

HIGH, TWISTING WINDS, not the architect, were responsible for this unusual shape on the east end of Lee Meeks' new roller rink building. The winds, which hit Friday evening, twisted the unfinished structure out of proportion as they ripped the open end from its moorings on the foundation. It wasn't completely fastened down and one corner rested on the fender of a truck not shown at the left of the picture.

OPEN AIR LABOR CAMP at Nickels' Gin in eastern Farwell was also a result of Friday's big blow. The heavy roof was carried about a hundred yards out into the pasture south of the housing and a portion of the south or back wall of the units, shown here, was toppled. There were no injuries. High winds damaged the housing about a year ago also.

FARWELL, TEXAS

NUMBER 25

FROM THE HOPPER

BY HOP JR.

Bank Deposits Bump Ceiling

Farwell's Security State Bank had the highest March financial report in history, reports R. W. Anderson, vice-president, and deposits are up a million dollars over this time just 12 months ago.

The bank's statement of con-

dition, issued the 12th in accordance with the State Banking Commission, showed total resources at \$5,582,931. Of this, \$5,231,289 were in the form of deposits.

Deposits at Farwell are even higher this spring than they were at the close of the year in December -- something very unusual in a farming area such as this one. The jump in three months is about \$300,000.

Assets at Security State passed the \$6 million mark for the first time in January of this year, Anderson says.

All of these improvements in the financial picture are directly related to the 1958 crop year which was a very good one from the general standpoint.

Farmers are not very optimistic about the outlook this fall, but they will go into the uncertainties in the months ahead a little better padded in the hip pocket than ever before.

MRS. MEEKS HOSPITALIZED

Mrs. E. H. Meeks was admitted to Clovis Memorial Hospital Monday afternoon of this week for medical treatment. She is not having visitors.

Texico AG Boys Win First Place

Members of the Texico FFA livestock judging team won first place in the district judging contest conducted Saturday in Portales, reports James Pierce, agriculture instructor at Texico School.

Tommy Standefer was high point man for the two districts competing in the livestock judging. Other team members were Leon Kelley and Bill Roth.

Placing eighth in the contests was the dairy judging team which was composed of Gary Singleberry, Richard Ridings and Freddy Taylor.

Pierce says that the judging teams will compete in the state contests on April 3 and 4 and that besides these two teams, he will possibly have teams competing in tractor driving and farm mechanics.

Same Song, 10th Verse

Indian Crim has done it again. He says we're due for another dry year.

After the rain of this week, this may seem like an uphill forecast, but through the years, the record shows that the Lazbuddie farmer, who follows the old Indian practice of making a forecast for the year on March 22, is death on averages.

The last time he read the smoke signals and called for a good crop year was in 1949. He was right. Since then, he has called for drouth, and has

never missed.

(Actually, an exception should be made in the above statement. In March of 1958 Crim said the year would be "fair." He wasn't very hopeful but did say there was a possibility of making a small crop. Again, records show that enough moisture came that year to make a light crop -- without irrigation -- for the first time since 1949.)

Crim says this habit of rising at dawn just as spring begins has been in his family for generations, and that the practice was borrowed from Indians long ago. Regardless of the times, Crim is always at his station when the sun comes up March 22, keeping alive the tradition.

He is joined by many members of his family and a few friends who drop by to join in. The family as a whole gets a big bang out of the affair and Indian Crim (J. W. are his initials) enjoys things as much as anyone.

But he's downright serious

(Continued on Page 6)

MORE DRY WEATHER is what the Old Indian, J. W. Crim, says we're in store for in 1959. The Crim tribe and a few neighbors gathered as is their annual custom early Sunday morning, March 22, to see which way the wind was blowing. Indian Crim, holding one of his grandchildren, is near the right in this group and is pointing out the direction of smoke from the fire, which in turn indicates the way the wind is blowing. It was from the southwest.

No Trades Day, But New Car Give-Away

Farwell Chamber of Commerce members pretty well knocked the idea of a community-wide "trades day" business promotion in the head when they got together Tuesday evening at the City Hall.

Just two weeks ago the trades day idea seemed like a winner. At that time 16 businessmen agreed that they would go along with the plan if it could be launched.

A committee was appointed by Chamber President Clay Henson and instructed to find out the sentiment of Main Street

and report back at this week's meeting. Carl Davis, Cecil Dykes, and James McDorman reported that businessmen gen-

Services Tuesday For Ben Christian

Funeral services were conducted Tuesday, March 24, at 2 p.m. at First Church of Nazarene in Clovis for Ben Christian, 81, who died Saturday at Clovis Memorial Hospital after a two weeks confinement there.

Mr. Christian came to this area in 1909 and had lived here since that time. He and his wife were living in Clovis at the time of his death, but they lived for several years near the draw between Texico and Pleasant Hill.

Survivors include his wife, Myrtle; four sons, Lewis of Greenwich, R. L. Clifford of Torrance, Calif., Ben Jr. of Odessa, and Bobby of Grants, N.M.; and four daughters, Mrs. Louise Aldridge of Hawthorne, Calif., Mrs. Elizabeth King of Elsinore, Calif., Mrs. Alveta Simington of Frazier Park, Calif., and Mrs. Betty Jo Byars of Lancaster, Calif. Nine grandchildren and three great-grandchildren also survive.

Pallbearers were Lowry Winkles, Frances Decker, Lewis Paul, Bill Glenn, John Reynolds, and Fred Burch. Members of his Sunday School class were honorary pallbearers.

Interment was in Lawn Haven Memorial Park with Steed Funeral Home in charge.

erally are a little apathetic about the plan.

It had been suggested that the merchants underwrite a trades day give-away "kitty" with a \$2 a week assessment, and then purchase tickets at a profit to the chamber, which would in turn yield more money to finance the promotion.

Tuesday night, local boosters at the chamber meeting reported that it wasn't so much a case of being worried about getting enough businesses in on the deal to make it click for the initial 13-week period; it was just a lack of enthusiasm.

"We don't want to push anything off on anybody," was the remark made by several members.

The boosters agreed, however, that a promotion of some kind is needed as a business stimulant, and they took up the subject of car give-aways.

Several have been conducted by local businesses within recent years, and some have been considered quite successful. Reaction has varied among individuals.

There has never been much

doubt, though, that giving away a new auto always brings a big crowd to town. On the day the winner is announced the community is always alive with the hopeful and the just plain curious.

(Continued on Page 6)

Texico Juniors Will Present Play April 3

"Finders Creepers" is the title of a three-act comedy to be presented by the Texico junior class at the high school auditorium at 7:30 p.m. Friday, April 3.

Directing the play is Charles Stockton, class sponsor. Included in the cast are Ursel Doran, Charlie Stockton, Peggie Teel, Darlene Danforth, Mary McDaniel, Wesley Enggram, Phyllis Kelley, Travis Taylor, Bobby Gooch, Connie Tharp, Don Johnson, Christy Bowers, Bobby Walker and Valeria Meier.

Everyone is invited to attend.

H. T. Reynolds Buried Thursday

Burial services were conducted Thursday at the First Baptist Church in Bovina for Henry Thomas Reynolds, 73, a resident of Parmer County since 1916.

Mr. Reynolds died in Clovis Memorial Hospital Tuesday afternoon about 4 o'clock following a heart attack. He had been the victim of heart ailments in recent years and was in poor health.

Rev. Gene Hawkins of Matador and Rev. Sidney Cox of Farwell officiated at the funeral. Pallbearers were W. F. Cook of Kress, Frank Smith and Paul Jones of Bovina, and Guy Cox, Don Jones and Felix Monroe of Farwell. Honorary pallbearers were the commissioners and employees of the county.

Steed's of Clovis was in charge of arrangements. Graveside rites were administered by the Masonic Lodge.

The deceased is survived by his wife, Mabel, who is Parmer County treasurer; a daughter, Mrs. Herbert Miller, Houston; a son, Malcolm, Fort Worth; a brother, J. C. Medill, Okla.; a sister, Mrs. Sally Hamilton, Lubbock; and four grandchildren.

Mr. Reynolds was born on June 6, 1885, in Paris. He and Mabel Dean were married August 3, 1915 in Anson and the couple came to the Plains in September of 1916. They settled at Bovina, where both taught (Continued on Page 6)

RED CROSS FUNDS were swelled when this check from the Farwell Study Club was handed from Mrs. Will Foster (right) to Mrs. Otis Huggins, chairman of the Red Cross drive in Farwell. Mrs. Foster is secretary-treasurer of the club.

Red Cross Total Is \$336

A total of \$336.75 was contributed by Farwell residents to the Red Cross drive this year.

Mrs. Otis Huggins, chairman of the drive, reports that the contributions came from three sources. The Farwell Study Club collected \$190.85, \$33.90 was contributed by school stu-

dents, and other workers brought in \$112. Some of the money came from calls made at Larlat.

Mrs. Clarence Christian and Mrs. Alvin Mace were Mrs. Huggins' assistants.

The chairman expressed her thanks to the Study Club and

also to all individuals who helped make the project successful.

In Texico, a one-day campaign will be made by Mrs. Elmer Teel, chairman, and volunteer workers. That day will be Monday, and a town-wide canvass is scheduled.

home from school, you wouldn't know how to get your dinner and you wouldn't feel like eating anyhow."

Moved

New residents in Farwell during the month of March include the A. S. Howards who are living on Fourth Street, H. E. Buchtel, who moved into the Ralph Franse house on Seventh Street and Mrs. W. J. Parker who moved here from West Camp.

A. L. Cleveland is living in Mrs. J. D. Thomas' rent house on Third Street and Mr. and Mrs. Dick Felts have moved from Farwell to Lariat. Roger Powell has moved into the Morgan Billington apartment in Texico and P. R. McDaniel is living in the Leroy Williams house.

OKLA. LANE

MRS. HAROLD CARPENTER

Miss Zelda Donaldson observed her ninth birthday Wednesday, March 18, by having Misses LaNell Christian, Shirley Barnes, Carolyn Looney and Janice Billingsley as her overnight guests.

Mr. and Mrs. Buster Cochran and Bonnie and Miss Diane Barnes were dinner guests Sunday in the home of Mr. and Mrs. Neil Stewart.

Mr. and Mrs. Dee Brown and sons and Mr. and Mrs. Carl Deaton and family of Clovis were Sunday dinner guests in the home of Mrs. Lora Brown.

GOLDEN FRIED CHICKEN was forked out by Texico FFA boys to about 300 hungry customers at the annual FFA feed Friday night. The boys cooked the chickens themselves and were kept busy for about three hours trying to meet the demand.

Knick Knack Club Thursday afternoon, March 19.

After a business meeting, those present did handwork. Mrs. Blankenship served sandwiches, date bars and lemonade to Mesdames Dee Brown, Lora Brown, George Lindop and George Douglas.

The next meeting will be Thursday, April 16, in the home of Mrs. Dee Brown.

Mr. and Mrs. Johnny Vaughn and daughter visited Sunday in the home of Mr. and Mrs. Delbert Putman.

CONGRATULATIONS

Congratulations to Mr. and Mrs. Jesse Espinosa on the birth of a daughter Tuesday, March 17, at Parmer County Community Hospital. The little girl weighed 7 pounds and has been named Bakina.

METHODIST CHURCH NEWS

Mr. and Mrs. L. L. Cooper and Mr. and Mrs. Ponce Billingsley accompanied a group of MYF members to a sub-district meeting at Olton Sunday afternoon. The group had lunch together in the Cooper home prior to making the trip to Olton.

After the MYF meeting, Mr. and Mrs. Ponce Billingsley and family and Zel Billingsley visited with an aunt, Mrs. Maude Funderburk, there.

The Methodist Men enjoyed a breakfast at the church Monday, March 23. Melborn Jones gave a devotional and during a business session the men voted to buy one share in the library for the new Alaska University and to have another breakfast at 6 a.m. April 27.

Attending were Wendol Christian, E. W. McGuire, Lee Jones, Troy Christian, T. L. Kent, R. E. Blankenship, Donald Christian, Claude Primrose, Norman Head, C. C. Christian, Ponce Billingsley, Melborn Jones, Lawrence Cooper and one guest, Jimmy McGuire.

Rev. Wood, church pastor, plans to be back in the pulpit for the Easter services. Rev. Wood has been ill for some time.

MRS. BLANKENSHIP HOSTESS TO CLUB

Mrs. R. E. Blankenship was hostess to a meeting of the

Texico FFA Feed Draws Crowd

"It was certainly a success, attendance-wise and financially, but we hope to do better next year," reports James Pierce, Texico agriculture instructor, of the annual feed sponsored by the ag boys.

Pierce says that they served about 200 persons during the evening and that he was really well pleased with the turn out. Pierce, who has been ag teacher at Texico only a few months, says that he hopes next year's feed will be even more successful than this.

Longhorns Take Three-Way Meet

Lazbuddie Longhorn track team took first place at a three-way meet with Hart and Kress Monday, March 23, coming out with 51 points. They were followed by Kress with 48 and Hart with 40.

The Longhorns are to be in Friona today (Thursday) to compete in an invitational meet, says Bobby Crooks, coach.

Egg production in 1959 is expected to exceed that of last year, F. Z. Beamblosson, extension poultry marketing specialist, says indications point to a downward trend in egg prices during the next six months. Prices may improve during late 1959.

BAPTIST CHURCH NEWS

Lydia Circle of the WMU met Monday morning in the home of Mrs. Lee Mason for Bible Study. Mrs. Claude Watkins directed the study of the book of Romans. Present besides those mentioned were Mrs. J. N. Pruitt, Mrs. Lacy Hardage and Mrs. Lora Brown.

Jimmy McGuire preached at both services at the church Sunday, March 22. Miss Janice Hillock presented special music.

Sally Lewis says...

Ever wonder how the professionals turn flowers almost any color? You can do it too with a cake coloring. Add a teaspoon of cake coloring to a pint of warm water and place the stems of freshly cut flowers in it. White flowers seem to work best, but almost any flower immediately takes the colored water up the stems and into the petals.

Glycerine can be used to give your house plants a beauty treatment. It's better than olive oil because it doesn't collect dust. Put a few drops on a cloth and swab the leaves of philodendrons, snake plants, camellias, etc.

Have a dog problem as far as shrubs are concerned? Here's a tip that works—soak a cotton cloth with ammonia and hang it on the evergreens and shrubs. It will keep the neighbors' pets away.

How often have we gotten cloth sacks of flour, seeds, feed, etc. and not made the best use of them because of the imprinting? It can be removed easily. Put the bags in a wash basin or enameled pan in just enough wash water to cover the bags. Slowly add a half teaspoon of household lye, stirring to insure instant dissolving. Boil for a half hour, then rinse bags in fresh water. Rub the bags thoroughly with soap and rinse.

To apply insect repellent to screens without splash and splatter, attach a small strip of old carpet to a block of wood. Saturate the carpet with the repellent and rub it over the screen.

If you don't have a garden hose carrier, a bushel basket makes a handy place to store it. It's easy to carry the hose from place to place and it protects the hose.

Annual, Paper Receive Awards In PHSPA Meet

Texico School's annual placed second in third class of small school annuals at the annual Panhandle High School Press Association meeting Tuesday at West Texas State, Canyon.

Also receiving a second place award was the school newspaper, which was entered in the mimeographed division.

David Lockhart, editor of the newspaper, received honorable mention for straight news writing.

Mrs. Jimmie Allman, journalism teacher, reports that she was well pleased with the awards received by her students. Their entries were in competition with papers and annuals from 25 other schools in the Panhandle area and 450 people were on hand for the

meeting Tuesday. Accompanying Mrs. Allman to the convention were Lockhart and Misses Peggie Teel, Phyllis Kelley, Gayle Potts and Gale Hadley.

Ornaments are a favorite victim of cotton root rot and the disease troubled many Texas homeowners last year. Now is the time to begin planning a control program to combat the disease and reduce damage this year, advises Harlan Smith, extension plant pathologist. For more advice he suggests getting a copy of L-390, "Cotton Root Rot," from local county agents.

Some folks are wise, and some are otherwise.

Robbie Foster To Study At Iowa U

Robbie Foster, son of Mrs. Loucille Foster of Bovina and the late Tom Foster, has accepted a fellowship to work on his master's degree in organic chemistry at Iowa University, Iowa City.

Besides this one, Foster received fellowships from Michigan, Indiana and Arkansas Universities and also received honorable mention in the National Science Foundation of Fellowships.

The Fosters are formerly of Farwell and Robbie completed his high school education here in 1955. He will

receive his bachelor's degree from McMurry College, Abilene, at spring commencement

At McMurry Foster is a member of the Pre - Professional exercises.

Club and Chi Omicron social club. At the university he will work in the research department.

Foster, who is married to the former Nan Rich of Abilene is undecided as to whether he will assume duties at the University in June or September.

Activities Set At Farwell

The Activities calendar for Farwell Schools is already full, according to a check by a reporter this week. Highlighting the month of April are interscholastic league contests in both literary and athletic events along with various plays, programs and banquets.

March 21--Solo and ensemble contests at Canyon.

March 24--Band clinic at Farwell; Lazbuddie and Farwell volleyball game here.

March 26--Professional assembly program at 9 a.m.

March 31--Annual senior banquet sponsored by Baptist Church.

April 2--Frona and Farwell volleyball game here.

April 3--Armed Forces program for senior boys; interscholastic league literary events at Sudan.

April 3-4--Panhandle relays.

April 8--Choral group to Canyon.

April 11--District track.

April 14--Baseball, Muleshoe there; PTA.

April 17--Band concert.

April 18--Athletic banquet; Junior band to Plainview.

April 21--Junior play.

April 22--Band to Canyon.

April 23--FHA state meeting.

April 23 - 25--Regional track.

April 28--Baseball, Muleshoe here.

May 9--Junior-senior banquet.

May 17--Farwell baccalaureate.

May 21--Eighth grade graduation.

May 22--Commencement.

Things were pretty quite for Parmer County law enforcement officials this week, but one Latin American was hauled in for transporting liquor in a dry area, and having it for the purpose of resale.

Cliofas Nino Castro, 41, of Muleshoe was arrested by Frona Chief of Police Ben Moorman north of the city. He had 84 quarts of beer in his car.

Traveling with him was another man and two small boys. He pled guilty in county court Monday morning before Judge Loyde Brewer and was fined \$100 and costs. He paid the fine and was released that afternoon.

Fined \$100 For Hauling Hootch

Automobiles registered by mid-morning Wednesday numbered 1972, and tags had been issued for 923 farm trucks and 363 commercial trucks. Other license plates had been issued for trailers and house trailers.

Employees in the office request that each person bring his vehicle title along with last year's license receipt in order to expedite handling of sales. The state this year is requesting persons to present these before being issued a license, says Thompson.

ONE-ACT PLAY CHAMPS are these Farwell High girls (left to right), Gwenda Parker, Wilma Norton, Ruby Hillock, and Juanita Range. Their play, "Brilliant Performance" must have lived up to its name because they won over Anton, Kress, Seagraves, Plains, and Sudan with it. They will go to regional competition April 25 at Lubbock.

Maundy-Thursday Observance Set

Some 100 Scottish Rite Masons of the 14th degree and higher are expected to attend Maundy-Thursday observance at the Masonic Hall in Muleshoe at 7 p.m. Friday, March 27, according to Nelson C. Smith, Farwell, a member of the arrangement committee.

Henry Gilbert, 32nd degree Mason and president of the West Plains Scottish Rite bodies will preside and Wayne L. Slaughter, a 33rd degree Mason and secretary of the El Paso bodies will be in charge of the ritualistic ceremonies.

Dinner will be served by members of the Muleshoe Rainbow Assembly.

These ceremonies commemorate the Passover of Biblical days, and every Scottish Rite Mason should attend if possible, says Smith.

Pleasant Hill

Visiting Saturday night in the home of Mr. and Mrs. J. M. Goolsby were Mr. and Mrs. John Spearman and Mr. and Mrs. Vaughn Keith.

Mr. and Mrs. J. M. Goolsby and children visited Sunday in the Floyd community with his brother and family, Mr. and Mrs. A. D. Goolsby.

Mrs. John Spearman visited last week with her mother,

Mrs. J. C. Mofley. Charles McClure of Whiteface was a Saturday guest in the Weldon Dane home.

Visiting in the home of Mr. and Mrs. Juan Eskew Sunday were her parents, Mr. and Mrs. Frank Loflin of Springfield, Colo., Mr. and Mrs. Sam Jones of Frona, Mr. and Mrs. Haney Tate of Ranchvale, Mrs. Shirley Cook of Casper, Wyo., and Miss Norma Lee Loflin of Amarillo.

Mr. and Mrs. Singleterry were among those calling on Mrs. W. W. Hungate on her 88th birthday at the home of her son, Ray Hungate, in Clovis. Mrs. Hungate, who is formerly of this community, now resides in Canyon.

DONALD WARES HAVE DAUGHTER

Mr. and Mrs. Donald Ware announce the birth of a daughter, Diane, who was born at Clovis Memorial Hospital on Saturday, March 14. She weighed six pounds. Grandparents are Mr. and Mrs. G. C. Ware and Mr. and Mrs. W. B. Hankhouse.

Pleasant Hill WMU presented a program at the church Sunday night. Participating in the program on mission work being

Wilson, Tex., Man Reports— \$35 net increase per acre on cotton, despite limited water

Howard Moerbe (left), shown with Ira Clary, his Phillips 66 Ammonia distributor, says: "We have a water problem in this area, but even with this handicap, my cotton yields have been increased through the use of Phillips 66 Ammonia. My increases have averaged 1/4 to 1/2 bale to the acre. Last year, with the least acreage. I got the biggest lint yield yet—amounting to \$35 per acre net increase. You can actually see the difference when you use ammonia—the bolls are bigger, stalks taller and healthier.

"I apply my Phillips 66 Ammonia pre-plant, about 70 pounds to the acre."

Other successful Southwestern farmers have

discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin . . . yields of sorghum grain or ensilage are increased . . . profits on wheat and small grains are increased through higher grain yields and improved forage . . . more marketable vegetables are harvested.

Phillips 66 Ammonia can be applied pre-plant or as a side dressing. It can be easily applied either by you or your distributor. See us today about leach resistant, concentrated Phillips 66 Agricultural Ammonia . . . it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

GOLDEN WEST SEEDS

By PAT

Mr. G. F. Garner of High River, Alberta, Canada was in Golden West Seed Company during the past week, buying grass seed for his ranch. Mr. Garner owns a sizeable acreage that borders very close to one owned by the Duke of Windsor.

They are experimenting with the use of Sorghum Alnum in that part of the country for grazing. It is not expected to be a perennial, but should give excellent pasture for about four months of the year.

Seeds from Golden West Seed Company were sold during the past week to a missionary who plans to plant them on the Gold Coast of West Africa. The popularity of Parmer County seed is spreading and there are few states in the United States that don't plant a few seed that originate in this area.

One load of Hybrid 610 that was grown in Hub Community moved into Old Mexico during the past week, a load of Charles Seals' atlas was shipped to Missouri, a load of Billy Sides' Martin milo to Decatur, Ala., Martin milo to Decatur, Alabama, and one load of D. E. Chitwood's sweet sudan to Jackson, Tenn. We feel that the potential of Parmer County is very good for the production of seeds.

The House Agriculture Committee has passed a bill to raise the support of grain sorghum to \$1.90 per cwt, which doesn't mean anything as yet, but at least they are working toward a good cause.

Congratulations to Paul Wurster, the outstanding Lion for the past year. It is an honor, Paul, and you deserved it.

We understand fishing was good during the past week at Falcon Dam, so if you missed any of your neighbors they may have been down. Jerry Meeks landed a four-pound bass which is good fishing in any man's book.

Come see us.

done by the church were Mrs. Grace Dane, Mrs. Lynell Jones, and Mrs. Minnie Weatherford. Next meeting of the WMU will be April 2 at the church at 2 p.m.

Sunday dinner guests in the Buck Taylor home were her brother and family, Mr. and Mrs. Clarence Anderson, Bud and Marion, of Rhea; her sister and family, Mr. and Mrs. Robert Servatius, Pauline, Eugene, Billy and Arline; and a niece and family, Mr. and Mrs. Jess Dailly, Ronny and Jerry of Plainview.

Visitors Monday night in the home of Mr. and Mrs. Larry Dwain Winkles were Mr. and Mrs. Bill Dudley of Clovis.

Mr. and Mrs. Lowry Winkles visited Sunday at Cannon Air Force Base with Mr. and Mrs. Oliver Cantrell.

Mr. and Mrs. Ausburn Loflin of Bovina visited recently with his sister and brothers-in-law, Mr. and Mrs. Juan Eskew.

Of Interest To THE WOMEN

Judy Kay Hillock To Wed April 15

Mr. and Mrs. Vernon Symcox announce the engagement and approaching marriage of their daughter, Judy Kay Hillock, to Millard Lee Murray of Reedsville, West Va. Parents of the prospective bridegroom are Mr. and Mrs. Harry Murray of Reedsville. The wedding will be Wednesday, April 15, at 7:30 p.m. in the Oklahoma Lane Baptist Church. All friends and relatives of the couple are invited to attend.

FHA Girls Prepare For State Meeting

Four Farwell FHA girls and five girls from the FHA chapter at Lazbuddie are making costumes and rehearsing parts for a skit which they will present at the state FHA convention in Dallas, April 25. The group met March 17 for tryouts for parts in the skit and will be rehearsing as time permits prior to the convention, reports Mrs. Glenn Lust, Farwell home economics instructor. Mrs. Lust says that tentative plans are for the girls to present the skit at a meeting of the Lazbuddie Parent Teacher Association before going to Dallas.

Delbert Coglons Have Daughter

Mr. and Mrs. Delbert Coglons of Audubon, Iowa, announces the birth of their first child, a daughter, born Friday, March 20, in Audubon. The little girl weighed 6 pounds, 5 1/2 ounces and has been named Clementine. Maternal grandparents are Mr. and Mrs. Douglas Landrum and paternal grandparents are Mr. and Mrs. Howard Coglons of Anita, Iowa. Mrs. Delbert Coglons is the former Betty Landrum.

Delbert Coglons Have Daughter

Mr. and Mrs. Delbert Coglons of Audubon, Iowa, announces the birth of their first child, a daughter, born Friday, March 20, in Audubon. The little girl weighed 6 pounds, 5 1/2 ounces and has been named Clementine. Maternal grandparents are Mr. and Mrs. Douglas Landrum and paternal grandparents are Mr. and Mrs. Howard Coglons of Anita, Iowa. Mrs. Delbert Coglons is the former Betty Landrum.

HD Council Meets Monday In Farwell

Eight of the 10 home demonstration clubs in the county were represented at the council meeting Monday, March 23, in Farwell. Seventeen council members and two visitors answered roll call.

Members of the Hub and Hi-Point Clubs gave the opening program and club reports included plans for family night programs, serving lunch at a farm sale, quilting a quilt for Girls Town and planning a housewarming.

The finance committee reported on the cookbook project and requests that each club member send five recipes, including one for a meat dish, one for a casserole and one for a vegetable.

The THDA chairman reported that the district THDA meeting will be in Wellington April 9 starting at 9 a.m. Delegates to the district meet are Mrs. Lee Renner, Mrs. John Renner, and Mrs. Ralph Price. Jimmie Lou Wainscott, county home demonstration agent, will also attend. She says that any other HD club member in the county wishing to attend should contact her or one of the delegates.

Carmel Morses Have Daughter

Mr. and Mrs. Carmel Morse of Santa Maria, Calif., became parents of a daughter, Pauline Ruth, on Monday, March 9. The little girl weighed 8 pounds and 4 ounces and is the third child of the couple. Mrs. Morse is the former Hazel Dishman and lived here at one time.

Mr. and Mrs. Benny Darnell and Ray of Amarillo spent the weekend visiting with her parents, Mr. and Mrs. C. C. Christian, and other relatives in the Oklahoma Lane community.

St. Patrick's Day Theme of Banquet

A St. Patrick's Day theme was featured at the annual Texico band banquet at the Woman's Club Building in Texico Tuesday evening, March 17.

Presenting the program were Connie Tharp, Gale Hadley and Darlene Danforth. Three senior band members were recognized, including Raymond Hadley, Monte Singleterry and David Lockhart.

Members of the Woman's Club prepared and served the banquet. Special guests were Mr. and Mrs. Agrie Jones, Paul Frederick, Mr. and Mrs. Buck Doran and Mrs. Fred Danforth.

Mr. and Mrs. Joe W. Magness returned late Sunday from a week's trip to visit relatives at Clifton, Austin, San Antonio and points in the Rio Grande Valley.

Music Contests Are Postponed

Solo and ensemble contests scheduled for Saturday, March 21, at West Texas State College, Canyon, have been postponed indefinitely says Mrs. Shelby Jobs, Farwell music instructor. Friday's inclement weather prompted the postponement and no date has been set for the contests.

Mrs. Jobs says that a meeting of the executive board of the group will determine when the contests will be and that possibly the solo and ensemble groups will compete on different days.

Floren Thompson of Eastern New Mexico University worked with the Farwell band in a clinic Tuesday morning of this week. He assisted the woodwinds and then worked with the entire group on the contest music. Working with the brasses was Dick Felts, assistant to Mrs. Jobs.

Mrs. Jobs reports that Thompson was very well pleased with the work of the entire band.

Mrs. West Hostess To Variety Club

Mrs. Ina West was hostess to a regular meeting of the Oklahoma Lane Variety Club at her home Wednesday, March 18. Eight members were present to do embroidery work for the hostess.

Refreshments of chicken sandwiches, stuffed olives, pineapple upside cake and fruit punch were served by Mrs. West to Mesdames Janie Sides of Hereford, Jewel Barry, Pearl Grissom and Lola, Cora McGuire, Gertrude Foster, Carrie Christian and Dexter Watkins.

Next club meeting will be April 15 in the home of Mrs. Sides in Hereford.

Weekend Guests In Johnson Home

Visiting during the weekend in the home of Mr. and Mrs. Russell Johnson and Don were their son and family, Mr. and Mrs. Jerry Johnson and Debbie of Carlsbad, N.M.

Joining the group at the Johnson home for a family dinner on Sunday were Mr. and Mrs. Cecil Dykes and family and Uncle Tom Randol.

Miss Jimmie Lou Wainscott, county home demonstration agent, will spend the Easter weekend in Olney with her parents, Mr. and Mrs. M. C. Wainscott. She will return to her duties here after a Monday holiday.

Mrs. Joe Jones and Miss Jimmie Lou Wainscott were in Lubbock Monday night to see the National Ballet of Canada.

Mr. and Mrs. D. O. Rolland, Doris and Pete, and Mr. and Mrs. Edward Rolland visited Sunday afternoon in Friona with Mr. and Mrs. Fred Barker Sr. Mr. and Mrs. Ted Magness and Kim visited Sunday with relatives in Canyon and Amarillo.

New Arrivals

Among area birth announcements during March were a daughter born to Mr. and Mrs. Dwight Sheriff, a daughter born to Mr. and Mrs. Leon London, and a son born to Mr. and Mrs. Billy Joe Eads.

Young Women Organize Club

Mrs. Gene Hardage was elected president of a newly organized home demonstration club in Farwell at a meeting Friday, March 13, in her home. No name has been decided for the club.

Other officers elected at the organizational meeting include vice - president, Mrs. Jimmy Norton; secretary - treasurer, Mrs. Billy Watts; reporter, Mrs. Don Gerles; parliamentarian, Mrs. Truitt Hardage; and council delegate, Mrs. Troy Christian.

Miss Jimmie Lou Wainscott, Parmer County Home Demonstration Agent, assisted with the organization of the club which is affiliated with state and national home demonstration clubs.

The group, which invites anyone interested to join the club, will meet first and third Fridays of each month at 10:30 a.m.

Mrs. Watts will be hostess for the club at its meeting on April 3 and the topic of the program will be making a good bed.

Attending the meeting besides those mentioned above were Mrs. T. J. Kittrell, Mrs. Lonnie Tharp and Mrs. Raymond Jesko.

Couple Feted With Shower

Honorees at a surprise post-nuptial shower in the home of Mr. and Mrs. D. O. Rolland Saturday evening were Mr. and Mrs. Edward Rolland who were married March 7.

Hostesses for the shower were Mesdames R. S. Hines, John Sharum, Jess Latham, T. J. Kittrell, Gene Hardage, E. R. Coffman, Edd Hardage, Elmer Langford and J. H. McDonald.

Red roses and red candles were used in the centerpiece for the serving table which was laid with a white linen cloth. Cookies and pink lemonade were served by the hostesses.

Those attending were Mrs. Jess Latham and Mattie Belle, Mrs. J. T. Hulsey, Mrs. J. H. McDonald, Mr. and Mrs. Robert Morton, Mr. and Mrs. Leon Langford and daughter, Mr. and Mrs. Jim Moss, Miss Beverly Hubbell, Harlin Obenshain, Mr. and Mrs. Elmer Langford and Carolyn, Mr. and Mrs. Ollius Killingsworth, Jean and Kay of Muleshoe.

Also, Jerry Utsman, Jerry Darby, Mr. and Mrs. Virgil Schell and Johnny, Mr. and Mrs. R. S. Hines, Mr. and Mrs. John Sharum, Bob and Rockie.

Dr. Smith Discusses Folklore

"Southwestern Folklore" was the title of the talk given by Dr. E. Debs Smith, English professor of Eastern New Mexico University, for members and guests of Theta Rho chapter of ESA Monday evening. The meeting was held in the home of Mrs. Johnie Williams and hostess was Mrs. Mark Liethen, daughter of Mrs. Williams. Wilma Liner also aided in planning the program.

Dr. Smith reviewed legends about the people and places of the Southwest, commenting that the "Western story is the original contribution of the area to folklore." He cited like instances of yesterday and today with the remark "The main problem of the Indian was water, the main problem of the South-west today is water."

Characteristics of the Southwesterner according to the speaker, are a sense of humor, tolerance, friendliness, resourcefulness, and cynicism. The speaker was introduced by Mrs. Liethen.

In a brief business meeting preceding the program, members discussed the state convention to be held in Albuquerque in May. They also voted to give \$10 to help in sending Farwell delegates to Boys State and Girls State.

As a money-making project, members planned a breakfast to be held April 4 at Farwell school cafeteria, from 5:30 to 8 a.m. Tickets will be sold at 75¢ for adults and 50¢ for children through eight years of age. Guests for the program were Mesdames Kirt Miller, Glenn Phillips, Harry Sheets, Fred Danforth and Claud Coffey. Members were Mesdames Mitzi Walling, Bill Glenn, Frank Prichett, Ken Hanks, John Getz, J. D. Atwell, Joe Helton, W. H. Graham Jr., Don Williams, Bert Williams, Bill Prince and those named above.

Farwell Seniors Will Be Honored

Farwell seniors will be guests of honor at a banquet at First Baptist Church, Farwell, Tuesday evening, March 31, at 8 o'clock.

Hostesses for the annual occasion are members of the Women's Missionary Union.

Dr. John Freeman of Wayland College, Plainview, will be the guest speaker, and entertainment will be furnished by the "Fly Young Trio," also of Wayland.

The theme of the banquet will be "The Big Show" and the church will be decorated to resemble a carnival.

Local Women To Conference

Mrs. W. H. Graham Sr., Mrs. B. N. Graham and Mrs. W. H. Hardwick represented Hamlin Memorial Methodist Church at the annual WSCS conference in First Methodist Church of Hobbs, N.M., Thursday of last week.

Annual reports from WSCS groups over the conference were heard and officers were elected. The meeting drew the largest crowd ever to attend an annual conference as 385 were registered and over 400 were served lunch. Presiding was Mrs. Charles Marshall of Albuquerque, president.

Highlight of the meeting was the luncheon which was prepared and served by the Southern Heights and First Methodist Churches of Hobbs. The meal was representative of the Federated Methodist Women of the World and over 200 of the conference delegates were in costumes representing the 44 mission fields of the Methodist Church.

Foods served represented Mexico, Brazil, China, Sweden, the United States and Hawaii. In booklets which were

Former Resident Dies In Colorado

Funeral services for Mrs. J. B. Colthorpe, 86, were conducted Wednesday, March 11, in Durango, Colo., where she had been residing with a daughter, Mrs. Savannah Fletcher. Mrs. Colthorpe, a former resident of Texico, died in Durango March 8.

Mrs. Colthorpe and her husband were pioneers of Texico, having homesteaded south of town in 1898. They left this area around 1939. Colthorpe,

who preceded his wife in death, operated a meat market in Texico.

Attend Funeral In Missouri

Mr. and Mrs. Monty Parsons of Texico, who are now working in Roswell, visited briefly in Texico recently when they were en route to Missouri to attend the funeral of his sister, Mrs. Laurel McQuality. Mrs. McQuality died at St. John's Hospital in Joplin after a lengthy illness. Funeral services were in Goodman, Mo.

The Hensons

HOPPERS--
is that something is going to have to give or Indian Crim will soon be without an audience. They're ready for a change, Mr. Crim.

It seems to us that this community has more than its share of wind damage. Almost every year something big and heavy that shouldn't be damaged by any blow outside of a genuine tornado gets torn up.

Friday's high winds tore up Lee Meeks' new steel roller rink building and blew off the top and tore down the walls on a good part of the labor housing at Nickels Gin.

And almost every year we hear reports about people witnessing a "baby twister" -- sometimes two or three of them. We used to think folks' imaginations were getting the best of them, but have about decided

there is something to this "baby twister" business and that the buildings and trees in our town are laid out in such a fashion as to encourage the swirling around of wind and increase the hazard of damage to property on that account.

If this is a far-fetched idea, we can't help it. It's sort of grown up in our mind. There were several witnesses at the Meeks blow-down the other day who said that a twisting funnel definitely approached from the direction of Paul Wurster's Conoco place and went in a southwest direction.

The uncompleted steel building was standing the gusts of the wind just fine until that happened, they said, and several workers maintain they saw the funnel actually raise a corner of the building 10 to 15 feet off the ground.

This isn't hard to believe when you can see for yourself that some kind of unusual wind would have been necessary to put the steel on top of the truck cab the way it did.

Now, we don't mean to say that Texico-Farwell is doomed to destruction by tornadoes. Nothing of the kind. But it does look like we're going to have more reports of these "baby twisters" that rip off sheet steel, knock down signs, burst windows and split trees down the middle.

It's been happening too many years for this writer to think otherwise.

The only way in which we can be sure we are strong is to carry heavy burden without complaint.

You can't "top" our service. Drive in when down our way and get used to FRIENDLY service. When we see you "regularly" we know how to serve you better.

JONES 66 SERVICE
Where Customers Find Their Friends
FARWELL, TEX. - PH 1V 6-3662

MAN OF THE YEAR so far as the Texico-Farwell Lions Club is concerned is Paul Wurster, shown here being congratulated by Deputy District Commander Gene Mann at Lions ladies' night Monday. Wurster, the boss lion of the local club, was surprised by the recognition given him.

SAME SONG--

when it comes to the actual time to take stock of what the signs point to and he doesn't take nature's signals lightly.

The night before the forecast is to be taken, a large pile of wood is stacked near the Crim farm home. Running through the woodpile are wires to stakes which serve as a sort of a big home-made compass.

Then, when the fire is lighted a few minutes before dawn, Crim watches to see which way the smoke blows. He looks at his big compass and makes the prediction.

Sunday the wind was out of the west until right at dawn, then shifted to the southwest. Either would have mean poor years, but a southwest wind means it'll be plenty dry. In 1958 the wind was from the northwest, which indicated a "fair" year.

The bumper crop wind comes from the northeast. It's a rarity on the Plains.

Taking part in the festivities this year were Mr. and Mrs. J. W. Crim, Robert and Lesly Curtis, Doyle Crim, Fred and Evelyn Curtis, Lacinda Crim, Gregory Crim, Barbara and Max Crim, Buck and Darlene Crim, Weldon and Alma Crim, Winn and Johnny Henley, and T. A. McQuary.

H. T. REYNOLDS--

They lived northwest of Bovina from 1926 until five years ago and Mr. Reynolds was engaged in farming. His poor health required that he give up farming in recent years, and they moved to Farwell two years ago where Mrs. Reynolds could be near her work.

Be sure you're right, then go ahead.

ENTERTAINMENT at ladies' night at the Texico-Farwell Lions Club Monday evening was from Lloyd Call, center. He and his wife, at right, were visiting with Lion President Paul Wurster and other guests after the dinner.

NO TRADES DAY--

Cary Joe Magness, vice-president of the chamber, who presided at the meeting in Henson's absence, suggested that a rough estimate of the costs involved be prepared and that the plan be presented to merchants to see how many would be interested in participating.

This was done, and the meeting ended with members feeling a car give-away is a good possibility of being the trade stimulant the chamber will select. Texico businessmen may be asked to join to make the effort community-wide if they are interested.

Other business taken up was an informal discussion among members about the possibility of Farwell as the site of a safflower seed crushing plant. A meeting to attract growers is scheduled to be held here in the near future, and some businessmen have expressed the opinion that an effort should be made to get the mill, which will be a joint enterprise of the Farmers Union and a safflower seed association.

The only other business taken care of was a decision by members to help defray expenses of boys and girls state delegates from Farwell.

If all of the 2,000,000 pounds of weld metal used on the Navy's newest aircraft carrier USS Independence, was 1/4 inch size, it would extend from New York to San Francisco.

Students To Compete In Literary Events

Several students from Farwell high and elementary schools will participate in the annual interscholastic league literary events in Sudan on Friday, April 3, announce school officials.

Calvin Murray, Farwell athletic director, will direct the number sense contest and Mrs.

Winnie Bradley will be director of high school spelling at the meet.

High school students to participate include Cathy Bell, senior girls declamation; Don Lovett, slide rule; Cathy Bell, Darlene Hromas and Emalee Tucker, typewriting; Juanita

Steers Enter Friona Meet

By Jimmy Martin
Spring Sports Editor

Having gone over a week without a track meet, the thin-clads of Farwell will go to Friona today to engage Bovina, Friona, Lazbuddie, and Muleshoe in a track meet. The Steers will then take time out for Easter vacation.

The Steers were scheduled to meet Lazbuddie in a dual meet last Friday, but did not run because of the weather. The Steers then had a very light workout in the gym.

Tuesday the boys were divided up into two teams and had an intra-squad meet. The teams were the Reds, made up of juniors and freshmen, and the

Blues, made up of seniors and sophomores.

The Reds gathered nine firsts to the Blues' five, but only managed to win by the very small margin of 66 and two-thirds to 66 and one-third points. Jerry Lovelace ran the 440 yard dash in 55.6 seconds to record the best time in this event at Farwell this spring.

Clovis Church Plans Sunrise Easter Service

For the second consecutive year, the Immanuel Lutheran Church of Clovis will have special sunrise services on Easter at the church grounds on Lea Street between 10th and 11th. The sunrise service will begin at 6:30 and everyone is invited.

Rev. David P. Bergmann, pastor, will preach on "Keeping Easter" at the early morning service and the choir will fur-

Hanks Enrolls In Institute

Ken Hanks, Texico science instructor, will attend the summer science institute of Texas Tech after receiving recognition from the college as one of 60 whose qualifications will entitle them to participate. The award will be worth around \$900 to the Texico teacher.

For eight weeks he will study specialized subjects in the field of biology, and will make numerous trips over the Southwest to examine nature at close range. One field trip will take the teachers near Mexico City.

The institute is administered under a grant from the National Science Foundation.

nish special Easter selections. A live broadcast of the program will be carried over a Clovis radio station.

Other Easter services at Immanuel Church will be two identical services at 8:30 and 11 a.m. when the pastor will speak on "The Empty Tomb." These services will be at the church at 1015 N. Prince.

A HOME GROWN TOMATO FOR EASTER is what Mrs. E. G. Williams of Farwell is holding in her hand. The tomato is one of a group of green ones Mrs. Williams put in her basement about six months ago. She found it still firm and ripening when she started to discard the vegetables sometime last week. By the way, she says that this year's tomato plants are "already up and doing fine."

"Take It Easy" Sesame Theme

With seedbed preparation going full steam ahead and the time for deciding what to put into those seedbeds fast approaching, the subject of sesame is being tossed about considerably in Farmer County quarters. General speaking, the mood is "Take it easy." The performance of this "new" oilseed crop during the past four years in the Farmer County area would give reason enough for enthusiasm, but the shadow of overproduction, which plagues so many of the nation's crops, is appearing on the horizon of this specialty crop this year for the first time.

The biggest sesame harvest in the six-year history of commercial production of the crop in the U. S. produced almost one million dollars in income for the farmers of Texas in 1958.

Texas Sesame Growers, Inc., a farmers' corporation organized to help grow, harvest and sell the new oilseed crop, reports the harvest of 10,023,486 pounds of sesame brought a total income to farmers of \$980,127. The average price on No. 1 quality seed was 9.88 cents per pound. The average on No. 2 quality seed was 8.09 cents per pound.

National production of sesame is centered in Texas -- the counties of the Panhandle and High Plains and the Blacklands counties of Lamar, Delta, Fannin, Red River and Ellis. Robert L. Parker, executive vice-president of Texas Sesame Growers, reports that the 1958 crop was produced by some 400 growers on approximately 1,500 acres. The 9,000 acres in the Plains produced nearly 9,000,000 pounds of the total 10,023,486 pounds grown.

He added that although the price of sesame was somewhat

lower in 1958 than in 1957, the crop probably is in a better competitive position with milo and other crops because of lowered support prices for the other crops.

It was a year of high yields for sesame on the irrigated land of the High Plains and an average year for dry land farmers, Parker reported.

The 1958 crop of 10,023,486 pounds was nearly one-third larger than the 7,000,000 crop of 1957.

Parker expressed the belief that sesame reached a kind of plateau in production last year with production having temporarily overtaken demand. He added, however, that he believes sesame consumption is on the verge of expanding into big new areas in addition to the present needs of the bakery trade.

He pointed out that the market in the U. S. has increased from some 10,000,000 pounds for domestic and foreign sesame seed in 1953 to approximately 25,000,000 pounds in 1958, an average increase of nearly 3,000,000 pounds per year.

With the reduction in the support price of maize and the excellent showing of sesame in the area in 1958, there is little question but that Sesame Seed Growers will have little difficulty getting the same or more acreage this spring.

Seed dealers in the area report that there may be more new growers than would be desirable for the most favorable markets. For these reasons both farmers and association seem to be agreeing that it would be mutually advantageous to "take it easy" until sesame sees where it's headed.

Most old growers will be returning to plant about the

Growers To Meet

Sesame growers meetings have been set for Farmer County next week. The first will be Wednesday evening at the Farwell City Hall. Texas Sesame Seed Growers and Henderson Grain & Seed Co., Inc., are sponsors.

Thursday night Cummings Farm Store and the Association will hold a meeting at the Friona Clubhouse at 8.

Both meetings are for the same purpose; to help farmers

plan their 1959 sesame crop. Robert L. Parker, executive vice-president of the seed group, has scheduled the meetings, and will be on hand to supply information to those who attend.

County Agent Joe Jones will preside at the sessions. All farmers interested in the growing and handling of sesame this year are urged to attend these special meetings.

Farmers Eye Pinto Beans

(Editor's note: This is the first in a series of articles on new crop possibilities in the Farmer County area. More interest in cash crop diversification is being shown this year than ever before. Next week's story will be on soybeans.)

Pinto beans, that lowly but loved food of the Southwest, may come up as a cash crop possibility deserving more than passing mention in this year of slim chances for new crops.

Many Farmer County area farmers are checking into dry beans and have found that they

same acreage as in 1958, and there are sure to be some new ones. If good weather prevails, the production could easily meet or exceed that of last year, which was considered slightly more than ample from a marketing standpoint.

appear to have several interesting features, not the least of which is the ability to produce a profit for the successful grower.

County Agent Joe Jones says varieties farmers are eyeing with favor are Idaho Bush No. 111 and New Mexico 295 and San Juan. The former is the most popular hereabouts.

The usual seeding rate for standard rows ranges from 35 to 40 pounds per acre. As the beans are planted in late June and harvested in September or early October they fit this growing season well.

Their response to water and fertilizer has been compared to cotton. The county agent recommends both nitrogen and phosphorus. Yields seem to vary greatly as farmers have had little experience with them, but 2000 pounds per acre is usually considered a good crop.

A support price of \$5.35 per hundred pounds is available on pinto beans in Farmer County, and although some have been grown here previously and have been put into the loan the favorable market has in the past always meant their redemption. Ag officials say the market is usually enough above the loan to do that.

The catch to this good price -- or one of the catches, anyway -- is that pinto beans are not delivered in bulk to the marketplace as is grain sorghum or many other crops. They must be cleaned and bagged in 100 pound bags. That means extra expense. It usually costs about \$1 to clean, bag, insure, and store 100 pounds of beans. Prentice Mills, ASC office manager, figures the net to the farmer is somewhere around \$4.14 a hundred.

THE HIGH PLAINS FARM AND HOME

THE HAPPY HOMEMAKER

BY JUNE FLOYD

Several homemakers are using colored, striped or printed sheets for making cafe curtains. These can be used plain or may have rick rack, decorative stitching or fringe added. The ends with the wide hems need have only a casing run near the hemline. Then the other end of the curtains are made to match the top.

Another clever idea that is being used in some of the newer homes is to make drapes out of bedspreads. Where this is done the floors and walls are generally plain colored.

Some of the leading magazines report that one of the newest things for spring is white collars. These are to range in size from tiny rolled collars to capes. Some of them will have white edging of lace and others will be fringed.

Most of them are being made of washable material so they can be kept immaculately clean at all times. Some designers are duplicating the detachable collars so a person will always have a spare.

In the near future new model coffee makers which can be safely dunked in water and suds will be on the market. These will be much easier to keep clean than the ones that can only be wiped off.

In the near future strawberries will be plentiful. It would be difficult to make a better dessert than strawberry short cake, but for something different and delicious too, keep the following recipe in your file.

- ROYAL STRAWBERRY CAKE**
- 1 cup sugar
 - 4 tablespoons shortening
 - 2 cups flour
 - 3 teaspoons baking powder
 - 1/8 teaspoon salt
 - 1 cup milk
 - 1 egg
 - 1 teaspoon vanilla

1/2 pint heavy cream
1 quart strawberries
Cream shortening; add beaten egg; add part of flour, baking powder and salt which have been sifted together, then part of milk. Mix well and add remainder of flour and milk. Add flavoring. Bake in a shallow greased pan in moderate oven 20 to 30 minutes.

When cold, split in half and spread whipped cream and crushed sweetened strawberries between layers. Cover top with whipped cream and whole berries.

Another delicious dessert that is good any season of the year combines two fruits,

apples and apricots. Fresh or canned fruits may be used.

APRICOT-APPLE SAUCE

1 no. 2 can apricot halves
1/4 cup raisins
1/2 cup sweetened apple sauce
1 teaspoon flour
3/4 cup sugar
1/4 teaspoon salt
1/2 teaspoon cinnamon
1 tablespoon butter

1 recipe of plain pastry or pie crust mix
Combine apricots, raisins and applesauce. Mix flour, sugar, salt and cinnamon. Sprinkle one-half of dry ingredients over pastry shell. Add apricot mixture. Sprinkle with

remaining dry ingredients. Dot with butter.
Cover with top crust. Slash in 2 or 3 places to allow steam to escape. Brush top of crust with cream and sprinkle with sugar. Bake in hot 450 degree oven for about 35 minutes. Cool and serve.

For trimming for any of the new drip dry or specially treated cottons that are available in so many pretty colors this spring, ask for the new bias tape which is made of fine pima cotton. The tape has a smooth rich appearance and is easy to apply as a binding, facing or piping.

Mothers of diaper size children should keep a few of the new "snap-on" type on hand at all times so that when it is necessary for the man of the house to change the diapers he will have no difficulty. This will prevent safety pin pricks and the child will be properly diapered, too.

Perhaps hinders folk from lying.

"The Place Where Most People Trade" Friona, Texas Wednesday, March 25, 1959

Guess you know that since Alaska joined the union our Texas song has been changed. We used to sing, "Texas, Our Texas, Largest and Grandest." Now it goes, "Texas, Our Texas, Boldest and Grandest." May be harder to be the boldest than it was to be the largest.

There's only one engine -- International -- that gives you the maximum power, economy and dependability -- backed by over 50 years experience and know-how in building heavy duty industrial engines. When you purchase an IH engine, you are assured of steady pumping day after day, year after year.

If you can't find it in the dictionary, atlas or encyclopedia, don't be discouraged. Ask for it at the drug store.

Get built in strength where strength belongs in the McCormick loader. This brawny loader delivers 3,000 pounds breakaway force and 1,500 pounds lift capacity.

They kept pushing him toward the rear of the bus until finally they pushed him out the back exit door. He ran excitedly to the front of the bus and tried to get on again. And someone yelled at him and said, "Sorry, but we're too crowded." "I don't care!" he yelled. "You've got to let me on or I'll get fired. I'm the driver."

Farms in Texas are decreasing in number but growing in average size with the larger operations occupying an increasingly bigger share

of the total farm land in the state.

"Most people" said Mark Twain, "are bothered by those passages in the scripture which they cannot understand. But as for me, I am bothered most by those I do understand."

Mr. and Mrs. M. C. Osborn, their son and his wife and our grandmother visited in Lovington, New Mexico Sunday with Mr. and Mrs. Roy Lee Jones and family.

Take your turn at the wheel -- see how the beautiful '59 Olds lives up to its promise -- take a Rocket Ride! You'll discover riding and handling qualities such as you've never experienced before. Get that Olds feeling -- see us today.

J. Q. Mars, who owns and operates Mars Dairy just east of town, is beginning to feel like hard-luck Harry. What with the bad weather, the price of feed and veterinary bills, but he felt like he had it all licked one pretty day last week when he was hauling feed until he jumped out of the pickup and broke his rib. He's feeling better, though, and is still selling milk.

For your tractor we have exhaust caps, aluminum mufflers, carburetor repair kits, spark plugs, starting switches, battery cables, distributor caps, batteries, radiator caps, oil pressure gauges and many many more tractor necessities.

All the big iron framework

that is going up in the west part of town will soon be a new school bus barn.

The McCormick plows give extra clearance -- extra strength for the deepest, cleanest, non-stop plowing. With rugged forged beams and set-in braces you get more than enough strength to handle all the power big tractors can give out. Ask about the big McCormick plows soon.

Mr. and Mrs. Marty Martinez and girls are off to California for a couple of weeks of visiting, vacationing and just plain resting. Miss Dorothy Blumer is chief and only pharmacist at the Farmer County Community Hospital during Marty's absence.

See us for equipment to speed every type of farmyard or field chore -- to take the back breaking lifting and lugging out of daily jobs -- platform carriers, power loaders, front, back and center mounted blades, crop elevators, blowers and other chore speeding equipment.

Said David, our first grader to his 9 year old brother: "I'll let you keep my money with yours until you marry then, boy, I'm spending it myself!"

Policeman: "Hey, what's the big idea? You can't walk down the street unclothed in a barrel like that. Are you a poker player?" Man in barrel: "No, I just thought I was!"

"I want a car that's **BUILT FOR PEOPLE**"

"Just like a woman! I want a car **BUILT FOR SAVINGS**"

"Dave, I've found exactly the right car for us! It'll make driving ever so much more comfortable."

"Comfort's fine, Nancy, but we've got to consider savings, too. And I've found just the car for that!"

"But the car I've found is so easy to get in and out of... and so comfy to sit in."

"Yes, but my car will save us as much as \$1.00 on every tankful of gas because it uses regular. How about that?"

"Well, that's nice, but what about my frilly hats? We'll have hat room not just head room in my car. And you're no shorty, either... you'd bump your head in a lot of those new cars."

"Not in this one. And it only needs oil changes each 4000 miles. Its muffler is aluminized to normally last twice as long, too."

"In the car I want, everybody enjoys a soft comfortable seat... even the folks in the middle! This car's built just right for us... and besides, I think it's cute."

"Sure, looks are important... and my car will keep on looking good 'cause its finish is so bright and durable it never needs waxing."

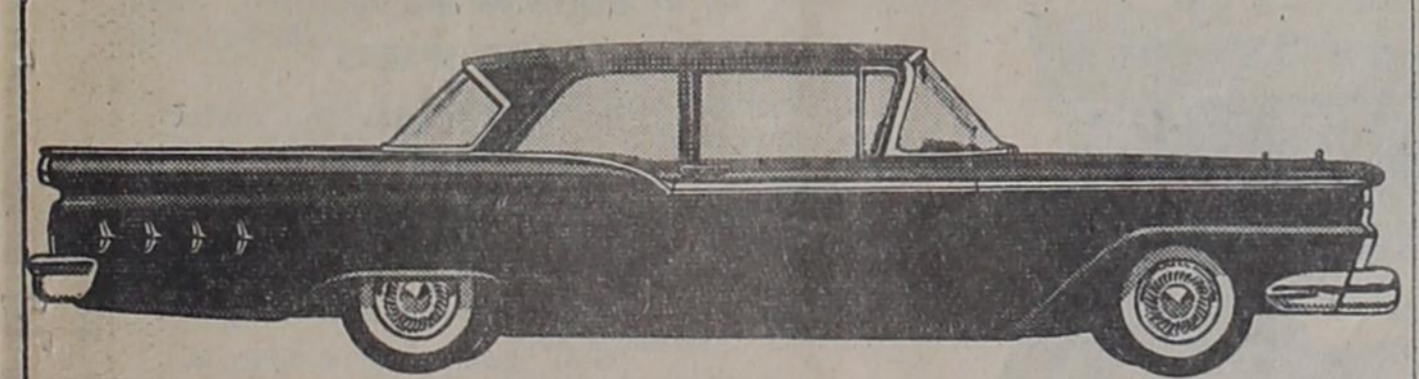

"Well, the nice man at the Ford Dealer's told me..."

"Did you say FORD?... that's the car I want, too! And we can save as much as \$102.75 on purchase price alone! What are we waiting for?"

"Darling, you're a genius!"

It's fun to make up with

Policeman: "Hey, what's the big idea? You can't walk down the street unclothed in a barrel like that. Are you a poker player?" Man in barrel: "No, I just thought I was!"

How Much Is Your Irrigation Water Worth?

Proper management of irrigation water is becoming more and more important to all the farmers in this area especially to those who have a limited supply of irrigation water. They are interested in applying the water in such a manner that most of it will be absorbed by the soils for use by the crops as well as utilizing all the rainfall that they can.

Crops usually produce the highest yields when they can easily obtain moisture from the soil throughout the entire growing season. An application of water before it is needed will result in extra irrigation costs, excessive leaching of plant food

and in some cases harmful effects on the crops. On the other hand, allowing the soil to dry out until the crop suffers for lack of moisture will result in lower, low quality yields.

Some factors to be considered that will bring about more efficient use of irrigation water are, the storage capacity of the soil, the kind of crop that is being grown, the stage of growth of the crop and weather conditions. Good irrigation management depends on the farmer's knowledge of the factors which determine the amount of water and when it is to be applied. As soon as time and weather

conditions will permit, the SCS plans to conduct some more irrigation studies here in Parmer County. The purpose of these trials is to obtain information on irrigation that will be of some use to the farmers in this county.

Cover is the most efficient method of getting water in the ground and the spade is the most accurate gauge of rain effectiveness.

NEWS FROM THE

FARM BUREAU

BY RAYMOND EULER

The Farm Bureau office will be closed Saturday (day before Easter.) President Gilbert Kaltwasser, Herman Gerles and Vernon Symcox, directors, attended a meeting in Dallas last Thursday, called by the Texas Agricultural Employer's Association.

Purpose of the meeting was to discuss means of avoiding encroachment of the labor department and CIO-AF of L upon agricultural and retail stores employment practices.

Presidents of Texas County Farm Bureaus will be in another meeting in Amarillo Thursday discussing the same problem. The application of the Wage and Hours Act to farmers and retailers would be a catastrophic move, particularly in rural areas like this.

One of the things pointed out regarding regulations is that if one farmer in the county should see fit to pay a bonus to an outstanding employee, that bonus would be included in any calculations determining the "customary wage" for the county. It doesn't take an expert to see what this would do to employers of the area.

Legislative director, H. P. Hamilton has been working with school people and other individuals to get their support in opposing proposed legislation for federal aid to education. This legislation has features that indicate a great desire, on the part of its supporters, to control American schools.

It would empower another bureaucracy to tell schools how, when and what kind of buildings to build, what books to use, how to teach them, etc. We have actually heard of no one outside of the halls of congress, except

leftist and Communist groups that want this kind of thing. We hope there are enough congressmen who will oppose it. Your letter can help increase the number.

Raymond Schueler, Chairman of the Farm Bureau weed committee, called that group together for reorganization and planning for action this year. There is no way to know how many thousands of dollars the activities of this committee have been worth to Parmer County farmers in the past four years.

We hope you will count the blessings made possible by God and the founders of the American heritage of individual freedoms during this Resurrection Season.

Consider this: "And Jesus came and spake unto them, saying, 'All power is given unto me in heaven and in earth.'" Matthew 28:18

COUNTY 4-H CLUB NEWS

Farwell News, Mike McKown, reporter

Dale Gober called the meeting to order and Larry Donaldson, Doyle Johnson and Bobby Pruitt gave a report on the tractor maintenance school. Jim Morton and Mike McKown gave a demonstration on caring for pigs and Larry Gregory and Mike Roberson gave a demonstration on raising pigs.

Announcement of a change of date for the stock show was made. It will be April 10 and 11.

H. D. AGENT'S CORNER

Jimmie Lou Waincott

STRETCH SPRING WARDROBE DOLLARS

Are you good at stretching clothing dollars? -- Outfitting the family with spring and summer clothing represents quite an investment. Extension clothing specialists say that careful planning before you buy will pay off in savings and satisfaction.

Careful planning also is the secret of having a wardrobe of costumes or outfits that go well together instead of a collection of miscellaneous items that never seem quite right.

Begin by taking careful stock of clothes on hand. Make necessary alterations of clothes you plan to keep, bring them up to date or put them in first-class condition.

Then plan what clothes you will need to supplement what you have. Keep in mind your activities as you make this list. Each family member should have a part in planning. This makes for better understanding of what happens to clothing dollars and the family budget.

Other pointers for planning are given in the extension bulletin, "Clothing Dollars and Sense." Get a copy from your county home demonstration agent's office.

WHEN YOU BUY A HAT

Do you sit or stand when you try on a new hat? -- It pays to do both, according to extension clothing specialists. Others will see the effect of the hat in relation to your whole silhouette. An honest look in a full-length mirror will help you to study the hat in relation to your height, width of shoulders and hips.

The mature women usually looks better in hats with some brim or an effect of irregular, which softens and flatters. Picture hats, halos, off-the-face hats, small brow-revealing turbans and toques are for younger faces that do not have mature lines. A hat that is slightly tilted on the head may subtract years from a woman's age.

Remember that your hat is a frame for your face. Choose a color that flatters your complexion, and at the same time

harmonizes with your costume.

ORANGE PECAN CUSTARD PIE

3 whole eggs plus 3 egg yolks
2/3 cup sugar
1/2 teaspoon salt
2 3/4 cups milk, scalded
1 tablespoon grated orange rind
1 9-inch baked pie shell, cooled
3 egg whites
6 tablespoons sugar
1/3 cup finely chopped pecans
Beat eggs and yolks slightly; add sugar and salt. Gradually stir in scalded milk. Add grated orange rind. Pour into ungreased 9-inch pie pan. Set in pan of hot water and bake in moderate oven (350 degree F.) 35 to 40 minutes, or until set about 1 inch from edge. (Mixture continues to cook as it cools.) Cool to lukewarm; loosen edge with knife and slip custard into cooled baked pie shell.
Beat egg whites until foamy; gradually add sugar and continue beating until mixture stands in stiff peaks. Spread over custard, sealing edges well. Sprinkle with chopped pecans.

Bake in hot oven (450 degree F.) 5-8 minutes or until browned. Yield: 9-inch pie (6-8 servings).

He who endures with patience is a conqueror.

The better part of valor is discretion.

Stage Is Being Set For Lower Beef

It appears that beef prices in 1959 may not be greatly different from those of 1958, though the average price in 1959 could be a little lower, predicts John G. McHaney, Extension economist.

However, he adds, increases in cattle inventory are setting the stage for a price decline some time in the next few years. Any increase in cattle numbers sets the stage for a future price decline and one is very probable in some early year after 1959. But if the rate of expansion can be kept within bounds the drop will not be too severe.

McHaney says the average price received for slaughter cattle in 1959 may be slightly below that of 1958 and profits from feeding cattle may average less than in 1958 when returns

were the largest of recent years.

The greatest price strength in 1959 will be in feeder and breeding stock, just as in 1958, the economist points out. The bumper 1958 feed harvest, the second in consecutive years, should keep the demand for feeders at a high level. The strong demand for young cat-

tle, both for feeding and herd expansion, also will help keep the price of feeder and breeding cattle high relative to slaughter and fed cattle.

Consumers will have more meat to eat in 1959 than in 1958, McHaney says. It has been estimated that about six per cent more red meat will be produced in 1959. Most of the increase will be in pork

and a sizeable increase in pork supplies will tend to hold down cattle prices.

Higher grade beef from fed cattle will remain fairly abundant but lower grades will continue scarce. The price spread between grades will continue to be unusually narrow as cattle feeders bid for the lighter, unfinished animals, he believes.

Halfway Tests Corn Hybrids

One hundred and forty-seven varieties of white and yellow corn hybrids were included in the 1958 corn research program at the High Plains Station of the Texas Research Foundation at Halfway. The tests were under the supervision of Lawrence Gundy, corn breeder from the Foundation.

Three hybrid corn yield tests, each containing 49 entries, were conducted. The average yields on these tests were 77 to 97 bushels per acre while individual entries ranged from 56 to 135 bushels per acre. The

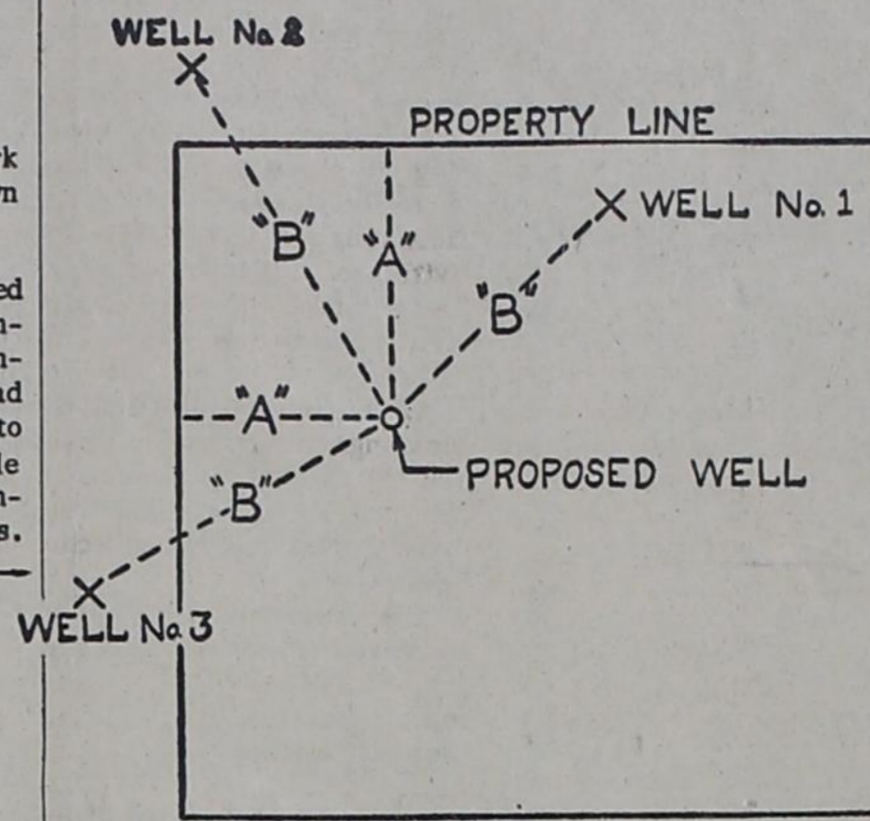

tests included hybrids now available in the High Plains plus a number of midseason and early commercial and experimental hybrids.

Nine yellow hybrids out of 50 tested produced yields above the test average of 97 bushels per acre. The top yielding yellow hybrids were: Texas 28, 134.8 bu.; Asgrow 104, 122.4 bu.; Watson III, 121.6 bu.; Conrad 3, 121.3 bu.; Texas 30, 116.3 bu.; Texas 26, 116.1 bu. and Conrad #1, 115.5 bu.

The high yielding white corn hybrids were: G779w, 132.9 bu.; Asgrow 105w, 121.3 bu.; Asgrow 101w, 114.2 bu.; TRF 9w, 105.2; Asgrow 107w, 102.3 bu. and P. A. G. 633w, 101.4 bu.

White corn acreage increased in 1958 in the High Plains. White corn buyers discovered that the Angoumois grain moth, a serious problem for corn in storage in the corn belt, had not yet heavily infested corn storage in this area. This has increased the market for white corn especially in the Muleshoe area.

The variety tests were planted April 25 with 26 pounds of nitrogen and 78 pounds of phosphorus applied in bands at planting time. This was followed by 150 pounds of nitrogen applied as a side dressing on May 5.

A - Measured distance to two nearest property or quarter-section lines
B - Measured distance to three nearest wells within one-fourth mile

If You Plan To Drill You Should Know This:

Do you plan to drill an irrigation or commercial water well? If you do, and you expect to produce more than 69 gallons per minute from the well, you should read the following paragraphs.

The rules of the High Plains Underground Water Conservation District provide that wells drilled within its bounds of jurisdiction and produce in excess of 69 gallons per minute be spaced certain minimum distances from wells in the immediate vicinity.

4-inch well must be a minimum distance of 200 yards from

the nearest well.

5-inch well must be a minimum distance of 250 yards from the nearest well.

6-inch well must be a minimum distance of 300 yards from the nearest well.

8-inch well must be a minimum distance of 400 yards from the nearest well.

10-inch well must be a minimum distance of 440 yards from the nearest well.

The district's rules further provide that a person who desires to drill a well must first obtain a well drilling permit. To assist either the land-

owner or his agent in filing an application for a well drilling permit, each county has an office and a secretary.

Before contacting his local county secretary, the well drilling applicant will need the following information:

1. Name and mailing address of the owner of the land on which the well will be drilled.

2. The legal description of the land.

3. The measured distance from the proposed drilling site to the two nearest property lines or quarter-section lines. (Shown as lines "A" on drawing)

4. The measured distance from the proposed drilling site to the three nearest wells. Distances to wells that are over 440 yards from the proposed drilling site are not required. (Shown as lines "B" on drawing)

When the above information

has been determined by the applicant, he is then prepared to contact his local county secretary and file his drilling permit application.

A deposit of \$10 is required with the filing of each application.

When the application form is filled out completely and correctly, the applicant must then make certain that it is signed by three members of the local county committee. This is most important, and it must be done before drilling operations are commenced.

When signed by the committee, the permit is valid for the drilling of one well only, and only at the location specified on the permit.

The drilling permit is valid for a period of 4 months from the date of filing.

When the well is completed and the log of the underground information is supplied to the county office on forms.

TWO Bales per Acre With Ammo-Phos for Grow Power

Bud Crump, Manager of Parmer County Farm Supply, and J. B. Sudderth

In 1958 I had 80 acres of cotton. I fertilized this cotton with 200# of Mathieson's water soluble Ammo Phos 13-39-0 and and got 2 bales per acre except on the hail damaged part, where I got 1 3/4 bales per acre.

I always have my soils tested to show me what fertilizers are needed. I break my land 9-11" deep and plant as soon after April 15th as weather will permit. In 1958 I used 200# of Mathieson's 13-39-0 and an early season insecticide program to set and hold the early crop. I irrigated the first time when the crops started fruiting heavily, and the last time on August 20th.

The hail on July 4th damaged 25 acres very badly. I tore the cotton down from knee high to about 4" high, and yet it produced 1 3/4 bales per acre.

THE PHOSPHORUS IN THIS WATER SOLUBLE 13-39-0 HASTENED MATURITY FROM 7-12 DAYS AND THIS IS IMPORTANT TO ME. I WILL USE MATHIESON'S 13-39-0 THIS YEAR.

COUNTY 4-H CLUB NEWS

Members of the county-wide Junior 4-H Leaders Club met, Monday, March 16, in the Gene Rea home.

Plans were made for a Demonstration Day to be Saturday, April 18. Demonstrations will be given in Parmer County court house, in Farwell. Miss Jimmie Lou Wainscott, home demonstration agent and Joe Jones, Agriculture Agent, will be in charge.

Barbara Rea, Bovina and Janice Hillock, Farwell, will cooperate in a demonstration of dairy foods and Virginia Rea, Bovina, and Judy Billingsley, Farwell, will work together on a demonstration of electrical appliances.

Judges will be selected from county adults leaders.

Plans for a county party were discussed. The party will be Saturday evening, April 4 in Hub community house. Festivities will begin at 7:30.

Games leaders named were Virginia Rea and Barbara Rea, Bovina; Dick Chitwood, Pat Chitwood, and Cooper Young, Lazbuddie. Also Janice Hillock and Judy Billingsley, Farwell.

Water Cotton Now

when that first cottonseed can go into the ground, especially in this latitude, so the farmer can always use a few extra days of grace at this season of the year.

"The chances are that we'll get enough showers between now and planting time to replenish the top moisture if it tends to dry out," says Jones, "but even if we don't, then another 'quickie' irrigation will do the job and won't cool the land nearly so much as a heavy watering."

Many farmers are taking this advice and much land is being watered this week. Farmers report that the irrigating is going very slowly this spring, and that both top and subsurface moisture is in very short supply, requiring longer sets and consequently much more water.

Pre-irrigation of cottonland, which almost all farmers agree is a definite requirement for top yields in this dry year of 1959, should be gotten underway at an early date, suggests County Agent Joe Jones.

The main benefit to be gained from an early pre-watering is that water applied far enough ahead of planting time gives the soil a chance to warm up after it has been chilled by the cold discharge of the wells.

Soil temperature is a vital element in determining just

TRACTOR FACTS are what these boys are soaking up from Rene Sneed, adult instructor in the county 4-H tractor maintenance school program. Classes are being held all over the county and James Mabry, in charge of the project, says enthusiasm from the boys is running high. Parmer County has the most active program of this type in the state, according to County Agent Joe Jones.

Power Co-Op Has Beauty Queen Contest

Many Parmer County girls are eligible to enter the Deaf Smith Electric Cooperative's 1959 beauty contest which will be held in connection with the co-op's annual meeting April 30.

operation with the state and national associations of Rural Electric Cooperatives, and the winner of the local event will compete in a statewide contest in Houston in August.

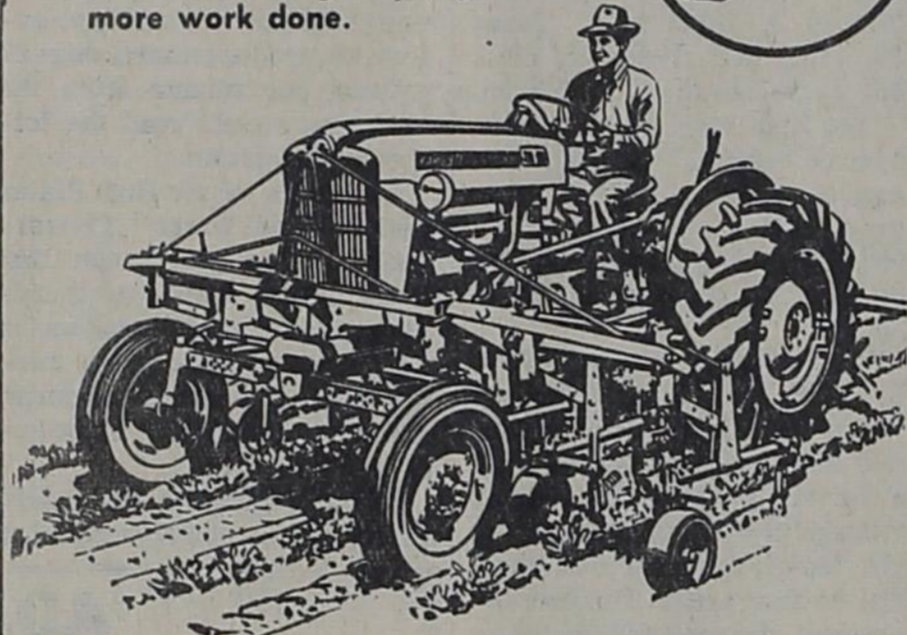

Candidates for the title may be sponsored by any organization, club, or school. Each sponsor receives \$25. Any single girl between 16 and 21 whose parents are members and are receiving service from the Deaf Smith Co-Op is eligible.

The contest is held in co-

on to national competition.

You'll put more "GO" into ROW CROP FARMING with Ford SELECT-O-SPEED!

Select-O-Speed permits finger-tip clutchless shifting throughout entire range of 10 forward, 2 reverse speeds while on-the-go and under load! You'll save a lot of time-wasting stops, get a lot more work done.

Yes, shift up or down with a touch of the finger to match pull-power and speed exactly, instantly, to changing field or crop conditions. And with completely independent PTO, you can engage and disengage the PTO shaft while on-the-go... all for the easiest, most efficient tractor performance you've ever seen.
