

In the touted speech of the century last Sunday night President Carter described a nation beset by a crisis of confidence and asked us to join him on the battlefield of energy, to solve that problem and restore the faith and unity of America.

We will gladly join the President in a war on the energy crisis. While we disagree on some of his outlined steps for energy self-sufficiency we will to the best of our small abilities and opportunities help. Every American must realize the gravity of the energy crunch and respond in a reliable and patriotic manner.

Yet, in considering the speech and the programs outlined by the President we were aghast at several glaring omissions in a speech designed to restore the people's confidence in the government.

In reciting the reasons for the credibility gap between the citizens and their government we again agreed. However, we found no solutions offered or even hinted at, for the most of the reasons.

Energy is not the only reason for the disenchantment of the people with their government. We believe that this state of mind has evolved over a period of many, many years and is due to many complex factors.

We are disenchanted with criminals getting back on the streets before their commitment papers are dry. We are disenchanted with the continued erosion of buying power in our weekly pay check. We are disenchanted with the lack of desire in people to work. We are disenchanted with every pip squeak nation abusing American citizens and slandering our government.

All these areas of disenchantment have combined to produce the mood of America today.

To cure this mood of malaise the country needs a ringing speech by the President telling us that criminals will be put behind bars and kept there. We need an exact plan to cut federal spending and public debt.

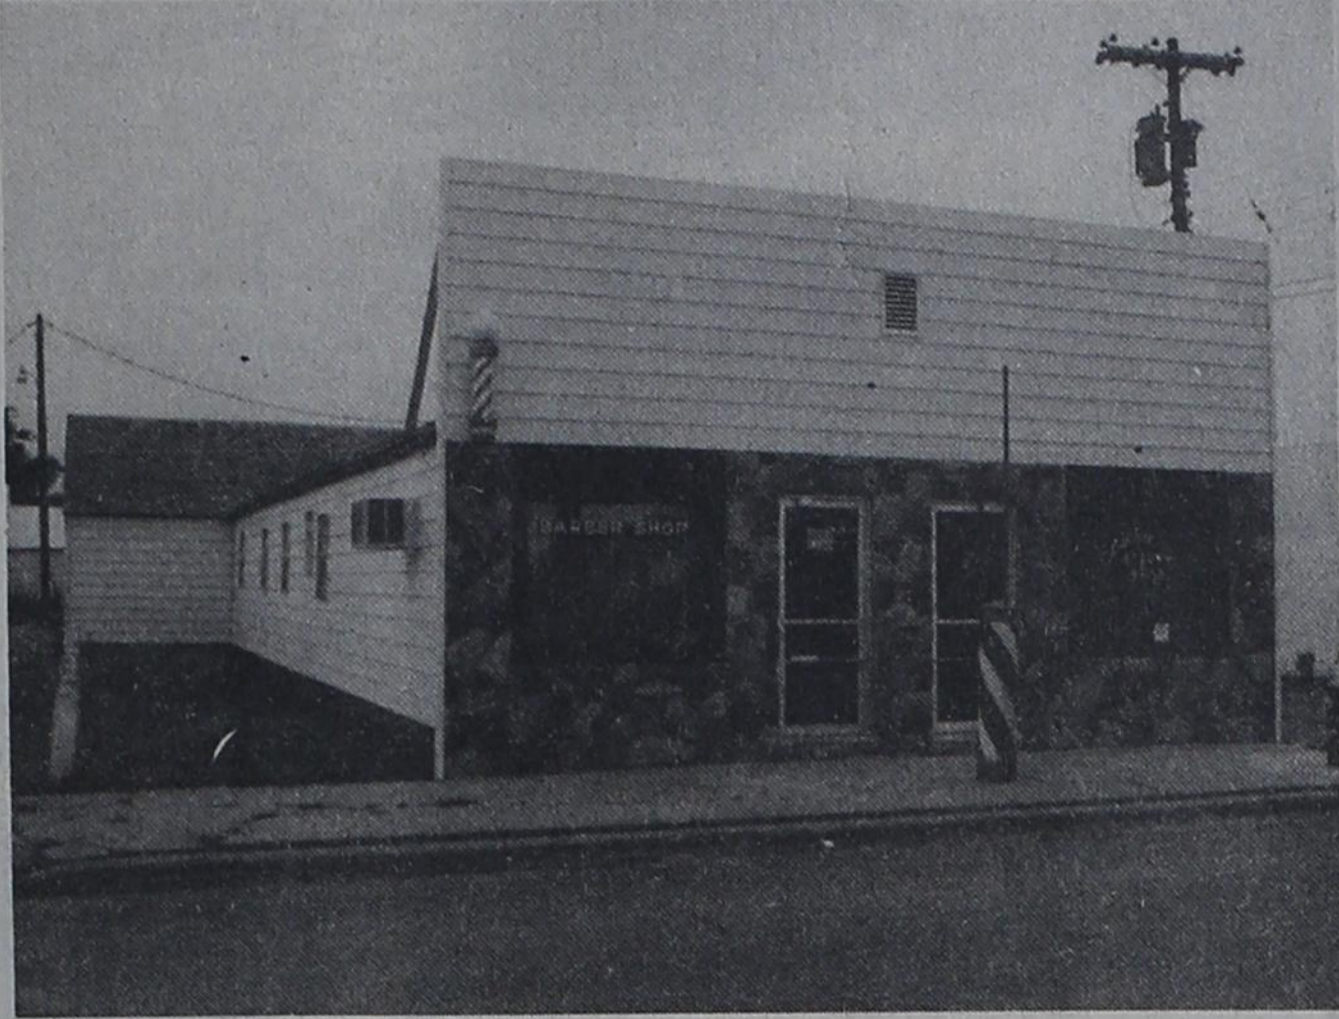

We need an assurance that people will have to work for a living instead of depending on government handouts for their necessities of life. We need a firm statement that the next country or terrorist group that abuses American citizens or diplomatic representatives will feel the American military might, pronto.

There is much more to be done to revive the spirits of the American citizen than to assure him of plenty of gasoline. Your average American must be assured that his person, home and belongings will be safe from the depredations of the criminal as well as the ravages of uncontrolled inflation.

We feel that the American individual is not only with the President in this energy program but is way ahead of the President in a desire to attack and bring under control the myriad of other problems besetting our traditional way of life.

.....
You know it's gonna be a bad day when:

1. You wake up, face down on the pavement.
2. You call Suicide Prevention and they put you on hold.
3. You see a "60 Minutes" news team waiting in your office.
4. Your birthday cake collapses from the weight of the candles.
5. Your only son tells you he wishes Anita Bryant would mind her own business.
6. You turn on the news and they're displaying emergency routes out of your city.
7. Your twin sister forgets your birthday.
8. You wake up to discover that your water bed broke, and then you realize that you don't have a water bed.
9. Your horn goes off accidentally, and remains stuck as you follow a group of Hell's Angels down the freeway.

Improvements On Main Street

Noticeable improvements to business buildings along Farwell's main street are the clean new looks at these two locations. The building which houses Estellene's Beauty Shop and Red's Barber Shop sports new white aluminum siding on the sides and a partial stone finish on the front. A bit further east, Neil Stewart at Farwell Hardware has replaced some windows and has added a fresh coat of white paint to his building to give it a fresh clean look.

To Compete July 28 --

BTD Queen Contest Entry Deadline Today

In just a few short days, several high school girls in Texico and Farwell will vie for the honor of being chosen Border Town Days queen for 1979. Thus far, nine girls have turned in their applications and pictures for the contest.

Girls who have entered the contest at press time are Cydney Ford, Betsy Black, Robin Vinton, Kay Geuther, Sharmy Christian, Kelly Ann Dobbs, Ruth Ann Whitesides, Paula Hukill, and Lorie Turner.

Deadline for entering the contest is today (Friday) at 5 p.m. CDT.

Any girl who is not over 18 years of age and who will attend either Texico or Farwell High School next year is eligible to participate in the contest. An entry form is

available in this week's Tribune.

Contestants are reminded of today's closing date and to fill out and return their entry blanks to the Tribune before 5 p.m. today.

Joann Getz is chairman of the Queen Contest which is being coordinated by the Farwell Study Club with Ellen Wurster and Hattie Coffey as co-chairmen.

Contestants are asked to submit a photograph of herself along with the entry blank, as the Tribune will publish pictures of all the candidates in next week's BTD issue. The pictures may be any size, but billboard size is preferred, and may either be a school, studio or Polaroid picture.

If a candidate does not have a picture of herself, she is

asked to contact the Tribune office prior to the deadline to arrange to have her picture made.

Candidates must also have a sponsor. A \$5 entry fee will be assessed each candidate and should be turned in with the entry form and picture. Candidates will be judged according to personality and talent which may include singing, dance routine, skit, reading, piano, etc.

The new BTD queen will be crowned next Saturday afternoon, July 28, at Farwell City Park where many other BTD activities will also be taking place. She will reign over all 1979 BTD activities after she is crowned and at other functions throughout the year to represent the Twin Cities.

Little League All-Stars

Texico-Farwell Little League All-Stars will play their first game in the LL tournament Thursday, July 26, at 5:30 p.m. MDT at Cannon AFB. Team members are, from left, back row: Paul Topliff, Steven Jaime, Kevin Owen, Ronnie Galvan, Roger Robertson, and

Cynthia Ancira; front row: Jesse Coburn, John Thomas, Felix Lucio, Andy Hughes, Buck Gaddis and Johnny Torres. Coaches are Lewis Foster, left, and Bill Autrey. Not pictured are team members Carroll Smith and Tommy Watkins.

Radiothon, Other Projects Will Aid Children's Home

Several fund-raising activities to assist in construction of a children's home being built

Calvary Baptists Set Special Meet

Calvary Baptist Church in Farwell will present a night of special singing and evangelistic preaching Sunday, July 22, at 7 p.m. featuring Mr. and Mrs. Louis Hussér of Franklinton, La. Everyone is invited to attend.

The Hussers are part of the group, the Gospel Continentals. They have been associated with revival meetings throughout the United States.

near Flores, Guatemala, have been planned in Farwell for this Saturday, July 21.

Among the projects being sponsored to raise money for the home's construction are a radiothon at KZOL, a bike-a-thon, a car wash and a giant rummage sale. Interested persons will also be selling lemonade around town during the afternoon and an auction-type box supper at Farwell City Park will climax the day's activities beginning at 6 p.m.

During the radiothon, Mr. and Mrs. Bo Bartley, who are to manage the children's home; members of the home's Board of Directors; and other local persons who have traveled to Guatemala will relate

the situation of children there and tell why the home is needed. Pledge line numbers

for the Saturday radiothon are 481-3318, 481-3810 and 481-3452.

The bike-a-thon is to be from 10-11 a.m.; the car wash will be from 1-4 p.m.; and the garage sale will begin at 10 a.m. Locations of all these events will be noted and displayed on posters and signs.

Anyone wishing to help with these projects is asked to contact Sydney Chadwick, 825-3068 or Kay Stanton, 481-9123. Anyone having rummage sale items may bring them by KZOL or else call one of the above numbers to have them picked up.

Workday Slated Saturday --

Jaycees Prepare For High Plains Jr. Rodeo

Preparations continue for the High Plains Junior Rodeo Association rodeo slated for July 27-28 in conjunction with the 1979 Border Town Days activities. Nightly performances will be at 8 o'clock CDT at the Farwell Arena. Tickets are \$2 for adults and \$1 for children under 12.

The Farwell Jaycees are again sponsoring the rodeo with Ray Norton serving as chairman of the rodeo committee. Other members include Mike Haseloff, Mack Heald and Gary Brown.

The stock will be furnished

by the HPJRA. Jaycee members will serve as judges, etc. The organization has had two workdays at the arena to prepare it for the rodeo and will have another work session this Saturday.

Along with the rodeo, the Jaycees will also probably have a greased pig contest, similar to last year's event.

However, those plans have not been finalized.

Deadline for entering the HPJRA rodeo was Wednesday of this week. Cindy Moore of Clovis is the HPJRA secretary. Each contestant must register in his or her own age group; no one will be allowed to move up.

Stock fees include \$4 per calf; \$8 per steer; \$10 per bull

of bareback; and administration fees of \$2 for members and \$5 for non-members.

Students in good standing and not over 18 years of age as of January 1 are eligible to enter. High school drop-outs will not be allowed to enter.

Boys in the 16-18 age groups may enter bareback bronc riding, tie down calf roping, bull riding and team roping. The fee is \$15 per event.

Contestants in the boys 13-15 age group may compete in bareback bronc riding, tie down calf roping, junior bull riding and team roping. The entry fee is \$10 per event.

Boys 12 and under may enter calf roping, steer riding, breakaway roping and steer roping. The entry fee is \$7.50.

Girls aged 16 to 18 and 13-15 may enter these events: barrel racing, pole bending, goat tying and breakaway roping. The entry fee is \$15 for the 16 to 18-year-olds and \$10 for those in the 13-15 age group.

Girls 12 and under may enter barrel racing, pole bending, goat tying and flag race. The entry fee is \$7.50.

Boys and girls eight and under are eligible for barrel racing. The fee is \$5.

Texico Yearbooks Available July 27

"Wolverine '79," the Texico School yearbook, will be distributed next Friday, July 27, reports Kay West, journalism instructor and yearbook advisor. "Barring no shipping complications," she said, "the yearbooks will be handed out from 1-4 p.m. and from 5:30-7 p.m. MDT that day."

Annals will be distributed in room #9 of the high school building and the south door by the library will be open that day, Mrs. West said.

"The only way anyone can pick up someone else's yearbook is if they have a signed permission slip," she added.

According to Mrs. West, no extra yearbooks will be available until after August 3. But anyone wishing to obtain a copy should contact Mrs. West to get on the waiting list.

Rides Available --

Hot Air Balloon Here For BTD

A hot air balloon will be here to add to the festivities of the Border Town Days activities in Farwell City Park on Saturday afternoon, July 28.

The balloon will be tethered in the vacant lot just across the street east of the park and weather permitting, rides in the balloon will be available to interested persons for a nominal fee.

Under the sponsorship of the Border Town Days Committee, Larry and Ann Houghtaling of Amarillo have agreed to bring their balloon to the celebration and it is hopeful they will also be able to appear in the BTD parade with the craft.

Although the Houghtalings have appeared with their balloon at many events throughout Texas, this will be its first appearance at a BTD celebration.

BTD Committee To Meet Mon.

The Border Town Days Committee will meet this Monday, July 23, at 8 p.m. at the Farwell Jaycee Community Building to discuss final plans for the July 27-28 Border Town Days celebration.

All clubs and organizations are urged to have a representative attend this important meeting as it will be the last time the committee meets prior to the annual celebration.

Planning Rodeo

Farwell Jaycees are busy with last minute preparations for the High Plains Junior Rodeo Association rodeo set for July 27-28 at 8 p.m. CDT at the Farwell Arena. Members of the organization pictured with programs and tickets for the event are, from left, Ray

Norton, chairman of the rodeo committee; Jimmy Curtis, Jaycees president; and Mack Heald, committee member. The two-day rodeo is being held in conjunction with the Border Town Days celebration. A workday at the arena has been set for this Saturday.

Curry County Fair Board Hears Plans

The Curry County Fair is enjoyed by area residents once a year but the Fair Board members work the year around, without remuneration, to make this outstanding Fair possible.

Capt. Robin Smith of the Curry County Sheriff's Dept. met with the Fair Board at its July meeting for the purpose of obtaining space on the fairgrounds for a base radio which will be used during Fair time, September 4-8.

A paving project, which will consist of the area to be occupied by the carnival, will be a joint effort of the county and city, and will be ready by Fair time September 4. Board members Gerald Dorough, Helen Kelley, and Mike Spearman reported on various aspects of the project. Spearman said the area had been surveyed and staked. Financing will be spread over a two-year period.

Russell Muffley will serve as superintendent of the Little Buckaroo Rodeo assisted by Bill Terry. Information in regard to the rodeo may be secured at the Curry County Extension Office located in the Curry County Court House.

Purchase of Fair trophies was reported on by Helen Kelley. Jerry Bell said sawdust

had been ordered and 700 bales of hay secured and stored on the fairgrounds.

Availability of booths and the priority list was discussed by Suzanne Estes, Troy Monroe and Harold Dalbom. Since all booth space is taken well in advance of Fair time, persons wanting booth space have their names placed on a waiting list. Then as space becomes available persons on the waiting list are contacted.

Advertising for the "Tractor Pull" was discussed at length. It was agreed that Don Smith and Bell would handle this phase of the program. Faye Plank was appointed publicity chairman for the Fair as a whole.

Dalbom said he was working to secure gate workers for the Fair.

A list of repairs needed to be made before Fair time was submitted by Elenore Brickhouse, caretaker.

Serving on the Curry County Fair Board of Directors are Jerry Bell, president; Troy Monroe, vice-president; Harold Dalbom, treasurer; Royce Mitchell, Melrose; Mike Spearman, Texico; Calvin Stout, Grady; Don Hodges, Ranchvale; Helen Kelley, Gerald Dorough and Billy Dictson, secretary, all of Clovis.

YFR Plans District Meet

Plans for the District Discussion Meet of the Young Farmers and Ranchers, which will be held in Clovis September 13, were discussed by Butch Priest, president of the Curry County YFR, at their regular July meeting. Priest will act as chairman for the district event.

Representing Curry County in the meet will be Jamie Jones, a member of YFR and also a director of Curry County Farm and Livestock Bureau.

On display at the meeting was the first place trophy won by the YFR for their entry in the Pioneer Day Parade. The float which carried out the parade theme of Yesterday, Today and Tomorrow featured three generations; the fathers of the YFR, the YFR, and their children along with a cow and calf, sow with pigs, and ewe with lambs.

Pam Jones and Kathy Priest presented craft ideas for raising money for the organization to help defray delegates expenses to the national conference at Nashville, Tenn., in 1980.

The organization will also

have a display booth at the Curry County Fair which starts September 4. The subject of the booth will be energy and the energy crisis as it affects agriculture.

Fortenberry Hears Cases

Parmer County Judge Paul Fortenberry has heard four cases since the last report.

Jacobo M. Rivas, 65, of Bovina pleaded not guilty to an assault charge and bond was set at \$200.

James Elbert Jones, 57, of Sudan was fined \$100 plus court costs and given six months probation for driving while intoxicated. Rogelio Ortiz Jaime, 48, of Farwell pleaded not guilty to a DWI charge and bond was set at \$250.

Daniel Amador, 49, of Friona was fined \$50 plus court costs, given six months probation and ordered to pay \$200 restitution for criminal mischief.

Work Continues On City Park Gazebo

Work continues on the gazebo at Farwell City Park this week as the shingles are being installed. The structure will be finished in time for next weekend's Border Town Days celebration.

In addition to those listed previously, other businesses donating materials to the project are Triangle Builders, tile blocks; and C & A Welders, welding rods.

Additional monetary contributions have been received from: Willie Williams, \$20; Nina Glasscock, \$100; Ellen Wurster, \$10; and Jo Hammonds, \$1.05.

Other contributions have been made by Halo Drive-In, \$10; Mr. and Mrs. Delbert Black, \$25; Mr. and Mrs. Joel White, \$25; Jim and Marguerite Curtis, \$10; Mr. and Mrs. Ted Magness, \$15; Mr. and Mrs. Jimmy Castleberry, \$10; Dorothy Lovelace, Barbara Knowlton, Dorothy Quickel, \$1 each; Mr. and Mrs. A. V. Warren, \$7;

Also, Mildred Erwin, \$1; Mr. and Mrs. Mitz Walling, \$5; Mr. and Mrs. Mark Ryburn, \$1; Joyce Sikes, \$1; Mr. and Mrs. Gerald Norton, \$5; Horn-Clayton Insurance, \$20; Mr. and Mrs. Ronald Byrd, \$3; Mr. and Mrs. Bob Dollar, \$5; Mr. and Mrs. Prentice Mills, \$6; Mr. and Mrs. Randy Kelley, \$5; Mr. and Mrs. Virgil Shell, \$5; Mr. and Mrs. Keith Stephens, \$10; and anonymous, 49 cents.

Other contributions will be listed in the Tribune as they are made available to the newspaper staff.

Thus far approximately \$1500 has been collected with another estimated \$800 needed to pay for the gazebo. Contributions may be made to the Gazebo Account at the bank in Texico. Annette Black and Charles Aycock are also collecting donations.

Roofing Gazebo

Volunteer workers were busy Monday installing shingles on the roof of the new gazebo at Farwell City Park. Except for a few last minute touches the structure is finished and is ready for this year's Border

Town Days activities. However, donations to pay for its construction are still needed and may be deposited at the gazebo account at the Texico bank.

Farwell Council Approves Gas Hike, Salary Increases

SHERIFF'S REPORT

Parmer County Sheriff's officers have been investigating several cases of vandalism and theft.

Vandals cut up the vinyl roof top of a 1977 Ford belonging to Mrs. Dorothy Looney who lives five miles from Bovina. The car had been parked at her home. Vandals also broke out several windows of a vacant house in Farwell, 505 First Street, owned by S. W. Bradshaw. Vandals threw a beer bottle through the plate glass door of the Bovina Blade office.

A 1970 Yamaha motorcycle dirt bike and an ice chest were stolen from a pickup parked east of Farwell on Highway 70-84. June Vaughn of Muleshoe parked there after having vehicle trouble and when she returned the motorcycle and ice chest were gone.

A 1974 yellow Chevrolet Luv pickup was stolen from the John Renner farm southeast of Friona.

Farwell City Council has approved an 8 1/2 percent rate increase for Southern Union Gas Company effective August 7. That action was taken Monday night during the regular Council meeting. Clint Tidenberg and Dick Keiss, gas company representatives, met with the Council. This is the first increase for Southern Union since 1972.

Raises were also approved for city employees effective July 15. The adjusted wages are Dee Hammit, water superintendent, \$980; Janie Bowery, city clerk, \$900; John Johnson,

sanitation superintendent, \$700, and Earl Roberts, \$550.

In other business Lee Hutchins, fire chief, discussed an estimated fee of \$108 per year for the use of the Panhandle Emergency Medical Service radio. In past years United Way had funded the radio service, but now each town is being asked to pay \$3 per call. However, the estimated rates are based on radio usage for the past year.

Hutchins pointed out that the fire department had used the radio service only twice last year. The system enables the ambulance attendants to communicate with the hospital to which it is transporting patients. However, Hutchins said he wasn't sure what the consequences would be if the city did not pay the fee. Mrs. Bowery is to check into this before a final decision will be made.

Johnson reported that the small tractor needs a lot of repairs and the Council agreed

to look into the possibility of purchasing a new tractor with wheel weights.

Those attending were Mayor Walter Kaltwasser, Commissioners Fred Chandler and Johnny Curtis, and city employees Johnson, Hammit, and Bowery.

FIRE CALLS

The Farwell Volunteer Fire Department ambulance transported a man to the hospital in Muleshoe Tuesday morning. They did not report any fire calls.

Texico Volunteer Fire Department did not report any fire calls or ambulance calls.

3rd Man Arrested In Store Robbery

A third man has been arrested in connection with last week's robbery of Rip's Western Wear in Texico, reports Mickey Fenn, Texico city marshal. A warrant has also been issued for a fourth man believed to have been involved with the robbery.

Fenn arrested Arthur Marguez, 25, of Lariat last week. He was charged with commercial burglary and arraigned in magistrate court in Clovis. Marguez was bound over for grand jury action and bond was set at \$2500.

Lions Club Sponsored --

Former Blind Man Seeks Eye Donors

Robert Price of Lovington, N.M., who was blind for 15 years but recently had his vision restored through the efforts of the Lions Club Eyebank, was in Texico and Farwell last week. He was here to recruit eye donors for the International Eyebank Program, sponsored by Lions Clubs. He will return to the community on July 28 for Border Town Days.

He knows how to recruit because he knows the feeling of being blind. Thus far he has collected over 4,000 signatures from persons willing to give up the pupil of their eyes when they die. He has even collected eye donor cards from persons from Australia and France who were visiting in this country.

With the aid of glasses, Price can see 20-20 out of one eye. In order to emerge from the world of darkness he had known for 15 years, he had to undergo three operations. About one and one-half years ago he received a successful corneal transplant, thanks to a girl who had donated her eyes to the Eyebank.

Price lost his sight in an explosion when he worked for the film industry as a sound man. Today he travels in a converted school bus seeking donors for the Eyebank.

Wherever there is a large gathering of people, Price, at 65, is apt to be found in his never-ending search for donors.

"Now I do this on behalf of the Lions to pay back the debt I owe. Now I have my sight. Maybe I can help others get theirs," he said.

Don't Pass Up Turkey Items

AUSTIN—Consumers who pass up various processed turkey items in the supermarket "because they're different," are missing out on an economical and nutritious summer meal maker, advises the Texas Department of Agriculture Home Economist. "Turkey is now being processed into some unusual items," says Fran Gerling. "Turkey ham really does taste like the more familiar pork product and can be used in similar recipes. Processed turkey breast is available in loaf form or sliced and is great for summer meal planning."

Other turkey items available include turkey bologna, pastrami, salami and turkey franks.

His constant companion is a short haired German Pointer named Lady. The dog, whom Price now says he could never part with, was given to him by a man who had accidentally run over Price's seeing eye dog. "To this day I do not know who that man is," he said.

Price is very pleased with the number of signatures he has obtained. After the card is signed it goes to Albuquerque to Presbyterian Hospital and also to Austin where it goes on record with the Department of Motor Vehicles.

According to the sexagenarian, some people react negatively and do not like the idea at all. "I'm just glad that girl said yes when someone asked her," he explained.

People sometimes have misconceptions about what is involved with a donation. "People are buried with their eyes," he explained. "It is only the pupil that is removed."

According to Price, an estimated 32,700 persons lose their vision in this country every year. They could probably be helped by this program he said. There are, however, some 416,000 blind persons whose eyes are beyond repair.

Lions Clubs throughout the country are engaged in the program and have a coordinated effort in obtaining names of people needing help -- a corneal transplant like Price or some other type of help concerning their eyes.

The Eyebank Association of America ham radio team communicates every day across the United States so that people in every state know if an eye is available to a patient. A person must have the same blood type and the same size as the person needing the eye for it to be used.

Price does not like to talk too much about himself, preferring instead to "get donors" rather than to "plug himself." But he is an interesting man with a very interesting history all the

same. Years ago -- before the blinding explosion forced him into an early retirement -- Price was a sound man for the film industry. At one time he had worked for such major studios as MGM and Warner Brothers. For five years he worked on the old "Fibber McGee and Molly" radio show. In fact, he has the original technical board from that program in his bus along with antique photographs and a collection of 7,000 "golden oldies" albums with 10 songs

on each side. Price likes to play some of the tunes for visitors and he enjoys showing his memorable collection of antiques.

"People enjoy listening to the music," he said. "They like to remember what they used to hear all the time. Radio engineers are fascinated with my equipment because some of them can remember when they used the old time record players."

In the interest of expanding his collection, Price is seeking an old wind up phonograph

player which he hopes someday will be donated to him.

Besides collecting antique radio equipment, Price also keeps a scrapbook of the people he meets and the places he visits on his many junkies to collect donor signatures. He usually receives appreciation certificates from the Clubs he helps. Someday he would like to line the inside of his bus with the certificates.

"It's good to know that people do care about and appreciate what I am doing," Price said.

Worthy Cause

Clements Proclaims Texas Farm, Ranch Safety Week

Governor Bill Clements has designated the week of July 25-31 as Texas Farm and Ranch Safety Week. The purpose of the observance is to

encourage renewed emphasis to make Texas farms and ranches a safer place to live and work. Texas Safety Association in cooperation with

the Texas Agricultural Extension Service of the Texas A&M University System will conduct a week-long statewide safety campaign.

Urging all who live and work on Texas farms and ranches to make accident prevention a part of all activities, the Governor noted, "One of the most persistent barriers to agricultural well-being has been farm and ranch accidents."

Texas Safety Association Vice-President for Farm and Ranch, Gary S. Nelson pointed out that, "Each year approximately 10,000 Texas farmers and ranchers suffer disabling injuries. Accidents not only cause human suffering but by causing equipment damage, time delays, and permanent disabling injuries, accidents rob the agricultural sector of valuable talent and productive capacity."

Clements further noted, "It has been proven that accidents on farms and ranches can be prevented by controlling equipment hazards, ending unsafe practices and by the use of protective equipment."

The State of Texas joins the entire Nation in the designation of July 25-31 as Farm and Ranch Safety Week.

Metric Mix-up Case Solved; Saves Car Customers Cash

AUSTIN--A Houston rental car customer recently found himself in the midst of a potentially costly mileage disagreement, reports the Texas Department of Agriculture (TDA).

Whether it should have been called a metric mix-up or simply a case of kilometer confusion, an observant TDA weights and measures inspector helped resolve the problem with nothing lost except a little time.

The problem began after the customer returned his rented automobile at Houston Intercontinental Airport and received a bill for the calculated mileage. He thought the indicated mileage was far above what he had actually driven, and felt that perhaps the odometer was not functioning correctly.

After a quick call to the Houston district office of the TDA, an inspector was dispatched to investigate the problem.

A visual check revealed that the car's odometer was registering in kilometers instead of standard miles, even though the rental company's charges were based on miles.

The reason for the excessive mileage soon became clear: A kilometer is equal to just over one-half mile, therefore the odometer recorded almost two digits for each mile the customer drove. His bill would have totaled almost double what it should have.

The agency not only adjusted the customer's bill, but mailed refunds to each of

the previous customers in the United States who had been overcharged.

Checking automobile odometers is not one of the major duties of the Texas Department of Agriculture, notes Commissioner Reagan V. Brown. However, the Department is responsible for enforcing accurate commercial weights and measures in all areas.

Marriage Licenses

Parmer County Clerk's office has issued one marriage license since the last report. It went to Michael Lee Barker and Cynthia Ann McDaniel.

Massey-Ferguson 2000 Series Tractors THE BIG-ACRE TRACTORS FOR TODAY'S FARMS

Farmers helped design these five big new tractors from Massey-Ferguson. So come on in and look over the results. Choose a Perkins 6-cylinder or V8 diesel in the 100 to 190 PTO hp range. Then climb aboard and see how comfortable a big, powerful tractor can be. There's a seat that's more like an easy chair. Plenty of elbow room. And over 50 sq. ft. of unmatched visibility.

See us soon. And when you're in, ask us for details on the MF tractor warranty which extends coverage to 2 years or 1500 hours, whichever comes first.

Set August Wedding

S. W. Bradshaw and Mr. and Mrs. Jerry Ellison, all of Farwell, announce the engagement and approaching marriage of their children, Jan and Tim, Saturday, Aug. 11, at 5 p.m. at the First Baptist Church in Farwell. No local invitations will be sent, but all

friends and relatives are invited to attend the wedding and reception to follow at the home of Ellison's parents, 900 Sixth Street, Farwell. Both the bride-elect and prospective bridegroom are 1978 graduates of Farwell High School. Ellison is employed in Clovis.

Center Chit Chat

Linda Winegeart, activity director, extends special thanks to the Auxiliary for filling in for her last week while she was on vacation.

Everyone enjoyed the popcorn made by Carmen Quigley, foods service supervisor, for the Monday Bingo games. The Center is in need of small items for Bingo prizes. Anyone wishing to donate prizes may contact Mrs. Winegeart.

Residents were treated to a picnic Tuesday afternoon complete with sandwiches, salads, and watermelon. The monthly birthday party for all residents was to be Thursday. The Farwell Young Homemakers were to provide the birthday cake.

Rev. H. L. Whittenburg, pastor of the Oklahoma Lane United Methodist Church, conducted worship services at the Center Sunday.

Home Economic Hints

Remove clothes that need ironing from the dryer while they are still slightly damp, recommends Pat Seaman, a housing and home furnishing specialist with the Texas Agricultural Extension Service, The Texas A&M University System. There's no point in wasting energy to dry them thoroughly if they'll only have to be dampened again for ironing, she points out.

Select processed fruits packed in light rather than

heavy syrups to save money, advises a consumer marketing information specialist.

There are many different kinds of bath soap - clear, castile, cocoa-butter, fruit, deodorant and more, a clothing specialist says.

Use one that doesn't dry your skin - and remember to rinse thoroughly.

A job change affects the whole family unit, not just the individual involved, points out a family life education specialist.

Methodist Women Set Salad Supper

The United Methodist Women discussed upcoming projects during its July 11 meeting when six members and three visitors were present.

Shortly after the first of the year, UMW members chose a "secret pal" from the names of the teenaged girls in the church. Thursday night the organization was to have a salad supper for these girls and their mothers.

The UMW will sponsor a canning school at the church August 9-10. This school will be open to anyone who is interested in learning about

food preservation. The time has not been set.

Jeannie Bartley met with the group to discuss El Rancho De Los Ninos, a non-denominational Christian children's home being established in Guatemala. Mrs. Bartley and her husband, Bo, aided by the love, prayer and support of many people in this area plan to leave for Guatemala next month to begin the work on the home.

Mrs. Bartley showed slide presentations of the needy children in that country and said that "God is working things out for us."

Texico Baptists Have Royal Service Program

The Women's Missionary Union of First Baptist Church in Texico met July 4 for their regular Royal Service program with Helen Bowers presiding in the absence of Mora Schlueter, chairman.

Mrs. Lois Hudnall opened the meeting by playing "I Opened My Eyes That I Might See" on the piano after which Mamie Hightower sang a special hymn, "Amazing Grace."

Mrs. Hudnall then read the names of missionaries having birthdays on that day after which Allie Burris led in prayer.

The program was on "Target Karnataka," a look at Southern Baptist work in India. Others taking part were Mary Hill, Gracie Dane and Mrs. Burris.

Mrs. Hudnall and Mrs. S. G. Jones then gave a discussion on "Bangladesh," human need and Southern Baptists.

Mrs. Bowers closed the meeting with a Scripture reading taken from Acts 1:8.

Mrs. Dane dismissed the members with prayer. Present were Mesdames Hudnall, Mora Miller, Burris, Hightower, Hill, Bowers, Jones and Dane.

Mrs. Hardage Feted With Baby Shower

Mrs. Dean (Carolyn) Hardage of Farwell was honored with a baby shower July 10 at the home of Lynne Mahaney. Hostesses were Lynne and Gloria Mahaney. The hostess gift was a Swyngomatic convertible cradle. Thirty guests were registered.

Assisting Mrs. Hardage with the opening of gifts were her mother-in-law, Corine Hardage, and her husband's grandmother, Opal Jackson of Clovis. They each received a yellow and pink corsage centered with a baby decoration.

Brenda Winegeart recorded the gifts in the honoree's book.

The serving table was covered with a white cloth trimmed with lace and centered with a baby squeeze toy trimmed with rick rack around the neck from which streamers spread in pinwheel fashion from the toy to other baby items. Lynne Mahaney made the centerpiece.

Lime floats were served. Favors were baby carriages made from orange slices and Life Savers candy mints.

Engagement Announced

Mr. and Mrs. Carl Houston of Farwell announce the engagement and approaching marriage of their daughter, Rhonda, to JaDann Sudderth, son of Mr. and Mrs. J. B. Sudderth. The couple plan to be married Friday, Aug. 17, at 7:30 p.m. CDT at the First Baptist Church in Farwell. No

local invitations will be sent but all friends and relatives are invited to attend. The bride-elect will be a senior at Farwell High School and the prospective bridegroom is a 1976 graduate of Farwell High School. He is employed at Sudderth Realty.

Young Homemakers Honor Mrs. Fant

Janice Fant of Farwell, who will soon be moving with her family to Crosbyton, was honored at the July 3 meeting of Farwell Young Homemakers.

The meeting was at the home of Gwen Corn who was assisted in hostess duties by Joyce Williams.

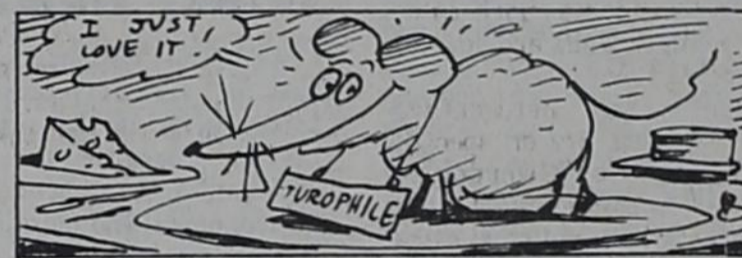

The FYH chapter presented Mrs. Fant with a tablecloth and each member presented her a gag type gift representing some happening in the organization during the past year.

During a short business

session the group discussed the ice cream booth they will be sponsoring at Border Town Days.

Mrs. Corn and Mrs. Williams served refreshments of raw vegetables and dip, pate maison and crackers, relishes, orange sherbet, rum cake, iced tea, coffee and soft drinks.

Attending were Anita Ralston, Nedda Travis, Sheree Montgomery, Dorris White, Tina Sides, Bobbie Pierson, Sharon Eubanks, Ruth Anne Whitesides, the honoree and the hostesses.

"Turophile" is a relatively new word for "a connoisseur or fancier of cheese."

Woman's Club Slates Family Game Night

Texico Woman's Club decided during its Monday night meeting to have another family game night August 3. Homemade ice cream will be served.

The Club also made final plans for Border Town Days, deciding to have a booth at the park and to sponsor a candidate in the queen's contest.

Margie Crooks, president, called the meeting to order. Members repeated the pledge of allegiance to the flag and the club collect was read.

Mrs. Crooks, hostess, served refreshments of apricot crisp and iced tea to Mary Powell, Aileen Teel, Kathy Morris and Caren Spearman.

Barbara Holley, Ray Zachrel Wed In Double-Ring Service

Barbara Ann Holley of Portales, formerly of Texico, became the bride of Ray F. Zachrel of Charleston, S.C., also a former Texico resident, May 26 in a double-ring ceremony at the First Baptist Church in Texico with Rev. Joel Horne, pastor, officiating. The bride is the daughter of Mr. and Mrs. Robert Holley of Portales and the bridegroom is the son of Anita Zachrel of Texico and R. B. Zachrel.

Cheryl Boling played traditional nuptial selections at the piano.

The bride wore a gown of white dotted swiss lace patterned with roses and featuring a high collar and lace sleeves. She made her wedding gown and also her bouquet of wood fiber carnations of blue backed with white lace.

Following tradition, the bride carried a lace handkerchief which her mother had carried in her wedding; her wedding gown was something new; she borrowed her veil from Ima Chandler, and wore the traditional blue garter.

Betty Smith of Portales and Georgia Eshleman of Texico served the bride as bridesmaids. Steve Zachrel of Texico was the best man. Steve Holley of Portales, brother of the bride, and Scott Elliott were ushers.

For her daughter's wedding, Mrs. Holley chose a pastel pink sheath dress. Mrs. Zachrel wore a floor length blue gown. Each wore a carnation wood fiber corsage made by the bride.

A reception followed in fellowship hall of the church.

The three-tiered wedding cake was decorated with blue flowers and topped with bride and bridegroom figurines. The bridegroom's cake was chocolate and the words "Marriage Takes 3, God, You and Me" was written in icing. Both cakes were made by Mrs. Zachrel.

For a wedding trip to Charleston, S.C., the bride chose an outfit of blue single knit lace.

The bride graduated from Portales High School in 1979. Zachrel graduated from Texico High School in 1977 and has been in the U.S. Navy for the past two years.

Grady Newtons Have Daughter

Mr. and Mrs. Grady Newton of Lubbock are the parents of a daughter born July 14 at Health Sciences Hospital in Lubbock. The new arrival, who has been named Lauren Elizabeth, weighed eight pounds and was 20 1/2 inches long at birth.

Maternal grandparents are Mr. and Mrs. M. A. Snider, Jr., of Farwell. Maternal great-grandparents are Mrs. Grace Snider of Farwell and Howard Mayfield of Friona.

Mr. and Mrs. J. W. Newton of Lubbock are the paternal grandparents and Mrs. Bailey Johnson of Clyde and Lewis Newton of Crosscut are the paternal great-grandparents.

Consumer Food News

Best buys at Texas grocery markets this week include poultry products, pork cuts, soft summer fruits and several vegetable items.

Also, many hot-weather cooking items are on special, according to Gwendolyn Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

POULTRY - Chicken, turkey and eggs head the "budget meat" list this week. In fact, poultry and eggs are priced about the same -- or just slightly higher -- than they were last year.

PORK - Most smoked cuts are good values. Also, specials appear on Boston butts, center chops, quarter-loins cut into chops, loin-end roasts, spare-ribs and liver.

FRESH FRUITS -- Good values include peaches, plums, nectarines, bananas and grapes. Northwest cherries coming to market indicate a record crop.

Other budget items are cantaloupe, watermelon and honeydew melons, but their prices are still only at the moderate level.

FRESH VEGETABLES -- Best buys are potatoes, onions, cucumbers, carrots and cooking greens.

Other good buys are soft-shell squash, okra, peppers, blackeye and purple hull peas, broccoli and corn.

Moderate prices appear on head and leaf lettuces, cabbage, radishes and green onions.

BEEF - Specials are chuck cuts, corned beef, ground beef, rib roasts and liver.

MR. AND MRS. RUSTY RUCKER

Jana Berry Honored With Bridal Shower

Jana Berry, bride-elect of Clay Roberts, was honored with a bridal shower Tuesday at the home of Annette Black in Farwell. The bride-elect's colors of pink and burgundy were carried out in the decorations.

The serving table was centered with a bouquet of silk flowers made by Joyce Coffman. Silver and crystal appointments were used to serve coffee, punch and cake.

The honoree and her mother, Patsy Berry, were each presented a pink carnation corsage.

The hostess gift was a kitchen center. Hostesses were Annette Black, Sue Kirkland, Carrie Anderson, Alice Vinton, Sarah Marsh, Lee Nell Eubank, Doris Ford, Dickie Chandler, Bobbie McFarland, Mina Sheets, Jo Geuther, Joyce Coffman, Marilyn Raines, Sheree Montgomery and Velma Fletcher.

Party Honors Fant Family

Mr. and Mrs. Glenn Fant and sons Chris and Dean of Farwell were honored with a going-away party Friday night at the Farwell Fire Station.

Fant, a Department of Public Safety trooper, had been stationed here for the past nine years. His wife,

Janice, had taught home economics at Farwell High School for several years.

The Fants have relocated in Crosbyton where Fant has been promoted to Sergeant.

Homemade ice cream and cake were served to the approximately 40 guests who

Candlelight Ceremony Unites Pamela Smith, Rusty Rucker

In the presence of family and friends, Pamela Sue Smith and Rusty Lynn Rucker were united in marriage Saturday evening, June 9, in a candlelight ceremony at the 21st Street Church of Christ, Clovis. The bride is the daughter of Mr. and Mrs. Edward M. Smith of 1617 Avondale, Clovis, and the bridegroom is the son of Mr. and Mrs. Johnnie Rucker of Texico.

Candlelighters were Michael Smith, brother of the bride, and Kim Boney, friend of the bridegroom. The ceremony was performed by Rev. Lloyd Cain, uncle of the bridegroom.

The altar was decorated with a 15-branch candelabra and two 15-branch spirals holding ivory tapers, backed by palms and greenery. The centerpiece was a fan shaped arrangement of yellow gladiolus and white killean daisies.

The bride was given in marriage by her father. While being escorted to the altar, the bride presented her mother with a long stemmed cream-colored butterfly rose. After the wedding vows were said and the couple turned to go, she presented her new mother-in-law with a rose.

The bride wore a formal length ivory dacron polyester gown featuring an empire waistline, fitted bodice, high neckline trimmed in scalloped sequined chantilly lace with long fitted chantilly lace sleeves ruffled at the wrists. The long A-line chapel length skirt featured a deep gathered lace-trimmed flounce circling at the bottom and sweeping up the back to the waistline, tipped with a satin bow and streamers. The two-tiered fingertip veil edged in chantilly lace was attached to a lace-trimmed camelot cap trimmed in seed pearls. She carried a semi-cascade of white butterfly roses and white stephanotis with ivory accent trim. A diamond-studded necklace and earrings, gift of the

bridegroom, were her only jewelry.

Maid of honor was Jill Reno of Clovis. Bridesmaids were Laurie Stone of Clyde, Leean Reeves of Three Rivers, and Kay Coffee of Wellington, all classmates of the bride from Abilene Christian University.

The bridal attendants wore identical formal length gowns of yellow and white dotted swiss, featuring blouson bodices and full skirts accented with inserts of white lace. They carried nosegays of white killean daisies accented with baby's breath and yellow streamers. They each wore a cluster of baby's breath in their hair.

Tasha Rucker, sister of the bridegroom, served as flower girl. She wore a long yellow and white eyelet embroidered dress trimmed in white ribbon. She carried an ivory colored basket trimmed in yellow and filled with daisies and baby's breath.

Best man was Donny Wall of Clovis. Groomsmen were Terry Rucker, brother of the bridegroom, Mark Howard and Jackie Reid of Texico. Bradley Lyle, friend of the family, served as ring-bearer. Ushers were Michael Smith and Kim Boney. Schree Rucker, sister of the bridegroom, attended the guest book.

The bridegroom was attired in an ivory tuxedo. The male attendants wore brown tuxedos with yellow ruffled shirts. They wore boutonnières of single daisies and baby's breath and the bridegroom wore a sprig of stephanotis.

The prelude to the ceremony was the musical selection, "Heavenly Father We Appreciate You." As the mothers of the bridal couple were escorted to their seats "Sunrise-Sunset" was sung. Don Stevenson,

soloist, sang the "Wedding Song" for the bridesmaids' procession. The group sang "The Wedding March" as the bride was escorted to the altar. Mr. and Mrs. Wayne Anderson sang "Devoted To You" as the couple exchanged their vows. Sandy Owen sang "Follow Me" as the couple lit the unity candle and proceeded down the aisle.

The couple and their families greeted their guests immediately following the ceremony with a reception in the church. The bride's table was covered with a white satin cloth, complemented by a white gathered organza skirt. The three-tiered wedding cake was supported by Roman columns, decorated with cherubs, doves and yellow and white daisies. The top was lace covered bells and the bottom was decorated with greenery, daisies and baby's breath. Punch was served by Mrs. Wayne Petty, Jan and Jayne Reno, all of Clovis.

The bridegroom's table was covered with a tablecloth matching that on the bride's table. An arrangement of yellow and white daisies, greenery and baby's breath decorated the table. The cake was chocolate with lattice trim and chocolate roses. Serving at this table were Tanya Bennett of Clovis and Sharon Cain of Albuquerque, both aunts of the bridegroom.

Out-of-town guests included Mrs. F. L. Moore; Bluefield, Va., Mrs. Bill Wampler and daughter, Pounding Mills, Va., Mrs. Don Walls and daughter, Seminole, Fla., Mr. and Mrs. Don Cline and family, Florissant, Mo., Mr. and Mrs. Robert Dennis, Roswell, Rev. and Mrs. Lloyd Cain, Albuquerque, and Mr. and Mrs. Larry Hedrick, Canyon.

MR. AND MRS. RAY F. ZACHREL

The Latest

Recent visitors in the home of Gladys Hardage and her father, Ernest Smith, in Farwell have been Mrs. Hardage's sister and family, Felix and Imogene Williams of Norwalk, Calif.; her nephew, Gary Williams of Clovis; and her niece and family, Ted and Donna Kraft and children, Diane, Kevin and Gregory, also of Norwalk, Calif.

Visiting Mrs. Hardage on Wednesday of last week were Mr. and Mrs. Glenn Hardage and daughter from Tennessee.

Visiting Estellene Billington of Farwell last week was her daughter, Mrs. Leonard Williams of Houston.

Mr. and Mrs. Harry Riser Sr. and daughter Ellen of Santa Fe visited in Farwell over the weekend with their son, Harry, who is serving as youth director at Hamlin

Memorial United Methodist Church this summer. Young Harry preached at the morning worship services Sunday. While in the area Ellen enrolled in Eastern New Mexico University, Portales, where she will begin classes this fall.

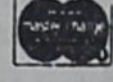

Mrs. Weldon Dane of Texico and her daughter, Mrs. Leona Winkler of Roswell, recently made a three-day trip to Oklahoma. In Oklahoma City they visited Mrs. Dane's brother, Albert Yoder, who had recently undergone surgery. In Minco, Okla., they visited her two other brothers and families, Mr. and Mrs. Raymond Yoder and Mr. and Mrs. Fred Yoder, and other relatives in the area. En route home they visited in Canyon with Mrs. Dane's sons and families, the Howard Hudsons and Bill Hudsons.

Caution Urged In Irrigating Cotton

South Plains cotton farmers should think twice before irrigating or fertilizing cotton planted in May and early June, a specialist with the Texas Agricultural Extension Service cautions.

The advisability of irrigating at this time is questionable, Dr. James R. Supak, Extension area cotton agronomist, said. Application of nitrogen fertilizers could provide a little stimulus to plant growth, but rates used should be light, he added.

"Most farmers who are irrigating are doing so in hopes of stimulating more plant growth and faster fruiting," Supak said. "In reality, they may be doing just the opposite."

Irrigation at this time tends to cool the soil temperatures and discourages deep root development, he explained. Although irrigation water may initially promote some growth, it could ultimately delay fruiting.

Irrigation is not wrong in all cases, Supak noted. "There are areas where rainfall was sparse and cotton is approaching the growth stages where it requires some water," he said. Also, some farmers are using their center pivot irrigation systems as a means of applying nitrogen.

But he urged cotton producers to look carefully at their situation and to weigh carefully the time and expense of irrigating against the possible effect it might have on crop yield.

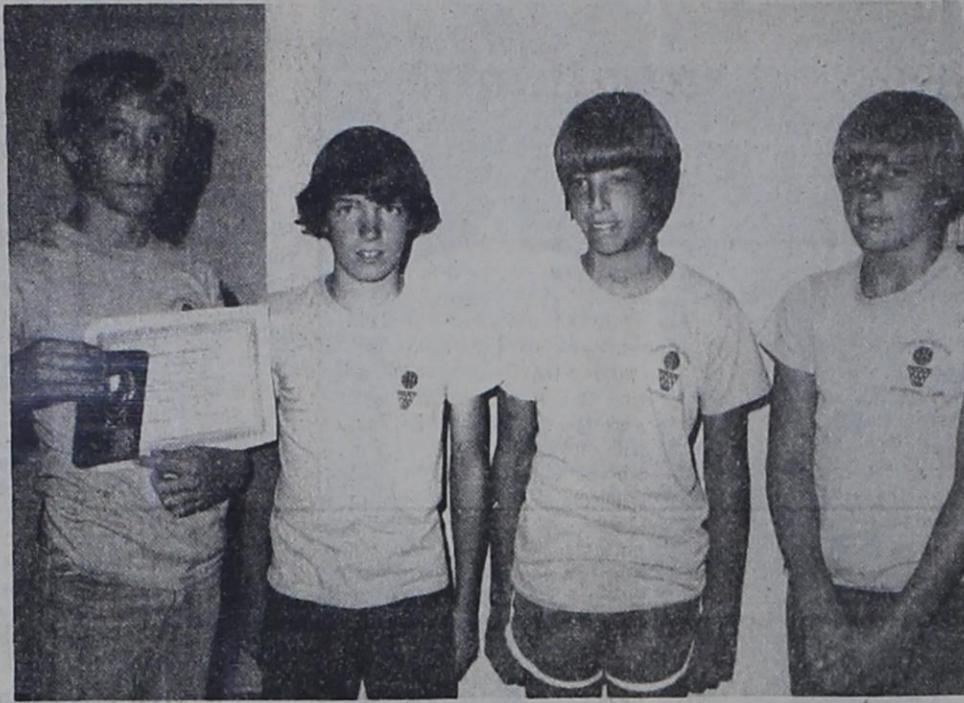

Due to the late crop, there is some question about the profitability of applying fertilizers. At this time, nitrogen is the main fertilizer element farmers should be concerned with, the Extension specialist said.

Generally, the sandy soils will be more deficient in nitrogen because of the low organic content and leaching of this element by the spring rains. Nitrogen applications on these soils would tend to provide the greatest returns, Supak said.

For the mixed and hardlands, leaching was less severe and applications of nitrogen will tend to be less profitable, especially in June-planted cotton. Soil tests can be used to determine nitrogen levels in these soils.

If fertilizer is applied, the agronomist said, he would recommend no more than 20 to 40 units of nitrogen on May-planted or, in some cases, early June cotton.

For best results, nitrogen should be applied prior to or during the early stages, he said.

Summer League Basketballers

These Texico youths recently participated in the Summer League Basketball program in Clovis. Kevin West, left, shows the plaque and certificate he

received as the most valuable player in the league and tournament. Fellow players on the Spurs team were, from left, Ronnie Dunsworth, Scott

Elliott and Jeff Johnson. The Spurs finished with a 14-3 record. West, Dunsworth and Johnson were named All-Star players.

Notice Of Budget Hearing Farwell Independent School District

The Board of Trustees of the Farwell Independent School District will meet on Monday, July 23, 1979, at 8:00 p.m., in the superintendent's office, for the purpose of a Budget Hearing for the 1979-80 school year.

Employer's Deadline To Report Quarterly Tax Return Near

July 31, 1979, is the date by which employers must report on Form 941 Social Security and withheld federal income taxes for the second quarter of 1979, and pay any taxes due, the Internal Revenue Service said. If the quarterly liability (reduced by any deposit during the quarter) is \$200 or more, the unpaid balance must be deposited.

This deadline does not apply to those employers who make

timely deposits of the full amount of tax due in Federal Reserve or approved commercial banks. They are allowed until August 10 to file Form 941, "Employer's Quarterly Federal Tax Return."

If employers have not received Form 941 by mail, they can obtain one from local IRS offices. IRS Publication 15, "Circular E - Employer's Tax Guide," is also available at local offices.

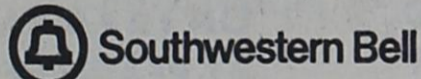

The liver of a left-handed person is on the left side of the body.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective August 3, 1979.

It is expected that the requested rate schedule will furnish a 6.09 percent increase in the company's intra-state revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality, and is available for inspection in each of the company's public business offices in Texas.

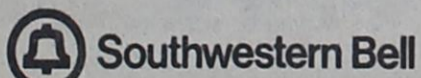

Public Notice

Notice is hereby given that a public hearing will begin at 9 a.m. on July 24, 1979, in the offices of the Texas Public Utility Commission in Austin, Texas, on a proposal by Southwestern Bell Telephone Co. to make certain changes in the format of selected Texas telephone directories.

The principal proposed changes are: (1) to separate business and residential listings in the white pages, with residential surnames listed once in boldface type followed by the alphabetical listing of the individuals' given names in regular type; and (2) to add, in addition to the "white pages" business and residential listings and the Yellow Pages business listings, a third set of "blue pages" listing the numbers of selected governmental and public service agencies.

Inquiries may be addressed to the Texas Public Utility Commission, 7800 Shoal Creek Blvd., Austin, Texas 78757.

Although the aroma of charcoal-cooked meat is mouth-watering, the meat itself can become dry and tough if not cooked properly.

Follow these suggestions for cooking meat on the grill:

- Select cuts of beef or pork that are well-marbled or baste less tender cuts with butter or your favorite marinade.

- Use tongs to turn the meat. Avoid the use of forks which pierce the meat and allow juice to escape.

- Cook slowly on an even bed of coals. Slow cooking helps to retain moisture and prevent burning.

- Leave the skin on poultry. It acts as a natural "baste" and prevents drying.

- Turn fish only once. It cooks quickly and may fall apart if disturbed often.

- Heat link sausage and wieners just until heated thoroughly.

- If the meat is done, but you and your guests are not ready to eat, wrap the meat in foil and place on the warming shelf of the grill or move the coals to one side to prevent over-cooking.

Try Crisp 'n Salty Grilled Chicken at your next cookout.
1/4 c. butter or margarine
1/2 c. reconstituted lemon juice
1/2 c. water

2 T. salt
1 1/2 T. soy sauce
1 (3 lb.) chicken, cut-up

In small saucepan, melt butter; stir in lemon juice, water, salt and soy sauce (Mixture will be thin). Over hot coals, cook chicken, basting constantly, for 45 minutes to 1 hour until tender.

USDA Proposes Nutritional Standard For Foods

The U.S. Department of Agriculture today proposed a nutritional standard for foods sold in competition with federally subsidized meal programs in the nation's schools.

The proposed rule allows states and local school districts to permit the sale of all foods which supply at least 5 percent of the U.S. Recommended Dietary Allowances for one or more of 8 specified nutrients.

The proposed rule is in response to an amendment to the Child Nutrition Act, passed by Congress in November of 1977, authorizing the Secretary of Agriculture to regulate the sale of foods which compete with federally-assisted lunch and breakfast programs. Assistant Secretary of Agriculture Carol Tucker Foreman said the 5 percent figure is low enough to identify only those foods which are of "minimal nutritional value."

The specified nutrients in the rule are those for which adequate information is most generally available. They are protein, vitamin A, ascorbic acid, niacin, riboflavin, thiamine, calcium, and iron. Under the proposal, nutrients would be measured per 100 calories and per serving size. This

standard would limit the sale of soda water, water ices, chewing gum, and some candies.

"We hope that school snack counters, a la carte lines, and vending machines - the places where competitive foods are usually sold - will offer more fruits, vegetables, and fruit juices under this proposal," Foreman said.

Those foods which do not supply even the minimum 5 percent of any one of the specified nutrients could not go on sale until after the last lunch period.

"The Department has taken a year to research and study the complex nutritional issues since we originally proposed a competitive foods rule in April of last year," the Assistant Secretary said.

That proposal was withdrawn because the large number of comments raised significant scientific issues which the Department believed need further study.

Department nutritionists have reviewed current studies and publications dealing with food consumption patterns and the nutritional status of children in the United States. They have consulted with nutrition

experts, both in other government agencies and at universities.

"Our review of the research findings clearly shows that all children benefit from moderation in their food habits," Foreman said. "Our proposal will also help those children whose diets lack essential nutrients, and those inclined to obesity - a significant problem among some young Americans - by limiting those foods which contain too few nutrients or too few nutrients in relation to calories."

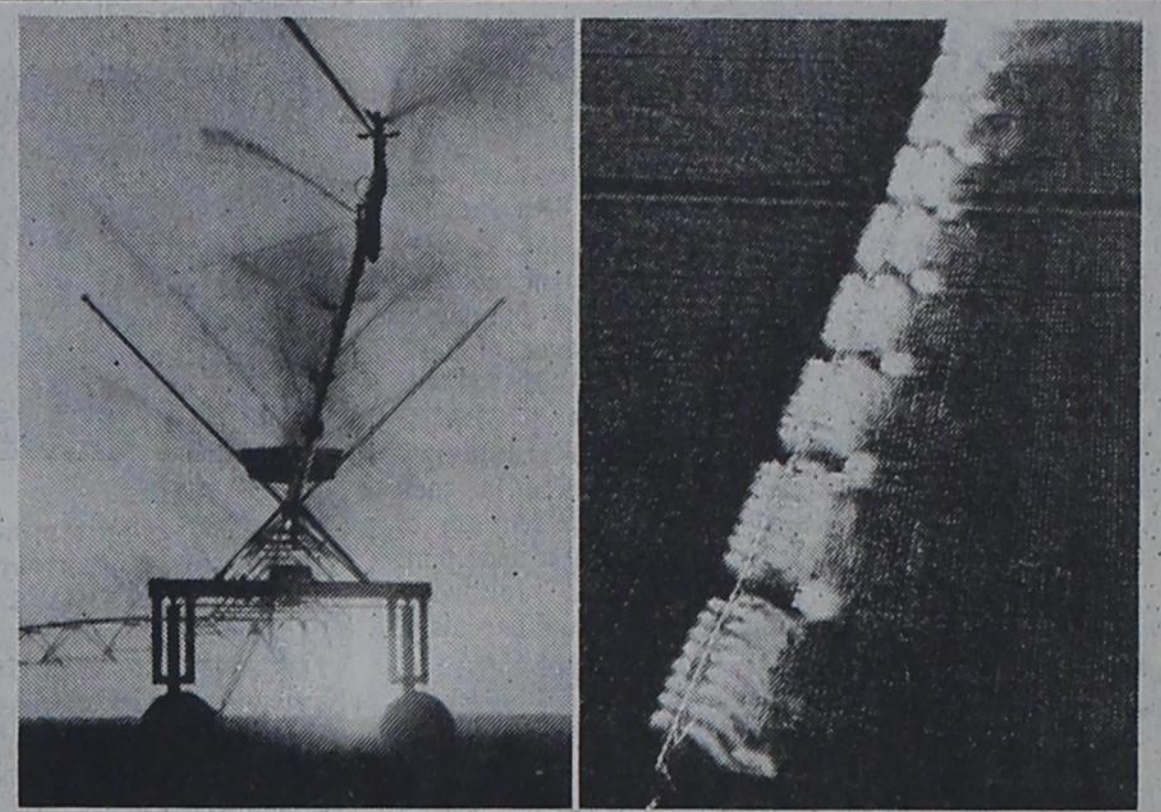

In the course of the Department's studies, 200 witnesses have testified at three public meetings on competitive food issues. More than 4,000 written comments have been received from parents, students, business and industry, teachers, school administrators, nutritionists, dentists, other medical professionals, and concerned citizens, since the original rule was proposed.

"The overwhelming majority of the public comments strongly support some restriction on the sale of minimally nutritious foods in schools," Foreman said.

She pointed out that a minimum federal standard responds to that concern, while leaving states and local communities free, as they are now, to adopt or continue their own more comprehensive rules.

"The competitive foods proposal is similar to the Type A meal pattern for school lunches in that it sets a minimum standard upon which local schools can build," Foreman said, "and it provides another framework in which federal, state, and local groups can work together to improve child nutrition in this country."

Public comments are invited on the new proposal. They should be sent by September 6, 1979, to Margaret O'K Glavin, director of the school programs division, Food and Nutrition Service, U.S. Department of Agriculture, Washington, D.C. 20250.

REBATES UP TO \$2,500 LEASES DOWN TO 7.50% LEASE RATE

Buying a Valley irrigation system this summer could be the smartest thing you could do all this year. We are offering you a choice of either big rebates or long-term leases at rates that are hard to believe. On Valley linears and corners the rebates are as high as \$2,500. On regular systems rebates are as high as \$1,250. You save the most by acting now, not later, because rebates decline in value after August 17th.

For Valley linears and corners, make a 10% down payment. We'll put the system on your farm and you won't have to make the next payment until January, 1981! The lease rate is an unbelievable 7.50% in July and goes to 7.63% on August 17th. You can make about the same deal on a regular system and the rate is 8.64%. If you don't want the January, 1981 second payment plan, the rate is 8.24%. We even have an interest free finance plan to January, 1980. See your Valley dealer, he has all the facts.

If you wait, you're losing money.

Agricultural Briefs

SUMMER LAWN PROBLEMS

Summer lawn problems include drouth, weeds, insects and diseases, notes a turfgrass specialist with the Texas Agricultural Extension Service, Texas A&M University System. Dry spots, thin turf and weeds can result from improper watering, fertilizing and mowing. Certain grass diseases increase when lawns are under stress due to hot weather and dry conditions. Also, chinch bugs and white grubs can cause heavy damage to lawns during mid-summer, so an insecticide should be applied.

drop sharply with age.

KEEP STOCKING RATES DOWN

Ranchers should resist the temptation to increase stocking rates even though pastures now have abundant vegetative growth, advises a range specialist with the Texas Agricultural Extension Service, Texas A&M University System. Since warm season perennials are still recovering from drouth conditions of the past few years, ranchers should shape up herds now by reducing overall numbers or by keeping numbers constant.

BALE EXCESS FORAGE

Forages are becoming abundant throughout Texas due to good moisture conditions. A forage specialist with the Texas Agricultural Extension Service, Texas A&M University System, advises baling excess forage rather than leaving it for livestock to graze in late summer when grazing usually gets short. Grass should be cut for hay early in the season since its protein, palatability and digestibility

LEARN TO READ YOUR ELECTRIC METER AND SAVE!!!

It will let you determine how many kilowatt hours you use in a given period of time - an hour, a day, a month or a year. That's how electricity is measured - by kilowatt hours (kwh) used.

Your residential electric meter will have either 4 or 5 dials

Electric meters are easily read from right to left as you look at the meter. If the pointer on a dial is between two numbers, write down the smaller number. When the pointer is directly on a number such as one (1) (see center dial above) then read it as 1 if the pointer on the next dial immediately to the right has passed zero (0). However, read it as zero (0) if the pointer on that dial to the right has not reached zero.

The dials above read (from left to right) 9-3-1-1-5. If, however, the pointer on the second dial from the right above was between 9 and zero then the center dial would read as a zero.

Now let's read the same meter 24 hours later

The later reading is 9-3-1-3-8. Subtracting the first reading, 93115, from the new reading of 93138 - the answer is 23. Thus you would have used 23 kilowatt hours in the 24 hour period. Each kwh costs approximately five cents.

When you learn to read your electric meter, you will be able to see where your energy dollars go - then learn to use energy wisely & save!

LEGAL NOTICES

PUBLIC NOTICE
Southern Union Gas Company, a Division of Southern Union Company, hereby gives notice of its intent to implement a new schedule of natural gas rates in the City of Farwell, Texas, no earlier than August 7, 1979, in accordance with the Statement of Intent filed with the City of Farwell on July 2, 1979.

It is anticipated that the effect of the change in rates, when allowed, will be to increase the revenues of the Company within the Farwell Service Area by 8.3%. A residential customer using 10 Mcf of gas per month would experience a maximum increase of \$1.30 per month.

A complete copy of the Company's Statement of Intent is available for inspection at the Farwell business office.

SOUTHERN UNION GAS COMPANY.
Published in State Line Tribune July 6, 13, 20, 27, 1979.

By virtue of an Execution issued out of the 64th Judicial District Court of Hale County, Texas, on a judgment rendered in said Court on the 10th day of April, 1979, in favor of THE CITY NATIONAL BANK OF PLAINVIEW vs RICHARD ADKINS, d/b/a Plainview Honda; No. A-18859 in such Court, I did on the 28th day of June, 1979, at 4:30 o'clock p.m. levy upon the following described tracts and parcels of lands situated in the County of Parmer, State of Texas, as the property of the said RICHARD ADKINS, to-wit:

An undivided one-half interest subject to a life estate in Eunice M. Adkins in and to the following real property: Being 320 acres of land, more or less, in Parmer County, Texas, and being the North One-half (N. 1/2) of Section 24 Township 1-North, Range 3-East, as shown by plat recorded in Vol. 5, Page 395, Deed Records of Parmer County, Texas, SAVE AND EXCEPT a 15.86 acre tract heretofore conveyed by Ivan Adkins et al to Gary E. Brown, et ux Barbara Brown by Warranty Deed Recorded in Volume 172 Page 143, Deed Records of Parmer

County, Texas; SUBJECT TO all mineral and/or royalty reservations of record in the Deed Records of Parmer County, Texas, and to any other instruments and matters of record in force and effect against the above described property; and

on the 7th day of August, 1979, being the first Tuesday of said month, between the hours of ten o'clock a.m. and four o'clock p.m. on said day, at the Courthouse door of said County, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said RICHARD ADKINS, as hereinabove described, in and to said property. DATED at Farwell, Texas this 28th day of June, 1979.

Charles Lovelace
Sheriff of Parmer County, Texas.

TWO MINUTES WITH THE BIBLE
BY CORNELIUS R. STAM, PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60643

THE FATHER OF BELIEVERS

"Abraham believed God and it was counted unto him for righteousness" (Rom. 4:3).
Has it ever occurred to you that the most loved, the most honored, the most respected person of history is - not Christ, but Abraham. Christ ought to be, but Abraham is. Besides the millions of professing Christians there are untold other millions of Jews and Mohammedans who speak with reverence of "our father Abraham."

Clearly this is why God used this man to show us how to be saved and justified before a holy God. As Paul is God's great example of grace, so Abraham is God's great example of faith - saving faith.

"If Abraham were justified by works," says Rom. 4:2, he has something to boast about - but not before God, who sees and knows all. But Abraham was justified. How? "What saith the Scripture? Abraham believed God and IT WAS COUNTED TO HIM FOR RIGHTEOUSNESS" (Ver. 3).

God, of course, had planned salvation through the redemptive work of Christ and would - and will - save anyone who simply trusts Him and takes Him at His Word.

Since Abraham, of course, more of God's Word has been revealed and we now know the details of Christ's death for sinners. If we now take God at His Word and simply trust Christ as Savior we are completely justified, for salvation is not, cannot be by works:

"But to him that worketh not but believeth on Him that justifieth the ungodly, HIS FAITH IS COUNTED FOR RIGHTEOUSNESS" (Rom. 4:5).

Today --

Summer Youth Employment Orientation At Friona

Texas Panhandle Community Action Corporation Summer Youth Employment Program Orientation for CETA youth will be held in Friona today, Friday, at the Friona High School.

The orientation is scheduled from 9:30 a.m. to 4:00 p.m. and is geared toward informing youth about the labor market and assisting them in developing job-seeking and employment skills.

Parmer County Judge James P. Fortenberry will welcome the participants to the session. David Duncan, Texas Panhandle Community Action Corporation Vocational Counselor, will present a session entitled "How to Get the Job Before You Shove It" emphasizing the need for a positive self concept, resume development,

job application procedure and job interview techniques.

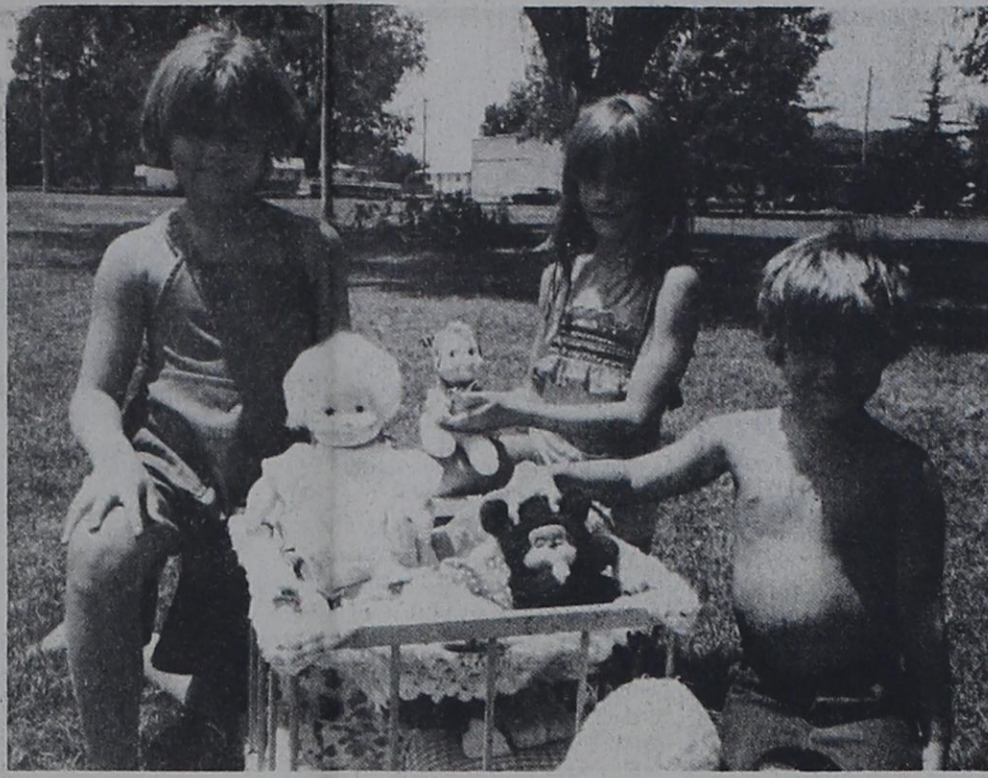

Dwayne Howard, Financial Aid Officer of Amarillo College, will address the group on the subject, "How Can I Not Afford to do This?" This presentation will inform the youth about grants, loans, scholarships and work-study programs available to those who wish to continue their education or avail themselves of skill training after high school.

Carole Weatherly, manager of Friona Chamber of Commerce is to present a program on "What's Going on at Home?" This session will inform the group about local job opportunities after high school and what job skills are needed to fill these jobs.

Dr. Reid Clayton, Director,

Counseling Center of Amarillo College, will address the group on "Where Do I Learn all this Stuff?" The purpose of this session is to let the youth know what academic and vocational/technical programs are available at local institutions of higher learning. The importance of post-high school training is stressed in order to develop marketable skills in today's labor market.

The orientation will close with a session titled, "Let's Talk About It!" led by Helene Botsonis, RN, of the Texas Panhandle Community Action Corporation staff. Individual counseling will be offered to the youth on such subjects as preventive health, alcohol and drug abuse, labor market and vocational preference tests.

A Day In The Park

On long, hot, summer days the shade and cool of Farwell City Park are very inviting to children like these youngsters who enjoyed a recent day playing there. This threesome who took many of their dolls

and stuffed animal friends on their outing to the park are, from left, Amy Gulley, Kelly Anderson and Richie Gulley, children of Mr. and Mrs. Larry Gulley and Mr. and Mrs. Marvin Anderson.

JV Cheerleaders

Attend

Lubbock Camp

Farwell junior varsity cheerleaders attended a High Plains Cheerleading School June 17-21 at Lubbock Christian College. Those attending were Shana Blain, daughter of Mrs. Billie Blain; Polly Turner, daughter of Mr. and Mrs. Charles Turner; and Jennifer Williams, daughter of Mr. and Mrs. James Williams.

They participated in boogie, gymnastics, pom pom classes and cheering workouts, earning two superior and two excellent ribbons.

Shana sang during the "talent night" program at the camp.

Bring Home Ribbons

These three girls attended a cheerleading camp last month in Lubbock. They are, from left, Jennifer Williams, Polly Turner and Shana Blain. The girls garnered two superior

and two excellent ribbons during the week-long camp. They are junior varsity cheerleaders at Farwell High School.

The girls said, "We had a great time, learned a lot and made a lot of new friends. We are looking forward to the beginning of the football season."

Air Conditioning Causes 'Hot' Fuel Bills

If your home is fully air conditioned, you may be planning to spend a cool summer indoors. But your first summer cooling fuel bill may leave you a little hot under the collar.

"Air conditioners are energy gluttons if you don't use the system wisely," said Suzi Holder, Extension housing specialist at New Mexico State University.

Keep all your windows and

doors closed while the air conditioner is running. Pull the draperies or shades on windows that get direct sunlight.

Don't keep the air conditioner running if no one is at home. Connect a timer to the unit and have it turn on one-half hour before you arrive home.

The specialist recommends a thermostat setting above 78

degrees Fahrenheit. Set the window unit in the window that is most protected from direct sunlight.

Remember that measures taken to keep your home warm in the winter -- such as insulation and weather stripping -- will also keep it cooler. NMSU Cooperative Extension Service is working with the New Mexico Energy Extension Service to provide this information.

FANCY THAT

THE HIGHEST BRIDGE ABOVE WATER IN THE WORLD IS THE ROYAL GORGE BRIDGE OVER THE ARKANSAS RIVER IN COLORADO. IT IS 1,013 FEET ABOVE THE RIVER!

BRIDGES OF MANY HEIGHTS AND SIZES ARE BUILT BY THE ARMY'S COMBAT ENGINEERS. WITH TRAINING AVAILABLE FOR THOSE WHO QUALIFY AS BRIDGE SPECIALISTS!
