Horn, who previously had been regularly engaged in the business with her husband, will continue as manager. Mrs. Roy Horn will continue to reside in Lubbock, from where Ray had regularly commuted to work.

Ray E. Horn was born in Leonard, Texas, Sept. 18, 1910, the son of Mr. and Mrs. S. H. Horn. He was buried in Floydada on Saturday, April 16, with Sanders Funeral Home of Lubbock in charge.

Survivors include his wife, Helen, and one son, Van, of the home.

The funeral was conducted by Rev. E. H. Crandall of Lubbock. Pallbearers included Claude Gentry, D. R. Parker, Lee White, Edwin Boedeker, Edwin Smith, Melvin Young, W. E. Morris, all of Lubbock; and Early Joiner, Floydada.

Honorary pallbearers were Dr. M. D. Mattison, Dr. Frank C. Goodwin, Wayne Finell, John Newton, all of Lubbock; and L. T. Wood and George West, of South Plains.

Roy H. Horn was born in Leonard, Texas, on June 17, 1901. He and Vashti Smith were married in 1920 in Floydada, and he engaged in business there, in Crosbyton, and in Lubbock before moving to Bovina in December of 1953.

Bovina Supply was opened for business in the spring of 1954 with him as manager.

One son, Vaughn, preceded his father in death in 1938.

Roy was a Mason, a member of the Bovina Methodist Church, the Bovina Lions Club, and active in civic work of his community.

He was buried Monday, April 18, at Floydada with Harmon Funeral Home, Floydada, in charge. Rev. Walter G. White and Rev.

E. H. Crandall conducted services. Pallbearers included Bennie Smith, Lloyd Parkhill, Bob Work, Tillman Reeves, Claude Gentry, J. D. Cates, John Cocconougher, and Bill Romane, all from Crosbyton and Lubbock.

COMMITTEES—

(Continued From Page 1)

Surviving family members of the brothers include their mother, Mrs. Della Horn, Floydada; three brothers: Johnnie, Bovina; Lloyd, Lubbock; and Leon, Miami, Fla.; and three sisters: Myrtle Payne, San Antonio; Eura Robertson, Floydada; and Mary Joe Miller, Odessa.

Other subjects up for an airing Monday afternoon included the problems of city taxation. It was pointed out that since only real property is now on the taxrolls, the taxes are unequal.

The possibility of requesting the city to place personal property on the rolls was discussed, but no action was taken.

Fire equipment—how it might be obtained, housed, and paid for—was also a subject of considerable interest. Otis Huggins pointed out that only last week firemen were delayed 15 minutes in getting to an alarm because freight trains

blocked their path between Texico and Farwell.

Thirty-six paid-up memberships were announced (including both businesses and individuals).

PAVING—

mortgaged by the city.

The bond route was not thrown completely overboard in the discussion, however, and directors agreed that in some instances it is not possible to obtain paving through any other means.

One director said, "We just don't want to tell anybody they have to take and pay for paving."

A motion was introduced by Sam Aldridge, and seconded by Otis Huggins, that the Chamber go on record as approving a paving project on a voluntary basis, and that a committee be appointed to work on this voluntary basis.

Open Ditches Giving Way To Aluminum Pipe on Plains

Look—No Ditches

There's not a farmer on the High Plains who doesn't love the sight of running water—especially when it is under control and is bringing life to his thirsty crops in this semi-arid region.

Since deep-well irrigation was developed on the Plains a number of years ago, and has since spread to millions of fertile acres, open irrigation ditches carrying millions of gallons of water are a common and handsome sight on the landscape.

However, beauty is giving way to economy and convenience as farming continues its relentless march toward greater use of devices which reduce manpower and eliminate waste.

The irrigation ditch is slowly being crowded out by highly engineered, skillfully installed water transportation systems making use of concrete and aluminum. The farmer who once has tried the newer method never again longs for the sight of his irrigation water in a ditch, assert long-time users of pipe.

Concrete and aluminum systems result in important economies of time, labor, money, and WATER. The last saving is one which is becoming increasingly outstanding as more and more farmers awake to the need for conservation measures.

Two months ago, a story appeared in The Tribune giving detail of how concrete pipe systems were installed and operated. Very few portions of this part of the farm are ever seen by the casual observer, the reason being that it lies underground.

However, there is a story in itself surrounding the use of aluminum pipe, which most often is found working as a "partner" with concrete underground pipe. All of the aluminum lies above the surface, and is easily observed.

Thought to be the first persons in Parmer County to ever make use of aluminum pipe are Roy Euler and his son, J. R., of the Summerfield community in the extreme northeastern part of the county.

Four years ago they watched with interest the activity of a neighbor, Perry McMinn, who "went out on a limb" to install some underground concrete pipe. Very little had been placed in use in that part of the country at that time.

"We laughed at him when he spent money on the tile," says J. R., "but the stuff worked so slick that before you knew it, we were doing the same thing."

The Eulers reasoned that if money, time, and water can be saved by taking the water to the field in concrete pipe, it should be saved after arriving at the field, before it is placed into the rows. So they investigated, and were the first to purchase aluminum pipe to transport the water from the "riser" of concrete to the rows of their fields.

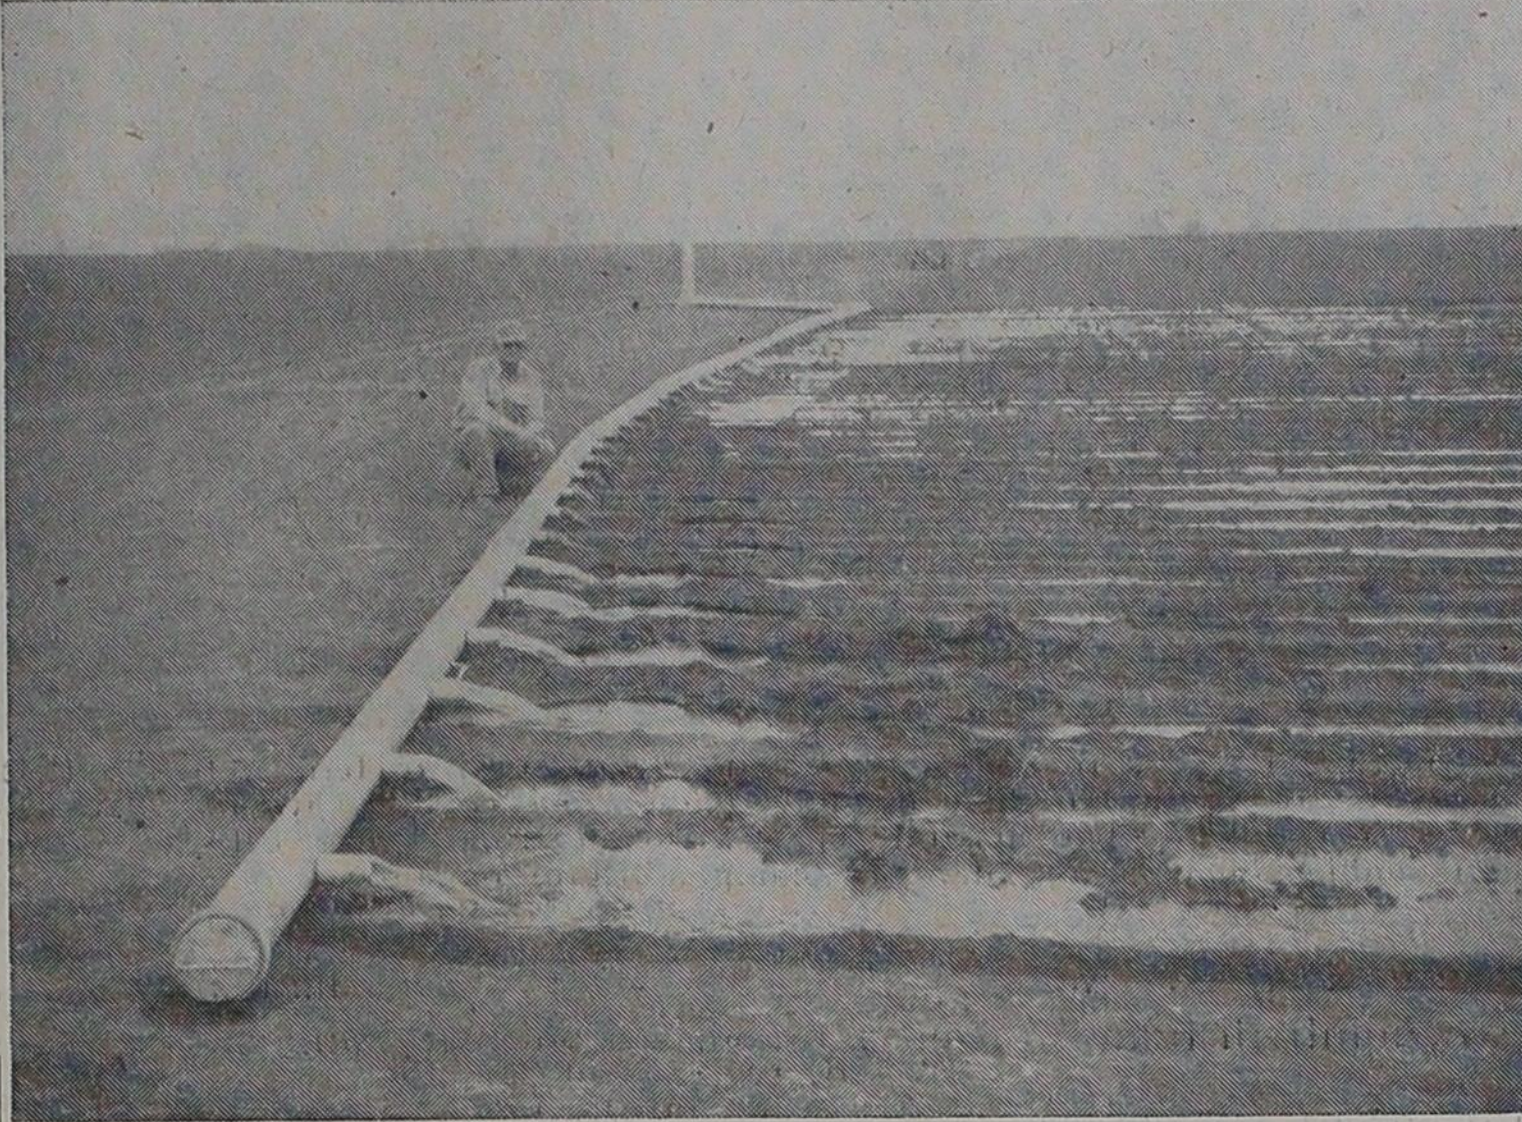

(J. R. adds that McMinn took a cue from the people to whom he had given a cue, and shortly put in some aluminum pipe, too.)

"Bud," as J. R. is called by his friends, claims that the family had much to do with standardization of aluminum pipe in the months that followed. Their farm was operated almost under experimental conditions, and recommendations to the manufacturer were found to be common.

In the pictures accompanying the story, Bud is shown operating 140 feet (seven sections) of pipe, at the end of which are installed 42 2½-inch control valves.

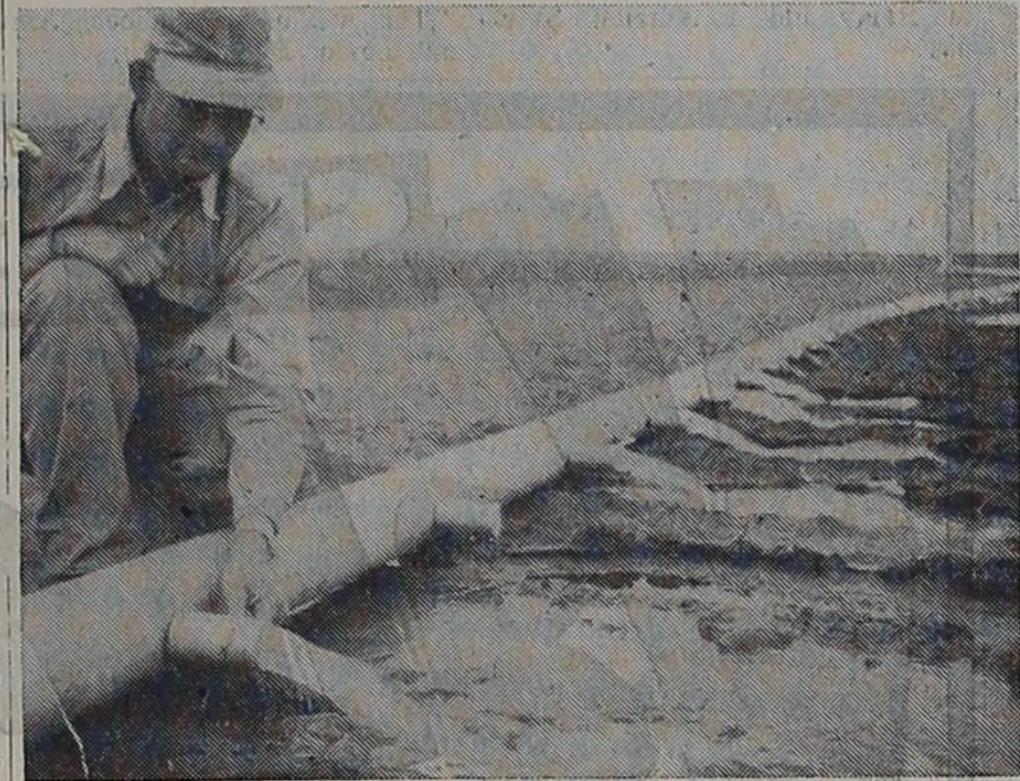

Where the pipe joins the concrete tile is located a hydrant, and from there 8-inch pipe begins the journey to the rows. It is then reduced to six inches.

Those sizes are popular because of typical capacities of Plains wells, says Euler, and his own is pumping 900 gallons per minute.

It's really a snap to water with aluminum pipe systems, according to J. R. Euler, shown above. He waters a half-section by himself "in his spare time" with the greatly simplified system. Note that no water is exposed to seepage or evaporation hazards until it reaches the rows themselves.

PLENTY OF ADJUSTMENT, TOO

It's easy to control the amount of water that goes down each row. J. R. Euler illustrates that just a twist of the control valve will open or shut the outlet. Note that the second valve has been closed.

Although the well is actually 2000 feet away from the scene of watering, not a drop has been wasted up until the point where the water enters the rows.

"If it wasn't for the concrete and aluminum pipe system, I couldn't possibly farm this half-section myself," says Bud, who makes use of two sets of aluminum.

In this way, he can have one waiting to turn the water into when one water setting is completed. There is no shutting off of the well, and no delay. There, of course, are no tubes to set, either.

By watching carefully, says Bud, it is possible to water most land without any loss of "tail water" (the water which runs out of the end of the rows).

High winds, tumbleweeds, and steep land doesn't bother this type of operation at all, and work goes on just as if normal conditions prevailed.

"Fast ditches," brakes in the ditch from gopher holes, cutting of the ditch by wind-blown waves, stoppage of tubes from trash—

these are all unknown complaints on the Euler farm, where irrigation is as nearly automatic as possible.

How About Financial End? Aluminum pipe sounds expensive—and would be—if it didn't last more than a year or two at a time. It costs \$2.85 a foot for 8-inch pipe, and a typical set for one well will run about \$1000.

However, farmers consider it a good investment for the reasons already mentioned, plus the fact that it will last indefinitely (the rubber couplings are the only thing to wear out).

J. R. is of the opinion that the recent change in Internal Revenue regulations permitting farmers to depreciate in one year equipment purchased for soil and water conservation will apply to aluminum pipe, also.

There is no government cooperative program such as the one in which the ASC shares the cost of buying and installing concrete pipe. Bud estimates that there are "at least one hundred" complete

And Plenty Light, Too

The explanation for the pipe's portability lies in its light weight. Kay Ann and David, small children of the J. R. Eulers, show how easy it is to pick up a 20-foot, 6-inch length of pipe, complete with gates. In fact, David can lift it all by himself.

Honored on Ninth Birthday

Twilla Gallman was given a birthday party Saturday afternoon on her ninth birthday in the home of Loretta Nell White.

Games were played and then Twilla opened her many gifts.

Favors of wind mill wheels, balloons, and bubble gum were given to each one along with the refreshments of cookies and cold drinks.

Those present to help celebrate the occasion were Janice Gallman, David Gallman, Leatrice Gallman, Robert Gallman, Kirby Birch, Deborah Birch, Conney White, Donna White, Billy White, Steve Young, Pat Chitwood, Roxi Ann Williams, Karyl Williams of Friona, Lena Beene, Gayle Scruggs and Linda Leslie.

Also Elaine Embry, Charollete Seaton, Theresa Seaton, Jimmy Haynes, William James, Wynell Barnes, Sondra Williams, Kenneth McGehee, Richard Gordon, Loretta White, Mrs. Fred Gallman, Mrs. D. Chitwood, Mrs. Jimmy Seaton, Mrs. Ross White, Mrs. Fred Birch, Mrs. W. C. Williams and Mrs. Gene White.

Give Surprise Party

Intermediate G. A.'s of the Lazbuddie Baptist Church surprised their counselor, Mrs. Earl Peterson, with a birthday dinner in the home of Mr. and Mrs. Wesley Barnes, on Sunday, April 17.

As Mrs. Peterson entered the door, she was presented with a lovely white carnation corsage and the girls sang "Happy Birthday."

The table was centered with an arrangement of red roses and white candles on white lace over a green

cloth.

Mrs. Peterson received many nice gifts from the girls in her G. A. organization.

After the meal, birthday cake and ice cream was served to Marie Houston, Ona Lee Porter, Rosemary Agee, Maudine Barnes, Lois Vanlandingham, Alice Gordon, Earlene Peterson, Patricia Peterson, Mr. and Mrs. Wilson Clemens, Donald, Raymond and Carol Clemens, Wayne Peterson, Richard Gordon, Mr. Earl Peterson, John Vaughn, Mrs. Bert Gordon, Wynell Barnes and Mr. and Mrs. Wesley Barnes.

Hereford Is Scene Of Jr. Sr. Banquet

The annual junior-senior banquet of the Lazbuddie High School was held on Thursday, April 14, in the Jim Hill Hotel in Hereford.

An April Showers theme was carried out in the decorations. At the entrance of the banquet hall there was a rose covered arch with a miniature white picket fence covered with roses and balloons. The tables had carnation centerpieces.

Speaker of the evening was J. W. Witherspoon. Mrs. Witherspoon accompanied her husband to the banquet.

The menu consisted of baked ham with pineapple sauce, candied yams, combination salad, corn, hot rolls, iced tea, and blackberry cobbler.

Place cards were in small baskets with mints and nuts inside them while the menu and program folder had red flowers on them with program information typed on the inside.

TAKE TRIP TO BROWNWOOD

Mr. and Mrs. Luther Ham have returned from a trip to Brownwood where they left their daughter, Winnie Paul, at Howard Payne College.

They also went to Gatesville where they spent the night with Mrs. Ham's mother, Mrs. A. L. Freeman. From there they went to San Antonio and visited Louis Freeman, Mrs. Ham's brother. In Gregory they visited Mr. and Mrs. Ivan Baucom.

The Hams went to Port Lavaca to visit with Mr. and Mrs. I. S. Chatterton. Between Port Lavaca and Lancaster, Mrs. Ham reported that they saw miles and miles of the Bluebonnet trails. At Lancaster, they spent some time with Mr. and Mrs. Jim Delmar and as they returned home their grandson, Jamie, returned with them for a visit.

Daniel Tarter of the Lazbuddie community is in the hospital recuperating from surgery he had last Friday. He is in the Clovis Memorial Hospital, but it is reported that his condition is satisfactory.

Lazbuddie senior class received and distributed their annuals last week.

Their invitations for commencement arrived as also did their senior class panel that is to hang out in the hall of the high school. The seniors are proud of the work that they have done this year and hope to be able to do the same kind of work wherever they go from their high school.

James G. Ward, superintendent of schools at Lazbuddie, attended an administrators conference the first part of the week.

Lazbuddie Baptist WMU met at the church for a Royal Service meeting. The study was on the Baptist work in Hong Kong, China. Those present for the inspiring program were Mesdames Claude Heath, C. K. Roberts, Wesley

Four Teachers Resign For Next Year

Four Bovina teachers offered their resignations for the coming school term. Herman Henson who has been vocational teacher in Bovina for the past four years has resigned to take a position closer to Lubbock. Mr. Henson has developed a feeding pen and FFA project pen for the chapter that is one of the best projects in this area. He has also won a number of first places with his stock judging teams since he has been employed at Bovina. This year his boys have won three first places in the dairy division and have won two milking shorthorn heifers for the chapter.

Mr. and Mrs. Collins who have been employed in the Bovina school for the past years have resigned to take a position elsewhere. Mrs. Collins has been band director and Mr. Collins has been junior high and assistant high school coach in the Bovina school system.

Miss Joanne Thorn, commercial teacher, has also resigned to take another position.

Malcom Has Surgery At McKinney

Dale Malcom of Bovina underwent surgery at the Veteran's Hospital at McKinney on Monday night.

Mr. and Mrs. Marion Carson returned to Bovina Tuesday night after having visited Malcom at McKinney. Mrs. Carson is Malcom's sister.

W. E. Malcom of Marlowe, Okla., father of Dale Malcom, is visiting this week in the home of his daughter and family, Mr. and Mrs. Marion Carson.

Dale would appreciate receiving cards and letters from friends in and around Bovina. His address is Ward 103, Veteran's Hospital, McKinney, Texas.

Colors Approved For Building Interior

Architects Atkinson & Atcheson approved the color scheme and color samples for the new Bovina School building after testing them Tuesday afternoon. The building will have a wide range of modern color shades throughout the classrooms. No two classrooms will be of the same colors. Contrasting shades in the rooms will be followed to get the most pleasing effects.

HAVE GOOD LUCK

The Buck Ellisons and Ike Quickels, who are fishing at Elephant Butte, reported to relatives and friends here that they are having very good luck. So far, they've caught a 34 lb. catfish and 44 lb. catfish.

Two Heifers, Many Awards Won By Bovina Dairy Team

The Bovina FFA Dairy Judging team, composed of Billy Johnson, Larry Ezell, Billy Richards and Joe Riley, evidently have "Milking Shorthorn blood" in their veins. It all started two years ago at the farm of Harry Rothwell near Dimmitt.

Each year the Texas Milking Shorthorn Association sponsors various field days in the state, one in the vicinity of Dimmitt, Littlefield, Amarillo and at Roscoe, Texas. The ones at Dimmitt the past three years have been held for two years at Harry Rothwell's and one year at Leo Witkowski's.

The Littlefield field day is sponsored by V. M. Peterman of Amherst and the Lewis brothers of Levelland, both noted Shorthorn breeders in the U. S. The one at Roscoe is sponsored by R. E. Gracy, who is one of the top Shorthorn men in the nation. A judging contest, comprising from seven to twenty teams, always is a highlight of three field days.

Two years ago, the Bovina team composed of Donald Lloyd, Donald Ray Barron, Don Owens and Alfred Moody won both the Dimmitt and Littlefield contests. Moody was high individual at Dimmitt and Lloyd at Littlefield. Last year the team, composed of Billy Johnson, Larry Ezell, Billy Richards and Ed Slovak won both contests again. Ezell was high individual at Dimmitt and Slovak at Littlefield. At the contest at Littlefield last year, V. M. Peterman told the team if they won again next year (this year) that he would give them a registered Milking Shorthorn heifer.

They began this year by winning the contest at Dimmitt again. Billy Johnson was high individual. They then went to Littlefield, where they won, but this time they were topped for high individual. Levi Johnson, a local Milking Shorthorn breeder of long standing, told the team if they would go to the contest at Roscoe and win it, that he would

Eighth Graders Have Banquet In Clovis

The eighth graders of Bovina enjoyed "Smorgasbord" at their banquet which was held at the Silver Grill in Clovis Friday night, April 15.

Allan Cumpton opened the program with the invocation and Nicki Woelfel presided as mistress of ceremonies.

A girls quartet, composed of Arlene Clayton, Nita Beth Estes, Joan Kay Ezell and Nancy Cumpton, sang "Melody of Love." They were accompanied by Julia Lloyd. Dwayne Rea and Elmer Snodgrass played two cornet duets, "Humoresque" and "Auld Lang Syne." Mrs. Harold Collins, class sponsor, presented the class prophecy and Gladys Dean read the class will. Billy Burnam, class president, gave a farewell speech.

The eighth graders' parents were guests at the banquet and faculty members attending were Mr. and Mrs. Harold Collins and Supt. W. H. Willoughby.

Class members are Don Bandy, Ramey Brandon, Billy Burnam, Arlene Clayton, Nancy Cumpton, Gladys Dean, Nita Beth Estes, Joan Kay Ezell, Mildred Young, Barbara Williams, Nicki Woelfel, Robert Slovak, Halbert Webb, Barbara Taylor.

Also Billy Ray Sherrill, Elmer Snodgrass, Gene Stevens, Kent Glasscock, Kay Hartzog, Don Jones, Ferman Kelso, Ronnie Isham, James Lawlis, Julia Ann Lloyd, Janice Richards, Dwayne Rea and Billy Routt.

also give them a registered heifer. They did—and as a result they now have seven team trophies, six individual trophies, (Billy Johnson was high individual at Roscoe) and two registered Milking Shorthorn heifers.

This year they also won the Great Southwestern Dairy Show judging contest at Portales, competing with 22 teams; the Panhandle-Plains Dairy Show at Plainview, competing against 52 teams (they were first in all breeds, and had high teams in Jerseys, Brown Swiss and Guernseys).

Out of 156 individual contestants, Billy Richards ranked second, Billy Johnson ranked third, and Larry Ezell ranked ninth.

The team plans to enter a regional meet at Lubbock soon.

Herman Henson is vocational agriculture teacher and judging team coach at Bovina.

Seniors To Use New Auditorium

Bovina senior class is looking forward to being able to have their senior play in the new auditorium. Although the entire building will not be completed by that time, the auditorium is expected to be ready for them.

They also expect to have baccalaureate and commencement exercises in the new auditorium. If the schedule for the work is followed, these exercises will be the first to be held in the auditorium.

Good Neighbor HD Meets In Jim Roberts Home

Bovina Good Neighbor HD club met in the home of Mrs. Jim Roberts on April 15 with 15 members and one guest present.

Meeting was opened by the president who led the group in the HDA creed and prayer. Roll call was answered with "A Program I Would Like in 1956."

Miss Corinne Stinson, County Home Demonstration Agent, gave a talk and demonstration on living room and kitchen arrangements.

Mrs. Dorothy Kent and Mrs. Bandy received gifts from their secret pals.

The club's goal of making receiving blankets and small shirts for the Friona Hospital has been completed and the items have been given to the hospital.

Mrs. Dorothy Looney furnished the cake for the meeting and Mrs. Roberts served punch to the group.

Two new members, Mrs. J. D. Stevens and Mrs. John Taylor, joined the club at the meeting.

Next meeting will be on May 6, at the home of Mrs. Charles Vickers. Mrs. Floyd Dunavant will furnish the cake for refreshments.

Stork Shower Honors Mrs. McCain

Mrs. Leslie McCain was honored with a stork shower Wednesday, April 13, at 2:30 p. m. at the Bovina Baptist Church.

The lace draped serving table was centered with "old doctor stork," complete with stove pipe hat and black bag.

White cakes topped with blue booties were served with pink lemonade. Plate favors were small mint cups and miniature storks.

Attention was again centered on "Mr. Stork" as the honoree and guests tried to pin a baby to his bill. Winners received prizes of pins and socks and losers had to perform for the other guests.

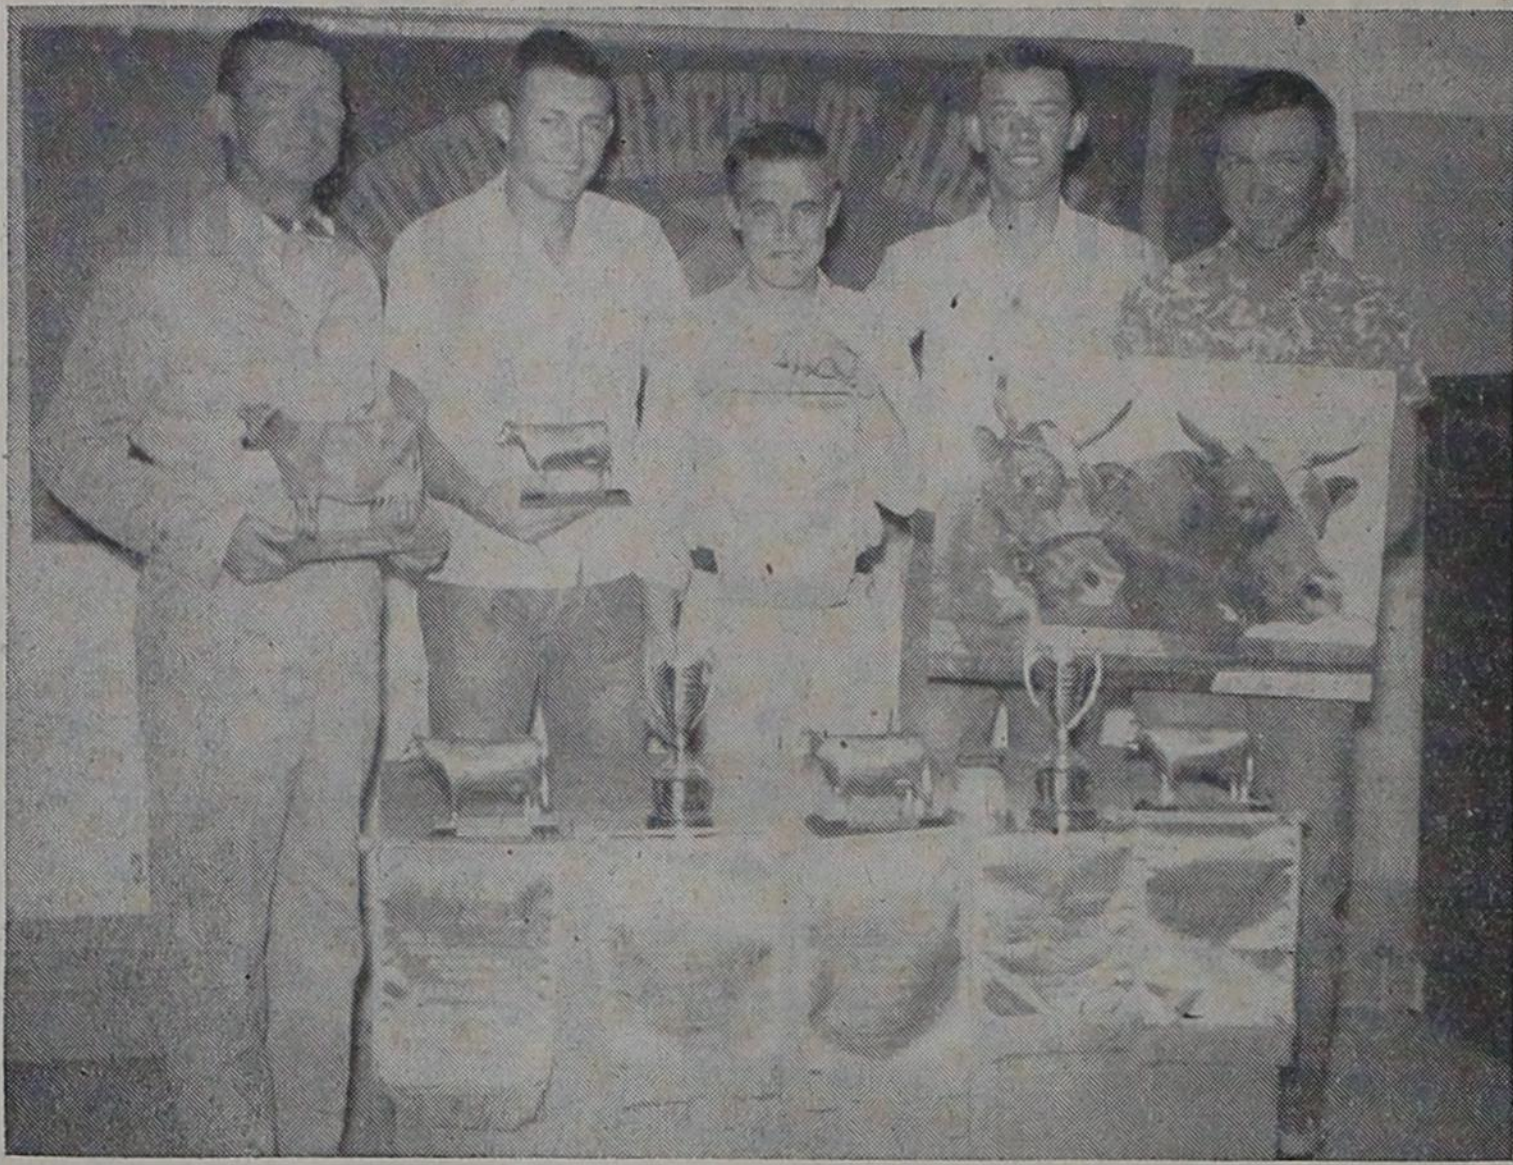

Mrs. Ovid Lawlis read a poem presenting the gifts to Mrs. McCain. Carnation corsages were pinned on the honoree and her mother, Mrs. C. M. Sanders, and her mother-in-law, Mrs. Claude McCain.

Guests were Mesdames J. D. Kelley, Claude McCain of Fieldton; C. V. Hill of Fieldton; Eldon Hill of Fieldton; Cecil Berry, Charles Vickers, Grady Sorley, Glen Lesley of Farwell, Tom E. Johnson of Friona; David Settler of Friona; C. A. Ross, C. M. Sanders of Pettit, C. S. Sanders of Pettit, F. S. Thigpen of Texico; Harold Hawkins, B. R. Horton, Henry Minter, Alvin Glasscock, Travis Lloyd, Ovid Lawlis, P. A. Adams, Virgil Goodwin and F. O. Turner.

Hostesses were Mesdames Al Kerby, F. O. Turner, Virgil Goodwin, Bobby Englant, Bass Elliott, P. A. Adams, Ovid Lawlis, Travis Lloyd, Alvin Glasscock, J. O. Combs, Henry Minter, B. R. Horton, and Mrs. Harold Hawkins.

Mr. and Mrs. Eddie Hutto and children went to Tulia Saturday night to visit his parents, Mr. and Mrs. W. A. Hutto.

Judging Team Collects Trophies

Exhibiting the many trophies won as a dairy judging team are Herman Henson (left) coach; Larry Ezell, Billy Richards, Billy Johnson, and Joe Riley. Five first place banners, four copper-plated miniature animals, two cups, and a silver bell can be seen. In addition, Johnson and Riley are holding a picture won also.

Party Given For Two On Eighth Birthday

Billy Minter and June Gay Douglas celebrated their eighth birthdays, Sunday, with a party given in the Henry Minter home with Mrs. Minter and Mrs. R. L. Douglas Jr., as hostesses.

Favors of hats, whistles and candy were given to the guests and all enjoyed a number of games led by Mrs. Douglas.

The birthday cake, a very interesting centerpiece in the children's eyes, was a circus merry-go-round, complete with the tent and horses and the eight candles forming the center.

After the gifts were opened, cookies, punch and ice cream were served to Paula Kerby, Patsy Lloyd, Maureen Hammonds, Billy Jay Charles, Patricia Crook, Paul Ratliff, Bonnie Morris, Ronnie Glasscock, Danny Mack Glasscock, Lou Ann Goodwin, Foy Pricer, Carol Hammonds, Harriet Lou Charles, Larry Hammonds, Ronnie Hamby, Mrs. H. L. Hamby, Mrs. J. T. Hammonds and the honorees, Billy Minter and June Gay Douglas.

Will Be Speakers At Graduation

W. O. Cherry, a former superintendent of Bovina Schools will deliver the commencement address at the exercises May 19. Baccalaureate services will be May 15, with Rev. Vance Zinn of Oklahoma Lane as speaker.

Study Club Studies Government Program

Bovina Woman's Study Club met April 14, in the home of Mrs. O. W. Rhinehart with Mrs. H. N. Turner as co-hostess.

After the committee reports, the group was entertained by a Fantasy Skit entitled "Uncle Sam Squirrel Project" given by Mrs. J. P. Macon, Mrs. Bill Bradshaw, Mrs. Cecil Berry and Mrs. Arlin Hartzog.

Program topic for the meeting concerned phases of government. After the program, refreshments of home made ice cream and white cake were served.

Members present included Mesdames Frank P. Wilson, Charles Ross, W. H. Willoughby, Amos Shockley, Reagan Looney, Lloyd Battey, Jay Sherrill, Bass Elliott,

Mrs. Vernon Estes Is New President

Bovina PTA met Monday night at the Methodist Church for the program, "We the People, Secure the Blessings of Liberty Through Individual Responsibility." Mrs. Billie Sudderth was program leader.

New officers were elected as follows: president, Mrs. Vernon Estes; vice-president, Mrs. Bob Johnston; secretary, Mrs. Roul Barron; treasurer, Mrs. Elton Venable and parliamentarian, Mrs. Hodge Rigdon.

Miss Grace Paul showed a travelogue of pictures of her trip last summer through 23 states and parts of Canada.

Odell Ivy of Friona, winner of the district junior boys declamation contest, presented his declamation. Elaine Fuller, Don Cumpton and Larry Ezell also presented the declamations they gave in the Inter-scholastic League meet at Vega.

4-H Members Hear Demonstration

Fourteen 4-H Club members met at the homemaking cottage Tuesday afternoon, April 12, with their leader, Mrs. Earl Stevenson.

The leader presented demonstrations on bar cookies, leavening agents and patterns. The club also discussed sewing kits and what articles a kit should contain.

Ninety cents was contributed by the members to be sent to Austin for the "Share and Care Program."

Have Dinner Guests

Sunday dinner guests in the home of Mr. and Mrs. Elton Venable were Mr. and Mrs. Stacy Queen, Mr. and Mrs. Tuff Jones and children of Amarillo, Mr. and Mrs. Tommy Bonds and son, Mr. and Mrs. Bass Elliott and children, Mr. and Mrs. Bob Johnston and children, Jerry Bradshaw and Scooter Queen.

The afternoon was spent building a fireplace and a picnic table in the Venable's backyard, watching TV and visiting.

Prices of Farmland Decline in Texas

COLLEGE STATION—Prices of farmland in Texas fell two percent in the four months ending November 1, 1954, according to a farm real estate market report issued

by the U. S. Department of Agriculture.

In general, prices of farmland strengthened in the central Corn Belt and some states along the eastern seaboard, while in most other states they drifted moderately lower. Texas was among 11

states to drop two percent or more.

New high prices were reached in six states, and in 16 others values were within five percent of their previous highs. Largest declines were in the mountain and Pacific Coast regions where farm real estate values in November aver-

aged 15 percent lower than peak levels.

Most of the moderate change in land values occurring in individual states was credited to local and regional differences in weather, crop outturns and local supply-demand situations, says USDA.

In some Southeastern and South Central states, lower farm income

and inability of many prospective buyers to meet lender's requirements resulted in a dull and inactive land market.

Wyoming and Colorado showed the largest declines in farmland

prices, four and three percent, respectively, reflecting the severe drought in parts of these states.

Auditorium Started For Church of Christ

The 6th Street Church of Christ began construction of their auditorium last week, and when completed, it will seat approximately 470 persons, says R. L. Fleming, foreman. It is located east of the present building on the corner of 6th and Prospect.

Glenn Stevick, Friona, is the contractor for the building which will be built at cost of \$40,000 and will have a modern architectural design, says M. B. McKinney, minister.

The entire building will be 70 x 80 feet, but the auditorium will have dimensions of 64 x 48 feet. Besides the auditorium, the building will house the minister's study, a nursery, restrooms and one classroom. There will be two entrances, both of them on the south side. The entire building will be constructed of tile and brick and it is hoped that it will be completed by the middle of July. It will be completely air-conditioned in the summer and heaters in the basement will keep it warm in the winter.

The auditorium now in use by

the church seats 275 and will be turned into classrooms when the new construction is completed.

The last additions to the church were four classrooms completed about two years ago, says McKinney.

Funeral Services Held For Mrs. Eula Hogue

Funeral services were held at the Friona Methodist Church last Sunday afternoon for Mrs. Eula Annis Hogue who passed away Saturday, April 16, after an illness of several months. Rev. W. C. Williamson, pastor of the Baptist Church at Pettit conducted the services assisted by Rev. Ural Sherrill, pastor of the Friona Methodist Church. Interment was made in Memorial Garden at Dimmitt.

Mrs. Hogue was born August 26, 1899 in Mt. Olive, Arkansas. She was 56 years old at the time of her death.

She had lived in Pettit with her family for nine years and moved to Farmer County to live in the Hub Community in January of this year. From 1934 to 1935, the family had lived in the Lakeview community of Parmer County.

Mrs. Hogue is survived by her husband, Clifford Hogue; six daughters, Mrs. Kenneth O'Brian, Mrs. Russell, Mrs. James Cunningham, Jeanette and Shirley Hogue, all of Friona, and Mrs. John Box, Post; one son, L. V. Hogue of Pep; her mother, Mrs. R. A. Robertson, Briscoe, Texas; three sisters, Mrs. Orilla Douthett, Briscoe, Mrs. Leila Anderson of Niles, Mich.; Mrs. Henry Thornton, Conway, Arkansas; three brothers, W. K. Robertson, Cheyenne, Wyo., D. D. and W. J. Robertson of Gary, Indiana.

Mrs. Hogue became a member of the Methodist Church when she was a small child.

State FHA Meeting Is In Galveston

The state meeting of the Future Homemakers of America started today (Thursday) in Galveston and will continue through Saturday. Those who are attending from Friona are Pat Rymer, home economics teacher, Deniese Magness, Deann Buske, Carol Blackburn, Phyllis Treider and Marie White. Deniese, Deann and Carol will receive their state degrees in home-making and Phyllis is attending in the capacity of the district song leader and Marie is the district president.

The Friona group left Wednesday afternoon, traveling by car and they plan to start for home some time Sunday.

Cub Leaders Plan Summer Meetings

The leaders of Cub Scouts in Friona met last Thursday night in the home of Mr. and Mrs. Fred Barker to plan the Cub meetings for the summer. This was the last time the leaders would meet until October.

It was decided that the leaders and the Cubs would have a combined meeting each month throughout the summer. The tentative plans are as follows: May, will travel to Palava in Amarillo; June, will go to Amarillo again on Air Force Day; in July they will have their annual outing. This is when the fathers and the Cubs will go to Camp Don Harrington, outside of Canyon, on a Saturday. On Sunday, the mothers will go and take a lunch. In August they plan on having either a family picnic or an ice cream supper and in September they will begin having their regular weekly meetings.

It was announced that the Cubs are needing Den mothers for next year. There are quite a few boys who would like to join, but who can't because there are not enough leaders, says Mrs. Vernon Roberts, den mother. If anyone is interested in this most worthwhile job, they are urged to get in contact with Fred Barker, head leader of the group, at the Texaco Service Station in Friona.

Committee Named By Lions Club

The Lions Club of Friona met last Thursday evening at the clubhouse and the regular business of the organization was conducted.

A nominating committee was selected to choose the members who will vie for offices for the coming year. Those on the committee are Weldon Dickson, J. T. Gee and Wesley Foster. They will present nominees at the next meeting of the club which will be on April 28.

The members discussed the Lions Convention to be held in Lubbock on April 24, 25 and 26. It is hoped that at least five members from Friona will be able to attend as delegates, says Charles Scales, secretary. Who will be selected as delegates, will depend upon which members will have some free time to devote to it, he adds.

ATTEND CONVENTION

Mrs. H. K. Kendrick, Mrs. Ralph Miller and Mrs. Guy Latta of the Modern Study Club were in Snyder last week to attend the Federated Clubs Convention.

Concert Association Needs More Members

Mrs. H. K. Kendrick, wife of the president of the Town Hall Concert Association in Friona, announced this week that the association would like to have more members.

"It is necessary," she says, "that more members be acquired so that the concerts can be brought into Friona."

Anyone interested in joining is urged to call either Mrs. O. J. Beene or Mrs. Newman Jarrell, Jr. who are the co-chairman of the membership drive. Fees are \$10 for a family, and \$6 for a single membership. This enables them to attend the four concerts planned for this year without charge. Only members of the concert association are permitted to attend the programs.

Very Slight Decline At Friona State Bank

Official statements of condition released for the first quarter of 1955 show only a slight decline in total deposits at the Friona State Bank, compared with the very high figure recorded three months ago as 1954 ended.

Deposits at the close of business last Monday were \$3,241,461.47, compared with \$3,680,548.47 at the close of business December 31, 1954.

Since there is very little agricultural income in the period just ended, the deposits appear to be holding up well. Total resources at Friona State are listed at \$3,469,424.65.

Friona PTA Will Install Officers

PTA will meet Thursday night, April 21, at the high school auditorium.

The Girl Scouts will be in charge of the installation of the new officers and will also present a program. The devotional will be given by Mrs. Eva Miller.

This is the last PTA meeting this term. Everyone is welcome to attend.

Big Turnout Reported For Cummings Store

A large crowd visited the new Cummings Farm Store in Friona Saturday, according to Doyle Cummings, and 354 persons signed the guest register during the day.

Prizes totaling \$100 were awarded four lucky persons who signed the register, and those included Ira Wise, \$40; Geneva Williams, \$30; C. C. Roff, \$20; and Danny Bainum, \$10.

Cummings reported he was well pleased with the response.

Mrs. A. O. Drake visited her daughter, Mrs. Treva Reece, in Canyon Sunday.

TAYSTEE CREAM DRIVE-IN

The Taystee-Cream Drive-In is expected to be completed within the next two weeks, says Kenneth Williams, owner. He says that he had hoped it would be ready by now, but delays have been encountered. The drive-in is located at 823 Main, across from Friona Consumers.

in & ground FRIONA with the gang

Noticed that someone is putting up a billboard just outside the city limits, towards Bovina. We don't know as yet what it will say, but we hope it will be an advertisement for Friona. We noticed that they have a couple of signs out that way that advertise some establishment about 20 miles away from here.

Gib's Cleaners in Friona is getting a "repair" job. It isn't completed yet, but it is already looking wonderful with new windows and stucco. Mrs. A. H. Boatman, Gib's mother, told us that she has wanted to redecorate for some time, and has just recently seen her dream materialize. We are happy for her and we hope everyone else is too.

When they water the lawn at the city park in Friona, they really drown it. Seems that they don't have any way to cover a lot of ground so the city park's caretaker uses a fire hose to do the job. It does the job very well, almost too well if the wind happens to be blowing the right—or wrong—way. Anyone care for a shower?

The improvements in Friona in the past few weeks astound us. The old sidewalk in front of the Friona

Shoe Shop has been replaced with a nice smooth walk. What a difference! There is just one more patch along there and then we won't have to worry about falling on our face when we come up to it. We bet that a lot of people will, unconsciously, be careful when walking over the newly paved part of the walk, forgetting that it has just been repaired.

Students at the high school enjoyed listening to "pop" records during a class the other day. It seems that Tacy Smith, biology teacher, was playing some of same and it is reported that they could be heard up and down the hall, but no complaints were heard.

John Parish, grade school principal, was in Texhoma (Texas, that is) the other day and while there decided to go fishing. He says he went there on business, hmmm. Well, anyway, he came home with a 5 1/2 pound bass that he hooked in Texhoma Lake. He claims that it wasn't a fish story he was telling us, although we did doubt him for a while. It was verified by Mrs. Bill Lehnick, the superintendent's secretary, who was present at the time Parish was giving out the information. She says that she saw the head of the fish.

Dillie Kelley, high school principal, has re-arranged the furniture in his office. He says he did it so he could "keep the sheep in and the wolves out." He explained that he could put one foot up on one desk and the other up on another desk and then "just dare anyone to

try and get by me."

During 6th period at the high school, they had a new but different band director. We forgot to ask him how he liked his job, but we can imagine that he had a lot of fun in the process. Forgot to tell who it was? Oh, well, we can't keep it from you any longer. It was Don Lewis.

OWNERS REPORT:

"SAVINGS UP TO 35%"

with MINNEAPOLIS-MOLINE LP GAS Tractors

Actual reports from owners show savings up to 35%... with Minneapolis-Moline factory-built LP Gas Tractors. With savings like that a matter of record, you can't afford to overlook the possibility of powering your farm the MM LP Gas way. Pioneers of the first factory-built LP Gas Tractor... leader in the field since 1941... MM now offers you three tractor models, to give you the right tractor for your farm. There's the MM Model Z (2-3 plow, 2-4 row); the MM UB (3-4 plow); and the MM G (4-5 plow). Special MM features, built-in right at the

factory, give you greater fuel economy, safety and operating convenience... plus as much as 10% greater power. MM LP Tractors are factory-equipped with special cylinder heads, carburetors, extra heavy tanks to resist pressure and safety pop-off valves to meet state safety requirements. The tanks are mounted where they are easy to control and they are built to preserve the trim appearance and practical advantages of MM Visionlined design. When you buy an MM LP Tractor, you buy engineered performance... outstanding in the field.

MM LP TRACTORS CUT YOUR COSTS 4 WAYS

- 1 LOWER FUEL COSTS—LP Gas costs from 4 to 11 cents less... depending on locality. This saving alone can amount to hundreds of dollars a year.
- 2 LOWER REPAIR COSTS—Cleaner burning LP Gas eliminates carbon and crankcase dilution. Oil stays clean, engine runs cooler. Spark plugs last longer and piston efficiency goes way up.
- 3 TRACTOR LASTS LONGER—It stands to reason, when you get less wear and better performance, your tractor will serve you far longer.
- 4 MAINTAINS INVESTMENT—Your more efficient, more powerful MM LP Gas Tractor is worth more, longer! Your equipment investment is protected for years to come, keeping you money ahead.

For more tractor power, plus fuel and maintenance savings that keep your farming profits high, come in and ask for the facts on MM LP Gas Tractors.

Ford's more powerful "RED TIGER" engine steps up power 30%!

Here's a big reason for 800 Ford Tractors' performance-plus. They are powered by Ford's advanced "Red Tiger" engines... fully 30% more powerful than any previous Ford Tractor engine. The large bore, short stroke design delivers more power on less fuel, with less engine friction and wear. There are many advanced features in the new Ford "Red Tiger" engine, too. Only Ford's vast manufacturing resources and mass production efficiencies could bring you so much tractor engine at such a low cost!

POWER AS NEVER SEEN BEFORE!

The hearts of the New 1955 Ford "800" tractors are their new Red Tiger Engines. Now you can have more power than ever before!

NEWS FROM THE FARM BUREAU

J. Walter Hammond's appearance in Friona next Tuesday night will be an event of great interest and importance to every citizen of the county. Large numbers of farmers from the four other counties invited have indicated they expect to be present. Mr. Hammond has been a faithful representative in his capacity as president of Texas Farm Bureau because he is an average farmer himself. Harold West, secretary-treasurer of Texas Farm Bureau, who will also appear on the program, is an equally good farm representative who farms. We hope there will be others than farmers present, and everyone is welcome.

You may have a new Texas Highway map by calling at the office. They came to us through the courtesy of Senator Andy Rogers.

After several technical failures to make it so, Parmer County Farm Bureau is your organization's official name. "Federation" has been deleted.

United Nations is more than a name; to Americans it is an agency to be watched diligently. To be considered as one of the amendments to its constitution this summer, is this one from the second London Parliamentary Conference on WORLD GOVERNMENT: (Caps are ours) "Membership in UN should be open to ALL nations of the world, and ALL must be urged to join. Once membership has been accepted, continued membership must be COMPULSORY. THERE MUST BE NO RIGHT OF SECESSION." Do you want your America involved in a world trap like that? Under World Government, there is no place in the world to escape it.

May 9th to 14th is National Cotton Week. The National Cotton Council has done much to promote the use and sale of cotton, at home and abroad. One of the greatest achievements in this field is the milling of cotton goods for dress, as well as work clothes; and a lot of money and effort was used to make this achievement. There is much more to do. If a market for a million more bales each year can be made, you the farmer, and you the businessman, in a cotton growing area, profit. About eight men, of thirty invited, attended a meeting last Friday at Bovina, where Mr. Gregg, of the National Cotton Council presented plans for cotton promotion in May. Farm Bureau will lend every possible aid to making that week one of recognition for cotton in Parmer County.

Consider This: A reproof entereth more in to a wise man than a hundred stripes into a fool. Proverbs 17:10.

CONFUSION of CREATION

How interesting are the workings of God! He takes the nucleus, the cell, the molecule and the protoplasm and forms staggering miracles. He even takes bodies who have gone almost to Hell and makes men out of them. The laboratories and the human bodies are His work shops. It was He who pulled the switch that set it all to work.

True science and true religion never conflict. God does not contradict Himself. His words and His works harmonize. Modern knowledge compels the revision of the theory that the earth is flat and that the sun daily revolves around it. Yet, it remains true that... "In the beginning God created the heavens and the earth." Religion once declared the work of creation was completed in six days of twenty-four hours each, and outlined in detail the creative process. With increased knowledge teachers are much less dogmatic as to time involved and procedures followed. God is still saying... "My thoughts are not as your thoughts, neither are your ways my ways."

His church is a good place to learn that fancied discords blend in harmony. Increasing numbers of people are able to see through His microscope... "tongues in trees, books in running brooks, sermons in stones, and good in everything." Every scientific finding by man is rooted in God. This is the confusion of creation.

Give Housewarming For Billingsleys

Mr. and Mrs. Sam Billingsley were happily surprised on Wednesday evening, April 11, when a group of friends paid them a visit in their new farm home.

The group enjoyed prayer meeting and song service with the Billingsleys as this was regular mid-week service time.

Present were Mr. and Mrs. Luther Grissom and Lola, Mr. and Mrs. W. P. Shelley, Rev. Vernon Willard, Doyn Merriman, Conrad Nelson, Mr. and Mrs. G. A. Bandy, Mr. and Mrs. Gene Snodgrass and children, Grandmother Snodgrass, Mr. and Mrs. Gene Rea and girls, Mr. and Mrs. Fred Kepley, Mrs. Geo. Douglas, Mrs. Owen Patton and girls, John West, Mr. and Mrs. Clarence Christian, Mr. and Mrs. Claude Primrose, Mr. and Mrs. T. L. Kent, Mr. and Mrs. Bud White and Cloe Ann, Mr. and Mrs. Dude Redwine, Mr. and Mrs. Jim Billingsley and Zel, Mrs. Clyde Perkins, Mrs. R. E. Blankenship and Ruth Anne, Mrs. Nelson Foster, Mr. and Mrs. Lee Jones, Mr. and Mrs. Bob Billingsley and girls, and Mrs. Francis King.

The couple was presented with an automatic coffeemaker and other gifts. Friends wish the couple many years of happiness in their new home.

Refreshments of cookies, coffee and punch were enjoyed by all.

Enjoy Outing

Oklahoma Laners enjoying a fishing trip over the weekend were Wendol Christian, Owen Patton, James Roach and C. Willard. They drove to Texhoma Lake in the hopes of finding lots of fish. Also enjoying the sport were Bill Johnson of this community and Troy Armstrong of Bovina. No reports of their luck have returned as yet.

Visit Sunday

Dinner guests in the Myron Hillock home Sunday were Mr. and Mrs. Turner Paine, Christine Paine and Judy Billingsley. In the afternoon, the Paines called in the E. W. McGuire home. Mr. McGuire is ill with the flu this week.

Are Dinner Guests

Dinner guests in the Gene Snodgrass home Sunday were Mrs. Owen Patton and girls, Donna Sudderth and Mr. and Mrs. Gene Rea and girls.

METHODIST CHURCH NEWS

Attendance Sunday, April 17, for church school was 103. Approximately 120 were present for the worship hour. Special number in music was a piano solo by David Willard.

The crusade for attendance closed on Easter Sunday with a decided increase in attendance.

Attends District Meet

Local members of MYF and leaders were in Lockney Saturday evening, April 16, for the quarterly meeting.

Attending were Mr. and Mrs. Gene Rea and Mrs. Gene Snodgrass as leaders, and members, Larry Cooper, Elmer Snodgrass, Barbara and Jennie Rea, Jeanette Lindop, Beverly Hubbell, Ruby Hillock, Roland Hillock, Douglas Hillock and David Willard.

WCS Meets

The ladies society met at the church Monday, April 18, with 13 members and two visitors present.

Roll call was answered by "The Oppositions to Jesus' Ministry."

The study course, directed by Mrs. Kent, was continued. Ladies having part on the program were Gladys Sudderth, Carrye Christian, Dot Christian, Marjorie Snodgrass and Bobbie Foster.

Other ladies present were Mesdames Belle Willard, Ruby Billingsley, T. L. Kent, Kathryn Merriman, W. P. Shelley, L. M. Grissom, Jennie Blankenship and Jet Jones.

ATTEND SCHOOL INSTITUTE

Ladies attending the Vacation Church School Institute at Y-L on Thursday were Marjorie Snodgrass, Kate Lindop, Grace Jones, Ruby Billingsley, Dot Christian and Jet Jones. Mrs. Snodgrass was one of the directors, having charge of the Primary session. Ladies attended this institute in preparation for the coming Vacation Church School of the Methodist Church beginning in June.

A. T. Kersey is on the sick list this week with the flu.

Mrs. Conrad Nelson returned home Sunday from Lubbock where she was hospitalized for some time. She is feeling much better now.

Mr. and Mrs. J. O. Nix are visiting here with friends and relatives. Their home is in Abilene, but they formerly lived in this community.

Mr. and Mrs. Tom Lindop attended to business in Plainview Monday.

Miss Sandra Patton plans to attend the junior-senior banquet at the Legion Hall in Bovina Friday

evening. David Willard is up and around again after being confined to the hospital for a few days last week.

Mrs. C. Willard drove to Mobeetie Friday evening to visit her parents, Mr. and Mrs. Frank Toddy of Mobeetie. Mrs. Toddy came home with her daughter to spend a few days.

Visitors in the F. E. Kepley home on Friday were Mr. and Mrs. A. E. Kepley of Ft. Worth and Mrs. Lou Gilleland of Wichita Falls, a brother and sister, respectively, to Mr. Kepley.

Velda Paine spent Sunday with Janice Billingsley.

Mr. and Mrs. Geo. Douglas and Grandmother Snodgrass were in Lubbock Sunday visiting relatives and friends.

Mrs. Bill Johnson is now employed at the Hi-Way Cafe in Bovina.

Telephone Meeting Attracts Large Crowd

Approximately 100 people attended the second annual meeting of the West Texas Rural Telephone Cooperative, Inc., held at the Jim Hill Hotel Ballroom on Saturday afternoon, April 16.

Those present enjoyed the program which was presented and the financial report made by Coy McDougald with the Applications and Loans division of Rural Electrification Administration.

A. O. Thomas, General Manager of Southwestern Bell Telephone Company, also gave an educational report.

The three directors elected to serve for a period of three years were H. M. Benson for the Dawn

Exchange; Charlie Burk for the Sharp Exchange; and Robert Wilson for the Westway Exchange.

An interesting sideline on the drawing of the prizes was that no two prizes were drawn in any one telephone exchange.

Prizes and winners were, Telechron Electric Clocks won by Robert Wilson and W. H. Alderson; Sunbeam Iron won by F. Y. Moran; Electric Mixette won by Mrs. Ruby Nunn, and a radio won by J. D. Gilbert.

Refreshments of coffee and doughnuts were served to the group after the meeting.

1 1/2 cups of orange juice
1 cup water
1/2 teaspoon orange rind

Method for making almond rice pudding cakes—Put the rice and milk in a 2 quart saucepan. Place over high heat until bubbles appear around the edge. Turn the heat as low as possible. Cover with lid and leave over this low heat 45 minutes or until most of milk is absorbed, stirring occasionally. Stir the sugar, vanilla and toasted almonds (toast almonds by placing blanched almonds on a greased pan in a 350° F. oven for 15 minutes.) Spread the rice in a greased rectangular baking dish about 10" by 6 1/2". Cover tightly with aluminum foil. Store in the refrigerator until time to serve. To serve, cut into squares of serving size and garnish with orange sections. Top with hot orange sauce.

Method for making orange sauce—Mix the sugar, cornstarch and salt in a saucepan. Slowly stir in the orange juice, water and orange rind. Heat, stirring constantly, over medium heat until sauce thickens. Serve hot or warm.

This recipe makes 5 to 8 servings.

Ivy, Louise Stigulde, Earl Peterson, Harold DeLoach, John Agee, Bob Freeman, Bert Gordon, Ira Wimberley and F. W. Green.

Lazbuddie Methodist Church is moving its parsonage in prepara-

tion for their new building campaign. The home will be moved west of its present location so that it will be out of the way when the new building is extended to the south of its present site.

You FEEL the difference

made by **WD-45** power

Touch the starter of the big WD-45 . . . drop the three-bottom mounted plow into the ground and take off through the field.

That's when you really feel the difference made by POWER-CRATER engine and modern tractor engineering in the WD-45.

You can inspect the new WD-45 yourself right here in our showrooms. We'll point out the reasons why WD-45's are causing so much talk in the industry and on the farm.
