WEEKLY WINNER -- William Dannheim, Sr., left, receives congratulations and a check for \$5, from Fred Chandler, manager of Sherley-Anderson-Pitman elevator in Farwell, on being able to call the most correct games and get closer to the score to win the weekly football contest, Chandler also reminds Dannheim that the SAP elevators are the "best place" to bring their grain as it is harvested.

Dannheim, Weekly Winner --

Dannheim, Sheets Tied For First

"Hip-hip-hooray" and "go-team-go" can be heard each Friday night as the local football team takes the field to meet its opponent in a fight to the finish game for the victory. Groans of "Oh no I missed that one," can also be heard if one listens closely as the scores begin to come in on the area games which have been played over the weekend as armchair contestants tally their scores to see just how well they did in calling the games correctly.

This week, second in the local football contest, some 200 persons pitted their wits against the pros to call the games. Out-calling the field was William

Dannheim, Sr., a regular in the contest for the past several years. He called eight games correctly and was off only three points on the game score to win the weekly first prize, Smokey Gast came in for second, calling eight correct games and seven points off on the score. Yvonne Hardage also called eight games right and was off 21 points on the game score, to take third prize in the weekly contest.

In the overall contest, William Dannheim, Sr. also is out in front in a tie with Alta Sheets with 16 games called correctly in the two weeks of the contest. Smokey Gast, E. A. Key, T. J. Kittrell, Billie Phillips, Glen

Phillips and Beulah Williams have called 15 games correctly to hold a close second place.

Twenty-two persons are in a tie for third place with 14 games called correctly.

There is still ample time for YOU to enter the contest, win some of the weekly prize money, and maybe win the Grand Prize (two tickets to the Cotton Bowl and \$50 expense money) which goes to the person who has called the most games correctly at the end of the contest. The contest is still "young" so get in your entry this week and join in the fun!

A record number of 235 persons have entered the contest this year in the first two weeks.

Services Today For Mary Mayfield

Funeral services are being held today (Thursday) 2:30 p.m., from the Friona First Methodist Church for Mrs. Howard D. (Mary E.) Mayfield, 67, who was killed in a two-car accident on Highway 60 six miles northeast of Farwell early Tuesday morning. Rev. Hershel Thurston, assisted by Rev. James Price, is officiating at the services. Burial will follow in Sunset Memorial Terrace Cemetery at Farwell directed by Claborn Funeral Home of Friona.

Mrs. Mary Mayfield, born Mary E. Tackett, daughter of John and Sarah Jane Tackett, was born at Mountain View, Okla., June 9, 1900. She was married to Howard D. Mayfield in 1920 and had made her home at Friona for many years.

Survivors include her husband; three daughters, Mrs. Dorothy Lovelace, Farwell; Mrs. Jean Blackburn, Albuquerque; and Mrs. Peggy Snider, Farwell; also five grandchildren, Diane Lovelace, Jill Blackburn, John Charles, Kim and David Snider; four sisters, and one brother.

The accident which took the life of Mrs. Mayfield also claimed the life of another person, Israel Payen of Portales, in the accident were Howard D. Mayfield, 72, Friona, Juvenino Alvarado and Pete Valdaras, both of Portales. Payen is survived by his wife Linda.

At time of the accident, the Mayfields were enroute to Albuquerque to visit with their daughter and attend the New Mexico State Fair. The three men in the other vehicle were enroute to work at the Missouri

Meat Packing Plant under construction near Friona. At time of the accident, visibility was only 300 feet due to a heavy fog. M., Mayfield and Juvenino Alvarado have been taken to Northwest Texas Hospital in Amarillo for treatment of their injuries. All of the men injured in the accident are in serious condition; however, late reports indicate that Mr. Mayfield is showing some improvement.

The family of Mrs. Mayfield has requested that no flowers be sent but that memorials be in the form of donations to Parmer County Community Hospital in Friona.

LONG RUN -- The "flash", Mike Doshier, is off and away for one of his various long runs in the Steer-Bobcat game Friday night.

TRIES FOR A PASS -- Lewey Bradshaw, quarterback, fades back for a pass to one of his teammates in the Steer-Bobcat game on Friday night. Final score was 21-21.

First Home Game Tonight --

Farwell Tags Dimmitt With 21 - 21 Tie

Looking like a new team, the fired-up Farwell Steers battled a surprised Dimmitt team to a 21-21 deadlock last Friday night on the Bobcats' home grounds. Dimmitt, looking alot like Friona in size and style, made several errors on which the alert Farwell team was able to capitalize for their first score and to blunt later Dimmitt drives.

Farwell opened the game by Al Phillips kicking another ball out of the end zone, forcing the Bobcats to start from their 20-yard stripe. The Dimmitt offense was stifled by a hard charging Steer defense and on fourth down, the Dimmitt kicker was smeared on a bad snap from his center.

The Blue and White opened their offense on the host's 3-yard marker. Al Phillips ran

once at the goal and then QB Lewey Bradshaw lugged over for the TD. Talent Toe Phillips booted the PAT and Farwell owned a 7-0 bulge.

Dimmitt took the Steer kick and marched downfield to the Steer 20 before running out of steam against a stout Steer defense. The Steer offense failed to gain much yardage back and punted to Dimmitt. This time, the Bobcats marched goalward and tallied. Their kick was good and the game stood at 7-7 only a few minutes deep in the second quarter. Both teams traded yardage and the ball until the Blue and White came up with it on the Dimmitt 34-yard line. A Bradshaw pass to Kyle Sheets put the ball on the Dimmitt 8 and three plays later the Blue and White hit pay dirt for six points with a QB

sneak. On the kick for extra point, a bad snap from center put the Steers in a hole until a quick thinking pass play from Greg Hargrove to Bobby Chadwick put another two points in the Steer column. The half ended with Farwell owning a 15-7 edge.

Farwell kicked to Dimmitt to start the second half and again the host team was unable to mount a sustained offense. The Steers took the ball on the Dimmitt 48, but two plays later gave it back to them on the Dimmitt 46. The Bobcats, taking advantage of the break, marched goalward and added a TD but were unable to score on the PAT run try. Farwell still led 15-13. Farwell took the kick but failed to advance and punted to Dimmitt. The Bobcats tried a field goal from the Farwell 24 but it went awry. A Farwell pass was intercepted and again the Bobcats failed with a field goal attempt from the Farwell 17.

The Steers fumbled on their 20 and two plays later, Dimmitt went ahead 15-19. Their two pointer was good and they then led 15-21.

Later in the fourth quarter, the Steers got the ball on their 40 and on a series of passes, scored again with a pass from Hargrove to Kyle Sheets in the end zone. This tied the score at 21-21. Al Phillips booted a perfect PAT but an offside penalty nullified the attempt. On the next try, a desperate Dimmitt team managed to block the kick. This left the score knotted up at the 21-21 level.

The Steers kicked off to Dimmitt and they marched down the field, aided by several 15-yard penalties against Farwell, to the Farwell 8-yard line with a first down and goal to go. The Steer defense held and with a

fourth down and goal on the Farwell 4, the Bobcats tried another field goal, failing for the third time.

Farwell took over on their 20-yard line as the game ended.

Coach Bob Booth commented following the game that the Steer squad looked 100 per cent better than they had the previous week against Friona. "They have really improved and we are well pleased with the performance of the entire squad," he said. "The linemen did a fine job," he added, "and so did the backs, especially Mike Doshier." The coach also cited Robert Curtis, Bobby Chadwick, and Greg Hargrove for their fine work and said Ricky Stewart was outstanding in the line.

PLAINS NEXT FOR FIRST HOME GAME

In speaking of the forthcoming game with Plains, Coach Booth said, "They are big and fast and we will have our work cut out for us." Plains played Sundown last week and defeated them easily.

Game time is 8:30 p.m. on the local field. This is the first home game, so come out and support the Steers by your presence.

Sing 'Fite' Song

Farwell cheerleaders are asking that all Steer fans join them in singing the "Fite Song" when the band plays, when a touchdown is made, and when the Steers appear on the field Friday night's game. The Pep Club will hand out copies of the song; and they make special requests that YOU get your copy and sing along with the Pep Club and the Band.

J. T. Ford announces that a meeting for all persons interested in obtaining a Labor Housing project locally is to be held at the Farwell School cafeteria Monday, Sept. 25, 8 p.m. A good attendance is encouraged.

Funds for such a housing project are available through the Farm Home Loan Association, whose local manager is Billy Boling.

The Monday meeting has been set to see if enough persons are interested in such a project to warrant asking for a loan to build such housing.

DISTRICT GOVERNOR VISITS -- Jim Wieman, local Rotarian, visits with Rotary District 522 Governor Wilfred McCormick, who was paying his official visit to the local Rotary Club this week. McCormick, a noted author, met with officers on Tuesday night and spoke to the club on Wednesday at the noon meeting. District 552 is comprised of all of New Mexico and a portion of Southwest Texas.

From this distance, and with the economic and social background of the average High Plains resident, it is difficult to understand the actions of the mobs that gather in the big cities. This is something we consider far off and not apt to be a factor in our communities for many years ahead. But we did gain a little insight into mob psychology last Friday evening. This was both educational and frightening in its various aspects.

We certainly do NOT mean to say the aftergame gathering was a mob or to say that it could have led to violence, but the groundwork for ill-considered action was certainly present. This groundwork was a combination of ill-considered actions by the local law authorities and the prevailing temper of our fans.

Toward the waning moments of the game, Farwell was the recipient of several officials' calls whose accuracy was not readily apparent from the bleachers. This is one aspect that is often overlooked, the difference in distance and angle of view, in judging the correctness of infraction calls. An official should realize that his view is different from that of a spectator in the far bleachers and the fans must realize that they are at a disadvantage in seeing all the action of a particular play, and therefore it is inevitable for differences of opinions to arise.

It is a long standing tradition for fans to vocally express their displeasure at decisions adverse to their teams. An official who is unduly sensitive to this audience criticism certainly is in danger of allowing his personal feelings to influence his later decisions. This sensitivity to "riding" or "jockeying" is a well-recognized factor in the sports world and is frequently done to cause the opposition to make errors of judgment or action. For a game official to react unduly certainly impairs his value as an unbiased arbitrator. Harry Truman had a saying that is apt, "If you can't stand the heat, stay out of the kitchen."

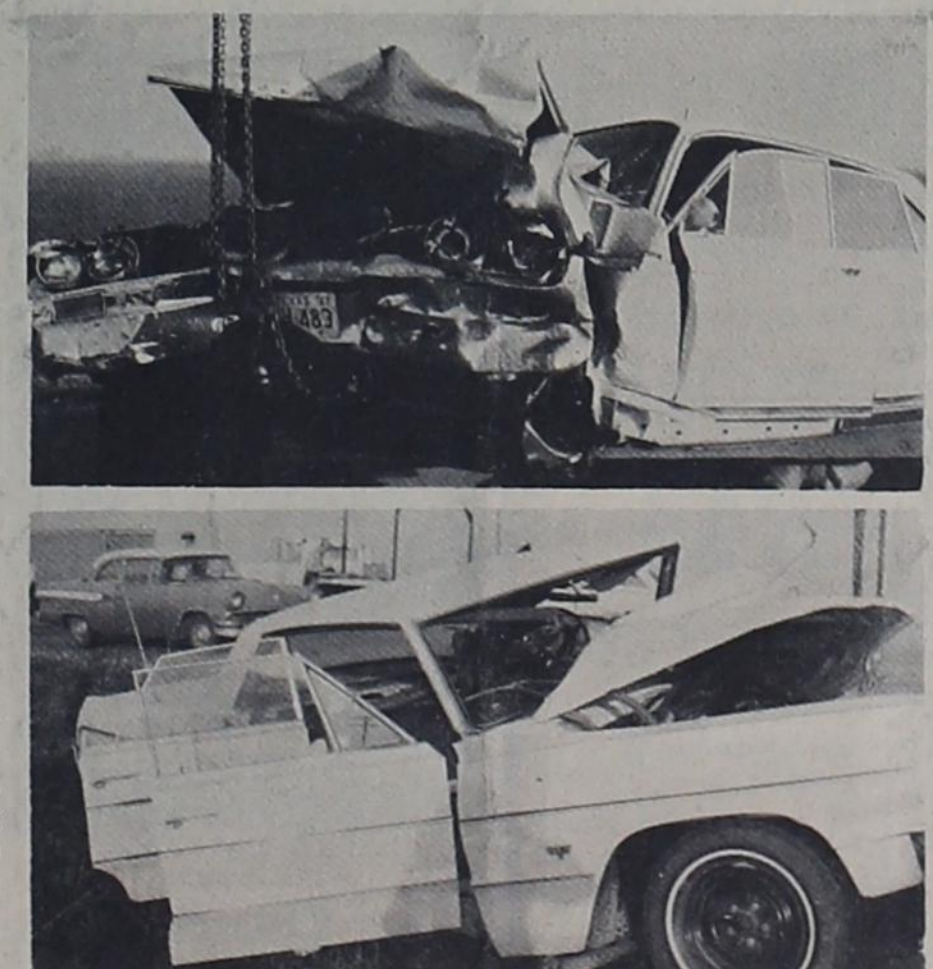

We are sure that there were probably more opinions expressed on the correctness of several of the late game calls than was necessary and that they may have been expressed in such a way as to cause personal concern by the officials. This is regrettable and stands apologized for. We have been to many contests where the fans were indeed wroth and visibly disgruntled, but at the termination of the contest everybody departed with minimum of disturbance and a different feeling the next day. This should have been the case this time.

We are certain that if it is looked for, at most games, somebody can be cited for extra enthusiastic expression of his feelings. Unless physical violence is imminent or actually underway, it is poor judgment to inflame a situation by official action. As with many group situations, the wrong word or attitude can cause all parties to assume positions they would not ordinarily take. Often times things are said and attitudes assumed quite contrary to the individual's feeling or judgment, but once said, are difficult to retreat from. Fans, officials, and law officers need to be very careful that they do not precipitate a situation where such graceful withdrawal becomes difficult or impossible. It is this inability to withdraw that leads to actions for which later there is no rational answer and later are a cause of deep regret by everybody concerned. This incident, though quite regrettable, can be a source of great learning and a blueprint of what to avoid in the future.

Let this writer go on record as saying that he is one of the more easily disturbed fans, and as always, keenly regrets it in the light of another day. We think a lot of people fall in this category.

To close on a more cheery note, we wish to compliment the young men and women who have worked so hard as members of the Farwell Marching Band.

This Is Equality?

Just what is equality? How does one define it? Webster has defined equality as the character or condition of being equal, and further defines equal as "exactly the same in measure, quantity, number, or degree." For a considerable number of years, this definition has sufficed, but now it seems that a new definition of equality is rapidly replacing Webster's definition of the word. According to this new colloquialism, equality is apparently the state or condition of being superior, especially when used in reference to the "underprivileged" segments of society.

The latest evidence in support of the above definition comes from our Nation's capitol where the Americans for Democratic Action are teaching the "underprivileged" how to declare bankruptcy, not because a declaration of bankruptcy is the last resort, but simply as another tool to antagonize the white man, and to cheat creditors out of money that they had advanced in good faith.

Ordinarily, when a person owes money, he works harder in order to pay his debt. He does this for two reasons. First, he feels a sense of obligation to the person or persons who loaned him the money, and secondly and most important, he has a sense of deep personal pride which tells him that if he does not pay back what he owes, he is something less than the man that he had thought himself to be. Apparently, the persons who are eagerly accepting the ADA's plan feel neither, for they are quite willing to commit legal robbery in order to rid themselves of debts they unwisely acquired in the first place. What makes matters even worse, they do it in a manner of glee, similar to the "carnival" atmosphere which prevailed during the riots of this past summer. They do it, not because it is the only course left open, but because they have been led to believe that the world "owes" them something, and therefore this action is not wrong, but morally justifiable.

This same philosophy is prevalent throughout the entire civil rights movement. Under the noble guise of "equality", some groups are demanding absolute superiority. Consider: Is it equality when a group of citizens who comprise but five per cent of a city's population demand that a special board be set up just for them, so that they may air their grievances any time they please? Is it equality when a group demands that they be given a job just because they are members of a minority group, regardless of whether or not they are qualified for that job? Is it equality when a group of citizens vandalize a mayor's office, simply because he is not there to see them at that exact moment? Is it equality when a person loots a store, just because he feels that he is owed something? Unequivocally, the answer is no! It is not equality, but demagoguery! Men are seeking to gain power by creating civil unrest, and some minority groups, long since brainwashed into believing that they are "owed" a living, are most eager to oblige.

This is the problem today. For too many years now, many people have been taught that they have been discriminated against, are poor and underprivileged, and have generally been cheated out of a good life by others. While discrimination has undoubtedly taken place, the approach to correcting the situation has been entirely wrong. Instead of teaching these persons self-determination and instilling the initiative in them to rise above

They did a good job Friday night for their first performance. As you know, we have had only the services, on a part time basis, of a student from ENMU. We appreciate his efforts and commend the efforts and dedication of the band members in producing the fine marching band we have this year.

Last, but not least, thanks to the football boys for their fighting spirit and excellent attitude; and for the patience and skill of our coaching staff. We have a lot to be thankful for, and to be proud of, in our community.

I'm glad I live in the Twin Cities.

Mr. and Mrs. John Christian returned Sunday from Raymondville, Tex., where they had been visiting with Mrs. Christian's parents, Mr. and Mrs. S.P. Nielson. They stopped at Kerrville for a brief visit with their son, Niel, who is attending Schreiner Military Institute in that city.

Mrs. Hope Shuman spent the past weekend visiting in El Reno, Okla., with her daughter and family, Mr. and Mrs. George Williams, and in Frederick, Okla., Vernon and Chillothe, with other relatives and friends. She returned home on Tuesday.

A Royal Welcome

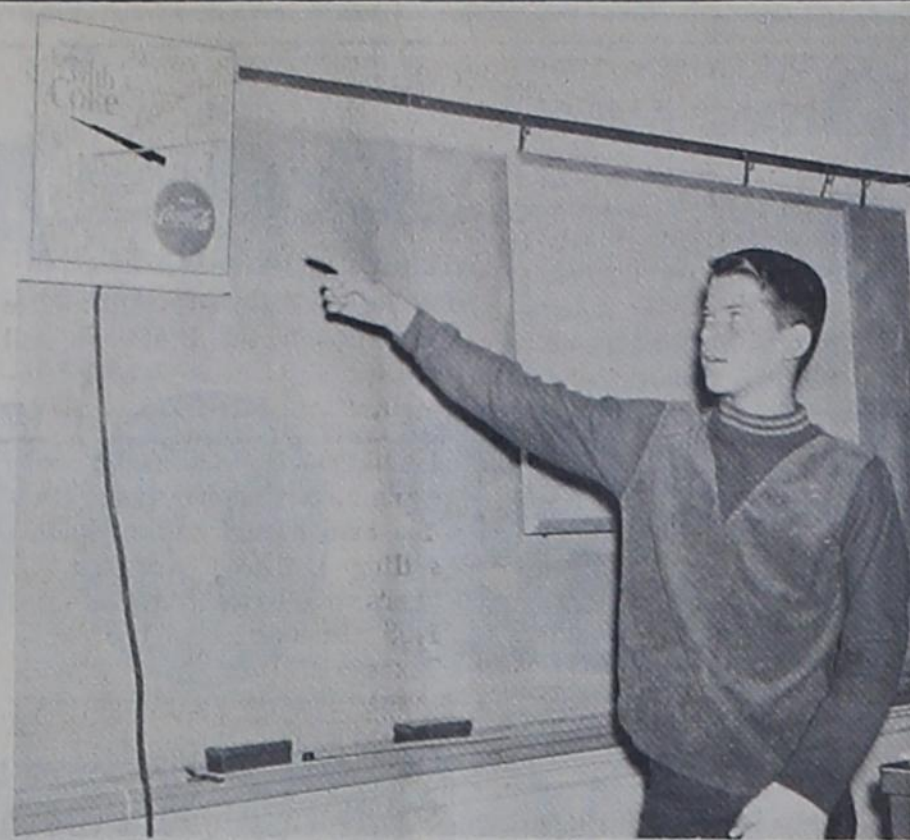

"Oh how I'd like to see all of the kids and grandkids," sighed Mrs. C. C. (Carrle) Christian to her husband as they were nearing Texico-Farwell on the last leg of their journey from a trip via airplane to see their daughter and son-in-law, Mr. and Mrs. Van Crume in Seattle, Wash.

As the plane came to a landing, Mrs. Christian spied her son Troy's car, and supposed that he was waiting at the airport to pick her and her husband up, so imagine her surprise upon alighting from the plane to be greeted by huge signs bearing the inscriptions, "Welcome Home Mom and Dad" and "Welcome Home Mam-ma and Pap-pa" displayed at the end of a large "red carpet" which had been placed in the area by the Christians' sons, daughter, son-in-law, daughters-in-law and grandchildren who were all waiting to greet them on their arrival home.

After greetings had been exchanged, the Christian family treated their parents to a meal "out" before taking them home.

Waiting to greet the Christians were Messrs. and Mmes. Benny Darnell and children, Amarillo; Troy Christian and children, Donald Christian and children and Wendol Christian and family, all of the Farwell and Bovina area.

Upon relating the story, Mrs. Christian could only gasp, "Talk about a royal welcome - well we've had it!"

GOOD CITIZEN -- Jack Allen Kirkland, 13, an eighth grade student and son of Mr. and Mrs. Jack Kirkland, who was named "good citizen" for the week Sept. 18-22 at Farwell Junior High School, says, "There is a time for everything and school certainly is the place and time for doing one's best."

Junior High Teams Bring Home Victories

Both of the junior high football teams of Farwell schools began their season with victories last weekend when they met teams from Lazbuddie and Bovina.

The eighth grade team defeated Lazbuddie 26-0, and the seventh grade team defeated Bovina 6-0. The eighth grade touchdowns came on a 14-yard pass from Brett Hargrove to Kirk McFarland and two touchdown runs by Gary Erwin who received passes from Jerry Keeth. Erwin's runs were from 25 yards out and 30 yards out. Robbie Blair bulled over for the extra points.

Outstanding defensive men in the eighth grade game were James Magness, Jerry Keeth, Robbie Blair, Mike Travis and Michael Lunsford.

The entire team did a fine job according to Coach Jerry Dee Owen, who also stated that the seventh grade made a fine showing.

In the seventh grade game, the lone touchdown came on a nine-yard pass from Johnny Boling to Gary Roberts. Cited by the coach as outstanding defensively were Derek Garner, Dexter Garner, Ronald Steele, Craig Capps and Ray Norton.

Both of the teams meet Seagraves teams on Saturday at 1:30 p.m. at Seagraves.

Typing Class Organizes

Plans are underway to establish an adult typing class in Farwell on Monday night, Mrs. Jerry Dee Owen will be instructor of the class (non-credit). Persons interested in learning the fundamentals of typing or improving their typing should contact Mrs. Bruce Blair before Monday in order to get their name on the roster.

Boosters Sponsor Band Calendars

At a regular meeting of Farwell Band Boosters Club, plans were made to sell the band calendars again this year. The calendars bear the names, birthdays and anniversaries of many persons in the area and prove a great help in eliminating the necessity of a date book. Boosters ask that you be ready with the names and necessary dates when you are called on in the near future.

Next meeting of the organization is set for Oct. 4 at the band hall.

Realize \$276 From Broom Sale

James Craig, chairman of the Lions Club "broom" sale held on Friday and Saturday in Farwell, reports that some \$276 was realized in profits from the sale. The money will be used in the sight conservation program in the local area, with much of the money used to buy glasses for children who otherwise might not be able to obtain them.

Craig also reports that \$150 was realized from the recent "trap shoot" held by the Lions Club. A "shoot" will be held once each month, indicates Craig.

Hospital Board Backs Nursing Program

Board of Managers of Amarillo Hospital District met recently and pledged their unqualified support to the future of NORTHWEST TEXAS HOSPITAL SCHOOL OF NURSING. Of the six members voting, this decision was unanimous in that the school is vital now and in the foreseeable future in meeting the nursing needs of the Tri-State area.

The future of the school was threatened by the possibility of establishing a proposed baccalaureate program of Texas Women's University in Amarillo. T.W.U. officials had asked for a phase-out of the diploma schools in Amarillo so that adequate clinical facilities would be available to them. The Medical Staff at Northwest Texas Hospital had previously gone

on record in strong support of the Northwest Texas School as being vital in supplying nurses for hospitals in this area. Northwest is enrolling the largest class in the history of the school this September. Already a full class has been admitted for the spring enrollment in January and more than 175 applications on file of students who are enrolling for their one year of college prerequisite work.

LEADING THE BAND -- This group of young ladies, Drum Major Marrion Busbice; and twirlers Deb Hargrove, Sharon Williams, Meredith Anderson and Camille Hobbs, will be leading the band on Friday night at the Farwell-Plains football game performance and will give a "lighted baton" halftime show. On Monday they will be at the head of the band when it marches at the South Plains Fair parade in Lubbock. They will be in competition with other Class A bands in the fair parade. Director of the band is Jerry Phillips.

The 1968 Chevrolets are the very essence of modern design. Every line, every curve is in close harmony. It's a smooth, uncluttered look with roof lines compatible with body lines, grilles and bumpers that blend gracefully into long, rounded fenders. On most engines equipped with automatic transmissions, there's a special heater for the carburetor which gives you more efficient performance in cold weather. And with every engine, you get the new GM exhaust emission control.

By opening two new vent-ports on the instrument panel, you bring in outside air that can be directed where you want it. This way, you can leave your windows rolled up and add still more to your peace and quiet.

PROVED SAFETY FEATURES

You get the proved GM-developed energy absorbing steering column, folding front seat back latches, dual

A MORE SILENT RIDE

And for 1968, we've gone to every length to give you more peace and quiet inside. The most sophisticated computers have been used to strategically place body mounts and successfully isolate noise and vibration. Shock absorbers have been improved. The wheel stance on many models is wider for greater smoothness. Exhaust systems have been redesigned to make them whisper-quiet. Even the clocks tick more softly. A sound car is a silent car. The '68 Chevrolets are the most silent, highest quality cars we've ever built.

Bovina Clinic Drive Sunday

A medical clinic will be the goal when a general campaign of the Bovina Clinic Fund gets underway here Sunday afternoon.

To raise \$30,000 of the \$50,000 necessary, certificates of indebtedness in multiples of \$25 will be sold to Bovina area residents at that time. Pledges for the certificates will also be accepted.

An advance campaign, when business institutions were contacted, raised nearly \$23,000, according to the finance committee composed of B. L. Marshall, Alfred Moody and J. B. Fowler.

Site for the location of the clinic has also been donated. Purpose of the Bovina Clinic Fund is to secure a medical doctor and clinic for the town of Bovina. At this time, the town has neither.

When \$50,000 is raised, construction will begin on a medical clinic building and an all-out effort begun to secure a doctor approved by the American Medical Association.

Letters To The Editor

DEAR EDITOR:
If you have any space in the newspaper please print this. Let me tell you people of Farwell and Texico and the Pleasant Hill area what a Treasure you have.

We had the pleasure of living in the Pleasant Hill Community for two happy years. Also of going to the Texico Elementary and high school; working with the fine staff at the Texico high school as a Teacher's Aide in the library, and eating the fine food in the cafeteria.

We didn't realize how much this meant to us until we moved. The hustle and bustle of Albuquerque will make an old woman of me before my time and stay lost most of the time as I am a small town gal.

We aren't Baptist, but were welcomed into the Pleasant Hill Baptist Church with open hearts and minds and we feel this is true Christianity.

We enjoyed the State Line Tribune and how much space they donated to the schools there. I am terrible with names, but the blond headed lady that called on the school for news is a doll.

Shopping at Rose Drug, Capitol, Rips and not having to sign my life away to cash a check was never appreciated until we moved.

I really miss working in the Texico High School Library and especially miss all the students that I got to know so well when I was there. Again I say, "Treasure what you have."

Please send us the State Line Tribune to our new address and let us know when renewal time is about because we want to continue to receive the paper even though we have moved. Sincerely,
The Don Wilson Family,
Shirley, Don, Rocky, Don Jr. and Gary.

EDITORS NOTE: Thanks for the letter Mrs. Wilson. We always welcome letters from any of our readers; therefore if you have an idea to share or simply wish to write, please feel free to do so.

Scouts Camp At Corona

Seventeen members of Boy Scout Troop 179, sponsored by the Texico Volunteer Fire Department, journeyed to mountains southwest of Corona, N.M. for a weekend camp-out Sept. 16-17. Many of the same boys had camped in the area last year. Campsite facilities used were constructed by Corona scouts in 1947.

Duane Foreman, Mitchell Turnbough, and Terry Armstrong completed requirements for their cooking merit badge. They prepared Saturday's evening meal for the entire troop and adult leaders. Menu selections included hamburger steak, green beans, whipped potatoes, cooked apples, and fruit punch.

Sunday morning church services were conducted in a wooded area by instructors Randy Gregory and Mike Travis, and by Senior Patrol Leader Mitchell Turnbough. Gregory, in his remarks to the assembled group said, "Some boys say that you just can't have any fun if you try to live a Christian life. But we sure know how wrong they are, don't we?" He urged the boys and adults present to be proud of their faith and live their Christian convictions. Gregory is working on his "God and Country" award, in cooperation with Hamlin-Memorial Methodist Church of Farwell.

Sunday afternoon, one group of boys hiked to visit abandoned caves and copper mines in the area. Tenderfoot Jackie Hinson completed a five-mile hike toward his Second Cladd advancement. Patrol Leaders Tim Engram and Ronnie Wine-

geart were commended on their good leadership during the camping experience.

Dried Floral Arrangement From Nature

Dried plant materials are ideal for creating designs for fall and winter with an outdoor or nature theme, the home agent says.

She suggests collecting grain, weeds, flowers, tree branches and driftwood; and drying roses, marigolds, zinnias, salvias, pansies and carnations now in a box of dry sand.

"Place an inch of sand in the box," Mrs. Taylor recommends. "Carefully place the flowers on the sandy surface, and slowly pour additional sand over the flowers until covered."

Put only one layer of flowers in a box, and allow two weeks for them to dry. At the end of this time, pierce holes in the bottom of the box and allow sand to drain.

"Hang milkweed, poppy, yucca, celosia, goldenrod, strawflower and baby's breath upside down to dry," the agent advises. "Preserve branches of magnolia, oak, maple and some woody-type flower in glycerin and water for about two weeks. Use 1,3 glycerin and 2/3 part hot water. Branches will have a glossy, fresh appearance and remain pliable."

Ushers were Wayne Hudnall, Lubbock, Kent Washburn, Tulsa, and Larry Holland, Patterson, N.J. Rife, Hudnall, Washburn and Holland are fraternity brothers of the groom.

The bridal attendants wore formal length dresses of jade green chiffon fashioned with square necklines, slim skirts and wrist length flutter sleeves. Bodices of the dresses were trimmed in open blue satin buttons and finished with a band of jade and open satin. Back of the dresses were accented with streamers of satin. Completing their attire were hats of jade satin edged in copen.

The bride, escorted and given in marriage by her father, C. H. Mullenax, chose a formal wedding gown of white peade sole. The empire waisted gown was styled with an A-line skirt. The bodice and modified bell sleeves were covered with re-embroidered alencon lace and appliques of the same lace finished the wateau train. A bouffant veil of silk illusion was held by a semi-profile headpiece of lace petals adorned with seed pearls and teardrops. The bride carried a white satin covered Bible centered by a bouquet of phae-anopsis orchids and stephanotis.

Following tradition, for something old she wore a lavender of her maternal grandmother and a pearl brooch of Mrs. J. E. Whatley, maternal grandmother of the groom; new was her wedding ensemble; borrowed were white gloves from her sister; and blue was a garter made by the groom's aunt, Mrs. Charles Fields.

Mrs. Mullenax wore a sea foam green ensemble with accessories in matching hue. Her corsage was of white cymbidium orchids.

Mrs. Helton was attired in a yellow chiffon dress with matching accessories and a bronze cymbidium orchid corsage.

Mr. and Mrs. Mullenax were host for a reception in the parlor of the chapel immediately following the ceremony. In the receiving line with the hosts were the newlyweds and parents of the groom. Serving table was laid with a white cloth and centered by the wedding cake surrounded by a garland of green and white tinted carnations, flanked by silver candelabra holding white wedding tapers.

MRS. HAL HELTON

For a wedding trip to Fort Lauderdale, Fla., Mrs. Helton wore a lime green A-line dress fashioned with trumpet sleeves and a cowl neckline lined in hot pink. Complementing her ensemble were sling-back pumps combining the colors of her ensemble and a matching print bag. Her corsage was the orchid lifted from her bridal bouquet.

Editorial -- (Continued from Page 2)

their handicaps, they have been taught to wallow in self-pity, expecting that they be given a living in order to make up for the years of injustice.

The civil rights movement has gone far beyond the point of giving some persons equality with the rest of the population. Equality implies that if given opportunity, one must also accept responsibility. Equality does not mean that a person should be "given" a living, but rather that a person should have an equal opportunity to EARN a living.

We have sown the seeds of discontent, and now we must reap the whirlwind. Correcting the situation will be a long hard process, but it must be done.
